What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

When the Sun is in the 9th house, natives with this placement are always ready to open their mind to new ideas and realms.

Their purpose is to only enjoy the freshness of mental perspective, to grow, travel and encounter new philosophies. It's like the entire Universe is plugged to their brain, which means many will be curious about them and what they have to say.

Ethical and energetic, they don't just adopt a way of life and philosophy, they're struggling to encompass them all and to come up with one that's original, personal and that makes them happy.

Very opinionated when it comes to academic subjects, their principles are well documented and interesting. However, it's important they don't become too rigid about these or end up no longer accepting what others may have to say.

Not at all attached to places, they're rather travelers who change jobs and are not negatively affected by the new.

The negatives

When the Sun in the 9th house is afflicted, people having this placement in their chart may not trust things in their life are going to get better if they've experienced something that destroyed them inside.

They may also impose their beliefs and religious orientation on others, having problems related to the elements in the ninth house: academics, travels to faraway places and others.

It's important for them to realize other people have the same right to believe in different things, just as them have to believe in theirs.

They may be so lightheaded and relying only on abstract concepts that they no longer

know what's real anymore.

It would become useless for them to know where they're located in the galaxy if they'd no longer know the street on which they're living.

It can be challenging for them to combine their thoughts and ideas with discipline and live a life based on strong morals, but the wisdom resulted from doing this could help them a lot.

The Sun in the 9th house can influence people to have fixed principles, especially when the Sun also happens to be in a fixed sign.

Many religious and philosophical teachings would be turned into certitudes for them, and they may be unconsciously authoritative, trying to impose what they believe in on others.

This means putting boundaries around themselves, closing their perspective and no longer allowing any new options to come in, which wouldn't be in any way beneficial for them.

Being moralistic and judging or criticizing all the time could make them separate themselves from society. If insecure, they will always search for something to change this about their personality and never find it.

What usually limits them the most is their ego, so they should make an effort to drop it and to understand life comes with both good and bad things. They have the tendency to think they're the most important and to become defensive when their position in the middle is being threatened.

A fact that proves them they're wrong with what they believe in would completely destroy the confidence they have in themselves.

Arrogant because they think they know everything about the world, Sun in 9th house natives are very proud of all the knowledge in their mind and want to acquire a high social position with the help of it.

If proven their beliefs are wrong, they no longer know what to do and become extremely disillusioned, maybe even giving up their faith and beginning to overindulge in all sort of pleasures.

It's important they don't become moralistic when it comes to those around them and allow themselves to continue being free while not asking others to conform to their beliefs.

Never hypocritical or dishonest, they have a chance to live in higher planes of existence

and to become amazing people, but they need to be more subtle and always less assertive, judging or weighing with their own measure.

Sun ☉ - *Detriment in Aquarius*

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

Moon ☾ in VII 7th House

([878] i.thehoroscope.co)

People with the Moon in the 7th House don't hold very tightly to their emotions and desires, being quite versatile, especially when the wellbeing of those close is at stake.

Moon in 7th House people enjoy doing things in groups because they can't stand being alone. It would be a tragedy for them to have to go by themselves to the movies or to spend a day in nature without a companion.

They need to be emotionally supported and to have others around who can make their life more fun. When it comes to romantic relationships, they may change partners too often because they always rush to say that they have found the one and get disappointed along the way.

7th House natives are terrified of being on their own and they wouldn't mind just being with someone, no matter how in love and happy they may be feeling. It's also possible for them to stay in a relationship that doesn't actually look so good.

Summary:

Strengths: Affectionate, dependable and soft;

Challenges: Skeptical and criticizing;

Advice: Leave the future aside and live more in the present.

Eager for reciprocation

People with Moon in 7th House rely a lot on others in order to feel emotionally fulfilled, secure and protected. They are very vulnerable and have a need to belong to a person, to be spoiled and nurtured.

The Moon is all about how a person feels, its position in a sign and a House determining the way a person expresses him or herself when it comes to emotions.

The seventh House is responsible for the way people interact with others, their marriages, businesses and friendships. It also determines how they cooperate and interpret people, together with what their unconsciousness expects in terms of giving and taking.

Individuals having Moon in 7th House are dependent on being with someone because the Moon makes them eager to receive a response from another person, all the time.

This celestial body also indicates their partner should be the sensitive, nurturing and moody type. They may also dream of someone who likes to smother and to be very protective because they usually marry young, and people in their twenties are more in need of protection.

The Moon has great sensitivity and can easily adapt to what others need, but when in difficult aspects, it can become more difficult for natives to enter relationships.

Depending on which planets interact with the Moon in their chart, people will respond to life problems more or less emotionally. This celestial body also represents the Mother, so those who are more influenced by it will choose a spouse whom they can take good care of.

The same Moon makes them care about others' opinions and attentive to their needs and desires. It's normal for "lunar people" to stress about what their partner and others think of them, feeling great when appreciated and in the center of attention.

When the Moon is in good aspects, natives having it in 7th House are capable of great emotions and very receptive to what others need. If the aspects are negative, they are changeable and moody, going with the flow when it comes to emotions and their existence in public.

But all in all, they really are the ones who enjoy romantic gestures or being treated with affection and understanding. When in the seventh House, the Moon influences its natives to use their relationships as vehicles to what they want and need.

These people can't find their own desires in themselves because it's others that make them more aware. This is why they forever remain children in their heart, believing their partner should act more like parents and not lovers.

It can be a challenge for these people to fulfill their own needs without noticing how sensitive they are to the ones of others.

When they don't seem to hold on to their own feelings anymore, they simply take a look at their loved ones and get stimulated. Many will allow them to discover what they need and want with their help, so they won't have too many problems taking care of their own desires.

Searching for the right one

People having Moon in 7th House are in need of human interaction and to be emotionally supported. It's impossible for them to enjoy life on their own.

Their partner may make them feel things they have never experienced before, and they need others to determine what their own needs or feelings may be. It's even difficult for them to take some time off between relationships because they are simply terrified of not ending up alone.

As they are versatile, many will like them for the way they act. One of their main concern should be to not become dependent on people or assume that others treat them the same way as they do. Their friends will be considered family, because they depend a lot on those who are closest to them.

Moon in 7th House indicates their moods and the way they are taking action are pretty much determined by their primary relationships. If they don't marry young, you can be sure they will be searching for the right one their entire life.

When married, they can feel the same things as their spouse because they're sensitive and think this is the way to make their other half's life easier.

People having Moon in seventh House are eager to get a response from others. It may seem destiny has something very special prepared for them, because their Moon is situated opposite of the Ascendant and in a square from the Midheaven, having them doomed to relive the same things all over again.

While this can be stressing, it also helps them be stronger from an emotional point of view. Learning how to go with the flow can influence them to stay away from sufferings but it may cause problems with their emotional and spiritual development.

Since the Moon is in opposition with their 1st House self, they are very balanced when it comes to their temper, being able to see both sides of a situation. This means they get along with everybody, being able to approach emotionally charged situations by being fair.

They are the best negotiators, but it's important for them not to get lost mediating all the time.

Responding to different challenges without expecting a certain response is something

they should definitely learn, because they tend to instinctively guess what others may like or dislike, to anticipate their actions and to guess their feelings.

It's easy for them to adapt their reactions according to each individual, which means everyone will like them, having their emotional needs completely satisfied. It's very likely they'll marry more than once and have a profession that requires them to give a hand to others.

Their bosses may notice they have people skills and put them in positions in which they need to deal with the public. Of course, it's not only the Moon that influences them to be so helpful, for there are many other planets that influence its position, forming sextiles or trines and having big influences themselves.

