What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

## ***Sun ☉ in IX 9th House***

([867] [i.thehoroscope.co](http://i.thehoroscope.co))

This placement of the Sun makes people be honest and always say what they mean, plus usually keep their word.

People born with the Sun in the ninth house in their birth chart are rather idealistic and dreamy than practical and down-to-earth. They're the thinkers who like to come up with broad ideas and to express themselves openly.

It's important for their motives to be noble and well established, even if they lack practicality with every fiber in their body. Very interested in philosophy, religion and law, these natives have a highly developed mind that can absorb any type of information, no matter the circumstances.

Their intuition isn't bad either, but they may think of ideals that are too high and carry them too far away from home. If they won't control their enthusiasm and curiosity, they can become fanatics and lose touch with reality.

**Summary:**

Strengths: Collaborative, sensual and knowledgeable;

Challenges: Vain, pessimistic and disrespectful;

Advice: They should seek ways in which to enlighten themselves.

**Always saying what they mean**

People having their Sun in the 9th house want to understand the world surrounding them and have high ideals that make them very curious.

Always looking to the future ready to get involved in new challenges, they can't seem to sit still for one minute.

Proud of what they know and their way of thinking, they should be careful not to become self-righteous and enthusiastic to share what they know to the point of being overwhelming.

When working with their traits in a correct manner, they're flexible, fun, inquisitive and able to see what's best in people or to appreciate the beauty of life.

Very honest, they're always saying what they mean and usually keep their word. Wanting to learn more about anything and thinking of the highest ideals, this can sometimes work against them because they can end up being all over the place.

Their ego gets stroked with the more knowledge they accumulate and also share. While admirable for all their enthusiasm, the line between enlightenment and self-righteousness can often be crossed, so they need to keep this in mind.

**The positives**

Sun in 9th house individuals need to all the time expand their view on the world by knowing as many things as possible and experimenting first-handedly.

They like philosophy and to interact with new cultures, which means they can often come up with new ideas that are against the collective opinion.

However, their vision will always have them above others, loyal to their beliefs and

truths. They're very happy when testing their own limits and living all kind of adventures.

That's why they will always travel and have friends across the world. The placement of the Sun in their 9th house indicates they will understand who they are by exploring the world, so they're the extroverted type who can still focus when required to.

Their ability to go above and beyond means they're expansive whether if it's a matter of capability, experience or resources.

Opportunities will always appear in their life, but they will travel far away distances to get them.

Any new experience makes them curious and eager to master the talents that it involves.

Sun in ninth house natives can stretch their mind by exploring other planes of existence, thus by being spiritual, creative, philosophical, religious and adventurous.

They always want to go beyond limits and to broaden their knowledge, so their view on life will be more interesting than that of others.

Great intellectuals, they will study and look for stimulating environments rather than places where there's nothing to do or they can't discuss great things.

They'll be motivated to become knowledgeable ever since children, when they won't be interested in getting the highest grades, but to find out as many interesting things as possible.

They will always be aware of the deepest matters regarding life and will want to give their existence meaning, direction and a certain level of discipline, answering all the questions about illumination.

Intuitive about deeper meanings and following what life has to offer for the soul, they will look to experience with people and situations that make them develop as philosophers.

Having knowledge in this direction and holding on tightly to their beliefs makes them feel stable, no matter if they're fanatics about certain religious or moral and ethical principles.

They don't mind talking about politics and are true humanitarians, thinking the world can be ruled if these things function properly for everyone.

When the Sun is in the 9th house, natives with this placement are always ready to open their mind to new ideas and realms.

Their purpose is to only enjoy the freshness of mental perspective, to grow, travel and

encounter new philosophies. It's like the entire Universe is plugged to their brain, which means many will be curious about them and what they have to say.

Ethical and energetic, they don't just adopt a way of life and philosophy, they're struggling to encompass them all and to come up with one that's original, personal and that makes them happy.

Very opinionated when it comes to academic subjects, their principles are well documented and interesting. However, it's important they don't become too rigid about these or end up no longer accepting what others may have to say.

Not at all attached to places, they're rather travelers who change jobs and are not negatively affected by the new.

### **The negatives**

When the Sun in the 9th house is afflicted, people having this placement in their chart may not trust things in their life are going to get better if they've experienced something that destroyed them inside.

They may also impose their beliefs and religious orientation on others, having problems related to the elements in the ninth house: academics, travels to faraway places and others.

It's important for them to realize other people have the same right to believe in different things, just as them have to believe in theirs.

They may be so lightheaded and relying only on abstract concepts that they no longer know what's real anymore.

It would become useless for them to know where they're located in the galaxy if they'd no longer know the street on which they're living.

It can be challenging for them to combine their thoughts and ideas with discipline and live a life based on strong morals, but the wisdom resulted from doing this could help them a lot.

The Sun in the 9th house can influence people to have fixed principles, especially when the Sun also happens to be in a fixed sign.

Many religious and philosophical teachings would be turned into certitudes for them, and they may be unconsciously authoritative, trying to impose what they believe in on others.

This means putting boundaries around themselves, closing their perspective and no longer allowing any new options to come in, which wouldn't be in any way beneficial for

them.

Being moralistic and judging or criticizing all the time could make them separate themselves from society. If insecure, they will always search for something to change this about their personality and never find it.

What usually limits them the most is their ego, so they should make an effort to drop it and to understand life comes with both good and bad things. They have the tendency to think they're the most important and to become defensive when their position in the middle is being threatened.

A fact that proves them they're wrong with what they believe in would completely destroy the confidence they have in themselves.

Arrogant because they think they know everything about the world, Sun in 9th house natives are very proud of all the knowledge in their mind and want to acquire a high social position with the help of it.

If proven their beliefs are wrong, they no longer know what to do and become extremely disillusioned, maybe even giving up their faith and beginning to overindulge in all sort of pleasures.

It's important they don't become moralistic when it comes to those around them and allow themselves to continue being free while not asking others to conform to their beliefs.

Never hypocritical or dishonest, they have a chance to live in higher planes of existence and to become amazing people, but they need to be more subtle and always less assertive, judging or weighing with their own measure.

### ***Moon ☾ in VIII 8th House***

([879] i.thehoroscope.co)

People with the Moon in the 8th House are emotional and intense so it's very likely they will be surrounded by contradictions and some conflict.

The 8th House is all about change and sexuality, while the Moon is also a great influencer when it comes to change. This means people with Moon in 8th House can't find their peace romantically and are always looking for new partners to have fun with in bed.

The Moon makes them emotionally unstable, needy for cuddles and nurture, feeling like they have to take care of others themselves. These natives want to deeply connect with people, but the lunar influence doesn't allow them to. If they are able to acknowledge this, the level of intimacy with their partner will be deeper.

Moon in the eighth House natives are known for their possessiveness and jealousy, being the type that always asks questions like "Where have you been?" or "Who else was there?". It's a sort of a paradox with them, because on one hand they desperately crave being close to someone, and on the other, they aren't in any way capable of trusting a person who wants to be their partner.

**Summary:**

Strengths: Sensual, creative and straightforward;

Challenges: Pushy and controlling;

Advice: Be careful with the risks you are throwing yourself into.

**Striking conflict**

People with Moon in the 8th House are very aware of their surroundings and how their close ones feel. They are those individuals who know many things about taboos, the occult, strange sex and even death.

It's easy for them to get very attached to others because the way they love is very intense and deep. This is also why it takes them a while to recover from loss, getting hurt or being rejected.

It's possible that as children, their parents have forbidden them to live as intensely as they wanted, because they were exaggerating with how deep they used to sense.

When these people love, you can be sure they are doing it with all their heart and soul, always wanting to be the main support in their close ones' lives.

The position of the Moon in the 8th House means they inherit many personality traits from their mother's side, including all of the negative aspects the ancestors of the woman who raised them may have had.

It's normal for unfortunate events to be destructive in love and stability, so they should be attentive not to allow anything to destroy their passion and the beautiful connections they have built with others.

Natives with Moon in eighth House can have this arrangement as a symbol of the very strong complexes they're not even aware of and which exist below what they show in public.

It's possible for them to also hide memories that caused them pain in the past. This is the reason why they are sometimes hateful, jealous and even depressed.

While making their own money and living the good life, they also want to be in control of their close ones' finances. When feeling melancholic, they like going shopping and spending all their money on clothes or jewelry.

They might inherit a consistent fortune from their mothers, but they will still have moments when they'll feel like what they have is not enough.

Because they're very emotional and intense, it's very possible for them to start all sorts of conflicts with those who don't see things the way they do. These natives have a deeper and more meaningful understanding of life than others, which means they are different and often puzzling.

When the Moon is in difficult aspects, they become very difficult to let go of and hungry for power. Also, they may want to deal with everything that's forbidden and kept away from the public eye.

Many of them will have psychic abilities because they are very intense and capable of grasping the darkest aspects of a person's personality. So, don't be surprised if they're healers of alternative medicine, who use their instincts to determine how to make people better and how to nurture.

The position of the Moon in the 8th House indicates they are more aware of the dangers surrounding them and that they have a need to protect. Their emotions may be very much based on sexuality rather than on other types of interactions.

This 8th House also happens to be the ruler of wealth accumulated from others, so the planets in it are often linked to an organizational spirit and a talent for business.

Moon in eighth House individuals can be domineering and controlling, so it's possible they will not even care about what others are feeling if they aren't emotionally satisfied. Meanwhile they'll crave feelings and go through all kind of emotions.

At least their hypnotizing look and magnetism will always have them drawing people in,

no matter how overwhelming their personality may seem.

The 8th House deals with sex and death, so people with Moon in it may have been impressed by powerful scenes regarding these two things as children.

They are the type who want a stable sexual partner because security is very important to them when it comes to lovemaking.

If they don't get what they want, they may encounter many problems along the way, getting disillusioned and disappointed by those who can't offer it to them. And on these occasions, they end up displaying a behavior that they would otherwise be ashamed of.

### **Experiencing feelings intensely**

Needing to feel emotionally secure more than anything else, Moon in 8th House people are always pushing themselves to be better or taking on new challenges because they need to reinvent their own emotions.

Simply fascinated by how others work, secrets and everything that's not being told, they're very attracted by those who are a mystery to them. Changing their sexual partners very often may indicate that in reality, they're emotionally insecure.

These people need intimacy, but the fact that their emotions change too often can be in their way of attaining their relationship goals. However, they are known as passionate, intense and truly loyal to their other half.

While craving to be close to someone, they can be very introverted and not trust those who want to be in their life. Expect them to give their all when in love, but don't think for a moment they don't want the same thing in return.

The 8th House is about feeling emotions very intensely, so people having their Moon in it respond strongly and passionately to challenges, no matter how lighthearted the Moon in either an Air or an Earth sign would make them.

The 8th House position means they have their feelings stronger than others, but they don't show them.

For those with the Moon in Pisces, the rich imagination and transcendental abilities are lived rather internally when the eighth House hosts this celestial body, because this position would make them more private, secretive and even solitary.

Their need to take care of their own feelings would be normal as they're aware many people can't understand their intensity.

Mysterious, some won't be able to see what's beneath their surface, but they would

probably feel how the Moon in the 8th House influences them. These natives enjoy not being figured out, so you can be sure they'll never reveal too much of themselves and their emotions.

But this can influence them in a negative way because they may develop paranoia and an exaggerated need to protect their own feelings.

It can be overwhelming to discover their survival instincts, but you can make an idea about all this by seeing how they think danger is around each and every corner, hence the paranoia.

However, it's impossible to find someone stronger and more resilient than them. They can go through the most difficult problems and become wiser and more powerful after figuring out the solutions. The more they struggle, the deeper they'll grow to be from an emotional point of view.

They'd make great counselors because they have all the required experience and can read people like an open book. The connections they usually make are of real profundity, so their loved ones need to be as deep and intense as them if they want a long-lasting relationship.

Moon in eighth House individuals don't have sex for the fun of it as they emotionally invest in lovemaking. Physical interaction feeds their soul and makes them more emotionally attached.

16°40'-30° Cancer

### **Short Version [2]**

Strength: independent, clever, versatile, sharp, philosophical, entertaining, multiple occupations, seductive, gains through spirituality, passionate and disciplined when interested in topic, ability to accomplish greatness when motivated.

Weakness: mental instability, nervous, depressed, moody, deceptive, tactless, lacking social skills, impolite, careless, selfish, secretive, detached, ungrateful, unpopular, introspective, reclusive, blunt, unappreciative, possessive, breaks the rules, scattered, unproductive.

### **Overview [1]**

- Lord: Budh (Mercury)
- Symbol: Serpent. This represents divine wisdom, cleverness, danger, and sensuality.
- Power: To control poison. Ashlesha has destructive powers, like poison does, and also the ability to restrain this destructive power. This nakshatra also bestows the ability to tolerate.

### **Strengths [1]**

The influences of Mercury and Cancer make Ashlesha natives very mentally active. You are smart and have a thoughtful nature, often contemplating things deeply and questioning what others might accept at face-value. Philosophy interests you and you can discuss theoretical concepts with ease. You are gifted academically and are likely to receive a good education.

There's not much that gets past you — astute and intuitive, you have an almost mystical ability to penetrate right to the heart of any situation. This holds true with people as well. Those who meet you might feel that you see straight to their souls.

Self-restrained and austere, you are able to control yourself perfectly in most situations. You don't rely on anyone else and take pride in your independence. Although you are satisfied to act on your own, others can't help but be drawn to you. A magnetic, seductive quality makes people seek after you. This ensures that, when you do want it, you always have a ready companion.

### **Weaknesses [1]**

The downside of your self-reliance is that it makes you detached, and sometimes unappreciative of what others have done for you. Your indifference to who or what passes in and out of your life can make you behave irresponsibly — you may not care enough to put in the hard work. Without even trying to, you may make other people feel like they aren't good enough.

You can be reclusive, often preferring your own company to that of others. Your hot temper and love for competition can make you sharp and insensitive. Because you are unusually perceptive, you are able to cut deeply and accurately when provoked.

Although you may believe that you don't need anyone else, be careful not to unintentionally burn all your bridges.

Clever and cunning, you may create mischief for the sake of it. You are talented at deception and have a tendency to lie — not only to others but also to yourself. At heart, you are idealistic and you may become anxious and melancholy when reality doesn't match up to your ideals. Happiness will come to you more easily if you gain the courage to face life as it really is, and moreover feel gratitude for all that it offers.

### **Other Personality Traits [1]**

- You are a rule-breaker. You won't abide by established norms just for the sake of tradition, and this allows you to think outside the box. However, you also break rules that perhaps shouldn't be broken in order to achieve your goals.

- You are a skilled writer and speaker. Mercury's influence ensures skill with language. Whether on the page or in speech, you are able to communicate well and impress others with your ideas.

- You may have stomach problems. This could stem from a difficulty in controlling your diet. Utilize your self-restraint to moderate your diet, and eat wholesome, healthy foods.

- You are possessive. Ashlesha is sometimes referred to as "the clinging star." When you become fixated on something, you have difficulty letting it go.

- You may have affairs. A fascination with sexuality and your disregard for rules and constraints may lead you into multiple love affairs.

- You are powerful. There is no question that you have the ability to do great things — your power is evident to everyone you come across. You are not a good person to cross, because when provoked you are capable of destroying your antagonizers.

### **Career [1]**

Thanks to Ashleshas' extraordinary intelligence, they do well in almost any career that utilizes their intellect. It may be difficult for them to work in positions where they don't have enough independence.

Some ideal professions include:

- Writer, editor, or teacher
- Lawyer or politician
- Astrologer or yoga instructor
- Chemist or pharmacist

Note: Ashleshas may also be inclined to work in the sex industry.

### **Health [3]**

Their inflexible approach to life leaves them wanting for peace of mind as they fight to maintain their rigid beliefs. They tend to hold their stress in their stomach and intestines and are prone to heartburn and flatulence. They may experience inexplicable leg pain and be prone to liver problems. Many Ashlesha also struggle with addiction.

### **Physical Appearance [3]**

Their highly emotional nature is disguised behind tough appearances and burly body type.

### **Pada [1]**

### ***Moon ☾ in first pada***

(16°40'-20°00' degrees Cancer): Sagittarius navamsa. You are wise, and not afraid to let others know it. You are often authoritative. You have no problem making decisions or guiding people in the direction you believe to be right. You are hardworking and devoted to your religious faith.

### ***Mercury ☿ in Leo man 17° 34'***

([892] i.thehoroscope.co)

He will begrudgingly admit when others are right and he's wrong but is quite fair when it comes to practical things.

The Mercury in Leo man is very determined and confident. He doesn't try to say or blabber about insignificant things, he states facts with resoluteness and boldness.

His ideas are built upon experience, knowledge, and he presents them as being indisputably clear. If you've got a bone to pick with him and don't agree, feel free to tell him that, but be sure you are forging your demise.

### **In a nutshell:**

Positives: Persuasive and bold;

Negatives: Contradictory and aggressive;

Soulmate: Someone who has some kind of special-interest;

Life lesson: Not getting too hung up on small disputes or incidents.

