What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

### ***Sun ☉ in II 2nd House***

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of

their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

**Summary:**

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

**Self-confident charmers**

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people

taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

### **The positives**

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

### **The negatives**

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

## ***Moon ☾ in XI 11th House***

([882] [i.thehoroscope.co](http://i.thehoroscope.co))

People with the Moon in the 11th House can achieve great things in their lives.

The 11th House rules over friendship, making the natives of this placement very needy when it comes to the support of their friends. People having Moon in 11th House are very helpful and, just like the Moon has an effect on the sea and changes its tides, it also influences them to be quite unstable emotionally.

Full of dreams and possessing a good heart, they can change their objectives according to their moods, so it's very unlikely their goals will be attained too soon. Very good friends with those who are their family, their connections are the strongest with individuals who think the same as them.

It's essential for these to form relationships with other people besides their family. When it comes to their interactions, these can be intuitive and built on charm. However, they can attract sad and moody individuals, or people who are not at all reliable, this causing them to be involved in all sort of scandals.

**Summary:**

Strengths: Friendly, creative and idealistic;

Challenges: Changeable and distracted;

Advice: Work more in collaboration with others.

**Acting quite sentimentally**

The Moon's position in the 11th House indicates its natives need to belong with someone and to be supported by the members of the groups to which they belong.

They don't mind giving all of their help and couldn't stand not having any social life at all or their friends to change all the time. This can have them emotionally agitated and unstable in their relationships, going through subsided feelings for those around them.

Their dreams and goals are big, because they have high hopes for their future. Most of the Moon in eleventh House people are generous and kind, but very changeable when it comes to their objectives and moods. This means it can be difficult for them to work towards a specific goal and to fulfill their dreams.

The more they're involved in groups and all sort of activities with other people, the more they feel emotionally fulfilled. Their friends are very important to them, and they're usually best friends with people in their family and those who are always sharing their way of thinking.

However, they should have other individuals in their life besides their relatives. With the Moon in this position, they will have many members of the opposite sex close to them.

As a matter of fact, they are ruled by a feminine energy, acting rather sentimentally in all kind of situations, especially when having to deal with others.

When the Moon is in negative aspects, too many emotions can get involved and disturb the relationships of the ones it influences. Therefore, the natives with this in their natal chart can have many conflicts with others and especially women or witness many tensions between ladies.

If the Moon is afflicted, their reactions can be hysterical and their emotional outbursts exaggerated. But they usually immediately forget such moods because the Moon changes its cycles very often.

For the same reason, Moon in 11th House people may make new friends very often, because the Moon brings more and more people in their life.

Their old acquaintances will disappear from their life according to how the Moon changes its cycles, but no matter what, they will always be enthusiastic when dealing with new friends, forgetting about what happened with others.

They mostly rely on their intuition when choosing whom to spend their time with, and their intense emotions will disappear as soon as they get used more to a person. However, many Moon in eleventh House people can also revive their old friendships very easily, which may seem strange for others.

No matter what, they would hate being lonely and spending their time inside, this being one of the main reasons for their depression.

What they need the most is to be surrounded by people, and when they're Moon Scorpios or have a conjunction with Pluto, they may even suck on the energies of the groups they belong to.

They would obviously do this unconsciously, others being confused and wondering why they no longer have any energy left after meeting with other Moon in 11th House individuals.

Because they can be easily impressed, they should be very careful when choosing their friends or business associates. Also, they should avoid being very dependent on always getting approval from their close ones.

Other aspects and placements of planets or signs can change all these things more or less, but things will be pretty similar with all the natives having Moon in the eleventh sign.

If the position of the Moon is afflicted, they may have conflicts with their mother when discussing things relating to the eleventh House. It's normal for them to associate their lady friends with their caretakers and treat them as such.

The influence of the people in their life can be either positive or negative, because some of their acquaintances can't be in any way trustworthy or not at all as close as they would want them to be to the idea of friendship.

It's also possible for many of their friends to be changeable or to not appreciate and care about them in any way.

### **The unconventional types**

When not around people they know, Moon in 11th House people feel lost and truly upset

because their security is established by their relationships and also because they feel warmer when in the company by others. For men, women friends are something normal because they can get along with anyone.

One good thing about the way they are is they can get together with very influential people who help them succeed and achieve great things in their career.

In case they have some insecurities inside their mind, they will identify themselves as much as possible with the group of which they're a member, losing all of the identity they may have left. It's possible for them to give in to peer pressure because they simply can't go against their friends as if these are their family.

Natives having Moon in the eleventh House are very interested in fitting in and have a need to be a part of a collective. When people reject them, they start to feel depressed and no longer want to hear about anyone and anything. It's normal for them to feel alone sometimes, no matter how many people surround them.

That's why they may not conform to social norms and practice the unconventional type that characterizes their Moon sign.

Moon in 11th House individuals may surprise others with how controversial they are, puzzling and making them shake their head in disapproval when doing something out of the ordinary. This is why they may feel like they're not actually fitting in and that no one understands them.

But this can also make them extremely free, as the Moon in this placement influences these natives to be very independent anyway. These individuals can deal with what their Moon needs without caring what others think of them.

While they express the energy of the Moon and never judge what it's asking of them, they can be so uncaring that they don't even realize how they're being influenced by it.

When making friends, they always rely on intuition and avoid being alone as much as possible. They will always approach those who feel left out and haven't been accepted in groups. As a matter of fact, the more rejected a person, the more interesting he or she will seem to them.

It wouldn't matter what culture others would belong to, or what language these will speak, they will befriend them and come up with many ideas on how to spend some quality time. Their personal lives are private, and what they're doing alone will be kept a secret.

Their path to fulfillment stands atop a mountain of attempts, failures, victories, but they will get there eventually.

**Summary:**

Strengths: Versatile, organized and sociable;

Challenges: Controlling, suspicious and negative;

Advice: They shouldn't be that criticizing with themselves.

**Devilish tricksters**

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

### **The positives**

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

### **The negatives**

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

**Venus ♀ in ♏ Scorpio man 12° 12'**

([935] i.thehoroscope.co)

He will want besides him a woman who can make the world kneel in front of her, someone he can be proud of.

The Venus in Scorpio man is a willful and determined individual who would never do things half-way. Either he goes through to the end, or he doesn't start it in the first place.

Same goes in a relationship. If he finds the partner to be attractive and worthy of his time, then he's going to dedicate all his time and effort in building up a long-standing relationship.

He's fiery, volcanic, enthusiastic, extremely loyal, and has a tendency to assert his control everywhere he goes. He's honest to a fault and doesn't have any prior thoughts before committing and sharing his life with his partner.

**In a nutshell:**

Positives: Intriguing and sensual;

Negatives: Secretive and tactless;

Soulmate: Someone who will do anything to seduce him;

Life lesson: He should make an effort to temper his jealousy.

**His love personality**

This man is the dark horse of the zodiac. He's steamy, volcanic, confident enough to face the world with nothing but his own steely determination and cool demeanor.

He will want besides him a woman who can make the world kneel in front of her, a woman with royal charms, exuding sensuality and lasciviousness.

Only the most electrifying personality can intrigue him. He does tend to become too involved in his partner's life, probing her secrets at every step of the way, wanting to find the mysteries that lie within.

The Scorpio sign is one that stems from earth, and just like that the Venus in Scorpio native prefers women who are resolute, intense, and passionate about what they do, but not unpredictable or unexpected.

He takes some time to get to know his partner, seeing how she approaches challenges, her looks on life, but once he decides to commit, rarely does he ever regret his decision.

When he does, it's going to be caused by the lack of compatibility or understanding, and not because of conflicts or arguments. In a Scorpio's love life, such aggressive conflicts are flimsy events where they let go of some steam.

This is a fierce man who offers his love with high expectations. If he gives his all to a relationship, puts forth incredible efforts to build a stable and secure situation for them both, he expects a full reimbursement.

He might exaggerate with his possessive reflexes, and he might even get jealous if he sees you talking to your guy friends for too long, but that's only because he loves you a lot.

Don't be surprised that he's hired a private investigator to follow you around or that he does it himself.

The man born with Venus in Scorpio is a very lustful individual who often can't control his sexual cravings, and he might have secret affairs behind your back if he doesn't find the satisfaction he was looking for.

He's a non-conformist who hates traditions and routine-based activities. He would rather do his own things, away from prying eyes, than have to stay in-line to buy a ticket for a movie, for example.

He's strange, and he likes doing weird things that society might shun him for. However, does he even care in the slightest?

Nope, he does not, and this turns him into a real alpha male who knows exactly who he is, what his identity is.

If you notice that a Venus in Scorpio male is giving you the sweet treatment, that means he has already determined that you are perfect for him, and the testing has finished.

He's a very loyal and devoted lover when he's incentivized to be so. Also, he's a sexual maniac who just can't sate his insatiable lust for physical contact.

### **Attracted by ...**

Beyond the physical attractiveness and certain details that he would like his lover to have, he's immediately turned on and intrigued by a woman who exhibits nymphomaniac tendencies.

Since he loves sex so much, and he derives great amounts of pleasure from it, meeting a woman who stands to fulfill his every desire with a smile on her lips, how could he not be driven insane with desire?

He wants to consume his entire being in the enjoinder of bodies, in the melodious friction of the skin, the dance of the flesh, the symphony of moans that accompany the ultimate carnal pleasure.

He wants it all, your heart, your soul, every fiber of your being to radiate with intensity, with the passion of vitality.

Being the hunter, the one who ravages the beauty and deflowers it, this is one of his biggest dreams, and he wouldn't say no to a rape simulation if his partner gave her consent.

If you even think about seducing this man, you have to be serious, confident in your abilities, passionate, and willing to be subdued.

This guy wants to win you over and to dominate your whole being, to build up a steady relationship that's based on mutual trust, respect, and devotion.

### **In conclusion**

This native's biggest strength, and the aspect of his personality that reflects his approach and attitude toward the world is his fiery passion.

There never was and never will be another native that could match up to his volcanic and all-consuming intensity, that certain profoundness of being that you get lost into. The abyssal depth of his personality shatters all the barriers, and it quickly makes you fall in love with him, so much as to never want to leave his side again.

This man can be very jealous and possessive. Even when he doesn't have a good reason to, he'll start asking you where you've been, whom with, why did you stay for so long, and generally interrogate you for a few hours about the time you went missing.

When he starts going that way, you must drop everything else, take him elsewhere in private, look right into his eyes and assure him that everything is alright, that only he deserves your attention and love.

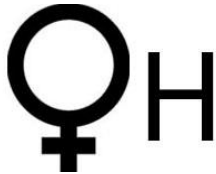

He doesn't let anyone make fun of him or smear his reputation. If his partner mocks him or disappoints his expectations, she should prepare for his fiery vengeance.

He won't let this go even if he has to wait for years on end preparing for the right moment. And this obsession often makes him overly focused on something that's really not that important.

The man born with Venus in Scorpio must learn that if someone lets him down, the worst thing he could do is detach himself completely, abandon that person and cut off all contact. Communication, though, is the key to everything, including a conflict or

argument.

## **Venus ♀ in VIII 8th House**

([952] i.thehoroscope.co)

People having Venus in the 8th House are true to their feelings and wish for things to happen naturally in their lives rather than pushed by them.

Natives having Venus in eighth House will most likely express their sociability and romanticism through the way they make love, establish friendships or business relationships.

Very attractive to the opposite sex, they want someone who's smart and somehow mysterious to be next to them for life.

Hating vulgarity and poverty, these natives will do their best to have lots of money and to succeed. It's normal for them to surround themselves with high-quality things, so be ready to witness them spend everything they have in one shopping spree. They get easily bored with the everyday issues and need a little bit of drama in order to feel happy.

### **Summary:**

Strengths: Devoted, witty and romantic;

Challenges: Overly dramatic and superficial;

Advice: Be the person who matches their words to their actions.

### **Passion makes them feel better about themselves**

People having Venus in the 8th House, which rules over sex, are very charming when it comes to love. They like being romantic, giving or receiving flowers and forging meaningful relations

It's very possible they will start a business with their partner or inherit some money they will very much depend on. Their friends will be true, and they'll probably be interested in the occult.

When it comes to love, they want things to happen intensely because they really don't like casual encounters and to just have sex for the fun of it. They don't dream of

something strictly physical and prefer a relationship with as much drama as possible.

Everything that has something to do with superficiality or the mundane bores them. Fearful to not appear weak in love, they may struggle to keep their emotions under control. Jealousy and possessiveness are normal for these people, because they're terrified to not get cheated on or betrayed.

They wouldn't allow themselves to appear weak in love no matter what, being very afraid to be cheated on and very jealous.

Those who have managed to win their trust should never disrespect them or abuse their good nature, because they're very loyal and giving. If you'll offer them back what they have given to you, things between you two should go on smoothly.

Passion makes them feel better, so they're charming others just to bring out their most fiery attitudes. Everything that's secret and taboo makes them thrive, wanting to get together with people who have obsessions or are a little bit broken inside.

It's not unusual for them to turn their love relationship into a business one, because they can really collaborate with their partner, no matter if it's about romance or money making. Many will be fascinated by their intensity, wanting to know them better with every day that passes.

Individuals having Venus in the 8th House are very generous with their love and passionate, because they feature all the Scorpio's traits.

Everything is deep with them, and their favorite thing to do is discover their lover's secrets, as it's impossible for them to live knowing their other half is hiding something. That's why they go for mysterious and dark people, for those who inspire a little bit of danger and have a ton of sex appeal.

As a matter of fact, they're transmitting a lot of sexual energy themselves, being almost irresistible with their seductive ways and penetrating eyes. Those who are in love with them can see how capable they are of an intense connection and of offering the greatest pleasures in bed.

However, Venus in eighth House natives need someone who will be fully committed to them, no matter if it's about love, friendship or business.

They usually don't give their heart away immediately, their stubbornness being something others are usually trying to overlook. But they are really able to connect or to make people trust them, whether they reveal their dark side or not.

Very curious about secrets, they avoid sharing their own and stick their noses where

they shouldn't. Not at all good at small talk, individuals having Venus in the 8th House want to discuss matters of the soul and philosophy.

When feeling like they no longer have any power, they start manipulating others, because being in control makes them feel emotionally secure.

If their partner starts to grow apart from them, they become enraged and can no longer be controlled in their plans for revenge. This happens due to the fact that they're deep and feel things more intensely than others.

The eighth House can teach them to be more trusting and let go of the past, if only they listen to how this location in their birth chart influences them. Venus has its own shadows when placed here, so natives having this planet in the 8th House will be attracted by the forbidden and everything that's taboo.

They will think of death and create great art out of this. If artists, they will make all kind of morbid pieces that are really appreciated by their admirers.

Seductive and wealthy people can make them fall in love easily, because they're sexual and have a love for luxury. Those who are preoccupied with the occult will always have a special place in their heart.

### **They are rather reserved**

People with Venus in the 8th House are emotionally intense and passionate, always wanting to establish deep connections with others. The planet of love is sometimes overwhelmed in this House of darkness and secrets, but it definitely makes its natives more deep, emotional and needing to merge with someone from a sexual and mental point of view.

