([659] numerologycalculator.online:)

The Diplomat

The Life Path 2 suggests that you entered this plane with a spiritual quality in your makeup allowing you to be one of the peacemakers in society.

Your strengths come from an ability to listen and absorb. You are a fixer, a mediator, and a very diplomatic type of person using persuasive skills rather than forcefulness to make your way in the world. You are honest and open in thought, word and deed. You excel in any form of group activity where your expertise in handling and blending people can be used effectively.

Indeed, the 2 can sometimes become oversensitive. In some instances, the strength of the 2 can also become its weakness. You may find it hard to decide what to do at times. Twos often struggle against indecisiveness.

Life path number 2 is the number of learning and truth. Those with this life path number tend to seek peace and harmony in the world around them. They are natural peacemakers and they are always known to give their ideas and opinions voluntarily for any situation. When it comes to meditating between situations and people, they deliver

the best results.

People born in life path number 2 are very loyal. When they say they love you, they really love you from their heart and they never like to make false promises. It is very common to find these people having a lot of friends and acquaintances.

They always share a sensitive corner to others. Individuals with life path number 2 are very sincere, most honest and the best people on the earth you can ever come across. Their sensitive, caring and gentle traits make them excellent lovers and friends.

Expression (Destiny) Number: 7

([659] numerologycalculator.online:) The number 7 Destiny suggests that the direction of growth in your lifetime will be toward thought, analysis, and the development of a mind skilled at searching out the truth.

You must become accomplished at analyzing, judging and discriminating, so that little escapes your observation and deep understanding.

In this you will become increasingly introspective, and value seclusiveness and solitude.

You are the type of person that can really get involved in a search for wisdom or hidden truths, and you must become an authority on whatever it is you are focusing on.

This can easily be of a technical or scientific nature, or it may be religious or occult, it matters very little, you pursue knowledge with the same sort of vigor.

You can make a very fine teacher, or because of a natural inclination toward the spiritual, you may become deeply emerged in religious affairs or even psychic explorations. You have excellent capabilities to study and learn really deep and difficult subjects, and to search for hidden fundamentals.

You tend to operate on a rather different wavelength, and many of your friends may not really know you very well. At full maturity you are likely to be a very peaceful and poised individual. You really like to work alone, at your own pace and in your own way. You neither show or understand emotions very well.

The positive aspects of the 7 Destiny are that you must be a true perfectionist in a very positive sense of the word. You are very logical, and usually employ a quite rational approach to most things you do. You can be so rational at times that you almost seem to lack emotion, and when you are faced with an emotional situation, you may have a bit of a problem coping with it.

If there is an over supply of the number 7 in your makeup, the negative aspects of the number may be apparent. The chief negative of 7 relates to the limited degree of trust that you may have in people.

A tendency to be highly introverted can make you a bit on the self-centered side, certainly very much self-contained. Because of this, you are not very adaptable, and you may tend to be overly critical and intolerant.

Life Path - Expression Bridge Number: 5

([660] numerology.center:) Number 5 means that you are a person whose choices don't distinguish with originality. You are rather predictable in your actions. People with the bridge number 5 usually don't realize their innovative nature. But it lets them succeed in numerous fields. If 5 is your number, it is necessary just to hear your inner voice and to experiment with different approaches. Try to express your point of view braver. Sometimes it is even necessary to take risks and to be more open with your ideas. From time to time you are too stiff and inflexible. These are not the best traits for successive achievements. Try to change it and become more tolerant and able to find a middle ground.

Life Path 7 and Expression 2 or vice versa:

It is a wondering combination which leads to some conflicts in your soul. You have two different traits which are very difficult to go together. On the one hand you are a delicate, sensitive person, who needs to be loved. But on the other hand you are very private and put up the boundaries which don't let other people be closer to you and give you warmth and attention you require so much. One of your traits is self-pity. That is why any little problem in your relationships seems like a big deal for you, especially if the problem is criticism. But you have great potential. Number 7 gives you analytical abilities and number 2 bestows you with intuitive power.

Heart's Desire (Soul Urge) Number: 6

([659] numerologycalculator.online:) People with a 6 soul urge place more importance on domestic/family matters than career and need to feel valued and needed by others. They tend to be drawn towards service to others.

There is nothing in your life that is more important than the people you love and your life is about taking care of them. You obsess over meeting their needs even unto the neglect of your own. Fortunately, you find far greater pleasure in giving than receiving.

You often find yourself making sacrifices so that others don't have to. You do not, however, have trouble with your sense of self.

Although your benevolence and desire to see others around you happy are huge motivators, you also have a need to be recognized for all the good you do. You desire to be appreciated. You want to be loved in return.

People often seek you out for counsel, but you worry whether or not the advice you give is sound. The solution is to never stop listening, learning or observing. It will be through observing others that you will learn the most about yourself.

Sixes are the most apt to maintain fidelity in relationships and understand better the concept of unconditional love than any other number.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 5

([660] numerology.center:) Dependence on other people, their mood and their opinions, hinders you almost in all aspects of your life. It would be better for you to listen more to yourself than to follow the will of others. You are able to think what you need to do on your own. Just don't be afraid to take the wrong decision. Trust yourself.

You are a rather inflexible person. Adaptability would help you in numerous questions. If you want to work at these traits of your character, start with a little adventure, which you don't let yourself on in your usual life. Try to do something in a way that is unordinary for you.

Heart's Desire 6, and Personality 1 or vice versa:

Your independence is extremely important that is why you should avoid partnership if it is possible. Remember that self-sacrifice is not a good thing, neither is selfishness. Try to find the middle between these two conditions. Don't be too serious, but realize that it doesn't mean to be frivolous.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: 9 = 2 + 7 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your

knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 1

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 1 Number 1: First Pinnacle: Keep in mind that especially during a 1 Pinnacle,

all people and circumstances in your life are fully on purpose; these people and experiences are your teachers if you can perceive them in that light. When you have this number for a First Pinnacle, chances are your youth is spent learning how to develop and use original ideas. You're called to lead and to rely on yourself without resorting to the downside of ego, stubbornness, and being self-centered or dominating. It's not necessarily a settling time because it's governed by exponential learning, which includes all the hard knocks that go with it.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Second Pinnacle Cycle: 3

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 2 Number 3: Second or Third Pinnacle: If you're in your Second or Third Pinnacle, the 3 energy pertains to good friends and happy relationships, joy, gratitude, the pleasures of life, and creative self-expression. This is a time where your responsibilities and accomplishments are greatly dependent on your social demeanor

and communication skills. You may be presented with opportunities to write, speak, design, or take a job in the entertainment industry. This time is marked by imagination and feelings.

If you're nurturing this number's healthy aspects during your Pinnacle, it has a natural attraction for money and an easier life full of creativity where you're drawn to encourage and inspire others. You could even become interested in some aspect of the healing arts.

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

Third Pinnacle Cycle: 4

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665]
feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 3 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down

by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you

are required to rise above the fray and become a humanitarian in whatever capacity you choose.

First Period Cycle: 8

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) You are under an extremely benevolent period for work, career, and financial reward starting at an early age and continuing into your mid-thirties. The key is hard work and the willingness to rededicate yourself after setbacks or difficulties.

You will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment.

You are being pushed to take control of your career or enterprise and bring it to new heights.

It is a time when power falls to you, but must be used wisely and with purpose.

Second Period Cycle: 11

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) Your 2nd Period Cycle is an 11 Master number and a period of spiritual expansion, even illumination. You grow in understanding and wisdom.

It is a time to seek higher human ideals.

There is a temptation, however, to chase after the infinite without being grounded in the practical.

Teaching and sharing your knowledge are important aspects of this cycle. You likely possess a message or an ability that should be shared with your community, but only through deep personal transformation and enhanced self-expression can this gift be communicated effectively.

Focus on your studies and deepen your understanding. The more work you do on yourself, the better you will contribute to the world at large.

For those who embrace this path there are many rewards, including the deep satisfaction that comes from making a contribution to the advancement of others. For some, this will include financial gain and notoriety.

First Challenge Number: 6

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your

vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Third (Main) Challenge Number: 5

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the

constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Fourth Challenge Number: 7

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) The 7 competes with the 4 energy in terms of the seriousness associated with its vibration. While the 7 demands inner exploration, the chances of feeling alone and isolated are common. Contemplating the intricacies of life and spirituality isn't mastered in a weekend seminar. Nor is it mastered in a lifetime. Yet that's the task you're being called to focus upon. Often there is a big "test" or some serious repression or avoidance during a Pinnacle that has a 7 Challenge.

Remember: The key lesson for a 7 Challenge is to understand that all your experiences—especially those that occur during this particular Life Stage—are fuel for your growth. Develop trust in yourself. All that you experience during this period of life is meant to hone your powers of analysis and observation, intuition, and spirituality. You'll be asked to trust your analytic mind and your highly developed intuition.

During a period with a 7 Challenge you'll be faced with difficulties brought on by your discomfort with your own inner thoughts and feelings. This could feel like detachment from people and situations or like tumultuous unexpressed and unresolved emotions. You might feel exasperated and helpless, as though you're a hapless victim of life who is unable to change or improve his or her situation or circumstances. There's also a strong tendency to chronically complain and criticize while offering no solutions to your perceived problems.

More challenging aspects of the 7 vibration might lead you to express everything you say or write in a negative manner. You may feel the impulse to avoid your feelings by putting up a wall of pride and aloofness. This is your opportunity to develop faith in your own abilities rather than to rely on the opinions of others or dwell on your limitations. The

trick is to get out of your head and into your self. This is a time devoted to truly, madly, and deeply uncovering the real and authentic you.

Potential Destructive Aspects of the 7 Challenge

- Withdrawing through drugs, alcohol, sex, or spending your life online
- Either isolating yourself totally from the world or being unable to spend any time alone
- Avoiding work by being scattered, unfocused, and overly emotional
- Avoiding your own life by immersing yourself in someone else's (for example, the life of a family member, business partner, or friend)
- Becoming overly focused on money and material objects
- Health-related issues like addiction and depression.

Personal Year Number (for 2022): 7 (29 + 08) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. Personal Year Number (for 2023): 8 (29) + (08) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

(feliciabender.com:) This is a year to focus on money, finances, and personal power. During your 8 Personal Year, you can't help but wake up every morning, and go to sleep every night, thinking about your finances. You might be in work overdrive this year or be handed opportunities that test your personal power.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): B

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to approach life alert for opportunities to be part of a team — getting things done in cooperation with others.

([671] spiritwalk.org:) You are touchy and stand-alone person, but somehow you are quite sociable and understanding. You hate misunderstanding and conflicts, as you are a calm person by nature. You are always devoted to people, but take some time for yourself and value yourself more.

([672] numerologist.com:) Cornerstone: You are emotional, insensitive and a bit shy. You prefer that others take on leadership roles as for the most part you dislike being

accountable if things go wrong.

([673] numerologyzen.com:) Letter B. An affective, emotional and fluctuating letter. With its curves at the head and stomach area (emotions) there is an impression of gentleness, kindness even a certain sluggishness, but this flexibility faced with others (symbolically the right side) hides a harder aspect (the right line left) which constitutes the energetic reserve of B. So it is a letter which denotes duality. The B is made of gentleness, tact and level-headedness. Above all it is a great sensitivity, even modesty, which characterizes its image. However, under the appearances B has specific qualities to be a right hand, a negotiator, the one who through [his,her] concern for detail, meticulousness and professional conscience, assures the success and continuity of the whole business. The one who has this initial, will know how to link conciliation and aptitudes for co-operation. It is in a small team, in close association rather than being alone or lost in an important group that B works or succeeds best. The B has an acute sense of friendship and love, but also of quality. To achieve well, B needs calm, gentleness and harmony, peaceful conditions made from understanding and kindness, rather than conflicting situations charged with animosity or competition. This letter tries to flee from aggressiveness, and if it can't be avoided, B will become withdrawn. The B prefers to be occupied with details rather than initiating things or taking decisions of great responsibility, which does not necessarily imply that B makes bad decisions. Although [his,her] analytic mind is quite developed, B is in a way timid, hesitant and emotional. It is often only late on that [he,she] will gain self-confidence. The support of well placed dynamic people could help. To be balanced, B needs to receive and give proof of love and understanding. B is very sensitive, intuitive, imaginative and receptive, sometimes to the point of living too intensely emotionally and coming to crisis periods (affective suffering, depression). [His,Her] sensitivity serves by understanding others and bringing the human warmth necessary to contribute to the world's equilibrium. Once confident, B can go far, admittedly without fanfare, but always with the love of work well done and quality. B has a rich inner life, which (if lived negatively) can be accompanied by diverse tendencies such as passiveness, indecision, excessive submission, criticism of others, sometimes self-criticism, a tendency for concealment, melancholy and almost forgetting the self due to being too occupied with others and pleasing them.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: O

([674] [671] [675] ([674] affinitynumerology.com:) Open nurturer.

Harmony, a happy home, and moral standards tend to be highly important. Respect for

rules and acceptable behavior are also likely to be important.

([671] spiritwalk.org:) You have a stable set of principles and moral values. It is really hard to persuade you in something that contradicts with your beliefs. You are sensitive and sincere about your feelings. Try not to compare yourself to others, and learn to live your life fully and be self-sufficient.

([675] numerologist.com:) The O reflects the energy of the number 6. When you have the O as your first vowel your tendency is to respond to the world with contradiction. You can appear humble yet strong-willed, independent yet helpless, wise yet self-righteous. You're innately magnetic, protective of friends and family, service-oriented, and nurturing – especially in the home and family realm. You have challenges modulating your overweening sense of responsibility and can become agitated when others make demands on you and yet don't take your advice. You benefit when you allow time to step back and find creative solutions to problems rather than immediately reacting. Your highest and best use is when you're leading others in a position of authority.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): E

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "E" tends to complete projects quickly. There are so many other fun things to do.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([672] numerologist.com:) Capstone: You feel you must be in charge at all times or a project will not succeed. As you refuse to take advice from others, your projects often fail.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

The Four Planes of Expression (multi-dimensional)

Every plane (and dimension) gets certain letters assigned, the number of letters correlating per plane with your full name is the number you get for each plane (and dimension). All having certain interpretations. Based on first full official birth name. Table came from 'affinitynumerology.com', but that's not on the web anymore. interpretations for the planes from the [680] 'numeroscop.net'-calculator.

Intuitive			U	3			1	3
Total	5	3	8	7	2	6	15	7

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

3 on the Mental Plane

Evident artistic inclinations that, provided due diligence, can find expression in any sphere of art, be it painting, architecture or landscape design. But, like any creative person, you lack self-discipline and organization skills. This can be helped though.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

4 on the Emotional Plane

Your motto is imperturbability and constant self-control. You are almost devoid of emotions; the others' emotional expressions arouse your distrust and even outright irritation sometimes. Beware: next stages on this way are isolation and anger. Try to be more understanding to those whose mode of behavior differs from yours. Pedantry and meticulousness can make you an indispensable employee in business and management.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly polish it like a treasure, overwhelmed with the desire to share your insight with

everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 7 line «1-2-3»
111	4	77	Moneymaking: 1 line «4-5-6»
character, will	health, beauty	luck	Talent: 6 line «7-8-9»
			Tenacity: 6 line «1-4-7»
22	–	88	Domestic bliss: 4 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 4 line «3-6-9»
			Spirituality: 5 diagonal «1-5-9»
			Temperament: 4 diagonal «3-5-7»
33	–	99	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — 77

"The Lucky one" - if you are one of "those who help themselves", then fate will help you to be at the right time and place. And sometimes it literally saves from making a mistake and bad decisions. But it happens that after a series of successes people with 77 become too self-assured, believing that they will always be lucky without any efforts. Famous last words! Fortune loves to put swellhead's nose out of joint.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 7***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 1

"Not independent" - this person will do everything to stay under the wing of their parents as long as possible. And then they will look for a spouse who can bring home the bacon.

Talent (Line «7-8-9») — 6

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Ten of Hearts

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Hearts: Feelings - Relationships - Love

Ten of Heart Meaning: Success in Love

Karma for the 10 of Hearts - Isolation

Water-Cups - Planets: Mars & Jupiter

With the highest value of hearts in the deck, the 10 of Heart person is intensely aware of their emotional/social connection with the world around them. The meaning of their card is the expression of love in all aspects of life.

Those who are born on a Ten of Heart day are at their best in large social situations, on the stage, or in politics. It is only in their more personal and intimate relationships that the 10 of Heart become overwhelmed and safe-box their feelings. With this in mind, the 10 of Heart need to guard against isolating themselves from the people contact so important to their wellbeing.

10 of Heart are ambitious and have penetrating focus. An overwhelming need to be loved or appreciated compels them to be the best at whatever they do. They also have a knack for good business and secure the best contracts or conditions for success.

Ten of Heart people seem to be very lucky. In part this is true. But it's only after much hard work and determination that Divine Providence bestows Her bounty of earthly treasures onto the worthy 10♥.

In matters of the heart, the Ten of Heart feel they should be at the helm of their relationship. Not because they want to dominate, but because they feel better able to protect, heal, or otherwise fortify the home.

The Soul (First Karma) Card for the 10 of Heart is the young Jack of Club, the Neophyte in Knowledge; Greek for "newly planted." As a Soul Card, the Jack of Club feels compelled to acquire knowledge that is suitable for enjoying pleasure on all planes of existence!

JOURNEY OF THE SOUL: Their Soul Card is another Jack, the Jack of Diamond. This emblem is symbolic of the entertainer drawn toward promoting what is known.

In an ideal world, the Jack of Club is a vessel for all sorts of knowledge and spins what it finds into useful threads of ideas for others to enjoy. The soul-nature of the Jack of Club is the harbinger of ideas.

The path of the Jack of Club personality is not easy. Their karma attracts wilful types who lead them down the path of irresponsibility and trivial pursuits. A defensive attitude masks their inner struggles with fear and fight or flight.

At a young age, the Jack of Club learns difficult life-lessons about money and personal family values. Early teenage years are introspective for the Jack of Club, as stressful physical and psychological experiences shape their character until into their twenties. Life continues with sudden and unexpected obstacles until the vital energy of Mars gets activated, age 26 onward. It is this aspect of their soul-journey that ignites the mind - the club - and gives them the edge they need to forge a path of their choosing.

