What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Aries Sun Sagittarius Moon people are free-spirited and easy-going, not to mention open to any life experience. They are always confident and bold and their energy levels are huge.

Fierce as the Aries, they hate to be in any way restricted. They dream to travel the world and to feel things first-hand, as influenced by the Sagittarius.

A Decisive Personality - In a nutshell:

Positives: Thoughtful, straightforward and determined;

Negatives: Challenging, stubborn and impulsive;

Perfect partner: Someone who is just as eager about life as them;

Advice: They need to be careful about other perceiving them as arrogant sometimes.

Personality traits

Revolutionary and straightforward, Aries Sun Sagittarius Moon individuals will always put their needs above others'. They don't mind being in the center of attention and prefer to lead instead of following.

Never boring, they go only where pleasure and progress take them because they want to grow and to move forward. But it's important they try to be more calculated. Agitation and impulsiveness can make them lose.

Patience and thoughtfulness are the only things that could help them succeed. The fact that they are quick to react can only bring them trouble.

Everywhere they go, these people will make themselves noticed through their incredible ideas.

Passionate and determined, they will risk everything if they know an experience can teach them something. Because they are self-confident, they are able to deal with any kind of people.

Authoritative too, they always want to be in control. Aries influences them to be fiery, determined and courageous, the Sagittarius to be honest, straightforward and flexible. Sagittarians are also known for being clear and serious.

These two signs combined make the people born under them open to testing their limits. Because they have a philosophic approach on life, they won't do anything that sounds meaningless.

You can always count on them to think independently and to have a great speech. They believe only in the truth, but they don't necessarily look for the scientific facts and doctrines. They are not the biggest fans of details. The big picture is where they find their own truth.

Ethical, Aries Sun Sagittarius Moon people have strong principles under which they live their life. They can change themselves according to the situation, which is another reason to believe they are good leaders. They have a unique way in handling people, that can't be found in others.

Self-discipline, self-control, a decisive nature and confidence: these will all influence their decisions. They want to live their life honorably, and that's why they are a force of nature.

But as said before, they need to train their mind in order to not generalize so much. Being realistic is essential in anyone's life.

You will often find these people being students of life, the fighters and the doers who join lost causes. They are individualistic creatures who want to convince others to think like them.

Aries individuals will amaze people with their energy and courage. They react very quickly, almost instantaneously. Enthusiastic, these people will rely only on their first impulse, not thinking too much of consequences.

There's nothing else they want more than living in the moment. Good entrepreneurs, they don't mind confronting others. It wouldn't matter who would call them to action, they would be the first present.

Challenges are perfect for their dynamic spirit. And when they commit to something or someone, they will never give up. They are not necessarily aware of other people's feelings because they pay great attention to themselves, and this can be tough for those around them.

If they want to have smoother relationships with others, they need to pay attention to what their loved ones think and feel. Being too focused on themselves and looking to do only what would benefit themselves is not at all advised.

While some will appreciate them for their honesty and straightforwardness, others will be very bothered by them. Things are usually either black or white with these people.

They express their qualities better when they simplify things in complicated and unmanageable relationships, but they need to be very serious when they do this.

Love characteristics

Aries Sun Sagittarius Moon natives are direct and open. They need to express themselves regarding anyone and anything. That's why they need a partner with a thick skin. They will never stop because of someone's bruised ego or hesitation.

An adventurer will be their perfect companion. They usually get involved completely, but they need to be challenged and stimulated. They won't bother to change anyone, so no time for those who aren't to their liking.

Moon Sagittarians are wanderers, and they are not at all comfortable when someone ties them down. Someone interested in many things and sociable would be perfect for these natives. They will offer all of their support and optimism to the perfect person, but they don't want to feel that they are needed because they can't have responsibilities. Feeling suffocated is the most terrifying thing for these Moonies.

Aries Sun and Sagittarius Moon man

The Aries Sun Sagittarius Moon man is dependable and loyal. He assumes others behave similarly as well.

His good nature can get him into trouble, as people with bad intentions exist; this is why he needs to be careful with whom he trusts while not losing his innocence.

Always curious and aware of his surroundings, this guy will always have his eyes open, as he doesn't like missing out on something. But he can be superficial with his interests and what he's pursuing.

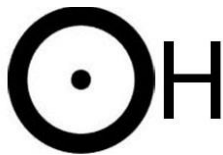

The fact that he can't focus for too long means he will rapidly lose his interest in something or someone; not that he has bad intentions, but he can't concentrate.

This man is idealistic, a philosopher and spiritual. All this combined with the impulsive and energetic influence of Aries can be a successful combination.

People born with this aspect are innocently curious and sincere. What they need is more realism in order to attain their dreams and high goals. As they jump from one project to another, it's possible they won't find their purpose in life.

Knowing only intuitively what they have to do can turn them into hippies. But if they find their purpose in life, they will be focused and down-to-earth individuals.

Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of

expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd

house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

However, with Moon in 10th House natives it is pretty much the same, because this House and the 4th one are all about the family's name and influence the path of people's lives, according to how they get along with their loved ones.

But after a period, they will want to escape this type of relationship, not for them to be dependent on someone, but to expand their leading roles more. Those who rely too much on others will never get their respect, and they would understand such a situation only if having a Water sign as their Moon.

The men with the same placement love the women who are driven to succeed and dream of a great career. They won't mind building a business with their wives, or if the ladies are the ones who lead or come up with ideas. The girl wearing the pants is something they really enjoy.

They usually worry very much about how others see them or how to fulfill their loved ones' expectations. It can be challenging for these natives to set some goals for themselves, happiness being impossible to get attained when living according to what others want and need.

Because the Moon is involved, they would do a great job as nurses and even doctors. It's important for them to be professionally fulfilled before having children, because becoming parents can change their entire life and make their private existence much more fulfilling.

All the people with Moon in tenth House love working and spend a lot of time building their career. Their need for recognition can't be found in others, so it's very likely they'll succeed at what they do because only this way will people start to admire them.

Some would call them “old souls,” or persons who entered this present lifetime with knowledge accumulated over many lives of self-sacrifice and dedication to spiritual growth.

Those born under the star of Mula are disciplined and firm in purpose. They rarely accept defeat, but rather they persist until they achieve their desired objective even against all odds. For this reason, Mulas have many admirers who are impressed by their heroic actions.

Mercury ☿ in 18 Capricorn man 11° 31'

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness. He will never admit that he is wrong because that would weaken his resolve.

In a nutshell:

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

A man of strong principles

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

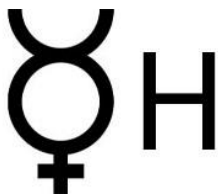

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

Mercury ♀ in XI 11th House

([918] i.thehoroscope.co)

This placement of Mercury improves the ability to talk with anyone about anything because one becomes more charming and convincing and has plenty of fresh ideas.

The Mercury in 11th house natives are especially effective in dealing with other people. They know how to talk to them, how to explain and transmit their ideas in easy to understand ways, and they are generous in most situations.

They can adapt their speech to pretty much anyone, regardless of culture, level of understanding or other differences. It's one of their special abilities, to be able to communicate with people from all walks of life.

Summary:

Strengths: Eccentric, intelligent and curious;
Challenges: Dominating, picky and manipulative;
Advice: They shouldn't let themselves be affected by others' opinions.

Endless ambition

These people are one of the most communicative and sociable natives of the zodiac. They are literally able to talk to anyone about anything and reach a consensus, most of the time.

At least, if the interlocutors are able to bring new and fresh ideas, innovative perspectives on the subject, they will be thrilled and enthused to no end.

This is what they find fun, interesting, and entertaining, to engage in challenging conversations where they can accumulate more knowledge and satisfy their curiosities.

In order to achieve their aspirations, they will try to diversify their interests, to gather like-minded people around, and to engage in social activities more.

The inspiration is out there, and it just has to be found, and also accepted as such.

They think about things that most other people can't even wrap their heads around.

Simple, yet profound subjects like freedom of speech, individual choice, morality, humanitarian aid, all topics related to the development and well-being of the rest of the world, with emphasis on the general good.

With respect to their individual goals, they are ready and keen on talking about them to friends and close ones.

With great vision and endless ambition, it won't be long until results will start appearing.

Their ideas are unorthodox and out of the box, all the more reason to believe that they'll strike big when success eventually knocks on the door.

Those born with Mercury in the 11th house will deliberately want to associate themselves with intelligent people, engage in social activities and groups that will help them with achieving their goals.

If the atmosphere is competitive and challenging, then it's a way to the top in their mind. Nothing is more important than learning, accumulating knowledge and the necessary know-how required to solve problems, take opportunities, and turn them into gold.

Skill, the power of will, a lot of effort, and an intelligent approach will always win out against mindless slaving around.

Their curiosity spreads forth, encompassing anything that's even remotely close to their goals. They manage to extract something to learn from anything, even the most difficult problems or toughest challenges.

Irrespective of the way they see the world, one thing will not change though, the principles that enliven their way of life.

The positives

They want to discover new ways of doing things, new perspectives and viewpoints, to be able to come up with multiple ideas when thinking about achieving their goals.

And they expect the same of their friends and close ones, the reason for which they're looking for intelligent, creative, and open-minded people to befriend.

This is a sure way of getting the most useful advice and relevant appreciations of their ideas.

They have a lot of like-minded friends who act just like a tight group, supporting each other and having the same beliefs.

The Mercury in the eleventh house natives want to help people, as many as possible, to change the world for the better, make information accessible to the general public.

These people are attracted and intrigued by the simple social comings and goings of other people, the principles of association and communion, how they get by and work with each other.

Group psychology, sociological insight, this what they're looking for, as a way to further develop their plans and hone their future prospects.

Nothing is more pleasing than pinpointing and actually using these principles to efficiently bring themselves on top of the game, to come up with increasingly better ideas as a result of competitive struggling.

These natives thrive when there are more people around them because they can bounce their ideas off of interacting individuals who can appreciate, refute and constructively criticize them.

They are multitasking and will not fret when put face to face with stressful situations and tense challenges.

They can only get better and develop their skills, maybe even come up with a few fresh ideas to implement in their long-term plans.

As for the end-goal, it's comfort, of course, which effectively translates to a stable material situation.

Money, personal wealth and success, will come to them naturally, without any need for luck, destiny or other outside factors. Everything depends on their own powers.

The negatives

Because their minds are filled with countless ideas and plans for the future, possible outcomes and simulations, it's harder and harder to keep focused on organizing their thoughts, efficiently interacting with others around them.

They often get sidetracked and say stupid things or don't pay attention to instructions. This air-headed and irresponsible attitude can only lead to future failures and disappointments, a loss of their trustworthy impression.

Moreover, just because they have a lot of friends doesn't mean that it's a good thing. On the contrary, it can be detrimental to their ascension because some of those so-called friends are tricksters in disguise.

Fortunately, they are a bit cynical and very rational, so much that they deeply understand this reality.

They avoid large groups of people and don't open up to anyone until they have proven themselves.

Because the Mercury in the 11th house natives care a lot about the appreciations and opinions of other people, they want it to be an honest and straightforward analysis, not a fake one.

Communication does include the tendency to engage in gossiping, talking behind people's backs and otherwise faking your own emotions and thoughts.

This is one of the problems that these natives have, a major flaw if you ask some of their friends, and something that they should work on.

It's not really done with ill intent, but rather because of the high curiosity that's just asking for satisfaction.

It's nothing they can do about that, only control themselves and stop talking shit about people.

This 11th house is one associated with success, material or otherwise, and these natives get to choose how they live their lives.

Venus ♀ in ♍ Virgo man 14° 22'

He may keep a distance when first meeting someone but once his confidence is won, he is an amazing companion.

A man with the planet of love, Venus, in the sign of the maiden, Virgo, is the most loyal partner of the entire zodiac. And he's not just perfectly loyal, but he has a lot of care for you as well.

In the beginning, it's going to be hard for him to find the right partner, but once he will see all the colors and warm air brought in his life by that special person, he will know that she is the one.

In a nutshell:

Positives: Ambitious and organised;

Negatives: Insecure and cynical;

Soulmate: Someone who has a happy and fulfilled life;

Life lesson: Should read less into others actions.