They will always want to have committed friends, lovers and business partners. Very intuitive, insightful and sympathetic, they can also come up with original ideas and successfully explore what's being hidden to the public eye.

When out in the world, they are rather reserved, mysterious and somewhat mystical. Venus can get deep into the way they interact with others, making them unconsciously profound and capable of tremendous passion.

The eighth House rules over death, so having Venus here can signify an ending that's not so painful. They will probably die in a beautiful place, surrounded by all the people they care for the most. It's the position that suggests an ending in the arms of their life partner.

However, if Venus is in bad aspects here, they may have many losses in their lifetime, physical or symbolical, as it can also be that their spouse doesn't love them the way they

used to, which is also a great loss.

Individuals having Venus in the 8th House should be careful not to become manipulative because they can immediately attract people, so the temptation to use others can be very high.

It's also important for them to have control over how jealous and possessive they are, because they can exaggerate with these negative traits.

Looking at which House falls in Libra or Taurus, they can see how they can use Venus' energies in the most constructive way. It's easy for them to become financially dependent on others, so they should pay some extra attention to this aspect.

These are the types of people who don't mind quarrels over inheritance and who prefer destructive ways over superficiality and the mundane.

When loving, they completely devote themselves to their partner, expecting the exact same thing in return. It's very likely for them to exit relationships in which nothing is happening just to enter others that have more conflict.

Wanting an intricate sex life, they can't deal with their psychological issues by making love, because they're too intense for things to be simple in their life. They will probably think all the drama and betrayals happening are meant for them, as they like to think of themselves as victims.

The 8th House can generate a storm of feelings and doesn't allow people to get too comfortable. When Venus is placed here, the natives with this placement will search for an aggressive love that makes them feel nauseated and feeds their soul.

### **Venus ♀ - Detriment in Scorpio (& Aries)**

([871] southfloridaastrologer.com:) A restricted expression of sensuality and beauty is experienced when Venus is in Aries or Scorpio. Aries and Scorpio's need to exert their will and gain power are opposite Venus' need to be polite, sensual and enjoy beauty.

He doesn't need anyone's help in overcoming the obstacles in his path for he considers himself good enough.

The Mars in Scorpio man is given a double dose of this planet's burning energy because Mars is Scorpio's natural astrological influencer in general.

As such, he prefers doing things behind the curtain without anyone seeing him, swiftly and with great precision. He likes tricking people, acting in the shadows, pulling the strings so that everything is in his favor, but with none being the wiser.

If this man doesn't control his raw energy and combative spirit, he could end up hurting those he loves or getting revenge on those that hurt him, when it would have been way more efficient to put his efforts to better use.

**In a nutshell:**

Positives: Perseverant and disciplined;

Negatives: Impatient and demonstrative;

Soulmate: Someone who awakens his real self;

Life lesson: He shouldn't judge others' mistakes so harshly.

He's very stubborn, to begin with, expecting his loved one to shower him with attention constantly, to always be there for him, to fulfill his desires and wishes.

Moreover, the man born with Mars in Scorpio doesn't like having to wait for anybody or being taken for granted. He will deliver a swift and painful punishment for all those who dare to make a mockery of him, so don't even think about pissing him off.

Even in friendly competitions between friends, he often ends up eliminating the adversaries through trickery and mischievous tactics. He doesn't want to lose, that's all.

If this man learns to manage the incredible energy levels that Mars in Scorpio sends down on him, and to take control of his impulsive and aggressive personality, there is nothing stopping him from conquering the world.

He's very attractive and passionate, with a steely gaze, not even The Rock would be able to copy, and he is very determined to achieve his goals. Anyone who even thinks of getting in his way is in for one hell of a surprise.

This guy doesn't care about the number of bodies left in his wake as long as gets what he deserves. Proudful and stubborn, with a cunningness that often scares his enemies away, the Mars in Scorpio man has the potential to influence the world.

He doesn't need anyone's help in overcoming the obstacles in his path. He is confident enough in his abilities.

Plus, he is very disciplined, to begin with, so he knows the full extent of his power and ambition. Cold and calculated, he analyzes the situation beforehand, prepares the perfect plan, sets some traps just in case, and then he gets down to business.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

He is also very keen on keeping himself in shape and getting buffed up even. Contact sports and team sports are the top choices here because of the competitive spirit present in each of them.

### **No reason to play it cool**

A lot of people criticize and speak ill of him, behind his back most of the times, but he is also confronted upfront from time to time. His response? Comical and satirical in nature, just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

Intimately, there's really no reason to exaggerate, but he is a master in the bedroom,

pure and simple.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman. Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and dominative personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

### **In conclusion**

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio

man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

A little bit of compromise and more communication regarding what they possess can help them have better relationships.

If they want to change, they should just let go of things that cease to be important to

them.

Expressing their ego through sex, they're very intense when it comes to lovemaking, so many people see them just as very skilled lovers.

They may have great passion for research and discovering solutions to puzzles or mysteries, which means they'd make great private detectives or scientists. Coming across what's hidden is their favorite thing to do in life.

Their main problem is always money, so having a partner or spouse who can help them from a financial point of view would be their dream come true.

Their greatest asset is the way they decide on things in the spur of a moment and how they rely on their instincts, because these always seem to guide them in the right direction.

If they don't resist their impulsive tendencies to just buy when at shopping, they will definitely have big problems with paying back for their credit cards.

The more hidden facts they'd have to discover in what they do for a living, the happier they would be at work. Only money can bring them down and interfere with their relationships because they tend to keep their earnings private and separate from their spouse.

### **Practical aspects**

Being very intense about what they want and like, Mars in eighth House natives are also very possessive. Life may cause them to not have love or enough money just to teach them a lesson on not holding on so tightly.

They can immediately spot a liar and have a way of making up for the karma of their past lives by sharing a lot of what they have with those who really need it. It's possible for them to remember many sexual encounters from their teenage years, which will influence their love life as adults.

Mars positioned in their 8th House means they have a lot of traits from the Scorpio. They will probably experiment with true passion only after their thirties, but you can be sure everything will be magical as soon as they will.

Terrified of getting cheated on or being betrayed, they would never trust someone from the first encounter.

This placement of Mars is about the House of sex hosting a planet of action. This means the natives of it will not hesitate to make a move when sexually attracted.

When it comes to the bedroom, they have incredible energy, the only exception being Mars in Gemini in the 8th House, according to the famous expert in astrology Bob Marks. In this situation, the natives would be more passive as far as lovemaking goes. They would rather talk than feel the pleasure of sex and satisfy their lover.

When Mars is in the 8th House, individuals with this placement may live a dangerous life

and even risk their life very often.

Their main challenge in life is limiting themselves and becoming less vengeful, manipulative or eager to obtain power. The more they ignore their Mars, the more they'll manage to be less angry.

Sex is very important to them, but Mars in the eighth House gives it a dark side. Powerful, passionate and competitive people turn them on, and they usually rely only on their instincts when having to make a decision.

### **The downsides**

The passion in their heart can sometimes make them less practical and incapable of seeing the big picture.

They usually only focus on details and pay too much attention to what's happening to others, not wanting for their loved ones to even smile when not in their presence.

If Mars is in an adverse aspect, they can be so jealous they're always imagining their partner is cheating on them.

### **Mars in the 8th House in a nutshell**

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

### **Needs in love**

When it comes to love, the Saturnian Pisces have to face the same fears and difficulties as in their personal life, because by having that tendency to live in the past, sometimes they will come face to face with their own insecurities, because it is really hard to leave them behind.

They need a partner who will love them deeply, and who will understand their way of living. A partner with their feet on the ground, and with a realistic mind.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

### **The good and the bad**

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

You have a perfect intuition which allows you to work very good with people, so it's time to use your intuition to allow you to work with yourself.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

### **A different view of the world**

Every planet enclosed in the 12th house deals with the energies people deny. When Saturn is here, the natives with this placement will have to deal with setbacks early in their life, so they'll always want to place some harsh realities they may have been dealing with into their unconscious.

Being afraid of what's about to come and completely overwhelmed by their own emotions, all these things may be what causes them to feel anxious.

It's bad enough that they don't accept to be helped and prefer to retreat in solitude when facing problems because others could really help them when they're feeling down.

However, they don't want to feel in any way weak or to seem like they're depending on people.

The result of this is separation and total loneliness. Very attracted to always be in control, it's also possible for them to discover that if they let others inside their inner world, they may be helped with their feeling of guilt, insecurities and the permanent anxiety that doesn't allow them to love their life to the maximum.

It's very important for natives having Saturn in the 12th house to embrace what makes them feel bad and to become free from all the guilt as soon as starting to accept themselves for who they are.

They should talk about the fact that they sometimes escape reality and question themselves by having long discussions with their alter ego.

Understanding the real world with what this requires and brings in terms of happiness is also essential for them to have a correct perception over what's real.

The more they'll try this, the happier they'll get to be. This house is like a deserted island, so placements here can make people feel closed and wanting as many moments of loneliness as possible.

Their healing and communicative ways with the divinity can't be denied, and they surely understand what it means to be of service, devoted and self-sacrificing.

In spite of the fact that they're loners, all the Saturn in 12th house individuals still have a

need to become part of the collective.

They may become religious fanatics, spiritual guides and even junkies just because they're looking for happiness and to escape their constant feeling of guilt.

Saturn guides people meticulously, and when in the 12th house, it asks for satisfaction through mysticism and lonely moments of complete hollowness.

The house just mentioned is strongly related to self-sacrifice and brings a lot of anxiety when dealing with loss.

Natives with Saturn in the 12th house may feel they're going to lose everything they've worked for and there's no one to blame for this but themselves.

Luckily, Saturn will help them fight these thoughts, but it doesn't mean they won't be self-destructive to the point of disease and even illegality.

The 12th house rules also over prisons and hospitals, so you can only imagine what could come out of here.

Individuals having Saturn in 12th house would feel more relieved if dealing with matters of spirituality.

It can be tough to be them because the stability-searching Saturn is in the 12th house of Pisces that desires the last change to happen and to be given back to the divinity.

What would make people with this placement more confident is inhabiting both the real and the fantasy world. This way, they'd get to know themselves and their hidden ways.

As soon as they'll surrender to the middle ground, wisdom will start coming towards them and they'd be able to bring their great contribution to the society.

### **The goods and the bads**

Saturn will always limit people and place obstacles in their way, no matter the house in which it is placed. In the 12th house of self-undoing, it influences natives having this

planet here to be dependable and always of help, regardless of the fact that they may not have someone on whom they could count on all the time.

These individuals have strong emotions and are always feeling like life overwhelms them. Being also the house of imagination and fantasy, people with this placement may have a great talent for the arts.

They'd be able to paint amazingly from their mind and to put their emotions into music. Their right brain is completely developed, so if they didn't train as artists, they should at least write.

While developing their mind in this direction, they may end up seeing a different world their imagination inhabits and take their guidance from here.

It is possible for them to think all they create with their mind is real, but with a little bit of self-control, reality will always be in place.

They will probably become very famous if they'll learn something having to do with the arts from an early age.

Talent and imagination need to be trained, so parents of Saturn in 12th house children should know what to do for their little ones to end up choosing their right path in life.

As adults, they're generous and flexible, so many different people will want to be their friends for a lifetime.

Because they'd accept everything others suggest, many people who scam others for a living will want to fool them. In this situation, only Saturn can help them gather their forces and say "No" when the situation s them to.

Either way, they should always pay attention to whom they're trusting. While the same planet makes them want pursue noble activities, they will always be terrified of letting others down. This is what will impede them from moving forward, no matter if it's about their career or personal life.

Analyzing a situation before taking action or realizing in some situations they can't act alone are also very good ideas for these people but they, however, hate to ask for any help and keep their feeling bottled up inside, which can start to become dangerous with time.

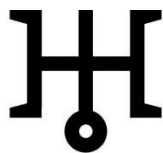

As a matter of fact, this is what causes them to be insecure and Saturn to always work very hard to put them on the right track. If Pisces would be their Sun sign, the same things would be twice as difficult.

These people regret when losing control of situations, yet they shouldn't allow themselves to feel any remorse about this.

All in all, Saturn in 12th house natives deserve happiness and should be aware that self-sacrifice is never an option.

Talking to their friends and family can always have them dealing with problems more efficiently, so this is the strategy they should use.

No matter the case, they need to be aware past lives influence them and can even cause them to feel bad, therefore, they need to escape and no longer perpetuate what

they may feel is not right.

## **Neptune ♆ in ♒ Aquarius man 18° 46'**

([1075] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

### **In a nutshell:**

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

### **Personality traits**

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation

with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

### **The positives**

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

### **The negatives**

However, they can be very domineering and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

### **The Neptune in Aquarius man**

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

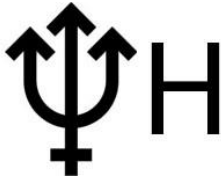

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

Just like someone who has amassed knowledge for his entire life, this native is naturally egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

Neptune in eleventh house individuals will always have mystery surrounding them because this planet rules over illusion. The sign in which it's located is also important, together with the aspects from other planets.

How the life of people with this placement will be is determined by all these things.

Since Neptune is also the planet of alcohol and substances, the natives having it in the 11th house tend to get together with people who are alcoholics or drug addicts.

They should be careful not to get influenced by such personalities because Neptune in difficult aspects with Mars or other malefic planets indicates it's possible for them to get addicted to all kind of substances as well.

They may want to function as a whole organism with the people in their life, and when in large groups they simply unify and dissolve with the crowd, but they need to know those individuals with whom they're interacting have only good intentions.

There are also situations when more negative characters are influencing the group in a bad way, so they should pay a lot of attention to each and every person they meet.

While they may idolize their friends and put their family members on a pedestal, they should always be honest and speak their mind, no matter how much they'd be hurting people.

Many individuals wear masks, so Neptune in 11th house people shouldn't just accept this.

There's also the possibility to get together with those who are very spiritual, especially when Neptune is in good aspects. In this situation, they'll collaborate with others to expand what their conscious knows and to develop their spirituality.

They may find such people in humanitarian groups who advocate altruism and generosity. It may seem no one is more talented at music than at any other art form than they are, so it's very likely they'll at least do something in this direction, as a hobby.

### **The goods and the bads**

Neptune in 11th house individuals have to see things clearly and people for who these actually are because they tend to observe only what they want. These natives expect only goodness in their life, so they never stop to judge or to gossip.

Many will know them as extravagant and witty, so they'll be liked by the public, no matter where they may be going.

Wanting to join groups of people with the same interests as them, they should focus more on this rather than on having perfect relationships.

It's common for them to look for extra meaning in things that are already determined and purposeful and profound.

Neptune in 11th house natives should be careful and not expect too much from life because this way, they'll never get to experience smaller things as they come and to become enlightened.

The path towards illumination should start with baby-steps because enlightenment is only possible through experience of life.

Because they want ideal relationships with their friends and lovers, they may feel like what they desire can't be achieved.

Their closed ones will be pressured to live up to their high expectations, which can also mean frustration. With all this being said, it's easy to understand why natives having Neptune in 11th house are often disappointed in life.

