What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

### ***Aquarius Sun ☿ ♊ and ♉ ♀ Taurus Moon man***

([836] i.thehoroscope.co)

Proud and domineering, the Aquarius Sun Taurus Moon personality can be very soft on the inside and prefers to keep their life as private as possible.

People born with the Sun in Aquarius and the Moon in Taurus are a good combination of emotionality and intellectuality. They can't function without a purpose and they are usually highly efficient at what they set their minds to.

Rational and flexible, these natives make great executives. All they need to do is to wish to be the managers. More interested in personal satisfaction rather than oriented to attract the attention of the public, they are never too domineering or the ones to try to impose their will on others. They are more the type that goes with the flow.

Some people may think of them as snobs because they are so detached. But they aren't. When they're observing others, they don't care about the financial aspect or the position in society. They are looking for what interests one may have and if an individual won't make them curious, they will simply not bother to get to know him or her better.

#### **A Contradictory Personality - In a nutshell:**

Positives: Light-headed, composed and determined;

Negatives: Stubborn, conflictual and obsessive;

Perfect partner: Someone who can offer them the stability they need;

Advice: Be mindful of how they come across to other people.

#### **Personality traits**

Aquarius Sun Taurus Moon people want to live in peace and to have security. They will be tactful and gracious all the time, in order to avoid conflicts.

Usually quiet and private about their personal life, these natives are also determined and good enough to obtain what they want from life without struggling too much.

This determination may make them stubborn while they will be young, but it will definitely become concentration towards good purposes with age.

These Aquarians are known for their patience. They will always be aware that forcing things to happen can't bring anything good. When it comes to their sociability, they are sympathetic and nice. But it's essential they learn not to give up on themselves if they want to make others happy.

Their friends will always want them around for a piece of advice. Interested themselves in the arts, they will have many friends who already are artists. Or perhaps they will get together with art directors and managers of museums.

They have executive skills too, so talking about how to organize a sculpture display can be their favorite subject of conversation.

Individualistic and ambitious, Aquarius Sun Taurus Moon natives will set high goals for

themselves. As natural born leaders, they will be followed by many. And they won't mind being the ones who rule over others. As a matter of fact, it makes them feel like they are doing their part in making the world a better place.

Some of the plans these natives come up with can be either very daring or just funny as some have no chance at succeeding. Confident, they will defeat anyone in a debate because they have the intelligence and the observation skills to identify their opponent's weaknesses.

Not to mention they would be more knowledgeable. The compassionate, revolutionary and unusual Aquarius is helped by the sensitive, stable and down-to-earth Taurus to be more practical and more of this world rather than a wanderer in the realm of abstract notions.

Many will think these Aquarians are too charming to be true. But they are only noble romantics with a more practical and composed attitude.

The Aquarius Sun Taurus Moon people like to study, and their ideas are perfectly suitable for the big picture. They know how much they're worth and they would never compromise their principles and ideals just to seem different or smarter.

It's true their beliefs can change from time to time, but in their own time, not because someone wants them to think differently. Less hasty than other Aquarians, these ones prefer to make plans and to think of all the pros and cons of a situation.

It's possible they will talk to fortunetellers and psychics because they really believe in the occult. They think highly of themselves and can be so stubborn to the point of arrogance and self-obsession.

Being more easygoing and taking others' opinions into consideration are advisable if they are to be happier. Never believing in what people are saying and doing only what they want can impede them from making their dreams come true. Not that they aren't sociable and amiable.

On the contrary, they usually think of friends more as of family. But they simply want to do things their own way. Superstitious, they will take chances but not before they have performed a few personal rituals meant to bring them good luck.

Many will like them for being in control of their own actions all the time, not to mention how attracted others can be to their style. It wouldn't matter the fact that they are eccentric and unusual, people will still find them reliable and worthy of all the attention.

If Aquarius Sun Taurus Moon people won't allow themselves to think only of their negative traits, they will be able to accomplish anything they want in life. The fact that

they are rigid and stubborn can influence them in a very negative way.

As young adults they will experiment with all kind of styles, political parties and philosophical theories. But they will stick to only a few as soon as they'll decide what suits them best. And they usually don't change their mind about something after they have made their choice.

### **Love characteristics**

Romantic, dependable and devoted, the Aquarius Sun Taurus Moon lover will continue to be loyal even if the situation would be the best in the relationship.

They will be devoted more than they will respect the rules for they are known for not having tolerance for conventions and norms.

Their position in life is usually center-left and it wouldn't matter what they are doing for a living, you can be sure their influence will be left in their work. They don't necessarily want to fit in and to be a part of something, so their partner should expect them to rebel and never conform.

They need a lot of space to express their individuality and a lot of freedom to do what they want. When they're someone's lovers, they are playing every role: from companions to best friends and siblings.

Moon Taurus people know what they want from a relationship and that is serenity, security and longevity. They are strong people who enjoy living the simple life with the one they love the most.

These natives will never try to over-complicate a situation or to read between the lines. But they can't be moved from their own beliefs and opinions. They are so stubborn, it's possible they'll become irrational supporting what they believe in.

And it won't be refusal that makes them like this. It's more like a survival instinct for them: to not accept what others want and suggest. For them, change is something dangerous. When advancing, these natives need to do it step by step.

### **Aquarius Sun and Taurus Moon man**

Under the influence of both Uranus and Venus, the Aquarius Sun Taurus Moon man is calm, but his nervous system is very fragile. It's true it can be contradictory to have sensitive nerves and calmness at the same time, but that's how he's built.

The unconventional and the out-of-the ordinary are his main objects of activity. But he needs as much tranquility as possible if he's to be efficient.

Aquarius doesn't mind chaos that much, but Taurus simply can't stand it when someone

or something messes with their routine. Water Bearers are born revolutionaries, Bulls need a quiet home and to set up roots somewhere.

For these opposing qualities, the man with this Sun Moon combination will be considered hasty and chaotic. However, the more successful and older he gets, the more he manages to sync his contradictory personality.

He doesn't want fame, but he may obtain it. Not that he'll be very enthusiastic about it. He will use it, just like he is using his money: for different humanitarian causes.

His dreams are going to space and teaching people how to make money or have more confidence in themselves. He is interested in both business and the human psychology.

His Moon won't allow him to give up the famous stubbornness of the Bull. Women will like him because he's romantic and seems mature and reliable. But he will want all the advantages of a relationship without committing.

This guy doesn't mind curvy girls who are flighty and have grace, like Marilyn Monroe. He will do the chase because he likes it and has doubtful morals.

It's good he's not a liar no matter how much he wants to get a girl into his bed. Anyway, women will fall for him easily.

Very compassionate, they should let this great trait that they have reinforce them more than loneliness does.

Usually, the position of the Sun indicates where people shine the most. The 12th house rules over self-undoing, so the Sun here is clouded by Pisces' ruler, Neptune, which means natives with this position need their own space and to reflect when all alone because only this way, they can gather all of their forces.

They will avoid being in the middle of things and if forced to act in public, they'll pretend and play a role rather than just being themselves.

Because they're night owls, they'd be great at working the night shift. It's like the darkness makes them more productive and they're aware of this.

Expect them to feel uncomfortable in large groups, so don't take them all the time to parties, if you happen to be their lover or friend.

They have a lot of compassion and need to help as it makes them feel happier, no matter how melancholic they may be the rest of the time.

The Sun in 12th house natives are very criticizing with themselves and feel like no one can understand them. Since the Sun represents the self and the ego, it becomes gradually soaked up in the twelfth house and makes the natives having this placement insecure or not able to identify where or with whom they're the most comfortable.

It's suggested these people should be a little bit easy on themselves as this will help them recognize what they actually need and which are the limits the 12th house imposes upon them.

### **The positives**

The energy of Sun in 12th house individuals needs to be recuperated through periods of retreat and introspection.

This habit is as real for them as the world outside, so if they'd study the mystique or different meditation techniques, they'd be more confident to rely on themselves and their melancholic ways.

Having this special inner world makes them great artists who have a sensitivity when it comes to sharing their own dreams or opinions while others don't have a single problem with this.

They should be gentle with themselves and allow their sensitive soul to come out, especially after alone periods.

It can't be said the 12th house keeps the strongest Sun because people having this placement in their chart are not good at expressing themselves, being more focused on dissipating the sense of self and on retreating rather than developing according to the external stimuli.

That's why it's more difficult for them to deal with everyday issues and to determine who they actually are. As a matter of fact, not being in any way assertive is something that describes them all the time.

If natives having their Sun in the 12th house want to make an impression and to no longer be so introverted, they need to turn into whom they're not and deal with the world by looking at it from outside themselves.

It's normal for them to take action from the shadows and to not use their real name if artists. There are moments when they just withdraw and no longer interact with anyone or don't make themselves heard.

This is how they get their emotional and psychological strength: by checking themselves into some institutions or places where they're permitted solitude and by staying locked inside their home.

Many astrologers are saying the Sun in the 12th house is a difficult position because this house is also the place that holds the repressed traits from childhood.

But still, individuals with this aspect have some amazing talents that can't be found in others. For example, they're amazing healers or providers, have psychic abilities and telepathic powers as the Water sign Pisces has its home in this house.

Another problematic issue with the Sun in 12th house combination is that while the Sun is the representative of the ego and identity, this house is among other things, about limits and the line between what's real and what's completely strange.

This means natives with this aspect in their chart are confused about who they are and about life altogether.

Their past lives will try to blend in with their present one, trying to make some sense, putting them in difficulty because they need to somehow integrate what ended into what's happening with them now.

It's like they could never have precision and clarity when it comes to what they're supposed to do and what's their purpose.

### **The negatives**

Individuals having their Sun in the twelfth house are very insecure because they know in the back of their mind that they're wearing a mask in public or that they can't be too worldly.

Because they don't have a well-developed ego, they can't determine who they actually are, which can bring on many strange reactions of self-abnegation and shyness, no confidence in themselves and a low self-esteem.

Rather than exposing themselves to the world, they prefer to just withdraw and face the fact that they're not so real.

It's also very possible for them to end up dependent on drugs and alcohol because they feel like everything about their life is an illusion.

There's also the alternative in which they're protecting themselves from the world by putting on a mask and operate in a continuous illusion.

These people can't know their own truths and prefer to work from the shadows. If the Sun in 12th house is afflicted, they may be neurotic, too egotistical and eager to have their hands on power they don't actually deserve.

Everything about this position of the Sun in the chart will be taken to the extreme in them, so they can exaggerate with something while young, just to compensate when mature and to arrive later in their life at having a wider perspective and feeling really comfortable.

These people may tend to abuse their power if having too much of it. Their tendency to go to the extremes can be very destructive for both themselves and others.

If they'd be famous, they'd probably have a turbulent life and feel a lot of pain. For example, if writers or dancers, they would play the role of the underdog and make life difficult for their producers, publishers and assistants.

The position of the Sun in the 12th house suggests those with this placement should allow their unconsciousness to become part of their life, so they should meet with their inner demons and resolve some issues they may have with these.

Repressing and hiding some manifestations of their psychic would only bring unbalance when it comes to discovering their true self.

These natives may have difficulties setting some limits for themselves because they seem to have some troubled waters inside, which are trying to always get out and tear down any type of barrier they're trying to put up.

### ***Sun ☉ - Detriment in Aquarius***

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

### ***Moon ☾ in III 3rd House***

([874] i.thehoroscope.co)

Although rational, people with the Moon in the 3rd House will also take their emotions into account and prefer to forge real connections with their close ones.

The Moon is all about sensitivity and emotions, and the third House rules over communication. This way, individuals having the Moon in the 3rd House have absolutely no problem sharing what's in their heart and mind.

As a matter of fact, they may have too much openness and their emotions can sometimes be too strong. Learning how to communicate less may be their life lesson, because some people don't want to hear everything from their interlocutors.

Natives with the Moon in the third House tend to be more sentimental than their peers. These people are very attached to the places where they have been raised, so taking them where they used to live would be a good idea.

**Summary:**

Strengths: Curiosity, responsivity and affection;

Challenges: Nervousness and restlessness;

Advice: Try slowing down and focus more on what is said.

**Keen on what the world has to offer**

Moon in 3rd House people love to listen, to talk and to learn new things. They are great with new languages and at impersonating others.

There are two ways with them: they either become great intellectuals who filter everything through their mind or become too emotional. Many of them are both these things at the same time, managing to achieve a balance with age.

They can change the way they think very often because they're always taking others' opinions and make them their own. It's not that they want to copy anyone, but more that they're open to anything.

