What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

That's why they may experience depressive episodes and changes of mood very often.

Aware of their own force, they are intimidated by power. Both of their signs belong to the Water element, which gives them the ability to adapt to any situation. These natives are among the most sensitive when it comes to the influence of their surroundings.

A Venturesome Personality - In a nutshell:

Positives: Stern, dominating and elegant;

Negatives: Treacherous, shallow and outrageous;

Perfect partner: Someone who understands how sensitive they are;

Advice: You need to avoid being too extreme with your opinions in love.

Personality traits

Profound and inspired, there isn't a problem in the world to scare Scorpio Sun Pisces Moon people. They are enthusiastic and devoted, always ready to give themselves to their own ideals and different noble causes.

The Scorpio makes them emotional and ambitious, while the Pisces makes them sensitive, intuitive and easily impressionable. It's possible these natives will be very talented psychics as they have a strong connection with the Otherworld.

Great intellectuals and usually studious, they will be successful as artists or writers too. They are creative but they need to know themselves very well before working with their talents.

What brings them down is their anxiety and worrisome character. If they want a balanced and peaceful life, they have to always think positively.

Deep and focused on their goals, they will use all their emotions and power of mind with

their romantic relationship. But they will worry too much about whether their lover cares about them or not.

Scorpio Sun Pisces Moon natives are the people who can see what's hidden to the human eye. They have something like a sixth sense. No one has to tell them what's right and wrong because they instinctively know it.

Cautious and kind, these guys will never cross others in order to get what they want. They would recognize a mean and malicious person from a mile away.

Because they like playing different roles too much, it's essential they try to be themselves more often. It's easy for them to forget who they really are when they are acting just like every person in their life requires them to.

And the answers they are looking for can't be found elsewhere than deeply in their own mind. Not that too much soul-searching is indicated. Such behavior would cause them to no longer socialize and to forget they even have friends.

Because they easily assimilate information and are creative, these Scorpios would make great artists. However, their imagination shouldn't roam in the direction of superstitions and darkness.

Perhaps if they would be painters or poets. Lucky by nature, these people won't have too many things to worry about in life. But they have a tendency to go with the flow and not accept challenges or opportunities.

They should be more confident as the world can gain a lot from their contribution. Their need to contemplate is normal, but some living would be required as well.

Sometimes it may seem their dreams will never become a reality. Such idealistic and imaginative personalities can be hopeless visionaries. It's normal for them to not have solid goals and strong principles.

That's why they can change their mind and even contradict what they have said earlier. They sometimes seem like they have no contact with reality because they're behaving chaotically and not at all in a practical manner.

Scorpio Sun Pisces Moon individuals will often want freedom to pursue their dreams. They hate routine and having to stick to a schedule. Intuitive and perceptive, they can feel what others are feeling without words.

When mistreated, they will definitely fight back. And if they won't have their negative feelings addressed, they will become irritated and depressed. That's why it is important for them to have moments of relaxation and reflection.

It's more likely they'll be into new age techniques of meditation rather than into the traditional ones. It's because new spiritual techniques attract them a lot.

And they are very curious about healing and enlightenment. Many of them will teach others how to relieve anxiety and stress because they feel like it's their purpose in life to show people their way.

Love characteristics

These are deep people who hate superficiality. While they seem calm and composed on the outside, inside they are forceful and determined to develop more.

What gives them energy is intimacy and the confrontations they have with their other half. There's no one more passionate and possessive than them.

That's why they need a devoted and honest partner. As soon as they have given their trust to a person, they will give back what they've received, plus a little bit of more strength and love.

But the more powerful these natives are, the greater their downsides. And they can get very mean or manipulative when they're feeling vulnerable.

Pisces Moon people are sensitive creatures who live in a fantasy world. The less secure people in the zodiac, they have moods and moments when they no longer know who they are.

That's why they need a peaceful environment and some time for themselves. Their lover should understand they're sensitive and that they have high ideals.

The more these guys are allowed to dream, the more secure they are feeling. It would be a waste of energy and time asking them to be more realistic. Some magic in their love life will always keep them enamored.

Scorpio Sun and Pisces Moon man

Mysterious and attractive, the Scorpio Sun Pisces Moon man has dreamy eyes and a poetic air that makes women go crazy. It can be said this guy has a sixth sense few other men have.

And he can figure out people as soon as he has met them. Because he daydreams too much, he may confuse reality with fantasy. As a young adult, he imagines himself a famous poet or an actor.

But his depressive states will impede him from attaining success. Because dreams make him happier than reality, he'll continue to escape into them.

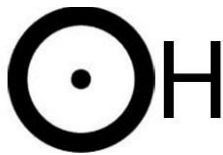

The good thing about this situation is that it makes him an incurable romantic. When it comes to his worries and anxieties, he's very interesting to watch.

For example, he could go to important interviews without worrying and sleep with the lights on because he's scared. He will read ghost stories and tremble in fear.

Children will love him because he's like them. If he would suffer some trauma, be sure he will never recover from it. He will confess all of his fears to his lover, and she will conclude behind the macho mask he's wearing there's a sensitive creature.

It's very likely this guy will smoke and drink more than other people with the same vices. He needs a soulmate, but someone who's soft on the outside and strong on the inside. He also likes women with morals and who dream as much as he does. As a good father and husband, he takes family life and romance very seriously.

Sun ☉ in XI 11th House

([869] i.thehoroscope.co)

Wanting to be recognized in the community in which they're doing their thing, Sun in eleventh house people are the most efficient when working in teams. They wouldn't mind being the leaders and they're actually suited for this position or the one of spokesperson.

Very liberal and open minded, these people also happen to be very generous and to want popularity rather than money. When trying to achieve some of their goals, they don't mind sacrificing the self and appreciate the help of their friends more than anything else.

Summary:

Strengths: Collaborative, attentive and generous;

Challenges: Opportunistic and manipulative;
Advice: They should learn to also enjoy time spent on their own.

Seeing life as a source of opportunities

Always treating others as equals and being big humanitarians, people with their Sun in the 11th house want to be original and to express their individuality as much as possible.

They're never taking sides and don't care too much about their social position because they'd rather associate themselves with people they value than advance in their career.

They want to be part of a collective and dream big, seeing life as a source of opportunities. People can sense the fact that they're open and flexible, so they're very attracted to their special magnetism.

If natives having the Sun in the eleventh house make the mistake of identifying themselves too much with their friends, they may end up being impersonal and alienated from those who are looking to develop beautiful relationships with them.

They tend to attach themselves very rapidly to new people, developing friendships through which they're working on their own identity.

When they don't have the same interest as someone, they prefer to leave that person behind. Because they adapt almost instantly to new groups and situations, they'll fit in everywhere.

Treating everyone as an equal will bring them many friends and appreciation from others.

They have high ideals and like to get their hands on the best opportunities, not minding to wait for good things to happen in their life.

As said before, they don't care about their social position, so expect them to be the students who enjoy popularity rather than good grades, the employees who everyone loves rather than the ones who are trying to impress bosses.

They're very flexible and are looking for variety everywhere they're going. If the Sun is not in some negative aspects in their chart, they're compatible with Leos or those who have Leo a lot in their birth chart.

The fact that they belong to so many groups and are very popular can be a downside because they can end up being impersonal and discourage those who want to enter their life or to get closer to them.

Group activities make them happy because they love to express themselves in front of

others or to give a hand.

But they should pay attention not to lose their individuality when getting involved in so many joint activities. They have many hopes and dreams, so they should talk about them.

They can get influenced in one way or another by what others are saying as they want to be accepted and are too attached to those who happen to be in their life at some point or another.

It's like their energy is obtained with the help of their friends, so the support of others is of utmost importance for them. That's why those born with the Sun in the 11th house are surrounded by so many people and couldn't be happy with only one or two people around them.

Also, their close ones will all have the same way of thinking as themselves. Without even realizing it, they would limit the process of broadening their horizons by spending so much time with those who can't think in a different way than they do. The more they're trying to be good friends, the more others will be drawn to them.

The positives

Sun in 11th house individuals are the happiest when in the company of people who are on the same wavelength as themselves. They like to have the same interests with others and to bring their contribution to a community or a group.

These people don't like being "normal" because one of their main purposes in life is to be original and even eccentric. They think a lot about the future and work hard to make their dreams come true.

Good leaders with ideas that seem innovative, they're not good at following orders. Great friends, they aren't however, too intimate or personal.

The position of the Sun in the eleventh house suggests they may have a problem with identifying who they actual are because this house opposes the home of the Sun, which is the 5th House, in the sign of Leo.

The fifth house deals with individuals who find their own identity through self-expression, while the eleventh one is about individuals who are adapting to their own needs and how they express themselves, together with how they contribute to the groups of which they happen to be members, even to the society as a whole.

Sun in 11th house people develop only through involvement in something bigger than themselves and are constantly looking to improve their knowledge.

They have high ideals and want a better world for themselves and others, so every new idea or insight on how to make positive changes interest them.

They can really understand how the society works and are able to determine what abilities can make good things happen around themselves and even all around the world because they really have a macro way of thinking and are sometimes full of revolutionary ideas.

These people are the type that participates to protests and defends the rights of those less fortunate. Very aware of their surroundings and active in any way possible, they know the role of an individual in a group and resent any form of cruelty, be it against animals, humans or the environment.

This means they'll work hard for all kind of organizations that fight for a better world and come up with all sort of inventive solutions.

Many will appreciate the groups in which they're members just because of their presence as they have a way to obtain the attention of the public.

Capable of bringing peace when conflicts happen, they couldn't evolve if not surrounded by people.

It's possible for Sun in 11th house natives to be interested in both science and the occult because Uranus influences this house a lot.

They want to be recognized for their beautiful mind and intellectual abilities. It's possible they'll want to lead, but only as equals and in a friendly way, acting more like spokespersons than bosses.

They shine in groups, however, they should learn diplomacy because they can make harsh commentaries when feeling superior.

As said before, it's important for them not to identify themselves completely with their community because while this may make them feel secure and more confident in the beginning, it can also take all of their inner energy, in time.

They should remember the entire planet is also a group and that there are many ways of identifying one's self.

It's a challenge for them to be realistic when it comes to their social life because they think their friends are way too important. It's easy for them to identify themselves through social, political and humanitarian involvement.

The negatives

Some of the Sun in 11th house individuals may be true loners, especially if betrayed in the past or if they've suffered the loss of someone.

The loneliest of them will find it difficult to live and won't even struggle anymore trying because it's in their nature to rely on others and to attain their full potential only when being part of something that gathers people in the same place.

In case this aspect is afflicted, the individuals with this placement and situation will be domineering with their friends or have hidden motives for their friendships.

The more they'll treat others as equals and be humanitarians, the more they'll forget about these issues.

Since inside they're very insecure, they will pay a lot of attention to themselves and won't let their ego go, not even for a second.

This means they won't get to be their best self and thus, appreciated by their friends. They sometimes do things just to fit in and avoid the responsibility of being part of something because they're eccentric and express their individuality too much.

It's possible for them to never be loyal to their friends, which means they'll get rejected by many sooner or later.

This will destroy them, but they still won't be able to search inside themselves or to identify what went wrong.

There's also the danger for them to no longer have a life of their own and to entirely depend on the relationships with others for making things happen and having a little bit of fun.

Moon ☾ in III 3rd House

([874] i.thehoroscope.co)

Although rational, people with the Moon in the 3rd House will also take their emotions into account and prefer to forge real connections with their close ones.

The Moon is all about sensitivity and emotions, and the third House rules over communication. This way, individuals having the Moon in the 3rd House have absolutely

no problem sharing what's in their heart and mind.

As a matter of fact, they may have too much openness and their emotions can sometimes be too strong. Learning how to communicate less may be their life lesson, because some people don't want to hear everything from their interlocutors.

Natives with the Moon in the third House tend to be more sentimental than their peers. These people are very attached to the places where they have been raised, so taking them where they used to live would be a good idea.

Summary:

Strengths: Curiosity, responsivity and affection;

Challenges: Nervousness and restlessness;

Advice: Try slowing down and focus more on what is said.

Keen on what the world has to offer

Moon in 3rd House people love to listen, to talk and to learn new things. They are great with new languages and at impersonating others.

There are two ways with them: they either become great intellectuals who filter everything through their mind or become too emotional. Many of them are both these things at the same time, managing to achieve a balance with age.

They can change the way they think very often because they're always taking others' opinions and make them their own. It's not that they want to copy anyone, but more that they're open to anything.

It's normal for them to be agitated and nervous, especially when spending too much time in one place. Their decisions are often based on what they're feeling and emotions, determined by what makes them feel comfortable and not by logic.

Believing rationality is the main thing that characterizes their way of thinking, they're in fact only relying on intuition and feelings. It's not a problem for them to talk about emotions and things that are personal, so people can trust them with their secrets. Not to mention they will also confess theirs and provide the best insight anyone ever could.

When it comes to the third House, this is where planets and signs deal with the consciousness of an individual. Since the Moon is all about what's hidden and mysterious, people with Moon in 3rd House will be dreamy and aware of their own imagination.

This celestial body brings the conscious and the unconscious together, making its natives more melancholic and stuck in the past, but also deep in their way of thinking and very resourceful when it comes to ingenious ideas. For them, the world is a place

that has plenty of useful information to offer.

When in the 3rd House, the Moon puts an emphasis more on the mental aspect than on the emotional one. Therefore, even if these natives are very sensitive, they still can understand a lot of the logical and intellectual data in their environment.

Their intuition is present in their learning and observational processes, but relies more on relational aspects than on other things.

Their instincts help them know what to expect from their social surroundings, and they don't mind conforming to what's around them without even thinking too much about it.

The problem here is that they may absorb too much information, and not in the empathetic way of the Moon in the 3rd House natives. Their mind seems to be continuously racing and to absorb information that isn't necessarily too useful for them or anyone else.

This is why they sometimes worry too much, being nervous about what is going to happen and what consequences their actions will have.

People having Moon in 3rd House can't simply tell their minds to just rest, so the danger of thinking too much and pointlessly is very present in their life. The good thing about all of this is that they can react very fast and solve problems more easily than others.

Their mind is always clear and can respond almost instantly to any type of stimulation. That's why it's easy for them to understand what others may be going through, especially when it comes to matters of the mind.

But they need to be constantly challenged and encouraged to talk because this is what makes them feel good. Loving to interact and to verbalize matters of the heart, they often prefer to rely on their gut rather than on facts and logical arguments.

As this house is also a ruler of movement, it's possible they will work as travel agents or guides. Because they love to accumulate information and then share it, they will make great counselors.

Expressing their most inner thoughts comes naturally to them, so expect to hear many things about their feelings or to find out they're keeping a diary after coming back from work.

These people can make great connections between the mental and emotional realm, but they do it privately, recording all of their feelings, just as a live commentator would.

Knowledge is what feeds their soul and mind

Moon in 3rd House individuals are communicative, open and allow their emotions to rule over their thoughts. They make friends immediately and get along with anyone, because keeping in touch with others comes naturally for them.

Their need for communication is what characterizes them the most. The Moon is also related to family ties, memories and feeling things deeply. Those who have it in the 3rd House can accumulate knowledge on any type of subject without too much effort.

