The Humanitarian

The Life Path 9 suggests that you entered this plane with an abundance of dramatic feelings coupled with a strong sense of compassion and generosity.

The key to the nature of a Life Path number 9 person is found in their humanitarian attitude.

The 9 Life Path is not apt to get rich since they are very generous, sometimes to a fault, and usually have an easy come, easy go attitude about money.

You have the ability to make friends very easily, as people are attracted to your magnetic, open personality. You meet people easily and are quickly befriended because of your openness and amiable demeanor.

Relationships can be difficult for you because it is hard to strike a balance that will work effectively. If your partner is one sharing your giving attitudes, the relationship will be happy and lasting. On the other hand, if you choose a partner whose focus is on material issues, problems will arise quickly.

The purpose of life for those with a 9 life path is often of a philosophical nature. Judges, spiritual leaders, healers and educators frequently have much 9 energy. The number is less inclined to the competitive business environment and may find this a struggle.

Because you are so giving you may find that your finances are not in the greatest shape. You may also have a tendency to be scattered. Your talents lie in so many different directions that you may find it difficult to focus on just one. If you are not following your Life Path and are instead pursuing only materialistic gains, you could feel a deep level of dissatisfaction with yourself.

Expression (Destiny) Number: 7

([659] numerologycalculator.online:) The number 7 Destiny suggests that the direction of growth in your lifetime will be toward thought, analysis, and the development of a mind skilled at searching out the truth.

You must become accomplished at analyzing, judging and discriminating, so that little escapes your observation and deep understanding.

In this you will become increasingly introspective, and value seclusiveness and solitude.

You are the type of person that can really get involved in a search for wisdom or hidden truths, and you must become an authority on whatever it is you are focusing on.

This can easily be of a technical or scientific nature, or it may be religious or occult, it matters very little, you pursue knowledge with the same sort of vigor.

You can make a very fine teacher, or because of a natural inclination toward the spiritual, you may become deeply emerged in religious affairs or even psychic explorations. You have excellent capabilities to study and learn really deep and difficult subjects, and to search for hidden fundamentals.

You tend to operate on a rather different wavelength, and many of your friends may not really know you very well. At full maturity you are likely to be a very peaceful and poised individual. You really like to work alone, at your own pace and in your own way. You neither show or understand emotions very well.

The positive aspects of the 7 Destiny are that you must be a true perfectionist in a very positive sense of the word. You are very logical, and usually employ a quite rational approach to most things you do. You can be so rational at times that you almost seem to lack emotion, and when you are faced with an emotional situation, you may have a bit of a problem coping with it.

If there is an over supply of the number 7 in your makeup, the negative aspects of the number may be apparent. The chief negative of 7 relates to the limited degree of trust that you may have in people.

A tendency to be highly introverted can make you a bit on the self-centered side, certainly very much self-contained. Because of this, you are not very adaptable, and you may tend to be overly critical and intolerant.

Life Path - Expression Bridge Number: 2

([660] numerology.center:) Number 2 gives you characteristic of a very loving and pleasant person. But the other people, generally, cannot notice that. You think that you are an open person and everybody understands you, but, unfortunately it is not like this. All people are different and you have to be more tactful towards others so that they can see your friendliness. In some situations, diplomacy and practicality may help as well. Sometimes you are not attentive enough to other people. It may hurt them and lead to further misunderstanding. You have to be more polite and open to make contacts with others and avoid conflicts, which doesn't definitely lead you to your dream's accomplishment. You have to be sure of your capabilities and not to repel other people. This is a recipe for your happiness and luck.

Heart's Desire (Soul Urge) Number: 5

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

Personality Number: 2

([659] numerologycalculator.online:) Fair-minded and well-rounded.

Two people are seen as trustworthy and reliable. People with this personality number are often asked for help by strangers or approached

because they have an openness about them and a caring demeanor. Sometimes they are seen as indecisive because they carefully weigh all things before making decisions.

People with Personality Number 2 are reserved, modest, shy and therefore often timid. They don't like to lead others but have inborn talents for diplomacy. If such people find themselves comfortable in someone's company, they may seem pretty charming and sensitive to others. Besides that, Numbers 2 resolve conflicts by searching for compromise, not instigating arguments.

A person with Personality Number 2 has an agreeable and pleasing appearance, which approachable, attractive and inviting for others.

Heart's Desire - Personality Bridge Number: 3

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields connected with arts fit you greatly.

Quiescent Self Number: 2

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 2 are likely to envision themselves surrounded by those they care for and who love them.

The energy represented by the number 2 resonates with relationships — teamwork, romance, friendships, all aspects of coexistence.

Thus, it is common to imagine and cherish peaceful and harmonious companionship, relationships that protect and comfort, and association with accommodating and well-meaning groups.

Someone with this quiescent-self number is likely to see themselves quietly serving others in diplomatic and unobtrusive ways, and being appreciated for what they do and for the loving person they are.

Maturity Number: 7 = 9 + 7 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

Karmic Debt Number: 14/5

([663] mattbeech.com:) The karmic debt number 14 is directly related to the **notion of control**. Either you lack control or you seek far too much control than what's good for you. It is tied into notions of power and your personality being drawn towards this attitude no matter what the cost.

It is quite likely that you spent your past lives wrestling control away from other people. If you feel like you lack control in your current life, it is probably the result of these actions bearing consequence now.

You can begin to take control and erase your karmic debt by focusing on **principles of modesty** and attempting to maintain emotional awareness at all times. You have to be aware of the result of your actions on others and try and contribute meaningfully to the lives of people around you.

(astrobasic.com:) This Karmic Debt number will create instability in your life. You will always encounter an unexpected situation and an unplanned event in your life.

The recommended solution is to start living an orderly life and try to make a commitment to the orderly life you have decided. The unexpected event will come and go but your commitment will help you to overcome that situation.

First Pinnacle Cycle: 3

(Month + Day) - from age 0 to 27 (based on LPN) - ([665] feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 1 Number 3: Pinnacle ONE: While it sounds rather breezy, if the number 3 shows up during your Pinnacles, it offers many challenges. While there may be lots of opportunities to develop and pursue artistic and creative potentials, chances are you won't recognize them or be willing to work at making them come to fruition this early in life because you lack the wisdom and experience that comes with age. So instead, there's a tendency to scatter your energies or perhaps to work on fleeting ideas. Better yet: You may just be having too much fun to worry about the future. The best spin: The Three First Pinnacle will encourage the development of a creative career

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

Second Pinnacle Cycle: 6

(Year + Day) - from age 28 to 36 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around

you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 2 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Third Pinnacle Cycle: 9

(1st Pinnacle + 2nd Pinnacle) - from age 37 to 45 (based on LPN) - ([665]
feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 3 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 46 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

First Period Cycle: 3

(Month) from age 0 to 27 (based on LPN)

([666] worldnumerology.com:) The early part of your life is a time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward.

You are socially active and will appear to others as charming, attractive, even charismatic. Be careful not to waste your energies on too many superficial projects or relationships, however.

The time requires discipline and focus in order to make the most of the great upward energy that is filling your life.

Second Period Cycle: 9

(Day) from age 28 to 54 (based on LPN)

([666] worldnumerology.com:) This is a period where you develop a broad view of humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message.

There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments.

You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

Third Period Cycle: 6

(Year) from age 55 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you primarily focused on family matters. It is likely you will continue to care for others well into your sixties (or longer), which will provide great satisfaction.

You may be more involved in the arts through volunteering or teaching and engaged in community affairs or local politics. Artistic talents you possess are enhanced, and you find opportunities to express them.

This is a cycle of stability in relationships (although not necessarily romantic relationships). Partnerships or family-run businesses have a significant chance for success.

First Challenge Number: 6

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment

- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 3

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

Personal Year Number (for 2022): 9 $(18 + 12) + (2+0+2+2)$

Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 9 brings idealism and humanitarianism. There is more concern for the welfare of humanity, and less prejudice and judgement. More compassion and tolerance and benevolence, less blame.

The energies of this year tend to bring out the philanthropic and generous aspects of a person. Broader interests and larger activities seem more natural. There's a more global consciousness.

Personal Year Number (for 2023): **1** (18) + (12) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

In some respects, life feels like it's beginning anew.

(feliciabender.com:) This is a year of new beginnings and initiation. It can be a somewhat lonely year with feelings of a lot resting on your shoulders that only you can do without help from others. This year holds much more clarity than last year and is the start of a new 9-year cycle. So make it count!

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone (first letter) is same as first vowel.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your **approach to challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ...

([669] numerologist.com:) What Happens If Your First Name Begins With a Vowel? Numerologist Jean Simpson makes another interesting observation about the placement of the vowel in your name. She contends that when a vowel is the first letter of your name (for instance: Alyssa, Elizabeth, Ian, Owen, Yvonne), you often have challenges making decisions. When a vowel begins your name, chances are you aren't the best at making split decisions – it often takes more processing time to come to a decision or provide an answer.

Cornerstone and First Vowel: I

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to approach life with compassion and humanitarian considerations, with an ideal always in mind.

([671] spiritwalk.org:) You are an emphatic and touchy person who sees things as they are without pink glasses. You have artistic talents and you need to develop your skills in order to feel happy, even as a hobby. Your eyes are sharp to aesthetics and fashion. Multitasking is not your strongest side, look for your passion and make it your job.

([672] numerologist.com:) Cornerstone: You procrastinate a long time before embarking on any project as it is very important to you how it will receive. You are not a great leader because you are often too nervous to perform.

([673] numerologyzen.com:) Letter I. An emotional and creative letter, synonymous with ideals, intelligence and interest in others. I resembles a string of a violin, strained to the extreme and vibrant with sensitivity. I can be emotional or creative, ideally both at the same time. With such a letter, the current passes quickly. No absorption due to curves, no hesitations due to broken lines. I has an active, passionate, receptive, altruistic nature and so can live great ideals. I knows how to make a quick decision, but [his,her] functioning is a lot more subjective than analytic. This loftiness and lightness is perhaps what makes I charming. [His,Her] human sense is great. Open, sincere and passionate, I knows how to give or be devoted without an ulterior motive. It is the letter of listening to others' problems and who is very demonstrative in love. However, I is often too idealistic and can be disappointed due to a lack of sensitivity from others, their coldness or their imperfections. With a little luck, I can transform [his,her] great emotions into artistic or creative aptitudes which will serve as valves of constructive security. There is a lot of intensity and deepness in this letter. The feelings are extreme, intense (especially those linked to accomplishment, success or failure, solitude and losses) and govern [his,her] behavior, actions and everyday life. Average or mediocre situations don't suit I. [He,She]

doesn't reflect deeply, but tests and feels. The intellect, although powerful, comes always after the sentiments and emotions. I is able to pass from total joy to demoralization without knowing how to master it. I is at ease in public, in all activities which allow [him,her] to use [his,her] sensitivity. To the image of the letter, I represents an arrow which one ignores if it is implanted firmly or not in the ground. I needs a solid base to stay upright. It would be advantageous for I to reinforce [his,her] stability in the physical and intellectual areas and above all to give a more positive and restraining environment to the emotions, in order to avoid excesses or questioning which unbalance [him,her].

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): S

([676] ezinearticles.com:) This letter indicates that being too self-absorbed could become an obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): B

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "B" tends to complete projects in cooperation with others — rather than doing them alone.

([671] spiritwalk.org:) You are touchy and stand-alone person, but somehow you are quite sociable and understanding. You hate misunderstanding and conflicts, as you are a calm person by nature. You are always devoted to people, but take some time for yourself and value yourself more.

([672] numerologist.com:) Capstone: Your projects and goals often go awry because you cannot get past emotional hang ups enough to be effective. You take things too personally and the ensuing conflict prevents things from getting accomplished.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

1 on the Physical Plane

The habit to live with your own mind and ignore others' attempts to influence the situation is present in everything you do. Perseverance, courage, determination, and commitment help you achieve the set goal, be it in business or in any other sphere of

life. Your hidden power is in your charm and wit.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

7 on the Mental Plane

Your outstanding erudition stems from your inquisitiveness, which, in its turn, demands new, more extensive knowledge. Just knowing is not enough for you. You always want to understand, get to the essence, and reveal the origins. You are a skilled psychologist, able to adequately assess people's positive and negative characteristics. Don't rush to criticize them based on this understanding. You need to endear yourself to people, and make them trust your opinion.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the "tyrant – victim" scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

7 on the Intuitive Plane

You are capable of seeing the essence of things – through abstract thinking. Don't try to

rationalize your intuitive feelings somehow – it has no practical sense. Trust your intuition, use your inventive mind, and you'll find your way to a creative career.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Temperament: 4 diagonal «3-5-7»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 77

"The Lucky one" - if you are one of "those who help themselves", then fate will help you to be at the right time and place. And sometimes it literally saves from making a mistake and bad decisions. But it happens that after a series of successes people with 77 become too self-assured, believing that they will always be lucky without any efforts. Famous last words! Fortune loves to put swellhead's nose out of joint.

Duty — 888

"The straight-shooter" - the desire to convey their ideas (which are, of course, "right" and "good" from their point of view) to society is often placed above their or their family's interests. And, for certain, all this is done for the public good. But sometimes, no matter how strange it may look from the outside, such people may have a period of isolation, but later they return to their hectic social life again.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 6***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 6

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 4

"High spirituality" - the predominance of spiritual values in this person attracts their soul mates. Together they begin to influence the surrounding inveterate materialists.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

These people have a keen sense of their inherent obligation to work. They have been known to tax their health and sacrifice their loved ones in a drive to get things done. The Eight of Spade want to be admired and prestige is important to them. Friendships will often change and fluctuate depending upon their work-related needs.

Although primarily concerned with hard work, this Card does have a higher calling. It is often considered the Healers Card. And should the 8 of Spade use their strong spiritual energy along side the application of higher wisdom to accomplish their goals, they are sure to find their place among the great ones.

Still another class of Eight of Spade will realize nothing but the need to amass a lot of money. For these 8 of Spade, not one thing or anyone is as important as how much.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Ix

North (White) glyph: Support / Comfort

Day Sign: Jaguar

/ Ix (Yucatan) / I'x (Kiche)

Ix types can be private, sensitive, intelligent, and psychic. They have an inborn sense of strategy and make good planners and investigators.

Ix types may be aggressive but they will generally avoid direct confrontations. They will fight to make a point, though they usually do so in somewhat indirect ways.

Some are cryptic communicators. They are not fearful of becoming entangled with other peoples lives.

Ix types tend to become deeply involved with others on many levels, and they will base their security needs on these relationships.

When things turn sour, they find themselves caught up in a network of ties and

obligations that are difficult to throw off easily and quickly. This tendency leaves a lot of unfinished business and opportunities to process what has happened, which may yield deep spiritual insights.

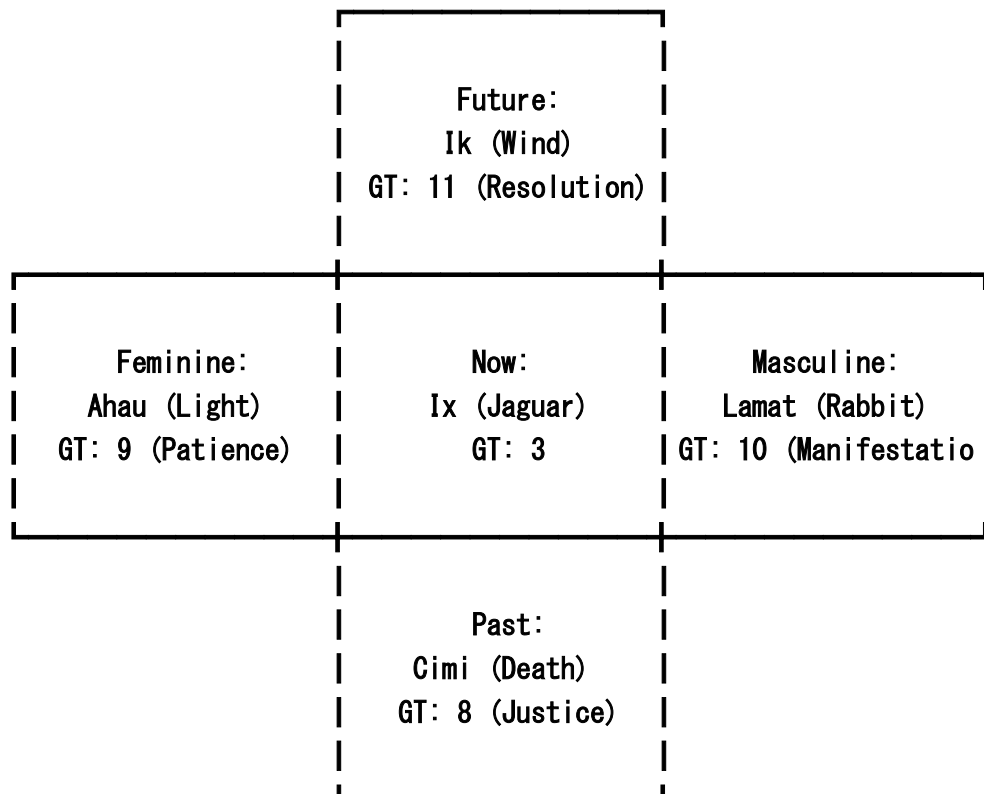

Ix types make good healers and consultants. They are inclined to be concerned with religion or spirituality, and they often display various kinds of psychic abilities. They are very sensitive in general and can read people intuitively. When this psychic ability is combined with their tendency to become deeply involved in human relationships, what emerges is essentially an identity as doctor or counsellor. At their very best, Ix types are healers and confessors and as such provide a necessary service to humanity.