It's normal for them to be agitated and nervous, especially when spending too much time in one place. Their decisions are often based on what they're feeling and emotions, determined by what makes them feel comfortable and not by logic.

Believing rationality is the main thing that characterizes their way of thinking, they're in fact only relying on intuition and feelings. It's not a problem for them to talk about emotions and things that are personal, so people can trust them with their secrets. Not to mention they will also confess theirs and provide the best insight anyone ever could.

When it comes to the third House, this is where planets and signs deal with the consciousness of an individual. Since the Moon is all about what's hidden and mysterious, people with Moon in 3rd House will be dreamy and aware of their own imagination.

This celestial body brings the conscious and the unconscious together, making its natives more melancholic and stuck in the past, but also deep in their way of thinking and very resourceful when it comes to ingenious ideas. For them, the world is a place that has plenty of useful information to offer.

When in the 3rd House, the Moon puts an emphasis more on the mental aspect than on the emotional one. Therefore, even if these natives are very sensitive, they still can understand a lot of the logical and intellectual data in their environment.

Their intuition is present in their learning and observational processes, but relies more on relational aspects than on other things.

Their instincts help them know what to expect from their social surroundings, and they don't mind conforming to what's around them without even thinking too much about it.

The problem here is that they may absorb too much information, and not in the empathetic way of the Moon in the 3rd House natives. Their mind seems to be continuously racing and to absorb information that isn't necessarily too useful for them or anyone else.

This is why they sometimes worry too much, being nervous about what is going to happen and what consequences their actions will have.

People having Moon in 3rd House can't simply tell their minds to just rest, so the danger of thinking too much and pointlessly is very present in their life. The good thing about all of this is that they can react very fast and solve problems more easily than others.

Their mind is always clear and can respond almost instantly to any type of stimulation. That's why it's easy for them to understand what others may be going through, especially when it comes to matters of the mind.

But they need to be constantly challenged and encouraged to talk because this is what makes them feel good. Loving to interact and to verbalize matters of the heart, they often prefer to rely on their gut rather than on facts and logical arguments.

As this house is also a ruler of movement, it's possible they will work as travel agents or guides. Because they love to accumulate information and then share it, they will make great counselors.

Expressing their most inner thoughts comes naturally to them, so expect to hear many things about their feelings or to find out they're keeping a diary after coming back from work.

These people can make great connections between the mental and emotional realm, but they do it privately, recording all of their feelings, just as a live commentator would.

### **Knowledge is what feeds their soul and mind**

Moon in 3rd House individuals are communicative, open and allow their emotions to rule

over their thoughts. They make friends immediately and get along with anyone, because keeping in touch with others comes naturally for them.

Their need for communication is what characterizes them the most. The Moon is also related to family ties, memories and feeling things deeply. Those who have it in the 3rd House can accumulate knowledge on any type of subject without too much effort.

Many of the things they're studying can be related to the past, like history and anthropology. They need to be intellectually stimulated because knowledge is what feeds their soul and mind.

Curious and always interested in knowing more, natives with this aspect are the eternal students who seem to wish for a higher education, all the time.

They feel like they're having a strong connection with all the Universe's secrets ever since their childhood. The environment around them is always well understood and interpreted in the correct way, but they're pretty changeable when it comes to their opinions and the way they're seeing things.

Eloquent and intelligent, it can be said these natives have the greatest mind gifts of all the people with Moon in different other Houses. Besides this, their interests are many and well established, so you can ask them about anything; the answer they'll give will be correct.

There can be times when they're confused about their thoughts and feelings, so don't be surprised if there's subjectivity in their opinions or their judgment is sometimes clouded.

The Moon determines what a person feels in the most profound sense. It's about how people are the most comfortable, so it's pretty much related with what's private and doesn't get shown to others.

The talents it rules over are the most natural ones, together with the habits they feel the most relaxed with.

Communicative, these natives won't mind telling what they're feeling, no matter if they're happy or depressed.

Because the Moon is connected with the strongest emotions, this means those with it in 3rd House are always worried about what may be going on in their hearts.

Natives having Moon in 3rd House of communication are great students who love to write and exchange ideas by discussing for long hours. The same celestial body makes them changeable according to its phases, so expect them to have moods and to not keep their train of thoughts on the same route.

This means they're restless and continuously thinking about what to do or the subject they should learn about next.

Also ruling over movement, the 3rd House influences how people change their mind. It also influences how much they like to travel and how good they're feeling in the place where they have been raised. The Moon in third House people are always on the go and jumping from one idea to another.

Sometimes, the position of the Moon in this House can influence individuals to feel more secure and, in their element, when knowing more about their environment, so it's a matter of Sun sign and aspects that determines the lunar influence here.

## ***Mercury ♀ in ♈ Aries man 15° 49'***

([884] i.thehoroscope.co)

He takes his sweet time and enjoys certain situations more than others, being often perceived as quite pretentious.

As a Mercury in Aries, this man is brash, aggressive, and straightforward with his desires and motivations, never to hide behind shyness or hesitations.

He is always coming up with great ideas that he's not just going to keep for himself just because they might ruffle some feathers.

It might seem like this man loves a good argument or debate because he does everything in his power to initiate one. Moreover, he's very dynamic and unrestrained even outside of a discussion.

### **In a nutshell:**

Positives: Disciplined and responsible;

Negatives: Narrow-minded and obsessive;

Soulmate: Someone who is observant and kind;

Life lesson: To get less annoyed and more attentive to criticism.

### **He's the one rushing to speak first**

The Mercury in Aries man does not have time to waste on mere parlor tricks and small talk. He can do that all his life and still not achieve his potential and goals.

His lifestyle is not based on discipline, responsibilities, planning and getting to know the competition before committing to a course of action.

He takes the time to bring himself up to speed with all the innovations and technological discoveries, news on the market, all in order to increase their chances and avoid the loss of time later on.

Queues and waiting for someone who's late are literally ruining his mood in the worst

way, sucking away all his energy. Generally, he's the one who rebels against authority.

Whatever they think of first, that's the idea they're going to present to everyone as being the winner, having the most potential.

Observation and analysis are two foreign words for these natives. Fast-forward two days later and the idea turned out to lack finesse, it was rough around the edges, incomplete.

Moreover, the Mercury in Aries man will rush to speak first, seemingly in a hurry to spread their ideas to everyone else.

Verbally, it's a real cumbersome activity having to listen to them talking so fast you don't even have time to follow the general outline. However, they are very fun and enthusiastic enough to compensate.

The man born with Mercury in Aries will first listen to his own gut instincts, and the decisions he takes are as good as put in to practice.

No matter what everyone else says, he's going to keep on going at his own pace, following his own rules, living life as he sees fit.

Criticism will only serve to annoy and get him to stop what he's doing to concentrate on getting you out of the way.

A comfortable and pleasing life is all he wants, and if you want to mock that lifestyle, it's your funeral. This doesn't mean that he doesn't admit his own flawed nature, the mistakes he's done.

He will naturally exude an air of authority and dominance all around him. It gives the impression that he knows what he's talking about, even when he doesn't, that he can be the one to solve the problem, finally.

He has a commanding voice and confident attitude, demanding to be listened and obeyed.

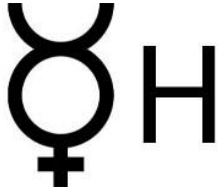

As team leaders, the Mercury in Aries man will take everyone up to the next level, upgrade their skills, motivate them with his unceasing impetus, and lead them toward success.

However, he does have a nasty tendency to leave his projects half-finished because he comes up with a totally different idea that he wants to implement immediately.

He does, in fact, want to become superior to the man he was, and for this, he is ready and willing to sacrifice a lot.

## ***Mercury ♿ in II 2nd House***

([909] i.thehoroscope.co)

This placement of Mercury makes people choose their words carefully and think things through before saying something.

Those born with their Mercury in the second house of their birth chart have an innate economic sense so they are likely meant to be bankers, financial advisors, or work in sales.

They know what is most profitable, how to get to that sweet spot, what to ask for in a deal, and they know the value of money. They know it represents the great machinery that drives the world and know how to oil the gears essentially.

### **Summary:**

Strengths: Pragmatic, resourceful and kind;

Challenges: Indecisive, moody and shy;

Advice: They need to refrain from giving up so early into something.

### **They choose their words carefully**

The Mercury in the 2nd natives are not unlike those of the first house in that they prioritize their studious abilities to the maximum degree, to the apex of their possibility.

As much knowledge and information their brains holds, that's how much they'll accumulate. There's really no limit to this curiosity and insatiable thirst for knowledge.

Even more, this time, they will use it toward material end-goals as well. As we've said before, these people are innately aware of how money transactions work, how they can put themselves out there to take a hold of the pie. Communication, as ruled by Mercury, plays, yet again, an essential role in this endeavor.

They know how to approach most situations and what to invest their money in so that the rewards are double the initial sum. They observe the market stocks and make a decision based on the changes and the probable income of an investment.

This time, these natives are not great talkers, or they aren't that impulsive and

spontaneous. They choose their words carefully and think things through before saying something.

This is what makes them able to make money out of thin air, as if it grows in trees. They are practical, pragmatic, clever, and they use that famed intelligence to build themselves an empire.

Reason and logic are their weapons against any challenge and problem. Also, they remain focused on one single thing until they have dealt with it.

### **The positives**

With Mercury in the second house, people are incredibly adept at seeing the details, reading between the lines and paying attention to the essence of a certain element.

What appears complex and incomprehensible to most people, they do it like a walk in the park, simplicity itself.

This is why they give off the impression elusiveness, mystery, a total enigma, and it's the other way around as well.

These people also don't understand how others can't do the same, how they can't systematically arrange the data out and proceed to solve the problem.

Entrepreneurs, this is the future of these natives because they put every single strand of mental energy toward the economic and financial comings and goings of a business.

Even more, they can be people of great imagination and inventiveness, changing the face of the world with their innovative and grand ideas. Ideally, this is going to make them filthy rich as well.

They can be teachers, accountants, teachers, public speakers or business entrepreneurs, all in the span of a few years if they put their mind to work.

Even though there are multiple differences in Mercury in the 2nd house, depending on other placements, in general, these natives are concerned with their material safety.

They want to have a personal sense of self-worth, a value in the world, to a stable and safe lifestyle. Materialism comes too easily for them.

It's entirely within their power to get to a certain understanding of their own identity in relation to the world, their sense of belonging and self-worth when interacting with other people.

This will also be of great help on the path toward independence and intellectual

evolution.

They need to realize that material and physical objects, those obtained through hard-work, monetary gains, aren't the ones in control.

They are only extraneous objects, tools, not goals by themselves, they are the means to an end.

Obviously, they prefer thinking, doing intellectual work, rather than physically working.

Using their brains is indeed more taxing, most of the times, as it exerts a lot of mental energy in shorter times, but it's much more productive and lucrative than working in constructions, for example.

Building an empire seems like the most logical choice. Of course, this doesn't mean that they will simply roll over and die because of the lack of physical activity.

Exercising is one of their prized interests. Discipline and intelligent design will help create a healthy schedule.

Moreover, they use the money to further deepen their abilities and accumulate more knowledge, at least that's the main goal. This makes it entirely possible for them to become incredibly smart and cultivated.

### **The negatives**

They hate it when people rush them to do something because they know they can't fully concentrate and focus.

It's going to be done in a hurry, full of imperfection, and moreover, they are their own persons, not someone's lackey.

However, when they have to make a decision at the moment, they don't step back or abandon the boat.

Instead, they dedicate themselves totally to analyzing the logically reasoning the ups and downs of the given options.

Controlling everything is impossible, so they make do with what they have on hand.

Usually, we as humans find it excruciatingly hard to choose between things that we care about, objects of our interest that captivate and enthrall us.

It's very difficult to consciously make that choice because, by choosing one thing, we automatically give up on something else.

And this is not something that they can live with easily. However, in life, they will have to make a lot of such choices, so they need to steel themselves, to prepare in advance.

They have to discover what really matters to them in order to ease this process.

They tend to be too stubborn, to build a rigid and unchangeable mindset for them in order to face against the toughest challenges, and this is obviously bad in the long-term.

They give up on flexibility and adaptation for stability and comfort. Sure, it's a sort of immediate gratification that plays out just fine in the present, but what about the future?

What if there's something that completely turns their life upside down, all the painfully constructed foundation?

They have to start from the beginning, and it would be good if their mindset were a little more flexible.