## ***Pluto ♄ in ♍ Virgo man 14° 47'***

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

### **In a nutshell:**

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

### **Personality traits**

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given

problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations. They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

### **Pluto in Virgo in love**

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the

exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match their life perspective and their actions.

### **The Pluto in Virgo man**

The last time Pluto transited Virgo, all the military conflicts and wars that had taken place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

With the naturally introverted personalities of the Plutonian Virgo men, they were basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

### ***Pluto ♇ in VI 6th House***

([1106] i.thehoroscope.co)

This placement of Pluto makes people care a lot about having some balance in their lives, between their need for introspection and the desire to be social and outgoing.

Those born with Pluto in the sixth house of their birth chart are exceptionally dedicated

to their work, putting in a lot of effort to achieve the best results.

With passion and intensity, they will finish what they have to do, all the responsibilities and obligations, do some over-time as well. And let's not forget that they are naturally predisposed to work with people, maybe at shelters for the poor, volunteering, humanitarian actions in general.

**Summary:**

Strengths: Observant, firm and hardworking;

Challenges: Anxious, conflicting and criticizing;

Advice: They should refrain from being too competitive with those close.

**Pursuing life balance**

The sixth house Pluto people are simply workaholics who never rest. They want to feel challenged, to come face to face with problems that require an answer, to put in all their being in order to succeed.

It's like being filled with energy, with combative spirit and endless enthusiasm when they stumble on such opportunities.

If you have a problem that requires a lot of analysis and thinking, don't waste any more time and give it to them.

Related to work, they prefer working for themselves or having a personal business. This means that no one's controlling for telling them what to do.

However, their fear of being criticized and having their ideas contradicted is somewhat paralyzing for them.

These natives are set on choosing the path of humility, thoughtfulness, generosity and self-improvement. In place of thinking about themselves and doing everything to further their own aims, they want to change this way of thinking, to become a functional member of society, to help it grow and develop.

This is done through introspection, searching inside of them for this path, the necessary changes to learn these traits. The small, incremental changes will lead to the complete transformation in due time.

However, being too harsh and criticizing everything will actually be detrimental.

They care a lot about the balance between their outer interactions with the world, the social sphere, and the inner equilibrium given by their aspirations and goals.

If these two are contradictory and conflicting, they will often choose to give up on what

others think.

This is why they will often choose to work as freelancers or build their own business. No one's whip is on their backs, no one's yelling orders. Moreover, these Pluto in 6th house natives tend to procrastinate and become bored by the routine of their responsibilities.

Nothing is more enjoyable than taking the time to look at a problem from multiple points of view, to analyze it thoroughly and then formulate a plan of attack.

But the process of analysis in and of itself so immensely pleasing and satisfying. It could be because the 6th house is naturally associated with Virgo, a native we all know is notorious for this. Sure, they could look at the whole picture and reach the same conclusion pretty fast, since a lot of the problems they're dealing with are that simple.

But where's the fun in that, right? What's more, this is related to their perfectionist personality.

It's really strange being a Pluto in 6th house native, and it's even more difficult having to deal with one and getting to know them.

These people just don't take any time for themselves, to have fun, relax, be comfortable and just enjoy life.

Instead, they find excuses and implicate themselves in countless activities, take on multiple projects and work overtime, just to have the reason to think like that.

They are very lonely, figuratively speaking, because of this. They exaggerate and take some interests to the extreme, just to motivate their lack of self-interest.

They are especially good at helping people with their problems, fixing what others screwed up. Most of the times, they are able to reconstitute and bring everything back to how it once was.

They bring innovative solutions and bright ideas to the table, completely fresh perspectives and methods that no one could have thought of. It's truly a marvel to have such friends.

Of course, they will get so focused on put so much effort that it becomes an obsession, and if it fails, through some stroke of immense bad luck, self-loathing is next on the line.

If only these issues could be eliminated or at least kept under control, then they would really shine and touch upon their potential at long last.

Being able to focus is an ability that cannot be overstated, giving one great efficiency

and productivity.

If they learned to use it without the side-effects, that would propel them on the top of the social ladder, and they would feel even better with themselves.

Because nothing good comes for free, there are negative aspects as well to be taken into consideration.

It has to do with their general health. Most likely, they will have stomach problems or, the most common, emotional turmoil and distress.

### **The goods and the bads**

The opportunities of a lifetime will come to them if they only choose to be more ambitious and perseverant in their professional careers.

The chances are there for the taking. It's also a great time to repair what was undone, to be reborn from the ashes of demise and fly freely through the skies.

They are the right person to solve all your problems with efficiency and swiftness. It might appear as though they're performing magic tricks, but really, logic and reason are the only things they need.

This attention to the details will be the game-changer in their lives. Just think about it for a second.

The Pluto in 6th house natives will do pretty much anything to satisfy that perfectionist streak controlling their thoughts and creating obsessions.

Can it be pleasing and comfortable having to live with that constant itchiness on the back of their minds, with the fear of failure and that compulsive attitude that something's wrong?

It's really a problem, one that they have to deal with eventually. It ruins their social relationships and ability to work in a team because of the high expectations they place on other people.

The pressure they put on their own shoulders willingly is immense and will lead to unhappiness, stress, tension, emotional instability, or even physical issues.

**North Node ♋ in ♓ Pisces 21° 23'**

(Georges Muchery)

The Dragon's Head in Pisces gives vitality, and is a fortunate position for the children, especially when it is situated in the Fifth or Eleventh House. It is not, however, a guarantee of fidelity. Nevertheless, in spite of deceit, the home will remain stable, as the native possesses the family instinct. The Dragon's Head in Pisces helps in unexpected acquisition, especially from foreigners. It is also a sure sign of long journeys undertaken when least expected.

The Dragon's Tail in Virgo is not favourable for things of the mind. It makes the native materialistic and unappreciative of beauty. He is inclined to analysis, which makes him judge everything according to its pecuniary value; everything is considered in terms of money; he may marry well, but it can hardly be other than a marriage of convenience. Progress will be difficult.

(Isabel Hickey)

North Node in Pisces implies the complete relinquishment of the self in service to others. Passion would become dispassion without losing compassion.

South Node in Virgo shows the qualities of criticism and passing judgement must be left behind. They have been the cause of self-undoing in the past, and are still hidden in the subconscious motivations and need clearing.

(Martin Schulman)

In the realm of consciousness, this is the hardest Nodal position to deal with. Here, as a result of many lifetimes, the individual starts to realize his own rigidity. He is aware of his patterns and how much they hurt him; yet he finds them difficult to let go of. In prior lives, he lived in the consciousness of a finite universe where all was well-structured. Now he is confronted with the realization that truth extends beyond what his finite senses can measure or even perceive.

He is unavoidably confronted with situations, circumstances and events which force him to relinquish his hold on the physical plane. Nevertheless, he still tries to live like the salmon - swimming against the current, regardless of the direction of nature's forces.

He still seeks order. In fact, his need for strict regimentation is so strong that he develops medical troubles in the center of the body from personalizing a stiffness that

increases tension on the inner organs. Constantly he suppresses desire for the sake of doing what seems proper, for he would like to maintain an image of respectability.

In past incarnations, he built his understanding on fact, not hearsay. Now he accepts only what comes from the 'highest authority'.

He seeks ways to rid himself of the nervous irritability which keeps overcoming him, and yet he puts stipulations on the cure.

He must learn how to immerse himself in the waters of Cosmic Consciousness, and in this baptism of thought he can truly experience a new birth. Before he can do this, however, he must first overcome his karmic fear of living in a contaminated world.

He comes into this life believing that the world is filled with danger, and therefore constantly questions the credentials of the people and conditions he considers allowing into his life. Everything foreign to the self represents the threat of disease, and it is because of such thinking that from time to time disease actually occurs.

For many with these Nodes there is strong residue of sexual problems left over from former incarnations. Either a deprivation of the sexual experience, or a strong determination to avoid emotional hurt through it, leads them to seek a better understanding in the current life. Some are confirmed Puritans, while others are capable of being physically responsive and emotionally cold at the same time.

The mind is so analytical that life can easily slip into the manipulation of a chess game. This individual has a sharp eye for detail and never overlooks the obvious. He is an expert at solving puzzles, willing to spend many hours tediously groping for the tiniest answer; but he can get so involved with whatever he is doing that he often loses perspective. His past-life discriminating tendencies often lead him now to pick apart what should be left together. Thus, although he is capable of immense clarity of thought, he does not experience complete peace of mind.

Through the Pisces North Node, he must learn Faith. When he stops separating the world into neat little compartments, he will get his first glimpses of Universal Consciousness. Ultimately he is to achieve the understanding that all is one, and one is all. Before this happens, he must learn how to stop seeing himself as separate from the rest of the world.

He will go through experiences which force him to grow more compassionate.

As he starts to find his well-laid plans dissolving to nothing, he begins to see others in a different light. Ultimately he symbolically goes through the pain of the entire universe so that he can strengthen his Divine Love to the point that he absolutely refuses to pass judgement on others.

He makes much progress by acquainting himself with the spiritual way of life. His growth extends as far as his arms can reach. While the arm of the past still clutches at his self-imposed restrictions, the arm of his future is grasping for the higher alternative. It is only his failure to let go completely that prevents him from achieving the perfect transition into the full state of higher mind. Yet, he does reach the point that he occasionally sees it.

From time to time his remarkable intuition reveals to him the mysterious essence of life; yet the past incarnation memories of his Virgoan practicality cause doubt at every point. And so, half way between one world and another, these mutable Nodes are in a constant state of change.

Arriving at his destination but not sure that he is there, he keeps going back to start his journey again. Each time, he reaches one step more into the infinite, where ultimately he will dissolve the shackles of his rigidly formed past and be born again as true Spirit.

The house position of the South Node indicates the area of life that is still too rigidly embedded in a personally overstructured idea. The house position of the North Node shows how the soul can renounce its grip on all rigid definition of form and structure so that it can be free to swim in the Ocean of God.

(Mohan Koparkar)

Previous incarnation for this person was spent in substantial discriminating condition. He was very methodical, and detail-oriented to a point of extreme. Instincts would not even get close to him at that time. In this life, he is full of instincts and 'feelings'. He wants to get away from materialism and practicality. He is searching the universe through his sensitivity; and if he feels right, he acts accordingly. His decision may not be logical on the surface, but he does not care in that respect. His judgements may not have proper reasoning but they do work right for him. Dealing with people and their emotions is important for him, as he likes the exchange of feelings in that material world to keep him happy. His use of imagination and unusual ideology is really amazing.

(Donna van Toen)

You must learn to sacrifice, give in, or give up. Your Virgo South Node may reply 'Yeah, but I have too much invested'.

Your problem is lack of understanding of need priorities.

Possible reasons: Excessive stubbornness. Fear of being taken advantage of. Selfdestructive tendencies. Refusal to face the fact that some problems are difficult to solve totally. An excessively critical environment makes it hard to admit defeat. Guilt over past wrong-doing or failures.

Possible solutions: Learn to relax. Temper your analytic tendencies with compassion for yourself and others. Judge people and things by their usefulness and set your priorities accordingly.

\*\*\*

Virgo South Node often doesn't enjoy his or her own company. This naturally affects his or her ability to enjoy relationships, since the self is always present. Virgo South Node doesn't feel human; he or she operates like a well-run machine. Not all Virgo South Nodes are workaholics, but I've seen enough instances to believe that this is one of the more typical results of nodal imbalance for this polarity. Another is an involvement in unsatisfying or destructive relationships, since often the Virgo South Noder is so terrified of being alone that any relationship is better than no relationship. By tapping the hidden strength of Pisces North Node, the individual can get in touch with his or her basic humanness. Only then can he or she come to terms with his or her needs and alleviate his or her dissatisfaction.

Some signs of an over-developed South Node in Virgo are: bigotry; refusal to settle for anything less than perfect; a feeling of being 'different'; a tendency to test others mentally; a 'let me do it for you' approach; shyness; jealousy; a tendency to be critical of others' grooming, clothing or abilities in general; pettiness; and insecurity - building oneself up by knocking others down openly or through back-stabbing.

North Node in Pisces dreams of being left alone. He or she wants to be separated from the mass of average people so that he or she will be free to meditate or contemplate the mysteries of life. Note that they want to initiate this separation themselves; if rejection brings separation, he or she will feel trauma rather than satisfaction. This person is inhibited or shy, and sometimes inclined to repress the emotions, which may be extremely difficult to express. Fussiness or quibbling supplants the desired meditation and thwarts the dream.

Antidotes for Pisces imbalance: Psychodrama can be a useful tool in unlocking nodal potential. Education in keeping with the client's aptitudes is recommended, with literature, geography and medicine being ideal choices where aptitude permits. Fishing and other water sports often prove beneficial. Public speaking should be encouraged. If aptitude is shown, magic or creating illusions, painting, sculpture, boating or water sports could be a good topic. Writing is also good particularly in the areas of astronomy, myths or legends, poetry, instructional material, nurturing themes, and medicine. Hypnotism might be another good choice if the client can gain sufficient knowledge in this field.

Unless the overall tone of the chart is contradictory, the client should be discouraged from entering any profession where the overall emphasis is on strict discipline or nitpicking, since this would reinforce the very tendencies that need to be softened or

balanced. Discipline can be given a bit more emphasis if the client is operating in an entertainment capacity. Some good career choices would be: sales, cooking, acrobatics, gymnastics, detective work, painting and design. Generally, the clients I've met with these types of imbalance have been hard workers - close to workaholics in some cases. Usually they need relaxation more than work motivation. If the client is in a high-pressure job or required to work long hours, it's important that the antidote be something that's done for the love of it and is conducive to relaxation. Religious and spiritual activities often prove to be helpful antidotes. Many clients who remain unmoved by other options will be drawn to these..

### **North Node ♌ in XII 12th House**

(Georges Muchery)

This position of the Ascending Node (Dragon's Tail) in the Twelfth House, though not very fortunate, nevertheless brings relief in trouble. It gives Faith, and enables the native to convince himself that all is not lost. He will have to struggle and defend himself; there will be difficult periods in his life; but he will conquer with the aid of the benefic planets, and more prosperous times will come in the course of the Revolutions of the Ascending Node.

In the Sixth House, the Descending Node (Dragon's Tail) will cause serious disorders in health, and countless difficulties with subordinates, some of whom will try to harm the native; and may even rob him or endeavor to deprive him of his position. It is also a sign of disagreements with uncles and aunts.

(Isabel Hickey)

Has ability to clear payments due from past karma by self-initiated channels of service. Work with those limited and afflicted would be fulfilling and integrative. Hypochondriac tendencies of the past must be overcome. Subconscious tendency to identify with negative conditions needs eliminating through positive and uplifting emotions. In other lifetimes, negativity brought on disharmony and disease in the physical body. In this life, helping others achieve a new and happier outlook is the way for this person to find fulfillment and peace of mind.