His love personality

A good pair for the Venus in Virgo man is a natural, simple, kind, modest woman, which has the ability to keep everything clean and tidy, and who knows that for a long-term bounding, a lot of patience and sense of sacrifice are needed.

This man wants a partner who can be able to go aboard his ship with him for a lifetime journey, without being scared by the underwater dangers that society brings about.

For him a relation is more than a romantic trip, it's a partnership where both can make their life easier, and solve all the problem which may appear in this process.

The man born with Venus in Virgo can find interesting things in the most boring situation because he tends to see the full part of the glass. That means that he enjoys working a lot.

For him, work is as important as love, because he will spend the same time and care for

both. This may sound a little bit selfish on his part, I mean, how can a man treat a woman with the same interest as he treats his job?

But we have news for you, you are a lucky one because there are men in the world for which the job is most important than love.

This one will try to make your lives happy and fulfilled with the most beautiful memories. He will be devoted to you, so keep him close, because he deserves it.

These men feel the urge to establish their own routines and programs in order to get a grip on life and its many challenges. That's the only way they feel comfortable in this crazy world.

Moreover, they prefer to keep their distance with romantic interests, physically speaking. They know that once they get all physical, they will be driven nuts with lust and anticipation. However, just wait for a bit, because these earth signs will surprise you with their affection and caring abilities

He can keep the distance at the beginning of a new meeting. He will not jump immediately in a relationship, because he needs time to observe everything and put down all the pieces in the right place.

He hates the chaos, he loves to clean, to organize, to work out, to do everything that it is related to keeping things in order. That's why he will need a woman who is simple and innocent and who just want to keep order in their life.

As I said before, these men love to keep things organized because they are very good at interior and exterior design. They can even convert this ability in a successful job, by decorating others' homes in a really beautiful way.

They are also good as planners, they can plan weddings or parties, with no problem, for them, it's just going to be a very easy job because it just comes natural, as they are born to do it.

They can also be very perfectionist, you will always see them clean and dressed properly, so that means that they will enjoy being surrounded by the people who are just like them.

Attracted by ...

If you plan to have a Venus in Virgo man in your life, you should prefer to hear that there are plenty out there.

He wants everything to be perfect, and this literally means everything, the house to be perfectly clean and tide, the food to be perfectly cooked, the kids to be taken care of,

and for you to look just great every day.

Maybe you should think twice before accepting this type of man in your life if you see that you are not perfectly compatible because he will make your life a hell full of reproaches.

On the other hand, if you can handle this, you should know that he will notice and appreciate all of your efforts.

This man works with the old style, so he will prefer a casual and intimate discussion, rather than going out with friends.

He wants to know that his partner is more than a beautiful face, but he has to relax sometimes and just enjoy the world in the way that she is.

He is quite insecure, and due to all this insecurity, he may find fault with everything that you do or say, even if he doesn't have a right to do so, but this is just the way he is, so if you are patient with him, you can solve all your problems at the end of the day.

In conclusion

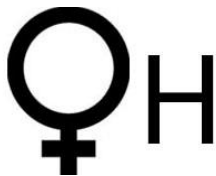

After all, this man is hell and heaven in the same sentence. But his best quality is loyalty, he will protect you as a knight protects his lady, he will take care of you.

This man can be very kind and loving if he will feel next to you at home. Because Venus is the Goddess of love, this man is going to be really sensual but he will like you to be subtle and gentle.

Just short games and innocent gestures, otherwise he can feel uncomfortable. Also, you have to be careful with the hygiene because, for him, this is very important.

And be careful with criticizing him, because thinking that he is perfect, he will forgive your words, for him, it's very important to be appreciated and praised to the skies so that his self-esteem to remain strong.

People having Venus in the 7th House will rarely argue, because they want harmony to rule over their life with their significant other.

People having Venus in the 7th House are all about relationships and other people in their life. They're also very keen on harmony and balance, so they'll try their best to keep their life at peace and in order.

It's normal for them to lose themselves in a relationship that lasted for too long, allowing comfort and overindulgence to take over their life. Therefore, they may let themselves go, put on some extra weight or no longer pay attention to the way they look.

Venus in 7th House natives are simply crazy about love and have the tendency to change partners when wanting to see how a new relationship feels like. They will marry later in life, all their long-term commitments being turbulent rather than smooth.

Summary:

Strengths: Peacemaker, balanced and diplomatic;

Challenges: Rushing into decisions and materialism;

Advice: Don't become addicted to the approval of those around.

Exaggeratedly attached to the person they have fallen for

Individuals having Venus in the 7th House are the most successful when they can express their artistic, romantic and social skills through harmonious interactions with others. Even their health depends on how well they feel emotionally and the way their relationships are evolving.

It's possible for them to get married just for the money, so their materialistic nature will pretty much be obvious in this case. It's like relationships are all they're living for, because they can't stand being alone.

They want balance more than anything, so becoming domineering with their partner is not at all unusual for them. These people love bringing peace and often go over themselves in their search for harmony in their romantic relationships.

It's important they don't try the impossible in their search for balance because many may want to take advantage of them seeing how they're ready to compromise.

Looking for someone who looks good and has a good career, they will try their best to be charming and enjoyable. Their magnetism seems to always attract the right people, and the way they interact with their other half is based on the give-and-take process involved.

Their most erogenous zones are around the back and the hips, so members of the

opposite sex may be very attracted by these parts of their body.

With Venus in the seventh House of relationships, they are most likely to have a happy marriage and to enjoy life together with a partner more than others do.

They will rarely argue, because they want harmony to rule over their life with their significant other. If there aren't other negative aspects and factors in their chart, they'll most likely get to live the marriage everyone dreams of, as they hope for a perfect love life ever since children.

In general, they hate being on their own and wish for their relationship to be stable, beautiful and true. There are no problems with their level of commitment and when Venus is in good aspects, the chances for them to have a good marriage become much higher.

But if this planet is in negative aspects, they can become the laziest spouses who are still capable of true love, but just don't want to do anything.

Venus is at home in the seventh House, which means the life of natives with this placement will have a lot of Libra's energies surrounding them. It doesn't matter if this planet is in Libra or not, they will still have the sign's influence as Libra rules over the 7th House.

All in all, Venus in seventh House natives are very charming and in need of balance, being also very open to offer their loved one everything he or she needs for a happy life. It's easy for them to become taken advantage of, so they should look for someone who is also looking to work on the relationship.

It's possible for them to be exaggeratedly attached to the person they have fallen for, so don't be surprised if their personality has merged with their lover's. Eager to be involved and wanting for everything in their relationship to be smooth, things may not always go the way they want them to.

When alone, they feel like something is missing in their life, so they'll do their best for their partner to be happy and feeling appreciated.

Venus in 7th House individuals are more the type who enjoy something long-term rather than one-night stands. They give themselves completely when in love, so their respect and loyalty can always be counted upon.

It's a pleasure for them to explore what romance brings into their life. It's important they learn how to approach disagreements and not ignore fights just because they don't like having them.

Being independent and on their own is also something they should think to implement into their life, as their need for love can be too much sometimes.

Having a special charm and loving with all their heart, it's easy for them to convince others to do things the way they want them to. Many will see them as their perfect match because they're giving and kind.

Wishing to be respected and appreciated

Being at home in the seventh House, Venus receives a lot of influence from the Libra. It's somehow easy for others to take advantage of them, so they need someone who's caring and knows how to invest love in a relationship, because they are very kind and supportive personalities.

It's possible they'll become dependent on their lover and focus their entire life on the person they most care about, which is their partner.

Always positive, they're not in any way looking for the negative traits their partner has, usually putting people they love on a pedestal and having the wrong impressions about them. The position of Venus in the 7th House makes them want to give and receive respect, because this makes them feel powerful and confident.

Because Venus is the planet of beauty and love, natives having it in the 7th House should do their best to put their talents to use. Focusing on how this celestial body can help them is something they should think of, as many important things in their life are influenced by where it's placed in their birth chart.

Wishing to be respected and appreciated, they gather around them all the people who love them the most. They would hate to argue, because conflicts really confuse them.

However, it's important for them to learn how to deal with disagreements because they're usually ignoring quarrels and end up not knowing what's going on anymore.

Being happy by themselves is also something they need to implement in their life because dependency on others has never been healthy.

As they have a special charm, it's easy for them to convince people to do what they want. Many will want to be with them because they really seem to be the ideal life partners.

In a nutshell:

Positives: Dynamic and persistent;

Negatives: Domineering and procrastinating;

Soulmate: Someone who will fight for their desires;

Life lesson: Focusing more on creative pursuits.

A temperamental individual

These men know exactly what they can do, and how good they are in some respects. Confident in their abilities and willing to learn more, they act as though everyone else has something to learn from them, as though they have something the others don't.

Spontaneity, boundless impetus, vitality, freedom are some of the things that govern these men born with Mars in Aries who don't usually think things through before they act.

And they just let life take its course, only adapting as time goes on. If something isn't challenging enough, they won't be interested enough to put in the necessary effort.

Therefore, you won't ever see this man shy in public or embarrassed to speak in front of a public. These are mere tedious things for him, and he does them just like that.

No one can shake his confidence, and he takes everything as though it's a life or death combat. His principles and opinions are firm, something that other people will find to be admirable and respectful.

He's possessive and very ambitious. When he really wants something, he will pursue it against all odds and he won't stop until he either gets it or if he becomes unable to get it.

He easily gets angry and annoyed for the simplest of things, but mostly, he can't stand it when people just can't get off their couch to take care of their responsibilities.

Procrastination, the lack of ambition and perseverance, uncertainty, the waste of time. Everything that stops him from achieving his goals is bad and must be eliminated as fast as possible.

Why is traffic a thing in the first place? And long queues? Why doesn't everyone act in an orderly, professional manner like he does if mystifying for him.

When he finds it hard to resist anymore and his temper just goes out of control, he'll explode with a huge bang, a deafening one that will tell you exactly what you need to know: keep away from him.

Violence and aggressiveness were a part of his life ever since the beginning because he got into a lot of fights as a kid, and then a lot of arguments at school when someone didn't agree with him.

He's an athletic and active man, and he loves getting into the action wherever it may be. Doing sports and taking care of his physical condition will be a primary goal for him.

With all that energy swirling inside of them, it would have been strange if they didn't focus all that spirit into creative endeavors.

These men can paint, they can sing and dance, hell, they could even work out as interior designers if they put in enough effort. No one can slow their pace in this regard because they know their potential enough.

He wants someone who will fight

He's gotten into a lot of relationships and he has conquered a lot of women. He can tell you all about them for hours on end, all the adventures and emotional turmoil that he had to go through.

Most of his relationships were impulsive, created out of passion and intense feelings, just because he wanted to satisfy his cravings at the moment.

Over time, he's formed his personality and quirks, so it would be a waste of time trying to change those.

He's going to resist, you're going to eventually find it impossible to continue, so why not accept and appreciate him for who he is? Just enjoy the boundless energy and sexual pleasure that he brings with him.

The Mars in Aries man is a hunter, a stalker who eyes his prey and waits for the right moment to unleash his surprise. He doesn't want to get anything too easy or else his cravings would go down the drain.

He wants someone who will fight, a woman with a fierce temperament who won't just let herself be subdued, even if that's what will happen in the end. It's sweeter when she gives up after a long chase, with all the adrenaline floating in the air.

Even if he gets serious later on when the relationship is underway, he won't accept any attempts to undermine his efforts. He has a big ego, and he never does mistakes.

In conclusion

Let the Mars in Aries man work when you see him focused on the project. He may stay there for a few days, not even lift his head to see who's been visiting him, but you'll be surprised at his efficiency and productivity.

What happens is that he can't let off a challenging prospect once it comes his way. It's too tempting, and he's also stubborn.

So, chew on that a little! He's egocentric, self-centered and he wants his merits to be recognized. After all, he's the one doing all the work, the one coming with all the good ideas, and also the one that brings the competitive spirit back to the surface.

He loves his freedom and his honesty will tell you exactly how he will react if you try to take it away from him.

He's one of the most devoted men out there. When he deems his partner to be worth the effort, and if his feelings are true, he starts taking care of his lover with an unmatched love and affection.

He won't try to charm or deceive you with sweet words and pointless promises because that's a waste of time, and this native doesn't like wasting his time.