**No one should dare to contradict him**

He's aggressive and goes straight to the point. What's more, he's ready to start discussing any topic.

He knows that there are a lot of opportunities to learn from, to gain experience, to discover his own flaws, and he takes a step forward to actually become superior to the man he once was. It's uncertain whether his intentions are generous and kind or selfish and self-centered.

He's not willing to admit that other people might be right, and that he might be wrong. This goes against his pride as the king around these parts. He does nothing wrong and he's always correct.

His enthusiastic and dynamic personality wants to feel in control, in a position of authority where he has access to everyone's dirty little secrets.

He's basically playing a strategy game, expanding his territory, going forward through the fog of war, going against other opponents, strategizing.

When he's insulted, or someone dares to contradict his demands, he will get revenge, swift and painful.

He's very interested in people who agree with them. Now isn't that a surprise! Well, sarcasm aside, he takes a special interest in like-minded individuals, and he can show his appreciation in many ways.

He's a great talker who will convince you that he's the greatest guy out there. Put a native born with Mercury in Leo in sales, and he will ring your doorbell, get in your house, drink your tea, all the while convincing you about the efficacy of a product that you don't even need. You just can't escape from his persuasive drive and manipulative verbal skills.

He won't be enraged or angered for a very long time because they are proud enough to realize that it would be pathetic and a bit exaggerated.

The Mercury in Leo man will quickly get over small disputes but will remember the bigger ones for a longer time. He won't ever resign or abandon his position when he knows it's motivated.

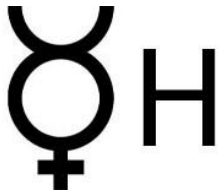

He carefully chooses his words to express himself as clearly as possible. He manages to wake up a feeling of understanding and awe in his interlocutor, but he also knows he must be progressive and determined.

For all his life, he has tried to always push himself to extremes, to overcome obstacles, to struggle against overwhelming odds, to get what he wants. The king must receive a royal treatment, and he will make incredible demands of himself and of others.

His achievements must be met with admiration and praise, besides his inner sense of fulfillment and accomplishment. He's a leader, an innovator, a revolutionary thinker who is bound to cause a revolution of epic proportions.

The harbinger of a new era is here, the Mercury in Leo man will bask in the glory of his own realizations.

### ***Mercury ♀ in IX 9th House***

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

#### **Summary:**

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

#### **A great mental capacity**

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of

higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

### **The positives**

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

### **The negatives**

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

**Venus ♀ in ♐ Sagittarius man 8° 53'**

([937] i.thehoroscope.co)

He wants to have the freedom to do whatever he wants, to pursue his goals wherever they may take him.

The Venus in Sagittarius man is all about adventure, about exploring the world and witnessing the excitement lying within. He wants to travel, to have fun, to entertain himself, and to live life as he sees fit, completely free and uninhibited.

Even in a relationship, he wants to achieve the same goals, only this time accompanied by a like-minded person. He can be quite affectionate and loving, but these all depend

on whether his partner is a free-spirited and open-minded individual like him.

**In a nutshell:**

Positives: Dynamic and enthusiastic;

Negatives: Unpredictable and impatient;

Soulmate: Someone who is honest and straightforward;

Life lesson: Taking the time to be more observant.

**His love personality**

This man is attracted to carefree women who don't care as much about how the world perceives them. They have their own style, and they do things in their own way, which automatically brings a lot of satisfaction to the table.

The Venus in Sagittarius man would like his woman to be energetic, enthusiastic, with plenty of vitality, and an artistic sense.

Because his love planet is living in the sign of the adventurer, this native obviously loves to get out and socialize, to involve himself in as many social events as possible.

He's so energetic and enthusiastic that it's practically impossible to maintain a sad face around him.

He'll make you smile some way or another, and that is only if he's not going to scare the hell out of you with his adrenaline-inducing ideas.

He's an unexpected, unpredictable and non-conformist person who only does what his crazy mind comes up with. In love, he's going to be very ecstatic in the beginning phases, and he's going to be all over you.

However, it's going to be a lot quieter later on if he notices you're not quite what he expected: that communicative and spontaneous person.

This native wants to have the freedom to do whatever he wants, to pursue his goals wherever they may take him, and he's a very straightforward individual who always speaks the truth.

For this reason, he would like others to do the same, to stop beating around the bush or conspire behind his back.

Say it upfront or don't say it at all. He's a revolutionary who wants to create his own path through the world, and he wants to explore as much as possible, to vary his interests, to experiment, and to be jolly all year round.

The man born with Venus in Sagittarius is a free-spirited and open-minded guy who

takes pleasure in getting to know many people from different cultures.

He's not slowed down by any stereotypes, racism, bigotry or any other disparaging concepts that most people stumble upon.

He finds relaxation in traveling, in seeing the world, in watching the world from above, in a helicopter, or in a hot-air balloon.

However, this is not his only satisfaction, as he can find fulfillment in many practices, both outgoing and introspective.

He could just as well stay cooped up in his hut on the beach for 3 days, enjoying the silence. He's not one to prefer one-night stands, and he wants to find a permanent partner to explore the world with.

He wants to find a woman who is just as crazy about exploration and adventure as him. He doesn't want to get bored or suffer from inactivity, and he would rather walk the path ahead alone than with someone who's constantly trying to criticize his interests.

Don't try to set a routine for him to follow, and never force him to do something that he doesn't want.

### **Attracted by ...**

He's interested in willful and cheerful women who look at the world with optimism, with the fiery impetus of a conqueror who can't wait to set foot in the castle that he's just put through the sword.

She should be somewhat spiritual or have mystical beliefs because that would make things even more interesting. He believes there is something more to the world than the mere material veil.

Be loyal, devoted, and love his excessive reactions in order to show how much you appreciate him. This native doesn't want a woman who is dependent on him, and he despises deceit and lying.

The man born with Venus in Sagittarius won't soon commit to a long-standing relationship because that would mean he would have a lot of responsibilities, that he would be tied down and his freedom would be inhibited in some way.

He wants to keep this independence, this impetus and drive that are the lifeline to his continuous fulfillment.

In a partner, he seeks the same sense of adventure, that constant nagging feeling that you must get out of the house and just run away into the wilds, with nothing but your will

alone.

He doesn't like wasting time on small talk or other such insignificant things when he could be out there, reinventing himself, discovering new and inciting aspects of the world.

### **In conclusion**

The Venus in Sagittarius man is good at making other people regain their confidence, waking up to see the sun in its full splendor waving across the sky.

He's optimistic, bright-looking, and has a rad perspective on the future that no one can shoot down.

He cheers up his friends, brings his partner up to speed with what's been happening in the world, and he doesn't let his enthusiasm drop down no matter what.

It's his lifeline, the energy that powers up his endless drive. It's going to be such a blast having one of these guys around, and you will feel like everything's good in the world.

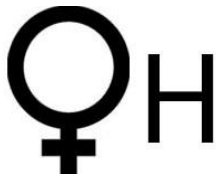

Seeking freedom and independence is not at all an egocentric or selfish thing to do. Everyone is searching for them in some way or another, but this man just takes it to the next level.

He's the eternal adventurer of the zodiac, and he's never going to abandon this part of his personality.

Naturally, he cherishes and protects his independence with fierce fury because if he were forced to adhere to certain routines or fixed programs, it would truly kill him from the inside.

Others will always want to be around them because they're soothing and inspire trust. Talented with the arts, they would make great actors, musicians or designers. Everything that has something to do with bringing beauty is their favorite things to do.

Flexible and not minding compromising, individuals having Venus in 1st House wouldn't mind going over themselves in order to make their loved ones happy and to keep the peace going.

Venus gives them a sort of magic that has them manipulating and charming others, so things work in their advantage. However, always looking to get approved and appreciated can have them tired and feeling empty.

There's also the chance of them getting deceived and disillusioned, as their identity is only formed according to what they like and dislike, so they may find themselves living a fake life that consists only of pleasure or aesthetics.

It's important for these natives to become self-aware and to study how they react to external stimuli because this can make them more objective. Very creative and stylish, they would be great in the artistic world.

Very often, they attract with their naturalness and appearance, but their personality also plays a major role in this situation.

### **In conclusion**

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

They should redirect all of their energy towards understanding what their real purpose in life is and not on nonexistent issues.

Merging with the entire humanity and developing harmonious relationships can definitely

make them happier. Because they love working behind closed doors, they may succeed more rapidly at what they do for a living.

**Summary:**

Strengths: Emotional, direct and creative;

Challenges: Secretive and insecure;

Advice: Avoid living in the past once you've learned its lessons.

**Making their dreams come true**

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive

they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

### **Practical aspects**

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

### **The downsides**

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

### **Mars in the 12th House in a nutshell**

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on the right track, which can in return make them very happy.

Sometimes they act snobbish and other times they are condescending. But if they are careful to be their funny, caring and sociable selves, they will be fine.

Every opportunity that will come their way will be explored because they will focus only on the good things. But it's important they don't become over-confident or they will be very disappointed when things are not going to go their way.

As Jupiter is also the ruler of trust, he will give a lot of importance to this aspect when in a relationship. Mutual trust turns him on, as a matter of fact.

### **The goods and the bads**

Jupiter in 11th house people can have many friends and belong to different groups. They love being around others and will probably get together with people who are unusual or belong to a different culture than their own.

The position of the Great Benefic in this house suggests they know how to collaborate and inspire others, while also being encouraging and working with their imagination in the most original way.

It can be difficult to find a passion in life, but if they'll focus on their education and choose a career that they really seem to feel good about, they will manage to become successful and even bring innovative ideas in their line of work.

When cooperating with others, these natives get to feel at their best. They have unusual ways of researching that can confuse others from time to time.

Things that for them make sense are usually questioned by those who happen to work with these natives.

It's not a bad idea for them to have their own way of thinking, but they should learn how to separate ideas and how to make themselves heard more efficiently.

These people hate routine, but their career will still evolve and they'll feel fulfilled with their professional life or happy with their friendships and the social activities in which they may be involved.

## ***Saturn* ♄ in ♐ *Sagittarius man* 18° 55'**

([1025] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Sagittarius in their natal chart go through an interesting transformation in their life and once they find their best self, they become truly humanitarian with brilliant plans for the future, a future where all humans live happily under the strict supervision of imposed rules and regulations.

But these laws are equitable, balanced, and no one receives any preferential treatment. This is because these natives are principled, just, and have a very knowledgeable nature. On top of all this, they refuse to bend themselves to irrationality or to initiate any sort of project that has no reasonable chance to succeed.

Whatever doesn't ascribe to their scientific mindset, what can't be proven to exist in this material plane has no bearing on their decisions, but they still can sometimes exaggerate in many regards.

**In a nutshell:**

Style: Truthful and exploring;

Top qualities: Direct, knowledgeable and justitiary;

Challenges: Tactless and prone to anger outbursts;

Advice: Remember that mind beats intuition when it comes to risk.

**Personality traits**

To begin with, there is one main aspect of this native that makes Saturn's influence that much effective. This individual is a natural pragmatist who plans for every small detail in advance.

They may not be the most imaginative of natives, but whatever they think of, they can probably materialize it, even ideas that could be cataloged as purely idealistic.

Thus, Saturn is the catalyst that empowers their steady-minded abilities, acting as a form of focusing crystal, a lens that maximizes their potential tenfold.

Their main interests are humanistic in general, ranging from theology to philosophy and psychology. Moreover, through all this continuous study, they have long since formed a set of rigorous principles that they can no longer abandon.

They believe that man ennoble oneself through constant learning, through effort put towards the achievement of a goal, the most exquisite of them all, gaining knowledge.

Unfortunately, they aren't very open-minded in some respects, where existential questions are concerned because they are firm with their stance and aren't very liable to change their opinions unless proper proof is presented.

Also on this line, they tend to overlook the beauty of the world, the simplistic pleasures, emotional ones mainly, that nature offers each day.

Because they are filled with rational thoughts and only ever look on the outside with a reasonable and logical perspective, it comes as quite difficult for them to appreciate the little things.

They are naturally more suspicious of other ideas and of different opinions, which they don't trust until a later point. Even with people, they aren't going to open up until they've fully determined that they are trustworthy people.

Socially, they are desirous, but unfortunately, they also lack empathy, that intuition of

reading emotions, situations, the know-how necessary to get the hang of social interactions. Saturn's rules are sweetened a bit, getting looser and looser with the Sagittarian's naturally joyous personality.

### **Behavior in love**

This astrological make-up makes this native crave for novelty, for trying out new things, and for experiencing new avenues of pleasure. However, this contradicts their conservatism, their firm resolve, and rigid principles.

The rationality inside of them yells danger whenever something untested and unproved presents itself as being important. This can ruin a lot of moments with their partner, in fact.

You aren't afraid at all to say exactly what you're thinking because that would defy the expectations one would have about serious relationships.

If you can't even be honest with your partner, what's the use of having one? Most probably, the other person will be someone with the exact same type of character and won't get offended easily.

At the same time, the Saturnian Sagittarius is intrigued when their partner is a source of constant mystery, an unexplored land worth discovering.

This makes it clear why most natives with this transit in their chart fall in love with foreigners, or people with radically different perspectives overall.

### **The good and the bad**

They are intellectuals above all else, using their rational mindset to analyze every little detail of all the things they come across, and extracting all the knowledge hidden within.

This curiosity and thorough attitude makes them so efficient and productive, as well as keeps them well above others in terms of personal prowess.

Of course, all this intellectual sprinting requires a good environment to be fostered in, and in their case, it must be organized, with a known structure and everything in perfect order.

Sure, once they settle in this kind of environment, it's hard to leave it again, so their partner will usually have to take this upon them.

The Saturnian Sagittarius are, most importantly, the adventurers of the zodiac, ever looking for the next opportunity to satisfy their inner cravings, the urge to feel the adrenaline coursing through their veins.

Seeking this refuge from the tediousness of the world, they will shatter every single obstacle in their path, break apart the shackles of societal regulations, and follow their singular goal until they succeed in attaining it.

Even if they come across difficult situations that seem to go beyond their abilities, they can clearly adapt, evolve and overcome them.

Moreover, even this mentality to begin with, that they are good enough to survive anything will change with time, transforming into precaution, patience, predictive instincts.

The way these natives do their research is simple. They tend to push anything aside and focus solely on that one topic until it's taken care of.

They exhaust all the information at their disposal, reading it again and again, analyzing it fully, in the meantime giving off the vibes of a robot, cold and calculated who only does what it's been ordered to.

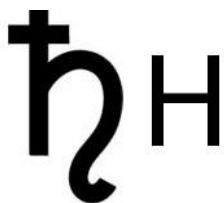

### **The Saturn in Sagittarius man**

Being very gentle and reliable individuals who do well in straining situations, and are very resistant to stress, these men would make for one hell of a husband material.

Moreover, they can be extremely loving and affectionate to those they deem worthy. They are household people, meaning that they could very well settle at home and take care of the house because they want you to take some time for yourself, to enjoy a little solo time.

And, again, with their self-imposed rules and principles, these natives have a very defined plan for the future, one they will pursue relentlessly, and they want you to be a part of it.

## ***Saturn ♄ in I 1st House***

([1029] i.thehoroscope.co)

This placement of Saturn encourages people to keep their promises no matter what and tend to form close friendships straightaway.

People born with Saturn in the first house are grave and composed, so many times, others see them as cold and detached. They take their responsibilities very seriously and know how to work hard because a job well done makes them happy.

When it comes to discipline and self-control, these natives are simply the best, convincing their close ones to usually count on them. They may have been feeling insecure and inferior in the past or as growing up, these being the reasons why they're so ambitious and want to get things done the right way.

**Summary:**

Strengths: Generous, responsible and contemplative;

Challenges: Shy, easily stressed and conceited;

Advice: They need to take every obstacle as an opportunity to learn.

**Keeping their promises, always**

The 1st house is a representative of energies people usually project when interacting with others. It plays an important role in defining personality and is heavily influenced by Saturn, making natives with this planet here distant.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around

them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

### **The goods and the bads**

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time

someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

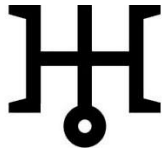

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

## ***Uranus ♅ in ♍ Virgo man 24° 20'***

([1046] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Virgo in their natal chart keep coming up with new ideas, always think of multiple ways to approach a situation, and often end up with the most inventive and surprising of methods.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

### **In a nutshell:**

Style: Sensual and sympathetic;

Top qualities: Observant, reliable and modest;

Challenges: Fussy and easily offended;

Advice: Physical exercise is really good for you.

### **Personality traits**

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

### **A non-conformist lover**

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working power to take the relationship to the next level.

### **The good and the bad**

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus, start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior advice, but that validation and appreciation are paramount to their potential.

### **The Uranus in Virgo man**

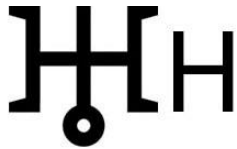

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

## ***Uranus ♅ in X 10th House***

([1062] i.thehoroscope.co)

This placement of Uranus may encourage some tense situations and for people to not always react appropriately when dealing with others' authority.