In intimate relationships, the shared vision of a spiritual journey in pursuit of love, knowledge and soulful pleasures is what inspires commitment in the hearts of the Jack of Club.

Second Karma Card: Five of Spades (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Spades: Grounded - Work - Spirituality

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the

physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

While the negative 10 of Diamond are able to amass their fortunes with equal brilliance, they are ruthless, and known to be self-centered.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Eight of Spades

(metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Eight of Spade Meaning: Power in Work

Karma for the 8 of Spades - Materialism
Earth-Pentacles - Planets: Jupiter & Saturn

These people have a keen sense of their inherent obligation to work. They have been known to tax their health and sacrifice their loved ones in a drive to get things done. The Eight of Spade want to be admired and prestige is important to them. Friendships will often change and fluctuate depending upon their work-related needs.

Although primarily concerned with hard work, this Card does have a higher calling. It is often considered the Healers Card. And should the 8 of Spade use their strong spiritual energy along side the application of higher wisdom to accomplish their goals, they are sure to find their place among the great ones.

Still another class of Eight of Spade will realize nothing but the need to amass a lot of money. For these 8 of Spade, not one thing or anyone is as important as how much.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Ace of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Ace of Hearts: Desire for Affection

KARMIC CHALLENGE for the Ace of Heart: Selfishness

Water-Cups - Planets: Jupiter & Uranus

All ACE's represent a wish or a desire. The HEART symbolizes relationships and love. The meaning of the Ace of Heart is an intense desire to be loved. Notice the operative word is to "be" loved, not to simply love.

The Ace is the number of self and often translates into selfishness. Negatively expressed, the Ace of Heart will flirt and skirt around the object of their desire, until they see what love can do for them.

The Soul Card for the Ace of Heart is the Ace of Diamond, another wish card - except this time - a wish for money. The result is an ambitious drive for material gain which is their prime motivating factor when it comes to relationships.

Ace of Heart has a gregarious, magnetic personality, which can attract many business opportunities. They always want to look good in the eyes of others, and appreciate beauty while striving for self-improvement. They are creative, but find it difficult to make choices in regards to work and health.

To be sure, this is not an easy card to have as your birthday card. Much discipline and positive philosophy of life are needed to overcome the selfish, worrisome attitudes that prevent the Ace of Heart from obtaining the very thing they desire the most. LOVE.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Ace of Diamonds

(metasymbology.com:)

DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Queen of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Queen of Diamond Meaning: Domination in the Realm of Values

Karma ~ Financial Security At All Cost

Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are

people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

After age 91 the cycles repeats.

Cosmic Lesson Card: Seven of Clubs

(metasymbology.com:)

CLUBS: Mind - Perception - Ideas

SEVEN: Tension - Analysis

CHALLENGE: Worry

Fire, Wands - Planets: Saturn & Uranus

CLUB: The Club personality is used to further the adventures of thought. The spirit of the club traverses the network of ideas. Its energy is attracted toward mental pursuits. It is the air element designed to convey the boundless potentials of the mind.

SEVEN: The function of seven is to evaluate. It is a vibration that resonates with the analytical attributes of the personality. It is tense and worrisome. The personality of the 7 is attracted to situations that require introspection and progressive ideas.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Diamond. This emblem is symbolic of dominion over the material and monetary world. It has the illuminating and creative power of Sun. In an ideal world, the 7 of Club use this higher frequency of their soul's light-energy to clarify worrisome thoughts. A happy 7 of Club illuminates their analytical pursuits with creative ideas to overcome obstacles that stand in the way of progress.

Those born on a 7 of Club day are keenly aware of what they - and the world needs - to be a better place. They are eclectic, spontaneous thinkers and can be highly intuitive. They also have a knack for commercializing their ideas and publicizing their unique perspective.

The young and impressionable Seven of Club must find ways to stabilize the unstable environment of their youth. Fluctuating finances create volatility at home; the root cause of their incessant worrying later in life. To cope, the 7 of club develop an inventive mentality and sense of irony.

None of the 7's have it easy and the Seven of Club is no exception. Stress is a constant and a cause of psychosomatic health issues. The 7 of Club personality resists dogma and the conventions of religion, preferring science over blind faith.

Women 7 of Club need their independence but want to nurture. If the gender is male, a

rakish attitude often spirals into cheerful irresponsibility. Relationships are characterized by rough-cut gems. Not one to shy away from conflict, the rebel within will surprise even those who know them well.

Cosmic Reward Card: Nine of Hearts

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

Nine of Heart Meaning: Frustrations in Love

Karma for the 9 of Heart - Universal Love

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

Cosmic Moon Card: Five of Diamonds

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma

5 of Diamonds - Fluctuation in Finances

Karma for the 5 of Diamonds - Accepting Reality

Fire-Wands - Planets: Saturn & Neptune

Money consciousness is strong for these people, and when it's regarded as a means, not an end, finances are usually at their disposal.

KARMIC CHALLENGE for the Five of Diamond: Illusions and Irresponsibility

Limitations and restrictions in regard to their financial security come through troubling health, or a hampering physical affliction; through difficulties with children, or through a loved one who is faced with trials that cannot be shared.

The 5 of Diamonds must choose their course and stick to it. They must seek a place in life where they can forget themselves and make a contribution, and they must learn to

abolish their constant uncertainty. They must also guard against creating a separate reality that's out of sync with the reality of those around them!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Stability (4) Cauac

West (Blue) glyph: Challenge / Strengthen

Day Sign: Storm

/ Rain / Cauac (Yucatan) / Kawoq (Kiche)

Positively, Cauac is a youthful, restless, friendly, helpful, and compassionate day-sign. Such people are multifaceted and often accomplished in several areas.

One of the most obvious characteristics of this friendly day-sign is their youthfulness.

Cauac people often choose careers that involve them with children, or they may occasionally just act like children. Those born under this sign are often mentally active and talkative. They are good learners and often become teachers or counsellors.

A concern for the welfare of others, especially the public, is common in those born under

Cauac. They have a strong intuition and can improvise when in a tight spot. Cauac types are more inclined to imitate than to innovate. They respect tradition and the forms created by those who came before them, whether in art, science, or business. Those born under Cauac generally have an interest in the deeper meanings of life. Many are drawn to the study or practice of religion, spirituality or philosophy. They are often found working in the medical or psychological fields. The cleansing and healing process has a special importance for those born under this day- sign. Many born under Cauac become doctors or healers of some sort. Their natural instincts to protect and nurture, combined with excellent intuition, technical aptitude, and a mind capable of grasping details, makes them well- suited for such work.

Challenge:

To develop the ability to teach and to heal.

Solution:

To study under a master.

Future: Manik (Deer) GT: 12 (Understanding)		
Feminine: Chicchan (Serpent) GT: 10 (Manifestation)	Now: Cauac (Storm) GT: 4	Masculine: Ben (Cane) GT: 11 (Resolution)
Past: Chuen (Monkey) GT: 9 (Patience)		

Four Directions

Those born on the day of Cauac may often feel as if their lives are but one long tempest. The day-keepers say that Cauac natives are often visited with trouble and turmoil by the ancestors, which is to say that they come into this life with a great deal of karma to work through, and consequently are subject to more than ordinary amounts of harassment and sorrow. Despite this turbulent relationship with the karmic past, however, their more immediate antecedents are often fortunate, as shown by the auspicious Chuen in their

past.

Cauac individuals are typically sensitive and compassionate beings. The Book of Chilam Balam Kaua calls them "very imaginative" and "noble". Their sensitive temperaments may turn them into artists or world servers, and we must remember that one of the divinatory phrases linked with this day-sign is "a table set for the gods". This refers to the table of offerings that day-keepers make to the gods – a metaphor for service and surrender. Thus, Cauac natives may find release from their karmic burdens by dedicating themselves to a higher cause.

The sensitivity of these natives tends to leave them thin-skinned. It is no wonder they are so susceptible to the storms of life; the gentle and yielding nature of water is part of their psychology and is responsible for their intense compassion as well as their sorrow and difficulties.

Their sensitivity may not be immediately apparent, however, for they often mask it with a hard edged attitude reminiscent of their left hand power, Chiccan.

Their hypersensitivity sometimes manifests as illnesses; like Muluc people, Cauac natives are often fragile. The Chilam Balam of Kaua asserts that Cauac natives are prone to experience illness whenever a new year picks up his burden.

Cauac people should take care to avoid the colds and flus that often come during the change of seasons.

Despite the karmic burdens they bear, Cauac natives look forward to a powerful and positive resolution of their difficulties. The magical and deeply empowered Manik lies ahead of them, a symbol of the courage and strength gained when they set a table for the gods" and dedicate their compassionate energies to a higher cause.

4 is the Tone of stability, balance, and harmony. Think of the four sacred directions in Mesoamerican spirituality, or the four elements in astrology, yoga. You bring stability and

endurance to human life just like a table standing strongly on its four legs, or a car going on its four wheels. There is healing found in stability. If someone is sick, the healing will take much longer time, if they keep moving around.

You have the power to become a good healer and use your abilities to heal yourself and others.

Trecena Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Beneath the 1-Cib surface personality is a person of strong will, not easily convinced by others.

Such people have high standards and tend to hold themselves "above-it-all" and beyond criticism.

They have a deep fear of rejection and are often troubled with guilt.

Both of these proclivities have a strong effect on the 1-Cib person's sense of self-worth. Although most 1-Cib people are quite talented or at least knowledgeable as a result have much to offer to the world in some cases, they feel overshadowed in life by others.

Night Lord: 6

Persons born under G6 Night Lord seem to be self-controlled, practical, traditional, and markedly entrepreneurial. They often create a self-sufficient kind of lifestyle or career and may be self-employed. They have a strong desire to build things and are very hard workers.

Their work is rarely of a solitary nature; more often than not, they deal directly with the public, perhaps as a consultant or counsellor.

They take responsibility for themselves and are very self-reliant, but this makes other people less important for them in the process of achieving happiness.

They are strongly motivated by fame and worldly success, and they hold themselves to high standards of performance. They are driven to success in the world because they strive to be accepted by others. Their drive for independence and approval is part of a quest for self-worth.

This inner insecurity is their dark side, and they need to ask why they drive themselves so hard. They are sensitive to the rhythms and nuances of life and may develop a special interest in and respect for the feminine side of life.

Overall, however, their intentions are good and others recognise this fact.

I'm personally theorizing that these night lords are simply the same energies as the 9

*main objects (seperate from the Sun) conjunct the Sun.
This one would be Saturn conjunct the Sun.*

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two seperate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Pine Tree

Strong keywords: Tenacity, Optimism

Weak keywords: Impulsiveness

Tree variants: Gooseberry, Mullein

Birthday:

21 February – 2 March

25 August – 3 September

Characteristics and Personality

Pine people are courageous and optimistic. People born under the rule of Pine are extremely tenacious in fulfilling their life goals. They will do all in their power to get what they want; they are uncompromising when they get into an argument. They have good manners but they can be a bit cheeky. If they are sure that they are right, they do not acknowledge authority, and they can be very stubborn. On one hand, Pine people will take risks when necessary, but on the other hand, they do not like to create unnecessary problems.

They act quickly and accurately, and thanks to their ability to instantly improvise, they can handle well emergency situations. They have good organizational skills and rational thinking that does not limit their vivid imagination. Pine people are not the lions of society, they are introverts, but they like to be surrounded by nice people. They are good friends, although there are certain boundaries that limit their devotion.

Rationally and logically thinking Pine people become emotional, sensual, impulsive and dependent. They deeply experience each disappointment and they are easily discouraged and put off. For Pine people, life in this area gets even more complicated by the fact that they try to deal with problems honestly.

They need to have a solid family background. They love a cosy home and they like spending money. Even though they are otherwise precise and rational people, they see money only as means of obtaining necessary things and they are not good keepers of family finances.

Pine people remain optimistic at all times, they never feel sorry for themselves for a long period of time and they always believe in better future. Pine women are considered to be very lucky: they are destined to relatively trouble-free and beautiful life without serious problems.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

It's important for their motives to be noble and well established, even if they lack practicality with every fiber in their body. Very interested in philosophy, religion and law, these natives have a highly developed mind that can absorb any type of information, no matter the circumstances.

Their intuition isn't bad either, but they may think of ideals that are too high and carry them too far away from home. If they won't control their enthusiasm and curiosity, they

can become fanatics and lose touch with reality.

Summary:

Strengths: Collaborative, sensual and knowledgeable;

Challenges: Vain, pessimistic and disrespectful;

Advice: They should seek ways in which to enlighten themselves.

Always saying what they mean

People having their Sun in the 9th house want to understand the world surrounding them and have high ideals that make them very curious.

Always looking to the future ready to get involved in new challenges, they can't seem to sit still for one minute.

Proud of what they know and their way of thinking, they should be careful not to become self-righteous and enthusiastic to share what they know to the point of being overwhelming.

When working with their traits in a correct manner, they're flexible, fun, inquisitive and able to see what's best in people or to appreciate the beauty of life.

Very honest, they're always saying what they mean and usually keep their word. Wanting to learn more about anything and thinking of the highest ideals, this can sometimes work against them because they can end up being all over the place.

Their ego gets stroked with the more knowledge they accumulate and also share. While admirable for all their enthusiasm, the line between enlightenment and self-righteousness can often be crossed, so they need to keep this in mind.

The positives

Sun in 9th house individuals need to all the time expand their view on the world by knowing as many things as possible and experimenting first-handedly.

They like philosophy and to interact with new cultures, which means they can often come up with new ideas that are against the collective opinion.

However, their vision will always have them above others, loyal to their beliefs and truths. They're very happy when testing their own limits and living all kind of adventures.

That's why they will always travel and have friends across the world. The placement of the Sun in their 9th house indicates they will understand who they are by exploring the world, so they're the extroverted type who can still focus when required to.

Their ability to go above and beyond means they're expansive whether if it's a matter of

capability, experience or resources.

Opportunities will always appear in their life, but they will travel far away distances to get them.

Any new experience makes them curious and eager to master the talents that it involves.

Sun in ninth house natives can stretch their mind by exploring other planes of existence, thus by being spiritual, creative, philosophical, religious and adventurous.

They always want to go beyond limits and to broaden their knowledge, so their view on life will be more interesting than that of others.

Great intellectuals, they will study and look for stimulating environments rather than places where there's nothing to do or they can't discuss great things.

They'll be motivated to become knowledgeable ever since children, when they won't be interested in getting the highest grades, but to find out as many interesting things as possible.

They will always be aware of the deepest matters regarding life and will want to give their existence meaning, direction and a certain level of discipline, answering all the questions about illumination.

Intuitive about deeper meanings and following what life has to offer for the soul, they will look to experience with people and situations that make them develop as philosophers.

Having knowledge in this direction and holding on tightly to their beliefs makes them feel stable, no matter if they're fanatics about certain religious or moral and ethical principles.

They don't mind talking about politics and are true humanitarians, thinking the world can be ruled if these things function properly for everyone.

When the Sun is in the 9th house, natives with this placement are always ready to open their mind to new ideas and realms.

Their purpose is to only enjoy the freshness of mental perspective, to grow, travel and encounter new philosophies. It's like the entire Universe is plugged to their brain, which means many will be curious about them and what they have to say.

Ethical and energetic, they don't just adopt a way of life and philosophy, they're struggling to encompass them all and to come up with one that's original, personal and that makes them happy.

Very opinionated when it comes to academic subjects, their principles are well documented and interesting. However, it's important they don't become too rigid about these or end up no longer accepting what others may have to say.

Not at all attached to places, they're rather travelers who change jobs and are not negatively affected by the new.

The negatives

When the Sun in the 9th house is afflicted, people having this placement in their chart may not trust things in their life are going to get better if they've experienced something that destroyed them inside.

They may also impose their beliefs and religious orientation on others, having problems related to the elements in the ninth house: academics, travels to faraway places and others.

It's important for them to realize other people have the same right to believe in different things, just as them have to believe in theirs.

They may be so lightheaded and relying only on abstract concepts that they no longer know what's real anymore.

It would become useless for them to know where they're located in the galaxy if they'd no longer know the street on which they're living.

It can be challenging for them to combine their thoughts and ideas with discipline and live a life based on strong morals, but the wisdom resulted from doing this could help them a lot.

The Sun in the 9th house can influence people to have fixed principles, especially when the Sun also happens to be in a fixed sign.

Many religious and philosophical teachings would be turned into certitudes for them, and they may be unconsciously authoritative, trying to impose what they believe in on others.

This means putting boundaries around themselves, closing their perspective and no longer allowing any new options to come in, which wouldn't be in any way beneficial for them.

Being moralistic and judging or criticizing all the time could make them separate themselves from society. If insecure, they will always search for something to change this about their personality and never find it.

What usually limits them the most is their ego, so they should make an effort to drop it

and to understand life comes with both good and bad things. They have the tendency to think they're the most important and to become defensive when their position in the middle is being threatened.

A fact that proves them they're wrong with what they believe in would completely destroy the confidence they have in themselves.

Arrogant because they think they know everything about the world, Sun in 9th house natives are very proud of all the knowledge in their mind and want to acquire a high social position with the help of it.

If proven their beliefs are wrong, they no longer know what to do and become extremely disillusioned, maybe even giving up their faith and beginning to overindulge in all sort of pleasures.

It's important they don't become moralistic when it comes to those around them and allow themselves to continue being free while not asking others to conform to their beliefs.

Never hypocritical or dishonest, they have a chance to live in higher planes of existence and to become amazing people, but they need to be more subtle and always less assertive, judging or weighing with their own measure.

Moon ☾ in V 5th House

([876] i.thehoroscope.co)

People with the Moon in the 5th House are always keeping others' best interests at heart, because their nature is kind and their heart is big.

The Moon is responsible for emotions and the nurturing nature of a person, plus his or her moods. When it's in the fifth House of fun, it makes people more open to share their emotions, and it even gives them a real talent for the arts.

Individuals with the Moon in the 5th House are really happy when they do something for the ones they love. For example, they could build a beautiful piece of furniture and give it as a gift to a friend or someone in their family. It's like everything they do is meant to make others happy and to reveal their inner feelings in a very expressive way.

They have a tendency to be too dramatic because they can't seem to hold their emotions to themselves when dealing with different situations and individuals.