Challenge:

To sort out complex and entangled human relationships; to purify ones social life.

Solution:

To develop healing and counselling skills.

Four Directions

Ix natives share a certain slippery, Otherworldly glitter with the natives of Akbal, Cimi, and Ahau, the other Underworld signs. Cimi in fact, is the past sign and Ahau constitutes the left hand power, so it may truly be said that they emerge from the otherworld with their time in the pool of souls still predominant in their personalities.

One of the Ix's challenges however, is that he is always headed towards Ik. Which generally blows conflict and contention into his life.

According to contemporary day-keepers, Ix natives are likely to become wealthy. The Maya think of wealth in terms such as gold, silver, and crops-all of which are either found in the earth or emerge from the it.

Since Ix is an underworld sign closely linked to Santo Mundo, it follows that wealth is an adjunct of this day- sign. A close parallel exists in Greco-Roman myth. Pluto, the fearsome god of the dead, was also a god of wealth because the source of wealth (ie. Gold, silver, and precious metals) lay hidden under the earth. This, in fact, is the origin of our word "plutocrat". Ix natives are the plutocrats of the Mayan world.

The wealth that falls to the natives of this day-sign has a price. It is said that those born on the day Ix are likely to be afflicted with all manner of illness. This is because the vital and transforming power of the underworld, the Santo Mundo, is always pushing the Ix native towards transformation. We all resist change and the conflict manifests as illness. There is, of course, one solution to this; to accept change and embrace inner transformation. Many Ix natives are to be found engaged in current spiritual practices and workshops that stress inner transformation, and this is as it should be.

The Ix native who accepts the need for transmutation can become an especially powerful shamanic figure. Among the Quiche Maya this person is considered a good candidate for initiation into the ancient ways and the knowledge of the Sacred Calendar. Whatever ones cultural or spiritual background may be, however, the Ix who transforms night world cunning and cleverness into true magic and wisdom can reach great heights indeed.

Galactic Tone: 3

(mymayansign.com:)

Action

- * Playfulness
- * Active
- * Joyful
- * Weightlessness
- * Happiness

Tone 3 represents movement and communication. You are very successful in expressing yourself. Your presence brings about more communication, more expression, more action and stirring up of things. Feeling the core of vibrations make you a rhythmic being in our universe. Due to your personality, you are a very cheerful, active, light-filled and vivacious person. Dance is a great way to express yourself.

Trecena Sign: Cane

/ Reed / Ben (Yucatan) / Aj (Kiche)

Beneath the 1-Ben surface personality is a person who seeks constant self-improvement.

Such people have a strong need to persuade others, to conquer their enemies, and to achieve their objectives.

While they make good teachers and role models, they also have a tendency to be somewhat self-righteous and overconfident of their own opinions.

Night Lord: 5

This Lord is positioned at the midpoint of the series of nine. A person under the influence of G5 seeks to be at the centre of a group and will sometimes use others to get there.

One of G5's greatest challenges is to act from their centres and not to use or be used by others. People born under the influence of this lord become deeply involved in relationships but, for the most part, also struggle with them. They are sensitive people and they tend to be touchy about a number of things, including their own expectations. Because they seek perfection, they are sensitive to disappointments, and often need to develop more realistic expectations and avoid putting the burden of relationship failures onto others.

Idealistic and compromising by nature, G5 types are rarely content with the choices they have made.

Their dark side includes a tendency to hold distorted opinions or to have over-inflated expectations of others. At their worst, they can be blamers, blind to the reality that they are the cause of their own problems. Recognising this pattern can be a tremendous step forward in a G5's spiritual progress.

These types need to be with others who are stable and helpful, and avoid those who could worsen their fears. They also need to be accepting of others. It is their own beliefs about relationships that both their problems and their solutions lie.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Jupiter conjunct the Sun.

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: Tiger (psychicscience.org)

Year: Cohort "Tiger climbs the Mountain"

Heavenly Stem Yang Earth (Flourishing)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 3rd position on the Chinese Zodiac, the Tiger symbolizes such character traits as bravery, competitiveness and unpredictability. Tigers love to be challenged and will accept any challenge if it means protecting a loved one or protecting their honor. They don't worry about the outcome because they know they'll always land on their feet. Don't let their calm appearance fool you though; Tigers will pounce when they feel it's necessary.

Born to lead, Tigers can be stubborn if they realize they're not in charge. They have a slight tendency to be selfish but overall, Tigers are extremely generous. They're very intelligent and they're always on alert. Tigers are very charming and are well-liked by others. They are not motivated by money or power.

Health: As they do their enemies, Tigers have a tendency to pounce on their work. Afterwards, they're left feeling exhausted. Although they'll soon bounce right back, over time this approach can cause problems with their health. Tigers need to develop a more balanced approach to life so they can utilize their energy more efficiently.

Career: Tigers have a continual need to be challenged which may explain why they jump from job to job. This isn't necessarily a problem because they're smart and able to quickly master new subjects. The best jobs for Tigers are those that will lead them towards positions of leadership. Some suitable careers for Tigers include: advertising agent, office manager, travel agent, actor, writer, artist, pilot, flight attendant, musician, comedian and chauffeur.

Relationships: Creative in their passion, Tigers will never bore their partners. They're expressive, polite and trustworthy, but watch out. Tigers tend to dominate their relationships. This tendency is instinctive and when monitored closely, such behavior can be kept under control. Partners need to be equally active to keep up with the Tiger's sense of adventure.

Element: Earth

More grounded in reality, Earth Tigers don't get carried away by the circumstances of their situations. Instead, they sit back and evaluate all angles before jumping in. They're able to stay focused on their tasks; a trait that helps ensure success.

The Month Pillar: Rat (psychicscience.org)

Month: Elder Self "Rat on the Roof"

Heavenly Stem Yang Wood (Thrusting)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 1st and most prominent position on the Chinese Zodiac, the Rat symbolizes such character traits as wit, imagination and curiosity. Rats have keen observation skills and with those skills they're able to deduce much about other people and other situations. Overall, Rats are full of energy, talkative and charming but they have a tendency to become aggressive.

Rats are full of good advice but they will never share their troubles with others. They are honest individuals and they enjoy living for the moment. They're also capable of surviving any situation.

Health: Overall Rats enjoy good health. They're very active which helps keep them in

shape and able to fight off sickness. They can at times be tense, aggressive, and full of nervous energy, conditions which can lead to stress. Regular exercise designed to calm will benefit Rats.

Career: Extremely perceptive and wise, Rats can focus on the big picture. That ability along with their good judgment enables Rats to solve problems before they arise. Rats focus on titles because titles translate into status and money; two motivating forces. Rats make excellent bosses. Routine halts their creativity so Rats need flexible positions that allow creativity. Good career choices include: administrator, director, manager, entrepreneur, broadcaster, writer, musician, stand-up comedian, politician, lawyer, researcher, and race car driver.

Relationships: Rats are very charming. They enjoy social activities and because they're out a lot, they're always meeting new people. They aren't good at breaking off relationships however, and this presents problems going forward with new relationships. Anyone hoping to partner with a Rat must be able to keep up with the Rat's active nature.

Element: Wood

Not nearly as self-confident as they appear on the surface, Wood Rats will never expose this vulnerability to others. They're successful despite their perpetual fear of failing. Wood Rats enjoy being with friends and family and fortunately for them, feelings of love and respect are mutual.

The Day Pillar: Horse (psychicscience.org)

Day: Social Self "Palace Horse"

Heavenly Stem Yang Metal (Transformation)

The Day Pillar is generally the most significant. It indicates your everyday personality - the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

(chinesezodiac.com)

Personality: Occupying the 7th position on the Chinese Zodiac, the Horse symbolizes such character traits as strength, energy, and an outgoing nature. Extremely animated, Horses thrive when they're the center of attention. Always in search of a good time, Horses keep the crowds happy with their humor and their wit.

Horses are extremely intelligent so they're able to grasp new subjects with ease. They're also capable of multi-tasking however they don't always finish what they start because they're forever chasing the next opportunity. Horses are honest, friendly and open-minded. They're perhaps a bit too centered on themselves and have been known to throw tantrums when situations don't go their way.

Health: Horses are very healthy, most likely because they maintain a positive outlook on life and because they're athletic. Lead Horses to wide, open spaces and watch them run free! Horses will usually only feel ill when they're trapped inside.

Career: Horses enjoy positions in which they can interact with others. They aren't fond of taking orders and they'll run from jobs they consider routine. They're able to grasp new subjects with ease making them capable of handling most any job. They're effective communicators and they enjoy power. Good career choices for Horses include: publicist, sales representative, journalist, language instructor, translator, bartender, performer, tour operator, librarian or pilot.

Relationships: Horses, being spontaneous, have a tendency to fall fast and hard for others. They tend to give themselves fully in each new relationship a quality that ends up chipping away at their inner being. Fortunately, this exhausting trait mellows with age and relationships are stronger and more stable later in life.

Element: Metal

Free-spirited in every sense of the word, commitment is the easiest way to scare Metal Horses away. They prefer jumping from one relationship or job to the next. Because of this, Metal Horses make better friends than partners.

The Hour Pillar: Horse (psychicscience.org)

Hour: Natural Self "War Horse"

Heavenly Stem Yang Water (Potentiality)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

Adaptable yet indecisive, Water Horses have a tendency to flow like the current. They have trouble making up their minds and as a result, they always seem to be confusing others. And although this behavior can be frustrating, Water Horses are fun to be around so most people just get used to it.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the

scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Aspen Tree

Strong keywords: Energy, Enthusiasm, Health

Weak keywords: Instability, Distractibility

Tree variants: Fig tree, Male fern, White poplar

Birthday:

11 June – 20 June

11 December – 20 December

Characteristics and Personality

People under the rule of Aspen have a very varied life. They have adventurous character that often goes hand in hand with diverse abilities. They can do everything with great enthusiasm; they are able to sacrifice everything for a thing or a person. They do everything with all their energy and vigour. Just as aspen trees, these people are able to cope with harsh conditions and still shine, but when someone just as successful or even more successful appears at their workplace and threatens their position, they are about to break down.

When they run into problems, they either give up easily or they deal with the situation, but their reactions are not adequate. They often underestimate their problems, they believe that the problems will always solve themselves or with the help of their friends. They do not have many friends because they are not too involved in society. On the other hand, they are quite popular among people, because they have a good sense of humour and they can pay compliments at the right moment. If they are successful and do not feel threatened, they can be excellent companions and workers.

Although people born under the rule of aspen have many talents and a good sense for business, they are usually not rich because they are rarely able to use their abilities to their advantage. They often change many different jobs and they find it hard to find work

that satisfies them. Certain instability and the inability to concentrate on a single goal often hinder very fast development of these people. They are equipped with an artistic talent, but they usually lack the patience needed to become successful in the world of art. However, if they are at least a bit determined to succeed they will achieve what they want in their life.

Due to certain shallowness, they are usually not steady partners in love and marriage, but they love family life, they understand children very well, and they are usually very fond of animals. Nature often gives Aspen people physical beauty and youthful appearance, which they keep until old age. Their hobbies include sports, dancing and travelling. Maybe that is the reason why they are usually relatively healthy. However, when they get sick, they are prone to intense high fevers.

Appearance – Are Libra Ascendants beautiful?

The ascendant lord of Libra rising is Venus. Venus, as you might already know, rules luxury, beauty, and sex appeal. Clearly, Libra risings are born with intense killer looks. A Libra rising man is extremely handsome. These men are usually quite tall. They have seductive eyes and a perfectly symmetrical forehead. They have a strong athletic body and fair to olive-gold tanned skin.

Traits – Are Libra Ascendants Good?

Libra risings are usually very warm and good-natured. These people are well-mannered and they hardly raise their voices. Unless pushed to the edge, they don't mean harm to anyone.

1. They're Extremely Creative – Venus is the responsible body behind the immense creativity of a Libra ascendant. These people have an unending love and appreciation for art.
2. They're too much into looks - Despite Libra risings being very attractive by birth, they still spend a lot of their time perfecting their already perfect appearance.
3. They Have a Strong Sense of Justice - A Libra rising is unbiased. That's one of the reasons that people trust their judgment a lot.
4. They are Curious Beings – A Libra ascendant likes to learn and explore. These people are always eager to explore new places and learn about new cultures. To put it simply, life with them is pretty wild and adventurous.
5. They are Peacemakers – Libra risings use their intellect and logic to resolve a dispute. They believe that violence and aggression aren't always required.
6. They're smart and intelligent – It's very hard to win an argument with Libra ascendants since most of what they talk about is backed up by facts.
7. They are quite straightforward – Libra risings never mince their words because they don't care what others might think about them. They don't try to impress everybody and they do not have the urge to be liked by all. Precisely, these people are the least diplomatic people you'll ever come across.
8. They get pretty restless when in love – Very logical and rational in their life, the entire personality of a Libra rising changes in love. They are hardly ever satisfied with their partners since they expect a lot.
9. They're impatient lovers – Libra risings are very impatient in love. They tend to act like a child at times and it can be really frustrating trying to win an argument with them.

Love Life – How is a Libra Rising Personality in Love?

A Libra ascendant, especially a Libra ascendant man, doesn't have patience. It creates a lot of trouble in their love life. These people are so perfect that it's hard for them to see perfection in their partners. That said, they can go to any extent to physically and emotionally protect their partners.

A Libra rising man in love gets too restless too quickly. Whilst he's looking for a good-looking mate, that's not the only thing he needs. He requires fun, humor, and loyalty. He might start dating you because you're sexy and enjoy the hot steamy sex for a couple of months, but, if he finds you shallow or flirtatious, he's going to dump you. When a Libra rising man is in love, he tends to offer his woman the protection of his body and soul. The best thing being, he's never emotionally absent in a relationship.

Compatibility and Marriage – Are Libra Risings Loyal?

It takes someone very, very mature to understand that Libra risings criticize only those people they're extremely fond of. They try to perfect you only because they want the best for you.

Libra ascendants aren't perfect for everybody. They can be very critical and impatient. Hence, they aren't everybody's cup of tea. Their marriage is most successful with Gemini ascendants and Leo ascendants. They also make a wonderful pair with the Sagittarius zodiac sign and the Aquarius zodiac sign.

A Libra rising man is a very faithful husband. He might flirt around a bit, but he never cheats. Once he says, I do, he means, for better or worse!

While they don't mind being loved and supported, they simply don't have enough time to be romantic. They barely find a few minutes for their intellectual and spiritual pursuits. What makes them happy the most is their professional life.

Not that there's something wrong with being ambitious, but they will miss on other great things in life. Slowing down and taking interest in other activities than work will help them a lot.

They are cautious like all the Capricorns, but the Aries in them will always let an impulsive side out. As soon as their life will become too smooth, they will start to become restless.

And they surely know how to make themselves heard when they are feeling something more intensely. That's why they need to avoid being harsh and impolite with those who can't keep up with them.

Sun ☉ in IV 4th House

([862] i.thehoroscope.co)

This placement of the Sun makes people establish their own identity based on emotions and on the way in which their family members perceive them.

People born with the Sun in the fourth house in their birth chart are very attached to their home and dream of a beautiful domestic life that can make them feel secure. Everything they're doing is aimed at bringing happiness to their family and keeping their home in order.

The presence of the Sun here indicates natives with this placement are highly interested in respecting traditions with which they identify themselves. Proud of the places they're coming from and their upbringing, the way they evolve and make things happen later in life would be pretty much connected with their memories.