(Bernice Grebner)

North Node in twelfth house takes self-sacrifice. It is helping those less fortunate, those handicapped or afflicted. This is done in a quiet, unassuming way. The person must learn compassion, learn to accept others as they are, and to help them in spite of any differences. This is the position of karma, and seems to call for some kind of payment. Many times this position produces doctors and nurses, and would seem to be an excellent way to fulfill this twelfth house Node. Since this is the house of the subconscious mind, the person needs to develop and release these vast resources, bringing them to the threshold of the conscious mind by expanding his ability to meditate. In its lighter vein, this is the sign of the poet, indicating another means of liberating the storehouse of the subconscious mind and its vast inspirations. The degree of success would depend upon its connection with Mercury, Jupiter, and the third and ninth houses.

South Node in the sixth is the critic or the worker. Here the South Node gives an instinctive knowledge on health matters and a drive to learn more concerning this. It gives a desire to serve others and a constant changing of working conditions. There is great attention to detail with the ability to weed out. This individual knows how to work, and much more so when this South Node is favorably aspected by Mars. South Node here denotes mysterious illnesses, those difficult to diagnose. Neptune in the sixth also indicates mysterious illnesses. If there is a conjunction of Neptune and South Node in the sixth, or Neptune is in the first house, this compounds and accents the problem. This person can become a hypochondriac, and is always running to the doctor. Many doctors and nurses have South Node in the sixth. The tendency to be critical and to take everything apart is strong with South Node in this location, and can be, to some extent, severe, the sign involved considered.

(Mohan Koparkar)

North Node in the 12th house often signifies that one has a lot to learn in this lifetime, with or without individual choice. The work area is often a confining issue for them. However, it is a part of their lifestyle that they cannot get rid of. Working with institutions or dealing with behind-the-scenes activities is quite significant for them in this lifetime. They use considerable amounts of psychic sensitivity in their routine lifestyle. In their work, they are quite methodical, practical, punctual and steady. The digestive system or problems with circulation need(s) attention in this case. Physical health, in general, may not be necessarily weak. Their tendency to daydreaming on the job or uncommon work hours is significant; and sometimes they even get to like that schedule. Affairs of Karma or life as a continuous process are significant for them; and their interest in reincarnation is amazingly worth noting.

(Martin Schulman)

Here the individual undergoes a crisis in consciousness. Whether he is actually aware of it or not, much of his life is spent in deep thought.

He finds the physical world exhausting. From time to time, he has to deal with illnesses which take him out of the competitive arena, strongly affecting his abilities to work.

When he is working, he finds conditions intolerable. He feels either underpaid or, at the very least, unappreciated for all he has to offer. He becomes so wrapped up in the circumstances surrounding whatever he is doing that he allows his attitudes toward his job to permeate all areas of his life.

He has much prior-life memories of order and organization; yet everywhere he goes, he sees chaos.

In past incarnations, he was a perfectionist, critical of the world around him. Now the imperfections he sees weaken him to the point that he feels unable to cope. The world is perceived as not quite giving him all that it could.

Some with these Nodes tend to dwell in self-pity, while others nourish an embittered resentment. There are feelings of jealousy directed toward other people's well-being, which they perceive as being less earned than their own. Usually there is an inflated sense of ego at the source of the problem. The self as developed in past incarnations is now seen as a perfected ideal, stationed above the rest of humanity. In his own private thoughts, this individual will rarely admit that he has a tendency to look down upon others. Yet, secretly he sees everyone as less perfect than himself.

He would sooner go unemployed than work at a job which he feels is beneath him. It is certain, however, that circumstances will force him to do such work even though it is against his every principle.

Having tendencies to internalize his anger at feeling put down, he creates one very real illness after another, until ultimately he reaches the point that he feels justified in blaming his work conditions for his poor state of health.

Carrying a past incarnation feeling that society has shut him out, he sees himself as a neglected child deprived of the central core of richness in life which is there for others but somehow not for himself. He spends too much energy trying to impress others, and not enough in developing a fullness within himself. More than anything else, he must learn to look inside, where he will find the answers to all of his problems.

Many with these Nodes watch life pass them by, spending all too much of their time and energy wrapped up in petty thoughts. There is a strong residue of past-life nervousness in the sixth house South Node, wherein this individual literally eats away at himself by trying to digest into his system of order every tiny detail that comes to his attention.

He must learn how to discriminate between what is important in terms of his life's values and what are just transitory upsets which will pass in due time.

Through his constant questioning, he creates for himself a sexual problem, rooting itself deeply in fears of failure. And so unable is he to face his fears that he will compound the problem by developing a pattern of abnormal sexual respons designed to mask his feelings of inadequacy.

Though he tries not to, he keeps seeing himself as a helpless pebble on the beach of thousands. In prior lives, he managed to control his universe. Now the world seems larger than he would like, and he does all he can to prevent himself from feeling too small by comparison.

His growth starts the moment he begins to see himself not only as part of a greater whole but as containing within himself the essence of the entire universe. He must break his past-incarnation tendency to put the world in little boxes; and instead search for the seed of all within himself: here he will find the abundant richness he has been so desperately seeking.

Periods of forced isolation help to bring him to a higher consciousness through which he ultimately learns that things can be different without one necessarily being better or worse than the other.

By going dep into himself, he will realize that all of life's conditions depend entirely on how much he can relinquish his hold on trying to overturn the world and rechannel his energies toward overturning himself.

He does well by immersing himself in the works of a large institution where he can develop a group-consciousness, focusing on the collective good of the whole rather than dwelling in the collected residue of his past-life bitterness.

He will be tested many times in areas which help him to develop compassion, until he ultimately sees that judging others actually prevents his own happiness.

His past-life karma is erased when he learns how to flow rather than allow his life to keep interrupting itself by petty distractions. He must attune himself to the essence of the universe rather than attempt to sort everything into neat little compartments. The compartments are like a house of cards, and only after they topple does he realize that his purpose in life is very far from what he originally thought.

He can then learn how to loosen up and bathe in the beauty of all God's creation, rather than seeing only a part of God and calling the part he sees 'All'. As soon as he can greet change willingly, bending while the winds of circumstance flow through his being, he is

on the path.

Eventually he will leave the world where people manipulate each other and walk through the doorway to a higher harmony. In preparation, he must transcend the subconscious past-life memories of physical problems that still weigh him down, and start to climb the cosmic ladder which leads to the realization of his soul. He must learn how to appreciate the wonder of all he sees without enmeshing himself in the details of why or how.

His life will represent the ending of an idea much as the works of Dante symbolized the end of a period in literature. When he accepts this, his life's work can be a great culmination of all that has come before him.

Although his work may bring him behind the scenes, there is a good possibility that it can come to public attention. He must also learn that the physical state of his health is totally dependent upon the purity and stability of his inner mind.

Truly this is the Nodal position of mind over matter; and the life will be a karmic transition from the world of matter into the consciousness of infinite spirit.

The sign which contains the South Node indicates the ways in which former incarnations brought the individual to preoccupy himself with physical matter. The sign which contains the North Node shows how he can now transform his soul into the pure essence of Divine Mind.

(Donna van Toen)

Conflicts: Lack of confidence vs. capability. Self-destructive behavior vs. service to others. Reclusive tendencies vs. need to work or serve.

Possible Results of Sacrificing North Node: Crises involving awareness. Physical or mental exhaustion. Inability to find suitable work. Disorganization. Excessive selfcriticism that encourages feelings of inferiority.

Possible Ways to Integrate the North Node: Eradicate self-pity. Recognize that an inferiority complex is often a warped superiority complex. Examine your motives for working and serving. Learn to externalize your anger in an appropriate way.

\*\*\*

In the twelfth house, the hang-up is connected with self-understanding. The problem often stems from a combination of fatalism and a lack of determination. Because of a lack of appreciation for self, this person craves appreciation from others to foster self-worth. But because self-worth can only be gained from within, external appreciation seldom changes this person's perceptions. Self-sabotaging and illnesses are

manifestations of this confused, inferior concept of self-potential.

Sometimes this nodal position manifests in an inability to share feelings, or just plain shyness. Quite often in childhood this person suffered experiences that made him or her withdrawn or unreachable. Sometimes these involve parents; other times they took place in the early school environment. Sulking, brooding and depression are common.

North Node in the twelfth house dreams of feeling at ease with others when in a group or one-to-one encounter, but also wants to be able to spend quite a bit of time alone. He or she wants to be something of an enigma. This person is changeable in moods and work habits. This affects his or her ability to take advantage of opportunities for dream fulfillment. While actual physical or mental health may be good, the person may allude to some mysterious tragic flaw or skeleton in the closet that prevents success. Less frequently, there's a tangible problem in this respect. The person is highly self-critical and equally critical of others, thus preventing successful interaction with others as well as with the subconscious.

The realm of work influences your sense of well-being; but the implication is that you will feel restricted and limited, creating feelings of dissatisfaction and resistance. This can come from earning a living from work that fails to interest you, or that does not utilize your talents and constricts opportunities for personal development. Your employment can be felt as boring, stagnating, and stultifying, offering little job satisfaction; these frustrations will cast a dark shadow over the rest of your life. If this is your experience, you need to invest more effort and attention to changing your working environment, perhaps pursuing an alternative career or changing your life priorities.

You prefer to see order in the world, and adjust your lifestyle accordingly, failing to comprehend why much of life appears chaotic, illogical, or unnecessary, and why people make the most of their suffering as a consequence of their attitudes and choices. Sometimes you assume a 'superior' attitude in this respect, although, if your work sphere is not satisfying, you too are creating your own suffering instead of changing it.

Inner pressures can build from repressing feelings of anger and resentment, and you may sometimes believe that life does not reward your efforts. Try to avoid this buildup, or else you may create health problems caused by festering emotional energies, which can result in physical or psychological illness.

Attempting to impress people will make you uncomfortable and generate feelings of 'selling yourself out'. It will be valuable to explore your inner self, because, by looking within, you will discover answers. You need to determine what is truly important and discriminate between whatever is meaningful and lasting and that which is only temporary and passing. Deciding priorities can be revealing; and an important step is to

make your life-style harmonize with your nature: this can lead to radical changes.

Instead of reacting against facts of life with which you disagree, rechannel your energies to enable self-understanding in order to build a suitable lifestyle, one which draws out those qualities, talents and abilities that you knew were there, but which had not been allowed expression. If this can be achieved, then satisfaction and fulfillment will be great. The key to this lies in yourself, as it is likely that the world will not easily give you opportunities, and you may have to act independently. The richness found within can satisfy your search.

Avoid fragmenting life if possible; try to see and experience it as a unity; move freely with the winds of change. Provided this can be done with compassion and understanding for others, potential exists to realize more meaning and purpose. It may require releasing assumed values and substituting more appropriate ones. Then your life can be adjusted to accord with the new values. You have the character to succeed if you make those changes revealed necessary by an inner examination of priorities. Just feeling dissatisfied is not the answer. Unless you deal with the feeling, it will only create more resentment; turning within and changing can provide new signposts and directions for you to follow.

(Bruno and Louise Huber)

The 12th house is the one furthest removed from the outside world. It is well away from the 'You'-point. In addition, it is a very introvert house and corresponds to the passive sign of Pisces. The native waits for someone with initiative to make a move. It is the place of turning inward and of self-discovery. The Node in the 12th house means that this person needs, from time to time, to withdraw from active life for the purpose of self-remembering.

The 1st and 12th houses form the 'I'-space in the house system; and sandwiched between them is the 'I'-point, the Ascendant. In the 1st house the 'I' is extravert: it faces the world and announces: 'Here I am!' The introvert 'I'-house is the 12th house. Here we do not exhibit ourselves to the world, but keep some space between it and us for the sake of being wholly ourselves. Being ourselves implies knowing and accepting ourselves for the ones we really are. Self-observation, self-knowledge, and self-discovery are tasks to be undertaken here.

In addition, there is something greater and more pivotal we can do. We can discover our membership of the greater, or cosmic Whole, our relationship to humanity, and to God. This transcendental experience enables us to feel woven into an all-embracing Reality. Even though we are separate individuals, we are nevertheless parts of a macrocosm, the whole of creation. We do not perceive this in its unimaginable wealth of details, but can experience it as a unity.

The individual would not survive without being part of a whole. Incorporation of the self in a greater whole is the object of the 12th house, and the Moon's Node here invites us to make that object our aim. Union with reality, which it can help us to attain, is the best and surest source of health.

There is no substitute for the basic confidence provided by discernment in the 12th house. It gives an awareness of infinite being in which all things are contained. Here, too, is the area of religion, where the experience of God transcends theory. And it includes the religious experience of someone who does not have a religion but is occupied (for example) with the cosmos as the infinite totality of space, and has much the same experience as a believer, although still understanding it differently.

Anyone who has this position of the Node must learn not to regard abstract ideas as real entities. The place for these is the 6th house, which is the depository of those 12th-house creations that are useful for everyday life. But this experience of an infinity in which everything is contained, this experience of God or the Cosmos as a vast expanse, cannot be put into words; for in the 12th house we leave behind the area of the imaginable. Indeed, only by doing so can we have a genuine, deep, and all-embracing experience. Yet, because of its character, the experience is strange and unsettling, since all categories of thought, feeling, and doing are abandoned. On catching sight of this expanse, we are afraid of disintegrating, or of falling uncontrollably into a yawning abyss. It is a leap into nothingness, and resembles death.

We need to understand the Node in the 12th house in such a way that we are able, from time to time, to retire into this space that belongs to all created beings in the universe and yet is completely individual to us. We can learn to withdraw into ourselves; far enough, indeed, to become the Whole again. We can learn to pray, meditate, and contemplate, and may be awestruck by discovering a great sublimity. Each of us will do this in his or her own way: one goes to church, another contemplates the starry sky. Getting results does not depend on the objective space with which one identifies, or on a given place, but depends on the capacity and the will to expand and direct one's awareness.

North Node in the twelfth house or Pisces (James Braha)

If the North Node is in the twelfth house or Pisces, the person's greatest growth, evolution, and fulfillment come through serving others in a profound way. In past lives, the person concentrated on daily work, mundane tasks, and his own perfection and self-improvement. Now he is to devote his energy to idealistic callings, benevolent endeavors, and the betterment of humankind. He may be drawn to medicine, psychology, metaphysics, mysticism, religion, or any activity which heals or uplifts others. Or he may relieve the pain and suffering of the masses through heartfelt artistic expression. Singing is especially favored. The person is learning to let go of his old patterns of criticizing, evaluating, and picking things apart. Now he must be as generous

as he can be. He should give, give, and then give more. He should live from the heart, not the mind. Happiness comes from working to further the highest vision of human life, with no thought of personal gain. The more noble and virtuous the person's motives, the faster and greater his evolution will be.

The person should cultivate faith and develop his spiritual nature. His main task is to transcend self-interest. He should adopt a lifestyle of love, compassion, and understanding. Above all, he must never condemn or judge others, even the worst of the human race. When he does, he brings sorrow, grief, and shame onto himself. The higher part of his being simply will not tolerate small and narrow behavior. The person should champion the cause of peace, harmony, and brotherhood. He must look for the best in others and refrain from gossip, negativity, and pessimism. Of all possible life paths, his is the highest and most majestic. He should consider the spirit behind people's actions, and bear in mind the complexity and rigor of human life.

