What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

This is a detailed natal chart for a person born on May 15, 1970, at 04:15 AM in London. The chart is circular, with the zodiac signs and degrees marked around the perimeter. The central area contains the positions of the planets and the Sun and Moon, along with a complex web of colored lines representing astrological aspects. The chart is attributed to 'Online horoscopes www.Astro-Seek.com'.

They usually stay away from hard work and responsibility. And when it comes to focusing and being disciplined, they are the worst.

It doesn't matter how ambitious and determined they may seem, the Gemini's agitation and impulsiveness will always have them roaming around.

When it comes to their career, they would do a great job writing because the Leo in them is very creative. They are adaptable and can stand out from the crowd with their individuality. Not to mention how convincing they can be.

The fact that they can gain recognition and a good position in society will be very useful to their professional life. And they really want for all this to happen. But they can't focus on only one thing because they want variety and to always take on a new challenge.

It's suggested they look less for adventure and the thrills of a new pursuit. Concentrating on something long-term and stable would be more indicated.

If they keep their patience, they will manage to achieve great things. Because the Leo in them is very creative, they could have a great career as journalists, writers and even movie directors. Not that they can't adapt and be successful at everything they would try to do.

Since they are great talkers, they would also do a great job in sales. Most of the time, Leo Sun Gemini Moons are trying to build their reputation and win the admiration of others. And this can easily consume them.

You can't predict what they'll do next because they get bored too often and hate routine. They are the personalities who live in the moment and prefer spontaneity.

Interested in making friends, they also have a special way with words. That's why they could be great writers. Not to mention they can show their feelings very easily, especially if they're curious about someone or something.

They will look for variety and to make a change all the time. It's easy for them to adapt, no matter if it's a new situation at work or a new person in their circle of friends.

Many see them as supportive, relaxed and nice. But their attitude is rather detached. They are able to invest a lot of passion and enthusiasm just to put on a show. But they have no emotions when important things are happening to them. They like to sit aside and observe from afar.

Their criticizing may cause people to want to avoid them. When it comes to love, these natives are never hesitant to say what they are feeling. They approach romance with a relaxed attitude, not minding changing partners in the name of variety.

Active and energetic, Leo Sun Gemini Moon people like to have fun and to play around. They will make many friends everywhere they will go. Dramatic, they gesticulate too much.

It's easy for them to rapidly lose their interest in something or someone. They like knowing about the latest news, but the Leo in them tends to take everything personally.

Love characteristics

Leo Sun Gemini Moon lovers are generous creatures who always expect to get something in return.

They are the best around someone who appreciates them for being warm and who feeds their ego. Their main purpose is to get noticed and to express themselves.

having interesting conversations with them, they'll keep coming back to you.

Leo Sun and Gemini Moon man

Famous for his sarcasms and the correct perception that he has of others, the Leo Sun Gemini Moon man is open and expressive.

This guy can easily be a public speaker or an actor. But it's possible he's a con artist as well. He's lazy and he'll avoid taking on any responsibility or challenge that requires him to work hard. And what he wants the most in life is being in the center of attention.

Everything he's doing and saying is meant to gain him the admiration of others. It's because his big ego needs to be fed.

But he won't throw himself at the opportunities meant to bring him recognition and self-respect. The way he runs away from responsibility is by keeping busy from a social point of view.

While others think of him as caring, supportive and friendly, he's quite detached. This guy could break up suddenly and after not even think about what he had with that person ever again.

And when he seems passionate, he's doing it more in order to show off. He's a good critic because he observes people from far away. His close ones will be disappointed he doesn't get involved more.

When it comes to expressing himself with his partner, he's the best. Because he wants change and excitement, he will change lovers more often than others.

The restless Gemini in him makes him irresponsible, no matter how serious and committed he seems. It's not easy for this guy to focus on only one project. He's too curious and wants to explore too much.

Sun ☉ in XII 12th House

([870] i.thehoroscope.co)

This placement of the Sun prevents people from feeling the most comfortable in large groups but still prompts them to very sociable and charming, usually managing to impress anyone.

People with the Sun in the 12th house have the secret wish to always be perfect. They love getting appreciation and recognition for their efforts, but at the same time don't mind living an obscure life. They're rather loners who get their peace of mind when only them with their own thoughts.

If they'd be given the opportunity to live in the woods without any company, they wouldn't hesitate to do it. In case it happens for them to be leaders, expect these individuals to play their role from behind the scenes. The more they're of help to others, the happier and fulfilled they get to feel.

These natives feel the need to be alone more than others, which gives them a need to contemplate and to understand things differently than through socialization and friendships.

Summary:

Strengths: Intuitive, perfectionistic and affectionate;

Challenges: Aloof, judgmental and stubborn;

Advice: They need to allow themselves free and uninhibited expression.

Very compassionate

Individuals with their Sun in the twelfth house are the introspective type who needs to be secluded for more strength. They don't like being in the center of attention and usually hide their true self when in public.

Because they're more focused on what's happening in their own world rather than in the outside environment, they can afford to just escape and retreat when things in their life go bad.

It's important for them to be alone with themselves, but they should pay attention not to become so attached to this good feeling to the point of which they no longer know how to act around others because they're really effective when helping.

Very compassionate, they should let this great trait that they have reinforce them more than loneliness does.

Usually, the position of the Sun indicates where people shine the most. The 12th house rules over self-undoing, so the Sun here is clouded by Pisces' ruler, Neptune, which means natives with this position need their own space and to reflect when all alone because only this way, they can gather all of their forces.

They will avoid being in the middle of things and if forced to act in public, they'll pretend and play a role rather than just being themselves.

Because they're night owls, they'd be great at working the night shift. It's like the darkness makes them more productive and they're aware of this.

Expect them to feel uncomfortable in large groups, so don't take them all the time to parties, if you happen to be their lover or friend.

They have a lot of compassion and need to help as it makes them feel happier, no matter how melancholic they may be the rest of the time.

The Sun in 12th house natives are very criticizing with themselves and feel like no one can understand them. Since the Sun represents the self and the ego, it becomes gradually soaked up in the twelfth house and makes the natives having this placement insecure or not able to identify where or with whom they're the most comfortable.

It's suggested these people should be a little bit easy on themselves as this will help them recognize what they actually need and which are the limits the 12th house imposes upon them.

The positives

The energy of Sun in 12th house individuals needs to be recuperated through periods of retreat and introspection.

This habit is as real for them as the world outside, so if they'd study the mystique or different meditation techniques, they'd be more confident to rely on themselves and their melancholic ways.

Having this special inner world makes them great artists who have a sensitivity when it comes to sharing their own dreams or opinions while others don't have a single problem with this.

They should be gentle with themselves and allow their sensitive soul to come out, especially after alone periods.

It can't be said the 12th house keeps the strongest Sun because people having this placement in their chart are not good at expressing themselves, being more focused on dissipating the sense of self and on retreating rather than developing according to the external stimuli.

That's why it's more difficult for them to deal with everyday issues and to determine who they actually are. As a matter of fact, not being in any way assertive is something that describes them all the time.

If natives having their Sun in the 12th house want to make an impression and to no longer be so introverted, they need to turn into whom they're not and deal with the world

by looking at it from outside themselves.

It's normal for them to take action from the shadows and to not use their real name if artists. There are moments when they just withdraw and no longer interact with anyone or don't make themselves heard.

This is how they get their emotional and psychological strength: by checking themselves into some institutions or places where they're permitted solitude and by staying locked inside their home.

Many astrologers are saying the Sun in the 12th house is a difficult position because this house is also the place that holds the repressed traits from childhood.

But still, individuals with this aspect have some amazing talents that can't be found in others. For example, they're amazing healers or providers, have psychic abilities and telepathic powers as the Water sign Pisces has its home in this house.

Another problematic issue with the Sun in 12th house combination is that while the Sun is the representative of the ego and identity, this house is among other things, about limits and the line between what's real and what's completely strange.

This means natives with this aspect in their chart are confused about who they are and about life altogether.

Their past lives will try to blend in with their present one, trying to make some sense, putting them in difficulty because they need to somehow integrate what ended into what's happening with them now.

It's like they could never have precision and clarity when it comes to what they're supposed to do and what's their purpose.

The negatives

Individuals having their Sun in the twelfth house are very insecure because they know in the back of their mind that they're wearing a mask in public or that they can't be too worldly.

Because they don't have a well-developed ego, they can't determine who they actually are, which can bring on many strange reactions of self-abnegation and shyness, no confidence in themselves and a low self-esteem.

Rather than exposing themselves to the world, they prefer to just withdraw and face the fact that they're not so real.

It's also very possible for them to end up dependent on drugs and alcohol because they

feel like everything about their life is an illusion.

There's also the alternative in which they're protecting themselves from the world by putting on a mask and operate in a continuous illusion.

These people can't know their own truths and prefer to work from the shadows. If the Sun in 12th house is afflicted, they may be neurotic, too egotistical and eager to have their hands on power they don't actually deserve.

Everything about this position of the Sun in the chart will be taken to the extreme in them, so they can exaggerate with something while young, just to compensate when mature and to arrive later in their life at having a wider perspective and feeling really comfortable.

These people may tend to abuse their power if having too much of it. Their tendency to go to the extremes can be very destructive for both themselves and others.

If they'd be famous, they'd probably have a turbulent life and feel a lot of pain. For example, if writers or dancers, they would play the role of the underdog and make life difficult for their producers, publishers and assistants.

The position of the Sun in the 12th house suggests those with this placement should allow their unconsciousness to become part of their life, so they should meet with their inner demons and resolve some issues they may have with these.

Repressing and hiding some manifestations of their psychic would only bring unbalance when it comes to discovering their true self.

These natives may have difficulties setting some limits for themselves because they seem to have some troubled waters inside, which are trying to always get out and tear down any type of barrier they're trying to put up.

Sun ☉ - Ruled by Leo

It's also easy for them to manage other people, so it's normal to see them filling the leading positions at work. They're rather the type who marries men who depend on them as they're very good as family heads and at protecting others.

But after a period, they will want to escape this type of relationship, not for them to be dependent on someone, but to expand their leading roles more. Those who rely too much on others will never get their respect, and they would understand such a situation only if having a Water sign as their Moon.

The men with the same placement love the women who are driven to succeed and dream of a great career. They won't mind building a business with their wives, or if the ladies are the ones who lead or come up with ideas. The girl wearing the pants is something they really enjoy.

They usually worry very much about how others see them or how to fulfill their loved ones' expectations. It can be challenging for these natives to set some goals for themselves, happiness being impossible to get attained when living according to what others want and need.

Moon ☾ in 5th Nakshatra: Mrigashira

23°20' Taurus - 6°40' Gemini

Short Version [2]

Strength: strong sense of individuality, sharp intellect, ability to learn quickly, natural leader, hard worker, action-oriented, witty, clever, hopeful, enjoys singing, writing, speaking, articulate, enjoys debates and arguments, has many friends and romantic interests, sensual, affluent, enjoys fine clothing and accessories, curious, inquisitive, eager to acquire more knowledge, perceptive, sensitive, amicable, peaceful, enthusiastic, gains pleasures in life.

Weakness: impulsive, fickle, helpless, scattered, suspicious, unbalanced, seeks constant attention, lacks commitment, critical of others; yet sensitive to criticism, easily offended, exhausted from too much excitement, flirtatious, craves sensual pleasures and has multiple partnerships.

Overview [1]

- Lord: Mangala (Mars)
- Symbol: Deer's head. This represents curiosity, playfulness, movement, wit, and boldness.
- Power: To give fulfillment. This star bestows a sense of fulfillment and attainment through transformation and maturity.

Strengths [1]

Mrigashira natives are learned individuals with brilliant minds and excellent research abilities. You think and act quickly. Energetic by nature, you are able to accomplish a great deal by applying that energy with perseverance and industry. You are unlikely to be caught in the middle of a mess — you like your surroundings to be clean and aesthetically pleasing. Good health is usually enjoyed by Mrigashiras.

A loveable and soft-hearted nature ensures that Mrigashiras are well-liked. Your honesty and optimism, combined with your vast knowledge, make you a valuable friend who can give excellent advice.

Mrigashiras whose moon falls in Taurus, in the lunar mansion's first two quarters, are likely to possess poetic and musical talent. The creative influence of Venus, the ruling planet of Taurus, allows you to bring many ideas into existence. Taurus's influence will also bring material affluence.

If your moon falls in Gemini, in Mrigashira's latter two quarters, you will have great

linguistic talent. Writing, public speaking, and debating are skills that come naturally to you. You are clever and curious, and your curiosity leads you into extensive research in many fields.

A sense of joy and peace generally follows Mrigashiras, whose sensitive, gentle, and perceptive natures make others feel comfortable in their company.

Weaknesses [1]

Mrigashira natives are used to being the most intelligent person in the room. This can make it difficult to develop humility. Arrogance, combined with your active nature, can lead you to be hasty — you might overlook important details and make decisions without consulting others. It can also result in aggressive behavior.

The analytical mind of a Mrigashira is never at rest. While it gives you insights and perceptions that make you seem like a genius to others, it also has its downsides. You can be suspicious and doubtful because you are too aware of the many ways a situation could go wrong. If you spend too much time thinking about potential problems, your natural optimism can give way to nervousness and fear.

Because your mind is always searching in a thousand directions at once, you can seem scattered. Although you are energetic, when you try to do too many things you'll feel like you never accomplish anything. Making decisions can also be hard for you, as you can't stop weighing the pros and cons of your options. It's ironic that although you make others feel peaceful and comfortable, you struggle to do the same for yourself. You often feel restless.

Your ability to read other people can be misused. You often know what people want to hear, but this can cause you to fall into the habit of deceiving others. You may misrepresent yourself, your ideas, and your beliefs for the sake of popularity or some other material gain. Remember to have integrity and to practice what you preach, or your deception and hypocrisy will come back to haunt you in the end. This tendency to be fickle is especially prominent in Mrigashiras in Gemini.

Your sensual nature can get the better of you, leading you further and further from your true path in life in an endless quest for sensual satisfaction. It's important for you to control your desire for comfort and pleasure. Overindulgence is never satisfying, and it can even lead to illness.

Other Personality Traits [1]

- You are a quick learner. It doesn't take you long to get the hang of new concepts or skills. Learning is something you excel at, whether you are learning how to cook or how to do geometry.

- You are skilled at debate. You are a persuasive speaker and rarely lose a debate. Arguing like this is fun for you, but be mindful that not everyone likes to debate — you might come across as aggressive.

- You are a natural scholar. You will do well in school. You are studious, unlikely to miss a class or forget to turn in an assignment — after all, learning is something you enjoy.

- You are sensitive to criticism. You are accustomed to being right and it's hard for you to handle criticism. Because of your sensitive nature, criticism affects you strongly. Try to

look at criticism constructively rather than letting it get you down. When taken in this way, criticism can help you grow.

- You may find grief in marriage. The ruling planet of Mrigashira is Mars, a planet whose aggressive influence can cause trouble in marriage. You may find it hard to stop analyzing your relationship, doubting it as you doubt most of your decisions. Multiple relationships and adultery can be avoided if you learn to be satisfied with your relationship and stop searching for something better.

Career [1]

Mrigashiras do best in careers where their intelligence is engaged. Work that restricts them too much will make Mrigashiras feel restless and unfulfilled.

Some ideal professions include:

- Teacher, professor, or researcher
- Member of the clergy or other spiritual vocation
- Writer, poet, artist, or musician
- Travel agent, travel journalist, or other career that involves travel

Health [3]

Physical Appearance [3]

Like their symbol the antelope, these are gentle, peaceful creatures with large, soft doe-like eyes. Mrigasira are known for their fine body structure, are generally tall and have relatively thin legs.

Pada [1]

Mercury ☿ in ♍ Virgo man 0° 0'

([894] i.thehoroscope.co)

He may suffer a bit under the curse of perfectionism but he's kind and realistic enough to also bend rules from time to time.

The Mercury in Virgo man couldn't be any happier than when given a problem to solve, a particularly difficult one to boot.