They're the impulsive type of buyers and will always have problems with how much they're spending. It's not at all in their way to save some money, so working on changing this would only make their life better. For them, finances come and go, which means they should focus more on their talents and less on how much is on their cards.

Summary:

Strengths: Diligent, methodical and elegant;

Challenges: Materialistic and superficial;

Advice: Being careful about the challenges they choose to pursue.

A tendency to be overprotective

The ego of Mars in 2nd House natives is getting stroked by a fat bank account and many possessions. They appreciate their own value according to how much they make and are never satisfied with what they have.

Having strong opinions and believing only in what they want, these natives may get into fiery arguments about their own values and principles. It's important for them to try to not impose their beliefs on others, because they can do this a lot.

They want to have the biggest house and the most expensive car, because this is what makes them confident. If wrong about something, they can admit their mistake but become broken about it.

The way they make their money will have something to do with being energetic and taking harsh actions, because they're fast thinkers and prefer to deal with things that make all of their five senses activate.

They like touching and getting engaged physically, so they'd make great engineers, surgeons or butchers. The position of Mars in the second House indicates the material

gain is the most important for them, so they're very inventive when it comes to reliable money-making methods.

When it comes to business, they can be very aggressive and eager to win, so owning a company may be just the way to go for their professional success.

Individuals having Mars in the 2nd House don't mind taking risks if there's a chance for them to make good money. Expect them to want to compete in business and to work very hard, even if many see them as slow when doing their job.

The more they focus on doing a thing, the more knowledge they accumulate and the more practical or productive they become.

They have a tendency to be overprotective with both people and their possessions, so don't mess with what they love the most.

Always ready for a physical challenge, they think their success in sport competitions is also one of the things that makes them more valuable as human beings.

They love their independence and want to be proud of the work they've done on their own. The fact that they're sensual gives them sex appeal, in bed being very passionate and energetic.

Practical aspects

Mars in 2nd House individuals are true hard workers who focus a lot on the methods they need to work with and are a little bit slower than others, because they carefully analyze and plan.

As they know what practicality actually is, they'll make great things with their own two hands and earn a lot of money with which they'll buy the most expensive and high-quality things.

Independent, they love it when the work they've done alone is appreciated and brings them a lot of money.

They're stubborn and think what they believe in is always correct and can't help themselves imposing their values on others. This means all of their energy and initiative come from their aggressive side.

While not minding being challenged, they can sometimes give up projects before these are finished. That's why many think they're too impulsive, inattentive and that they have an unfounded confidence.

They don't mind speaking the truth and their straightforwardness can bother some of the

people in their life. These people think it's important to react fast and can cause trouble whether being aware of it or not, just because they're bored.

The good news here is that they're lucky with money and always find opportunities to make more. They're generous and don't mind picking up the check at the restaurant.

Determined to succeed at work and real hard workers, they don't think so much about social status, as for their salary. They won't be the type who has a fat bank account and also the big house, but more the one who has the house and everything else that is very expensive. These are not at all the people to give their children anything else besides their debt.

The downsides

People having Mars in the 2nd House are very careful to always make lots of money and focus too much on business, because they simply can't resist buying expensive things. If there was a job that would pay them for spending, they would be the best at it as they'd do what they love the most in life.

They should pay attention not to become too possessive of both people and their things. Always feeling they know what's best for everyone, they will bother others with this attitude.

It's important for them to take their time and rest when tired, even if they hate taking breaks. It's easy for them to consume all of their energy on problems that aren't even important.

Mars in the 2nd House in a nutshell

Mars is the red planet of action and war, which when in the second House influences people's wealth and the way they're dealing with possessions. It's considered malefic because, especially when in a negative aspect, it can cause havoc.

However, when in the 2nd House and in a positive aspect, it brings luck with money and makes the natives of this placement very materialistic.

People having Mars in the second House can get very frustrated when money problems appear, so going out in Nature more would clear their mind

However, they should learn to relax if they want to enjoy their achievements. The 2nd House is also about external and internal resources, so people having Mars in it use their emotions and intellectual resources a lot to deal with everyday life. What's external consists of possessions, property and money.

These are the only things that make them feel secure and happy. It's also what attracts them the most, so the second House will be the place where they keep what they value

the most in life.

Mars makes them impulsive and irritable under pressure. When Mars is in the 2nd House, people with this placement become great business owners, as they hate working for others and not benefiting from all the money they're actually making.

They don't mind working hard and want to always win because they know winning makes them richer. The way they celebrate victories is obviously, by spending. Because they hate sharing their gains, they shouldn't work in teams.

their nature to want a half. The fact that they're a little bit indecisive when dealing with problems is not at all in their advantage.

As said before, there's a good chance for them to marry someone who can bring them many benefits and even wealth. It's possible for their spouse to be someone influential, older than them and even more profound.

The fact that they want to cooperate will make many of the people around them happy they've been chosen as collaborators.

Saturn ♄ in ♎ Libra man 6° 23'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely

a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love

unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

The Saturnian Libran man wants to meet a principled woman who never expects to be

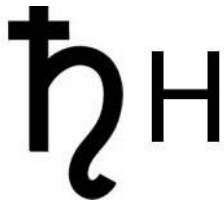

taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ♄ in VIII 8th House

([1036] i.thehoroscope.co)

This placement of Saturn encourages people to plan and always think a few steps ahead with regards to what is going to happen in their lives.

People born with Saturn in the eighth house in their birth chart know how to work hard and are all the time patient. Very disciplined and looking to make as much money as possible, they may forget about their social and sexual lives, losing themselves into work.

Having a great desire to develop from a spiritual point of view, they should turn all of their energy into wisdom and an elevated power of understanding, which could be done by having stable relationships.

Because these people tend to be hurt for long periods of time when someone says or does something wrong, there's the danger for them to become abusive, dependent on sex or power, and possessive.

Summary:

Strengths: Hard-working, spontaneous and creative;

Challenges: Aggressive, controlling and fearful;

Advice: They need to be more calculated about life decisions.

One step ahead

The 8th house rules over death, but more in the sense of rebirth, not as the end of existence. While ancient astrologers used to think Saturn here would mean a painful death, modern ones have changed their views about this, a long time ago.

This is more the house that rules over significant change and transformation that comes from development. That's why people having Saturn in the 8th house need to always reinvent themselves, to give up their past and to grow into someone completely different and new.

This placement of Saturn, however, will obviously not allow all this to happen because Saturn is the bully of the zodiac, bringing about worries or feelings of anxiety.

It's important for natives having Saturn in 8th house to understand change scares them and that they should be prepared for it.

They should always plan and get documented on the major things that are about to happen in their life, for this strategy can bring them a lot of resourcefulness when the transformation will take place.

The 8th house is strongly related to the deepest insights of the psyche, which means natives having Saturn here will have penetrating thoughts and an energy that makes their ego shine.

This planet and the Scorpio, which occupies the 8th house, will always battle over the consciousness of natives, making them feel sick in their subconscious about this war and never open to let go of their ego.

Only transformation and rebirth will be able to get them out of this toxic state of mind. Not understanding what's happening in their subconscious, they will seek relief in interpersonal relationships, sex and even therapy.

It's normal for people having Saturn in the 8th house to feel rejected when refused an insignificant wish, traumatized when offended and to become abusive or in the worst-case scenario, assaulting.

Saturn happens to deal with longevity, so its presence in the house of death indicates natives of this placement will live long if the planet is not in bad aspects.

It has the power to deepen periods of isolation and to make people lethargic or changeable when it comes to their lifestyle.

This planet is aggressive and disciplined, the ego in the 8th house already having the destructive influence of Pluto. Therefore, individuals with this placement will feel like their

identity is being slowly stolen by others who have either deceived or betrayed them until they no longer want to trust human beings anymore.

They may feel separated from people and connected to some transcendental energies that help them communicate with the esoteric.

They may go to the doctor for some sexual problems, but these won't be nothing else than strong expressions of their ego submitted to a force bigger than themselves.

It's like they have the capability to reach divinity by making love, that's how their passion works. The advice from the doctor may prove to be of no help and they may decide to either be single or to become promiscuous.

They can even be depressed and dissociate themselves sexually, trying to obstruct their emotional responses, which are ruled by the 8th house. Saturn in 8th house natives can become catatonic when their ego is getting hurt.

When it comes to more worldly issues, they may encounter problems with their money and inheritances because for them, belongings of others are magical and can carry curses.

They will be suspected of fraud or of doing some tricks to not pay their taxes, but they won't care and let accusations pile up if these would come from people in their life and not the government.

Saturn in 8th house natives can be aggressive when defending themselves, can suffer from paranoia and have a fear that others are always looking to betray them. All this may be related to things they've experienced in their childhood and some bad relationships they used to have.

Saturn will always discipline them, while the 8th house will influence their ways to be very curious about dangerous situations and taboo subjects.

The goods and the bads

Saturn in 8th house individuals can have a powerful connection with a different plane of reality, but not surrender to it.

This planet will bring them many difficulties that can teach them how to be different and how to break away from what they've been used to.

There may be many fears in their life, which they'll have to somehow face. Saturn is a bully planet that puts many obstacles in people's way, the house where it's placed determining which are the areas of life with which a person will have to struggle.

So when in the 8th house of sex, death, inheritance, transformation, the money of others and new starts, it makes the natives with this placement face challenges with these aspects of life until the age of 40 and even a little bit older.

They will struggle and work hard, but their money will still always be late. As brokers, these people will do a great job dealing with other people's finances, but their own credit score will continue to be low because Saturn causes for things to happen this way.

It's a good thing it also brings about longevity and a spontaneous approach to sex. When it comes to the way they're dealing with the darkness, it can be said their creativity is pretty unpredictable and that some energies will always require them to surrender.

Only Saturn will help them let go and master the art of dealing with what's forbidden. The 8th house hosts Eros' energy and allow it to be free. This means more sexuality, passion, imagination and love.

Saturn in 8th house people will know how to unpack life so they're always feeling alive, even if they may be doing things that don't seem to be in line with logic.

They will simply destroy their own limits and use their regenerative energies to get their life back together.

It's possible some of them have been abused as children and look when adults to recuperate with shamanic techniques of soul searching.

What's good about this placement is that it makes the natives of it realistic and responsible, so this is what they should rely on in order to be as happy as possible.

Anticipating change and planning may be a very good idea for them, together with the use of their instincts when having to deal with the worst that could happen.

They shouldn't be negative and have many close friends who want to discover all of their mysteries. Natives with Saturn in 8th house are known for their loyalty and dedication when it comes to relationships.

This position of Saturn should have them focusing on the good that comes with change and not the worst because this will in return have them less worried and stressed.

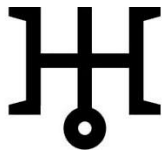

Very secretive, these people don't like sharing and tend to keep everything about themselves hidden. Anxiety should be defeated and they need to address their problems more openly.

Allowing people into their inner world can help them deal with the chaos, but it's essential they learn how to no longer take things so seriously.

The future is brimming with an untapped potential, and while this native may have individualistic tendencies first and foremost, he also understands that the society's wellbeing also includes their own.

When you live in a community, you have to take care that the community doesn't fall apart. Also, living in the past makes it impossible to look towards the future for some natives who are more sensible and nostalgic.

With a great intuition and the instincts to choose the most appropriate methods to solve a problem, the Uranus Aquarius are as efficient as they are kind.

These people are not going to cherish their happiness as long as other people are dying from hunger or bleeding to death on the front of some God-forsaken battlefield.

They want everyone to experience the same opportunities and to live life at the peak of comfort, happiness. For this, their humanitarian tendencies truly flourish constantly.

The single most evident aspect of a good revolution is the waves it makes, how the world reacts to it if the reactions are elevated to a new level.

What the Uranus Aquarian tries to make will obviously shake the order of things, but not because they use anarchic methods, but because the change in and of itself is the catalyst for the destruction of the status quo.

Generally friendly and generous with their friends and family, they are very communicative, like to socialize, share ideas, and are very good at explaining things to people.

The Uranus Aquarians know a lot, and they use this knowledge to bring a new revolution to the world, one where everyone understands one another, where most people live their dreams, and where everyone is united for a common goal.

They may take great pleasure in working alone, in attaining their goals with their own power, but team-work is more efficient and is known to be more productive. They have to learn this fact in order to maximize their results.