Many of the things they're studying can be related to the past, like history and anthropology. They need to be intellectually stimulated because knowledge is what feeds their soul and mind.

Curious and always interested in knowing more, natives with this aspect are the eternal students who seem to wish for a higher education, all the time.

They feel like they're having a strong connection with all the Universe's secrets ever since their childhood. The environment around them is always well understood and interpreted in the correct way, but they're pretty changeable when it comes to their opinions and the way they're seeing things.

Eloquent and intelligent, it can be said these natives have the greatest mind gifts of all the people with Moon in different other Houses. Besides this, their interests are many and well established, so you can ask them about anything; the answer they'll give will be correct.

There can be times when they're confused about their thoughts and feelings, so don't be surprised if there's subjectivity in their opinions or their judgment is sometimes clouded.

The Moon determines what a person feels in the most profound sense. It's about how people are the most comfortable, so it's pretty much related with what's private and doesn't get shown to others.

The talents it rules over are the most natural ones, together with the habits they feel the most relaxed with.

Communicative, these natives won't mind telling what they're feeling, no matter if they're happy or depressed.

Because the Moon is connected with the strongest emotions, this means those with it in 3rd House are always worried about what may be going on in their hearts.

Natives having Moon in 3rd House of communication are great students who love to write and exchange ideas by discussing for long hours. The same celestial body makes them changeable according to its phases, so expect them to have moods and to not

keep their train of thoughts on the same route.

This means they're restless and continuously thinking about what to do or the subject they should learn about next.

Also ruling over movement, the 3rd House influences how people change their mind. It also influences how much they like to travel and how good they're feeling in the place where they have been raised. The Moon in third House people are always on the go and jumping from one idea to another.

Sometimes, the position of the Moon in this House can influence individuals to feel more secure and, in their element, when knowing more about their environment, so it's a matter of Sun sign and aspects that determines the lunar influence here.

Moon ☾ in 27th Nakshatra: Revati

16°40'-30° Pisces

Short Version [2]

Strength: creative thinker, independent, lucky, by all, gives and receives support, gifted at arts, nurturer, promoted quickly, skilled in pleasing, sociable, good counselor, proud, stately presence, sparkling personality, loves and protects animals and pets, longevity, brave, well groomed, good hygiene, might be born into a wealthy family, interested in ancient cultures, selflessness, compassionate, caring.

Weakness: takes on other people's problems, overindulgent, poor health, amoral

attitudes, doubt ridden, low fertility, spiteful when hurt or jealous?, resentful, feels inadequate, low self-esteem, overly sensitive, stubborn, volatile, co-dependent, easily disillusioned, victimized, feels unloved or insecure.

Overview [1]

- Lord: Budh (Mercury)
- Symbol: Fish or a pair of fish. This represents alacrity, learning, movement, and hidden features.
- Power: To nourish. Persons born under the star of Revati often have a knack for uplifting, encouraging, and nourishing others.

Strengths [1]

Revatis are sincere and earnest, known for their no-nonsense approach to life. They have an outgoing, social personality. Often good-looking, they win over others with their charm, affection, and warmth.

Revati natives have a sixth sense — their intuition is strong. For this reason, they are highly empathic souls, and they can use this ability to comfort, console, and guide others in difficult times. In addition, they have an upbeat and optimistic outlook on life. They can be a source of cheer and joy for those around them.

You stand up for what you believe in. You are loyal to your friends and loved ones. You can tap into deep reserves of creativity and enthusiasm — however, you might occasionally get carried away at times and find yourself in an extreme position.

Weaknesses [1]

Due to their high ideals, Revati-natives can occasionally slip into bouts of low self-esteem. This is caused by an inability to accept one's short-comings and take practical, disciplined steps toward self-improvement. Or it may just be a bad habit of unwarranted self-criticism. You should practice extending the same sort of compassion to yourself which you naturally extend to others.

On the flipside, Revatis can sometimes be proud of their good qualities and think better of themselves than others. Their giving spirit may come in part from a desire to prove themselves as superior. When this is the case, they will end up resenting those whom they aim to help. If you resonate with this issue, you should study the Bhagavad-gita and try to understand the principle of selfless sacrifice, in which one sees oneself as merely an instrument of God.

Your empathic nature is a great strength, but if left unchecked, it can cause you to be overly sensitive to the feelings and needs of others. You should always be sure that your own needs are fulfilled before you extend yourself for others — otherwise, you will end up burning out. Self-care is an essential aspect of caring for others.

Other Personality Traits [1]

- You are a gifted artist. You have a strong aesthetic sense and can excel in the arts. You draw inspiration from your life experiences, the natural world, and your observations of the people around you.

- You have clean habits. As a deva-gana, or godly nakshatra, Revatis are naturally drawn to a clean and orderly lifestyle. They have good personal hygiene and they respect their body as a gift from the divine.
- You are well-liked by your peers. Your compassionate and helping nature wins you many friends who genuinely appreciate you for your good qualities.
- You are a natural counselor. As an empathic person, you can easily relate to others. This makes you an excellent friend and guide for others.

Career [1]

Revati's can do well in careers that involve creativity, learning, or helping others. They may shy away from the limelight and generally will work diligently even if they do not receive much recognition.

Some ideal professions include:

- Public servant or charity worker
- Writer, journalist, actor, or entertainer
- Linguist, translator, or interpreter
- Religious worker, renunciate, or priest

Health [3]

The natives of Revati tend to neglect diet and exercise and may experience ongoing dental issues, hearing problems and ulcers. Fever may also be a source of concern for the Revati Nakshatra natives.

Physical Appearance [3]

Known to be average sized, the Revati has a good body structure and a pleasing appearance. They are generally fair skinned.

Pada [1]

Moon ☾ in second pada

Mercury ☿ in ♊ Sagittarius man 9° 57'

([900] i.thehoroscope.co)

He is very charming socially and loves to discover what others think and what their plans are.

The Mercury in Sagittarius native believes in a grand cause that he wants to pursue all costs, an ideal goal that will lead to the development of himself and the world.

Larger things are afoot when he starts thinking about possible ideas to put into practice. And when he's set his sights on something, he will stay with it until either he perfectly attains it or he finds out that it's entirely impossible.

In a nutshell:

Positives: Outgoing and attentive;

Negatives: Flirty and superficial;

Soulmate: Someone who can bring a fresh perspective in his life;

Life lesson: Allowing some room for chance, not planning everything.

An adventurous man

One thing is true though, about the man born with Mercury in Sagittarius, he needs to be independent and free in order to fully make use of his creativity.

He is knowledgeable, and he wants to find out as many things as possible about the world, no matter how difficult it is to get to that perfect level.

Adventure and risk are coursing through his blood, and he will stop at nothing to achieve his dreams. Don't judge him for some apparently stupid decisions because he has his reasons, and most of the time he's trying to escape the societal expectations and rules.

He will use all the accumulated experience and information in the creation of his plans.

Communications is the greatest enjoyment these guys have other than actually going outside and experiencing the world. For them, engaging in a discussion with strangers is nothing if not fun and entertaining.

Because they get to discover how others think, their mindset, perspective, and a contradictory debate never hurt anyone.

This cultural mingling, exchanging tips and tricks, fun facts and knowledge are one of the ways he satisfied his curiosity.

The Mercury in Sagittarius man is very thorough and analytic in his approach. He knows that most people are laymen, incapable of seeing the truth behind some revolutionary ideas.

So, when he comes up with such plans for the future, he takes care to clarify and present them in the best possible light, to polish it for the public.

Personally, though, he lives a life full of unorthodox and unconventional pleasures, connected to his eclectic tastes in culture and fashion. These preferences are his way of disconnecting himself from the tedious society.

He is outgoing and sociable, almost too sociable for his own good. Straightforward, the Mercury in Sagittarius man never hesitates in stating his thoughts and in protecting his principles to the last breath.

Pretty words and academic speeches? Not for him. Blunt, straight-to-the-face statements are where it's at.

For the same reason, he hates fake people who stick a knife in your back when you're not careful. Just say it upfront or don't say it at all, but at least don't sneak around the back like a common thief.

He is very thoughtful and careful about hurting others, but he can't stand it when people are dishonest and rude.

This native seems to be in a world of his own making all the time, thinking about possible paths of escape.

Romantically, he flirts with pretty much anyone, any type of woman, but that doesn't mean he will accept just about anyone in his life. He prefers women who are charming, seductive, with an extraordinary attitude, the type who impresses just with her presence.

He wants a partner who can stand face to face with him, who can resist his impetuous and adventurous spirit without calling it quits.

More importantly, he wants to disperse the air of routine and boredom that most couples eventually fall in. Surprises, a lot of them, and constant flirting are required here, even when the relationship is serious.

Mercury ♀ in XII 12th House

([919] i.thehoroscope.co)

This placement of Mercury makes people exceptionally intuitive, amazing at appraising any situation and reading straight through others' intentions.

The Mercury in the 12th house natives are very emotional and intuitive, so much that they have to gather the courage to actually speak up for themselves.

Normal situations that others would just go through without a problem causes them headaches and anxiety attacks. This is because they think too much or rather end up overthinking the simplest things, exaggerating and turning every inconvenience into a tragedy.

These people tend to keep their thoughts and opinions a secret, afraid as they are to be judged or made fun of. Socially, they are shy and keep to themselves.

Summary:

Strengths: Communicative, insightful and talented;

Challenges: Brief, distracted and moody;

Advice: Be careful who you are sharing your secrets with.

Visionary but rational

This is a really weird combination because we all know that Mercury natives are usually very talkative and open, keen to act on a whim and to reveal pure joy at the first sign of something fun going on.

Well, these 12th house Mercury natives are different in that they quite opposite in this regard. They are very sensitive and don't trust themselves at all, reasons for which they prefer to keep silent and just listen.

If you ask something, they might answer, although very succinctly, and then retreat back. They don't know how to interact and how to best express their thoughts. The constant failures only end up strengthening their fears.

These people have a really peculiar talent, a nifty predisposition for talking with the spirits of the dead. This connection to the other side weirds people out, but it's something they take great pride in.

The visions and intuitive appreciations that they have are quite helpful, from time to time. Logic and rationality have nothing on them, at the very least.

This aspect houses a lot of emotional pressure and the liability to end up in difficulties because of depression, overthinking, superstitious beliefs and irrational worrying. There are also flaws as well, as we can see.

They might have had a few problems in opening up ever since they were children, probably because they weren't entirely sure of the exact approach or they didn't trust themselves enough.

With a little master on their emotions, things could be exponentially better even now. A pity for all that potential. However, these people know how to listen and keep secrets, so they are one of the most reliable individuals in this regard.

They prefer visual stimuli, symbols, images, tangible ways of understanding, rather than abstract or logical theories.

They're still learning how to best put their words to good use, how to express their thoughts as efficiently as possible.

The positives

There are some massive advantages and pros from being so sensitive and intuitive though.

This insight and synchronization to outward stimuli and emotional potential grant them perfect clarity and awareness, which leads to them making good decisions based on reliable information.

They have the necessary material for a good social life, a lot of knowledge to be efficient and socially adept. This is why they have a lot of friends with different interests and personalities because they want to mimic a diverse range of ideas and attitudes.

Confidence and self-esteem are built with time and experience, so this approach is good.

Other ways in which they could use their spiritual affinity and insightful nature is by helping people, by healing and reconstructing their lost selves.

The lost and the abandoned find a place of respite and refuge next to them because they offer the prospect of miraculous wellbeing, of great rewards.

Even if their patients, so to speak, are skeptic and incredulous, it still doesn't change the fact that the Mercury in the 12th house natives are in touch with the mystical forces.

Their questions are answered from the other side. Doubt this at your own peril!

They are careful not to let others in on their secrets though because that would destabilize themselves greatly.

Secrets are better kept hidden from the prying eyes of those who would seek to harm

them. They might also be afraid that people will mock or make fun of these things, of their spiritual awareness.

Mercury in this house is responsible for a good communication, for a solid understanding of how to best transmit ideas and reach out to people.

Essentially though, these natives are exceptionally good at seeing through people.

They can become psychologists, mind-readers, soothsayers, fortune-tellers or professional decryption masters, seeing their talent with words and language.

They are very good at identifying, recognizing and rearranging patterns, certain characteristic elements that repeat themselves in speech, the meaningful signifiers.

Actually, by studying psychology, they would reach a deeper understanding of their own minds and inner contradictions, the workings of their deep cognitive processes.

This will help them avoid any further bad things happening, a subjective mimicry of their inner states that would confuse their adversaries.

The negatives

One of the problems that they deal with constantly is the tendency to become immune to any outside stimuli and close themselves up.

Daydreaming, thinking about the future, idealistically so, evidently, occupies all their time.

Just think about it. You want them to do the chores around the house or they have a meeting in one hour, and they're sitting in the armchair, staring into the void, being in their own worlds.

It's annoying and irresponsible. They need to take control of their own lives, to be more receptive and aware of their surroundings. Listen, watch out for how others interact, observe the patterns, and simulate.

They will try to hide from other people, to nest away in a world of their own. No one has access there, so they're safe with all their secrets and emotional vulnerabilities.

This is why they're often known as being unpredictable and unorthodox because you just don't know what to expect.

They do their thing without expecting others to agree, but the problem is the lack of logic or reason behind their actions. It's just not there.

Just pure emotions, intuition, sensitive deductions, and subjective appreciations. Needless to say, these can lead to wrong ideas and mistakes.

Mars and Uranus can make these natives prone to spilling the beans, to sharing their secrets or those of others with suspicious characters.

Mercury ♿ - Detriment in Sagittarius (& Pisces)

([871] southfloridaastrologer.com:) A restricted expression of analytic thought and ability to communicate is found when Mercury is in Sagittarius or Pisces. Sagittarius and Pisces' need for boundless, universal thinking is opposite Mercury's need to analyse and communicate details and facts.

This man works with the old style, so he will prefer a casual and intimate discussion, rather than going out with friends.

He wants to know that his partner is more than a beautiful face, but he has to relax sometimes and just enjoy the world in the way that she is.

He is quite insecure, and due to all this insecurity, he may find fault with everything that you do or say, even if he doesn't have a right to do so, but this is just the way he is, so if you are patient with him, you can solve all your problems at the end of the day.

In conclusion

After all, this man is hell and heaven in the same sentence. But his best quality is loyalty, he will protect you as a knight protects his lady, he will take care of you.

Just short games and innocent gestures, otherwise he can feel uncomfortable. Also, you have to be careful with the hygiene because, for him, this is very important.

And be careful with criticizing him, because thinking that he is perfect, he will forgive your words, for him, it's very important to be appreciated and praised to the skies so that his self-esteem to remain strong.

This can impede them from enjoying their life, which isn't in any way advantageous. The fact that they're always looking for adventure can help them be happy, however.

Their open mind and love for everything that's new indicates they're very much like Sagittarians when it comes to the way they love or live their life.

In love with arts and religion, they are the type who enjoy any type of ceremony and go to weddings. Traveling is not their only favorite thing to do, as they also love reading or writing.

They will decide in which country to live and what culture to study and become experts at everything about that nation.

They always want something new to happen in their life, and they're people of action rather than talkers or the type who waits around. When they feel like they're not learning anything new from a relationship, they start to no longer be in love and decide to leave.