Taking things apart to see what they're made of, the little details, the components that could bring a greater understanding, these are all the more important for him.

In a nutshell:

Positives: Witty and ambitious;

Negatives: Careless and changeable;

Soulmate: Someone who has similar aspiration to theirs;

Life lesson: Taking a more open-minded approach to things.

He's constantly trying to become better

The interesting thing about this Mercury in Virgo driven native is the fact that he can very well become a master manipulator by leading his interlocutors by the nose.

Deception, persuasion, trickery, he can resort to anything in order to get what he wants. Some things will become automatic responses, with no emotion behind them, and he can weave a very complicated story that almost anyone believes.

There is no one who can hope to stand up to his tricks and playful demeanor.

But just because Mercury in Virgo rules their development, this doesn't mean that these men are social butterflies per se. They may be flirting with women, but they are very restrained and keep to certain self-imposed rules that they make for themselves.

They hate it when people ask them to wait or when others beat around the bush. Just be straightforward, man, for bloody hell! Don't dawdle, just say what you want! Why can't everyone be like him?

These natives are intellectual and curious. They don't have time to fool around as they got important stuff to do.

He's constantly trying to become better, to know more, to raise his skills above the limit, and creating their own dreams and expectations.

Also, being in love with structure and order, it's clear that he is also a cleaning-freak, always keeping an eye on the house, looking for the smallest smudge of dirt or dust. Professionally, he hates having to work with irresponsible and disordered people.

Perfectionism can be his greatest curse most of the time. Why is that? Because he can't help it but see his own flaws, getting deeper and deeper, so he will fall into a state of despair brought about by self-criticizing and self-loathing.

He doesn't show this in public though, but this contradiction is there, you can be sure of that. Moreover, he's very flexible and diplomatic in his approach to other people.

He changes his attitude depending on the interlocutor. Romantically, he can be quite a flirter and he loves women who assume their feminine personality.

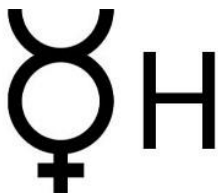

Men born with Mercury in Virgo are extremely intelligent and smart, pure and simple. They are capable of discerning the essential information out of a clutter of disordered data, put it into chunks, order it, and finally assimilate it thoroughly.

Moreover, his dreams and aspirations are more realistic than most, and thus more likely to be achieved. It's not that they are short-term desires, but long-term serious endeavors that they plan accordingly for.

These men are also straightforward and concise. The shortest path between A and B is a straight path. This is basically the founding stone of their thinking mechanism, and it's actually a very efficient and productive one.

Great public speakers

These people are immensely curious about the nature of the world and like to engage in endless debates and discussions about such deep subjects.

They are so intrigued and interested, in fact, that you will almost have no time to say anything because they monopolize the whole conversation.

Even more, when you think they've finally exhausted their ideas and arguments, they immediately change the subject or whip out a parallel line of argumentation, in-synch with the previous one.

However, they do keep silent in some moments, and that's when they're gathering their thoughts when a fresh topic turns up. With their adaptative and flexible minds, that won't be a problem.

Mercury is strongly connected to one's ability to communicate and share ideas, to interact with the surrounding people, and this applies to those born with this aspect too.

They are exceptionally endowed with this talent for speaking, public speaking even, to construct their arguments in such a way that it reaches the understanding of almost everyone.

Different does not equal negative, in their perspective. Hence, they are readily accepting

it curiously, just to find out what it's all about, and even more when they have no prior knowledge of it.

However, just as they can be greatly focused on the topic at hand, they can also get distracted and start digressing incessantly, going from subject to subject, just to make some far-fetched comparisons.

The positives

One of the best things about natives with Mercury in the 1st house is that they are simply too curious to leave an opportunity to pass them without being all over it.

The world is such a marvelous place to explore, with secrets hidden behind every nook and cranny. The thrill of adventuring into lands unknown, the sound of victory waiting around the corner, all the ancient knowledge foretold in chronicles of ancient civilizations, these are too powerful for them to ignore.

Another great thing about them is their versatility and adaptative nature. Literally, nothing can surprise or put them down because they will change with the wind, finishing a project even if the end-goal is no longer the same.

Mercury in the first house symbolizes the beginning of a journey, one of initiation, the entrance to a new world where these natives must fight, struggle, and strive to become the best of what they can be.

It's the connection to the Ascendant element of their astrological diagram that instills in them this great drive and willpower, the idea that they need to peer into the veil of the world in order to fulfill themselves.

This is very important since there are stark differences between the various natives of other astrological signs, all in the first house. It depends on their original individual characteristics.

For example, 1st house Sagittarius natives will build their perspective on life around their natural spontaneity and visionary overview of the world.

Pisceans will put more emphasis on emotions and sensitivity, and so on. In general, these natives are very able at transmitting information, at giving advice and at perceiving the true motivations and states of people around them.

In some cases, they might find it hard to express their ideas, but the need to communicate remains just as strong.

In reality, what they can clearly explain or put into words, it has little to no importance for them. This also means that they will try to further deepen their abilities and learn

philosophy, psychology, broaden their linguistic and cultural knowledge in order to be able to talk about multiple subjects with ease.

They are very good at analyzing and summarizing information from a text or a speech, emphasizing the core elements of the arguments.

Depending on their elemental upbringing, they may be differently disposed of in this sense, some preferring imagines and artistic representations of ideas. Moreover, they are physically fit and in a good form most of the times.

The negatives

One of the worst things that they do pretty much all the time is that they don't take the time to listen to other arguments and ideas.

No matter who's talking, they will be thinking about their next lines and arguments, rather than paying attention to what that person is saying.

This clearly shows their exaggerated focus and that they are distracted, also a little disrespectful. They don't beat around the bush and always do what they say they will.

With a blunt attitude and the spirit of a pioneer, they will involve themselves in countless projects, winning everyone's admiration. Finishing them, that's a different discussion.

However, if they find themselves in conflict with equally intelligent or challenging people, they will quickly lose their focus and self-esteem.

This natural confidence of theirs that manifests in such uninhibited and glorious acts, something that everyone admires, is a result of being clearly superior to many other people.

When someone on the same level appears, they quickly lose faith in their abilities, all the accumulated knowledge, everything.

Moreover, they tend to revolt against the world for being in a certain way, fighting a losing battle, the don Quixote way, against the unshakeable principles of the natural world.

Venus ♀ in ♈ Aries man 0° 41'

([921] i.thehoroscope.co)

He likes to be the one who inspires people to get out of their comfort zone.

The Venus in Aries man is the hunter of the zodiac, always on the prowl, looking for the next prey. When he falls in love, he expects the target to fight for her independence, to struggle against his advances, to not give up easily.

Only that would satisfy his desires, his need for adrenaline and the need to assert his dominance. Nothing stands in the way of his boldness and supreme confidence.

He wants to get physical right from the beginning, so don't even think that you can keep him at a distance and still have him interested. Moreover, he wants his partner to be independent, to have her own plans, and not depend on him for living her life.

In a nutshell:

Positives: Straightforward and confident;

Negatives: Self-indulgent and vague;

Soulmate: Someone who is very honest and reliable;

Life lesson: Taking less risks and being kinder to himself.

His love personalityHis love personality

The Venus in Aries man is attracted by a direct, straightforward and confident woman who isn't afraid to say what she wants, to express her feelings, and to grab a hold of her potential.

He doesn't want someone who's anxious, highly emotive, afraid to speak her mind, and introverted. That would only bore him out of his minds and ultimately drive him away.

He's a fan of risky endeavors and dangerous adventures. He would never say no to such an opportunity because he knows what he wants from life.

In a relationship, he will assert his desires and expectations, while also going straight toward the point, asking for what's necessary to satisfy him.

He needs action, dynamic events, to go and take what's his, to release all his energy

outward, and this may present itself as a healthy form of romance in a relationship.

This man wants to feel the rush of adrenaline course through his veins, to feel like the world ends if he doesn't react fast enough.

Everything must be pushed to the limits of the extreme, to the verges of possibility, in order for him to feel satisfied. Emotions, feelings, all are passionate and intense, and the routine is perceived as the enemy of life.

He's just like rocket fuel – an incredibly fast-paced start, followed by the most incredible course ever taken, with plenty of spontaneous and over-the-top reaction, just to deflate faster than a stung balloon.

He likes to be the one who inspires people to get out of their comfort zone, and in a relationship, he'll be romantic, incredibly affectionate, open-minded, and initiate energetic adventures to spice things up.

What this means is that once he's started something, he won't automatically take it all to an end. In fact, chances are he's never going to finish, just wave his hands in the air like a lunatic, in the beginning, appear extremely intrigued by this, but then quickly lose their interest.

He's a very competitive partner and likes challenging bouts, debates, and arguments. He feels alive doing these things, being the one who takes the initiative, the one who takes the relationship to a new level, and also the one who leaves, if it comes to that.

Now, for his tastes, they are pretty simple, actually. It's not about physical attractiveness or the way she dresses specifically, it's just that she has to have a strong personality, go against his wishes if it comes to that, and never abandon her principles.

One of the problems this native has is that he doesn't really think things through, and he only ever thinks about the excitement and enthusiasm of stalking and seducing his prey.

When it all becomes normal, comfortable, and his lover starts getting used to his advances, then the Venus in Aries man gets bored and starts looking for entertainment once again.

What makes it even more complicated for the Venus in Aries man to have a peaceful relationship is that he can feel insulted very quickly.

He takes a lot of things personally, even though they were just said in the middle of a debate or in a heated discussion.

He really cannot hold his pants when his girl says something that he can interpret as an

insult, and this is one of the reasons why he usually doesn't stay for too long in such a relationship. Immaturity is one of the reasons why he's so quick-tempered and has a flimsy ego.

Attracted by ...

The Venus in Aries man is very intrigued by a girl who knows what she wants, and who puts everything away as she goes to fulfill her dreams.

Lively, outgoing, energetic, and very intense, this is what he wants from his dream girl. It would be good if she practiced sports or if he had a very healthy lifestyle in general.

This means that she cares about her own looks and general wellbeing and that she's not lazy. What's more, he wouldn't mind even if she were to take the lead in the relationship, as long as she makes the right decisions. He enjoys having a strong woman at his side, and you would do better to show that to him.

The man born with Venus in Aries needs constant challenges in his life, whether we're talking about his professional life, day-to-day chores, or his romantic life.

He needs to be pushed, to be at the edge of his seat, to see that there is someone better than him.

This incentivizes him greatly and makes him wish for more, to overcome his limitations.

In a relationship, he wants to keep it alive, to go straight for the kill every time, never to hesitate or to wait for the right moment.

There is only one life, and you have to live it fully. He appreciates a straightforward and honest partner who doesn't beat around the bush.

In conclusion

This man likes his woman direct, bold, and confident enough to make the first move and not feel sorry about it. He wants her to be dominant, to push away all the uncertainties and just do it.

If she gets all physical, that's going to drive him crazy with intrigue and anticipation, so think about that for a second. Surely you can grab the courage to give him a soft kiss next time you see him, just to incentivize him further.

About the Venus in Aries man himself, he is a very energetic and enthusiastic native brimming with confidence and vitality.

Naturally, his partner will feel all this energy unfolding right before her eyes, and it's impossible that she doesn't get affected by it. He will turn your fears into confidence, and

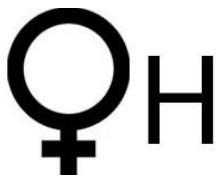

he will support you even when no one else believes you can do it.

With this much impetus and determination at his disposal, it's really a surprise that he's not blogging about how man achieve whatever he wants as long as he so much as desires it.

What he needs to learn is that his partner also has his desires, wishes, likes and dislikes, her own opinions that he would do better to respect.

We all know he's dominative and fierce, but not everyone can run at the same distance as him, so do be careful when setting expectations.

Venus ♀ in VIII 8th House

([952] i.thehoroscope.co)

People having Venus in the 8th House are true to their feelings and wish for things to happen naturally in their lives rather than pushed by them.

Natives having Venus in eighth House will most likely express their sociability and romanticism through the way they make love, establish friendships or business relationships.

Very attractive to the opposite sex, they want someone who's smart and somehow mysterious to be next to them for life.

Hating vulgarity and poverty, these natives will do their best to have lots of money and to succeed. It's normal for them to surround themselves with high-quality things, so be ready to witness them spend everything they have in one shopping spree. They get easily bored with the everyday issues and need a little bit of drama in order to feel happy.

Summary:

Strengths: Devoted, witty and romantic;

Challenges: Overly dramatic and superficial;

Advice: Be the person who matches their words to their actions.

Passion makes them feel better about themselves

People having Venus in the 8th House, which rules over sex, are very charming when it comes to love. They like being romantic, giving or receiving flowers and forging meaningful relations

It's very possible they will start a business with their partner or inherit some money they will very much depend on. Their friends will be true, and they'll probably be interested in the occult.

When it comes to love, they want things to happen intensely because they really don't like casual encounters and to just have sex for the fun of it. They don't dream of something strictly physical and prefer a relationship with as much drama as possible.

Everything that has something to do with superficiality or the mundane bores them. Fearful to not appear weak in love, they may struggle to keep their emotions under control. Jealousy and possessiveness are normal for these people, because they're terrified to not get cheated on or betrayed.

They wouldn't allow themselves to appear weak in love no matter what, being very afraid to be cheated on and very jealous.

Those who have managed to win their trust should never disrespect them or abuse their good nature, because they're very loyal and giving. If you'll offer them back what they have given to you, things between you two should go on smoothly.

Passion makes them feel better, so they're charming others just to bring out their most fiery attitudes. Everything that's secret and taboo makes them thrive, wanting to get together with people who have obsessions or are a little bit broken inside.

It's not unusual for them to turn their love relationship into a business one, because they can really collaborate with their partner, no matter if it's about romance or money making. Many will be fascinated by their intensity, wanting to know them better with every day that passes.

Individuals having Venus in the 8th House are very generous with their love and passionate, because they feature all the Scorpio's traits.

Everything is deep with them, and their favorite thing to do is discover their lover's secrets, as it's impossible for them to live knowing their other half is hiding something. That's why they go for mysterious and dark people, for those who inspire a little bit of danger and have a ton of sex appeal.

As a matter of fact, they're transmitting a lot of sexual energy themselves, being almost irresistible with their seductive ways and penetrating eyes. Those who are in love with them can see how capable they are of an intense connection and of offering the greatest

pleasures in bed.

However, Venus in eighth House natives need someone who will be fully committed to them, no matter if it's about love, friendship or business.

They usually don't give their heart away immediately, their stubbornness being something others are usually trying to overlook. But they are really able to connect or to make people trust them, whether they reveal their dark side or not.

Very curious about secrets, they avoid sharing their own and stick their noses where they shouldn't. Not at all good at small talk, individuals having Venus in the 8th House want to discuss matters of the soul and philosophy.

When feeling like they no longer have any power, they start manipulating others, because being in control makes them feel emotionally secure.

If their partner starts to grow apart from them, they become enraged and can no longer be controlled in their plans for revenge. This happens due to the fact that they're deep and feel things more intensely than others.

The eighth House can teach them to be more trusting and let go of the past, if only they listen to how this location in their birth chart influences them. Venus has its own shadows when placed here, so natives having this planet in the 8th House will be attracted by the forbidden and everything that's taboo.

They will think of death and create great art out of this. If artists, they will make all kind of morbid pieces that are really appreciated by their admirers.

Seductive and wealthy people can make them fall in love easily, because they're sexual and have a love for luxury. Those who are preoccupied with the occult will always have a special place in their heart.

They are rather reserved

People with Venus in the 8th House are emotionally intense and passionate, always wanting to establish deep connections with others. The planet of love is sometimes overwhelmed in this House of darkness and secrets, but it definitely makes its natives more deep, emotional and needing to merge with someone from a sexual and mental point of view.

They will always want to have committed friends, lovers and business partners. Very intuitive, insightful and sympathetic, they can also come up with original ideas and successfully explore what's being hidden to the public eye.

When out in the world, they are rather reserved, mysterious and somewhat mystical.