The Uranus Aquarius has a lot of emotional power that is left untapped, waiting to be released. Even though they are very rational and like to do things using their common sense, their emotional intelligence is up to par as well.

A visionary lover

Without being tied by old traditions and a stagnant mentality, the Uranus Aquarius looks to the future with a bright attitude, their outlook on being a very joyful one.

They wish to build an ideal lifestyle, and if they can do it alongside a person who most understands them, what could be bad about that? They are responsible, ambitious, perseverant, and have a very common-sensical perspective on life and the achievement of one's dreams.

You have to work really hard and put in a lot of effort in order to get anything. That's the basis of it all.

These people are also very logical in their relationships, avoiding overthinking about the possible dangers, and instead, concentrating on the present moment, the least, if not about the positive future.

The good and the bad

While some people might not be able to see the good things in this native, he is actually very self-aware of his own capabilities and knows clearly what he wants to do.

Always thinking about the next plan, with ideas to further enhance it on the way, these people are nothing if not visionary, inventive, and quite stubborn.

They appear to concentrate a lot on what they want to do, and once they have picked a point of focus, they will become very immersed in the research. Most of the times, these interests involve the betterment of society as a whole or the wellbeing of certain social classes.

Obviously, these natives can forget about everything else when they get too focused on laying out a plan in its most detailed form.

When they start researching and gathering information, nothing matters as much anymore. Selectiveness is the key here.

Moreover, because of the great amount of knowledge at their disposal, as well as the urge to do everything themselves, they often appear so detached and aloof that they don't even acknowledge other people talking to them. This is a case of extreme focusing on one singular goal, nothing more.

The Uranus in Aquarius man

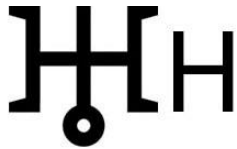

The Uranus Aquarius man can get very psyched up by discovering a virtue to call their own, to fight for against overwhelming odds.

If he happens to stumble upon a higher goal, he will decide that it's worth everything to try and pursue it, and he will only do this after receiving validation from his close friends.

He has this urge to understand other opinions and get feedback on a course of action

before committing to it. Even though his plans are not likely to fail, given his predictive and intuitive abilities, his social personality makes him communicate his ideas a lot. Help him, no matter how you do it, and you'll have made a true friend in the meantime.

Uranus ♅ in XII 12th House

([1064] i.thehoroscope.co)

This placement of Uranus makes people prefer working in the shadows and doing great things while not even searching for recognition.

People born with Uranus in the twelfth house in their birth chart have a need to be of help and may give a hand to others in the most unusual ways because that's the way they are: unusual.

They want to see beyond reality and to cross the boundaries between this world and the one that can't be seen with the naked eye. Individuals having Uranus in 12th house are very eager to express themselves freely by studying, being involved in all kind of affairs and dealing with the unknown.

Summary:

Strengths: Ingenious, elegant and unconventional;

Challenges: Distracted, cautious and superficial;

Advice: They should try to look at their work with joy not resentment.

A sociable companion

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

Blessings

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do

something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

Challenges

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

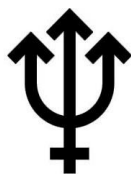

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

Neptune ♆ in ♎ Libra man 12° 55'

([1071] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Natives born at a time when Neptune transited Libra are the very peacekeepers of the zodiac, the ones who pacify any conflict and bring harmony to any hot discussion. They love talking to people, but they would prefer to do it in a calm and interesting manner, rather than ending up arguing about pointless stuff.

Neptune brings their generosity and kindness to new levels. As such, they believe that world peace is attainable, because humans have this capacity in them, for a type of universal love. So, they should capitalize on their heightened social abilities to achieve the most out of life.

In a nutshell:

Style: Spiritual and ethical;

Top qualities: Idealistic, justitiary and astute;

Challenges: Grumpy and fixed;

Advice: You should be more committed to personal goals.

Personality traits

They might have their ideas about human interactions in general, and they are quite good at this as well, but they should learn that sometimes, one needs to put his happiness down in order to make someone else happy.

Even getting out of a tough situation, they might have to give up on their pride and act with the good of others in mind. It helps that they are naturally peaceful and calm individuals who want for nothing else than to see everyone around them pleased.

Remember saying that they would love to attain world peace? Well, that's not the only idealistic dream that they entertain.

They would want to end world hunger, help all the poor people in the world, put a stop to world wars, and they might extract the energy they need from religion, as it offers a perfect path towards self-fulfillment.

The real world, however, is not that pretty and covered in honey. Playing the idealistic savior in this world where you need to live your own life in competition with others may not work out that well.

Even if they learn that sacrifices and compromises are necessary, the Neptunian Libras will think about what they've done each and every day after that. Counting the pros and cons of the new circumstances they are in, going all the way is often impossible for them.

Determination and resolution are not exactly their cardinal traits, and this hinders their development bad. Neptune fills them up with idealistic dreams, the spirituality to be happy and tap into their hidden potential, but without effort, that is all useless.

They are mostly the guys who calm down a situation when it looks like it's going to end up in a fight. They might need to put themselves out there, risking it, or they may have to give up on something, but they gladly do it, knowing that discord has been averted.

Hooking up with a punkish partner wouldn't be such a good idea, because they are very influenceable in the first place. They would go all the way if their partner endorses it.

Doing stupid things was never their cup of tea, but that's just because they didn't have a reason for doing it. And when they are in love, they wouldn't want to disappoint the other.

Neptunian Libras are prone to irritation and anxiety attacks when their harmonious actions don't meet the target when a balance is not attained, and they have very few methods of easing it up.

One of the best ways to do that is to cuddle in the warm embrace of their partner, who should preferably be the unrestrained and flexible Aquarian.

These watery types are so adaptable and open-minded that they'll help their partners with anything, even idealistic goals. Just to incentivize things a bit, remember that if both partners are open-minded and curious, interesting things should be going on in bed as well, very interesting things actually.

In relationships, they are willing to sacrifice their own happiness to achieve perfection, stability, to make their partner feel satisfied and fulfilled with life itself.

They are very loving, affectionate, and look for harmony everywhere they are, so that's the reason for all this self-sacrificing tendency. However, this is only going to lead to disappointment, to desperation and the feeling that they are doing everything, while the other is ignorant.

A good relationship is based on mutual trust, with support coming from both parts. It's not a one-sided affair, that much is clear.

The positives

Firstly, these natives love to have a good discussion about interesting topics with whoever proves worthy. They will go to many social events, interact with plenty of people, make a lot of friends because they need all this communication.

Moreover, they go to great lengths in order to assist those in need, and many of the social events they frequent are actually charity groups.

Those born under Neptune in Libra are especially endowed with a deep intuition that helps them spot the degeneration and the germs of discord in people.

This is why they struggle so much against injustice and unfairness. A world free from its negative traits, from all the wars, the conflicts, from all the wrath, scorn, jealousy, rage, pity would be a better world for them.

Hope no one said these natives aren't idealistic, because they are, big way. However, they aren't only dreamers who talk endlessly about how the world should be, in fact, they take it upon themselves to change it for the better.

The negatives

Nothing disturbs the peaceful attitude of the Neptunian Libra more than reaching the conclusion that their idealized dreams are utopian in nature.

Most of what they imagine can't be attained in this imperfect world, because man is not perfect, and you can't reach perfection through imperfection, regardless of the methods used.

It may be a noble purpose, wanting to create a utopia, to help everyone else live the lives they've always wanted, but at the end of the day, it's only that and nothing else. It feels good to have such dreams, but it's worse when they realize they can't put them into action and they become totally disillusioned.

These natives are prone to repeated disappointments and a sense that there is no purpose to their life.

The Neptune in Libra man

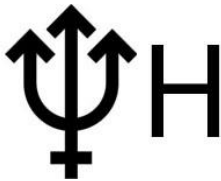

As for the Neptune Libra men, they feel just fine with working in a fair and competitive environment where they can develop their abilities and hone their skills.

They don't want to be deceived, to have their efforts taken for stupidity, and under no circumstances do they allow injustice.

This is one of the reasons why they have a hard time finding a partner. This man has high expectations, maybe a little too high, nearing perfect standards.

However, Neptune gives these guys the time to rethink their stances and rebalance their beliefs.

When it comes to money, they see things in a too positive light, which can bring them many difficulties, especially until their 30s, when they'll become more responsible with their finances.

If they have someone they can trust, it would be better for them to let that person handle their money because they can easily be defrauded by those who want to take everything they have.

Everything relating to spirituality or the soul makes natives having Neptune in 8th house more attentive. On the positive side, this can help them become highly spiritual and loving with their friends and family, but on the negative side, they could end up deceived because they can't find what they're looking for in others.

The 8th house is also the one of debt, so Neptune placed here can bring serious problems with money. The natives with this position in their chart may get tricked when trying to obtain a loan and they can end up paying more than they actually took.

As a matter of fact, all kind of deceptive situations can be what rules be their life all the time, especially if Neptune is in difficult aspects with Mars, Pluto and Mercury.

With these placements, they'd have a lot of bad luck when it comes to inheritance and even when collaborating with lawyers. The same aspects of Neptune are not in any way beneficial for dealings with the government.

They may not be able to pay their taxes or do something illegal. In case Neptune is in bad aspects with other planets, the natives will not get together with the right people and can have secretive partners who only want them for their money.

Confusion and twisted realities will be very present in their life because the cosmos seems to play tricks on them. They may also have problems because they're reading different weird theories and don't research the facts behind the information.

This means charlatans might scam them by offering them all sorts of services related to the paranormal. That's why they should be careful what religious groups they're joining as many sects and communities are only looking to get people's money and don't have any knowledge to offer.

A more objective perspective as far as finances go is highly suggested for them. Feeling everything on a deeper level, they want to give spiritual meanings to everything happening in their life.

They're able to see more than others can and usually don't pass by problems without thinking of the best solution.

These are the people who can find what's underneath and who can deal with subtleties in a graceful manner.

Everyday life doesn't seem simple for them, but they usually prefer to go with what is in front of their eyes and don't misinterpret people's intentions.

However, they may feel like no one understands them or that others are missing the meaning of life. This can sometimes influence their relationships in a bad way.

Because they have high ideals, they may put too much pressure on their partner and see things that aren't actually real. Their imagination is something they should be proud of, but it can also cause them problems in their relationships.

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are “virtuous” or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Buying the most expensive and beautiful possessions, is something that fulfills their life and they are not going to let others judge them for this.

In a nutshell:

Style: Great taste and patience;
Top qualities: Persistent, generous and resourceful;
Challenges: Materialistic and possessive;
Advice: Discover your secret talent.

Personality traits

Being under the influence of the transformation planet and of an Earth sign, they do not hurry because they think that things did slowly are much better realized than those done in a hurry.

Of course, that doesn't mean that you have to wait a lifetime for them to arrange their life, because they have the sense of beauty, and they will totally love to live in a very glam and expensive place and possess everything that's in the fashion tops.

They will calculate all the possibilities and research for the best way to improve their financial situation, for being sure that everything will be going to work properly.

The native born with Pluto in Taurus has a very logical and practical mind which forces him to prioritize the most important activities and to never allow themselves to skip their routine.

Pluto marks the obsessive, compulsive behavior and adds a rebel attitude to its followers.

Because they are so fixed to keep that cozy and beautiful lifestyle, it is hard for them to know when they should stop and take a break, because too much work doesn't bring that much benefit from a point onwards.

That's the perfect moment for the family and friends to intervene and show them the light at the end of the tunnel.

The good and the bad

The Pluto Taurus has a very logical and pragmatical mind which confers them the possibility of being stuck on the same activity or in the same place for a long amount of time.

This native does not feel the need to change his life unless forced to, because they use to love the routine which fits them better and to do everything to keep that going.

They are very smart and very curious at the same time, and they use these qualities to find all the answers they need to know.

They have fixed mindsets and goals for the future so looking for new things that are supposed to help them enjoy them more than the old ones is even harder.

That aspect can become quite obsessive for them, because they have the tendency to not listen to other people, and it is very hard for them to allow any person around, no matter how close, to tell them what to do.

The Plutonian Taurus most certainly has their own style to do things and their own way of arriving to the best strategies for them and those close.