**Venus ♀ in ♎ Sagittarius man 25° 18'**

([937] i.thehoroscope.co)

He wants to have the freedom to do whatever he wants, to pursue his goals wherever they may take him.

The Venus in Sagittarius man is all about adventure, about exploring the world and witnessing the excitement lying within. He wants to travel, to have fun, to entertain himself, and to live life as he sees fit, completely free and uninhibited.

Even in a relationship, he wants to achieve the same goals, only this time accompanied by a like-minded person. He can be quite affectionate and loving, but these all depend on whether his partner is a free-spirited and open-minded individual like him.

**In a nutshell:**

Positives: Dynamic and enthusiastic;

Negatives: Unpredictable and impatient;

Soulmate: Someone who is honest and straightforward;

Life lesson: Taking the time to be more observant.

### **His love personality**

This man is attracted to carefree women who don't care as much about how the world perceives them. They have their own style, and they do things in their own way, which automatically brings a lot of satisfaction to the table.

The Venus in Sagittarius man would like his woman to be energetic, enthusiastic, with plenty of vitality, and an artistic sense.

Because his love planet is living in the sign of the adventurer, this native obviously loves to get out and socialize, to involve himself in as many social events as possible.

He's so energetic and enthusiastic that it's practically impossible to maintain a sad face around him.

He'll make you smile some way or another, and that is only if he's not going to scare the hell out of you with his adrenaline-inducing ideas.

He's an unexpected, unpredictable and non-conformist person who only does what his crazy mind comes up with. In love, he's going to be very ecstatic in the beginning phases, and he's going to be all over you.

However, it's going to be a lot quieter later on if he notices you're not quite what he expected: that communicative and spontaneous person.

This native wants to have the freedom to do whatever he wants, to pursue his goals wherever they may take him, and he's a very straightforward individual who always speaks the truth.

For this reason, he would like others to do the same, to stop beating around the bush or conspire behind his back.

Say it upfront or don't say it at all. He's a revolutionary who wants to create his own path through the world, and he wants to explore as much as possible, to vary his interests, to experiment, and to be jolly all year round.

The man born with Venus in Sagittarius is a free-spirited and open-minded guy who takes pleasure in getting to know many people from different cultures.

He's not slowed down by any stereotypes, racism, bigotry or any other disparaging concepts that most people stumble upon.

He finds relaxation in traveling, in seeing the world, in watching the world from above, in a helicopter, or in a hot-air balloon.

However, this is not his only satisfaction, as he can find fulfillment in many practices, both outgoing and introspective.

He could just as well stay cooped up in his hut on the beach for 3 days, enjoying the silence. He's not one to prefer one-night stands, and he wants to find a permanent partner to explore the world with.

He wants to find a woman who is just as crazy about exploration and adventure as him. He doesn't want to get bored or suffer from inactivity, and he would rather walk the path ahead alone than with someone who's constantly trying to criticize his interests.

Don't try to set a routine for him to follow, and never force him to do something that he doesn't want.

### **Attracted by ...**

He's interested in willful and cheerful women who look at the world with optimism, with the fiery impetus of a conqueror who can't wait to set foot in the castle that he's just put through the sword.

She should be somewhat spiritual or have mystical beliefs because that would make things even more interesting. He believes there is something more to the world than the mere material veil.

Be loyal, devoted, and love his excessive reactions in order to show how much you appreciate him. This native doesn't want a woman who is dependent on him, and he despises deceit and lying.

The man born with Venus in Sagittarius won't soon commit to a long-standing relationship because that would mean he would have a lot of responsibilities, that he would be tied down and his freedom would be inhibited in some way.

He wants to keep this independence, this impetus and drive that are the lifeline to his continuous fulfillment.

In a partner, he seeks the same sense of adventure, that constant nagging feeling that you must get out of the house and just run away into the wilds, with nothing but your will alone.

He doesn't like wasting time on small talk or other such insignificant things when he could be out there, reinventing himself, discovering new and inciting aspects of the world.

### **In conclusion**

***Saturn ħ in ⇌ Sagittarius man 28° 34'***

([1025] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Sagittarius in their natal chart go through an interesting transformation in their life and once they find their best self, they become truly humanitarian with brilliant plans for the future, a future where all humans live happily under the strict supervision of imposed rules and regulations.

But these laws are equitable, balanced, and no one receives any preferential treatment. This is because these natives are principled, just, and have a very knowledgeable nature. On top of all this, they refuse to bend themselves to irrationality or to initiate any sort of project that has no reasonable chance to succeed.

Whatever doesn't ascribe to their scientific mindset, what can't be proven to exist in this material plane has no bearing on their decisions, but they still can sometimes exaggerate in many regards.

**In a nutshell:**

Style: Truthful and exploring;

Top qualities: Direct, knowledgeable and justitiary;

Challenges: Tactless and prone to anger outbursts;

Advice: Remember that mind beats intuition when it comes to risk.

**Personality traits**

To begin with, there is one main aspect of this native that makes Saturn's influence that much effective. This individual is a natural pragmatist who plans for every small detail in advance.

They may not be the most imaginative of natives, but whatever they think of, they can probably materialize it, even ideas that could be cataloged as purely idealistic.

Thus, Saturn is the catalyst that empowers their steady-minded abilities, acting as a form of focusing crystal, a lens that maximizes their potential tenfold.

Their main interests are humanistic in general, ranging from theology to philosophy and psychology. Moreover, through all this continuous study, they have long since formed a set of rigorous principles that they can no longer abandon.

They believe that man ennobles oneself through constant learning, through effort put towards the achievement of a goal, the most exquisite of them all, gaining knowledge.

Unfortunately, they aren't very open-minded in some respects, where existential questions are concerned because they are firm with their stance and aren't very liable to change their opinions unless proper proof is presented.

Also on this line, they tend to overlook the beauty of the world, the simplistic pleasures, emotional ones mainly, that nature offers each day.

Because they are filled with rational thoughts and only ever look on the outside with a reasonable and logical perspective, it comes as quite difficult for them to appreciate the little things.

They are naturally more suspicious of other ideas and of different opinions, which they don't trust until a later point. Even with people, they aren't going to open up until they've fully determined that they are trustworthy people.

Socially, they are desirous, but unfortunately, they also lack empathy, that intuition of reading emotions, situations, the know-how necessary to get the hang of social interactions. Saturn's rules are sweetened a bit, getting looser and looser with the Sagittarian's naturally joyous personality.

### **Behavior in love**

This astrological make-up makes this native crave for novelty, for trying out new things, and for experiencing new avenues of pleasure. However, this contradicts their conservatism, their firm resolve, and rigid principles.

The rationality inside of them yells danger whenever something untested and unproved presents itself as being important. This can ruin a lot of moments with their partner, in fact.

You aren't afraid at all to say exactly what you're thinking because that would defy the expectations one would have about serious relationships.

If you can't even be honest with your partner, what's the use of having one? Most probably, the other person will be someone with the exact same type of character and won't get offended easily.

At the same time, the Saturnian Sagittarius is intrigued when their partner is a source of constant mystery, an unexplored land worth discovering.

This makes it clear why most natives with this transit in their chart fall in love with

foreigners, or people with radically different perspectives overall.

### **The good and the bad**

They are intellectuals above all else, using their rational mindset to analyze every little detail of all the things they come across, and extracting all the knowledge hidden within.

This curiosity and thorough attitude makes them so efficient and productive, as well as keeps them well above others in terms of personal prowess.

Of course, all this intellectual sprinting requires a good environment to be fostered in, and in their case, it must be organized, with a known structure and everything in perfect order.

Sure, once they settle in this kind of environment, it's hard to leave it again, so their partner will usually have to take this upon them.

The Saturnian Sagittarius are, most importantly, the adventurers of the zodiac, ever looking for the next opportunity to satisfy their inner cravings, the urge to feel the adrenaline coursing through their veins.

Seeking this refuge from the tediousness of the world, they will shatter every single obstacle in their path, break apart the shackles of societal regulations, and follow their singular goal until they succeed in attaining it.

Even if they come across difficult situations that seem to go beyond their abilities, they can clearly adapt, evolve and overcome them.

Moreover, even this mentality to begin with, that they are good enough to survive anything will change with time, transforming into precaution, patience, predictive instincts.

The way these natives do their research is simple. They tend to push anything aside and focus solely on that one topic until it's taken care of.

They exhaust all the information at their disposal, reading it again and again, analyzing it fully, in the meantime giving off the vibes of a robot, cold and calculated who only does what it's been ordered to.

### **The Saturn in Sagittarius man**

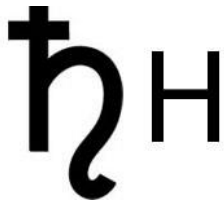

Being very gentle and reliable individuals who do well in straining situations, and are very resistant to stress, these men would make for one hell of a husband material.

Moreover, they can be extremely loving and affectionate to those they deem worthy. They are household people, meaning that they could very well settle at home and take

care of the house because they want you to take some time for yourself, to enjoy a little solo time.

And, again, with their self-imposed rules and principles, these natives have a very defined plan for the future, one they will pursue relentlessly, and they want you to be a part of it.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

## **Neptune ♃ in ♍ Virgo man 23° 49'**

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of Neptune's influence, the emphasis on details.

### **In a nutshell:**

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;

Challenges: Highly critical, impatient and fussy;

Advice: You need to put effort to convince your partner of your vision.

### **Personality traits**

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events

beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

### **The positives**

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

### **The negatives**

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not made up of perfect elements to build such a utopian place.

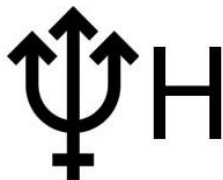

### **The Neptune in Virgo man**

These natives are very hard-working, responsible, ambitious, perseverant and endowed with great efficiency when it comes to professional expertise.

Results are what matters most to the man with Neptune in Virgo, and in order to achieve the best results, they are willing to work overtime, putting in the extra effort, and strive to complete the project with spare time.

In relationships, they'll be quite affected by Neptune's influence, especially when it goes into retrograde. They will feel the need for validation, for appreciation, and they will want to talk to you constantly, to see that they're doing the right things.

## ***Neptune ♃ in VII 7th House***

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

### **Summary:**

- Strengths: Dependable, trustworthy and kind;
- Challenges: Dreamy, irritable and perfectionistic;
- Advice: They should do more of what they love.

### **An altruistic personality**

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

### **The goods and the bads**

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

***Pluto ♀ in ♈ Aries man 23° 33'***

([1089] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

What's the big deal, you might ask, about those born with Pluto in Aries in their natal chart? Well, find out that they are, by far, one of the most determinate and stubborn natives of the entire zodiac, regardless of where their Sun was the day they were born.

Under the impulsive and transformational influence of both the Pluto and the Aries, don't expect them to give up on their dreams and if they want to achieve something near impossible, at best, they will settle for something similar.

With the eyes of a hawk and a crystal-clear awareness, they instantly figure out the how's and why's of a given situation. Will it succeed? Will it fail? They realize this in a matter of seconds and waste no more time on deliberating whether they should go for it or not.

**In a nutshell:**

Style: Full of desire and empowering;

Top qualities: Quick, accomplished and optimistic;

Challenges: Impulsive, insensitive and arrogant;

Advice: Don't be ashamed to ask for advice.

**Personality traits**

This native is very confident in their abilities to attain their potential and won't let anyone else say otherwise.

With a hidden picky nature, these people have very high expectations from themselves, plenty of energy to suffice for a lifetime, and a very introspective personality.

These people would have probably caught a grasp of what their flaws are, before they would reach adulthood, which is a very good thing.

Among their friends, they are probably the most mature, the financially independent companion, someone who doesn't care about appearances. If this individual wants to do something, he won't ask for permission as he most likely sees this unnecessary, no matter who is involved.

Pluto's influence changes the way these people see the world from the bottom up. Originally impetuous and spontaneous, they become calmer, more observant, and can be one of the most patient individuals of the whole zodiac.

They can wait even for years before putting their plan into action if this means the chance for it to succeed is guaranteed.

With great ideas in tow, they will achieve the highest accomplishments because they have the courage and willpower to be the first to act in any given circumstance.

Their peerless determination and ambition can even influence others, set them on the correct path. Moreover, they have an enormous potential for growth and they are also very flexible, which makes for one heck of a combination.

From an astrological point of view, Pluto is the planet of the extremes, in the sense that it galvanizes the strongest traits of an individual and enhances them well over the normal capacities.

In this native's case, their spontaneity gets diminished, and instead, it turns into stubbornness and blind ambition.