Venus can get deep into the way they interact with others, making them unconsciously profound and capable of tremendous passion.

The eighth House rules over death, so having Venus here can signify an ending that's not so painful. They will probably die in a beautiful place, surrounded by all the people they care for the most. It's the position that suggests an ending in the arms of their life partner.

However, if Venus is in bad aspects here, they may have many losses in their lifetime, physical or symbolical, as it can also be that their spouse doesn't love them the way they used to, which is also a great loss.

Individuals having Venus in the 8th House should be careful not to become manipulative because they can immediately attract people, so the temptation to use others can be very high.

It's also important for them to have control over how jealous and possessive they are, because they can exaggerate with these negative traits.

Looking at which House falls in Libra or Taurus, they can see how they can use Venus' energies in the most constructive way. It's easy for them to become financially dependent on others, so they should pay some extra attention to this aspect.

These are the types of people who don't mind quarrels over inheritance and who prefer destructive ways over superficiality and the mundane.

When loving, they completely devote themselves to their partner, expecting the exact same thing in return. It's very likely for them to exit relationships in which nothing is happening just to enter others that have more conflict.

Wanting an intricate sex life, they can't deal with their psychological issues by making love, because they're too intense for things to be simple in their life. They will probably think all the drama and betrayals happening are meant for them, as they like to think of themselves as victims.

The 8th House can generate a storm of feelings and doesn't allow people to get too comfortable. When Venus is placed here, the natives with this placement will search for an aggressive love that makes them feel nauseated and feeds their soul.

Venus ♀ - Detriment in Aries (& Scorpio)

Mars ♂ in ♐ Sagittarius man 26° 55'

([973] i.thehoroscope.co)

He is impulsive and spontaneous, often changing his plans at the very last minute possible.

The Mars in Sagittarius man is one of the liveliest natives of the zodiac. You'll always spot him in the middle of a social event, being in the center of attention, doing something crazy, worthy of his reputation.

He's a great talker and he communicates very easily with people from all walks of life. If you've got the luck to find him alone, be prepared to be taken for a spin. He's an intellectual and he'll want to cause some mischief using witty sayings and confusing ideas.

In a nutshell:

Positives: Communicative and ambitious;

Negatives: Sneaky and self-indulgent;

Soulmate: Someone who is patient and understanding with him;

Life lesson: He should find his purpose to fight for.

A charming companion

He's a shape-shifter, an emotional hurricane that runs amok across the world, putting everything he sees into mortal danger, either because he's trying to pick it apart, to see how it works, or he's going to wreak havoc anyway.

He will want to experiment and try everything at least once. On his path, he might appear as a fiendish brute who just wants to have fun at the expense of others, or as a cultivated and polite young man who's looking to enlarge his perspective on the world.

Saying that his native likes to have fun is like saying the Earth spins around the Sun. It's common knowledge, and what's more, he takes it all to a whole new level every time he gets the chance to.

He's the one who brings the joy and enthusiasm at a social event, and he's also capable of anything in order to satisfy his desires.

Reason and logic will get covered up by these impulses and cravings, so he won't realize what he's doing during this time.

Moreover, he's the type who has a greater cause to fight for, either personal or societal, and he pursues it with his own means, abiding by no rules.

First off, the man born with Mars in Sagittarius is brimming with energy and confidence that he just wants to release outwards.

He can't wait any longer to have some fun. Usually, he's the type who grows a beard, a manly and masculine one to reflect his strong principles and firm convictions.

Moreover, he can be a very good sportsman with all that drive pushing him forward, but he also takes care not to put himself in harm's way too much.

Secondly, this guy's decisions last as long for a few days, and then he comes to the conclusion that he wants an entirely different thing.

He's impulsive, spontaneous, but also determined and ambitious to achieve his goals. The only problem remains the same though, that he can't hold on to his ideas for too long.

In a few days, he'll be up and running with a new plan, leaving the old one to fester and die.

He wants to make friends with those of the same disposition as him, the eternal adventurers who never refuse an opportunity to travel the world and have some fun.

He wants to fuel his own ambition and passion because he's not a very patient man. What else to do other than pack his bags and for a trip on the other side of the world?

He loves having friendly competitions with his close ones, but he gets too involved most of the time, and he forgets that he might hurt somebody if he plays too rough.

Moreover, he expects everyone to follow his ideas to the letter because they would result in a lot of fun. When someone disagrees, he gets annoyed because he was naively sure that no one would object.

Not a big fan of commitment

He asks for a lot, expects a lot, and he is generally a very dynamic individual who can't stay in one place for too long, even mentally if not physically.

Money is simply the means to an end, and he doesn't hesitate for too long before spending it on something that really matters.

Romantically, he's not as impulsive and spontaneous, surprisingly, in that he usually doesn't fall in love at first sight.

He does fall in love with his ideal outgoing woman after a series of meetings where he gets the chance to know her intimately. Rejections don't sadden him one bit, and he even befriends that person, only to try again a couple of years.

These men are usually quite frightened of committing to a relationship. They know their freedom will get hacked apart once that happens, even more so if the partner is possessive, domineering, and jealous.

With a carefree and free-flowing personality, they would rather have fun at a time, and only then think about taking things to the next level.

In this sense, nothing stops them from meeting a lot of women, in the search for the right one. Of course, this approach hurts a lot of people along the way, but they don't seem to care.

He wants to appear as a funny and entertaining man who knows how to have fun. A straightforward, tolerant, and intelligent individual who loves adventures.

This is how he wants to be seen by his partner, and he will want to share his ideas with her, in an attempt to impress.

In a relationship, he is very devoted and loyal, but he also realizes that freedom is actually the most important, in both cases. He wants to respect her decisions and desires, but he expects the same in return.

In conclusion

Basically, the Mars in Sagittarius man is open-minded, honest, enthusiastic, and passionate about doing his thing.

He wants to have fun, and he can be very unexpected and irresponsible as a result of going overboard with this desire.

Because he tends to speak his mind without hesitating one bit, a lot of people will feel insulted by his opinions, but that's their problem, right? Why would he be blamed for speaking the truth?

He has strong religious and political views that could turn into fanaticism in a split second if he doesn't control his zeal and enthusiasm. Also, he tends to be a very introspective and meditative man.

He's going to need a romantic and affectionate woman who knows how to please him and satisfy his sexual desires.

He prefers a sensitive and lascivious woman to a proud and confident one who makes a show every time you say something wrong.

He is also very tolerant and open-minded, accepting different opinions and ideas like they were his own, even though he tries to maintain a few traditional principles.

Mars ♂ in IV 4th House

([984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so

they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're

feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on

fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars.

They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Jupiter ♃ in ♑ Capricorn man 25° 33'

4

([1002] i.thehoroscope.co)

If you have Jupiter in Capricorn your style very much depends on who you interact with.

Those born with Jupiter in Capricorn in their natal chart are happy only when they achieve something greater than what they have set their minds to.

It won't matter what others will say, these natives will always strive to climb the social ladder but they need to be organized and at the same time creative if they want to succeed.

They have to have people like themselves around because they tend to stick to their own ideas when they are working in a group.

Jupiter's position in Capricorn is the most challenging one because this planet is in fall in this sign, so its enthusiasm is completely cut-off.

Jupiter Capricorns will over-think and hesitate to take decisions too quickly. They will only learn by doing and failing. Having a few mentors to teach them how to develop on a long-term basis would be of great help.

In a nutshell:

Style: Conservative and driven;

Top qualities: Serious, reliable and practical;

Weaknesses: Criticizing and prone to burn out;

Advice: Try to stress less about your reaction to emotional matters.

The impact on personality

Those who plan and stick to their plans will always be successful and Jupiter Capricorns know persistence, their goals and methods being very clear to them.

They don't have too much drama in their life because their development is steady and

gradual. Jupiter's philosophical and moralistic ways will make Capricorns even more conservative.

They will not have many hopes and dreams, but they will have plans and projects for which they won't hesitate to use only traditional methods. Their ethics and focus on the professional life can make them seem selfish.

They will tend to treat anyone and anything like a business. Respect for others and themselves will be of great help when they'll need to get ahead without stepping on their own values.

These natives have high ideals but restrict themselves to a rigid belief system. They are willing to work hard to become more knowledgeable and to put their ideas into practice.

The more educated they will be, the better they will feel about themselves. Academic recognition always builds someone's status and self-respect. If they want to be really successful, Jupiter Capricorns need to stop being such big traditionalists.

Stepping out of the box after mastering the already known methods should be their approach to life. When they are doing business, they are optimistic and invest even if the venture is risky.

And on the other hand, they are often too conservative. Finding the balance between being limited and going above and beyond is their secret success story.

Jupiter Capricorns want security, and this is one of the reasons why they inspire themselves from great leaders and tend to become autocratic when in power. But they should allow others to take charge from time to time because each contribution of wisdom and perspective is valuable.

them that you can create happiness with your own hands.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

It can be seen as the ruler of the feelings people want to get back from the ones that they love the most. It's related to Libra and its ruling planet Venus, which governs over love and kindness.

When it comes to their social life, they're anxious and not at all themselves in the company of people. It's like they're always building up walls between themselves and others, deciding what to do about their relationships according to an irrational type of fear they have and never trusting the ones they love the most.

When it comes to work, they'd do a great job as politicians, business people, lawyers and brokers. They will connect with others just to repress the fact that they're feeling inadequate or inferior.

The cosmic alignment may force them to repeat the same mistakes until learning the most important life lessons and to always have a feeling of emptiness.

That's why they want someone who can deal with their inner life and at the same time dream of solitude.

They will probably have failed marriages until Saturn will do its first return, which is around their thirties. They're attracted to fixed and Earth signs and can encounter delays when it comes to love. These people will most likely be alone and feel like there's no one out there who can be called their other half, for a very long period of time.

The goods and the bads

Saturn is the bully of all planets, the one who always comes with nasty obstacles and makes people think they can't make it in life.

The public opinions of Saturn in 7th house individuals are strongly influenced by this planet, making them able to deal with their fear of speaking in public and always telling the truth.

They wouldn't get married with someone who doesn't match their personality and their love would be a lot about loyalty.

They should, however, realize there isn't such thing as a perfect relationship and rely more on the person who can help them be a better version of themselves.

Saturn may influence them to feel burdened about making a partnership working and at the same time too shy to get close to a person they like.

These people should know what give-and-take is and also how any union should be built, while allowing their other half to carry the responsibility of making things work, with their help.

Taking love seriously, they should believe in collaboration and enjoy their lover's company. It's also suggested that they rely more on feeling than on logic when choosing someone because happiness can only be attained by involving emotions.

In case Uranus in their chart is in an angular position from Saturn or this latter planet isn't in high aspects, the natives of this position get to be very romantic and wanting to play with love like they would do with a game.

However, things can be different if they have many planets in Capricorn. Their relationships are usually considered to be unusual because their heart needs to be involved in something controversial when it comes to displaying affection.

When Saturn isn't in any way strong in their chart, they will feel bored when not challenged all the time by a romantic affair.

The 5th house is the ruler of love, flirtation and one-night stands. Uranus here means natives with this placement have an erratic romantic life because they're all the time changing partners and deal with all kind of unexpected situations.

They're the type who falls in love at first sight because Uranus makes things move faster. But don't think their relationships will last long considering the same planet can cause unexpected things to happen and for beautiful affairs to end without any reason.

Their eccentric ways may cause problems even after their relationship has ended, so breaking up from them isn't easy. The main reason why they don't want to be involved for too long is that they're feeling all the time constricted or repressed, so they want to

rebel against what's happening.

Uranus is the planet of the unusual and at the same time of individuality. Usually, everything that happens with this celestial body is weird and strange. Its 5th house placement drives natives to be shocking in order to see how others react to them. Not to mention it's possible for teenagers with this placement to fall in love with older people, yet their affairs wouldn't last for too long.

Blessings

Neptune ♆ in ♐ Sagittarius man 24° 4'

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

In a nutshell:

Style: Exploring and demonstrative;
Top qualities: Mysterious, adventurous, revealing;
Challenges: Personal struggles and indecisiveness;
Advice: Sometimes you are completely tactless.

Personality traits

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense

energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

The positives

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

The negatives

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

The Neptune in Sagittarius man

The man born under Neptune in Sagittarius is a highly romantic individual who dreams of the perfect relationship, one sprinkled with rose petals, shined upon by the moonlight,

one of mutual support and affection.

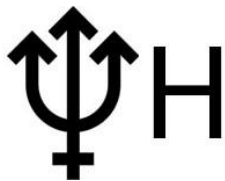

These idealistic desires must find their way into reality, and sometimes, these ways are not the most practical ones. They must strive to find the methods that are most likely to be applicable in the real world.

Want to know why a Neptunian Sagittarius man is the perfect choice for a lover?
Because life never gets boring when you have him next to you.

He'll either take you on exciting adventures together, invite you to a match of rollerblading or bring his friends around to brighten up the mood.

Let's say nothing more about the things he's going to do to you in bed. Your sexual life will experience quite a leap in quality.

In this situation, they'd feel like no one actually raised them and that they had to teach themselves things about life.

They may believe the passivity of the people who raise them is actually proof of the fact that these individuals aren't in any way powerful.

It can be their life goal to live by the ocean or near any other water of that matter as where their home is placed is very important to them, especially when older.

As a matter of fact, Neptune in 4th house individuals are very compassionate when it comes to their parents and attached to their home until death.

They'll always connect with those who have the same problems as them, especially when it comes to mother and father issues.

These natives should pay attention as far as property matters go because they risk to be the victims of fraud. This can happen more in the situation in which Neptune would be in bad aspects with Mercury.

The more they're themselves, the more others love them because they can see how thoughtful and supportive they are.

Pluto ♇ in ♈ Aries man 1° 50'

([1089] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

What's the big deal, you might ask, about those born with Pluto in Aries in their natal chart? Well, find out that they are, by far, one of the most determinate and stubborn natives of the entire zodiac, regardless of where their Sun was the day they were born.

Under the impulsive and transformational influence of both the Pluto and the Aries, don't expect them to give up on their dreams and if they want to achieve something near impossible, at best, they will settle for something similar.

With the eyes of a hawk and a crystal-clear awareness, they instantly figure out the how's and why's of a given situation. Will it succeed? Will it fail? They realize this in a

matter of seconds and waste no more time on deliberating whether they should go for it or not.

In a nutshell:

Style: Full of desire and empowering;
Top qualities: Quick, accomplished and optimistic;
Challenges: Impulsive, insensitive and arrogant;
Advice: Don't be ashamed to ask for advice.

Personality traits

This native is very confident in their abilities to attain their potential and won't let anyone else say otherwise.

With a hidden picky nature, these people have very high expectations from themselves, plenty of energy to suffice for a lifetime, and a very introspective personality.

These people would have probably caught a grasp of what their flaws are, before they would reach adulthood, which is a very good thing.

Among their friends, they are probably the most mature, the financially independent companion, someone who doesn't care about appearances. If this individual wants to do something, he won't ask for permission as he most likely sees this unnecessary, no matter who is involved.

Pluto's influence changes the way these people see the world from the bottom up. Originally impetuous and spontaneous, they become calmer, more observant, and can be one of the most patient individuals of the whole zodiac.

They can wait even for years before putting their plan into action if this means the chance for it to succeed is guaranteed.

With great ideas in tow, they will achieve the highest accomplishments because they have the courage and willpower to be the first to act in any given circumstance.

Their peerless determination and ambition can even influence others, set them on the correct path. Moreover, they have an enormous potential for growth and they are also very flexible, which makes for one heck of a combination.

From an astrological point of view, Pluto is the planet of the extremes, in the sense that it galvanizes the strongest traits of an individual and enhances them well over the normal capacities.

In this native's case, their spontaneity gets diminished, and instead, it turns into stubbornness and blind ambition.

In most cases, you would be surprised but this is a good thing, as it ensures that they won't give up after a few failures and will keep on fighting.

But it sometimes happens that they persevere with ideas that are not only impossible to put into practice but are also detrimental to their own wellbeing.

