The Humanitarian

The Life Path 9 suggests that you entered this plane with an abundance of dramatic feelings coupled with a strong sense of compassion and generosity.

The key to the nature of a Life Path number 9 person is found in their humanitarian attitude.

The 9 Life Path is not apt to get rich since they are very generous, sometimes to a fault, and usually have an easy come, easy go attitude about money.

You have the ability to make friends very easily, as people are attracted to your magnetic, open personality. You meet people easily and are quickly befriended because of your openness and amiable demeanor.

Relationships can be difficult for you because it is hard to strike a balance that will work effectively. If your partner is one sharing your giving attitudes, the relationship will be happy and lasting. On the other hand, if you choose a partner whose focus is on material issues, problems will arise quickly.

The purpose of life for those with a 9 life path is often of a philosophical nature. Judges, spiritual leaders, healers and educators frequently have much 9 energy. The number is less inclined to the competitive business environment and may find this a struggle.

Because you are so giving you may find that your finances are not in the greatest shape. You may also have a tendency to be scattered. Your talents lie in so many different directions that you may find it difficult to focus on just one. If you are not following your Life Path and are instead pursuing only materialistic gains, you could feel a deep level of dissatisfaction with yourself.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want.

Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine.

As clever as you are, you may have a tendency to make the same mistakes over and over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 4

([660] numerology.center:) Number 4 means that you are a person whose success depends on ability to concentrate on definite thing and to keep abreast of the times. Don't reject novelties and innovations, otherwise you risk to lose big opportunities which life offers you. Practicality plays not the last role in your success achievement. So, you have to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 9

([659] numerologycalculator.online:) This soul urge number speaks of the idealistic philanthropist who desires to build people up. They are called by a strong need to serve mankind as a whole and to nourish their communities etc.

Your greatest desire is to champion humanitarian causes and serve others.

You are the quintessential perfectionist and you have a truly utopian vision for how life could be. In these idealistic pursuits, your desire for other people's approval will prove to be every bit as important to you as your need to serve. You need to believe completely in whatever you do and have the ability to visualize in your mind the good your efforts can accomplish. Believe and you will achieve.

As a nine, artistic and creative outlets will be vital to your ability to achieve your goals. They will give you a strong sense of accomplishment and satisfaction which will motivate you in all your endeavors.

Your emotional nature will also tend to make you moody. You will find yourself clinging to people at times and wanting to withdraw and be left alone at others. Your biggest challenge will be in learning how to balance meeting the needs of the masses with your own personal responsibilities, particularly to family. Your satisfaction comes in serving others and making sacrifices for them. Be sure that this begins close to home with the ones you love and care for most.

Personality Number: 5

([659] numerologycalculator.online:) Five personalities are community leaders who take an active interest socially and love to be involved with others. They are adventurous, highly passionate people who love to travel and immerse themselves in different cultures.

Success is impossible without a methodical, comprehended system of steps. One more essential thing is to understand the real state of affairs because, sometimes, your imagination gives the wrong picture about things. Other people will understand you better if you understand yourself and become assured in such central things as the meaning of your life and your principles. Reliability and punctuality are the things which are important to work at.

Quiescent Self Number: 5

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 5 are apt to be imaginatively immersed in various adventures and constant new experiences. Repetition is unlikely.

The energy represented by the number 5 resonates with expression of personal freedom. There's curiosity and wit and sensuality and changing direction on a whim.

Some of the visualizations of a person with this quiescent-self number are likely to include traveling to countries of the world and assimilating the cultures they have to offer. Conveying personal experiences to others with writing, speeches, or other

communication methods is also likely. As is being able to communicate with anyone, whether by a common spoken language or by other means.

Their thoughts and pleasure generally are unpredictable, even to themselves, but usually relate to interacting with people, learning something new, or experiencing new things. Understanding many and varied points of view is an especially attractive scene.

Maturity Number: 5 = $9 + 5 = \text{LPN} + \text{E(D)N}$

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with freedom. You're being called upon to work with the constructive use of freedom, living a life filled with travel and adventure, and embracing a life of progressive change, flexibility, and uncertainty.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to the disciplined use of freedom to center stage. Situations will arise highlighting excessive behaviors, versatility and change, and vivacious and tactile living.

What that might look like:

- A dramatic change in life leading to an evaluation of your sense of freedom – a divorce, death, children leaving home, or other change to a stabilizing force.
- Evaluation of the ways in which you have or have not used a focused approach to getting what you want in life.
- Inability to rein in excessive behaviors with food, alcohol, drugs, sex, or other behaviors that control you in a non-productive manner.

First Pinnacle Cycle: 4

(Month + Day) - from age 0 to 27 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle

encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 1 Number 4: First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Second Pinnacle Cycle: 4

(Year + Day) - from age 28 to 36 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Third Pinnacle Cycle: 8

(1st Pinnacle + 2nd Pinnacle) - from age 37 to 45 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll

demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 3 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Fourth Pinnacle Cycle: 1

(Month + Year) - from age 46 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 4 Number 1: Fourth Pinnacle: A Fourth Pinnacle with a Number 1 is marked by what might be called imposing energy; meaning, any thought of slowing down or retiring is most likely not in the cards. Both challenges and changes will accompany this last stage of life and your accomplishments can be profound if you've mastered the art of leadership, direction, and expression of your own original ideas. You'll be challenged with keying into you unique and creative ideas and acting on your individuality and independence.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep

going.

First Period Cycle: 5

(Month) from age 0 to 27 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 8

(Day) from age 28 to 54 (based on LPN)

([666] worldnumerology.com:) The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you, but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership.

Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed.

However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result.

The 8 is rarely neutral regarding punishment or reward.

Third Period Cycle: 5

(Year) from age 55 (based on LPN)

([666] worldnumerology.com:) The latter period of your life finds you continuing to move through changing circumstances. There is an inherent restlessness associated with a 5 Period Cycle, one of the few cycles that encourages a more impulsive response to situations you encounter.

You are drawn to travel, new people, and different cultures. This is a dynamic,

somewhat chaotic cycle, where not much happens according to plan.

You do best when you are social, physically active, and involved giving your heart and mind the experiences they crave.

During this period, you have a flair for successfully promoting yourself. You are drawn to all that is progressive and farsighted. This is a time to be quick and flexible, and to grasp opportunities as they come.

First Challenge Number: 3

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a

façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given "a free pass," so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 0

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 1 (17) + (05) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

The year generally provides opportunities for starting new projects and the energy to follow the inclination. More so than last year, the person feels a desire to move forward, to improve situations, to assert their individuality, and to get on with life.

This tends to be an active year with many decisions to make.

In some respects, life feels like it's beginning anew.

Personal Year Number (for 2023): 2 (17) + (05) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere

from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The year tends to encourage participation in team projects.

Cooperative associations are more important. There's a tendency to use diplomacy and tact to repair or strengthen relationships. Intuition, emotions, and sensitivity tend to be enhanced. It can be a busy year, with seemingly endless demands on your time.

The year can revitalize peace of mind. It is a good time to strengthen sincere friendships.

(feliciabender.com:) This is a year to focus on your emotions. Last year = career. This year = love and emotions. Concentrate on intimacy and relationships, fostering appreciation for yourself and your loved ones, and speaking your truth gently yet firmly. Expect this year to feel very slow-moving.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): M

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person leans toward approaching life with the intent to achieve a desired position or circumstances — family or financial security generally being a desired position.

([671] spiritwalk.org:) If you could you'd spend all the time you have at work. You are a perfect workaholic with good health and quick sleep-cycles. You also can be satisfied with quiet life at home, but your financial stability is very important for you, and you feel nervous without it. You are hot-tempered, so consider being more flexible sometimes.

([672] numerologist.com:) Cornerstone: You are the slow and steady wins the race type. You are energetic and hardworking to the point of being a workaholic.

([673] numerologyzen.com:) Letter M. M symbolizes work, labor, effort and organization. M is the initial of "moderation", "masonry", "manual", "matter", "machine", "money" and "material". Physical and stable, M needs to build, to get things going with a concern for solidity and productivity. M likes to work, in principle with order and method, if possible with a certain secure routine. M doesn't like risks and crazy adventures. Not very expansive, M can be characterized by seriousness, stability, sense of moderation and economy as well as willingness. M has great capacities for organization and excels in all areas to do with the concrete and secondarily management. [His,Her] mind is practical, Cartesian and [his,her] efficiency is great. M will advance with the tranquil strength of a steamroller that nothing can stop. Anxious to be useful, M shows [him,her]self to be very efficient in leading a project, giving assistance or playing a central role in the family and at work. However, M lacks a little originality, inspiration and panache. M functions according to a slow but regular rhythm rather than instincts. M can have the tendency to overwork because [he,she] is occupied with too many things, [he,she] is sometimes fussy, distrustful or morose. [His,Her] vision of the world is a little too centred on constraints and limitations which can give [him,her] a closed, rigid and even sullen aspect, which ends up by discouraging relationships (see the others main vibrations of your name to confirm or not this tendency). It would be in M's interest to be more open, more accessible, more cheerful and less attached to conventions. In changing [his,her] vision, in becoming more generous and more open-minded, M would make [his,her] lifestyle more attractive. All these characteristics are found in the graphic of this letter. The edifice is imposing and the appearance is square. Two pillars, well planted, give M solidity. No openings on the sides signify that expression and contacts are not privileged. No curved lines so little flexibility. The folding joint which links the two principal pillars limits affective communication.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

([674] [671] [675] ([674] affinitynumerology.com:) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.

([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet

creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): L

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "L" tends to intellectualize experience, which can delay the completion of projects. The last step completed generally brings a smile.

([671] spiritwalk.org:) You are intelligent and witty, however you prefer to dream rather than to act. If you want to achieve real goals, you will have to be more decisive. You are sincere, tactful, benevolent and decent person. If you have a chance – travel and go out of the comfort zone. Harmony in everything is the key for you, so avoid drastic decisions.

([672] numerologist.com:) Capstone: Your projects rarely get off the ground because you are very emotional and prone to accidents. You avoid the responsibility that comes with accomplishment and do not mind giving in to the competition.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

2 on the Mental Plane

Clear mind and good memory. The ability to work hard, although spurred by desire to prove your worth in the eyes of others. Looking around, don't forget to take a look into your own self sometimes. This will help eliminate your internal contradictions.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

9 on the Emotional Plane

Unselfishness, kindness, love for the neighbor, compassion. It is hard to say if the era of good and justice will ever come, but without people like you, even the hope for it would have died long ago. The only pity is that your sublime dreams don't always find their reflection in reality. You can perfectly express yourself in any of the arts, where the rank obliges you to be head in the clouds while remaining a resident of the Earth.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

6 on the Intuitive Plane

There is one peculiar sphere of human nature – spirituality. An armor that may seem impenetrable from inside can easily be affected by the loved ones. Therefore, don't try to isolate yourself from the world by a wall of innermost thoughts and personal feelings. It

may happen that at some point there will be no one inside you, but yourself.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 6 line «1-2-3»
111	–	777	Moneymaking: 2 line «4-5-6»
character, will	health, beauty	luck	Talent: 5 line «7-8-9»
			Tenacity: 6 line «1-4-7»

vital energy	logic, intuition	sense of duty	Stability: 3 line «3-6-9»
			Spirituality: 7 diagonal «1-5-9»
			Temperament: 6 diagonal «3-5-7»
3	–	99	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 3

"Low interest" - this level is sufficient for superficial knowledge of the exact sciences, techniques, algorithms. You also have some inclinations to invention and creativity.

Health, beauty — empty

Luck — 777

"777" is a sign of great success and full ownership of one's destiny. But it will be possible to come to a great success only after serious tests of fate. There is one problem for a person with this sign: they have exactly what they want. As soon as thoughts become negative and self-belief vanishes, bad result comes quickly.

Duty — empty

"Owe nothing to anyone" - public or other duties are usually not familiar to this person.

He or she can not be called a complete egoist, but all their goals are directed primarily at themselves. In their dreams, they strive for "freedom" and "independence", for which read absence of any kind of responsibility to anyone or anything.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 6

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 3

"Impulsive stability" - it looks like this person has strong habits and attachments, but one day this they change absolutely everything. That is their nature.

Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 6

"Too hot" - a person with this temperament always seems unsatisfied, even if they have just left the bed. Sometimes they can even refuse intimacy losing any interest to it, showing external coldness. And sometimes, on the contrary, in search of diversity they go beyond a joke. This is an unbalanced temperament that knows only extremes. Despite these, people with 6 in temperament are completely faithful.

Two of Diamond believe they know best. They make excellent parents and leaders. They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

First Karma Card: Six of Clubs

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition. All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence

many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of

their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Jack of Spades (metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Eight of Clubs (metasymbology.com:)

CLUBS: Mind - Comprehension - Process

EIGHT: Management - Control

CHALLENGE: Understanding

Air-Swords - Planets: Mars & Neptune

CLUB: The Club personality is interested in brainpower. The spirit of the Club is confined

to mental processes. Its purpose is to determine, organize, and regulate. It is the element of air; invisible thought-things that manipulate our visible world.

EIGHT: The value of eight is control. The personality of the eight attracts experiences that give them opportunities to manage and control.

JOURNEY OF THE SOUL: The Eight of Club personality is designed to help the Soul understand the power of mind. It is the conscious and the subconscious mind. The Soul Card for the Eight of Club is the same: the 8 of Club. The journey of the soul is to reconcile the relationship between the conscious and subconscious mind.

Eight of Club personalities are provided with so many fortunate opportunities in life, they are rarely compelled to explore the deeper (or higher!) meaning of life. The evolution of suffering does not apply to the Eight of Club. Nor should it. They have come to understand the functioning of the mind, not heart.

Eight of Club people are like the cats who always land on their feet. Protection surrounds them in all departments of life. All of their cards are in the Jupiter Line: Jupiter is the Giver of Gifts. It is this very blessing that trips them up.

The 8 of Club are resolute in their opinions and beliefs. They can appear unsympathetic toward the misfortunes of others. Not that they don't care—they do—they just prefer to allocate their energy toward finding practical solutions.

Most Eight of Club project a strong, can-do attitude and prefer intimate relationships with productive people who have something to bring to the table. They choose platonic relationships over marriage. And if they marry, their independence must remain intact.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Six of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Six of Diamond Meaning: Completion of Obligations

Karma for the 6 of Diamond - True Worth

Fire-Wands - Planets: Mercury & Jupiter

Six of Diamond represent the need for understanding values. A very successful and satisfactory life can be built for these people when money is not made the sole objective. The acquisition of knowledge is not easy for the Six of Diamonds; there are obstacles and frustrations for them. There may be difficulty in acquiring an education in early life -- or there may be unwillingness to bother with it on their own part. Money, however, is vital to the people born under this card. Often times they want to begin earning it even before they know where, or how! The women of this Card should strive not to depend on their personalities for success, and the men not seek a wealthy marriage to promote their own objectives.

For both men and woman Six of Diamond, finances tend to go to extremes, and will remain in one state for a long time -- either way up, or way down.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Four of Spades

(metasymbology.com:)

Spades: Body - Work - Spirituality

Four of Spade Meaning: Harmony in Work

Karma for the 4 of Spade: Entitlement

Earth-Pentacles - Planets: Venus & Jupiter

At first glance, Four of Spade have cards of success and power. However, until age 26 years, their impressive karma usually leads to a false sense of entitlement.

This is more true of the men than the women, and often because of the mother using money and gifts to show her love, fostering the notion that abundance is their right. In their later years, the 4 of Spade can experience dark moods as their skewed understanding of prosperity translates into frustration and loss.

Four of Spade are sensitive and they enjoy helping others. They conceal their strong feelings behind a brash demeanor, which makes them come across as being proud, or egocentric.

They are physically very strong and excel in sports or challenging physical activity. They appreciate art and beauty and can do very well for themselves when used in industries that cater to the arts, women or home decor.

To overcome their karmic challenge of entitlement and resentment, the Four of Spade must not only work hard for what they want, but enjoy the process of work. For those 4♠ who find their passion and look beyond the trappings of prestige and glamour, theirs is an exceptionally fortunate life; satisfaction and success for the taking!

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Ten of Hearts

(metasymbology.com:)

Hearts: Feelings - Relationships - Love

Ten of Heart Meaning: Success in Love

Karma for the 10 of Hearts - Isolation

Water-Cups - Planets: Mars & Jupiter

With the highest value of hearts in the deck, the 10 of Heart person is intensely aware of their emotional/social connection with the world around them. The meaning of their card is the expression of love in all aspects of life.

Those who are born on a Ten of Heart day are at their best in large social situations, on the stage, or in politics. It is only in their more personal and intimate relationships that the 10 of Heart become overwhelmed and safe-box their feelings. With this in mind, the 10 of Heart need to guard against isolating themselves from the people contact so important to their wellbeing.

10 of Heart are ambitious and have penetrating focus. An overwhelming need to be loved or appreciated compels them to be the best at whatever they do. They also have a knack for good business and secure the best contracts or conditions for success. Ten of Heart people seem to be very lucky. In part this is true. But it's only after much hard work and determination that Divine Providence bestows Her bounty of earthly treasures onto the worthy 10♥.

In matters of the heart, the Ten of Heart feel they should be at the helm of their relationship. Not because they want to dominate, but because they feel better able to protect, heal, or otherwise fortify the home.

After age 91 the cycles repeats.

Cosmic Lesson Card: Queen of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

Cosmic Moon Card: Five of Hearts (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Patience (9) Cib

South (Yellow) glyph: Surprise / Mystery

Day Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Cib is a serious, wise, deep, realistic, and pragmatic day-sign. Some Cib types are philosophical about life, others sing the blues. These people have a sense of limits and fatality that makes them seem ultra-realistic and pragmatic.

They know nonsense when they see it but will give credit where it is due. Some are hardened to life, and most are status conscious and have very high standards.

Most have an excellent sense of judgment, are extremely competent at what they do, yet are critical of how others do the same thing.

Some have a tendency to downplay the apparent feelings of others. Although they have to work hard in life, or they may be deprived in some way, they still make progress. They tend to ask, Why should others be held to a different standard?

Cib types are sensitive to authority and hierarchy, often driven to seek high positions, and they sometimes become victims of those already so positioned.

Those born under Cib are acutely conscious of their social or political status at any given moment. For most Cib types, this characteristic means that they are self conscious when around people who can judge them in some way, and they fear rejection.

Although most Cib types maintain their authority and high position relative to others, many are victims. They face the authority issues that are central to this day-sign from the other side. Some are simply taken advantage of; some are even beaten and abused. In certain cases, this abuse is more a social issue, in which the majority rejects what the Cib type believes in.