Summary:

Strengths: Loyal, dependable and happy;

Challenges: Worrisome and insecure;

Advice: They should not let anything make them lose their self-respect.

Slow but efficient

Natives having the Sun in the 4th house plan their life ahead and are great at developing strategies for themselves. They become better with age because their true self comes to display as they get older.

It's important for them to have their emotional needs and attachments resolved before starting to pay attention to other things in their life.

As soon as these aspects have been established, they can start focusing on their career and expect their life to improve.

The Sun always needs to shine, regardless of its position. These people will spend a lot of money on a comfortable environment and love to have people over or to gather in the living room with their family.

Throwing parties in order to show off their new furniture and fireplace is one of their favorite things to do.

If they have an outgoing father and the aspects in their birth chart are positive, they will find it easy to attract prosperity, but they'd never cease to worry that things in their life may take the wrong turn.

They may have slow starts, but as soon as getting a grasp of what they're supposed to do, they begin to be very efficient and manage to get things done fast.

The most important thing in the world for them is their family, being strongly attached to their parents, no matter if these may have been in any way hurtful or disappointing.

Sun in 4th house people establish their own identity based on emotions and the way their family members perceive them. That's why they may be obsessed with how much love they receive from the people who are the closest to them.

They will all the time worry that their life partner and children will leave them or that they may lose the comfortable lifestyle they're so used to. These things usually limit them, but the more evolved of them can overcome such problems.

Their development is strongly anchored in their roots, which are nothing else than their heritage, ancestral ways, the traditions they're aware of, their upbringing and the collective efforts they were involved in as both adults and children.

These things make them feel like they're belonging and have the necessary security. Their path to illumination depends a lot on how they've integrated their roots in their way of life.

The positives

Individuals with this placement struggle to have a family and a great home. The main purpose of their Sun is to resolve problems hidden in their psychic and that have their roots in these natives' childhood.

They're the most confident and happy when taking care of their home in the best way they can. A rich family life and having someone to nurture makes them thrive.

Everything about history, personal and family lives, emotions and interesting experiences makes them curious. They're rather the poetic type who loves staying inside and watching a romantic movie.

As said before, Sun in 4th house natives put family on the first place, wanting to meet someone special and to have children because this is what motivates them, together with the need to put down roots.

However, their dreams may come true later in life, when they'll use all of the energy accumulated in the period before. A good home and a beautiful family plus respecting many of the traditions they're aware of makes them feel secure.

And security is very important to them because only when feeling safe they can express their emotions and function at their best.

When not feeling like they're having it, they just go home and try to gather their forces. The position of the Sun in the 4th house reveals the fact that without security, they couldn't evolve in any way.

No matter the situation, they will always be ready to sacrifice everything for their family. The same position of the Sun also suggests they're the introverted type who needs protection.

It can be impossible for them to deal with the harshness of the outside world on their own. While they need to nurture, being taken care of themselves is very important for the way they develop and accumulate the necessary courage to deal with the world or express themselves.

That's why they'll always search for a partner who makes them feel safe and loved. Their emotions will carry the imprints of their childhood and change from there.

While for people with other placement of the Sun family is still important, for those with this planet in the 4th house is the absolute. They give it a lot of importance as children too, comparing everything they see outside with how things happen at home.

They have either found similarities and thought of them as victories, or concluded some things contradict the ways they know about from their family and been traumatized.

Everything reminding them of their parents and childhood makes them happy and sentimental. If they had bad experiences at home, it may be a little bit more difficult for them to understand life and accept certain things that are very different from what they're used to.

The negatives

The first part of Sun in 4th house natives' life may be a struggle because they won't admit that the things they dream of are not so easy to obtain.

The 4th house is also about decline in a certain period of life, so things for people having their Sun here may start to look good after their thirties.

When it comes to their profession, they'd do a great job in real estate or organizations that deal with the environment.

As said many times before, family is very important to them, but their heritage may become a problem if they don't separate their own identity from it.

Even their ancestral patterns may reject their ways if they wouldn't express their individuality and separate their life from the ones of their parents or grandparents.

This doesn't mean they should lose the respect for what helped become who they are, however. While looking everywhere to identify people and situations that have something to do with their background, they can forget everything they need is actually inside them.

Having a comfortable home where they're feeling safe and secure can be very beneficial for them, but things from their past should still be present in their life.

Family gives them purpose, so changes with their loved ones and the relationships at home can influence them in a great way.

For example, they will forever complain after their children will decide to build their own lives. Wanting security and to be emotionally supported, they're still never happy with what they're already having.

Possessive and clingy, these people need to be told everyone loves them as they can't be independent and worry too much their family isn't seriously attached to them.

It's like they don't trust others, which can bother their partner and even their children. When the Sun in the 4th house is somehow afflicted, they may be too proud about their heritage and have many arguments with their own parents, especially the father because the Sun represents the paternal side.

It's also possible they're too domineering at home, but the fact that they're nurturing can't be changed or influenced by any position of planets.

Moon ☾ in VII 7th House

([878] i.thehoroscope.co)

People with the Moon in the 7th House don't hold very tightly to their emotions and desires, being quite versatile, especially when the wellbeing of those close is at stake.

Moon in 7th House people enjoy doing things in groups because they can't stand being alone. It would be a tragedy for them to have to go by themselves to the movies or to spend a day in nature without a companion.

They need to be emotionally supported and to have others around who can make their life more fun. When it comes to romantic relationships, they may change partners too often because they always rush to say that they have found the one and get disappointed along the way.

7th House natives are terrified of being on their own and they wouldn't mind just being with someone, no matter how in love and happy they may be feeling. It's also possible for them to stay in a relationship that doesn't actually look so good.

Summary:

Strengths: Affectionate, dependable and soft;

Challenges: Skeptical and criticizing;

Advice: Leave the future aside and live more in the present.

Eager for reciprocation

People with Moon in 7th House rely a lot on others in order to feel emotionally fulfilled, secure and protected. They are very vulnerable and have a need to belong to a person, to be spoiled and nurtured.

The Moon is all about how a person feels, its position in a sign and a House determining the way a person expresses him or herself when it comes to emotions.

The seventh House is responsible for the way people interact with others, their marriages, businesses and friendships. It also determines how they cooperate and interpret people, together with what their unconsciousness expects in terms of giving and taking.

Individuals having Moon in 7th House are dependent on being with someone because the Moon makes them eager to receive a response from another person, all the time.

This celestial body also indicates their partner should be the sensitive, nurturing and moody type. They may also dream of someone who likes to smother and to be very

protective because they usually marry young, and people in their twenties are more in need of protection.

The Moon has great sensitivity and can easily adapt to what others need, but when in difficult aspects, it can become more difficult for natives to enter relationships.

Depending on which planets interact with the Moon in their chart, people will respond to life problems more or less emotionally. This celestial body also represents the Mother, so those who are more influenced by it will choose a spouse whom they can take good care of.

The same Moon makes them care about others' opinions and attentive to their needs and desires. It's normal for "lunar people" to stress about what their partner and others think of them, feeling great when appreciated and in the center of attention.

When the Moon is in good aspects, natives having it in 7th House are capable of great emotions and very receptive to what others need. If the aspects are negative, they are changeable and moody, going with the flow when it comes to emotions and their existence in public.

But all in all, they really are the ones who enjoy romantic gestures or being treated with affection and understanding. When in the seventh House, the Moon influences its natives to use their relationships as vehicles to what they want and need.

These people can't find their own desires in themselves because it's others that make them more aware. This is why they forever remain children in their heart, believing their partner should act more like parents and not lovers.

It can be a challenge for these people to fulfill their own needs without noticing how sensitive they are to the ones of others.

When they don't seem to hold on to their own feelings anymore, they simply take a look at their loved ones and get stimulated. Many will allow them to discover what they need and want with their help, so they won't have too many problems taking care of their own desires.

Searching for the right one

People having Moon in 7th House are in need of human interaction and to be emotionally supported. It's impossible for them to enjoy life on their own.

Their partner may make them feel things they have never experienced before, and they need others to determine what their own needs or feelings may be. It's even difficult for them to take some time off between relationships because they are simply terrified of not ending up alone.

As they are versatile, many will like them for the way they act. One of their main concern should be to not become dependent on people or assume that others treat them the same way as they do. Their friends will be considered family, because they depend a lot on those who are closest to them.

Moon in 7th House indicates their moods and the way they are taking action are pretty much determined by their primary relationships. If they don't marry young, you can be sure they will be searching for the right one their entire life.

When married, they can feel the same things as their spouse because they're sensitive and think this is the way to make their other half's life easier.

People having Moon in seventh House are eager to get a response from others. It may seem destiny has something very special prepared for them, because their Moon is situated opposite of the Ascendant and in a square from the Midheaven, having them doomed to relive the same things all over again.

While this can be stressing, it also helps them be stronger from an emotional point of view. Learning how to go with the flow can influence them to stay away from sufferings but it may cause problems with their emotional and spiritual development.

Since the Moon is in opposition with their 1st House self, they are very balanced when it comes to their temper, being able to see both sides of a situation. This means they get along with everybody, being able to approach emotionally charged situations by being fair.

They are the best negotiators, but it's important for them not to get lost mediating all the time.

Responding to different challenges without expecting a certain response is something they should definitely learn, because they tend to instinctively guess what others may like or dislike, to anticipate their actions and to guess their feelings.

It's easy for them to adapt their reactions according to each individual, which means everyone will like them, having their emotional needs completely satisfied. It's very likely they'll marry more than once and have a profession that requires them to give a hand to others.

Their bosses may notice they have people skills and put them in positions in which they need to deal with the public. Of course, it's not only the Moon that influences them to be so helpful, for there are many other planets that influence its position, forming sextiles or trines and having big influences themselves.

The men with Moon in 7th House want a good wife who can be an amazing mother. They will practically transfer the emotions they have for the woman who raised them to their spouse.

The same position of the Moon indicates they are great at doing business, especially in the field of art. If many of the aspects are difficult, they may have their emotional and professional lives fluctuating.

Moon in the seventh House natives are very interested in their own image and how the public sees them. It's also possible for things to go the other way around, making them very protective of their own individuality.

They know what others want and need, so they are able to perform on stage and to become very successful as actors. However, they would never manipulate their public, as they are only aware of what those looking at them want and how they could be served.

The personal style of people with Moon in 7th House is determined by how others see them. Their success in the public sector could be tremendous, because it's like they're married to the ones that admire them.

Some of their partners may not understand this need they have for an audience, so the chances of break ups can appear more often than in other natives with the Moon in a different House.

Persons born under this star have an innocent and natural approach to life. You are trusting, non-judgmental, and straightforward in your interactions with others. You don't like getting swept up in gossip or social drama. You genuinely care about others, and you try to help those around you to the best of your ability.

You can work hard when you put your mind to something, but you're not one to toil away without seeing tangible results. You are highly intelligent, and you desire that all your endeavors align with your life's purpose.

Weaknesses [1]

As bold and enterprising individuals, Ashwinis can often get carried away. They may act on impulse without fully considering the consequences of their choices. In this sense, they can be somewhat short-sighted.

Your tendency to take on numerous tasks can lead to feelings of anxiety or overwhelm

as you struggle to follow through on your various commitments. As you accumulate more and more deadlines, you may abandon other projects, leaving them unfinished. This can cause you to feel dissatisfied, as though you never have enough time for what you want to do in life. It's important to prioritize and to be honest about your capacity. This will let you focus on the things that are truly important to you. Another shortcoming of Ashwini is the risk of becoming arrogant due to your superior abilities. You are a talented person, but don't let this make you indifferent to others. You have a hard time being a team-player and letting others take the lead. By taking advice and input from those around you, you will make fewer mistakes, learn more quickly, and achieve much greater success in the long run than if you attempt to always do things on your own.

Other Personality Traits [1]

- You are family-oriented. The sign of Aries is known as the sign of the ram. This means you like to stick with and look after your flock. It's healthy and natural to have affection for family, but try not to let yourself be overly attached or controlling.
- You have a good sense of fashion. You like being organized — everything should have a place. This intuitive sense for orderliness extends itself into your dress.
- You're spiritually inclined. As a deva-gana, or godly nakshatra, Ashwinis are naturally drawn toward the spiritual. You don't subscribe to the "eat, drink, and be merry" philosophy of life. You actively seek something more substantial.
- You like to follow tradition. Another trait of the deva-gana nakshatras is their obedience to elders, including parents, grandparents, teachers, and other authorities. Although this quality is quite uncommon in the modern age, it's a valuable trait to have. Receiving the blessings of those who have gone before us can empower us to do great things in life.
- You get into trouble. You like adventures, but your penchant for risk-taking can sometimes land you in difficult situations. Try to balance your headstrong and fearless nature by taking guidance from those with more experience than you, and don't forget to use your common sense.

Career [1]

Ashwini's can do well in careers that are dynamic, exciting, and people-oriented. However, they have a tendency to overextend themselves and take on too many projects.

Some ideal professions include:

- Physician, alternative health practitioner, nurse, or counselor
- Military service member, police officer, or firefighter
- Entrepreneur, C-level executive, or manager
- Athlete, martial artist, yoga instructor, or dancer

Mercury ☿ in ♏ Scorpio man 7° 45'

([898] i.thehoroscope.co)

He loves to experiment with life and can be all of a sudden blunt and feisty or the sweetest on earth.

The Mercury in Scorpio native has a great mental fortitude that he employs in everything he does, increasing his ability to focus and concentrate on the task at hand.

Nothing can distract him because he's a rational and completely logical individual. He would better learn about things through direct interaction, practical training, rather than theoretical knowledge, reading in books or attending lectures.

In a nutshell:

Positives: Curious and observant;

Negatives: Combative and shallow;

Soulmate: Someone who is inclined towards the spiritual;

Life lesson: Experiment more with his reactions and desires.

A man often misunderstood

The Mercury in Scorpio astrological make-up makes these natives very resistant to change, at least as far as their ideas are concerned.

Even when someone manages to prove them wrong with arguments that can't be refuted, they will still stand still on their position, unwilling to give up.

Of course, if someone dares to be against them, they will react with impunity and aggressiveness, like a proud warrior who doesn't abide by any insult in his name.

Don't even think about insulting or saying something that might upset them. It's going to linger in their minds for a long time.

This man is known for reacting with unwarranted aggressiveness even before having a reason to, a trait of his combative Scorpio influence. It's not exactly a good or bad thing since it's only natural for him to have these reactions, but he should also be careful not to hurt innocent people.

He might be a jerk, he might be totally blunt and tell you that you look like hell, but that's who he is, an honest prick who can get better if you tell him that.

Moreover, he's experimenting with life, learning everything he can and seeking illumination in all the places that you wouldn't look.

If they're going to start reading books, you can be sure that it's going to be something about mysterious places, pseudoscience, spirituality and black magic, occult stuff.

Men born with Mercury in Scorpio are also very inquisitive and like to make their own deductions and reach their own conclusion. These natives can only be called lucky, like destiny smiles down upon them each and every time they want to find something out.

A clue will fall from the sky right at their feet, a piece of information, a moment of inspiration, especially when it comes to precise and mathematical deductions.

Because they have to feel a certain attraction and interest toward a certain activity if they are to put in the sufficient effort, don't be surprised when you'll see them engaging in sports.

It doesn't matter what it is, but if they like it, they will become totally dedicated to it, training day and night, focusing like crazy on developing their skills.

The bad thing is that you might never fully know much about them because of the suspicious and secretive nature. However popular and communicative they may be, this restraint and distance that they have toward people will be a black spot on their reputation.

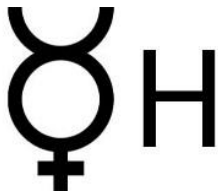

The Mercury in Scorpio man will lose a lot of friends and acquaintances because of the way he interacts with people. He might promise them to be there when they need him, to be loyal and remember the important things, but then push comes to shove, he doesn't deliver, and this is very annoying and disappointing.

It would be easy for him to prevent this with that crazy intuition and deep instincts, but he doesn't care too much about the loss of fake friends.

Romantically, he feels the need to prove to himself and to the world that he is the best partner in the whole world, and this often takes him on a road of self-deceit.

He forgets to look at the broader picture, to keep his feet firmly planted on the ground, and to determine if it's worth it at all to put so much effort. This is what gets him into so many failed relationships in the first place.

Mercury ♀ in II 2nd House

([909] i.thehoroscope.co)

This placement of Mercury makes people choose their words carefully and think things through before saying something.