In most cases, you would be surprised but this is a good thing, as it ensures that they won't give up after a few failures and will keep on fighting.

But it sometimes happens that they persevere with ideas that are not only impossible to put into practice but are also detrimental to their own wellbeing.

### **Pluto in Aries in love**

The Plutonian Aries natives used to marry out of material requirements or had arranged marriages by their parents. Usually, women would be married off to rich young or old men who had a good material condition, or a good social standing.

Later on, when people, women, in particular, became more independent, this changed, but only in the sense that they made their choices.

Keeping in mind that these natives are very ambitious and power-hungry, they would still choose someone with money and standing.

Of course, this doesn't mean that there is a lack of emotions in their relationships. Not at all, there will still be the majority who will marry out of pure love, but there are still some with more practical reasons to do so.

Usually, the Plutonian Aries give their all for a relationship to work, even if there isn't as much love between the partners. That's just how they are built, perseverant and stubborn to the extreme.

### **The Pluto in Aries man**

The Plutonian Aries men make for great inventors, innovators, pioneers of sciences, patrons of the art, commanders, famous people through and through.

Because of their innate drive to succeed, and the patience that Pluto instills in them, these natives are hardly ones to give up after a hundred failed attempts.

It's no surprise that they were on the cusps of perfection back when Pluto last transited Aries. Some would also take into consideration the imperfections of society and of the individual, but not even this stopped them from dreaming big.

There doesn't seem to be a middle path with these men, it's either a brilliant future or nothing. They either achieve their full potential or get shunned for the rest of their lives.

With age, their motivations and expectations may lower slightly but when young, this man cannot be moved from his intentions.

Pluto is one of the most mysterious planets of the solar system, and from an astrological point of view, it's one that holds an immense potential. With the Aries' highly energetic and explosive personality, its influence acts in its best environment, cooling down all that extra energy, honing it down to manageable levels.

It forces their impetuous reflexes to be toned down to a raw inner strength that turns into a steady drive of force, going all the way until it achieves its purpose.

## ***Pluto ♇ in II 2nd House***

([1102] i.thehoroscope.co)

This placement of Pluto encourages people to adopt a rather businesslike approach to everything they do and to hate wasting any time.

Pluto is a strange planet indeed, and more than that, it's a very difficult and complex one as well. Natives born with Pluto in the second house will experience a lot of emotional distress and traits similar to a personality disorder.

Emotions are taken to an extreme, their appreciations and passions change by the minute, it's like they're a completely different person. Generally, money plays a major part in their vision for the future. It's either idealized as the most important thing in the world or completely ignored, for being just a piece of paper.

### **Summary:**

Strengths: Observant, confident and ambitious;  
Challenges: Moody, speculative and extravagant;  
Advice: They shouldn't let themselves be driven just by money.

### **Nothing truly puts them down**

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and dominative personality, they will extract even more pleasure and satisfaction.

### **The goods and the bads**

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

**North Node ♌ in ♍ Virgo 23° 44'**

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and

writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart

is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is uimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition uis unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those hs desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of

self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of

essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

\*\*\*

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally

define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK', Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for

clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

(Mohan Koparkar)

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

### **North Node ♌ in VII 7th House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the

horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there

are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

\*\*\*

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

***(Black Moon) Lilith ♁ in ♐ Sagittarius 26° 6'***

([1145] elsaelsa.com)

#### **Divine Seeker**

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for

pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

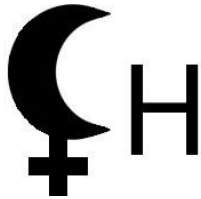

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the

search. We're all waiting to see what you find.

## ***(Black Moon) Lilith ♀ in X 10th House***

([1158] elsaelsa.com)

### **Dark Reputation**

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin than you might prefer.

In traditional astrology, the 10th house is known as the culminating point or the pivot. With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should

yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

## ***Ceres ♀ in I 1st House***

([1173] [astromatrix.org](http://astromatrix.org))  
The Natural Mother Instinct

### **Opportunities**

- Mothering comes naturally
- Having greater compassion

### **Challenges**

- Avoiding smothering relationships
- Maintaining an independent identity

### **Ceres in 1st House**

Ceres is concerned with both giving and receiving nurturing that comes naturally. The desire to take care of others is especially strong, but this placement also speaks to a need to self-nurture.

People with Ceres in 1st house can take on the role of “mother” without realizing it, so it is important to discern when someone would benefit from your attention versus when it becomes excessive.

It is just as necessary to provide motherly love as it is to allow for independence, which is a poignant lesson for someone with Ceres in first house. If your relationship with the mother figure in your life was imbalanced, it may be therapeutic to step into the role of parent and offer another human being unconditional love for who they are fully.

When located in first house, the Ceres archetype becomes a part of your personality. You likely project the qualities of Ceres without trying. For example, you may like to feed people or care for the sick.

You can nurture others instinctively by knowing what to do to meet their needs.

Becoming a parent or working in a social service field can help you channel the urge to provide for others. If you become too dependent on the role of “mother”, it will be necessary to turn that energy inward and nurture your own independence as a whole, sovereign being.

## ***Chiron ♄ in ♏ Pisces 21° 51'***

([1259] [astromajesty.com](http://astromajesty.com))

The general traits of a Pisces range from their highly sensitive nature to their closed-off attitude. They are the last sign in the zodiac, yet they are regarded as one of the wisest. They possess a heightened sense of intuition and they generally have impressive psychic abilities. They are known to be selfless and have a friendly demeanor.

Pisces is ruled by Neptune and Jupiter, which is symbolic of the duality in their personalities. Neptune is linked with compassion and extrasensory observations. Jupiter is associated with healing, generosity, fortune, and expansion.

The primal wound of a Pisces Chiron is their susceptibility to emotional pain and a fractured relationship with the divine. They are tormented souls who are addicted to the suffering that emotional upheaval brings, and yet it is something that they fear the most. They face issues with boundaries and escapism.

The effect that Chiron under Pisces has on the personality of someone with this placement is dramatic. It creates a caricature of Pisces with far more sadness, woe, and misery.

The influence of Pisces is evident, with Chiron in place it highlights the darkness of this zodiac sign and amplifies its characteristics to excess.

Though they may initially appear to be all doom and gloom, there is a beautiful side to the Pisces Chiron. The darker side of their soul is complemented by their sweet and caring nature. There are good and bad aspects to the effects of the comet Chiron. From both of them, we can learn a great deal about ourselves and those around us.

### **Personality**

Chiron in Pisces amplifies the emotional baggage of people with this placement which is then reflected in their personalities.

Unraveling the personality traits of a Pisces Chiron requires peeling off the layers. They are deeply complex and at times confusing.

Pisces remains one of the most fascinating influences over Chiron. It is a rollercoaster for those that possess Chiron under Pisces in their chart.

So deeply intriguing is the Pisces in its own right, but when we project its energy onto

Chiron it is simply out of this world.

### **Negative aspects**

The wound of the Pisces Chiron runs deep. They open themselves up to hurt and yet they fear it. They endure the pain of suffering, especially if it is to save someone else from experiencing the same.

Although they seem to be distressed by the prospect of pain the Pisces Chiron enjoy it on a subconscious level. This sadist-like behavior is self-destructive and contradictory.

There is an underlying sense of victimization with the Pisces Chiron. They may feel attacked and picked on often.

This is usually an irrational conclusion that they draw from the simplest of circumstances. Their sensitivity can make them hard to reason with. They are cynical and can take a well-intentioned comment directed to them as criticism.

The zodiac sign Pisces dislikes being criticized, its influence is apparent in Pisces Chiron.

The Pisces Chiron can feel as though life is unfair. They feel as though they have drawn the short end of the stick. Whether this is true or not, they hold onto this feeling and milk it dry.

The 'woe is me' mentality of the Pisces can often mean that they do not take responsibility for their problems. This resonates with the effect of Chiron as it is not easily recognized by looking within. These are parts of us that are hidden from ourselves but widely noticed by those around us.

There is a sense of pessimism that seems to drive the Pisces Chiron. Their outlook on life is often bleak and dreary. They do not trust the ways of the world, everything connected to the physical world is viewed with suspicion. They are uncertain of the earthly realm.

They may suffer from an identity crisis. Pisces are immensely intuitive and psychic, with the Pisces Chiron however they can lose their faith in the universe and the energy of love.

All the while they feel this way they will still seek it out. They want to be part of something bigger. The effect of Chiron denies them the opportunity to heal this problem.

People with this placement may find that they attract broken people. Like a moth to a flame, those who suffer from intense emotional pain will gravitate toward the Pisces Chiron. They have a toxic dependency when it comes to pain.

The Pisces Chiron wants to avoid the sensation of pain and yet they are magnetized to it. They know that there is something inside of them that needs to be fixed but they don't know-how. They will regularly enter a cycle of ups and downs as they try to figure out this phenomenon.

The Pisces Chiron finds it hard to trust people and yet they can be extremely gullible. They will keep people at arm's length to avoid being hurt or betrayed and then they will give in. They want to lower their guard and feel at ease around them.

It is difficult for them to relax and believe that they won't be taken advantage of or disrespected. This can result in them blowing hot and cold which pushes the other person away.

As the Pisces Chiron individual is extremely sensitive, they will take it as rejection, not realizing that they were the person that caused them to leave.

### **Positive aspects**

They offer comfort during dark times and their helpful advice helps many people throughout their lifetime. They have a saint-like essence, they help the wounded to heal and offer advice on how to move through negativity.

The Pisces Chiron has compassion for everyone who needs it. They do not discriminate when offering their love and affection.

If someone is experiencing hardship, they will offer a shoulder for them to cry on. They can sense if something is wrong with someone before they tell them. They have a special gift for reading people's energies and thoughts. They are natural psychics who use their powers for good.

Nothing is too big or small for the Pisces Chiron. They will answer calls for help no matter what is going on in their lives. They are incredibly empathic and their sensitive nature helps them to be considerate of other people's feelings.

### **Men with Chiron in Pisces**

The Chiron Pisces man is a healer. Like the centaur Chiron, he offers aid to those who are wounded while forgoing his own needs. He dedicates his life to helping others with his natural gifts. The Chiron Pisces man will give and continue to do so until

Instead of replenishing his energy levels, he seeks to continue with his mission of saving the world. He wants to be a part of something great and happily sacrifices himself to a greater cause. He may see himself as a martyr.

The physical realm does not satisfy him. He is rarely tempted to indulge in earthly ways.

Instead, he spends his time engaging in study. He feels a connection to the universe that he cannot explain yet he feels disconnected.

The Chiron Pisces man does not feel at home on earth, nor does he as though he would be welcome in the spirit realm. He simply floats in the abyss while trying to understand his identity.

He evolved beyond his ego. He sees the world for what it is, a projection of his mind. The subject of esoteric matters fascinates him.

Occasionally he can become disconnected from reality. His awareness of Source energy is more heightened than his peers. He can feel the ebb and flow of universal energy which draws him away from the physical world.

### **Lessons**

Despite how volatile Chiron in Pisces is, the pure essence of Pisces still runs throughout those who have this placement.

Their kind and loving energy are some of their greatest qualities. They capture the spirit of Lightworkers. It is evident that they want to make a difference in people's lives, regardless of whether or not there are selfish intentions behind it.

However, their faults create cause for concern. They are so deeply impacted by their karmic wounds that necessary steps must be taken to protect and nurture their wellbeing.

Balance and foresight are needed to keep Pisces Chiron in good form. They have excellent intuition, but they must know how to use it to benefit their own lives. The Pisces Chiron must first recognize the wound before attempting to heal it.

As the Chiron in Pisces gives so much to others, they absorb the negative vibrations from those around them. It is as if they are surrounded by energy vampires.

However, this is a self-inflicted part of their behavior that must be toned down if they wish to find peace.

The Pisces Chiron must make time for their own needs. They are so busy catering to everyone else that they neglect themselves. It may take a while for them to adapt.

If they want to improve their circumstances, they must be open-minded. They must focus on themselves for a while and refrain from trying to solve everyone's problems.

Though it is good to be helpful and offer support to others it can be overwhelming to take on too much at once.

Overloading the Pisces Chiron with the heartbreak, drama, and problems of others is detrimental to their wellbeing. If they wish to be of service to others, they must make sure that they are fit to do so.

Forcing themselves to be everything for everything is counterproductive. They run the risk of taking on too many problems and their judgment could be clouded by multiple energies demanding their attention.