Pluto in Taurus in love

The last time Pluto transited Taurus, society had already changed much of its preconceptions about marriage, giving more freedom to both men and women. They were free now to pursue whomever they wanted, and it wasn't only about gaining social position anymore.

Sure, this did happen, but it wasn't perceived as the only goal of marriage. Love, emotions, feelings, these played their part as well, and they also played an ever-increasing role.

These people are practical individuals, and always have been, even in those times when a new form of relationship was promoted, one founded on mutual love between partners.

They are still very interested in establishing a stable and secure home, having a responsible and ambitious person alongside them. You may find these natives as rather practical in love but remember that they can be very romantic, if given enough space for them to prepare and their return to their loved one.

Women with Pluto in Taurus are happier when free, so it was only a natural course of action to set them free. If everything seemed perfect until now, then find out that divorce was also legalized during the last time Pluto was in Taurus.

Therefore couples that were struggling with living together now had a chance to change all that, so these natives are not afraid to take extreme measures if unhappy in a relationship.

The Pluto in Taurus man

Plutonian Taurus men crave the same opportunities as everyone else and want to manifest their greatest potential using the most efficient of methods.

They believe that only through effort and personal determination could you ever develop yourself and advance, just like Arians hold true.

They want nothing to do with the old perceptions of society and strive to change everything from the bottom up, even though they attempt to do it in a more inconspicuous manner than other signs.

The morality of the Taurus can be both a blessing and a curse. A blessing because they create for themselves a most satisfying life, living through the virtue of their own self-made principles.

It's a curse when they devise certain expectations for them that they have to reach. In this case, it's success that was elevated to a moral obligation, a goal that you had to reach if you considered yourself as a true man.

For this man: productivity, resourcefulness, ambitions, and perseverance become the key components of a good life, while superficiality, ignorance, laziness, and extravagance are seen as the epitome of degeneration.

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no

use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge, establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with difficulties or the path to their objective is fraught with obstacles? Do they stop or retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

North Node ♊ in ♎ **Libra** 18° 53'

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of in consequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of pastlife memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Noder generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

North Node ♁ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot

personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult,

through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from

Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse

rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward

modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires

us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money

can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

(Black Moon) Lilith ♀ in ♋ Cancer 8° 8'

([1140] elsaelsa.com)

Atlas

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

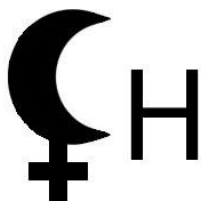

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and

emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

(Black Moon) Lilith ♁ in V 5th House

([1153] elsaelsa.com)

Dark Creation

If you have Lilith in the 5th house of your chart, her themes will manifest in terms of sexuality, pleasure, creativity, and children. It may seem as if life's pleasures are always either denied or warped.

With this placement, you probably grew up quickly. You were denied the chance to have a real, innocent, free childhood. Because of this, many people with Lilith in the 5th choose not to become parents for fear of not being able to protect their own children

from the darkness of the world. They also often fear that their own darkness and pain will be inflicted upon their children. If you have Lilith here, you know what I mean. If you do have children, you will be hyperaware of their experience and be fiercely protective, making sure they have the innocence you were denied.

The 5th house rules sexuality, and here we often find a very literal interpretation of Lilith's myth. She attempted to stand up for her right to equality, to pleasure, and to having sex in a way that pleased her too, and she was instead dismissed, coerced, and wounded. With Lilith here, you have certainly experienced wounds in terms of sex and pleasure, and you responded either with a total rejection of sexuality or with promiscuity. Either way, the goal is to take back control and confront sexuality on your own terms.

The 5th house is more than sex and children. It is creation, period. It is concerned with artistic expression and bringing forth something new into the world. With Lilith here, your creativity has been met with disdain or cynicism. It always seems to fail to meet some outside expectation, and is instead relegated to the margins.

This is just a sample of the ways that Lilith could manifest in the 5th house. But there are a few pieces of advice I think apply across the board. First, pleasure is not frivolous. It is our birthright and we should be empowered to seek it on our terms and for our own benefit. And finally, we don't create and express ourselves in order to please others. We create because we must. It is part of what it means to be human. So shine on.

Chiron ♄ in ♉ Taurus 2° 15'

([1249] astromajesty.com)

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is

why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

Men with Chiron in Taurus

What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable? – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

Summary

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

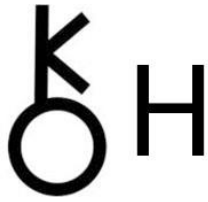

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

Chiron ♄ in III 3rd House

([1262] astromajesty.com)

People born with Chiron in the 3rd house struggle with communication, interaction, and the learning process. That doesn't inherently mean a disability (although it might include), but a difficulty in expression and coding or decoding messages.

These natives might find it challenging to speak out their thoughts because they think they won't be heard or no one cares.

Even if those with Chiron in the 3rd house decide to express themselves, people don't understand the true meaning behind their messages.

Since there's a conviction that others are not interested in what they have to say, these natives often stay silent when they would like to speak. People tend to perceive them as shy or detached because they rarely talk in front of others.

These natives often start collecting redundant information to feel more confident when in a group of people. However, accumulating unnecessary data in their heads usually leaves them more confused and unable to come up with something cohesive to say.

Individuals with Chiron in the 3rd house tend to be highly intelligent, but others rarely perceive them as such. Their ideas, thoughts, and views are hard to understand and transmit to people due to being too complex.

These natives tend to have confusion in their heads and an abundance of concepts that rarely get to see the light of the day. Because of that, self-destructive thoughts might occur.

People with Chiron in the 3rd house tend to see themselves as unworthy, stupid, or misunderstood. It is why they keep their opinions for themselves, avoiding people or emotional connections.

The fear of opening up to the world

Individuals with Chiron in the 3rd house are afraid that if they open up to others and say what's on their minds, they will laugh at them.

Since they usually prefer avoiding emotional investment in relationships, they don't know how to talk about their feelings. These natives tend to see emotions as something abstract, unnecessary, or painful.

Logic and rationality are their most pronounced traits, and they follow it like a religion. People with Chiron in the 3rd house rarely let themselves feel or show to others they care.

Instead, they rationalize every emotion, connection, and situation to the point of acting cold, calculated, and uninterested.

On the other side, they might take an opposite approach, depending on aspects in their natal charts. Those with Chiron in the 3rd house might be too emotional to use their logic.

In that case, they let their feelings lead them through life and may act irrationally in relationships. That can result in child-like behavior and convictions.

Moreover, these natives can be breathing paradoxes due to being overly logical and emotional at the same time. That can make it hard for them to make well-thought-out decisions or follow their intuition.

When someone has Chiron in the 3rd house, it is hard to describe them because they can rely on their feelings one day while the next one, they'll be rational.

Letting go of fears

These natives tend to have learning disabilities that they perceive as something that prevents them from becoming who they truly want to be.

Whether they're highly emotional or rational, they are usually not satisfied with themselves. They likely perceive themselves as abnormal, weird, or much behind others.

Others don't necessarily see them as different or difficult to understand. People with Chiron in the 3rd house struggle to accept themselves and choose to stay on the margins or far from people.

However, there is another scenario this placement might point to. Chiron in the 3rd house could also mean that the native has a challenging relationship with their sibling(s).

Perhaps they struggle to form a close bond with them or have little to nothing in common. Whatever the scenario, it makes Chiron in the 3rd house native suffer and have difficulties in connections with other people.

These individuals should learn to embrace themselves, their views, identity, and opinions. They won't express themselves and open up to the world unless they accept that they are the way they are.

Moreover, they should learn how to establish harmony between being emotional and rational because they need both to function properly.

The first step is to let go of fears of what others think of them and their intellectual abilities. Natives with Chiron in the 3rd house don't have to prove anything to anyone but themselves.

Part of Fortune ☒ in VIII 8th House

([1294] astrolibrary.org)

You will achieve your greatest satisfaction and fulfillment through what is granted to you by other people.

Others always teach you another way, another path, or another value system. And, every time you try them, you make new personal discoveries, making your experiences richer. You will see and experience new things, very different from those you already know. It represents a revolution of consciousness and getting a new perspective.

You must reexamine all those personal values that no longer serve, by observing what stimulates them. Thus, by learning the art of flexibility, you will be able to give those values a new meaning. The more you can discover these values and apply them to your personal life, the more your experiences and your understanding of life will be enriched.

Since your Part of Fortune is in the eighth house of your birth chart, the second house is the opposite house. The second house teaches you to recognize your own values. You should perceive these values impartially, as if they were not yours completely or you did not possess them, so that they do not stop you from fulfillment or from sensing the stimulus that you receive from your environment and from others. This way, you can easily leave everything that no longer serves and does not cause growth in your life.

Your most beloved possessions and values should be those that survive, because they are totally real and true. This deep connection of what is personally valid to you, gives you an unshakable security in yourself. This leaves you with total freedom to explore and recognize the validity of the experience of others.

Other people in your life will teach you what weighs you down and what transcends temporary desires. You will learn to express the values of a divine nature.

Therefore, you must surrender much of your personal wants and desires, as well as your ego, in order to leave a legacy, be it money, ideas, new values, sexual enrichment, or a conscious realization of your essence. Understand that in this world, you are not alone, and that the most fortunate thing for a human being is to be able to share his life and his possessions with others. So, you get to be an intimate part of a common project that benefits all who are involved in it, even enriches the soul of humanity.

Learn humility. Do not be possessive of your own values. Learn to go with the flow of other systems of values and ideas that seem different from yours. These will be your greatest source of satisfaction.

Your fulfillment and happiness will come through all the people you deal with, through discovering the harmony in everything that seems alien to you, and through your soul's great regenerating force. and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

5) ► **Midheaven MC Parallel ♀ Ceres** - (0°33') ♄8 | ♁12

([571] 12andus.com:) Your compassionate, nurturing instincts may drive your career choice.

You may pursue a public or professional role that allows you to show your nurturing, caring and loving energy.

Working with children or as a nurse, counselor or caretaker in some capacity will help you express your gifts.

Your warmth easily comes across in your work and professional life, no matter what industry you go in to. You may act like the caregiver in the office, always looking after everyone else's needs.

You may fuse your compassionate energy and work so much that you take responsibility for your work as if it was your "baby" or even your own business rather than a company you work for.

6) ► **Imum-Coeli IC Parallel ♄ Neptune** - (1°08') ♃2 | ♄8

([211] astromatrix.org:) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather

difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

7) ► **Imum-Coeli** IC **Parallel** ☾ **North-Node** - (0°04') ♀2 | ♄8

([217] astromatrix.org;) Becoming Humble

With North Node opposition the Midheaven, success and monetary gain come through your domestic life. You always have a roof over your head, however temporary. You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Your long-time habits often clash with social norms, giving you a bad reputation. Poor timing often prevents you from meeting people who could help advance your career. However, your ability to work hard leads to your eventual success, but it may benefit others more than you.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

8) ► **Sun** ☉ **Contra-Parallel** ♄ **Saturn** - (1°04') ♀2 | ♄8

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times,

you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

9) ► **Sun** ☉ **Contra-Parallel** ♁ **Lilith** - (0°57') ♈2 | ♄5

([631] astromatrix.org:) Self-Awareness unlocks empowerment

Opportunities: 1. Displaying your talents & brilliance 2. Increasing psychic awareness

Challenges: 1. Trusting instincts 2. Honouring your identity

The placement of this aspect in a natal chart makes you struggle with following your instincts, mainly when your anger is triggered. You might feel uncomfortable with your sexuality until you learn to trust your intuition, imaginative powers and demands for respect and recognition.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

There lay many opportunities to make yourself recognized and highlight your natural talents and ability to breathe brilliance in everything you put your hands into.

The opposition of the Sun to Black Moon Lilith acts as a magic wand of power that radiates energy out of magnetism of polarity. The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. Despising expectations become a norm. The opposition makes you feel aggressive or deeply troubled when others control your decisions and direct your life.

There is a painful yearning for freedom paired with a fear of rejection in you. Learning to express yourself freely without any fear takes a tremendous toll under this aspect. But the stifling of identity becomes the primary catalyst for self-discovery and accepting your authentic self.