People born with Uranus in the tenth house in their birth chart prefer to do things their own way and are really not the type to become tied down to people or places.

They need a profession that gives them freedom and also allows them to express themselves in a creative way. They really don't care about their place in society, so you won't see them fighting for a good position at work.

Because the 10th house rules also over career, the planets placed here show what the natives would like to do for a living. With Uranus here, these people may be interested in technology and science because these domains give them the opportunity to come up with good ideas and to work in teams.

### **Summary:**

Strengths: Confident, unconventional and kind;

Challenges: Opportunistic and obstinate;

Advice: They should understand that professional recognition is not everything in life.

### **Looking to express themselves freely**

People having Uranus in 10th house may have a problem with authority, so also tensioned relationships with their bosses.

They're not the type to follow what others tell them to do, therefore, they should avoid being impulsive when making a decision based solely on what their free spirit is telling them.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Opportunity for them to become famous for their unconventional approaches is also very likely to appear.

Uranus in 10th house people will always look to express themselves freely and to bring their original ideas into discussion.

That's why they will join different organizations that will probably be related to technology, science, the occult and even New Age practices.

They will have many things happening for them at work because they will probably move homes all the time and get advanced when they least expect it.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

### **Blessings**

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not

competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

### **Challenges**

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

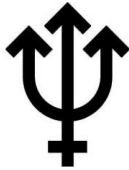

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

## **Neptune ♃ in ♋ Cancer man 20° 56'**

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

### **In a nutshell:**

Style: Idealistic and Sociable;

Top qualities: Stable, patriotic, gentle and understanding;

Challenges: Pessimism and the need to see everything with one's eyes;

Advice: You could support your friends in more practical ways.

### **Personality traits**

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions but also find certain solutions to their problems. On a broader level of understanding, theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside

there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

### **The positives**

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family and close ones develop in this sense as well.

### **The negatives**

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves of even the development of those around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

### **The Neptune in Cancer man**

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

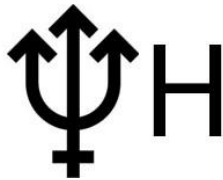

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

They want to connect on a spiritual level with their partner, and having the planet that rules imagination in the house of sex makes them wanting to fantasize more and more about how they could make love.

These people have a need to please, this being the reason why outside of the bedroom, they don't mind being highly generous. If they'd have a partner who wants to take advantage of them, they'd end up being tremendously deceived.

When it comes to money, they see things in a too positive light, which can bring them many difficulties, especially until their 30s, when they'll become more responsible with their finances.

If they have someone they can trust, it would be better for them to let that person handle their money because they can easily be defrauded by those who want to take everything they have.

On the positive side, this can help them become highly spiritual and loving with their friends and family, but on the negative side, they could end up deceived because they can't find what they're looking for in others.

The 8th house is also the one of debt, so Neptune placed here can bring serious problems with money. The natives with this position in their chart may get tricked when trying to obtain a loan and they can end up paying more than they actually took.

As a matter of fact, all kind of deceptive situations can be what rules be their life all the time, especially if Neptune is in difficult aspects with Mars, Pluto and Mercury.

With these placements, they'd have a lot of bad luck when it comes to inheritance and even when collaborating with lawyers. The same aspects of Neptune are not in any way beneficial for dealings with the government.

They may not be able to pay their taxes or do something illegal. In case Neptune is in bad aspects with other planets, the natives will not get together with the right people and can have secretive partners who only want them for their money.

These are the people who can find what's underneath and who can deal with subtleties in a graceful manner.

Everyday life doesn't seem simple for them, but they usually prefer to go with what is in front of their eyes and don't misinterpret people's intentions.

However, they may feel like no one understands them or that others are missing the meaning of life. This can sometimes influence their relationships in a bad way.

Because they have high ideals, they may put too much pressure on their partner and see things that aren't actually real. Their imagination is something they should be proud of, but it can also cause them problems in their relationships.

### ***Neptune ♃ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

### ***Pluto ♇ in ♍ Virgo man 21° 11'***

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

**In a nutshell:**

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

**Personality traits**

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations. They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

### **Pluto in Virgo in love**

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match their life perspective and their actions.

### **The Pluto in Virgo man**

The last time Pluto transited Virgo, all the military conflicts and wars that had taken place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

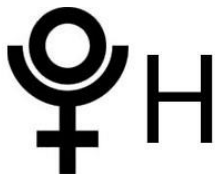

With the naturally introverted personalities of the Plutonian Virgo men, they were basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

## ***Pluto ♇ in X 10th House***

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

### **Summary:**

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

### **There is no middle ground**

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project,

the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

### **The goods and the bads**

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

### ***Pluto ♄ in Rx retrograde movement***

[699] [920] ([699] mollysastronomy.com:.) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:.) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

***North Node ♁ in ♒ Aquarius 17° 55'***

(Georges Muchery)

The Dragon's Head in Aquarius is fortunate for the native from the moral and emotional standpoint. He is benevolent, faithful and sincere, and will be fortunate in his affections. Many friends will try to help him, and he may expect to progress. He may take up politics, or become the leader of a school, or the head of an association.

This position mitigates the evil influence which other planetary aspects may exert over marriage and the stability of wedlock. In the third decanate of Aquarius, especially, the lofty and noble sentiments of the native will procure for him universal esteem and love.

The Dragon's Tail in Leo gives rashness and fighting proclivities which may often bring trouble. The native is, however, endowed with courage, and will know how to defend himself; he is noble-hearted, and, though quick-tempered, not vindictive.

Worries and troubles may be caused through gossip and over-readiness to confide his plans, so that others may take advantage of them. There is also an instinctive tendency to meddle with other people's affairs, and over-confidence, which lead to difficulties.

(Isabel Hickey)

North Node in Aquarius shows the path of spiritual progress is the pathway of service to the group, through an understanding of the unity of all life. Field of activity should be one that affects society and not an individual. Science, medicine, research and philosophical or educational fields would be the avenues that could be used magnificently.

South Node in Leo is the indication that the person misused his power and developed far too much ego in the past. This time there must be concern for others instead of a concern for self-aggrandizement.

(Martin Schulman)

These Nodes represent the struggle between the personal life and an impersonal dedication to humanity. The Leo South Node symbolizes prior lives where much revolved around the self. The North Node in Aquarius points to a future of service for mankind, where the individual will assume the role of the 'waterbearer', so that he may be an instrument in the crusade for world evolution. Before he can do this, the enormous power of the Leo South Node must be dealt with.

From past incarnations, he has a tendency to look down on other people and to be condescending of their thoughts and ideas. There is an intense pride which leads him toward name-dropping, as well as designing his life so that he is seen and known to be in the company of special people. He separates between royalty and the common man, setting himself or others close to him on pedestals. Seeing himself as the central point of the universe, he views his powerful will as the means of obtaining his ends, rather than adjusting to a fair acceptance of life.

His karma now is to learn how to walk lightly, without leaving footsteps, for in essence he is the ruler making ready to abdicate his throne.

Constantly his past-life ego rears its ugly head, preventing him from achieving the very happiness he seeks.

These Nodes cause great difficulties in marriage for the individual experiences a strong tendency to dominate those close to him. When he can't do this, he becomes a complete hermit, freeing himself of all responsibility out of sheer disgust.

While he asks others for advice, he still must do things his own way.

His biggest conflicts center around what is artificial and what is real. There is so much martyr-like romanticism in his Leo South Node that he finds it easy to slip into the role of Don Quixote chasing windmills!

He must learn how to shed masks, ultimately discovering that ego-centered displays of dignity are coming from past-life habits and do very little now toward bringing him any lasting happiness.

For those whom he does hold near and dear, he is highly protective; and yet he has a strange tendency to wander, finding on his journeys many of the waifs and strays of society. In these outermost regions where society overlooks its existential possibilities, he discovers new horizons to explore and conquer.

He is destined to spend part of his life alone, for his unique character is too overbearing to be readily acceptable by most people. Although he enjoys having others recognize and applaud his grandiose achievements, he cannot stoop to chase people. His soul remembers a sense of pride which now forbids him to compromise his dignity.

If given the right cause, he will sacrifice his entire life for it. It is not the sympathy of others that interests him so much as their admiration for his glorious deeds.

He is repulsed by mediocrity, seeing it as a threat to his ever-present drive to reach the top, to burst the bubble, to grab for the brass ring.

If he is of the negative type, he may even use people to achieve his ends. Friends, neighbors and relatives become stepping stones on the rungs of his success ladder.

Through the Aquarius North Node he learns to overcome his past-life sense of prestige, and develops the concept of Universal Brotherhood. He must ultimately come to see himself as part of a larger cosmic sphere, in which his role is to share in the burden of human evolution. He will reach his greatest happiness when he is able to set aside his own needs and substitute in their place a new humanitarian attitude toward all he sees around him.

He is to forget pride and reach for new original horizons, no matter how eccentric his ideas seem to others. Through his North Node he is given the promise of a unique adventure, through which he can make an important contribution to the progress of civilization.

The house position of the South Node indicates the area in life that is too burdened with the desire for personal achievement. The house position of the North Node shows how the individual can set himself free from the shackles of his past-life ego by realizing the mission for humanity for which he is destined to pick up his cross.

(Mohan Koparkar)

Previous incarnation for this person was very individualized, and he had no time for others. Often his status in that life was pretty high, and others had great respect for his powers in the society. In this lifetime, he has to learn to mix with others at all levels, and solve their problems, whether he likes it or not. Interests and abilities regarding the occult and uncommon spectrum of knowledge are given at his disposal. His innovations and abilities to tackle situations are quite amazing. He may be considered quite uncommon by others; or his goals are at least far from normal. Others may like him for his abilities, but not necessarily what he is trying to achieve in life. Unpredictability is always on his side, though he has difficulty dealing with it in this lifetime.

(Donna van Toen)

Your lovers should also be friends. Your Leo South Node may reply: 'Yeah, but that's not romantic'.

Your problem is a lack of detachment.

Possible reasons: An excessive craving for warmth. A tendency to close your eyes to unpleasant truths. Misuse of power potential. A tendency to attach strings to any help you give. Self-concern blinds you to other people's needs. Or maybe you use romantic courtship rituals as a means of postponing having to display the real you. Possible solutions: Give of yourself without demanding anything in return. Channel your

imagination into beneficial group activities, reform work, etc.. Display the courage of your convictions. Worry excessively about the impression you make.

\*\*\*

Leo South Node craves involvement - in fun, in creative projects, in love, whatever. But without your developing the Aquarius North Node's potential for detachment, the end result is quantity without quality. Leo South Node finds it virtually impossible to come into contact with another person without getting involved. Since these involvements tend to be made in the heat of the moment, however, they often prove unfulfilling in the long-run. The solution is to develop the Aquarius North Node's detachment, rationality and independence.

Some typical indications of an over-balanced Leo South Node are: exaggeration; a need to be the center of attention; many acquaintances, few real friends; a tendency to show off his or her body or wardrobe; a 'what will people think?' approach to things; dependency on others to reinforce confidence; smugness; a belief that some people are just plain inferior, no matter what they do; much artsy dabbling; a theatrical or melodramatic type of self-projection.

North Node in Aquarius dreams of freedom, of transcending the limitations of his or her structure environment and being able to do whatever he or she wants without interference. He or she might dream of self-employment in a career in science, teaching, or some other humanitarian field. This person dreams of the day when he or she can be independent of others except on his or her terms. In contrast, this person is inclined to be rather star-struck or at least in awe of authority figures. At the same time, he or she has very definite opinions which are swayed only on the basis of irrevocable evidence that they're wrong. This person is outgoing and inclined to get out and socialize as much as possible. The needs for independence conflict, and often sabotage each end of the nodal need scale. Only when the needs are reconciled will fulfillment be found.

Antidote for Aquarius Imbalance: Any type of scientific study for which the client shows aptitude would be a good antidote. Public speaking should be encouraged, with history, literature, art, and opinion being good areas to explore. Writing is an excellent antidote, with the areas of law, cultures and astrology being ideal if there's aptitude in this direction. Poetry is also a good choice. Music - both playing and listening - can be very helpful. Naturally, astrology will come to your mind as an antidote. It can be a good one provided the client has the aptitude and motivation necessary for its proper use. Independence should be encouraged.

These clients must be made aware of the potentials into which they were born, since many are inclined to feel they have only one talent, and can become very discouraged if circumstances close doors or block paths in that direction. Fixity must be dealt with positively. The client must be made aware of his or her untapped originality and be

encouraged to use it.

(Haydn Paul)

You may need to move away from self-preoccupation toward a greater social connectedness and contribution. You may see yourself as 'the center of the universe', with everything revolving around you as the 'sun', so this challenging attitude shift can be difficult. Your egocentric nature may need transforming. You may need to break down superiority attitudes and hidden assumptions that, by 'feeling special', your ideas, opinions, and beliefs are more correct than those of others.

You may enjoy public recognition and attention, even if this simply involves being in the company of people who have celebrity and fame, as this reinforces your belief in being special. Eventually, self-imposed masks of pride and dignity may become restrictive for you, obstructing the experience of feelings of connectedness with life. You may, however, prefer to direct willpower to achieve desires and ambitions for self-gratification and personal advantage alone. The South Node's house position will indicate the likely nature of personal desires and endeavors.

Self-assertion comes naturally, but you may create problems in relationships by being overly dominating. Unless your assertiveness can be matched by an equally strong partner whom you learn to respect, conflict will occur. This could come from attempting to impose your will. If this becomes excessive, a fragmenting of your partner's individuality could occur, which may force him or her either to submit passively or to leave the relationship in order to reconnect to him- or herself. This dominating energy may not be expressed in a deliberately conscious manner by you, but may be 'received' by a partner through psychological transfer in a purely subjective manner. Pay attention to your influence; note also those times when your will is resisted by others or by circumstances; and observe how your reaction is rarely graceful in defeat. You will probably brood in resentment and wonder why your 'magical will' failed to work.

Discover your essential life values, so that you stop wasting energy in futile directions, and apply it instead toward whatever offers personal meaning and benefits others too. Sometimes you may chase romantic dreams, but recognizing what is important must be your first priority. Once you know what is personally important, this insight can serve as a guide. To reach this stage, though, may require confronting experiences that starkly reveal the consequences of previous unsatisfactory choices, unclear values, and uncertain directions.

A fundamental conflict can arise between pursuing personal desires and the contribution you could make to help create a more caring and humanitarian society. This is the Aquarius pull, encouraging you to join the worldwide work by using your talents and energies to benefit others, rather than just for personal aims. Once you succeed in releasing whatever is personally unessential and limiting, and manage to refocus your

attitudes, opportunity exists for freedom to explore new horizons. This is the real direction which can satisfy your need to feel 'special', as you are suited to exploring the uncharted lands of the future.

The image of a 'pathfinder' is appropriate and indicates your intended way. You need to find the cause which inwardly summons you to follow the Aquarian impulse, because this gives life meaning and purpose, much more so than just chasing desires. This cause will reflect the vision of a new society based upon universal brotherhood, and you can contribute to his. Your main task is to share in the group work. Aquarius promises you a special adventure, and this challenges your will and belief in being special. The Aquarian path is quite capable of satisfying your ambitious drives and making full use of your potential and resources, yet it will also be a uniquely personal experience.

(Bruno and Louise Huber)

In the fixed Air sign, Aquarius, we are once more concerned with the establishment and maintenance of a position in life. In Aquarius, conscious attitudes in thought, ethics, and philosophy, come to the fore. Primary importance is attached to the rule of reason; practical living is secondary.

Aquarians know something about everything, and revel in logical argument, in which a certain proposition may be deduced from given premises. In other words, they have a strong urge to view the world rationally and to work out a system by which things can be reshaped in everyday life. They tend to build castles in the air. If the Node receives an inconjunct, for instance, Utopian plans are laid without reference to what may reasonably be achieved.

At their best, Aquarians strive to think clearly in order to see the world as it is. Because the Aquarian mind is mostly occupied with this world and with the social order, it looks for an unambiguous, usable form of ethics that offers solutions for contemporary problems. In that respect, Aquarius is like the previous fixed sign, Scorpio. The natives of both these signs are interested in creating an ideal system.

Now, in striving for a perfect social order, the first task is to keep order inside one's own head. With the Aquarian Node, the feelings often intervene and muddle the thoughts to some extent. Therefore order must first be established in the conscious mind, in the personal world of thought, before any crusading is done in the big world outside.

In the extreme case, there is a proneness to be dogmatic, and to admonish all and sundry who do not share one's ideals. This power-play is reminiscent of Leo; and, of course, the Descending Node is in Leo at the opposite pole of the axis.

## **North Node ♁ in III 3rd House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Third House is a sure sign of the native's good education and of his being able to live on good terms with those around him; it means harmonious relations with brothers and sisters. It procures the means of success in an intellectual occupation, especially in literature, history or geography. The native has an observant, studious and imaginative mind; ideas flow in abundance, and they are usually good and help him to progress rapidly, as much on account of his skilful management as on account of the help given by those around him. This purpose is also favorable for travelling for educational purposes.