To remedy this the Pisces Chiron must retreat. They need to distance themselves from the world and embrace solitude. They may use the time to reflect, release negative energy, and prioritize themselves.

When alone they can use the time to practice self-care and build up a loving relationship with themselves.

The Pisces Chiron can still help others, they just need to know their limits. They have an incredible psychic gift that can help so many people. When they are ready and able, they can put this to good use and guide others.

As a clairvoyant, their perspective and insight when looking into someone's future can help them to make the right decisions and fulfill Pisces Chiron's need to help and satisfy others.

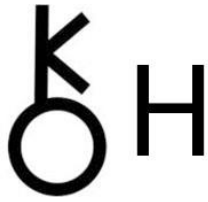

Though the wound of Pisces Chiron may never fully close, it can still offer healing. When the Pisces Chiron becomes aware of the darker aspects of their soul they can work to stay on the right path.

The trauma and harm of their karmic pain could make them stronger if they are willing to try.

The complexities of Chiron seem to be never-ending as it weaves its way through our lives. However, the scar or wound that it has given us is a reminder that we can face any challenge and come out on the other side.

There is nothing that can take away our power. Our strength lies within, and we can rise above the negativity and live to see another day.

## ***Chiron ♋ in I 1st House***

([1260] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 1st house probably have a wound they can't hide, and others are aware of their struggle.

Overall, it's a problem, trauma, or weakness that's the most challenging to conceal compared to Chiron in other houses. That is because it is associated with the conscious self, and it is deeply rooted in one's being.

The wound shows itself, and it manifests in one's behavior, identity, or confidence. Hence, it is closely associated with a sense of self-worth. Others will notice it in how one presents themselves and acts when people are paying attention.

It is a wound that is inherently visible. Hence, it reflects on one's physical appearance, physical health, or treatment of others. But it can also show in one's emotional or mental well-being, although more rarely.

Chiron in the first house typically represents the pain originating from one's formative years, usually when one learns how to accept its changing body.

Because of that, it likely starts in early childhood or teenage years when a person is vulnerable to how others perceive them. It doesn't necessarily represent a physical impairment or deformity.

Instead, Chiron in the first house can indicate that how one looks or dresses doesn't align with their culture, group, or society altogether. Sometimes these natives have an atypical lifestyle or clothing choices, which often shock or annoy people in their environment.

### **Self-esteem and self-love issues**

People born with Chiron in the first might not fit in the typical beauty standards due to a crooked nose, body weight, or skin type. The sign where Chiron in the first house settles in determines where the issue could be.

Whatever the scenario, the trauma turned this pain into an integral part of one's identity. These natives associate themselves with their wounds and often believe they are what others see in them.

For instance, if others used to call them freaks, they start thinking they are. In a way,

Chiron in the 1st house represents a self-fulfilling prophecy.

Since one has this pain from an early age, it tends to remain for decades, if not throughout life. These natives might learn how to conceal it or live with it without much disruption, but the wound will eat them up inside.

It is not difficult to notice when someone has their Chiron in the first house. If their wound lies in the physical realm, they might hide or improve some body parts, dress overly flashy or modestly. They aim to conceal their self-worth issues by emphasizing what others might like.

On the other side, if their pain lies in the emotional or mental realm, it will probably manifest in their personality and behavior.

People with Chiron in the 1st house should pay attention to how they present themselves, how they want others to see them, and what makes them feel vulnerable. If they are unaware of their traumas, this should force them to come to the surface.

Perhaps those with this position felt invisible, pushed aside, or ignored during their formative years. It is why they learned to come off as uninterested, cold, and detached. That makes others believe these natives can't be hurt because they don't care about anyone's opinion.

People with Chiron in the 1st house could also be afraid of getting close with someone because they don't like when others make them vulnerable.

Depending on the sign this placement lies in, one could also become too clingy and dependable but terrified of their loved ones getting to know who they are.

The most challenging position is Chiron in the first house conjunction ascendant because it is more intense. Because of that, it tends to manifest physically and is more noticeable to other people.

### **Fear of other people's opinions**

These natives are typically hypersensitive and worried about what others might think of them. Their trauma often makes them blow everything out of proportion and make the problem worse than it is.

People with Chiron in the 1st house have a hard time loving themselves or a part of them. Whatever their wound is, they are so terrified of it that they can't even look at it.

They could become so lost in their trauma that they would do anything to remove or hide the source of their pain. It is why people with Chiron in the 1st house are likely to enhance their bodies, undergo plastic surgeries, become obsessed with makeup or

fitness.

However, regardless of what they do to conceal their wound, it usually remains because they didn't genuinely confront it.

It is how this trauma could grow to become self-hate or despising society. People with Chiron in the 1st house could lose a sense of identity by becoming who others want them to be. If these individuals make everything about their trauma, they could neglect all the other qualities that make them who they are.

### **The risk of losing life direction**

These persons also tend to lose their life path. Individuals with Chiron in the 1st house try hard to find themselves but end up getting nowhere. They tend to change lovers, friends, locations, and styles, looking for their identity, which often ends without any result.

The worst comes when they start believing that people around them have everything figured out. It is what typically makes them hate themselves more or envy others.

If they don't confront their wound without making it look prettier or more acceptable, they could become frustrated and feel empty. These natives have to learn to live boldly and put themselves out there without fear of judgment. Chiron in the 1st house is about self-acceptance, self-love, and perseverance.

It represents the journey of embracing one's flaws, weaknesses, and impairments and using them to become stronger. These natives must stop concealing their wounds because they will keep reappearing.

Instead, they must confront them, identify where they come from, and what's the best way to heal them.

### ***Chiron ☿ in Rx retrograde movement***

## **Part of Fortune ☒ in ♊ Gemini 7° 29'**

([1277] [astrolibrary.org](http://astrolibrary.org))

You get great joy and satisfaction from communicating and learning from all the things and experiences of life. You are always looking for new knowledge from the people you know. You value people more for their ideas than for what they really are. You are stimulated by other people's ideas, and you become aware of the different facets of life.

You enjoy keeping everything at a superficial, cheerful and happy level.

You try not to commit to anything. You are non-judgmental. You get carried away by whatever is in front of you. You don't differentiate between the best or worst, thus being able to benefit from both sides and several alternatives at the same time.

This gives you a lot of freedom of movement. You change your life to accommodate yourself as best as possible. So, you seem to have great flexibility and possess a lot of ideas and theories. You realize the contradictions of life.

Through the sign opposite your Part of Fortune, Sagittarius, you search for truth as the most important principle. You relate to all kinds of people and situations, changing when the moment demands it. You are happier getting involved with what is immediately within your reach, without judging the duplicity of circumstances. You stay in the present instead of following that distant mental expansion that sometimes occurs with Sagittarius.

You should not judge or be authoritarian, because you would lose the people with whom you want to communicate and learn. You must always maintain your power of observation and wisdom without making premature judgments. You quickly learn the meaning of the contradictions with which life expresses itself.

You know that human beings have to accept temporal limitations, although from a sufficiently broad point of view to allow mental expansion.

What can satisfy you the most is to obtain a real understanding of the human being.

You are very skilled dealing with your immediate reality, with a very clear sense of the presence of the “Here and Now” and the idea of the present.

Your greatest accomplishment and satisfaction will come when you know how to live with everything that is temporary, and you can learn something positive and new in everything.

What you like most is to understand all the possibilities that life has to offer, as well as all the variations that make it interesting.

### ***Part of Fortune ☒ in IV 4th House***

([1290] [astrolibrary.org](http://astrolibrary.org))

Your greatest fulfillment and satisfaction will come through starting new things, be it human life, ideas, or projects. Pay special attention and care to setting foundations that can later support your future growth.

You feel happy giving to others and sensing their true self and their real needs.

You should know that things take time to mature. You learn to plant the seed before you get the benefits of the harvest. You understand that first you must set your goals to have purpose and direction, to be able to take advantage of all your efforts and everything you start in your life.

Your happiness and joy comes more from those seeds or beginnings that you initiate, than from their completion or culmination. Although, you need to complete what you start to know its real meaning.

Since your Part of Fortune is in the fourth house of your birth chart, the tenth house is the opposite house. Through the tenth house, you realize the importance of structure, order, and responsibility to be able to carry out all the projects and crystallize all those incomplete beginnings.

However, you should not identify with the end results of what you want to accomplish, since you would easily lose your sense of purpose and you could be disappointed.

Therefore, you must deal consciously with the things of the material world, always taking all the necessary actions to begin stability in the world. Your joy is based on starting everything that will give you stability and inner security. This gives you an intimate sense of belonging in your world. You enjoy participating in common projects and everything that brings you intimate ties with other people.

Being in a natural environment will do a lot to help you stay rooted. It will also give you great joy to stay close to your family, or to serve your country. You also get joy from discovering your unconscious ideas, since this can mean the security of being within the root of your soul.

You must not allow the ego of the world to divert you from your important natural beginning, which will give you your greatest satisfaction.

By developing a true love for all things and people close to you, you will know the meaning of your life. This will give you the confidence to always be where you are most needed and where you can most learn.

You can achieve a deep connection with your inner being, and through that, open up your personality and show a tender care for the things of the world, for your family, and for all the people around you.

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

4) ► **Descendant DC Parallel ♀ Ceres** - (0°46') ♄7 | ♀1

([570] 12andus.com:) You don't always convey your nurturing side openly.

Instead, you can be caring and loving toward your partners. You may ignore your own personal needs but project your needs onto others instead. You can be loving, generous and nurturing but will need to step back and make room for others.

Your desire to share your generosity and love with others may seem out of balance at times. You have to work to accept your compassionate side.

When you try to avoid showing your empathy and love to others, you may become fixated on your own needs or ambitions, pushing your vulnerability and concern for others to the side.

Yet when you do come to terms with your loving and nurturing side, you can be supportive and giving. You can find rejuvenation through your connection to a partner or close allies and this helps you continue to show your love for others.

5) ► **Imum-Coeli IC Parallel ♀ Venus** - (0°12') ♃10 | ♃10

([180] astromatrix.org:) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

6) ► **Imum-Coeli** IC **Parallel** ♀ **Ceres** - (1°52') ♄10 | ♀01

([571] 12andus.com:) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

7) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (1°57') ♀12 | ♀2

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than

likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

8) ► **Sun** ☉ **Contra-Parallel** ♅ **Saturn** - (0°57')    ♁12 | ♃10

([145] [astromatrix.org](http://astromatrix.org);) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your

success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

9) ► **Sun** ☉ **Contra-Parallel** ♅ **Neptune** - (0°38')    ♊12 | ♏7

([147] [astromatrix.org](http://astromatrix.org);) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear,

honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

10) ► **Sun** ☉ **Contra-Parallel** ♀ **Pallas** - (0°25')    ♍12 | ♎8

([576] 12andus.com:) You want to be encouraging and empowering but may instinctively reject those who challenge your mission.

It takes some work to overcome your strong aversion to those who challenge your strategies and provoke your inner warrior. Yet when you truly feel confident in your mission, you can more easily appeal to the better nature of others.

You may become distracted by power struggles at first because you take your mission personally and see your campaign as an extension of yourself. Once you understand that those who aren't on board aren't specifically your personal enemy or opposition, you can work more effectively with them to create a united front.

You need to find a way to keep a moderate effort to encourage others to your cause without alienating or shying away from acting on the causes that personally appeal to you.

11) ► **Moon** ☾ **Parallel** ♀ **Juno** - (1°04')    ♉3 | ♏1

([594] 12andus.com:) You are intuitively tied to your partners and loved ones and may feel a deep emotional connection with those you love.

Your partnerships and commitments are based on a deep emotional connection.

You always do your best to make sure your partner feels secure and cared for. You easily nurture your partnerships and loyalty is not a problem for you.

You are sensitive to your partner's needs and it would never occur to you to be unfaithful or disloyal to someone you love. You can easily focus more on the needs of your partner than your own needs in fact.

You are closely attuned to your partner's emotional states and when your loved ones are unhappy or hurt you can empathize as if their wounds were your own.

This can also lead you to easily anticipate what your partner needs in order to feel secure in the relationship.

12) ► **Moon** ☽ **Parallel** ♁ **Vertex** - (0°49') ♃3 | ♎10

([131] [astrotarot.net](http://astrotarot.net);) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

13) ► **Mercury** ☿ **Contra-Parallel** ♄ **Saturn** - (1°00') ♈2 | ♎10

([166] [astromatrix.org](http://astromatrix.org);) Inferiority Complex

With Mercury Opposition your Saturn you may have a difficult childhood due to problems with your father that may make you suspicious, insecure, defensive or depressed. You're traditional, reserved, intelligent, responsible, shy, ambitious and hard working. Your education may be interrupted, but knowledge will be gained from life and through books. This aspect is good for big business and politics.