Summary:

Strengths: Magnetic, passionate and enthusiastic;

Challenges: Dramatism and coldness;

Advice: Learn to let inhibitions aside.

Can't run away from their own instincts

Natives with Moon in the fifth House are dramatic and eager to share their emotions with others. Their romantic relationships are usually very intense and have a special magnetism because they take love seriously. However, they need change if they want to be happy.

Very attached to children, individuals having Moon in the 5th House will get along with the little ones no matter if they are theirs or someone else's.

Their interests and hobbies will often change, but their talents will remain exactly the same because their imagination is always working and their daydreaming can't be stopped. Many will notice how they are constantly trying to be in contact with their inner child.

As said before, a challenged Moon can make them impulsive buyers, gamblers or real conquerors when it comes to love. It's like they are more interested in the game itself than in the person who's playing it, so it's essential to change this about them if they want to be truly happy.

Not wanting to mature and being real children at heart, these natives will always love the little ones, no matter if they belong to them or to strangers.

If the Moon is in a negative aspect in their chart, they will have a problem with how they are spending their money, gambling and even instability in their love life because they would constantly be looking to attain happiness with a partner's help.

It's possible they will take unnecessary risks and be very irresponsible from time to time. At least they will always express emotions very well, even by using a lot of drama and exaggerating.

People with the Moon in the 5th House can't run away from their own instincts and emotions. That's why they can't lie about liking someone. This position of the Moon is very influential and positive, having an impact over the Midheaven and the Ascendant.

It makes people more competitive, aware of themselves and expressive, the type who always wants to accomplish, to dress better, to be more intelligent, to make more money

or to be the most hard-working.

They will always wish to defeat their competition but would never do anything to harm someone because they're aware winning can only be attained by self-improvement.

The men having Moon in 5th House are interested only in the most beautiful women, those ladies that all the other men are after.

When it comes to the females with the same position, they want to be the most good-looking and to handle both family and their career in a perfect way.

Because all of these natives love children, they would make great teachers and babysitters. While they also have a talent at leading, the Moon keeps them private and more interested in being the rulers at home or with their closest friends.

This means they have a tendency to dominate others, especially when the Moon is in a Fixed sign.

In their endeavor to rule, they are always keeping other people's best interests at heart, because their nature is kind and their heart is big. As the inner child in them is always revealing itself, they will know how to make the little ones laugh and have a good time when around them.

It's their pleasure to get together with children and to laugh or make silly jokes. However, their own kids will know who's the boss and whom they should listen to in the family.

They should pay more attention to their feelings

It's important for people with the Moon in the fifth House to be imaginative and to express themselves creatively. This is all because of their dramatic nature and the instinct to always act out for their individuality to be revealed.

In other words, what's in their heart and mind needs to be put into something that gets shown, so the position of the Sun in their chart will determine what they are the most talented for.

Regardless of their gift, they will always be authentic and have a need to shine through drama or a playful attitude, the ideas lying deep inside their soul being expressed naturally.

In astrology, the fifth House is the one of love and fun, so the planet positioned in it will influence its natives' amusing side and even positivity, giving them a childlike nature and having them always ready for playfulness.

For example, they will want to express what's in their heart and to live their life based on

instincts, always giving a deeper meaning to fun and the way they do things. This means they'll be very romantic, creative and not at all inhibited towards their other half.

Related to the Leo and the Sun, all the planets in this House are influenced by the typical self-expression of the Leo, this being the reason why the Moon in this position has deep connections with being in the middle of things and responding passionately to external stimuli.

All the individuals with Moon in the 5th House will want to have children as a result of the fact that they love the little ones so much.

They like to play and to create because acting, painting, sculpting or singing makes them feel good. The position of the Moon has them interested in anything that brings joy to the heart.

The sign in which this celestial body resides in their birth chart determines their type of creativity and talents.

However, they should be aware they may have some issues with their mothers, and that this may influence their romantic relationships. Moreover, it's important for them to be aware the Moon brings them chaos and instability.

Paying more attention to their finances and love life would be something for them to consider, because they may lose people they actually love or realize they are broke after one night spent at the casino. They can be nurturing just because it makes them feel good.

Individuals with Moon in 5th House have a desire to be needed, so it's them who are, in fact, needy. It can be difficult for them to be conscious of their own emotions and to react to what others may want and need accordingly. It's like they are open to give a lot only when having to do it.

They should be careful of this secret desire they have to make others dependent on them. It's essential they nourish those they love in a mature way, allowing them to also be independent enough.

They can play the role of the caretaker and the lover at the same time, but this can sometimes generate some trouble because they can be authoritative.

Their sexuality is meant to feed their inner hunger and they are very responsive when members of the opposite sex are hitting on them. It's normal for them to convince their partner to make the first move when it comes to having sex.

For them, lovemaking is something emotional and not physical. They assess a

performance in bed according to how satisfied their partner has felt.

Emotional and imaginative, people with Moon in fifth House will always have a talent for drama. This is why some may not want them around for too long.

As teenagers, they may feel like everything is about them because this is how the Moon expresses itself. They will find this expression natural and according to their needs.

There's no one who can tell they don't know what they need and how to get it. While seeming shy, they in fact have a lot of confidence and are very proud.

Being in the center of attention doesn't bother them at all, so don't be surprised if all the people at a party are closely listening to what they have to say.

She will talk on endlessly about anything there is, about her partner, her family, about what she's planning to do in the future, her ideas and prospects.

She wants to show other people how open-minded and fun she is. In a relationship, these traits are bound to increase her success rate, her likelihood of a long-standing and deep bond.

Astrologically speaking, the sign of the Libra is associated with balance, equilibrium, a state of harmony spread around the world.

In the same way, this woman seeks to balance things out in her life, to be fair and square with everyone around her, but she doesn't cry wolf every time someone steps over those bounds.

This is how she avoids having to come into conflict with people, arguing, getting aggressive. She doesn't need to worry about this, only to pacify conflicts, reach a consensus.

When it comes to her dreams and plans for the future, she's willing to do anything to take steps forward, to pave her path towards those objectives. Action-oriented, she will move against the whole world if that's what it takes.

She's especially efficient and productive when put in a situation where she has to come up with new ideas, to think of new ways to solve a problem.

Her ingenuity really comes forward during these times. The world of culture and art attracts her attention from the get-go.

In general, she has to be sure that she's taking the right decision, and this means a lot of time wasted on analysis, observation, overthinking. In heated debates, she will even refuse to commit to a position or support one because she doesn't want to take sides.

She wants to move on, to let it all go and put it in the past, but she's beset by feelings and emotions, regrets, making it incredibly hard. It doesn't make it any better than she maintains contact with everyone who's ever wronged her.

Mercury ☿ in IV 4th House

([911] i.thehoroscope.co)

This placement of Mercury encourages people to always come up with great ideas seemingly out of nowhere, after only a few minutes of thinking.

Those born with their Mercury in the fourth house of their birth chart are homebodies who will put all their efforts and time into fostering their homes, to create and nurture that sense of belonging that emanates from a stable home.

They will play out the roles of parents incredibly well like they were born to do this. Obviously, being the Mercurian people that they are, education and learning will take the top position in their relationship with their children.

They might find it annoying and boring to do the same things over and over again, referring to the chores of daily life, but it gets easier to swallow with time, entertaining even.

Summary:

Strengths: Adventurous, eccentric and knowledgeable;

Challenges: Pessimistic and unstable;

Advice: They should also listen to their intuition, not only to reason.

Quite subjective individuals

Even when at home, these natives will most likely won't be able to stay silent and do their thing just like that. Nope, that's not even an option.

Something has to keep their mind focused, either an audiobook or the radio blasting some music, something that will distract them from the tediousness of chores.

That's just who they are and there's no changing this. Moreover, these natives are very interested in traveling around the world, changing workplaces, discovering the depth and intriguing things that are hidden out there.

They are wanderers, adventurers, always looking for something innovative to occupy their time with.

Even though they can come up with great ideas seemingly out of nowhere after a few minutes of thinking, they are still very wary of accepting other points of view other than their own.

The subjectivity here is obvious, but even more, there is a stubborn denial of anything that contradicts their perspective, one that operates on the unconscious level.

Education is one of the most important goals for them, learning as much as possible, retaining and accumulating knowledge from different domains, and being in control of any conversation, having something to say. It's also very easy for them to understand complex or difficult data.

With so much learning and analyses going on, they have to develop a certain critical mindset, a manner of speaking not unlike the upper strata of society, the elite.

And you can observe it's a genuine one, not a snobbish trait, by noticing that they talk the same even when at home, in the same intellectual and profound manner.

This intellectual communication is deeply related to their connection to that sense of belonging, to a familiar environment.

For most, home is where the closest people are, but they also need to be mentally stimulated in order to really feel at home somewhere. They might search for this in other places if they don't find it.

People with Mercury in the 4th house love to travel, to explore the world, to change their perspectives, values, and to learn about other cultures.

They want to compare their own perspectives and thoughts on certain matters with other people coming from different cultural backgrounds.

Even more, they want to attempt a rather interesting experiment, to cut off their roots and begin a new life someplace else, to take it from the beginning by learning to live in another culture.

The positives

Due to their continuous learning and studying, they have developed quite the monstrous memory, able to absorb anything and everything in a matter of minutes, if not less.

They have no problems at all in understanding complex ideas or principles, and they feel very happy that this is so.

And even though they will take a stand on their ideas, if you bring good arguments and evidence, they will change their minds. Reason dictates so.

If they could just act a little more reasonable in general, they would be even more efficient and expressive. More often than not, emotions cloud their mind, throwing everything into chaos.

Their intellectual interests and peculiar way of looking at the world is most probably the result of homeschooling, of the education received at home, which made them who they are today.

The need for mental stimulation, the endless curiosity, the dynamic and restless personality, they are all deeply ingrained in them.

Moreover, their perspective and process of analysis are tied to their own selves, a form of introspective communication. To delve into the inner recesses of the psyche is to push the boundaries of knowledge and self-control, discipline, curiosity, to peer into a whole new world where everything is possible.

They are challenged with finding out how to best express their thoughts to others.

This is one of the best ways to solve problems, to find out how to best deal with certain issues and situations.

The Mercury in the 4th house natives become very adept and efficient in this regard by searching for the answers deep within themselves, by connecting to the inner self.

By asking questions and receiving answers in a straightforward manner, they expand their minds greatly.

It's one thing to ask for advice from a friend, an outside source who can only presuppose on the given data, and another to actually rationalize it yourself.

The negatives

These people can be manipulative to create the environment that they've so long dreamed about.

In order to eliminate any unwanted elements and to emphasize the desirable outcomes, they will use emotions to convince others to do their bidding.

However, this is obviously going to lead to arguments, conflicts, and long-term unhappiness.

Moreover, their stubbornness plays tricks on them most of the time with how they just can't change their ways and only follow one path.

This is why they are so emotionally vulnerable, because, on the one hand, home is like a refuge for them, a safe space away from the cruelty of the world.

On the other hand, the need to make some changes countermands this feeling of

comfort.

Mercury in the fourth house natives feel the urge to transform their home into a safe environment, a stable refuge of intellectual wisdom where they can follow their pursuits without being disturbed or judged.

This is the place where they feel the most comfortable, equal to themselves and to others, the place where progress, curiosity, self-development, and open-mindedness go hand in hand.

They will tend to discover themselves, to go through a process of self-analysis, a do-or-die type of metamorphosis that's going to change everything.

Life lesson: She needs to empathize more with those close.

She's always going to be a hopeless romantic

She's amongst the sensitives of the zodiac, no one can match her in that respect. She loves dancing, music, singing, artsy stuff, as she is a very creative individual who needs to have fun.

She's always going to be a hopeless romantic and she's not going to stop dreaming, no matter what.

These women exude a kind of aura that attracts men like honey, and it's their natural sweet nature that makes them go crazy with anticipation. So innocent, so sweet and beautiful, so kind and warm-hearted, it's just like Venus herself descended down from the heavens to play with the hearts of mortals.

A lot of people believe that the woman born with Venus in Pisces is pretending for most of the time because, in a lot of social contexts, she has a different attitude, almost every single time.

Today, she might like pop music, and the next week she might hate it, or she might change her tastes just like that. The thing is, she's not deceiving anyone willingly, but rather that her emotional receptivity is too high. She takes the traits and characteristics of others, their emotional needs, and expectations.

This changes her on an intrinsic level. She can play the part of anyone else, and she can take on any role.

In a relationship, this ability of her to empathize helps greatly. In the same way, this openness also turns into a unique and dangerous vulnerability for her. People who want to manipulate and hurt her will do that very easily because she takes it all very seriously and to her heart.

Her ideal love story is filled with moments of happiness and joy, sublime experiences alongside the love of her life, but the reality is harsher than that.

There will be conflicts and arguments, just like in any relationship, and much of her emotional stability will depend on how her partner approaches the situations. She is open to love and hates to hurt others in the process.

Combine that with her natural innocence and naivete, and you'll get a native who often meets the wrong kind of people for her, but who still gives them a key to her inner world.

There is literally nothing that the Venus in Pisces woman will not do for her partner, even walk through fire. His satisfaction and wellbeing are the most important things, and she's going to forge their relationship based on this, unconditional love and affection.

She really deserves only the best, to find absolute happiness, someone who knows how to appreciate her sensitivity and protect her from the harsh world.

Her perfect relationship

She wants to engage in a relationship where there are mutual respect and love included, otherwise, she's going to avoid them if she can.

In a perfect relationship, her every gesture of love and her overall attitude will be rewarded with endless attention. Appreciation comes in many forms, and she knows how to love each and every one of them coming from her partner.

She will sacrifice a lot for her partner, even bits and pieces of her soul, believing this is what love should be like.

Of course, she is giving, selfless, generous, and kind, with a devotion many would look up to, but she must really pay attention to whom she gives her trust.

She will give herself even to relationships that will lead nowhere because even though she realizes this fact, it's incredibly hard for her to decide to leave.

Hurting her partner is the very last thing she would do, and even she wonders if she could do it at all.

Even before she comes to this conclusion, her emotions are so far intertwined with those of her partner's that she can't help but feel the repercussions of his grief and sadness.

She knows what her partner wants and his deepest desires because she feels it quite clearly. With her intuition and instincts, it would be hard not to. She will react quite dramatically if you make a mockery of her love.

The style of the Venus in Pisces woman

She's a very observant individual who pays much attention to details. They are the difference between a good wife and a bad one, between a thoughtful and loving wife, and a disinterested, materialist one.

She can be very emotional and sensitive to her partner's desires, and while this means that she will know exactly what to do in order to fulfill his wishes and make him happy, it also means that she also receives the bad vibes, the grievous emotions, and memories.

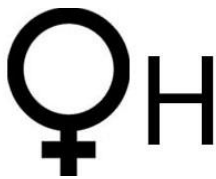

Moreover, her natural flexibility and adaptative abilities coming from her watery upbringing mean that she can take on any individual, and zodiac sign, and live a happy life together with them.

In her home, she behaves most naturally, but she changes her attitude and becomes a little cold when at social events.

She's a very good communicator though, and her social sense is out of the charts, running around like a little gnome.

She should also pay attention to what clothing style she adopts so that it complements her elusive and mysterious beauty. It would be better if she chose light and gentle colors, of the kind that flow peacefully.

In love with arts and religion, they are the type who enjoy any type of ceremony and go to weddings. Traveling is not their only favorite thing to do, as they also love reading or writing.

They will decide in which country to live and what culture to study and become experts at everything about that nation.

They always want something new to happen in their life, and they're people of action rather than talkers or the type who waits around. When they feel like they're not learning anything new from a relationship, they start to no longer be in love and decide to leave.

Venus ♀ in Rx retrograde movement

[699] [920] ([699] mollysastronomy.com:) Has unique ideas regarding pleasure, beauty, and love. Less concern for social amenities. They may seek unconventional women. ([920] cafeastrology.com:) When Venus is retrograde at birth, the feeling nature is deep. Socializing is taken seriously, and rarely lightly. They can be somewhat shy in youth, as there can be an awkwardness felt concerning small talk and social graces, and an aversion for superficialities. Love is extremely important to a person with a retrograde

Venus, but they may not be explicit about it enough for others to know just how deeply they can love. There is always more to this person than meets the eye. Their love life (and sometimes financial life) can be hidden in some manner. People born under Venus retrograde have to watch for self-sabotage in love relationships. There may be an underlying feeling of not being “good enough”, attractive enough, or loveable enough. Deep insecurities can be present. Self-love can be an issue. Fears can lead them to overcompensate, such as overeat, serial date, etc.; or can have the opposite effect wherein the person tells themselves they don't need love. The same person can swing from both poles in one lifetime. A balance, of course, is ideally sought. Retrograde roughly 7-8%% of the time.

Mars ♂ in ♉ Taurus woman 23° 25'

([960] i.thehoroscope.co)

She may seem stubborn and rooted in her style when in fact, she is quite versatile and quick to react to novelty.

The Mars in Taurus woman is reliable, clear-minded in moments of duress, patient, and has very traditional principles that she follows.

The good thing is that once she makes up her mind on a certain topic, few are the things that could change her course again. She's confident and very stubborn.

In a nutshell:

Positives: Pragmatic and creative;

Negatives: Distracted and rushed;

Soulmate: Someone who is passionate and instinctual;

Life lesson: Analyzing life decisions more thoroughly.

She is in perfect control of her own emotions

She prefers to abide by the rules imposed on her either by her parents, friends, lover, or society itself. She does this because it would create havoc and disorder by revolting, and

this would, in turn, put her comfortable life in disarray.

For all her stubbornness, she is willing to change her ways if she's proven wrong. Generally restrained and quiet, she never argues or enters a conflict of her own accord.

In her childhood years, and even later on, she lives her life on her own terms, with independence and the freedom to choose whatever she thinks is right.

However, there will come a time when she'll feel the need to walk alongside someone, to fall in love and to welcome her partner into her life.

In this sense, she wants someone with approximately the same personality and disposition. A calm and stable individual who can build a secure relationship.

She is in perfect control of her own emotions and she usually doesn't let them dominate her actions. However, in order to make sure that everything is perfect, she prefers to do something that fulfills her spiritually.

All her weaknesses and vulnerabilities are buried deep within when she takes on the role of caretaker for her loved ones. She is affectionate and compassionate, and this gives her a sense of belonging.

