their parents' house and building a life for themselves.

This is how death in the 8th house is being interpreted, both in Tarot and astrology. However, if they decide to exaggerate being morbid, this can indicate there may be something in their destiny that is related to the end of their life, so they should study their 8th house a little bit more because this is the ruler of endings.

The 8th house is all about all the life's mysteries, and the Sun here can make them focused mainly on what can be found here. They will want to discover mysteries and study taboo subjects, magic and creative visualization.

The same position of the Sun suggests they would look to grow and develop with the help of their life partner. That's why they're not only looking to interact with their other half, they want to completely merge with this person and to no longer care about anything else.

If having a trustworthy partner, they would get their energy from their relationship, believing in the individual they're with and not even thinking of someone else for as long as together.

Their ideal lover will want to "unite" into wholeness with them, believing that only through the relationship they're having, things about themselves can become clearer.

It can be challenging for people with the Sun in the eighth house to not become dependent on the one they love and to trust this person completely. It's difficult to define this house when it so much influences natives to expand with the help of their romantic relationships.

Sex symbolizes a spiritual union for them, so expect their lovemaking to be passionate and intense. Individuals with the Sun in 8th house want to help others and can deal with difficult situations, whether theirs or others', as effectively as possible.

### **The negatives**

The Sun in eighth house offers a great transcendental potential to its natives, at the same time making them eager to experience intimacy and to explore their own soul through relationships.

These people will begin the entire process of knowing themselves by analyzing their subconscious and working with all kinds of mystical approaches.

But this means they'll isolate themselves emotionally and even have problems with their ego, especially when losing someone dear, being restricted or socially rejected.

It's very likely many of them will end up institutionalized at least once and when young.

They would rather fantasize, force their ideas upon others, become religious fanatics and plan to become masters of the occult than give up their ego, which pushes them to be all this and to search for power in different realms than the one where all the humans interact.

These people usually seem at peace with themselves, calm, confident and capable, but they will always have some vulnerabilities because they want affection and for people to be committed to them, being all the time terrified they won't find what they need.

When isolated, it can be difficult for them to see others have weaknesses too, not to mention they can become very cold and even cruel.

They may rely on only one person to offer them the emotional security they so much need and to be devoted to them. This means they have problems letting go of people and are pretty neurotic thinking they may lose their other half.

The man with a Sun in eighth house position will want a woman to make him feel emotionally stable, someone who's rich and has a successful career.

It can be difficult for them to find such relationships, but at least they'll try. He will invest all of his time and efforts to conquer his ideal lady's heart and after getting her, expect him to be terrified of losing her financial and emotional support.

When the Sun in 8th house happens to be afflicted, people with this position may be the type who'd do anything for money, fighting in courts of law for inheritances, not paying alimony and refusing to leave anything to their ex after a divorce. They would also be very judgmental not only with others, but also with themselves.

## ***Moon ☾ in VIII 8th House***

([879] i.thehoroscope.co)

People with the Moon in the 8th House are emotional and intense so it's very likely they will be surrounded by contradictions and some conflict.

The 8th House is all about change and sexuality, while the Moon is also a great influencer when it comes to change. This means people with Moon in 8th House can't find their peace romantically and are always looking for new partners to have fun with in bed.

The Moon makes them emotionally unstable, needy for cuddles and nurture, feeling like they have to take care of others themselves. These natives want to deeply connect with people, but the lunar influence doesn't allow them to. If they are able to acknowledge this, the level of intimacy with their partner will be deeper.

Moon in the eighth House natives are known for their possessiveness and jealousy, being the type that always asks questions like "Where have you been?" or "Who else was there?". It's a sort of a paradox with them, because on one hand they desperately crave being close to someone, and on the other, they aren't in any way capable of trusting a person who wants to be their partner.

**Summary:**

Strengths: Sensual, creative and straightforward;

Challenges: Pushy and controlling;

Advice: Be careful with the risks you are throwing yourself into.

**Striking conflict**

People with Moon in the 8th House are very aware of their surroundings and how their close ones feel. They are those individuals who know many things about taboos, the occult, strange sex and even death.

It's easy for them to get very attached to others because the way they love is very intense and deep. This is also why it takes them a while to recover from loss, getting hurt or being rejected.

It's possible that as children, their parents have forbidden them to live as intensely as they wanted, because they were exaggerating with how deep they used to sense.

When these people love, you can be sure they are doing it with all their heart and soul, always wanting to be the main support in their close ones' lives.

The position of the Moon in the 8th House means they inherit many personality traits from their mother's side, including all of the negative aspects the ancestors of the woman who raised them may have had.

It's normal for unfortunate events to be destructive in love and stability, so they should be attentive not to allow anything to destroy their passion and the beautiful connections they have built with others.

Natives with Moon in eighth House can have this arrangement as a symbol of the very strong complexes they're not even aware of and which exist below what they show in public.

It's possible for them to also hide memories that caused them pain in the past. This is the reason why they are sometimes hateful, jealous and even depressed.

While making their own money and living the good life, they also want to be in control of their close ones' finances. When feeling melancholic, they like going shopping and spending all their money on clothes or jewelry.

They might inherit a consistent fortune from their mothers, but they will still have moments when they'll feel like what they have is not enough.

Because they're very emotional and intense, it's very possible for them to start all sorts of conflicts with those who don't see things the way they do. These natives have a deeper and more meaningful understanding of life than others, which means they are different and often puzzling.

When the Moon is in difficult aspects, they become very difficult to let go of and hungry for power. Also, they may want to deal with everything that's forbidden and kept away from the public eye.

Many of them will have psychic abilities because they are very intense and capable of grasping the darkest aspects of a person's personality. So, don't be surprised if they're healers of alternative medicine, who use their instincts to determine how to make people better and how to nurture.

The position of the Moon in the 8th House indicates they are more aware of the dangers surrounding them and that they have a need to protect. Their emotions may be very much based on sexuality rather than on other types of interactions.

This 8th House also happens to be the ruler of wealth accumulated from others, so the planets in it are often linked to an organizational spirit and a talent for business.

Moon in eighth House individuals can be domineering and controlling, so it's possible they will not even care about what others are feeling if they aren't emotionally satisfied. Meanwhile they'll crave feelings and go through all kind of emotions.

At least their hypnotizing look and magnetism will always have them drawing people in, no matter how overwhelming their personality may seem.

The 8th House deals with sex and death, so people with Moon in it may have been impressed by powerful scenes regarding these two things as children.

They are the type who want a stable sexual partner because security is very important to them when it comes to lovemaking.

If they don't get what they want, they may encounter many problems along the way, getting disillusioned and disappointed by those who can't offer it to them. And on these occasions, they end up displaying a behavior that they would otherwise be ashamed of.

### **Experiencing feelings intensely**

Needing to feel emotionally secure more than anything else, Moon in 8th House people are always pushing themselves to be better or taking on new challenges because they need to reinvent their own emotions.

Simply fascinated by how others work, secrets and everything that's not being told, they're very attracted by those who are a mystery to them. Changing their sexual partners very often may indicate that in reality, they're emotionally insecure.

These people need intimacy, but the fact that their emotions change too often can be in their way of attaining their relationship goals. However, they are known as passionate, intense and truly loyal to their other half.

While craving to be close to someone, they can be very introverted and not trust those who want to be in their life. Expect them to give their all when in love, but don't think for a moment they don't want the same thing in return.

The 8th House is about feeling emotions very intensely, so people having their Moon in it respond strongly and passionately to challenges, no matter how lighthearted the Moon in either an Air or an Earth sign would make them.

The 8th House position means they have their feelings stronger than others, but they don't show them.

For those with the Moon in Pisces, the rich imagination and transcendental abilities are lived rather internally when the eighth House hosts this celestial body, because this position would make them more private, secretive and even solitary.

Their need to take care of their own feelings would be normal as they're aware many people can't understand their intensity.

Mysterious, some won't be able to see what's beneath their surface, but they would probably feel how the Moon in the 8th House influences them. These natives enjoy not being figured out, so you can be sure they'll never reveal too much of themselves and their emotions.

But this can influence them in a negative way because they may develop paranoia and an exaggerated need to protect their own feelings.

It can be overwhelming to discover their survival instincts, but you can make an idea

about all this by seeing how they think danger is around each and every corner, hence the paranoia.

However, it's impossible to find someone stronger and more resilient than them. They can go through the most difficult problems and become wiser and more powerful after figuring out the solutions. The more they struggle, the deeper they'll grow to be from an emotional point of view.

They'd make great counselors because they have all the required experience and can read people like an open book. The connections they usually make are of real profundity, so their loved ones need to be as deep and intense as them if they want a long-lasting relationship.

Moon in eighth House individuals don't have sex for the fun of it as they emotionally invest in lovemaking. Physical interaction feeds their soul and makes them more emotionally attached.

### ***Mercury ☿ in ☊ Cancer man 21° 43'***

([890] i.thehoroscope.co)

He may seem shy and reluctant in expressing his emotions but he's in fact very astute and controlled.

The Mercury in Cancer man is sensitive, emotional, not a little bit rational, and instinctual. Everything he does, he does it because he feels like it because it would satisfy a certain desire, bring about a sense of inner accomplishment.

This man seeks security, stability, happiness in life, through personal and subjective appreciations. He may tend to be very reticent and reluctant in speaking to other people or engaging in too many social activities.

**In a nutshell:**

Positives: Intuitive and knowledgeable;

Negatives: Vain and overly-sensitive;

Soulmate: Someone who is sociable and decisive;

Life lesson: Getting organized in a routine does him good.

**Some escapist tendencies**

He is romantic, very affectionate, prone to extreme bouts of emotional explosions, depression, periods of great sadness, and so on.

He is shy, reluctant to reveal his emotions, fixed on false expectations and hesitant on demanding what's his.

However, all this emotional and intuitive energy passing through his veins has a lot of advantages as well. It makes him more knowledgeable, observant, endowing him with a keenness for details, vigilance, and faster reflexes.

He quickly figures out the critical parts of a problem and takes a firm decision as a follow-up. He knows what to do in order to make you feel secure, loved, but say something wrong and he'll take a defensive posture.

He must learn to keep himself emotionally balanced, so he must face his fears, take on challenges when they appear, and learn to take care of himself more.

Romantic and sensitive, the man born with Mercury in Cancer will take his sweet time in analyzing the options he has, making plans, taking into account the possible

consequences, and, of course, overthinking.

He feels the need to free himself from any outside distraction when immersed in this activity because he may be intuitive and a fast learner, but outside influences will only slow him down.

He's honest and realistic about his own potential and possibility of self-development. Moreover, he loves culture, traditions, the relics and valuable elements of the past.

Whenever someone disagrees with him, he views it as a direct attack on his ego, an insult that must be punished.

He does love to talk and to take part in social events, but when someone steps on his toes, the pretenses are dropped and all hell breaks loose.