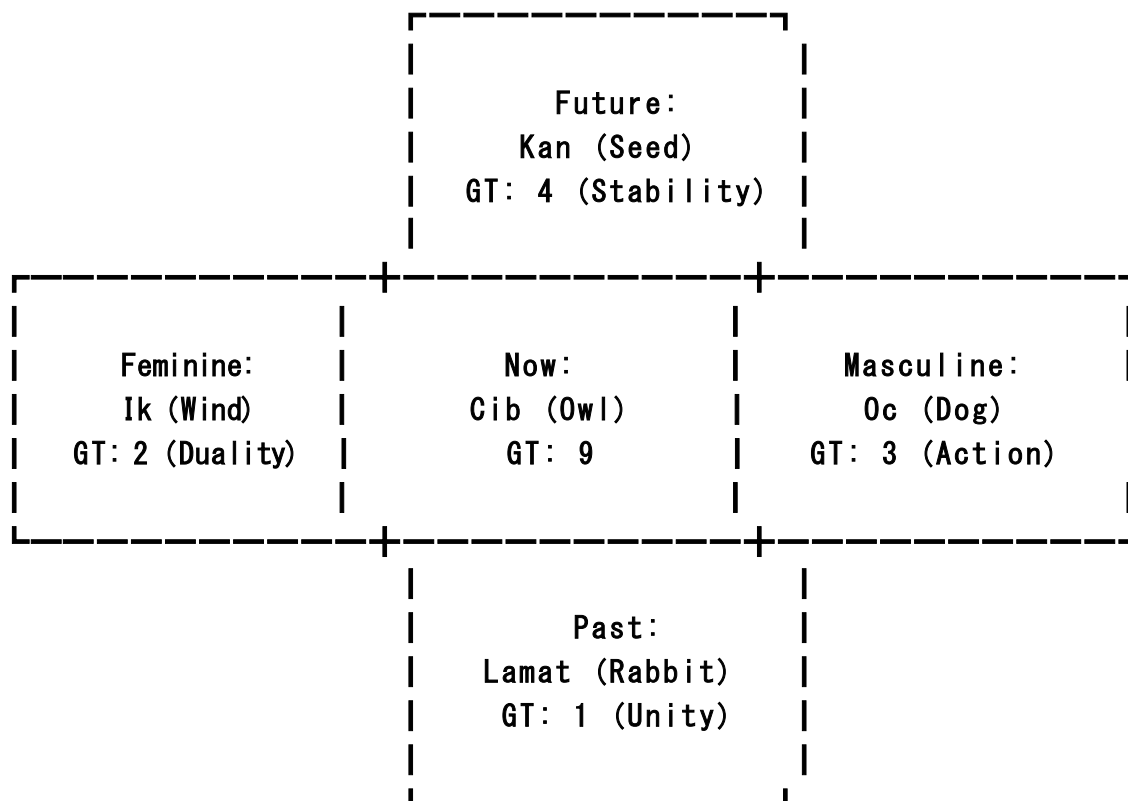

It is in giving advice that many Cib types excel. Their challenges in life, and their acute awareness of what works and what doesn't in society, give them the ability to make good judgments for others.

Challenge:

To overcome self consciousness and personal insecurities.

Solution:

To excel in one's career.

Four Directions

Those born on the day of Cib are highly sensual people. They have deep inner connection with the earth and the vitalising power that flows from the underworld, connections that assure a sensitivity to the world of the flesh.

As their past sign they have the fertile and self-indulgent Lamat, while the sexy Oc constitutes their right hand power. What is the end of their road, their future sign? Kan, the ultimate sensualist.

Despite so much temptation, Cib people will be forgiven for their lapses, or so the day-keepers assure us. We may remember that Cib is essentially a sign of "karmic clean-out", symbolised by the carrion eating vulture itself and by the "descending goddesses" who in ancient times, were associated with this day. These goddesses were, in a sense, the spirits of the dead who have come back to jar their descendants into awareness by making their lives temporarily miserable.

Moments of misery and darkness purify our souls, begetting new life and a greater degree of compassion. As symbolised by the votive candle that "burns away our sins", another attribute of this day-sign.

When the day-keepers speak of sins, they are referring primarily to sins of the flesh, especially those involving sexuality.

The Cib still enjoys a prominent role in the folklore of the modern day Maya. He is generally represented as a slow, easy going creature, though other animals avoid him because he smells of carrion and appears lacking in intelligence. He is nevertheless a useful bird and, in his own lazy way, a good fellow.

In Mayan animal stories, he often gets tricked, but he may also play the final trick himself; he is not as dumb as he looks. It is believed that Cib people, like their totem bird, will be generally irresponsible but often lucky.

The Cib attitude towards parenting is sometimes slipshod; though affectionate with their children, they tend to be overly permissive and irresponsible. Neither are they the most faithful of spouses.

There is a certain good natured laziness about Cib people which is as charming as it is annoying. Despite their lapses and their seeming lack of motivation, they do well in business, accumulate money, and their families usually prosper. Why not? Their karma is being cleaned up and placed in order for them even as they journey through their daily lives. The day-sign Kan lies at the end of their road, signifying that their rewards, like their relatively simple joys and desires, are to be found in the material world and its pleasures.

Patience

- * Connection to others
- * Soft blanket
- * Comforting
- * Direct connection
- * Perspective
- * Patience
- * Remaining strong

From 1 to 13 is a long journey of evolution, and at the station of Tone 9, we find the

power of patience. It is almost at the 70% of the journey, where most marathon runners need to go through a certain shift in their minds to keep up the hard work.

Tone 9 brings you a wide perspective on life and issues, therefore, you know how to be patient. Thanks to this energy you own your power in a mature way. The 9 energy allows for plans and projects to come into the last stage of completion.

Trecena Sign: Rabbit

/ Star / Lamat (Yucatan) / Q'anil (Kiche)

Beneath the 1-Lamat surface personality is a competitor and fighter.

This aspect of character may not always be apparent to others until they get to know the 1-Lamat person well.

1-Lamats secretly love a confrontation and will take risks in life in order to create conflict. These people prefer a life of competitive challenges rather than one of routine, and they should try to meet those needs in non-destructive ways, such as through running a business.

Night Lord: 4

Some people born under the influence of this Lord are teachers, some are healers, and some are over protective parents. Most seem to have a nervous disposition and a need to talk. They are intense guardians of one thing or another; other people, children, pets. Youth is often a fixation for them; they are drawn to children and perhaps even work with them in some capacity. Their nurturing instincts are quite strong, and they need to find healthy outlets to express this urge. Their darker side lies in understanding that their nurturing influence can become a detriment in many ways.

The communication skills of G4 types make them excellent teachers. They can be very creative with their thinking, a quality that lends itself to art and writing. On the darker side, they think or talk incessantly and often struggle with ways to turn off their minds. By working as a teacher or communicator, they may be able to turn this tendency into positive activity.

G4 types have a tendency to scatter their energies and this inclination may lead to being a "jack of all trades but master of none."

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Mercury conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Looks – Why are Taurus Ascendants so Attractive?

Taurus is ruled by none other than the planet of beauty, Venus. As a result, Taurus ascendants have attractive bodies and killer looks.

A Taurus ascendant man has a strong body as that of a bull (the symbol of Taurus). They're neither too tall nor too short. More than their face, it's their enigmatic personality and confidence that make them irresistible. They're always the best-dressed men in a room. However, due to their love for food, they can get a bit stout around their bellies in

their mid- thirties.

Personality - Is Taurus Rising Rare?

One might expect all the 12 zodiac signs to be exactly 30° apart. That's, however, not true. Out of the total 12 Zodiac signs, Taurus and Aries quadrants are much more narrow than the others. Needless to say, it makes Taurus rising very rare indeed.

1. They Love to Show Off – Taurus ascendants have exquisite taste in fashion and jewelry. They like to dress up and love it when others notice and admire them. It wouldn't be entirely inappropriate to call them materialistic.
2. They have a Knack for Expensive Things – A Taurus ascendant can put your entire collection of branded apparel and exquisite gems to shame. These people will always somehow end up placing their hands on the most expensive things in a store.
3. They can be very persistent – You might assume that beauty and luxury can blind or distract Taurus ascendants. That's, though, far from the truth. They are so driven to enjoy a luxurious lifestyle that they persistently chase their goal.
4. They Hoard Stuff – It's one of the drawbacks actually. Taurus ascendants end up hoarding so many things, expensive things, that it can lead them to financial troubles.
5. They are Stubborn - When a bull makes its mind, nobody can change it. Taurus ascendants are steady and so focused that it's just next to impossible to change their opinion.
6. They are Loyal – This is the exceptional quality of Taurus ascendants that attract other people around them. A Taurus ascendant never cheats. Period!
7. They are Possessive in Love – Taurus ascendants, both men and women, are possessive and jealous lovers. They aren't the spying kind of psychos though.

Love Life – Are Taurus Ascendants Lucky?

Taurus ascendants aren't the type of people who blindly chase love. They live in the moment, especially Taurus ascendant men. They don't anticipate all their relationships to bloom.

1. Both Mars and Mercury should be well-placed for Taurus ascendants to enjoy a smooth love life and married life.
2. When they do fall in love, which can be just as rare as their rising, they expect loyalty more than anything else.
3. They might not be looking for love, but they do not believe in having meaningless sex either. They are very much emotionally present in a relationship whether or not they see their future in their current partners.

Whether or not they are lucky in love entirely depends upon the position of their Mercury. And, whether or not their marriage will be blissful depends upon their Mars.

Compatibility – Who should a Taurus Ascendant Marry?

Taurus ascendant compatibility for marriage is something to ponder about. These people are special and it requires someone special to see beyond their materialistic facade. If you're anyone of the following, a Taurus ascendant is your true calling.

1. Capricorn ascendants and zodiac signs.

2. Taurus ascendants and zodiac signs.
3. Virgo ascendants and zodiac signs.
4. Pisces ascendants and zodiac signs.
5. Cancer ascendants and zodiac signs.
6. Scorpio ascendants and zodiac signs.

Taurus rising is one of the best times to be born. Taurus ascendants usually enjoy a very good disease-free life throughout their childhood and even in the later years of their life.

Their taste for wine can be a cause of worry though.

There's a caution for Taurus ascendant men. Their love for exquisite cuisines can make them fat in their middle age. It's, therefore, very important that these men keep their eating habits in check. Also, these people can catch a cold and flu easily.

Aquarius Sun ☿ ♒ and ☾ ♓ Pisces Moon man

([846] i.thehoroscope.co)

Eccentric and fascinating, the Aquarius Sun Pisces Moon personality raises more than a few eyebrows but deep inside, these people are affectionate and have simple needs.

People born with their Sun in Aquarius and the Moon in Pisces are gentle and very

supportive. It's easy for them to make friends with anyone, plus they will give all they have to their loved ones and they will be modest about it.

These natives are wise and honorable. They can identify what's wrong and what's right. But they will often feel conflicted by the fact that they are practical and at the same time very spiritual.

They will never try to manipulate or to discriminate, so people will trust them completely. Because they believe in others very much, many will try to take advantage of them.

An Unconventional Personality - In a nutshell:

Positives: Sophisticated, responsible and original;

Negatives: Questioning, restrained and skeptical;

Perfect partner: Someone who accepts their eccentricities.

Advice: To be careful about the quality of their perception.

Personality traits

Individualistic and attracted to the spiritual world, the Aquarius Sun Pisces Moon natives are friendly and highly perceptive. But the Pisces' influence is mostly felt in their emotionality and creativity.

These natives will persevere in getting what they want. They are hardworking, detail-oriented and wish for discipline above all else. The way they react to what is happening around them is very interesting.

It's possible they will spend most of their time dreaming about what could happen. Everything out of the ordinary and abstract interests them. That's why they will most likely study philosophy and religion.

And they can be avid readers, not to mention how good students they are. Many will think of them as knowledgeable because they will actually know everything about many subjects.

More interested in progress and intuitive in their behavior, the Aquarius Sun Pisces Moon people can't stick to a routine. They believe in their own dreams and they really dream a lot. Because their mind always wanders, they can easily forget what project they have started and why they decided to follow a certain route.

They perceive the world so vividly, so it's not the best way for them to pay attention to everything they set their mind to. Private, these Aquarians will never allow too many people in their life.

Moon Pisces are dreamy and not all the time anchored in reality. While not able to deal with problems in a practical way, they will compensate everything they are missing with

a great intuition.

Another great quality they have is that they can perceive what others are feeling without talking to them too much. And they will definitely care about any problem others have.

No one is better than them at offering support but they can be easily influenced and lose themselves in other people's pain.

They will save the situation with their silly sense of humor. It's not like they are the party-starters, but they can surely bring a smile on the saddest of faces. Not to mention how easy it can be to make them laugh.

The human nature fascinates them. They want to be in touch with everything others are transmitting, and they can easily perceive emotions. Because they are good at imagining and speculating, they will be great at making money too.

With their intuition, they will feel when certain stocks will go down and invest in what really seems to work the market. This is how they will seize financial opportunities. Not the most talented leaders, Aquarius Sun Pisces Moon people are better when they need to use their talents and their creativity.

They can drift off when things are not going quite the way they want them to. It will be necessary for them to sometimes be more determined because they can be too cautious.

They will succeed only when they will decide to no longer be passive or too amiable. Letting others know they can't be taken advantage of is a great idea for them. As a mutable Water sign, Pisces change their personality more often than others change their clothes.

They like to work but won't stay for too long at a job. Perhaps if they would be required to travel the world or to change the environment.

These natives prefer to start all over again and to master new techniques all the time. That's why they will have more jobs than most people. As they are big dreamers, they will do all kind of strange things like farming for truffles and tending for bees.

Many of their occupations will seem impractical. Moon Pisces are known for their kindness and loyalty.

When it comes to love, they want to meet their soulmate and to live with him or her for a lifetime. Their need to show themselves will only be satisfied through art.

When seeing someone in a bad situation, they will do anything to help. Humanitarian

causes will occupy a lot of their time. They don't really care too much about money because they are able to rise above the material world. They want peace and serenity to rule their life.

Love characteristics

Sun Aquarians approach their relationships in a unique way. They are not like others for they could be loving this moment and completely detached the other.

But it wouldn't matter the way they treat their lover, as they will still think love is sacred. Their partner should know the only way to make them run away is denying them their freedom and their way of thinking.

All these natives want more than anything else is to be themselves and to respect only their own rules.

And their other half would have to understand they are very individualistic. Keeping them guessing would be a great idea because they want to be surprised. They would be more than happy to share their life with someone who's as unconventional and as eccentric as themselves.

Moon Pisces can understand what most of other people don't. They are sensitive and can see beyond reality. And this makes them weak but strongly intuitive.

The Aquarius Sun Pisces Moon individuals need a partner who feels the way they feel, someone who isn't necessarily very aware of the fact that he or she is sharing emotions.

They are empathic and they can drift when life requires them to be as alert as possible. Their energy is from the Universe, a deeply spiritual light that goes beyond their own person.

Aquarius Sun and Pisces Moon man

The Aquarius Sun Pisces Moon man will always look dreamy and will play the confusion card, as if he doesn't know where he is. And he will be like this no matter the situation or the people he's dealing with. He can have mixed feelings when taking on too much.

He will end up not knowing how to separate feelings and activities. Because he's deeply spiritual, he will most likely become a priest or a religious guru. The occult attracts him, therefore many will see him as strange because of this.

A career involving technology or a very competitive environment will never work for him. He would be happy if he'd be able to help people. That's why he could be a great psychic.

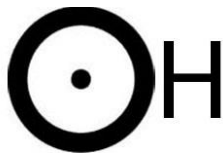

Imaginative, the man with the Aquarius Sun Pisces Moon combination thinks a lot in

images. If trained and motivated, he could become a good artist or designer. But he needs to be more disciplined and focused for this to happen.

Without concentration, he's just a wreck that continues to degrade. Easily influenced by others' feelings, this man absorbs emotions like a sponge.

That's why he needs to meditate and to relax as often as possible, but with care, as isolation makes him too apathetic. Many will think of him as uninterested in others because he's easygoing. This is the Aquarius' influence. But he's very caring, just that he doesn't show it.

Sun ☉ in X 10th House

([868] i.thehoroscope.co)

This placement of the Sun makes people work hard for their objectives and to want to reach a certain status because power gives them a real high.

Natives having the Sun in the tenth house want fame, to live an honorable life and they sometimes get involved in scandals. They're determined to have a position of power and authority, not getting bothered by the responsibility this thing would imply.

They're usually politicians, dignified army people or any other role that gives them power. Being good examples for others because they're motivated to make a name for themselves, it's very likely they will manage to build a very good reputation.

Only a few Sun in 10th house people remain in obscurity because these natives have a special need to be respected and appreciated in society. It's like they've been born for nobility and for inspiring others to be greater people.

Summary:

Strengths: Responsible, sensual and hardworking;

Challenges: Superficial, tyrannical and vain;

Advice: They need to learn to balance career and personal life.

Beyond ambitious

People with the Sun in the tenth house like to work hard for their goals, success and feeling of accomplishment because power is in their blood.

They hate taking orders and have a need to be the ones with authority at work. It's important for them to evolve in a career where they're the ones who manage, not those being managed.

These people should deal with the fact that they're ambitious, but not create a fake image of themselves and try to act as if they have a higher position than they actually do.

Sun in 10th house natives are determined to succeed and most of them will, but not until their thirties or even a little bit later.

They may have problems at home because they're always putting career first and are too ambitious about their professional life rather than the family one.

These individuals have all that it takes to be great leaders, even if others see them as arrogant and tyrannical.

The 10th house rules over recognition from the public, the incapacity to take orders and the need to be in control of things.

While the Sun can be unusual when it comes to career, natives having it in their 10th house are thirsty for the attention of their public and have the ability to succeed at any career they may choose.

It doesn't matter their profession, their Sun in the 10th house will be at peace if they're the ones who pull the ropes and everyone admires them for being such hard workers.

Relating to the public image, the house just mentioned makes people with their Sun in it very aware of how others perceive them.

These people are very ambitious to obtain all the respect in the world, whether they're CEOs or just starting at a job.

As said before, many of them are politicians, so power is another thing they'll certainly struggle to get their hands on.

However, they should be careful not to become obsessed with it because a life that is only centered on self-image and power is superficial and not in any way satisfying.

The positives

Sun in 10th house individuals are driven to have as many achievements as possible, from a very young age.

They're hard workers and strong characters who can overcome any obstacle, no matter

how difficult.

These people are recognized by the public as responsible and determined to succeed individuals. It's important they learn how to relax and create a balance between their professional and personal lives.

Having a good time while also being successful is possible if they become more willing to also play from time to time.

More focused on what's happening outside their environment and on asserting what their main qualities are, they will use everything they know to obtain a high social position and to get acknowledged at work.

The Sun in the 10th house motivates them to have a strong influence and to get recognized while they're also satisfying their thirst for power and make their dreams come true.

This means they will fight for a good career and a good place in the society, usually managing to obtain a status where they have many responsibilities and get to be recognized by others.

The placement of the Sun in the 10th house influences them to want to put their talents to use and to be better than the crowd, also to lead rather than to follow.

Everything meant to help them advance in their career will fascinate them. They may have an identity that is highly influenced by their job and other things that brought them success or helped them attain their goals.

Usually involved in public matters such as the ones relating to politics and speaking for the masses, these will be of the utmost importance for them.

If they won't have the opportunity to be participants in the public life, they will identify themselves as someone who does, while secretly dreaming to have important people's roles.

They really don't like being private and alone because this limits their opportunities to become successful and achieve many things in life.

It's like something is pressuring them to succeed and to become someone whom they're proud of, often seeming that success and achievements are life-and-death matters to them.

That's why they'll always have high goals and work hard to achieve them. It's more likely for them to go to a job that allows anyone to advance rather than a place where there

isn't too much room for climbing the ladder, like in bartending.

They really want to be appreciated and admired for their efforts because this is what builds up their self-esteem. Their goals will be precise and their approach to achieve them methodical.