Pluto in Aries in love

The Plutonian Aries natives used to marry out of material requirements or had arranged marriages by their parents. Usually, women would be married off to rich young or old men who had a good material condition, or a good social standing.

Later on, when people, women, in particular, became more independent, this changed, but only in the sense that they made their choices.

Keeping in mind that these natives are very ambitious and power-hungry, they would still choose someone with money and standing.

Of course, this doesn't mean that there is a lack of emotions in their relationships. Not at all, there will still be the majority who will marry out of pure love, but there are still some with more practical reasons to do so.

Usually, the Plutonian Aries give their all for a relationship to work, even if there isn't as much love between the partners. That's just how they are built, perseverant and stubborn to the extreme.

The Pluto in Aries man

The Plutonian Aries men make for great inventors, innovators, pioneers of sciences, patrons of the art, commanders, famous people through and through.

Because of their innate drive to succeed, and the patience that Pluto instills in them, these natives are hardly ones to give up after a hundred failed attempts.

It's no surprise that they were on the cusps of perfection back when Pluto last transited Aries. Some would also take into consideration the imperfections of society and of the individual, but not even this stopped them from dreaming big.

There doesn't seem to be a middle path with these men, it's either a brilliant future or nothing. They either achieve their full potential or get shunned for the rest of their lives.

With age, their motivations and expectations may lower slightly but when young, this man cannot be moved from his intentions.

Pluto is one of the most mysterious planets of the solar system, and from an astrological

point of view, it's one that holds an immense potential. With the Aries' highly energetic and explosive personality, its influence acts in its best environment, cooling down all that extra energy, honing it down to manageable levels.

It forces their impetuous reflexes to be toned down to a raw inner strength that turns into a steady drive of force, going all the way until it achieves its purpose.

Pluto ♇ in VIII 8th House

([1108] i.thehoroscope.co)

This placement of Pluto makes people very self-aware and conscious of their own limitations and flaws but also loving and devoted.

Those born with Pluto in the eighth house of their birth chart have a certain flair for seeing what others cannot see, for spotting the other side of the world, the hidden and the mysterious.

This applies not only to their surroundings, to be able to analyze and make deductions, but also intuitively perceive what other people think.

They attract unusual events, weird and intriguing people, great opportunities to enlarge and broaden their perspectives. This proclivity can be used both for doing good things, helping and healing others, or destructively, manipulation and coercion.

Summary:

Strengths: Sensual, attractive and understanding;

Challenges: Conflictual, judgmental and possessive;

Advice: They need to be careful about the things they develop obsession about.

Great resilience and attention

As we've said before, the Pluto in 8th house natives are marked by an endless curiosity and insatiable fascination with the occult and the mysterious. Psychology attracts them the most out of all the other domains that deal with the study of the world.

They want to understand how the man thinks, what motivates and shapes his character, the process of development and evolution.

In this regard, they will dedicate all their time on studying, observing people, engaging in as many such activities as possible.

Sexual intimacy comes harder for these people because they are too afraid to reveal themselves. In their search for a truly emotional and deep relationship, they forget to give it their all.

The Pluto in 8th house aspect gives to these people great resilience and resistance to stress, the ability to come face to face with their worst fears, the hardest and most dangerous challenges, and come out unscathed, albeit on the losing side.

They are, in other words, very capable at surviving even insurmountable odds stacked up against them.

They might change their perspective drastically or they might adopt other ideas that they would have otherwise shunned or discarded from the very start.

They are very self-aware and conscious of their own limitations and flaws. That's not the problem. The problem is that they are yet incapable of making up for those flaws, in repairing or replacing them with great traits.

Of course, they want to do that, to become superior and develop personally. A lot of them are incredibly attracted toward the taboo, the unexpected and the unorthodox.

Sex is something they partake in with great pleasure, they find it curious, all-consuming, an opportunity to create a union, an equilibrium of forces.

They are in a constant search for their identity and personal subjectivity, the only thing that makes them unique and singular from all others.

They are looking to define themselves, and this sparks a conflict between the inner world, that of the self, and the outer world, that of society and its expectations.

There will many conflicts, arguments and bouts of self-deprecating contemplation, moments of sadness, thoughtfulness.

It makes quite a lot of sense for them to become psychologists or anything in this field, studying the human mind and its ontology, its metamorphosis and the processes that animate it.

They are getting better and better at reading people, at finding out why they're doing some things, in predicting a certain behavior or reaction.

In matters of romantic courtship, relationships to speak plainly, the Pluto in 8th house

natives want to be consumed as a whole through the burning love of their partner, but they also feel the need to escape, to manifest their own will and individuality.

It would take someone incredibly attractive, sensual, and emotionally understanding to find someone like this, and not only that, someone that notices them.

Naturally, these natives are very interested in the dark side of life, in all that is grievous, terrifying, fear-inducing and blood-curdling, what is unknown and filled with dread, the unconventional and the unexplained.

They find it fascinating, the underlying enigmatic character just waiting to be found, and even more, the aura of uncertainty and otherworldly atmosphere.

They can become obsessed with these things, just as they can become too embroiled in the carnal debauchery of sex, the pure joy of the dancing bodies, and the sensual feelings that come in-between.

A restoration of the world and the death of another, the cycle of rebirth followed by the final decay, these are constants in their lives.

The goods and the bads

The way those with the Pluto in 8th house aspect are going to get better and regain their confidence, change their negative ways, is by following their passions and interests.

No matter how dark, mysterious or otherwise absurd they may look like to others, it's their dream and personal appreciation, nothing else.

It would not be surprising now that they're always thinking about the big questions of life, and they give off the impression that life is like an open book to them.

They know everything that's going to come to pass, they are aware and possibly even tapping into the powers of another plane of existence.

Romantically, all they want is someone who understands them, nothing else. The rest can be obtained on the way. Honesty and a straightforward attitude are key in forming long-standing relationships that are bound to last for the rest of time.

When there is trust between partners, one based on mutual thoughts and ideas, deep knowledge of each other, then there are no more serious problems worth worrying about.

Usually, those of the Pluto in 8th house natives are nothing if not impulsive, chatty, spontaneous and very stubborn.

They don't take shit from anyone, but when the interlocutor is plain stupid, ignorant and superficial, they're not even going to bother explaining or defending their viewpoint.

Either they'll find someone they can control and manipulate emotionally, some who wants to be dominated or feels good in that position, or someone who exudes the same energy as them.

Someone who wants to go on adventures, who wants to talk about deep subjects.

However, given all this, they will still want to live life at the maximum, to have memorable memories, happy and joyful ones, they have a rich sexual life, and to have meaningful connections.

They dislike being childish and playful because that takes away their normally serious nature, the intensity, and passion. This is admirable and good, to want this, but it's also annoying and irritating to some.

Pluto ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♁ in ♉ Taurus 3° 16'

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most

matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to engage in wrong thinking, to which his natural disposition inclines him. Things on the whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac. Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts

of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is discovered. The Scorpio South Node must burn the bridges of the past and resolve to benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him. Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

You have real hang-ups about earnings and resources. Your Scorpio South Node may

reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and lacking nothing. In contrast, the person is generally someone who's undergone drastic changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

North Node ♄ in IX 9th House

(Georges Muchery)

This position is excellent for things of the mind. The native will constantly progress when the Dragon's Head occupies this house. His synthetic mind will enable him to undertake anything and succeed in everything, so long as the horoscope on the whole is favorable. In a woman's horoscope, it indicates marriage with a man above her station in life; and the husband will be 'somebody' from the pecuniary as well as the social standpoint. It is also fortunate for travelling, which will occur under comfortable and pleasant circumstances. For a man, this position is fortunate for taking up politics, as it enables

him to emerge victorious in oratorical controversies through his facility of speech (provided Mercury is free from affliction), and especially through his ever-present common-sense.

The Descending Node (Dragon's Tail) in the third house causes serious disagreements with those around the native. With an evil aspect of Mars, it signifies blows and wounds received during a dispute. This position is not good for the native's education, and compels him to associate with low-class people, which may be to his detriment. It is also a token of disharmony with the parents, brothers, or brothers-in-law, and is detrimental to the native's good reputation, gossip, slander and calumny being the fruits of the Dragon's Tail in the Third House.

(Isabel Hickey)

Too much emphasis on mind and not enough emphasis on superconscious power. Faith and devotion to an ideal needed. Separative tendency strong, for mind separates; heart unites. Faith is tied with feelings and with the heart. Inner philosophy along devotional lines needed to balance the intellectual faculties. Should travel, outwardly and inwardly, for expansion. Relatives are the source of difficulties, and it would be well to be away from them if possible.

(Bernice Grebner)

Many times when the North Node position in the ninth is not developed, it gives the person a tendency to defy the law in some way, or gives the inclination to find ways of working deviously within the law. This can indicate also a disregard for religion. The person may have a difficult time being ethical. Religion can be touched upon only subjectively. He needs to develop an interest in psychology, religion, and abstract philosophy. He must become more objective in his thinking and studying, expanding mentally and spiritually. The person with North Node in the ninth has to try to absorb and assimilate what is beyond his mental reach. He needs to become more objective in his interpretations within his immediate world.

South Node in the third is subjectivity. The person has the ability to express himself very well, and is keenly interested in mental pursuits. This gives a strong psychic tie to brothers and sisters, and could bring loss of one through death or separation. It can give writing ability with favorable aspects to Mercury, Venus, or Neptune. There is a strong urge to share knowledge with others. South Node here denotes a duty in caring for brothers and sisters who may continually drain the individual. There is also much involvement in activities for the community. It is most difficult for the person with South Node in this position to finish his formal education. The person would rather read and study on his own, or he goes back to school in an on-again, off-again way. This is an influence that gives impatience. There could be many small accidents if this Node is badly aspected. Involvement with neighbors is a continual problem.

(Mohan Koparkar)

This condition often signifies that one has to utilize all their philosophies and higher knowledge to cope with the situations in life. They have to learn a lot of lessons from their mistakes, and in many cases, they cannot even communicate their problems. Mental distortion or uncommon thinking is noticed in them. Affairs of brothers or sisters are very destined in their life whether they want to or not. They will get involved with publications, publicity or some 'foreign' affairs / activities in their lifetime due to strange coincidences. Either they have relatives living far away from them, or they often maintain a large gap between the relatives. Long-term relocation is often significant for them, even though they dislike short travel.

(Martin Schulman)

This individual is forever pulling himself out of webs of entanglement. Every relationship he enters becomes so complicated that he has to use all his energies to free himself. In past incarnations he developed a great need for people, and herein lies his weak spot, for as much as he now thinks he would like to be alone he feels an almost compelling need to reach for others

He listens to problems and likes to be in the position of giving advice. Often frustrated by the multitude of problems dumped in his lap, he secretly thinks that if he had had more education he would be better equipped to cope with all the questions that befall him. He keeps trying to be as diplomatic as possible, and is constantly enmeshed in the after-thoughts of the words he has spoken to others.

Always conscious of the interpretation his words may be given, he nurtures an inner fear of being misunderstood. As a result, he keeps going back to yesterday's conversation to re-explain all that he meant.

He must understand the essence of truth without having to feel compelled to make truth smaller by trying to communicate it verbally to others.

One of his greatest problems is dealing with the karmic residue of an insatiable curiosity, which although it served him well in former incarnations now keeps leading him deeper into webs of details. His greatest crises occur each time he is forced to make decisions, for rather than relying on his intuition or his higher mind, he keeps seeking more facts and details in the hope that when he has all the information the decision-making process will be easier.

Constantly striving to achieve neutrality, he becomes a paradox to himself. In prior lives, he fell into the habit of identifying with catchy phrases, cute sayings and euphemisms to the point that he has now become a walking cliché.

Liking to read and explore a wonderland of knowledge that he sees around him, his life is a constant thirst for more understanding. He is convinced that this is the one path in life that has no end. Whatever he becomes keenly interested in he can make into a life-long study, particularly if the South Node is in a fixed sign.

He likes to feel worldly. As a result, he'll do things that others wouldn't, just for the sake of experiencing new understanding.

His current life is involved with so many people that hurt feelings are bound to fly, not because of any malicious intent but rather through the inability to keep up with everyone in whose life he has become involved. At the very deepest of levels, he has many inner doubts about himself which become amplified when he speaks with others, for if it were at all possible he would try to be all things to all people.

As a result of past-life habits, he spends too much time in 'lower mind'. He goes through more movement than he has to; and if this is not expressed physically, then he does it in thought. At times his merry-go-round of possibilities is so great that he thoroughly drains himself by thinking about what he should do. As a result he does nothing.

He will experience fears that he is sexually impotent. Once he starts questioning along this track, his enormous thirst for understanding can lead him into a promiscuous behavior pattern until he is reassured that all is well and he is perfectly normal.

On his deepest level, he is not a sexual animal, but in fact so mentally inclined that he has fears of being shut out from the nitty-gritty of life because of his mental inclinations.

Like the young child afraid his peers will accuse him of being a bookworm, he will dare himself to prove that he can be accepted in a physically-oriented world. Nevertheless, his greatest subconscious need is one day to become a walking encyclopaedia so that he will never be caught short, lacking the right piece of information at the right moment.

His biggest growth comes when he learns how to make the karmic transition from lower to higher mind. As he drops his past-life attachment to trivia, his eyes begin to open wide to the enormous horizons before him.

The less he talks to others, the more faith he starts to develop.

He must learn how constantly to broaden his interests so that the scope of his knowledge is not limited by the demands of his immediate circle of relationships. He does well when he learns how to step back so that he can see the forest from the trees. When he does this, he also learns how to let things slide off his back, which gives him a new sense of peace that somehow always eluded his reach.

Travelling helps to broaden his perspective, and he meets his greatest successes far from his place of birth. For some, the life will be influenced greatly by a foreigner.

Through the ninth house North Node, enormous spiritual growth is possible once the individual has learned how to pull away from all his prior-life doubts and questions. He must take his mind out of a finite world and focus on an infinite consciousness.

He will lose friends by doing this, for there are few who will understand his sudden aloofness. But through those who stay with him he will learn the difference between a friend and an acquaintance. As he grows, he begins to focus on ideas rather than the words through which the ideas are expressed. He sees how others limit themselves by language, and tries to speak to their ideas rather than to their words. The sign which contains the South Node indicates the ways in which the soul memory of past incarnations is still too embedded in lower mind activities. The sign which contains the North Node shows the ways in which the individual can now free himself through the broadening influence of the higher mind.

(Donna van Toen)

Conflicts: Devotion to causes vs. the need for stable routine. Dreams vs. realities. Psychic or intuitive mind vs. logical mind.

Possible results of sacrificing North Node: Entanglement in mazes of busy-work, gossip, family feuds, etc.. Problems with teachers, in-laws, foreigners. A tendency to take everything too literally; inhibition of the higher mind. Cynicism, agnosticism. Insatiable curiosity bordering on meddling.

Possible ways to integrate the North Node: Expand your mind by taking courses. Read about controversial issues and try to formulate opinions. Travel. Be selective about people; avoid gossips and crisis-prone erratic types. Take time out from routine activities to try new things.

In the ninth house, the hang-up centers around education or learning; and a lack of self-restraint invariably plays a major role. This person is often so easily swayed by his or her environment that life is spent moving from one bandwagon to another. A lack of continuity is often seen, too, making a little learning truly a potentially dangerous thing. Occasionally we find the reverse intellectual snob, one who values manual dexterity in just about any form but has no use for mental dexterity.

North Node in the ninth house dreams of being some type of teacher. He or she feels that education holds the key to tapping his or her fullest potentials. Success and progress are important themes of the dream motif. This person tends to let emotional

factors stand in the way of success. While there may be a great amount of potential, as long as emotions take precedence over sense, the dream can't be fulfilled. Inconsistency is often a problem, since the mind rarely understands what the emotions are doing.