## ***Mercury ♀ in IX 9th House***

([916] [i.thehoroscope.co](http://i.thehoroscope.co))

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

**Summary:**

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

**A great mental capacity**

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

### **The positives**

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it

go.

### **The negatives**

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

For him a relation is more than a romantic trip, it's a partnership where both can make their life easier, and solve all the problem which may appear in this process.

The man born with Venus in Virgo can find interesting things in the most boring situation because he tends to see the full part of the glass. That means that he enjoys working a lot.

For him, work is as important as love, because he will spend the same time and care for both. This may sound a little bit selfish on his part, I mean, how can a man treat a woman with the same interest as he treats his job?

But we have news for you, you are a lucky one because there are men in the world for which the job is most important than love.

This one will try to make your lives happy and fulfilled with the most beautiful memories. He will be devoted to you, so keep him close, because he deserves it.

grip on life and its many challenges. That's the only way they feel comfortable in this crazy world.

Maybe you should think twice before accepting this type of man in your life if you see that you are not perfectly compatible because he will make your life a hell full of reproaches.

On the other hand, if you can handle this, you should know that he will notice and appreciate all of your efforts.

This man works with the old style, so he will prefer a casual and intimate discussion,

rather than going out with friends.

He wants to know that his partner is more than a beautiful face, but he has to relax sometimes and just enjoy the world in the way that she is.

He is quite insecure, and due to all this insecurity, he may find fault with everything that you do or say, even if he doesn't have a right to do so, but this is just the way he is, so if you are patient with him, you can solve all your problems at the end of the day.

### **In conclusion**

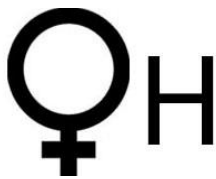

After all, this man is hell and heaven in the same sentence. But his best quality is loyalty, he will protect you as a knight protects his lady, he will take care of you.

This man can be very kind and loving if he will feel next to you at home. Because Venus is the Goddess of love, this man is going to be really sensual but he will like you to be subtle and gentle.

Just short games and innocent gestures, otherwise he can feel uncomfortable. Also, you have to be careful with the hygiene because, for him, this is very important.

And be careful with criticizing him, because thinking that he is perfect, he will forgive your words, for him, it's very important to be appreciated and praised to the skies so that his self-esteem to remain strong.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

### **Loving but a little naive**

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do fun things. The fact that they're always focusing on the positive traits of a person and can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, the happier they will feel and they'll be able to live

the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so open with their feelings and caring.

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because they simply love talking about fashion and beauty.

If some "bad" planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group's interests. They don't want to rule, they just seem to be perfect for it.

### ***Venus ♀ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Has unique ideas regarding pleasure, beauty, and love. Less concern for social amenities. They may seek unconventional women.

([920] cafeastrology.com:) When Venus is retrograde at birth, the feeling nature is deep. Socializing is taken seriously, and rarely lightly. They can be somewhat shy in youth, as there can be an awkwardness felt concerning small talk and social graces, and an aversion for superficialities. Love is extremely important to a person with a retrograde Venus, but they may not be explicit about it enough for others to know just how deeply they can love. There is always more to this person than meets the eye. Their love life (and sometimes financial life) can be hidden in some manner. People born under Venus retrograde have to watch for self-sabotage in love relationships. There may be an underlying feeling of not being “good enough”, attractive enough, or loveable enough. Deep insecurities can be present. Self-love can be an issue. Fears can lead them to overcompensate, such as overeat, serial date, etc.; or can have the opposite effect wherein the person tells themselves they don’t need love. The same person can swing from both poles in one lifetime. A balance, of course, is ideally sought. Retrograde roughly 7-8%% of the time.

### **Venus ♀ - Fall in Virgo**

([871] southfloridaastrologer.com:) An awkward expression of sensuality and beauty is found when Venus is in Virgo. It feels awkward and inappropriate to satisfy Venus' need for sensuality and beauty through Virgo, whose need is to be precise and practical.

### **Mars ♂ in ♏ Scorpio man 3° 53'**

([971] i.thehoroscope.co)

He doesn’t need anyone’s help in overcoming the obstacles in his path for he considers himself good enough.

The Mars in Scorpio man is given a double dose of this planet’s burning energy because Mars is Scorpio’s natural astrological influencer in general.

As such, he prefers doing things behind the curtain without anyone seeing him, swiftly and with great precision. He likes tricking people, acting in the shadows, pulling the strings so that everything is in his favor, but with none being the wiser.

If this man doesn’t control his raw energy and combative spirit, he could end up hurting those he loves or getting revenge on those that hurt him, when it would have been way more efficient to put his efforts to better use.

**In a nutshell:**

Positives: Perseverant and disciplined;

Negatives: Impatient and demonstrative;

Soulmate: Someone who awakens his real self;

Life lesson: He shouldn't judge others' mistakes so harshly.

**Like he has something to hide**

If you thought that everything's going to be a walk in the park with a Mars in Scorpio man, that you'll get to know him in a matter of days, you couldn't be more wrong.

This native always has something to hide, and he's never willing to spill the beans about his secrets. He has this sort of aura around him that puts everyone in guard like he knows everyone's deepest and darkest secrets.

A lot of people mistake their restrained and quiet demeanor for a weakness, for the lack of determination and will, but, oh boy, are they surprised when they anger the tiger?

These natives are in fact very ambitious and perseverant, but they don't show it, and they actually despise having to abandon their goals.

He's very stubborn, to begin with, expecting his loved one to shower him with attention constantly, to always be there for him, to fulfill his desires and wishes.

Moreover, the man born with Mars in Scorpio doesn't like having to wait for anybody or being taken for granted. He will deliver a swift and painful punishment for all those who dare to make a mockery of him, so don't even think about pissing him off.

Even in friendly competitions between friends, he often ends up eliminating the adversaries through trickery and mischievous tactics. He doesn't want to lose, that's all.

If this man learns to manage the incredible energy levels that Mars in Scorpio sends down on him, and to take control of his impulsive and aggressive personality, there is nothing stopping him from conquering the world.

He's very attractive and passionate, with a steely gaze, not even The Rock would be able to copy, and he is very determined to achieve his goals. Anyone who even thinks of getting in his way is in for one hell of a surprise.

This guy doesn't care about the number of bodies left in his wake as long as gets what he deserves. Prideful and stubborn, with a cunningness that often scares his enemies away, the Mars in Scorpio man has the potential to influence the world.

He doesn't need anyone's help in overcoming the obstacles in his path. He is confident enough in his abilities.

Plus, he is very disciplined, to begin with, so he knows the full extent of his power and ambition. Cold and calculated, he analyzes the situation beforehand, prepares the perfect plan, sets some traps just in case, and then he gets down to business.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

He is also very keen on keeping himself in shape and getting buffed up even. Contact sports and team sports are the top choices here because of the competitive spirit present in each of them.

### **No reason to play it cool**

A lot of people criticize and speak ill of him, behind his back most of the times, but he is also confronted upfront from time to time. His response? Comical and satirical in nature, just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

Intimately, there's really no reason to exaggerate, but he is a master in the bedroom, pure and simple.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman. Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and domitative personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

### **In conclusion**

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

Many will find them tiring and too controlling, but if they work alone, others won't get to be bothered by them anymore. However, if in a team, they need to learn how to stay in the back and allow their colleagues to have opinions too.

Being too rushed and not listening will put them in the dark because they won't know how to approach people or what their loved ones feel about certain things.

They should avoid being seen as bullies as this can't bring any good into their life.

### **Mars in the 1st House in a nutshell**

These natives are powerful creatures who wish to make an impact. They often act without thinking and are the charming, active and self-confident type.

Many will love to be provoked by them because they can really make things more exciting. Spontaneous and eager to start new projects, they're passionate and don't usually follow through what they have started.

All of them are stubborn, impulsive and not at all attentive to what others feel. However, their independence, dynamism and masculine aura will make them likable.

Because they're always speaking their mind and are honest, it's possible for many of their loved ones to feel hurt by their words.

Without even realizing, they get themselves into trouble when feeling bored. Their energy needs to be invested in something constructive, or they'll get to do nasty things and hurt people.

Domineering, free-spirited and stubborn, these natives are able to immediately recuperate after disease or hard times.

From an astronomical point of view, the 1st House is the 12th region of the sky in the East, the host of planets before the Sun comes up. When it comes to astrology, this is all about the childhood, the self and what a person needs to evolve.

It deals with the mask people are wearing for the public and the way they project themselves in the society. It has influences over the self-image, physicality and the appearance of a person.

The way individuals see the world is clearly represented through the elements in this House, together with the first impressions others make of them.

***Saturn ♄ in ♌ Leo man 23° 11'***

([1021] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Leo are tomorrow's leaders, with enough confidence and willpower to rule an entire country toward a brilliant future.

Organized, with a systematic mindset, and with an unrelenting attitude, these natives have what it takes to accomplish all their dreams in this life. They will advance on the social ladder straight from the beginning, leaving people fascinated with their kingly aura, dignified demeanor, and sheer productivity.

Emotionally, however, they aren't doing so well, in that they can't find a good way to express themselves. Others might misunderstand them completely because they have a pretty pragmatic approach to love. If the partner is satisfied, then that's all that matters, and they sometimes omit the emotional part altogether.

#### **In a nutshell:**

Style: Respectable and successful;

Top qualities: Astute, powerful and creative;

Challenges: Too controlling and stubborn;

Advice: Keep your friends close and your enemies even closer.

#### **Personality traits**

On the one hand, this native needs to know that their efforts are appreciated and recognized for their worth. In this sense, they don't make a difference between friends, loved ones, or even their partner.

However, Saturn Leos could sabotage themselves at the same time, by underestimating their abilities, making it seem like it's insufficient.

Even though this individual may be very determined to never give up, he will have to face overwhelming odds that keep on piling up against him.

To successfully beat everything into submission, the Saturn Leo will need to make a good use of their imagination, strong willpower, and the insidious ego that only a Leo possesses.

These challenges will appear everywhere, from a sudden reversal in leadership at work, to a harsh argument with the partner at home, and they need to get over all of these things if they are to survive and thrive.

In more serious circumstances, where the Saturnian Leo must act with utmost responsibility, he will take on the mantle of a heroic commander, leading those under him toward a splendid victory.

Everyone listens to their orders and respects them because they know how to impose a certain discipline amid their followers. However, such is the case that they may forget to put aside the sword and shield, always in a combative mode, lacking in any emotional and loving tendencies.

Saturn is the prime factor of this situation because it enforces certain limitations, the establishment of barriers for all individuals. Even though they have a beneficial effect in general, giving them the necessary guidance to reach their goals, there are also some downsides like the lack of any romantic flair.

Restrained and rigid, they crave to roam free, uninhibited by anything, just like a lion prowls and stalks its prey across the vast savannah.

### **There is some romance left**

Natives born at a time when Saturn transited Leo, will have a very straightforward attitude towards those they love, in that they will never pretend or deceive themselves.