These natives are the incarnation of professional success, all the negative aspects in their chart being sometimes too difficult to counteract. But usually, they're composed, proud of themselves, authoritative and charismatic people whom others respect and even admire, no matter how reserved and shy they may seem.

It may seem for many that these individuals don't even make an effort to advance in their career because they're all the time in the right place, at the perfect moment.

Dignifying and honorable, natives having their Sun in the 10th house are usually respected and even an example for others.

Usually in leadership positions, as if their Sun would be in the 1st House, they hate being commanded and second place.

It's like all the ambition in the world has gathered in them, so their goals will be reached more or less easily, depending on how difficult these may be.

It's important for them to have ambitions, yet they should pay attention because a rapid professional evolution can also bring them many enemies.

Not that they shouldn't chase their dreams anymore, they should just be more aware that some of their colleagues may try to impede them from succeeding.

The negatives

The Sun in 10th house individuals tend to identify themselves with what they've accomplished in life. If they won't realize they're more than the sum of their successes, they will all the time believe only career is important.

Their profession may also be a big part of their identity, making them feel very proud if it's a noble one and they have managed to get recognized for being good at it.

If they haven't achieved that much at work, they will think less of themselves, but still have their work done in a perfect way.

If the Sun in the 10th house is afflicted, the natives with this placement may be tyrannical and abuse their power in order to deal with their insecurities.

It's also possible they'll work around the rules and step on others to get where they want,

causing Saturn to become angry and to remind them through its negative influence that they should be more honorable.

The fact that they want success may have something to do with their kept-away insecurity, but the Sun's energy would have them overcoming this issue and become more stable, able to find their center and also turning their assertive or exploiting ways into a need to cooperate and make things better for everyone.

If insecure, they may feel only professional success can save them. As they appreciate themselves based only on what's not all the time in their control, they may feel not worthy when their boss doesn't give them the position that they're working so hard for.

In this situation, they may push themselves to the extreme, until feeling there's only emptiness in their life. Just success makes them feel authentic and happy, this being sometimes problematic when working with others.

Another way through which their insecurity expresses itself is when they become so intimidated by their need to be the best that they no longer know what standards should try to work by and thus, fail all the time.

This means they'd start having a low self-esteem and no matter how much they may try, anxiety and stress would be the only ones ruling over them.

Authority is what makes them weak as well because they want to have it too badly. They should be mature enough and leave their pride aside as this is the only way for them to develop in an efficient manner and from inside out.

In case they'll manage to attain a certain level of maturity, they will certainly turn into models of power and responsibility for others.

The Sun in their tenth house makes them oppose authority while commanding it themselves. This would be a downside because they may bother some important and influential people in their life and not obtain what they want the most, which is success.

It can be challenging for them to be parents because they're too authoritative, but at least they'll be appreciated at work for this.

Sun ☉ - Detriment in Aquarius

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

Moon ☾ in XI 11th House

([882] i.thehoroscope.co)

People with the Moon in the 11th House can achieve great things in their lives.

The 11th House rules over friendship, making the natives of this placement very needy when it comes to the support of their friends. People having Moon in 11th House are very helpful and, just like the Moon has an effect on the sea and changes its tides, it also influences them to be quite unstable emotionally.

Full of dreams and possessing a good heart, they can change their objectives according to their moods, so it's very unlikely their goals will be attained too soon. Very good friends with those who are their family, their connections are the strongest with individuals who think the same as them.

It's essential for these to form relationships with other people besides their family. When it comes to their interactions, these can be intuitive and built on charm. However, they can attract sad and moody individuals, or people who are not at all reliable, this causing them to be involved in all sort of scandals.

Summary:

Strengths: Friendly, creative and idealistic;

Challenges: Changeable and distracted;

Advice: Work more in collaboration with others.

Acting quite sentimentally

The Moon's position in the 11th House indicates its natives need to belong with someone and to be supported by the members of the groups to which they belong.

They don't mind giving all of their help and couldn't stand not having any social life at all or their friends to change all the time. This can have them emotionally agitated and unstable in their relationships, going through subsided feelings for those around them.

Their dreams and goals are big, because they have high hopes for their future. Most of the Moon in eleventh House people are generous and kind, but very changeable when it comes to their objectives and moods. This means it can be difficult for them to work towards a specific goal and to fulfill their dreams.

The more they're involved in groups and all sort of activities with other people, the more they feel emotionally fulfilled. Their friends are very important to them, and they're usually best friends with people in their family and those who are always sharing their way of thinking.

However, they should have other individuals in their life besides their relatives. With the Moon in this position, they will have many members of the opposite sex close to them.

As a matter of fact, they are ruled by a feminine energy, acting rather sentimentally in all kind of situations, especially when having to deal with others.

When the Moon is in negative aspects, too many emotions can get involved and disturb the relationships of the ones it influences. Therefore, the natives with this in their natal chart can have many conflicts with others and especially women or witness many tensions between ladies.

If the Moon is afflicted, their reactions can be hysterical and their emotional outbursts exaggerated. But they usually immediately forget such moods because the Moon changes its cycles very often.

For the same reason, Moon in 11th House people may make new friends very often, because the Moon brings more and more people in their life.

Their old acquaintances will disappear from their life according to how the Moon changes its cycles, but no matter what, they will always be enthusiastic when dealing with new friends, forgetting about what happened with others.

They mostly rely on their intuition when choosing whom to spend their time with, and their intense emotions will disappear as soon as they get used more to a person. However, many Moon in eleventh House people can also revive their old friendships very easily, which may seem strange for others.

No matter what, they would hate being lonely and spending their time inside, this being one of the main reasons for their depression.

What they need the most is to be surrounded by people, and when they're Moon Scorpios or have a conjunction with Pluto, they may even suck on the energies of the groups they belong to.

They would obviously do this unconsciously, others being confused and wondering why they no longer have any energy left after meeting with other Moon in 11th House individuals.

Because they can be easily impressed, they should be very careful when choosing their

friends or business associates. Also, they should avoid being very dependent on always getting approval from their close ones.

Other aspects and placements of planets or signs can change all these things more or less, but things will be pretty similar with all the natives having Moon in the eleventh sign.

If the position of the Moon is afflicted, they may have conflicts with their mother when discussing things relating to the eleventh House. It's normal for them to associate their lady friends with their caretakers and treat them as such.

The influence of the people in their life can be either positive or negative, because some of their acquaintances can't be in any way trustworthy or not at all as close as they would want them to be to the idea of friendship.

It's also possible for many of their friends to be changeable or to not appreciate and care about them in any way.

The unconventional types

When not around people they know, Moon in 11th House people feel lost and truly upset because their security is established by their relationships and also because they feel warmer when in the company by others. For men, women friends are something normal because they can get along with anyone.

One good thing about the way they are is they can get together with very influential people who help them succeed and achieve great things in their career.

In case they have some insecurities inside their mind, they will identify themselves as much as possible with the group of which they're a member, losing all of the identity they may have left. It's possible for them to give in to peer pressure because they simply can't go against their friends as if these are their family.

Natives having Moon in the eleventh House are very interested in fitting in and have a need to be a part of a collective. When people reject them, they start to feel depressed and no longer want to hear about anyone and anything. It's normal for them to feel alone sometimes, no matter how many people surround them.

That's why they may not conform to social norms and practice the unconventional type that characterizes their Moon sign.

Moon in 11th House individuals may surprise others with how controversial they are, puzzling and making them shake their head in disapproval when doing something out of the ordinary. This is why they may feel like they're not actually fitting in and that no one understands them.

But this can also make them extremely free, as the Moon in this placement influences these natives to be very independent anyway. These individuals can deal with what their Moon needs without caring what others think of them.

While they express the energy of the Moon and never judge what it's asking of them, they can be so uncaring that they don't even realize how they're being influenced by it.

When making friends, they always rely on intuition and avoid being alone as much as possible. They will always approach those who feel left out and haven't been accepted in groups. As a matter of fact, the more rejected a person, the more interesting he or she will seem to them.

It wouldn't matter what culture others would belong to, or what language these will speak, they will befriend them and come up with many ideas on how to spend some quality time. Their personal lives are private, and what they're doing alone will be kept a secret.

Moon ☾ in 27th Nakshatra: Revati

16°40'-30° Pisces

Short Version [2]

Strength: creative thinker, independent, lucky, by all, gives and receives support, gifted at arts, nurturer, promoted quickly, skilled in pleasing, sociable, good counselor, proud, stately presence, sparkling personality, loves and protects animals and pets, longevity,

brave, well groomed, good hygiene, might be born into a wealthy family, interested in ancient cultures, selflessness, compassionate, caring.

Weakness: takes on other people's problems, overindulgent, poor health, amoral attitudes, doubt ridden, low fertility, spiteful when hurt or jealous?, resentful, feels inadequate, low self-esteem, overly sensitive, stubborn, volatile, co-dependent, easily disillusioned, victimized, feels unloved or insecure.

Overview [1]

- Lord: Budh (Mercury)
- Symbol: Fish or a pair of fish. This represents alacrity, learning, movement, and hidden features.
- Power: To nourish. Persons born under the star of Revati often have a knack for uplifting, encouraging, and nourishing others.

Strengths [1]

Revatis are sincere and earnest, known for their no-nonsense approach to life. They have an outgoing, social personality. Often good-looking, they win over others with their charm, affection, and warmth.

Revati natives have a sixth sense — their intuition is strong. For this reason, they are highly empathic souls, and they can use this ability to comfort, console, and guide others in difficult times. In addition, they have an upbeat and optimistic outlook on life. They can be a source of cheer and joy for those around them.

You stand up for what you believe in. You are loyal to your friends and loved ones. You can tap into deep reserves of creativity and enthusiasm — however, you might occasionally get carried away at times and find yourself in an extreme position.

Weaknesses [1]

Due to their high ideals, Revati-natives can occasionally slip into bouts of low self-esteem. This is caused by an inability to accept one's short-comings and take practical, disciplined steps toward self-improvement. Or it may just be a bad habit of unwarranted self-criticism. You should practice extending the same sort of compassion to yourself which you naturally extend to others.

On the flipside, Revatis can sometimes be proud of their good qualities and think better of themselves than others. Their giving spirit may come in part from a desire to prove themselves as superior. When this is the case, they will end up resenting those whom they aim to help. If you resonate with this issue, you should study the Bhagavad-gita and try to understand the principle of selfless sacrifice, in which one sees oneself as merely an instrument of God.

Your empathic nature is a great strength, but if left unchecked, it can cause you to be overly sensitive to the feelings and needs of others. You should always be sure that your own needs are fulfilled before you extend yourself for others — otherwise, you will end up burning out. Self-care is an essential aspect of caring for others.

Other Personality Traits [1]

- You are a gifted artist. You have a strong aesthetic sense and can excel in the arts. You draw inspiration from your life experiences, the natural world, and your observations of the people around you.
- You have clean habits. As a deva-gana, or godly nakshatra, Revatis are naturally drawn to a clean and orderly lifestyle. They have good personal hygiene and they respect their body as a gift from the divine.
- You are well-liked by your peers. Your compassionate and helping nature wins you many friends who genuinely appreciate you for your good qualities.
- You are a natural counselor. As an empathic person, you can easily relate to others. This makes you an excellent friend and guide for others.

Career [1]

Revati's can do well in careers that involve creativity, learning, or helping others. They may shy away from the limelight and generally will work diligently even if they do not receive much recognition.

Some ideal professions include:

- Public servant or charity worker
- Writer, journalist, actor, or entertainer
- Linguist, translator, or interpreter
- Religious worker, renunciate, or priest

Health [3]

The natives of Revati tend to neglect diet and exercise and may experience ongoing dental issues, hearing problems and ulcers. Fever may also be a source of concern for the Revati Nakshatra natives.

Physical Appearance [3]

Known to be average sized, the Revati has a good body structure and a pleasing appearance. They are generally fair skinned.

Mercury ☿ in ♎ Libra man 14° 43'

([896] i.thehoroscope.co)

He will gather as many opinions as possible before making up his mind but he is not one to be influenced easily.

The Mercury in Libra native is the best when it comes to analyzing stuff. He can tell you how to write an essay even though he didn't write that type in his entire life.

The thing is, he's very efficient and observant, willing to look at something from all directions in order to paint a fuller picture.

In a nutshell:

Positives: Principled and diplomatic;

Negatives: Obsessive and narrow-minded;

Soulmate: Someone who is expressive and full of vitality;

Life lesson: Reacting positively when in the center of attention.

A principled individual

The Mercury in Libra man is diplomatic, understanding, willing to do everything it takes to achieve inner and outer equilibrium. In his social circle, there must be a sense of fairness and justice that everyone accepts.

He's an intelligent guy who never gets tired of acting in a superior way, to achieve perfection. The middle ground, the neutral positions would make them the happiest, and arguments that go to an extreme make them mad.

As knowledgeable and curious as he is, he won't try to force anyone into accepting his beliefs or supporting his ideas. That would go against his desire for balance and general wellbeing.

It can be said that he's a very sociable person, but he sometimes just loses contact with some people, or he forgets to fuel these connections.

When making decisions, he might ask others for help in determining the best choice. He's generally very generous and fun to have around because of his enthusiasm and friendly demeanor.

His principles and virtuous character don't allow him to get into a conflict willingly, and he doesn't like fast-changing situations.

Men born with Mercury in Libra are very creative people, they read a lot and may become writers, composers or painters.

Art, in general, is the preferred domain of activity for them. Their expressive abilities are very intense, but they like the good side of life, the one full of vitality and good things.

This man is very likable and fun, often the center of attention at social events. Speaking in public comes very easy for him if only he would finally admit that contradictions and arguments are not that bad.

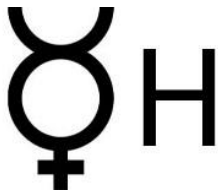

It would be way better for him to just accept that his life would bloom from that day forward. Moreover, he's likely to compliment people a lot, making them feel good, even if made because of social expectations.

The Mercury in Libra men have very high standards when it comes to choosing their life partner. They may want someone with a high IQ, but she should also look good, dress well, be calm and reasonable, all the while being affectionate and loving.

What's more, he's very uncertain about what he wants in this regard, and he might spend a lot of time deliberating.

Commitment comes with difficulty because they want to make sure that it's the right choice and the right person. And even when married, they will still flirt and talk to other women, to the dismay of their partner.

Mercury ♀ in VI 6th House

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time,

with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking plays a big part in their lives as well.

Summary:

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

Great judges of character

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

The positives

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

The negatives

What happens is that Mercury in the 6th house natives often concentrate too hard on

achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

active. It's normal for them to search for luxury and to make their life as comfortable as possible.

Flexible and not minding compromising, individuals having Venus in 1st House wouldn't mind going over themselves in order to make their loved ones happy and to keep the peace going.

Venus gives them a sort of magic that has them manipulating and charming others, so

things work in their advantage. However, always looking to get approved and appreciated can have them tired and feeling empty.

There's also the chance of them getting deceived and disillusioned, as their identity is only formed according to what they like and dislike, so they may find themselves living a fake life that consists only of pleasure or aesthetics.

([963] i.thehoroscope.co)

He may send some combative and warrior vibes in public, especially when he is keen on accomplishing something.

The Moon in Cancer man is a gentle man who prefers to use sensitivity and romanticism to conquer his special someone.

Both his willingness to do some things, ambition, perseverance, as well as his sexual thirst are affected suffering ups and downs.

He's not direct, but rather allusive, unpredictable and undercover, so don't throw your plans out the window just because he doesn't demonstrate his love in an obvious way.

In a nutshell:

Positives: Protective and affectionate;

Negatives: Overly-emotional and indecisive;

Soulmate: Someone who is very patient with him;

Life lesson: Sticking to a routine for a long time.

Some things are taken to the extreme

There are quite a few of these natives around the world, and all of them are sensitive, romantic, a manlier woman, to speak the truth. He will want his partner to pamper him, to love and take care of him in all aspects.

Of course, it's not that they can get another woman in a matter of seconds, because they can't, and it's also very hard to stay alone for a prolonged period of time.

When he's good, he's very good, in the sense that there isn't anyone like him, so loving, affectionate and compassionate.

This native will want to impress his partner, to make her love him unconditionally, without any restraints and for the rest of his life. In this sense, he takes it step by step and uses every weapon in his arsenal.

What does this mean? He's going to behave like a best friend, like the most romantic person in the world, and this might just bring him into the appalling friend zone.

In every single way, they want to pamper and protect their loved one, either by doing them small favors and services or by going against those who would harm them.

He's very sensitive and emotional, and this can sometimes be perceived and felt like a flaw, a really bad one if taken to the extremes.

And with this native, it is taken to an extreme. He's uncertain of himself, lacks confidence, self-esteem, an inferiority complex, or he might just be too fearful to make a mark on the world by himself.

This is annoying because a lot of women are looking for the exact opposite, someone brave, daring, confident, someone whom they can trust in the most challenging of situations.

Instead, he expects his lover to take care of him just like his mother would, from the smallest of things to the serious responsibilities.

Natives with Mars in Cancer sending those combative and warrior vibes down on them are very emotional, creative, and have quite a lot of artistic talents.

They can sing, they can dance, they can even become great in these domains if they put their ambition to work. As far as their personal style goes, traditional is the way to go. They don't like to distance themselves from a comfortable and fixed standard.

Moreover, his angry face is multifaceted, just like the Roman god Janus. This happens because he is very spontaneous and impetuous when things are getting on his nerves.

When they're not exploding outward with a flash of rage, they will retreat to their rooms and call their mothers, or cry in a corner, waiting for a miracle to solve their problems.

Serious about taking care of his loved ones

Romantically, the man born with Mars in Cancer doesn't like to beat around the bush and he will get directly to the part where he confesses his endless love, in a polite, romantic and exceedingly courteous way.

He's never going to show you who he really is, at least not from the beginning because he's more of an introverted type of guy.

He's not going to reveal all his emotions from the get-go, and even if he's going to cry wolf a lot of times, and wallow in his sadness, he's also very responsible and serious about taking care of his loved ones.

He's basically a soldier of fortune, one constrained to take up arms, but still a soldier. He takes everyone he loves under his protection, under his wings.

He gets attached to people very quickly and he can't stop this even if he wants to. With such an affectionate and loving soul, how could he not get attached hopelessly to people?

Whatever gets his attention, and whatever he focuses on for a long period of time, he will protect with his life, and he won't let anyone else berate his choices.

Whenever he gets angry, he prefers to take his anger out on himself, and just leave the premises, instead of coming to blows with his opponents. He's basically trying to avoid violence, but he still hurts the other by appearing distant and uninterested. Moreover, he sees sex as nothing else than a means to an end.

Establishing a family, taking care of his partner, protecting her, taking the initiative to

make plans together, thus fulfilling his emotional quota, these are the methods by which the Mars in Cancer man finds happiness.

In conclusion

The Mars in Cancer man, being so sensitive and emotional as he is, intuition is highly advanced, to a level that grants him near omniscience as far as cold reading goes.

He knows what he wants from life and he has the ambition and perseverance to see it all done before his very eyes. Patient and restrained in his moments of agitation, this native realizes that the only way he can ever find his happiness is by trying to outdo his emotional nature.

He can get very clingy and affectionate with his partner, to such a point that they will want to kiss and hug her every moment of the day.