You have few friends because you're often nagging and critical, lacking love and understanding. If the third house is involved, you may have difficulties due to relatives. Communication problems, overly conservative thinking and a rigid attitude often hamper your career. There may also be attacks on your reputation. You want intellectual recognition, but often don't get it, either because of or resulting in professional jealousy.

If heavily afflicted, you can be a schemer, underhanded, extremely narrow-minded and

opinionated. You'll usually have dental and hearing problems and are subject to nervous and respiratory illness so don't smoke.

14) ► **Mercury** ♀ **Contra-Parallel** ♀ **Neptune** - (1°19')    ♃2 | ♆7

([168] [astromatrix.org](http://astromatrix.org);) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine

purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

15) ► **Mercury** ☿ **Contra-Parallel** ♀ **Pallas** - (1°32') ♈2 | ♎8

([578] 12andus.com:) Your ideas and communication style can make you a great advocate or spokesperson.

Yet you may have to work through insecurities and cognitive dissonance before you are willing to step out of your comfort zone and work to promote causes important to you.

Your desire to advocate for others or missions that are important to you can be offset by anxieties. You can second guess your plans or strategies. You may need to find greater confidence in yourself and believe in your plans and ideas before you commit to them.

Being too much of a concrete thinker can make it difficult for you to imagine how to use your talents to advocate for others and work for a cause. You may also have to work harder to see issues from others' perspectives. An important issue may appeal to you after you have overcome cognitive dissonance or once you have received important information.

16) ► **Venus** ♀ **Parallel** ☿ **South-Node** - (1°27') ♋10 | ♏1

([181] astromatrix.org:) Artistic Talents

With Venus Opposition North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those

energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

17) ► **Venus** ♀ **Parallel** ♀ **Ceres** - (1°40') ☿10 | 001

([561] 12andus.com:) You are an affectionate and comforting person. You love to make others feel loved and beautiful.

You can bring out other's self worth by nurturing those you love. You'll try to surround your loved ones with beauty and make them feel secure.

You try to immerse your loved ones with beauty and luxury and may turn to materialism and physical affection to show you love and care for others. You can be a nurturing lover but even in platonic relationships you are attentive and affectionate.

When you need nurturing you'll look to the arts and luxuries to make yourself feel pampered. You also seek others who make you feel valuable and important. You'll look for tangible, material proof that others love and care about you.

18) ► **Mars** ♂ **Contra-Parallel** ♀ **Chiron** - (1°02') ♃2 | 001

([121] astrotarot.net:) Typical features that this opposition brings: might doubt your strength, your right to do what you want, or even your right to exist. Also, you often expect rejection when you go after what you want. So, you will need to incorporate the awareness of subtle human realities including vulnerabilities and insecurities in order to function well. You need to learn to express anger or accept anger. That can be a valid emotion and lesson here. A fiery and even brutal approach to healing and wounds can appear. You may refuse to seek help or advice. Healing likely comes after many battles. Also this aspect could be a signal for internal battles or conflict in relationships. So you are being challenged to develop new and unusual strategies for living. You can glow with energy, but often you don't know what to do with it. Or, you are scared to do anything with it. Asking for what you want, or self-assertiveness, is the main challenge for you. Often you find yourself apologizing after an outburst of anger, self-assertion or statement of desire. You also have lack of confidence. There can also be some physical clumsiness or awkwardness. In conclusion, you need to learn to accept your own desires and feelings of anger as valid so that when you do express them, you express them naturally and with confidence. So, you will meet people and situations in which you have to be assertive. The key is to use your anger in the right way. And that can be very difficult for you.

- Positive traits: With this Natal Mars – Chiron aspects you are very sensitive.
- Negative traits: you often feel that you are not good enough. You have great anger inside of you.

19) ► **Mars** ♂ **Parallel** √x **Vertex** - (1°14') ♀2 | ♃10

([134] astrotarot.net:) The chance moment!

Typical features that this conjunction brings: others may push your buttons easily. So, you have to develop the tact and charm to overcome this. With this Natal Mars – Vertex aspects you could easily attract aggressive or assertive people. And that may be to your benefit only if you handle it well. This aspect is often seen in natal chart of policemen and people who carry weapons. In conclusion, use your own assertiveness to get the things you want.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

20) ► **Jupiter** ♃ **Parallel** ♂ **Uranus** - (0°26') ♃12 | ♃10

([61] astromatrix.org:) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental

freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

21) ► **Jupiter** ♃ **Parallel** ♋ **Pluto** - (0°49')    ♍12 | ♎2

([63] [astromatrix.org](http://astromatrix.org);) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times

throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

You may find travel and learning to have a restorative effect, feeling refueled and spiritually connected in this process. Yet in spite of this, your plans to expand your mind and see the world, may frequently be thwarted.

([67] astrotarot.net:) Typical features that opposition brings: you are a passionate and emotional person. Also, you are a fighter but can suffer from being too aggressive or defensive. That kind of spirit makes you very competitive. Your instinct is simply to have what you want. You are prone to a short temper when you don't get what you want. Regardless of the rights or wrongs of a situation, you will often win because of your passion and energy. Patience is definitely not your strong point. Your responses are quick, and you are very passionate. Winning at any cost will come at a price. With this Natal Jupiter – Part of fortune aspects your intimate relationships suffer the most. 25) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (0°19') ☿10 | ♀7

([69] [astromatrix.org](http://astromatrix.org);) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for

external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

([207] [astromatrix.org](http://astromatrix.org);) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

8) ► **Sun ☉ Conjunct ♃ Jupiter** - (1°04' S) ♃12 | ♃12

([6] [astromatrix.org](http://astromatrix.org);) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate

action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

9) ► **Mercury** ☿ **Conjunct** ♅ **Pluto** - (7°44' A) ♊2 | ♊2

([34] [astromatrix.org](http://astromatrix.org);) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of

challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power

struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

10) ► **Venus ♀ Conjunct ♄ Saturn** - (3°16' A) ♄10 | ♄10

[43] ([42] [astromatrix.org](http://astromatrix.org);) The Dutiful Partner

([43] [astroligion.com](http://astroligion.com);) The Venus conjunct Saturn aspect imbues a sense of moderation and balance in regards to all things desired. Individuals with this aspect are able to marshal their resources judiciously and exercise restraint and temperance when necessary. They love and appreciate most that which is functionally beautiful. They may have an interest in architecture and design of all sorts. The challenge of solving cosmetic problems or improving upon them is likely to be very appealing to people with Venus conjunct Saturn in the birth chart.

Their sense of aesthetic taste may be especially drawn towards things that are geometric, structural, or infused with patterns and distinctive shapes. People with this aspect may be inclined to arrange things, organizing objects neatly and putting them into some sort of logical or visually pleasing configuration or taxonomy. They feel best when their life is in order which may sound typical of anyone, but for the Venus conjunct Saturn personality, it may be essential to their emotional and psychological welfare. Fortunately they are very capable of getting their affairs in order and handling their business. With Venus in conjunct with Saturn, you are likely to be adept at interior design. Your sense of aesthetic balance may well be put to use in careers that are creative yet somewhat technical. For you, a well organized environment is essential to your peace of mind and so if you could make money out of it then so much the better.

Even if they decide to experiment with drugs or alcohol, individuals with this aspect are likely able to keep themselves from turning into addicts or substance abusers. The pleasure-seeking and sumptuous side of Venus is counterbalanced by Saturn's disciplined and prudent influence. Venus conjunct Saturn people know how to enjoy themselves responsibly and also know when it's time to call it quits. They are able to pull back and avoid going overboard with decadence and overly indulgent behavior. They want the good life but they are willing to undertake hard work and effort to earn it. Venus conjunct Saturn people may lean towards conservatism and traditional values but they are not staunch or strident in how they practice it.

11) ► **Venus ♀ Conjunct ♅ Uranus** - (6°55' S) ♄10 | ♄10

[44] [astromatrix.org](http://astromatrix.org);) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

12) ► **Venus ♀ Conjunct ♀ Lilith** - (0°48' S)    ♄10 | ♄10

([627] [astromatrix.org](http://astromatrix.org);) Breaking out of relationship stagnancy

Opportunities: 1. Embracing sexual experimentation 2. Increase in psychic awareness

Challenges: 1. Trusting your intuition 2. Letting go of control

In the birth chart, with Lilith Conjunct Venus you may attract opportunities of embarking on unconventional relationships. You're naturally a highly sexually charged being, and one of the best ways to channel this energy is to pump it into creative endeavors. You may be gifted in the creative realm, and to reach your potential in your relationships will be hard to ignore. You may become erotically fixated with a particular person, or vice versa. You may want to explore your sexual appetite in ways that are foreign to you, but regardless the desires want to be known. You may use your sexual energy during this time, to conduct sex magick and rituals to enhance your manifestations. Additionally, you may become more psychically intune with those around you.

You may want to change your relationship dynamics during this time, as you may feel as though they have been stagnant for some time. Feel no shame in wanting to experiment more sexually during this time, as this can lead you into blissful new heights of pleasure.

Breaking conventions will be a strong theme. If you've been holding back on expressing who you are on a fundamental level due to societal expectations, this transit will set you free.

You may get fixated on these projects at all costs.

People may project "femme fatale" or "dangerous man" images on to you, as you're seen as a very sensual being who breaks the conventions of society. Additionally, you may have many sexual partners or you may be very particular who you share your sexual energy with.

There may be issues of control in your relationships, and you may be a rebel without a cause at times. Additionally, you may often feel suffocated in your relationships. Your need for space is natural to you, it's just key to communicate that when necessary.

The nature of this aspect will ask you to be true to your values in your relationships. Lilith teaches us to exercise our sovereignty in and outside of relationships. Venus understands that harmony and respected values are the stepping stones to fruitful relationships. Combining these energies together, it produces a cocktail of honoring our boundaries in relationships without compromising on our values.

([68] [astromatrix.org](http://astromatrix.org).) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so

reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

([240] astromatrix.org:) Inferiority Complex

Opportunities: 1. Giving Back to Society 2. Valuing Yourself More

Challenges: 1. Understanding Your Emotional Nature 2. Knowing Yourself Through

## Others

With the Moon Sextile your Natal Ascendant, you have a warm, imaginative and caring personality. You are attuned to your inner feelings and sensitivity, and can express your emotional core with ease.

Your intuition is heightened, and this sensitivity to your environment allows you to be adaptable and flexible – you see what's happening around you, and you're supple enough to adjust as it does. This, combined with your keen skills of observation, can lead to great insights into the behavior of others. You see people for what they are, and this gives you great abilities for connecting with them on a deep level.

It also can help you develop better self-knowledge. In one person's heart the whole world can be seen.

This focus on other people does, however, reveal a certain inferiority complex. You observe others so deeply because you don't value yourself enough. The task for you now is to learn to value who you are while maintaining that intuition for other people.

Your sensitivity can be your weakness, especially at early stages of the maturing process when you are not able to control your emotions well and take things too personally. The challenge of this position is to try to understand your emotional nature better, and how it relates to that of others.

Taking on that challenge wholeheartedly, and holding nothing back from it out of fear or self-protection, will lead you to greater awareness, perception and emotional maturity.

Your social life is very important to you and you have many friends and strive to have a good family life. You may be drawn to public life and working for the benefit of society as a whole. This will be, for you, where the ultimate meaning is to be found.

40) ► **Sun** ☉ **Sextile** ♊ **Uranus** - (3°12' A)    ♊12 | ♋10

([226] [astromatrix.org](http://astromatrix.org);) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style. Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'. Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and you have little tolerance for lies and deceptions and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels of compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

58) ► **Sun ☉ Square ☾ Moon** - (2°47' A) ♁12 | ♀3

([373] astromatrix.org:) Me Against You

Opportunities: 1. Following Your Essence 2. Getting Beyond Ego-Motivations

Challenges: 1. Embracing Interdependence in Your Life 2. Evolving Past Your Conflictual Tendencies

What people who were born with Sun square Moon in their natal charts want and what they need are in conflict. The Sun square Moon aspect is similar to the Sun opposition Moon aspect in this sense, but there are very notable differences.

Whereas the struggle between wants and needs is mostly played out on the inside and through significant relationships with Sun opposition Moon people, Sun square Moon people tend to confront obstacles that come from the outside. In truth, the struggle is within, as it is a case of being one's own worst enemy.