(Haydn Paul)

Your main concern is likely to be communication, relationships, mental development, and intellectual gathering of information. Relationships may become a source of conflict and confusion. You may not feel at ease with intimacy, and may prefer to break free from complications. As you are more mentally focused, you feel less comfortable with emotional and physical levels; sexual unease may also exist. This can be because you are less physically preoccupied than many, and so need intimate relationships less; sexual urges do not dominate your motivation or desires. You can learn to accept your sexuality as a natural expression, but within a context which values other aspects of relationships even more highly.

You can enjoy being alone, pursuing interests undistracted by others; yet there is also an impulse that seeks to communicate and relate with others. Balancing these tendencies can cause some difficulties.

People with emotional problems often turn to you for support, finding your detached mental perspective beneficial and calming. You help them find a more rational viewpoint to deal with agitated emotions. You enjoy this role and try to be helpful, hoping that your supportive advice can be used by them for positive results; you are very careful with suggestions, and try to ensure that you are not misunderstood.

Sometimes your tendency to be diplomatic and neutral has negative effects on you. Using evasive and nonconfrontational words can eventually interfere with identifying your own thoughts and feelings; and you could lose sight of your perception. If this occurs, it may be better to become more true to yourself and ensure personal clarity. This could become more problematic if your social life builds into an ever-expanding web of relationships and contacts, making it inevitable that, at times, you will inadvertently upset someone. Relationship conflicts may happen, and this makes you confront inner doubts; if you have not been fully honest in your 'diplomacy', you will realize the futility of interfering with genuine communication. Through unnecessary relationship compromise and evasion of honest contact, you may become less true to yourself.

Keep conscious control of your life, or you may experience phases when its pace appears to increase, making you run faster on a treadmill just to keep in the same place. This could be the result of a social or mental whirl which makes you feel increasingly uncomfortable and could cause symptoms of ill-health and problems in decision-making. You are not always adept at making choices and decisions; you prefer gathering all facts and details prior to deciding. The difficulty lies in believing there are more facts to accumulate, and so postponing choice. Perhaps relying more on intuition or 'gut feeling'

could be experimented with.

Stocking your mind with knowledge and information will become one of your favorite occupations; and the world appears to you as a treasure trove of facts, interests, and fascinations. You want to accumulate as many of these as possible; and your need to understand will be a lifelong preoccupation, with interests spanning human knowledge and never resting in the search for more pieces of the human puzzle. At least through mental journeys you will explore the world, although physical travel may also appeal, and would broaden your perspective. It may be that success will come through leaving your place of birth, or through foreign contacts.

You need to focus your information gathering, so that you can synthesize your knowledge into something usable, something that reveals important truths about the human condition and the nature of life. If you can do this, you will provide extra meaning to both your own life and others' lives, as you concentrate more on inclusive ideas and less on fragmentary facts. As your vision extends, your ability to communicate will also become more effective.

(Bruno and Louise Huber)

The 9th house has to do with the development of individual thought, or spiritual autonomy. What is involved here is the 3-9 (or thought) axis. In the 3rd house, our task is to learn the language, and to absorb the knowledge, of the group. In childhood, we accept the thought-structures of our environment, of the group in which we live; and we are molded by the thinking of those around. The collective enshrines not only knowledge but also routine patterns of thought which are almost mechanical. Thinking in the 3rd house is fairly reflex, and travels along fixed lines.

In the 9th house, there is an awareness of, and an ability to distinguish, those thought structures and routines, those scripts or programs, which have become second nature. And not until this state of awareness is reached can we discard the things that do not tally with what we have worked out for ourselves. In the 9th house, we must create our own philosophy of life and strive for intellectual freedom. We must form a picture of the world that is as objective and as devoid of valuejudgements as possible, by examining things for ourselves, making up our minds about them, and so arriving at our own outlook on life. The evidence of our senses should provide food for thought. The ability to draw conclusions from what is observed, to follow the course of events, and to have clear ideas and a personal point of view, is typical of the 9th house. Our prerequisites are accurate observations and keen perceptions, from which valid results can be obtained, inferences made, and our own attitude developed. Muddled ideas carried over from the 3rd house can be full of prejudice, however, and may make it difficult to think clearly in the 9th house. Therefore, with the Node in the 9th house, we need to make a special effort to form our own opinions and to draw up a clear account of them. We should try to avoid being led astray by others either intentionally or unintentionally, or by

automatic responses of our own that spoil clarity and obstruct freedom of thought. If we come across a good idea, it is not good because it is said to be good, or because it emanates from some authority; it is good only if we can verify it by obtaining the same results. Verification is the task of the 9th house.

Keen senses are absolutely vital for clear thought. Keen senses are symbolized by Jupiter, the ruler of Sagittarius, which is the counterpart of the 9th house. Obviously, there is a connection between observation and thought, and this connection is represented by the 9th house (and by Sagittarius). Our senses need to be in good working order before we can make clear judgements.

We require the courage of our convictions when putting forward our own ideas. We need to be self-confident to trust our own observations and feelings, and not to be persuaded by the crowd that we have seen, or should see, something different. The 9th house encourages us to stick to our point of view, and to the truth we have discovered for ourselves. Of course, we must not think that we are always right or that we can do anything. The progress indicated by the Node in the 9th house comes about through expanded awareness by means of original thinking, travelling, and philosophizing, etc., after we have left the route charted for us by others. When we take an independent line, query what we are told, and experience things for ourselves, we learn what life really is.

North Node in the ninth house or Sagittarius: (James Braha)

If the North Node is in the ninth house or Sagittarius, the person's greatest growth, evolution, and fulfillment come through pursuing religion, philosophy, and higher knowledge. In past lives the person was intellectual, analytical, meticulous, precise, and skeptical. Now he is to cultivate faith, and concentrate on ideals, paradigms, and the ultimate truth of existence. The person should use wisdom and seek broad viewpoints. He must give credence to his intuition, feelings, and inspirations. He must take his visions and prophecies seriously, and give little importance to the petty and inconsequential in daily life. The person gains his greatest happiness by devoting his energies to spiritual ideals, mystical movements, and enlightened gurus. He is exceedingly gifted in promoting religion or any other knowledge which raises the consciousness of the masses. Publishing, as a career, is greatly favored.

The person must continually discriminate between right and wrong, and even make a discipline of the process. He should seek freedom and liberation, and develop his soul conscience. Beliefs, principles, and morals are everything, and the person must maintain a positive outlook under all circumstance. The person is eternally concerned with profundities. He knows the meaning of life is to find perfection with God. Money, possessions, and material comforts are of little consideration. The person should seek to increase his generosity and charitable nature. Travel is a source of evolution; and the person may wish to engage in foreign affairs. He should take fun and recreation seriously, and enjoy speculations when he feels the impulse.

The person may pay little attention to relationships with siblings and relatives. He must relinquish his previously constricted or microscopic way of thinking and allow his perception and insights to take him to the highest interpretation of life that is possible.

In Hindu astrology, the North Node in the ninth house indicates cravings for religion and higher knowledge, and great power after the age of forty-one. However, there may also be difficulties with the father and religious or spiritual teachers. The South Node in the third house means that the person is strong-willed, exciting and adventurous, and good at fulfilling his desires. It also signifies a spiritual, introspective, or introverted younger sibling. The nodes in the signs are much less significant.

(Black Moon) Lilith ♀ in ♋ Cancer 25° 4'

([1140] elsaelsa.com)

Atlas

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time

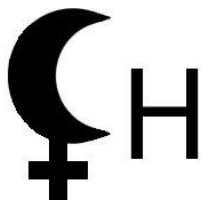

trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

([1258] astromajesty.com)

Aquarius is the humanitarian of the zodiac. The aspects of this sign are that they are visionaries and revolutionary thinkers in terms of how they can help and support others.

Aquarius is ruled by the planet Uranus, which represents change, usually abrupt. It is known for being quirky and original.

Uranus does not like to be boxed in; it prefers to venture down its own path, unguided by others. Uranus is the god of the sky and the air. It encapsulates the essence of freedom and liberation. It is known in astrology as the awakener.

Chiron in Aquarius relates to a sense of community. There is a need to belong with people who carry this placement. They want to find their place in the world but may struggle with finding their purpose. The need to connect with others is evident though they may fall short in this category.

As Chiron indicates areas of struggle and upheaval, the effect of Aquarius Chiron is the complete opposite of what Aquarius is typically known for.

Where Aquarius may be a leader those with Aquarius Chiron may be followers. Where Uranus is unapologetically itself Aquarius Chiron wants to fit in with the crowd.

The opposites are extreme and the effects are apparent. There is a strong contradiction that is clear in the behavior of Chiron in Aquarius and the zodiac sign in its own right.

People with this placement may struggle with understanding what makes them who they are. It is a great lesson in learning to appreciate oneself and to move away from the crowd.

Personality

The effect of Chiron on our personality can be seen by others but it is mostly felt within. The decisions, thoughts, and beliefs that we hold stem from a variety of factors, Chiron can influence those by highlighting our emotional baggage.

There are some positives to Chiron's placement in a natal chart, however, it resides in the darker parts of our personality.

The negative aspects of our personality and the parts that we don't want to share with others can be understood once we dive deeper into the influence of Chiron on our lives.

Negative aspects

Those with their Chiron in Aquarius may feel like an outsider, there is a sense of isolation which is a common factor with this placement. They can feel as though there is no room for them in society and as a result, experience feelings of loneliness which they may struggle to deal with. They want to be included. The Aquarius Chiron wants to be made useful and contribute to their community.

Even when they are surrounded by people they can feel alone. In social situations, they may feel more comfortable in smaller groups where they are not overwhelmed by people's energies and presence. Even though they want to be part of a wider circle they chose to dial down their desires as they feel as though they will not fit in.

Their friendship circle is small and intimate, making room only for those that truly value them and understand who they are. They favor relationships with those who they are close to and may hold people at arm's length if they are wary of them or are unfamiliar

with them.

It takes a lot to get close to an Aquarius Chiron but once those barriers are broken down it is well worth it as they have a friendly demeanor and a warmth toward those that they love.

However, the Aquarius Chiron may prefer their own company, choosing to be alone rather than spending time with others. They do not feel as though they have to be surrounded by others and are more than happy to be alone. This is due to a fear of rejection. If they avoid any circumstances where they may be pushed to the side, it will make them feel more comfortable and at ease.

Any time that they spend with others leaves the Aquarius Chiron feeling as though they are different from everyone else.

The contrast between how they feel in a group and their level of comfortability when they are alone is apparent. They enjoy their own company and at the same time, they crave the social interaction that they could have if only they felt satisfied being who they are.

They have a love-hate relationship with solitude, they enjoy being alone, yet they would like to feel included amongst others.

The Aquarius Chiron tends to feel as though they are caught in a catch 22. They may be used to feelings of awkwardness which may be noted by others. They need to be accepted and as they feel as though they never will, it creates turmoil with the Aquarius Chiron.

They tend to be introverted and when it comes to people they are unfamiliar with, they choose not to expose their inelegant and clumsy demeanor.

This, of course, is a manifestation of their beliefs. A person with Chiron in Aquarius is not any less coordinated than anyone else, nor are they socially awkward by nature. Their opinion of themselves is formed by their beliefs.

The Aquarius Chiron wants to fit in but often feels as though they have been left out in the cold. They are cautious of others and have an innate fear of betrayal. They live by the double-edged sword and battle with feelings of being unworthy.

Positive aspects

The Aquarius Chiron knows the value of personal development. This could be considered a bad trait however as they do tend to engage in obsessive behavior in this regard. They are always trying to improve themselves and be bigger and better with every step along their journey.

Through their need for development, they are constantly looking for opportunities to make positive contributions. They are always on the lookout for something that they can get involved in. If they see that someone needs help, they will dedicate themselves to doing so.

This is primarily in a bid to get attention and acceptance, though the intention may not be totally pure the result is that they touch the lives of many around them.

The humanitarian in the Aquarius Chiron shines bright as their need to contribute is always high on their priorities. By easily accepting the invitations of others these people may expect to have colorful experiences which shape the way that they see the world around them.

There is a slight charming naivety with people who have this placement. Their willingness to help others is extraordinary and can put them in good standing with many around them.

Men with Chiron in Aquarius

The Aquarius Chiron man wants to be accepted. In an ideal world, they would be the leader of the pack, the man about town, and an authoritative figure in their community. They envision having a positive influence over others and want to be seen rather than tolerated.

There may be a person with characteristics like this that the Aquarius Chiron man looks up to. They are impressed by the popular people and admire the in-crowd.

They may make multiple attempts throughout their life to be accepted and cater to the whims of those around them. They wish to be equal with their peers and fail to see that the hierarchy of social standing only exists in their mind.

The Aquarius Chiron man could see people around him as out of reach or out of his league, whether it is in a platonic sense or if the person in question is a love interest.

Their low self-esteem is a battle for them. They want to be valued and struggle with their identity. They want to know who they are outside of what they believe that the world wants them to be. They can find themselves lost as they come to terms with who they are.

Lessons

Though the effects of Chiron in Aquarius have their downsides there is a brighter note to be had. It offers us an opportunity to understand our shortcomings and learn from them. The Aquarius Chiron must be wise with the messages that they receive while exploring who they are. From these insights, they can heal and progress through life.

One of the main takeaways of the Aquarius Chiron placement is their lack of self-worth. It is not due to who they are but rather that they believe that they are less than others. This is simply untrue and continuing to believe this lie will only have a deeper impact on them as time goes by. The Aquarius Chiron must engage in acts of self-love. This is of the utmost importance.

As they struggle to understand themselves and love who they are it creates problems with how they view themselves, their relationships, and even their ability to carry out their job to the best of their ability. Their higher self is calling out to them for healing and liberation from feelings of inadequacy. This is one of the biggest missions that individuals with this placement will face.

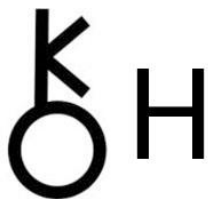

The Aquarius Chiron must look inside of themselves and discover their inner confidence. It's there ready to be awakened. They must stand tall and be proud of who they are. There is a beautiful quality to these people, they can lift up others around them. By tapping into the person that they truly are they will encourage others to look within themselves and find their light.

They have the ability to influence others, just as they had been by other people. The difference is that their effect on others will bring out their charitable side. They can start a movement and lead a humanitarian revolution. There is nothing that stands in their way other than the negative thoughts, feelings, and beliefs that they hold.

By being honest about what kind of person they are and the influence that they want to have on others they can heal their karmic pains and move forward to a brighter, positive tomorrow. The aquarian Chiron has it all, they just don't know it.

Instead of looking within, they chose to look outside of themselves. They must choose the path that they know will bring them what they want. The power rests with them to take the first step.

Chiron ☿ in VI 6th House

([1265] astromajesty.com)

People born with Chiron in the 6th house typically have issues with a perception of work, superiors or subordinates, and services.

Since the 6th house is related to professional responsibilities, daily routines, and helping others, these individuals probably struggle with an emotional trauma related to one of these elements.

The influence of Chiron in this placement indicates that the native likely experienced an intense professional disappointment early in their career.

Perhaps they couldn't agree or cooperate with their coworkers or superiors, which caused problems that terminated that employment.

On the other side, perhaps the Chiron in the 6th house native didn't understand the point and reward of completing duties and tasks as a child.

Maybe they were rebellious and didn't want to obey, or their parents forced them to work more than a kid should.

Struggle with schedules and routines

Whatever the scenario, these individuals likely didn't like to fulfill their responsibilities, including going to school and doing homework.

Maybe they struggled with doing simple tasks, such as brushing their teeth, tidying up their room, or washing the dishes. These natives didn't like schedules, and they questioned why one should follow routines.

In their childhood, these individuals likely preferred doing as they pleased. In some cases, that means being chaotic or maintaining a messy bedroom because it's a part of their self-expression.

People with Chiron in the 6th house wanted to do as they please instead of being compliant or even respectful. Perhaps they believed that by completing orders, they would lose their integrity and become submissive and obedient.

If Chiron is afflicted, they likely had strict and conservative parents who wanted their children to do most of the housework, clean, and neglect their playtime to help in the home. In that case, these natives were forced to complete the orders, or they would be punished.

As a result, these individuals have a trauma that causes issues with authority and cooperation.