The men with Moon in 7th House want a good wife who can be an amazing mother. They will practically transfer the emotions they have for the woman who raised them to their spouse.

The same position of the Moon indicates they are great at doing business, especially in the field of art. If many of the aspects are difficult, they may have their emotional and professional lives fluctuating.

Moon in the seventh House natives are very interested in their own image and how the public sees them. It's also possible for things to go the other way around, making them very protective of their own individuality.

They know what others want and need, so they are able to perform on stage and to become very successful as actors. However, they would never manipulate their public, as they are only aware of what those looking at them want and how they could be served.

The personal style of people with Moon in 7th House is determined by how others see them. Their success in the public sector could be tremendous, because it's like they're married to the ones that admire them.

Some of their partners may not understand this need they have for an audience, so the chances of break ups can appear more often than in other natives with the Moon in a different House.

Mercury ♀ in 13 Capricorn man 2° 37'

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness. He will never admit that he is wrong because that would weaken his resolve.

In a nutshell:

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

A man of strong principles

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

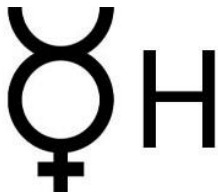

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

Mercury ♀ in VIII 8th House

([915] i.thehoroscope.co)

This placement of Mercury makes people know exactly what to say and when so this saves them a lot of hassle in life and helps them have an advantage on others.

Those born with their Mercury in the eighth house are especially endowed with a natural curiosity that makes them want to know exactly what's surrounding them, how it all came to be, how the people around them do what they do, and so on.

They're natural investigators, analyzing anything and everything, down to the very last details, only to satisfy their curiosities.

Of course, what ultimately matters for them is the truth because they won't be happy having reached a conclusion only to find out later that it's only a lie or the result of fake attitudes.

Summary:

Strengths: Communicative, persuasive and attentive;

Challenges: Judgmental, gossipy and impulsive;

Advice: They should not share what is being said to them in private.

Meticulous people

If you're not the type to enjoy random rambling about the most curious of subjects, endless debates on existential dilemmas, and pretty much non-stop bantering, then the Mercury in eighth house natives are not for you.

They don't hesitate to beat around the bush when there's something to be said, and even when there's no need to say anything, they will still have to do it either way.

In other words, they absolutely love to engage in conversations, to have funny talks and to discover new ways of seeing the world, to get drunk on the power of words.

What's more, they are very much interested in sexual matters, kinky ideas, and would be too keen on having such conversations.

The Mercury in 8th house natives are very serious when it comes to communication, insisting that it's one of the most important elements of a good lifestyle, a successful business, and pretty much anything in-between.

Knowing how and what to say in some contexts can save you a lot of hassle, and they want to take control of their own impulses as much as possible, to be able to discipline themselves completely.

Moreover, they are also quite adept at reading other people, seeing their motivations and why they do things, their secrets and vulnerabilities.

They are very ambitious and meticulous people who know what they want to do and focus entirely on that. Nothing can make them stray from the established path.

Moreover, the Mercury in 8th house natives seem to be endowed with occult powers of observation and supernatural insight, a weird and special trait.

Anyway, they seem to be able to feel things, to know that something will happen before it does.

They know stuff, seemingly out of nowhere, and they act on it with complete certainty. Their awareness reaches unprecedented levels.

They know how to impose their will so that others listen and realize that it's the only reasonable choice to listen and obey.

Persuasive and manipulative, these people believe that everyone has a reason for why they did something, and that reason stands at the forefront of anyone's decisions, conscious or not.

Know that and you can control anyone. They are curious about this and will investigate it

thoroughly, with rising interest and efficiency, all in order to form the perfect strategy.

The positives

What's good is that these natives never lack for attention or friends because basically everyone will gather around them, waiting to see what's going to happen next, what they're going to do or say.

Human curiosity wins in the end. Their mysterious agenda and demeanor bring a lot of people together, and this effect is amplified by their natural confidence and firm attitude.

However, and this is most importantly, why they are very good at discovering the secrets of other people, they are especially careful in keeping theirs hidden and away from prying eyes.

What happens as a result is that the people are even more intrigued and unconsciously attracted to them.

The mysterious and seemingly supernatural insight can make them the perfect research material for those who want to find out more about the world, those that want to understand the human psyche.

The Mercury in 8th house natives are very interested in witnessing the dynamic spectacle of moving bodies, the intellectual and verbal debauchery of every-day life, the mechanisms behind it all.

They not only use all the accumulated knowledge to make plans and build future prospects, but it also grants them an aura of authority, of a knowledgeable person, someone that you just have to listen to.

Professionally, if you want something to be done in an organized and systematic manner, a research or an analysis, they are your people for the job.

The negatives

It's a really good decision to keep themselves out of the spotlight with regard to their emotions. If they don't reveal themselves as much, they won't be as vulnerable and weak anymore.

It's something people should do more often, as a matter of fact, because there are plenty of individuals out there who want to hurt people.

This is what they do, and protection is needed. However, in a relationship, this is no longer a good decision because you would think that the partner is someone whom they trust enough.

It's going to be very confusing for said partners to know what they're thinking. Ideally, they should become more open towards people they trust.

The eighth house is also known as the house of death. This means that these natives are in contact with the other side, with the forces of the occult, which they can use to cause harm to others, involuntarily, evidently.

Out of spite or anger, they might be left thinking that the other person should suffer or something bad should befall them.

Surprisingly, this actually becomes a reality, and it's more than likely a result of that random desire. Sending negative vibes is a thing, especially in their case.

The Mercury in 8th house natives might tap into the dark energy that surrounds their house and become a sinister version of themselves, especially in their relationships.

Possessiveness is taken to the extreme, emotional manipulation, the tendency to check on their partner out of unfounded suspicions, these can happen more often than not as a result of this dark energy oozing from Pluto, more likely.

Let's also remember that they are naturally more inclined to investigate and search for answers, to find the truth. With presuppositions leading their efforts, it's already going the wrong path.

Venus ♀ in ♒ Aquarius man 1° 53'

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

In a nutshell:

Positives: Eccentric and dedicated;

Negatives: Cruel and obstinate;

Soulmate: Someone who has a scientific mind of his own;

Life lesson: Taking more time to practice hobbies.

His love personality

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

Attracted by ...

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

In conclusion

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept someone who can't understand this interest of his, someone who just can't follow through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

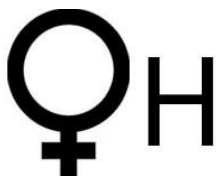

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

He looks just like he's not interested at all, like all he wants is to be a friend to you. And his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

Venus ♀ in IX 9th House

([953] i.thehoroscope.co)

People having Venus in the 9th House might fall in love too easily and with people who always bring something new into their life.

Influencing people to be attracted to other cultures, Venus in the 9th House makes its natives easily adaptable and very warm. They're not on any way clingy or needy when it comes to love, because they want freedom and to continue developing as individuals.

If their partner would try in any way to restrict them, they will immediately leave the relationships and look for someone new. They want a person who's ready for adventure and doesn't mind exploring the world at their side.

One of their downsides is that they're always thinking the grass is greener elsewhere, so they're often dreaming of what can't be attained and don't appreciate what they already have. Tending to their own "garden" would be a great idea for them, because they have

all the chances to become famous and respected with the resources they already possess.

Summary:

Strengths: Attractive, sensual and adventurous;

Challenges: Clingy and restrictive;

Advice: Loving yourself should come first.