If they want to say something, they will say it. If they feel like being a romantic lover who cooks dinner in the evening, they will do that without a hesitation.

All in all, they put in a lot of effort in order to protect and make their partner happy. In return, they expect quite a lot, at least the same kind of affection and attention they've shown.

As far as relationships go, they tend to exaggerate and become jealous pretty quickly, even though they don't have a reason for this most of the times. This is caused by their need to keep their emotional stability intact.

However, this may not always be the case, as their partner might not have the same willful attitude to express these feelings at the same intensity. Or they may be different altogether, a little introverted, or uncertain of the exact way that feelings should be expressed. Or perhaps they have high expectations.

The main problem appears when they start to feel unappreciated, and they have to find someone who understands them completely in order to solve their apparent unhappiness.

### **The good and the bad**

Saturnian Leos have what it takes professionally, in that they never relax until they have fully completed their work. In this sense, anything is a go if it means that the result will be a tiny bit better.

Moreover, because anyone needs some time off now and then, there are periods of time when they don't want to hear about anything having to do with work.

If they manage to uphold this tradition constantly, with outside help, of course, then there won't be any problems with stress and pressure. Unfortunately, they rarely allow themselves a moment of respite, because a good commanding aura can only be achieved through self-control and discipline.

They will want to fully express all their creative potential in some way and finding such an outlet will occupy a big portion of their lives.

With great talents in this sphere, they can really put behind the warrior's mantle and take on the artist's painting brush, or the writer's pen, if only they overcome their innate shyness. Socially, they are one of the most daring individuals, but with those inner desires, it's a bit hard.

What creates some awkward and complicated situations is their rigidity in thinking, the lack of flexibility when it comes to working in a team.

Natural born leaders, they will try to enforce certain working patterns and rules, even in other aspects of their lives. Finding a way to let loose the pressure would be ideal.

### **The Saturn in Leo man**

First and foremost, a Saturnian Leo man will never break his word, and whatever he says is as good as gold because he has a code of conduct that he follows, and also because it would be demeaning to not uphold his principles.

Prideful and egocentric, they keep on a straight line, one that follows their exact coordinates, never straying from them.

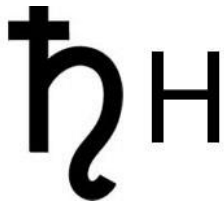

Secondly, he is a very attractive man whom you'll drool over at a first sight. Sex appeal: check, seductive and lascivious approach: check, daringness and confidence fit for a dominative partner: check.

There are plenty of reasons to believe that he will offer you a very special night, one to remember over time. It's essential to remember that he needs validation, some form of appreciation, of acknowledgment of his efforts.

Saturn makes him exceptionally manly, mysterious, intriguing even because besides being hot and sexy, he is also very knowledgeable and loyal. Definitely a keeper, if it comes to saying it.

Challenges: Dreamy, irritable and perfectionistic;  
Advice: They should do more of what they love.

#### **An altruistic personality**

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be

spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

### **The goods and the bads**

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be

objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

### ***Neptune ♆ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

## ***Pluto ♇ in ♈ Aries man 17° 24'***

([1089] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

What's the big deal, you might ask, about those born with Pluto in Aries in their natal chart? Well, find out that they are, by far, one of the most determinate and stubborn natives of the entire zodiac, regardless of where their Sun was the day they were born.

Under the impulsive and transformational influence of both the Pluto and the Aries, don't expect them to give up on their dreams and if they want to achieve something near impossible, at best, they will settle for something similar.

With the eyes of a hawk and a crystal-clear awareness, they instantly figure out the how's and why's of a given situation. Will it succeed? Will it fail? They realize this in a matter of seconds and waste no more time on deliberating whether they should go for it or not.

### **In a nutshell:**

Style: Full of desire and empowering;  
Top qualities: Quick, accomplished and optimistic;  
Challenges: Impulsive, insensitive and arrogant;  
Advice: Don't be ashamed to ask for advice.

### **Personality traits**

This native is very confident in their abilities to attain their potential and won't let anyone else say otherwise.

With a hidden picky nature, these people have very high expectations from themselves, plenty of energy to suffice for a lifetime, and a very introspective personality.

These people would have probably caught a grasp of what their flaws are, before they would reach adulthood, which is a very good thing.

Among their friends, they are probably the most mature, the financially independent companion, someone who doesn't care about appearances. If this individual wants to do

something, he won't ask for permission as he most likely sees this unnecessary, no matter who is involved.

Pluto's influence changes the way these people see the world from the bottom up. Originally impetuous and spontaneous, they become calmer, more observant, and can be one of the most patient individuals of the whole zodiac.

They can wait even for years before putting their plan into action if this means the chance for it to succeed is guaranteed.

With great ideas in tow, they will achieve the highest accomplishments because they have the courage and willpower to be the first to act in any given circumstance.

Their peerless determination and ambition can even influence others, set them on the correct path. Moreover, they have an enormous potential for growth and they are also very flexible, which makes for one heck of a combination.

From an astrological point of view, Pluto is the planet of the extremes, in the sense that it galvanizes the strongest traits of an individual and enhances them well over the normal capacities.

In this native's case, their spontaneity gets diminished, and instead, it turns into stubbornness and blind ambition.

In most cases, you would be surprised but this is a good thing, as it ensures that they won't give up after a few failures and will keep on fighting.

But it sometimes happens that they persevere with ideas that are not only impossible to put into practice but are also detrimental to their own wellbeing.

### **Pluto in Aries in love**

The Plutonian Aries natives used to marry out of material requirements or had arranged marriages by their parents. Usually, women would be married off to rich young or old men who had a good material condition, or a good social standing.

Later on, when people, women, in particular, became more independent, this changed, but only in the sense that they made their choices.

Keeping in mind that these natives are very ambitious and power-hungry, they would still choose someone with money and standing.

Of course, this doesn't mean that there is a lack of emotions in their relationships. Not at all, there will still be the majority who will marry out of pure love, but there are still some with more practical reasons to do so.

Usually, the Plutonian Aries give their all for a relationship to work, even if there isn't as much love between the partners. That's just how they are built, perseverant and stubborn to the extreme.

### **The Pluto in Aries man**

The Plutonian Aries men make for great inventors, innovators, pioneers of sciences, patrons of the art, commanders, famous people through and through.

Because of their innate drive to succeed, and the patience that Pluto instills in them, these natives are hardly ones to give up after a hundred failed attempts.

It's no surprise that they were on the cusps of perfection back when Pluto last transited Aries. Some would also take into consideration the imperfections of society and of the individual, but not even this stopped them from dreaming big.

There doesn't seem to be a middle path with these men, it's either a brilliant future or nothing. They either achieve their full potential or get shunned for the rest of their lives.

With age, their motivations and expectations may lower slightly but when young, this man cannot be moved from his intentions.

Pluto is one of the most mysterious planets of the solar system, and from an astrological point of view, it's one that holds an immense potential. With the Aries' highly energetic and explosive personality, its influence acts in its best environment, cooling down all that extra energy, honing it down to manageable levels.

It forces their impetuous reflexes to be toned down to a raw inner strength that turns into a steady drive of force, going all the way until it achieves its purpose.

### ***Pluto ♇ in VI 6th House***

([1106] i.thehoroscope.co)

This placement of Pluto makes people care a lot about having some balance in their lives, between their need for introspection and the desire to be social and outgoing.

Those born with Pluto in the sixth house of their birth chart are exceptionally dedicated

to their work, putting in a lot of effort to achieve the best results.

With passion and intensity, they will finish what they have to do, all the responsibilities and obligations, do some over-time as well. And let's not forget that they are naturally predisposed to work with people, maybe at shelters for the poor, volunteering, humanitarian actions in general.

**Summary:**

Strengths: Observant, firm and hardworking;

Challenges: Anxious, conflicting and criticizing;

Advice: They should refrain from being too competitive with those close.

**Pursuing life balance**

The sixth house Pluto people are simply workaholics who never rest. They want to feel challenged, to come face to face with problems that require an answer, to put in all their being in order to succeed.

It's like being filled with energy, with combative spirit and endless enthusiasm when they stumble on such opportunities.

If you have a problem that requires a lot of analysis and thinking, don't waste any more time and give it to them.

Related to work, they prefer working for themselves or having a personal business. This means that no one's controlling for telling them what to do.

However, their fear of being criticized and having their ideas contradicted is somewhat paralyzing for them.

These natives are set on choosing the path of humility, thoughtfulness, generosity and self-improvement. In place of thinking about themselves and doing everything to further their own aims, they want to change this way of thinking, to become a functional member of society, to help it grow and develop.

This is done through introspection, searching inside of them for this path, the necessary changes to learn these traits. The small, incremental changes will lead to the complete transformation in due time.

However, being too harsh and criticizing everything will actually be detrimental.

They care a lot about the balance between their outer interactions with the world, the social sphere, and the inner equilibrium given by their aspirations and goals.

If these two are contradictory and conflicting, they will often choose to give up on what

others think.

This is why they will often choose to work as freelancers or build their own business. No one's whip is on their backs, no one's yelling orders. Moreover, these Pluto in 6th house natives tend to procrastinate and become bored by the routine of their responsibilities.

Nothing is more enjoyable than taking the time to look at a problem from multiple points of view, to analyze it thoroughly and then formulate a plan of attack.

But the process of analysis in and of itself so immensely pleasing and satisfying. It could be because the 6th house is naturally associated with Virgo, a native we all know is notorious for this. Sure, they could look at the whole picture and reach the same conclusion pretty fast, since a lot of the problems they're dealing with are that simple.

But where's the fun in that, right? What's more, this is related to their perfectionist personality.

It's really strange being a Pluto in 6th house native, and it's even more difficult having to deal with one and getting to know them.

These people just don't take any time for themselves, to have fun, relax, be comfortable and just enjoy life.

Instead, they find excuses and implicate themselves in countless activities, take on multiple projects and work overtime, just to have the reason to think like that.

They are very lonely, figuratively speaking, because of this. They exaggerate and take some interests to the extreme, just to motivate their lack of self-interest.

They are especially good at helping people with their problems, fixing what others screwed up. Most of the times, they are able to reconstitute and bring everything back to how it once was.

They bring innovative solutions and bright ideas to the table, completely fresh perspectives and methods that no one could have thought of. It's truly a marvel to have such friends.

Of course, they will get so focused on put so much effort that it becomes an obsession, and if it fails, through some stroke of immense bad luck, self-loathing is next on the line.

If only these issues could be eliminated or at least kept under control, then they would really shine and touch upon their potential at long last.

Being able to focus is an ability that cannot be overstated, giving one great efficiency

and productivity.

If they learned to use it without the side-effects, that would propel them on the top of the social ladder, and they would feel even better with themselves.

Because nothing good comes for free, there are negative aspects as well to be taken into consideration.