However, if Chiron is well-positioned in the 6th house and harmony with other aspects, it's unlikely that natives developed a trauma that limits them.

Even if they disobeyed or failed to do their responsibilities and tasks as kids, they probably didn't face any punishment or complaint.

Thanks to that, they grew up believing that it's their right to refuse and do whatever they want. They don't understand why others would blindly expect them to follow the orders or serve.

Health and healing counselors

People born with Chiron in the 6th house dislike routines. They also loathe reporting to others and working according to the schedule. Those things make them feel like slaves and like they don't control their lives. Having a nine-to-five job is not the best idea for these natives.

Also, they are terrified of having to sit in a cubicle all day and interact with colleagues. It is why they are better off as independent workers, contractors, and freelancers. Alternative jobs are their jam and probably the only ones where they won't struggle with boredom.

Even if they manage to work in an office, people born with Chiron in the 6th house don't feel a sense of belonging. They either feel redundant or fail to get along with coworkers.

Other than workplace struggles, these natives also have issues with their health. Or, better said, they believe they have. Those with and afflicted Chiron in the 6th house tend to be hypochondriacs or worry something is wrong with them 24/7.

Yet, these natives usually don't do anything about their worries. Instead, they let all those questions plague them through the day and disrupt their responsibilities or goals.

On the other side, they can be stellar health counselors and advisors. Due to worrying about their well-being, they are up to date with different conditions, medicines, and therapies. They also tried many health recommendations they found in journals or online, which they can use in advising people around them. It is why they make great healers and psychotherapists.

Taking care of people and pets

They don't necessarily choose a medical field. However, these natives still tend to work with underprivileged groups and people on the margins of society.

Perhaps it won't be their official career, but they will probably help people in their free time or do it as a volunteering activity.

Thus, if it's their principal career, people with Chiron in the 6th house tend to provide their services for free if someone can't afford them.

It might be that their generous helpfulness comes from the time they were in a similar situation but had no one to help them.

Individuals with Chiron in the 6th house are usually empaths, and they can sympathize with those who have it worse than them. It is what doesn't allow them to ignore helpless people.

These natives will go out of their way to help, even if it will affect their finances or work position.

People born with Chiron in the 6th house might not achieve the best results in their work, but they can still be stellar advisors regarding careers.

For instance, they tend to develop effective work strategies, which they often use to help friends and family.

Since the 6th house rules pets, these natives could find comfort in adopting an animal and taking care of them. They might find that being responsible for them and adjusting to their biorhythm can help them handle their own schedules and day-to-day tasks.

([1272] advanced-astrology.com:) Chiron retrograde natal suggests that you find it challenging to accept that humans are imperfect and vulnerable. This is not an easy lesson to learn at all for any of us, however, it's an organic part of human existence. Sometimes we hurt, just because we happened to be in the wrong place at the wrong time. There are uncomfortable truths that need to be faced, but also that things don't always work out, and injustice is a big part of human existence. When something bad happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

Part of Fortune ☒ in ♊ Gemini 29° 21'

([1277] astrolibrary.org)

You get great joy and satisfaction from communicating and learning from all the things and experiences of life. You are always looking for new knowledge from the people you know. You value people more for their ideas than for what they really are. You are stimulated by other people's ideas, and you become aware of the different facets of life.

You enjoy keeping everything at a superficial, cheerful and happy level.

You try not to commit to anything. You are non-judgmental. You get carried away by whatever is in front of you. You don't differentiate between the best or worst, thus being able to benefit from both sides and several alternatives at the same time.

This gives you a lot of freedom of movement. You change your life to accommodate yourself as best as possible. So, you seem to have great flexibility and possess a lot of ideas and theories. You realize the contradictions of life.

Through the sign opposite your Part of Fortune, Sagittarius, you search for truth as the most important principle. You relate to all kinds of people and situations, changing when the moment demands it. You are happier getting involved with what is immediately within your reach, without judging the duplicity of circumstances. You stay in the present instead of following that distant mental expansion that sometimes occurs with Sagittarius.

You should not judge or be authoritarian, because you would lose the people with whom you want to communicate and learn. You must always maintain your power of observation and wisdom without making premature judgments. You quickly learn the meaning of the contradictions with which life expresses itself.

You know that human beings have to accept temporal limitations, although from a sufficiently broad point of view to allow mental expansion.

What can satisfy you the most is to obtain a real understanding of the human being.

You are very skilled dealing with your immediate reality, with a very clear sense of the presence of the "Here and Now" and the idea of the present.

Your greatest accomplishment and satisfaction will come when you know how to live with everything that is temporary, and you can learn something positive and new in everything.

What you like most is to understand all the possibilities that life has to offer, as well as all the variations that make it interesting.

Part of Fortune ☒ in X 10th House

([1296] astrolibrary.org)

You feel better when you do what gives you self-respect. You also inspire this behavior in others.

Everything in your life needs to bring concrete results. Your greatest satisfaction lies in fulfilling a specific goal that you have defined yourself.

You want to be accepted by others and by those in positions of authority, which is not easy, because you must develop great maturity, see the world without illusions, and maintain perseverance and continuous effort.

You see the reality of the world, so you understand the emotional needs that lead others to negativity and to have emotional dependencies. You must overcome the childishness of your reactions, the repetition of patterns, and excessive sensitivity, which only trap you in the past.

Since your Part of Fortune is in the tenth house of your birth chart, the fourth house is the opposite house. Through the fourth house, you are aware of the needs of others. However, you must stay open to the needs of others and their emotions, without letting yourself be carried away by them. You can intuitively appreciate their actions, but do not identify yourself with them. This way, you'll be able to complete your projects and ideas through sustained effort and being consistent with your goal.

You gain a great sense of integrity to understand and respond to life's experiences.

Your Part of Fortune in the tenth house will be placed in positions of power, trust, and authority. You will take this into account as you guide the people around you, even if this involves solving problems about what is right and wrong, because you have inherited a

strong sense of morality, religiosity, and discipline in your childhood.

But you should not let this hold you back. You must understand that what is right and wrong are not obstacles set in stone, but that they vary with time, place, and era, adding great amplitude to the mental and physical world. As long as you maintain a true sense of justice and personal integrity, the mere act of defining your goals will dictate what is good or not for you personally. Everything that brings you close to your goals and fulfillment is the right thing to do, and what moves you away from them is not.

The emotional level becomes the key to the material world, since it helps you take care of and nurture your ideas and first steps, which will then help you to complete them and reflect your personal mastery. Becoming mature on an emotional level will help you to recognize if the goal you have chosen really fits within your true individual nature. It will also give you the respect you need in order to reach self-fulfillment.

Your greatest happiness comes from feeling that you are capable of taking responsibility, carrying out social obligations, and possessing a force to create trust and respect from others, in order to help those who are still searching. Respecting yourself and defining your personal goals, which are integral to your inner being, will give you your greatest fulfillment and will serve as a guide to those around you.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Ascendant** ASC **Parallel** ♌ **Jupiter** - (1°47') ♀1 | 135

([64] astromatrix.org:) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

3) ► **Ascendant ASC Parallel ♄ Saturn - (0°05')** ♀1 | ♀07

([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

6) ► **Midheaven** MC **Parallel** ♂ **Mars** - (1°21') ♀8 | ♀4

([57] astromatrix.org:) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible

exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

7) ► **Sun** ☉ **Parallel** ♌ **Jupiter** - (1°42') ♌12 | ♊5

([6] astromatrix.org;) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for

ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

8) ► **Sun** ☉ **Parallel** ♄ **Saturn** - (0°10') ⚡ 12 | ☾ 7

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

A strong awareness of who you are as an individual helps you gain this balance. So, others need your help and also they need your emotional support. Also, you could increase much satisfaction from being in public life or running for a local office.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. With Moon – Vertex aspects you must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

12) ► **Mercury** ☿ **Parallel** ♀ **Neptune** - (1°04') ♏1 | ♃4

([33] astromatrix.org:) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The

faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

13) ► **Mercury** ♄ **Parallel** ♅ **Pluto** - (1°58') ♀1 | ♀8

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards

delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality

and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

14) ► **Mercury** ☿ **Contra-Parallel** ♎ **Pallas** - (0°59') ♀1 | ♀2

18) ► **Mars** ♂ **Parallel** ♄ **Uranus** - (1°23') ♄4 | ♄5

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([179] astromatrix.org:) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to

expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

4) ► **Descendant DC Conjunct ♅ Pluto** - (5°21' A) 007 | ♈8

([213] astromatrix.org;) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

([3] astromatrix.org;) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

6) ► **Moon** ☽ **Conjunct** ♀ **Ceres** - (5°35' S) ♀10 | ♀9

([559] 12andus.com:) Your intuition and emotional connection to others is strong.

You may wear your heart on your sleeve. When you care about someone, you'll automatically treat them like family. More specifically, you'll treat them as a mother treats her child, regardless of your respective ages or genders.

You can be generous with your affection and will worry about the security of your loved ones. You'll try to make them feel at home and will show them the best of love, protection and care.

You find home, family and family like connections to be your greatest source of personal fulfillment and nurturing. Food, home, nostalgia and connection to family traditions all make you feel secure. When you need nurturing you may spend time with powerful female influences and mother-figures in your life.

7) ► **Moon** ☽ **Conjunct** ♀ **Vertex** - (3°25' S) ♀10 | ♀10

([131] astrotarot.net:) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the

people around you perceive you. Remember , depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

([46] astromatrix.org;) Transforming Lover

Your intimate personal relationships will be extremely important in your life, creating a sphere of experience which can take you to both the heights and the depths of emotional intensity, and will be a focus for energies of transformation which will influence the direction of your life.

What you are searching for is 'the ultimate physical / emotional affair', a consuming passionate involvement with your ideal partner; and this desire will play a prominent role in your choices of partner for relationship. Unfortunately, what you are chasing is more of an illusion rather than a reality, a dream figure projected from your own psyche that you look to find in the objective world the anima and animus images of Jungian psychology.

As real life has a habit of shattering illusions, you will often be frustrated in your relationships, which could lead you to experiment with a variety of partners, none of whom seems to fit your inner picture of 'perfection'. Emotionally, you can be difficult to satisfy, as you tend to believe that there is always a greater intensity and experience that has so far eluded you, but which would be within your reach if only you could find the right partner.

Inevitably, your emotional life will be full of highs and lows; and the likelihood is that you will either break up promising relationships or allow them to fall apart by withdrawing your commitment, because you are already casting your net for a more suitable mate. It can be difficult for someone who is emotionally attached to you, as you tend to 'blow hot and cold', fire, passion and intensity, and ice, distance and disinterest, as your partner displays his or her more frail human face. Only a 'god or a goddess' will do for you!

The point is that you are externalizing your inner ideal partner; and what is required is that you realize that you have to evoke these qualities from within your own nature, to become more complete and self-sufficient in yourself, rather than look for another to bear the strain of expressing them, and upon whom you lean. You have to reabsorb your own fantasy projection, stop expecting another to live up to your ideal, and learn how to embody it yourself.

It is a step in moving towards the inner androgynous state of being, where the physical

male integrates his anima, allowing 'traditional feminine qualities' of sensitivity, intuitiveness, nurturing and caring to enrich his life, and the physical woman integrates her animus, releasing qualities of action, intellect and assertiveness to enrich her life; an inner balance. Until you begin to make progress in this inner psychological necessity, then it is likely that you will continue to find an underlying dissatisfaction in your relationships, a feeling that there must be more somewhere.

You need to change in order to create an opportunity for your relationships to stand a chance of working; you need to accept the real nature of people, their weaknesses and strengths, and learn to love real flesh and blood people. Potentially, your capacity for the intensity of love can stimulate considerable transformation in yourself and partners, acting as a healing and development catalyst; the process of rebirth in your life will come via your emotions, but be prepared to suffer the 'death of the heart' first.

Your vitality and energy can give you an artistic temperament and ability, coupled with a style of dramatic self-expression; and people will rarely respond to you in a lukewarm manner, finding themselves either strongly attracted to the consuming flame or repulsed as the intensity is too much for them. Transformation, perhaps through the reorientation of your excess vital emotional energy towards a spiritual or social cause, could help regeneration, offering equal intensity but from a stabilized inner balance.

([54] astromatrix.org;) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result,

as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of

blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

([233] astromatrix.org:) Popularity

Opportunities: 1. Helping Children 2. Keeping Family Close

Challenges: 1. Finding the Right Partner 2. Taking Financial Risks

The sextile is a favorable aspect for domestic and partnership issues; and intimate relationship will be especially important and meaningful for you. Finding a successful relationship will be a powerful motivation; and much of your earlier adult social contact may be directed toward this aim. This need may emerge from a close and satisfying early life, where you highly valued the positive aspects of family life, a state which you hope to rediscover in adult relationships.

Maintaining close family associations will remain important to you. Temperamentally, you are able to sustain long relationships; and once your feelings have been committed to someone, rarely will that commitment be broken, or feelings fade and wither away. You may possess an innate knowledge and understanding of relationships and identify whatever is necessary for them to continue.

Communication is vital within your relationships; and the sextile indicates an ability to clearly express whatever you think or whatever is affecting your emotions. You prefer to share and talk through any individual or relationship difficulties, as this creates clarity and mutual understanding. Your genuine loving concern for partners builds a foundation which is secure enough to withstand passing storms. Faith in the power of mutual love and your optimism that all will be well are vital factors in your relationship. They will ensure that energies are used creatively and productively rather than dissipated in

anxiety and insecurity fears.

Usually you have a sense of life direction, and this helps to generate mutual purpose, provided that your partner is included in your plans. Considerable relationship benefits emerge from discussions and sharing the journey together. Yet you are also willing to compromise or adapt your ways if clashes of will or habit patterns begin to disturb equilibrium. You expect your partner to do likewise if necessary, as you view continuing the partnership as being of greater importance than individual assertion.

For relationship benefits, you are always willing to apply your qualities, so that your innate resources, intelligence, sensitivity, love, and affectionate understanding are ready to be shared as often as possible. You will hate misunderstandings or personal frictions and will be eager to resolve any that may arise naturally over time, using common sense, reason, and mutual concession to heal any contentious situation.

In your social life and career, you have considerable confidence in your abilities, and mix easily and fluently with many others, preferring to see the good qualities in all you meet. Your imaginative and artistic abilities may prove invaluable to your progress; and it may be advisable to discover a life path that makes use of your talents. Financial acumen is likely, as is an effective use of whatever resources you possess, although you may be biased toward caution, which may discourage you from taking advantage of all opportunities because of a stronger need to first ensure the protection and security of family needs.

Children are likely to play an important role; and you will probably display a natural affinity with them, perhaps seeing them as the foundation stone of your relationship. You may become involved with other people's children too, perhaps as stepchildren or through groups or organizations which include elements of teaching and sharing.

Hating to see unnecessary suffering in life, you may try to share your life experience, knowledge, and understanding with maturing children, hoping they may learn certain lessons without having to experience the pain of doing so themselves. You recognize that these are the adults of the future and that if their future is to be positive and constructive, they need careful guidance during childhood.

35) ► **Moon** ☾ **Sextile** ♅ **Pluto** - (0°47' A) ♁10 | ♃8

([239] astromatrix.org;) Emotional Awakening

You are probably optimistic that all will work out well; and this encourages you to persevere to transform your vision and purpose into reality. You will feel emotionally secure and self-sufficient; and this inner balance diminishes problems with emotional intensity and compulsive behavior.

In relationships, you may appear withdrawn and preoccupied with yourself, as if you were a little cold and uninvolved. However, this is not the case, as love is important and

necessary for your emotional well-being but indicates that you are not dependent upon others. You are biased toward a more intellectual experience and understanding of love, rather than seeking the sheer passion and intensity often associated with Pluto.

The sextile suggests that these energies are more naturally and easily balanced. Yet you still possess the ability to renew and transform restrictive emotional and life-style patterns, replacing them with a more suitable expression. You enjoy observing others, speculating about their motivations, personalities, and different types of perception. This can help to expand you by awakening you to multiple subjective realities and perceptions, apart from gradually dissolving any limiting fixed attitudes or belief patterns. You are sensitive to others' feelings and feel responsibly concerned to encourage social reform to improve the quality of life.