Not at all able to stick to a routine, they want the unusual and can fall for their teachers or people who guide them in life.

People who are interested in the same things as them will always be to their liking, so don't expect natives having Venus in the ninth House to fall for someone who doesn't like having fun or traveling.

Happy for as long as they have something to learn, they will get enrolled on all kind of courses and be knowledgeable on any subject. When they're having fun and feel like others are enjoying themselves too, they are the happiest.

It's like they're meant to go around places and to learn about new traditions because they immediately make friends and love asking the important questions about life.

It's easy for them to be thoughtful after hearing what others have experienced in life. If they don't have the possibility to travel physically, you can be sure they will do it with their mind and by reading many books.

Very optimistic and open to new ideas, Venus in ninth House natives love working to make the world a better place and to listen to what others have to say, being great discussion partners.

Needing to satisfy their thirst for knowledge, these people won't waste their time with someone who isn't an intellectual and doesn't love to travel.

It can be very hard for them to commit, as routine drives them crazy. Someone with the same interests as their own will have their heart in no time.

It's like the Sagittarius' traits can be seen everywhere in their character, because this sign is also the adventurous traveler who wants to learn and to talk philosophy. They will always fall in love with the spirit and not the looks or the social position.

Positives: Dynamic and persistent;

Negatives: Domineering and procrastinating;

Soulmate: Someone who will fight for their desires;

Life lesson: Focusing more on creative pursuits.

A temperamental individual

These men know exactly what they can do, and how good they are in some respects. Confident in their abilities and willing to learn more, they act as though everyone else has something to learn from them, as though they have something the others don't.

Spontaneity, boundless impetus, vitality, freedom are some of the things that govern these men born with Mars in Aries who don't usually think things through before they act.

And they just let life take its course, only adapting as time goes on. If something isn't challenging enough, they won't be interested enough to put in the necessary effort.

Therefore, you won't ever see this man shy in public or embarrassed to speak in front of a public. These are mere tedious things for him, and he does them just like that.

No one can shake his confidence, and he takes everything as though it's a life or death combat. His principles and opinions are firm, something that other people will find to be admirable and respectful.

He's possessive and very ambitious. When he really wants something, he will pursue it against all odds and he won't stop until he either gets it or if he becomes unable to get it.

He easily gets angry and annoyed for the simplest of things, but mostly, he can't stand it when people just can't get off their couch to take care of their responsibilities.

Procrastination, the lack of ambition and perseverance, uncertainty, the waste of time. Everything that stops him from achieving his goals is bad and must be eliminated as fast as possible.

Why is traffic a thing in the first place? And long queues? Why doesn't everyone act in an orderly, professional manner like he does if mystifying for him.

When he finds it hard to resist anymore and his temper just goes out of control, he'll explode with a huge bang, a deafening one that will tell you exactly what you need to know: keep away from him.

Violence and aggressiveness were a part of his life ever since the beginning because he got into a lot of fights as a kid, and then a lot of arguments at school when someone didn't agree with him.

He's an athletic and active man, and he loves getting into the action wherever it may be. Doing sports and taking care of his physical condition will be a primary goal for him.

With all that energy swirling inside of them, it would have been strange if they didn't focus all that spirit into creative endeavors.

These men can paint, they can sing and dance, hell, they could even work out as interior designers if they put in enough effort. No one can slow their pace in this regard because they know their potential enough.

He wants someone who will fight

He's gotten into a lot of relationships and he has conquered a lot of women. He can tell you all about them for hours on end, all the adventures and emotional turmoil that he had to go through.

Most of his relationships were impulsive, created out of passion and intense feelings, just because he wanted to satisfy his cravings at the moment.

Over time, he's formed his personality and quirks, so it would be a waste of time trying to change those.

He's going to resist, you're going to eventually find it impossible to continue, so why not accept and appreciate him for who he is? Just enjoy the boundless energy and sexual pleasure that he brings with him.

The Mars in Aries man is a hunter, a stalker who eyes his prey and waits for the right moment to unleash his surprise. He doesn't want to get anything too easy or else his cravings would go down the drain.

He wants someone who will fight, a woman with a fierce temperament who won't just let herself be subdued, even if that's what will happen in the end. It's sweeter when she gives up after a long chase, with all the adrenaline floating in the air.

Even if he gets serious later on when the relationship is underway, he won't accept any attempts to undermine his efforts. He has a big ego, and he never does mistakes.

In conclusion

Let the Mars in Aries man work when you see him focused on the project. He may stay there for a few days, not even lift his head to see who's been visiting him, but you'll be surprised at his efficiency and productivity.

What happens is that he can't let off a challenging prospect once it comes his way. It's too tempting, and he's also stubborn.

So, chew on that a little! He's egocentric, self-centered and he wants his merits to be recognized. After all, he's the one doing all the work, the one coming with all the good ideas, and also the one that brings the competitive spirit back to the surface.

He loves his freedom and his honesty will tell you exactly how he will react if you try to take it away from him.

He's one of the most devoted men out there. When he deems his partner to be worth the effort, and if his feelings are true, he starts taking care of his lover with an unmatched love and affection.

He won't try to charm or deceive you with sweet words and pointless promises because that's a waste of time, and this native doesn't like wasting his time.

He should learn to become a little bit more patient and calmer because of his impulsive and spontaneous attitude often get him into trouble or they destroy many opportunities.

Mars ♂ in IV 4th House

([984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained

anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Mars ♂ in Rx retrograde movement

[699] [920] ([699] mollysastronomy.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

Mars ♂ - Ruled by Aries (& Scorpio)

([871] southfloridaastrologer.com:) The most authentic expression of the power and will is found when Mars is in Aries or Scorpio. These two signs never back down from a challenge or a battle. Mars seeks power and control in a direct and unfiltered manner when it is in Scorpio or Aries.

Jupiter ♃ in ♊ Sagittarius man 25° 0'

2

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life. When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

As said before, Jupiter is at home in Sagittarius, so the influences of this planet and sign will unfold beautifully in people born with this specific transit in their natal chart.

When it comes to traveling, these guys are the masters of it: the bigger the distance and the spontaneity they have to bring in, the better for them.

Don't expect them to be dishonest, they will tell you the truth no matter how hurtful it may sound. They are not mean, they just can't refrain themselves from being sincere.

As far as adventures go, Jupiter Sagittarians will always jump in to take on new challenges and enjoy all kind of experiences.

They get along with everyone and if they will be open to anything, luck will follow them anywhere. It sometimes seems like these guys don't have any care in the world.

It's like they only want to make other people's lives better, teaching them all the philosophy and religious ideas they have studied. It's not easy to make them change their mind about their beliefs.

When someone will agree with them, they will be the happiest. Because they spend a lot, they are also good money makers. They are usually successful if they don't have to follow a routine.

Flexible and open-minded, Jupiter Sagittarians can accept other people's points of view. They will grow furthermore if they will listen and support people in their life.

They see education and traveling as opportunities for them to become better. But remaining open is the only thing that will bring them luck. If they'll be too preachy, they won't develop so well anymore, and their luck will turn away from them.

The Jupiter in Sagittarius man

The Jupiter Sagittarius man is very generous because Jupiter makes him this way. He will probably save money and donate them, or volunteer. The same planet helps him trust that things are going to be OK no matter what.

The fact that he's fearless in the face of the unknown makes him very sexy. But he needs to invest more time in his relationships and be more grateful if he wants to keep people close.

Being generous and reacting to affection with affection will help him build strong connections with others, especially when Jupiter will travel through his sign.

He will play his gender very well, and his sexuality goes deep. He has great chemistry

with most of women, so they can expect steamy nights with him. Direct, he will say what's on his mind and make many ladies blush.

While these guys may seem like they know everything, they are not at all proud. They are in fact students of life who love to make new friends.

Think about the Archer's arrow and you will be able to see how determined and motivated the Jupiter Sagittarius is.

If he will have someone who's as straightforward as him, he will be very happy. If you're in love with him, just make a move when Jupiter is traveling through Sagittarius.

Jupiter ♃ in XII 12th House

([1016] i.thehoroscope.co)

This placement of Jupiter encourages people to be generous and giving but at the same time eager to accumulate as much wealth as possible.

People born with Jupiter in the twelfth house are usually lucky because this aspect in the house of self-undoing, makes any type of obstacle in their way seem unimportant and easy to overcome.

These natives seem to enjoy good fortune, especially if they'll get involved with any type of artistic activities. They may get inspired while meditating, introspecting and being secluded. It doesn't matter what their 12th house influences them to pay attention to, they will, at some point in their life, feel like self-sacrifice is absolutely necessary for them to become happy and even successful.

All the luck Jupiter comes with will protect them from any physical abuse, especially when they'll get threatened by their enemies. They may have many moments in their life when they'll be on the edge, but they won't stress that much and relax, having problems just pass by them.

Summary:

Strengths: Relaxed, confident and hard-working;

Challenges: Distracted, unpredictable and cynical;

Advice: They should be careful at the things they share with others.

Compassionate and open-minded

Jupiter in 12th house may raise problems for natives having this placement because this house represents expenditure.

If the Great Benefic Jupiter is in positive aspects, those having it in the last house of the zodiac will love to travel, engage in scientific pursuit, buy expensive things and even become great editors.

Jupiter in 12th house natives are very giving and at the same time eager to accumulate as much wealth as possible. Their friends will always be beside them and they may get married twice, give their money away, struggle during their first and second period of their life.

They may achieve success only after taking over the enemies. Because Jupiter in the twelfth house usually influences people in a negative way, those with this placement will have a big ego that gets satisfied when they will be spending a lot of money. Therefore, they may need to borrow all the time from their friends and family because they don't have enough.

If the Great Benefic in 12th house is in Sagittarius, Virgo or Pisces ascendant, they may build a home for themselves in a different country than their own.

An Aquarius Ascendant suggests they may make money by traveling. People with Jupiter in the 12th house are very compassionate and open to offer their help to anyone.

Jupiter's presence here means they have great intuition and want to know as much as possible on the subjects of healing and psychology.

Since the 12th house rules over the subconscious of the many and the natives' deep thinking, the presence of Jupiter here means a great desire for knowledge and for understanding how the human mind works.

Those with this placement want to study metaphysics and will be protected by Jupiter when it comes to negative energies or influences of a sick imagination.

This planet in the house that rules over vulnerabilities and secrets among other things means the natives with this placement will have a problem holding onto hidden things, no matter if these would be theirs or others'.

In the situation when Jupiter is placed in good aspects with Mercury, these natives should really be careful with what they're revealing about themselves because they may cause confusion.

Usually, when the Great Benefic is in this difficult house, it offers people great help when unpredictable things will happen. This planet will protect natives from those with bad intentions and even make their enemies feel like they're doing something wrong.

Expect Jupiter in 12th house people to receive many apologies from the ones who have crossed them.

What they don't know is that Jupiter usually brings positive things when it comes to such events. A combination of Neptune and Jupiter can bring many miracles into their life, in the forms of manifestation of their most secret wishes and some experiences with the spiritual realm that they're not even dreaming of.

A lot of these great things will happen when they'll try to be alone and also to meditate. They should be careful when talking to others about all this because their spiritual life should rather happen in private.

The more sensitive and emphatic they become, the more spiritually protected they'll get to be. It's possible for them to become free of self-destruction and unexplainable fear because Jupiter functions like their guardian angel.

They're more able than others to interact with their subconscious. If they'll be open to give and volunteer with different charity organizations, they'll get to feel more rewarded than ever.

Jupiter in 12th house individuals will most likely benefit from a higher form of education. Choosing a job well that would have them helping others can make them very happy.

The dreamers of the zodiac, these natives are highly intuitive and can give good advice when asked. If they'll learn how to meditate and relax, they'll be more able to regenerate and become more energetic.

It's possible for them to be dream interpreters or to study metaphysics. Usually, they get all the help they need in life, and their faith is that good things are supposed to happen to them.

The goods and the bads

Jupiter in the house of Pisces means people with this placement will be fascinated by many of the life's mysteries. They want to be alone more than others and are usually very sensitive to the most subtle energies.

These natives are the type who believes in progress and God. It's suggested they do something in life that asks for their emotions to be involved.

Being free and letting go of the past should be their main focus. Jupiter in 12th house

individuals are big dreamers and can see the good in any situation.

They usually feel good about life and help others deal with problems more easily. It's like their world is more beautiful and harmonious because they believe everyone should see things more optimistically.

It's important for them to know how to take control of their own life and also how to make things happen more efficiently.

Since being mature happens only after more experienced has been accumulated, they need to allow themselves to go through both good and bad situations while working hard on making their dreams come true.

It's important for them to sometimes recharge their batteries and organize their thoughts, so they shouldn't just run away from their problems and deal with them by meditating and reflecting on what life is. Abandoning the ship and not making any efforts for things to take the right turn would be disastrous for them.

Individuals having Jupiter in 12th house should not allow people to take advantage of them because their luck may turn bad with such a situation.

Standing up for themselves and being honest is what they should in fact do all the time. It's sometimes too easy for them to just step on others to get things done their way, but this doesn't mean they shouldn't protect themselves from those who have bad intentions with others.

No matter what, these natives should always continue being optimistic. It may be difficult for them to have things in their mind organized this way, but with a little bit of effort, they can imagine anything and keep up a good attitude.

Being fearful that they may fail and not having confidence in themselves will make their luck disappear.

The more they'll look to get spiritually fulfilled and meditate in seclusion, the more there'll be inspired to do great things. It's possible for these natives to make at some point in their life a great sacrifice in order to make some of their dreams come true, but they should forget all about it as soon as it will be done.

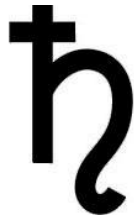

Their curiosity about science and healing, or even the occult, can have them searching for knowledge and wanting to know more about many different things connected with these subjects.

Saturn ♄ in ♉ Taurus man 29° 8'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

- Style: Practical and generous;
- Top qualities: Possesive, indulgent and friendly;
- Challenges: Stubborn but also indecisive;
- Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete

their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation. Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to

disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

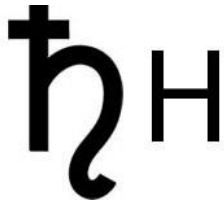

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

Saturn ♄ in V 5th House

([1033] i.thehoroscope.co)

This placement of Saturn makes people easily express themselves, be very playful and even manage to get others to have a good time.

People born with Saturn in the fifth house in their birth chart feel all the time like no one loves or appreciates them enough. This and the fact that they're inhibited from an emotional and creative point of view makes their romantic relationships cold.

Because they're restricting their own emotions, they may seem distant and not at all responsive when offered love, thing that brings their popularity down. These people can't seem to relax and use their hobbies as means to be more practical because they couldn't enjoy their interests in a different way.

It's difficult for Saturn in 5th house natives to show their love as they have no idea how to express what they're feeling and usually offer presents or all sort of material proofs to show their affection. Learning how to be warm and not thinking so much of themselves is something they should do either on their own or with the help of others.

Summary:

Strengths: Easy-going, spontaneous and sociable;

Challenges: Careless, distracted and stubborn;

Advice: They should be careful about the risks they take.