It has to do with their general health. Most likely, they will have stomach problems or, the most common, emotional turmoil and distress.

### **The goods and the bads**

The opportunities of a lifetime will come to them if they only choose to be more ambitious and perseverant in their professional careers.

The chances are there for the taking. It's also a great time to repair what was undone, to be reborn from the ashes of demise and fly freely through the skies.

They are the right person to solve all your problems with efficiency and swiftness. It might appear as though they're performing magic tricks, but really, logic and reason are the only things they need.

This attention to the details will be the game-changer in their lives. Just think about it for a second.

The Pluto in 6th house natives will do pretty much anything to satisfy that perfectionist streak controlling their thoughts and creating obsessions.

Can it be pleasing and comfortable having to live with that constant itchiness on the back of their minds, with the fear of failure and that compulsive attitude that something's wrong?

It's really a problem, one that they have to deal with eventually. It ruins their social relationships and ability to work in a team because of the high expectations they place on other people.

The pressure they put on their own shoulders willingly is immense and will lead to unhappiness, stress, tension, emotional instability, or even physical issues.

### ***Pluto ♅ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very

strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

## **North Node ♏ in ♏ Pisces 2° 44'**

(Georges Muchery)

The Dragon's Head in Pisces gives vitality, and is a fortunate position for the children, especially when it is situated in the Fifth or Eleventh House. It is not, however, a guarantee of fidelity. Nevertheless, in spite of deceit, the home will remain stable, as the native possesses the family instinct. The Dragon's Head in Pisces helps in unexpected acquisition, especially from foreigners. It is also a sure sign of long journeys undertaken when least expected.

The Dragon's Tail in Virgo is not favourable for things of the mind. It makes the native materialistic and unappreciative of beauty. He is inclined to analysis, which makes him judge everything according to its pecuniary value; everything is considered in terms of money; he may marry well, but it can hardly be other than a marriage of convenience. Progress will be difficult.

(Isabel Hickey)

North Node in Pisces implies the complete relinquishment of the self in service to others. Passion would become dispassion without losing compassion.

South Node in Virgo shows the qualities of criticism and passing judgement must be left behind. They have been the cause of self-undoing in the past, and are still hidden in the subconscious motivations and need clearing.

(Martin Schulman)

In the realm of consciousness, this is the hardest Nodal position to deal with. Here, as a result of many lifetimes, the individual starts to realize his own rigidity. He is aware of

his patterns and how much they hurt him; yet he finds them difficult to let go of. In prior lives, he lived in the consciousness of a finite universe where all was well-structured. Now he is confronted with the realization that truth extends beyond what his finite senses can measure or even perceive.

He is unavoidably confronted with situations, circumstances and events which force him to relinquish his hold on the physical plane. Nevertheless, he still tries to live like the salmon - swimming against the current, regardless of the direction of nature's forces.

He still seeks order. In fact, his need for strict regimentation is so strong that he develops medical troubles in the center of the body from personalizing a stiffness that increases tension on the inner organs. Constantly he suppresses desire for the sake of doing what seems proper, for he would like to maintain an image of respectability.

In past incarnations, he built his understanding on fact, not hearsay. Now he accepts only what comes from the 'highest authority'.

He seeks ways to rid himself of the nervous irritability which keeps overcoming him, and yet he puts stipulations on the cure.

He must learn how to immerse himself in the waters of Cosmic Consciousness, and in this baptism of thought he can truly experience a new birth. Before he can do this, however, he must first overcome his karmic fear of living in a contaminated world.

He comes into this life believing that the world is filled with danger, and therefore constantly questions the credentials of the people and conditions he considers allowing into his life. Everything foreign to the self represents the threat of disease, and it is because of such thinking that from time to time disease actually occurs.

For many with these Nodes there is strong residue of sexual problems left over from former incarnations. Either a deprivation of the sexual experience, or a strong determination to avoid emotional hurt through it, leads them to seek a better understanding in the current life. Some are confirmed Puritans, while others are capable of being physically responsive and emotionally cold at the same time.

The mind is so analytical that life can easily slip into the manipulation of a chess game. This individual has a sharp eye for detail and never overlooks the obvious. He is an expert at solving puzzles, willing to spend many hours tediously groping for the tiniest answer; but he can get so involved with whatever he is doing that he often loses perspective. His past-life discriminating tendencies often lead him now to pick apart what should be left together. Thus, although he is capable of immense clarity of thought, he does not experience complete peace of mind.

Through the Pisces North Node, he must learn Faith. When he stops separating the

world into neat little compartments, he will get his first glimpses of Universal Consciousness. Ultimately he is to achieve the understanding that all is one, and one is all. Before this happens, he must learn how to stop seeing himself as separate from the rest of the world.

He will go through experiences which force him to grow more compassionate.

As he starts to find his well-laid plans dissolving to nothing, he begins to see others in a different light. Ultimately he symbolically goes through the pain of the entire universe so that he can strengthen his Divine Love to the point that he absolutely refuses to pass judgement on others.

He makes much progress by acquainting himself with the spiritual way of life. His growth extends as far as his arms can reach. While the arm of the past still clutches at his self-imposed restrictions, the arm of his future is grasping for the higher alternative. It is only his failure to let go completely that prevents him from achieving the perfect transition into the full state of higher mind. Yet, he does reach the point that he occasionally sees it.

From time to time his remarkable intuition reveals to him the mysterious essence of life; yet the past incarnation memories of his Virgoan practicality cause doubt at every point. And so, half way between one world and another, these mutable Nodes are in a constant state of change.

Arriving at his destination but not sure that he is there, he keeps going back to start his journey again. Each time, he reaches one step more into the infinite, where ultimately he will dissolve the shackles of his rigidly formed past and be born again as true Spirit.

The house position of the South Node indicates the area of life that is still too rigidly embedded in a personally overstructured idea. The house position of the North Node shows how the soul can renounce its grip on all rigid definition of form and structure so that it can be free to swim in the Ocean of God.

(Mohan Koparkar)

Previous incarnation for this person was spent in substantial discriminating condition. He was very methodical, and detail-oriented to a point of extreme. Instincts would not even get close to him at that time. In this life, he is full of instincts and 'feelings'. He wants to get away from materialism and practicality. He is searching the universe through his sensitivity; and if he feels right, he acts accordingly. His decision may not be logical on the surface, but he does not care in that respect. His judgements may not have proper reasoning but they do work right for him. Dealing with people and their emotions is important for him, as he likes the exchange of feelings in that material world to keep him happy. His use of imagination and unusual ideology is really amazing.

(Donna van Toen)

You must learn to sacrifice, give in, or give up. Your Virgo South Node may reply 'Yeah, but I have too much invested'.

Your problem is lack of understanding of need priorities.

Possible reasons: Excessive stubbornness. Fear of being taken advantage of. Selfdestructive tendencies. Refusal to face the fact that some problems are difficult to solve totally. An excessively critical environment makes it hard to admit defeat. Guilt over past wrong-doing or failures.

Possible solutions: Learn to relax. Temper your analytic tendencies with compassion for yourself and others. Judge people and things by their usefulness and set your priorities accordingly.

\*\*\*

Virgo South Node often doesn't enjoy his or her own company. This naturally affects his or her ability to enjoy relationships, since the self is always present. Virgo South Node doesn't feel human; he or she operates like a well-run machine. Not all Virgo South Nodes are workaholics, but I've seen enough instances to believe that this is one of the more typical results of nodal imbalance for this polarity. Another is an involvement in unsatisfying or destructive relationships, since often the Virgo South Noder is so terrified of being alone that any relationship is better than no relationship. By tapping the hidden strength of Pisces North Node, the individual can get in touch with his or her basic humanness. Only then can he or she come to terms with his or her needs and alleviate his or her dissatisfaction.

Some signs of an over-developed South Node in Virgo are: bigotry; refusal to settle for anything less than perfect; a feeling of being 'different'; a tendency to test others mentally; a 'let me do it for you' approach; shyness; jealousy; a tendency to be critical of others' grooming, clothing or abilities in general; pettiness; and insecurity - building oneself up by knocking others down openly or through back-stabbing.

North Node in Pisces dreams of being left alone. He or she wants to be separated from the mass of average people so that he or she will be free to meditate or contemplate the mysteries of life. Note that they want to initiate this separation themselves; if rejection brings separation, he or she will feel trauma rather than satisfaction. This person is inhibited or shy, and sometimes inclined to repress the emotions, which may be extremely difficult to express. Fussiness or quibbling supplants the desired meditation and thwarts the dream.

Antidotes for Pisces imbalance: Psychodrama can be a useful tool in unlocking nodal

potential. Education in keeping with the client's aptitudes is recommended, with literature, geography and medicine being ideal choices where aptitude permits. Fishing and other water sports often prove beneficial. Public speaking should be encouraged. If aptitude is shown, magic or creating illusions, painting, sculpture, boating or water sports could be a good topic. Writing is also good particularly in the areas of astronomy, myths or legends, poetry, instructional material, nurturing themes, and medicine. Hypnotism might be another good choice if the client can gain sufficient knowledge in this field.

Unless the overall tone of the chart is contradictory, the client should be discouraged from entering any profession where the overall emphasis is on strict discipline or nitpicking, since this would reinforce the very tendencies that need to be softened or balanced. Discipline can be given a bit more emphasis if the client is operating in an entertainment capacity. Some good career choices would be: sales, cooking, acrobatics, gymnastics, detective work, painting and design. Generally, the clients I've met with these types of imbalance have been hard workers - close to workaholics in some cases. Usually they need relaxation more than work motivation. If the client is in a high-pressure job or required to work long hours, it's important that the antidote be something that's done for the love of it and is conducive to relaxation. Religious and spiritual activities often prove to be helpful antidotes. Many clients who remain unmoved by other options will be drawn to these..

### ***North Node ♁ in V 5th House***

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring

friends and acquaintances of a specially high social status. It causes the native to come into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good

success in love / romance, but regarding friendships they may have many disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him,

but instead his frustration arises from the gap he sees between the reality of his past-life dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the

individual comes to understand his own sense of self-worth. He observes how children put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning selfdiscipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

\*\*\*

In the fifth house, there's a hang-up about self-expression. Here we have the social

climber of the show-off. Less commonly we see the 'Aw shucks, it was nothing' syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a primary loyalty to self before the rest of the dream can be fulfilled.

### ***(Black Moon) Lilith ♀ in ♒ Aquarius 25° 29'***

([1147] elsaelsa.com)

#### **Neo-Creator**

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone

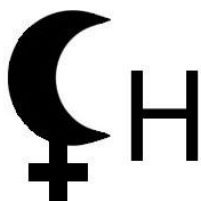

else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

### ***(Black Moon) Lilith ♀ in IV 4th House***

([1152] [elsaelsa.com](http://elsaelsa.com))

#### **Deep Roots**

If you have Lilith in the 4th house of your chart, her themes will manifest in in the areas

of home, family, and roots. Lilith's energy is deeply personal to you and is at the core of your being.