Romantically, she wants a successful man who can ensure a form of stability, clear future prospects, and a secure relationship. Moreover, she's quite different when going out in public, compared to how wild and free-spirited she is while in private.

As a Mars in Taurus woman, you might take everything at a very slow pace, step by step, but this also means that you will make sure to do it all perfectly, with responsibility and attention.

It's very annoying for you to put in a lot of effort and then find out that it was all a futile attempt, that the plan will eventually end up in failure no matter what you do.

For this reason alone, you want to make sure that it's a safe bet, that you analyze everything thoroughly before you commit.

Practical and pragmatic, she almost never makes mistakes when it comes to taking critical decisions.

She might be interested in betting in the stock market or collecting old, antiquated things. With a passion for beauty and historical value in and of itself, the Mars in Taurus woman is a very interesting and intelligent woman.

She has quite the aesthetic instincts. Put this together with her intuition and naturally

organized personality, and you'll get a native who's most certainly going to have success in the world of art. Her love for nature and everything natural only makes this passion stronger.

She nurtures incredible sexual tension

Women born with Mars in Taurus are quite materialistic and simple-minded when it comes to sex. She only wants to be pleased, to feel good, to fulfill her physical expectations and sexual desires.

Sensitivity, idealistic romancing, tender attention, she isn't very interested in these things or at least she doesn't focus on them.

The pleasure of the senses, this is the essential factor here. It's an instinctual craving for the strongest feelings of pleasure, for reaching a paroxysm of the sublime where she forgets about her own self, in the melting of the flesh.

Now, even though this might as a little animalistic and primitive to a lot of people, she feels very accomplished and satisfied with her lifestyle, and she doesn't feel like she should change her views. Her passion and intensity are taken to a whole other level.

Because she tends to emphasize her own pleasure in all sexual encounters, and even when in a relationship, she is still this much focused on pursuing the maximal pleasure.

She finds it very hard to think about what the other feels like during these moments because the passion and intense feelings are too much to bear.

She's not selfish or incapable of empathy, but the joy and pure enthusiasm take away her reason.

However, this also means that she's going to go through a lot of bad periods during her life because of this problem.

Sex should lead towards a more profound bonding between partners, the completion of a cycle and the beginning of another. Just having an orgasm without any sorts of feelings attached is called casual sex, and it is in no way satisfying on the long-term.

What's good is that she keeps her sexual encounters private, just as they should be, and she ascribes to certain conventions and traditional principles.

But the truth remains that she nurtures incredible sexual tension, along with strange sexual interests, and a passion that most would not understand.

Attracted by ...

She is attracted to masculine men who are reliable and responsible. She wants a safe

future where she doesn't need to worry about the following day.

Financial security, emotional balance, and guaranteed protection are the top traits of her ideal man. She likes everything to be real and straightforward, out into the open, conventional and traditional.

The Mars in Taurus woman is very resolute and ambitious, to begin with. She takes all her projects to a finish, and she will spend a lot of time, even years if that's what it takes, but she won't abandon her plans.

When it comes to resistance and grit, there is no one better than her. She obviously needs a man who can follow along and do his thing without announcing it to the whole world.

A strong, mysterious and action-oriented individual, the type who exudes a certain intensity of character, a demonstrative aura. A provider is what she needs, someone who takes care of her both financially and personally.

They really know what their goals are and how to achieve them. Their true friends won't be many but their acquaintances will sure have big numbers, which doesn't bother them in any way.

The placement of Mars in the 11th House can have many influences, so when this planet is in good aspects, it makes the natives amazing leaders, but when facing hard aspects, it influences them to develop friendships in which they will always want to compete and to work with destructive forces for other members of their group to fail.

This second mentioned situation would imply they wouldn't in any way look to develop and in their soul a battle would always exist.

They're rather the type who becomes very competitive and even brutal when dealing with the Alpha Male types.

They will probably do all kinds of sports and join groups centered around different activities, go to military centers and make friends who have hobbies that involve being physical or are related to weaponry.

In difficult aspects like being in opposition, conjunction or square with the planet Jupiter, Mars influences individuals having it in the eleventh House to lose control of their friends' number and to be emotionally unstable.

For them, everyone will be a closed person, and no one will be truly in their heart. Those who are their real confidants won't even be able to understand them, because they spend more time with people who are in their life only for a while, instead of with their real ones.

It's easy to see them bored, so those who can't excite them will be quickly left behind. Not standing to obey, they will get together with people who would rather compete with

them than give orders.

Passive personalities make them want to run away, because they love to play all kinds of games involving power and getting the attention of others. Only people they admire themselves will be allowed to be the center of a group in which they're active members.

They get along very well with natives having Aries and Mars present everywhere in their chart, because when fighting with these people, they're doing it for the fun of it. When admired and regarded as leaders, they're the happiest, because getting lost in the crowd causes them to be very frustrated.

In case Mars is in good aspects with Uranus, they will be anarchists or revolutionaries who participate to protests and generate chaos.

The downsides

Mars in the 11th House influences people with this placement to have their mind racing through ideas, so these people may need to put their own thoughts in an order.

They simply can't slow down or focus at the same thing for too long. Usually not putting their family and friends first, people in their life may often feel left out by them. However, they will always return and confess they've reflected and now want to make their relationships stronger.

They should pay attention not to overwhelm others with what's in their mind, because they can have many ideas on how to save the world and how to make big changes, many people not being interested in such grandiose things. Therefore, they should relax and tone their passion down a little bit.

Mars in the 11th House in a nutshell

While worried about what's happening in the world, Mars in eleventh House natives need their friends to keep them anchored in reality. Looking at the big picture all the time, they can miss on important details and their loved ones can be of great help in this situation.

Mars in the 11th House indicates they love to solve problems, so you can discover they're very proud of the solutions they came up with before anyone else, in the most unconventional way.

They don't like to follow the herd and their actions can't be predicted, which means they're very interesting. It's impossible to have a boring moment when spending time with them, because they're always thinking of an engaging subject of conversation.

They enjoy living in the moment and don't stress their mind with deeper meanings. Peaceful moments should be enjoyed as they come, not changed and made to become

chaotic with any external influence. In case they have a desire to change other people's life for the better, they should take care of their own in the first place.

Mars ♂ - Detriment in Taurus (& Libra)

Jupiter is a master of hope and new beginnings, so these guys would do great in self-help or as life coaches. It may sound strange to have this planet coupled with the Cancer, but astrologers are saying is one of the luckiest transits.

Jupiter Cancers can be very successful in real estate, so don't be surprised if they have more than one home. This previously mentioned planet in their sign means they are expansive so they can grow to have a big family and friends from all over the world.

In a nutshell:

Style: Nurturing and attentive;

Top qualities: Artistic, sociable and instinctive;

Weaknesses: Pessimistic and suspicious;

Advice: Avoiding confrontations is good but you still need to cope with some things.

The impact on personality

Trusting their gut, Jupiter Cancers are instinctive and emotional. They can process others' reactions in a deeper way than most of us. Kindhearted and empathetic, these guys will offer sound emotional support to anyone who'll ask for it.

They are open to listen and to help when people are feeling distressed or don't know how to process their own feelings. This means they will have relationships that last for a long time.

But they need to be careful with those who want to take advantage of them. Jupiter in their sign makes them even more emotional than usual. They will be happier if they'll think seriously of their feelings before taking action.

Jupiter gives them a whole lot of energy, but can defeat their mood swings. If they will learn how to no longer over-think, they will not be so prone to change all the time.

The secret with these people is to develop slowly and from the center. Jupiter's main purpose with them will be to help them grow and expand while being the most generous and abundant people in the zodiac. Development comes together with abundance, and growth is not possible if the person doesn't have enough for sustenance.

It goes the same way for any organism on Earth. Every creature needs more energy in order to transform and grow up. And the Jupiter Cancer's generosity depends very much on excess. Giving can't exist without having. For people not to self-destruct, they need to have more than they need.

Because Jupiter Cancers have more than enough to give, they will help other people in a lot of ways. As soon as they will find something they are interested in, they will climb the social ladder much faster. People born under this transit have a need for security and will look for financial stability all of their life. The more giving and comforting they will be, the more luck they'll attract.

Being intuitive would also help in a great way. Using their imagination and being compassionate will make them succeed. Not to mention people will feel they are being taken care of, around them.

Home lovers, they will make others comfortable by taking only the best from their available resources. Their ability to feel vulnerability will be of great help when they'll have to give a hand to someone.

Ambitious but ruled by emotions and intuition, these guys are also artistic. Their memory is incredible. Because they want security, they are very likely to build a nest no matter where they may be.

When they remember their homeland and loved ones, their heart fills with love and pride. It's easy for them to grow attached to a group because they are feeling secure when surrounded by people.

And others will love being around them because they are caring and generous. Many

youngsters will take them as their mentors and they will be more than happy to share their morals.

Where does their luck come from

Jupiter Cancers will be the luckiest if they will work in domains that have something to do with home or foods. So catering and real estate would be their perfect line of work because they will also have the possibility to help others.

As they are moody and tend to hold on to values that are no longer of actuality, they need to be surer of their feelings and progressive.

Friendly and sociable, these guys like going out and meeting new people. They will meet their best social ascension around middle age.

Because they have relations, they won't have problems taking on opportunities and making money. All of their ideas will be based on personal experience and their own philosophies on life.

However, they will become nervous when they'll be in unfamiliar environments. If they don't know anyone at a gathering, they need to reach to new people. Just like the other two Water signs Pisces and Scorpio, Cancers are highly intuitive. Jupiter influences them to be even more like this.

The more they will trust their intuition, the luckier Jupiter Cancers will be. When others will try to rationalize their feelings, these guys will allow themselves to be ruled by them.

If Jupiter Cancers will learn how to make use of their sixth sense more efficiently, they will only have successes in life. Sensitive and very family-oriented, they always take care of their loved ones like no one else.

And they can help strangers too so a career in nursing or child care would be great for them. Jupiter won't stand in their way when they'll want to build a nest or attain a higher level of financial security.

The Jupiter in Cancer woman

The Jupiter Cancer woman is the best mother, sister, grandmother or aunt because she likes feeling needed. She's the most attentive and caring lady in the zodiac.

The bedroom at her house will always have fresh sheets and a nice smell. It doesn't matter how the Jupiter Cancer woman will speak, others will always hear her loud and

clear. The love she's able to offer will be well received by anyone.

Jupiter ♃ in I 1st House

([1005] i.thehoroscope.co)

This placement of Jupiter makes people very confident about what they can achieve and usually things sit exactly as they want them to.

Natives with Jupiter in 1st house are optimistic, lucky and incredibly honest. They can even hurt other people's feelings with their bluntness, getting into trouble because they're sometimes offensive.

Since this planet rules over abundance, people having it in the 1st house will gain weight easier than others. Their love of traveling overseas will never be replaced by anything else as all they want is to see as many places as possible.

Summary:

Strengths: Ambitious, sociable and elegant;

Challenges: Pessimistic, criticizing and stubborn;

Advice: They should rely less on their past and on assumptions.

A confidence that can't be easily undermined

Jupiter brings only positive vibes, so its placement in birth charts makes people's lives easier and in more enjoyable ways.

It doesn't matter how other planets would be positioned in the chart, if this planet would be in negative aspects, the life of those having such an arrangement would be messy.

When in the 1st house, Jupiter gets rid of all the impurities and negative things. Individuals with this placement are impressive, usually healthy, good with astrology, great students of life and honest.

Since health was mentioned, they may have problems with their teeth when young. They are the type who doesn't believe in anything until seeing a form of proof.

It's possible they're the first child and give religion a whole lot of importance. All in all, these natives live a healthy life, are beautiful creatures and never lie. They won't have

problems with their education or the children in their life.

Many of the advantages this planet brings can be seen especially when the Ascendant of natives is Pisces or Sagittarius because these people will usually live a life without problems.

When transiting the 1st house, Jupiter makes many things more beautiful and gives a lot of confidence to the natives having it here. This means they would be more enthusiastic, eager to live and even overwhelming.

Not to mention how great of an influence this planet has on optimism and generosity. It's like life for individuals having Jupiter in 1st house is always full of hope and approached in a relaxed manner.

They're confident things will get solved and nothing seems to stay in their way when wanting something.

Not paying too much attention to the past, Jupiter in 1st house natives think only of the future and have faith life will give them good things.

They're excellent when it comes to self-improvement and love dealing with the public because many see them as leaders. It seems life helps them overcome any type of obstacle and they really don't pay attention to unimportant things.

They want to make a good impression and most of the time managed to. Their goals usually get fulfilled because they believe there are no limits when it comes to living and achieving.

It's easy for them to be themselves, so others will accept their ways. They should avoid becoming full of themselves or too egotistical.

Furthermore, these people have a tendency to either overindulge or become extreme. That's why they can have weight problems and sometimes think that being carefree is the only solution to any problem.

If Jupiter forms trines with the planets in the 5th and 9th house, these natives become more creative, romantic, eager to travel and to get a higher education.

The distance between this planet and the Ascendant has to be big if there is for its influence to be good over people's attitudes. Normally, individuals having Jupiter in 1st house are all happy and very humorous.

They're the type always brings light and makes friends as easy as others put on their clothes. Jupiter rules over expansion, so obesity is one of the health problems they may

have to face, especially in case their Ascendant is in conjunction with this celestial body.

Since it also rules of luck, those who have it in the 1st house will escape any bad situation and avoid catastrophes easier than others. However, they shouldn't depend on luck because this approach can be dangerous.

As well, they must be less confident because it can happen for Jupiter to simply not work the way is supposed to and for things in their life to take a bad turn.

They can easily become lazy and self-indulgent, most likely when Jupiter is in square with Midheaven, so in the situation when the planet resides in the center of the 1st House.

The goods and the bads

If Jupiter happens to be in the 1st house, which belongs to Mars and Aries, expect natives with this placement to be jovial and only eager to make a good first impression.

They're usually exuberant and manage to obtain good results at interviews or public presentations. These are the people of big personalities, hurried lifestyles and strange haircuts.

It's important for them to determine what they want and to realize how others see them.

Having good morals and strong principles by which they're living, they will always focus to do what's right and think nothing is impossible or that only a positive attitude can make their life better.

They're giving, nice and a little bit too focused on themselves, which doesn't bring them any good. That's why they should wait and see what others want as well, since this is the only way for them to be in good relations with their friends and family.

Jupiter in 1st house natives should rely on their judgment and take action according to it. This can help them develop from an emotional and even spiritual point of you.

The more they will plan and take action, the luckier they will be. What makes them great with others and likable is their sense of humor and optimism. Many will be happy to be around them, so they won't have a problem at work or in the business environment.

Therefore, it's suggested for them to always remain the same and to transmit positive vibes. It's not impossible for these natives to bother some people or to stick their nose where it doesn't belong.

That's why they should think twice before giving a hand to those who don't actually want it or before fixing things that aren't even broken.

It's easy for them to become their own worst enemies when acting in such ways. Insisting to make other people's life better is not at all a good idea for them either.

It's good they're independent, yet this can have them stepping into territories that belong to others.

They should be aware their opinions are not the only ones that matter, so listening to others is highly suggested for their relationships to be smooth.

Jupiter in the 1st house will always bring them luck, love for their job and the ability to enjoy the good things in life.

They will, however, have problems expressing themselves, executing complicated tasks, getting the power and a good social position, whether they're involved in business or something else.

That's why they should always believe in reason and think logically while opening their mind and being confident or determined.

Saturn ♄ in ♏ Pisces woman 15° 52'

([1028] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Pisces may get lost in the present, figuratively speaking, and think that the bad things that happen to them at a certain point are just consequences related to their past actions.

This is true, but it is not essential. If you are a Saturnian Pisces, you should listen to what we are going to tell you now. You may feel deeply confused, you may feel that your life is really difficult, you may also feel depressed, thinking that people don't treat you properly, but you have one mission to fulfill.

You have to get up and live your life, forget your past disappointments and if you can't, then put them aside. Forgive all the people who may treat you unfairly, they are just confused and unsatisfied.

Live your life, constantly learn new things, grow up every day physically and emotionally, work on the things that you are interested in, work to gain your success, and most importantly, work on yourself to be a better person.

The combination between Saturn and Pisces is quite interesting and has a powerful relationship with the human destiny.

Why? Because Saturn represents time and starting with this symbolism, it leads the person dominated by this planet to an awareness about their past, their present, and finally their future.

The problem comes when the past is the one that dominates the Pisces's life and makes them confused about what they should do in their future.

In a nutshell:

Style: Mystical and trustworthy;

Top qualities: Creative, spiritual and endearing;

Challenges: Oversensitive and pessimistic;

Advice: Leaving the past aside will do you great good.

Personality traits

Those born with Saturn in Pisces in their natal chart may feel a lot of sensibilities, and sometimes this might surface frustration and a sense of inadequacy, as they don't feel they can express their emotions in words.

These sensitive reactions may make these natives have a tendency to see the negative things first. Because they will sometimes feel like hurting, they will need security and protection, and that's the reason for their choice to embrace religion and spirituality.

The spiritualism and Saturn will lead them on the right path, and help them give up on their egotism and defensive feelings, being willing to sacrifice their lives and cooperate with the order of the world.

Saturnian Pisces have to start working on themselves, and they have to know that failing a task or doing it correctly will not change the fate of humanity. There is no need for them to blame themselves for past errors.

It is time to let them go, they have to accept that they can't have everything. Accept themselves, develop their confidence, and moreover live with the present moment in mind, and choose to be happy. Happiness is a choice, trust yourself, you are amazing.

Those lead by planet Saturn in Pisces are described in two simple words, patience and self-sacrifice. Their sympathy may be a problem if they don't learn how to separate their love and detachment at the same time.

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

Needs in love

When it comes to love, the Saturnian Pisces have to face the same fears and difficulties as in their personal life, because by having that tendency to live in the past, sometimes they will come face to face with their own insecurities, because it is really hard to leave them behind.

They need a partner who will love them deeply, and who will understand their way of living. A partner with their feet on the ground, and with a realistic mind.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

The good and the bad

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do

something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

You have a perfect intuition which allows you to work very good with people, so it's time to use your intuition to allow you to work with yourself.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

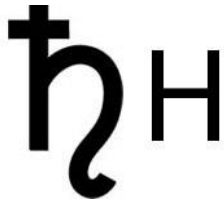

The Saturn in Pisces woman

Ladies with Saturn in Pisces in their natal chart have very interesting personalities. This planet leads them to be very spiritual, and they have a very mysterious beauty combined with a profound angelic physical aspect.