10) ► **Sun** ☉ **Contra-Parallel** ♁ **Vertex** - (1°18') ♈2 | ♀12

([130] astrotarot.net:) Typical features that opposition brings – You find that by doing something for yourself, you attain the success or happiness you deserve. Also, you may achieve a feeling of importance due to the confidence you feel about yourself. You are hard worker, and goal oriented person. In other words, it governs self-expression, drama, creativity, color, attention, romance, fun and play. There is a constant interaction with the environment, which is expected in achieving all happiness.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-

oriented than you understood.

11) ► **Mercury ☿ Contra-Parallel ♅ Pluto** - (1°50') ♄11 | ♃3

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life

immensely and bring clarity and perspective into things.

12) ► **Mercury** ☿ **Parallel** ♊ **Vesta** - (0°30') 1311 | 5

([611] 12andus.com:) You are highly attuned to your spiritual mission. From an early age, you may feel a zealous connection to your sacred path.

You are easily inspired to share messages you feel are divinely inspired. You may write, speak or teach subjects that are focused on service to others.

You can become enthusiastic about your mission and everything about your mindset is dedicated to service and spreading knowledge about connection to a spiritual mission.

You easily find hope even in difficult situations and you believe it is your duty to help spread hope to others. You may be committed to educating others even at the sacrifice of subjects or lessons that were important to you.

You don't mind making this sacrifice, you are eager to do so.

13) ► **Venus** ♀ **Contra-Parallel** ♋ **Jupiter** - (0°38') 117 | 117

([174] astromatrix.org:) The Social Climber

With Venus Opposition your Jupiter you have a great deal of warm, generosity and love towards others. You tend to want to give more than you can, and this can cause a number of problems. Firstly, it may be hard to live up to the expectations of how much you want to give or promise to others. This can cause you to give too much to others and feel drained or you can forget to look after yourself. People can take advantage of this.

Another problem you may have is that you may not follow through on what you offer to others which can lead to a lack of trust. You can also be quite indulgent or lazy, drawn toward sensual pleasures and living beyond your means. In business you can be quite successful, you can come across as very accommodating, graceful, diplomatic and charming.

People tend to like your personality and you enjoy being around other in social circles, and you have a good ability at discussing many topics.

In relationships more work has to be done to stir your emotional depths, because of the over emphasized Venus characteristics, you may be more drawn towards beauty, status or wealth as oppose to true intimacy or love. You do want to have deep and vulnerable relationships just be wary of your intentions when choosing a partner and avoid being too materialistic.

14) ► **Venus** ♀ **Contra-Parallel** ♀ **Pallas** - (1°38') ♀7 | ♀11

([579] 12andus.com:) Your sense of comfort and desire for beauty and harmony can run counter to your sense of mission.

You may have to work through insecurities and obstacles in order to embrace the value of your insight and wisdom when it comes to mentoring others or offering valuable strategies.

You may also have great plans and insights about how to diplomatically appeal to others' better nature, only to over-reach or become complacent when you feel too comfortable.

It may take some practice exploring your own values and challenging yourself beyond your comfort zone before you realize how your creativity and talents can help you pursue your mission and cause. Your social network or connections to others may be instrumental to helping you create successful strategies to advocate for what you want, but you may have to overcome the desire to do things yourself first.

15) ► **Venus** ♀ **Parallel** ♀ **Chiron** - (1°31') ♀7 | ♀3

([120] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. Often, relationships are painful. Relationships are painful because you have such an ingrained expectation that love hurts, that you are subconsciously attracted to people who are wounding, and wounded. There is a tendency to give in close personal and love relationships. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. And they can easily learn very insightful advice about human interactions. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: This Natal Venus – Chiron aspects brings love coaches, coaches in general, and relationship counselors as often the person becomes quite skilled at the things for which they experienced pain..

- Negative traits: you were made to feel like you didn't deserve to be loved unconditionally, that maybe you weren't lovable at all; or weren't good enough to get the kind of love you want and deserve. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

16) ► **Mars** ♂ **Parallel** ☿ **Uranus** - (1°04') ♈2 | ♊12

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable,

subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

17) ► **Mars** ♂ **Contra-Parallel** ♀ **Neptune** - (1°28') ♊2 | ♎8

([185] astromatrix.org;) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but yare let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being

withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

18) ► **Mars** ♂ **Parallel** ♀ **South-Node** - (0°16') ♈2 | ♈2

([189] astromatrix.org;) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

([208] astromatrix.org;) Extremist Rebel

With North Node opposition Uranus, you have brought over creative genius of some sort. There may be noticeable talent without benefit of a formal education. You may have lived a life in an ancient advanced civilization, like Atlantis, Maya, or Lemuria, and arrive possessing superior insights.

As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

([87] astromatrix.org:) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

([195] astromatrix.org;) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

([150] astromatrix.org;) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships

You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal

reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

With the North Node Opposition the Sun, your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

Actually, you may not really be allowed full recognition within your lifetime, because spiritual development is needed now to balance out the degree of individuality achieved in the past. Due to previous lives of great ambitions and ego development, you must now slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously. You may not be allowed to come fully out into the light.

You may find your plans and goals thwarted by circumstances or societal values. However gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it. Beware of a tendency to hog the spotlight.

([60] astromatrix.org;) The Deep Thinker

The Jupiter Conjunct Saturn Aspect in your Natal chart occurs only once in every 20 years. You are a born leader with a very sound and far sighted judgment. You may be drawn towards careers in teaching or management and authority. Religious or financial roles would be ideal for you. You may be conservative, and cautious but after consistent effort and determination you will find eventual success and can inspire others to do the same. You are a keen learner and like to spend time reading and studying for your professional advancement. 16) ► **Saturn** ♄ **Conjunct** ♆ **Neptune** - (6°32' A) ♏8 | ♏8

([69] astromatrix.org;) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and

manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting

whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

17) ► **Uranus** ♂ **Conjunct** ♀ **Pallas** - (10°35' A) ♁12 | ♃11

([583] 12andus.com:) Your style of planning and strategizing is to always keep your opposition guessing.

Without intending to, you may also end up keeping your allies guessing as well. You prefer to take matters into your own hands. While you can organize for a collective action, you prefer to be a rogue warrior. You don't fully trust collaborations in which your creativity and individualism may not be acknowledged.

You need to feel like you are completely free to express your ideas or follow the plans that strike you on a whim. You can be intense and easily inspire others with your creativity and confidence. You aren't afraid to embrace radical change with great zeal. You can also be an abrupt and shocking spokesperson who dares to say what others will only think about but keep to themselves.

Your intuition and innovative style can make others feel intimidated by you, yet you can also be an inspiring mentor to those who appreciate your wisdom. Your plan is to not have a concrete plan. You'd rather be free to break the rules in the service of doing whatever will work.

23) ► **Moon** ☾ **Opposition** ♅ **Pluto** - (4°23' S) ♋10 | ♏3

([159] astromatrix.org:) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional

blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

([632] astromatrix.org:) Having a Mindful Persona

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

([183] astromatrix.org;) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. These usually come through male figures in your life. You may develop a great talent for working with children too. Sports and creative efforts smooth the way for the promotions you seek.

- If this rear position exists you need to work on: Destiny acquires the qualities given by the sign of Cancer. Life will have a lot of baggage, nutrition, beyond the physical part. You can be involved in jobs related to caring for others. It is very often that this vertex manifests in someone you already know. That may be your best friend that you suddenly see with different eyes. The events surrounding the family, such as weddings, communions, etc., have a lot of weight.

38) ► **Moon** ☾ **Sextile** ♃ **Jupiter** - (2°17' S) ♋10 | ♏7

([235] astromatrix.org;) The Ray Of Hope

You will have both an emotional and an intellectual response to your environment, although the natural bias may be toward preferring mental activity and stimulation. This is a potentially beneficial combination both for yourself and for your contributions to society.

Life fascinates you; one of your main drives is curiosity, which may result in your absorbing considerable information and knowledge. This provides you with a broad perspective on the complexities of contemporary society and encourages you to make a positive contribution to improve the quality of life. Having such an aware and active intellect, you may be attracted toward careers which emphasize the value of mind and the application of intellect to existing knowledge and problem-solving. These careers may include medicine, law, education, finance, religion, welfare, and charity organizations. There may be a flair for business, identifying expanding social trends, and marketing appropriate products to satisfy consumer needs and desires.

Your social relationships are usually varied and satisfying; and you possess a natural understanding of people which you use in your contacts, and which also benefits career or business dealings. You are capable of recognizing people's potential and helping them to manifest talents, while also acknowledging their present reality and motivations. You should be reasonably clear about your path and aims, and base them on a confident, optimistic, and positive attitude that helps you to attain objectives.

You look forward to ever-greater success, prosperity, and fulfillment, rarely looking backward unless it is to derive a valuable lesson from previous experiences. If you choose to pursue self-understanding, through religion, science, meditation, and techniques of self-help, then you are likely to find great benefits. Meaning, purpose, and direction will be more apparent; and you may identify how your potential can be applied more effectively and successfully.

Connected to your intellect will be 'spiritual feelings', a social and moral idealism inspired

by compassion. You could have an active imagination; if combined with your innate understanding of people and intellect, this can awaken considerable potential. This may be literary or involve the spoken word; the content may be valuable to others, due to the insights that you communicate.

Centered on 'the ray of hope' of the Jupiter vibration, this transmits optimism, positivity, and support toward others in need. Sharing yourself in such a way may become part of your life path, helping others to resolve their problems and to awaken their own potential. You will have a generous, accepting nature, refusing to condemn when people are just being human. You may eventually become a 'guide' for others.

You will want an emotionally satisfying home life and will devote considerable attention toward building a comfortable environment and relationship to enjoy. You need fulfilling emotional ties and will look for a suitable partner to share your life, especially one capable of traveling with you on a mutual journey of self-development.

39) ► **Moon** ☾ **Sextile** ♁ **Uranus** - (2°37' A) ♄10 | ♁12

([237] astromatrix.org;) Unconventional Living

Both sextile and trine offer an easier handling of the Moon-Uranus energy relationship than the conjunction. There is a fluency to the energy flow and merger that offers considerable potential when utilized creatively and sensibly.

You may find less reliance upon established behavior patterns, certainly reduced conflict or confusion, whenever you respond to the future orientation of Uranus. Also, your 'head and heart' can beat more in unity, rather than to different discordant rhythms, so relationships should be more successful.

In addition, this can improve your decision-making ability. You will be mentally alert, recognizing opportunities when they arrive and being ready to take advantage of them. You are prepared to take risks and speculative leaps if required to capitalize upon an idea or venture. Learning can come easily.

40) ► **Mars** ♂ **Sextile** ♁ **Uranus** - (3°51' A) ♃2 | ♁12

([265] astromatrix.org;) The Leader Of The Pack

With the sextile and trine aspects, the more positive use of the Mars-Uranus energy is displayed through activities designed to be of social benefit. Whilst you will intellectually challenge the established patterns of social thought and behavior which you believe inhibit individual freedom, your intent is to provoke new thinking which can offer the potential of new horizons to explore.

All new directions and spheres of progress that humanity has taken have emerged from someone questioning the current state of affairs and then seeing new alternatives. Mentally, you will have a restless, curious nature, which can find an effective outlet through applied research and study in whichever areas of enquiry attract you. You are

not an intellectual dilettante, and prefer to delve deeply enough to gain a real comprehension of any subject; this can also free that ability for more original independent thinking, and it is possible that you will receive insights that enable you to make a significant contribution to that subject.

You will prefer a futuristic dimension to your enquiries, thus satisfying the Uranian impulse and providing an opportunity to benefit others too. Even though you have this ability for specific focusing, you will also expand into exploring a wide variety of interests and topics. At times you may move rapidly between disparate spheres of knowledge, but you will eventually settle down to focus upon one area in particular. You may find some difficulty in perseverance and applying your energy consistently to achieve your aims. Sometimes a sudden diminution of your interest and energy may occur, which brings to a halt any progress you are making. When the energy flows again, you may be interested in something new; this is the erratic Uranian influence.