Their ideal lover knows how to have fun and is very enthusiastic about life. Dreaming of the perfect love, they are more pursuers of sensations than lovers who want attachment and deepness.

These people should be careful with their continuous dissatisfaction, because they always think other circumstances would make their life better.

This can impede them from enjoying their life, which isn't in any way advantageous. The fact that they're always looking for adventure can help them be happy, however.

Their open mind and love for everything that's new indicates they're very much like Sagittarians when it comes to the way they love or live their life.

It doesn't matter in which sign their Venus is, they will always have the Archer influencing their behavior, so it's possible for them to fall in love too easily and with people who always bring in newness into their life.

If Venus in the 9th House is in a negative aspect, they may not finish their studies, but still gain a lot of knowledge from what they have been taught in school. For them, it's not about getting a diploma, it's about knowing things.

This attitude will help them a lot in their career, and the fact that they easily mingle when surrounded by people with the same interests as their own means they will make great friends anywhere they go. This will be more important for them than the graduation paper and grades.

In love with arts and religion, they are the type who enjoy any type of ceremony and go to weddings. Traveling is not their only their favorite thing to do, as they also love reading or writing.

They will decide in which country to live and what culture to study and become experts at everything about that nation.

They always want something new to happen in their life, and they're people of action rather than talkers or the type who waits around. When they feel like they're not learning anything new from a relationship, they start to no longer be in love and decide to leave.

Not at all able to stick to a routine, they want the unusual and can fall for their teachers or people who guide them in life.

It's like they're meant to go around places and to learn about new traditions because they immediately make friends and love asking the important questions about life.

It's easy for them to be thoughtful after hearing what others have experienced in life. If they don't have the possibility to travel physically, you can be sure they will do it with their mind and by reading many books.

Very optimistic and open to new ideas, Venus in ninth House natives love working to make the world a better place and to listen to what others have to say, being great discussion partners.

Needing to satisfy their thirst for knowledge, these people won't waste their time with someone who isn't an intellectual and doesn't love to travel.

It can be very hard for them to commit, as routine drives them crazy. Someone with the same interests as their own will have their heart in no time.

It's like the Sagittarius' traits can be seen everywhere in their character, because this sign is also the adventurous traveler who wants to learn and to talk philosophy. They will always fall in love with the spirit and not the looks or the social position.

Mars ♂ in ♊ Capricorn man 0° 9'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he

has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

Mars ♂ in VIII 8th House

([988] i.thehoroscope.co)

People with Mars in the 8th House may not always resist their impulsive tendencies but are otherwise very calculated and cold when it comes to their desires.

Mars in 8th House people are energetic, lustful and enthusiastic to know as many things as possible, to understand how people work and to know their secrets.

They may have some problems with money, so a partner who can help them be more financially stable would be their true hero because they'd no longer stress that much about surviving. That's why it's possible for these natives to marry out of interest.

These individuals need someone who wants to share everything with them, as cooperation is essential for their happiness. However, if they want to get close to perfection, they need to tone down their passion.

Summary:

Strengths: Sensual, attentive and outspoken;

Challenges: Materialistic and greedy;

Advice: Avoid being too involved in others' drama.

Happiness seekers

Natives having Mars in the 8th House possess an ego that either consciously or unconsciously forces them to always transform themselves. They can be greatly influenced by others to become completely different people.

It's possible for them to argue over possessions or property, so they should carefully analyze what they really want and need in life, because they can fight over money even with their partner. A little bit of compromise and more communication regarding what they possess can help them have better relationships.

If they want to change, they should just let go of things that cease to be important to them.

Expressing their ego through sex, they're very intense when it comes to lovemaking, so many people see them just as very skilled lovers.

They may have great passion for research and discovering solutions to puzzles or mysteries, which means they'd make great private detectives or scientists. Coming across what's hidden is their favorite thing to do in life.

Their main problem is always money, so having a partner or spouse who can help them from a financial point of view would be their dream come true.

Their greatest asset is the way they decide on things in the spur of a moment and how they rely on their instincts, because these always seem to guide them in the right direction.

If they don't resist their impulsive tendencies to just buy when at shopping, they will definitely have big problems with paying back for their credit cards.

Very attracted to the occult and the spiritual world, they will explore all kind of mysteries and paranormal activities. It's easy for them to help others change or heal, because they can inspire people to find their strength within and overcome painful situations.

As a matter of fact, one of their main purpose in life is to find the power within themselves and to live at their full potential.

People with Mars in the 8th House have this planet position where the ruler of sharing resources is. This means they would be interested in seeing how things work and easily deal with new ideas.

The more hidden facts they'd have to discover in what they do for a living, the happier they would be at work. Only money can bring them down and interfere with their relationships because they tend to keep their earnings private and separate from their spouse.

Practical aspects

Being very intense about what they want and like, Mars in eighth House natives are also very possessive. Life may cause them to not have love or enough money just to teach them a lesson on not holding on so tightly.

They can immediately spot a liar and have a way of making up for the karma of their past lives by sharing a lot of what they have with those who really need it. It's possible for them to remember many sexual encounters from their teenage years, which will influence their love life as adults.

Mars positioned in their 8th House means they have a lot of traits from the Scorpio. They will probably experiment with true passion only after their thirties, but you can be sure everything will be magical as soon as they will.

Terrified of getting cheated on or being betrayed, they would never trust someone from the first encounter.

This placement of Mars is about the House of sex hosting a planet of action. This means

the natives of it will not hesitate to make a move when sexually attracted.

When it comes to the bedroom, they have incredible energy, the only exception being Mars in Gemini in the 8th House, according to the famous expert in astrology Bob Marks. In this situation, the natives would be more passive as far as lovemaking goes. They would rather talk than feel the pleasure of sex and satisfy their lover.

Since the eighth House also rules over money, people having Mars in it are impulsive when spending and can end up broke after visiting the mall.

They will be in debt to their credit cards and banks or even spend their partner's salary on what they think would look interesting in their home. This means they'll have many quarrels over finances and even get very upset with their siblings over inheritance.

Very passionate and intense, these people have a strong emotional side and think of death more often than others. They are the type who will be bold and strong at an old age, when death will stare in their eyes.

However, they can also feel sometimes that fate is cruel with them. The 8th House being all about drama, tantrums and crises, they are very tormented by the thought that their loved ones want to betray them.

The same House rules over intimacy and what people carry with them in their consciousness regarding love. With Mars being in one of the Water Houses, this placement's natives' feelings are very intense and deeply rooted in their unconsciousness.

The courtship with Mars in 8th House people has a dark side and their marriages may have many problems like domestic violence, sexual abuse and obsessions.

It's like love with them is more about suffering and pain. It can be difficult for their partners to admit they're with someone who's rather destructive and at the same time terrified of getting abandoned or being lonely.

When Mars is in the 8th House, individuals with this placement may live a dangerous life and even risk their life very often.

Their main challenge in life is limiting themselves and becoming less vengeful, manipulative or eager to obtain power. The more they ignore their Mars, the more they'll manage to be less angry.

Sex is very important to them, but Mars in the eighth House gives it a dark side. Powerful, passionate and competitive people turn them on, and they usually rely only on their instincts when having to make a decision.

The downsides

Mars in 8th House individuals get rapidly attached to others, so they need to learn how to let go and to allow their lover to be more independent. Their possessiveness can be very bothering and their intensity a real problem, because many will be overwhelmed by them.

The passion in their heart can sometimes make them less practical and incapable of seeing the big picture.