They are very talented, and Saturn provides them with the ability to grow up and become successful women. This will make you want to be more careful with the ones around you, and on top of that, Pisces will give you the power to cross the borders and not become limited when out to fulfill your dreams.

Saturn will definitely help you in your journey because once it will teach you the rules, you will decide which can be broken and which need to be respected.

Saturn ħ in IX 9th House

([1037] i.thehoroscope.co)

This placement of Saturn makes people open-minded and to not say no to new ideas but also value their time and not get involved in just about anything.

People born with Saturn in the ninth house in their birth chart have the most conservative philosophical and religious beliefs and they take them very seriously.

These natives concentrate on profound issues and are usually good at doing this. However, these individuals should be careful not to tire themselves as they tend to focus too much on issues that are not necessarily meant to solve their immediate day-to-day problems.

Summary:

Strengths: Spontaneous, logical and resourceful;

Challenges: Untrusting, naïve and cynical;

Advice: They should listen more to what those around them have to say.

Appreciated for their efforts

Representing thoughts, life philosophies and what the conscious has to deal with, the 9th house resides on the opposite side of the 3rd, which rules over the subconscious. Therefore, the 9th house modulates the performance of people's higher mind.

The expansion of the intellect is really what this house deals with, representing individuals' doctrines, how they view matters of lifestyle and the way they cope with fresh thoughts.

Saturn in 9th house people are open-minded and not likely to fantasize that much. They may even be completely shut to fresh ideas because they're pretty conservative, yet it's suggested they remain all the time flexible!

The 9th house is the position of broadened horizons, the place that helps individuals become students of life. Therefore, instead of just using only their own ideas, natives with Saturn in the 9th house should allow themselves to assimilate information until they become a real-life encyclopedia.

They have this ability and others will surely appreciate them for their efforts. While the 3rd house of Gemini is the place of popularity, the 9th deals with what has already been established and doesn't rule in any way over how popular people are.

Saturn in 9th house natives will always have to pursue adventure and to adapt their individual doctrines to everything that's perpetually evolving. That's why they need to travel and deal with new cultures or ways of thinking.

Saturn will reward them if they'll specialize in a subject, especially if it's something maintaining open-mindedness. It is with this placement that natives get to know Saturn's firm influence when it comes to discipline.

Individuals with this placement in their chart will be curious about the new and other people's impressions, also the mechanisms and facts beyond concepts.

They like it when feeling in sync with others and are using their mind to fish for opinions that aren't theirs. They may flirt with all sort of morals, but never believe the truth is different from what they know it to be.

However, it's important for them to make use of their senses and rationality while analyzing what others may have to say because this way, they discover more about what types of truths are out there.

Dismissing what other people have to say may be in their disadvantage, no matter how threatened they may in fact be feeling.

A constructive perspective when it comes to what ways of thinking others have can be adopted, so they should let their friends and family express their different philosophies.

Being closed-minded has never solved anything, but many of them may have already learned this lesson.

Individuals with Saturn in 9th house can be pretty aggressive in their need to connect with God, always advocating what they believe in with a strength that can't be seen in others.

The organized Saturn likes to be in the 9th house of travel, influencing people with this placement to want to get educated, to be interested in studying philosophy and religion, or to want to deal with as many cultures as possible.

A lot of these natives' energy will be invested in forming deep spiritual connections and dealing with universal secrets that only great philosophers have wondered about.

If they have been forced into a religion when children, it's also possible for them to no longer believe in anything as adults.

For them, the connection with God is intimate and much obliged to be established by

traveling, gaining more knowledge, talking to mentors, going to lectures and also experiencing with life.

It will never be enough for them to just believe other people's doctrines because they need to form their own. Saturn can play them here to be a little bit ambivalent when it comes to spirituality.

They may doubt anything that doesn't also come with material proofs, but in the same time be terrified to not get punished by divinity. They have probably dealt with complex philosophies ever since young, so they most likely got bored in school.

Questions of faith and existence altogether will always exist in their mind, but it's also possible they'll abandon a belief system just because another one has been discovered.

What's interesting about them is that they need to analyze from a scientific point of view what they've found out about different mystical concepts because the unknown makes them look for new meanings.

All the people with Saturn in 9th house are looking to experience and to develop their consciousness. Saturn will play the role of a guide in their philosophical journeys, throwing them into realms of imagination they didn't even thought possible to ever think of.

The goods and the bads

While always making sure it places obstacles in the path of natives, Saturn is actually more practical than many believe it to be.

When in the 9th house of mind, it makes people more spontaneous and logical, always questioning matters of religion and philosophy.

However, natives with this aspect can also be closed and cynical when hearing others' opinions. While practical, they still refuse to believe in ideas coming from others.

Being moderate would be great for them because they may have some realistic beliefs that only require a little bit of trimming. They desire to learn as much as possible and in the same time fear the new, which makes it difficult for them to open up. Being old-school, they prefer to not fix what they believe isn't broken.

When Saturn in 9th house is in good aspects, they will be the opposite of all this and continue with their education until later in their life.

This planet will ask a lot of efforts from their side if they want to become more knowledgeable, but they won't back down.

When in bad aspects in the 9th house, Saturn will have these people religious and not at all interested in different views others than their own.

Every trauma from their childhood years may be deeply felt, so the ones who have been forced to adopt a certain religion when young will become atheists or nihilists as adults.

Saturn in 9th house will most of the time influence people to want a higher education because they'd be very curious about what they could learn in colleges or universities.

All they need to make sure of is that the teaching methods where they're studying are fun and encourage the exchange of opinions. They should focus on criticizing themselves because this could help them evolve.

There won't be a problem with their practical way of thinking as long as they'll continue to be creative and come up with new ideas. The fact that they're always bringing logic into discussion has them appreciated by many. It's amazing to watch these natives making different philosophies a reality and also to talk to them about the humanity.

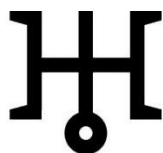

Furthermore, they should never dismiss ideas that don't resemble theirs because different experiences and perspectives could have them expanding their knowledge.

Saturn in the 9th house will make many of them stick to their own beliefs, even if some of them may work on their own ideals and morals.

Positive change should always be welcomed as long as it doesn't cloud their judgment because communication through different kind of ideas can teach them about new experiences.

It's not bad that Saturn influences them to be conservative, even if this can sometimes be in the way of their progress.

Uranus ♃ in ♉ Taurus woman 27° 24'

([1042] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Beware of those born with Uranus in Taurus in their natal chart because, even if they

may appear as good-natured fellows who are great to have as friends, that may change when you see how stubborn and rigid they can be.

The thing is, this native usually prefers a routine-based lifestyle and being influenced by an immutable sign, it's very easy for him to become even more inflexible.

These people can reach their objectives with ease thanks to the creativity they were born with, but the one-way perspective and unwillingness to accept change totally oppose Uranus' fast-paced energy streaks.

In a nutshell:

Style: Insightful and subjective;

Top qualities: Idealistic, practical and generous;

Challenges: Materialistic and stubborn;

Advice: You can receive new insight from people you would never expect.

Personality traits

With Uranus being such an enduring and slow planet, keeping itself active for about seven years in each of the signs, it obviously has enough time to make its influence take roots.

Under the Uranus Taurus transit, it is its stubbornness and rigid perspective that get strengthened and intensified until they reach the epitome. They're never willing to give up on their ideas and dreams, even if they had to abandon everything else.

Family and friends don't have a saying in their decisions, and if they can't see a better path, no one can.

They are this stubborn because they base all their decisions on the power of intuition, and we all know how dead-certain intuitive people can be.

Nothing can defeat their gut-feelings because it's just too strong to ignore. Thus, no matter how you try to convince such a native to think up of another plan, you won't have a chance of victory.

They are very imaginative and ambitious individuals who want to build a brilliant future for themselves, financially and personally, so they'll naturally want a partner with whom to work things through toward this goal.

It would be a good idea to spend some time with your Uranus Taurus friend before even coming to a conclusion about their nature. They might appear as a free-spirited and open-minded individual who is tolerant of many things, but the truth is completely different from that.

The Uranus Taurus is actually someone who wouldn't change his ideas or viewpoints even at gunpoint, that's how stubborn this one can get.

Even though these natives might be willing to change their perspective, they won't do it unless they are utterly convinced by the necessity of such a change, with rational arguments if possible.

The best possible outcome that the Uranus Taurus combination brings would be the balance between both their characteristics. With Uranus bringing in the spontaneity and non-conformist approach, how could the rigid and stable-minded Taurus ever make peace with it?

In the worst case, only one of them survives the conflict, with the other being submerged in oblivion. In this sense, they may be acting weirdly most of the time, split between the unrestrained impulses wreaking havoc, and the patient, steady approach imposed by their sign.

Uranus instills the Taurus with a certain financial sense of comfort, in that they wish to elevate status and power well above the rest of the people.

Material security is a problem that has to be dealt with quickly, and they are the ones to do it. Looking at their anarchic spirited nature, they create the impression that the world may be in for quite a change if they get to have a certain degree of control over it.

Great changes are afoot at the hands of the Uranus Taurus native, that much is true. Essentially, Uranus gives the Taurus the power to break free from the imprisonment of societal conformism.

All these expectations have no other role than pinning one down, making one have certain doubts about achieving their dreams, thinking things through before committing to a course of action.

The status quo gets shattered to pieces by this planet, and the Taureans have nothing to fear anymore. They can follow their goals as long as they see fit without anyone interfering anymore.

A jealous lover in a nutshell

In love, there are a lot of things to watch out, like this native's bouts of jealousy that are bound to create problems.

They just can't get enough of their partner and would be destroyed to lose them. Possessive to the extremes, it's uncertain whether their natural charm and adorable attractiveness compensate for this or not.

Pragmatic and efficient at accomplishing their goals, they don't stop until they see something taking form, and it usually happens as planned.

There is no one else more productive and ambitious than this native, that much is true, even when it comes to romantic matters.

The good and the bad

When this native has an idea that they wish to put in practice straightaway, they summon all the strength at their disposal and pour it all down at the altar of creation.

Even though they may be slow in the beginning phases, and even in the implementation of the aforementioned plan, when all is said and done, the results speak for themselves.

With a great boldness that rivals the warriors of old, these natives use their many abilities and resources to make their dreams come true.

Able to create something beautiful out of a slate of rock with their bare hands, they are truly one to be reckoned with, and their skills appear to be endless. Any challenge is welcomed as a form of honing oneself even more, and this can only be admired.

The Uranus Taurus natives work fine with people as long as they agree with their ideas. If everything goes the way they planned, then they'll be the kindest and friendliest people out there.

The moment you even begin to doubt the efficiency of their ideas, that's when everything goes down south.

They don't tolerate insubordination, nor do they like false friends who can't appreciate a genius when they see one. If you anger them enough, you won't like what you see, the monster will come out and eat you alive.

The Uranus in Taurus woman

This woman is cautious, meticulous and patient to wait for the right moment. That's when she'll galvanize all the power at her disposal and put her plan into action.

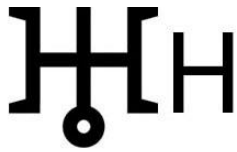

She lets nothing get in her way, not even her own enthusiasm and passion. Fortune favors the bold, but patience is also one of the most important virtues one could possess, in rational doses, of course.

From this point of view, she may feel like it's necessary to get out of her comfort zone and break free from the shackles of social oppression.

Most people look down on what is different, even though it makes no sense at all, but that's how things go. Between open-mindedness and a routine-based behavior, it would

be best to choose the best of both worlds.

Uranus ♅ in XI 11th House

([1063] i.thehoroscope.co)

This placement of Uranus makes people be very fun to have around and know exactly when to crack a good joke.

People born with Uranus in the eleventh house in their birth chart love freedom and usually get strongly attached to their friends. While they have large groups of acquaintances, only a few people are really close to their heart.

They really like to get together with those who have knowledge and know what they want from life. These natives can make anyone laugh but can't really get emotionally attached. Because they prefer individuals who think like them, they won't spend too much time around people who don't share their beliefs and don't have the same interests as themselves.

Summary:

Strengths: Caring, friendly and honest;

Challenges: Moody, distrusting and stubborn;

Advice: They shouldn't keep their loved ones at a distance.

Eccentric personalities

When in the 11th house, Uranus has an impact over friendships and the natives' social circle. People having Uranus in 11th house can experience many changes in the relationships with their friends and all the time meet new and strange people.

They may even join a group that studies metaphysics or something else not everyone has access to. The more free-spirited and independent a person is, the more they will be attracted to him or her.

Those in their life who limit them will be kept at a distance. Being able to see the uniqueness in every person, they can be very good working in human resources.

Uranus is a planet that deals with the unusual, so in the 11th house of friendship, it will influence natives to get attached to those who are different or to despise the majority that always wants to conform and to fit in.

They will see many people as sellouts because they think being eccentric is what life should be all about.

Uranus in 11th house natives may seem chaotic or detached when in a group because they tend to just go and sit alone, making others wonder if they can be counted on to keep the spirits high.

As soon as others will realize these people are in fact very honest and want to interact with open-minded individuals, they will start being appreciated and recognized for their ideas, even if they sometimes want to be alone.

As said before, Uranus in 11th house natives need to interact with people who live the same way as them and also have high ideals.

Only with this type, they will have long lasting friendships that are sincere. It's possible for their circle of friends to change according to their goals, but all in all, they will value every human being that passes through their life because Uranus is the planet of Aquarius, a sign of friendship and devotion towards companions.

Uranus in 11th house individuals will make themselves noticed in their group through their talents and great ideas.

They're identified as pioneers of life, which can be more less true depending on the positions of other planets in their chart.

In case they'll be this type, it's possible for them to become very important for their groups and to bring a lot of joy everywhere they may be going.

The planet of eccentricity and change feels at home with this placement, manifesting itself at its fullest and giving the natives an ideal position.

As mentioned before, people with Uranus in 11th house will have unusual friends and be oriented towards making the world a better place or giving to others as much as they can.

They won't mind getting together with people from all circles of life because they don't have any cultural barrier or social limitations.

These natives don't care about gender, religion or race and are very open to welcome anyone in their group or groups of friends.

Don't expect them to ever think in stereotypes because this is simply not their way. It seems like they have a magic power to bring together people from all the corners of the

world and different areas of life as they don't see there can be any borders between individuals.

Because Uranus is unpredictable, they will have many of their friends just appearing in their life and develop strong connections in the spur of a moment.

Obviously, in case Uranus is in bad aspects with a malefic planet, they will probably lose their friends for many different reasons, the same negative aspect meaning they will get together with people who have mental issues and nervous breakdowns.

Blessings

Natives having Uranus in 11th house are very fun and know when to crack a good joke. Many will like them when they won't keep their guard up because the more honest and truthful they are, the higher the chances for them to be appreciated.

They don't usually try to appear different than who they actually are, so anyone knows where to stand with them.

As a matter of fact, the way they interact with others will make them become more appreciated. However, they may need to change this about them because it would make people raise their expectations when it comes to how they are acting.

When Uranus in the 11th house feels comfortable, the natives with this placement have a need to service the collective, so doing volunteer work with children or the elderly will be their favorite thing to do because the 11th house is in opposition with the 5th house.

It's possible they'll exhibit great talents when it comes to sound and music, so don't be surprised if they would sing as a hobby and not necessarily do this for a living.

What makes them happy and brings balance into their life is being with people who are changeable as them and who share their interests.

This is the only way for them to always be intellectually engaged and to not get bored or lost in small talk. They should be stimulated; therefore, they need to be around people as intelligent as them.

Challenges

Uranus in the 11th house individuals are lucky to be different from others because they hate being labeled or having their friends describing them easily.

It can be good to question everything, but rejecting things because others do them differently is not at all a good idea.

They don't like to compromise and almost feel sorry when seeing others who do it. It's

important for them to constantly change because variety makes them feel like they have many opportunities from which they can continue to develop.

However, because they're all the time changing, it may be difficult to work with them and for them to be in a relationship. Not to mention they tend to think only what works for themselves is also good for others.

It's very easy for these natives to simply run away from good things because they don't accept situations, people or things when they're not unusual enough.

Their need to always be in social circles will always have them making new friends. When Uranus in 11th house is in a challenging position, they may have unconscious traumatic memories from their past lives, that are related to the masses.

There may be some unconscious pain about someone who's an authority figure in their life and really hurt them. Similarly, this problem can be from the past lives, but also a childhood issue.

If they have been rejected by someone, they may feel like the entire society rejects them now. It's normal for people with Uranus in the 11th house and with a challenging position of this planet to be cynical on matters of the collective because they're great intellectuals who think they have ideal solutions for others and believe they're the smartest.

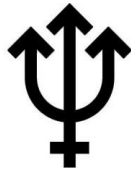

This could be a good thing for them because they would want to rebel against what's perceived as normal, so they'd come up with all kind of ingenious ideas to solve different problems in a more or less orthodox way.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♍ Virgo woman 27° 31'

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of Neptune's influence, the emphasis on details.

In a nutshell:

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;

Challenges: Highly critical, impatient and fussy;

Advice: You need to put effort to convince your partner of your vision.

Personality traits

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the

truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

The positives

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

The negatives

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not

made up of perfect elements to build such a utopian place.

The Neptune in Virgo woman

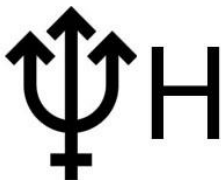

These women are more spiritually oriented, courtesy of Mercury, the ruler of Virgo and Neptune, who make up quite the combination on the astrological plan.

And since the spirit is deeply connected to the wellbeing of the body, women with Neptune in Virgo will also be very interested in the proper eating patterns, a healthy lifestyle automatically leading to a healthy mind. “Mens sana in corpore sano” is the old saying, after all.

She has her weaknesses though, this woman, for she can be nagging and worrisome. Once she gets an idea in her mind, you cannot get her to part with it.

She is advised to meditate and share her free time with her friends, as well as to enjoy the sense of community, where she lives, if possible. There are very small steps that she can take, that will make her feel good in her own skin.