The person is not here to be cautious, careful, and sensible. He is seeking enlightenment and ultimate freedom. He wants to live a life of purity, devotion, and union with the infinite. He must pursue his ideals, visions, and inspirations. Material comforts are of little importance. The person may wish to perform major service. He may work in hospitals, clinics, nursing homes, or other institutions which aid society. He must follow his intuition and feelings. He will be happy living near the sea. Artistic endeavors are favored.

In Hindu astrology, the North Node in the twelfth indicates cravings for spiritual growth and 'moksha' - final liberation. There may also be intense sexual enjoyment. The South Node in the sixth reveals very strong health, excellent ability to defeat enemies and competitors, and daily work involving metaphysical healing techniques. The nodes in the signs are of much less significance.

### ***(Black Moon) Lilith ♁ in ♑ Capricorn 18° 5'***

([1146] elsaelsa.com)

#### **Mountaineer**

If you have Black Moon Lilith in Capricorn, the struggles you've encountered through your Lilith placement have made you strong and responsible. You learned how to get

ahead while others were sleeping.

However your Lilith wounds have manifested (shown by the house your Black Moon Lilith is in), you've discovered that security, to the extent that it exists at all, is something you build yourself. Watching other people flail and founder, you realized that no one knows what they're doing. No one is coming to save you. And even if they were, you wouldn't want it. You have carried the burden of responsibility for so long that you know no one else could manage like you do.

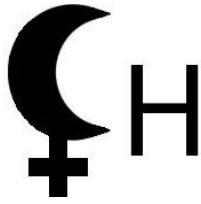

Carrying so much for so long as made you a powerhouse. No matter how exhausted you are, there's very little you can't achieve. And achieve you do. One of the very few ways you gain some sense of safety is through your accomplishments. You probably learned that a list of awards and accolades is the best way to insulate yourself from life's ups and downs. In fact, this may have been the primary way you received any kind of praise or positive attention growing up. The problem with achievement, though, is that it paints a target on your back, which is something you are well aware of.

Because your way of attaining security creates even more insecurity, you operate from a scarcity mindset. It feels like life is a great precipice, and you're hanging on to the edge of the cliff by your fingernails. In order to deal with this fear, you've learned to develop a stoic façade. You certainly feel plenty of emotion, but you instinctively understand the folly in showing those emotions to the world. Authenticity feels like vulnerability, and vulnerability feels like defenselessness. You know better than to leave yourself exposed. In this way, you have purchased your safety at the expense of your own emotional honesty.

One of the best ways to blunt the effects of Black Moon Lilith in Capricorn is to lean on Cancer, Capricorn's opposite sign. Cancer carries a heavy burden as well, and operates with the same security concerns that you do. The difference is that Cancer doesn't do it all alone. Instead of relying only on themselves, Cancer recognizes that there is safety in numbers. By spending a little more time building emotional relationships with the people around you, you could form a team of allies to fall back on when you're in need. Cancer also knows the value of people over pennies. On their deathbeds, no one ever wishes they had worked more or made more money. They wish they had spent time developing intimacy with the people they love.

There is so much to say about this placement, but let me say this: Your strength and practicality are so important. You are a builder, and that is your superpower. As you work to create a world in which you can feel truly safe, your skills will be absolutely essential. Just make sure to bring others along for the ride. You, too, deserve support.

### ***(Black Moon) Lilith ♄ in X 10th House***

([1158] elsaelsa.com)

### **Dark Reputation**

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin than you might prefer.

In traditional astrology, the 10th house is known as the culminating point or the pivot. With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

## **Ceres ♀ in ♈ Aries man 26° 0'**

([1161] [astromajesty.com](http://astromajesty.com))

Ceres is the sign of one's nurturing abilities, and in Aries, it indicates active self-care. Aries is among the fiercest Zodiac signs. They love challenges, physical activities, and they don't stay in one place for too long. People with Ceres in Aries love to exercise, take good care of their bodies, and have a lot of energy.

Yet, these people are not cuddly, delicate, or tender. Persons with Ceres in Aries have an intense nature, and they won't show their affection with ease.

Yet, they expect to be pampered, they want their loved ones to be gentle, and they don't mind being showered with attention.

They can appear cold and too strong to need love, but they need it just like everyone else. Even if they reject someone's affection at first, that's only their protective instinct, not their actual intention.

People with Ceres in Aries need persons who will provide them with care even if they don't know how to ask for it.

In the same way, they don't know how to express their care. Even though they want to make their loved ones feel safe, loved, and protected, they don't show that with sweet words and caring gestures.

Individuals with Ceres in Aries are all about the action, showing their care with their behavior, deeds, and practical acts.

Those who want to show their affection to persons with Ceres in Aries should do it by encouraging them, reminding them of their power and strength.

Persons with Ceres in Aries need to feel independent, sovereign, and self-resilient.

Hence, their loved ones always need to give them enough space and freedom to feel that way. They are career-oriented people, so their loved ones should acknowledge their accomplishments, support their goals and needs.

### **Ceres in Aries and childhood**

Children with Ceres in Aries need their parents to be kind, to care for them, and make them feel secure. These kids are also quite playful. They enjoy being with friends and engaging in challenging activities.

Due to having a strong personality, kids with Ceres in Aries often get less care than they want, making them feel lonely.

That is why these kids usually grow up in an environment that teaches them how to be self-sufficient and fend for themselves.

This placement often shows that one didn't have a strong parental figure or that they had to care about younger siblings.

A negative position of Ceres can be an indicator of violence, childhood trauma, and aggression.

Growing up in that kind of home environment often gives people who didn't have proper nurture, which explains their incapacity to be caring gently.

As they grow up, they learn to rely on themselves, and they are reluctant to allow others to care for them.

Since their early childhood, people with Ceres in Aries find solace in being on the move, being active, and dynamic.

### **Men with Ceres in Aries**

Males with Ceres in Aries are self-independent, persistent, and have a zest for physical activities.

These are not the men who show their affection with ease and who pamper loved ones with care. Even though they are sensitive and love their families, they appear cold and distant.

They require loyalty, honesty, and warmth from their loved ones, yet, they want to have their freedom.

Only when they feel they have their independence they can be happy. But they are not lone wolves, and they need people they love close to them.

Those that love a man with Ceres in Aries need to learn how to show them care and give them love while also giving them enough space to chase their dreams, goals, and careers. Otherwise, they could start feeling suffocated and run away.

It is why they want a woman who can be their equal, who is self-resilient, highly intelligent, and has a complex personality. Men with Ceres in Aries need a female who will challenge them and force them to be brave and daring.

These men are passionate in the bedroom, love to have control, and they need a woman who is not shy and doesn't hold back.

However, if someone betrays them, they can get quite aggressive, and they explode with ease.

### **Summary**

People with Ceres in Aries are brave, have a zest for life, exercise, and physical activities. They often didn't get all the attention and care they needed in their formative years, which taught them how to be self-independent and difficult to express affection.

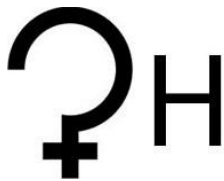

They need people who will nurture them by showing encouragement and acknowledging their success and strong personalities.

People with Ceres in Aries need freedom and time to dedicate themselves to their goals.

Individuals with Ceres in Aries use deeds, practical acts, and helpfulness to show love, nurture, and affection. These are not the people who will shower others with romantic gestures and cuddles.

But they are not selfish, and they love profoundly. It is why people with Ceres in Aries will support their loved ones no matter what. They will be there when someone needs them, and they will help others grow and be successful.

## ***Ceres ♀ in I 1st House***

([1173] [astromatrix.org](http://astromatrix.org))  
The Natural Mother Instinct

### **Opportunities**

- Mothering comes naturally
- Having greater compassion

### **Challenges**

- Avoiding smothering relationships
- Maintaining an independent identity

### **Ceres in 1st House**

Ceres is concerned with both giving and receiving nurturing that comes naturally. The desire to take care of others is especially strong, but this placement also speaks to a need to self-nurture.

People with Ceres in 1st house can take on the role of “mother” without realizing it, so it is important to discern when someone would benefit from your attention versus when it becomes excessive.

It is just as necessary to provide motherly love as it is to allow for independence, which is a poignant lesson for someone with Ceres in first house. If your relationship with the mother figure in your life was imbalanced, it may be therapeutic to step into the role of parent and offer another human being unconditional love for who they are fully.

When located in first house, the Ceres archetype becomes a part of your personality. You likely project the qualities of Ceres without trying. For example, you may like to feed people or care for the sick.

You can nurture others instinctively by knowing what to do to meet their needs.

Becoming a parent or working in a social service field can help you channel the urge to provide for others. If you become too dependent on the role of “mother”, it will be necessary to turn that energy inward and nurture your own independence as a whole, sovereign being.

### ***Pallas ♀ in ♏ Scorpio man 1° 55'***

([1193] [astromajesty.com](http://astromajesty.com))

In astrology, Pallas represents the manner in which we resolve conflicts. When we are faced with problems, the influence of power determines how we deal with them. Pallas is affected by which zodiac sign it is in.

Another aspect of the influence of Pallas is creative intelligence. The strategies that we create to get ourselves out of conflicts are an element that it controls, as well as how we express ourselves.

Pallas is highly skilled and can bring forth the characteristics of our analytical minds. When we weigh up the traits of the zodiac sign it is in we can see its effect.

The Scorpio Pallas man will never let someone get the best of him. He will plot and plan in secret until he is ready to strike.

The dark and ominous tone of his scheme can scare people away when they are executed.

He is always several steps ahead of the game. As he is so hard to read, he can leave people feeling more confused than before the conflict arose. He likes to strategize carefully, like a game of chess he knows exactly when and how to move each piece.

Despite the seemingly cryptic and obscure nature of the Scorpio Pallas man, he cares for others. He is very conscious of other people's feelings, partly due to his own sensitivity.

When they put their mind to it they want to improve mankind. He can see if there are any issues and problems in society and he wants to help fix them. It is not often that he will

misuse his powers, instead he is careful with his gifts.

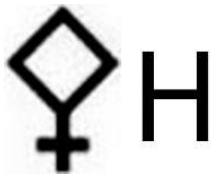

The Scorpio Pallas man believes that he is his own person, and therefore no one can control him. He does not answer to authority and is extremely stubborn.

Taking orders from someone else is a big no-no, they cannot be forced into doing something that they do not want to do.

Still, waters run deep with the Scorpio Pallas man. He should never be underestimated, he can dominate any debate and solve problems effectively.

Their insight gives them a strong advantage in many circumstances that will help them win the war.

### **Chiron ♄ in ♉ Taurus 6° 26'**

([1249] [astromajesty.com](http://astromajesty.com))

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

### **Men with Chiron in Taurus**

*What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable?* – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide

it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

### **Summary**

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

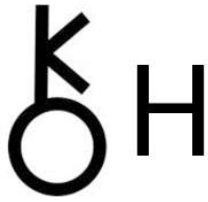

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

## ***Chiron ♄ in II 2nd House***

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

### **Feeling unworthy**

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of

worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

### **Distorted self-perception**

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

### **Healing potential**

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

### ***Part of Fortune ☉ in ♐ Sagittarius 23° 25'***

([1283] [astrolibrary.org](http://astrolibrary.org))

You need freedom to explore and avoid stifling situations, so that you may experience a joy without limits.

Your fulfillment will take place in far away places, whether mentally or in other countries. Whatever you experience will become broader and more meaningful. In addition, you are lucky by nature wherever you go.

You like to try new things that expand awareness and knowledge of life as a whole.

Gemini is the sign opposite to your Part of Fortune in Sagittarius. Through Gemini, you know the indecision of people and their superficiality in trying to please themselves and not committing to something meaningful.

You feel an enormous curiosity for all things and people. Although you are very comfortable in the midst of nature and a natural environment, since you understand the truth of the natural laws of human beings and the Universe.

You are aware that, sometimes, when trying to gain the acceptance of others, you are untrue with yourself. So, you must be frank and direct, since you realize the apparent dualities of any situation, being able to obtain the essential meaning of each moment and observe the unity of all situations.

You have to stay free to express yourself spontaneously and with full sincerity and honesty with yourself. This helps you take a decided and correct action. You can maintain an energy of enthusiasm and optimism even when facing very difficult conflicts. You encourage and inspire all the people with whom you work or have contact.

You have a powerful prophetic vision to project yourself into the future, and many times your willpower and clarity of vision make that future come true.

You feel well any place you go. In any place, you feel at home. You know how to flow with enthusiasm in all situations, without letting yourself be involved in something that could deny your own optimism.

You radiate happiness. Although, sometimes you do not realize it, and you make the mistake of trying to look for it in others.

You must avoid judging yourself too harshly. Do not compare yourself with others. Nor

should you think that you can make others happy, because you would lose your own sense of inner joy. You should know that this can not be transferred from one person to another.

You will do better through constant spontaneity, simply by being and experiencing the total truth of each moment in your life and each situation. You will feel happy, bringing more sense and meaning to all the circumstances and people around you and raising their spiritual awareness. By not taking it personally, you are left free to change to another situation that is asking for your attention at that moment.

Undoubtedly, your joy is present in all your significant contacts. These contacts give more meaning and understanding to your life.

### ***Part of Fortune ☒ in IX 9th House***

([1295] [astrolibrary.org](http://astrolibrary.org))

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([57] [astromatrix.org](http://astromatrix.org);) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

3) ► **Descendant DC Parallel ☾ Sun - (2°00')** ♄7 | ♃2

([149] [astromatrix.org](http://astromatrix.org);) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from

others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

#### 4) ► ***Imum-Coeli*** IC ***Parallel*** ♄ ***Saturn*** - (1°43') ♊1 | 0012

([202] [astromatrix.org](http://astromatrix.org);) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

5) ► **Sun** ☉ **Contra-Parallel** ⚡ **Uranus** - (0°41') ♃2 | ♅7

([146] [astromatrix.org](http://astromatrix.org);) The Breaker Of Taboos

Both square and opposition aspects have a peculiar quality which is like an 'on-off switch'. Internal and external erratic behavior may be expected, which can lead to those dramatic and often drastic changes of behavior and lifestyle.

Within your hidden inner life, you are likely to feel undercurrents of restless activity, which, while peaking and troughing, are an ever-present participant in your nature. This can lead to nervous tensions and irritability, and an edgy tone to your energy which is often psychically communicated or received by others and experienced as an intangible sense of unease. Your emotional and mental moods are erratic, unpredictable and temperamental, creating sudden confusing changes and relationships, or even contradicting statements that you have just made. Sometimes you may fail to be aware of this lack of continuity that you exhibit.

Individuality and independence will be emphasized, with insistence upon your own needs and freedom from all restrictions. This can manifest as a compulsion to display a rebellious antisocial attitude, mainly as a reactionary explosion of energy rather than any considered response which could also offer some viable alternative ways to follow. Your reactions are likely to be more negative in quality and content and may need a conscious degree of self-moderation to avoid an instinctive 'knee-jerk' response.