A wise and thoughtful personality

The 5th house rules over how people can express themselves and their playfulness. When Saturn is here, it influences natives just as much as it does in the first house.

While this planet impedes spontaneity, the 5th house is all about it. Natives with this placement will bring people down because they simply can't have fun or enjoy themselves.

This planet here makes them feel guilty for having a good time, which means they'll be pretty neurotic and think only about work.

It's important for them to realize life comes with its fun too, as it does with responsibilities. It would be only in their advantage to sometimes go to a party or to get involved with let's say, a charity.

Only by having a little bit of fun, they'll realize how to act around other people and what they may need to do in order to have a social life.

They should allow their date to lead from time to time, especially if that person also happens to have Saturn in the same house.

In this situation, the date would be centered around discussions about the ozone layer and how animals' rights are not in any way respected.

If their prospective lover doesn't have the same Saturnian placement, they may end up surprised by his or her ideas of having fun.

Individuals with Saturn in the 5th house can turn matters of wisdom and limitation into something very important for them. They're the type that feels exhausted and lethargic when having to express something or to be creative.

Their inner child will always feel repressed and scream to get out at least from time to time, as it should be normal.

These people may feel at the opposite side of the world from life's pleasures and laughter, preferring to watch how others are having a good time rather than doing it themselves.

All the attention the 5th house asks for is going to be replaced with ways of acting responsibly, being conscious and not interacting with the joy that comes from inside.

Saturn in 5th house natives may think the world is too playful and exaggerates with all the love because they would all the time restrict themselves from adapting to such ways.

They love children and get along very well with youngsters, which means they can choose a career as teachers.

Maybe their world will start to open up and they'll actually shine after interacting with those younger than them. It's possible they'll have problems with fertility and have children much later than others.

As parents, they will feel like this is the most difficult role they can have and even be traumatized by the experience.

They probably didn't have a good relationship with their parents and a problem with

understanding music or any form of art as they're always experiencing an inner conflict and don't know how to be creative.

They will only remember how they used to be educated and disciplined when it comes to their childhood memories. However, they want to be loved more than anything else in the world, and feel there's an emptiness inside them, which they cannot address.

Feeling they're not in any way worthy of someone's affection is normal for them. They may even get to be desperate to have their soul's needs fulfilled and to enjoy that love of a lifetime, no matter how much they're running away from this type of opportunities without realizing they're doing it.

Individuals with Saturn in the 5th house tend to blame themselves for everything, feeling they don't deserve love and detesting the person they are when with others.

They think people judge them, which makes them feel frustrated and terrified of any romantic involvement. There is also the situation of Saturn overcompensating all this, when they'll change partners very often, hoping to be adored and shown proofs of affection all the time.

They will eventually get tired of such a life and get to feel empty inside because true love must come from inside themselves to begin with.

Only by contributing to the world around them, they will manage to activate all that the 5th house is capable of. By recognizing their own value, they will manage to make others see what they're worth.

The goods and the bads

Saturn is the planet that loves nothing else than to trip people, making life non-fun when in the 5th house.

It's important for these people to learn nothing bad will happen if they'll go out and dance or get drunk with their friends.

Depending on the aspects in which Saturn is in the 5th house of their chart, the natives of this placement are more less anxious when it comes to social matters and always very patient.

Saturn influences how much of an effort people can make and where their limits are set. This planet can have individuals pushing beyond their limits and overcoming any obstacle.

It can be challenging for the 5th house to no longer have natives in denial of whom they are, so any person's purpose when it comes to a placement in his or her birth chart

becomes to discover what he or she loves the most.

The ideal situation is to take on responsibilities and become accepted by the society for being natural.

But Saturn in 5th house people may have this planet destroying all of these efforts and putting down any attempts to be themselves.

They may succeed at getting accepted for whom they are if they do something creative and at the same time safe for their emotions to be expressed.

Also, having some fun wouldn't cause them any harm, so they should be open to go out and make new friends.

They must deal with their inner authoritative side and let go of the obsession to take care of any responsibility they may have because this can't be effective for them in the long run.

It is possible to reach a state of pure joy, even if it means peeling down some layers of graveness and taking pleasure in what others like to do for fun.

Those who listen to their Saturn should make an effort to overcome their seriousness and do adventurous things or anything artistic.

They can overcome obstacles installed in their way by this planet and become great lovers, funny parents and even true comedians.

The presence of this celestial body in their 5th house shouldn't impede their imagination from running wild or their life from being pleasurable.

Being spontaneous and fun can have them happier than they've thought to ever be as they anyway can't stand to just sit around and are always dreaming of taking action.

They could be great leaders and run things faster than others, but Saturn seems to always be in their way.

It's a good thing they want to do everything correctly, yet paying a little bit of more attention to opportunities that seem risky is also a good idea for them.

There's a balance between wrong and practicality, and a lesson on this should be learned by them if they want to advance in their career or in life.

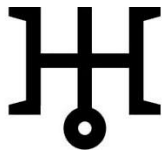

It can become really dangerous to not be able to have fun or to feel guilty about doing it. Letting the guard down and going with the flow are great weapons against boredom.

If natives having Saturn in the 5th house won't learn how to take pleasure in living their life, they'll become depressed and anxious.

Working too much or too hard can even get them sick, so it's suggested they change their ways sometimes.

A good thing about Saturn here is that it makes people modest, no matter how loud and dramatic they can sometimes be. Many will not like their grandiose way, others will deal with it without having any problem.

Uranus ♅ in ♍ Virgo man 13° 15'

([1046] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Virgo in their natal chart keep coming up with new ideas, always think of multiple ways to approach a situation, and often end up with the most inventive and surprising of methods.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

In a nutshell:

Style: Sensual and sympathetic;
Top qualities: Observant, reliable and modest;
Challenges: Fussy and easily offended;
Advice: Physical exercise is really good for you.

Personality traits

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

A non-conformist lover

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working power to take the relationship to the next level.

The good and the bad

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus, start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior

advice, but that validation and appreciation are paramount to their potential.

The Uranus in Virgo man

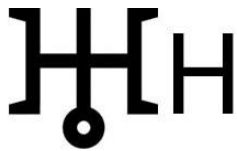

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

You'll never see them going for the dogma and sometimes, when their own ideas become old, they prefer to just give up on them.

Others will consider them heretics because they think of astronomy and like to learn about the paranormal or about astrology.

And the subjects they may be interested in are philosophy, social studies and even religion, so don't be surprised if they've published a book with their own thoughts about how the world works.

They're not the type to ask money for what they have wrote, so they'll perhaps use the Internet to just give their materials for free as Uranus is also the ruler of technology.

Feeling very good in the 9th house, just like in any other house situated up in a birth chart, this planet can sometimes be chaotic and even malefic, therefore, it's better to have it in the upper side, so it doesn't become a problem when it comes to the everyday life of the natives.

When in a negative aspect, it will obviously bring a lot of difficulties into the life of people having it in the 9th house, but these individuals will still be able to solve their problems because reality involves difficulties as well, after all.

When situated close to the horizon, those having this placement will have many of this planet's traits, especially when young.

Things about their character will often change and there will be nothing they can do about it. While Uranus in 9th house individuals can be real geniuses, they also have problems with their education because they don't like learning in a structured environment, so even if this planet would be in good aspects in the 9th house, they would still quit University or drop it for a while.

As I said before, Uranus is the ruler of technology, so it may make people having it in the 9th house hackers.

But if they will stick to school, they may become amazing programmers and computer science teachers. They will always look to get their information from beyond what's been established as tradition and culture as they love being unique and giving a personal touch to everything surrounding them, even when talking about God.

Because they're always looking for the truth and to be imaginative, they will start to create something for a better understanding of what the big picture is and how the world works.

Blessings

Uranus in 9th house people think traditions are way behind their time and want to deal with the new or to adopt morals that have just been launched.

This is the reason why they love to travel and to meet new people who can teach them something. Any new experience makes them become better and merges with their personality.

These natives simply love to open their mind and to come up with ideas that provoke people around them. They don't know how to get bored because they just don't have the time to sit around.

The world is a big place that has many challenges for them and they know it. When Uranus is in good positions in the 9th house, they will be only observers when it comes to what they believe in.

Objective regarding the truth, they understand every human being has a destiny to at least be subjective when it comes to what's real. Therefore, they don't believe everyone has an obligation to search for the truth and to idealize some concepts in life.

This means they'll understand and respect other people's culture, religion, opinions and ideas, without being biased.

That's why they can make friends with anyone and disregard any type of prejudice, which makes conservative people shriek around them. They have the good morals that will help them evolve.

Challenges

The most difficult thing for Uranus in 9th house individuals is balancing their travels with their romantic life.

Having many friends, they love going out and meeting new people with whom they can make good friends. Very interested in dating all the time, they would rather not tie themselves to only one person or one place.

However, at some point, their life will start to feel pointless as coming back an empty home can be painful.

If Uranus is in a challenging position in their 9th house, they may have traumas from their past lives when it comes to searching for the truth and believing in something.

For example, they may have been persecuted during more religious times because of blasphemy or because they had connections with the occult.

It's also possible they've confessed their religion or beliefs and others didn't accept them for this, which could have happened in one of their past lives and even in this one.

They truly believe that a person's culture, race and religion don't matter in knowing the truth and prefer to not listen to the spiritual guides or political figures who ask people not to question them.

When it comes to the idealistic nature of Uranus, it manifests in these natives when they're searching for the truth and think of what's right and wrong.

As a matter of fact, these natives can take such thinking to the extreme because they want to know everything in detail. This will help them have a good understanding of their own spirituality.

When Uranus is in a challenging position in the 9th house and related to Jupiter, the natives of this placement will be terrified of traveling long distances, so they may never fly or cruise.

They should find a partner who doesn't mind when they're leaving without even saying a word because they've just discovered there's a new and rare book at a library in a country far away.

They wouldn't mind having a travel companion, so they should find someone with money and enough time. Uranus in 9th house can be creative and come up with many solutions for them, so they can have it all in life, but not in an easy way.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♍ Virgo man 26° 12'

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of Neptune's influence, the emphasis on details.

In a nutshell:

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;

Challenges: Highly critical, impatient and fussy;

Advice: You need to put effort to convince your partner of your vision.

Personality traits

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the

truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

The positives

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

The negatives

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not

made up of perfect elements to build such a utopian place.

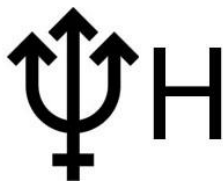

The Neptune in Virgo man

These natives are very hard-working, responsible, ambitious, perseverant and endowed with great efficiency when it comes to professional expertise.

Results are what matters most to the man with Neptune in Virgo, and in order to achieve the best results, they are willing to work overtime, putting in the extra effort, and strive to complete the project with spare time.

In relationships, they'll be quite affected by Neptune's influence, especially when it goes into retrograde. They will feel the need for validation, for appreciation, and they will want to talk to you constantly, to see that they're doing the right things.

Neptune ♃ in IX 9th House

([1085] i.thehoroscope.co)

This placement of Neptune makes people get easily carried away by all sort of ideas and philosophies that aren't necessarily related to the reality surrounding them.

People born with Neptune in the ninth house of their birth chart are usually very educated and interested in philosophy, traveling or religion. It's easy to influence them because they're always curious and use only their intuition to find out if things are true or not.

They may be very good with art, so it's very possible for them to study this subject or to teach it. Neptune in 9th house indicates they may not get along with some of their distant relatives.

Summary:

Strengths: Educated, focused and caring;

Challenges: Elusive and indecisive;

Advice: They shouldn't let themselves get carried away by dreams.

Great spirituality

People with Neptune in 9th house believe anything can get done and trust the Universe more than anything or anyone else. This can bring them positivity, but if they exaggerate

with it, they may end up very lazy and only wasting their time.

It's normal for them to believe they're the ones who need to be saved, so they usually avoid being practical or to take on responsibilities.

Their plans may sometimes seem unrealistic because they forget to give the details on how to make them come true.

The faith they have that things will only get better can surely get them far, but only if they keep being grounded in reality and admit they're the only ones who can make things happen in their own life.

Very developed from a spiritual point of view, these natives are open to New Age practices and love being eccentric. However, they can wear rose-colored glasses and not think about the consequences of their actions.

It's easy for them to be tricked into believing in something that doesn't serve them well.

When it comes to the higher education, they may be confused and even chaotic, so they will probably not finish their studies or interrupt and continue them at a later date.

It's essential for them to be disciplined if they want a degree from a prestigious university. They have great talent with marketing and advertising because they're creative and can convince people to do what they want.

These people would be good doing the job of a teacher as well, but if they don't struggle to make their big plans come true and are unrealistic, it will become difficult for them to live up to their ideals.

Neptune in 9th house individuals are attracted to anything mystical and don't believe in boundaries when it comes to other worlds. They will search all of their life for a purpose and the deeper meaning of things.

Both Neptune and the 9th house are all about expansion, so the possibilities natives with this placement have are endless.

They want to get enlightened and to attain nirvana, therefore, they have an optimism that keeps them grounded during their darkest periods.

Their optimism and faith will also make them twist reality and become really confused. Therefore, they should channel their energies in the right direction as much as they can.

Neptune in 9th house people will always be accused of being too hopeful and not dealing with the reality as it is. They struggle for their ideals, but they need to watch out

for how elusive dreaming can make them.

Things are not always what they seem, and they can get carried away by all sort of ideas and philosophies that aren't necessarily related to the reality surrounding them.

Neptune is the planets of illusion, so its effect on people is to give too much optimism. In other words, depending on the house in which this planet is, natives can only see and hear what they want.

They'd always be in denial and reject anything that tries to give them a sense of reality. When Neptune is in the 9th house that rules over mental exploration, the natives with this placement strongly believe that nothing is impossible and that they can do anything.

While this may not be wrong, it can surely cause them to be confused regarding what's real and not.

When things aren't going their way, they become depressed and hide in a world of fantasy from which they don't want to come out anymore.

Neptune can influence these people in their development by making them very secretive and private. In case this planet is in positive aspects, the natives having it in 9th house will be very profound when it comes to their spirituality.

They'll strongly believe that a higher power controls them and can even experience all sort of situations in which they believe something supernatural is happening.

Usually, the Universe answers their prayers, so they'll continue to believe in a God that makes all of their dreams come true and won't bother to create a reality for themselves.

It's like Neptune in the 9th house is their mirror in Heaven, the deity to which they're praying and that gives them what they want. These people's faith can move mountains, so they should really consider becoming priests or monks.

In the situation in which Neptune is in difficult aspects with Mars, they become victims of different sects that don't have any religious intentions.

These natives are the perfect prey for different groups that are looking to scam. On a different note, they're very sympathetic when hearing life has treated others in a bad way and usually take problems that are not their own as being their own responsibility.

Compassionate and generous, they really want to give, but they should learn how to get detached from their emotions because they couldn't help in any way if they'd always be shaken by all sorts of feelings.

They make great therapists, counselors and even teachers. These people wouldn't be bad as astrologers either because this type of work would require them to guide others into becoming better selves.

It's easy for them to absorb problems of strangers and to begin thinking of solutions. The rose-colored perspective is not always of help, but they don't usually use it when they're not directly involved.