They usually only focus on details and pay too much attention to what's happening to others, not wanting for their loved ones to even smile when not in their presence.

If Mars is in an adverse aspect, they can be so jealous they're always imagining their partner is cheating on them.

Mars in the 8th House in a nutshell

Looking at all the predictions about people having Mars in the 8th House, you can see how these natives have to trust their partner more and to allow him or her to have more space as an independent lover is still a devoted one.

It's a good thing for a person to have many interests, because he or she can learn more about the world. If Mars in 8th House natives directed their passion towards something constructive, they would be much happier.

They usually want revenge when a person crosses them, being capable to hold grudges for a lifetime. If someone just says something wrong, they see it as a huge betrayal and no one can ever change their mind. It's difficult for them to trust others, but they surely do it more intensely than others.

Jupiter ♃ in ♎ Sagittarius man 19° 27'

4

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life. When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

As said before, Jupiter is at home in Sagittarius, so the influences of this planet and sign will unfold beautifully in people born with this specific transit in their natal chart.

When it comes to traveling, these guys are the masters of it: the bigger the distance and the spontaneity they have to bring in, the better for them.

Don't expect them to be dishonest, they will tell you the truth no matter how hurtful it may sound. They are not mean, they just can't refrain themselves from being sincere.

As far as adventures go, Jupiter Sagittarians will always jump in to take on new challenges and enjoy all kind of experiences.

They get along with everyone and if they will be open to anything, luck will follow them anywhere. It sometimes seems like these guys don't have any care in the world.

It's like they only want to make other people's lives better, teaching them all the philosophy and religious ideas they have studied. It's not easy to make them change their mind about their beliefs.

When someone will agree with them, they will be the happiest. Because they spend a lot, they are also good money makers. They are usually successful if they don't have to follow a routine.

Flexible and open-minded, Jupiter Sagittarians can accept other people's points of view. They will grow furthermore if they will listen and support people in their life.

They see education and traveling as opportunities for them to become better. But remaining open is the only thing that will bring them luck. If they'll be too preachy, they won't develop so well anymore, and their luck will turn away from them.

The Jupiter in Sagittarius man

The Jupiter Sagittarius man is very generous because Jupiter makes him this way. He will probably save money and donate them, or volunteer. The same planet helps him trust that things are going to be OK no matter what.

The fact that he's fearless in the face of the unknown makes him very sexy. But he needs to invest more time in his relationships and be more grateful if he wants to keep people close.

Being generous and reacting to affection with affection will help him build strong connections with others, especially when Jupiter will travel through his sign.

He will play his gender very well, and his sexuality goes deep. He has great chemistry

with most of women, so they can expect steamy nights with him. Direct, he will say what's on his mind and make many ladies blush.

While these guys may seem like they know everything, they are not at all proud. They are in fact students of life who love to make new friends.

Think about the Archer's arrow and you will be able to see how determined and motivated the Jupiter Sagittarius is.

If he will have someone who's as straightforward as him, he will be very happy. If you're in love with him, just make a move when Jupiter is traveling through Sagittarius.

This is the reason why many look for their advice. They usually accept anyone in their group, which means people of all walks of life will be their friends.

This type of karma will make them luckier than others, so they should be proud of who they are and always be aware of the fact that good things happen to them because they're the good ones.

All the traits they display with others will remain the same when they'll be dealing with romance as well. Unable to feel complete without a partner, they don't want to fight without listening to what their other half has to say and don't mind not being right from time to time.

Aware relationships require two people to be situated at two sides, they don't mind being with someone who's their complete opposite.

They will always look for that person who can make them feel complete because it's in their nature to want a half. The fact that they're a little bit indecisive when dealing with problems is not at all in their advantage.

It's often difficult for them to be objective and to decide fast, so don't be surprised if they'll say there is no solution to some of the problems they may be having or that someone else should come with an idea.

It's good they have many friends, so one of the persons in their life will eventually help them. However, letting others decide for them can completely change their luck.

It's true they're not the most organized people in the zodiac, so finding a way to set their priorities straight will help them achieve their goals more easily.

While many will come to them in search for wisdom, they may not be able sometimes to find the best solutions.

People with this placement must always stand by their decisions and face those who contradict them. After all, they're charming and able to convince anyone to do what they want, so standing their ground should come easily for them.

They shouldn't despair when things between them and their partner don't work as good as they expect them to. Jupiter in the 7th house will give them enough luck in love and with collaborations, so their marriage will be happy and their business partnerships prosperous.

As said before, there's a good chance for them to marry someone who can bring them many benefits and even wealth. It's possible for their spouse to be someone influential, older than them and even more profound.

The fact that they want to cooperate will make many of the people around them happy they've been chosen as collaborators.

With great ambition and one singular idea to pursue, for the time being, this native produces immense quantities of effort and galvanizes all their inner potential in order to attain their innermost desires.

Professional advancement represents the essential factor that counts to them toward a happy and comfortable life. In this sense, they very much prefer to work alone because, on the one hand, they fully know what they are capable of, as well as the limits, and on the other hand, they don't do well in coordinating their efforts in a team project.

In order to truly bring out the best in them, these natives prefer working in an organized environment, where they can peacefully devise a plan, deconstruct ideas, work things up on how to achieve the desired outcome.

It's very easy for them to have the best results with this in mind, and one of their biggest fears is not being validated for their hard work.

Appreciation matters a lot, because it inflates their ego even further, and most individuals, who believe themselves to be smarter than everyone else, like this feeling.

Dedication comes with time, and it comes from a desire to achieve something, to find fulfillment. There are plenty of reasons why people work hard, but the Sagittarian Capricorn works out of a need to feel in control of any situation.

If they were to let everything play out without interfering, the end result would be random, out of their control, way too unpredictable for comfort.

Relaxation time comes only after all the responsibilities have been taken care of, and since they seem to never finish their work, or they always find other outlets to pour their unending energy in, it's a given that they don't take the necessary time to enjoy life as well.

On their path to achieving a secure and stable lifestyle, they might forget about living life in general.

Their love needs

For all the responsibility and pragmatic efficiency that they demonstrate to have in professional life, things are very different when it comes to intimate relationships, to love matters.

Because they tend to focus too much on their plans and projects at work, they constantly forget about taking the time to take care of themselves, and this obviously means that their partner will feel neglected.

Their goals are admirable, as well as their motivations, but in the meantime, there is a clear lack of affection in his relationship.

To express emotions and feelings is not a sign of weakness, but one of maturity, of growth, of being human. The Saturnian Capricorn becomes a very reliable and devoted person once they commit to a relationship, and this is often the trump card that saves the day.

These natives must really take some time off and show their lovers that nothing matters as much as the relationship for them.

The good and the bad

Their highly efficient and productive persona, as well as the infinitely ambitious personality, make others believe that this is a psychopath, someone lacking in any feelings, a workaholic who cares about nothing else than the career.

However, family and personal relationship matter at least as much as professional success, it's only that these natives often get too focused on a given project.

Social skills are very developed in their case, especially speaking abilities. Saturn Capricorns can be persuasive, manipulative, and can really deliver a great speech in front of an audience.

You should never get into a debate with this native because they're going to turn you

upside down and make it seem like you were wrong, to begin with.

It also doesn't help that they're down-to-earth individuals and will likely never over-step certain logical barriers.

With a laborious attitude and a confidence to scare gods away, the Saturnian Capricorn is equipped with everything they could ever wish for.

Indomitable will, scorching passion, a boundless source of spirit and energy, resourcefulness, they have all the qualities that warrant a great future, and they will achieve it by taking on any and all challenges.