With this placement, you likely encountered your wound and rage early in life. It may have been caused by your parents or family, or at the least it was mishandled by them. Instead, you were made aware of how inconvenient your pain was to others and it was dismissed, controlled, and contained.

In traditional astrology, the 4th house is the subterranean angle. This is the deepest, darkest, most private part of you. It is your tap root, and it is the soil from which you spring. Having Lilith here shows that your primal fury and righteous indignation has been fundamental in forming the person you've become.

With Lilith in the 4th, "the personal is the political" is much more than a slogan. It is your deepest truth. While you might not be out waving signs at every protest, it is likely that you have organized your life to align with your beliefs, often in unseen ways. At the very least, you will strive to carve out a space in your life and your home for contemplation and to process your emotions in safety. As one 4th house native I know likes to say, "I am the priestess in my own den of spirit."

Though there is much more to say, I will end with this: though Lilith in the 4th house is most certainly painful, it comes with blessings as well. It provides courage and conviction. It gives a strength and resilience that can't be taught. In the immortal words of Tolkien, "Deep roots are not touched by the frost."

## ***Ceres ♀ in ♈ Aries man 4° 50'***

([1161] [astromajesty.com](http://astromajesty.com))

People with Ceres in Aries need persons who will provide them with care even if they don't know how to ask for it.

In the same way, they don't know how to express their care. Even though they want to make their loved ones feel safe, loved, and protected, they don't show that with sweet words and caring gestures.

That is why these kids usually grow up in an environment that teaches them how to be selfsufficient and fend for themselves.

Only when they feel they have their independence they can be happy. But they are not lone wolves, and they need people they love close to them.

Those that love a man with Ceres in Aries need to learn how to show them care and give them love while also giving them enough space to chase their dreams, goals, and careers. Otherwise, they could start feeling suffocated and run away.

It is why they want a woman who can be their equal, who is self-resilient, highly intelligent, and has a complex personality. Men with Ceres in Aries need a female who will challenge them and force them to be brave and daring.

These men are passionate in the bedroom, love to have control, and they need a woman who is not shy and doesn't hold back.

However, if someone betrays them, they can get quite aggressive, and they explode with ease.

Individuals with Ceres in Aries use deeds, practical acts, and helpfulness to show love, nurture, and affection. These are not the people who will shower others with romantic gestures and cuddles.

But they are not selfish, and they love profoundly. It is why people with Ceres in Aries will support their loved ones no matter what. They will be there when someone needs

them, and they will help others grow and be successful.

In Roman mythology, Mercury is the messenger of the Gods. It is also the ruler of the 3rd house which focuses on communication and relationships with friends, family, acquaintances, and the like.

To find Chiron in Gemini indicates that there are problems in this area. A consequence of having Chiron in Gemini is that those who have it may not feel as though they can freely express themselves openly and truthfully. Vocalizing their personal opinions is not something that comes naturally to the Gemini Chiron.

Deep down they are actually gifted when it comes to speaking. With Chiron in Gemini, they have a natural way with words however this is not seen by the Gemini Chiron, instead, they experience difficulties in this area as they fail to see their unique abilities. The implications of this are noticeable, either by the Gemini Chiron being quiet or if they regularly struggle to get their words out.

Communication is important to their evolution. Chiron in Gemini indicates that there are lessons and healing that need to happen in the area of communication and establishing relationships.

People with this placement may feel as though they want to break free from the constraints of limited thinking and the frustration of not being able to communicate with others. Putting aside their fears is a key part of their personal development and will help them to avert negative thinking in this area.

### **Personality**

Chiron reflects the areas that need to be worked on in a person's personality. It showcases the emotional baggage that impacts actions and decisions made throughout life.

Despite its seemingly negative tone, it does possess some positive aspects.

The astrological symbol for Chiron is a key. By understanding the impact that Chiron has on our personality and life we can unlock the truth of our existence and face the darkest aspects of our being. Coming to terms with our wounds can help us to heal and survive.

### **Negative aspects**

The messages that you absorbed at a young age may have impacted your view of the world and yourself. This could be bullying from a sibling, children at school, or an authoritative figure such as a teacher or parent.

This has had a lasting effect on those with Gemini Chiron. They may also have had a stunted understanding of the way that the world works, it could be that they were kept out of conversations such as sex, finances, and death, in a bid to protect them in their childhood.

Chiron in Gemini may suffer from low self-esteem and interpret their lack of communication skills as them being stupid or ignorant, which is not the case. These false ideologies may make them feel as though they can't fit in with others. Imposter syndrome may be common with people with the Chiron Gemini placement.

In work or social situations, they may feel as if they are in lower standing than those around them, particularly those who are natural and gifted speakers. This can result in constantly comparing themselves to others.

They may project their insecurities onto others by putting down those who seem less intelligent than themselves. This is a coping mechanism, an unhealthy way of deflecting their frustrations and releasing their anxiety.

Generally speaking, they tend to oppose those who gossip or participate in the slander of others. Communication is important to the Gemini Chiron and those who abuse it are not looked upon favorably by them. However, they can contradict themselves by engaging in hearsay and participating in the discussion of rumors.

People with this placement may also be considered as a scatterbrain. The way that they process their thoughts may not be organized which leaves them occasionally tongue-tied when they attempt to communicate clearly and articulately.

There may also be a tendency for Chiron Geminis to be more susceptible to mental health issues, anxiety and, potentially, substance abuse, though this is not absolute. In social settings, the Chiron Gemini may be more of a drinker than their fellow peers. The influence of Dutch courage helps them to communicate in a way that they have never been able to when sober.

### **Positive aspects**

Those who have Chiron in Gemini will embark on a journey of communication. There is deep healing in this area of their lives and through having an openness to understand their weaknesses they will improve and learn to speak their truth.

There is something inside of them that wants to break free. They have a unique gift that needs to be shared with the world.

These individuals have a natural curiosity for the world around them. In their solitude, they can appreciate the little things in life such as a bird's song, the frost on the ground and the sound of the wind through the leaves. They may have interests in travel, nature, and even mechanics. It is not uncommon for them to take risks and divulge in activities that others may think twice about doing.

The fact is that the Chiron Gemini isn't actually bad at communicating; they just have the impression that they are, which affects how they speak in general. The benefit of this is that they can take specific measures to counter this.

They can be open-minded and may be able to express themselves with their body language very well. As they are not particularly vocal they find ways to communicate that others may overlook.

Despite their seemingly gentle nature, they can have a sharper side to their personality.

The Gemini Chiron may be argumentative and can be surprisingly bold when facing off someone they dislike. This is due to their lack of articulation, much like when a toddler throws a tantrum when they are unable to express themselves in the way that they want to.

### **Men with Chiron in Gemini**

From a male point of view, Chiron in Gemini residing in their chart may have caused problems in their early years.

The trouble that they faced with expressing themselves may have meant that he let others speak for him. By allowing others to put words into his mouths he could've been victim to manipulation in social scenarios.

He may have struggled to speak up for himself which would have led to him finding himself in situations that did not serve him. He could've been susceptible to peer pressure. By not being able to think for himself he may have gotten into trouble at the expense of others' behavior.

The Gemini Chiron male may tend to adapt himself like a chameleon to fit in with the crowd or he accepts his social status as an outcast. This is at no fault of his own. He

could rectify this negative self-image of himself however he has allowed feelings of inadequacy to take hold. He may feel as though he cannot measure up to others, especially other males.

The Gemini Chiron male can feel intimidated when they are near loud individuals. In large social groups, he tries to conceal his insecurities and would prefer to let the large characters in the room take charge. When alone they take pleasure in solo activities that satisfy their curious minds such as research or reading.

### **Lessons**

This placement highlights the wounds that need to be healed, it is not an indication that the Gemini Chiron will suffer from communication problems and how they relate to others.

The impact of Chiron can be remedied with conscious thought, an open mind, and effort. Once someone can identify the effect that Chiron has on them, they can take the necessary steps to start the healing process and conquer their issues.

There is a budding intellect and communicator that wants to show themselves off to the world inside of a Gemini Chiron.

It lives within them, what blocks them is confidence in themselves and the energy of karmic pain. Once a Gemini Chiron can identify their issues and open themselves up to being more communicative, they will release the issues gained from their past life.

The Gemini Chiron must move past the notion that their speech must be perfect, it's ok to have an unpopular opinion or an alternative view of the world.

So long as they are being true to themselves and respectful of others the Gemini Chiron will flourish once they come to this understanding. They must also avoid trying to impress everyone.

To learn from their wounds, the Gemini Chiron must not 'people please' or worry about how others see them.

They must not be fearful of judgment. In life, every idea or sentiment that we have is for a purpose, whether it's to educate others or be educated by understanding our ignorance.

Communication has its place in this world to help us create bonds with ourselves and others. The Gemini Chiron must know that their points are valid and they should not be scared to share them. They were given a voice for a reason and so it must be used for its purpose.

Everyone in this world is unique in their own ways, this is something that the Gemini Chiron must accept. The Gemini Chiron has talents in listening, where they struggle to speak themselves.

This makes them an excellent confidant and friend. If they continue to have issues with communication then they may wish to look toward the stronger aspects of their personality.

While they refrain from speaking, they should learn to quiet the mind and listen to their intuition. If the Gemini Chiron can allow themselves to be guided spiritually, they may find the voice that they have been looking for.

As such, Gemini Chirons are healers by nature. They can help others who also struggle to express themselves and be of support when they need it.

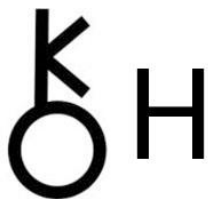

Another lesson for the Gemini Chiron is that they are intelligent regardless of what they think or feel about themselves. If they have received messages in their younger years that they are not smart enough it was only due to the insecurities of those individuals.

The Gemini Chiron must start to put in the effort to study, learn and keep their mind open. They must apply themselves to see the results that they want and must not fall victim to the negative self-image that they have of themselves.

As time goes on, they will become more comfortable with who they are. When the Gemini Chiron actively starts to seek out opportunities where they can express themselves, they will come to discover that they have a knack for it.

Through the word that they speak, they will offer great help and healing to those that hear it. Their voice will become important for many and they will have a significant impact on the lives of others.

### ***Chiron ♄ in VIII 8th House***

([1267] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 8th house typically struggle with sexuality, intimacy, and mortality. It is a perplexing placement, and it may indicate experiencing a traumatic loss,

death, or financial issues.

Anyway, this position will likely manifest through intimacy problems, not accepting death, or inheritance and tax complications.

Those with Chiron in the 8th house almost always have to go through life-changing events and occurrences that will leave them with trauma or emotional scars. It is the placement that forcefully makes one transform, grow, and develop.