Very convincing and able to become creative when asked to, they can have great success in sales or advertising.

These natives will have no idea what to do when it comes to their education because being dreamy doesn't bring them any of the discipline required to decide for the future.

The goods and the bads

While being the most creative, Neptune in 9th house people should pay attention to every little detail on the subjects they're researching. They need to have clear goals, write them down and think of the action they need to take in order to achieve them.

This is the only way in which they can't lose themselves while doing something. Focusing on their projects and what roles other people play in their story would help them achieve their dreams more easily.

Neptune in 9th house individuals will get to convince their friends and members of the family that there's a higher power controlling everything. Studying their birth chart could help them reach a good balance in life and also think of achievable goals for themselves.

It's okay for them to dream big, but developing a more practical attitude is definitely suggested if they want to make their objectives a reality.

The more realistic they are, the less others will take advantage of them. Very sensitive and relying on their intuition, these people are very good when working in teams.

If they focus on the necessary efforts to get things done, they can achieve great things, as it's impossible to rely on good energies alone, no matter how much the Universe is of help.

They need to be aware of their responsibilities while their faith is encouraging, it can cause them to be stuck with their problems.

Actions are the only ones that speak, so they should focus to always take the right direction in life.

It's like they don't have a sense of discipline and always rely on lessons learned from

experience. That's why they often make mistakes and after become very determined to repair them.

Pluto ♄ in ♋ Cancer man 27° 11'

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense than most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment

steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in

temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♇ in VII 7th House

([1107] i.thehoroscope.co)

This placement of Pluto makes people crave deep emotions and to display a sense of responsibility that is rarely seen, plus lead their lives by their own very specific values.

Those born with Pluto in the seventh house of their birth chart are connected to the concept of a good family, a close and loving atmosphere at home. Relationships are especially emphasized here. After all, they want to fulfill their sense of belonging as well.

If it's affection and intense emotions that drive them, everything is good and the prospects for a long-standing relationship are blooming.

A contradiction often appears, between their need to be in a relationship, an all-consuming one, and the feeling that they're enclosed in a cage with no breathing space.

Summary:

Strengths: Intuitive, empathic and strong-willed;

Challenges: Aggressive, conflictual and distrusting;

Advice: They should allow themselves to express their emotions freely.

Challenging their own identity

There will always be conflicts with them. Whether it's caused by their incessant rambling and tendency to criticize and annoy the hell out of anyone or their fear to be controlled, it's going to spark arguments.

The Pluto in 7th house natives are attracted to action-oriented people, to the aggressive and the unusual, the kind that you never know what they're going to do.

The lack of routine and a revolutionary spirit are the things that intrigue them the most. However, they have a special talent of taking out the most primitive and aggressive part of their partners, driving them crazy.

They have a part to play in this whole charade as well. It's not that they are the eternal victims upon whom everyone lashes out to. They're the ones who make everything happen with their attitude.

It's because they are afraid of losing that special someone, of being left alone and abandoned.

This drives to them to tighten the grip, to take control of the situation and impose their will. This, in turn, wakes up the monster in their partners.

The whole gist of the situation here is that they are still unsure of who exactly they are. An identity crisis, the lack of a spiritual basis, of personal principles to have as guidance. They are attempting to discover themselves through relationships and social contact.

Through experience and the many failures, they will eventually reach a more mature stage where they know what they want and how to appreciate it.

Society and social games are the perfect testing terrain to search for one's own identity. Involvement in anything too serious could result in serious disappointments and traumatic events if a break-up follows.

The Pluto in 7th house natives look on relationships and romantic contact as being a formative and healing process. They manage to wake up something inside them.

Deep emotions, of the kind that they have never felt before, responsibility and understanding, objective perceptions, firmness of character and a tempered personality.

There are going to be a couple of conflicts happening from time to time, and since Pluto is associated with the extreme aspect of existence, the problems are going to flare up as well.

There will be power struggles especially, conflicts and arguments because both partners are trying to take control.

This is a game of cat and mouse, of who gets to take control and who's subjugated.

All their relationships are like this, a dominator-dominated battlefield. It happens through emotional manipulation most of the time when one part plays on the other person's vulnerabilities and needs.

What they have to do is learn how to be calm, patient, just, and treat everyone in an equal manner. It's a journey toward self-discovery without the need to go to extremes.

Most of the times, the Pluto in 7th house natives end up out of control and filled with feelings of inadequacy because of the sadness and past memories that they bring with them.

And, again, they're not going to share them any time soon. Left festering deep down, those wounds are just going to become more harmful with time.

To overcome these issues, they need to inspect and investigate these wounds, see them for what they are and try to heal them. If left there, it's just going to create tension, emotional instability, and grief.

Professionally, the seventh house Pluton natives are especially good at taking care of the monetary situation of a company, calculate and create strategies, plan accordingly based on the existent data.

However, while these lucrative partnerships are emphasized and work flawlessly, emotional ones are in a bind, unfortunately.

Sure, there will be plenty of moments of blissful joy and sensuality that no one will be able to replicate, but those are just the calm before the storm.

Pretty soon, ruckus and screwed up arguments will occupy all their time. However, if they manage to temper themselves and become more understanding as a whole, not only will they be better off, but the relationship will experience a flourishing period.

The goods and the bads

The Pluto in 7th house aspect is strongly affected by one's interactions with other people and how these relationships affect the future development of these natives.

In the beginning, they will be unfit for any close bonds, unable to understand and act on their feelings.

But, as time goes on and they finally understand how to react and how to express their emotions, a complete transformation will take place.

They will usually find strong-willed partners who will force them to change their ways, to become confident and ambitious, to be better as a whole.

Of course, there will be conflicts where the control of the relationship is concerned. They also feel the need to find someone who'll become overly attached to them.

They're also against an open expression of emotions. Rather, they want to solve everything through reason and logic, by analyzing and making plans.

This, unfortunately, is not a healthy way of doing things because, sometimes, there are too many emotions and pressing matters that gather up together.

Moreover, one of the reasons they are so afraid of committing to a long-term relationship is that they might lose themselves, their identity and way of being.

The passion and love for the other person would grow to such a level that it would completely replace their sense of self.

Pluto ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ☊ in ♋ Cancer 16° 58'

(Georges Muchery)

The Dragon's Head is favourably situated in the Moon's domicile. It brings light in the darkness which may surround the native, helps him to see clearly into his affairs, and to act judiciously without hesitating. If inimical people (or events) encompass him, he will soon discover their weak point, and thus conquer them. The position is a lucky one. It gives the opportunity of extricating oneself from trouble and of overcoming difficulties through one's own good management. It is a sure protection, and a promise of progress without strife or violence.

The Dragon's Tail in Capricorn is a very evil position. It brings with it sorrow, and a tendency to neurasthenia, which it is difficult to overcome. It gives the native a character or disposition which is subject to constant changes; it is also a sign of disappointment in love through the native's own fault, as he has not the gift of attracting love. It is not always detrimental to the worldly position, but the native will not know how to enjoy life; he is ever seeking trouble, and this does not help to create a cheerful atmosphere for those who come into contact with him.

(Isabel Hickey)

North Node in Cancer gives domesticity and a mothering nature. Integration comes through furthering these qualities. Great sensitivity toward the suffering of others. Homekeeping would be an integrating force in the life.

South Node in Capricorn would show past habits of selfish ambition and a desire for power for self and to dominate over others. This tendency would have to be faced and overcome.

(Martin Schulman)

Here the soul enters the current life with much inner pride. The individual finds it difficult to understand why others do not show him the strong respect he has been accustomed to in past incarnations. As a result, prestige and the pursuit of dignity continue to be the motivators of all actions.

Some with these Nodes will even marry to achieve the social status of the subconscious Capricorn memory.

In past incarnations this soul worked hard for recognition. Without losing selfrespect, he

would have been the original ham, going far out of his way to attract attention. At times this would even mean imposing undue punishment upon himself if he knew others were observing. Now he would like the world to know how burdened he has been so that others can see him as a martyr.

He continues to make his work harder than it actually is, never seeming quite able to finish meeting his current life responsibilities and obligations.

Since he is always living in the past, he has a habit of bringing the consciousness of all his past burdens with him into the present. This makes his present life much heavier than it need be.

The one thing he has not yet learned to tolerate is failure in himself. He is wellpractised at actually making himself physically or emotionally ill in order to avoid coping with situations in which he expects to feel inadequate.

He sees the world through an attitude of self-righteousness, whereby the actions of others are rarely condoned but often condemned. He keeps this to himself, however, for it would damage his sense of personal esteem should others know that he has been fitting them into his secretly devised caste system.

In prior lives he was highly opinionated and strongly resistant to taking advice that would affect him personally. Now he still believes that one's personal life is strictly a private matter. Consequently, around all things which relate directly to himself, he builds the 'Wall of China'. It would be futile for anyone to try to break in, for at the slightest personal criticism, he starts adding more bricks to the wall.

Lifetimes of materialism make him an opportunist, placing himself wherever there is something to be gained. At the same time, he is 'penny-wise and pound-foolish', for he is known to be stingy in the midst of emotional bursts of extravagance.

When he sees advantage, he will turn cold and calculating so that no weakness within himself will prevent the attainment of a goal on which he has his sights. He will turn weakness in others to his own advantage. Wherever there are loopholes in the law, he can find ways to squeeze through. So intent is he on managing all he sees around him that his entire current life becomes a personal crusade to prove his worthy capabilities.

In past incarnations, his soul learned the art of accomplishment. In order to do this, there was little regard developed for others. Now through the Cancer North Node, he must learn how to give nourishment as well as receive it. Many with these Nodes experience strong family burdens so that they may come to know the emotional needs of others.

Sexually, the soul is learning how to take on the feminine role in this life. The karmic transition is from coldness to warmth - from age to youth. Many with these Nodes appear

to grow younger as each year in their lives passes.

Rigid Capricorn attitudes are dropped one by one. The individual finds new security in relating his emotions more honestly. In this life, he must learn how to apologize sincerely when he is wrong, as well as not to seek advantage over others when he is right. Eventually he will see that all of his depressions, fears and worries are no more than part of a self-created martyr complex which bears little relation to current life circumstances.

He must slowly learn how to divorce himself from an insatiable need to manage everything around him.

In this life, he will go through a chain of experiences which will slowly open up his Cancerian sensitivities. Eventually, he will start to value nature more than money, emotion more than power, and new growth rather than the collecting of dead wood! When the changes start to occur, he will be brought out of the cold of winter into the bright sunlight of early summer. But he must develop a totally new emotional response pattern if he is to adjust to the new direction in which his soul is destined to go.

His highest achievement in this life is nourishing others. To reach this, he must do much work on himself, until he becomes a natural cornucopia of spiritual food to those who are hungry. The more he is able to fill people, the more happiness he will feel himself. He should see that God also favors those who stand out and wait, and that His highest blessing is especially reserved for those who seek nothing for themselves but to be available as His constant servant. In past lives, this soul was able to benefit greatly by receiving. Now, he is here to give.

The house which contains the South Node shows the area in life in which the bowl of abundance is overfull. The house which contains the North Node symbolizes the empty bowls of others waiting for food.

(Mohan Koparkar)

Previous incarnation for this person was spent in many difficult and confining situations. Life at that point really did not have sufficient domestication; or he lacked stability at home. In this lifetime, his ideals and energies converge to establish a solid home base. Enjoyment from being the key family person is significant for him in this life. The ability to deal with sensitivity and emotionalism is noticed. He has a lot of imagination that is properly used towards creativity. In his previous life, he did neglect responsibility of older folks. Now he is extra-cautious in this life not to do the same. Thus, family cohesion is important for him. He may show a colder exterior, but you can get to him through proper emotionalism.

(Donna van Toen)

You need to develop your domestic and nurturing abilities. Your Capricorn South Node replies: 'Yeah, but I can't take time out from my career'.

Your problem is that you tend to try to fulfill your need for public acclaim without relating it to your inner needs.

Possible reasons for this problem include: that you have developed your logic at the expense of your emotions; that you lacked sympathy, nurturing or material security as a child, or had these things taken away from you at a crucial time in your life; that an ingrained philosophy of 'look out for yourself first' has encouraged a misguided sort of selfishness; that lack of recognition as a child has led to an 'I'll show them' attitude'; or an overpowering need to dominate at all costs.

Possible solutions include learning to view your emotional needs as keys to increased self-esteem; learning to adapt your wants to your needs; having a nervous breakdown; developing an ulcer; and blaming your parents for your hang-ups.

Cancer North Node seems to often coincide with institutionalization in childhood. Sometimes this means an orphanage or hospital has played a major role in the development. Other times it indicates a long stint in a boarding school. Sometimes there's a very regimented home life for one person or another. Or the parents have been cold and strict. Occasionally the Cancer North Node has had uncaring or unfit parents, and consequently became a ward of the court. But more often the parents were merely more concerned with the Cancer North Node as a status symbol than as an emotional being. Usually the parents were very judgemental and placed a heavy emphasis on doing the right thing in terms of living up to other people's expectations. Thus the Cancer North Node is conditioned to view the game of life materially. But regardless of his or her successes or failures, he or she often feels a great sense of something missing until the Cancer potential for emotional self-preservation and caring is tapped.

Signs of an over-developed Capricorn South Node include: dislike of domesticity; a stubbornly narrow outlook; self-consciousness; prudishness; unapproachability; a tendency to constantly test others in some way; nervousness; dislike of new or different ideas; a desire for respect and honor at any cost; and a tendency to curry favors or social-climb.

North Node in Cancer consciously or subconsciously feels that his or her strong emotions will act as a deterrent to his or her happiness, so a primary dream theme involves keeping emotions under control or else finding someone who will appreciate his or her emotionality so that it will no longer be a threat. He or she wants to be attached to someone else who will offer protection from the cold, cruel world and guarantee a measure of emotional security. This person generally represses emotions. He or she is

often confused about his or her feelings and finds it difficult to relate to others on an emotional level. Sometimes the tendency to fear emotions comes out as a cynical or pessimistic streak designed to camouflage the person's vulnerability.

Antidotes for Cancer imbalance: If career advice is sought, the client should be steered into a nurturing profession. Nursing, acting, dressmaking, pilot or stewardess, gynecology or child care would be logical choices if other areas of the chart are in agreement. Creativity should be channeled. Painting, interior decorating, weaving, and poetry-writing are particularly recommended. In cases where the North Node has been repressed to the point of blockage, psychodrama could prove helpful. If the client has adequate understanding of astrology, a dramatization of the nodal dialogues (or the troublesome nodal configuration) could be beneficial, provided you feel comfortable about this technique yourself.

A thorough health check-up should be advised if the client complains of lethargy or any other physical symptoms, since health problems seem to be slightly more frequent than normal with these placings. Both reading and writing can be beneficial antidotes. The Cancer need to protect and nurture must be satisfied. Housekeeping can often prove to be an effective antidote, as can anything connected with land maintenance. History and genealogy often satisfy the North Node's need to preserve and protect. On another level, swimming, calisthenics, or yoga could appeal by giving the client a feeling of doing something beneficial in terms of self-preservation.