Those born with their Mercury in the second house of their birth chart have an innate economic sense so they are likely meant to be bankers, financial advisors, or work in sales.

They know what is most profitable, how to get to that sweet spot, what to ask for in a deal, and they know the value of money. They know it represents the great machinery that drives the world and know how to oil the gears essentially.

Summary:

Strengths: Pragmatic, resourceful and kind;

Challenges: Indecisive, moody and shy;

Advice: They need to refrain from giving up so early into something.

They choose their words carefully

The Mercury in the 2nd natives are not unlike those of the first house in that they prioritize their studious abilities to the maximum degree, to the apex of their possibility.

As much knowledge and information their brains holds, that's how much they'll accumulate. There's really no limit to this curiosity and insatiable thirst for knowledge.

Even more, this time, they will use it toward material end-goals as well. As we've said before, these people are innately aware of how money transactions work, how they can put themselves out there to take a hold of the pie. Communication, as ruled by Mercury, plays, yet again, an essential role in this endeavor.

They know how to approach most situations and what to invest their money in so that the rewards are double the initial sum. They observe the market stocks and make a decision based on the changes and the probable income of an investment.

This time, these natives are not great talkers, or they aren't that impulsive and spontaneous. They choose their words carefully and think things through before saying something.

This is what makes them able to make money out of thin air, as if it grows in trees. They are practical, pragmatic, clever, and they use that famed intelligence to build themselves an empire.

Reason and logic are their weapons against any challenge and problem. Also, they remain focused on one single thing until they have dealt with it.

The positives

With Mercury in the second house, people are incredibly adept at seeing the details, reading between the lines and paying attention to the essence of a certain element.

What appears complex and incomprehensible to most people, they do it like a walk in the park, simplicity itself.

This is why they give off the impression elusiveness, mystery, a total enigma, and it's the other way around as well.

These people also don't understand how others can't do the same, how they can't systematically arrange the data out and proceed to solve the problem.

Entrepreneurs, this is the future of these natives because they put every single strand of mental energy toward the economic and financial comings and goings of a business.

Even more, they can be people of great imagination and inventiveness, changing the face of the world with their innovative and grand ideas. Ideally, this is going to make them filthy rich as well.

They can be teachers, accountants, teachers, public speakers or business entrepreneurs, all in the span of a few years if they put their mind to work.

Even though there are multiple differences in Mercury in the 2nd house, depending on

other placements, in general, these natives are concerned with their material safety.

They want to have a personal sense of self-worth, a value in the world, to a stable and safe lifestyle. Materialism comes too easily for them.

It's entirely within their power to get to a certain understanding of their own identity in relation to the world, their sense of belonging and self-worth when interacting with other people.

This will also be of great help on the path toward independence and intellectual evolution.

They need to realize that material and physical objects, those obtained through hard-work, monetary gains, aren't the ones in control.

They are only extraneous objects, tools, not goals by themselves, they are the means to an end.

Obviously, they prefer thinking, doing intellectual work, rather than physically working.

Using their brains is indeed more taxing, most of the times, as it exerts a lot of mental energy in shorter times, but it's much more productive and lucrative than working in constructions, for example.

Building an empire seems like the most logical choice. Of course, this doesn't mean that they will simply roll over and die because of the lack of physical activity.

Exercising is one of their prized interests. Discipline and intelligent design will help create a healthy schedule.

Moreover, they use the money to further deepen their abilities and accumulate more knowledge, at least that's the main goal. This makes it entirely possible for them to become incredibly smart and cultivated.

The negatives

They hate it when people rush them to do something because they know they can't fully concentrate and focus.

It's going to be done in a hurry, full of imperfection, and moreover, they are their own persons, not someone's lackey.

However, when they have to make a decision at the moment, they don't step back or abandon the boat.

Instead, they dedicate themselves totally to analyzing the logically reasoning the ups and downs of the given options.

Controlling everything is impossible, so they make do with what they have on hand.

Usually, we as humans find it excruciatingly hard to choose between things that we care about, objects of our interest that captivate and enthrall us.

It's very difficult to consciously make that choice because, by choosing one thing, we automatically give up on something else.

And this is not something that they can live with easily. However, in life, they will have to make a lot of such choices, so they need to steel themselves, to prepare in advance.

They have to discover what really matters to them in order to ease this process.

They tend to be too stubborn, to build a rigid and unchangeable mindset for them in order to face against the toughest challenges, and this is obviously bad in the long-term.

They give up on flexibility and adaptation for stability and comfort. Sure, it's a sort of immediate gratification that plays out just fine in the present, but what about the future?

What if there's something that completely turns their life upside down, all the painfully constructed foundation?

They have to start from the beginning, and it would be good if their mindset were a little more flexible.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

Summary:

Strengths: Magnetic, likeable and affectionate;

Challenges: Possessive and superficial;

Advice: Understanding that not all arguments can be won.

Self-expression is crucial

Natives having Venus in the 1st House will express their sociability, romanticism and

artistic abilities through themselves because they're very beautiful, impressive, elegant, sociable and always happy to live their life to the fullest.

Venus' position in this house indicates they're passionate, romantic and very courageous. They need variety and make friends who are always ready to admire and love them. It's very important for them to express themselves artistically because they have a talent for fashion, music and writing.

Charming and having a special magnetism, they can immediately win people with their arguments. It's very likely they'll be attractive no matter their age.

Giving a lot of importance to love, they're very sad when single and don't mind taking the lead when having to hook up with someone of the opposite sex. It doesn't matter what they'll be wearing, you can be sure they will always attract others, who will not miss a single thing of what they are doing.

Their face is the most beautiful part of their body, mostly because Venus is in Aries' House, and this sign rules over the head.

Being the planet of love and beauty, Venus determines what people like and are fond of, depending in which of their houses is placed. It also influences their temperament according to its aspects and the sign in which is in.

Individuals having Venus in 1st House are very lucky because this place is in sync with their Ascendant. This House is all about the personality of people, how they see themselves and their ego.

They may be too interested in what others think of them, but this can be fixed with more love for themselves. It should be easy for them to do this considering they have Venus in the House of self.

When Venus in first House is very evolved, though, they're very caring and loving with everyone, having a magnetism that attracts any person. Many will fall in love with them because they can get the same answer to the love they're transmitting.

Indulgent personalities

Venus rules over luxury and everything that to do with finesse and beauty. It signifies love in the first place, because it influences how a person gives and receives this feeling according to where the planet is placed in their chart.

Astrologers believe Venus is important for people's desire to settle. In a society where everyone wants to be satisfied almost instantly, this planet plays a very important role because it slows people down a little bit. The people it influences the most are very charming as charm is something it very much rules over.

Natives having Venus in the 1st House love being cared for and spoiled, especially when very young. They won't hesitate to surround themselves with luxury and to look for harmony.

A Venus in its element in different birth charts means those individuals will very much enjoy the materialistic side of life and even overindulge in life's pleasures.

They avoid suffering the best way they can and prefer comfort over hard work or being active. It's normal for them to search for luxury and to make their life as comfortable as possible.

Others will always want to be around them because they're soothing and inspire trust. Talented with the arts, they would make great actors, musicians or designers. Everything that has something to do with bringing beauty is their favorite things to do.

Venus in 1st House people will be very vulnerable with the opposite sex but they're lucky many will want to have an intimate connection with them. They will always have a soft approach in life, the planet of beauty making them want to develop the finest aspects of their career or education.

However, what they want the most is love, so they'll be pretty fortunate at receiving it all the time. When Venus is not in a negative aspect, they become great money makers from a young age and develop strong relationships ever since children. The same planet influences them to have an easy life because it brings them lots of luck.

It's possible for them to have many inner conflicts and to get the wrong idea of what love means, but if their Venus is not very afflicted, they will always be comfortable on their own and think of themselves first. This means their life will be pretty much lived selfishly, but not to the point of exaggeration.

Deep in their heart, all the Venus in 1st House natives crave having people and valuable objects around, depending on what other placements they may have in their birth chart.

Looking at it objectively, this placement is perfect for Venus, giving people an advantage at the start of their life and positive energies with which they'll work all the time. It's like this Goddess of Love and Beauty transmits everything it rules over to the natives having it in their first House.

These people will be charming, beautiful, friendly and expressive. This House is also an indicator of how individuals interact, the image they're presenting to others and what their inner wishes actually are. Warm and amiable, they will also always be appreciated and wanted at any party.

Venus works on their personality in conjunction to how they interact with others and form relationships, so it's very possible for their personality to mirror other people's traits. Furthermore, it makes it easy for them to work with anyone and to make friends.

Flexible and not minding compromising, individuals having Venus in 1st House wouldn't mind going over themselves in order to make their loved ones happy and to keep the peace going.

Venus gives them a sort of magic that has them manipulating and charming others, so things work in their advantage. However, always looking to get approved and appreciated can have them tired and feeling empty.

There's also the chance of them getting deceived and disillusioned, as their identity is only formed according to what they like and dislike, so they may find themselves living a fake life that consists only of pleasure or aesthetics.

It's important for these natives to become self-aware and to study how they react to external stimuli because this can make them more objective. Very creative and stylish, they would be great in the artistic world.

Very often, they attract with their naturalness and appearance, but their personality also plays a major role in this situation.

It's very risky for them to become narcissists who only want to engage in superficial endeavors. This can be based on the insecurity or emptiness they often feel.

All in all, the Goddess of beauty and love expresses itself through them, making their heart more open to give, care and appreciate beautiful things. It's easy to be a slave to Venus' spells, so people having Moon in first House definitely don't make an exception to the rule.

Venus ♀ - Ruled by Libra (& Taurus)

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♎ Libra man 8° 34'

([969] i.thehoroscope.co)

He has quite some eccentric tastes and loves to surprise others with his choices, revelling even in the criticism he attracts.

The Mars in Libra man is someone who impresses everyone he meets. With what, you're asking? That's just the thing, not even he knows that. His entire person is attractive, charming, interesting, and a lot of women swarm in on him as a result.

He just walks by you, and you find yourself filled with the desire to talk to him, to be near him. It's quite a magnetic aura, nothing else. Of course, his attitude and personality match his elusive charm flawlessly.

This man is also a perfectionist with exceedingly high standards and expectations. If people around fail to meet even one of his conditions, he's quickly out.

In a nutshell:

Positives: Knowledgeable and caring;

Negatives: Possessive and impetuous;

Soulmate: Someone who can keep his attention for long;

Life lesson: To fight more to preserve his principles.

A talented individual

This man is cool, chic, and he likes to stay in touch with the new fashion. He is actually very interested in fashion, in how he dresses, and how he keeps on top of the game.

If you're asking yourself who actually wears the weird costumes that a lot of fashion designers think of, you have your answer.

The man born with Mars in Libra will, and he will be quite proud of his unorthodox tastes. He gets his confidence from looking good, from the admiration and gasps that most people nurture when passing by.

Moreover, he's very adept at talking to people and getting what he wants. Either through persuasion, manipulation or just a wink, he manages to coerce anyone into doing his will.

He might just make it on the front pages of the Times for a new technique in a musical orchestra or a fresh method of applying paint on canvas. The thing is, he can be extremely imaginative and creative.

Considering that he is greatly endowed, artistically speaking, as well as having a tendency to harmonize his ideas, it's not a surprise that he has a splendid future.

He can also take on the mantle of a professional writer, with the pen being his sole weapon, the creator of worlds and lives.

Public speaking is also good for him. Even weirder is the fact that he despises competition and conflict. Why can't everyone just get along and do their thing in perfect harmony?

If need be, he will try to outwit his adversary with cunning words or an ingenious strategy, but direct confrontation is out of the questions.

The Mars in Libra man wants to instill the sense of justice in the people's mind, for everything to be fair and square, no trickeries or injustices allowed.

He struggles hard for this goal, and he uses every bit of knowledge and method at his disposal to make his peers see the right path ahead.

He can easily substitute himself for someone else and see the world from another perspective. This is why he deeply understands the problem of injustice so well.

A higher cause is all they need to get to work. The emissary of peace and prosperity, equality and mutual understanding, this is what the Mars in Libra man is.

This astrological combination is quite ambiguous and hard to understand, and one could wonder how in the hell can this man lead a good life.

The problem is that Mars, being the planet of war, combat, and fiery energy, will drive him to take on the sword and shield, get out into the world and make a name of himself.

His upbringing taught him that patience and meticulousness are capital, that he should first take a good look at the situation, plan ahead, and only then descend on the battlefield.

He gets his way most of the time, but Mars in Libra constantly nudges him forward, toward aggressiveness, impetuosity, bravery. Also, he's a ladies man, always flirting with a lot of women.

Full of compassion

The Mars in Libra man feels the need to show his appreciation to others, and no one can object. After all, who doesn't like to be praised? Now, to get to the surprise, find out now that this man can also be very affectionate and loving to his partner.

Guess why? Well, because his natural astrological planet is Venus, the planet we all know is connected to the power of love, belonging and harmony.

He'll be a very devoted and compassionate lover, willing to do anything to make the other happy. He might exaggerate and try to force his partner to see him as romantic and attractive by making use of his verbal manipulative skills.

He is polite and he knows how to take care of his woman, to fulfill her every desire, to make her feel protected, safe, happy, and most of all, satisfied with her lifestyle.

She'll take her from work, cook her dinner, serve her a morning breakfast, and generally wear a bright smile whenever she's around.

He's very intelligent and curious, so it would be incredibly satisfying to see his partner come up with an interesting subject, one that many others have debated.

He likes to brag about his culture and accumulated knowledge a lot because he wants his partner to know what kind of man he's with. He does tend to let her take the initiative and decide whatever they're going to do, and this is a big downside.

It becomes difficult and uncertain to pinpoint his romantic potential because he cares about social acceptance quite a lot.

He wants his woman to be attractive, to know her way around social events, to be communicative, extroverted, and diplomatic, friendly and outgoing.

He is willing to let go of all other traits, positive characteristics, and even flaws if his woman will deliver him a good social standing. She should be dominative, reliable, confident, and bold. The Mars in Libra man prefers to be the sensitive and passionate one.

In conclusion

He's basically a people-pleaser who does everything with the express thought of satisfying the social expectation and staying in line with the societal regulations.

If people appreciate and praise his efforts, he's fulfilled and doesn't need anything else. If the world doesn't agree with any of his endeavors or interests, then he might as well give it up.

He's very creative and intuitive, often coming up with great ideas, each more innovative and interesting than the last.

One of the few instances when he's willing to go against his better thought and confront

the world is when he sees an injustice committed.

That's when all his instincts start crawling back out, and his perfectionism takes the reins. As long as his partner is affectionate, attentive, and devoted, he will sacrifice everything to make her happy, to bring a smile to her lips each and every day.

If his partner is disinterested and cold, he'll follow the code of equality and detach himself emotionally as well.

If Mars is not in any negative aspect in their chart, they will be motivated and pushed forward by every new interest of theirs, like hiking or taking photography classes. Those who inspire them are courageous and famous people from history, movies and even computer games.

The Fire element strongly influences them, as Aries is the sign of this House, so they may feel amazing near bonfires or having many candles at home.

Their energy will always have them fighting for a cause and seem the strongest individuals in the crowd.

Many will notice their inner child just by looking into their eyes and noticing how they don't even think twice when having to do something dangerous.

Very spontaneous and impossible to be slowed down, Mars in 1st House natives get very angry when someone is trying to bring down their self-confidence. They're stubborn, ambitious and not at all diplomatic.

There's no one more independent than them, and when talking, they're usually telling the truth in the bluntest way. It's important for them to be spontaneous, but the fact that they don't think before taking action can get them in trouble.

Whether being conscious or not about it, they can initiate conflicts when bored. Mars is the ruler of Aries and the planet of aggressiveness, self-confidence and war. Enthusiastic when having to do something new, they soon lose their interest and hurry to see what the next adventure can bring them.

While not at all malicious or having any bad intention, they can speak without thinking and thus, hurt their loved ones' feelings. It sometimes seems their mouth says things without their brain being in sync with it.

More than anything, they need excitement and drama, even if they're always pretending to hate theatrical outbursts. Not even conscious about it, they create dramatic situations when feeling life doesn't offer them enough excitement.

When in the 1st House, this planet makes people more determined to succeed and gives them their competitive spirit to build a good career for themselves. It's believed this placement offers the world great soldiers and athletes who want to be first and win in any conflict.

But the same Mars in the first House makes them prone to accidents, especially around their thirties, when they may injure themselves in an accident that can be more or less tragic.