These are not inherently this life's traumas. It can also be a memory, energy, or karma from the past life. Thus, the pain is typically related to dying, being abused, or losing a loved one.

However, it could also be that one is terrified of dying or experiencing the death of their family, friends, or partner.

### **Fear of death and illnesses**

Yet, when they unite, the 8th house and Chiron usually bring one's most challenging fears to life. It is why these natives are likely to see someone die at an early age or have a near-death experience early in life. They also tend to be afraid of getting sick or have nightmares of their dear ones dealing with a life-threatening illness.

Chiron in the 8th house natives could also have a fascination with death, occultism, and kabbalism.

Thus, they could be curious about self-afflicted pain, provoking death and accidents. The darkness and danger often excite them and trigger their deep interest. It is what could lead them to turn to self-destruction or hurt others to see their response.

They are typically emotionally demanding in relationships and have issues with how they express their sexuality.

Those with Chiron in the 8th house tend to find it hard to relax with others, let go of their restraints, and be in the moment. They don't trust anyone, or they fear in advance that everyone will leave them.

It is what also makes them act awkward, shy, or embarrassed in front of potential lovers. Yet, they would do everything for others to like them, so they'll try hard and often do something that doesn't make them feel comfortable.

That results in not being sexually satisfied and generating frustration, self-doubts, and growing concerns of inadequacy. On the other side, they typically manage to satisfy their partners because they are highly intuitive and empathetic.

Those born with Chiron in the 8th house typically don't talk too much. They are observers and have analytical minds. It is why they will evaluate someone's posture and behavior before engaging in interaction.

These individuals are great at reading other people and picking up on their signals and cues. Others could perceive them as weird or scary, but that's usually due to their investigative personality.

Thus, as they question everything and everyone, they can see how others manipulate people and pull the right strings to get what they want.

But Chiron in the 8th house natives doesn't fall easily into those situations because they anticipate and identify who could lie to them and use them.

Yet, they don't act as a judge because they understand why people do what they do. It doesn't mean that they won't become mad or disappointed, but they will consider the situation.

People born with Chiron in the 8th house are especially fond of children, animals, and those they perceive as innocent but caught up in unfavorable scenarios.

Thus, they often end up as healers of those on the margins and struggling in life.

### **Primal responses and feelings**

They are much more complicated in love and lust connections because those relations trigger primal emotions and instincts in them. It is why they tend to become controlling, jealous, and manipulative.

If they doubt their partner and their loyalty, they can be full of rage and resentment or become obsessive and hysterical.

However, they mostly become hot-tempered or conniving because that's what they use to hide their insecurities and fear losing their partner. They try to control their loved ones and direct every move because they see it as the only way of ensuring their devotion.

Hence, their manipulation and mind-controlling games are a consequence of their vulnerability and lack of self-love.

If they manage to relax in intimate moments, they could find healing in their sexual expression or share the most vulnerable part of themselves with their partner. On the other side, sex can also be a lethal weapon that destroys their ego or self-esteem.

These individuals tend to perceive everything as a power struggle, including love and connections. They are afraid that one wrong move or word could make them look weak

or chase their loved one away.

### **Healing potential**

Their fear of giving in and being intimate likely tends to come from a traumatic experience concerning sexuality, including sexual violence, threat, or humiliating situation. These natives usually hide that trauma from everyone or even from themselves.

As a result, Chiron in the 8th house natives can't connect with anyone on a more profound level.

Regardless of how hard they try their defense mechanisms sabotage their effort. That is especially significant regarding physical intimacy. They are afraid of others seeing them without their protective layers.

Nevertheless, these natives could use that pain to help others heal. If they learn how to overcome their inner troubles and fears, they could become healers.

But that requires confronting their inner demons and finding ways to overcome them.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you observe how others prefer to remain safe in what gives them shelter, while you try to discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

## **Part of Fortune ☒ in I 1st House**

([1287] [astrolibrary.org](http://astrolibrary.org))

You have the ability to see life through your own lenses. Your fulfillment is based on the ability to focus your energy in one direction. To be able to do it without selfishness and with wide scope, you must develop awareness of others and learn to take a more subjective view, not only about the world, but also about yourself.

When you discover everything you are capable of doing and all the obstacles you can overcome, you gain confidence in yourself and an unsurpassed enthusiasm. When you learn that everything comes from within yourself, you will be less dependent on the opinions of others.

For this, you must acquire strong power over yourself, seeing yourself as the central point of your life. Then, the rest of the world will be tuned to your own goals and ambitions. So, it is important to channel your life in an important and meaningful goal.

You will not receive the help of others, and you realize that you do not need it, either. Your greatest fulfillment will come from your self-sufficiency and independence. Anything you achieve will be less important than the ultimate goal, which is to truly understand and discover yourself. You will be able to achieve anything you set out for as long as you are willing to do it for yourself.

Since your Part of Fortune is in the first house of your birth chart, the seventh house is the opposite house. Through the 7th house, you should understand that you need the company of other people. You will understand the greatest truths being in the company of others. Your personal appearance is important, as it will help you achieve harmonious associations.

Others trust you and therefore feel good about following you, although often you do not like to lead others. The more space you give others, the more space they will give you. This will help you open up to the world, to truly know yourself when faced with challenges, and to learn to check your ego.

Understanding non-selfishness will allow you to experience a much higher than normal freedom, where your personal needs and those of others lose their distinction, since they are the same for everyone. When your limited ego serves a superior cause, which is the

same for everyone, then you will not feel isolated and your individual self will evolve, serving the needs of those around you.

The more dominion you have over yourself, the more your satisfaction and fulfillment will increase.

You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. 3) ► **Descendant DC Parallel ☿ Mercury - (0°07')** ♃7 | ♄9

([170] [astromatrix.org](http://astromatrix.org);) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your

freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

4) ► **Descendant DC Parallel ♃ Neptune** - (1°32') ♃7 | ♃7

([210] [astromatrix.org](http://astromatrix.org);) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

5) ► **Imum-Coeli IC Parallel ♂ Mars** - (1°40') ♀11 | ♀1

([188] [astromatrix.org](http://astromatrix.org);) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in

ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

6) ► **Sun** ☉ **Contra-Parallel** ♄ **Saturn** - (1°40') ♀8 | ♀10

([145] astromatrix.org:) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this

is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

7) ► **Sun** ☉ **Parallel** ♅ **Neptune** - (1°34')    ♀8 | ♃7

([9] [astromatrix.org](http://astromatrix.org);) The Dreamer

Any Neptune aspect to the Sun is likely to have a distinct impact on the individual expression of personal power, identity and life direction, so it becomes important to create a positive approach to the Neptunian energy and especially so with the more influential aspects of the conjunction, square and opposition. The difficulty with an unintegrated or repressed Neptune is that its influence often appears to be negative, and with the conjunction aspect it is imperative to discover a way of joining this energy to the natural form of expression that the Sun sign indicates.

You will probably experience an ongoing challenge of self-confidence and of establishing a suitable and satisfying lifestyle and sense of purpose. The nebulous influence of Neptune's sea mists tends to confuse you, dissolving many of your intentions away, and making your sense of individual identity almost transparent at times as that personality center seems to ebb and flow in tune with an inner tidal rhythm.

Because of an inner experience associated with insubstantiality, you can lack the strength of a firm and fixed individuality, and this has the effect of diminishing confidence regarding your actual capabilities and will to achieve any objectives. You can find it hard to be consistent and to persevere through self-discipline and application for long periods of time. Your identity can appear to be periodically submerged by the powerful Neptune energy, dissolving plans and ambitions, and then leaving you washed ashore in another inner place wondering what to do next even before you have completed the last project.

That ethereal Neptunian music will invade your conscious mind, acting as a diverting distraction, and in some cases can influence the listener to become lost in the swirling of your own hyperactive imagination, leading to self-delusions. Confronting the stark realities of life is not always easy with a prominent Neptune. There is a tendency to build a private reality, one which excludes the dark sides of self and the world, establishing a veiled and limiting perspective of life which only generates activity by additional repression into the unconscious mind.

Personal responsibility is avoided if possible, and all experiences are filtered through this

restrictive veil, a state that if prolonged leads to inner and outer alienation. Often these forms of self-delusion emanate from personal desires, emotions and sensitive feelings, as Neptune is associated with the plastic and pliable astral level. You may develop unusual needs and desires which are subtle, intangible yet peculiarly persistent, and you may feel inwardly driven to experience or actualize them in some way. For many, such hard-to-define feelings and yearnings create more confusion and self-deception, especially when attached to idealistic images of perfection and unrealistic expectations which can only bring disillusionment and disappointment in their wake.

For the few, Neptune may bring genuine inspiration, although, even in such cases, this may become mixed with desires of self-elevation and ambitions, especially in the sphere of the conjunction's house. One of the hardest lessons for anyone with a close Neptune aspect is facing the realities of life. Neptune finds such confrontations almost inimical to its sensitivities, preferring to slide away instead of looking. You may have noticed such evasiveness in your life, manifesting in a variety of disguises through the years.

8) ► **Sun** ☉ **Parallel** ♌ **Juno** - (0°33')    ♀8 | ♀9

([593] 12andus.com:) You make your devotion and desire for commitment clear.

Your longing to be a faithful and devoted partner is very much in keeping with your identity. You may see your partner or spouse as an extension of yourself. While you may feel like you easily connect with your partner, you also expect your partner to be stuck to you like glue.

When there is any doubt or discrepancy, or when your partner doesn't share your exact vision and opinion, you can take this to be a personal insult.

On the other hand, you will do anything to keep your partner happy and you make it your life's mission to use all your strengths and talents to uplift your partner and solidify the relationship.

9) ► **Moon** ☾ **Parallel** ♊ **Jupiter** - (1°30')    ♀8 | ♀8

([18] astromatrix.org:) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out

to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase social awareness in your children and friends too.

10) ► **Moon** ☾ **Contra-Parallel** ♅ **Pluto** - (0°36') ♏8 | ♎6

([159] [astromatrix.org](http://astromatrix.org);) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or

attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

11) ► **Moon** ☾ **Parallel** ♀ **North-Node** - (0°01')    ♀8 | ♀5

([26] [astromatrix.org](http://astromatrix.org);) Enhanced Imagination

The Moon has rule over our emotions and minds; therefore, these nodal conjunctions tend toward strong emotions linking to the senses and imagination. There may be exceptional psychic sensitivities, which may be exalted in the ability to predict trends or distorted and turned to suspicion and paranoia.

With North Node conjunct the Moon, the imagination is enhanced, and the mind is stable and strong, with accurate psychic sensitivities and reliable impressions. This contributes to creative talents. Wherever this conjunction is found by house, that house and the matters it governs are strengthened.

Your inner values are in tune with prevailing social trends and ideals, supporting your popularity and generosity with people. These qualities make it so that you can easily take advantage of these social trends and even become a spokesperson/public supporter of them. Be careful not to get too swept up in fads and learn to develop autonomy.