Neptune ♃ in III 3rd House

People born with Neptune in the third house of their birth chart are influenced to be intuitive and able to communicate better than others, some even taking that on a whole new level.

When young, they tend to be very undisciplined and to not do a single practical thing. Their youth years will also bring them a lot of insecurity. The older they'll get, the better they will learn how to focus and how to become productive.

Summary:

Strengths: Intuitive, eloquent and sociable;

Challenges: Absent-minded, undisciplined and controlling;

Advice: They shouldn't let other people step over their feelings.

Creative and charming

It's not easy for natives with Neptune in 3rd house to absorb factual information, so they may be not be in any way interested in academics.

However, when it comes to open-mindedness and the type of learning based on visualization, they are the best. Always dreaming and having their head in the clouds, these people may only see the big picture and miss out on the details that matter the most.

It's difficult for them to follow a schedule or to deal with everyday life because they're always thinking of something they consider is greater than just paying bills or cooking dinner.

It's also very possible for them to be absent-minded when someone is giving them directions, so they will miss out on important things and after wonder what they have done wrong.

If you have a date with them, expect a cancellation or for them to be late. At least they seem to communicate without any efforts and to understand others without asking too many questions.

The way these people express themselves is creative and charming, but this doesn't mean they can't create confusion considering they rarely keep a determined attitude.

As children, it will be a challenge for them to learn because they're undisciplined and too creative. Neptune in 3rd house individuals are very sensitive and rely a lot on their intuition, so you can often find them in a melancholic mood.

This planet makes natives having it in 3rd house receptive to everything that's going on happening around them, and also to people's feelings.

Their conversational style is usually entertaining, and other people can really impress them because they allow themselves to be easily influenced.

Their imagination seems to always be running wild, and when dealing with new ideas and concepts, they're always bringing in their emotions. Neptune in Third house makes natives with this placement psychics and aware of what others are thinking.

When it comes to their personality, they're not in any way conventional and prefer to dream instead of focusing on what they're being told.

This is the reason why they may have problems absorbing new information. The concepts being presented to them need to be defined and clear.

Neptune is a planet surrounded by mystery and that brings many problems to those who have it in the 3rd house. In this position, it influences the natives' way of communication, their siblings, close-by neighbors and short-distance travels.

Furthermore, it makes them erratic and not at all able to deal with details. When it comes to abstract notions and creativity, however, their mind starts to be intuitive and to know what to do.

They should be very careful when signing contracts because they tend to forget what they need to write and often make mistakes because they simply cannot concentrate.

Neptune in 3rd house natives can be great writers and artists as their soul is full of poetry and mind of philosophical thinking.

When this planet is in good aspects with Venus, they have all the chances to follow a career in the art world or to become great dancers. Usually calm and likable, they attract a lot of sympathy and others always want to help them.

Many will think of these natives as cute and a little bit boring because they only seem lost in their own fantasy world. When it comes to the relationships with their siblings, it's possible for them to have stepbrothers and sisters they not know about.

They will treat their neighbors and friends as their siblings because they have this need to be like family with everyone. At least one of their brothers or sisters would be artists and perhaps addicted to drugs and alcohol, especially if their Neptune is in difficult aspects.

The third house is the ruler of pseudonyms, so the natives with this placement may use nicknames to identify themselves. This is even more possible if they're artists who wish for an alter-ego and to have a persona under which they can present their work.

The Neptune in the 3rd house aspect makes people with this position talented at astrology because they can understand how and why the stars are moving, all while looking at the big picture and really understanding something.

The 3rd house reveals how people can interact with their immediate surroundings, so the presence of Neptune here makes things agitated and even erratic when it comes to this type of interaction.

Therefore, people with this placement would probably forget all about their appointments and always be late. Like said before, when it comes to everyday issues, they simply can't deal with this type of tasks and have problems with studying because they can't concentrate.

When kids, they've probably read only fairy tales and fantasy stories because their imagination asked this of them. Preferring to be intuitive and to learn through images and their other senses, the conventional type of education is very boring for them.

Neptune is the planet of illusions amongst other things, so it gives natives rose-colored glasses, depending in which house it's placed.

When in the 3rd house of communication, its effects are influencing people to only see and hear what they want.

Dreaming and always late, they're still charming and good with communication because they have a great imagination and no one can beat them when it comes to writing or creating art pieces.

It's even easy for them to act, and if one of their siblings is addicted to drugs or alcohol, they may have had a difficult childhood due to this and to the fact that they weren't able to learn and focus.

When something isn't captivating and interesting enough, they simply can't keep their focus.

Caring about others and very intuitive with their feelings, they will always make their loved ones feel good. It's suggested they take a GPS with them in their short trips because they tend to get lost easier than others.

The goods and the bads

When it comes to their career, natives having Neptune in 3rd house could teach because they're good at sharing their knowledge with others.

Very enthusiastic, they immediately attract people and inspire boldness as they're not scared of anything themselves.

When the unknown is presented to them, they become very curious and want to do anything to get all the information on a certain matter.

Since they're so good at expressing what goes through their mind, those around them will be inspired to do the same.

Their creativity and enthusiasm make everyone wanting to be the same as them. It's suggested they learn how to deal with details and keep notes of everything they have to do in order to no longer be late to meetings.

Their memory is quite short, so if they want to function properly in the society, they need to do something about it.

Dreaming big and making things happen is their own responsibility, and they're pretty capable of achieving great things because they know how and have the mind for it.

Being idealists, it's not easy for them to deal with the real world. They will always be dreaming about what to do and where to go, so they may sometimes have no more time to pay attention to what's happening around them.

The more aware of the fact that they have their head in the clouds, the more grounded they'll become.

Pluto ♄ in ♌ Leo woman 16° 30'

([1093] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Leo in their natal chart make up the bold leaders who don't hesitate to take action, whenever necessary, no matter what personal doubts might be crippling them, deep inside.

Initiators, innovators, the carriers of change and great transformation of the world, these natives use their inborn creativity and strong imaginative drive to revolutionize theirs and their peer's existence. Art, especially, might be one of the preferred domain of activity for them.

In a nutshell:

Style: Powerful and astute;

Top qualities: Challenging, proud and experienced;

Challenges: Hesitant and selfish;

Advice: Showing strength to those dear will make you respected.

Personality traits

Plutonian Leo natives are brimming with endless energy, always thinking of new ideas to put into action, of more and more opportunities to share their ideas with the world.

Also, these natives have spiritual tendencies, and may even be strongly religious as a

matter of fact. It would be a normal thing, given society's predilections at that time, and the social context, but since a Leo is a Leo, they also want others to share their convictions. Thus, they want to convince everyone else about the truth of their beliefs.

While they are very set on pursuing their dreams, once they become too focused on a project, chances are they'll stumble upon people who aren't exactly good-natured towards them. They'll end up being manipulated, used for the interests of others, and they won't like this at all.

They are very good at stepping over limitations, over societal regulations, and generally, doing what they think is best.

This is because they aren't tied up to the past, to traditions, and their creativity exceeds the norms that society imposes on them. They'll likely bring about great changes in the field of the arts, as a result.

They idealize heroic characteristics and are themselves quite daring individuals who never retreat when confronted with challenges.

For a cause they consider to be worthy, they will struggle against the world and die fighting, like a martyr. Usually, the only causes they would fight for to the bitter end are spiritual in nature, and they don't even care about the risks involved at all.

Reason and rationality end up being abandoned when such a situation appears. Heroism is glorified, while weakness is shunned in their perspective.

The good and the bad

First off, these natives are very flexible and adaptive. They'll find a way to survive any situation they encounter, no matter what it involves, and who they have to fight in order to win.

Are there any strict requirements for a project? They'll have no problems coming to terms with them, reaching a level where they can easily do it.

Secondly, the Plutonian Leos reach the full breadth of their potential when put in situations that require one to think outside the box, to come up with innovative ideas, untethered to traditional norms.

With their daring and confident approach, they'll have no problems getting to the top of the social ladder, as well as attracting the spotlight on them.

Plutonian Leos are manipulative and dominant. Is this such a surprise anymore? If not, then you would expect one of their worst traits is that they tend to take control of any given situations, even if that's not necessary.

Put them to work together with a group of people, and they will strive to end up leading them, being the man in charge, even if working together in a cooperative manner would bring the best results.

That's just how they are, and it brings a lot of disadvantages once it turns out that most people won't just sit still while they're being taken control off. They are very authoritative individuals who won't let anyone else take the decisions that matter.

If you let it slide and allow the Pluto in Leo native this freedom, there won't be any problems at all, but there aren't a lot of people who can take that.

Pluto in Leo in love

During the time that Pluto last transited Leo, the world was looking with dubious eyes at the idea of love out of love's sake. Marriage was staged, theatrically used as a method to coerce people into doing certain things.

It was based on the idea that the most powerful got to decide the future of the many, and women, they were considered to be the weak, the oppressed who needed to be saved.

With all the military conflicts going on, men found it harder and harder to accommodate to a peaceful life at home. It just wasn't something completely normal for them, since they had gotten used to the dangerous life on the battle field.

This may mean that the romantic heritage of Pluto in Leo is a rather fixed and traditional one where the expectations are totally different for men compared to women.

The Plutonian Leo needs to go by rules and needs to know what will happen next, even in love and even if this ruins the romance.

As for their dependability, you can be certain of their loyalty and their resilience in times of hardship.

The Pluto in Leo woman

In history, Plutonian women wanted to regain their social standing and power that they had lost during the wars, when they had to occupy certain social positions, to stay at home and take care of the household.

Gender roles had to go one way or the other, but this would only happen if they took action.

Now that those times are over, they also want to pursue their own dreams, uninhibited by men, society, or any other obstacle in their path.

As such, feminism made another strike at the feeble balance between men and women, gathering up those who had gotten tired of the sexist treatment, and giving them a common purpose.

The Plutonian Leo woman of the future will speak out, although not very revolutionary, she'll have her soft ways of converting people to her beliefs.

She will announce her emancipation early on in life and will not accept for people to think less of herself, just on an age matter.

Be warned that these women will retaliate in force whenever something happens that threatens their self-esteem.

Pluto ♀ in II 2nd House

([1102] i.thehoroscope.co)

This placement of Pluto encourages people to adopt a rather businesslike approach to everything they do and to hate wasting any time.

Pluto is a strange planet indeed, and more than that, it's a very difficult and complex one as well. Natives born with Pluto in the second house will experience a lot of emotional distress and traits similar to a personality disorder.

Emotions are taken to an extreme, their appreciations and passions change by the minute, it's like they're a completely different person. Generally, money plays a major part in their vision for the future. It's either idealized as the most important thing in the world or completely ignored, for being just a piece of paper.

Summary:

Strengths: Observant, confident and ambitious;

Challenges: Moody, speculative and extravagant;

Advice: They shouldn't let themselves be driven just by money.

Nothing truly puts them down

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and dominative personality, they will extract even more pleasure and satisfaction.

The goods and the bads

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

North Node ♌ in ♈ Aries 24° 5'

(Georges Muchery)

The Dragon's Head in Aries enables the native to undertake daring deeds with every chance of success; and he should not hesitate to go forward. Fortune favours him. This position indicates rashness that is profitable. It is also lucky for love; but after much torment on this account. In a critical situation, the Dragon's Head in Aries helps the native to extricate himself from trouble. It is similar to the Square in an unfortunate hand; it is the antidote to misfortune.

The Dragon's Tail in Libra prophesies lawsuits connected with material questions. It also means disputes in the home and danger of separation. It is not a good position for the

spiritual evolution of the native, as it makes him practical (often too practical), which may lead to trouble with the law, or with those with whom he comes into contact. This position, especially in the fifth house, shows anxiety on account of a child. Nevertheless, if the Dragon's Tail is in the third decanate of Libra and is well aspected, it is sometimes an indication of material abundance and increase of possessions. But money does not always bring happiness, and the native will realise this.

(Isabel Hickey)

North Node in Aries gives self-assertion and a progressive nature. Should develop independence and stand on their own convictions. Personality should be brought to full development. Before you can give yourself away, you have to have a self to give.

South Node in Libra shows there has been too much emphasis on leaning on others and letting them run the life. Now this person must make his own decisions whether they are right or wrong. Growth comes through one's own expression and experience.

(Martin Schulman)

Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'onemindedness'.

Highly susceptible to flattery, he goes far out of his way to do the things he believes will please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the middle, he assumes the role of the buffed trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand!

In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.

At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more.

He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse or brittle he loses control.

He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity.

In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its efforts. This brings out the contrariness of the Libra South Node and actually prevents the individual from finding his real Self! The North Node can come out only when the South Node is brought to the highest possible karmic level. Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth.

He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.

Always liking to see both sides of everything, he divides himself in half at every crossroad. When these divisions become so painful that he can no longer bear his own indecision, he starts to reach for his Aries North Node.

Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself, he must still be mindful of how his newly-discovered assertiveness influences those close to him.

For short periods of time, he will have to isolate himself in order to gather his strength.

His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.

Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!

In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning.

The house which contains the South Node shows the area in life where too much past identification with others inhibited self-development. The house which contains the North Node designates the area where the Self is now experiencing its birth. Once a new sense of Self-identity is achieved, this individual will feel like Columbus discovering America; and the most amazing part of his discovery is reaching the awareness that it was there all along, but he never knew it.

(Mohan Koparkar)

Previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.

(Donna van Toen)

You need to learn to do things for yourself. Your Libra South Node may respond: 'Yeah, but it's much easier to let others do things for me. Every time I try to do my own thing, either somebody takes advantage of me or I wind up getting somebody mad at me'.

Your major problem is that you are not rational when it comes to relationships.

Possible reasons: You have such a hang-up about being fair to everybody that you bend over backwards for others at the expense of your own individuality. You've stifled your leadership abilities because using them led to friction or discord. You're unable to get started on things without help, due to lack of ambition or self-motivation. Life experiences have over-emphasized the value of leaning on others and encouraged passivity as a means of gaining acceptance.

Possible solutions: Force yourself to undertake leadership roles. Dare to be enthusiastic about your beliefs and interests. Cultivate spontaneity. Do things on your own once in a while. Find a guru to follow. Find a big strong man (or good woman) to lean on.

With Libra south node, decision-making is often a problem. This is because with Libra south node, there's a tendency to overdevelop logic to the point that it smothers the Aries feeling and acting functions. However, feelings can't be totally ignored. They have a way of coming out and moving you in certain directions whether you choose to be

aware of them or not. If they're denied positive expression through individuality and assertiveness, they'll be forced to take a negative route through insincerity, meddling or dependence. With Libra south node, rationalization can lead to irrationality, since feelings get lost in the shuffle. Usually, this dependency on passive intellectualizing is the result of some traumatic experience where feelings have let the individual down. Often he or she has been ridiculed or rejected for reasons that were never clearly understood, and from that point on has decided that feelings can't be trusted. So figuring out strategies replaces feelings. The Libran south noder takes great pains to be sure that all decisions about marriage, job and life style in general are formulated logically and planned thoroughly. The trouble is that logic without feeling leads to marriage without love, prestige without satisfaction, and existence without living. Eventually depression sets in and logic ceases to function. At that point, Libra south node is forced to get in touch with his or her feelings and take appropriate action, thus attaining a nodal balance between Aries and Libra.

In my experience, the person with an over-developed Libra south node dislikes being alone; asks for help and advice, but then seems resentful of it; spends a great deal of time and money on grooming, cosmetics, clothing etc.; speaks in a monotone or a very tiny voice; is indecisive; is extremely co-operative to the point of being a door mat; has an inferiority complex; is a gracious host or hostess whose door is invariably open to everyone at all times; works hard at romance; and feels sorry for single people, regardless of their circumstances.

North Node in Aries wants to be outgoing. He or she wants to be a self-started, well able to lead and assertive enough to get what he or she wants. In contrast, this person is generally well-liked but inclined to see himself or herself as passive or too shy. There's usually an interest in or talent for art, fashion, editing, publicizing, or some other Libra-ruled talent; but because the person seldom challenges that talent by doing anything innovative, he or she is passed by when the acclaim gets handed out, and may begin to feel resentful. He or she can be sympathetic to the point of becoming a doormat, and may become so enmeshed in others' struggles for success and happiness that his or her own needs remain unfulfilled.

Antidotes for Aries imbalance: Psychological counselling (particularly assertiveness training) is often helpful in learning to utilize the Aries North Node. The client might be advised to write or tape a statement of his or her philosophy of life, including a list of goals for the next year. You may then help the client determine how to best express this philosophy while fulfilling the goals. Scientific study, particularly in the field of physics or physical development, may be recommended if the client shows aptitude along these lines. Any sort of discipline program - from Scouting to the National Guards - could prove beneficial. Travel - preferably alone - is recommended. Leadership roles - particularly in the work sphere - should be accepted.

For any type of Aries imbalance, the catch-phrase should be 'Try something new'. This

'something new' should naturally coincide with some untapped talent, as shown in the chart.

For many reasons, clients may not be ready to embark on a totally new life style. In these cases, a new hobby could prove beneficial. Among the hobbies I'd recommend for Aries nodal imbalance are: any sort of nature activities, from hunting to photographing wildlife, football or soccer, hockey, boxing or karate, enamel work.

(Haydn Paul)

You may need to be more independent and not be reliant on relationships or others' perceptions of you. You should avoid shaping your identity by assuming others' attitudes, beliefs, and values. Lacking self-confidence can result in confusion and indecision, especially when important decisions are required. At times, it may appear that you allow others to decide for you.

Relationships can provide security and stability; and you try to please those on whom you depend. Yet, through lacking self-knowledge, you may fail to acknowledge and respect your own needs, desires, and aims.

Be wary of more dominant influences; you may be gullible and impressionable. If so, you need to outgrow this and assume responsibility for evaluating situations and options. Relying on others will interfere with your choices and major decisions. At times of crisis, a divided self only offers additional confusion and pain; and you need to be decisive to resolve issues.

Try to follow inner promptings - perhaps previously ignored or dismissed 'messages'. Move in the direction toward which intuition guides you. Through developing faith in this process, you can release potential and be true to your nature. In so doing, you can discover how to honor your whole self.