All the individuals having this position of the war planet get themselves into trouble, because they like to take risks and are very impatient, fast and not at all considerate. But all in all, they always live in the present and need to concentrate their energy on something constructive.

These people can stand tall next to their own beliefs and will make others feel confident. Many see them as very brave, spiritual and enthusiastic.

The downsides

The placement of Mars in the 1st House indicates that its natives are always exciting, bold and never keen on making plans for the future. If they'd slow down their ascension a little bit, it would be possible for them to notice what obstacles may lay ahead and how beautiful the world is.

It can't be healthy to always hurry and get involved in every single new adventure, because such an attitude can bring trouble. But they are this way because Aries is governed by Mars and is the occupier of the 1st House.

Many will find them tiring and too controlling, but if they work alone, others won't get to be bothered by them anymore. However, if in a team, they need to learn how to stay in the back and allow their colleagues to have opinions too.

Being too rushed and not listening will put them in the dark because they won't know how to approach people or what their loved ones feel about certain things.

They should avoid being seen as bullies as this can't bring any good into their life.

Mars in the 1st House in a nutshell

These natives are powerful creatures who wish to make an impact. They often act without thinking and are the charming, active and self-confident type.

Many will love to be provoked by them because they can really make things more exciting. Spontaneous and eager to start new projects, they're passionate and don't usually follow through what they have started.

All of them are stubborn, impulsive and not at all attentive to what others feel. However, their independence, dynamism and masculine aura will make them likable.

Because they're always speaking their mind and are honest, it's possible for many of

their loved ones to feel hurt by their words.

Without even realizing, they get themselves into trouble when feeling bored. Their energy needs to be invested in something constructive, or they'll get to do nasty things and hurt people.

Domineering, free-spirited and stubborn, these natives are able to immediately recuperate after disease or hard times.

From an astronomical point of view, the 1st House is the 12th region of the sky in the East, the host of planets before the Sun comes up. When it comes to astrology, this is all about the childhood, the self and what a person needs to evolve.

It deals with the mask people are wearing for the public and the way they project themselves in the society. It has influences over the self-image, physicality and the appearance of a person.

The way individuals see the world is clearly represented through the elements in this House, together with the first impressions others make of them.

Mars ♂ - Detriment in Libra (& Taurus)

([871] southfloridaastrologer.com:) A restricted expression of power and will is found when Mars is in Libra or Taurus. Libra and Taurus' need to be polite, sensual and enjoy beauty is opposite Mars' need for power and to express its will.

Jupiter ♃ in ♐ Sagittarius man 0° 31'

4

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the

world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life.

When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

As said before, Jupiter is at home in Sagittarius, so the influences of this planet and sign will unfold beautifully in people born with this specific transit in their natal chart.

When it comes to traveling, these guys are the masters of it: the bigger the distance and the spontaneity they have to bring in, the better for them.

Don't expect them to be dishonest, they will tell you the truth no matter how hurtful it may sound. They are not mean, they just can't refrain themselves from being sincere.

As far as adventures go, Jupiter Sagittarians will always jump in to take on new challenges and enjoy all kind of experiences.

They get along with everyone and if they will be open to anything, luck will follow them anywhere. It sometimes seems like these guys don't have any care in the world.

It's like they only want to make other people's lives better, teaching them all the philosophy and religious ideas they have studied. It's not easy to make them change their mind about their beliefs.

When someone will agree with them, they will be the happiest. Because they spend a lot, they are also good money makers. They are usually successful if they don't have to follow a routine.

Flexible and open-minded, Jupiter Sagittarians can accept other people's points of view. They will grow furthermore if they will listen and support people in their life.

They see education and traveling as opportunities for them to become better. But remaining open is the only thing that will bring them luck. If they'll be too preachy, they won't develop so well anymore, and their luck will turn away from them.

The Jupiter in Sagittarius man

The Jupiter Sagittarius man is very generous because Jupiter makes him this way. He will probably save money and donate them, or volunteer. The same planet helps him trust that things are going to be OK no matter what.

The fact that he's fearless in the face of the unknown makes him very sexy. But he needs to invest more time in his relationships and be more grateful if he wants to keep people close.

Being generous and reacting to affection with affection will help him build strong connections with others, especially when Jupiter will travel through his sign.

He will play his gender very well, and his sexuality goes deep. He has great chemistry with most of women, so they can expect steamy nights with him. Direct, he will say what's on his mind and make many ladies blush.

While these guys may seem like they know everything, they are not at all proud. They are in fact students of life who love to make new friends.

Think about the Archer's arrow and you will be able to see how determined and motivated the Jupiter Sagittarius is.

If he will have someone who's as straightforward as him, he will be very happy. If you're

in love with him, just make a move when Jupiter is traveling through Sagittarius.

Jupiter ♃ - Ruled by Sagittarius (& Pisces)

([871] southfloridaastrologer.com:) The most authentic expression of freedom and boundlessness is found when Jupiter is in Sagittarius or Pisces. Jupiter is at home when it is in the two signs that relish in going beyond limits and boundaries.

Saturn ♄ in ♌ Leo man 23° 11'

([1021] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Leo are tomorrow's leaders, with enough confidence and willpower to rule an entire country toward a brilliant future.

Organized, with a systematic mindset, and with an unrelenting attitude, these natives have what it takes to accomplish all their dreams in this life. They will advance on the social ladder straight from the beginning, leaving people fascinated with their kingly aura, dignified demeanor, and sheer productivity.

Emotionally, however, they aren't doing so well, in that they can't find a good way to express themselves. Others might misunderstand them completely because they have a pretty pragmatic approach to love. If the partner is satisfied, then that's all that matters,

and they sometimes omit the emotional part altogether.

In a nutshell:

Style: Respectable and successful;

Top qualities: Astute, powerful and creative;

Challenges: Too controlling and stubborn;

Advice: Keep your friends close and your enemies even closer.

Personality traits

On the one hand, this native needs to know that their efforts are appreciated and recognized for their worth. In this sense, they don't make a difference between friends, loved ones, or even their partner.

However, Saturn Leos could sabotage themselves at the same time, by underestimating their abilities, making it seem like it's insufficient.

Even though this individual may be very determined to never give up, he will have to face overwhelming odds that keep on piling up against him.

To successfully beat everything into submission, the Saturn Leo will need to make a good use of their imagination, strong willpower, and the insidious ego that only a Leo possesses.

These challenges will appear everywhere, from a sudden reversal in leadership at work, to a harsh argument with the partner at home, and they need to get over all of these things if they are to survive and thrive.

In more serious circumstances, where the Saturnian Leo must act with utmost responsibility, he will take on the mantle of a heroic commander, leading those under him toward a splendid victory.

Everyone listens to their orders and respects them because they know how to impose a certain discipline amid their followers. However, such is the case that they may forget to put aside the sword and shield, always in a combative mode, lacking in any emotional and loving tendencies.

Saturn is the prime factor of this situation because it enforces certain limitations, the establishment of barriers for all individuals. Even though they have a beneficial effect in general, giving them the necessary guidance to reach their goals, there are also some downsides like the lack of any romantic flair.

Restrained and rigid, they crave to roam free, uninhibited by anything, just like a lion prowls and stalks its prey across the vast savannah.

There is some romance left

Natives born at a time when Saturn transited Leo, will have a very straightforward attitude towards those they love, in that they will never pretend or deceive themselves.

If they want to say something, they will say it. If they feel like being a romantic lover who cooks dinner in the evening, they will do that without a hesitation.

All in all, they put in a lot of effort in order to protect and make their partner happy. In return, they expect quite a lot, at least the same kind of affection and attention they've shown.

As far as relationships go, they tend to exaggerate and become jealous pretty quickly, even though they don't have a reason for this most of the times. This is caused by their need to keep their emotional stability intact.

However, this may not always be the case, as their partner might not have the same willful attitude to express these feelings at the same intensity. Or they may be different altogether, a little introverted, or uncertain of the exact way that feelings should be expressed. Or perhaps they have high expectations.

The main problem appears when they start to feel unappreciated, and they have to find someone who understands them completely in order to solve their apparent unhappiness.

The good and the bad

Saturnian Leos have what it takes professionally, in that they never relax until they have fully completed their work. In this sense, anything is a go if it means that the result will be a tiny bit better.

Moreover, because anyone needs some time off now and then, there are periods of time when they don't want to hear about anything having to do with work.

If they manage to uphold this tradition constantly, with outside help, of course, then there won't be any problems with stress and pressure. Unfortunately, they rarely allow themselves a moment of respite, because a good commanding aura can only be achieved through self-control and discipline.

They will want to fully express all their creative potential in some way and finding such an outlet will occupy a big portion of their lives.

With great talents in this sphere, they can really put behind the warrior's mantle and take on the artist's painting brush, or the writer's pen, if only they overcome their innate shyness. Socially, they are one of the most daring individuals, but with those inner desires, it's a bit hard.

What creates some awkward and complicated situations is their rigidness in thinking, the lack of flexibility when it comes to working in a team.

Natural born leaders, they will try to enforce certain working patterns and rules, even in other aspects of their lives. Finding a way to let loose the pressure would be ideal.

The Saturn in Leo man

First and foremost, a Saturnian Leo man will never break his word, and whatever he says is as good as gold because he has a code of conduct that he follows, and also because it would be demeaning to not uphold his principles.

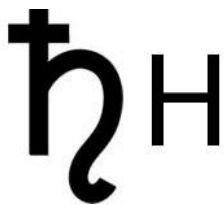

Prideful and egocentric, they keep on a straight line, one that follows their exact coordinates, never straying from them.

Secondly, he is a very attractive man whom you'll drool over at a first sight. Sex appeal: check, seductive and lascivious approach: check, daringness and confidence fit for a dominative partner: check.

There are plenty of reasons to believe that he will offer you a very special night, one to remember over time. It's essential to remember that he needs validation, some form of appreciation, of acknowledgment of his efforts.

Saturn makes him exceptionally manly, mysterious, intriguing even because besides being hot and sexy, he is also very knowledgeable and loyal. Definitely a keeper, if it comes to saying it.

Saturn ♄ in XI 11th House

([1039] i.thehoroscope.co)

This placement of Saturn makes people be dependable friends, care about others' feelings and not like dealing with superficial or dull people.

People born with Saturn in the eleventh house in their birth chart have lots of acquaintances but not too many close friends, and these are likely to be older than them. Their oldest friendships will last a lifetime. They're drawn to people who are serious and

have a purpose in life.

Very responsible, these natives feel like they have obligations to the groups they're involved in. While investing a lot of hard work in making things right, many of their efforts may not even get recognized. To be able to achieve their aims and goals, they need to wait and to not give up working hard.

Summary:

Strengths: Friendly, dependable and warm-hearted;

Challenges: Confused, scared and untrusting;

Advice: They should worry less about what others think of them.

They give their friendships a lot of importance

The 11th house is all about how people interact with the public. This means friendships, relationships with colleagues and members of the family as a whole.

Natives having Saturn in 11th house may grow tired of socializing and will want to spend most of their time alone. They don't like superficiality and casual relationships, wanting to always get into the middle of things and to do what's right.

They may be fearful of failing their group of friends and because they're too proud to admit failure, they will continue to be the way they know how to, identifying themselves as an independent individual and not as someone who belongs.

These natives may be terrified of being "normal" or part of a crowd, which means they can't loosen up when interacting with others.

They give their friendships a lot of importance and are very responsible when forming connections, so don't be surprised if some of their relationships will burden them.

It may seem better for them to just be alone, but they should be careful as separation can lead to isolation and losing contact with reality.

Being more personal with some of the people in their life would be a great idea for these individuals.

Having a few close friends with whom they can hang out all the time would not be so pressuring and they'd be able to be as loyal and devoted as they only know how to.

Aside from relationships and the public, the 11th house also stands for high hopes, long-term objectives and even dreams people have of becoming.

Saturn here makes natives with this placement suspicious of any path they may decide to take in life, but also articulated when it comes to their most secret wishes.

They will not talk about how they tend to spend their time with large groups of people because they're afraid this may reveal some vulnerabilities they think as having.

As soon as they'll discover their fear of failure is what's holding them back, they'll be completely free to just go and pursue their dreams.

Individuals having Saturn in the 11th house may feel distanced from others, somehow like they're belonging to a totally different world.

They will induce this separation from the outside world themselves, so their relationships with colleagues and friends may sometimes prove to be difficult and heavy.

Even when being in crowds and having nice conversations, they'll still have a sense of isolation and social anxiety as a result of their timidity and the refusal to commit to anything mainstream.

It can be amazing to discover how different they are from what others think of them to be. But all in all, they'll continue to be nice, mysterious and incredibly charming.

Many will be impressed and curious to hear their opinions or wise words, no matter if they would seem very reserved.

One thing's for sure: it's easier for them to have a one-on-one conversation than to express themselves in public.

When Saturn is in the 11th house, matters of morals are being raised, making the natives of this placement preoccupied with any social cause and interested in applying some conservative methods to fix problems.

These people want to have profound friendships that teach them something and when a more eccentric activity will take place, they'll be the first ones to participate.

They won't respect the trends or follow what the majority is doing because they're very individualistic and want to express their uniqueness.

It's possible for them to just disappear from the eyes of the public for weeks and after to come back so that contact with their friends is re-initiated.

They don't like dealing with superficial or dull people and can be misinterpreted when wanting to spend some time in isolation.

When wanting to escape their own minds, expect them to go to every party in town. While surrounded by friends, they're also feeling lonely to the extreme.

The ones really close to them are only a few, and even these won't get to know them entirely. Saturn may influence these people to want and seek advice of those who are older than them because they'd have many things to learn from such personalities.

Idealistic and in the same time terrified of pessimism, they'll stay close to generous and even influential characters who want to mentor them in their path towards success.

They rely on how the society is structured in order to move forward, looking to unify and to enjoy different forms of sociability.

Since Saturn is a planet of transcendental potential, it's possible for natives with this placement to become famous, but not without realizing their own goals and friendships are fed by the same energies.

The goods and the bads

When the bully Saturn is in the 11th house of secret wishes and dreams, people with this placement will work hard to make their goals a reality.

They won't have things the easy way and sometimes feel like they're heading nowhere. However, they'll keep going because Saturn is about delays, not about giving up.

People with Saturn in 11th house are definitely able to face all the challenges this planet wants them to confront and may take a while to get to the finish line with their objectives, but their efforts will receive tremendous rewards, you can be sure of that.

When it comes to friendships, they like older people and have even spent their time with adolescents as children.

They most likely don't have too many true friends, but this isn't something negative in their life, it's just that they tend to discriminate and pay close attention with whom they're associating themselves.

Having all sort of creative ideas, they will want to test their own concepts on people. These natives simply love to brainstorm and to decide together with their friends what works best.

They'll be appreciated for their way of thinking and resourcefulness, but all this surely means they need to get together with people from many areas of life.

That's why they may find it difficult to be members of only one group and to stick to that community. They should just keep a few people around them and get involved with larger groups when wanting to discuss their ideas.

This way, they can be as individualistic as they want to be. Compromising their appurtenance to large groupings can sometimes be the perfect solution for their problems.

While Saturn being present in the 11th house makes them want to run away from everything ordinary, they should learn how to appreciate value.

They're terrified of failing, which makes them avoid sticking to only one idea and can agglomerate their agenda with too many things to think of.

These people should watch their Saturn because it can prevent them from getting what they want in life.

They don't want to ever choose between people, situations or things, whether it's about their professional or personal life, because this makes them feel tied down to what they've decided on for the rest of their life.

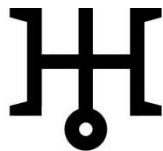

Saturn in 11th house people are aware decisions put them on a certain path and they surely don't want to deal with the same things of a choice they've made, all over again.

All this can have them without a passion in life and running without a certain direction. Their potential is amazing, so the courage to determine what they want becomes a necessity.

Saturn ♄ - Detriment in Leo (& Cancer)

([871] southfloridaastrologer.com:) A restricted expression of Saturn's need for structure and rules is found when Saturn is in Cancer or Leo. Cancer and Leo's need for raw, authentic expression of emotion and behavior is opposite Capricorn's attention to rules and restrictions.

Uranus ♅ in ♍ Virgo man 28° 52'

([1046] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Virgo in their natal chart keep coming up with new ideas,

always think of multiple ways to approach a situation, and often end up with the most inventive and surprising of methods.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

In a nutshell:

Style: Sensual and sympathetic;

Top qualities: Observant, reliable and modest;

Challenges: Fussy and easily offended;

Advice: Physical exercise is really good for you.