Communication is important to you. There may be an attraction to teaching in some way, both for the satisfaction you can receive in sharing knowledge with people, and in the platform offered for you to express your opinions. These are likely to be radical and unorthodox, but you have enough intellectual confidence in your knowledge to feel quite prepared to stand by your arguments against any opponents. Discussions of ideas can fascinate you; and you enjoy such encounters, seeing them as intellectual combat, where your more aggressive Mars energy can be used. Your approach is often based on strategy and skill; and even in friendly discussions you dislike being intellectually defeated.

You enjoy stirring dissent and proposing disturbing concepts and ideas to attack the power of the status quo, both in society and in individuals. In relationships, you need a strong intellectual and physical bond. An area of weakness can lie in a disregard and lack of sympathetic understanding of the emotions. These are often relegated in your sense of priorities; and the more subtle dimensions of them are ignored in favor of the more basic emotional / physical passions and the interests of the mind.

Restrictions are rejected in intimate relationships; and a self-preoccupation can dominate and cause later problems. However, you tend to commit yourself to seeing through those decisions that you do take, so a marriage commitment can help to modify these tendencies, provided that your partner is strong enough to encourage you to modify any selfish behavior in the interests of mutual harmony.

41) ► **Mars** ♂ **Sextile** ♀ **Pluto** - (3°09' S) ♃2 | ♃3

([267] astromatrix.org;) The Practical Idealist

You will expect honesty and straightforwardness in your dealings with people, preferring to hear the truth rather than be confused by evasion, innuendo and psychological manipulation.

In fact, truthfulness is one of your most highly valued qualities. You have a sensitivity to the motives of others; and whilst you have no real illusions about the nature of the human race, you tend to give a high regard to the principle of truth, whilst maintaining a wary eye on your fellow men.

You cannot always live up to your own ideal, but at least you try! You have a mind which tends to be analytical and deductive. Added to this, you are articulate and generally persuasive - if only in the force with which you express your opinions, arguments and beliefs - and have gasp of dramatic presentation which you apply in order to influence listeners in your favor, personally and to support your position.

Your level of physical vitality should be high; and you may be attracted towards exploring your body or developing it in terms of physical activity and culture. You should have a more healthy and positive approach to sexual expression than those who have the Mars-Pluto square or opposition; and you perceive sex in essentially natural terms without inner compulsions complicating and distorting the energy release.

Usually, others know where you stand on things, as you are not shy of revealing your viewpoints, and express them clearly and directly; and you expect the same of others. If people tend to express themselves in less direct ways, and if you later discover them to have been telling lies, then you can be quite unforgiving in your attitude to them; even if you store the knowledge away for reference, they have forfeited your trust.

You may need to become a little more self-righteous. Because of your directness, forcefulness and relative clarity of expression, you may begin to believe that your perception is invariably right and begin to pay more attention to your own pronouncements than to the view of others. The viewpoint of others is as valid as your own, and is usually worth listening to, as different perceptions can help to expand your own understanding, to correct misapprehensions, and to enhance contact and dialogue.

There can be many routes to the top of the mountain; and even from the peak there can be many ways to reflect the view back down into the valley. There may be a tendency to think and talk about things in your life without actually doing them, almost as though this level of involvement were sufficient and satisfying.

It is likely that you could manifest your aims in a more distinct and objective way, to ground them more in everyday reality and enable others to respond to and share them.

52) ► **Midheaven MC Square ☿ Mercury** - (7°14' S) ♅8 | ♃11

([411] astromatrix.org;) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career

Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

53) ► **Midheaven MC Square ♀ Pallas** - (4°39' A) ♅8 | ♃11

([589] 12andus.com;) Your desire for justice leads you to make strategies or plans that

aren't easily manifested.

You can be dedicated to a strategy that is impractical or which undermines your work or reputation in some way. Your impulsive nature can work against higher wisdom and intuition in this regard as well.

You will do better if you find motivation in your desire for justice and change but then also find ways to leverage your status, platform and resources to bring your ideas into action.

54) ► **Sun** ☉ **Square** ⚡ **Uranus** - (6°14' A) ♈2 | ♊12

([382] astromatrix.org;) The Dogmatic Independent

The energy of the square aspect can feel highly frustrated and, in some cases, turn towards a more aggressive and potentially violent form of expression, if there is not a suitable channel for it to be released through.

Discovering adequate forms is important to anchor the Uranian energy successfully, so evoking that Sun center cohesiveness is essential in dealing with the highly charged Uranian energy and is common to all these aspects made to natal Uranus. This is a perpetual Sun-Uranian task.

You can be erratic, individualistic, restless and nervously agitated, desiring independence and freedom from all social restrictions. It is even likely that your tendency to dissent can lead you to become socially isolated and alienated from others or radical groups with whom you are in basic agreement. If unmodified, and released indiscriminately, this energy is quite capable of 'causing trouble in an empty house'.

Being the devil's advocate is a function that can often lead to confusion and loss of self, as eventually you either erode or lose sight of your own attitudes, beliefs or ideals, and this displaces you from strengthening your solar center. Even if the majority hold a certain opinion or belief, then that alone can require you to reject it and to oppose its validity.

From a more inclusive perspective there can be some truth in such a standpoint, as the majority viewpoint is often that of 'the lowest common denominator' and can reflect the most separative beliefs and opinions. You can be undisciplined, hating those predictable routines of life and work, often finding it hard to act responsibly and with full commitment. You react against conforming to social rules, feeling that they constrain your freedom, and you often follow your choices, irrespective of the repercussions and costs of doing so. You will probably fail to listen to well-meaning advice, and a stubborn need for self-assertion can lead you towards those very experiences and problems that you were being warned against.

If you look honestly at your life, you will observe those times where you misjudged,

making foolish decisions and choices often through sheer contrariness and by asserting your 'free individuality'. Without awareness, no-one is ever free, but is merely a prisoner to their own unconscious tendencies, a prey to them, like playthings of the inner gods. At times you may become a little paranoid, especially when your choices have been unwise, influenced by unconscious forces in your psyche. It does not have to be like that. You can choose to take a more direct conscious role in your life, and not be a victim of your own ignorance.

The square can be an aspect of frustrated blocked transformation and renewal; the inner personal revolution that both Sun and Uranus would like to bring is being blocked. These inner tensions can become potentially violent and need to be redirected into constructive positive channels. You need to release any tendencies towards impracticality, antisocial attitudes and hidden urges for personal power, to stop being antagonistic purely for the sake of performing the adversarial role and use the freed energies to renew your own life.

As is probably recognized, you like others to be submissive to you, yet tend to lose respect for their individuality when they fall into that pattern of behavior. You need to learn how to respect and elevate their uniqueness because that is the corollary of your 'trip' and 'philosophy'.

Emotional depths need to be stirred more, letting those poisons of frustration and emotional conflicts rise to the surface to be encountered and understood, releasing and transmuting them by accepting them as a shadow part of yourself which should be acknowledged and never denied.

55) ► **Sun** ☉ **Square** ♀ **Pallas** - (4°21' A) ♃2 | ♃11

([576] 12andus.com:) You may be unaware of your potential to be a wise and strategic leader until an issue suddenly hits close to home for you.

Obstacles or frustration can awaken your eye to larger injustices that lead you to become an advocate or to help create changes that uplift yourself and others.

By empowering yourself you also strive to help others progress, but you may not have been aware, of the plight of those around you until it affected you personally. When this happens, you can become energized and step up to the plate as a leader.

56) ► **Sun** ☉ **Square** ♂ **Vesta** - (1°06' A) ♃2 | ☿5

([609] 12andus.com:) You may have to work through some egotistical desires for recognition in order to realize that you have a higher calling.

Your true mission is much more important than your ego desires, but it is not readily apparent early in life. Thus, you may feel friction between your desire for success, fame, recognition and praise, and your mission to align with your spiritual purpose and serve

others in some dramatic and selfless way.

When you accept your Divine inspiration, you'll actually be able to draw on the very traits which make you unique in order to fulfill your mission and serve others through your own path of sacrifice and work.

When Natal Moon – Vertex aspects appear, we might learn valuable information about the people around us. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

58) ► **Mercury** ☿ **Square** ♄ **Saturn** - (5°08' S) ♄11 | ♄8

([406] astromatrix.org:) The Worrier

With Mercury Square Saturn you are intelligent, traditional, reserved, shy, hardworking, ambitious, responsible, narrow-minded, pessimistic and, in some cases, scheming and deliberately dishonest

You may have a difficult childhood due to problems with your father, which may make you defensive, suspicious, insecure or depressed. You can be mentally inhibited or too tied to traditional thinking and may be unnecessarily rigid in adhering to discipline and observing law and order. You may have dental and/or hearing problems and shouldn't smoke. This aspect is good for big businessmen and politicians. You tend to work excessively and are too concerned with trivial details

You lack imagination, but when you have an original idea, it doesn't gain acceptance with traditional thinkers. Your education may be rigidly disciplined, but your poor memory causes many problems with your studies. This can be overcome with patience and persistence

Your tendency to be jealous, fear of change and anticipation of danger or failure means you have few real friends. In positions of authority, you may belittle others' ideas. You're likely to get in trouble with written communications and contracts.

59) ► **Mercury** ☿ **Square** ♆ **Neptune** - (1°24' A) ♄11 | ♄8

([408] astromatrix.org:) The Sneaky Mind

This aspect indicates a difficulty with an overactive imagination interfering with rational

and logical processes of thought; this can result in self-deception and the construction of a private version of truth and reality.

There can be a preference for mental avoidance and for escaping from directly confronting aspects of life that you find unpleasant, such as personal truths and social problems. Sometimes your logic is very circuitous, too personal or abstracted for easy communication to either yourself or others, and, as it often absorbs an imaginative influence, it can veil the truth from sight. You can shy away from accepting responsibilities, domestic, family and marriage ones especially, as you can feel uneasy with your emotions, and this results in you often becoming unreliable with others.

There may have been factors in your earlier life that have helped bring this about - childhood or parental relationships which have exacerbated this innate tendency of escapism - but one result has been distorted images on the mental level of your own identity and mind activity, as well as a diminution of personal confidence. There are steps that you can take to improve matters. The first involves the willingness to face the actual realities of yourself and the world, so that a clarified perspective can be established. A greater integration of Neptunian sensitivity is essential, but in a way that absorbs it into a renewed life rather than as another excuse for escapist tendencies. Following that development, additional progress can be made in reorganizing your mind to work down more productive channels of expression.

As your self-confidence grows, through constructive self-evaluation and an acknowledgement of the dormant talents associated with the repressed Neptune energy, it will lead to a sequential release of that blocked energy into your life; you should observe that previous restrictions and limitations are dissolving. Do not re-establish them again but learn how to take advantage of your assets. Creating a new disciplined structure for your mind may take time and effort but attempts at training and reprogramming it will draw benefits if persevered with and may lead towards creative or socially orientated directions. However, to take these later steps may require you to become clearer regarding your aims, and to apply yourself to achieve them one by one.

As part of this proposed transformation in you - and of resolving the inner tensions of the square - you may find it more helpful to look towards forms of external expression that have a social dimension and may offer some solution to social problems. In serving others you may discover that your own problems become surprisingly resolved, especially as the personal obsessions of self-preoccupation are dissipated through a redirection of your energy flow.

Whilst you may often have insight into the motivations of others, you need greater clarity in your own nature. Relationships may remain problematical for you until some degree of personal change has been achieved, and you may be advised to be cautious within your emotional commitments. This is basically because of elements of illusion that can afflict you, and that tendency to avoid facing facts that you do not want to see, such as the

fundamental that a relationship is not mutually satisfying if you need it to continue.

Those dreams of the ideal lover and partner will be present, and it is always difficult not to project these onto others or use them as comparison markers. Some may take emotional advantage of you, and you may experience that victim syndrome of the Neptunian vibration by falling prey to your own tendencies and the selfish desires of others. Yet as you change, your potential for better and more fulfilling relationships increases as clarity intensifies. As always, the decision to change is yours to take.

60) ► **Mercury** ☿ **Square** ♄ **North-Node** - (7°22' A) ♃11 | ♌8

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

79) ► **Jupiter** ♃ **Trine** ♄ **Uranus** - (4°54' S) ♃7 | ♄12

([350] astromatrix.org:) The Well Traveled Soul

The trine offers a relatively easy, free-flowing alignment between these two energies, where again the forward orientation will be evident. You may initially choose to apply your innate talents more for your own personal benefit; but eventually the focus of your outer expression will begin to include ways to improve the quality of life for others too. This may manifest through such spheres of life as education, politics or religion.