He feels safe and protected when in the arms of his loved one. The only time when he feels like being in control is when getting all intimate, making crazy love.

He prefers doing things his own way, especially when it comes to decorating and repairing his house.

He's even set to argue with his lover if she tries to suggest other ways of doing this, and conflicts take place quite often in his relationship. He's also very adept with the new technologies.

Moreover, do learn to appreciate that he reveals himself to you like he never did before, and this is a sign that he's beginning to grow close, to trust you.

Don't hurt his expectations and heart by disappointing him, by making fun of his emotional vulnerabilities.

Mars ♂ in III 3rd House

([983] i.thehoroscope.co)

People with Mars in the 3rd House are pretty straightforward about expressing themselves and don't hesitate to talk about sensible issues and open others' minds.

Natives having Mars in the 3rd House can't rest, because they're highly energetic and

always nervous. They strongly believe in their own ideas and are always on the run, ambitious or eager to experience new things.

Their mental energy is contagious, but they need to learn how to be more analytical, because impulsiveness can't bring anything good their way. It's possible for them to have problems with the people they live with or their neighbors.

Summary:

Strengths: Outspoken, emotional and provocative;

Challenges: Forceful and hidden;

Advice: Being careful not to offend others with their opinions.

Pretty straightforward about expressing themselves

Mars in the 3rd House individuals are very energetic but usually end up having conflicts with people they spend most of their time with. If they'd learn to accept people have differences, they'd manage to accomplish more great things by collaborating with others.

Having strong opinions and getting involved in trivial arguments, they think what they believe in is correct and are struggling to convince people of the same thing, which can cause them trouble. They would make a much better impression if they'd accept others' ideas and opinions.

Fast thinkers and very good at communicating, they're bold enough to express themselves. It's possible for them to work for a newspaper, because they love reporting different events.

Writing about crimes and violence would make them successful journalists, while making fiction could have them publishing a lot because many would read their stories.

Very honest and talented at doing things with their hands, they function better when working alone or playing the role of a leader.

They will probably move from one town to the next one or get hired at the railway because they simply love traveling short distances. As teachers, they'd inspire their students to be courageous and to always take action.

When it comes to their opinions and way of thinking, they're pretty straightforward about expressing themselves and love to talk about an issue that bothers them, sharing their ideas a little bit too much sometimes.

There's something very direct and clear in the way they socialize. Matters that seem unimportant for others can truly stress their mind and they love to debate about everything. People see them as confrontational and they may be aware of it, still not doing anything to stop it.

Very good with their hands, they prefer working on their own and not having any responsibilities. When happy, they're these passionate and motivated people who talk constantly and inspire determination.

Mars in 3rd House people will always stand behind their opinions and family and will struggle to keep themselves young. It seems they always have something to say about any subject, which can be bothering for those who think they're the only ones enlightened.

When others contradict them, they take it personally and keep believing only in what they know about. It's suggested they pay attention to what others have to say, because the information may be very important.

Expressing their thoughts makes them happy, but they should be careful not to become arrogant, as they have this tendency of becoming careless and too proud when someone is prepared to listen to them.

They may offend and hurt with the way they talk, because their sarcastic and provoking ways are not always the smoothest. Not to mention they often speak first and think later. It's easy to annoy them, because Mars in the 3rd House of communication makes individuals with this placement nervous.

Practical aspects

Mars in third House people are always ready to speak their mind and can really hurt others with their opinions and ideas. They're very knowledgeable and love to share what they know, but the way they express themselves can be a little bit too direct.

It's easy to make them very passionate about things that don't even matter that much, because they're constantly looking for debates.

During their best days, they're fun and energetic, talking a lot and inspiring others to stay motivated. It's normal for them to always defend what they believe in and their loved ones because they're devoted creatures.

Their aggression gets transmitted through harsh words, so you wouldn't want to be their target when they're talking. People in their proximity will be the ones to feel their sharp tongue in the worst of ways. It can be difficult, but not impossible, to have them apologizing for what they've said.

Some of the violent hobbies like hunting or boxing will definitely be on their list of interesting things to do. Very active and unable to rest, they sometimes can't find a way to release all of their intellectual energy.

It's like their train of thoughts can't stop and they're always making harsh decisions, so a more analytical approach is definitely suggested for their peace of mind.

Only by being calm, can they learn how to deal with stress and avoid any mental trauma as these things seem to dominate their mind.

The downsides

Natives having Mars in the 3rd House are courageous and don't mind expressing all of their ideas, which makes them very intriguing. They would never back down when having an argument and usually start contradicting others as soon as feeling like no one understands them.

They should pay attention not to lose their friends and admirers because of this, so their thoughts are sometimes better when kept inside.

They should just use their adaptability and change the direction in which a bad discussion goes, making the exchange of ideas smoother, because they can get excited too easily when debating.

It's normal for them to talk about what doesn't even matter, as they think everything is important. Many will be bored of them and of how excited they always are about every little thing.

Mars in the 3rd House in a nutshell

These natives are a little bit too active and sometimes hostile. They like to think fast and in a practical way, but the way they jump to any conclusion can be very aggressive. Always talking clearly, honestly and directly, they may hurt others and argue with their family members.

It's difficult for them to admit they may be wrong, so don't expect to hear them saying they're sorry too often. When behind the wheel, people with Mars in the third House signal and swear a lot.

Matters of intellect turn them aggressive about their opinions and ideas, starting to talk faster and jumping from one idea to another, wanting to learn, to get inspired and to socialize more when around people. As a matter of fact, any social gathering makes them want more and to have as many friends as possible.

Always nervous, they wouldn't even know what a balanced life means. They should never speed, especially when on a motorcycle. The 3rd House also rules over transportation, so when Mars in it is in bad aspects, there's a high danger of accidents by car or any other vehicle.

They should pay twice the attention if Uranus is in their third House too, or if their Mars is

afflicted by this planet. Safety always comes first, so showing off their new car by speeding is not the best idea, because it could shorten their life by a considerable number of years.

Saturn ♄ in ♉ Taurus man 3° 49'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation.

Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

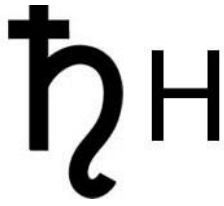

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time

analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn in the house of Aries is all about being responsible and having a need for

independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because

they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

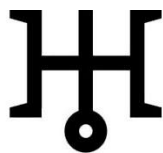

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

They are good at uncovering the mysteries lying all around us using unconventional methods. Most importantly, they will revolutionize the way we socialize with one another, how we perceive social relationships and the reactions of people to one another.

Psychologically, they are Freud's descendants walking on Earth. A new understanding of the self becomes entirely possible through their action.

In a nutshell:

Style: Passionate and resourceful;

With the Scorpio zodiac sign being a very energetic and enthusiastic native, to begin with, Uranus' influence coming up to spice things up, bringing in the sense of revolt and revolution, you can imagine what we're dealing with there.

These people are one of those who'll build the bridge to the skies, crack open the dome of ignorance and tradition that we're wallowing under.

Their emotional intensity is simmering down within, never let out into the open, but it's like a volcano building up momentum until it finally releases all that pent-up aggression. They must learn to focus on one singular goal in order to work things out.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

The Uranus in Scorpio man

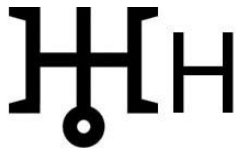

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

There is bound to be a revolution when the natives influenced by this planet walk the Earth. Either through science or occultism, he will bring about a new era.

Individuals having Uranus in the 7th house need to express themselves openly and to speak their mind.

Being confident and believing in their own choices should make their life easier and have others respect them more.

Is important for these natives to think they're talented and that they can do many great things with what they know. They're intelligent and have a nice personality that could win any person, no matter how cold.

Relying on their charming attitude and wit will get them very far in life. When Uranus is in good aspects in the 7th house, these natives will always have a hidden motive when interacting with others and not blame themselves for this because they think it's only something human and therefore, flawed.

They will immediately recover from heartbreak because they would think anything wrong that has happened with their relationship has the purpose to make them develop in a more constructive way.

People having Uranus in the 7th house should be careful not to flirt too much with others when having their own partner.

It understandable they're fun and always happy, but their lover wouldn't feel amazing if they'd be trying to hook up with someone else. Therefore, in relationships they should keep their sociability to a lower level.

Challenges

The strange thing about natives with Uranus in the 7th house is that they can't apply their own principles to their life. When it comes to helping others, they seem unable to make the right decisions, which can also happen when they're facing a difficult situation in their own life.

Being indecisive can drive people around them crazy and their partner to wonder if they're truly in love with him or her.

These people tend to just go with the flow and do what their lover is saying rather than bringing their own ideas. They will create conflicts because Uranus is all about creativity and coming up with all kind of plans that are more or less realistic.

Just because they're with someone, they shouldn't lose themselves in that person and no longer care about themselves or their own wishes.

When Uranus in 7th house is in bad aspects, there is the possibility for them to experience trauma from past lives as far as friendships, business partnerships and romantic relationships go.

The natives with this placement may still carry around the memories of past lives when they were either abandoned at the altar on their wedding day or got married with someone whom they didn't love.

If heartbroken, they will no longer respect, be fair, affectionate and kind with the one who betrayed them, no matter how much this would hurt.

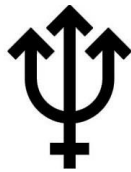

They will just choose to be alone and to no longer trust anyone. Some sore points from their past lives may also be associated with social problems, so they may have memories of being removed from the family, group gatherings and all types of events they have hoped to be a part of.

It's also the possibility they've been married with someone who was wealthier or more intelligent than them and they felt small.

No matter the case, they need to be aware past lives influence them and can even cause them to feel bad, therefore, they need to escape and no longer perpetuate what they may feel is not right.

It would be a very good idea for them to accept others for whom they are and not try to identify themselves with the ones they love by projecting their own personality on them.

Neptune ♆ in ♑ Capricorn man 4° 54'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;
Challenges: Stubborn and selfish;
Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

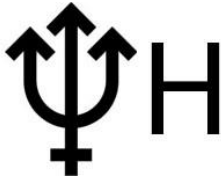

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Challenges: Elusive and indecisive;

Advice: They shouldn't let themselves get carried away by dreams.

Great spirituality

It's normal for them to believe they're the ones who need to be saved, so they usually avoid being practical or to take on responsibilities.

Their plans may sometimes seem unrealistic because they forget to give the details on how to make them come true.

The faith they have that things will only get better can surely get them far, but only if they

keep being grounded in reality and admit they're the only ones who can make things happen in their own life.

Very developed from a spiritual point of view, these natives are open to New Age practices and love being eccentric. However, they can wear rose-colored glasses and not think about the consequences of their actions.

It's easy for them to be tricked into believing in something that doesn't serve them well.

When it comes to the higher education, they may be confused and even chaotic, so they will probably not finish their studies or interrupt and continue them at a later date.

It's essential for them to be disciplined if they want a degree from a prestigious university. They have great talent with marketing and advertising because they're creative and can convince people to do what they want.

These people would be good doing the job of a teacher as well, but if they don't struggle to make their big plans come true and are unrealistic, it will become difficult for them to live up to their ideals.

Things are not always what they seem, and they can get carried away by all sort of ideas and philosophies that aren't necessarily related to the reality surrounding them.

Neptune is the planets of illusion, so its effect on people is to give too much optimism. In other words, depending on the house in which this planet is, natives can only see and hear what they want.

They'd always be in denial and reject anything that tries to give them a sense of reality. When Neptune is in the 9th house that rules over mental exploration, the natives with this placement strongly believe that nothing is impossible and that they can do anything.

While this may not be wrong, it can surely cause them to be confused regarding what's real and not.

When things aren't going their way, they become depressed and hide in a world of fantasy from which they don't want to come out anymore.

Neptune can influence these people in their development by making them very secretive and private. In case this planet is in positive aspects, the natives having it in 9th house will be very profound when it comes to their spirituality.

They'll strongly believe that a higher power controls them and can even experience all sort of situations in which they believe something supernatural is happening.

Usually, the Universe answers their prayers, so they'll continue to believe in a God that makes all of their dreams come true and won't bother to create a reality for themselves.

It's like Neptune in the 9th house is their mirror in Heaven, the deity to which they're praying and that gives them what they want. These people's faith can move mountains, so they should really consider becoming priests or monks.

In the situation in which Neptune is in difficult aspects with Mars, they become victims of different sects that don't have any religious intentions.

These natives are the perfect prey for different groups that are looking to scam. On a different note, they're very sympathetic when hearing life has treated others in a bad way and usually take problems that are not their own as being their own responsibility.

Compassionate and generous, they really want to give, but they should learn how to get detached from their emotions because they couldn't help in any way if they'd always be shaken by all sorts of feelings.

They make great therapists, counselors and even teachers. These people wouldn't be bad as astrologers either because this type of work would require them to guide others into becoming better selves.

It's easy for them to absorb problems of strangers and to begin thinking of solutions. The rose-colored perspective is not always of help, but they don't usually use it when they're not directly involved.

Very convincing and able to become creative when asked to, they can have great

success in sales or advertising.

These natives will have no idea what to do when it comes to their education because being dreamy doesn't bring them any of the discipline required to decide for the future.

The goods and the bads

While being the most creative, Neptune in 9th house people should pay attention to every little detail on the subjects they're researching. They need to have clear goals, write them down and think of the action they need to take in order to achieve them.

This is the only way in which they can't lose themselves while doing something. Focusing on their projects and what roles other people play in their story would help them achieve their dreams more easily.

Neptune in 9th house individuals will get to convince their friends and members of the family that there's a higher power controlling everything. Studying their birth chart could help them reach a good balance in life and also think of achievable goals for themselves.

It's okay for them to dream big, but developing a more practical attitude is definitely suggested if they want to make their objectives a reality.

The more realistic they are, the less others will take advantage of them. Very sensitive and relying on their intuition, these people are very good when working in teams.

If they focus on the necessary efforts to get things done, they can achieve great things, as it's impossible to rely on good energies alone, no matter how much the Universe is of help.

They need to be aware of their responsibilities while their faith is encouraging, it can cause them to be stuck with their problems.

Actions are the only ones that speak, so they should focus to always take the right direction in life.

It's like they don't have a sense of discipline and always rely on lessons learned from experience. That's why they often make mistakes and after become very determined to repair them.

Pluto ♅ in ♍ Virgo man 28° 56'

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

In a nutshell:

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

Personality traits

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations. They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

Pluto in Virgo in love

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match their life perspective and their actions.

The Pluto in Virgo man

The last time Pluto transited Virgo, all the military conflicts and wars that had taken

place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

With the naturally introverted personalities of the Plutonian Virgo men, they were basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

Pluto ♀ in V 5th House

([1105] i.thehoroscope.co)

This placement of Pluto makes people very creative when it comes to pursuing their goals and very romantic in their private lives.

Those born with Pluto in the fifth house of their birth chart are not the type who abandon their motivations or goals mid-way. Once they decide to do something, you'd better believe it that they will take it to a finish no matter what happens and who's standing in their way.

This house is associated with an obsessive attitude toward specific aspirations and interests, which could be positive or negative. Devotion, loyalty, responsibility, crazy amounts of ambition, they take things to the extreme in this regard.

Literally, no one is more protective and thoughtful than the Pluto in 5th house natives. They know what to do and how to proceed, when to impose their will and when to have fun. As we've said before, half-assed efforts don't exist in their vocabulary.

Summary:

Strengths: Entertaining, spiritual and sociable;

Challenges: Judgmental and lazy;

Advice: They need to be careful about their romantic expectations.

Stubborn and perseverant

These natives are very creative and use their intuition to artistic ends. This could actually be one of their greatest passions, which could turn into a professional interest as well.

Moreover, judging by how they behave in their day-to-day life, it's not likely they'll give up on this idea unless it's the only logical thing to do.

This stubborn and perseverant attitude extends in their romantic life as well. They will go through plenty of extreme feelings, jealousy, intense happiness and harrowing pain, possessiveness, the need to control, and generally very intense emotions.

They'll also feel the need to entertain themselves in quite peculiar and unorthodox ways.

The natives having Pluto in their 5th house are very special and quite unique because of the characteristics and traits received from the previous houses.

All the work and spiritual journeys done by their predecessors will make their effects evident and instill in them confidence and a great sense of identity.

Now, there's no need to do all this, to prepare and search for answers, because they already have them.

In this sense, these people can already start working to achieve their goals, making steps toward the future. They will use others to reach their dreams, manipulate them emotionally as well.

They are entrusted that, given they give their all, everything will come naturally, especially when talking about their creative talent and deep imagination.

Life has its ways in rewarding the deserving and punishing the unjust and incapable. If you're endowed with a set of skills that set you well above the rest but are still unable to make full use of them, don't worry, opportunities will eventually arrive.

They can focus on whatever feels natural, so long as it's tied to artistic intuition. However, this can lull them into a false sense of security, thinking that they don't have to move a finger because everything will be fine.

The 5th house natives of Pluto tend to become monotonous and lazy, lacking in

combative spirit and initiative. They get discouraged by competition and other people being better at something.

Even though they have plenty of reasons to feel proud of, an immense capacity to create and come up with new ideas, they still don't have enough faith in these abilities.

The potential is unfathomable, but these small blockages put a stop to their ascension. Even in love, they feel like they deserve attention and respect, and when they don't get it, they might react aggressively or try to get it in other, manipulative ways.

They must learn that the world is as such that there are a lot of people who are better than them out there.

Everything comes together only when harmony prevails, when the common good is the goal, at the moment when everyone realizes they must combine their efforts.

Society is greater and more important than one individual being, or rather, it's made up of many singular individuals that must work to keep it functional.

Their talents and high imaginative abilities would be best put to use in making the world a better place.

However, once these people decide that it's worth it to try and become better, to show to the world what they're capable of, nothing's going to put a stop to them.

Eventually, sometime in the future, their goals will come true. This will be incredibly fulfilling and satisfying for them, to see that the creativity that they're so proud of is admired and kept in high regard.

Their romantic life fares the same, actually, unless they lose control of their own expectations and principles.

It might happen that they want the partner to be perfect, to seek someone flawless, physically, psychologically, and in general.

The goods and the bads

For the Pluto in 5th house natives, everything relies on whether they manage to find some creative outlets to pour all their impetus and potential in or not.

This would be highly beneficial, fulfilling, and a good progress for the future development. Another very important aspect that must be kept in mind is that they are quite eclectic in their tastes for good things, for entertainment and fun stuff.

They want to find out more about the world, to revel and bask in the endless joy of living.

They are of the opinion that, when you take a course of action, you do it with all your being, every strand of effort is redirected in that direction.

This, in turn, besides galvanizing one's potential, will also instill a fear of failure in them. In their case, just sharing some ideas and talking to other people will be enough because this will make everything seem easier.

They will often think that nothing can ever take them down or hurt them in any way.

While it might be good to be this confident and self-assured of their abilities, it also invites danger in its many forms. Over-confidence which can be safely called foolishness is not good at all.

When things happen that they can't change or control, a feeling of extreme powerlessness sets in, putting everything else on the backburner.

In relationships, this is very bad and has catastrophic outcomes and consequences because they often act on impulse and emotions, giving no chance to their partners to justify or explain.