Working for their family, for their close ones, or just for the sake of their own development, the rise on the social ladder, this native may have a slow pace, but it's a steady and unstoppable advance towards the epitome of success.

With this much potential at their fingertip, much of it granted by Saturn, it's no longer a surprise why these natives prefer working alone.

It's because there is only a handful of people who could be a match for their ambition and perseverance.

The Saturn in Capricorn man

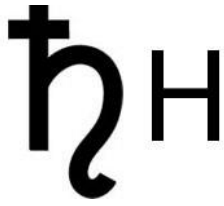

The male counterparts of the ever-so-successful Saturnian Capricorn women are endowed with the same obsession for rules, regulations, principles, and look on life as a playground to experiment in.

They are generally kind and happy individuals, both professionally and emotionally because the first determines the other.

If they have success in their careers, then it's going to reflect in their general disposition. If you stumble across one of these natives, you'd better make sure to keep them.

He will rock your world with his boundless generosity, love, care, and affection. They want to make their partners happy, and we all know how perseverant they can be.

Having a great desire to develop from a spiritual point of view, they should turn all of their energy into wisdom and an elevated power of understanding, which could be done by having stable relationships.

Because these people tend to be hurt for long periods of time when someone says or does something wrong, there's the danger for them to become abusive, dependent on sex or power, and possessive.

Summary:

Strengths: Hard-working, spontaneous and creative;

Challenges: Aggressive, controlling and fearful;

Advice: They need to be more calculated about life decisions.

One step ahead

The 8th house rules over death, but more in the sense of rebirth, not as the end of existence. While ancient astrologers used to think Saturn here would mean a painful death, modern ones have changed their views about this, a long time ago.

This is more the house that rules over significant change and transformation that comes from development. That's why people having Saturn in the 8th house need to always reinvent themselves, to give up their past and to grow into someone completely different and new.

This placement of Saturn, however, will obviously not allow all this to happen because Saturn is the bully of the zodiac, bringing about worries or feelings of anxiety.

It's important for natives having Saturn in 8th house to understand change scares them and that they should be prepared for it.

They should always plan and get documented on the major things that are about to happen in their life, for this strategy can bring them a lot of resourcefulness when the transformation will take place.

The 8th house is strongly related to the deepest insights of the psyche, which means natives having Saturn here will have penetrating thoughts and an energy that makes their ego shine.

This planet and the Scorpio, which occupies the 8th house, will always battle over the consciousness of natives, making them feel sick in their subconscious about this war and never open to let go of their ego.

Only transformation and rebirth will be able to get them out of this toxic state of mind. Not understanding what's happening in their subconscious, they will seek relief in interpersonal relationships, sex and even therapy.

It's normal for people having Saturn in the 8th house to feel rejected when refused an insignificant wish, traumatized when offended and to become abusive or in the worst-case scenario, assaulting.

Saturn happens to deal with longevity, so its presence in the house of death indicates natives of this placement will live long if the planet is not in bad aspects.

It has the power to deepen periods of isolation and to make people lethargic or changeable when it comes to their lifestyle.

This planet is aggressive and disciplined, the ego in the 8th house already having the destructive influence of Pluto. Therefore, individuals with this placement will feel like their identity is being slowly stolen by others who have either deceived or betrayed them until they no longer want to trust human beings anymore.

They may feel separated from people and connected to some transcendental energies that help them communicate with the esoteric.

They may go to the doctor for some sexual problems, but these won't be nothing else than strong expressions of their ego submitted to a force bigger than themselves.

It's like they have the capability to reach divinity by making love, that's how their passion works. The advice from the doctor may prove to be of no help and they may decide to either be single or to become promiscuous.

They can even be depressed and dissociate themselves sexually, trying to obstruct their emotional responses, which are ruled by the 8th house. Saturn in 8th house natives can become catatonic when their ego is getting hurt.

When it comes to more worldly issues, they may encounter problems with their money and inheritances because for them, belongings of others are magical and can carry curses.

They will be suspected of fraud or of doing some tricks to not pay their taxes, but they won't care and let accusations pile up if these would come from people in their life and not the government.

Saturn in 8th house natives can be aggressive when defending themselves, can suffer from paranoia and have a fear that others are always looking to betray them. All this may be related to things they've experienced in their childhood and some bad relationships they used to have.

Saturn will always discipline them, while the 8th house will influence their ways to be very curious about dangerous situations and taboo subjects.

The goods and the bads

Saturn in 8th house individuals can have a powerful connection with a different plane of reality, but not surrender to it.

This planet will bring them many difficulties that can teach them how to be different and how to break away from what they've been used to.

There may be many fears in their life, which they'll have to somehow face. Saturn is a bully planet that puts many obstacles in people's way, the house where it's placed determining which are the areas of life with which a person will have to struggle.

So when in the 8th house of sex, death, inheritance, transformation, the money of others and new starts, it makes the natives with this placement face challenges with these aspects of life until the age of 40 and even a little bit older.

They will struggle and work hard, but their money will still always be late. As brokers, these people will do a great job dealing with other people's finances, but their own credit score will continue to be low because Saturn causes for things to happen this way.

It's a good thing it also brings about longevity and a spontaneous approach to sex. When it comes to the way they're dealing with the darkness, it can be said their creativity is pretty unpredictable and that some energies will always require them to surrender.

Only Saturn will help them let go and master the art of dealing with what's forbidden. The 8th house hosts Eros' energy and allow it to be free. This means more sexuality, passion, imagination and love.

Saturn in 8th house people will know how to unpack life so they're always feeling alive, even if they may be doing things that don't seem to be in line with logic.

They will simply destroy their own limits and use their regenerative energies to get their life back together.

It's possible some of them have been abused as children and look when adults to recuperate with shamanic techniques of soul searching.

What's good about this placement is that it makes the natives of it realistic and responsible, so this is what they should rely on in order to be as happy as possible.

Anticipating change and planning may be a very good idea for them, together with the use of their instincts when having to deal with the worst that could happen.

They shouldn't be negative and have many close friends who want to discover all of their mysteries. Natives with Saturn in 8th house are known for their loyalty and dedication when it comes to relationships.

This position of Saturn should have them focusing on the good that comes with change and not the worst because this will in return have them less worried and stressed.

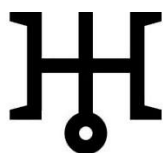

Very secretive, these people don't like sharing and tend to keep everything about themselves hidden. Anxiety should be defeated and they need to address their problems more openly.

Allowing people into their inner world can help them deal with the chaos, but it's essential they learn how to no longer take things so seriously.

The thing is, they are in love with knowledge of all sorts, and they want to find out as many things as possible about the world, about philosophy, religion, politics.

Most of the time, they want to redevelop these fields so that they can adapt to the demands and expectations to be encountered in the future.

In a nutshell:

Style: Hopeful and exploring;
Top qualities: Generous and spiritual;
Challenges: Tactless and impatient;
Advice: Keep being attracted to new and radical ideas.

Personality traits

The Uranus Sagittarius are raised up to believe in the old ways, to conform to the status quo and never create waves in society.

However, their rebelling spirit says otherwise, Uranus itself says otherwise, and in the long term, they will create their own future based on their own convictions.

Their vision is a highly singular one, anchored on the great amount of knowledge that they acquire at every step of the way, being always engorged with the study.

Science, spirituality, technology, philosophy, nothing is thrown aside because everything hides great opportunities within.

With their uncanny intuition and otherworldly instincts, they are likely to perfectly pursue their goals.