There can be a tendency to attract challenging situations into the life as an unconscious attempt to recreate the tension of early childhood. As well, specific habits and attitudes can hamper their progress in life.

59) ► **Moon** ☐ **Square** ♌ **Jupiter** - (1°43' A) ♃3 | ♎12

([391] [astromatrix.org](http://astromatrix.org);) The Procastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by

deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and

allow others to be free.

60) ► **Venus** ♀ **Square** ♄ **Neptune** - (1°29' S) ☿10 | ♀7

([419] astromatrix.org:) Fooled By Love

With the square, there can be difficulties with the inhibition of emotions, creativity and relationships with others. Part of this difficulty arises from an extreme sensitivity of feelings which have never been properly integrated.

The square is one of the Neptune aspects that stimulates those emotional-level fogs and mists, creating a consequence of being unable to see clearly and of being liable to make misjudgments; and which fuels tendencies of self-deception and mental distortion. These factors tend to make you vulnerable to deception, prone to suffer from your own reality projections and filters, and from the choices and actions of others who may be similarly psychologically influenced. Intimate relationships can be a source of challenges, especially when you have made some form of emotional commitment, as often your choice of lover or partner results from misjudgment.

You are basically idealistic, yet this is likely to attract you towards involvement with minority cults or foreign religions because of their glamour's and strange fascinations. In several ways, these are symptomatic of an inner need of transformation, of the need to redeem negative patterns dominating your life.

Sexuality as a powerful aspect of the impulse for relationships can be a prime area in which such dilemmas can be expressed. This can be revealed through needs for multiple partners, searching for a perfect though unattainable lover, yet being unprepared and unwilling to actually commit yourself to a real flesh-and-blood person. It may emerge through excessive sexual imagination, where unfulfilled sexual imagery and desires may be intertwined with underlying and repressed emotionally based complexes or are practiced secretly and conspire to build an area of denial in your life.

Changes are probably needed in order to integrate the Neptune energy into your life, so that it ceases to display its more negative face of irresolution. Your attitudes to others through relationships need to be redefined, so that any paranoia is dropped, as well as any tendencies toward exploitation by yourself or against yourself. Standing free and independent is preferable, at least as an initial cleansing process.

Turning within through meditation or forms of self-therapy is an ideal path to take, so that you begin to release the old patterns, discover a new center by cleaning out old illusions, and see through new eyes. Meditation is a deconditioning technique, sequentially liberating through practice, and redirecting the energy flow of the mind not inwards instead of outwards, so the energy acts as a penetrating disperser of restrictive psychological patterns.

61) ► **Venus** ♀ **Square** ♄ **North-Node** - (1°34' S) ☿10 | ♀7

([423] astromatrix.org:) Self Indulgent

With Venus Square North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

62) ► **Venus ♀ Square ♂ Chiron** - (3°27' S) ☿10 | ♀01

([120] astrotarot.net:) Typical features that this square brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. With the square, your sensitivity becomes a blocking hypersensitivity. It creates obstacles to the smooth progress of love and intimacy in your relationships. There is a tendency to avoid intimacy due to your unwillingness to expose your vulnerable side. And you can therefore come across as cold, distant and unloving person. This will very quickly put the brakes on much of your relationship potential. This natal Venus – Chiron aspects can make you especially high-maintenance. 64) ► **Saturn** ♄ **Square** ♄ **Neptune** - (4°45' S)    ♄10 | ♄7

([440] astromatrix.org:) The Self Defeatist

The square indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

65) ► **Saturn** ♄ **Square** ♄ **North-Node** - (4°50' S)    ♄10 | ♄7

([444] astromatrix.org:) Pessimistic Attitude

With nodal squares, there can be these frustrating or even painful repeated themes that are continuously brought up in your life, to nudge you to fulfill your karmic lessons in this

life since you failed to do so in the past (South Node).

With North Node square Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is potentially a constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep you a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

([309] astromatrix.org:) The Achiever

Opportunities: 1. Reaching Long-Term Goals 2. Being Practical to Achieve Success

Challenges: 1. Learning from Authority Figures 2. Making Independent Decisions

This can be a strong indication of personal success. You have a strongly developed notion of who you are, and even while you are young you will want to be an achiever.

You want a great deal out of life in terms of goals and material possessions, but you are willing to work for them. You see the necessity of putting off today's pleasure to reach tomorrow's goals. At the same time, you can get others to work with and for you, so that all of you can achieve your goals. You are probably a very practical person.

You may have very strong ideals, but you are not likely to be carried away by them, unless the planetary energies in your chart are very idealistic. Even then, your ideals are likely to be about matters that affect everyone in the real world. You have a strong sense of your own values, and you will not get along well with people whose values are very

different.

Authority figures, starting with your father, will be very important in your life. If your father is absent from the scene, your mother may play a fatherly role. The first people in your life who act as authorities will strongly influence your ideas of success and the kind of success you will pursue.

Generally speaking, you should have a very good experience with these people, and they will give you a great deal of self-confidence so that you can stand up for yourself. Eventually you will be able to make independent decisions and govern your own life as well as the lives of others.

You will always get along easily with authorities, and while you are young that usually means people who are older. You know that they have something to teach you, and you are willing to learn from them. You don't feel you have to show everyone how smart you are, even though you believe that you are rather special.

You are willing to take your time and let the world find out how much you can do. You will always have a project to work on, because you hate to be idle, either in mind or in body. Usually you are busy with some consuming interest, which may mean more to you than being with others.

You feel that you are self-sufficient, and that your activities are enough to give you a sense of fulfillment in life. You don't feel an urgent need to be with others all the time.

94) ► **Mercury** ☿ **Trine** ⋈ **Uranus** - (2°34' A) ♀2 | ♀10

([326] astromatrix.org:) The Progressive Thinker

Gifted with creative imagination, you should be able to channel this toward building new enterprises and businesses; you have adequate energy and enthusiasm to do so, linked with commitment for personal success.

Your attraction toward the new is likely to be for 'group benefit' rather than toward fulfilling private needs and desires. Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you.

There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs. While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a submissive attitude.

Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

95) ► **Mercury** ♀ **Trine** ♄ **Vertex** - (3°45' S) ♃2 | ♄10

You need to realize the importance of initiating projects independently of others. Then you will gain great strength and great accomplishment. There are hard tests here but also the moments of greatest ecstasy. It is undoubtedly the vertex that provides the most intense love.

96) ► **Mercury** ♀ **Trine** ♄ **Spirit** - (2°46' S) ♃2 | ♄10

97) ► **Venus** ♀ **Trine** ♂ **Mars** - (1°23' A) ♄10 | ♃2

([332] astromatrix.org:) A Natural Born Lover

Opportunities: 1. Loving Intensely 2. Seeking Pleasure

Challenges: 1. Understanding Indirect Communication 2. Understand Other's Motives  
Affectionate, pleasure-loving, and passionate, you have an intense approach to life that lasts well into middle age and sometimes longer. You have a great deal of warmth, which attracts others to you. Your relationships should be good. Your sex life should also be good. Not that this aspect is a guarantee of romantic success - there can still be an unhappy love affair or two - but it's certainly a plus and can help offset other stressful romantic aspects you might have.

One thing with this aspect that could need watching is the fact that you tend to be susceptible to flattery. While you don't play games with other people's affections yourself, you're a bit vulnerable to being caught up in other people's games, simply because you mean what you say and therefore assume others also mean what they say. Attraction extends to money.

98) ► **Venus** ♀ **Trine** ♄ **Pluto** - (1°45' S)    ♄10 | ♃2

([337] [astromatrix.org](http://astromatrix.org);) Intense Emotions

The trine aspect gives similar indications to the sextile, where the possibility of personal transformation is likely to occur through emotional experiences of a higher and intense kind.

You will have a fundamental faith in life, an innate optimism that all will work out well in the end. This belief in the goodness of life can be 'contagious'; and you may feel attracted towards sharing with others your personal approach or philosophy of life, so that they too can experience how trust, faith and love can enrich and guide a life. You feel that higher values are essential in interpersonal relationships; and you try to embody these in your own life.

You see that the bedrock of a partnership - apart from mutual love and affection - lies in qualities of commitment, honesty, integrity, responsibility to mutual obligations, and allowing each other the space to express his or her own unique nature and to continue to unfold the personality in a developmental way.

Generally, you have a belief that the lives of others could be greatly improved if certain adjustments were made in their attitudes; and you are probably correct in assuming so. You may, however, have to avoid a tendency to interfere in the choices that others make. They have to find their own way, although you have the potential to help others do this, perhaps by encouraging them to examine themselves and their options.

You should have a sense of life direction to follow, a meaningful path which may appear in hindsight to have an element of inevitability about it. Similarly, your intimate love life may feel preordained, and you may find that you are waiting for that special partner to enter your life, not feeling quite right with any previous relationships or fully able to commit yourself to them. It could be that you experience the right partner in the traditional sense of 'love at first sight', an intuitive feeling of 'rightness'.

Whether immediately obvious or not, your life will be strongly directed and influenced by your emotions; your choices will always be conditioned by your emotional responses to people and situations, even though you may overlay your 'gut reaction' by intellectual reasons or logic.

Fortunately, your choices tend to turn out right for you, unlike the choices made by those with the Venus-Pluto square or opposition, where following emotional impulses leads towards considerable difficulties and frustrations. It may be that some of the higher appreciation and qualities that potentially are yours to experience may remain latent until they are triggered into conscious activity through the transformative action of love upon you; meeting your 'fated partner' could be the stimulus for this process.

This does not necessarily imply that the relationship will succeed and survive but could indicate a crisis and turning-point in your life centered within your emotions, which - whatever the result - will lead to enhanced understanding and inner change.

99) ► **Mars** ♂ **Trine** ♄ **Saturn** - (1°53' A) ♀2 | ♃10

([342] [astromatrix.org](http://astromatrix.org);) The Master Builder

With Mars Trine Saturn in your Natal Chart you have a good combination of ambition, desire and discipline. There is harmony between these themes, and it allows you to be quite practical and successful at goals you set out to achieve.

You are capable of great self-control and self-denial and can be a hard task master, expecting far too much of yourself. You work well independently and can be counted on to complete whatever tasks are given you. Your temperament is very moderate, and it is rare that you will let your emotions take hold of you and stop you making impulsive decisions or actions.

You are generally well liked, even though Saturn may stop you from being fully expressive emotionally. You appreciate being around other people who share your interests and respect them for their achievements. Responsible, reliable and competent ability allows you to be quite successful in your aims and ambitions, you should be drawn towards work or careers where this level of control and discipline is appreciated such as the military, law or other authoritative or governmental positions.

Being a good communicator who is generally well respected, you can be also be a good educator or lecturer. When it comes to romantic relationships, this aspect makes a little too dry or unemotional. You are not really the romantic type and seek out relationships for security and stability as well as an opportunity to grow or provide for a family.

100) ► **Mars** ♂ **Trine** ♅ **Uranus** - (8°18' A) ♀2 | ♃10

([343] [astromatrix.org](http://astromatrix.org);) The Leader Of The Pack

With the trine, the Mars and Uranus energies should be reconciled and capable of

working well together. In several respects there is similarity with the sextile, although there will be less emphasis upon the level of mind as a dominating factor.

There will be a multiplicity of interests and fascinating areas of knowledge that will attract you; and you will demand that you have sufficient freedom to be able to explore them. Building upon the results of your studies and skills that you have developed, you will feel attracted towards ways of creativity which demonstrate your capacity for self-expression. Being creative is important to you; and once stimulated you may have the problem of choosing what idea to work with out of the many that appeal to you. Discipline can be necessary at such a point, once you decide to follow a creative project, so that you succeed in completing it, before diverting yourself into others.

Independence seems necessary for you; and that impatient, restless nature often makes you soon tire of any enclosing intimate relationships. You need a broader scope, with the stimulation of more people to offer more expansive horizons. Group involvements can help to satisfy such needs, as well as providing a focus for your energies.

Potentially, you can become a leader of such groups; but if you do so, you may find that your independence becomes constrained and the accompanying duties and responsibilities are onerous. Organizational routines and predictability would limit your freedom - which you would hate. A routine life and employment will not suit you. A greater degree of mobility and choice of activity can be aimed towards building a lifestyle that satisfies your needs, rather than frustrating them. Otherwise, those nervous tensions will grow, and can lead to psychosomatic illness.