Having the support of a mother figure is important, and there is usually assistance from them. You may feel the want to nurture others and sometimes this is done in a big way. The North Node boosts the ability to gain the support of the public. You can have a mesmerizing effect on people, a definite asset in public and political life. Other people respond to their enthusiasm, and with an abundance of emotional strength they are comfortable dealing with large crowds.

12) ► **Moon** ☾ **Parallel** ♀ **Lilith** - (1°46')    ♀8 | ♀4

([559] 12andus.com:) Your intuition and emotional connection to others is strong.

You may wear your heart on your sleeve. When you care about someone, you'll automatically treat them like family. More specifically, you'll treat them as a mother treats her child, regardless of your respective ages or genders.

You find home, family and family like connections to be your greatest source of personal fulfillment and nurturing. Food, home, nostalgia and connection to family traditions all make you feel secure. When you need nurturing you may spend time with powerful female influences and mother-figures in your life.

14) ► **Mercury** ☿ **Parallel** ♊ **Neptune** - (1°25') ☿9 | ♊7

([33] [astromatrix.org](http://astromatrix.org);) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these

talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

15) ► **Venus ♀ Contra-Parallel ♂ Mars - (0°07')** ♏11 | ♎1

([173] astromatrix.org:) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

([180] [astromatrix.org](http://astromatrix.org);) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

7) ► **Imum-Coeli IC Conjunct ♀ Saturn** - (9°04' S) ♀11 | ♀10

([202] [astromatrix.org](http://astromatrix.org);) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

([2] [astromatrix.org](http://astromatrix.org);) Even Tempered

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

9) ► **Sun** ☉ **Conjunct** ♃ **Jupiter** - (9°49' S) ♀8 | ♀8

([6] [astromatrix.org](http://astromatrix.org);) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that

enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

([167] [astromatrix.org](http://astromatrix.org);) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences

inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in business and financial matters and the matters of love and friendship. ([236] [astromatrix.org](http://astromatrix.org);) Common Sense

With the sextile, this planetary relationship is easier to manage than with the conjunction. While an emotionally restricted expression remains likely, it is less limiting, since your rational mind serves to dissipate inner darkness. You should be aware, however, that resolving emotional conflicts is necessary; and for you to do this, your emotional complexity needs understanding.

While you recognize that you do not have all the answers, you realize striving to understand helps to build bridges - whether within yourself or to others - and so you value the act of listening and are ready to talk about problems with friends or partners for mutual support and benefit. To you, 'a problem shared is a problem halved', and you know that taking a realistic approach to emotional problems increases the chances that eventually a constructive solution will emerge.

Part of this process is self-therapy, because you remain serious, reserved, and cautious, still uneasy with displaying feelings for others, unless they are old, trusted friends and family. Yet others turn toward you for support, not necessarily because they believe you have the answers, but because they recognize that you will honor and acknowledge their pain and confusion. In that mutual recognition a form of supportive healing and acceptance can be transmitted.

You apply an intelligent approach to life, founded on common sense and personal integrity. You will demonstrate efficiency, practicality, pragmatism, and order in whatever tasks you undertake, and will be relied on to perform in an organized manner in accordance with standard procedures. You work well within traditional workplaces where established operational structures exist and conformity to them is expected; this satisfies the Saturn expectations. Attractions to law, medicine, politics, management, local government, and education are likely. There may be financial skills which can be exploited, especially through business endeavors.

You have an aura of respectability and realism. You are not an ineffective dreamer, but a reliable member of society with high behavior standards. Personal integrity is a quality that you will not compromise, even if this means losing opportunities. If everything seems above board, however, you are usually alert to take advantage of an opportunity. Two of your assets are persistence and determination and you use these in whatever tasks you are set. You are ambitious, although not obsessively so, and will probably make steady progress. Self-development, study, and learning attracts, as you enjoy increasing knowledge and understanding.

Although you may limit this to specific interest areas, you can acquire specialist knowledge if you so choose. This could be shared with others through some form of teaching, with your knowledge effectively communicated. You prefer similar personality types in friends and partners - those who are intelligent, serious-minded, and culturally thoughtful. Close friendships and trust are important and you favor a small, select group

of confidantes linked also by emotional connections, mutual care, and concern.

For a permanent partner, you want someone capable of relating deeply on every level - physical, emotional, mental, and spiritual. Your ideal relationship encourages mutual development, as both partners help each other; this becomes a creative interdependence.

You must not deny feelings, instincts, and emotions, especially when mental preoccupation is more emphasized and active. Feelings are important; and, while remaining vulnerable to their reactions, you would be unwise to ignore their messages. Liberating feelings and listening to signals from instincts should also be encouraged; discover how you can express these feelings and instincts within secure, intimate relationships, and learn to trust their guidance.

([253] [astromatrix.org](http://astromatrix.org);) A Natural Born Lover

Opportunities: 1. Sublimating for Artistic Expression 2. Going all in with Relationships

Challenges: 1. Finding the Right Partner for You 2. Avoiding Infidelity

You have an even, well-balanced flow of sexual and romantic energies, meaning you're neither overly aggressive nor overly passive in your approach to these areas. Love-hate relationships aren't your style; nor are purely platonic ones. You tend to be happiest with an easy-going mate who has a considerable amount of imagination and is creative without being a moody, broody, artistic archetype. Your attitude towards sex is good overall.

You're attracted to marriage and are generally comfortable in your role as a spouse, provided, of course, that you choose a compatible mate. You probably get along well with the opposite sex. They like you; you like them - with one exception. That exception is that you tend to find passive people quite frustrating. Your approach to love is one in which you throw yourself into each new romantic experience. You don't like to do things half-way; once involved, you put everything you've got into making a relationship work.

Occasionally, sexual / romantic energies are sublimated into some sort of artistic activity. This is most common when air is the predominant element in the chart. Normally, however, you're a loving person who wants and needs a sexual outlet. For this reason, a less-than-satisfying sexual relationship could lead to infidelity. If you have Venus sextile Mars by sign but not by aspect, the foregoing may apply, although your need for a sexual outlet would be less strong.

([442] [astromatrix.org](http://astromatrix.org);) Afraid Of Opposition

The Ascendant and Saturn in a square aspect indicate some difficulty in expressing yourself as freely as you would like. You tend to be hesitant and reserved when meeting new people, a reaction that you find intensely frustrating since you don't feel that you are getting across the real you. Perhaps when you were a child you felt unable to express yourself openly to your parents, your natural childhood enthusiasm had to be tempered with rules and limitations on your behavior.

It may take you sometime to develop your self-confidence when you are dealing with other people. It is important to do this so you can improve your relationship and communication abilities. Because you are very discipline, rigid and cautious you may miss out on opportunities where you feel there is too much risk. Try to take more risks in your life, realize that success and failure is not so important, and experience of life and its many colors can expand your mind and personality.

43) ► **Midheaven** MC **Square** ♆ **Neptune** - (3°00' S) ♀5 | ♆7

([449] [astromatrix.org](http://astromatrix.org);) Self Doubt

This aspect can indicate extreme insecurity and self-doubt, unless your parents and other influential adults make a special effort to reinforce your self-confidence. When you meet a difficult person or an obstacle, your first tendency is to run away, because you feel that you cannot overcome it. This is probably not true, and you must learn what you really can do, instead of limiting yourself to the few tasks that you are not afraid to do.

Sometimes you seem to be surrounded by energies that are very weakening, usually from people you are with who give off very negative energies such as resentment, hostility or anger. You don't attract such people to any unusual extent, but you suffer more than others from being around them.

As much as possible, you should associate with positive and optimistic persons. This

empathy has a positive side, however, in that you understand other people very well, knowing what is going on in their minds as well as what they say. But it will take you a while to learn how to interpret the signals you get from others.

While you are young, you may frequently misinterpret people. You will feel a need to work for an ideal that is higher than yourself or for a person whom you can idealize and respect. This is fine, but you will probably be taken advantage of by people who are unworthy of your devotion, unless you work very hard to get past your idealizations and see who they really are. Then you can choose intelligently.

Healing crises, emotional wounds and past traumas are likely to play out in your life in ways that challenge your ability to succeed in your career. Aftershocks from health or emotional wounds can damage your career reputation and potential for advancement until you use these tribulations as motivation to tend to your inner wounds and overcome past traumas and obstacles. When you do, you will gain a heightened sensitivity to the plight of others and may also build your career success around channeling this energy to help and heal others.

45) ► **Mercury ♄ Square ♇ Pluto** - (4°19' S) ♄9 | ♇6

([409] [astromatrix.org](http://astromatrix.org);) The Obsessed Mind

The square can give you a harshness of temperament and expression, where your direct, blunt style can often create conflict and confrontation between yourself and others. Even though you prefer to reflect yourself as one capable of handling the 'real situation', you tend to lack a sensitivity towards possible reactions to your potentially penetrating insights. You rarely 'wrap' them up in socially acceptable packages for consumption but offer them raw.

There is a tendency to try to manipulate and mold any partner so that he or she conforms to your point of view; and often your views become intolerant and fixed, allowing little space for flexibility or change to occur naturally. Sometimes, in an effort to achieve your own will, you rely upon your strong willpower to dominate others. Sometimes this can succeed, but you are equally liable to apply it incorrectly through a lack of proportion and through insensitivity, creating more damage to your aims and others than you intended.

Mentally, you require more self-discipline and understanding to make more positive use of your abilities of penetrative insight; in particular, the way in which you present yourself to others may need to be moderated. More control regarding your thoughts and words can help to avoid any controversy and unnecessary conflict with others, and help a redirection of your powers of insight inward, so that you can observe how you are projecting those negative shadow qualities out onto others in the world when these

qualities should be being internally transformed and the energies released for positive applications.

46) ► **Venus** ♀ **Square** ♄ **Neptune** - (7°18' A)    ♄11 | ♄7

([419] [astromatrix.org](http://astromatrix.org);) Fooled By Love

With the square, there can be difficulties with the inhibition of emotions, creativity and relationships with others. Part of this difficulty arises from an extreme sensitivity of feelings which have never been properly integrated.

The square is one of the Neptune aspects that stimulates those emotional-level fogs and mists, creating a consequence of being unable to see clearly and of being liable to make misjudgments; and which fuels tendencies of self-deception and mental distortion. These factors tend to make you vulnerable to deception, prone to suffer from your own reality projections and filters, and from the choices and actions of others who may be similarly psychologically influenced. Intimate relationships can be a source of challenges, especially when you have made some form of emotional commitment, as often your choice of lover or partner results from misjudgment.

You are basically idealistic, yet this is likely to attract you towards involvement with minority cults or foreign religions because of their glamour's and strange fascinations. In several ways, these are symptomatic of an inner need of transformation, of the need to redeem negative patterns dominating your life.