North Node ♏ in ♋ Cancer 0° 16'

(Georges Muchery)

The Dragon's Head is favourably situated in the Moon's domicile. It brings light in the darkness which may surround the native, helps him to see clearly into his affairs, and to act judiciously without hesitating. If inimical people (or events) encompass him, he will soon discover their weak point, and thus conquer them. The position is a lucky one. It gives the opportunity of extricating oneself from trouble and of overcoming difficulties through one's own good management. It is a sure protection, and a promise of progress without strife or violence.

The Dragon's Tail in Capricorn is a very evil position. It brings with it sorrow, and a tendency to neurasthenia, which it is difficult to overcome. It gives the native a character or disposition which is subject to constant changes; it is also a sign of disappointment in love through the native's own fault, as he has not the gift of attracting love. It is not always detrimental to the worldly position, but the native will not know how to enjoy life; he is ever seeking trouble, and this does not help to create a cheerful atmosphere for

those who come into contact with him.

(Isabel Hickey)

North Node in Cancer gives domesticity and a mothering nature. Integration comes through furthering these qualities. Great sensitivity toward the suffering of others. Homekeeping would be an integrating force in the life.

South Node in Capricorn would show past habits of selfish ambition and a desire for power for self and to dominate over others. This tendency would have to be faced and overcome.

(Martin Schulman)

Here the soul enters the current life with much inner pride. The individual finds it difficult to understand why others do not show him the strong respect he has been accustomed to in past incarnations. As a result, prestige and the pursuit of dignity continue to be the motivators of all actions.

Some with these Nodes will even marry to achieve the social status of the subconscious Capricorn memory.

In past incarnations this soul worked hard for recognition. Without losing selfrespect, he would have been the original ham, going far out of his way to attract attention. At times this would even mean imposing undue punishment upon himself if he knew others were observing. Now he would like the world to know how burdened he has been so that others can see him as a martyr.

He continues to make his work harder than it actually is, never seeming quite able to finish meeting his current life responsibilities and obligations.

Since he is always living in the past, he has a habit of bringing the consciousness of all his past burdens with him into the present. This makes his present life much heavier than it need be.

The one thing he has not yet learned to tolerate is failure in himself. He is wellpractised at actually making himself physically or emotionally ill in order to avoid coping with situations in which he expects to feel inadequate.

He sees the world through an attitude of self-righteousness, whereby the actions of others are rarely condoned but often condemned. He keeps this to himself, however, for it would damage his sense of personal esteem should others know that he has been fitting them into his secretly devised caste system.

In prior lives he was highly opinionated and strongly resistant to taking advice that would affect him personally. Now he still believes that one's personal life is strictly a private matter. Consequently, around all things which relate directly to himself, he builds the 'Wall of China'. It would be futile for anyone to try to break in, for at the slightest personal criticism, he starts adding more bricks to the wall.

Lifetimes of materialism make him an opportunist, placing himself wherever there is something to be gained. At the same time, he is 'penny-wise and pound-foolish', for he is known to be stingy in the midst of emotional bursts of extravagance.

When he sees advantage, he will turn cold and calculating so that no weakness within himself will prevent the attainment of a goal on which he has his sights. He will turn weakness in others to his own advantage. Wherever there are loopholes in the law, he can find ways to squeeze through. So intent is he on managing all he sees around him that his entire current life becomes a personal crusade to prove his worthy capabilities.

In past incarnations, his soul learned the art of accomplishment. In order to do this, there was little regard developed for others. Now through the Cancer North Node, he must learn how to give nourishment as well as receive it. Many with these Nodes experience strong family burdens so that they may come to know the emotional needs of others.

Sexually, the soul is learning how to take on the feminine role in this life. The karmic transition is from coldness to warmth - from age to youth. Many with these Nodes appear to grow younger as each year in their lives passes.

Rigid Capricorn attitudes are dropped one by one. The individual finds new security in relating his emotions more honestly. In this life, he must learn how to apologize sincerely when he is wrong, as well as not to seek advantage over others when he is right. Eventually he will see that all of his depressions, fears and worries are no more than part of a self-created martyr complex which bears little relation to current life circumstances.

He must slowly learn how to divorce himself from an insatiable need to manage everything around him.

In this life, he will go through a chain of experiences which will slowly open up his Cancerian sensitivities. Eventually, he will start to value nature more than money, emotion more than power, and new growth rather than the collecting of dead wood! When the changes start to occur, he will be brought out of the cold of winter into the bright sunlight of early summer. But he must develop a totally new emotional response pattern if he is to adjust to the new direction in which his soul is destined to go.

His highest achievement in this life is nourishing others. To reach this, he must do much work on himself, until he becomes a natural cornucopia of spiritual food to those who are hungry. The more he is able to fill people, the more happiness he will feel himself. He

should see that God also favors those who stand out and wait, and that His highest blessing is especially reserved for those who seek nothing for themselves but to be available as His constant servant. In past lives, this soul was able to benefit greatly by receiving. Now, he is here to give.

The house which contains the South Node shows the area in life in which the bowl of abundance is overfull. The house which contains the North Node symbolizes the empty bowls of others waiting for food.

(Mohan Koparkar)

Previous incarnation for this person was spent in many difficult and confining situations. Life at that point really did not have sufficient domestication; or he lacked stability at home. In this lifetime, his ideals and energies converge to establish a solid home base. Enjoyment from being the key family person is significant for him in this life. The ability to deal with sensitivity and emotionalism is noticed. He has a lot of imagination that is properly used towards creativity. In his previous life, he did neglect responsibility of older folks. Now he is extra-cautious in this life not to do the same. Thus, family cohesion is important for him. He may show a colder exterior, but you can get to him through proper emotionalism.

(Donna van Toen)

You need to develop your domestic and nurturing abilities. Your Capricorn South Node replies: 'Yeah, but I can't take time out from my career'.

Your problem is that you tend to try to fulfill your need for public acclaim without relating it to your inner needs.

Possible reasons for this problem include: that you have developed your logic at the expense of your emotions; that you lacked sympathy, nurturing or material security as a child, or had these things taken away from you at a crucial time in your life; that an ingrained philosophy of 'look out for yourself first' has encouraged a misguided sort of selfishness; that lack of recognition as a child has led to an 'I'll show them' attitude; or an overpowering need to dominate at all costs.

Possible solutions include learning to view your emotional needs as keys to increased self-esteem; learning to adapt your wants to your needs; having a nervous breakdown; developing an ulcer; and blaming your parents for your hang-ups.

Cancer North Node seems to often coincide with institutionalization in childhood. Sometimes this means an orphanage or hospital has played a major role in the

development. Other times it indicates a long stint in a boarding school. Sometimes there's a very regimented home life for one reason or another. Or the parents have been cold and strict. Occasionally the Cancer North Node has had uncaring or unfit parents, and consequently became a ward of the court. But more often the parents were merely more concerned with the Cancer North Node as a status symbol than as an emotional being. Usually the parents were very judgemental and placed a heavy emphasis on doing the right thing in terms of living up to other people's expectations. Thus the Cancer North Node is conditioned to view the game of life materially. But regardless of his or her successes or failures, he or she often feels a great sense of something missing until the Cancer potential for emotional self-preservation and caring is tapped.

Signs of an over-developed Capricorn South Node include: dislike of domesticity; a stubbornly narrow outlook; self-consciousness; prudishness; unapproachability; a tendency to constantly test others in some way; nervousness; dislike of new or different ideas; a desire for respect and honor at any cost; and a tendency to curry favors or social-climb.

North Node in Cancer consciously or subconsciously feels that his or her strong emotions will act as a deterrent to his or her happiness, so a primary dream theme involves keeping emotions under control or else finding someone who will appreciate his or her emotionality so that it will no longer be a threat. He or she wants to be attached to someone else who will offer protection from the cold, cruel world and guarantee a measure of emotional security. This person generally represses emotions. He or she is often confused about his or her feelings and finds it difficult to relate to others on an emotional level. Sometimes the tendency to fear emotions comes out as a cynical or pessimistic streak designed to camouflage the person's vulnerability.

Antidotes for Cancer imbalance: If career advice is sought, the client should be steered into a nurturing profession. Nursing, acting, dressmaking, pilot or stewardess, gynecology or child care would be logical choices if other areas of the chart are in agreement. Creativity should be channeled. Painting, interior decorating, weaving, and poetry-writing are particularly recommended. In cases where the North Node has been repressed to the point of blockage, psychodrama could prove helpful. If the client has adequate understanding of astrology, a dramatization of the nodal dialogues (or the troublesome nodal configuration) could be beneficial, provided you feel comfortable about this technique yourself.

A thorough health check-up should be advised if the client complains of lethargy or any other physical symptoms, since health problems seem to be slightly more frequent than normal with these placements. Both reading and writing can be beneficial antidotes. The Cancer need to protect and nurture must be satisfied. Housekeeping can often prove to be an effective antidote, as can anything connected with land maintenance. History and genealogy often satisfy the North Node's need to preserve and protect. On another level, swimming, calisthenics, or yoga could appeal by giving the client a feeling of doing

something beneficial in terms of self-preservation.

The more rigid Capricorn influence may shape your personality, especially expectations of respect from others which come from inwardly hidden feelings of self-importance and superiority. Your sense of identity is connected to social relationships, feelings of personal prestige, and attitudes and actions shaped by hopes of achieving higher social status - a need that may determine choices. Your acquaintances and relationships are similarly influenced by needs for social status.

It is the social 'image and face' that must be upheld. Any public loss of dignity or self-respect would be extremely traumatic. In several ways, you hide personal insecurity, relying on others to define your identity. This personality dependency is often fragile; and your self-image is shaped by reflections from others rather than from an inner strength. Remove the attention and respect of others, and you may rapidly deflate. You like to feel wanted and important, and may assume responsibilities that are too great and then stagger under the weight of this self-imposed burden, becoming a martyr and expecting both admiration and sympathy from others.

You see failure as anathema, and hate to admit any personal shortcomings, as this diminishes self-respect. Intolerance of failure affects the rest of your attitudes; and your standards may lack an understanding of fallible human nature, even though you may not always attain those standards yourself.

You try to avoid situations where failure may occur or inadequacy may be exposed, even to the point of experiencing psychosomatic illness when inner stress and outer pressures accumulate. You prefer to control life and those around you; and this can cause family tension whenever it becomes oppressive.

Your worldview tends to be fixed and preconceived; you evaluate others through self-imposed filters of social opinion, attitudes, beliefs, values, and standards. Many fail to match your purist and self-righteous ideals, which perhaps secretly pleases and satisfies your superiority attitude.

The question is: Does this life perspective fulfill you? Or is it a struggle to maintain a protective barrier that supports a less self-assured personality? You dislike anyone probing your persona life beyond established boundaries, and become highly sensitive to any criticism, often withdrawing into your armored 'shell', evading open and honest confrontation. Do those barriers really help, or do they actually imprison you, restricting life enjoyment within rigid personality structures that you have raised?

The Cancer North Node indicates a way out of the impasse. Attitudes of superiority always result in diminishing contact with life, restricting relationships and often ending in

distorted self-images and exaggerated personal importance - the delusions of an inflated ego, especially if power over others has been achieved. These selfimposed barriers between yourself and others need relaxing. Learn how to give more; acknowledge the needs of others instead of just taking their approval and admiration.

The more emotionally sensitive aspects of your nature need fuller expression. Be more receptive, value relationship and communication, and feel compassionate to the struggles of humanity instead of ignoring this as weakness. Once you can accept and express emotions more easily and honestly, personal integration can occur, and the rigidity of misapplied Capricorn can dissolve. Admitting that even you can be wrong sometimes is progress. You need emotion to transform and heal; and life would then become more enriched and relaxed, free from needing to control, manage, and manipulate obsessively. If you can make this change, great benefits become available, and with them the opportunity for a more satisfying life.

Manifestation processes come to the fore again in the cardinal sign Cancer. In its manifestation, Cancer is oriented toward the collective as a whole. The native wants access to a home or 'nest'. He or she needs to be part of a family, and hates to be alone. Group membership gives a sense of protection and warmth. If the Node is in Cancer, the individual should try to join in. Very often, a Node with this placement occurs in strong-minded individuals who are much inclined to do their own thing and withdraw from the crowd. In the extreme case, they live like hermits because they believe they are better or more exalted than others.

The Node in a collective sign indicates that one should become involved in a collective, in order to feel part of a family, group, local community, or nation, or the whole human race. The native could become the center of a hive perhaps. For this, a measure of industry and activity is required - as befits a cardinal sign. People with the Node in cancer cannot laze about and do nothing; they must become involved in the creation of a collective relationship for their own benefit, and preferably for the benefit of others also.

The easiest way for them to do this is to found a family. With the Node in Cancer, it is important to be able to achieve emotional harmony with those around. Any tendency toward solitude and isolation opposes this placement of the Node. The emotional experience of community and belonging has a big role to play here.

North Node ☾ in III 3rd House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Third House is a sure sign of the native's good education and of his being able to live on good terms with those around him; it means harmonious relations with brothers and sisters. It procures the means of success in an intellectual occupation, especially in literature, history or geography. The native has an observant, studious and imaginative mind; ideas flow in abundance, and they are usually good and help him to progress rapidly, as much on account of his skilful management as on account of the help given by those around him. This purpose is also favorable for travelling for educational purposes.

The Descending Node (Dragon's Tail) in the Ninth House denotes a practical, and often materialistic mind, which either scoffs at religion or else is very superstitious. In this House it indicates danger while travelling, trouble in connection with a journey regarding mysterious matters, or matters of which the native alone has any knowledge.

(Isabel Hickey)

The integration lies in the developing of the mental power. The ability to reason logically and the power to analyze the objective world realistically must be brought to bear on the enviroining conditions. The person has had blind faith and has been religious in the past, but it has been in a non-thinking dogmatic fashion. He also has to learn to stick to routine and everyday matters and not think far away fields are greener. His pastures lies close at hand. His opportunities and challenges are in the environment close at hand. His subconscious motivations of the past will make him long for far-distant places and give him a desire to escape from the near-at-hand pressures.

(Bernice Grebner)

North Node in the 3rd makes it difficult for the person to express his deepest feelings. This must be learned by constantly exchanging ideas and feelings with others. This must be forced before he can reap fulfillment. He needs to develop the ability to share his sensory awareness in his life with those in his social environment, and needs to receive from them their awareness and impressions. He needs to relate easily to his environment and to work for the betterment of that society. The key words are communication and subjectivity.

South Node in the ninth is objectivity. This gives instinctive knowledge of philosophy, theology, and science. It gives an objective desire to study higher abstract truth. There

may be many changes in religious thinking because of an inner need to seek the truth of our being. But on a lower scale this may result in a tendency to crossexamine. It promotes interest in the basic theories and concepts of religion, social ideas, and the metaphysical. The person should learn to study these subjects realistically with his intellect instead of daydreaming. South Node in the ninth, at its best, is a genius at separating fact from fancy, especially when favorably aspects to Mercury or Uranus. This position gives creative intelligence, aside from book knowledge. It also causes the person to think the grass is greener on the other side of the fence.

(Mohan Koparkar)

This condition often signifies unusual intellectual abilities and their use in this life. These people seem to bring vast knowledge and philosophies from previous life and utilize them on a practical level. Their communicative means are fairly strange and odd at times. Excellent relationships with brothers or sisters are noticed. They have a strange subconscious fear for foreign culture or foreign people. During this lifetime they may not achieve fame or recognition, but they will have dispersed their knowledge to many who surround them. Often one notices a hidden coldness towards their father figure in this life. Benefits from travel and short moves are often noticed in their life.

(Martin Schulman)

These Nodes represent a karma in relationships. The individual is here to learn how to fit the intertwinings of people and ideas into the scope of his understanding.

The ninth house South Node shows an accent on growth in former lives. Literally millions of hours of thought were spent on developing an abundance of wisdom. Much was sacrificed to do this, particularly the enjoyment of meaningful relationships with others. So that a large amount of soul growth could be accomplished, a freedom to explore without restriction or limitation had to be developed first.

Now in the current life the individual is habitually linked to his past incarnation sense of freedom, which although he feels he must retain, he can no longer consciously remember why.

From time to time he feels a wanderlust to visit different horizons, for somewhere off in the distance is the rainbow he is used to seeking. He is a mental nomad, constantly travelling through the great expanse of his consciousness, stopping only for rest at each oasis which offers temporary shelter from his restless urge.

Always he is seeking, yet it is difficult for him to define exactly what he is looking for. He finds others puzzling as he curiously tries to understand what makes them tick. Herein are some of his major karmic lessons. He must learn how to interact with people. Though he may be happily married or involved in close relationships, he still retains a

sense of brotherhood in his thoughts. He must learn how to make his life fit into the exact puzzle slot allowed by all the other lives around him.

The ways in which he relates and communicates will constantly be put through one test after another. Ultimately he will find himself enmeshed in a network of people, so that all the knowledge he has acquired in previous lifetimes can be put to practical use.

In his current-life relationships, he feels frustrated with not enough room to move. This enclosure of people around him eventually comes to extinguish his past-life tendencies to be vague and evasive, and in its place teaches him the art of pinpoint communication.

He is very much concerned with the values of sexuality, feeling obliged to conquer any grip this force has on him. Now he sees clearly the presence of a higher and a lower self, and it is the pull from both which he must karmically wrestle out.

The individual is less concerned with gain than with protection against loss. He is terribly fearful of losing the freedom he was accustomed to in past incarnations; yet he must risk such loss if he is to interact with humanity. As soon as he is willing to take this risk, he is ready to receive his greatest rewards.

Ultimately he elevates himself through reading and purposeful study; and although he is more used to informal ways of learning, it will be a formal education that now puts it all together for him.

This Nodal position often causes a friction marriage, since the individual is prone to seeking out-of-wedlock relationships in which to work out the understanding of personality interactions that he must develop.

One of his biggest lessons is to learn how to consolidate his energies, for each time he feels the urgency to move on with things, he tends to leave loose ends scattered behind him.

His life is wide in scope, not only in areas of knowledge, but also in the myriad of people he meets, and the multitude of places he travels.

He will ultimately be known as a Messenger, bringing to all those who need it the specific bits of information that like manna from heaven are placed in their lap at the moment of hunger.

In essence, he is a teacher's teacher, for although he has little patience with a classroom situation, he is well capable of feeding information wherever and whenever it's needed. He likes doing this because it fulfills his past-life need for movement. As such, he never gets a chance to see how important the information he is disseminating actually is. Nevertheless, he has an enormous effect on the awareness of all those whose lives he

touches.

His own life is as interesting and full as an encyclopaedia, for he tries to live much of what he reads about.

For all of his movement, one would think him desirous of having a rest, but underneath he is highly nervous and needs this amount of movement in his life. The nervousness is not to be considered a negative trait, but rather as part of his mission. It reminds him that he has a task to do. Every moment, a piece of information comes into his mind, the nervousness gets triggered, reminding him that he must deliver it somewhere.

In past incarnations he avoided conclusions. Now he refuses to make a final judgement on anything. This is part of his understanding that if he were to make a final decision it would be premature for he knows that new information will constantly be coming.

He is superficially conversant in almost all areas. Still, on the personal plane he is highly misunderstood, for the messages he delivers are so uniquely disguised that they have a tendency to go over the heads of others who only see him as eternally gossiping about nothing.