(Haydn Paul)

The more rigid Capricorn influence may shape your personality, especially expectations of respect from others which come from inwardly hidden feelings of self-importance and superiority. Your sense of identity is connected to social relationships, feelings of personal prestige, and attitudes and actions shaped by hopes of achieving higher social status - a need that may determine choices. Your acquaintances and relationships are similarly influenced by needs for social status.

It is the social 'image and face' that must be upheld. Any public loss of dignity or self-respect would be extremely traumatic. In several ways, you hide personal insecurity, relying on others to define your identity. This personality dependency is often fragile; and your self-image is shaped by reflections from others rather than from an inner strength. Remove the attention and respect of others, and you may rapidly deflate. You like to feel wanted and important, and may assume responsibilities that are too great and then stagger under the weight of this self-imposed burden, becoming a martyr and expecting both admiration and sympathy from others.

You see failure as anathema, and hate to admit any personal shortcomings, as this diminishes self-respect. Intolerance of failure affects the rest of your attitudes; and your standards may lack an understanding of fallible human nature, even though you may not

always attain those standards yourself.

You try to avoid situations where failure may occur or inadequacy may be exposed, even to the point of experiencing psychosomatic illness when inner stress and outer pressures accumulate. You prefer to control life and those around you; and this can cause family tension whenever it becomes oppressive.

Your worldview tends to be fixed and preconceived; you evaluate others through self-imposed filters of social opinion, attitudes, beliefs, values, and standards. Many fail to match your purist and self-righteous ideals, which perhaps secretly pleases and satisfies your superiority attitude.

The question is: Does this life perspective fulfill you? Or is it a struggle to maintain a protective barrier that supports a less self-assured personality? You dislike anyone probing your persona life beyond established boundaries, and become highly sensitive to any criticism, often withdrawing into your armored 'shell', evading open and honest confrontation. Do those barriers really help, or do they actually imprison you, restricting life enjoyment within rigid personality structures that you have raised?

The Cancer North Node indicates a way out of the impasse. Attitudes of superiority always result in diminishing contact with life, restricting relationships and often ending in distorted self-images and exaggerated personal importance - the delusions of an inflated ego, especially if power over others has been achieved. These self-imposed barriers between yourself and others need relaxing. Learn how to give more; acknowledge the needs of others instead of just taking their approval and admiration.

The more emotionally sensitive aspects of your nature need fuller expression. Be more receptive, value relationship and communication, and feel compassionate to the struggles of humanity instead of ignoring this as weakness. Once you can accept and express emotions more easily and honestly, personal integration can occur, and the rigidity of misapplied Capricorn can dissolve. Admitting that even you can be wrong sometimes is progress. You need emotion to transform and heal; and life would then become more enriched and relaxed, free from needing to control, manage, and manipulate obsessively. If you can make this change, great benefits become available, and with them the opportunity for a more satisfying life.

(Bruno and Louise Huber)

Manifestation processes come to the fore again in the cardinal sign Cancer. In its manifestation, Cancer is oriented toward the collective as a whole. The native wants access to a home or 'nest'. He or she needs to be part of a family, and hates to be alone. Group membership gives a sense of protection and warmth. If the Node is in Cancer, the individual should try to join in. Very often, a Node with this placement occurs in strong-minded individuals who are much inclined to do their own thing and withdraw from the

crowd. In the extreme case, they live like hermits because they believe they are better or more exalted than others.

The Node in a collective sign indicates that one should become involved in a collective, in order to feel part of a family, group, local community, or nation, or the whole human race. The native could become the center of a hive perhaps. For this, a measure of industry and activity is required - as befits a cardinal sign. People with the Node in Cancer cannot laze about and do nothing; they must become involved in the creation of a collective relationship for their own benefit, and preferably for the benefit of others also.

The easiest way for them to do this is to found a family. With the Node in Cancer, it is important to be able to achieve emotional harmony with those around. Any tendency toward solitude and isolation opposes this placement of the Node. The emotional experience of community and belonging has a big role to play here.

North Node ☾ in VII 7th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the

twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of

attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

(Black Moon) Lilith ♀ in ♊ Sagittarius 9° 27'

([1145] elsaelsa.com)

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

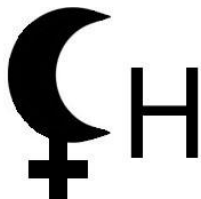

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you

perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♁ in XII 12th House

([1160] elsaelsa.com)

Gifts of Shadow

If you have Lilith in the 12th house of your chart, her themes will manifest in terms of isolation, the shadow, and limitation. She becomes the energy that stands in our way even as she offers dark gifts.

In traditional astrology, the 12th house is known as the house of Bad Spirit. This is where our own shadow meets the shadow of the collective. Our darkness reigns here, and is it very difficult to face and utilize the energies of any planets here directly. With Lilith in the 12th, you may deny or minimize your own darkness until it comes erupting to the surface.

The 12th house is also associated with hidden enemies. With Lilith here, it feels like there are forces working against you, coming at you from every angle. You may build up resentment and paranoia, which will prove to be far more corrosive to your soul than your enemies ever could be.

The 12th house rules limitation and restriction of all kinds. You may have found yourself at some point in life feeling stuck, or maybe even literally trapped within institutions like hospitals, prisons, or psychiatric wards. And if you have, it is likely that you were falsely confined and had no business being there. But either way, you have been isolated in some manner and have had to pay the social price.

While I could easily write a book on this placement, I will end here. The 12th house does just hold our shadow. It holds our gifts. When you are able to be quiet and sit with your shadow, a magnificent flower begins to bloom. You are able to build compassion for humanity like none other, and it is here that you begin to find your freedom. Let your gifts grow.

Ceres ♀ in ♈ Aries man 7° 26'

([1161] astromajesty.com)

intelligent, and has a complex personality. Men with Ceres in Aries need a female who will challenge them and force them to be brave and daring.

Vesta in 8th House

When Vesta, the asteroid and keeper of the eternal flame, comes into the 8th house of death/rebirth, transformation, intimacy and vulnerability, this can make hidden wisdom and the ability to perceive energy very accessible. Since this does have to do with sexual merging with another, you may be inclined to take long periods of celibacy and favor quality over quantity in your intimate relationships. You are very sensitive to the energy exchange of sex.

All eighth house placements interact with some form of trauma, crisis or adversity. You may occasionally need a respite from the world and from life to completely transform yourself. When you take this time to regenerate, shedding old layers so that new life can spring up in their place, you activate ancient abilities and templates.

It is why as grown-ups; they seek that acceptance and compatibility. They believe they will find it with the right partner.

Yet, no one feels like a satisfying match. Even though Libra Chiron people feel incomplete and lonely without someone next to them, they discover they don't feel a big difference with a romantic partner. That is why they tend to break up faster than they started a relationship.

Still, Libra Chiron individuals won't wait too long before continuing their love pursuit. It is why other people will rarely see them alone. The truth is, these individuals are terrified of being alone.

They feel incomplete without a relationship that would address their needs, worries, and hopes. It is why they dedicate their lives to the pursuit of a soul mate. When they imagine life without anyone in their companionship, they see reality as grim and hopeless.

Hence, people with Chiron in Libra have to learn to respect themselves and not hide from problems. Burying issues underneath creates an imbalance, which is what these people hate the most. They believe that a lack of balance is what ruins relationships and people.

But taking the opposite approach means touching their wound, which is the fear of being lonely. Libra Chiron individuals must learn to be true to themselves and show their authenticity to their partners.

Chiron in Libra represents karmic relationships. It is why these people always repeat the same pattern and chase the same type of people. The goal is to break that pattern by reconnecting with themselves and finding the missing element within themselves.

Chiron ♄ in X 10th House

([1269] astromajesty.com)

People born with Chiron in the 10th house typically struggle with their reputation, career, and work.

Although it might sound benign and easy to mend, it is not that simple. These people have an inner urge to be heard, known, and accepted. They crave recognition, social status, and admiration.

Since they've been little, they probably felt that there is something unique about them.

These individuals usually have big egos. They tend to believe they are different and often better than everyone else. It is why they demand respect and that the world knows their name. It could be that their parents raised them to believe that they could do anything they want and that they will be rewarded for their effort.

However, life rarely goes as we plan. These persons often realize that the reality doesn't match their parents' stories and their childhood dreams. Those born with Chiron in the 10th house tend to become so convinced that the world owes them the recognition that they forget they have to work for it.

In that case, they become lost, disappointed, and struggle to find their career path. They might wonder what do they do to get it if success is not a given? Do they follow their passion, or what will pay off?

On the other side, people born with Chiron in the 10th house could be overwhelmed with a feeling of ineptitude and lack of self-worth. They could feel inadequate and ashamed of themselves. That is often related to their relationship with their parents, mostly with their fathers.

Nevertheless, if their mother was the dominant one in the family, then the issues will steam from that relation.

Authority figures

These individuals look up to those they find powerful, authority, and recognized. Since they crave having a strong influence in society, they idolize those that have significant roles in their community.

Persons born with Chiron in the 10th house often believe that being a medic, lawyer, teacher, or police officer inherently brings a beneficial status and perks other people don't have.

They don't think much about the issues that could come with those roles or whether that will affect their private lives. These individuals often decide to pursue dominant professions for profit or recognition only.

Individuals born with Chiron in the 10th house want to have a door name tag that implies their significance.

Thus, they dream about having their enterprise, office, or employees who respect them. They will seek careers that promise that kind of success and try to fit in that world.

Yet, they tend to end up unhappy or dissatisfied because these roles don't fulfill them.

Parents of those with Chiron in the 10th house have a crucial position in their lives. If those born with this placement had a stay-at-home mother who depended on their husband, they loathe having to rely on others.

These individuals will likely blame their mothers for not being more ambitious or dedicating their lives to family. In that case, persons with Chiron in the 10th house will do everything they can to avoid becoming like their mothers.

As a result, these individuals want to be seen and taken seriously. They want to control their lives and possessions. Feeling powerless disturbs them.

In many cases, that will grow into an obsession with having admirers and followers. It is no surprise that many celebrities that entered the world of showbusiness have this placement in their natal charts.

But perhaps those born with Chiron in the 10th house had demanding parents who never thought it's enough. They always wanted more from their child. Maybe their father or mother called them inept, not enough, or even stupid, forming a life-long trauma.

If the crucial figures in one's life find them inadequate, that individual will likely grow feeling that whatever they good is not sufficient.

As a result, they grow up to be hungry for power and acceptance to prove to themselves and their parents they're worthy.

Careers that ensure respect

Those born with Chiron in the 10th house seek careers that ensure others will respect them and give them benefits and perks.

Due to not feeling worthy as children, their self-worth as grown-ups depends on their profession, reputation, and money. It is because it's measurable and visible: no one can deny if they are successful or well-off.

Those born with Chiron in the 10th house believe it is how people will pay them respect or perceive them as superior.

Their deepest fears are to fail and to be humiliated or embarrassed in front of people. Persons born with Chiron in the 10th house don't like losing or being seen as weak. It is why they choose careers that make them look professional, intelligent, or capable.

These people crave leadership positions because they are tired of someone having control or power over them.

If Chiron is afflicted or other aspects in the natal chart imply it, these individuals could become self-centered, arrogant, greedy, and pompous. They are, indeed, stellar in managerial roles, but it can be dangerous for them to have too much influence on people. It could corrupt them because they never felt good enough.

Nevertheless, it's possible that regardless of how hard they try, they never get enough recognition at work. People born with Chiron in the 10th house could go through many career struggles and obstacles.

The problem is, these individuals will never think they did sufficiently. No matter which position, role, or salary they reach, they will think someone else has it better than them.

Self-unworthiness and inadequacy

Persons born with Chiron in the 10th house continuously compare themselves to others. That makes them believe that they are always stagnating while other people have better jobs, houses, partners, or backyards.

Whatever it is, individuals with Chiron in the 10th house think the grass is greener on the other side, forgetting to water their own.

It is what drives their unhappiness. People with Chiron in the 10th house are too afraid to look into their souls and confront their trauma and wounds. They refuse to admit they feel unworthy, unloved, or that they blame their parents for their feelings of inadequacy.

That sense of unworthiness or holding grudges doesn't let them move on and find what genuinely makes them happy.

Instead, they chase someone else's dreams or try to keep up with all the expectations of society. No matter if they fail or manage to achieve everything, they still feel a void inside.

That hole comes from not giving themselves enough love and looking for it in the wrong places.

Part of Fortune ☒ in ♍ Virgo 1° 35'

([1280] astrolibrary.org)

You feel happy finding a specific vocation. You want a calling with which you can be useful to society, and also give a sense of organized purity to your environment. You strive for cleanliness where you live and work, and in how you express your thoughts.

You are very sensitive to everything around you. You realize how much negative emotions affect you, whether they are your own or that of others.

Because Pisces is the sign opposite to your Part of Fortune in Virgo, you understand compassion. Although you understand the invisible and infinite forces, you must direct your life towards a conscious existence and personal control, living constantly in the Here and Now, which at the same time has a great transcendental sense. You must always keep busy and avoid being invaded by depressing and doubtful emotions, whether yours or others'.

Purity of mind and body are important for maintaining internal clarity. You should discipline yourself and direct the negative emotions and worries of Pisces towards peace and inner acceptance.

Your ultimate goal is to function absolutely towards a perfect development.

You worry a great deal over all the details of the present. Treating them efficiently helps you not to transfer problems from the past to the future. You need to feel that you are developing your potential in something dedicated to improving the environment and society.

Pisces opposite to your Part of Fortune in Virgo will give you an understanding of general human needs, as well as their effect on the present and the direction of energy flow.

You can become as efficient or as cold and calculating as a machine. For that reason, you sometimes look for emotions to prove that you are still capable of feeling.

But, you should not identify with the negative aspect of yourself, because you could get lost in a sea of illusions that would take you away from your conscious sense of the present and your practical nature. Your practical nature is what helps you keep your center and overcome depressions without identifying with the emotional problems of others, which would cause the loss of your ability to function in the Here and Now.

Your happiness is in what you are dealing with in each moment and in what you perceive with your senses.

Although you can see the infinite and intangible through Pisces, you must find richness in the tangible, in proper organization, care, and cleaning of the things of the world. Thus, impersonally, you infuse love into life and to the experience of the moment without limit. You will come to understand the limitations of the human being as a perfecting path towards beauty and purity.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal

understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

1) ► **Ascendant ASC Parallel ♄ Saturn** - (1°08') 131 | 5

([71] astromatrix.org:) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Midheaven MC Parallel ☾ Moon** - (0°03') 131 | 003

([25] astromatrix.org:) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career
Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will

work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

3) ► **Midheaven MC Parallel ♀ Venus** - (1°42') ♄1 | ♀9

([48] astromatrix.org;) The Comic

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

4) ► **Descendant DC Parallel ♃ Jupiter** - (1°59') ♄7 | ♃12

([195] astromatrix.org;) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

5) ► **Descendant DC Parallel ♅ Pluto** - (0°41') ♄7 | ♄7

([213] astromatrix.org:) Get What You Want

There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

6) ► **Sun ☉ Contra-Parallel ♁ Lilith** - (1°35') ♀11 | ♀12

([631] astromatrix.org:) Self-Awareness unlocks empowerment

Opportunities: 1. Displaying your talents & brilliance 2. Increasing psychic awareness

Challenges: 1. Trusting instincts 2. Honouring your identity

The placement of this aspect in a natal chart makes you struggle with following your instincts, mainly when your anger is triggered. You might feel uncomfortable with your sexuality until you learn to trust your intuition, imaginative powers and demands for respect and recognition.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. Despising expectations become a norm. The opposition makes you feel aggressive or deeply troubled when others control your decisions and direct your life.