The Descending Node (Dragon's Tail) in the Ninth House denotes a practical, and often materialistic mind, which either scoffs at religion or else is very superstitious. In this House it indicates danger while travelling, trouble in connection with a journey regarding mysterious matters, or matters of which the native alone has any knowledge.

(Isabel Hickey)

The integration lies in the developing of the mental power. The ability to reason logically and the power to analyze the objective world realistically must be brought to bear on the environing conditions. The person has had blind faith and has been religious in the past, but it has been in a non-thinking dogmatic fashion. He also has to learn to stick to routine and everyday matters and not think far away fields are greener. His pastures lie close at hand. His opportunities and challenges are in the environment close at hand. His subconscious motivations of the past will make him long for far-distant places and give him a desire to escape from the near-at-hand pressures.

(Bernice Grebner)

North Node in the 3rd makes it difficult for the person to express his deepest feelings. This must be learned by constantly exchanging ideas and feelings with others. This must be forced before he can reap fulfillment. He needs to develop the ability to share his sensory awareness in his life with those in his social environment, and needs to receive from them their awareness and impressions. He needs to relate easily to his environment and to work for the betterment of that society. The key words are

communication and subjectivity.

South Node in the ninth is objectivity. This gives instinctive knowledge of philosophy, theology, and science. It gives an objective desire to study higher abstract truth. There may be many changes in religious thinking because of an inner need to seek the truth of our being. But on a lower scale this may result in a tendency to crossexamine. It promotes interest in the basic theories and concepts of religion, social ideas, and the metaphysical. The person should learn to study these subjects realistically with his intellect instead of daydreaming. South Node in the ninth, at its best, is a genius at separating fact from fancy, especially when favorably aspects to Mercury or Uranus. This position gives creative intelligence, aside from book knowledge. It also causes the person to think the grass is greener on the other side of the fence.

(Mohan Koparkar)

This condition often signifies unusual intellectual abilities and their use in this life. These people seem to bring vast knowledge and philosophies from previous life and utilize them on a practical level. Their communicative means are fairly strange and odd at times. Excellent relationships with brothers or sisters are noticed. They have a strange subconscious fear for foreign culture or foreign people. During this lifetime they may not achieve fame or recognition, but they will have dispersed their knowledge to many who surround them. Often one notices a hidden coldness towards their father figure in this life. Benefits from travel and short moves are often noticed in their life.

(Martin Schulman)

These Nodes represent a karma in relationships. The individual is here to learn how to fit the intertwinings of people and ideas into the scope of his understanding.

The ninth house South Node shows an accent on growth in former lives. Literally millions of hours of thought were spent on developing an abundance of wisdom. Much was sacrificed to do this, particularly the enjoyment of meaningful relationships with others. So that a large amount of soul growth could be accomplished, a freedom to explore without restriction or limitation had to be developed first.

Now in the current life the individual is habitually linked to his past incarnation sense of freedom, which although he feels he must retain, he can no longer consciously remember why.

From time to time he feels a wanderlust to visit different horizons, for somewhere off in the distance is the rainbow he is used to seeking. He is a mental nomad, constantly travelling through the great expanse of his consciousness, stopping only for rest at each oasis which offers temporary shelter from his restless urge.

Always he is seeking, yet it is difficult for him to define exactly what he is looking for. He finds others puzzling as he curiously tries to understand what makes them tick. Herein are some of his major karmic lessons. He must learn how to interact with people. Though he may be happily married or involved in close relationships, he still retains a sense of brotherhood in his thoughts. He must learn how to make his life fit into the exact puzzle slot allowed by all the other lives around him.

The ways in which he relates and communicates will constantly be put through one test after another. Ultimately he will find himself enmeshed in a network of people, so that all the knowledge he has acquired in previous lifetimes can be put to practical use.

In his current-life relationships, he feels frustrated with not enough room to move. This enclosure of people around him eventually comes to extinguish his past-life tendencies to be vague and evasive, and in its place teaches him the art of pinpoint communication.

He is very much concerned with the values of sexuality, feeling obliged to conquer any grip this force has on him. Now he sees clearly the presence of a higher and a lower self, and it is the pull from both which he must karmically wrestle out.

The individual is less concerned with gain than with protection against loss. He is terribly fearful of losing the freedom he was accustomed to in past incarnations; yet he must risk such loss if he is to interact with humanity. As soon as he is willing to take this risk, he is ready to receive his greatest rewards.

Ultimately he elevates himself through reading and purposeful study; and although he is more used to informal ways of learning, it will be a formal education that now puts it all together for him.

This Nodal position often causes a friction marriage, since the individual is prone to seeking out-of-wedlock relationships in which to work out the understanding of personality interactions that he must develop.

One of his biggest lessons is to learn how to consolidate his energies, for each time he feels the urgency to move on with things, he tends to leave loose ends scattered behind him.

His life is wide in scope, not only in areas of knowledge, but also in the myriad of people he meets, and the multitude of places he travels.

He will ultimately be known as a Messenger, bringing to all those who need it the specific bits of information that like manna from heaven are placed in their lap at the moment of hunger.

In essence, he is a teacher's teacher, for although he has little patience with a classroom

situation, he is well capable of feeding information wherever and whenever it's needed. He likes doing this because it fulfills his past-life need for movement. As such, he never gets a chance to see how important the information he is disseminating actually is. Nevertheless, he has an enormous effect on the awareness of all those whose lives he touches.

His own life is as interesting and full as an encyclopaedia, for he tries to live much of what he reads about.

For all of his movement, one would think him desirous of having a rest, but underneath he is highly nervous and needs this amount of movement in his life. The nervousness is not to be considered a negative trait, but rather as part of his mission. It reminds him that he has a task to do. Every moment, a piece of information comes into his mind, the nervousness gets triggered, reminding him that he must deliver it somewhere.

In past incarnations he avoided conclusions. Now he refuses to make a final judgement on anything. This is part of his understanding that if he were to make a final decision it would be premature for he knows that new information will constantly be coming.

He is superficially conversant in almost all areas. Still, on the personal plane he is highly misunderstood, for the messages he delivers are so uniquely disguised that they have a tendency to go over the heads of others who only see him as eternally gossiping about nothing.

The truth is that all of his words are important, but they must be seen to have deeper than surface value before they can be interpreted properly. He is truly the fastwinged messenger of the gods.

The sign which contains the South Node indicates the unintelligible ways in which the independent higher mind is accustomed to receiving its coded information. The sign which contains the North Node shows the ways in which the individual can now translate his knowledge into a language which society can understand and accept.

(Donna van Toen)

Conflicts: Good practical education vs. mind expansion. Familiar day-to-day contacts (siblings, neighbors, school chums) vs. new contacts (in-laws, foreigners, people whose experiences are different from yours). Liking for your environment vs. desire to explore new areas.

Possible results of sacrificing North Node: Lack of concern with education's practical application. Extensive contacts lead to loss of touch with family, old friends etc.. Adoption of a guru façade. Craving for travel causes drifting. Superficial intellectualism replaces true understanding.

Possible ways to integrate North Node: Travel, with an eye to successfully settling down somewhere. Strive to understand, and make yourself understood to siblings, close kin, etc.. Study with an eye to using your knowledge. Share your practical knowledge. Use your common sense.

\*\*\*

In the third house, there's a hang-up about relationships. This generally stems from repressed or misdirected concentration on one area to the detriment of the other. Problems can range from fanaticism to cynicism. There's often a sense of not belonging which may lead to anything from unhealthy rivalries to bigotry to involvement in cults to extreme misanthropism. In extreme cases, there can be a turning against your own culture and absorption into a completely alien one.

North Node in the third house dreams of mental vitality and of respect in some traditional field. He or she wants to be thought of as someone worth talking to. This is a person of changing interests and philosophy who's often been strongly influenced - consciously or unconsciously - by early religious, educational, or cultural dogma. These ingrained beliefs can lead to a wasting of mental ability or less traditional but nonetheless valuable talents.

(Haydn Paul)

One of your primary impulses is toward freedom, whether physical freedom and the need to travel, or a mental freedom to explore intellectually, inquire, and satisfy curiosity. You probably feel this as a restless energy, perpetually striving for release from any restrictions and breaking free from limitations. Yet this search can lack a fixed direction or purpose, and you could find it difficult to rationalize these needs for escape and change that agitate you. Likewise, others may consider your reasons and explanations unsatisfactory. You need to understand how this impulse operates and choose to control and direct its activity, or this could damage your life-style, relationships, or employment ability.

Relationships will be a major area for self-discovery. You may lack understanding of others and have problems in interaction. Even though you experience relationships, you retain the desire for freedom; how this is expressed is very important, both for you and for others. Often, you feel relationships become limiting after a while, but, as your freedom need is often selfish, you may find that a discipline of staying within the relationship and dealing with this freedom impulse could deepen self-understanding. You react against threats to this freedom; but modifying responses may enable you to enjoy other benefits. The value of good relationships is priceless. Both partners are enabled to enjoy life and develop in their unique ways. This joy could be what you lose if you decide for freedom at any cost, because it is inevitable that your solitary experience of a selfish

freedom will not be at all pleasurable.

Your social friendliness and flexibility will create a variety of relationships; and this is a source of experience which aids you to attain greater understanding of others. Yet this - allied with your freedom needs - could also encourage you to enter affairs without much forethought or consideration. Surrendering to this impulse could complicate your life, leaving many issues unresolved and causing pain and confusion. Your future well-being could be affected by your pursuing the temptation of change without fulfilling obligations or responsibilities.

Knowledge is absorbed easily, accumulating a multitude of pieces of information from all sources, whether from formal study (likely to be of great value) or from people and places. Such information can be valuable to others; and you enjoy sharing it with those in need. You may fulfill a function of disseminating such 'information messages'. You may be attracted to becoming a teacher or educative communicator, preferably one who disseminates information rather than evaluates and interprets, due to a difficulty piecing together disparate pieces of information into a coherent whole. Decision-making or judgements may not be your strong point, as you continue to wait for more information which may influence your choices; often life circumstances will decide for you.

An essential lesson is to understand your freedom impulse. Learn how to express it positively within relationships, and your life will be enriched through greater harmony. Fail to apply it correctly through selfish expression, and your freedom will lead to greater suffering for yourself and others.

(Bruno and Louise Huber)

The first two houses are still very much involved with the 'I'. In the 3rd house, we enter the collective sphere, and our attitude to the group is important. In order to pick up the thoughts of the group (i.e. of those who are in my own thoughts), I must listen to, and understand, the language they are using. I must make my unconscious states of dependence conscious and, above all, I must be aware of any tendency to tell people what they want to hear.

Inherently, the collective sphere is always a problem in the horoscope, because it is too close to us. Our reactions to the group, whether in thought (3rd house) or feeling (4th house) are completely automatic; as, for example, when I say something on the spur of the moment which, although it flatters the other person, is not absolutely true. And, with the Node in the 3rd house, we need to guard our tongues, because speech is the means of communication there. At least we should go over what we have said and consider whether or not we were right to advocate it, and whether or not it is objectively true. Possibly we have agreed with someone simply to please them or to avoid an argument.

If we make it a rule to check what we say, we can come to terms fairly quickly with our

Node - something that is very important when there is an opposition to the Node. Naturally, we have to talk in the same way as everybody else, but we must do so with common sense and avoid exaggeration. In other words, we must use contemporary ideas and thought structures but without discrimination. Only then can we find our true niche, and avoid being pigeon-holed. The individual has to conform within reason, but the group has no right to demand submission. On the other hand, the individual is not entitled to expect submission from the group. There is a world of difference between heedlessly allowing oneself to be controlled by others, and seeing how far one can accommodate them after making up one's own mind via the 9th house. The need to do the latter is indicated by the placement of the Node in the 3rd house.

North Node in the third house or Gemini (James Braha)

If the North Node is in the third house or Gemini, the person's greatest growth, evolution, and fulfillment come through mental expression and rational analysis of objective truth. In past lifetimes, the person may have been idealistic and emotional in his thinking. Now he must use discrimination, and focus on the facts and figures in the here and now. He should follow his instincts of avoiding dogmas, creeds, religions, and higher philosophies. The person gains little from meditation, astrology, metaphysics, and any disciplines which are not verifiable through traditional science. The person suffers when he goes by faith and intuition. He does not fare well whenever he follows blindly. He must abide by his newfound skepticism, and make his way to the truth by way of logic and reasoning.

Happiness will be found in mental professions such as teaching, lecturing, debating, and writing. The person is a good salesman. He thrives on city life, and should be as active as possible. Public relations or co-ordinating -type careers are favored. During previous incarnations, the person was sentimental, philosophical, and too taken with theories, principles, doctrines, and conjectures. Now he must plant his feet firmly on the ground and embrace the notion that 'what you see is what you get'. The person should cultivate good relations with siblings and relatives. He must work on versatility and adaptability, and try to experience as much variety and 'spice of life' as possible. The person may often find himself thrust into situations that require great precision and attention to details.

The daily environment is important; long-distance travel is not. The person is welladvised to meet as many people as possible and continually expand his social life. He should avoid gambling or trying to predict the future, except through serious investigation and statistical research. The more he gains of useful information and practical knowledge, the happier he will be and the greater his growth and evolution. He must not allow his feelings and emotions to interfere when trying to understand an issue. The person should not concern himself with broad viewpoints, abstract ideas, fanciful inspirations, and spiritual realities. He must learn through personal experience, not gurus and mentors.

Many Western astrologers consider the North Node in Gemini to be exalted. This is interesting because, at first glance, the person appears cursed in the realms of religion, philosophy, and higher knowledge. How, then, is he to make his way to enlightenment and final liberation? It may be that the person is exceedingly blessed because he is making great evolutionary strides simply by living with physical reality. Perhaps he has had such unshakeable faith in previous lives that his only present necessity is to deal squarely with life as it is. The person feels no need whatsoever to inject meaning and significance into his existence through conceptual and philosophical beliefs. Certainly, the person with the North Node in Gemini or the third house has an easier time with practicalities than anyone else. He pays attention and quickly learns how things work here on planet Earth.

In ancient Hindu astrology, the North Node in the third house indicates an enormously strong will and an interesting personality. The person is courageous and adventurous. He works well with his hands, has intense cravings, and fulfills his desires easily. The South Node in the ninth house may indicate troubles with religious or spiritual leaders. Or the person may have a guru or mentor who is strange, weird, occultish, extremely introverted, or invisible in a way. The sign positions in Hindu astrology are much less significant.

### ***(Black Moon) Lilith ♀ in ♏ Pisces 17° 26'***

([1148] elsaelsa.com)

#### **Street Saint**

If you have Black Moon Lilith in Pisces, the pain you've experienced through your Lilith placement has made you compassionate and empathetic. You've learned to embody the kindness the world lacks.

However your Lilith wounds have played out (shown by the house your Black Moon Lilith is located in), you have become acutely sensitized to the harshness of the world. You see how many sharp edges, cruel consequences, and dirty tricks pile up in daily life, and you know in the depths of your soul that it absolutely does not have to be this way. Life can be good, people can be kind, and a loving, caring community of like-minded folks is hardly a pipe dream. So you make an effort to make connections, to show compassion,

and to care for those on the margins of society. You reach out and draw the most vulnerable under your wing for protection. In some ways, you become a living avatar of compassion, an everyday bodhisattva spreading beauty through the grimy streets.

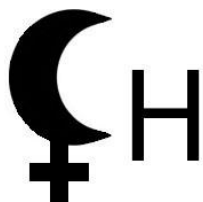

Of course, this isn't without risk. As you know (and as the world has been eager to remind you), there are all too many who would take advantage of that kindness. There are people who want you to fix them without doing any of the work it takes to be fixed. And perhaps even worse, there are people who are so rigid and blocked off that they can't react to your kindness with anything other than derision and judgement. You remind them of everything they're rejected in order to ensure their safety. Your softness becomes a repository for other people's fears about their own vulnerability.

And when your beautiful balloons of compassion are popped by those jagged edges, you understandably just want to hide your head under the covers. You try and try to fix the world, but sometimes the world just doesn't want fixing. The world can be small and ugly and sharp while your soul is expansive and ethereal and free. So you sometimes decide you'd rather escape or transcend the world entirely. You may turn to drugs or religion or sex or sleep to find that all-encompassing feeling of connection. You may take to spinning fantasies that can't come true. You may just immerse yourself in fiction or art or beauty. In one way or another, though, you will always find yourself periodically in need of reconnecting to your core idealism. The key is to find a way to reconnect that genuinely inspires you long-term rather than just soothing the more immediate aches.

Another way to alleviate some of the pain of Black Moon Lilith in Pisces is to lean on the sign opposite to Pisces, Virgo. Virgo is just as driven to fix the brokenness of the world as you are. But Virgo recognizes that sometimes practical support means more than limitless compassion. Sometimes helping someone prepare for a job interview is a greater act of kindness than giving them a couch to sleep on forever. Sometimes telling someone they have a stain on their shirt so they can fix it is more effective than giving them the shirt off your own back along with speech about how we shouldn't be judging others by their clothes anyway. It's not that it's not true! We shouldn't judge over something that small! And if you want to work toward a world that abolishes clothing-related status signaling, go for it. But in the moment, there is still a practical problem that requires a practical solution. And Virgo knows how to discern which is which.