The truth is that all of his words are important, but they must be seen to have deeper than surface value before they can be interpreted properly. He is truly the fastwinged messenger of the gods.

The sign which contains the South Node indicates the unintelligible ways in which the independent higher mind is accustomed to receiving its coded information. The sign which contains the North Node shows the ways in which the individual can now translate his knowledge into a language which society can understand and accept.

(Donna van Toen)

Conflicts: Good practical education vs. mind expansion. Familiar day-to-day contacts (siblings, neighbors, school chums) vs. new contacts (in-laws, foreigners, people whose experiences are different from yours). Liking for your environment vs. desire to explore new areas.

Possible results of sacrificing North Node: Lack of concern with education's practical application. Extensive contacts lead to loss of touch with family, old friends etc.. Adoption of a guru façade. Craving for travel causes drifting. Superficial intellectualism replaces true understanding.

Possible ways to integrate North Node: Travel, with an eye to successfully settling down somewhere. Strive to understand, and make yourself understood to siblings, close kin, etc.. Study with an eye to using your knowledge. Share your practical knowledge. Use

your common sense.

In the third house, there's a hang-up about relationships. This generally stems from repressed or misdirected concentration on one area to the detriment of the other. Problems can range from fanaticism to cynicism. There's often a sense of not belonging which may lead to anything from unhealthy rivalries to bigotry to involvement in cults to extreme misanthropism. In extreme cases, there can be a turning against your own culture and absorption into a completely alien one.

North Node in the third house dreams of mental vitality and of respect in some traditional field. He or she wants to be thought of as someone worth talking to. This is a person of changing interests and philosophy who's often been strongly influenced - consciously or unconsciously - by early religious, educational, or cultural dogma. These ingrained beliefs can lead to a wasting of mental ability or less traditional but nonetheless valuable talents.

(Haydn Paul)

One of your primary impulses is toward freedom, whether physical freedom and the need to travel, or a mental freedom to explore intellectually, inquire, and satisfy curiosity. You probably feel this as a restless energy, perpetually striving for release from any restrictions and breaking free from limitations. Yet this search can lack a fixed direction or purpose, and you could find it difficult to rationalize these needs for escape and change that agitate you. Likewise, others may consider your reasons and explanations unsatisfactory. You need to understand how this impulse operates and choose to control and direct its activity, or this could damage your life-style, relationships, or employment ability.

Relationships will be a major area for self-discovery. You may lack understanding of others and have problems in interaction. Even though you experience relationships, you retain the desire for freedom; how this is expressed is very important, both for you and for others. Often, you feel relationships become limiting after a while, but, as your freedom need is often selfish, you may find that a discipline of staying within the relationship and dealing with this freedom impulse could deepen self-understanding. You react against threats to this freedom; but modifying responses may enable you to enjoy other benefits. The value of good relationships is priceless. Both partners are enabled to enjoy life and develop in their unique ways. This joy could be what you lose if you decide for freedom at any cost, because it is inevitable that your solitary experience of a selfish freedom will not be at all pleasurable.

Your social friendliness and flexibility will create a variety of relationships; and this is a source of experience which aids you to attain greater understanding of others. Yet this -

allied with your freedom needs - could also encourage you to enter affairs without much forethought or consideration. Surrendering to this impulse could complicate your life, leaving many issues unresolved and causing pain and confusion. Your future well-being could be affected by your pursuing the temptation of change without fulfilling obligations or responsibilities.

Knowledge is absorbed easily, accumulating a multitude of pieces of information from all sources, whether from formal study (likely to be of great value) or from people and places. Such information can be valuable to others; and you enjoy sharing it with those in need. You may fulfill a function of disseminating such 'information messages'. You may be attracted to becoming a teacher or educative communicator, preferably one who disseminates information rather than evaluates and interprets, due to a difficulty piecing together disparate pieces of information into a coherent whole. Decision-making or judgements may not be your strong point, as you continue to wait for more information which may influence your choices; often life circumstances will decide for you.

An essential lesson is to understand your freedom impulse. Learn how to express it positively within relationships, and your life will be enriched through greater harmony. Fail to apply it correctly through selfish expression, and your freedom will lead to greater suffering for yourself and others.

(Bruno and Louise Huber)

The first two houses are still very much involved with the 'I'. In the 3rd house, we enter the collective sphere, and our attitude to the group is important. In order to pick up the thoughts of the group (i.e. of those who are in my own thoughts), I must listen to, and understand, the language they are using. I must make my unconscious states of dependence conscious and, above all, I must be aware of any tendency to tell people what they want to hear.

Inherently, the collective sphere is always a problem in the horoscope, because it is too close to us. Our reactions to the group, whether in thought (3rd house) or feeling (4th house) are completely automatic; as, for example, when I say something on the spur of the moment which, although it flatters the other person, is not absolutely true. And, with the Node in the 3rd house, we need to guard our tongues, because speech is the means of communication there. At least we should go over what we have said and consider whether or not we were right to advocate it, and whether or not it is objectively true. Possibly we have agreed with someone simply to please them or to avoid an argument.

If we make it a rule to check what we say, we can come to terms fairly quickly with our Node - something that is very important when there is an opposition to the Node. Naturally, we have to talk in the same way as everybody else, but we must do so with common sense and avoid exaggeration. In other words, we must use contemporary ideas and thought structures but without discrimination. Only then can we find our true

niche, and avoid being pigeon-holed. The individual has to conform within reason, but the group has no right to demand submission. On the other hand, the individual is not entitled to expect submission from the group. There is a world of difference between heedlessly allowing oneself to be controlled by others, and seeing how far one can accommodate them after making up one's own mind via the 9th house. The need to do the latter is indicated by the placement of the Node in the 3rd house.

North Node in the third house or Gemini (James Braha)

If the North Node is in the third house or Gemini, the person's greatest growth, evolution, and fulfillment come through mental expression and rational analysis of objective truth. In past lifetimes, the person may have been idealistic and emotional in his thinking. Now he must use discrimination, and focus on the facts and figures in the here and now. He should follow his instincts of avoiding dogmas, creeds, religions, and higher philosophies. The person gains little from meditation, astrology, metaphysics, and any disciplines which are not verifiable through traditional science. The person suffers when he goes by faith and intuition. He does not fare well whenever he follows blindly. He must abide by his newfound skepticism, and make his way to the truth by way of logic and reasoning.

Happiness will be found in mental professions such as teaching, lecturing, debating, and writing. The person is a good salesman. He thrives on city life, and should be as active as possible. Public relations or co-ordinating -type careers are favored. During previous incarnations, the person was sentimental, philosophical, and too taken with theories, principles, doctrines, and conjectures. Now he must plant his feet firmly on the ground and embrace the notion that 'what you see is what you get'. The person should cultivate good relations with siblings and relatives. He must work on versatility and adaptability, and try to experience as much variety and 'spice of life' as possible. The person may often find himself thrust into situations that require great precision and attention to details.

The daily environment is important; long-distance travel is not. The person is welladvised to meet as many people as possible and continually expand his social life. He should avoid gambling or trying to predict the future, except through serious investigation and statistical research. The more he gains of useful information and practical knowledge, the happier he will be and the greater his growth and evolution. He must not allow his feelings and emotions to interfere when trying to understand an issue. The person should not concern himself with broad viewpoints, abstract ideas, fanciful inspirations, and spiritual realities. He must learn through personal experience, not gurus and mentors.

Many Western astrologers consider the North Node in Gemini to be exalted. This is interesting because, at first glance, the person appears cursed in the realms of religion, philosophy, and higher knowledge. How, then, is he to make his way to enlightenment

and final liberation? It may be that the person is exceedingly blessed because he is making great evolutionary strides simply by living with physical reality. Perhaps he has had such unshakeable faith in previous lives that his only present necessity is to deal squarely with life as it is. The person feels no need whatsoever to inject meaning and significance into his existence through conceptual and philosophical beliefs. Certainly, the person with the North Node in Gemini or the third house has an easier time with practicalities than anyone else. He pays attention and quickly learns how things work here on planet Earth.

In ancient Hindu astrology, the North Node in the third house indicates an enormously strong will and an interesting personality. The person is courageous and adventurous. He works well with his hands, has intense cravings, and fulfills his desires easily. The South Node in the ninth house may indicate troubles with religious or spiritual leaders. Or the person may have a guru or mentor who is strange, weird, occultish, extremely introverted, or invisible in a way. The sign positions in Hindu astrology are much less significant.

(Black Moon) Lilith ♀ in ♐ Capricorn 4° 21'

([1146] elsaelsa.com)

Mountaineer

If you have Black Moon Lilith in Capricorn, the struggles you've encountered through your Lilith placement have made you strong and responsible. You learned how to get ahead while others were sleeping.

However your Lilith wounds have manifested (shown by the house your Black Moon Lilith is in), you've discovered that security, to the extent that it exists at all, is something you build yourself. Watching other people flail and founder, you realized that no one knows what they're doing. No one is coming to save you. And even if they were, you wouldn't want it. You have carried the burden of responsibility for so long that you know no one else could manage like you do.

Carrying so much for so long as made you a powerhouse. No matter how exhausted you are, there's very little you can't achieve. And achieve you do. One of the very few ways you gain some sense of safety is through your accomplishments. You probably learned

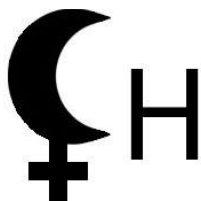

that a list of awards and accolades is the best way to insulate yourself from life's ups and downs. In fact, this may have been the primary way you received any kind of praise or positive attention growing up. The problem with achievement, though, is that it paints a target on your back, which is something you are well aware of.

Because your way of attaining security creates even more insecurity, you operate from a scarcity mindset. It feels like life is a great precipice, and you're hanging on to the edge of the cliff by your fingernails. In order to deal with this fear, you've learned to develop a stoic façade. You certainly feel plenty of emotion, but you instinctively understand the folly in showing those emotions to the world. Authenticity feels like vulnerability, and vulnerability feels like defenselessness. You know better than to leave yourself exposed. In this way, you have purchased your safety at the expense of your own emotional honesty.

One of the best ways to blunt the effects of Black Moon Lilith in Capricorn is to lean on Cancer, Capricorn's opposite sign. Cancer carries a heavy burden as well, and operates with the same security concerns that you do. The difference is that Cancer doesn't do it all alone. Instead of relying only on themselves, Cancer recognizes that there is safety in numbers. By spending a little more time building emotional relationships with the people around you, you could form a team of allies to fall back on when you're in need. Cancer also knows the value of people over pennies. On their deathbeds, no one ever wishes they had worked more or made more money. They wish they had spent time developing intimacy with the people they love.

There is so much to say about this placement, but let me say this: Your strength and practicality are so important. You are a builder, and that is your superpower. As you work to create a world in which you can feel truly safe, your skills will be absolutely essential. Just make sure to bring others along for the ride. You, too, deserve support.

(Black Moon) Lilith ♀ in IX 9th House

([1157] elsaelsa.com)

Heretic Saint

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical beliefs, whether in a spiritual sense or in a more mundane group setting. One way or another, your beliefs failed to conform and you were wounded because of it.

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I’ll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn’t mean they’re wrong. Continue the freedom fight, not only for yourself but for us all.

Ceres in 11th House

The nurturing function of Ceres is applied to the collective when in eleventh house.

Instead of nurturing on an individual or partnership basis, the focus turns toward groups of people. An example of this would be running a support group for single parents, a Ceres ruled population.

This is a placement that may like to lead community projects, such as gardens to grow and share food. Building sustainable communal care is important to Ceres' cause.

There is also potential to create new models of nurturing by advocating for creative solutions to current challenges in our societal systems. The possibility of birthing new

ideas and frameworks for collective healing is strong.

This can be channeled through social service jobs involved with childcare, family therapy, food services and healthcare.

Friendships can be a source of nurturing, assuming individuality is respected and celebrated. Great power lies in creating networks, sharing resources and fostering healthy interdependence.

Your style of nurturing is likely to differ from those around you, as you have the mark of the pioneer and inventor. Similarly, your desire for nurturing may be through unconventional methods, perhaps involving your friends.

You feel most loved when your individuality and unique nature is encouraged and appreciated. If you did not receive this in childhood, your adulthood has the potential to become a healing playground where your freak flag can fly freely.

Advocating for social justice or providing service to marginalized populations can help you get in touch with your natural style of nurturing.

Though it is good to be helpful and offer support to others it can be overwhelming to take on too much at once.

Overloading the Pisces Chiron with the heartbreak, drama, and problems of others is detrimental to their wellbeing. If they wish to be of service to others, they must make sure that they are fit to do so.

Forcing themselves to be everything for everything is counterproductive. They run the risk of taking on too many problems and their judgment could be clouded by multiple energies demanding their attention.

To remedy this the Pisces Chiron must retreat. They need to distance themselves from the world and embrace solitude. They may use the time to reflect, release negative energy, and prioritize themselves.

When alone they can use the time to practice self-care and build up a loving relationship with themselves.

The Pisces Chiron can still help others, they just need to know their limits. They have an incredible psychic gift that can help so many people. When they are ready and able, they can put this to good use and guide others.

As a clairvoyant, their perspective and insight when looking into someone's future can help them to make the right decisions and fulfill Pisces Chiron's need to help and satisfy others.

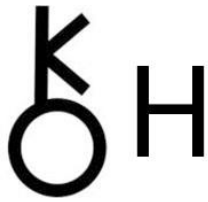

Though the wound of Pisces Chiron may never fully close, it can still offer healing. When the Pisces Chiron becomes aware of the darker aspects of their soul they can work to stay on the right path.

The trauma and harm of their karmic pain could make them stronger if they are willing to try.

The complexities of Chiron seem to be never-ending as it weaves its way through our lives. However, the scar or wound that it has given us is a reminder that we can face any challenge and come out on the other side.

There is nothing that can take away our power. Our strength lies within, and we can rise above the negativity and live to see another day.

You are very skilled dealing with your immediate reality, with a very clear sense of the presence of the “Here and Now” and the idea of the present.

Your greatest accomplishment and satisfaction will come when you know how to live with everything that is temporary, and you can learn something positive and new in everything.

What you like most is to understand all the possibilities that life has to offer, as well as all the variations that make it interesting.

Part of Fortune ☒ in II 2nd House

([1288] astrolibrary.org)

You enjoy discovering what is of true value to you as you become more sure of your principles, building a wealth that gives meaning and richness to your life.

Possessions and money are important to you as long as they reflect your most sincere values.

Since your Part of Fortune is in the second house of your birth chart, the eighth house is the opposite house. Through the eighth house you will know the values of others. So, you must learn to differentiate what is good for you personally and what is good for

others.

Therefore, your greatest fulfillment comes from knowing how to maintain your personal integrity, and from everything that you know rightfully belongs to you.

Your greatest weakness is to let yourself be absorbed by the sexual values of others. Your greatest happiness comes from achieving inner stability, and a strength of values that can not be altered by others or by society.

You look for strong principles that guide you in your life. You must learn that other people will also find theirs. You should not try to force yours onto them because it would be trying to give something to others that they are not ready to receive, or are not willing to listen to. This would only weaken you, and in addition, you would risk losing your goal and doubting the validity of what you already have.

You learn to appreciate the values of others in an impartial way. This helps you accept the validity of ideas that are contrary or different from yours and that do not really threaten the security of yours. You know that the world is large enough and that variety adds richness to the world.

In the second house of your birth chart, wealth is built. In the eighth house, the false aspects of that wealth are destroyed, either physically or mentally.

You will notice how others change their opinions. Therefore you will have clashes with friends and family, and fundamental differences of opinions, principles and values. These will decrease when you know how to not take it personally, when you take it as if their opinions do not threaten what you value and possess.

With this detachment and impartiality you will express your divine nature and the importance of defending meaningful principles and having integrity, without it resulting in violent struggles or losing your inner peace. Thus you will develop the ability to see what is meaningful and necessary for you, and this will be your greatest happiness.

([11] astromatrix.org;) Paparazzi Magnet

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Midheaven** MC **Parallel** ☿ **Mercury** - (0°27') ♀1 | ♀6

([37] astromatrix.org;) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off

from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

3) ► **Midheaven MC Parallel ♀ Venus** - (2°00') ♃1 | ♃1

([48] astromatrix.org;) The Comic

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

4) ► **Midheaven MC Parallel ♀ Neptune** - (0°41') ♃1 | ♃9

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find

the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

5) ► **Midheaven MC Parallel ♀ Ceres** - (0°24') ♄1 | ♀7

([571] 12andus.com:) Your compassionate, nurturing instincts may drive your career choice.

You may pursue a public or professional role that allows you to show your nurturing, caring and loving energy.

Working with children or as a nurse, counselor or caretaker in some capacity will help you express your gifts.

Your warmth easily comes across in your work and professional life, no matter what industry you go in to. You may act like the caregiver in the office, always looking after everyone else's needs.

You may fuse your compassionate energy and work so much that you take responsibility for your work as if it was your "baby" or even your own business rather than a company you work for.

6) ► **Descendant DC Parallel ♀ Saturn** - (1°32') ♀7 | ♄1

([201] astromatrix.org:) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can generally fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or

someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

7) ► **Descendant DC Parallel** ♀ **Vesta** - (0°46') ♀7 | ♀1

([621] 12andus.com:) You may feel torn between your obligations to work and your personal needs for self care or fulfillment.

You may feel like you have to choose between work you feel destined as your personal calling to fulfill and a particular image you're trying to convey. Though you may have to work hard to balance your spiritual calling and your sense of identity or image, when you do you'll be able to successfully balance these two aspects of your life.

You may become a more personal embodiment of your spiritual ideals and goals to be of service to others. You may focus so much on the details of your relationship or the needs of a partner that you neglect your own personal needs and ambitions.

It's important for you to balance your partner's needs or the needs of others with your own identity and sense of self-worth. When you do, you'll be able to fulfill your spiritual mission.

8) ► **Sun** ☉ **Contra-Parallel** ♀ **Vesta** - (0°17') ♀10 | ♀1

([609] 12andus.com:) You may have a strong desire to show your talents and gifts, yet also feel called to a sacred path that requires some sacrifice.

You may want to take center stage and receive recognition for your unique views and gifts. At the same time, your sacred mission may call you to a very different path. One in which you take on a humble role of service and charity.

You'll follow your sacred mission but may frequently wonder if you could have achieved fame and fortune if you only put yourself first. You won't follow such impulses but may feel conflicted when you're called to make a sacrifice, even one you believe in.

If you bring your desire for recognition and praise into balance with your desire to fulfill your sacred obligation, you'll find it easier to harmonize these opposing inner drives.

9) ► **Sun** ☉ **Parallel** ⊗ **Fortune** - (0°12') ♀10 | ♂2

([14] astrotarot.net;) The one who takes steps ahead

Typical features that this conjunction brings: You have a “double dose” of the same sign. In other words, you have the double dose of the sun sign. This is good regarding the positive traits of the sun sign. You should watch out for the negative traits of the sun sign. That is because you have a double dose of those. So, you should try to focus on the positive traits of the sun sign. With this Natal Part of Fortune Sun aspects you are creatures of habit. You are attached to the past and to your tradition. You are also emotionally impulsive. And your actions express your emotional state. Above all, you possess admirable vitality. You don't have much patience for people who go through a lot of emotional ups and downs. You live and breathe the Sun and the Part of Fortune in tandem. The wants and the needs are aligned. Generally, you come across as rather uncomplicated regarding what you want out of life. You are able to make decisions without too much struggle. The emotions and feelings of the Part of Fortune are in harmony with the ego. You can easily express your feelings and meet your needs. But, on the negative side, you question your thoughts. This is not necessary for you. “But what if...” and “on the other hand...” are statements you can't help making.