You may find that you obtain pleasure from seeing others react to your iconoclasm, as it can add some excitement to life, but it is unlikely to be inherently creative or positive action as you often fail to have anything of value which could replace whatever it is you are opposing. In many ways you are insecure, feeling lost and frustrated with both the world and you.

Your inner energy flow is uneven; sometimes you are highly charged and have difficulties dealing with that; other times the energy seems to be switched off, and life goes flat and colorless. You probably lack a stable cohesive center, missing the positivity

of an adjusted planetary relationship to your Sun, and you may need to struggle towards establishing a firm, secure point of balance within your identity.

You can be hypersensitive but may tend to deny this aspect through feeling uncomfortable with your emotional nature and its ebb and flow, as this does not fit into that intellectualized self-image that you have developed. This can be quite illusory but is also a prop for you to center your identity around. These images can include considering yourself 'before your time', an unrecognized genius or artist, a cultural bohemian, a radical revolutionary, an important social adversary.

Glamorous images emerge from that high opinion of yourself and those peculiar insights and ideas that you attempt to communicate to others. There are likely to be some nuggets of gold scattered around, but often you fail to deliver, wisps of intentions dematerializing into the air. Your evaluations are often impractical, and due to diversions towards new glamorous ideas, or to an unfocused will, you often fail to develop fully any natural gifts.

While you tend to insist that your will is paramount, you really need to learn effective forms of social compromise, realizing your misapprehension of being the all-important center of the universe, which is symptomatic of an imbalanced Sun. Just learning to listen seriously to other points of view and perceptions on life can teach you much, in distinction to one of your behavior patterns which sees such contact and communication as a form of competitive challenge, mentally pitting yourself as an adversarial opponent of another point of view.

You may need to stop tilting against windmills. Your heroic quest should not be externally directed but internalized to achieve an inner transformation. This is not to imply that the windmills are not there - they probably are - but you need an effort to redirect and redistilling your nature and energies so that your solar center becomes more powerful and integrative. A redefinition of rebellious spirit needs to be made by you, a re-channeling of your scattered energies.

Learning forms of relaxation or meditative techniques could become very important to your well-being and may help in this re-centering process of evoking the solar power. Highly strung nervous states are not beneficial to health. Relationships can also be fraught with problems, as your erratic hot and cold contributions are not always made in apt timing for your partner's behavior patterns.

You may need to be wary of making excessive emotional demands, especially as you may not be so balanced in your emotional nature, and you probably have a lack of understanding of that level. In many ways, it is likely to be an immature aspect of your nature and may require conscious development and further exploration. Attempts to restrict the freedom of others should also be guarded against.

6) ► **Moon** ☾ **Parallel** ♀ **Lilith** - (1°49')    ♃11 | ♃10

7) ► **Moon** ☾ **Contra-Parallel** ♀ **Vertex** - (1°07')    ♃11 | ♃4

([131] astrotarot.net:) Typical features that opposition brings – you need to balance your emotional needs with the needs of other people around you. A strong awareness of who you are as an individual helps you gain this balance. So, others need your help and also they need your emotional support. Also, you could increase much satisfaction from being in public life or running for a local office.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. With Moon – Vertex aspects you must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

8) ► **Mercury** ☿ **Parallel** ♀ **Venus** - (1°59')    ♃5 | ♃8

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction

between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

9) ► **Mercury** ☿ **Parallel** ♀ **Neptune** ♆ - (1°58')    ♁5 | ♃11

([33] [astromatrix.org](http://astromatrix.org);) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to

become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

10) ► **Venus ♀ Parallel ♀ Neptune - (0°01')** ♏8 | ♊11

([45] astrologyking.com:) Venus conjunct Neptune natal makes you a romantic, an idealist and a dreamer. It is very easy for you to fall head over heels for someone, and your empathy and compassion is to be admired.

However, this tendency towards idealistic love does have the potential to make you vulnerable to a broken heart and disappointment. Other people who are not as caring as yourself, may see your kindness as a weakness and take advantage of you.

It will be important for you to expect others to return your love and loyalty, to keep up an equal footing in love relationships. Once you tackle the tendency to over-idealize, or subconsciously ignore the negative traits in another, then you will lessen the risk of dissolution or grief.

Venus conjunct Neptune also suggests that you should have musical, artistic, or other creative talents. You have the ability to appreciate the surreal, and bringing form to the

more intangible impressions you receive would be therapeutic.

13) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Saturn** - (1°11') ♃2 | ♄12

([190] [astromatrix.org](http://astromatrix.org);) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

([589] 12andus.com:) You can be a strong leader with a powerful vision and sense of right and wrong.

You easily align your beliefs and ideals. You don't have to work hard to establish yourself as a mentor or leader. Your visionary strategies help you ascend to positions of power and authority.

Your career path or public image may involve some forms of advocacy or activism and it's natural for you to get involved in work that requires you to see the bigger picture and recognize injustices that you then work to resolve.

Your career path is marked by your easy ability to assert your ideas and stand apart from the crowd as an intellectual and also intuitive visionary. You may recognize patterns that others miss and this can lead you to be successful in business. Even if you are successful, you are usually more concerned with the social impact of your ideas and strategies rather than your own ambitions.

2) ► **Descendant DC Conjunct ☿ Uranus** - (2°28' A) ♅7 | ♅7

([206] astromatrix.org:) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

3) ► **Imum-Coeli IC Conjunct ♃ Ceres** - (2°40' A) ♀1 | ♀1

([571] 12andus.com:) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

4) ► **Sun** ☉ **Conjunct** ♃ **Jupiter** - (10°45' S) ♃2 | ♃2

([6] [astromatrix.org](http://astromatrix.org);) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for

transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

5) ► **Venus** ♀ **Conjunct** ♂ **Mars** - (5°11' A)    ♀8 | ♀8

([40] [astromatrix.org](http://astromatrix.org);) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are

under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

[142] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([142] astrologyking.com:) It resembles the conjunction although the difference between them is that the opposition is fundamentally relational.

There is a greater need for love and affection. It can put a strain on love relationships because tensions spring forward easily.

It does favor sorting out any issues relation-wise because you are in touch with how you feel and can express how much you love or miss someone. Compensating for any loneliness by indulging in luxuries may only give short-term relief and put a strain on finances. The better way to channel Venusian energy is to contact people for a chat or getting out, even trying your hand at some creative activity.

18) ► **Sun ☉ Opposition ♂ Mars** - (3°04' S) ♃2 | ♀8

([143] astromatrix.org:) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissension and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated on attaining these desires, whether they are lovers, positions of executive status, or

whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

20) ► **Mercury** ☿ **Opposition** ♄ **Saturn** - (7°58' A) ♄5 | ☿12

([166] [astromatrix.org](http://astromatrix.org);) Inferiority Complex

With Mercury Opposition your Saturn you may have a difficult childhood due to problems with your father that may make you suspicious, insecure, defensive or depressed. You're traditional, reserved, intelligent, responsible, shy, ambitious and hard working. Your

education may be interrupted, but knowledge will be gained from life and through books. This aspect is good for big business and politics.

You have few friends because you're often nagging and critical, lacking love and understanding. If the third house is involved, you may have difficulties due to relatives. Communication problems, overly conservative thinking and a rigid attitude often hamper your career. There may also be attacks on your reputation. You want intellectual recognition, but often don't get it, either because of or resulting in professional jealousy.

If heavily afflicted, you can be a schemer, underhanded, extremely narrow-minded and opinionated. You'll usually have dental and hearing problems and are subject to nervous and respiratory illness so don't smoke.

21) ► **Mercury** ☿ **Opposition** ♅ **Neptune** - (4°24' S)    8[5 | ♀11

([168] [astromatrix.org](http://astromatrix.org);) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the

employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

([240] [astromatrix.org](http://astromatrix.org);) Inferiority Complex

Opportunities: 1. Giving Back to Society 2. Valuing Yourself More

Challenges: 1. Understanding Your Emotional Nature 2. Knowing Yourself Through Others

With the Moon Sextile your Natal Ascendant, you have a warm, imaginative and caring personality. You are attuned to your inner feelings and sensitivity, and can express your emotional core with ease.

Your intuition is heightened, and this sensitivity to your environment allows you to be adaptable and flexible – you see what's happening around you, and you're supple enough to adjust as it does. This, combined with your keen skills of observation, can lead to great insights into the behavior of others. You see people for what they are, and this gives you great abilities for connecting with them on a deep level.

It also can help you develop better self-knowledge. In one person's heart the whole world can be seen.

This focus on other people does, however, reveal a certain inferiority complex. You observe others so deeply because you don't value yourself enough. The task for you now is to learn to value who you are while maintaining that intuition for other people.

Your sensitivity can be your weakness, especially at early stages of the maturing process when you are not able to control your emotions well and take things too personally. The challenge of this position is to try to understand your emotional nature better, and how it relates to that of others.

Taking on that challenge wholeheartedly, and holding nothing back from it out of fear or self-protection, will lead you to greater awareness, perception and emotional maturity.

Your social life is very important to you and you have many friends and strive to have a good family life. You may be drawn to public life and working for the benefit of society as a whole. This will be, for you, where the ultimate meaning is to be found.

([251] astromatrix.org:) Working to Succeed

Opportunities: 1. Communicating Your Insights 2. Going Towards Your Future

Challenges: 1. Understanding Human Nature 2. Always Being Sincere

As you go through life, you will be in touch with your own and other people's inner feelings and psychological currents. Your rational mind is more influenced than most by feelings and intuitions, which will deepen your understanding of the world. While you are young, however, it may not be easy to tell people about what you see so clearly.

People may think of you as somewhat reserved and secretive. You are not trying to be mysterious, but you have already learned that if you don't choose your words carefully, others will misunderstand you, with some unpleasant results. It will take time before your ability to express yourself catches up with what you already know intuitively.

You may be attracted to mysteries and puzzles, because you like to examine secrets. In fact, you may build up your own secret universe to wander around in, not just for idle play but as a way to express your creative insights. When you are older, you will use your mind to help you understand human nature. You are a natural psychologist, and later you will be able to communicate your ideas to others through speaking or writing.

You will spend much time planning and arranging your future in your head. Instead of falling into a career by accident, you will work out everything you must do to get where you want to go. You will study hard to achieve your ambition, and you should be a good student in any subject related to this interest.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more

reliant on yourself for this rather than societal trends of how you should express yourself.

These usually come through male figures in your life. You may develop a great talent for working with children too. Sports and creative efforts smooth the way for the promotions you seek.

You can be involved in jobs related to caring for others. It is very often that this vertex manifests in someone you already know. 38) ► **Sun** ☉ **Sextile** ♏ **Spirit** - (2°48' S) ♋2 | ♎4

39) ► **Venus** ♀ **Sextile** ♇ **Pluto** - (2°35' A) ♏8 | ♏6

([258] astromatrix.org:) Intense Emotions

The sextile aspect is an easier one to experience than the conjunction or the challenging square and opposition. The state of a more harmonious inner balance is easier to find; and there is a more realistic appreciation and understanding of the nature of human love and relationships.

The experience of your feelings and emotions will be strong but will be able to be absorbed into a personal integration rather than be a compulsive dominating energy driving your life. This means that you should be able to gain some perspective upon the patterns of your emotional life, to see the rhythmic cycle, and to apply common sense, logic, and rationality to moderate any obsessive tendencies emanating from that level.

Understanding is a key for you; and you have an insight into the potentially transformative and beneficial power of love in a human life. To you, having a successful intimate relationship is a high priority, although you will tend to be very careful in your choice of partners. What you require is a partner who is capable of developing with you, as the relationship matures and changes over time, where there is a natural love and respect for each other, with mutual or compatible interests, and where both will benefit from each other's company. Running through the partnership will be a thread of purpose and meaning, perhaps a joint life direction to be aimed towards, which is nourished by a high degree of real communication and sharing.

Your ideals are high but are achievable in real life; the key to success lies in right mutual choice; and this can come about through a series of events that could imply that the partnership is 'fated' to occur. Feeling this way can give a strength and inner commitment to the relationship at those times when mutual adjustment and personal change are required for the relationship to progress and deepen over the years.

Sexuality will be important to you, but not compulsively so, as you will see it as a natural, enjoyable aspect of adult life, and are unlikely to have any damaging feelings of unease about physical expressions of love and affection.

Talents in the arts or music are at least latent in you; and if you draw these out strongly enough, you may discover that you have quite an original creative ability to display.

40) ► **Mars** ♂ **Sextile** ♀ **Pluto** - (2°36' S) ♀8 | ♀6

([267] [astromatrix.org](http://astromatrix.org);) The Practical Idealist

You will expect honesty and straightforwardness in your dealings with people, preferring to hear the truth rather than be confused by evasion, innuendo and psychological manipulation.

In fact, truthfulness is one of your most highly valued qualities. You have a sensitivity to the motives of others; and whilst you have no real illusions about the nature of the human race, you tend to give a high regard to the principle of truth, whilst maintaining a wary eye on your fellow men.

You cannot always live up to your own ideal, but at least you try! You have a mind which tends to be analytical and deductive. Added to this, you are articulate and generally persuasive - if only in the force with which you express your opinions, arguments and beliefs - and have a sense of dramatic presentation which you apply in order to influence listeners in your favor, personally and to support your position.

Your level of physical vitality should be high; and you may be attracted towards exploring your body or developing it in terms of physical activity and culture. You should have a more healthy and positive approach to sexual expression than those who have the Mars-Pluto square or opposition; and you perceive sex in essentially natural terms without inner compulsions complicating and distorting the energy release.

Usually, others know where you stand on things, as you are not shy of revealing your viewpoints, and express them clearly and directly; and you expect the same of others. If people tend to express themselves in less direct ways, and if you later discover them to have been telling lies, then you can be quite unforgiving in your attitude to them; even if you store the knowledge away for reference, they have forfeited your trust.

You may need to become a little more self-righteous. Because of your directness, forcefulness and relative clarity of expression, you may begin to believe that your perception is invariably right and begin to pay more attention to your own pronouncements than to the view of others. The viewpoint of others is as valid as your own, and is usually worth listening to, as different perceptions can help to expand your own understanding, to correct misapprehensions, and to enhance contact and dialogue.

There can be many routes to the top of the mountain; and even from the peak there can be many ways to reflect the view back down into the valley. There may be a tendency to think and talk about things in your life without actually doing them, almost as though this level of involvement were sufficient and satisfying.

It is likely that you could manifest your aims in a more distinct and objective way, to ground them more in everyday reality and enable others to respond to and share them.

Interpretation from transit:

([402] astromatrix.org:) Mental Energy

Opportunities: 1. Focusing Your Mental Energy 2. Observing Your Mind in Action

Challenges: 1. Accepting Feedback 2. Learning from Chaos

([466] 12andus.com:) Your confidence may be shaken because of a lukewarm reception by others. If others aren't as enthusiastic about your ideas and plans as you are, this can deflate your ego and cause you to doubt the path you are on.

Try not to take others' reactions as criticism, but rather as feedback. Are your ambitions out of touch with the reality of the situation? Are your expectations unreasonable?