While this placement is enormously complex and merits a chapter all its own, I'll close here. Just know that your intuition is right: Your compassion is exactly what the world needs most. Your willingness to look beyond the outer shell to the beauty that permeates all of us is your superpower, and you should never let it go. As you work to create a world that is truly rooted in kindness, your wisdom will be more necessary than ever. Just make sure that you direct your energy to where you can do the most good, and you will be a true force of nature.

## ***(Black Moon) Lilith ♀ in IV 4th House***

([1152] elsaelsa.com)

### **Deep Roots**

If you have Lilith in the 4th house of your chart, her themes will manifest in the areas of home, family, and roots. Lilith's energy is deeply personal to you and is at the core of your being.

With this placement, you likely encountered your wound and rage early in life. It may have been caused by your parents or family, or at the least it was mishandled by them. Instead, you were made aware of how inconvenient your pain was to others and it was dismissed, controlled, and contained.

In traditional astrology, the 4th house is the subterranean angle. This is the deepest, darkest, most private part of you. It is your tap root, and it is the soil from which you spring. Having Lilith here shows that your primal fury and righteous indignation has been fundamental in forming the person you've become.

With Lilith in the 4th, "the personal is the political" is much more than a slogan. It is your deepest truth. While you might not be out waving signs at every protest, it is likely that you have organized your life to align with your beliefs, often in unseen ways. At the very least, you will strive to carve out a space in your life and your home for contemplation and to process your emotions in safety. As one 4th house native I know likes to say, "I am the priestess in my own den of spirit."

Though there is much more to say, I will end with this: though Lilith in the 4th house is most certainly painful, it comes with blessings as well. It provides courage and conviction. It gives a strength and resilience that can't be taught. In the immortal words of Tolkien, "Deep roots are not touched by the frost."

Capricorn Chiron men aside when they were kids.

The adults in their lives didn't acknowledge their effort and work. Or, perhaps, they didn't feel that what they think matters, and others always put their opinions down.

Instead, Capricorn Chiron people sometimes pursue what's well-paid and what society appreciates and labels as a success. But if they don't follow what they want, people with Chiron in Capricorn won't have the fire that they need to push them forward.

## ***Chiron ♄ in II 2nd House***

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

### **Feeling unworthy**

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of

worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

### **Distorted self-perception**

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

### **Healing potential**

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

### ***Part of Fortune ☒ in XII 12th House***

([1298] [astrolibrary.org](http://astrolibrary.org))

You feel everything in your environment with a lot of intensity and depth. You are intimately attuned to everything.

Your greatest fulfillment will come when you are attentive to your inner being. You can satisfy your desire to understand the invisible forces of the Universe and your personal unity with the Whole, by realizing the unity of all seemingly separate realities.

In any case, you must function in the everyday world with its apparent limitations, which you see, while you realize the unity of all people and circumstances, how they are related, and how they work together. This will help you not to identify yourself with these limitations, actions, and programmed circumstances.

You really realize that negative conditions arise when one selfishly pretends to experience only positive things. Likewise, you must experience everything from a neutral and impersonal plane, where there is no negative or positive, turning your life into an example of a deep freedom from all those apparent effects of outside influences.

By maintaining a detachment from the material world you can allow yourself to flow through situations and emotions without personalizing them, seeing them as common to

the human psyche. Thus, you understand the truth of life. Periods of solitude are very beneficial for you to gather strength, get in touch with your inner being, and begin to feel the essence of everything, because this is the source of your spiritual strength.

Since your Part of Fortune is in the 12th house of your birth chart, the sixth house is the opposite house. Through the sixth house, you must learn to function in the world efficiently and take up the calling to serve Humanity.

However, the greatest truths will be revealed through periods of meditation and silence. This is when you are able to approach and communicate with a mystical experience and understand the deep secrets of the human being and life. You learn to realize the unlimited experience of the human being, and to escape from the material prison that most people impose on themselves through their emotions and obligations.

You understand a higher meaning for human responsibility and for the effort and work that must be done in the material world. The Part of Fortune in the 12th house helps you transcend all limitations and obligations of the human being. Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins.

You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

It may be harder for you to make decisions, wavering back and forth and fear taking big risks. 7) ► **Descendant DC Parallel ♃ Neptune** - (0°31') ♀7 | ♁8

([210] [astromatrix.org](http://astromatrix.org);) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

8) ► **Imum-Coeli IC Parallel ☾ Moon** - (0°06') ♀2 | ♁8

([161] [astromatrix.org](http://astromatrix.org);) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of the old and traditional will always be strong, and you will very much want to have a family of your own.

9) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (1°33')    89 | 89

([3] [astromatrix.org](http://astromatrix.org);) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon,

which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

10) ► **Sun** ☉ **Parallel** ♂ **Mars** - (0°45')    ♎9 | ♍12

([5] [astromatrix.org](http://astromatrix.org);) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You

may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

11) ► **Sun** ☉ **Parallel** ♋ **Saturn** - (0°26')    ♎9 | ♋1

([7] [astromatrix.org](http://astromatrix.org);) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be

periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing.

For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

12) ► **Sun** ☉ **Parallel** ⋈ **Uranus** - (0°02')    ♏9 | ♏10

([8] [astromatrix.org](http://astromatrix.org);) The Nonconformist

It is natural for those born under the Sun conjunct Uranus aspect to question tradition. These are individualists. They naturally rebel against that which is established. It doesn't mean that they consistently break all the rules, but they definitely do question some of the rules, especially those that simply don't make much sense to them.

These people have a huge distaste for routine. They work best when they have some say as to when and how they get things done. Sun conjunct Uranus people possess much self-integrity. They prefer to answer to no one except themselves. They avoid labeling people and are most offended when others attempt to label or stereotype them. Although progressive, they can be maddeningly stubborn at times.

They do enjoy a certain level of excitement in their lives, and they do accept change as exciting, and they do appear to be quite open-minded--yet on a personal level, they can stubbornly stick to their ideas and they will resent anyone who tries to push them into doing something they really don't want to do.

13) ► **Sun** ☉ **Contra-Parallel** ♁ **Neptune** - (0°03')    ♏9 | ♏8

([147] [astromatrix.org](http://astromatrix.org);) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or

imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

14) ► **Sun** ☉ **Parallel** ♊ **North-Node** - (1°04') ♏9 | ♊3

([13] [astromatrix.org](http://astromatrix.org);) Special Privileges

With the North Node conjunct the Sun, you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun conjunct the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

17) ► **Mercury** ♀ **Parallel** ♂ **Mars** - (0°48') ♏9 | ♎12

([29] [astromatrix.org](http://astromatrix.org);) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunction Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

18) ► **Mercury ☿ Parallel ♄ Saturn** - (1°07')    ♁9 | ♃1

([31] [astromatrix.org](http://astromatrix.org);) Depth Of Mind

In the case of Mercury Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Saturn, your mind will be more serious and responsible, cautious and reserved. You have a depth of mind and are able to learn, study and discuss many topics as you are able to store information in your mind quite well.

You tend to avoid superficial trivial topics and like to investigate and question things as much as you can. You generally need empirical evidence to overcome your native skepticism. Your work habits are careful, tenacious, methodical, and industrious. You are probably quite organized, hardworking, and proficient at dealing with rules, regulations, fine points, and details. Writers with this aspect are typically masters of grammar and style. There is frequently great ambition, self-control, and a willingness to labor hard and long to achieve your goals.

19) ► **Mercury ☿ Parallel ♅ Uranus** - (1°35')    ♁9 | ♅10

([32] [astromatrix.org](http://astromatrix.org);) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a

myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

#### 20) ► **Mercury** ☿ **Contra-Parallel** ♁ **Neptune** - (1°30') 8\9 | 88

([168] [astromatrix.org](http://astromatrix.org);) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts

and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

21) ► **Mercury** ♀ **Parallel** ♀ **North-Node** - (0°29')    ♁9 | ♁3

([38] [astromatrix.org](http://astromatrix.org);) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

22) ► **Mercury** ♀ **Parallel** ♀ **Ceres** - (1°04')    ♏9 | ♉6

You may feel nurtured by your peers, siblings and friends. Likewise you may have taken a particularly nurturing role with your peers, perhaps helping to raise siblings and cousins for example.

You find comfort in words and may look to books or movies to soothe your nerves. You also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

23) ► **Venus** ♀ **Parallel** ♂ **Chiron** - (1°12')    ♋1 | ♏2

([120] [astrotarot.net](http://astrotarot.net);) The wounded healer

Typical features that this conjunction brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. Often, relationships are painful. Relationships are painful because you have such an ingrained expectation that love hurts, that you are subconsciously attracted to people who are wounding, and wounded. There is a tendency to give in close personal and love relationships. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. And they can easily learn very insightful advice about human interactions. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: This Natal Venus – Chiron aspects brings love coaches, coaches in general, and relationship counselors as often the person becomes quite skilled at the things for which they experienced pain..

- Negative traits: you were made to feel like you didn't deserve to be loved unconditionally, that maybe you weren't lovable at all; or weren't good enough to get the kind of love you want and deserve. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

#### 24) ► **Venus ♀ Contra-Parallel ⊗ Fortune** - (0°20')    ♄1 | ♀12

([50] astrotarot.net:) Typical features that opposition brings – this is a negative aspect. You are being blocked from reaching your fortune through fear that was set into motion from early experiences, environment, or your perception of it. With this Natal Part of fortune Venus aspects you block yourself from obtaining all that brings us pleasure, love, and wealth because you subconsciously think the worst will happen or you don't deserve it. These beliefs create a cycle of failure by feeling unfortunate and therefore, repeatedly creating situations that seem to come out of nowhere that block you. You often experience a lack of pleasure, nice things, or money in early life. You may have been burdened with responsibility or had to always work so hard feeling as if you never got what you deserved. Because of this, you need to become aware of this, so you can consciously direct your lives rather than be subconsciously directed. In love, raise your standards and choose wisely don't sell yourself short and settle for less. In short, In order to reach your fortune in love, money, and self-worth, you must overcome your subconscious fear of it.

- Positive traits: you have the capacity to believe that you deserve pleasures in life. You have the strength to go after it. Not just outwardly say you deserve it, not psyche yourself up but truly believe it.

25) ► **Mars** ♂ **Parallel** ♄ **Saturn** - (0°19') ♀<sub>12</sub> | ♃<sub>1</sub>

([52] [astromatrix.org](http://astromatrix.org);) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

26) ► **Mars** ♂ **Parallel** ♅ **Uranus** - (0°47') ♀<sub>12</sub> | ♅<sub>10</sub>

([53] [astromatrix.org](http://astromatrix.org);) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which

creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

27) ► **Mars** ♂ **Contra-Parallel** ♀ **Neptune** - (0°42') ♀12 | ♀8

([185] [astromatrix.org](http://astromatrix.org);) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

28) ► **Mars** ♂ **Parallel** ♀ **North-Node** - (0°19') ♀ 12 | ♀ 3

([58] [astromatrix.org](http://astromatrix.org);) Great Strength

North Node conjunct Mars is a powerful aspect, providing a lot of physical strength, endurance, and ability. You are driven, ambitious and intensely involved in life. You have been endowed with the stamina to pursue adventures and get noticed the past they were perhaps busy doing for others and not given this chance.

You may not be content to wait for opportunities. You go out and make your own. No matter what line of work you take up, you will establish your identity and excel in their field. Mars is always first in line and often you make a name for yourself by being the first to accomplish a thing. Setting the pace, frequently having a huge influence on those following in the same footsteps or having similar interests.

You can act brave, rugged, and tough. You are willing to venture out first and not afraid to act decisively and quickly in reaction to situations. You can make an excellent entrepreneur because you aren't afraid to pioneer into new territory.

The way you take action is often in line with those around you and your timing is in step, as such they help you fulfill your soul's legacy of acting on your passions, desires and beliefs. Be careful not to let the way you do things be too influenced by social mores as there is a tendency to let others decide which beliefs are 'meant' to be acted upon instead of instinctively acting on your own.

29) ► **Mars** ♂ **Parallel** ♀ **Ceres** - (1°52') ♀ 12 | ♀ 6

([562] [12andus.com](http://12andus.com);) Your passion for others shows in your nurturing style. You can be direct and focused on those you love.

When you care about someone you want to act as their protector. You'll advocate for them and may go over the top to show how you feel. Others may be intimidated by your intense desire to intervene on their behalf.

You may find it difficult to hold back when you care about someone. You can be highly

motivated to act as a champion for your loved ones. To nurture yourself you know just when and how to set boundaries and assert what you need.

30) ► **Saturn** ♄ **Parallel** ⚡ **Uranus** - (0°28') ♀1 | ♀10

([68] [astromatrix.org](http://astromatrix.org);) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

31) ► **Saturn** ♄ **Contra-Parallel** ♅ **Neptune** - (0°23')    ♄1 | ♅8

([199] [astromatrix.org](http://astromatrix.org);) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

([47] [astromatrix.org](http://astromatrix.org);) The Social Charmer

Opportunities: 1. Nurturing Your Sensitivity 2. Finding Profound Love

Challenges: 1. Accepting Compromise 2. Giving Socially

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Venus Conjunct your Ascendant indicates a romantic, gentle, compassionate, sympathetic, sensitive and idealistic emotional nature. A born romantic, you will genuinely marry for love - not money or prestige. However, a strong partner is needed to give you emotional stability and security.

You are always willing to compromise where necessary, but necessary usually means whether it is to your advantage. If you feel that a compromise leaves you the loser, or you do not get what you want, you can become petulant and moody. Beneath the polished veneer there is a strong element of self-interest, you often use your charms to further your own interests, or to cultivate social contacts that will benefit you in some way.

You will appreciate good social contacts and should have many friends as you are generally well liked. You will be naturally attracted to art and music or anything beautiful. If you have any negative aspects to Venus it may bring out a more selfish or indulgent personality that can be superficial or attracted to sensual pleasures.

2) ► **Ascendant ASC Conjunct** ♄ **Saturn** - (9°46' A) ♃1 | ♃1

([71] [astromatrix.org](http://astromatrix.org);) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and

personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

3) ► **Midheaven MC Conjunct ☾ Moon** - (5°54' A) ☿ | ☿

([25] [astromatrix.org](http://astromatrix.org);) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career  
Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

4) ► **Midheaven MC Conjunct ♃ Neptune** - (8°54' A) ☿ | ☿

([87] [astromatrix.org](http://astromatrix.org);) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

5) ► **Descendant DC Conjunct \* Juno** - (7°55' S)    ♃7 | ♃7

([605] [12andus.com](http://12andus.com);) You may desire a marriage or long term relationship with a committed partner.

However, at the same time, your outward personality, appearance or some aspects of your reputation, can make it difficult for you to settle down. You may insist on following your own ambitions rather than compromising with your partner.

You may lose yourself in relationships or find it difficult to commit to relationships that may stand in the way of your personal goals or desires. You may find it difficult to collaborate with your love interests because you are unsure about your level of commitment.

Your jealousies or insecurities can also undermine your potential relationships.

When you work to create harmony between your desires for marriage and partnership and your desire to follow your own ambition, you can find a stronger connection and potential for an ideal, solid partnership commitment.

6) ► **Imum-Coeli IC Conjunct ☿ Chiron** - (0°28' A) 132 | 132

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

10) ► **Sun** ☉ **Conjunct** ♋ **South-Node** - (1°08' S) 89 | 89

([151] [astromatrix.org](http://astromatrix.org);) Making a Sacrifice

With the North Node Opposition the Sun, your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

Actually, you may not really be allowed full recognition within your lifetime, because spiritual development is needed now to balance out the degree of individuality achieved in the past. Due to previous lives of great ambitions and ego development, you must now slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously. You may not be allowed to come fully out into the light.

You may find your plans and goals thwarted by circumstances or societal values. However gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it. Beware of a tendency to hog the spotlight.

11) ► **Moon** ☾ **Conjunct** ♆ **Neptune** - (3°00' A) 88 | 88

([21] [astromatrix.org](http://astromatrix.org);) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

12) ► **Mercury** ☿ **Conjunct** ♑ **South-Node** - (0°21' A) ♎ 9 | ♎ 9

([172] [astromatrix.org](http://astromatrix.org);) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

29) ► **Ceres ♀ Opposition ☿ Fortune** - (6°20' S) ♄6 | ♄12

30) ► **Ceres ♀ Opposition ☿ Eros** - (6°09' S) ♄6 | ♄12

31) ► **Juno ♀ Opposition ♋ Vesta** - (8°41' S) ♄7 | ♄12

([608] [12andus.com](http://12andus.com);) You can feel torn between your desire for your ideal partner and domestic life and your spiritual calling.

You may be on a quest to serve others but in doing so you will need to take time away from partnership, romance or marriage. You may take a vow of solitude or abstinence or delay marriage for a significant part of your life while you pursue your spiritual mission.

You can also be called to help others through service, completely devoting yourself to an emotional process for the good of the collective, even if you have to forego your own immediate needs in romance.