There is a painful yearning for freedom paired with a fear of rejection in you. Learning to express yourself freely without any fear takes a tremendous toll under this aspect. But the stifling of identity becomes the primary catalyst for self-discovery and accepting your authentic self.

7) ► **Moon** ☾ **Parallel** ♀ **Venus** - (1°39') 003 | 179

([16] astromatrix.org;) Natural Sympathy

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

8) ► **Mercury** ☿ **Parallel** ☾ **South-Node** - (1°00') 412 | 131

([172] astromatrix.org;) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out

your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

9) ► **Mercury** ☿ **Parallel** ♆ **Juno** - (1°44') ♁12 | ♃5

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

10) ► **Venus** ♀ **Parallel** ♀ **Pallas** - (1°35') ♁9 | ♃5

([579] 12andus.com:) You are driven by a strong sense of values and empathy for others.

When a cause or mission appeals to your desire to help others create security and beauty, you will use creativity and diplomacy to develop a strategy that appeals to everyone involved. You can win the respect and cooperation of others by appealing to others' sense of value and desire to feel comfortable and nurtured. You may use friendliness and your

social skills and good bedside manner to appeal to the heart and empathy of others.

Though you can be wise and charming, ultimately you will draw on your sensitivity to others' emotions and desire for love and acceptance, appealing to the compassionate nature of others.

11) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Saturn** - (0°51') ♋12 | ♎5

([190] astromatrix.org:) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

12) ► **Jupiter** ♃ **Parallel** ♇ **Pluto** - (1°18') ♋12 | ♏7

([63] astromatrix.org:) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

13) ► **Jupiter** ♃ **Parallel** Vx **Vertex** - (0°38') ♄12 | ♃5
([135] astrotarot.net:) The chance moment!

Typical features that this conjunction brings: you have the potential for outstanding achievements. So, much is expected of you. With this Natal Jupiter – Vertex aspects you may have been born into a privileged family. Or you may have been born into a family that values education highly. The fields of law, publishing, or higher education often attract you. Above all, you are tolerant of foreigners or those of a different background and culture.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

14) ► **Saturn** ♄ **Contra-Parallel** ♅ **Pluto** - (0°27') ♋5 | ♏7

([200] astromatrix.org;) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

5) ► **Venus ♀ Conjunct ♅ Uranus - (2°59' S)** ♅9 | ♅9

([44] astromatrix.org;) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the

stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

([153] astromatrix.org;) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts.

You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

20) ► **Moon** ☾ **Opposition** ⚡ **Uranus** - (9°17' S) 003 | 179

([157] astromatrix.org;) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or

entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

21) ► **Moon** ☾ **Opposition** ♅ **Neptune** - (3°40' A) 003 | 179

([158] astromatrix.org;) The Deceived

There are several similarities between the opposition's effects and those of the square aspect between Neptune and the Moon, although with the opposition the inner tension and stress is more projected outwards into the world so that it is reflected back by other people and the environment.

You tend to look for the solutions to your problems in the outer world, often by forms of dependency on others, or by misidentification with people, places or material

possessions which seem to offer some sense of security and respite from those inner pressures of emotional confusion. By doing this, you are liable to fragment an already fragile emotional nature, and by displacing your center you are liable to suffer a loss of motivational and directional cohesiveness to your life.

As is common with these planetary contacts, there is an over-imaginative production of illusions, where the boundaries of truth and fiction become blurred at the edges. It is within your more personal and intimate relationships that these illusions are probably most active and observable, especially as they tend to create distortions, disorder and confusion in communication.

At times you may feel trapped within your lifestyle, aching to become free of any situations that you feel are oppressing you. You often respond to such feelings by attempts at escapism, tending to prefer 'running away' from problems rather than confronting them in an effort to resolve them. This psychic emotional sensitivity and empathy to people and environments tends to be very influential, and you tend to absorb all impressions without any protection or discrimination. Underlying the emotional vulnerability and lack of confidence is a reservoir of creative talent that can be used; the difficulty lies in being able to clear a path for it to flow through into manifestation, and to do so requires the transformation of inhibiting emotional patterns.

If you seriously choose to apply yourself, then perhaps through disciplined training and tuition you could unlock the closed doors to this inner imaginative talent and release that frustrated energy. Self-confidence will improve as each small step is taken and you begin to observe the improvements that are happening, and slowly you'll believe that you can exploit that reservoir of hidden potential that is so deeply located within you. You'll start to reclarify your aims and intentions in life, piecing together a new direction to travel, forging a lifestyle that fits you and which does not generate friction through inner frustration and conflict.

Relationships will improve as clarity depends through more realistic appraisals and understanding, plus the awareness to make essential compromises and adjustment to live harmoniously with a partner.

([572] 12andus.com:) Your nurturing style is hindered by your past wounds and unresolved traumas.

Though you are caring, intuitive and considerate, you can also vacillate between reacting to your insecurities and showing love for others in an authentic way.

When you find greater confidence to heal your past wounds, you can also become more caring, sensitive and loving to those around you. Your unresolved past wounds can cause you to be more judgmental than nurturing to those you care about.

The more you overcome your own fears and feelings of insufficiency, the more compassionate you can be toward those who have struggled with similar wounds.

You may try to hide from your own healing work by busying yourself with caring for others. This will cause tension until you face your own needs and learn to love yourself first.

([240] astromatrix.org;) Inferiority Complex

Opportunities: 1. Giving Back to Society 2. Valuing Yourself More

Challenges: 1. Understanding Your Emotional Nature 2. Knowing Yourself Through Others

With the Moon Sextile your Natal Ascendant, you have a warm, imaginative and caring personality. You are attuned to your inner feelings and sensitivity, and can express your emotional core with ease.

Your intuition is heightened, and this sensitivity to your environment allows you to be adaptable and flexible – you see what's happening around you, and you're supple enough to adjust as it does. This, combined with your keen skills of observation, can lead to great insights into the behavior of others. You see people for what they are, and this gives you great abilities for connecting with them on a deep level.

It also can help you develop better self-knowledge. In one person's heart the whole world can be seen.

This focus on other people does, however, reveal a certain inferiority complex. You observe others so deeply because you don't value yourself enough. The task for you now is to learn to value who you are while maintaining that intuition for other people.

Your sensitivity can be your weakness, especially at early stages of the maturing process when you are not able to control your emotions well and take things too personally. The challenge of this position is to try to understand your emotional nature better, and how it relates to that of others.

Taking on that challenge wholeheartedly, and holding nothing back from it out of fear or self-protection, will lead you to greater awareness, perception and emotional maturity.

Your social life is very important to you and you have many friends and strive to have a good family life. You may be drawn to public life and working for the benefit of society as a whole. This will be, for you, where the ultimate meaning is to be found.

Challenges: 1. Making Sacrifices 2. Balancing Independence and Cooperation

Throughout your life, you will probably have a clear idea of where you are headed and what your objectives are. And in finding your way, you will get help from authority figures, such as parents and teachers.

You are able to avoid serious conflict with others as you pursue your life goals, because you are willing to make compromises and to work with others so that all of you can achieve your goals. Although you are interested in getting ahead in life, you are not so caught up in yourself that you cannot help others. If necessary, you will even make real sacrifices for someone in whom you believe. Also, you are able to use other people's help in such a way that everyone benefits.

You are able to be independent and get along with others at the same time. Although you are not a follower, you don't need to dominate over others either. Your objective is to make your life worthwhile, but you can feel successful without having great popular acclaim.

You have your own standards and goals, and you have enough self-awareness to know when you are on the right track. While you are young, you may not understand fully what you are doing with your life, but do not be impatient, for this understanding will come. You may have a number of different interests, but each of them will probably help you understand what you eventually should do.

During the past century, there has been only one aspect made between Neptune and Pluto, and it is interesting to note that the sextile commenced in the midst of World War II during 1942. The influence of this relationship would be expected to have global and generational effects; and, like all of the transpersonal planetary energies, would be a directive force stimulating the development of the evolutionary process within time and space.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. This has been through the New Age movement, humanistic / Jungian psychology, occult techniques, and the rebirth of magical attitudes towards life. It has also involved the grafting onto the Western tree of many of the attitudes and much of the knowledge of Eastern philosophies and religions; a merging of the two hemispheres;

46) ► **Midheaven MC Square Er Eros** - (4°01') ♄1 | ♅10

47) ► **Moon ☾ Square ♃ Jupiter** - (2°28' A) ☿3 | ♃12

([391] astromatrix.org:) The Procrastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel

special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater

efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

48) ► **Mercury** ☿ **Square** ♀ **Venus** - (6°17' A) ☿12 | ♀9

[399] [400] [401] (No interpretation because this is only possible in the Dwad/Harmonic - charts, not in Natal.)

Interpretation from transit:

([401] astromatrix.com:) Self Indulgence

Opportunities: 1. Being Social 2. Communicating from the Heart

Challenges: 1. Dealing with Communication Difficulties 2. Maintaining Balance

Wanting to be intellectually stimulated, feeling good. Going to museums or movies, talking to loved ones.

([399] astrologyking.com:) Mercury square Venus transit can make you feel uncomfortable or awkward in social situations. Carelessness with your words and a tendency to be opinionated could lead to disagreements or embarrassment.

([400] astrology.com:) You may more easily become aware of desires emerging from within, which can begin to pull your interest in a direction that conflicts with your trajectory.

49) ► **Mercury** ☿ **Square** ♂ **Uranus** - (3°18' A) ☿12 | ♂9

([407] astromatrix.org:) The Scattered Mind

The square has several characteristics similar to the opposition. In both we find eccentric thought-patterns, intellectual superiority, the 'know it all' syndrome, and a changeability of mind and emotions which can both confuse and antagonize others.

The main difference with the square's influence is the dominance of the Uranian 'rebel'

attitude, which will condition your social expression. Your initial reaction to most social traditions, rules, and beliefs will be a belligerent opposition, even if you hide most of this activity within your own thoughts. A 'rebel of the mind!'. There are at least two sorts of rebel those who just oppose, and those who oppose and offer radical solutions to social problems.

You are likely to have the tendency to be the 'opposer', as your ideas are often erratic and impractical, lacking in the ability to be easily applied by people in everyday life. This can be frustrating for you; but until you come to better terms with contemporary life, it may be inevitable. Part of this problem is your inability to acquiesce in social rules and accepted ways of behavior, allied to an innate resistance to authority.

You fail to see why you have to live in certain ways, acting and behaving according to a social code of conduct, or thinking within predictable and conventional parameters. You have enough of a sense of freedom to know that life does not have to be the way your parents, teachers, employers, politicians and priests tell you. So, you become an outsider. Alienation from society can vary in degree; but you may have to be careful that your tendency is not just negative in nature but possesses a positive creative ability for social change.

You may have to realize that the only person who is responsible for you is yourself! The responsibility for your choices and actions lies with you, no-one else; and it is a foolish denial of personal power to pretend otherwise, or to seek to blame society or someone else for the repercussions of your choices. Basically, what you are looking for is a personal state of freedom. The freedom to live in a world that suits you; and there can lie the problem. How to move from a restrictive world into liberation?

One approach is to transfer the energy flow from opposing 'out there' to being turned within, to experience fully the contradictions in your nature, accept them and attempt to resolve or rebalance them. Techniques from the humanistic schools of psychotherapy and creative visualization could prove useful in this act of recreation. The social rebel has to undergo an inner revolution.

50) ► **Venus** ♀ **Square** ♀ **Lilith** - (6°47' A) ♀9 | ♀12

([655] astromatrix.org;) Embracing all of human nature

Opportunities: 1. Expanded Sexual Pleasure 2. Releasing Sexual Shame

Challenges: 1. Understanding fears of intimacy 2. Unlocking sexual inhibitions

Lilith Square Venus draws a very seductive energy into its sphere. Lilith's power is understanding that we all have innate primal desires. Venus's domain of relationships and self-worth, struggles to balance the hunger of Lilith's needs. Lilith doesn't care for airs and graces in the way that Venus does. Lilith can be intoxicated by wanting to "own" the source of its desires. This energy is felt mostly in relationships, but one must always remember that everything starts from within. This placement can tend to bring out control and power issues in relationships. It's important to be aware where the root of

relationship insecurities stem from, to overcome the shadow side of this placement.

Key themes of this aspect also include wanting to experience your kinky sexual desires. Additionally, this can affect an individual self-worth, in terms of feeling as though your value only lies in your sensual nature. You may feel as though your humanity isn't honored, apart from the pleasure that you can bring to serve their needs.

You may naturally have a high potency of sexual energy. As this is a square aspect, at times some of this energy may not be released - which can cause irritation and agitation. This aspect also makes you acutely aware of manipulation in relationships, whether it is emotional, financial or sexual manipulation. In fact, you may use your sexual energy to manipulate someone to get what you want. Perhaps using your sexual autonomy to climb the career ladder.

There may be issues of sexual shame, and not feeling comfortable to express your erotic nature. There may be some shadow work around feeling used when you have exchanged intimate liaisons with another. To overcome these shadow feelings, it's important to understand that exchanging sexual energy is natural - and to understand the root of where these feelings are coming from.

51) ► **Mars** ♂ **Square** ♅ **Pluto** - (6°43' A) ♈4 | ♄7

([428] astromatrix.org;) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs, desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

52) ► **Mars** ♂ **Square** ♀ **North-Node** - (3°30' A) ♃4 | ♁7

([431] astromatrix.org;) Learning Grace

With North Node square Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or

breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

53) ► **Jupiter** ♃ **Square** ♆ **Neptune** - (1°12' S) ☿12 | ♀9

([434] astromatrix.org;) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over decision-making. Relationships can pose problems; distortions and misunderstandings may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

70) ► **Midheaven MC Trine ♀ Venus** - (6°40' A) ♃1 | ♀9

([339] astromatrix.org:) Idoliser Of Beauty

Opportunities: 1. Creating Beauty 2. Working in Teams

Challenges: 1. Learning to Be Alone 2. Dealing with Conflict

This aspect means that you love working with and owning beautiful things, so that later you may have a career in art, crafts, decorating or another field involving beauty. But it also means that you have a harmonious nature, that you like to have a good time with others.

You are not especially aggressive, preferring to give in or smooth over a possible dispute rather than fight. This is not because you lack self-confidence, but because you hate conflict. You are very warmhearted and friendly, and you like your relationships to

be smooth. Your relationship with your parents should be quite positive, and your early life should be very pleasant. When you are older, you will have happy memories of these years.

You also get along well with persons in authority over you, such as teachers and employers. If you want, you can easily charm and flatter them, but you shouldn't do this ordinarily, because others will lose respect for you.

You do not like to be alone very much, for you find it difficult to amuse yourself, feeling that nothing is really worth doing unless you share it with someone else. So, you always try to have friends around you.