You may have to rewrite a draft of a project, or revise written work in some way because of feedback from others. Take this as constructive and review your work. With adjustments you have likely success in communication, writing and performance ahead of you.

Miscommunications are likely. Don't let your optimism blind you to the need to edit your written work or choose your words carefully. You may need to discuss plans in detail to make sure everyone is on the same page.

Also, you may learn that some of your plans and ideas are more grandiose than you realized, be mindful that your ego may get in the way of your larger goals.

([374] astrologyking.com:) and ([375] thefuture reminders.com:) Increases mental activity and communications but also adds friction and tension to these areas. Thinking can be nervous or rushed, which may lead to slip up's in conversations, not saying exactly what you mean. This in turn can lead to other people getting the wrong idea, an increased chance of arguments, or simply not having matters resolved.

This aspect can put you in a perpetual state of motion. Although this may be challenging, discussions are stimulating - if not heartfelt. While words and thoughts may disturb the certainty you maintain, being open to new ideas increases self-awareness; flexibility

allows you to benefit from information that you may resist at first glance.

50) ► **Sun** ☉ **Square** ♆ **Neptune** - (1°41' A) ♃2 | ♎11

([383] astromatrix.org:) Self Deception

This indicates tendencies of psychologically based inhibitions, restrictions and frustrations which pose considerable challenges that need overcoming before the more positive characteristics of Neptune and the Sun emerge.

You tend to lack confidence in your identity and ability to achieve your ambitions. Part of this may have been derived from your parental relationships, especially with the father, as your developing nature may have experienced conflict through lack of understanding or of perceived love; it may have been that by asserting your own individuality you clashed with the stronger parental will. The results are that your self-confidence has fragmented, and that your application of will is less focused and effective, and consequently you have developed psychological defenses against others and from facing personal failure. This is displayed in escapism, and avoidance of responsibilities and of the need for self-discipline, unless a powerful Saturn in your chart can re-balance this tendency.

Preferring to run away from confronting reality leads to distorted perceptions, which make careful evaluation of options difficult as well as generating fears of making decisions which may prove to be unwise. At its worst, this can create inertia through fear of taking deliberate action. These inner images of failure tend to create external failures, and so emphasize a repetitive vicious circle. Yet by linking this pattern of failure within aims and ambitions that are probably beyond your current capabilities to achieve, you also succeed in evading the realization that you are creating most failures in your life. This is exacerbated by the dreams of the unintegrated and unfulfilled Neptune, who may be noticed as a thread of guilt related to your lack of achievement, and as an ongoing sensation of discontent.

Your solar power is being diverted and dissolved by the activity of an unintegrated Neptune, and, unless you can begin to reassert this solar center and face your Neptunian challenges, this unsatisfactory condition may continue. These challenges can be mitigated by a decision to make sufficient effort to connect to your hidden solar center, to move beyond those superimposed images of guilt, failure and inferiority that have developed as a defensive response to emotional pain. Such a reorientation may not be easy to make, as you will be opposing established patterns of behavior, yet the gains that can be made are likely to transform your life.

The first step is self-acceptance, to cease any self-judgment and condemnation. Then, if you really want it to happen, feel confident that any change can occur. You have sufficient inner creativity, imagination and potential waiting to be released from imprisonment, although finding appropriate channels of expression may still take a little longer. However, you need to define any ambitions within a more realistic perspective

than previously. Possibly some form of counseling may be effective in helping you gain more clarity regarding your self-potential, or workshops in self-assertion and decision-making / goal setting. In effect, you are being asked to see yourself as a young child, ready to enter adulthood, and you are expected to recreate yourself into a new and more suitable identity.

Take smaller and easily achievable steps in this process of recreation; acknowledge that occasional failures are inevitable, but try not to turn them into traumatic dramas, and realize that success will not happen without the parallel risk of failure side by side. Everybody is a failure at something, and that isn't an excuse to condemn yourself again. As your self-confidence grows, your life will begin to take a more positive shape. It will not happen overnight, as transforming long-established behavior patterns cannot be achieved that quickly; but persevere, and changes can happen. Perhaps using techniques like creative visualization and affirmations, or subliminal programming encoded on self-development cassette tapes, could strengthen this process.

The essential realization is that change is possible, and that you can achieve this in your own way; in hope lies the fountainhead of the waters of potential and transformation. Such improvements can benefit your intimate relationships too, as well as enhance your self-image, confidence and decision-making abilities. Generally, you are emotionally vulnerable, possibly exploited or abused by others, deceived or manipulated in various ways; but if these tendencies exist, they are reflections of those dominating patterns within you.

There can be unusual emotional needs and desires linked with romantic idealism that are expressed in physical sexuality; these may require healing and cleansing in some way. But the proposed transformation and refinement that is implied by resolving the conflict of the Sun and Neptune would simultaneously deal with that level too. There can be an attraction towards occultism and mysticism.

51) ► **Moon** ☾ **Square** ♀ **Venus** - (6°40' A)    ♁11 | ♀8

([389] [astromatrix.org](http://astromatrix.org);) The Overreactor

Opportunities: 1. Intimacy Without Fear 2. Committing to a Great Relationship

Challenges: 1. Developing Self-Knowledge 2. Accepting Love

This indicates probably inner stress and tensions related to your social and intimate relationships; your emotions will be the battleground. These emotions will feel extremely powerful; and your fear of losing control over them may result in repressive behavior which tends to avoid relationships that awaken deeper emotional responses. Yet at the same time, you need this emotional involvement and those intense feelings.

With your emotions and feelings being polarized, you often prefer to retreat from commitment, rejecting the personal obligations that may be required from relationship. These behavior patterns can be seen in a starker light at times when commitment is required in relationships. Because you refuse to acknowledge the depth of your feelings,

deep-rooted fears begin to rise. These can include fear of losing freedom, fear of another's power over your emotions, and fear of experiencing love's transformative fires.

Once someone begins to impose his or her needs, demands, and will on you, his / her expectations of your predictable behavior often can awaken a rebellious attitude within you. Your insecurity and fears result in contrary behavior that can create relationship conflict just when real progress could be made. Your reactionary drive for independence and your tendency to reject signs of possessive behavior or demands for your exclusive loyalty may shatter any potentially restrictive relationship. While there may be valid grounds for rejecting such tendencies, your reaction mainly reflects inner fears and unresolved personal issues, and tends to be negative, resulting in heartbreak and disillusionment for yourself and others, and enforcing an increasingly bitter and cynical view of the nature of intimate affairs.

Other behavior patterns associated with this square include self-indulgence and sensuality. You may become involved with indiscriminate affairs and unsuitable partners as a consequence of lacking self-understanding, coupled with a deep need for relationships. Often, attempts at breaking free of threatening restrictions only propel you into other, equally unsatisfying relationships. If you adopt a more passive response to your relationship stresses - instead of taking the active and dominating role - you may experience others taking advantage of your initial trust, manipulating your emotions and needs, and using you as a support and foil for their own emotional tensions and confusions.

Sometimes emotions blind you to the real feelings of a partner, until a situation occurs in which, to your surprise, you realize that their feelings are not as powerful as yours. This tendency toward illusions also spills over into your social relationships, where you often misinterpret the honesty and sincerity of others. You can lack understanding of their motivations, so that judgments are seriously affected. Yet this also springs from your lack of self-knowledge; getting to know yourself better will help you to understand others too, and this will enable you to avoid unsuitable relationships.

By analyzing the types of people that attract you and the resulting types of relationship, you can expose your hidden needs and behavior patterns, and become aware of those unconscious traits which shape your choices. At some stages in your life, you may need to withdraw a little to gain these perspectives, especially when you are trapped in a repetitive whirl of failed relationships. Your needs are still urgent and pressing; but transforming attitudes through self-understanding may be crucially necessary.

Certain patterns active in you are probably derived from childhood experiences and conditioning. The relationship with your parents may have been unsatisfactory, especially in shaping emotional responses, which is why you now have ambivalent and contradictory feelings of need and denial when commitment is expected. There may even be feelings of guilt and non-acceptance of your emotions. A withdrawal from

relationship commitment could stem from a similar withdrawal of a parent from you during childhood. You may now unconsciously seek to punish a parent by rejecting others who try to get close to you.

Choice of partner is extremely important, and the key to relationship success; but the art of choosing a suitable partner depends on self-knowledge, so that both are complementary and in essential harmony with each other. Your early choices are likely to be unwise; and any early partnership will probably run into troubled waters due to your inner confusions and unresolved issues.

New perspectives on yourself and your needs may be achieved through a transformative period of relative isolation from relationships, allowing a pause to dissolve patterns through greater understanding; this can enable insight, emotional maturity, and greater independence. Personal therapy or relationship counseling could be important to progress in future partnerships.

52) ► **Moon** ☾ **Square** ♀ **Jupiter** - (4°10' A)    ♁11 | ♃2

([391] [astromatrix.org](http://astromatrix.org);) The Procastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and

perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

Opportunities: 1. Learning from Others 2. Caring for Your Body

Challenges: 1. Admitting You're Wrong 2. De-Egofying Your Beliefs

With Mercury Square your Natal Mars you will be curious, combative, opinionated, intelligent, faultfinding, sharp-tongued and have an active, energetic mind. The expenditure of mental energy can lead to physical exhaustion and you're prone to headaches and nervous disorders, including breakdowns. You may be quite aggressive or impatient when your ideas are not understood or not taken seriously by others.

One of the big challenges of this aspect is to admit when you are wrong, be humbler and not self-righteous or pretentious when it comes to your opinions, perspectives and attitudes. You must strive for patience, to be deliberately diplomatic and to learn to listen to others' views. To do this, you need to learn concentration and compromise and need more mental detachment and less ego. You are very quick with your perceptions, and you might speak quickly and move quickly as well. You are an energetic worker, and you are excellent at rallying for what you believe in.

57) ► **Venus** ♀ **Square** ♄ **Neptune** - (6°34' A)    ♏8 | ♏11

([419] astromatrix.org:) Fooled By Love

With the square, there can be difficulties with the inhibition of emotions, creativity and relationships with others. Part of this difficulty arises from an extreme sensitivity of feelings which have never been properly integrated.

The square is one of the Neptune aspects that stimulates those emotional-level fogs and mists, creating a consequence of being unable to see clearly and of being liable to make misjudgments; and which fuels tendencies of self-deception and mental distortion. These factors tend to make you vulnerable to deception, prone to suffer from your own reality projections and filters, and from the choices and actions of others who may be similarly psychologically influenced. Intimate relationships can be a source of challenges, especially when you have made some form of emotional commitment, as often your choice of lover or partner results from misjudgment.

You are basically idealistic, yet this is likely to attract you towards involvement with minority cults or foreign religions because of their glamour's and strange fascinations. In several ways, these are symptomatic of an inner need of transformation, of the need to redeem negative patterns dominating your life.

Sexuality as a powerful aspect of the impulse for relationships can be a prime area in which such dilemmas can be expressed. This can be revealed through needs for multiple partners, searching for a perfect though unattainable lover, yet being unprepared and unwilling to actually commit yourself to a real flesh-and-blood person. It may emerge through excessive sexual imagination, where unfulfilled sexual imagery and desires may be intertwined with underlying and repressed emotionally based complexes or are practiced secretly and conspire to build an area of denial in your life.

Changes are probably needed in order to integrate the Neptune energy into your life, so that it ceases to display its more negative face of irresolution. Your attitudes to others through relationships need to be redefined, so that any paranoia is dropped, as well as any tendencies toward exploitation by yourself or against yourself. Standing free and independent is preferable, at least as an initial cleansing process.

Turning within through meditation or forms of self-therapy is an ideal path to take, so that you begin to release the old patterns, discover a new center by cleaning out old illusions, and see through new eyes. Meditation is a deconditioning technique, sequentially liberating through practice, and redirecting the energy flow of the mind not inwards instead of outwards, so the energy acts as a penetrating disperser of restrictive psychological patterns.

58) ► **Mars** ♂ **Square** ♀ **Neptune** - (1°23' A) ♀8 | ♀11

([427] [astromatrix.org](http://astromatrix.org);) The Obsessive Impluse

This is a challenging position, as you have difficulty trusting in your ability to go after things that you want in a direct manner. It may also be that you have difficulty pinpointing what it is that you want, or that part of you doesn't feel you deserve it due to a basic lack of self-confidence. You fear rejection as well as criticism, and often use roundabout means to go after what you want.

Your imagination is so powerful that it can be hard to trust your instincts. You easily imagine things going wrong, just as you easily fantasize about good things! Your desire nature is strong yet also very suggestible. You're attracted to mysteries and intrigue. Sexual experimentation is likely, as you are forever addicted to sensuality and unusual or perhaps even what many would consider perverted sexual scenarios. However, your sensual appetite might be much like a bottomless pit, and you could find yourself forever in a state of wanting more, tiring of regular sexual scenarios quickly, and endlessly searching for the next sensation.

If an addiction to fantasy is present, you can find yourself constantly chasing a new and more complicated fantasy. It is only when you get into touch with your heart and discover your true desires that you realize that sensations are merely sensations--not deeply satisfying or fulfilling.

([360] [astromatrix.org](http://astromatrix.org);) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than your age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone

else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

67) ► **Midheaven MC Trine** ♄ **Neptune** - (4°34' S)    ♄7 | ♆11

([366] [astromatrix.org](http://astromatrix.org);) Idealistic Ambitions

You are very idealistic in your attitudes toward the world, and you want to be as free as possible of values and possessions that limit you or prevent you from encountering the world. You may be less interested in material possessions than most people of your age, feeling that the burden of taking care of them is more trouble than it is worth.

Besides, you value emotions, ideals and other immaterial concerns more than possessions. Very early in life, you show how unselfish and giving you are, especially to people in need. You like taking care of people or animals and trying to make them better. As you get older, you will have a strong need to be of service to others, putting spiritual and moral ideals above personal gain. Even if you do not always succeed in living up to that ideal, it will be a very powerful force in your life.

You are very sensitive to other people, so you are a bit reserved and shy until you know you can trust them. Your feelings are easily hurt, and a misplaced gruff word can make you very unhappy. Your family should try to understand this and treat you a bit more gently. They should realize that they will be rewarded with your devotion.

Even while quite young, you are fascinated by the mysterious and supernatural. You find the worlds of fantasy stories and fairy tales more interesting and alive than this world, which is so full of dull concerns and mundane preoccupations. Of course, you must learn to relate to this world, anyway, and you should try to see the mystery that is inherent even in the everyday world.

69) ► **Sun** ☉ **Trine** ♅ **Pluto** - (5°40' S) ♃2 | ♄6

([307] [astromatrix.org](http://astromatrix.org);) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. You will have certain financial skills and a logical and deductive mind, preferring to tackle projects where you can reclaim order from chaos. This gives a sense of satisfaction, as you dislike chaos and a lack of structure; you want to be in control and create an ordered harmony in your life and environment.

You have the potential to be a spokesperson or leader, where your vitality gives the impression of purposeful direction, and your optimistic and inspiring creative expression can attract support. This occurs naturally, without the usual Pluto desires for power and manipulative influencing of others; indeed, you have little compulsive desire to be an authoritative leader.