When you find ways to balance your obligations to home and family and your devotion to a spiritual practice or routine, you may bring your ideals and vision into your home and family life, balancing, your two sources of obligation.

32) ► **Moon** ☾ **Sextile** ♅ **Pluto** - (3°15' A) ☿8 | ♃10

([239] [astromatrix.org](http://astromatrix.org).) Emotional Awakening

You are probably optimistic that all will work out well; and this encourages you to persevere to transform your vision and purpose into reality. You will feel emotionally secure and self-sufficient; and this inner balance diminishes problems with emotional intensity and compulsive behavior.

In relationships, you may appear withdrawn and preoccupied with yourself, as if you were a little cold and uninvolved. However, this is not the case, as love is important and necessary for your emotional well-being but indicates that you are not dependent upon others. You are biased toward a more intellectual experience and understanding of love, rather than seeking the sheer passion and intensity often associated with Pluto.

The sextile suggests that these energies are more naturally and easily balanced. Yet you still possess the ability to renew and transform restrictive emotional and life-style patterns, replacing them with a more suitable expression. You enjoy observing others, speculating about their motivations, personalities, and different types of perception. This can help to expand you by awakening you to multiple subjective realities and perceptions, apart from gradually dissolving any limiting fixed attitudes or belief patterns. You are sensitive to others' feelings and feel responsibly concerned to encourage social reform to improve the quality of life.

You may enter work involving public service, perhaps in an administrative role rather than in a directly caring position, as you have business and organizational skills. Working with younger people may attract, as you have a natural affinity with them and care about their future lives and places in society. You can communicate well in situations which require a moderating and mediating energy and will choose a lifestyle that tries to maintain harmony.

In directing your life, you believe in the principle that 'energy follows thought'; and visualizing your intention is the first step toward making it real. You believe that applied thought is an energy that can be directed to achieve your purpose. Seeing this work in life deepens your faith that life is on your side and provides confidence to follow your own path.

33) ► **Mars** ♂ **Sextile** ♄ **Uranus** - (1°20' S) ♀12 | ♀10

([265] [astromatrix.org](http://astromatrix.org);) The Leader Of The Pack

With the sextile and trine aspects, the more positive use of the Mars-Uranus energy is displayed through activities designed to be of social benefit. Whilst you will intellectually challenge the established patterns of social thought and behavior which you believe inhibit individual freedom, your intent is to provoke new thinking which can offer the potential of new horizons to explore.

All new directions and spheres of progress that humanity has taken have emerged from someone questioning the current state of affairs and then seeing new alternatives. Mentally, you will have a restless, curious nature, which can find an effective outlet through applied research and study in whichever areas of enquiry attract you. You are not an intellectual dilettante, and prefer to delve deeply enough to gain a real comprehension of any subject; this can also free that ability for more original independent thinking, and it is possible that you will receive insights that enable you to make a significant contribution to that subject.

You will prefer a futuristic dimension to your enquiries, thus satisfying the Uranian impulse and providing an opportunity to benefit others too. Even though you have this ability for specific focusing, you will also expand into exploring a wide variety of interests and topics. At times you may move rapidly between disparate spheres of knowledge, but you will eventually settle down to focus upon one area in particular. You may find some difficulty in perseverance and applying your energy consistently to achieve your aims. Sometimes a sudden diminution of your interest and energy may occur, which brings to a halt any progress you are making. When the energy flows again, you may be interested in something new; this is the erratic Uranian influence.

Communication is important to you. There may be an attraction to teaching in some way, both for the satisfaction you can receive in sharing knowledge with people, and in the platform offered for you to express your opinions. These are likely to be radical and unorthodox, but you have enough intellectual confidence in your knowledge to feel quite prepared to stand by your arguments against any opponents. Discussions of ideas can fascinate you; and you enjoy such encounters, seeing them as intellectual combat, where your more aggressive Mars energy can be used. Your approach is often based on strategy and skill; and even in friendly discussions you dislike being intellectually defeated.

You enjoy stirring dissent and proposing disturbing concepts and ideas to attack the power of the status quo, both in society and in individuals. In relationships, you need a strong intellectual and physical bond. An area of weakness can lie in a disregard and lack of sympathetic understanding of the emotions. These are often relegated in your sense of priorities; and the more subtle dimensions of them are ignored in favor of the more basic emotional / physical passions and the interests of the mind.

Restrictions are rejected in intimate relationships; and a self-preoccupation can dominate and cause later problems. However, you tend to commit yourself to seeing through those decisions that you do take, so a marriage commitment can help to modify these tendencies, provided that your partner is strong enough to encourage you to modify any selfish behavior in the interests of mutual harmony.

34) ► **Mars** ♂ **Sextile** ♀ **Pluto** - (4°29' S) ♋12 | ♏10

([267] [astromatrix.org](http://astromatrix.org);) The Practical Idealist

You will expect honesty and straightforwardness in your dealings with people, preferring to hear the truth rather than be confused by evasion, innuendo and psychological manipulation.

In fact, truthfulness is one of your most highly valued qualities. You have a sensitivity to the motives of others; and whilst you have no real illusions about the nature of the human race, you tend to give a high regard to the principle of truth, whilst maintaining a wary eye on your fellow men.

You cannot always live up to your own ideal, but at least you try! You have a mind which tends to be analytical and deductive. Added to this, you are articulate and generally persuasive - if only in the force with which you express your opinions, arguments and beliefs - and have a gift of dramatic presentation which you apply in order to influence listeners in your favor, personally and to support your position.

Your level of physical vitality should be high; and you may be attracted towards exploring your body or developing it in terms of physical activity and culture. You should have a more healthy and positive approach to sexual expression than those who have the Mars-Pluto square or opposition; and you perceive sex in essentially natural terms without inner compulsions complicating and distorting the energy release.

Usually, others know where you stand on things, as you are not shy of revealing your viewpoints, and express them clearly and directly; and you expect the same of others. If people tend to express themselves in less direct ways, and if you later discover them to have been telling lies, then you can be quite unforgiving in your attitude to them; even if you store the knowledge away for reference, they have forfeited your trust.

You may need to become a little more self-righteous. Because of your directness, forcefulness and relative clarity of expression, you may begin to believe that your perception is invariably right and begin to pay more attention to your own pronouncements than to the view of others. The viewpoint of others is as valid as your own, and is usually worth listening to, as different perceptions can help to expand your own understanding, to correct misapprehensions, and to enhance contact and dialogue.

There can be many routes to the top of the mountain; and even from the peak there can be many ways to reflect the view back down into the valley. There may be a tendency to

think and talk about things in your life without actually doing them, almost as though this level of involvement were sufficient and satisfying.

It is likely that you could manifest your aims in a more distinct and objective way, to ground them more in everyday reality and enable others to respond to and share them.

35) ► **Mars** ♂ **Sextile** ♀ **Pallas** - (2°27' A) ♀12 | ♀32

([580] 12andus.com:) You are easily energized when your passions are provoked.

You can be an avid activist and advocate for others and although you prefer to be assertive and enthusiastic, you know how to get your message across without being too overbearing. You can be direct and strong willed.

Others respect you because of your passions and determination. You are an eager advocate but you don't pressure others with your zealous nature. Instead you are able to remain quick, focused and still diplomatic.

You also never expect others to do work you wouldn't be willing to do yourself. Others may see you as a warrior who is also a peer out on the ground level.

36) ► **Saturn** ♄ **Sextile** ♁ **North-Node** - (1°00' S) ♀1 | ♀3

([283] astromatrix.com:) Levelheaded Wisdom

North Node sextile Saturn often helps lift away some problems with Saturn limitations and restrictions. It increases patience, practicality and increases good relationships with elders and authorities who can help in achieving ambitions, especially since there is a good sense of timing as to when to approach these people. There are often many connections with older people, frequently those in the family, who are of special assistance in aiding you through their knowledge and understanding.

You need to develop more self-reliance now, as in the past you may have been under the guardianship of the family. You may be approaching maturity; learning to take responsibility, and the cosmos has lent you this extra bit of assistance. Self-discipline is one of the strongest, most positive features of this aspect that can be utilized for good works. When working constructively, the aspect has produced champions of all sorts. When organization, patience, methodology, and self-pacing are combined, there's no limit to the potential achievements you can make.

Saturn, best known as the taskmaster, brings some challenges. Sometimes this manifests itself as health problems in youth, although you may ultimately enjoy increased longevity. Struggles in life may be seen coming from the house of Saturn. These tests contribute to the development of patience and self-sufficiency. Watch out from being too conservative or taking the easy road to avoid risk taking.

Your levelheaded wisdom and competent resourcefulness will allow you to achieve your

goals without much opposition. You have a good sense of timing which will help you gain respect from authority and go places. Be careful not to conform too much to unnecessary or illogical societal values out of a desire to stay on top.

37) ► **Uranus** ⌘ **Sextile** ♄ **Neptune** - (3°24' S) ♀10 | ♄8

([284] [astromatrix.org](http://astromatrix.org);) The Expander Of Consciousness

Most of the characteristics of Uranus / Neptune aspects involve the element of distrust for leaders, organizations and powerful figures. Those born with the sextile aspect tend to object to establishment secrecy and the withholding of information from their people or their electorate. They consider this manipulation of information to be a deliberate and iniquitous distortion of the truth which should not be allowed by their leaders.

Often such people would support a 'freedom of information' causes, believing that the state should be the servant of the people, and not the other way around. There is an anti-establishment attitude, together with an objection to state autonomy in which the person is steam-rolled by the weight of state bureaucracy. There is a need to reassert individual power and freedom from state interference, and such attitudes will often oppose authoritarian dictates. An attraction towards social revolution and changing the nature of state control can develop a revolutionary and evolutionary philosophy which champions the people's right to power within their own society.

An optimistic belief in people and their potential will dominate, which some may consider to be too naive and idealistic, but it is founded on the right to be able to choose for oneself, and to determine the sort of personal lifestyle to live without being inhibited by social repressions (provided that it does not harm others). It conceives of a society aimed towards personal development and fulfillment, through individual creativity and uniqueness, in contradistinction to one which conditions people to unquestioning fulfillment of economic roles and adherence to social convention. Essentially, it asserts the right to be self-determining, rather than meekly and blindly following the guidance of leaders who often gain such positions through money or heritage alone.

An active involvement in social decision-making will attract, especially in ways designed to make some progress towards those brotherhood ideals which so appeal to the mind and emotional levels of those with this aspect.

38) ► **Uranus** ⌘ **Sextile** ♃ **Vesta** - (1°47' A) ♀10 | ♃12

routines that help you fulfill your spiritual calling.

39) ► **Neptune** ♄ **Sextile** ♇ **Pluto** - (0°15' S) ☿8 | ♃10

([289] [astromatrix.org](http://astromatrix.org);) Self Exploration

During the past century, there has been only one aspect made between Neptune and Pluto, and it is interesting to note that the sextile commenced in the midst of World War II during 1942. The influence of this relationship would be expected to have global and generational effects; and, like all of the transpersonal planetary energies, would be a directive force stimulating the development of the evolutionary process within time and space.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. This has been through the New Age movement, humanistic / Jungian psychology, occult techniques, and the rebirth of magical attitudes towards life. It has also involved the grafting onto the Western tree of many of the attitudes and much of the knowledge of Eastern philosophies and religions; a merging of the two hemispheres;

46) ► **Sun** ☉ **Square** ♂ **Mars** - (6°37' A) ♎9 | ♎12

([379] astromatrix.org:) The Discontented Seeker

Opportunities: 1. Planning Better 2. Having More Direction

Challenges: 1. Having Empathy for Others' Opinions 2. Overcoming Impulsivity

You can feel a restless energy seeking release, and this inner agitation linked to strong desires can lead to an uneven and eventful life, resulting from the effects of impulsive and sometimes ill-considered actions. You easily become impatient, especially when results are slow in coming, feeling anger and frustration. It may be that certain lessons require learning before your path forward opens.

More forethought and planning would be helpful, minimizing wastage of energy and restrictive directions, enabling you to plan ahead and form contingency routes to surmount any predictable obstacles. Patience is necessary, so that temporary setbacks do not frustrate too much, and you are able to rely on ingenuity and faith in your abilities to persevere.

Sexuality will be a major focus of expression, and your passions will run strongly with this aspect, although there may also be frustrations and constraints facing you. These could range from a lack of a partner, to desiring someone who is unattainable, to falling out of love with a partner. An ideal lover is one who suits your needs on every level, and careful choice needs to be taken in deciding to settle down with anyone, or else you may discover that freedom has been restricted through an impulsive action.

The square indicates inner tensions and frustrations related to expressing feelings and taking actions. Conflict may occur when you attempt to direct your will when instincts and emotions are not supportive or are giving contrary signals. you tend to dismiss others' beliefs and opinions without respectful consideration. This, coupled with a dismissive style which can seem like a verbal attack, succeeds mainly in alienating people.

47) ► **Sun** ☉ **Square** ♀ **Vesta** - (3°30' A) ♎9 | ♎12

([609] 12andus.com:) You may have to work through some egotistical desires for recognition in order to realize that you have a higher calling.

Your true mission is much more important than your ego desires, but it is not readily

apparent early in life. Thus, you may feel friction between your desire for success, fame, recognition and praise, and your mission to align with your spiritual purpose and serve others in some dramatic and selfless way.

When you accept your Divine inspiration, you'll actually be able to draw on the very traits which make you unique in order to fulfill your mission and serve others through your own path of sacrifice and work.

48) ► **Moon** ☾ **Square** ♄ **Jupiter** - (7°21' A) ☿8 | ♅11

([391] [astromatrix.org](http://astromatrix.org);) The Procrastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is

needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

49) ► **Mercury** ☿ **Square** ♀ **Vesta** - (4°59' A)    ♏9 | ♍12

([611] 12andus.com:) You may feel a strong urge to share your message with others.

You have a gift for communicating your mission or sacred quest, but may also not always live up to your calling. When you falter from your path, it is because your mind

becomes distracted by other interests.

You may even subconsciously use your plans and ideas to distract you so you don't have to fully commit and invest in your sacred mission.

When you stop getting lost in distractions, however, you can clearly convey a message of great importance. You may be called to serve others as a teacher or mentor. You may also use writing or speaking to communicate aspects of your mission.

You feel most connected to source when you are learning, speaking, writing or teaching others, yet you need to overcome the temptation to block yourself from fully living up to your mission.

50) ► **Jupiter** ♃ **Square** ♆ **Neptune** - (4°21' S)    ♅11 | ♃8

([434] [astromatrix.org](http://astromatrix.org);) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less

understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over decision-making. Relationships can pose problems; distortions and misunderstandings may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

51) ► **Jupiter** ♃ **Square** ♁ **Pallas** - (2°50' S)    ♄11 | ♃2

([581] 12andus.com:) Your ideals and zealous nature can lead you to clash with others when it comes to enacting your strategies and fighting for important causes.

You may have such high ideals that no plan anyone suggests can be perfectly enacted. You may also use your ideals and beliefs to walk fool heartedly into a poorly planned campaign, or to hide from taking action altogether.

It takes some additional planning and rehashing of ideas before you really strike an effective balance between your beliefs and the reality of the goals you are passionate about.

52) ► **Saturn** ♄ **Square** ♅ **Uranus** - (5°25' A)    ♃1 | ♅10

([439] [astromatrix.org](http://astromatrix.org);) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

53) ► **Saturn** ♄ **Square** ♇ **Pluto** - (2°16' A) ☿1 | ♀10

([441] [astromatrix.org](http://astromatrix.org);) The Annihilator

With this aspect, it is likely that you will feel quite restricted by social and environmental constraints, and that the influence of the society in which you live will have considerable impact upon your life, often appearing to be a negative one.

Frustration appears to be inevitable; and you may feel that you are having to carry 'a burden for society', where you are involved in some way with a personal responsibility for some of society's troubles. There is a form of linking between your personal unfoldment and growth and the struggles of mass humanity, one which you may experience or interpret in a peculiarly masochistic manner or use as an excuse for personal failings.

Some of this tendency could arise from earlier life and parental relationships and conditioning, possibly from environmental deprivation of lack of fulfilling and meaningful contact with your parents and family. This can lead to a pattern of personal disappointments and lack of essential trust in life and the world, leaving you emotionally marked and feeling insecure in your own abilities and talents.

You tend to be searching for status, power and the opportunity to influence people's

lives, much in the same way that you feel your own life has been affected by nameless unknown others who make socially influential decisions. To transform this oppressive pattern of limitation, you will need to radically alter your outlook on life and yourself.

The Pluto energy will help you to achieve this; and the first step is to draw back all the projections that you are overlaying on the world, and to recognize those that place the reason for failure 'out there'. You need to accept responsibility for your own life, decisions and choices, and begin to take control instead of being a frustrated, passive reactor.