Personality traits

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change

as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

A non-conformist lover

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working power to take the relationship to the next level.

The good and the bad

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus, start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior advice, but that validation and appreciation are paramount to their potential.

The Uranus in Virgo man

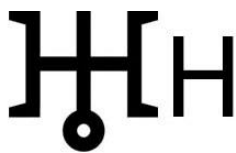

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

Uranus ☿ in XII 12th House

([1064] i.thehoroscope.co)

This placement of Uranus makes people prefer working in the shadows and doing great things while not even searching for recognition.

People born with Uranus in the twelfth house in their birth chart have a need to be of help and may give a hand to others in the most unusual ways because that's the way they are: unusual.

It's like their purpose in life is to contribute and they're never expecting any recognition or reward when supporting others. It's very likely for them to be artists because their mind is very creative and they love to be in the company of people who are tasteful.

They want to see beyond reality and to cross the boundaries between this world and the one that can't be seen with the naked eye. Individuals having Uranus in 12th house are very eager to express themselves freely by studying, being involved in all kind of affairs and dealing with the unknown.

Summary:

Strengths: Ingenious, elegant and unconventional;

Challenges: Distracted, cautious and superficial;

Advice: They should try to look at their work with joy not resentment.

A sociable companion

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th

house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

Blessings

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

Challenges

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♒ Aquarius man 21° 52'

([1075] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

In a nutshell:

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

Personality traits

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of

its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

The positives

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their

friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

The negatives

However, they can be very dominative and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

The Neptune in Aquarius man

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

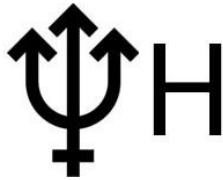

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

Just like someone who has amassed knowledge for his entire life, this native is naturally egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

Natives having Neptune in 5th house are talented actors, or they just love going to the movies and the theater. Their imagination is very rich and they are more romantic than many other people with different placements.

Summary:

Strengths: Glamorous, eccentric and diplomatic;

Advice: They need to refrain from being envious.

Attracted to everything that's erratic, mysterious and unconventional

Very creative and having an imagination that goes beyond any limit, natives having Neptune in 5th house are great people who prefer to express themselves in a dramatic way.

They may also have a talent with taking care of others because they can make people feel good and don't mind offering their help.

Their strongest need is to be admired, especially when it comes to romance and what they're doing for love.

Fantasizing about the ideal partner, they're too dramatic and sometimes imagine things, so many of their partners will decide to leave them.

They may not see love as it actually is because they have these rose-colored glasses when it comes to issues relating to love.

Attracted to everything that's erratic, mysterious and unconventional as far as love goes,

they may fall for people who need to be saved, are cold, don't want to commit or have no idea what to do with their life.

Being so dramatic can be exhausting for them, so they should find a balance in life and to keep their high ideals, while not expecting everyone to live up to their expectations.

As said before, Neptune in 5th house individuals are very good actors, so their creativity exceeds the normal limits. Passionate and seductive, they could attract anyone and make love whenever they want to.

When they've fallen for someone, they really let themselves go and no longer care what is happening with other things in their life.

It's essential for them not to become unrealistic as far as romances go because they can fall in love with people who aren't available or with images of individuals that don't in any way show the real person.

Neptune 5th house natives may need to examine what's glamorous and fascinating about love in general, their own creativity and the children they're interacting with.

This planet can cause to feel unfulfilled until they have a child of their own. It can also make them feel very disappointed when their partner or children don't live up to their ideals.

Many individuals with this placement get involved in relationships that can't be revealed to the world and fall in love easily.

All these things may be good for them because they make them great artists. It's also very likely they have an offspring who has great talent with music, painting or other things related to art.

Some of them have their children sacrificing themselves for their happiness, in one way or another, so when feeling life's difficult, they may turn to their offspring to become safe.

Wherever Neptune is placed in a birth chart, it shows the ideals and dreams of natives. It's also the planet that's responsible with influencing people to wear rose-colored glasses, which means it has a lot to do with denial and with making individuals see and hear only what they want.

The 5th house of love, children sex and gambling is influenced by Neptune to bring in a lot of imagination when it comes to all these things.

Those having this planet here would idealize their partner and think of many possibilities they could have with romantically unavailable people.

They may also not see the bad in others and think people who've done them really nasty things had a reason for being the way they were or perhaps have rehabilitated.

These natives can only see what's good about a person and think those who have ugly things to say about others are in fact either envious or extreme.

As they only see what they want, they may think of their relationships as being something more than they actually are.

Therefore, while their partner would be cheating and lying to them, they'd avoid believing all this and staying next to that person for as long as possible. It's very likely for them to be in relationships that don't make them happy.

These natives are the type who wants to rescue, so they'll only grow to be attached those whose life seems to go downhill.

They simply love drama and, even if they don't admit it, they're loud, exhausting and too much for others to handle.

When it comes to what the 5th house deals with, they will be very secretive and in the same time overjoyed, no matter if all that's happening with them is only in their mind, considering they tend to fantasize and be disillusioned.

Obviously, the aspects in which Neptune is with other planets matters a lot when talking about the traits individuals with Neptune in 5th house have.

This planet is a not too clear mirror that reflects the energies received from different other celestial bodies. Therefore, when in positive aspects with planets, it has a great influence over the traits belonging to either house or a planet.

Neptune in negative aspects can be malefic, passive and only a receiver. Amongst other things, the 5th house rules over joy and relaxation, so natives with this placement may really appreciate things related to these aspects of life.

They simply love dancing and if women, can be very seductive in their movements. It's like water flows through their body and they can dance to any type of music.

It's also possible for them to be great poets, depending on the aspects in which Neptune is. Also ruling children, the 5th house influences people with this planet here to have dreamy sons and daughters.

These little ones will be fantasizing all the time, and not really care about everyday issues. This means they'd make great artists and could achieve success without even

struggling.

But at the same time, they'd be very sensitive and always charged with strong emotions, which will also be a sign they're good psychics and in school, they can rely on their intuition all the time.

Neptune in 5th house natives will be very secretive about their children. Men with this placement may have one kid and not know anything about him or her, while women would say their relationship with the little ones is complicated.

When Neptune is in bad aspects with Pluto, Mars and other malefic presences, the women with these placements may suffer miscarriages or can have many abortions.

That's why they should avoid using drugs as these could either make them pregnant when they don't want to, or cause them to abort the child they'd want.

Adoption is very possible with Neptune and the 5th house so there also many good reasons to be happy about this placement.

The goods and the bads

People born with this astrological placement are very enthusiastic and want others to see the world the way they do. They will take their loved ones with them in their adventures because they want closeness when traveling.

Able to inspire optimism as they're always happy and positive, they'd make great leaders. Their methods of bringing hope and inspiring people to live life as happily as possible are not known, yet still very efficient.

It's normal for them to have many friends and to change partners like others change their socks. They don't see a problem in being like this because falling in love seems to be their favorite thing to do.

And they're very good at it, considering their partners are always happy and fulfilled. It's in their style to spoil their lover and to want appreciation in return.

As a matter of fact, Neptune in 5th house natives can exaggerate with the way they're pampering their other half, making it difficult for many to be able to return the favor.

When not appreciated for what they're doing, these natives get to feel disappointed and even hurt. It's important they don't allow their partner to become as dramatic as them, especially when it comes to problems that don't even matter that much.

Having a quick temper and a big ego, they may actually be difficult to deal with when in a long-term relationship.

They should pay attention and not fall in love with those who aren't meant for them because they tend to idealize people and to fantasize about things that aren't real just for the sake of drama.

Neptune ♃ in Rx *retrograde movement*

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Advice: You need to keep close to family ties.

Personality traits

This native has a free-flowing personality, always searching for the next adventure to partake in, for the next thrilling escapade to create memories about.

The Plutonian Sagittarius envisions a great future for oneself, a future marked by a change of perspective, by a lot of traveling to exotic places and other foreign territories.

Freedom and open-mindedness are this native's greatest perks, and they make full use of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

The good and the bad

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of

action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

Pluto in Sagittarius in love

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

The Pluto in Sagittarius man

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these

barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

Pluto ♀ in III 3rd House

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge, establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with difficulties or the path to their objective is fraught with obstacles? Do they stop or retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

Pluto ♄ in Rx retrograde movement

[699] [920] ([699] mollysastronomy.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♁ in ♉ Taurus 10° 46'

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to

engage in wrong thinking, to which his natural disposition inclines him. Things on the whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac. Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is

discovered. The Scorpio South Node must burn the bridges of the past and resolve to benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him. Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

(Donna van Toen)

You have real hang-ups about earnings and resources. Your Scorpio South Node may reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and

lacking nothing. In contrast, the person is generally someone who's undergone drastic changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

North Node ☾ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money

matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and

regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the

karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet,

as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting

requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person

should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

Lilith here is under the influence of Venus. This placement makes you sensual, feminine, creative, however, these traits can be repressed into the unconscious. Taurus is an earth sign, which means that it focuses on the material world and gaining resources in it. Lilith here is a very physical placement too, affecting your relationship with the material world in the first place, your self-esteem, and your need for stability. You have to learn that you are enough and you are talented enough to support yourself.

Lilith in Taurus indicates that your sense of security is violated. You can feel that it is not safe to have fun, be yourself, or to be happy about the beauty of life. Some people with this placement grew up in an environment where material pleasures were denied or shamed. You learned early to reject pleasure, or you can feel guilt about it. A good way to deal with Lilith here is to treat yourself every now and then to something that you can enjoy with your five senses.

Lilith here struggles with having enough. Loss is one her major fears. It is hard to let go with this placement, both people and things. There can be an unconscious fear of poverty. Some people with this placement feel that they are only acceptable if they are content with having very little. They can strongly reject the idea of wealth and affluence. Unconsciously, money is often a burning question for you.

With your natal Black Moon Lilith in Taurus, you were shamed for wanting money and resources, craving the pleasures of the material world. It can also indicate that you don't

feel worthy of good things. At the same time, you want them deeply. Sometimes people with this placement make bad money decisions (but overall they are good with managing their money).

People with this placement can feel that if they share what they have, others will take everything from them. Black Moon Lilith here lacks faith in the material world, and it can be obsessed with hoarding resources. You hold on to things.

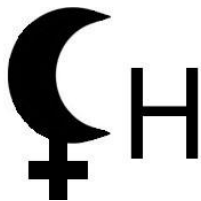

You either live frugally or love to spend, there are no in-betweens with Lilith in Taurus in the natal chart. Learning that you can rely on your providing ability and that you are supported is one of the most important lessons of Lilith in Taurus. It can be also helpful to donate if you can, and share your resources.

This placement can indicate overeating or other issues with food. Food can be a secret craving and your relationship with it has its ups and downs. Lilith here can binge as a coping mechanism. It can also happen that you find safety in food, or gain weight as a way to protect yourself from being hurt by others. You are also possessive about food. People had better stay away from it.

Intimacy is very important to you. You are seductive and sensual, people with this placement in the natal chart are often extremely attractive to the other sex. (Black Moon) Lilith ♀ in VIII 8th House

([1156] elsaelsa.com)

Fertilizer Bomb

If you have Lilith in the 8th house of your chart her themes will manifest in terms of fear, other people's money, psychology, and forces outside your control. This house brings to fruition many of the most intense aspects of the Lilith myth.

With Lilith in the 8th, there are wounds in terms of money, particularly the type of money

you have to ask for and claim. You have likely been jerked around, treated unfairly, or outright denied by creditors, lenders, insurance companies, or in matters of inheritance. In one way or another, your rightful claim has been rejected.

In traditional astrology, the 8th house is known as the Idle House, or the house of lowering to the ground. It is where the vibrance of the Midheaven slowly sets until it has little power to affect the world. For this reason, it is also associated with death, taxes, and all powers that are greater than us and beyond our capacity to control. These are forces we can't mitigate or soften. We can't do anything but react. And with Lilith here, that feeling of powerlessness creates a primal rage. Lilith was victimized early on by forces outside her control, and the entire rest of her myth is the story of trying to harness her impotent fury into something she could use. With Lilith here, you, too, will rage and wail in frustration as your anger butts up against immovable objects over and over.

This is why Lilith in the 8th house also affects psychology. When all that righteous fury can find no external purchase, it is forced to turn inward. Here Lilith digs her talons into the fertile soil of the subconscious, and here she begins to find her power. With Lilith in the 8th, your own psyche is both a power to be feared and a source of infinite growth. As you churn the soil internally, new seeds begin to sprout. Seeds of freedom, of personal power, of spiritual resurrection.

There is so much to discuss with this placement – more than I could ever hope to convey in one post. But I will try to sum it up. When you encounter injustice at the hands of external powers far beyond what you could ever hope to control, it's natural to rage, fight, and flail. But that same fury has the capacity to become the greatest nourishment for your soul. Allow it to fertilize the darkest corners of your mind, and find in yourself a power that dwarfs that which sought to oppress you. Learn to wield that power and let it set you free.

Pallas ♀ in ♈ Aries man 25° 30'

([1186] astromajesty.com)

Pallas Athena, the Greek Goddess of war and wisdom, is an important yet often overlooked aspect of astrology.

The asteroid was named after the deity due to its similar characteristics.

The zodiac sign that Pallas resides in, according to our birth chart, provides us with an insight into our intellectual affairs.

Greek mythology tells a tale of a warrior Goddess who ruled over many different aspects such as wisdom, the arts, and war.

As such, her brother was Ares, the God of war whom Aries is named after. She is also the daughter of Zeus and was born when his head was split open.

Pallas is seen as the original feministic, a marker of female empowerment, courage, and ferocity.

Men with Chiron in Taurus

What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable? – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

Summary

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

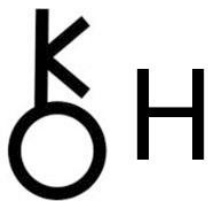

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

Chiron ♄ in VIII 8th House

([1267] astromajesty.com)

People born with Chiron in the 8th house typically struggle with sexuality, intimacy, and mortality. It is a perplexing placement, and it may indicate experiencing a traumatic loss, death, or financial issues.

Anyway, this position will likely manifest through intimacy problems, not accepting death, or inheritance and tax complications.

Those with Chiron in the 8th house almost always have to go through life-changing events and occurrences that will leave them with trauma or emotional scars. It is the placement that forcefully makes one transform, grow, and develop.

These are not inherently this life's traumas. It can also be a memory, energy, or karma from the past life. Thus, the pain is typically related to dying, being abused, or losing a loved one.

However, it could also be that one is terrified of dying or experiencing the death of their family, friends, or partner.

Fear of death and illnesses

Yet, when they unite, the 8th house and Chiron usually bring one's most challenging fears to life. It is why these natives are likely to see someone die at an early age or have a near-death experience early in life. They also tend to be afraid of getting sick or have nightmares of their dear ones dealing with a life-threatening illness.

Chiron in the 8th house natives could also have a fascination with death, occultism, and kabbalism.

Thus, they could be curious about self-afflicted pain, provoking death and accidents. The darkness and danger often excite them and trigger their deep interest. It is what could lead them to turn to self-destruction or hurt others to see their response.

They are typically emotionally demanding in relationships and have issues with how they express their sexuality.

Those with Chiron in the 8th house tend to find it hard to relax with others, let go of their restraints, and be in the moment. They don't trust anyone, or they fear in advance that everyone will leave them.

It is what also makes them act awkward, shy, or embarrassed in front of potential lovers. Yet, they would do everything for others to like them, so they'll try hard and often do something that doesn't make them feel comfortable.

That results in not being sexually satisfied and generating frustration, self-doubts, and growing concerns of inadequacy. On the other side, they typically manage to satisfy their partners because they are highly intuitive and empathetic.

Those born with Chiron in the 8th house typically don't talk too much. They are observers and have analytical minds. It is why they will evaluate someone's posture and behavior before engaging in interaction.

These individuals are great at reading other people and picking up on their signals and cues. Others could perceive them as weird or scary, but that's usually due to their investigative personality.

Thus, as they question everything and everyone, they can see how others manipulate people and pull the right strings to get what they want.

But Chiron in the 8th house natives doesn't fall easily into those situations because they anticipate and identify who could lie to them and use them.

Yet, they don't act as a judge because they understand why people do what they do. It doesn't mean that they won't become mad or disappointed, but they will consider the situation.

People born with Chiron in the 8th house are especially fond of children, animals, and those they perceive as innocent but caught up in unfavorable scenarios.

Thus, they often end up as healers of those on the margins and struggling in life.