There can be an intuitive ability which offers you clear insights into situations, possibly even a degree of clairvoyance, which any exploration into yoga, meditation and ways of self-discovery could release and amplify. There may be a healing energy from you, possibly aiding others who can absorb excessive energy releases from you on an unconscious level, and you can be a reliable support to anyone who requires aid in resolving problems. You may benefit from what appears to be 'luck' in your life; this can come from inheritances, or by the ill fortune of others.

You have considerable creative potential, but to release this fully you may have to experience some inner transformation which dissolves any blocks which are initially frustrating your success. This involves learning how to use this aspect to full advantage. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for

many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

70) ► **Sun** ☉ **Trine** ♀ **Lilith** - (2°22' S) ♃2 | ♄10

([645] astromatrix.org:) Accepting your Uniqueness

Opportunities: 1. Inspiration to chase dreams 2. Becoming an influential leader

Challenges: 1. Harnessing your wild thoughts 2. Sticking to norms

The placement of Sun trine Lilith in your birth chart makes you a beacon of independence than a radical nuisance. In situations where others might repress their creative talents and individualistic traits, you would be proudly running your wild side free without any fear of criticism or rejection.

You break traditions and question the status quo without being afraid of negative consequences that others might encounter by stepping into your shoes. You allow your wild inner instincts to work freely, and it translates to your radical acceptance. You speak your mind out and expect others to do the same and become confident in their abilities.

71) ► **Moon** ☾ **Trine** ♂ **Uranus** - (5°16' A) ♃11 | ♄7

([316] astromatrix.org:) Unconventional Living

Gifted with creative imagination, you should be able to channel this toward building new enterprises and businesses; you have adequate energy and enthusiasm to do so, linked with commitment for personal success. Your attraction toward the new is likely to be for 'group benefit' rather than toward fulfilling private needs and desires.

Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will

shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you. There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs.

While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a submissive attitude. Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. ([472] astromatrix.org:) Feeling Superior

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Societal restrictions or expectations may lead you into a career which brings you no fulfillment, yet you would rather go along with the flow than try to find something else. This may lead to problems with co-workers or employers since your self-expression is so constricted at work.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts or perhaps you attained power through inheritance or manipulation. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

([192] [astromatrix.org](http://astromatrix.org)): The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good

nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

([564] 12andus.com:) Your nurturing style is often misunderstood. Though you care about your loved ones, your nature is aloof.

You may stand back as others struggle, offering only basic guidance and allowing others to find their own way. You don't smother your loved ones with affection. Though your

intentions are good, others may see you as detached.

You may also struggle to be emotionally available because you aren't in tune with your deeper feelings. Work through your fears and not let other's emotions overwhelm you.

You'll be able to show your nurturing energy when you're feeling personally secure.. You prefer to show your compassion in practical ways. You may look to money or materialism to convey your affection for others.

Your intentions may be good but your sense of timing may be off. Your best efforts may still be misinterpreted by those close to you.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 23° **Sagittarius** 25' and in the **9th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 23° **Cancer** 15' and in the **4th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 8° **Virgo** 36' and in the **6th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 21° **Cancer** 31' and in the **4th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 27° **Cancer** 17' and in the **4th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 7° **Sagittarius** 59' and in the **9th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 2° **Pisces** 13' and in the **12th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 24° **Capricorn** 47' and in the **10th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 16° **Gemini** 3' and in the **3rd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Third house (Gemini): slander, the media, a duplicitous lifestyle

### **Lots related to family:**

The **Lot of the Father** is in 19° **Capricorn** 1' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 1° **Cancer** 46' and in the **4th** house.  
Same as for father.

The **Lot of Siblings** is in 16° **Gemini** 54' and in the **3rd** house.

The **Lot of Children** is in 29° **Capricorn** 47' and in the **10th** house.

The **Lot of Daughters** is in 10° **Libra** 50' and in the **7th** house.

The **Lot of Sons** is in 21° **Cancer** 48' and in the **4th** house.

The **Lot of Marriage for Woman** is in 27° **Cancer** 17' and in the **4th** house.

The **Lot of Marriage for Men** is in 19° **Sagittarius** 24' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 20° **Capricorn** 6' and in the **10th** house.

The **Lot of Deceit in Marriage by Men** is in 0° **Libra** 5' and in the **7th** house.

The **Lot of Marriage (in general)** is in 10° **Libra** 50' and in the **7th** house.

#### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 16° **Libra** 19' and in the **7th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 25° **Taurus** 22' and in the **2nd** house.

The **Lot of Treachery** is in 5° **Libra** 16' and in the **7th** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 24° **Sagittarius** 35' and in the **9th** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 26° **Gemini** 35' and in the **3rd** house.  
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Cancer (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live it up like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

### ***Pholus in 4th house***

([12andus.com](https://12andus.com/);) Your relationship with your mother is profoundly influential and not always in a positive way. Toxic elements from lack of nurturing or too much nurturing early on can unleash confusion and chaos in your life.

You may carry wounds from family and upbringing that become toxic and need healing later in life. When you have your own home and family, you may need to contend with seeds of uncertainty and abandonment that were sown in your childhood.

Your desire for security can lead you to unintentionally unleash emotional wounds that require you to sort out the toxic messages learned from family or relationship with early nurturers. When you work through this, you'll have the ability to break through past restrictions.

You may even have to move frequently or have a home that is unusual or mobile, instilling an appreciation for travel and finding security even while on the road.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Aries***

(12andus.com:) Your desires are triggered by courage. You can be turned on by the chase in a relationship. You may also find facial features to be alluring and seductive.

You may become possessive in romance and love the idea of exploring power and domination in the bedroom.

You may be a passionate lover and find displays of obsession and passion to be highly seductive.

You may be fascinated by an addiction to the chase but then become bored with the actual maintenance phase of the relationship. You can become spontaneously attracted to another without giving it any conscious thought.

Your seductive impulses can even lead you to be careless in relationships. You may be powerfully tempted to pursue your desires even if you already have feelings for another. You can easily keep emotions out of a sexual relationship and rely on instincts and attraction alone.

#### ***Eros in 1st house***

(12andus.com:) You may feel like you become infatuated with everyone you meet.

Love at first sight seems very real to you, though often it is lust. Your instincts and impulses lead you to feel aroused in relationships, often in the earliest stages of an encounter.

When it comes to exploring sexuality, you may be turned on by expressing your desires in athletic or obvious ways. You will blatantly chase your love interest.

You may also have an aggressive or controlling side when it comes to sex. You radiate passion and sexuality and may have a fun and playful side that emerges in the bedroom.

You can be turned on by competition or even confrontation and may pick fights just for the sake of arousal from the attention others show you. You may find it easy to jump into sexual relationships and are often careless when it comes to this kind of relationship.

When faced with the decision to respond on behalf of the community or to follow your own personal path, you'll struggle with this choice. You may find cataclysmic events to be a challenge to your sense of independence or freedom.

It may be difficult for you to realize that your desire for freedom and independence can lead you to rebel against the status quo and miss signals that small choices you've made have bigger ramifications for yourself and your relationships with others.

When you find a way to reconcile your personal needs for freedom and independence and your obligation to protect or guard others in a time of crisis, you will find crisis situations to be turning points that help you better stand up for your own needs and embrace your passions.

You may find it difficult to see past your own immediate needs at first. Yet when you tap into your intuition and accept the dramatic and intense changes that are underway because of major milestones, you'll be able to find the insight and motivation to turn catastrophic events into opportunities to advance and create needed changes.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

You don't shrink away from your instincts in the midst of chaos and crises. Rather than hiding, you stand out and try to be protective, assertive and a leader to others. You can also find it easy to find your sense of mission and power in the midst of challenging crises.

15) ► 9° Cancer 59' **Pholus** ✎ **Square** ♂ **Eros** 16° Aries 26' - (6°27')

(12andus.com:) You may have an easier time unleashing your erotic nature during times of crisis and dramatic change.

Your erotic nature is enhanced by the erratic and unpredictable changes set into motion during crises beyond your control. You may be aroused by intimate partners who are unstable, intoxicating, and unpredictable.

You may be turned on by situations in which your passions are provoked by small and seemingly innocent choices yet you can also unleash your deeper fantasies in the midst of dramatic turning points.

16) ► 16° Aries 26' **Eros** ✎ **Conjunct** ASC **Ascendant** 8° Aries 20' - (8°06')

(12andus.com:) You easily express erotic energy and sexuality even in your physical appearance.

You may act or openly speak in very sexual ways and it is not hard for you to express your sensuality quite openly. Without much effort, you can openly convey your confidence in yourself and in your sexual nature.

You may be quite open and transparent about your sexual fantasies. You don't keep anything a secret, even if it is considered taboo by others.

Instead you convey your desires freely and can easily attract intimate partners who respond to your appearance or body language.

17) ► 16° Aries 26' **Eros** ✎ **Conjunct** ♀ **Ceres** 26° Aries 0' - (9°34')

(12andus.com:) You find it easy to nurture your erotic desires and sexual fantasies.

Your fetishes and fantasies can be practical and relate to abundance, security and

having your physical needs satisfied. You can also find deep fulfillment and satisfaction by following your erotic desires.

You may find greater grounding and stabilization by expressing your erotic nature as well. You can easily explore your fantasies and sexual desires when you take the time to pamper yourself and nurture yourself in other ways as well.

You can become infatuated with a partner who is attentive to your physical needs and who pampers you and tends to your practical needs. You may also become infatuated by the desires to be secure in a relationship rather than to have too much adventure.

18) ► 16° Aries 26' **Eros** ✎ **Opposition** ⚙ **Uranus** 10° Libra 48' - (5°38')  
(12andus.com:) You may find it challenging to express your erotic nature.

You may constantly change your desires and find it difficult to express your needs when it comes to intimate encounters. You can be erratic and unconventional and always leave your partners guessing. On some level you know your desires are taboo and so you may try to stifle your fantasies.

Yet this never works. Ultimately, you are likely to end up going from extremes to hide your desires and then letting your intense passions get the better of you. You may feel like you're on a roller coaster when you try to suppress and then are overtaken by your infatuations and obsessions.

You may have to work through a tendency to go to extremes or push boundaries in intimate relationships.

By finding healthy ways to express your desires, you can enhance your sexual pleasure by pushing your limits but may have a difficult time striking a balance when it comes to erotic relationships.

19) ► 16° Aries 26' **Eros** ✎ **Opposition** MC **Midheaven** 23° Libra 20' - (6°54')  
(12andus.com:) You may find it difficult to be true to your erotic nature because your desires and fantasies don't easily align with your career path.

You may have to maintain a reputation for the sake of your career path or public standing but your erotic desires and sexual fantasies can tarnish this reputation or cause controversy or other problems.

You can become fixated on an attraction to a partner who is not good for your standing in the community or you may become an infatuation with someone in your profession and this can then create a dramatic scandal.

You may have to make some changes to find the balance between your erotic desires

and intimate partnerships and not threaten your standing professionally or in the public eye.

You can learn to express your needs and fantasies but it will take some effort to remain grounded and not allow your infatuation with your partner to undermine your career success.

20) ► 16° Aries 26' **Eros** ✎ **Sextile** ♄ **Neptune** 18° Aquarius 46' - (2°20')  
(12andus.com:) You may find it easy to express your idealism and fantasies through your erotic encounters.

You may easily draw on your creative nature to make the perfect scene for intimacy. You can be turned on by encounters that help you to feel like you're escaping everyday life. You may be attracted to role play, costumes or using drugs or other mind altering tactics to change your consciousness or push boundaries, sexually.

You can be deeply emotionally connected to a partner and still explore a full spectrum of emotions and desires. You prefer it when sex is transcendent and not just about physical pleasure.

21) ► 16° Aries 26' **Eros** ✎ **Square** ♁ **Lilith** 18° Capricorn 5' - (1°39')  
(12andus.com:) You may find it challenging to express your erotic nature.

You want to express your deeper desires and erotic fantasies yet you may struggle with intimacy because you feel that this makes you vulnerable because of the power dynamics of an emotional relationship. As a result, you may want to push away from people who could be lovers or intimate partners.

You may insist on having your own way or finding pleasure without the vulnerability brought on by partnership. Yet in doing so, you may alienate yourself from potential partners.

When you learn to shift your perspective, you can find greater pleasure and happiness in your intimate relationships as long as you aren't expected to surrender control or conform to others' expectations or standards.

22) ► 16° Aries 26' **Eros** ✎ **Square** ♋ **Vertex** 23° Cancer 37' - (7°11')

24) ► 16° Aries 26' **Eros** ✎ **Trine** ☿ **Mercury** 23° Leo 10' - (6°44')

(12andus.com:) You may be turned on by a partner who is a great communicator.

The sensuality of hearing your partner's voice or hearing seductive music can also be part of your sexual fantasies. You may also become more aroused by sharing ideals and ideas with your partner.

Intimacy is easy for you to engage in even from a distance because you rely more heavily on communication to spark your obsession. Even if you're not in the same room as your partner, your rich fantasy life, communication and ability to visualize your fantasies will help you remain aroused and connected to your partner.

25) ► 16° Aries 26' **Eros** ✎ **Trine** ⊗ **Fortune** 23° Sagittarius 25' - (6°59')  
(12andus.com:)

26) ► 16° Aries 26' **Eros** ✎ **Quincunx** ♂ **Mars** 17° Scorpio 23' - (0°57')  
(12andus.com:) Though you have a healthy sense of desire and passion, you may feel inadequate in some way.

You may feel you have to stifle your sexual nature or prove yourself to others using sexuality as a means of doing this. When you build up your confidence you may be more confident being true to yourself and expressing your erotic desires.

When you work through old beliefs about sexuality and power, you can become more focused and courageous, having the confidence you need to show your true desires and share your passions with your partner.

27) ► 16° Aries 26' **Eros** ✎ **Quincunx** ♀ **Pluto** 14° Virgo 47' - (1°39')  
(12andus.com:) You may feel awkward about pursuing your intimate desires.

Upbringing or social standards can lead you to fear or not trust your deep and powerful erotic fantasies and desires. You may try to ignore your sexual nature or downplay the level of intensity you feel.

However when you take the time to work through the subconscious messages you've come to believe about power and sexuality, you may feel like you're completely rewriting the rulebook. You may be transformed as you embrace your power and authority to indulge in your erotic fantasies.

Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

### **Nessus**

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Virgo (Rx)***

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

### Amycus | Power, Powerstruggle, Brutallity, Shining Light of Truth

(vamzzz.com:) Denotes a point that provides information about a personal power source, or shows by which specific means or tactics one tries to gain power. Amycus conjunct a “research asteroid” for example, has the potential to acquire authority and respect with discoveries or scientific work. Opposites with Amycus indicate what other power (represented by a celestial body in the opposite house and sign) will act as an undermining force or obstacle on the way to personal power. ## Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull

black spot in the chart.

- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## **Osiris IS CALLING!**

### **Panacea**

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

### **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or

restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.  
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab.