You may enter work involving public service, perhaps in an administrative role rather than in a directly caring position, as you have business and organizational skills. Working with younger people may attract, as you have a natural affinity with them and care about their future lives and places in society. You can communicate well in situations which require a moderating and mediating energy and will choose a lifestyle that tries to maintain harmony.

In directing your life, you believe in the principle that 'energy follows thought'; and visualizing your intention is the first step toward making it real. You believe that applied thought is an energy that can be directed to achieve your purpose. Seeing this work in life deepens your faith that life is on your side and provides confidence to follow your own path.

What people who were born with Sun square Moon in their natal charts want and what they need are in conflict. The Sun square Moon aspect is similar to the Sun opposition Moon aspect in this sense, but there are very notable differences.

Whereas the struggle between wants and needs is mostly played out on the inside and through significant relationships with Sun opposition Moon people, Sun square Moon people tend to confront obstacles that come from the outside. In truth, the struggle is within, as it is a case of being one's own worst enemy.

There can be a tendency to attract challenging situations into the life as an unconscious

attempt to recreate the tension of early childhood. As well, specific habits and attitudes can hamper their progress in life.

59) ► **Moon** ☾ **Square** ♀ **Mercury** - (1°03' S) ♀10 | ♃1

([388] astromatrix.org:) Where To Go And Why

Opportunities: 1. Healing Yourself Through Communication 2. Projecting Your Focus Externally

Challenges: 1. Overcoming Your Inner Conflicts 2. Get Past Your Defensiveness

The square aspect between the Moon and Mercury indicates inner tension, stress, and frustration, and a need for a radical inner adaptation to rebalance these two conflicting energies. Conscious change is required to overcome conflict between your conscious mind and protective lunar habit patterns.

One likely imbalance is an unconscious lunar domination of your rational mind, where thought processes are subverted by deep emotions and feelings, with a consequence that decisions, judgments, or objective evaluation are influenced by emotionally charged attitudes. Such unconscious attitudes and values - possibly absorbed during early childhood or from parents - can condition present choices, where issues of the past still dominate your current life. Simply put, head and heart can be in constant conflict within you; decisions may be made according to which is dominant at any given time.

This temporary supremacy can vary, like a pendulum movement, and may also be

related to the sign, house, and element that each planet is in. It may be that one planet consistently dominates, and the other one becomes repressed. If Mercury dominates, then the Moon activity can sink deeper into the unconscious mind, influencing you more subtly and pervasively from a hidden position where the emotional coloration is less noticeable to you than to others. If Mercury is repressed, then rationality and logic may diminish, and choices may be influenced by insistent emotions, instincts, and feelings; habit patterns may often be security biased. Sometimes you may observe that, when attempting to restore inner balance, Mercury begins to excessively rationalize feelings and emotions. If this is allowed to persist, you may start to deny the validity of your emotions and feelings, and in so doing repress your Moon sensitivity, creating another imbalance.

Inner tension can reflect insecurity and self-doubt, creating highly nervous activity prompted by disharmony between the personality's conscious and unconscious levels. Sometimes this can manifest as psychosomatic illness, especially nervous illness, digestive problems, and diseases related to the activity of body fluids. Another problem could emerge from self-centeredness and separative ways of living and expression. You may rely on fixed attitudes, thoughts, beliefs, and values for a sense of stable security, but these can also create relationship difficulties if you act inflexibly. Whenever someone else's opinion differs from yours, you may react with aggressive defensiveness, without first considering the value of another point of view.

You hate suggestions from others that you may be wrong, as this makes you feel insecure. Your response to this is often defiant and compulsively assertive. Paranoid feelings often accompany this reaction; and you can be very touchy emotionally, often triggering off misunderstandings and communication breakdown. With strangers you always feel insecure and on the defensive; even with closer friends, acquaintances, and family this pattern persists, although with less belligerence. Yet even in the family home, you react against having to change to accommodate others. Self-centeredly, you believe they should change to suit you; the fact that they may not wish to do so is apparently of little concern to you.

You can often communicate quite well with those with whom you feel safe, often revealing a touching if slightly immature and sentimental emotionality about such relationships. Your hidden dependency on such intimates may not always be realized or acknowledged. Relationships would improve if you were less self-preoccupied, seeing others' needs as being as important as your own, and giving to others what you are so busy taking for yourself.

Attention needs to be directed externally for you to become aware that others have equal needs and difficulties. Through mutual support, all can benefit and have a more enjoyable life. Sometimes your needs and concerns can become obsessive; and you rarely see that this represents immaturity and lack of integration. Ways that you evade making necessary inner changes can include obsessions with trivia and matters of

inconsequence, continual chatter, which can create unsatisfactory relationships and wastes energy instead of using it positively to change internal stress through self-understanding.

Mercury is often repressed by a dominant Moon whenever issues of personal security dominate life, much like a demanding infant wanting immediate satisfaction. Because of this, you can lack rationality and objectivity, as noted in signs of immaturity, a lack of self-understanding, and a surfeit of emotional bias. Sometimes your ability to discriminate between reality and illusion, fact and fiction, is weak.

You can often be full of unresolved questions, uncertain of what you really think and feel about life and people, even though you defend whatever thoughts you are presenting. There can be a state of 'life-confusion' which persists

60) ► **Moon** ☾ **Square** ♅ **Saturn** - (0°05' A) ♀10 | ♀7

([392] astromatrix.org;) The Cold Heart

Limitations and restrictions may occur on opportunities and experiences, often created by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

64) ► **Venus** ♀ **Square** ♂ **Mars** - (3°46' A) ♀8 | ♂4

([415] astromatrix.org:) The Demanding Lover

Opportunities: 1. Finding Outlets of Self-Expression 2. Showing No-Strings-Attached Love

Challenges: 1. Avoiding Destructive Habits 2. Remaining Mature in Relationships

This is a disruptive aspect that works primarily in the love life area, though it can have repercussions on finances and other areas as well. It's one of the classic indicators of divorce-proneness and romantic / marital difficulties. People with this aspect are demonstrative, warm, and generally faithful when committed, but they demand a lot in return. In extreme cases, when needs aren't met, dissipation of various types can result, with infidelity, gambling, and / or excessive drinking being the most common form of misdirection of romantic / sexual energies.

65) ► **Venus** ♀ **Square** ♆ **Neptune** - (6°37' A) ♀8 | ♂4

([419] astromatrix.org:) Fooled By Love

With the square, there can be difficulties with the inhibition of emotions, creativity and relationships with others. Part of this difficulty arises from an extreme sensitivity of feelings which have never been properly integrated.

The square is one of the Neptune aspects that stimulates those emotional-level fogs and mists, creating a consequence of being unable to see clearly and of being liable to make misjudgments; and which fuels tendencies of self-deception and mental distortion. These

factors tend to make you vulnerable to deception, prone to suffer from your own reality projections and filters, and from the choices and actions of others who may be similarly psychologically influenced. Intimate relationships can be a source of challenges, especially when you have made some form of emotional commitment, as often your choice of lover or partner results from misjudgment.

You are basically idealistic, yet this is likely to attract you towards involvement with minority cults or foreign religions because of their glamour's and strange fascinations. In several ways, these are symptomatic of an inner need of transformation, of the need to redeem negative patterns dominating your life.

Sexuality as a powerful aspect of the impulse for relationships can be a prime area in which such dilemmas can be expressed. This can be revealed through needs for multiple partners, searching for a perfect though unattainable lover, yet being unprepared and unwilling to actually commit yourself to a real flesh-and-blood person. It may emerge through excessive sexual imagination, where unfulfilled sexual imagery and desires may be intertwined with underlying and repressed emotionally based complexes or are practiced secretly and conspire to build an area of denial in your life.

Changes are probably needed in order to integrate the Neptune energy into your life, so that it ceases to display its more negative face of irresolution. Your attitudes to others through relationships need to be redefined, so that any paranoia is dropped, as well as any tendencies toward exploitation by yourself or against yourself. Standing free and independent is preferable, at least as an initial cleansing process.

Turning within through meditation or forms of self-therapy is an ideal path to take, so that you begin to release the old patterns, discover a new center by cleaning out old illusions, and see through new eyes. Meditation is a deconditioning technique, sequentially liberating through practice, and redirecting the energy flow of the mind not inwards instead of outwards, so the energy acts as a penetrating disperser of restrictive psychological patterns.

66) ► **Venus ♀ Square ⊗ Fortune - (1°20' A) ♀8 | ♀10**

([428] astromatrix.org;) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This

experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs, desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

86) ► **Midheaven MC Trine** ♂ **Mars** - (7°24' A) ♃8 | ♃4

([347] astromatrix.org;) The Hard Worker

Opportunities: 1. Making Bold Decisions 2. Getting Meaning from Your Work

Challenges: 1. Discovering Your Mission 2. Working in Teams

You have a strong sense of self - that is, you know who you are and what your rights are with regard to other people. You have considerable self-confidence and will fight for what you believe to be yours. On the other hand, you are less likely to dominate people than those with other Mars-Midheaven combinations.

You do have a great deal of physical energy, however, especially in activities that you want to be involved in. As you get older, you will pour out energy in your work and career, and you will be known as a very hard worker. But you may not feel that you are working hard, because the energy comes so spontaneously that you do not regard it as work. For this reason, you should look for a task or purpose that your life can revolve around, that you can identify closely with.

While you are young, this may simply be a hobby, but later on it will be your career or life work. Fortunately, with this aspect you won't have much trouble finding a purpose in life. You are not especially competitive, but you are independent. You do not like to be dependent on other people; nor do you like anyone to interfere with the schedule you have set for yourself. Consequently, you may find it easier to work and play alone than with others.

When you have to make a choice, you are usually able to do so quickly and easily, because you know pretty much what you want, and you go after it. If you don't know which of two choices to take, you may make an arbitrary decision, feeling that making some choice is better than going nowhere.

87) ► **Midheaven MC Trine** ♆ **Neptune** - (4°33' A) ♃8 | ♃4

([366] astromatrix.org;) Idealistic Ambitions

You are very idealistic in your attitudes toward the world, and you want to be as free as possible of values and possessions that limit you or prevent you from encountering the world. You may be less interested in material possessions than most people of your age, feeling that the burden of taking care of them is more trouble than it is worth.

Besides, you value emotions, ideals and other immaterial concerns more than possessions. Very early in life, you show how unselfish and giving you are, especially to people in need. You like taking care of people or animals and trying to make them better. As you get older, you will have a strong need to be of service to others, putting spiritual and moral ideals above personal gain. Even if you do not always succeed in living up to that ideal, it will be a very powerful force in your life.

You are very sensitive to other people, so you are a bit reserved and shy until you know you can trust them. Your feelings are easily hurt, and a misplaced gruff word can make you very unhappy. Your family should try to understand this and treat you a bit more gently. They should realize that they will be rewarded with your devotion.

Even while quite young, you are fascinated by the mysterious and supernatural. You find the worlds of fantasy stories and fairy tales more interesting and alive than this world, which is so full of dull concerns and mundane preoccupations. Of course, you must learn to relate to this world, anyway, and you should try to see the mystery that is inherent even in the everyday world.

88) ► **Midheaven** MC **Trine** Sp **Spirit** - (4°05') ♄8 | ♃4

89) ► **Sun** ☉ **Trine** ♂ **Mars** - (1°15' S) ♄12 | ♃4

([302] astromatrix.org;) The Door Opener

Opportunities: 1. Finding Socially-Engaged Work 2. Taking on New Challenges

Challenges: 1. Curbing Impulsive Behavior 2. Recognizing Opportunities

The trine enables you to turn theory into practical application, and this reconciling quality could become a source of your life direction, as your ability to apply your energy positively can generate ways to resolve problem situations. This may be one approach that utilizes your energy in a creative and beneficial manner, and which poses challenges that you intend to overcome.

You will be self-confident and believe in your own abilities, setting goals and pursuing ambitions, emerging from your unique aims directed towards creating a suitable lifestyle, which may not always correspond to traditional paths and signs of success. You do not appreciate a volatile living or working environment, preferring a more tranquil atmosphere where you are free to follow your interests.

While you enjoy new challenges, the cut and thrust of competition seems less appealing, and you see little value in exalting yourself if it requires another's detrimental fall.

Fairness, integrity and honesty are qualities that you respect and expect in your dealings with others, and ethical or moral considerations are taken into account in your life. These form your code of relationships, and you try to stay as true to these as possible, even if at times this may require you to forgo some success or progress, as you are not usually willing to compromise for the sake of any advancement.

You can adopt an individual chivalry and style of conduct. While you have leadership ability, you try to ensure that you deal correctly with others from any position of responsibility, and are willing to help others on their way, provided they do not attempt less scrupulous tactics to progress. Organizational and managerial qualities are likely to be present, and you can take the strain of highly demanding tasks, proving to be a reliable, efficient and conscientious worker who can purposefully carry out and design

successful plans of action. Spheres that may attract include law, business management, education, media, personal creativity and physical endeavors.

Opportunities may steer you towards deeper interpersonal contacts and working in areas of counseling and guidance may be highlighted. One asset that you may possess for this work is a genuine tolerance for others, allowing each to hold their unique view of life, and having respect for their free nature. Many inwardly condemn people for failing to be like themselves, taking an attitude that everyone should conform to a picture that they have developed. Fortunately, the life process disagrees with that attitude, and displays an incredible abundance of variety.

You tend to form a realistic perception of life, so that your expectations are not too excessive and unreal, and you appreciate the gains that you do make through expressing your creative talents and powerful energies. A need for disciplined focus may be required at times, as you may be faced with various options and lack a clarity of purpose which diffuses your will power.

Be wary against occasional acts of impulse; they may not always work to your advantage, and a careful and steady progression can prove more beneficial. Working in harmony with this trine energy can serve to open doors throughout your life; be alerted to recognize when opportunities are being presented, so that you can take full advantage of the gifts of life.

90) ► **Sun** ☉ **Trine** ♅ **Neptune** - (4°06' S) ♁ 12 | ♃ 4

([306] astromatrix.org;) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends

on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

91) ► **Sun** ☉ **Trine** ♋ **North-Node** - (5°06' A) ♎12 | ♍9

With the North Node trine the Sun you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun Trine the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

92) ► **Sun** ☉ **Trine** ♋ **Juno** - (4°43' S) ♎12 | ♍8

You easily attract and relate to a partner who shares some key aspects of your vision and matches your personality. You may need to be the more assertive partner yet you are devoted and loyal to those you love.

You take your commitments seriously yet you also know you don't have to fear losing yourself or your independence in a partnership. You lead the way and help to uplift the people you love.

([314] astromatrix.org:) The Ray Of Hope

You will probably have optimistic, positive attitudes that contribute to a feeling of well-being, and which are effectively communicated through relationships. You may be oversensitive to environmental influences or to negative reactions from people, but you have resilience, and prefer to work through problems as soon as possible, rarely allowing them to spoil your enjoyment of life for too long.

Compassion, generosity, and an altruistic, humanistic spirit will be present, and may encourage more social involvement, perhaps through feelings of moral and civic duty. Associated with this may be religious idealism, especially inspired by stories such as the Good Samaritan parable.

Creative and imaginative potential is likely and this should be carefully developed. Even if these only manifest as leisure-time interests - perhaps as artistic or literary skills - their valuable contribution to your life and others' may be significant.

In intimate relationships, you will look for partners of high caliber and quality, people with whom you can experience a deep, meaningful relationship. Mutual intellectual and emotional fulfilment is sought, partners are chosen who also follow their life path and intend to manifest potential.

Your time with family or ability to feel secure and relaxed in your own home may also be traded for the chance to fulfill your sacred duty to others.

Though you'll never complain. In fact, you feel most in the zone when you are serving in a nurturing and caretaking capacity. You feel connected to your spiritual mission when you're helping others to feel at home.