- Positive traits: These Natal Part of Fortune – Sun aspects bring considerable individualism. You are sensitive, especially the men. You are energetic, optimistic, bold, fearless, stable, generous, spirited, assertive, courageous, and full of enthusiasm for action.

- Negative traits: you can also become self-centered and narrow-minded. You find it hard to cope with changes unless these changes benefit you. You have Aries energy and its negative traits.

10) ► **Moon** ☾ **Contra-Parallel** ♄ **Saturn** - (1°43') ♀11 | ♃1

([156] astromatrix.org;) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the

right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-employed, then work related to medicine, research, social welfare, community service, law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love, helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more

relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

11) ► **Moon** ☾ **Parallel** ♌ **Pluto** - (0°37') 0011 | 1175

[23] ([22] astromatrix.org;) The Housebreaker

This is a very versatile and intense aspect, which can give rise to sudden emotional outbursts or panic. If the conjunction is receiving other challenging aspects or has not learned to transcend the great infusion of feelings and hysteria, fear can result. This can indicate broken homes or illegitimate children.

On the other hand, this can indicate a more evolved person that has insight into the psychology and psyche of all people with whom one comes into contact.

([23] astrologyking.com;) Moon conjunct Pluto natal gives an intense and dramatic emotional life. You feel things so deeply that it is sometimes hard to control how you react to people and situations. You also experience extremes in moods and a tendency toward serious and sometimes dark moods.

Your emotions and reactions are also strongly influenced by your powerful intuition. Dreams, visions, or psychic impressions are often extremely vivid and profound. By nature, you have little control over your subconscious but your feelings and intuition can take control over your conscious intentions and actions.

In a dark mood, you may become overwhelmed by fear and paranoia. Believing that others are trying to control you, it is possible for you to subconsciously control them. Such behaviors as manipulation, lying and intimidation may follow.

Emotional manipulation is most likely to occur at home when you are growing up and in intimate relationships, particularly with women. If your mother was prying, manipulative or over-bearing then you would have learned such controlling behavior. If so, undoing this subconscious brainwashing is a major priority and a necessary task, before you can enjoy healthy relationships.

Thankfully, your powerful subconscious has tremendous powers of regeneration and transformation. You can easily learn psychological self-analysis and other techniques for accessing deeply buried memories and feelings.

Meditation, astrology, dreamwork, and past life regression are some more natural ways to positively transform sinister emotions or destructive behaviors. Your powerful

subconscious is capable of amazing things. You can make things happen with the power of your mind.

12) ► **Moon ☾ Contra-Parallel Vx Vertex** - (0°34') ☾11 | ♏7

([131] astrotarot.net:) Typical features that opposition brings – you need to balance your emotional needs with the needs of other people around you. A strong awareness of who you are as an individual helps you gain this balance. So, others need your help and also they need your emotional support. Also, you could increase much satisfaction from being in public life or running for a local office.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. With Moon – Vertex aspects you must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

13) ► **Mercury ☿ Parallel ♀ Venus** - (1°33') ♀6 | ♀1

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

14) ► **Mercury ☿ Parallel ♀ Neptune** - (1°08') ♀6 | ♏9

([33] astromatrix.org:) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

15) ► **Mercury** ☿ **Contra-Parallel** ♄ **Lilith** - (1°53') ♄6 | 139

([632] astromatrix.org:) Having a Mindful Persona

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

16) ► **Mercury** ☿ **Parallel** ♅ **Ceres** - (0°51') ♄6 | 0011

You speak words of compassion, kindness and encouragement to those who need to be uplifted. Your ideas nurture others.

You may help others feel comfort and love by sharing information and ideas with them. You are also likely to seek nurturing through intellectual pursuits like writing, journaling, speaking and sharing your ideas with others.

You may feel nurtured by your peers, siblings and friends. Likewise you may have taken a particularly nurturing role with your peers, perhaps helping to raise siblings and cousins for example.

You find comfort in words and may look to books or movies to soothe your nerves. You

also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

You take your commitments seriously and will idealize your partner. You may see only the best in the person you fall in love with. You love the idea of romance and marriage and when you finally meet the right person, you can become completely devoted to your love interest.

You can be affectionate, nurturing and caring but you also have an intense jealous streak and may become possessive over your partner. You expect others to feel the same deep commitment you feel for them and can be disappointed when this doesn't happen.

Romance and marriage may be a central focus for much of your life and you have great determination to make your relationships work.

You try to be diplomatic when things go wrong but you hold on tightly and never give up on love. Even if this means resorting to manipulative measures, when it comes to love, you believe the ends justify the means.

24) ► **Saturn** ♄ **Contra-Parallel** ♇ **Pluto** - (1°06') ♈1 | ♀5

([200] astromatrix.org:) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may

be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

([64] astromatrix.org/) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

5) ► **Midheaven MC Conjunct ♃ Jupiter** - (6°18' S) ♋1 | ♋1

([65] astromatrix.org:) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([207] astromatrix.org;) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

Your Karmic connection to a life partner involves attracting someone with an intense and potentially dark side. Your partner is also likely to be transformative by awakening your own sense of independence and raw energy.

A strong sexual connection will likely unite you but the relationship is more of a deep, transformative connection and not based on sexuality alone.

([572] 12andus.com:) Your desire to heal your own wounds easily aligns with your desire to nurture others.

([576] 12andus.com:) You want to be encouraging and empowering but may instinctively reject those who challenge your mission.

It takes some work to overcome your strong aversion to those who challenge your strategies and provoke your inner warrior. Yet when you truly feel confident in your mission, you can more easily appeal to the better nature of others.

You may become distracted by power struggles at first because you take your mission personally and see your campaign as an extension of yourself. Once you understand that those who aren't on board aren't specifically your personal enemy or opposition, you can work more effectively with them to create a united front.

You need to find a way to keep a moderate effort to encourage others to your cause without alienating or shying away from acting on the causes that personally appeal to you.

24) ► **Moon ☾ Opposition ♅ Pluto** - (1°35' A) ☾11 | ♅5

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

25) ► **Venus ♀ Opposition ♂ Uranus** - (1°33' A) ♀1 | ♂7

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

26) ► **Jupiter** ♃ **Opposition** ♂ **Uranus** - (6°05' S) ♈1 | ♎7

([191] astromatrix.org;) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be

centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life

pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

You have the ability to work for others unselfishly. However, in the end, you will always defend your own needs. You may express your will in subtle ways, but you do always express it. You know what you want, and you have a good understanding of your inner self as well.

You have abundant self-confidence, and you learn very early in life how to capitalize on your strengths and minimize your weaknesses. It's likely that you chose your life course while you were quite young, and apart from occasional adaptations to circumstance, you will stick to it.

Purpose is very important in your life. You do not like to do anything that doesn't fit into some higher scheme relating to your long-term plans. For this reason, in your youth you may have been less fond of fooling around than most people.

Your relationships with your father and with other male authority figures should be quite good. They will encourage you, teach you to stand up for yourself and be your own person. It is very important that they do, because the men in your life have more power

than anyone else to tear you down and make you feel bad about yourself, if they choose to do so. Fortunately, that is not a certainty to happen.

([253] astromatrix.org:) A Natural Born Lover

Opportunities: 1. Sublimating for Artistic Expression 2. Going all in with Relationships

Challenges: 1. Finding the Right Partner for You 2. Avoiding Infidelity

You have an even, well-balanced flow of sexual and romantic energies, meaning you're neither overly aggressive nor overly passive in your approach to these areas. Love-hate relationships aren't your style; nor are purely platonic ones. You tend to be happiest with an easy-going mate who has a considerable amount of imagination and is creative without being a moody, broody, artistic archetype. Your attitude towards sex is good overall.

You're attracted to marriage and are generally comfortable in your role as a spouse, provided, of course, that you choose a compatible mate. You probably get along well with the opposite sex. They like you; you like them - with one exception. That exception is that you tend to find passive people quite frustrating. Your approach to love is one in which you throw yourself into each new romantic experience. You don't like to do things half-way; once involved, you put everything you've got into making a relationship work.

Occasionally, sexual / romantic energies are sublimated into some sort of artistic activity. This is most common when air is the predominant element in the chart. Normally, however, you're a loving person who wants and needs a sexual outlet. For this reason, a less-than-satisfying sexual relationship could lead to infidelity. If you have Venus sextile Mars by sign but not by aspect, the foregoing may apply, although your need for a sexual outlet would be less strong.

([386] astromatrix.org:) Feeling Superior

Opportunities: 1. Learning when to Compromise 2. Overcoming Conflict with Authority Figures

Challenges: 1. Knowing your Limitations 2. Learning from Elders

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

You can be dedicated to a strategy that is impractical or which undermines your work or reputation in some way. Your impulsive nature can work against higher wisdom and intuition in this regard as well.

You will do better if you find motivation in your desire for justice and change but then also find ways to leverage your status, platform and resources to bring your ideas into action.

Interpretation from transit:

([403] astromatrix.org:) Waiting For Better Weather

Opportunities: 1. Being Loving 2. Channeling Creative Energy

Challenges: 1. Avoiding Overindulgence 2. Dealing with Disagreements

([376] astrotransits.com:) In general, unwise spending, passivity, and laziness are the theme here.

([377] thefuture reminders.com:) Motivated by pleasure, you tend to look for people and things that gratify you. While generally an enjoyable day, certain conditions may make you aware of what is missing in your life. By recognizing any discord, you can take steps to harmonize whatever is out of tune. Expressing happiness often depends on being noticed and appreciated. When unfulfilled for any reason, you may prefer to indulge yourself - especially with sweets. Love yourself and others regardless of the conditions.

([378] astrologyking.com:) There is a need for love and affection but you have to make the effort by first giving the love. Things will only turn ugly if you use people to satisfy your need for pleasure, or if you spend too much money on things for short-term enjoyment. The need to express Venus's energy can also be positively channeled through art and craft.

57) ► **Sun** ☉ **Square** ♀ **Jupiter** - (2°25' S) ≈10 | ♃1

([380] astromatrix.org:) Wasting Energy

This implies confronting frustrations which have their roots in your nature and attitudes, and which can only be resolved through changes and modifications within yourself. The Jupiterian quality of expansiveness is very potent, stimulating excess expansion in your actions and attitudes, tempting you consistently to overreach your actual capabilities. You may lack patience, planning abilities, self-discipline and persistence, and these will work against your ambitions succeeding, even though attaining your aims may be highly motivating. It is not that you are incapable of success, but that your approach sows' seeds of future failure as you pass. If this has happened in your life, then acknowledge

it, and realize that future progress can be made if certain inner changes are taken.

The first step is to ensure that you determine your intentions and aims, and how you can proceed to accomplishment. As your desires and dreams can be varied and multiple, focusing your path may prove difficult, and you may need to pursue a thorough re-evaluation of your priorities and major needs in order to gain clarity of purpose. Moving too quickly can often lead to failure due to ill-considered plans, so you may need to stop and think more deeply before jumping into action or pay more attention to the advice of others. A careful assessment of your current capabilities is required, so that they match the level needed for your goals; working with talents tends to expand latent potential, but a requisite level of skills is initially necessary.

A more realistic appreciation of time is essential, or else you will feel your frustrations rising if success does not happen quickly. Excessive optimism and enthusiasm may need to be warily reined back, as do restless tendencies for changes in life, which can become more disruptive than helpful unless properly understood.

The areas of life especially affected are the houses and signs which are ruled and occupied by the Sun and Jupiter, it is through those spheres that you may over-expand or seek fulfillment within. If you sincerely wish to transform any pattern of frustration in your life, then becoming more realistic, mature and self-controlled will begin to show benefits, especially if you are systematically disciplined to overcome obstacles as they arise.

Accepting that failure need never be permanent, or that success is never final or guaranteed, can offer you a more balanced perspective to view your progress. Modifying your attitudes towards life challenges so that they become opportunities for development and growth, instead of perpetuating attitudes of adversarial conflict imposed by a universe intent on thwarting your dreams, will ensure that every experience can bring something of potential value to use as a foundation for your eventual success.

Balance and moderation may need to be consciously developed in your nature and lifestyle, and extravagance or ostentatious tendencies may need to be controlled due to that pattern of excessive consumption that could be adopted as a compensation for other areas of personal failure. Learning to use your energies and time carefully is important, as you may waste them by futile pursuits. Unlocking latent creative potential may be difficult, yet if you can do so this may open several new doors of opportunity, liberating blocked inner energies and providing the key to future success.

In relationships, you may need to guard against tendencies to manipulate people, as this will rarely work to your ultimate advantage; there will always be some other puppet master capable of pulling your strings. Similarly, attempts to distort information for your own aims will equally be turned back against you by others also adroit at such tactics. Treating people honestly and directly is the best approach, and you should possess

good communication skills which could be applied to transform blockages and obstacles.

You may find that if you rely solely on your 'luck' your progress will be restricted; but if you begin to change those problematic attitude areas and approaches then 'luck' will begin to flow again in your favor. You have high expectations in intimate relationships, especially centered around the fulfillment of your needs and desires; remember that it takes two to make partnership and marriage, and that there is no law that asserts that your needs are paramount. Real love involves mutual sharing and co-operation, each helping to make the other happy, fulfilled and capable of reaching his / her highest potential, it should not be a one-way traffic.

Co-operation and interdependence may need developing, through a diminution of the insistent demands of your ego; otherwise, excessive self-indulgence can stimulate problems of health and corresponding illness. Make sure that your expectations and demands of a partner are equal to your own contribution, and to the degree of commitment and effort that you are applying to make the relationship work.

58) ► **Sun** ☉ **Square** ♂ **Uranus** - (3°40' A) ≈ 10 | ♀ 7

([382] astromatrix.org;) The Dogmatic Independant

The energy of the square aspect can feel highly frustrated and, in some cases, turn towards a more aggressive and potentially violent form of expression, if there is not a suitable channel for it to be released through.

Discovering adequate forms is important to anchor the Uranian energy successfully, so evoking that Sun center cohesiveness is essential in dealing with the highly charged Uranian energy and is common to all these aspects made to natal Uranus. This is a perpetual Sun-Uranian task.

You can be erratic, individualistic, restless and nervously agitated, desiring independence and freedom from all social restrictions. It is even likely that your tendency to dissent can lead you to become socially isolated and alienated from others or radical groups with whom you are in basic agreement. If unmodified, and released indiscriminately, this energy is quite capable of 'causing trouble in an empty house'.

Being the devil's advocate is a function that can often lead to confusion and loss of self, as eventually you either erode or lose sight of your own attitudes, beliefs or ideals, and this displaces you from strengthening your solar center. Even if the majority hold a certain opinion or belief, then that alone can require you to reject it and to oppose its validity.

From a more inclusive perspective there can be some truth in such a standpoint, as the majority viewpoint is often that of 'the lowest common denominator' and can reflect the most separative beliefs and opinions. You can be undisciplined, hating those predictable routines of life and work, often finding it hard to act responsibly and with full commitment.

You react against conforming to social rules, feeling that they constrain your freedom, and you often follow your choices, irrespective of the repercussions and costs of doing so. You will probably fail to listen to well-meaning advice, and a stubborn need for self-assertion can lead you towards those very experiences and problems that you were being warned against.

If you look honestly at your life, you will observe those times where you misjudged, making foolish decisions and choices often through sheer contrariness and by asserting your 'free individuality'. Without awareness, no-one is ever free, but is merely a prisoner to their own unconscious tendencies, a prey to them, like playthings of the inner gods. At times you may become a little paranoid, especially when your choices have been unwise, influenced by unconscious forces in your psyche. It does not have to be like that. You can choose to take a more direct conscious role in your life, and not be a victim of your own ignorance.

The square can be an aspect of frustrated blocked transformation and renewal; the inner personal revolution that both Sun and Uranus would like to bring is being blocked. These inner tensions can become potentially violent and need to be redirected into constructive positive channels. You need to release any tendencies towards impracticality, antisocial attitudes and hidden urges for personal power, to stop being antagonistic purely for the sake of performing the adversarial role and use the freed energies to renew your own life.

As is probably recognized, you like others to be submissive to you, yet tend to lose respect for their individuality when they fall into that pattern of behavior. You need to learn how to respect and elevate their uniqueness because that is the corollary of your 'trip' and 'philosophy'.

Emotional depths need to be stirred more, letting those poisons of frustration and emotional conflicts rise to the surface to be encountered and understood, releasing and transmuting them by accepting them as a shadow part of yourself which should be acknowledged and never denied.

The emotions undergo difficult spells, especially you have trouble expressing your sensitive side, causing others to see you as cold or more standoffish than you really are.

The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you. There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs.

While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a submissive attitude. Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

82) ► **Mars** ♂ **Trine** ♄ **Uranus** - (2°00' S) ☿ 3 | ♀ 7

([343] astromatrix.org;) The Leader Of The Pack

With the trine, the Mars and Uranus energies should be reconciled and capable of working well together. In several respects there is similarity with the sextile, although there will be less emphasis upon the level of mind as a dominating factor.

There will be a multiplicity of interests and fascinating areas of knowledge that will attract you; and you will demand that you have sufficient freedom to be able to explore them. Building upon the results of your studies and skills that you have developed, you will feel attracted towards ways of creativity which demonstrate your capacity for self-expression. Being creative is important to you; and once stimulated you may have the problem of choosing what idea to work with out of the many that appeal to you. Discipline can be necessary at such a point, once you decide to follow a creative project, so that you succeed in completing it, before diverting yourself into others.

Independence seems necessary for you; and that impatient, restless nature often makes you soon tire of any enclosing intimate relationships. You need a broader scope, with the stimulation of more people to offer more expansive horizons. Group involvements can help to satisfy such needs, as well as providing a focus for your energies.

Potentially, you can become a leader of such groups; but if you do so, you may find that your independence becomes constrained and the accompanying duties and responsibilities are onerous. Organizational routines and predictability would limit your freedom - which you would hate. A routine life and employment will not suit you. A greater degree of mobility and choice of activity can be aimed towards building a lifestyle that satisfies your needs, rather than frustrating them. Otherwise, those nervous tensions will grow, and can lead to psychosomatic illness.

If your creative spirit is released, and you enter into a less conventional life, you will find that more unorthodox relationships are appropriate and liberating. A traditional marriage may feel limiting, assuming that this tends to imply a traditional lifestyle as well. Under social pressures to conform, people often find that they are being forced to live in certain ways that are inimical to their natural needs and desires as evolving individuals.

Nonconformism is usually penalized and demands a strong personality to oppose these pressures and so create a life that is appropriate for them. Most societies favor a predictable 'grayness' of population, rather than welcoming a multi-colored richness that is harder to control.

83) ► **Mars** ♂ **Trine** ♀ **Vertex** - (4°17' A) ☿3 | ♀7

([598] 12andus.com:) You can easily find ways to show your charm and charisma and this helps you attract suitors.