When overly sensitive to others' needs or tending to confuse them with your unrealized and unfulfilled desires, you may experience weakened vital energies, which can create occasional depression. Acknowledge and assert your requirements, and take responsibility to satisfy them, as these are important for integration and personal growth. While a concept of service to others may remain a motivating force, your first priority must be to yourself, so that you integrate your whole being, instead of diminishing yourself through relationship dependency. Once this is achieved, you could serve from a different yet more effective perspective. When you attain inner harmony, energies radiating from you will also embody this quality to benefit others, even though some may find these energies uncomfortable due to their own disharmonious state.

Your new assertiveness also needs to respect relationships, connecting self and others for mutual benefit. You need to be true to yourself and to discover how to cooperate with

others. By acknowledging your nature, you can explore relationships to greater depth, enriching them through shared understanding. Often, the Libran energy is activated when you try to unify people, ideas, and situations, operating like a central balance between opposite conditions. The new balance required from you is 'self and others', where you develop balanced attitudes, individuality, and independence, while creating interdependent relationships. The key to this is to transform dependent behavior patterns.

(Bruno and Louise Huber)

Aries is the cardinal Fire sign. It is 'the' sign par excellence, in which selfmanifestation takes place. Here, the 'I' must stand out against the world, and especially against the 'You'. We must be able to say 'Yes' to ourselves, and to express this attitude in our lifestyle. Nevertheless, the way in which the desire for selfassertion is expressed by the Aries native will depend on our state of awareness. Or, to put it another way, the hazier the picture we have of ourselves, the more we resort to force; but the more differentiated our consciousness is, the more subtly we proceed. Yet even when being fairly subtle we still use 'push' - we have plenty of that. The 'I' tends to manifest itself in what may be pictured as a series of pulsations. The same is true when the Moon's Node is in Aries: we try to bring our personality to bear on the world in order to make things happen. This placement of the Node is usually a fairly strong incentive to be creative. Someone with the Node in Aries is incapable of settling down to routine work, even when output would increase. Increased output is not a consideration with Aries; what matters is creating something unlike anything anyone else can create. To produce something creative that is completely personal is the ultimate in self-expression for this sign.

With hard aspects to the Node, there is a danger of over-producing like some sort of 'Stakhanovite'. The native engages in hectic activity, and revels in quantity instead of being creative. However, the individual with the Node in Aries can produce an enormous amount of truly creative work.

North Node ♌ in X 10th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Tenth House gives full and complete

success generally. There will always be progress towards better things, as the native is truly gifted from the time of birth, and these gifts will develop, since the Dragon's Head passes (owing to its movement) into the Ninth House. It is a lucky position, and the native may undertake anything; he will succeed, and attain to a high position with honours, fame and riches.

The Descending Node (Dragon's Tail) in the Fourth House is not good for domestic life, which is founded upon exaggerated selfishness; the couple think about themselves in preference to their family, so that the inharmoious home is likely to be broken up, thus indicating separation and disagreements. It also means pecuniary losses, an inheritance wasted in order to gratify sometimes very unworthy desires.

(Isabel Hickey)

This soul has had his soul powers developed. He has withdrawn and lived in a quiet, reserved manner. Now he must come out into the public and the limelight and give himself in some public way to the world. In a career he will find his fulfillment. If he tries to cling to home, it will in some manner fall apart. Unconscious desire to retreat has to be overcome. Has to learn to be with people rather than retreat from them.

(Bernice Grebner)

A vocation should be followed, sometimes to the point of sacrificing home and domestic life. This means working for or with the public in some way. Through very sustained effort and great exertion, success in public life will be attained, but requires personal sacrifice. The area of sacrifice can be ascertained by the aspects to this nodal position. When this Node is balanced finally with the South Node in the fourth, then the fulfillment of the great-person status will be obtained, and not before. This position, when followed, will give the urge to be a protector of great masses of people, to be a leader among them. Naturally, the influence of all of these nodal positions in the houses is dependent upon the signs involved. If the sign were Leo in the tenth, it would deal with children or some creative project, and the theater may possibly bring fame. One cannot read simply North Node in the tenth, but always must interpret the signs and aspects. If the aspects are trines and sextiles, the arrival at the North Node will come more easily; but if aspects are squares and oppositions, the arrival at the North Node may take more time and trouble.

South Node in the fourth is the introvert. This position of the South Node gives a seeking after perfection, especially in domestic matters, and gives a great depth of soul. It can cause many changes of residence for the individual. There is great dissatisfaction in this area, with a constant desire for a Shangri-la. The person wants to live a quiet, retired life in seclusion and peace. There exists a shyness about him; and he would like to retreat from the public. He probably will adopt a parental role by trying to hold people too closely. He is usually very talented at repairing things around the home. If a woman, she

is usually a good cook.

(Mohan Koparkar)

This condition often signifies stronger success in the professions or career area. However, some drawbacks are noticed in the home affairs. Here, the individual converts all the domestic energies into professional direction. Thus, satisfactions and fulfillments through the home are fairly low for him. Their individuality and strong ego are worth noticing. Often difficulties during childhood bring about a distorted mother / father complex to this person. These people are a lot closer to their father than to the mother. However, some of the hostilities or lack of mother element are due to recent past life complications with her. Sensitivity and emotionalism is something they have to overcome, and they have to show an image of tough practicality in this life. Their first half of life is not very enjoyable compared to the second half of life.

(Martin Schulman)

Here the individual finds that much of his time is needed for the demands of his family. Constantly he feels held down, as if he is being prevented from realizing his own individuality. The fact is that he comes into the current life with much karma owed to his family.

In past incarnations he ignored the hands that fed him. Now he is locked into the lesson of becoming those feeding hands himself. In the current life he finds his mate and children just as highly unappreciative of all he tries to do for them. Still he will do more if he is ever to grow past his karma. At times, the burdens become so heavy that he has to fight himself to keep from feeling an inner resentment.

The female with these Nodes will have problems with at least one child, which will demand most of her time, effort, energy and concern for she is to learn on the very deepest of levels the responsibilities of parenthood. To enforce the karma still deeper, the spouse is either not present or so lacking in character that this individual must ultimately become mother and father at the same time.

Whether positive or negative, the emotions never leave the family. This individual constantly feels the need to break out and be free; yet his past-life memories of self-enforced chains never quite permit him to do this.

Nearly all of his energy is spent on untangling the web of relations that he sees around him.

In some instances, he experiences great conflict with other family members over real estate.

He must learn not to let circumstances weigh him down with feelings of hopelessness, for the needs of his family are constantly compounding themselves, to the point that from time to time they become considerably more than he bargained for.

Often, he is caught by surprise through the actions of those closest to him, for although he can develop strong outer worldliness, he still remains almost childishly naive when it comes to the emotions he feels about those close to him.

Some with these Nodes have to go out to work, becoming the sole source of family support. Others are put into the position of becoming the family supervisor.

Always this individual is caught between the conflict of the things he would like to do for himself and the things he knows he must do for his loved ones.

Constantly faced with situations which tempt him to react childishly, he must learn how to mature. He must rise above family harmony and do all he can to achieve a role of self-dignity.

When the needs of his loved ones are understood, only then can he have the freedom to experience a career life of his own.

As he makes the switch to his tenth house North Node, he is ultimately forced into the position of assuming the dominant role. He must learn how to keep his life focused in a direction above and beyond all the scattering needs of his close family members.

Paradoxically, he escapes from one family by creating another, until ultimately every person he meets and likes gets pulled closer to him in a type of pseudo-universal family. As the years build up the life starts to resemble the 'old woman who lived in a shoe'.

His greatest happiness comes from being in a position to be able to offer shelter to others.

In later years he joyously re-invites others to lean on him. His mission to move away from emotional immaturity and in the direction of responsibility tells him that each person he moves along the path represents another payment for his own ticket towards soul evolution.

The sign which contains the South Node shows the ways in which he allows immaturity on the part of others as well as himself to block his potentialities for achievement. The sign which contains the North node indicates the ways in which he can develop maturity by pointing his life in a meaningful direction.

(Donna van Toen)

Conflicts: Authority vs. need for private life. Conscious vs. subconscious. Ambitions for power vs. ambitions for self-understanding.

Possible results of sacrificing North Node: Family demands are used as an excuse for not developing your fullest potentials. Neglect of career. Parenting or domesticity takes up most of your time. Others take you for granted.

Possible ways to integrate North Node: Untangle yourself from domestic and parental traps. Involve yourself in your community instead of staying home all the time. Develop a more positive outlook. Make contact with people outside your family milieu. Go out to work, even if it's only part-time or volunteer work.

In the tenth house, the hang-up is connected with respect or integrity, which may mask a basic dislike of people and / or social functions. This person subconsciously fears authority figures, and is uncomfortable in society unless he or she can come out decked in all the trappings of success - and even then there may be doubts as to the worth of that success. Reclusiveness or deep introversion may manifest as a means of coping with these fears.

Often there's been an early struggle with authority figures or society in general. Difficulties with one or both parents are common. Usually the early upbringing involves a heavy dose of moralistic philosophy. Less frequently, one or both parents was maladjusted, and the offspring has to live down their misdeeds or grows up feeling a need to make amends for his or her parents' failure to contribute to society.

North Node in the tenth house generally dreams of success in life. This involves overcoming limitations and rising above his or her station in life through gaining the support of authority figures or others who are in a position to help. This person tends to get trapped in a comfortable, mildly pleasant rut due to emotional ties. A parent or other family member may be instrumental in keeping the dream from being fulfilled. This usually isn't because of outright opposition; generally, it's because of subconscious fear or guilt on the part of North Node in the tenth. Clannishness, bigotry, or class-consciousness can keep the person from making contacts that would be instrumental in fulfilling the dream.

(Black Moon) Lilith ♁ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also

happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

Ceres ♀ in ♈ Aries woman 1° 53'

([1161] astromajesty.com)

Ceres is the sign of one's nurturing abilities, and in Aries, it indicates active self-care. Aries is among the fiercest Zodiac signs. They love challenges, physical activities, and they don't stay in one place for too long. People with Ceres in Aries love to exercise, take good care of their bodies, and have a lot of energy.

Yet, these people are not cuddly, delicate, or tender. Persons with Ceres in Aries have an intense nature, and they won't show their affection with ease.

Yet, they expect to be pampered, they want their loved ones to be gentle, and they don't mind being showered with attention.

They can appear cold and too strong to need love, but they need it just like everyone else. Even if they reject someone's affection at first, that's only their protective instinct, not their actual intention.

People with Ceres in Aries need persons who will provide them with care even if they don't know how to ask for it.

In the same way, they don't know how to express their care. Even though they want to make their loved ones feel safe, loved, and protected, they don't show that with sweet words and caring gestures.

Individuals with Ceres in Aries are all about the action, showing their care with their behavior, deeds, and practical acts.

Those who want to show their affection to persons with Ceres in Aries should do it by encouraging them, reminding them of their power and strength.

Persons with Ceres in Aries need to feel independent, sovereign, and self-resilient.

Hence, their loved ones always need to give them enough space and freedom to feel that way. They are career-oriented people, so their loved ones should acknowledge their accomplishments, support their goals and needs.

Ceres in Aries and childhood

Children with Ceres in Aries need their parents to be kind, to care for them, and make them feel secure. These kids are also quite playful. They enjoy being with friends and engaging in challenging activities.

Due to having a strong personality, kids with Ceres in Aries often get less care than they want, making them feel lonely.

That is why these kids usually grow up in an environment that teaches them how to be selfsufficient and fend for themselves.

This placement often shows that one didn't have a strong parental figure or that they had to care about younger siblings.

A negative position of Ceres can be an indicator of violence, childhood trauma, and aggression.

Growing up in that kind of home environment often gives people who didn't have proper nurture, which explains their incapacity to be caring gently.

People with Chiron in the 11th house have to stop blocking others from their lives, or no one will ever show them that it's okay to trust.

Simply look for mental purity. Keep your thought in the present, attentive to the conscious world where you have to live, but leaving space for an unlimited imagination, for a complete freedom and inner peace.

You know the unknown and therefore have a magnetic quality and a lot of intuition. You understand the essence of reality and everything that belongs to the world of God and of humankind. You maintain faith in humankind and in the whole Universe, which helps you to move forward and accept hard tests and much suffering.

Through Virgo, the sign opposite your Part of Fortune, you will observe the perfection that exists. But, you must let life take its course and flow silently through experiences. You must avoid manipulating and programming your life, which would restrict your unlimited vision and your inner freedom.

You are familiar with the world of words and ideas. You know that their limitations are only an appearance. Your creative imagination is based on an understanding of love and truth, not fantasy or unrealistic illusion.

You will find your greatest fulfillment and happiness being in tune with the higher levels of consciousness. The ability to tune into these levels comes from purifying, ordering, and directing your thoughts.

Because of your compassionate desire to help create a more beautiful and spiritual world for humankind, anything you can imagine will become your reality and your happiness.

You have contact with your inner being and with possibilities not yet developed in human beings. This helps you to develop a less materialistic and much more spiritual perspective. Your fulfillment and happiness come from knowing that this can be developed by all human beings and that it will put them in touch with the divine essence of their own nature.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([65] astromatrix.org:) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([170] astromatrix.org:) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

3) ► **Descendant DC Parallel ♀ Neptune** - (0°07') 137 | 173

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

4) ► **Descendant DC Parallel ♀ Pallas** - (1°42') 137 | 61

([588] 12andus.com;) You can be a powerful spokesperson or dramatic leader with a strong vision.

Yet you may reserve your best strategies and intellectual powers, acting like these are your "secret weapons" that you bring out only when all other attempts at diplomacy have not worked.

You may also try to be discreet about your true agenda. Unfortunately, this can cost you collaborators who would otherwise help you but who don't immediately recognize your

vision and need for assistance. You can become more impassioned and direct when those close to you are challenged.

Your own needs on the other hand may not be the same catalyst for assertive response. Yet when others need your wisdom, you can bring out the best of your intellect and intuition and serve as a strong mentor.

5) ► **Descendant DC Parallel * Juno** - (1°36') 137 | ♃11

([605] 12andus.com:) You may desire a marriage or long term relationship with a committed partner.

However, at the same time, your outward personality, appearance or some aspects of your reputation, can make it difficult for you to settle down. You may insist on following your own ambitions rather than compromising with your partner.

You may lose yourself in relationships or find it difficult to commit to relationships that may stand in the way of your personal goals or desires. You may find it difficult to collaborate with your love interests because you are unsure about your level of commitment.

Your jealousies or insecurities can also undermine your potential relationships.

When you work to create harmony between your desires for marriage and partnership and your desire to follow your own ambition, you can find a stronger connection and potential for an ideal, solid partnership commitment.

6) ► **Descendant DC Parallel ♄ Chiron** - (0°09') 137 | ♃11

([218] 12andus.com:) You have the potential to be a strong, authentic spokesperson for healing and change based on your own experiences with your inner wounds, yet you are likely to avoid this opportunity because it is difficult for you to accept who you genuinely are.

You may try to hide from or downplay your wounds and in doing so you may overcompensate with a façade of confidence or ambition that is not genuine. By working to heal your fears, insecurities and past traumas, you are more effective as a leader and healer for others.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

7) ► **Imum-Coeli IC Parallel ♄ Saturn** - (1°05') ♃11 | ♀09

([202] astromatrix.org:) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from

others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

8) ► **Sun** ☉ **Parallel** * **Juno** - (1°41') ♀9 | ♃11

([593] 12andus.com:) You make your devotion and desire for commitment clear.

Your longing to be a faithful and devoted partner is very much in keeping with your identity. You may see your partner or spouse as an extension of yourself. While you may feel like you easily connect with your partner, you also expect your partner to be stuck to you like glue.

When there is any doubt or discrepancy, or when your partner doesn't share your exact vision and opinion, you can take this to be a personal insult.

On the other hand, you will do anything to keep your partner happy and you make it your life's mission to use all your strengths and talents to uplift your partner and solidify the relationship.

9) ► **Moon** ☾ **Contra-Parallel** ♀ **Venus** - (1°02') ♄5 | ♀9

([153] astromatrix.org:) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in

social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

10) ► **Moon** ☾ **Parallel** ♂ **Mars** - (0°25') ♎5 | ♋11

([17] astromatrix.org;) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed

toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and

feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

11) ► **Moon** ☾ **Contra-Parallel** ♁ **Lilith** - (1°14') ♀5 | ♃11

[105] ([632] astromatrix.org.)

Opportunities: 1. Deeply understanding human motivations 2. Channeling sexual energy into creativity

Challenges: 1. Being emotionally open to others 2. Overcoming obsessive desires

([105] astrotarot.net.) Typical features that opposition brings – you are emotionally upset by rejection. Also, you may cling to tradition or other metaphorical “safety blankets” developed in childhood in order to avoid social discord. You regularly repress your dark, taboo, or aberrant qualities out of discomfort and insecurity. Above all, you are afraid of fully expressing your feelings. You avoid expressing yourself and being free in your individuality. Also, you shy away from situations that prompt you to stand out. Or you will rebel and will retreat into a shell of reservations when faced with the opportunity to break a standard. With this Natal Moon- Lilith aspects the emotional equilibrium is ravaged by criticism, exclusion and alienation. Also, you feel painfully isolated. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment.

12) ► **Mercury** ☿ **Parallel** ♄ **Neptune** - (0°21') ♀4 | ♆3

[33] astromatrix.org.) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into

more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

13) ► **Mercury** ♀ **Parallel** ♀ **Pallas** - (1°56') ♄4 | ♀1

([578] 12andus.com:) You use your keen intellect to strategize your mission.

You may be moved to act on campaigns that appeal to your desire to help others create understanding. You can be fair and diplomatic because you see every aspect of the situation.

You can also end up as a spokesperson on issues that are important to you. You can easily appeal to the rationale and logic of others who could be allies in your campaign.

You believe it is important to communicate in order to come to a compromise. It is easy for you to articulate issues that strike a nerve with you. You are a strong advocate and may use storytelling to educate others about important issues.

You may be a planner or consultant for others who share your mission and can easily set up creative but informative campaigns for issues you care about.