With their unconventional thinking and innovative drive, they are clearly going to rock the world inside out, break apart the societal conventions, shatter the chains of oppression and ignorance.

They will rebel against the masses, protect the weak, and overcome all the odds thrown against them.

With a gust of wind behind their backs and an iron will, they will shock everyone with their immense knowledge and drive.

Keeping themselves free from any sort of tradition and always going toward the less-traveled path, the future unfolds before them just like that.

The Uranus Sagittarius doesn't like it at all when the system is trying to limit their understanding or guide them onto a certain path without asking for permission.

This happens in education, where most of the times, the academic material is restricted to certain methodological and philosophical principles. However, it's also necessary in a world where the appreciation and discerning power of most people are exceedingly low.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

Independence is a must-have for the wild and unrestrained Uranus Sagittarius. He must feel the throes of pleasure, the pangs of adrenaline rushing through his veins upon discovering the world, new avenues of evolution.

If you want to do some research about something, then you'd better be sure that you have such a friend there to help you out. They will not only analyze the situation thoroughly and give you a detailed perusal of the structure of the problem, but they will also come with fresh ideas to solve it, straight from that inventive and revolutionary mindset of planet Uranus.

A doubting lover

First of all, you won't even hurry to marry at all because you have a lot of exploring to do, a lot of knowledge to seek and assimilate.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

The good and the bad

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always

asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

The Uranus in Sagittarius man

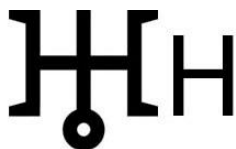

The Uranus Sagittarius man knows nothing that is more enjoyable and intriguing than gaining knowledge, searching for the true meaning of existence, answering all the existential questions that have plagued philosophers for millennia.

He will research, come up with new ideas, invent new things to help him along the way, and progressively approach the whole idea of development.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

Travel is one of the most exciting and interesting things that he does, one of his greatest passions as well. The world will be a different place thanks to the man with Uranus in Sagittarius.

It's very hard for these natives to get involved with someone who's overbearing or to be involved in an affair that doesn't offer them happiness anymore. They will learn from their experiences with others and realize how Uranus influences them in this house, so they won't be surprised when noticing they need change more than anything else in terms of partnerships.

These people hate taking orders and when someone tries to limit them, they start to rebel and become impossible to deal with.

The more they'll be with a person who's needy, the more limited they'll want to escape the relationship that makes them feel restricted.

Is very likely they'll be chaotic and rebellious when with their partner because wondering what's going to happen next makes them tick.

When the eccentric Uranus is positioned in the 7th house that rules over marriage and

any other type of partnerships, it gives people with this placement a need to be bachelors their entire life.

In case these natives will at some point marry, expect them to be with someone who's unusual and doesn't respect traditions. They can also marry someone either older or much younger than them.

Their partner will always be considered different than others because what they're looking for the most is for him or to be unconventional, no matter how they've been raised at home to believe love is.

As a matter of fact, in case their relationship is not in any way strange, it won't work for them at all. Individuals having Uranus in 7th house give a lot of importance to friendship, so they won't want a life partner that's only their love, but someone who's their companion as well.

It's better for them to have this type of relationship with their other half. You can be sure they'll always be open to do unusual things and to have many one-night stands.

They'll project themselves on their partner, so they'll probably look for someone who isn't in anyway stable, predictable or needy.

This is what they are, so this is what they're looking for in others, but don't expect them to ever admit it. The placement of Uranus in their birth chart indicates a split in their psyche, making them want to be out of the ordinary and even deviating.

However, it can't be said Uranus in 7th house individuals look for someone who's their opposite, a person on whom anyone can count and who's consistent because this is what their psyche asks of them.

With them, it's not like this at all because they find it very difficult to escape this psychological need they have to project themselves on others.

They would be seen by others as irritating people until their friendliness, kindness and love would come to surface.

Uranus close to the Descendant indicates these natives would unconsciously feel rejected, but they'll discover how strong their psyche is and build a strong image of themselves that isn't in any way related to what others think of them.

Uranus in the 7th house usually indicates people with this placement have been very inconsistent during their past life and perhaps caused others to suffer, so in this life cycle they may feel the need to no longer be this way and to become as considerate as possible.

However, they would never escape their past lives because these would be deeply buried in their unconscious, so they would still need to understand how necessary balance and trustworthiness are in relationships.

Blessings

Individuals having Uranus in the 7th house need to express themselves openly and to speak their mind.

Being confident and believing in their own choices should make their life easier and have others respect them more.

Is important for these natives to think they're talented and that they can do many great things with what they know. They're intelligent and have a nice personality that could win any person, no matter how cold.

Relying on their charming attitude and wit will get them very far in life. When Uranus is in good aspects in the 7th house, these natives will always have a hidden motive when interacting with others and not blame themselves for this because they think it's only something human and therefore, flawed.

They will immediately recover from heartbreak because they would think anything wrong that has happened with their relationship has the purpose to make them develop in a more constructive way.

People having Uranus in the 7th house should be careful not to flirt too much with others when having their own partner.

It understandable they're fun and always happy, but their lover wouldn't feel amazing if they'd be trying to hook up with someone else. Therefore, in relationships they should keep their sociability to a lower level.

Challenges

The strange thing about natives with Uranus in the 7th house is that they can't apply their own principles to their life. When it comes to helping others, they seem unable to make the right decisions, which can also happen when they're facing a difficult situation in their own life.

Being indecisive can drive people around them crazy and their partner to wonder if they're truly in love with him or her.

These people tend to just go with the flow and do what their lover is saying rather than bringing their own ideas. They will create conflicts because Uranus is all about creativity and coming up with all kind of plans that are more or less realistic.

Just because they're with someone, they shouldn't lose themselves in that person and no longer care about themselves or their own wishes.

When Uranus in 7th house is in bad aspects, there is the possibility for them to experience trauma from past lives as far as friendships, business partnerships and romantic relationships go.

The natives with this placement may still carry around the memories of past lives when they were either abandoned at the altar on their wedding day or got married with someone whom they didn't love.

If heartbroken, they will no longer respect, be fair, affectionate and kind with the one who betrayed them, no matter how much this would hurt.

They will just choose to be alone and to no longer trust anyone. Some sore points from their past lives may also be associated with social problems, so they may have memories of being removed from the family, group gatherings and all types of events they have hoped to be a part of.

It's also the possibility they've been married with someone who was wealthier or more intelligent than them and they felt small.

No matter the case, they need to be aware past lives influence them and can even cause them to feel bad, therefore, they need to escape and no longer perpetuate what they may feel is not right.

It would be a very good idea for them to accept others for whom they are and not try to identify themselves with the ones they love by projecting their own personality on them.

Neptune ♆ in ♑ Capricorn man 18° 58'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to

spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their

resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

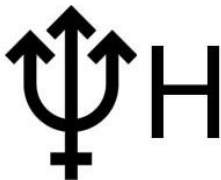

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Their experiences can be transcendental and they're very capable of dealing with emotional hurt from their past. It's good for them to engage in sexual fantasies because this is what satisfies them from a spiritual point of view.

It can difficult to deal with Neptune's traits because these usually bring about suicidal thoughts and matters related to death. Natives having Neptune in 8th house may be very dark when it comes to all of this, and their sexual identity can sometimes be very confusing for them because they don't know who they are when making love.

It's very likely for these people to be disappointed when their sex life is not according to what they're fantasizing.

They probably have psychic abilities and are very sensitive to the needs of their partner.