Primal responses and feelings

They are much more complicated in love and lust connections because those relations trigger primal emotions and instincts in them. It is why they tend to become controlling, jealous, and manipulative.

If they doubt their partner and their loyalty, they can be full of rage and resentment or become obsessive and hysterical.

However, they mostly become hot-tempered or conniving because that's what they use to hide their insecurities and fear losing their partner. They try to control their loved ones and direct every move because they see it as the only way of ensuring their devotion.

Hence, their manipulation and mind-controlling games are a consequence of their vulnerability and lack of self-love.

If they manage to relax in intimate moments, they could find healing in their sexual expression or share the most vulnerable part of themselves with their partner. On the other side, sex can also be a lethal weapon that destroys their ego or self-esteem.

These individuals tend to perceive everything as a power struggle, including love and connections. They are afraid that one wrong move or word could make them look weak or chase their loved one away.

Healing potential

Their fear of giving in and being intimate likely tends to come from a traumatic experience concerning sexuality, including sexual violence, threat, or humiliating situation. These natives usually hide that trauma from everyone or even from themselves.

As a result, Chiron in the 8th house natives can't connect with anyone on a more profound level.

Regardless of how hard they try their defense mechanisms sabotage their effort. That is especially significant regarding physical intimacy. They are afraid of others seeing them

without their protective layers.

Nevertheless, these natives could use that pain to help others heal. If they learn how to overcome their inner troubles and fears, they could become healers.

But that requires confronting their inner demons and finding ways to overcome them.

Part of Fortune ☿ in ♐ Sagittarius 24° 58'

([1283] astrolibrary.org)

You need freedom to explore and avoid stifling situations, so that you may experience a joy without limits.

Your fulfillment will take place in far away places, whether mentally or in other countries. Whatever you experience will become broader and more meaningful. In addition, you are lucky by nature wherever you go.

You like to try new things that expand awareness and knowledge of life as a whole.

Gemini is the sign opposite to your Part of Fortune in Sagittarius. Through Gemini, you know the indecision of people and their superficiality in trying to please themselves and not committing to something meaningful.

You feel an enormous curiosity for all things and people. Although you are very comfortable in the midst of nature and a natural environment, since you understand the truth of the natural laws of human beings and the Universe.

You are aware that, sometimes, when trying to gain the acceptance of others, you are untrue with yourself. So, you must be frank and direct, since you realize the apparent dualities of any situation, being able to obtain the essential meaning of each moment and observe the unity of all situations.

You have to stay free to express yourself spontaneously and with full sincerity and honesty with yourself. This helps you take a decided and correct action. You can maintain an energy of enthusiasm and optimism even when facing very difficult conflicts. You encourage and inspire all the people with whom you work or have contact.

You have a powerful prophetic vision to project yourself into the future, and many times your willpower and clarity of vision make that future come true.

You feel well any place you go. In any place, you feel at home. You know how to flow with enthusiasm in all situations, without letting yourself be involved in something that could deny your own optimism.

You radiate happiness. Although, sometimes you do not realize it, and you make the mistake of trying to look for it in others.

You must avoid judging yourself too harshly. Do not compare yourself with others. Nor should you think that you can make others happy, because you would lose your own sense of inner joy. You should know that this can not be transferred from one person to another.

You will do better through constant spontaneity, simply by being and experiencing the total truth of each moment in your life and each situation. You will feel happy, bringing more sense and meaning to all the circumstances and people around you and raising their spiritual awareness. By not taking it personally, you are left free to change to

another situation that is asking for your attention at that moment.

Undoubtedly, your joy is present in all your significant contacts. These contacts give more meaning and understanding to your life.

Thinking clearly is what will bring you your greatest fulfillment.

Your security is based on thought instead of the material world. Therefore, you like to teach others to think clearly, so they can understand the world around them, and understand all kinds of people.

Since your Part of Fortune is in the third house of your birth chart, the ninth house is the opposite house. The ninth house helps you understand abstract thinking, other people of other nationalities and mentalities, cosmic ideas, and the higher mind. But your fulfillment will come through the lower and concrete mind.

You must learn the difference between the presence of human ideals, and the reality in which they must live and be carried out. By accepting this wisdom and not being strict in your ideals, nor judging those who still do not understand the higher truth, you will gain the trust of those whom you want to teach and with whom you want to communicate.

You do not judge other people, you just try to understand them and get to know them. This helps you accept that which is contrary or different from yourself. You have something important to say without forcing your ideas on anyone, or on those who are not ready to accept them. You learn to have much tolerance.

You also learn to recognize when is the right time to say things. You must give your teachings and knowledge in a detached way, and you will get great satisfaction knowing that you have enlightened another person's understanding.

You absorb many philosophical and spiritual thoughts through the ninth house. You

realize that the greatest truths go beyond the mental barriers that separate people.

You must be fair. You have the ability to see all sides of a situation. Thus, by bringing superior understanding to human relationships, you help all people in your environment get along better and get a better understanding of the different points of view that may exist. This way, the dichotomy of the world and of human thought will not hinder communication between people.

3) ► **Midheaven MC Parallel ☉ Sun** - (1°38') ♀12 | ♄4

([12] astromatrix.org;) Someone To Look Up To

Opportunities: 1. Being Your Own Boss 2. Being an Inspiration to Others

Challenges: 1. Controlling Your Irreverence 2. Being in Control of Your Life

Even while you are young, personal success and achievement will be very important.

You will want to shine among your friends and be someone to whom they can look up.

You will measure your success in life not so much by your inner sense of values, but by the impact you make on other people. This aspect often means that you will be socially successful, but you must work for it; such success is not automatic.

You have a great need to be in control of your life. As you get older, you will try to work in a business in which you can be your own boss. You are very independent and do not like working under someone, which can create problems while you are young. Thinking that you know better than your elders, you may rebel against their power over you. If you establish a pattern of rebellion, personal success will be hard to come by. You need help from others to get anywhere. So, you must avoid being arrogant, for that will alienate people. However, if you are willing to learn from others while you are young and put all your energies into developing skills that will be useful later, you will probably achieve something important in your own terms. In that case, you will know what you want to do and how to guide others.

You can enable others to fulfill their destiny as you fulfill yours. During childhood, the influence of your father or of a similar guide figure is especially important to you.

4) ► **Midheaven MC Parallel ☿ Mercury** - (1°14') ♀12 | ♃2

([37] astromatrix.org;) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

5) ► **Descendant DC Parallel ☿ Uranus** - (1°23') ♊7 | ♏12

([206] astromatrix.org;) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

6) ► **Imum-Coeli IC Parallel ♁ Lilith** - (0°47') ♋6 | ♏8

([113] 12andus.com;) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career.

You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

7) ► **Imum-Coeli** IC **Parallel** ♁ **Vesta** - (0°19') 006 | 19

([622] 12andus.com:) You may have to resolve conflicts between the path to which you feel devoted and the demands of your career.

Your true spiritual connection comes from your intimate time with family or serving others in some aspect of your private life. Your career path or public image may distract you from this higher calling.

Yet when you learn to create a balance between your deep desire to be of service behind the scenes your career path or public persona, you will be able to succeed both in career and on your spiritual quest.

You may be challenged at some time to sacrifice some aspect of your career in order to satisfy your spiritual calling. When you make this sacrifice, you will benefit in the long term.

8) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (0°24') 134 | 2

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

9) ► **Sun** ☉ **Parallel** ♀ **Venus** - (0°30') 134 | 11

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and

affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is though the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

12) ► **Moon** ☾ **Contra-Parallel** ♂ **Uranus** - (1°13') ♈7 | ♏12

([157] astromatrix.org;) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get

bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

21) ► **Mars** ♂ **Contra-Parallel** ♀ **Lilith** - (1°59') ♄1 | ♃8

([635] astromatrix.org;) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Postively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. 24) ► **Saturn** ♄ **Contra-Parallel** ♅ **Pluto** - (1°44') ♄11 | ♃3

([200] astromatrix.org;) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear,

you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

You may also struggle to be emotionally available because you aren't in tune with your deeper feelings. Work through your fears and not let other's emotions overwhelm you.

You'll be able to show your nurturing energy when you're feeling personally secure.. You prefer to show your compassion in practical ways. You may look to money or materialism to convey your affection for others.

Your intentions may be good but your sense of timing may be off. Your best efforts may still be misinterpreted by those close to you.

Uranus' lightning bolts of intuition are trying to revolutionize your experience of Chiron's sensing and feeling, potentially leading to a significant intuitive opening. But, you need to incorporate new levels of self-validation and self-care. This is another long, generational aspect (other long aspects are with Pluto and Neptune). 30) ► **Neptune** ♃ **Contra-Parallel** ♀ **Pallas** - (0°10') ♀5 | ♃7

([584] 12andus.com;) Your strategies may be vague and fuzzy. You don't want to commit to a concrete plan. Instead you prefer to have a fluid and changeable strategy that will suit your changing mood.

Unfortunately, this can turn you into a dreamer whose ambitions don't come to fruition as easily as they could. You may dream up plans and leave it up to others or to chance to let things fall into place.

You may also work against your success by becoming confused and distracted by wishful thinking. If a desire or plan is not realistic, you may hold on to it as a dream and then become resentful, assuming others did not do enough to promote your goals.

Your intuition can help you but can also be a hindrance if you have not yet found ways to reality test your wishes and dreams. You may be confused by wishful thinking masquerading as intuition and this can dilute the effectiveness of your plans.

31) ► **Neptune** ♀ **Contra-Parallel** * **Juno** - (1°25') ♀5 | ♀5

([47] astromatrix.org;) The Social Charmer

Opportunities: 1. Nurturing Your Sensitivity 2. Finding Profound Love

Challenges: 1. Accepting Compromise 2. Giving Socially

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Venus Conjunct your Ascendant indicates a romantic, gentle, compassionate, sympathetic, sensitive and idealistic emotional nature. A born romantic, you will genuinely marry for love - not money or prestige. However, a strong partner is

needed to give you emotional stability and security.

You are always willing to compromise where necessary, but necessary usually means whether it is to your advantage. If you feel that a compromise leaves you the loser, or you do not get what you want, you can become petulant and moody. Beneath the polished veneer there is a strong element of self-interest, you often use your charms to further your own interests, or to cultivate social contacts that will benefit you in some way.

You will appreciate good social contacts and should have many friends as you are generally well liked. You will be naturally attracted to art and music or anything beautiful. If you have any negative aspects to Venus it may bring out a more selfish or indulgent personality that can be superficial or attracted to sensual pleasures.

([56] astromatrix.org;) Short Fuse

Opportunities: 1. Developing Creative Life Goals 2. Finding Your Direction Forward

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins. You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

([78] astromatrix.org;) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the

other hand, you can be very creative with this aspect, because you have much originality and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

([160] astromatrix.org:) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more

intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

([172] astromatrix.org;) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

([40] astromatrix.org;) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex
Your relationship with your parents will determine your attitudes towards the opposite

sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

9) ► **Mars** ♂ **Conjunct** ♃ **Uranus** - (9°42' S) ♄1 | ♀12

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([153] astromatrix.org;) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability

to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

21) ► **Moon** ☾ **Opposition** ♂ **Mars** - (0°40' S) ♈7 | ♎1

([154] astromatrix.org;) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with

stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

23) ► **Saturn** ♄ **Opposition** ♄ **Neptune** ♆ - (1°19' S) ♄11 | ♆5

([199] astromatrix.org:) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusory and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that

frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

28) ► **Venus** ♀ **Sextile** ♇ **Pluto** - (2°32' A) ♏1 | ♏3

([258] astromatrix.org:) Intense Emotions

The sextile aspect is an easier one to experience than the conjunction or the challenging square and opposition. The state of a more harmonious inner balance is easier to find; and there is a more realistic appreciation and understanding of the nature of human love and relationships.

The experience of your feelings and emotions will be strong but will be able to be absorbed into a personal integration rather than be a compulsive dominating energy driving your life. This means that you should be able to gain some perspective upon the patterns of your emotional life, to see the rhythmic cycle, and to apply common sense, logic, and rationality to moderate any obsessive tendencies emanating from that level.

Understanding is a key for you; and you have an insight into the potentially transformative and beneficial power of love in a human life. To you, having a successful intimate relationship is a high priority, although you will tend to be very careful in your choice of partners. What you require is a partner who is capable of developing with you, as the relationship matures and changes over time, where there is a natural love and respect for each other, with mutual or compatible interests, and where both will benefit from each other's company. Running through the partnership will be a thread of purpose and meaning, perhaps a joint life direction to be aimed towards, which is nourished by a high degree of real communication and sharing.

Your ideals are high but are achievable in real life; the key to success lies in right mutual choice; and this can come about through a series of events that could imply that the partnership is 'fated' to occur. Feeling this way can give a strength and inner commitment to the relationship at those times when mutual adjustment and personal change are required for the relationship to progress and deepen over the years.

Sexuality will be important to you, but not compulsively so, as you will see it as a natural, enjoyable aspect of adult life, and are unlikely to have any damaging feelings of unease about physical expressions of love and affection.

Talents in the arts or music are at least latent in you; and if you draw these out strongly enough, you may discover that you have quite an original creative ability to display.

29) ► **Jupiter** ♃ **Sextile** ♅ **Uranus** - (1°39' S) ♄3 | ♀12

([272] astromatrix.org:) The Well Traveled Soul

Both the sextile and the trine continue to develop the themes reflected by the conjunction aspect. The natural direction for these merged energies is that of progressive expansion. The sextile will offer a more definite need to communicate with others.

The emphasis on the development of the mind level and intellect, based upon an ever-increasing store of information and knowledge, will be a natural outlet for the energy to circulate in your life. That enthusiastic curiosity and ability to absorb information will be present, although you may need to invest more energy into successfully developing your ideas more clearly and effectively.

Sometimes, in your impulse to rush forward and onward, your impatience can create problems by making you omit to take a crucial step into your considerations. You may need to prepare a little more slowly, using your ability to plan logically and rationally to prevent unnecessary mistakes. It can be like reining back a horse that is threatening to run away with its rider.

Teaching can offer a channel of expression, through which your insights and positive optimistic attitudes can communicate the potential of a brighter future to others. This can help to dissolve any tendencies to become overly self-preoccupied and caught in your mental seeking. You believe that there are answers to be found somewhere for everything, and that all obstacles can be overcome.

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in your world, and you may want to be a reformer and rebuilder. However, you should not try to get power simply for its own sake. ([358] astromatrix.org;) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

It is easy for you to take on responsibilities that aren't yours while ignoring ones that are. Because you work hard and aren't always recognized or compensated for it, you often run out of steam before your work is done. Your life works best when you learn to take care of your most important responsibilities first.

([468] astrologyking.com:) Sun quincunx Saturn natal creates an imbalance between free self-expression and a heavy sense of responsibility. A continuous struggle to fulfill your own personal needs without neglecting your obligations can lead to great inner tension. If the balance tips too far in one direction, a crisis can develop involving your self-confidence, physical or mental health, your career, or a significant relationship.

You are generally very self-reliant and reserved but can swing between this sober maturity and reckless disregard. By placing too much emphasis on your own needs and desires, you would tend to neglect yourself in other ways. Being free to enjoy yourself means something else has to suffer. It could be your job your partner, your kids, or your self-worth.

You may have numerous casual and serious relationships of varying lengths and intensity over your life, some of which may overlap. Alcoholism, drug addiction, and other destructive behaviors are possible. They may be a way of punishing yourself for

being irresponsible but there could also be other causes.

Low self-esteem may also arise from an overly strict, critical, or absent father. Too much discipline and responsibility as a child can also result in a strong dislike of authority and tradition. Feeling discouraged, unsupported, lonely, and generally unworthy leaves you open to being taken advantage of in many ways.

Without self-respect, you are likely to become shy and timid. Others will sense this weakness as you do not place boundaries and defenses around your ego. An inability to say no because of a lack of self-assertion would see you take on unnecessary responsibilities. This could easily lead to physical and mental exhaustion while you end up neglecting your own responsibilities. The resulting self-loathing, yet another path to mental illness and self-destructive behaviors.

Although you may at times be inconsistent, you work well under pressure. You do have the determination and perseverance to come back from adversity. In fact, you may actually need to overcome loss, hardship, and suffering in order to mature and reach your full potential. But it does not have to be this way. Self-abuse or abuse by others only happens if you remain fearful and allow it to happen.

The key to conquering Sun quincunx Saturn is responsibility. Attend to the most immediate and important matters in life first and do not procrastinate. Do not do more than you have to do, especially for others. Ignore the competition, ignore the critics, don't apologize, and follow your own path.