54) ► **Saturn** ♄ **Square** ♁ **Lilith** - (1°29' A) ♄1 | ♁4

([658] [astromatrix.org](http://astromatrix.org);) Becoming Yourself

Opportunities: 1. Self-Actualization 2. Breaking through boundaries

Challenges: 1. Sacrificing your assets 2. Taming your wild emotions

Saturn square Lilith propels you towards the process of becoming yourself. You feel caught up in the whirlwind of evolving traits before you acknowledge yourself to be self-expressive about transformation. Having this aspect in your natal chart suggests you control your expectations. Traditions can become a hindrance in your path, especially when you become judgemental and disapprove of others' authority.

Saturn square is about your desire to protect the structural integrity of society. You do not conform to the myths of self-independence. Self-liberation is a selfish and non-productive act for you.

Saturn square Lilith can also destabilize your life. It also implies your incapacity to fulfil your commitments concerning your career and responsibilities.

You might have to sacrifice your most valuable possessions for freedom. So, the time demands from you to not sway with your impulsive emotions. It would help if you harnessed your negative side to turn the chaos into stability.

This aspect is about your magical will to get involved in your relationships. You might have trouble taking responsibility for your actions but remember it is your learning phase to deal with traumas and taking the inspiration to turn darkness into a ray of hope and inspiration for the future.

55) ► **North-Node** ☊ **Square** ♋ **Vesta** - (4°38' S) ☊3 | ♋12

([619] [12andus.com](http://12andus.com);) You can find it difficult to follow through on your routines and spiritual obligations because you distract yourself.

You may feel like you have to choose between your mission and your spiritual calling yet you don't want to sacrifice any aspects of your ambition if you don't absolutely need to. Yet this can lead you to procrastinate and avoid following your obligations.

When you find ways to remain true to your higher mission and also accept the need to make sacrifices so that you can fulfill your mission of being of service to others, you'll more easily be able to renew your connection to Spirit.

56) ► **Ceres** ♀ **Square** ♀ **Pallas** - (3°30' S) ♃6 | ♋2

([573] 12andus.com:) Your soft and nurturing side is often at odds with your desire to follow your intellect and plans.

You may come up with strategies that would help you achieve your goals or even help those around you. Yet your feelings and sense of responsibility to nurture others can limit your ability to follow through with your plans.

You may find yourself repeatedly rehashing your plans, changing your ideas or trying so hard to make other people comfortable can keep you from being successful. Find motivation in your desire to make others comfortable rather than allowing it to become a setback.

57) ► **Midheaven** MC **Trine** ♀ **Lilith** - (5°24' A) ☿8 | ♀4

([113] astrotarot.net:) Your unique and even edgy personality leads you to actually be more endearing and successful. Freedom, raw emotion and acceptance of sexual power may play in to your brand and image and this helps you advance your career. Your public image is helped by controversy and rebellion, rather than being harmed by these things. You have a knack for using your free spirited nature as a beacon to rally others to liberate themselves, either through your work or public image.

58) ► **Midheaven** MC **Trine** ☿ **Fortune** - (4°05') ☿8 | ♎12

59) ► **Midheaven** MC **Trine** Er **Eros** - (4°16') ☿8 | ♎12

60) ► **Sun** ☉ **Trine** ♄ **Saturn** - (0°08' S) ♄9 | ♋1

([304] astromatrix.org:) The Architect

The trine helps to reconcile these two planetary energies more successfully, and there is less evidence of any underlying Saturnian tendency to restrict and limit. The positive qualities and abilities of Sun-Saturn contacts are present; responsibility, self-discipline, practicality, patience, organization, reliability, concentration, determination, persistence and honesty. These can all be used to further your ambitions, although you may need to be wary of innate Saturn tendencies towards caution which may prevent you taking advantage of all opportunities.

Determining your solar purpose and tapping into that power will be most important in applying these energies and qualities and gaining insight into your life direction may be a necessary first step to achieve before this trine can be used positively. As you can move through life smoothly without facing obstructive challenges, you may not always feel the

need to draw upon your full potential.

You are attracted towards having a 'comfortable life', and with your self-confidence and creativity expect that this will naturally come to pass. You should be able to use personal qualities and resources effectively, especially to produce an intended practical result, and you probably have a sense of appropriate timing which ensures that your actions are successful. This can be used in a variety of employments and careers, especially management, law, politics, conservation, financial services and organizational posts.

You will enjoy assuming any positions of responsibility, but you may experience inner resistances in any environment that is undergoing rapid change due to social or technological progress, as this can clash with your innate conservatism and preference for the familiar. Your lifestyle is likely to reflect mainstream social attitudes, and you will try to develop it in a moderate and balanced manner, looking to create solid foundations and financial security. You prefer life to feel stable and almost predictable and will take each step onwards with a patient attitude, usually rejecting any chances that may lead to speedier progress, yet which also may lead to failure.

A personal philosophy and value system will be established, and once you feel comfortable with your unique worldview you may evade situations which offer valid alternatives to your chosen perspective. In this context, the Saturnian rigidity may act as a limitation, but as your conformity is grounded within established social values, this should not work against you in achieving your ambitions.

Choosing a right partner is important, as he / she needs to be similar in nature to yourself, either wholeheartedly supporting your aims, or alternatively pursuing his / her own ambitions. Career and social involvement are the probable sphere of mutual endeavor, and personal honesty and integrity are qualities that are expected, as is stability and responsibility in your partnership.

Balance and moderation are two keynotes that will apply across your whole nature and lifestyle, and this will be reflected in your good health and sense of well-being. Feeling respected and loved by others, and acknowledging your own talents, will amplify your self-worth so that you can move confidently onwards on your solar path.

61) ► **Moon** ☾ **Trine** ♂ **Mars** - (7°44' A) ☿8 | ♀12

([313] [astromatrix.org](http://astromatrix.org);) Vitalizing Emotional Energy

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

([344] [astromatrix.org](http://astromatrix.org);) The Practical Idealist

The energies of the trine should enable you to become a practical idealist, where the spheres of personal relationships and social obligations are highlighted in your experience. Mars will provide you with a powerhouse of energy to use, and Neptune will indicate suitable directions for expression. This will be through a heart sensitivity to the problems of others, either individually or on a more impersonal, collective scale, and you will feel motivated to share in aspects of social responsibility.

Fortunately, most of your personal aims can be achieved within such a framework, and so you may be attracted towards socially orientated work, especially in the fields of welfare, medicine, community aid and physical therapy. In such ways, you feel able to share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. This empathy is a key to your potential effectiveness in relationships, an intuitive knowing of how to respond and what type of support can be offered. Some may consciously gravitate towards areas of spiritual / occult healing techniques, and this

could be an effective channel to explore.

Your intimate love life should be reasonably satisfying, often with a strong emphasis on physical and heart energies, possibly with some intense and passionate romances. Once you settle with a stable partner, you will appreciate those deep emotional bonds, those subtle empathies and feelings of real relationship that can be established through mutual love. Generally, your partnerships are honest and direct.

67) ► **Jupiter** ♃ **Trine** ♁ **North-Node** - (7°22' A) ♁11 | ♃3

([355] [astromatrix.org](http://astromatrix.org);) Finding Success

With North Node trine Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

90) ► **Moon** ☾ **Quincunx** ♄ **Saturn** - (0°59' A) ☿8 | ♄1

([479] astromatrix.org:) The Cold Heart

Your assumptions about life and yourself are colored by your early childhood experience

of inconsistency and uncertainty about your parents' roles. They seem to have been reversed. This has left you uncertain as to what to do or what you are capable of in life.

As you become more certain as to your true responsibilities in life, your vision clears as to what you can accomplish. This is also the key to becoming more productive. Through accomplishment you can become more knowledgeable as to how your habits and procedures affect the life circumstances in which you find yourself.

91) ► **Moon** ☾ **Quincunx** ☿ **North-Node** - (0°01' A) ☿ 8 | ♀ 3

([489] [astromatrix.org](http://astromatrix.org);) Trouble Expressing

With the North Node inconjunct the Moon, you may have difficult relationships with women, especially your mother although there is frequently a strong psychic link to her. The emotions undergo difficult spells, especially you have trouble expressing your sensitive side, causing others to see you as cold or more standoffish than they really are.

Getting the support of others does not come easily, you may feel alone, forced to rely on themselves. Losing loved ones is extremely hard on them. The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

Memories of difficult experiences working with the public from previous incarnations may inhibit your expression and evolution. You are working on strengthening and balancing the emotions, stabilizing the mind, and handling the impressions coming in. If the impressions get away from them, there can be a fascination with occult practices of an unhealthy sort. In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

There is a tendency to feel alienated by others' lack of cooperation and support, and you may feel that you have bad timing. As a result, you isolate yourself further as a defense mechanism and create a perpetual cycle where you feel lonely and negative all the time. You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

92) ► **Mercury** ☿ **Quincunx** ♀ **Lilith** - (0°08' S) ♀ 9 | ♀ 4

([548] [12andus.com](http://12andus.com);) You may try to suppress your sexual nature through rationalization. This never works in the long run, though. You may have to experiment with various extremes and depths of emotion, anger and sexual rebellion before discovering your actual interests and aligning your mindset and attitudes toward sexuality and your wild instincts. You may feel awkward about your ideas and not know when to enter a conversation, sometimes lingering too long or speaking too soon, but when you become comfortable with your communication style and message, you'll stop fretting about trying to get your point across in the perfect manner.

93) ► **Saturn** ♄ **Quincunx** ♄ **Neptune** - (2°01' A) ♄1 | ♄8

([527] astromatrix.com:) The Self Defeatist

The inconjunct indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

([123] [astrotarot.net](http://astrotarot.net);) The wounded healer or Grounding the pain

Typical features that this conjunction brings: you have a rigid personality. This aspect is not easy to deal with. The house of the conjunction gives more information about in which area it manifests primarily. Natal Saturn – Chiron aspects are connected with low self-esteem and an inner expectation to accomplish a lot. You often have extreme fears of being judged, and a constant feeling of not being enough, undeserving, imperfect. Often, you can be extremely judgmental towards others as well, rejecting others, being harsh on others. This can be a highly beneficial aspect, because it is allowing you to “tune into” the pain, by crystallizing a resonant vibration within yourselves. This pain is connected to Chiron. Meaning you are pre-destined by your life plan to work with this particular type of pain and, after mastering and transmuting it, providing powerful healing. So you get a chance here to fulfill that destiny. So, firstly you need to be aware of yourself. After this, the energy will become unstuck. This means that after the initial Saturn-Chiron hit, the pain will become power. Saturn Conjunct Chiron is a very rare aspect. You have the tendency to be a leader in creating structures that also contain

healing and higher consciousness energies.

- Positive traits: This Natal Saturn – Chiron aspects gives you energy for action. And it gives you a strong drive to find the truth of everything. By learning to be more grounded, you can become a teacher for others dealing with the same issues.

- Negative traits: You feel inner tension. Often, you have extreme fears of being judged, and a constant feeling of not being enough, undeserving, imperfect. You seemed to have an extremely low opinion of your father or stepfather. Your family is often exceedingly unstable.

([160] [astromatrix.org](http://astromatrix.org);) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

([210] [astromatrix.org](http://astromatrix.org);) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling

let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

([202] [astromatrix.org](http://astromatrix.org);) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others.

However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

12) ► ***Contra-antiscia-Fortune*** ☿ ***Conjunct*** ☉ ***Sun*** - (2°03')

([14] [astrotarot.net](http://astrotarot.net);) Typical features that this opposition brings – In contrast to the Sun – Part of Fortune conjunction people, the opposition personality is prone to lack of focus

and indecision. You have a distinct Libra energy. You are always aware of the opposing point of view, the other side of the coin. Your inner struggle is most obvious in your vitality. The Sun and the Part of Fortune strongly influence the vitality. So, you have many ups and downs. Your energy fluctuates more than most people. And it is a reflection of what is going on inside. The messages you received in your early lives were conflicting and even opposite. Some of you viewed your parents as two different and separate individuals. Two people who wanted something very different from their child. In other words, it is hard for you to find happiness within yourself. You tend to look outside of yourself for fulfillment. Also, you are prone to form serious relationships at an early age. That is because of this tendency to try to find an answer to happiness from an "other". You appear to be very self-aware. Also, you are excellent psychologists and are able to read character.

- Positive trades: You are objective, practical, loving, hardworking, persistent, cheerful, kind, fierce, level-headed. Also you show a great sense of community. You are tradition-conscious. Have love for other people and very sociable.

- Negative trades: You can most certainly frustrate the people who are close to you. That is because of your indecisiveness and frequent changes of mind. You tend to be materialistic, headstrong, sluggish, dogmatic, addicted, excessive, too comfortable, you have a fear change and can be very stubborn. With this Sun aspects, wants and needs are not very balanced.

([153] [astromatrix.org](http://astromatrix.org);) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when

you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

([177] [astromatrix.org](http://astromatrix.org);) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened

emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

([592] 12andus.com:) You don't easily find balance between your ideal partnership and your personal mission.

You may feel compelled to follow a campaign or crusade that is instrumental to your sense of ambition and success. Yet at the same time, you long for the connection of a serious partnership. Your marriage or committed partnership provides the security and connection you searched for.

Yet you may continue to feel as if something is missing. When you find a deeper sense of satisfaction because you've clarified your vision and found ways to pursue your ambitions, you can then more easily find contentment in the obligation to your partner.

You may have to find the right balance between your devotion to your mission and your devotion to your partner. You can come to a greater appreciation for your partner and

your partner's role in helping you succeed in your mission once you find ways to balance these two priorities.

Until you do, however, you may unintentionally sabotage your relationship or alienate yourself from your loved one as you focus all of your energy on one or the other.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 7° **Scorpio** 57' and in the **12th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 10° **Capricorn** 21' and in the **2nd** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.  
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 6° **Libra** 50' and in the **11th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 23° **Sagittarius** 44' and in the **1st** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

#### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.  
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 7° **Scorpio** 46' and in the **12th** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 18° **Virgo** 47' and in the **10th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 26° **Sagittarius** 52' and in the **1st** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 24° **Virgo** 5' and in the **10th** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every

association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 20° **Capricorn** 7' and in the **2nd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Capricorn: carelessness, neglect

Nemesis in Second house (Taurus): the love of money

### **Lots related to family:**

The **Lot of the Father** is in 9° **Aries** 1' and in the **5th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 18° **Cancer** 13' and in the **8th** house.

Same as for father.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 8° **Cancer** 11' and in the **8th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Sagittarius (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/):) Pholus in 9th House/Sagittarius: When you finally find something to believe, you have forcefully strong opinions on the subject. You get inspired to acquire knowledge when information shakes you to the core. With travel and secondary schooling comes strong changes in perspective. In fact, you're always expanding your perspective by reading books and articles on what fascinates you, debating with others, or just by leaving your house and absorbing the world around you! Secondary education and long-distance travel may be a painful awakening on how little you know and how far you have to go. However, instead of letting this petrify you, you take it as a personal challenge and push through, no matter how many tearful nights it takes. You are fascinated with other cultures and points of view. However, don't forget that you're human, like everyone else. We all make mistakes and believe things that are biased, sometimes to the detriment of others. The reason we make mistakes is to learn from them, and if your point of view doesn't match up with someone else's, it doesn't always mean that you're better than them. Share your patience and determination with others by teaching them, helping them to understand differences and bridge the gap, not just looking down on them.

### ***Pholus in 1st house***

([12andus.com](https://12andus.com/):) You may have a very mobile and transient lifestyle. You can be a strong advocate for healing but also a catalyst for dramatic change for others.

Difficulty and hardship can influence your outward personality and physical image. At the same time, small efforts you make through your personality, body language and outward appearance, can trigger significant events to unfold in your life.

These events can be miraculous or catastrophic, but regardless will lead to breakthroughs or awakenings. Facing issues with image, appearance and identity will

lead you to greater breakthroughs. Restrictions or issues with deception can undermine your image or identity.

You may have a toxic flaw that influences your sense of self or you may have to heal from a toxic and inaccurate self-image. Steps you make to try to assuage your insecurities, especially your self-image, can prove to be damaging in or toxic to your well being in other ways.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Capricorn***

(12andus.com:) You may be obsessed with materialism and success.

You may have a sexual desire involving affairs with a boss or colleague or involving sexual encounters in the workplace. You may also be sexually attracted to older partners or partners who are discreet, practical and old fashioned.

You may fetishize an affluent lifestyle and will be turned on by the wealth of your partner. You may be specifically attracted to a sexual partner because of their wealth or perceived power as well.

You are also drawn to status. You fantasize about how a sexual connection or romantic affair can lead to a dramatic change in your own social status. If your partner showers you with luxury and expensive gifts, you will become more sexually aroused.

You may be receptive to a partner who treats you to luxurious weekends away or who is able to provide for your material needs.

#### ***Eros in 2nd house***

(12andus.com:) You may express your sexual interests through a connection to materialism.

You are turned on by luxury and enjoy being pampered in sexual relationships. You may try to hide or downplay your sexual potency but you can be a sensual and romantic person when you feel comfortable.

You don't like to get involved in dramatic displays of sexuality and prefer it when your partner can be discreet and patient. You may be turned on by people who you believe can benefit you financially or in business.

When others show you admiration or praise, it's a major turn on. You show your sexual

attraction through assertiveness and by being confident in who you are and what you want.