Neptune is the planet of dreams, so in the 8th House, it gives people with this placement great intuition, déjà vu episodes and even prophetic dreams. These natives will always question themselves on matters of life and death.

It's easy for them to get drunk from only one beer because they're very sensitive to all kind of substances. They want to connect on a spiritual level with their partner, and having the planet that rules imagination in the house of sex makes them wanting to fantasize more and more about how they could make love.

These people have a need to please, this being the reason why outside of the bedroom, they don't mind being highly generous. If they'd have a partner who wants to take advantage of them, they'd end up being tremendously deceived.

When it comes to money, they see things in a too positive light, which can bring them many difficulties, especially until their 30s, when they'll become more responsible with their finances.

If they have someone they can trust, it would be better for them to let that person handle their money because they can easily be defrauded by those who want to take everything

they have.

Everything relating to spirituality or the soul makes natives having Neptune in 8th house more attentive. On the positive side, this can help them become highly spiritual and loving with their friends and family, but on the negative side, they could end up deceived because they can't find what they're looking for in others.

The 8th house is also the one of debt, so Neptune placed here can bring serious problems with money. The natives with this position in their chart may get tricked when trying to obtain a loan and they can end up paying more than they actually took.

As a matter of fact, all kind of deceptive situations can be what rules be their life all the time, especially if Neptune is in difficult aspects with Mars, Pluto and Mercury.

With these placements, they'd have a lot of bad luck when it comes to inheritance and even when collaborating with lawyers. The same aspects of Neptune are not in any way beneficial for dealings with the government.

They may not be able to pay their taxes or do something illegal. In case Neptune is in bad aspects with other planets, the natives will not get together with the right people and can have secretive partners who only want them for their money.

Neptune in 8th house individuals have great talents when it comes to the paranormal because their consciousness is very open to the transcendental and the Universe altogether.

They may get lost in a world of imagination and become unable to see what's real. Expect them to talk about strange happenings in their life because the supernatural always seems to find them.

Confusion and twisted realities will be very present in their life because the cosmos seems to play tricks on them. They may also have problems because they're reading different weird theories and don't research the facts behind the information.

This means charlatans might scam them by offering them all sorts of services related to the paranormal. That's why they should be careful what religious groups they're joining as many sects and communities are only looking to get people's money and don't have any knowledge to offer.

It can be very easy to hypnotize them because they're sensitive when it comes to magic. Their sex life will always be interesting and fun, so their partner will be very happy to get unified with them while making love.

They can offer great pleasure and take their lover to higher spiritual grounds because

they don't only want to connect only in body, but also in spirit. On the other hand, they be so spiritual that they no longer require any form of physical interaction.

The goods and the bads

Neptune in 8th house individuals can manifest themselves in many different ways and have strange views when it comes to wealth. For example, they don't want to negotiate and are always offering others more than they can give.

Many will want to be in their life just because they're giving and don't mind sharing. This is the reason why they have money problems and also why they don't know how to fix their life when it comes to the financial aspect.

A more objective perspective as far as finances go is highly suggested for them. Feeling everything on a deeper level, they want to give spiritual meanings to everything happening in their life.

They're able to see more than others can and usually don't pass by problems without thinking of the best solution.

These are the people who can find what's underneath and who can deal with subtleties in a graceful manner.

Everyday life doesn't seem simple for them, but they usually prefer to go with what is in front of their eyes and don't misinterpret people's intentions.

However, they may feel like no one understands them or that others are missing the meaning of life. This can sometimes influence their relationships in a bad way.

Because they have high ideals, they may put too much pressure on their partner and see things that aren't actually real. Their imagination is something they should be proud of, but it can also cause them problems in their relationships.

Pluto ♄ in ♋ Cancer man 26° 52'

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense that most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

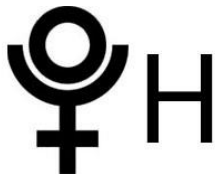

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♅ in II 2nd House

([1102] i.thehoroscope.co)

This placement of Pluto encourages people to adopt a rather businesslike approach to everything they do and to hate wasting any time.

Pluto is a strange planet indeed, and more than that, it's a very difficult and complex one as well. Natives born with Pluto in the second house will experience a lot of emotional distress and traits similar to a personality disorder.

Emotions are taken to an extreme, their appreciations and passions change by the minute, it's like they're a completely different person. Generally, money plays a major part in their vision for the future. It's either idealized as the most important thing in the world or completely ignored, for being just a piece of paper.

Summary:

Strengths: Observant, confident and ambitious;

Challenges: Moody, speculative and extravagant;

Advice: They shouldn't let themselves driven just by money.

Nothing truly puts them down

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and dominative personality, they will extract even more pleasure and satisfaction.

The goods and the bads

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

North Node ♏ in ♎ Libra 23° 28'

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of inconsequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so

unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient

restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of pastlife memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Node generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

North Node ♁ in V 5th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring friends and acquaintances of a specially high social status. It causes the native to come

into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good success in love / romance, but regarding friendships they may have many

disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him, but instead his frustration arises from the gap he sees between the reality of his past-life

dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the individual comes to understand his own sense of self-worth. He observes how children

put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning selfdiscipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

In the fifth house, there's a hang-up about self-expression. Here we have the social climber of the show-off. Less comomonly we see the 'Aw shucks, it was nothing'

syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a primary loyalty to self before the rest of the dream can be fulfilled.

Gifts of Shadow

If you have Lilith in the 12th house of your chart, her themes will manifest in terms of isolation, the shadow, and limitation. She becomes the energy that stands in our way even as she offers dark gifts.

In traditional astrology, the 12th house is known as the house of Bad Spirit. This is where our own shadow meets the shadow of the collective. Our darkness reigns here, and is it very difficult to face and utilize the energies of any planets here directly. With Lilith in the 12th, you may deny or minimize your own darkness until it comes erupting to the surface.

The 12th house is also associated with hidden enemies. With Lilith here, it feels like there are forces working against you, coming at you from every angle. You may build up resentment and paranoia, which will prove to be far more corrosive to your soul than your enemies ever could be.

The 12th house rules limitation and restriction of all kinds. You may have found yourself at some point in life feeling stuck, or maybe even literally trapped within institutions like hospitals, prisons, or psychiatric wards. And if you have, it is likely that you were falsely confined and had no business being there. But either way, you have been isolated in some manner and have had to pay the social price.

While I could easily write a book on this placement, I will end here. The 12th house does just hold our shadow. It holds our gifts. When you are able to be quiet and sit with your shadow, a magnificent flower begins to bloom. You are able to build compassion for humanity like none other, and it is here that you begin to find your freedom. Let your gifts grow.

Chiron ♄ in ♊ Gemini 5° 22'

([1250] astromajesty.com)

Geminis are the social butterflies of the zodiac and can easily adapt to any social situation. They are able to express themselves freely and are quick learners. Gemini is ruled by the planet Mercury, famed for being the planet of expression and relationships.

In Roman mythology, Mercury is the messenger of the Gods. It is also the ruler of the 3rd house which focuses on communication and relationships with friends, family, acquaintances, and the like.

To find Chiron in Gemini indicates that there are problems in this area. A consequence of having Chiron in Gemini is that those who have it may not feel as though they can freely express themselves openly and truthfully. Vocalizing their personal opinions is not something that comes naturally to the Gemini Chiron.