98) ► **Mercury ♀ Trine ♂ Mars** - (3°05' S) ♀1 | ♀4

([323] astromatrix.org;) The Technician

Opportunities: 1. Leveraging Communication Skills 2. Working with Groups

Challenges: 1. Channeling Multiple Interests 2. Balancing Ambition and Empathy

With Mercury Trine your Natal Mars your mind is very restless, and you will never cease to learn. You are quick, practical, perceptive, brave and can easily detect the weaknesses of others. You are very creative, and you can excel both in writing and communicating. You can be very productive when you're focused, spending less time on work that others labor over. You're quick, perceptive, practical, trustworthy and brave but, if Aries is too strong, you may be reckless too.

You never stop learning and are able to seriously study, but you must apply yourself since you tend to be restless. You can find another's weakness and use it to your advantage. You're a good debater with a dramatic delivery. You are great at communicating and you go out of your way not to offend others when you are speaking. Your ability to plan makes you effective and productive and your ideas are put to practical use. You're creative, literary and good at crafts, mechanical things and engineering since you have good manual and mechanical dexterity. You have great potential to achieve your goals as you are aware of your talents and abilities.

You can be a little self-centered at times which can impair your ability to succeed. Mainly because if you are not interested in what you are doing you just won't want to do it. Therefore success is determined on your own intentions and desires to want it, so even though you are quite capable of many possible careers and work opportunities especially those that involve your intellect such as politics, law, writing, advertising, journalism or social media, the most important part is to have the desire and interest in those subjects.

You can work well by yourself and with others because you come across as quite a friendly and helpful person, in fact you may end up getting the most contentment and satisfaction working with groups where your talents can be fully utilized.

99) ► **Mercury ♀ Trine ♀ Neptune** - (5°56' S) ♀1 | ♀4

([327] astromatrix.org;) The Inspirational Thinker

The trine aspect offers a quite favorable potential, where the energies of Neptune and Mercury work together well, each helping to define and focus the positive and constructive attributes of the other. Similar to the sextile, this aspect is often found within

the charts of successful and creative individuals.

Making use of the trine's energy will stimulate the unfolding of considerable creativity. The essence of your creative spirit will be evocative imagery, often including meaningful depths and at times an inspirational quality. The way in which you succeed in expressing this could be through art, music, vivid literary creations, poetry, film or photography. Your creativity should possess substance and context, rather than any superficiality. Communication to others is important to you.

You are potentially very effective in transmitting your ideas and intentions, and skilled in the forms in which you clothe your messages. There can be a taste for dramatic presentations, but this is also effective as it ensures that anything you create is noticed by others, and that by grasping their attention you create a situation where some response is evoked.

You have a talent for influencing people's minds by subtle manipulation and perhaps through clever handling of communication media, as you have a natural understanding of the essential motivation patterns of others. This can be amplified by using the Neptunian vibration to emphasize an intuitive or telepathic ability, which sometimes also manifests itself in the guise of prophecy. It may be best not to overdevelop any such tendencies, or to openly publicize them, but to use them quietly and with little fuss in daily life, especially if through your empathic awareness you are able to support and aid others.

There is the potential to have extremely powerful visualization abilities, that inner picture-making faculty where within the mind you can create images in detail and color, 'seeing them in the mind's eye'. In a variety of modern spiritual approaches, such ability is highly valued, and, rightly used, can be a major tool in stimulating lasting spiritual development.

Through creative visualization, you can direct or re-create your life and personality in many ways, and this is a skill and technique that you should explore, through pathworking and exploring inner mindscapes, or perhaps through archetypal figures and mystical symbolism, such as the Arthurian and Grail legends, or the myths of the Greek gods.

Pathworking offers the potential to unlock inner doors - even into astrological archetypes - and these are the realms that are ruled by Neptune. There should be a developed social conscience and awareness, and work in this broad area may appeal, although your sensitivity may not be suitable for a direct involvement with impoverished and problem families. Your contribution may be that of support, or by using your talents to highlight social iniquity. There can be a degree of self-sufficiency in you, as you are centered and generally inwardly balanced.

Appreciating the rich-ness of your inner life is vital to you, and you tend to need time and

space to do that, as well as to manifest that creative ability. One area that you may be effective within is that of public speaking, where you can be very persuasive, and your genuine abilities are at least recognized by others even if on occasion they may disagree with your opinions.

If the energies symbolized by Jupiter and Chiron are relatively well-integrated in the psyche of the individual, he or she may, in fact, approach the healing process as an “organic” or “holistic” phenomenon, rather than a purely spiritual procedure. In this case, one may develop a high degree of sophistication in his or her style of understanding the world, yet may remain unable to use that understanding in order to initiate the process of healing with regards to one’s own wounds or the wounds of others in one’s life.

([155] astromatrix.org:) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and

activity can productively redirect your energies.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 29° **Gemini** 21' and in the **10th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 23° **Sagittarius** 36' and in the **4th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong

psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 20° **Pisces** 43' and in the **7th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 1° **Libra** 56' and in the **2nd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 3° **Capricorn** 34' and in the **5th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 27° **Scorpio** 8' and in the **3rd** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 23° **Pisces** 57' and in the **7th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 28° **Libra** 26' and in the **2nd** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 28° **Taurus** 16' and in the **9th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis

becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Taurus: the love of money

Nemesis in Ninth house (Sagittarius): intemperance, intolerance, entrapment

Lots related to family:

The **Lot of the Father** is in 23° **Aquarius** 51' and in the **6th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 26° **Scorpio** 50' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 20° **Leo** 53' and in the **12th** house.

The **Lot of Children** is in 2° **Scorpio** 4' and in the **3rd** house.

The **Lot of Daughters** is in 1° **Sagittarius** 37' and in the **4th** house.

The **Lot of Sons** is in 0° **Taurus** 56' and in the **9th** house.

The **Lot of Marriage for Woman** is in 26° **Leo** 56' and in the **12th** house.

The **Lot of Marriage for Men** is in 26° **Libra** 1' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 1° **Sagittarius** 37' and in the **4th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 27° **Pisces** 37' and in the **7th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 28° **Gemini** 3' and in the **10th** house.

The **Lot of Treachery** is in 25° **Capricorn** 13' and in the **5th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 22° **Cancer** 15' and in the **11th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 26° **Scorpio** 50' and in the **3rd** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Capricorn (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 10th House/Capricorn: This placement longs for a career that makes a strong impact. Their presence, especially in public and the workplace, is hard to miss. You have explosive ideas and plans for the future. You remember your childhood as boring, and aim to for an exciting life, often longing to move to a big city. However, you easily get wrapped up in the daily grind and lose track of time, realizing that weeks or months have slipped by and you haven't progressed much towards your goals. This placement can relate to the guardian aspect of the Pholus myth, which means you must keep in mind boundaries and avoid overstepping them absentmindedly, as this can lead to much pain and wasted time. You may jump from career to career as you search for the ideal public image, or take your sweet time figuring what exactly it is you want to do with your life. Keep in mind that any venture brings experience which can be applied to other facets of life.

Pholus in 5th house

(12andus.com;) You may have an insatiable appetite for creative expression, playfulness and romance.

You may have an artistic or creative talent that is unexpectedly unleashed. When it is, your life will be forever changed. You may become obsessed with your newfound talent to the point of toxic grandiosity.

On the other hand, you may unintentionally awaken a powerful talent that changes your path and leads you to success, leadership and enjoyment. You may find personal enhancement and growth through the creative process.

You may compulsively pursue playful relationships or affairs with people who invigorate you but may not be fully available. At worst, these relationships can become toxic. At

best, you may have to overcome limitations or fears that lead you to become more confident and dramatic in your self expression.

An accidental stumbling upon your hidden spark and talents can lead you to dramatically change your attitude and create greater self-confidence.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Pisces

(12andus.com:) You are obsessed with the idea of transcending the physical body.

You may use sex as a vehicle for spiritual transformation as well as deep connection. You may fantasize about or use mind altering substances to enhance your sexual encounters.

You love to lose yourself and transcend boundaries in order to feel complete connection with a partner. You may be drawn to creating a mood with creature comforts and sensual music in order to feel completely entranced in the moment.

Fusing sexuality and metaphysical and occult pursuits is also arousing to you. You may fetishize some aspects of spirituality. You may also become codependent and obsessed with your partner.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

Eros IS CALLING!

- 1) ► 23° Capricorn 46' **Pholus** ✎ **Conjunct** ♃ **Jupiter** 25° Capricorn 33' - (1°47')
(12andus.com:) You easily expand your beliefs during times of crisis and challenge.

Though life changing catastrophes can be disruptive, you will find ways to make the best of even the most cataclysmic situations. You may find great enthusiasm and optimism for new prospects that are best illuminated by crises and challenges.

When others are panicking or succumbing to disruption and chaos, you find ways to further clarify your higher ideals and release distractions or toxic illusions. You may overestimate your ability to understand danger or challenges you face.

Yet once you come to understand clearly what is beyond your control, you can transcend difficulties and come to embrace your higher calling. Even knowing what is beyond your control ends up being empowering to you in the midst of crisis.

2) ► 23° Capricorn 46' **Pholus** ✎ **Conjunct** ♁ **Vesta** 23° Capricorn 54' - (0°08')
(12andus.com:) You easily draw on your strong spiritual calling and sense of purpose to serve others in the midst of crisis.

You can act with great humility and may even follow a vision of healing and guiding others that is spiritually led rather than a matter of your own personal preference. During pivotal times and cataclysmic events, you can easily forget about your own ego needs and dedicate yourself to serving others.

You may be called to sacrifice some aspect of your comfort zone in order to protect others or respond to crisis situations. This is something you will do without hesitation as you know it is all part of your higher spiritual calling.

Your greatest life turning points are often put into motion on the heels of crises or catastrophes but can also lead to your greatest spiritual awakenings.

When faced with the decision to respond on behalf of the community or to follow your own personal path, you'll struggle with this choice. You may find cataclysmic events to be a challenge to your sense of independence or freedom.

It may be difficult for you to realize that your desire for freedom and independence can lead you to rebel against the status quo and miss signals that small choices you've made have bigger ramifications for yourself and your relationships with others.

When you find a way to reconcile your personal needs for freedom and independence and your obligation to protect or guard others in a time of crisis, you will find crisis situations to be turning points that help you better stand up for your own needs and embrace your passions.

4) ► 23° Capricorn 46' **Pholus** ✎ **Square** MC **Midheaven** 19° Aries 31' - (4°15')

When you do make adjustments to your business, career path or public image, you'll be better able to serve others through your career path and work.

You may have to let go of the vision you had for your career path and accept a different course of action because of cataclysmic changes beyond your control. Yet when you do,

you can also find a new sense of purpose and motivation.

(12andus.com:) You may find it challenging to uphold your commitment to your partner in the midst of major life turning points.

When you are first faced with a crisis, you may try to protect the security of your home and family. When you don't open up to the need for changes, your desire to protect your loved ones may backfire.

It may take some effort and struggle, but when you are able to adapt your plan to provide for your family and uphold your commitments to others, you'll be better able to navigate dramatic crisis situations.

6) ► 23° Capricorn 46' **Pholus** ✍ **Trine** ☾ **Moon** 1° Gemini 3' - (7°17')

(12andus.com:) You may easily show your compassionate and sensitive side as you deal with unexpected cataclysmic events that impact your family or community.

You may feel compelled to nurture or heal others during times of crisis and can easily do so. You may easily put your emotional needs aside. Even when your intuition shows you that small issues can have dramatic and traumatic consequences, you won't shy away from responding to those in need.

This can leave some residue on your emotions and have an impact on your mental well being but you won't be deterred from trying to protect others.

7) ► 23° Capricorn 46' **Pholus** ✍ **Trine** ASC **Ascendant** 26° Virgo 29' - (2°43')

(12andus.com:) You may find it easy to draw on the chaotic energy of change and crisis in order to live up to your true ambitions.

You can easily embody the dramatic change and chaos that is going on around you. Yet you are also able to harness this energy in productive ways. You rise to the occasion during times of crisis rather than backing down and hiding from your calling.

You may find personal transformation and empowerment in the midst of chaos and widespread disruption. You can easily link your personal advancement and ambitions to a changing course of actions beyond your control.

8) ► 23° Capricorn 46' **Pholus** ✍ **Trine** ♀ **Ceres** 25° Taurus 28' - (1°42')

(12andus.com:) Though turning points and major crises can shake you up, you can also find the best of your nurturing power because of these events.

Cataclysmic life changes and challenges can help you to refine your sense of security

and show your compassion and love to others. You may find greater personal security and draw on your ability to nurture and care for others because such turning points remind you of these gifts that you have.

You can serve others through your protective energy and through your focus on creating comfort, stability and security during cataclysmic changes and disruptive crises without losing track of your own personal need for security as well.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Pisces

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep

because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

Hygiea in 7th house

(astrology.com:) Libra or in the seventh house: The balance of this Hygeia placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Psyche | Soul, Entrance to Self

[1] where you've almost certainly seen the dark side of things

Psyche in Sagittarius

(fauxastrology.tumblr.com:) Psyche in Sagittarius/ 9th house: My soul's a nomad, it belongs nowhere & everywhere, it's running beside antelopes in Africa's wilderness, singing among the Amazon forest's macaws, catching penguins with the polar bears (wut?). I'm a wandering soul, I dream of places I've never been to & wanna see the sun rise from every hill on earth.

Psyche in 4th house

(fauxastrology.tumblr.com:) Psyche in Cancer/ 4th house: My soul lives in my memories, moments long gone but kept alive inside my mind, whenever I'm alone I dream of home, the family that watched me grow, the people who were with me through it all. My soul never leaves the ones I love.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Cancer (Rx)

(synnisisigns.com:) When Eris resides in your fourth house of the home you have the power to recognize how past conditions have contributed to current problems. You experience through your childhood how unequal power distribution causes problems in the home. If you are wise, you will work on these dynamics in your own life, so the same bitter fruit is not born. If you do not, you will repeat the experiences of your parents.

Eris in 11th house

(synnisisigns.com:) Eris in the eleventh house of organizations and friends, you either do or will come to understand the necessity of a cooperative role within the group. You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Virgo

(whatsmyalternative.com:) Destined to balance health issues, critical studies, routine work. Were you a miserly boss who made workers suffer? Did you neglect your health in the past? Did you work as a nurse who selflessly toiled? Depending on the good or bad of the past and the positive or negative of the present, this can be a very useful placement. Career success is assured for one who builds on the positive karma.

Karma in 1st house

(smartyoungsters.com:) Karma in 1st house: You have to reach your goals on your own. You need to fulfill the duties by your sheer will power and leadership abilities. Your actions will bring you rewards. Use your attacks well and don't abuse your valor.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Cancer

(astronomicallyaligned.tumblr.com:) A woman has lost her husband. She is filled with grief and sorrow. As she's singing her lonely melodies, luring you to look inside and let her out, the waves crash against the beach. Shells are being crushed into dust. Into the sand covering the beach. If you let yourself be lured by her enchanting tunes, sadness and tears will turn into oceans and rivers, covering the entire earth. She wants them all to feel her sorrow. Her pain. To understand her, so she won't feel lonely anymore. Use that melancholy and melody as a beautiful narrative in life's gray path. Color the flowers.

Pandora in 11th house

(astronomicallyaligned.tumblr.com:) You're curious about your hopes, wishes, friends, community, society, and groups. Maybe you'll try to lead them, but end up causing despair.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on

"cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Gemini

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example,

one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Chaos and attunement through (social) alchemical knowledge. Well directed mental

efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of

naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the

Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. However on the bright side, if the energy of Algol is channelled and controlled consciously, then it offers intelligence and strength although with a tendency to deceive. Practice caution, good judgment, and patience... otherwise, you could just possibly "lose your head".

[3] The fixed star Unuk (aka "Snake Heart"). This cunning fixed star seeks release in the seductive, unconscious and instinctive sexual/aggressive forces deep within us.

But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.

Once this has taken hold, it is very difficult to turn things around. Unuk asks us to stop and contemplate our moves. Making sure we do know where we are going. Where our thoughts and actions are leading us.