There should be an ability to work well with groups, provided that your Uranian eccentricity and individualism do not dominate. Looking back over time, it will seem that you have walked a path that has been 'your destiny', a way that is unraveled for you at crucial times, and where there is a sense of inevitability about it.

You will tend to believe that others could be more self-directed, and that if they chose, they could make much more of their lives and talents than they do. Relationships will need to offer you an acceptable degree of personal space.

80) ► **Jupiter** ♃ **Trine** ♇ **Pluto** - (2°06' S) ♏7 | ♋3

([352] astromatrix.org:) Creative Energy

As with the sextile aspect, the trine indicates the potential of releasing a powerful creative energy emerging from a humanistic and spiritual perspective, which will be of positive use to yourself and the world. Your innate optimism and belief in the essential goodness of life will turn your inner faith into an effective ability to manifest your creative vision, especially as you are able to channel your will into constructive forms of expression.

Your contribution to society may well be in working closely with people; and you have the gift of being able to inspire others to discover how to experience life more intensely and creatively and to release their own latent talents. This can involve you in the expression of a sort of life philosophy which can be adopted by others on their path to self-understanding. Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. In fact, even direct opposition from another may be the right way for them to unfold themselves or to discover new insights and could be right for you as a stimulus to re-evaluate your own path and attitudes.

Primarily, you seem to function in a role of 'educator', and you are likely to develop into an effective speaker, clearly expounding your beliefs, ideas and attitudes, and being quite persuasive in that way. You tend to need personal freedom, and dislike being tied down into predictable patterns of behavior, as you may feel that you need to be relatively free in order to be able to respond to what you consider to be insights and intuitions.

You support social transformation and will reflect the unified vision as the direction for the future, offering a meaning and inspiring purpose for people to aim towards. You may find that a personal transformation is required of you prior to you fulfilling your potential role and function. Initially, this could involve considerable challenges facing you which require overcoming, or elements in your personal life that lead to periodic crises which lead eventually to wisdom and insight as a result of personal suffering.

81) ► **Jupiter** ♃ **Trine** ♀ **Pallas** - (5°41' A) ♀7 | ♄11

You easily show your benevolent nature and can be a great mentor to many people without even trying. You always follow your ideals but you do so in a way that is not judgmental or dogmatic. Your example leads others to want to fall in line and do the right thing. You don't have to push your views on others.

They are more inclined to see the benefit in following your lead all on their own. You can be so compassionate and encouraging that your actions speak for your mission.

You can also be kind idealistic and believe anything you do is worth doing to the best of your abilities. You inspire confidence in others without needing to be preachy or a perfectionist.

82) ► **Saturn** ♄ **Trine** ♄ **Uranus** - (2°24' S) ♄8 | ♄12

([356] astromatrix.org:) The Progressive

Working from the Saturn ability of self-discipline, practical skills and organization, you can take full advantage of the inspirational ideas of Uranus, eventually making them real on this material level. Yet you are not dazzled by materialism, and much of your actual interest and enjoyment is with the nature of the ideas themselves.

Time is short, and you prefer to make the best use of your natural talents and resources for yourself, and to aid others too if the opportunities present themselves. Potentially, you could become an inspiration for the young and others in how to actualize your intentions and complete the process of creativity, due to your ability to resolve the Saturn-Uranus polarity.

Much of human experience revolves around the conflicts inherent in that dualistic polarity; and you could become an exponent of the fact that it can be reconciled. Your life could demonstrate the ability to weld together old and new impulses, the creative process, and the dichotomy of matter-spirit. Obviously, it would not always be easy; but you can make the potential real in your life and prove to others that it is achievable. This is another aspect of the 'bridging role and function' that is currently needed during this transition stage, when unifying the planetary impulses is essential.

95) ► **Sun** ☉ **Quincunx** ♌ **Jupiter** - (1°20' A) ♈2 | ♏7

([465] cafeastrology.com:) There are distinct times in your life when you tend to go overboard in certain areas of your life, such as with food or drink, jumping into new business or personal ventures without enough forethought, and so forth. When reality hits, you feel guilty for your excesses. You may frequently dream big dreams or devise big plans, only to leave them hanging when you realize they are not attainable, or that you don't have the energy or resources to work towards them. Recognizing these tendencies is the first step towards resolving them.

96) ► **Moon** ☾ **Quincunx** ♌ **Chiron** - (0°53' A) ♋10 | ♏3

([459] astrohealer.com:) This configuration may signal that one's sense of self has been overpowered or diminished by one's wounds or sensitivities. In some cases, the individual may intuit that she simply can not show her emotional vulnerability to the outside world and that she must suppress any ugly aspect of her raw sentiments in order to actually feel secure in the circle of her nearest and dearest.

In other cases, the individual may have felt abandoned by the mother or the primary caretaker as a result of a limitation or disability in that figure or the individual herself. Alternatively, the mother or prominent female figures in the life of the individual may have found it impossible to be genuinely themselves without invoking embarrassment. The vulnerability, in this case, has not been denied or projected but simply dismissed. The mother may have been quite uncomfortable revealing certain vulnerabilities, therefore she may have simply dismissed those aspects in herself or her ancestral line. Either case, an individual with this configuration in her natal chart has to bring forth a sense of pathos for the mother or female figures in her life, and above all, for all that is ugly or awkward in herself. We all have sentiments which are not sanctioned by our society, family or our own conscience; dark and dirty impulses coming from somewhere deep in our unconscious, making us blush when no one is looking. Moon Chiron contacts, especially the quincunx aspect, invite a sense of pathos towards these sentiments.

([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

([177] astromatrix.org:) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

14) ► **Contra-antiscia-Juno** ♄ **Conjunct** ♂ **Mars** - (1°52')

([597] 12andus.com:) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 24° **Libra** 47' and in the **8th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 17° **Leo** 32' and in the **6th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 13° **Capricorn** 55' and in the **11th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 26° **Cancer** 57' and in the **5th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence

(by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 17° **Aries** 59' and in the **2nd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 7° **Gemini** 59' and in the **4th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 26° **Leo** 36' and in the **6th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 2° **Taurus** 43' and in the **3rd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 2° **Pisces** 51' and in the **1st** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Pisces: indiscretion, being gullible

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 29° **Leo** 47' and in the **6th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 8° **Gemini** 5' and in the **4th** house.

Same as for father.

The **Lot of Siblings** is in 13° **Pisces** 47' and in the **1st** house.

The **Lot of Children** is in 28° **Pisces** 27' and in the **1st** house.

The **Lot of Daughters** is in 6° **Pisces** 26' and in the **1st** house.

The **Lot of Sons** is in 3° **Cancer** 35' and in the **5th** house.

The **Lot of Marriage for Woman** is in 13° **Aries** 11' and in the **2nd** house.

The **Lot of Marriage for Men** is in 29° **Aquarius** 3' and in the **12th** house.

The **Lot of Deceit in Marriage by Woman** is in 19° **Cancer** 55' and in the **5th** house.

The **Lot of Deceit in Marriage by Men** is in 7° **Leo** 41' and in the **6th** house.

The **Lot of Marriage (in general)** is in 6° **Pisces** 26' and in the **1st** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 16° **Sagittarius** 1' and in the **10th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 25° **Sagittarius** 0' and in the **10th** house.

The **Lot of Treachery** is in 23° **Aquarius** 27' and in the **12th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 14° **Virgo** 49' and in the **7th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 22° **Scorpio** 19' and in the **9th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Sagittarius (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 9th House/Sagittarius: When you finally find something to believe, you have forcefully strong opinions on the subject. You get inspired to acquire knowledge when information shakes you to the core. With travel and secondary schooling comes strong changes in perspective. In fact, you're always expanding your perspective by reading books and articles on what fascinates you, debating with others, or just by leaving your house and absorbing the world around you! Secondary education and long-distance travel may be a painful awakening on how little you know and how far you have to go. However, instead of letting this petrify you, you take it as a personal challenge and push through, no matter how many tearful nights it takes. You are fascinated with other cultures and points of view. However, don't forget that you're human, like everyone else. We all make mistakes and believe things that are biased, sometimes to the detriment of others. The reason we make mistakes is to learn from them, and if your point of view doesn't match up with someone else's, it doesn't always mean that you're better than them. Share your patience and determination with others by teaching them, helping them to understand differences and bridge the gap, not just looking down on them.

Pholus in 10th house

(12andus.com:) Your search for truth and wisdom leads you to try to establish security and a solid foundation.

You want to be in a career that provides purpose and allows you to do something meaningful. Your ideas and hard working nature lead to explosive transformation.

You can unleash a dramatic and powerful transformation when you work toward success in achieving your goals. You may become intoxicated by your desire for wealth and success. This can lead you to get so engrossed in the tediousness of work and career

that you start to forget your purpose.

Dramatic and chaotic situations can be wake up calls, pulling you away from the distractions and back to your true mission.

You may feel extra protective but find there is a major catastrophe from which you can't protect others. Learning to let go of control and putting your energy into what you can manage and ways you can be productive is part of your mission when a breakthrough is warranted.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Sagittarius

(12andus.com:) You may be drawn to fantasize about ideal love.

in may also feel a strong sexual attraction to those from other cultures, to the extent that you may fetishize some aspect of dress, culture or appearance rather than connecting with your partner.

You have a healthy sexual appetite that leads you to want to explore pleasure in every possible way. You may also have a secret desire to either engage in sexual connection in public places or while others are watching, or to be sexually involved with a number of people at once.

You can become obsessed with expansion and adventure and eager to try new things in sexual encounters. You need to have a partner or partners who are as vital and active as you are. You may be more sexually energized if you are active in other ways.

Hiking, camping, playing sports or other rigorous or adventurous activities can stimulate your sexual appetite.

Eros in 10th house

(12andus.com:) Your desires and sexual arousal is expressed through attraction to those in your career field.

You may have fantasies about erotic experiences with colleagues or leaders in your career. You may also have erotic fantasies about sexual encounters at the office.

You are aroused by material success and wealth. You may also have a fetish for people much older than you. You may have traditional views and values when it comes to sexuality.

At the same time, you want your sexual power and attraction energy to be recognized. You may easily display your sexual interests and erotic energy to the public. You may show your sexual interests and exploits publicly.

Public affairs, public scandal involving sexual encounters or having sex in public places may be arousing for you. You can be discreet about your sexual experiences, but you are also likely to flaunt your encounters, especially if it helps your status or image.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Aries

(astrology.com:) Aries or in the first house: For these individuals, experiencing illness or witnessing another's health crisis during their formative years becomes personality-defining. Having suffered the consequences of neglecting preventive care, which they equate with losing their autonomy, they take direct ownership of their personal fitness, exploring different modalities, and continually updating their health goals. Their identity may also be tied to the occupations listed in the above section.

Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is "off." While this generally predisposes them to healthy eating, overindulging when they're stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating

a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Pisces

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the twelfth house from 'synnisigns.com'.)

In connection with your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Eris in 1st house

(synnisigns.com:) When Eris resides in your first house, your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance

through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Sagittarius

(whatsmyalternative.com:) Were you a religious fundamentalist or a social reformer? A corporate cheat or a philanthropist? Watch for experiences that balance your clumsiness, your kindness, your luck, your manner of speech and your friendships. If you are unkind in words even if you meant otherwise, the asteroid Karma will still make you feel the other persons emotions at your words. In the highest level, such people can become great religious reformers.

Karma in 10th house

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Leo

(astronomicallyaligned.tumblr.com:) A queens' most valuable possession is her jewelry box. Inside the box lies diamonds, tiaras, pearls, gold, silver, rubies, emeralds, sapphires, necklaces, rings, and other beauties. She guard her box with her life. The beauty and the glamour shines for her only. Other people will notice her shine. Like the sun on a gray day. If she opens her box, all it's contents will fall out. It will fall to the ground, crush and get dirty. It will loose all it's value. And the queen will be poor. She will loose her shine. And then it will be eternal darkness and night. What the queen could do, is to know that her shine comes from within, and not feel the need to open the box to prove it.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Leo

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is

positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

Nessus in 6th house

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or

intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:.) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to

remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.