14) ► **Mercury** ♀ **Parallel** ♂ **Juno** - (1°22') ♄4 | ♃11

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

15) ► **Mercury** ♀ **Parallel** ♂ **Chiron** - (0°23') ♄4 | ♃11

([119] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: aspect inspires healing conversations. When these two planets are in contact, there is a chance to heal through words. Once you understand your traumas, you can help others heal themselves. This aspect is connected to wound related to connections with other people. Often as a child, you experienced rejection when you wanted to share your thoughts and feelings. Or, you were silenced at some point in your life. If you work through your pain, it can be a great advantage for you. People with this aspect often read about health and psychology. You are often a perfectionist. You feel that you are worthy of love and acceptance only if you are perfect. And it may cause you constant self-doubt. This aspect also suggests trauma related to childhood. Some of you were often insulted, and this left a deep wound in your souls. In other words, maybe someone made remarks on your intelligence or how you speak. The good thing about this aspect is an enhanced sensitivity. You understand the subtle hints and you are great at decoding the real intent of people. You need to learn to speak freely and express yourself. You are able to understand the underdog and stand

up for other people. Writing or keeping a journal can be very helpful with this aspect.

- Positive traits: This Mercury – Chiron aspects indicate that you learn how to turn trauma into wisdom by gathering information and learning. You are very sensitive. It helps you understand and notice more than most people. Also, you love helping others heal their own wounds related to connecting.

- Negative traits: There is a strong anxiety about saying something wrong. Also, you often have very low self-esteem.

16) ► **Venus** ♀ **Contra-Parallel** ♂ **Mars** - (0°37') 009 | ♃11

([173] astromatrix.org;) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

17) ► **Venus** ♀ **Parallel** ♀ **Lilith** - (0°12') 009 | ♃11

([627] astromatrix.org;) Breaking out of relationship stagnancy

Opportunities: 1. Embracing sexual experimentation 2. Increase in psychic awareness

Challenges: 1. Trusting your intuition 2. Letting go of control

In the birth chart, with Lilith Conjunct Venus you may attract opportunities of embarking

on unconventional relationships. You're naturally a highly sexually charged being, and one of the best ways to channel this energy is to pump it into creative endeavors. You may be gifted in the creative realm, and to reach your potential in your relationships will be hard to ignore. You may become erotically fixated with a particular person, or vice versa. You may want to explore your sexual appetite in ways that are foreign to you, but regardless the desires want to be known. You may use your sexual energy during this time, to conduct sex magick and rituals to enhance your manifestations. Additionally, you may become more psychically intune with those around you.

You may want to change your relationship dynamics during this time, as you may feel as though they have been stagnant for some time. Feel no shame in wanting to experiment more sexually during this time, as this can lead you into blissful new heights of pleasure.

Breaking conventions will be a strong theme. If you've been holding back on expressing who you are on a fundamental level due to societal expectations, this transit will set you free.

You may get fixated on these projects at all costs.

People may project "femme fatale" or "dangerous man" images on to you, as you're seen as a very sensual being who breaks the conventions of society. Additionally, you may have many sexual partners or you may be very particular who you share your sexual energy with.

There may be issues of control in your relationships, and you may be a rebel without a cause at times. Additionally, you may often feel suffocated in your relationships. Your need for space is natural to you, it's just key to communicate that when necessary.

The nature of this aspect will ask you to be true to your values in your relationships. Lilith teaches us to exercise our sovereignty in and outside of relationships. Venus understands that harmony and respected values are the stepping stones to fruitful relationships. Combining these energies together, it produces a cocktail of honoring our boundaries in relationships without compromising on our values.

18) ► **Mars** ♂ **Contra-Parallel** ♀ **Lilith** - (0°49') ♃11 | ♃11

([635] astromatrix.org;) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Postively transforming rage
With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical

mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the “other”.

Ask yourself the question “Are there areas of your life you feel disempowered in?” The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It’s important you speak your truths, but perhaps they need to be timed more appropriately.

You are assertive but don't need to be overbearing. You can be direct and confident in your vision. You show your vision and passion yet you also walk your talk. This means you don't need to be overbearing or domineering in order to get your message across.

You know how to leverage your tone, body language and appearance to fully represent your message and strategy. You know how to dress for success and you know how to make a powerful first impression.

Others learn quickly not to cross you, though you would rather use your clout to influence people in positive ways than to intimidate others.

([25] astromatrix.org:) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career

Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

([188] astromatrix.org;) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

6) ► **Imum-Coeli** IC **Conjunct** ☿ **Uranus** - (2°53' A) ☿11 | ☿11

([207] astromatrix.org;) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

8) ► **Sun** ☉ **Conjunct** ♄ **Saturn** - (2°52' A) ♀09 | ♀09

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your

solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

So, you should try to focus on the positive traits of the sun moon. Venus conjunct Part of fortune will influence the nature of the fortune. 14) ► **Mars** ♂ **Conjunct** ♄ **Uranus** - (3°59' A) ♃11 | ♃11

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable,

subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([154] astromatrix.org;) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming

'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

30) ► **Venus ♀ Opposition ♆ Neptune** - (0°12' A) ♀9 | ♏3

([177] astromatrix.org:) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack

of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

58) ► **Ascendant** ASC **Square** ♁ **North-Node** - (0°58' A) ♁1 | ♑10

([454] astromatrix.org:) Alternative Perspectives

With North Node square the ascendant Your personality can often clash with social norms making you unpopular. When dealing with the public you can be difficult or even obstructive.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. Your ego may be strong or rigid and this aspect is trying to cause problems in order for you to be more flexible and modify and change your behavior and identity. The best way to deal with this aspect is to be more open minded when it comes to alternative perspectives, opinions or viewpoints especially when it revolves around how you act with

others.

59) ► **Moon** ☾ **Square** ♅ **Pluto** - (0°45' S) ♀5 | ♁2

([395] astromatrix.org:) The Need To Purify

Intimate relationships may be difficult, with emotions intense and extreme. An atmosphere of emotional brooding may surround you; and others may prefer to withdraw as they sense elemental danger.

Needs for control influence choices and actions; you believe your environment and emotions need controlling to avoid 'threats' from others. This increases your preference for relationship dominance, often demanding that others acquiesce to your desires and wishes, yet this will inevitably imbalance relationships. You intend to rule and will never willingly be submissive. If forced to do so by partner or employer, you will later try to undermine their dominance by subversive efforts to regain control. You can react almost violently toward anyone trying to change you and may deliberately act in more extreme ways when displaying the behavior that another hopes to change.

You are a natural loner, impatient and potentially aggressive in attitude unless carefully controlled and moderated. Self-expression is often direct, with a style lacking in social graces and diplomacy, sometimes abrasive and brusque, especially with those you do not respect. This can create work and social problems; but these do not particularly bother you, as you prefer to be true to yourself. What you do need is to retain self-integrity and discover how to maintain a positive relationship with others.

You hate feeling restricted, and chafe against any imprisoning bonds, even if these were self-imposed for reasons which existed at the time. You are ambivalent toward the past, and often want to forget it as having little relevance; at other times, you display an attachment to it, attempting to reinvoke it. At least you know the past; the future sometimes scares you, stirring uneasy feelings, especially as this cannot be controlled. You may find difficulty dealing with powerful feelings of destructive energy, an urge to smash and break down obstacles that prevent you from enjoying freedom.

This inner state generates tensions and pressures which you control and repress, afraid that, if unleashed at an appropriate time, much damage could be caused. It can be hard for others to understand how this sensation of destructive emotional energy shapes and restricts you. You also find it difficult to discover how to release this energy constructively; but it is essential that relationship conflicts be reduced. You may often force issues, releasing this energy in confrontations which create sudden and dramatic life changes, despite intending this simply to release inner pressures which increase whenever you feel as if you are not in control.

Your tendency is to explode - or to implode - to stimulate a necessary transformation that can create space for changes to occur. You need to trust more - your family, intimate partners, and others. Try to communicate your feelings and difficulties so that

others can help you to release them less abrasively.

Compromise is essential; the world does not revolve around your needs and desires and living together requires mutual benefit and support. Redirecting self-preoccupation toward helping others could become a way for emotional intensity to flow safely outward, reducing inner pressure.

A deeper self-understanding, perhaps through courses and study in psychology, occultism, meditation, and self-exploration, would benefit you considerably, and give insight into the energies and levels of consciousness which create the complexity of the human personality.

60) ► **Mercury** ☿ **Square** ♀ **Jupiter** - (0°29' A) ♄4 | ☿1

([405] astromatrix.org;) The Exaggerator

With Mercury Square your Natal Jupiter you normally promise more than you can deliver, you tend to exaggerate with your communications with others. You tend to have good intentions in what you are doing but you also can lack common sense at times.

You really like to express yourself and your ideas with others, but you can lack discrimination and critical thinking. It is easy for you to be misled or deceived by others as you tend to trust them without following through on the details. While your intentions are generally good, you might overestimate what you are capable of, and promise more than you can deliver.

Be careful not to develop a reputation for being unreliable, simply because you desire to make others happy with what you say or promise. You may also become bored easily and you avoid responsibility. If there are other difficult aspects to Mercury or Jupiter, the problems with this aspect could be worse where you may start to manipulate the truth when it comes to getting your way as you prefer the easy road and may be jealous of other people. Even if you don't lie to others, it's also easy to deceive yourself in believing you are better than you are and deserve more than you think you do.

You need to realize that life is not an easy road to riches and that hard work, persistence and dedication to your work will allow you to succeed. You just need more patience to realize this, your impatience can make you want everything too quickly, or wonder why you are not successful yet.

You are capable of learning and studying, with Jupiter expanding your mind and expression, you can accomplish a lot when you put your mind to it. Consequently, it is possible for you to become successful in fields such as Education, Teaching, Marketing, Law or Media. Basically, anywhere where your mind and communicative talents can be utilized. You possess an acute but disorderly mind; you can come to rapid conclusions without knowing all the facts. You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects.

61) ► **Mercury** ♀ **Square** ♀ **Pallas** - (4°06' A) ♄4 | ♃1

([578] 12andus.com:) Your critical thinking and intellectual skills may put you at odds with your sense of mission or purpose.

You may be tempted to overthink things or miss out on pertinent information that would help you form an opinion that matches your instincts. You may want to be an advocate and planner but feel that you are not suited to fulfill your mission just yet.

By overcoming obstacles to fully understanding situations that are important to you, you can become a spokesperson or advocate for change. You may react without fully thinking things through or with incomplete information at first, causing you to have to change your plans.

62) ► **Mars** ♂ **Square** ♀ **Pluto** - (6°55' S) ♃11 | ♇2

([428] astromatrix.org:) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs, desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

63) ► **Jupiter** ♃ **Square** ♋ **Vesta** - (4°22' S) ☿1 | ♄4

([614] 12andus.com:) Your beliefs and ideology can be triggered by a desire to make a difference in the world.

([298] astromatrix.org:) Mutual Love

Opportunities: 1. Learning Lessons from Your Mistakes 2. Leveraging Your Internal Harmony

Challenges: 1. Improving Your Follow-Through 2. Tapping into Your Talents

Sun Trine Moon in your natal chart Indicates that there can be a positive harmony of conscious will and your instinctual, emotional, and habitual response patterns to life; fewer inner conflicts between your feeling reactions and the application of your purpose should occur.

You are likely to feel self-confident and optimistic about fulfilling your potential, aims and ambitions, and you may discover that doors open for you at the right times, or people

offer support and help which enable you to move forward; luck may be a factor in your life. Your early life experiences, parental relationships and childhood social conditioning are likely to have been generally favorable, and little negativity has made any deleterious mark on your development.

In your adult life, you will try to maintain good family relationships, both with your parents and with any family that you are responsible for creating. You tend to relate well with young children, who enjoy your sincere concern, care, understanding and attention. You ensure that you learn from all experiences so that lessons do not need to be painfully repeated.

One area where extra prompting may be needed is in application. As your basic temperament is relaxed and laid-back, generating sufficient momentum towards achieving aims can sometimes seem to be too much hard work to bother. You may be unwilling to stretch and really challenge yourself to develop, and thus may fail to realize the depth of latent potential that you actually possess.

In fact, you should have considerable natural talents waiting to be exploited, and you should become alert to any opportunities that offer the prospect of growth and evolution, so that your creative drives and ability to unite feelings and will are successfully released in your environment.

However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. Following this 'pattern' will increase the likelihood of success in any endeavors, whether in business, career, marriage, or family life. You may benefit from inheritance, perhaps in business or through some type of institutional involvement. You apply shrewd, pragmatic common sense to your affairs, preferring either self-employment or positions of authority and responsibility, where opportunities to express potential are more available.

You have creative abilities, although these may be directed along traditional channels, into business or career. The spheres of law, medicine, engineering, politics, management, and education may especially attract. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

side. You may also advocate for people who feel like "family" to you.

82) ► **Venus** ♀ **Trine** Er **Eros** - (4°15' S) 009 | ♄6

83) ► **Mars** ♂ **Trine** ♃ **Neptune** - (4°06' A) ♃11 | ♆3

([344] astromatrix.org.) The Practical Idealist

The energies of the trine should enable you to become a practical idealist, where the spheres of personal relationships and social obligations are highlighted in your experience. Mars will provide you with a powerhouse of energy to use, and Neptune will indicate suitable directions for expression. This will be through a heart sensitivity to the problems of others, either individually or on a more impersonal, collective scale, and you will feel motivated to share in aspects of social responsibility.

Fortunately, most of your personal aims can be achieved within such a framework, and so you may be attracted towards socially orientated work, especially in the fields of welfare, medicine, community aid and physical therapy. In such ways, you feel able to share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. This empathy is a key to your potential effectiveness in relationships, an intuitive knowing of how to respond and what type of support can be offered. Some may consciously gravitate towards areas of spiritual / occult healing techniques, and this could be an effective channel to explore.

Your intimate love life should be reasonably satisfying, often with a strong emphasis on physical and heart energies, possibly with some intense and passionate romances. Once you settle with a stable partner, you will appreciate those deep emotional bonds, those subtle empathies and feelings of real relationship that can be established through

mutual love. Generally, your partnerships are honest and direct.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 27° **Pisces** 22' and in the **9th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 18° **Scorpio** 52' and in the **5th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 1° **Sagittarius** 37' and in the **6th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 13° **Capricorn** 45' and in the **7th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Sagittarius** 58' and in the **6th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 5° **Aquarius** 8' and in the **8th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 19° **Virgo** 10' and in the **3rd** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 14° **Pisces** 12' and in the **9th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 11° **Cancer** 37' and in the **1st** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Cancer: insecurity or attachment, large crowds, getting lost

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 25° **Cancer** 59' and in the **1st** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 12° **Pisces** 39' and in the **9th** house.
Same as for father.

The **Lot of Siblings** is in 17° **Scorpio** 7' and in the **5th** house.

The **Lot of Children** is in 29° **Pisces** 7' and in the **9th** house.

The **Lot of Daughters** is in 10° **Aries** 58' and in the **10th** house.

The **Lot of Sons** is in 22° **Libra** 38' and in the **4th** house.

The **Lot of Marriage for Woman** is in 11° **Cancer** 16' and in the **1st** house.

The **Lot of Marriage for Men** is in 4° **Leo** 58' and in the **2nd** house.

The **Lot of Deceit in Marriage by Woman** is in 29° **Capricorn** 17' and in the **7th** house.

The **Lot of Deceit in Marriage by Men** is in 7° **Leo** 50' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 10° **Aries** 58' and in the **10th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 29° **Sagittarius** 36' and in the **6th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 29° **Libra** 54' and in the **4th** house.

The **Lot of Treachery** is in 3° **Libra** 32' and in the **4th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 0° **Libra** 41' and in the **4th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 16° **Capricorn** 57' and in the **7th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Taurus (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 2nd House/Taurus: You accumulate much in life, as this opens the box possessions and creation. This placement brings explosive artistic and musical talent. You may go through periods of impulsive buying and saving, shifting between minimalism and excess. It could mean a lot of clothes, plants,- always something that makes you feel sustainable, while less of what you know you can't keep up with, like dishes or pets. You find out early what you can and can't be held responsible to keep going. You create things or find sources that makes people's jaw drop often. Self-worth fluctuates with your comfort levels, either boistering ego or deflating it. With persistence, projects that seem like they'll take forever will achieve tremendous results, including knowing one's own immense worth, as you realize that it's a long uphill battle to fulfilling accomplishment.

Pholus in 11th house

(12andus.com;) You may have a compulsive urge to seek out progressive and radical change.

Without intending to, you can spontaneously stumble upon a dramatic situation that forever changes your life. In particular, changing your associates, thoughts, beliefs and progressive ideals can lead you to dramatic breakthroughs.

You may turn over every stone to try to find a cause to put your energy behind. You may easily get caught up in social disruption and cataclysmic revolutionary change.

Group membership can be life changing for you. You can get involved in a mission or campaign that leads to dramatic breakthrough and personal relationships. You may become zealous and go to extremes to try to assert your independence or in order to find what you are searching for.

Your use of technology can lead to dramatic breakthroughs which change your life. You may go so far that you need to then scale down your efforts.

Your desire for independence can lead you to reject or rebel against others and this can require you to need to sort out toxic attempts to assert yourself or make changes.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 3rd house

(12andus.com:) Your sexual attraction to others is expressed through communication and intellect.

You may idealize your sexual partners or enjoy fantasy based intimacy. Your sexual passions influence your language, writing and communication in general. You may be motivated by erotic obsession to learn new things or expand your social network.

You may also find yourself fascinated by those in your peer network or circle of friends. Your arousal for may involve fantasies of being with two partners at the same time. You are also likely to be turned on by voyeurism or watching erotic material rather than participating personally.

Literature may turn you on and you may enjoy being read to by your partner. You may also be aroused by hearing the sound of your partner's voice or by erotic talk or whispering.

Learning from a partner or teaching a partner new things can also open the doors to erotic experiences and personal satisfaction for you.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Hygiea in 5th house

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aries (Rx)

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the first house from 'synnisigns.com'.) Your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Eris in 10th house

(synnisigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some people insist on "survival of the fittest" and you will not necessarily be the one

considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn

(whatsmyalternative.com:.) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of

power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur

evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Virgo (Rx)

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

Nessus in 3rd house

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Quaoar

A very high vibration. Quaoar will introduce change not to rock the boat, but to offer the new path. A mark of genius, "out of the box" creativity. "Darn, this is a mess and I'm going clean it up once and for all." "I've never done this but I have to do this."

From the Hamburg School of Astrology. Alfred Witte and Friedrich Sieggren. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject

that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
 To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If

our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.