If your creative spirit is released, and you enter into a less conventional life, you will find that more unorthodox relationships are appropriate and liberating. A traditional marriage may feel limiting, assuming that this tends to imply a traditional lifestyle as well. Under social pressures to conform, people often find that they are being forced to live in certain ways that are inimical to their natural needs and desires as evolving individuals.

Nonconformism is usually penalized and demands a strong personality to oppose these pressures and so create a life that is appropriate for them. Most societies favor a predictable 'grayness' of population, rather than welcoming a multi-colored richness that is harder to control.

101) ► **Mars** ♂ **Trine** ♀ **Lilith** - (0°35' S)    ♀2 | ♀10

([649] [astromatrix.org](http://astromatrix.org);) Speaking your truths

Challenges: 1. Conforming to traditional rules 2. Overcoming Insecurities of society

Sovereignty is important to you, and this aspect helps you to understand that you are not a “pawn” in the game of life.

This aspect helps you to step into your power and constantly create change in your life, whenever you feel stagnant. Exploring your inner wild through creative pursuits, will keep your creative vortex open to channeling the void. The void is the place of infinite possibilities, and you have a gift of receiving insights to support your purpose.

People gravitate towards the purity of your sexual energy, who are captivated by the way you radiate a sense of empowerment. Simply by being you, you’re able to draw in opportunities that help you to cement your purpose. A part of your purpose is to use your power to use your voice to help others.

105) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (5°01' S)    ♄10 | ♇2

([358] [astromatrix.org](http://astromatrix.org);) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

([140] astromatrix.org:) Me Or You

Opportunities: 1. Discovering what You Want 2. Gaining Fulfilment from Within

Challenges: 1. Balancing Order and Chaos 2. Having Relationships for the Right Reasons

People born when the Sun opposes the Moon have an internal struggle between their needs and their wants. In contrast to the Sun-Moon conjunction personality, the Full Moon personality is inclined towards lack of focus and indecision. Their ability to be objective is both an asset and a liability, simply because when they decide on one route, they are pulled in another direction at the same time. Something tugs at them, and they begin to question their stance. "But what if..." and "on the other hand..." are statements they can't help making and that plague them. While Sun conjunct Moon people have an Aries style about them, Sun opposition Moon natives have a distinct Libra energy about them, in that they are always aware of the opposing point of view, the other side of the coin, and so forth.

Their inner struggle is most obvious in their vitality, as both the Sun and the Moon strongly influence the vitality. They have many ups and downs, and it is hard to know if it is physical or emotional. In fact, it's likely both. These people might spend a week working hard, and the following week they lack motivation and find it hard to accomplish much. Their energy fluctuates more than most people, and it is very much a reflection of what is going on inside.

The messages they received in their early lives in terms of what was expected of them were conflicting, and even opposite. Some people born under the Full Moon viewed their parents as two very different and separate individuals who each wanted something very

different from their child. Their parents or parent figures “stood for” two very different things, and their child internalized this. There may have been some emotional frustration in connection with the father and a stifling of the ego by the mother.

It is hard for Sun opposition Moon people to find happiness within themselves. They tend to look outside of themselves for fulfillment. They are inclined to form serious relationships at an early age, simply because of this tendency to try to find an answer to happiness from an “other”. They are prone to divorce, partly because of this prematurity, and partly because their needs are complicated. Full Moon people are also more apt to seek counseling because of this need to find answers.

These people appear to be very self-aware. They entertain a myriad of different points of view and perspectives. They are excellent psychologists and are able to read character and uncover motivations—but with an important caveat: if they are too emotionally close to the situation, they fumble. The truth is, although they appear to know much about how people tick, they spend a good part of their lives uncovering more of themselves and learning about themselves. Generally, this is done through comparisons or through the mirror of relationships.

They can most certainly frustrate the people who are close to them with their indecisiveness and frequent changes of mind (and of heart). A word to those who deal with this on a day-to-day basis: their changes of heart are not a form of insincerity—they are the result of an internal struggle that is very real and very confusing to live with! Sun opposition Moon people can be temperamental, insecure, and very sensitive. The ability to put themselves in someone else’s shoes, and to consider other points of view, is a true asset. However, at some point in their lives, they need to uncover what it is they truly want. This comes easy to New Moon people and can be a life-long struggle for Full Moon people. On the other hand, it is extremely easy for a Full Moon personality to understand others’ points of view—something that doesn’t come as easily to a New Moon personality. Sun opposition Moon people are generally interesting and complex. Born under a Full Moon, they can be a bit “loony”, perhaps manifesting itself in a unique sense of humor.

Look for a planet that might trine and sextile the Sun-Moon opposition for a way to release the tension the opposition creates. Somehow, some way, through that planet, its sign, and its house position, the Sun opposition Moon person can find an “answer” to the struggle. Look also to the sign polarity involved for more details of the struggle. If it’s Aries and Libra, for example, there is a conflict between two equal drives to be independent and to depend on others.

([560] 12andus.com:) Your attitude and thought process distract you from seeking

deeper nurturing.

You may intellectualize your feelings or distance yourself from loved ones when hard times hit. This is because you are a problem solver and critical thinker but feel like your talents are insufficient when it comes to emotional connection.

With mindfulness you can turn your intellectual gifts into assets for nurturing your loved ones. Your ability to be thoughtful can help you respond when your loved ones are in need.

You try to find reason and understanding as a means to connect with and nurture others. You always have a helpful anecdote or advice that can let others know you care about or relate to them.

The key to showing your nurturing energy lies in balancing just the right amount of objectivity. Sometimes you come across as aloof when you're actually deeply concerned.

([597] 12andus.com:) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 7° **Gemini** 29' and in the **4th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 13° **Sagittarius** 3' and in the **10th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 4° **Virgo** 42' and in the **7th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 28° **Virgo** 43' and in the **7th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 22° **Pisces** 31' and in the **1st** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 18° **Capricorn** 36' and in the **11th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 29° **Capricorn** 29' and in the **11th** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 11° **Taurus** 20' and in the **3rd** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 1° **Libra** 21' and in the **8th** house.  
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen

Nemesis in Eighth house (Scorpio): murder, plots, jealousy, scheming, lack of trust

### **Lots related to family:**

The **Lot of the Father** is in 23° **Capricorn** 39' and in the **11th** house.  
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 27° **Cancer** 22' and in the **5th** house.  
Same as for father.

The **Lot of Siblings** is in 25° **Aries** 49' and in the **2nd** house.

The **Lot of Children** is in 24° **Capricorn** 49' and in the **11th** house.

The **Lot of Daughters** is in 21° **Capricorn** 27' and in the **11th** house.

The **Lot of Sons** is in 12° **Taurus** 4' and in the **3rd** house.

The **Lot of Marriage for Woman** is in 13° **Pisces** 38' and in the **1st** house.

The **Lot of Marriage for Men** is in 7° **Pisces** 0' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 24° **Aquarius** 33' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 20° **Capricorn** 22' and in the **11th** house.

The **Lot of Marriage (in general)** is in 21° **Capricorn** 27' and in the **11th** house.

### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 23° **Scorpio** 1' and in the **9th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 9° **Capricorn** 26' and in the **11th** house.

The **Lot of Treachery** is in 21° **Taurus** 46' and in the **3rd** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 8° **Cancer** 23' and in the **5th** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 24° **Cancer** 6' and in the **5th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Leo (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

### ***Pholus in 6th house***

([12andus.com](https://12andus.com/);) You may be going about your business, involved in day to day tasks when you accidentally stumble into a rabbit hole that leads to major awakening.

An unintended accident, one small detail in your work, a seemingly mundane action will unleash consequences you weren't initially expecting.

This can mean that you end up entangled in a conflict that escalates dramatically. You may become toxically obsessed with mundane details, work or tedious matters. You may want to find security, health and stability but your desires will lead you to getting embroiled in tedious and unproductive tasks.

You can find great success through mundane work and doing things with your hands. Your efforts to fix or make things and your service to others can lead you to make dramatic life changes.

You may accidentally stumble into a situation that leads to success in your work or good health. You can use your attention to detail to work your way out of a messy situation.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Aquarius***

(12andus.com:) Your desire for sexual intimacy can be triggered by an attraction to unusual partners.

You're aroused by anyone who breaks the rules. You may also fantasize about sexual encounters in unusual places. Having sex in public, in taboo settings or in places that are outside of the social norms may appeal to you.

You may also have a fetish for rule breaking and challenging tradition. You'll want to explore the outer limits of your sexuality. You may love surprising sexual encounters and need spontaneity. You're sensitive to partners who are rebellious and creative.

You may be able to go for long periods of time with little sexual or romantic interest but then suddenly feel the need to explore all of your fantasies and act with great intensity or impulsivity.

Your sexual interests may even come as a surprise to you. You have a dramatic and shocking way of expressing your sexual interests.

#### ***Eros in 12th house***

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may

also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

(12andus.com:) You may find it challenging to face the ramifications of your impulsive actions.

You may think raw courage and motivation will help you conquer any challenges, but

major life turning points can leave you feeling stumped. Your willpower alone will not be enough to help you staunch out the fire that arises from small accidents, oversights or missteps.

When you face the full extent of your choices and their ramifications, you can become better prepared to deal with major life turning points. You can find your way to navigate through dramatic, life altering events.

Rather than clinging to the past, you need to work through such assumptions and find ways to carry out your greater responsibilities during a crisis.

When you release the assumptions that keep you stuck, waiting for everything to return to "normal," you'll be better able to respond to the crisis in the moment and create a secure foundation for others.

## 144 More Asteroids

144 more asteroids delved into a little deeper.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Leo

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these "quick fixes" often create more problems than they

solve.

### ***Hygiea in 6th house***

(astrology.com:) Virgo or in the sixth house: On its face, this is an optimal placement, but Hygiea in the sign of purification doesn't necessarily imply a premium on health. These individuals view daily routines as acts of wellness, but some routines can be draining or gratuitous. This Hygiea may get too hung up on habit, so the thought of missing their ritual creates more stress than the relief of undertaking it. They must be mindful of their priorities, as one can have a holistic wellness regimen but still forget to eat.

### **Psyche | Soul, Entrance to Self**

[1] where you've almost certainly seen the dark side of things

### ***Psyche in Pisces***

(fauxastrology.tumblr.com:) Psyche in Pisces/ 12th house: My soul's climbing up the Beanstalk towards a castle in the sky, swimming in the clouds, going to places where time & space don't exist, where you're hearing a distant melody but it's like a half-forgotten dream, far away & untouchable. My soul's searching for something that will reach me through this world I created.

### ***Psyche in 1st house***

(fauxastrology.tumblr.com:) Psyche in Aries/ 1st house: My soul's raw, childlike, chasing fireflies late in the summer night, with not even the wind being able to catch me; I don't

## **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### ***Eris in Pisces (Rx)***

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the twelfth house from 'synnisigns.com'.)

In connection with your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

### ***Eris in 1st house***

(synnisigns.com:) When Eris resides in your first house, your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

### **Karma in Pisces (Rx)**

(whatsmyalternative.com:~) The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Retrograde Karma here could mean chances of psychiatric illness, schizophrenia and more drug abuse. Great honesty, objectivity and self mastery is needed in this case for setting up the positive karmic loops to enable Neptunian rewards from this asteroid placement.

### **Karma in 1st house**

(smartyoungsters.com:~) Karma in 1st house: You have to reach your goals on your own. You need to fulfill the duties by your sheer will power and leadership abilities. Your actions will bring you rewards. Use your attacks well and don't abuse your valor.

### **Pandora | Foolish choices & Toxic curiosity**

[1] where one must provide masculine prowess or be considered a failure

### ***Pandora in Sagittarius***

(astronomicallyaligned.tumblr.com:) Somewhere deep inside a library, lies an old, unopened box. You want to open that box in order to attain more knowledge and wisdom. Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury,

Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Aries (Rx)***

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

### ***Nessus in 2nd house***

(smartyoungsters.com:) This Nessus is the one who suffers from an OCD of earning wealth and looking beautiful. This will be the Nessus who will buy all the top cosmetics to beautify the face. A broke condition even if temporary does not go well with this Nessus. Beg, borrow or steal is the motto of this Nessus. When positively expressed, will be an ambitious individual who will go from rags to riches. Using his genius as an example for others. In love this Nessus seeks a rich partner who can buy best perfumes, cosmetics, garments for him. In a woman's chart such women can make excellent fashion models. However, if such a woman marries below her status then husband will suffer from constant abuse.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

### Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? ## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their

routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's

natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.  
To be admired for his outright refusal to accept death and for his ability to repeat a task

that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.