You aren't superficial yet you can be drawn to material wealth and physical beauty. You love to portray your personal strength and power as well.

- 1) ► 1° Sagittarius 59' **Pholus** ✂ **Conjunct** ♀ **Venus** 8° Sagittarius 53' - (6°54')
- (12andus.com:.) Your relationships are a source of strength and consistency during major life turning points.

Even cataclysmic events can help me to overall improve your relationships and connections to others. You can easily connect with others on a deeper level and when you have to go through dramatic life changes and crises outside of your control, you can easily find the support you need to maintain security.

You may even have breakthroughs that help your relationships transform and advance even in the midst of challenges and crises. You may have illusions regarding love and romance shattered by cataclysmic events and major turning points.

Yet even when this happens you can find it easy to anchor yourself in your role in relationships. You may try to protect others or overestimate the potential for love to conquer all.

Even if it isn't enough to mitigate the impact of the major turning point, you will nonetheless be able to thrive in spite of these major changes.

2) ► 1° Sagittarius 59' **Pholus** ✂ **Conjunct** ♂ **Mars** 25° Scorpio 40' - (6°19')  
(12andus.com:) Your passion and energy are sparked by major life turning points.

As chaotic and disruptive as these cataclysmic changes can be, you are more likely to feel energized by crises. You may find renewed sense of motivation, purpose and personal ambition. Sometimes you need to dramatically face your fears and find strength by jumping right into the midst of a catastrophe.

Small impulsive choices or actions can have dramatic ramifications, and this can impact you in a dramatic way. You may become more enthusiastic and determined as a result.

You can be overconfident in your ability to rush in to protect others or de-escalate a situation, not realizing that a spark has become a wildfire before you fully have a handle on things.

Yet even in the midst of these major life turning points, you can find renewed sense of focus and energy. Nothing gets you out of a slump like a large-scale challenge.

3) ► 1° Sagittarius 59' **Pholus** ✂ **Conjunct** ASC **Ascendant** 9° Sagittarius 9' - (7°10')  
(12andus.com:) You may naturally feel comfortable unleashing controversial topics as part of your identity.

You don't mind making others feel uncomfortable, especially if you believe you are saying what must be said. You may think that you need to be a dramatic catalyst for change and so aren't afraid to shake things up.

You also may not realize the impact your actions and words have in the long run. You may casually make comments or decisions that have long term ramifications that you are hardly consciously aware of in the moment.

When the dust settles, you'll look at how the cataclysmic changes you set into motion have benefitted you or others and will laugh it off as if you meant to do that.

Yet you don't always realize how much damage is done when you slip on the proverbial banana peel and take down the whole table setting with you.

4) ► 1° Sagittarius 59' **Pholus** ♀ **Conjunct** ⚡ **Vesta** 22° Scorpio 33' - (9°26')  
(12andus.com:) You easily draw on your strong spiritual calling and sense of purpose to serve others in the midst of crisis.

You can act with great humility and may even follow a vision of healing and guiding others that is spiritually led rather than a matter of your own personal preference. During pivotal times and cataclysmic events, you can easily forget about your own ego needs and dedicate yourself to serving others.

You may be called to sacrifice some aspect of your comfort zone in order to protect others or respond to crisis situations. This is something you will do without hesitation as you know it is all part of your higher spiritual calling.

Your greatest life turning points are often put into motion on the heels of crises or catastrophes but can also lead to your greatest spiritual awakenings.

5) ► 1° Sagittarius 59' **Pholus** ♀ **Opposition** \* **Juno** 1° Gemini 14' - (0°45')  
(12andus.com:) You may feel torn between your commitment to a partner and your needs as you respond to a cataclysmic event.

Crisis can pull your attention away from your obligations to family and home. You may have to work hard to balance both your commitment to your partner and your changing obligations that arise as you deal with major life turning points.

When you take the time to balance your devotion and commitment to your partner or home obligations with your need to create security and respond to others during a crisis or major life event, you'll be able to draw the support you need from your loved ones.

This can refuel your energy and keep you focused on creating security and refining your mission during times of crisis.

6) ► 1° Sagittarius 59' **Pholus** ♀ **Sextile** ♀ **Pallas** 28° Capricorn 7' - (3°52')  
(12andus.com:) You may easily draw on your warrior spirit, you'll find the strength and focus to pursue your higher vision even during times of crisis.

When you are facing dramatic turning points, you can emerge as a mentor or leader for others. You can find the courage to make sense of unprecedented changes and crises and this leads you to stand out as a leader.

Others will look to you for vision and stability during crises. Even when you do your best to protect and lead others, you are likely to learn things you didn't know because of the crisis you face. Understanding your own limitations is part of your process.

You can unleash your intuition, intellectual nature and higher vision during time of crisis. Catastrophes can bring hard lessons but will also bring out the best of your strengths.

7) ► 1° Sagittarius 59' **Pholus** ✂ **Semi-Sextile** Vx **Vertex** 2° Capricorn 23' - (0°24')  
(12andus.com:)

8) ► 1° Sagittarius 59' **Pholus** ✂ **Quincunx** ♀ **Ceres** 1° Taurus 37' - (0°22')  
(12andus.com:) You may find it difficult to express your nurturing qualities at times when they are needed most.

You may have great gifts for showing your compassion and understanding. Yet during times of crisis and major life turning points, you may shut down and become insecure rather than sharing your gifts with others.

When you take the time to work through your deeper fears, you'll find that you can comfortably create a foundation that allows you to show your deeper nurturing and loving side to others.

You may have to work through your own fears of lack first but when you do you can become a generous leader and guide to others during crises and periods of instability.

9) ► 1° Sagittarius 59' **Pholus** ✂ **Bi-Septile** ☉ **Sun** 19° Leo 3' - (0°04')

10) ► 1° Sagittarius 59' **Pholus** ✂ **Bi-Septile** ♀ **Mercury** 17° Leo 34' - (1°33')

11) ► 1° Sagittarius 59' **Pholus** ✂ **Novile** ♄ **Chiron** 12° Capricorn 30' - (0°31')

13) ► 1° Sagittarius 59' **Pholus** ✂ **Septile** ♂ **Eros** 24° Capricorn 28' - (1°03')

14) ► 24° Capricorn 28' **Eros** ✂ **Conjunct** ♀ **Pallas** 28° Capricorn 7' - (3°39')

(12andus.com:) Your sexual energy is potent and you can easily attract attention.

You may have a determined and even demanding sexual nature. You have many erotic fantasies and can easily assert your desires and convince others to go along with your sexual exploits.

You can be intense and yet you are also highly sensitive to the sensuality in encounters

that aren't overtly sexual. You may feel sexually attracted to lovers who inspire you or who share your passion or idealism.

You may also become intimately attracted to lovers who appear to be in need of saving, as you fantasize about being the hero who saves them from their fate.

Power and prestige are important to you when it comes to erotic fantasies. You are likely to have a powerful attraction to people who are able to ignite your passion and share in your desire to create dramatic change.

The prospect of advancement, change and progress can also be erotically appealing to you.

15) ► 24° Capricorn 28' **Eros** ✎ **Opposition** ☾ **Moon** 17° Cancer 56' - (6°32')  
(12andus.com:) You may find it challenging to express your erotic desires if you don't feel secure first.

It's not a good idea for you to try to have a sexual relationship without an emotional connection. Even if you tell yourself you can handle a "friends with benefits" relationship, you'll inevitably develop an emotional attachment.

When this happens, you may come to expect that your partner will naturally fall in love because of the amazing sexual energy and chemistry, but this is not guaranteed. You can feel conflicted about how to find security and emotional connection and also reveal your sexual side.

You may have to work through an emotional hang up in order to embrace your sexual desires and pursue your fetishes. In order to fully explore your fantasies, you first need to feel confident and secure.

16) ► 24° Capricorn 28' **Eros** ✎ **Opposition** ♆ **Neptune** (Rx) 20° Cancer 56' - (3°32')  
(12andus.com:) Your fantasies and desires can get in the way of you seeing an erotic relationship for what it is.

You have deep desires and rich sexual fantasies, yet you also can take an escapist approach to eroticism and sexuality. Erotic love can be like a drug for you and so you may try to suppress your deeper desires at first.

When you do allow yourself to feel the full spectrum of emotions and sensations that you can feel when you're attracted to a partner, you may run the risk of becoming absorbed and completely lose yourself in lust and fantasies.

You understand this risk and so you may try to minimize your emotions and act like you don't have the high degree of sensitivity you actually have. You may have to work hard

to embrace your passions and emotion.

When you embrace this part of your nature, you'll be better able to enjoy sensuality and emotional connection as part of your erotic encounters.

17) ► 24° Capricorn 28' **Eros** ✂ **Sextile** ♂ **Mars** 25° Scorpio 40' - (1°12')

(12andus.com:) You may easily draw on your courageous and focused energy and share your passion and erotic love.

You can be intense and highly erotic. You have a strong sensual nature and great stamina. At the same time, you know how to balance your needs with your partner's needs. This allows you to avoid becoming obsessed or infatuated.

It also allows you to avoid unintentionally overwhelming or intimidating your partner. Your lusty, passionate and erotic nature can lead you to be bold and seek excitement in bed.

18) ► 24° Capricorn 28' **Eros** ✂ **Sextile** ♀ **Vesta** 22° Scorpio 33' - (1°55')

(12andus.com:) You may find it easy to follow your desires to both find perfection and purity and to express your erotic nature.

You may be turned on by people who share your high standards of perfection and sexuality can feel spiritual and purifying to you. You may find it cleansing and invigorating to explore your sexual and erotic fantasies.

You may have a strong connection and devotion to small details that help you express your eroticism. Rather than going to extremes or making grand gestures, you show your erotic nature in small details and practical ways.

19) ► 24° Capricorn 28' **Eros** ✂ **Square** ♀ **Jupiter** 25° Libra 17' - (0°49')

(12andus.com:) You may find it challenging to be open minded when it comes to erotic love.

You may have a specific set of desires that you are comfortable with and when it comes to expanding your scope of interests, you may feel like you're overcoming old programming from culture or family. Ingrained beliefs may stand in the way of you letting go and fully embracing your erotic nature.

Yet if you shift your perspective and come to embrace the vast array of desires and fantasies you have, you can find greater confidence in your sexuality and learn to appreciate your desires.

Your beliefs about erotic love and sexuality can become more progressive and enlightened as well and you may embrace a more carefree attitude toward eroticism.

20) ► 24° Capricorn 28' **Eros** ✍ **Square** ♀ **Ceres** 1° Taurus 37' - (7°09')

(12andus.com:) You may have to make adjustments or changes to your beliefs from family or early childhood so that you can open up to your erotic desires.

A parent or early caregiver may have had strong beliefs that still have a stifling influence on your attitude toward sexual pleasure. You may feel hindered from showing your erotic desires because of attitudes about practicality in relationships, feeling the need to be securely in a marriage before enjoying a sexual connection, for example.

Yet you may eventually enjoy a more fulfilling sex life if you are able to adjust your ideas and opinions regarding sexual relationships and erotic pleasure.

21) ► 24° Capricorn 28' **Eros** ✍ **Trine** ♂ **Uranus** 24° Virgo 20' - (0°08')

(12andus.com:) You may find it easy to express your erotic nature in shocking and dramatic ways.

You can break with tradition and have an intensely unconventional side. This easily emerges when it comes to your erotic tendencies. Your fantasies and desires can be highly unusual and individualist and can vary on a day to day basis.

You are turned on by the idea of change and may rebel against convention as you pursue pleasure. You may have a strong desire to test your own limits and aren't afraid to be resourceful and spontaneous in bed.

You can become infatuated with anything that inspires you.

22) ► 24° Capricorn 28' **Eros** ✍ **Trine** ♀ **Pluto** (Rx) 21° Virgo 11' - (3°17')

(12andus.com:) You can easily express your intense power and autonomy even in intimate relationships.

Your erotic nature can compel you to become almost obsessed with the connection you feel to your sexual partner. Your focus, intensity and charismatic energy are a big part of your attraction power.

Your ideals and fantasies may have to do with being in control or being in charge, but you can channel your sometimes dominating energy into passion and excitement that benefits both you and your partner.

23) ► 24° Capricorn 28' **Eros** ✍ **Trine** ♀ **Juno** 1° Gemini 14' - (6°46')

(12andus.com:) You may find it easy to feel the commitment and security of your intimate relationships and as a result can easily express your erotic side.

Yet you aren't one to look for a casual fling or noncommittal relationship. To you, erotic connection and sexuality is more enhanced by the commitment that is the foundation of your relationship. You can also easily attract influential and powerful partners.

You are aroused by the prospects of marriage, stability, status and commitment and your fantasies may include successful and powerful people.

## 144 More Asteroids

144 more asteroids delved into a little deeper.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### **Hygiea in Leo**

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these "quick fixes" often create more problems than they solve.

#### **Hygiea in 9th house**

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their friend, they become stressed when confined by convention or when forced to put down roots in environments that are ill-suited to their growth.

## Psyche | Soul, Entrance to Self

[1] where you've almost certainly seen the dark side of things

### Psyche in Gemini

(fauxastrology.tumblr.com:) Psyche in Gemini/ 3rd house: My soul's dancing with strangers at strange places, but are they really strangers if I know them all? I wanna hear music forever & wherever, want laughter & noise to never cease; my soul's a library full of the knowledge I've gathered from all the places I've seen, all the people I've talked to.

### Psyche in 7th house

(fauxastrology.tumblr.com:) Psyche in Libra/ 7th house: My soul's wherever love resides, I speak love's language & see it in every being, every flower; I'm forever searching for a familiar soul to spend my life with, I know we weren't created to be alone & love alone, it's a gift made to be shared with the world around us.

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Capricorn**

(synnigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should

you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some people insist on “survival of the fittest” and you will not necessarily be the one considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

### ***Eris in 2nd house***

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

### ***Karma in Aquarius***

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

### ***Karma in 3rd house***

(smartyoungsters.com:) Karma in 3rd house: You can reach your goals through communication, pr and writing. Your musical talent and talkative attitude can help you fulfill your duties. A media job, newspaper, sibling or neighbor brings you rewards. Use your communicative skills for the right purpose and don't get into gossiping or defamation.

answers. You want to know everything. All the secrets of the universe. All the information the stars hold. All that God knows. You want eternal life, and the universe for a mind. Galaxies spinning, supernovas exploding, shooting stars scattered all over. You want to live there. Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

### ***Nessus***

(vamzzz.com:.) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Aquarius***

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

### ***Nessus in 3rd house***

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

### ***Arachne***

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

### **Asbolus**

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an

impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting, being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or "herculean" infighting at all costs, being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian

forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crow for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking ones responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure fore not getting harassed by others, (sexual) skeletons in the closet.

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Arthey) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:.) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Zhulong

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold darkness."

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

If culminating, improved health, fame by help of superiors). It causes benefit by disgrace, selfishness, egotism, immorality, meanness, melancholy, unhappiness of mind and fear of poison, and gives an unreasonable, shameless and egotistical nature. Its reputation is that of giving an alert mind, but also inclination to melancholic moods.

[6] Zosma star rules the left side of the body to the back of the lungs in the human body.

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown.

The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

#### Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Nature of Mars and the Sun. So it gives courage, aggression, and makes its natives heroic and defiant leaders, with danger of violent death, eye injuries, serious accidents and burns. Yet it also gives beneficence, patience, care and responsibility, with a charitable and fostering nature.

The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

[6] Rules the top of the heart in the human body.

**ASELLUS AUSTRALIS** (18° Cancer 28') is (**0°32'**) of (1°30') close to the **Moon** (17° Cancer 56').

[1] (- - - -) august 1-3 Sun-/Martian - eye trouble, mass murder, horrors, self-willed, uncooperative, dramatic /choleric, introverted, romantic/individualist, possible histrionic

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

#### Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of

dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

[6] Asellus Australis rule the top of the heart in the human body.

**ALULA AUSTRALE** (17° Leo 6') is **(0°28')** of (1°00') close to **Mercury** (17° Leo 34').

[1] (++-) august 30-september 1 Mars - quiet, prudent, suspicious, mistrustful, self-controlled, patient nature, uneasy spirit, great anger and revengefulness when roused, devoted/melancholy, introverted, may be to dependent on others for support

**THUBAN** (17° Leo 12') is **(0°22')** of (1°00') close to **Mercury** (17° Leo 34').

[1] (+++) august 30-september 1 Saturn-/Martian - artistic, emotional, somber, penetrating and analytical, many friends, devoted/melancholy, introverted, may be to dependent on others for support

[3] Penetrating but subtle and emotional energy is released. Shows a depth of character. Artistic skills and a passion for all the arts are found lingering in the Thuban star. Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this

energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.

**ALIOTH** (18° Leo 41') is (**1°07'**) of (1°30') close to **Mercury** (17° Leo 34').

If culminating, disgrace and imprisonment.) It effects the eyesight and causes blindness of one or both eyes if in conjunction with an afflicted luminary, or in conjunction with a malefic that afflicts the luminaries. The opposition seems to be equally effective.

[6] Acumen star rules the left side of the groin in the human body.