Hard work, self-discipline, and self-restraint will eventually lead to greater confidence, personal freedom, self-expression, and pride. Gaining self-respect and the respect of others comes through the achievement of personal and career goals.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

([25] astromatrix.org;) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career

Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems

throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

3) ► **Antiscia-Moon** ☾ **Conjunct** ♀ **Ceres** - (0°37')

4) ► **Antiscia-Ceres** ♀ **Conjunct** ☾ **Moon** - (0°32')

([559] 12andus.com:) Your intuition and emotional connection to others is strong.

You may wear your heart on your sleeve. When you care about someone, you'll automatically treat them like family. More specifically, you'll treat them as a mother treats her child, regardless of your respective ages or genders.

You can be generous with your affection and will worry about the security of your loved ones. You'll try to make them feel at home and will show them the best of love, protection and care.

You find home, family and family like connections to be your greatest source of personal fulfillment and nurturing. Food, home, nostalgia and connection to family traditions all make you feel secure. When you need nurturing you may spend time with powerful female influences and mother-figures in your life.

6) ► **Antiscia-Neptune** ♄ **Conjunct** ☿ **Mercury** - (0°29')

([33] astromatrix.org:) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are

not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

([570] 12andus.com:) You don't always convey your nurturing side openly.

Instead, you can be caring and loving toward your partners. You may ignore your own personal needs but project your needs onto others instead. You can be loving, generous and nurturing but will need to step back and make room for others.

Your desire to share your generosity and love with others may seem out of balance at times. You have to work to accept your compassionate side.

When you try to avoid showing your empathy and love to others, you may become fixated on your own needs or ambitions, pushing your vulnerability and concern for others to the side.

Yet when you do come to terms with your loving and nurturing side, you can be supportive and giving. You can find rejuvenation through your connection to a partner or close allies and this helps you continue to show your love for others.

([188] astromatrix.org;) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 24° **Sagittarius** 58' and in the **3rd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 24° **Cancer** 45' and in the **10th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 9° **Taurus** 33' and in the **8th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 19° **Taurus** 27' and in the **8th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 29° **Sagittarius** 6' and in the **3rd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 22° **Leo** 33' and in the **11th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 23° **Cancer** 22' and in the **10th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 15° **Aquarius** 43' and in the **5th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 8° **Gemini** 5' and in the **9th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Ninth house (Sagittarius): intemperance, intolerance, entrapment

Lots related to family:

The **Lot of the Father** is in 9° **Taurus** 6' and in the **8th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 5° **Aries** 11' and in the **7th** house.

Same as for father.

The **Lot of Siblings** is in 17° **Capricorn** 11' and in the **4th** house.

The **Lot of Children** is in 2° **Cancer** 37' and in the **10th** house.

The **Lot of Daughters** is in 23° **Leo** 14' and in the **11th** house.

The **Lot of Sons** is in 17° **Virgo** 5' and in the **12th** house.

The **Lot of Marriage for Woman** is in 19° **Leo** 14' and in the **11th** house.

The **Lot of Marriage for Men** is in 0° **Sagittarius** 34' and in the **3rd** house.

The **Lot of Deceit in Marriage by Woman** is in 9° **Aries** 16' and in the **7th** house.

The **Lot of Deceit in Marriage by Men** is in 29° **Gemini** 43' and in the **9th** house.

The **Lot of Marriage (in general)** is in 23° **Leo** 14' and in the **11th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 25° **Cancer** 23' and in the **10th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 24° **Cancer** 0' and in the **10th** house.

The **Lot of Treachery** is in 24° **Gemini** 23' and in the **9th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 25° **Scorpio** 13' and in the **2nd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 18° **Aquarius** 34' and in the **5th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Taurus

(canvasofthecosmos.tumblr.com:) Pholus in 2nd House/Taurus: You accumulate much in life, as this opens the box possessions and creation. This placement brings explosive artistic and musical talent. You may go through periods of impulsive buying and saving, shifting between minimalism and excess. It could mean a lot of clothes, plants, - always something that makes you feel sustainable, while less of what you know you can't keep up with, like dishes or pets. You find out early what you can and can't be held responsible to keep going. You create things or find sources that makes people's jaw drop often. Self-worth fluctuates with your comfort levels, either bolstering ego or deflating it. With persistence, projects that seem like they'll take forever will achieve tremendous results, including knowing one's own immense worth, as you realize that it's a long uphill battle to fulfilling accomplishment.

Pholus in 8th house

(12andus.com:) Your emotions and intense intuition can lead you to seek greater wisdom and truth.

Your desire for deeper understanding can lead you to unearth chaotic emotions or fallout that you didn't expect. When you least expect it, powerful transformation may come into your life. You may dredge up issues from your past that you didn't realize had as strong a pull on you as they do.

You may have dramatic awakenings that lead you to make significant changes in your life. Even if you are reluctant to let go, you may need to let go of the past in order to clear yourself of obsessions that have become toxic.

Dealing with grief effectively can be your key to freedom and healing. You can find awakening and transformation as a result of crisis and loss. You may become

obsessively addicted to power but this works against your ultimate goals.

On the other hand, you can find a closer connection to the spiritual realm through your search for truth. Your intuition and connection to Spirit can be heightened. You may also become more dramatically aware of your power and spiritual connection as a result of crisis.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Scorpio

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

Eros in 2nd house

(12andus.com:) You may express your sexual interests through a connection to materialism.

You are turned on by luxury and enjoy being pampered in sexual relationships. You may try to hide or downplay your sexual potency but you can be a sensual and romantic person when you feel comfortable.

You don't like to get involved in dramatic displays of sexuality and prefer it when your partner can be discreet and patient. You may be turned on by people who you believe can benefit you financially or in business.

When others show you admiration or praise, it's a major turn on. You show your sexual attraction through assertiveness and by being confident in who you are and what you want.

You aren't superficial yet you can be drawn to material wealth and physical beauty. You love to portray your personal strength and power as well.

- 1) ► 2° Taurus 3' **Pholus** ✎ **Conjunct** ♌ **North-Node** 10° Taurus 46' - (8°43')
- (12andus.com:) Your destiny and purpose are intertwined with changes that you are compelled to make in the midst of cataclysmic crises.

Seemingly small or inconsequential decisions or accidents have much larger ramifications for you and help to steer you toward the path of fulfilling your destiny. You may be compelled to step up to the plate as a leader or healer, finding personal growth and advancement in the midst of crises.

Milestones and major life turning points can reveal deeper truths about your destiny and who you truly are. When you open up to your higher potential, you'll be better able to fulfill your mission.

2) ► 2° Taurus 3' **Pholus** ✍ **Conjunct** ♀ **Pallas** 25° Aries 30' - (6°33')

(12andus.com:) You find your vision and passion in the midst of crisis and cataclysmic change.

Your greatest milestones and life changing turning points can be fundamental to your ambition and you may feel moved to create strategies and take steps to put your ideals into action.

You may feel moved to lead others and even become militant and protective of a cause or mission in the midst of crises and upheaval as well. You may feel energized about your mission or campaign when you are faced with a crisis or cataclysmic event.

Your bigger vision may be vague at first but crises can help you refine your understanding of your purpose. Your intuition and intellect can help you lead others during times of crisis as well.

You may jump at the opportunity to follow your passion and lead others and so you may be sought out as a guide or leader as others try to navigate through unprecedented times of dramatic change.

3) ► 2° Taurus 3' **Pholus** ✍ **Opposition** ♀ **Mercury** (Rx) 7° Scorpio 45' - (5°42')

(12andus.com:) You may easily feel torn between your desire to intellectualize and make sense of things and your need to respond to crisis.

When you are faced with dramatic and widespread catastrophe, you may first try to use reason and rationality to respond. This will fall short of what you need in order to effectively react, however.

By the time you realize your plans and ideas don't fit the new paradigm you are facing, you may have more work to do in order to bring your ideas into alignment with the reality you are facing.

Your thoughts, ideas and communication style can sometimes lead to small issues becoming major catastrophes. You may limit what you say or suppress some ideas to avoid confrontation or crisis, but doing this often backfires.

When you learn to be more flexible and respond to catastrophes while being attuned to your needs in the moment, you can learn to react more effectively.

4) ► 2° Taurus 3' **Pholus** ✍ **Square** Sp **Spirit** 24° Cancer 45' - (7°18')

(12andus.com:)

5) ► 2° Taurus 3' **Pholus** ✍ **Trine** ⊗ **Fortune** 24° Sagittarius 58' - (7°05')

6) ► 2° Taurus 3' **Pholus** ✂ **Quincunx** ♃ **Jupiter** 0° Sagittarius 31' - (1°32')
(12andus.com:) You may have a difficult time adjusting your beliefs and philosophy during a time of crisis.

You strive to be an idealist and can always find a way to put a positive spin on circumstances beyond your control. Yet during major catastrophes and cataclysmic events this may seem insufficient. It may seem like you aren't fully equipped to face the impact of not being able to stifle a major crisis once it has erupted.

If you downplay or suppress the impact of the crisis it will be detrimental to yourself and others. Yet if you find ways to adjust your beliefs and allow for the crisis to become a turning point which leads you to change your attitudes and beliefs in some key way, you'll have greater success acting as a leader, healer or advocate.

7) ► 2° Taurus 3' **Pholus** ✂ **Quad-Novile** ♀ **Venus** 13° Libra 54' - (1°51')

8) ► 2° Taurus 3' **Pholus** ✂ **Bi-Novile** ♄ **Juno** 12° Aquarius 47' - (0°44')

10) ► 2° Taurus 3' **Pholus** ✂ **Opposition** ♂ **Eros** 9° Scorpio 56' - (7°53')

(12andus.com:) You may find it easy to embrace your erotic nature once you give in to changing circumstances.

A dramatic turning point can lead you to embrace your erotic and sensual nature. You can find a surprising and unexpected path to expressing your love and desires and this can lead you to enhance your sexual repertoire.

You may also be infatuated with people who are chaotic, unreliable and intense but who also have an intoxicating influence on you. Your intimate partners may be influential during times of dramatic change in your life as well.

11) ► 9° Scorpio 56' **Eros** ✂ **Conjunct** ♀ **Mercury** (Rx) 7° Scorpio 45' - (2°11')

(12andus.com:) You have a strong sense of fantasy and desire but you tend to keep your desires in your own mind.

You may express your fantasies through written or spoken word but would rather fantasize about your desires than act on them sometimes. You may intellectualize your desires or have powerful sexual fantasies or fetishes that involve communication.

Sexting and pillow talk are highly arousing to you. You may find it easier to talk about erotic and exciting fantasies than to actually act on them.

Your sense of connection and erotic desire may be aroused more by how someone talks or how they think than by their appearance.

You may also be fascinated by sexual encounters that involve taking a detached, observing role or being involved with multiple partners rather than focusing on only one person.

You are likely to fetishize the mind or communication of your partner.

12) ► 9° Scorpio 56' **Eros** ✎ **Opposition** ♋ **North-Node** 10° Taurus 46' - (0°50')
(12andus.com:) Your erotic desires may beckon to you like destiny calling, yet you don't easily follow the call.

Instead you may feel you have to set aside your desires and deeper fantasies in order to follow a path you think is preordained. A relationship or personal path you feel compelled to follow may make you feel you have to suppress or hide your erotic desires.

Yet you don't have to choose between the two. You may be able to find the balance between your destiny and your desires. You can become more comfortable with your fetishes and fantasies and this can help you channel your creative energy to help you fulfill your needs.

Your destiny or higher calling may require you to be more courageous or open about accepting your desires and sexual nature as an important part of your identity, but you may need to spend some part of your life working to become comfortable finding the right balance between your personal mission and sexual creativity.

13) ► 9° Scorpio 56' **Eros** ✎ **Opposition** ♁ **Lilith** 14° Taurus 3' - (4°07')
(12andus.com:) You may feel torn between your desire to break free from restrictions and confinement but also fear your deeper sexual desires.

You can find deep satisfaction in your desires and erotic fantasies but you may also fear losing control in intimate relationships. You may go overboard scaring your potential partners away or intimidating others in order to maintain control in sexual relationships.

You may have a difficult time claiming your sexual power and instead of being open, you may try to stifle your sexual energy and hide your deeper desires.

Until the time comes that you can no longer contain yourself, at which point you may unleash your erotic desires and become fascinated or fixated on sexual relationships that involve power, intensity and a high emotional charge.

14) ► 9° Scorpio 56' **Eros** ✎ **Opposition** ♊ **Chiron** (Rx) 18° Taurus 35' - (8°39')
(12andus.com:) You may feel torn between your desire to let yourself completely give in to your erotic energy and caution because of past traumas.

You may want to let go and enjoy your deeper erotic desires but past wounds or

heightened sensitivity to the pains of past experiences can make it difficult for you to really indulge in your sexual fantasies and desires.

You may have to work to balance your deeper desires and sexual nature with your erotic nature and sexual fantasies. You may have to face and overcome the traumas and pains you've gone through in the past, though you can also find ways to heal from and work through your deeper wounds by exploring your darker fantasies and sexual desires.

15) ► 9° Scorpio 56' **Eros** ✎ **Square** * **Juno** 12° Aquarius 47' - (2°51')
(12andus.com:) You may find it challenging to express your erotic nature because you feel insecure about your commitment to your partner.

Even when you are in a secure relationship, you often don't see this or accept it for what it is. You may also be attracted to partners who are not fully available for commitment. Though it may seem as if you are sabotaging your own relationships or potential for sexual satisfaction, you may be able to find greater satisfaction when you adjust your perspective.

You can come to recognize the commitment that you do receive from your partner and when you become more secure in the foundation of your relationship, you can better express your erotic nature.

(12andus.com:) You may feel insecure about your sexual fantasies.

Your need for emotional security may make you look for validation yet you may feel awkward showing your fantasies and desires with others. The more you work on your own emotional security, the more you will be able to let go of judgment and embrace your sexual desires.

You may become infatuated with people who tend to your emotional needs but also need to open up and overcome possessiveness or insecurities so that you can form a more solid bond with your partner.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they're stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Taurus

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Eris in 8th house

(synnisisigns.com:) Eris in your eighth house of death [transformation] creates situations where you experience people trying to take away your resources. Inheritances, insurance payments and loans can be contentious and difficult experiences, especially if you are elected to be the conservator/distributor of those funds. You may have to share a partnership role in the disbursement of funds, but do not have final say in where they are to go. In the area of sexual development you may have sexual experiences that are incomplete or unsatisfying due to one partner or the other demanding a control of the sexual experience.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Virgo

(whatsmyalternative.com:) Destined to balance health issues, critical studies, routine work. Were you a miserly boss who made workers suffer? Did you neglect your health in the past? Did you work as a nurse who selflessly toiled? Depending on the good or bad of the past and the positive or negative of the present, this can be a very useful placement. Career success is assured for one who builds on the positive karma.

Karma in 12th house

(whatsmyalternative.com:) (I can not find interpretation for the 12th house.) Karma in Pisces (or 12th House): The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had misled

others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Leo

(astronomicallyaligned.tumblr.com:) A queens' most valuable possession is her jewelry box. Inside the box lies diamonds, tiaras, pearls, gold, silver, rubies, emeralds, sapphires, necklaces, rings, and other beauties. She guard her box with her life. The beauty and the glamour shines for her only. Other people will notice her shine. Like the sun on a gray day. If she opens her box, all it's contents will fall out. It will fall to the ground, crush and get dirty. It will loose all it's value. And the queen will be poor. She will loose her shine. And then it will be eternal darkness and night. What the queen could do, is to know that her shine comes from within, and not feel the need to open the box to prove it.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aries

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Nessus in 7th house

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Icarus | Risk-taking, Defiance

Shows how and where we seek to be free of constraints. More keywords: Freedom, expansion, liberation, an attempt to escape intolerable situations, vivid inspiration. If not liberated then constraint by one's own fears.

Europa | Laziness, Fall for Seduction

It's where we are most likely to be couch potatoes in our life and expect people to come to us. Where it falls will be where we cannot bear conflict and will avoid rocking the boat if we possibly can. It is where we have a need to view everything in rose-tinted glasses.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern. Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God. [1] what you are a source of in your regular daily (often work) encounters

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

(astroalive.com:) Asclepius can also represent where we are driven to “survive” so also where we may be “unhealthy” in some sense. It may point to both problems with our personal health, but also in what areas of life we are determined to continue on despite all odds.

mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into

it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.