When you are older, you will seek out relationships with the opposite sex so that you are never alone for any length of time. This trait also makes you a good team worker, because you know how to bring together the various interests of people in a group for everyone's benefit.

You want to break new ground, but in order to get there you won't have to battle others, especially your parents or other authority figures.

You should be sufficiently creative so that you can make them see the desirability of letting you have your way to a reasonable extent. You may change your mind several times about what you want to do with your life, not so much because your mind is unstable but because it is so difficult to find exactly what you need. Incidentally, this can be a sign of an interest in or, later, a career in a technical field, such as electronics, computers, engineering or science. Or you may be interested in the occult and astrology.

You like a certain amount of excitement in your life, to keep from getting bored. You prefer anything new to what is old, so you will not be particularly interested in keeping in touch with your childhood and your past once you are finished with it. The high idealism of Neptune and the awareness of social responsibility of Saturn will be prominent and will stimulate an inner motivation intent on sharing in the ongoing work of social improvement.

You should have a natural insight into social issues, and this coupled with a keen perception can help you to indicate those core problems that require resolution; in addition, you are able to offer constructive solutions to such problem areas, and are able to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 1° **Virgo** 35' and in the **9th** house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Gemini** 2' and in the **6th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 15° **Aries** 36' and in the **4th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 6° **Capricorn** 57' and in the **1st** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 5° **Libra** 33' and in the **10th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 26° **Aries** 7' and in the **4th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 6° **Virgo** 33' and in the **9th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 8° **Leo** 55' and in the **8th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus

Alexandrinus

The **Lot of Nemesis** is in 15° **Libra** 18' and in the **10th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen

Nemesis in Tenth house (Capricorn): carelessness, neglect

Lots related to family:

The **Lot of the Father** is in 25° **Gemini** 6' and in the **6th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 11° **Cancer** 38' and in the **7th** house.

Same as for father.

The **Lot of Siblings** is in 21° **Gemini** 59' and in the **6th** house.

The **Lot of Children** is in 13° **Leo** 44' and in the **8th** house.

The **Lot of Daughters** is in 9° **Libra** 5' and in the **10th** house.

The **Lot of Sons** is in 2° **Capricorn** 48' and in the **1st** house.

The **Lot of Marriage for Woman** is in 0° **Libra** 45' and in the **10th** house.

The **Lot of Marriage for Men** is in 4° **Taurus** 58' and in the **5th** house.

The **Lot of Deceit in Marriage by Woman** is in 15° **Aquarius** 47' and in the **2nd** house.

The **Lot of Deceit in Marriage by Men** is in 27° **Scorpio** 43' and in the **11th** house.

The **Lot of Marriage (in general)** is in 26° **Aries** 37' and in the **4th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 7° **Cancer** 2' and in the **7th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 18° **Capricorn** 42' and in the **1st** house.

The **Lot of Treachery** is in 3° **Leo** 51' and in the **8th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 26° **Aquarius** 36' and in the **2nd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 20° **Libra** 19' and in the **10th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live in it like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 7th house

(12andus.com:) You easily gain friends and may be sought after by more people than you expected.

Your attractiveness and love of others can lead you to seek balance and empathy but sometimes you look for love in all the wrong places. You may make small seemingly innocent connections with people who turn out to have a dramatic life changing effect on you.

You may become obsessively involved in romantic relationships that you think are going to give you what you're looking for, only to find that you have been deluding yourself or developing a toxic relationship.

You may need to heal from a past relationship before you try to move on into new

relationships. Through relationships, you may unintentionally open up a can of worms that you can't easily control.

You may find transcendence and healing from dealing with an unintended fallout from your attempts at relationships with others. Others can help you face hidden aspects of yourself and you can find peace with hidden aspects of your personality.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Cancer

(12andus.com:) You have an erotic obsession with being nurtured and emotional connection.

You may feel more sexually attracted to things that make you feel secure. You may also be obsessed with your partners chest, breasts or stomach. You may be attracted to the idea of motherhood.

Sexual encounters may be more thrilling if you anticipate the potential for creating a family. Pregnancy or the expectation of pregnancy can be part of the thrill.

You may also be attracted to erotic use of food, such as using sexual enhancement lotions that are edible. You don't have a strong kinky side as you would rather feel secure and comfortable in your sex life rather than being adventurous.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

1) ► 24° Cancer 1' **Pholus** ✂ **Conjunct** ♄ **Pluto** (Rx) 27° Cancer 11' - (3°10')
(12andus.com:) Your deep, dramatic urge to transform and be a catalyst for change is ushered in by milestones and turning points.

Even situations outside of your control are likely to be harnessed as catalysts for deeper personal transformation. You can find your inner power, clarifying your focus and finding greater authority during times of cataclysmic change and crises.

Though you have powerful protective instincts, you will also find that you can't always dominate the circumstances around you. When milestones and turning points threaten your sense of security and foundation, you rise to the occasion and act as an authority

figure.

You can also help others walk through these periods of dramatic change and transformation and may see even small catalysts as much bigger turning points leading to a symbolic death and rebirth phase for you.

2) ► 24° Cancer 1' **Pholus** ✎ **Conjunct** ♋ **North-Node** 16° Cancer 58' - (7°03')
(12andus.com:) Your destiny and purpose are intertwined with changes that you are compelled to make in the midst of cataclysmic crises.

Seemingly small or inconsequential decisions or accidents have much larger ramifications for you and help to steer you toward the path of fulfilling your destiny. You may be compelled to step up to the plate as a leader or healer, finding personal growth and advancement in the midst of crises.

Milestones and major life turning points can reveal deeper truths about your destiny and who you truly are. When you open up to your higher potential, you'll be better able to fulfill your mission.

3) ► 24° Cancer 1' **Pholus** ✎ **Opposition** ASC **Ascendant** 17° Capricorn 51' - (6°10')
(12andus.com:) You may resist accepting responsibility for some great change you must initiate.

You'll procrastinate for as long as possible until the day comes when you "accidentally" slip up and say or do something with dramatic and long reaching consequences. Once you've unleashed this dramatic change, there's no turning back.

You couldn't have planned it, and you certainly can't put the genie back in the bottle. The most you can do is try to become comfortable recognizing the major life turning points when you are facing them. Instead of standing at the crossroads refusing to accept some aspect of your destiny, try to balance your need for control and your need to be flexible.

You may avoid facing a maior life challenge because it threatens your ambition. Yet you may come to find that this turning point was exactly the catalyst you needed to bring your ambition to reality in the first place.

4) ► 24° Cancer 1' **Pholus** ✎ **Sextile** ♆ **Neptune** 26° Virgo 12' - (2°11')
(12andus.com:) You may find it easy to express your nurturing, compassionate energy during times of crisis and cataclysmic change.

You can easily find higher meaning and spiritual connection in light of and sometimes because of crises or changes that form larger turning points. These turning points bring

opportunities for you to reflect on a deeper level and find your higher calling as a healer or spiritual guide to others.

Though you may not be able to contain the larger crises or events beyond your control, you will be able to embrace your calling to help others and show compassion while serving others.

5) ► 24° Cancer 1' **Pholus** ✍ **Sextile** Vx **Vertex** 23° Taurus 42' - (0°19')

6) ► 24° Cancer 1' **Pholus** ✍ **Sextile** ♀ **Pallas** 23° Taurus 21' - (0°40')

(12andus.com:) You may easily draw on your warrior spirit, you'll find the strength and focus to pursue your higher vision even during times of crisis.

When you are facing dramatic turning points, you can emerge as a mentor or leader for others. You can find the courage to make sense of unprecedented changes and crises and this leads you to stand out as a leader.

Others will look to you for vision and stability during crises. Even when you do your best to protect and lead others, you are likely to learn things you didn't know because of the crisis you face. Understanding your own limitations is part of your process.

You can unleash your intuition, intellectual nature and higher vision during time of crisis. Catastrophes can bring hard lessons but will also bring out the best of your strengths.

7) ► 24° Cancer 1' **Pholus** ✍ **Square** ♂ **Mars** (Rx) 20° Aries 28' - (3°33')

(12andus.com:) You may find it challenging to face the ramifications of your impulsive actions.

You may think raw courage and motivation will help you conquer any challenges, but major life turning points can leave you feeling stumped. Your willpower alone will not be enough to help you staunch out the fire that arises from small accidents, oversights or missteps.

When you face the full extent of your choices and their ramifications, you can become better prepared to deal with major life turning points. You can find your way to navigate through dramatic, life altering events.

8) ► 24° Cancer 1' **Pholus** ✍ **Trine** ☾ **Moon** 22° Pisces 32' - (1°29')

(12andus.com:) You may easily show your compassionate and sensitive side as you deal with unexpected cataclysmic events that impact your family or community.

You may feel compelled to nurture or heal others during times of crisis and can easily do so. You may easily put your emotional needs aside. Even when your intuition shows you that small issues can have dramatic and traumatic consequences, you won't shy away from responding to those in need.

This can leave some residue on your emotions and have an impact on your mental well being but you won't be deterred from trying to protect others.

9) ► 24° Cancer 1' **Pholus** ✎ **Quincunx** ♃ **Jupiter** 25° Sagittarius 0' - (0°59')
(12andus.com:) You may have a difficult time adjusting your beliefs and philosophy during a time of crisis.

You strive to be an idealist and can always find a way to put a positive spin on circumstances beyond your control. Yet during major catastrophes and cataclysmic events this may seem insufficient. It may seem like you aren't fully equipped to face the impact of not being able to stifle a major crisis once it has erupted.

If you downplay or suppress the impact of the crisis it will be detrimental to yourself and others. Yet if you find ways to adjust your beliefs and allow for the crisis to become a turning point which leads you to change your attitudes and beliefs in some key way, you'll have greater success acting as a leader, healer or advocate.

10) ► 24° Cancer 1' **Pholus** ✎ **Bi-Septile** ☾ **Sun** 6° Scorpio 22' - (0°31')

11) ► 24° Cancer 1' **Pholus** ✎ **Septile** ♀ **Venus** 16° Virgo 14' - (0°47')

(12andus.com:) Your erotic nature and sexuality can be unleashed unexpectedly by seemingly benign events.

Small steps or decisions can lead to a domino effect that helps to blow the lid off of greater acceptance of and exploration of your erotic desires and fantasies. Dramatic turning points and unexpected surprises can lead you to delve deeper into exploring some of your sexual fantasies.

You may be unaware of some of the more powerful aspects of your sexual infatuation or compulsion until an unexpected turning point awakens your arousal. When this happens, you are likely to become obsessively drawn to exploring your passions and desires.

You may be aroused by surprising circumstances or erratic encounters that bring out your impulsive side. You can find chaos and unpredictability to be exciting and arousing.

14) ► 29° Cancer 9' **Eros** ✎ **Conjunct** ♄ **Pluto** (Rx) 27° Cancer 11' - (1°58')

(12andus.com:) You are attracted to power, status and wealth in all forms and this can drive your erotic fantasies.

When you're in an intimate relationship, you can be highly passionate and magnetically attractive to your partner. Yet you may also have a tendency to dominate or overpower

your partner.

You are turned on by power games and may find greater depth of pleasure when you explore different power dynamics in intimate relationships. You seek transformation and deeper truth through the connection you find in intimacy as well.

You can be hedonistic and materialistic when it comes to intimacy as well. You may be turned on by those in positions of status and authority. You can also easily blend power, intensity, and a strong sense of intuition with your sexual fantasies.

(12andus.com:) You may find it easy to express your erotic love as long as others follow your boundaries and rules.

You need your erotic encounters to be consistent, predictable and practical. Physical contact is important to you. You don't like to indulge in fantasies or idealize your sexual encounters. You're more obsessed with the here and now.

The idea of status, success and stability are a turn on for you, however and you may become attracted to people who represent these qualities.

16) ► 29° Cancer 9' **Eros** ✎ **Sextile** ♆ **Neptune** 26° Virgo 12' - (2°57')

You may easily draw on your creative nature to make the perfect scene for intimacy. You can be turned on by encounters that help you to feel like you're escaping everyday life. You may be attracted to role play, costumes or using drugs or other mind altering tactics to change your consciousness or push boundaries, sexually.

You can be deeply emotionally connected to a partner and still explore a full spectrum of emotions and desires. You prefer it when sex is transcendent and not just about physical pleasure.

17) ► 29° Cancer 9' **Eros** ✎ **Sextile** ♊ **Spirit** 4° Gemini 2' - (4°53')

(12andus.com:)

Shame or embarrassment may make you feel the need to suppress your desires. Your fantasies and infatuation may clash in some way with your outward personality. It's one

thing to believe in keeping your erotic nature private, but for you, the issue really stems from not feeling totally confident in your sexual desires.

With some adjustment and changes to your perspective, you may become more inclined to embrace your fetishes, desires and fantasies with more confidence.

You can start to integrate your sexual desires into your personality and express your desires.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Gemini

(astrology.com:) Gemini or in the third house: These individuals put a premium on the mind, staying sharp through puzzles, brain-teasers, and keeping up on current events. Self-care territory often feels too emotional, and they can spread themselves thin trying to tackle all their doctors' appointments at once so that they "don't have to think about them" anymore. They must remember to give the same love to their body as they do to their intellect.

Hygiea in 6th house

(astrology.com:) Virgo or in the sixth house: On its face, this is an optimal placement, but Hygiea in the sign of purification doesn't necessarily imply a premium on health. These individuals view daily routines as acts of wellness, but some routines can be draining or gratuitous. This Hygiea may get too hung up on habit, so the thought of missing their ritual creates more stress than the relief of undertaking it. They must be mindful of their priorities, as one can have a holistic wellness regimen but still forget to eat.

Psyche | Soul, Entrance to Self

[1] where you've almost certainly seen the dark side of things

Psyche in Pisces

(fauxastrology.tumblr.com:) Psyche in Pisces/ 12th house: My soul's climbing up the Beanstalk towards a castle in the sky, swimming in the clouds, going to places where time & space don't exist, where you're hearing a distant melody but it's like a half-

forgotten dream, far away & untouchable. My soul's searching for something that will reach me through this world I created.

Psyche in 3rd house

(fauxastrology.tumblr.com:) Psyche in Gemini/ 3rd house: My soul's dancing with strangers at strange places, but are they really strangers if I know them all? I wanna hear music forever & wherever, want laughter & noise to never cease; my soul's a library full of the knowledge I've gathered from all the places I've seen, all the people I've talked to.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aquarius

(synnisisigns.com:) Eris in the eleventh house of organizations and friends, you either do or will come to understand the necessity of a cooperative role within the group. You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

Eris in 2nd house

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Scorpio (Rx)

(astronomicallyaligned.tumblr.com:) Crimson and scarlet, roses and blood. Pain and beauty, grotesque and delicate. A magnetic pull is dragging you into releasing the content of this box. Thorns and silk, metal and cotton. Once out of the hidden, this paradox of insanity will consume the world. No hope or joy. Only obsession and frustration. But if kept alone, in peace, it will give you a strong drive in life. A meaning and goal. Pure passion and lust for experiences.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Libra (Rx)

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for

those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

[1] where you give off an air of the dark and mysterious; where people are irrevocably changed by you

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to

remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Zhulong

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold darkness."

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