Sexuality as a powerful aspect of the impulse for relationships can be a prime area in which such dilemmas can be expressed. This can be revealed through needs for multiple partners, searching for a perfect though unattainable lover, yet being unprepared and unwilling to actually commit yourself to a real flesh-and-blood person. It may emerge through excessive sexual imagination, where unfulfilled sexual imagery and desires may be intertwined with underlying and repressed emotionally based complexes or are practiced secretly and conspire to build an area of denial in your life.

Changes are probably needed in order to integrate the Neptune energy into your life, so that it ceases to display its more negative face of irresolution. Your attitudes to others through relationships need to be redefined, so that any paranoia is dropped, as well as any tendencies toward exploitation by yourself or against yourself. Standing free and independent is preferable, at least as an initial cleansing process.

Turning within through meditation or forms of self-therapy is an ideal path to take, so that you begin to release the old patterns, discover a new center by cleaning out old illusions, and see through new eyes. Meditation is a deconditioning technique, sequentially liberating through practice, and redirecting the energy flow of the mind not inwards instead of outwards, so the energy acts as a penetrating disperser of restrictive psychological patterns.

47) ► **Venus ♀ Square ♂ Chiron** - (0°20' A) ♀11 | ♂8

([120] astrotarot.net:) Typical features that this square brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. With the square, your sensitivity becomes a blocking hypersensitivity. It creates obstacles to the smooth progress of love and intimacy in your relationships. There is a tendency to avoid intimacy due to your unwillingness to expose your vulnerable side. And you can therefore come across as cold, distant and unloving person. This will very quickly put the brakes on much of your relationship potential. This natal Venus – Chiron aspects can make you especially high-maintenance. That is because you demand a partner who can feed your sense of wounded affection whilst you are simultaneously unwilling to give very much in return. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: You are very emotional and sensitive person. Also you are giving person.

- Negative traits: With this Natal Venus – Chiron aspects you may be easily offended and hurt. Problems can occur because you are unable to communicate in a way that harmonizes with others.

48) ► **Mars ♂ Square ♀ Eros** - (3°00' A) ♂1 | ♀4

49) ► **Saturn ♄ Square ♃ Neptune** - (6°04' A) ♄10 | ♃7

([440] astromatrix.org:) The Self Defeatist

The square indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

50) ► **Saturn** ♄ **Square** ☌ **Fortune** - (6°44' A)    ♄ 10 | ♀ 1

([74] [astrotarot.net](http://astrotarot.net);) This aspect creates an insatiable need to meet your desires, whether they are personal or professional. In other words, you are emotionally attached to everything you want or need. So, this is great for providing the dynamism and fighting spirit to succeed. But this can make you obstinate and short-tempered. You have a tendency to overreact and unleash your anger. Also, you have a deeply passionate nature. In love, relationships will be important to find someone who also openly expresses themselves. Never try to bottle up your emotions. Try to find techniques to let emotions out in a more refined or controlled way. Your emotional flair and dramatic displays are actually your strong points. Some methods to settle your angry emotions could range from sport and fitness to more subtle meditation and breathing techniques. This Natal Saturn – Part of fortune aspects makes you suffer from emotional tension. Also, you are ruthless and indecisive. You love conflicts at home and you know how to win them. Also, you are bossy, you lead an adventurous life and find it hard to conform and settle down. Standing up for the rights of vulnerable people is a great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Positive traits: Above you are precocious, animated, and passionate. Also, you seek emotional excitement in your lives. And you are very brave.

Challenges: 1. Learning from Authority Figures 2. Making Independent Decisions

This can be a strong indication of personal success. You have a strongly developed notion of who you are, and even while you are young you will want to be an achiever.

You want a great deal out of life in terms of goals and material possessions, but you are willing to work for them. You see the necessity of putting off today's pleasure to reach tomorrow's goals. At the same time, you can get others to work with and for you, so that all of you can achieve your goals. You are probably a very practical person.

You may have very strong ideals, but you are not likely to be carried away by them, unless the planetary energies in your chart are very idealistic. Even then, your ideals are likely to be about matters that affect everyone in the real world. You have a strong sense of your own values, and you will not get along well with people whose values are very different.

Authority figures, starting with your father, will be very important in your life. If your father is absent from the scene, your mother may play a fatherly role. The first people in your life who act as authorities will strongly influence your ideas of success and the kind of success you will pursue.

Generally speaking, you should have a very good experience with these people, and they will give you a great deal of self-confidence so that you can stand up for yourself. Eventually you will be able to make independent decisions and govern your own life as well as the lives of others.

Don't try to limit the freedom of those you love, because you could drive them away.

While you are young, you probably enjoy taking care of pets and even wild animals that need help. You like to be surrounded by familiar objects that remind you of the past, which is very important to you. When you are older, owning and taking care of land may be very important, because it makes you feel that you have roots, which you need very much.

You may be interested in gardening or farming. This aspect could mean that you tend to collect objects simply for the sake of having things around you. This habit could clutter up your life in more ways than one.

As you get older, you will pour out energy in your work and career, and you will be known as a very hard worker. But you may not feel that you are working hard, because the energy comes so spontaneously that you do not regard it as work. For this reason, you should look for a task or purpose that your life can revolve

around, that you can identify closely with.

75) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (5°47' S) ♄10 | ♇6

([358] [astromatrix.org](http://astromatrix.org);) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability,

using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.)

The texts are from 'astro.com' and 'astrology-x-files.com'.

### **Lots used for ranking eminence:**

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 16° **Scorpio** 27' and in the **1st** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 19° **Scorpio** 28' and in the **1st** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.  
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 20° **Scorpio** 53' and in the **1st** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 3° **Leo** 7' and in the **10th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.  
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 0° **Aquarius** 53' and in the **4th** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 23° **Cancer** 8' and in the **9th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 5° **Scorpio** 23' and in the **1st** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face

and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 13° **Gemini** 39' and in the **8th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 24° **Leo** 42' and in the **10th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Leo: pride and arrogance, excessive visibility, water

Nemesis in Tenth house (Capricorn): carelessness, neglect

### **Lots related to family:**

The **Lot of the Father** is in 27° **Scorpio** 47' and in the **1st** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 28° **Capricorn** 2' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 26° **Capricorn** 5' and in the **3rd** house.

The **Lot of Children** is in 9° **Virgo** 50' and in the **11th** house.

The **Lot of Daughters** is in 9° **Aquarius** 21' and in the **4th** house.

The **Lot of Sons** is in 24° **Sagittarius** 32' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 4° **Scorpio** 42' and in the **1st** house.

The **Lot of Marriage for Men** is in 1° **Sagittarius** 13' and in the **2nd** house.

The **Lot of Deceit in Marriage by Woman** is in 25° **Pisces** 28' and in the **5th** house.

The **Lot of Deceit in Marriage by Men** is in 29° **Capricorn** 32' and in the **3rd** house.

The **Lot of Marriage (in general)** is in 26° **Leo** 34' and in the **10th** house.

**Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 19° **Sagittarius** 32' and in the **2nd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 11° **Taurus** 2' and in the **7th** house.

The **Lot of Treachery** is in 8° **Cancer** 57' and in the **9th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 7° **Virgo** 16' and in the **11th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 28° **Capricorn** 2' and in the **3rd** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Aries***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 1st House/Aries: Splashes the room with your vibrancy. Goes through many changes in appearance as well as identity crises. You look for something that can spark a new battle or even new life. This placement can have depressive symptoms in between lifestyles that pique your interest at the time. You were confrontational as a child. With time, you learn that sometimes it's best to sit back and wait, take your time to shed your skin. You may find that jumping to attack finishes what you start too soon. You are well known as someone who is explosive, dressing eccentrically and maybe having a temper, or at least love a good debate. You spark many interests as you live your life full of color, and your intense life brings much change to others as you are constantly changing yourself. Childhood for you brought you all over the place, and even now sometimes you feel like you're being stretched too thin. Try not to lose sight of your refined passions in search for new shiny ones and appreciate the lows as they allow you to relish the highs in your life.

### ***Pholus in 6th house***

([12andus.com](https://12andus.com/);) You may be going about your business, involved in day to day tasks when you accidentally stumble into a rabbit hole that leads to major awakening.

An unintended accident, one small detail in your work, a seemingly mundane action will unleash consequences you weren't initially expecting.

This can mean that you end up entangled in a conflict that escalates dramatically. You may become toxically obsessed with mundane details, work or tedious matters. You may want to find security, health and stability but your desires will lead you to getting embroiled in tedious and unproductive tasks.

You can find great success through mundane work and doing things with your hands.

Your efforts to fix or make things and your service to others can lead you to make dramatic life changes.

(12andus.com:) Your deep, dramatic urge to transform and be a catalyst for change is ushered in by milestones and turning points.

Even situations outside of your control are likely to be harnessed as catalysts for deeper personal transformation. You can find your inner power, clarifying your focus and finding greater authority during times of cataclysmic change and crises.

Though you have powerful protective instincts, you will also find that you can't always dominate the circumstances around you. When milestones and turning points threaten your sense of security and foundation, you rise to the occasion and act as an authority figure.

You can also help others walk through these periods of dramatic change and transformation and may see even small catalysts as much bigger turning points leading to a symbolic death and rebirth phase for you.

## Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

### ***Hygiea in Pisces***

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

### ***Hygiea in 5th house***

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these "quick fixes" often create more problems than they solve.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams

reside under Nessus.

### ***Nessus in Gemini***

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

### ***Nessus in 8th house***

(smartyoungsters.com:) Nessus shows the dark side of the god of the underworld. But even then this Nessus has the biggest potential of becoming a healer. In fact, the most powerful healer. Nessus here, is the mafia, drug dealer, tantric yogi, black magician who uses spirits to bring him power. He is the "bad magician" from Aladdin's story who is running after the lamp for power. This Nessus has an obsessive and uncontrolled desire to gain power. He wants wealth at all costs and use darkest themes to get it. His greed is endless be it for sex, power or money. He holds his victim captive like the Devil card in tarot. When positively expressed, he is powerful yogi like Lord Shiva who heals victims of various ailments. He is the one who gives life to the dying through power obtained by controlling the kundalini energy. In love this is most manipulative Nessus who can do anything to gain control of the relationship. He will use all methods to hold his lover captive.

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

### **Amycus | Power, Powerstruggle, Brutality, Shining Light of Truth**

(vamzzz.com:) Denotes a point that provides information about a personal power source, or shows by which specific means or tactics one tries to gain power. Amycus conjunct a "research asteroid" for example, has the potential to acquire authority and respect with discoveries or scientific work. Opposites with Amycus indicate what other power (represented by a celestial body in the opposite house and sign) will act as an undermining force or obstacle on the way to personal power. Doctrines/policies designed to produce a result. Inuding change. "Amycus always finds the anomaly that has been latent in a system."

Positive: Light to shine.

Negative: Victim of violence.

### **Asbolus**

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

### ***Panacea***

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

### **Sisyphus**

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

### **Varda**

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(\*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention.