You may find a connection that turns into a long term partnership at a young age or easily attract your future partner. Though you may seem to always land on your feet in relationships it doesn't mean your relationships are without ups and downs.

It just means you have the right outlook and attitude to work through difficulties by looking on the bright side and uplifting your partner rather than letting petty differences distract you from your commitment.

86) ► **Saturn** ♄ **Trine** ♄ **Neptune** - (1°05' S) ♄1 | ♄9

([357] astromatrix.org:) The Creator

The high idealism of Neptune and the awareness of social responsibility of Saturn will be prominent and will stimulate an inner motivation intent on sharing in the ongoing work of social improvement.

You should have a natural insight into social issues, and this coupled with a keen perception can help you to indicate those core problems that require resolution; in addition, you are able to offer constructive solutions to such problem areas, and are able to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. Your idealism has strong moral and ethical roots, and you could feel uncomfortable if you ignored those inner promptings. Direct activism may not be your preferred mode of involvement, but you may find your role perhaps through communicating to others the facts about certain problematic social issues, especially through the medium of writing and analysis.

You tend to have an absorbent intelligence, which accumulates considerable information and knowledge easily, and which is a resource that you should be able to utilize. The level of imagination is high and active, and this too can be personally used in a variety of ways, giving a spark of life to the ideas that you have for personal and social development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. Such work can include community welfare, law, social services, environmental concerns, finance, management, media, film, photography.

Friends find that you are a reliable support in times of crisis, and you are equally willing to lend a helping hand when necessary. Neptune inspires you towards compassionate feelings, both for people you know and for strangers. If the spiritual quality of Neptune is active (and not so overshadowed by a dominating Saturn), then you are likely to be attracted towards spiritual or occult groups, where your talents can find ways of expression.

Meditation and visualization work should be enhanced by Neptune and anchoring the energies in suitable forms should be enhanced by Saturn. Learning to trust your intuition will lead you to rely on it even more over time, and this could be a vital step forward in your own development.

99) ► **Mercury** ☿ **Quincunx** ♃ **Jupiter** - (0°36' S) ♀6 | ♀1

([491] astrohealer.com) One's cognitive style may have been formed through excluding a need for meaning, or as an extreme reaction to a need for meaning. Alternatively, political, religious or moral systems may be totally dismissed, held in contempt, or perceived as posing a threat to one's sovereignty of thinking, and as such, they may spur the individual to pursue an intellectual life which is, more than anything, a reaction towards such systems.

As the energy represented by a quincunx in most cases cannot be appropriated by the psyche, there is a higher chance for somatic manifestation regarding the archetypes involved: the lungs, hands and shoulders, the tongue and the nervous system may be especially vulnerable (as well as any other body parts symbolized by the Signs involved in the quincunx); therefore, it is recommended that one performs regular check-ups and take special care regarding these areas.

100) ► **Pluto** ♇ **Quincunx** ♀ **Ceres** - (1°10' A) ♀5 | ☾11

Over-expansion is a potential problem and can lead to problems. Major life circumstances may have forced you to put too much significance on social, educational or religious/spiritual expansion and rely too much on optimism.

You must learn to pace yourself and develop a more grounded, realistic outlook or your larger-than-life ambitions will be shot down by societal times as they often conflict with the times. Your ambitions and ideals are noble and grand but be aware of a tendency to lose yourself in the big picture.

Sun ☉ **Square** ♁ **North-Node**

([387] astromatrix.org:) Thwarted Goals

With the North Node Square the Sun it is similar to the opposition where your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

You may have difficulty achieving your ambitions and although you may be a driven and goal-oriented person, it is best to slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously.

You can still receive recognition for your ambitions, it just may take longer than normal and however gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it.

You love to help others feel secure by solving their problems or giving advice. While you're great at finding solutions, you may focus on data alone and miss crucial emotional information.

If you are conscious of this pattern, you can become more deeply nurturing by blending both your intellectual and emotional gifts.

Venus ♀ Square ♄ Lilith

([655] astromatrix.org;) Embracing all of human nature

Opportunities: 1. Expanded Sexual Pleasure 2. Releasing Sexual Shame

Challenges: 1. Understanding fears of intimacy 2. Unlocking sexual inhibitions

Lilith Square Venus draws a very seductive energy into its sphere. Lilith's power is understanding that we all have innate primal desires. Venus's domain of relationships and self-worth, struggles to balance the hunger of Lilith's needs. Lilith doesn't care for airs and graces in the way that Venus does. Lilith can be intoxicated by wanting to "own" the source of its desires. This energy is felt mostly in relationships, but one must always remember that everything starts from within. This placement can tend to bring out control and power issues in relationships. It's important to be aware where the root of relationship insecurities stem from, to overcome the shadow side of this placement.

Key themes of this aspect also include wanting to experience your kinky sexual desires. Additionally, this can affect an individual self-worth, in terms of feeling as though your value only lies in your sensual nature. You may feel as though your humanity isn't honored, apart from the pleasure that you can bring to serve their needs.

You may naturally have a high potency of sexual energy. As this is a square aspect, at times some of this energy may not be released - which can cause irritation and agitation. This aspect also makes you acutely aware of manipulation in relationships, whether it is emotional, financial or sexual manipulation. In fact, you may use your sexual energy to manipulate someone to get what you want. Perhaps using your sexual autonomy to climb the career ladder.

There may be issues of sexual shame, and not feeling comfortable to express your erotic nature. There may be some shadow work around feeling used when you have exchanged intimate liaisons with another. [23] ([22] astromatrix.org;) The Housebreaker

This is a very versatile and intense aspect, which can give rise to sudden emotional outbursts or panic. If the conjunction is receiving other challenging aspects or has not learned to transcend the great infusion of feelings and hysteria, fear can result. This can indicate broken homes or illegitimate children.

On the other hand, this can indicate a more evolved person that has insight into the psychology and psyche of all people with whom one comes into contact.

([23] astrologyking.com;) Moon conjunct Pluto natal gives an intense and dramatic emotional life. You feel things so deeply that it is sometimes hard to control how you react to people and situations. You also experience extremes in moods and a tendency toward serious and sometimes dark moods.

Your emotions and reactions are also strongly influenced by your powerful intuition. Dreams, visions, or psychic impressions are often extremely vivid and profound. By nature, you have little control over your subconscious but your feelings and intuition can take control over your conscious intentions and actions.

In a dark mood, you may become overwhelmed by fear and paranoia. Believing that others are trying to control you, it is possible for you to subconsciously control them.

Such behaviors as manipulation, lying and intimidation may follow.

Emotional manipulation is most likely to occur at home when you are growing up and in intimate relationships, particularly with women. If your mother was prying, manipulative or over-bearing then you would have learned such controlling behavior. If so, undoing this subconscious brainwashing is a major priority and a necessary task, before you can enjoy healthy relationships.

Thankfully, your powerful subconscious has tremendous powers of regeneration and transformation. You can easily learn psychological self-analysis and other techniques for accessing deeply buried memories and feelings.

Meditation, astrology, dreamwork, and past life regression are some more natural ways to positively transform sinister emotions or destructive behaviors. Your powerful subconscious is capable of amazing things. You can make things happen with the power of your mind.

As Jupiter is usually associated with money, both the square and the opposition can indicate difficulties in finances. Sun opposition Jupiter puts the brakes on good humor. ([575] 12andus.com:) You may feel torn between your desire for comfort and pampering and your spiritual calling.

You can struggle to reconcile your need for abundance and nurturing and your spiritual beliefs to which you feel called. Your quest may require you to periodically step aside from your desire for comfort and tend to the needs of others.

You may have to forego your own needs for a period of time, adjusting to a life of minimalism or getting your minimal needs met so that you can step up to the plate and fulfill your spiritual calling.

Your calling may require you to act in nurturing ways with others even when you are not able to get your own needs met.

You can find it easier to fulfill your spiritual calling when you balance your desire for pampering and the purpose of your higher calling.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 14° **Gemini** 26' and in the **2nd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 22° **Pisces** 44' and in the **11th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 25° **Cancer** 8' and in the **3rd** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 20° **Scorpio** 38' and in the **7th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 29° **Gemini** 27' and in the **2nd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 3° **Virgo** 55' and in the **5th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 11° **Gemini** 24' and in the **2nd** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 24° **Gemini** 55' and in the **2nd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 23° **Pisces** 1' and in the **11th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Pisces: indiscretion, being gullible

Nemesis in Eleventh house (Aquarius): large gatherings, loneliness, political incorrectness

Lots related to family:

The **Lot of the Father** is in 20° **Cancer** 48' and in the **3rd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 12° **Pisces** 14' and in the **11th** house.
Same as for father.

The **Lot of Siblings** is in 13° **Taurus** 45' and in the **1st** house.

The **Lot of Children** is in 23° **Aries** 14' and in the **12th** house.

The **Lot of Daughters** is in 8° **Taurus** 4' and in the **1st** house.

The **Lot of Sons** is in 4° **Libra** 8' and in the **6th** house.

The **Lot of Marriage for Woman** is in 18° **Aries** 47' and in the **12th** house.

The **Lot of Marriage for Men** is in 18° **Taurus** 17' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 28° **Leo** 24' and in the **4th** house.

The **Lot of Deceit in Marriage by Men** is in 5° **Leo** 39' and in the **4th** house.

The **Lot of Marriage (in general)** is in 8° **Taurus** 4' and in the **1st** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 22° **Scorpio** 43' and in the **7th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 11° **Aquarius** 23' and in the **10th** house.

The **Lot of Treachery** is in 9° **Libra** 12' and in the **6th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 21° **Cancer** 50' and in the **3rd** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 14° **Gemini** 20' and in the **2nd** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live it up like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 3rd house

(12andus.com:) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

You may have a brilliant mind and knack for languages but your skills fail you in the

moment you need the most. It takes transcending or overcoming difficulties with communication to find your greater message and mission.

Careless communication can lead you to say things you regret or speak before thinking. Small details can lead you to end up with a larger problem on your hands and it will take the same skills of communication and intellect to reverse the momentum of chaos and confusion.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 5th house

(12andus.com:) You may have a strong desire for creativity, passion and playfulness.

You are obsessively drawn to romantic partners who lift you up and inspire you. You may also pursue romantic affairs, especially to boost your self-esteem. You can have a dramatic style of showing your love and romantic nature.

You can become aroused by playful competition and may have a desire for drama and role playing in the bedroom as well. Your desire to be admired and adored can be an infatuation. You may also have fetishes involving recording love making or creating erotic art with yourself as the main subject.

You may need to feel empowered in your erotic relationships and may have a dominant style of passionately pursuing your love interests.

You can also be obsessed with status and power in romantic affairs that give you the image of being a celebrity or increase your popularity.

(12andus.com:) You may feel torn between your desire to show love, empathy and compassion and the illusions that protect you from really facing dramatic crises.

When you do face your role as healer or spiritual guide during a time of unprecedented, cataclysmic changes, you will be able to draw on your sensitive, intuitive and compassionate side and help guide others to advance spiritually during a critical time of change and turmoil.

You can grow to align your mystical nature and your role as protector or healer in order to serve others during a period of cataclysmic change and disruption once you overcome your personal fears and focus instead on the larger spiritual ramifications for these times of change.

3) ► 7° Cancer 33' **Pholus** ✎ **Opposition** ♁ **Lilith** 4° Capricorn 21' - (3°12')
(12andus.com:) You may feel torn between what you need as an individual and what you need to do for others in the midst of a crisis.

When faced with the decision to respond on behalf of the community or to follow your own personal path, you'll struggle with this choice. You may find cataclysmic events to be a challenge to your sense of independence or freedom.

It may be difficult for you to realize that your desire for freedom and independence can lead you to rebel against the status quo and miss signals that small choices you've made have bigger ramifications for yourself and your relationships with others.

When you find a way to reconcile your personal needs for freedom and independence and your obligation to protect or guard others in a time of crisis, you will find crisis situations to be turning points that help you better stand up for your own needs and embrace your passions.

4) ► 7° Cancer 33' **Pholus** ✎ **Opposition** ♃ **Juno** 6° Capricorn 25' - (1°08')
(12andus.com:) You may feel torn between your commitment to a partner and your needs as you respond to a cataclysmic event.

Crisis can pull your attention away from your obligations to family and home. You may have to work hard to balance both your commitment to your partner and your changing obligations that arise as you deal with major life turning points.

When you take the time to balance your devotion and commitment to your partner or home obligations with your need to create security and respond to others during a crisis or major life event, you'll be able to draw the support you need from your loved ones.

This can refuel your energy and keep you focused on creating security and refining your mission during times of crisis.

5) ► 7° Cancer 33' **Pholus** ✍ **Sextile** ♄ **Saturn** (Rx) 3° Taurus 49' - (3°44')
(12andus.com:) You may easily experience milestones and dramatic, life changing events as occasions that call you to take responsibility.

You may remain level headed and try to be the voice of authority, drawing on wisdom from the past to act as a guardian or protector when major turning points cause havoc and chaos. Yet in spite of your best efforts, your limitations may become apparent during these cataclysmic events.

Though you may put yourself in the firing line out of a sense of duty, you'll also easily find ways to help others feel secure and to work through times of upheaval in the most grounded, practical ways possible.

6) ► 7° Cancer 33' **Pholus** ✍ **Sextile** ASC **Ascendant** 3° Taurus 32' - (4°01')
(12andus.com:) You may find it easy to draw on your personal ambition and love of self expression to embrace dramatic life changing events.

When faced with a catastrophe or crisis, you may come to identify personally with the challenge involved. You'll take the role of protector, leader or even instigator in order to harness the dramatic energy of unpredictable change in order to advance your own agenda.

7) ► 7° Cancer 33' **Pholus** ✍ **Square** ☿ **Mercury** 14° Libra 43' - (7°10')
(12andus.com:) You may find it challenging to adjust your thinking and express yourself when faced with cataclysmic changes.

Dramatic events involving death, loss, chaos and loss of control can compel you to gain new perspective. But before you can begin to make sense of the ramification of dramatic

changes, you have to first accept your need to adapt your thinking. This presents an obstacle.

You may underestimate the scope of chaotic changes or expect things to unfold in a rational way, according to what you understand logically. Yet events beyond your control can lead you to have to readjust these expectations.

Once you come to understand crises and challenges in a new light, you can better express yourself in a way that helps others to cope. You can also come to a greater degree of understanding personally as well.

8) ► 7° Cancer 33' **Pholus** ✎ **Trine** ♄ **Chiron** 5° Pisces 4' - (2°29')
(12andus.com:) You may find it easy to embrace your inner wisdom and intuition when immersed in crises and chaotic circumstances.

You may sound the early warning when others aren't yet aware of a looming cataclysmic event, but your unique perspective and past traumas lead you to recognize the warning signs ahead of time. Even when you are successfully able to see what is coming and try to warn others, you may find that your own individual power is limited.

You may not be able to contain the crisis, but you can learn from it. In doing so, you easily become a beacon of healing and guidance for others.

You can serve others through your protective energy and through your focus on creating comfort, stability and security during cataclysmic changes and disruptive crises without losing track of your own personal need for security as well.

16) ► 22° Virgo 46' **Eros** ✎ **Opposition** ☾ **Moon** 27° Pisces 21' - (4°35')

(12andus.com:) You may find it challenging to express your erotic desires if you don't feel secure first.

It's not a good idea for you to try to have a sexual relationship without an emotional connection. Even if you tell yourself you can handle a "friends with benefits" relationship, you'll inevitably develop an emotional attachment.

When this happens, you may come to expect that your partner will naturally fall in love because of the amazing sexual energy and chemistry, but this is not guaranteed. You can feel conflicted about how to find security and emotional connection and also reveal your sexual side.

You may have to work through an emotional hang up in order to embrace your sexual desires and pursue your fetishes. In order to fully explore your fantasies, you first need to feel confident and secure.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Leo

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Hygiea in 4th house

(astrology.com:) Cancer or in the fourth house: This Hygiea placement is comfortable at home and calms the mind through hibernation. Spending time with family and close friends is vital, but because this is such an empathic placement, balance is required in order to avoid absorbing others' psychic energy. This can lead to undo anxiousness. These individuals must be cautious not to throw off their equilibrium by taking on

burdens which aren't theirs.

Psyche | Soul, Entrance to Self

Psyche in Aquarius

(fauxastrology.tumblr.com:) Psyche in Aquarius/ 11th house: My soul's been looking for a home even since I came here; I keep asking the same question each person I meet, every place I go to - is it you is it you? and there's never an answer. I speak to the stars, ask them why did you send me here, why do I feel like an exile, isn't this supposed to be my home, and I only hear my own voice echoed back.

Psyche in 10th house

(fauxastrology.tumblr.com:) Psyche in Capricorn/ 10th house: My soul's walked through these places before, seen all these faces, no vice or virtue come as a surprise to me. I know that one must guard his soul to survive the frigid winters of the world, the savages that'll tear you apart once you show weakness; it's rare to find a place where it's safe to reveal what's underneath.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Taurus

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Eris in 1st house

(synnisisigns.com:) When Eris resides in your first house, your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius (Rx)

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 10th house

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Karma in retrograde

(whatsmyalternative.com:) Retrograde Karma means you delivered more negative karma than positive karma in the mentioned areas.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Scorpio

(astronomicallyaligned.tumblr.com:.) Crimson and scarlet, roses and blood. Pain and beauty, grotesque and delicate. A magnetic pull is dragging you into releasing the content of this box. Thorns and silk, metal and cotton. Once out of the hidden, this paradox of insanity will consume the world. No hope or joy. Only obsession and frustration. But if kept alone, in peace, it will give you a strong drive in life. A meaning and goal. Pure passion and lust for experiences.

Nessus

(vamzzz.com:.) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting

boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Capricorn

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is

the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Nessus in 9th house

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern. Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God. [1] what you are a source of in your regular daily (often work) encounters

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting,

being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or “herculean” infighting at all costs, being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crowd for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking one's responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure for not getting harassed by others, (sexual) skeletons in the closet.

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic

terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our life the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

Requiem

(main-belt-astrology.blogspot.com:.) Requiem is a word in Latin that means 'rest' and it is almost exclusively associated to any form of giving a farewell to the deceased. The name is dedicated to the mother of the discoverer, who died on the same day that it was discovered the asteroid.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task

that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in $^{\circ}$ (degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] The Hyades fixed star group has a similar energy to Saturn and Mercury. Bringing out the prolific liar and scandalous thief. Violence aggression and weapons of destruction are indicated in a chart with Hyades prominent.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to

knowing the self but not really wanting to change themselves for the better.

This person should struggle to overcome melancholy. Otherwise, this star could trigger off fear of death and suicidal tendencies. Elsbeth Ebertin noted several cases in which the Sun connected with Zaurak brought long, drawn-out illnesses and difficult times in life. [3] The restless and flighty star Markab seeks release in a "peak experience". Markab shares its energy with Mercury and Mars, having similar traits. The element of fire plays a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. [4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views.) It causes malevolence, destructiveness, liberality, broad-mindedness, evil presages and danger of fatality and makes its natives rash, ravenous, headstrong and destructive to themselves by their own obstinacy.

[3] The Hyades fixed star group has a similar energy to Saturn and Mercury. Bringing out the prolific liar and scandalous thief. Violence aggression and weapons of destruction are indicated in a chart with Hyades prominent.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to knowing the self but not really wanting to change themselves for the better.