Deep down they are actually gifted when it comes to speaking. With Chiron in Gemini, they have a natural way with words however this is not seen by the Gemini Chiron, instead, they experience difficulties in this area as they fail to see their unique abilities. The implications of this are noticeable, either by the Gemini Chiron being quiet or if they regularly struggle to get their words out.

Communication is important to their evolution. Chiron in Gemini indicates that there are

lessons and healing that need to happen in the area of communication and establishing relationships.

People with this placement may feel as though they want to break free from the constraints of limited thinking and the frustration of not being able to communicate with others. Putting aside their fears is a key part of their personal development and will help them to avert negative thinking in this area.

Personality

Chiron reflects the areas that need to be worked on in a person's personality. It showcases the emotional baggage that impacts actions and decisions made throughout life.

Despite its seemingly negative tone, it does possess some positive aspects.

The astrological symbol for Chiron is a key. By understanding the impact that Chiron has on our personality and life we can unlock the truth of our existence and face the darkest aspects of our being. Coming to terms with our wounds can help us to heal and survive.

Negative aspects

The messages that you absorbed at a young age may have impacted your view of the world and yourself. This could be bullying from a sibling, children at school, or an authoritative figure such as a teacher or parent.

This has had a lasting effect on those with Gemini Chiron. They may also have had a stunted understanding of the way that the world works, it could be that they were kept out of conversations such as sex, finances, and death, in a bid to protect them in their childhood.

Chiron in Gemini may suffer from low self-esteem and interpret their lack of communication skills as them being stupid or ignorant, which is not the case. These false ideologies may make them feel as though they can't fit in with others. Imposter syndrome may be common with people with the Chiron Gemini placement.

In work or social situations, they may feel as if they are in lower standing than those around them, particularly those who are natural and gifted speakers. This can result in constantly comparing themselves to others.

They may project their insecurities onto others by putting down those who seem less intelligent than themselves. This is a coping mechanism, an unhealthy way of deflecting their frustrations and releasing their anxiety.

Generally speaking, they tend to oppose those who gossip or participate in the slander of others. Communication is important to the Gemini Chiron and those who abuse it are

not looked upon favorably by them. However, they can contradict themselves by engaging in hearsay and participating in the discussion of rumors.

People with this placement may also be considered as a scatterbrain. The way that they process their thoughts may not be organized which leaves them occasionally tongue-tied when they attempt to communicate clearly and articulately.

There may also be a tendency for Chiron Geminis to be more susceptible to mental health issues, anxiety and, potentially, substance abuse, though this is not absolute. In social settings, the Chiron Gemini may be more of a drinker than their fellow peers. The influence of Dutch courage helps them to communicate in a way that they have never been able to when sober.

Positive aspects

Those who have Chiron in Gemini will embark on a journey of communication. There is deep healing in this area of their lives and through having an openness to understand their weaknesses they will improve and learn to speak their truth.

There is something inside of them that wants to break free. They have a unique gift that needs to be shared with the world.

These individuals have a natural curiosity for the world around them. In their solitude, they can appreciate the little things in life such as a bird's song, the frost on the ground and the sound of the wind through the leaves. They may have interests in travel, nature, and even mechanics. It is not uncommon for them to take risks and divulge in activities that others may think twice about doing.

The fact is that the Chiron Gemini isn't actually bad at communicating; they just have the impression that they are, which affects how they speak in general. The benefit of this is that they can take specific measures to counter this.

They can be open-minded and may be able to express themselves with their body language very well. As they are not particularly vocal they find ways to communicate that others may overlook.

Despite their seemingly gentle nature, they can have a sharper side to their personality.

The Gemini Chiron may be argumentative and can be surprisingly bold when facing off someone they dislike. This is due to their lack of articulation, much like when a toddler throws a tantrum when they are unable to express themselves in the way that they want to.

Men with Chiron in Gemini

From a male point of view, Chiron in Gemini residing in their chart may have caused

problems in their early years.

The trouble that they faced with expressing themselves may have meant that he let others speak for him. By allowing others to put words into his mouths he could've been victim to manipulation in social scenarios.

He may have struggled to speak up for himself which would have led to him finding himself in situations that did not serve him. He could've been susceptible to peer pressure. By not being able to think for himself he may have gotten into trouble at the expense of others' behavior.

The Gemini Chiron male may tend to adapt himself like a chameleon to fit in with the crowd or he accepts his social status as an outcast. This is at no fault of his own. He could rectify this negative self-image of himself however he has allowed feelings of inadequacy to take hold. He may feel as though he cannot measure up to others, especially other males.

The Gemini Chiron male can feel intimidated when they are near loud individuals. In large social groups, he tries to conceal his insecurities and would prefer to let the large characters in the room take charge. When alone they take pleasure in solo activities that satisfy their curious minds such as research or reading.

Lessons

This placement highlights the wounds that need to be healed, it is not an indication that the Gemini Chiron will suffer from communication problems and how they relate to others.

The impact of Chiron can be remedied with conscious thought, an open mind, and effort. Once someone can identify the effect that Chiron has on them, they can take the necessary steps to start the healing process and conquer their issues.

There is a budding intellect and communicator that wants to show themselves off to the world inside of a Gemini Chiron.

It lives within them, what blocks them is confidence in themselves and the energy of karmic pain. Once a Gemini Chiron can identify their issues and open themselves up to being more communicative, they will release the issues gained from their past life.

The Gemini Chiron must move past the notion that their speech must be perfect, it's ok to have an unpopular opinion or an alternative view of the world.

So long as they are being true to themselves and respectful of others the Gemini Chiron will flourish once they come to this understanding. They must also avoid trying to impress everyone.

To learn from their wounds, the Gemini Chiron must not 'people please' or worry about how others see them.

They must not be fearful of judgment. In life, every idea or sentiment that we have is for a purpose, whether it's to educate others or be educated by understanding our ignorance.

Communication has its place in this world to help us create bonds with ourselves and others. The Gemini Chiron must know that their points are valid and they should not be scared to share them. They were given a voice for a reason and so it must be used for its purpose.

Everyone in this world is unique in their own ways, this is something that the Gemini Chiron must accept. The Gemini Chiron has talents in listening, where they struggle to speak themselves.

This makes them an excellent confidant and friend. If they continue to have issues with communication then they may wish to look toward the stronger aspects of their personality.

While they refrain from speaking, they should learn to quiet the mind and listen to their intuition. If the Gemini Chiron can allow themselves to be guided spiritually, they may find the voice that they have been looking for.

As such, Gemini Chirons are healers by nature. They can help others who also struggle to express themselves and be of support when they need it.

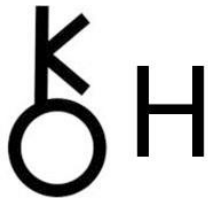

Another lesson for the Gemini Chiron is that they are intelligent regardless of what they think or feel about themselves. If they have received messages in their younger years that they are not smart enough it was only due to the insecurities of those individuals.

The Gemini Chiron must start to put in the effort to study, learn and keep their mind open. They must apply themselves to see the results that they want and must not fall victim to the negative self-image that they have of themselves.

As time goes on, they will become more comfortable with who they are. When the Gemini Chiron actively starts to seek out opportunities where they can express themselves, they will come to discover that they have a knack for it.

Through the word that they speak, they will offer great help and healing to those that hear it. Their voice will become important for many and they will have a significant impact on the lives of others.

Chiron ♄ in I 1st House

([1260] astromajesty.com)

People born with Chiron in the 1st house probably have a wound they can't hide, and others are aware of their struggle.

Overall, it's a problem, trauma, or weakness that's the most challenging to conceal compared to Chiron in other houses. That is because it is associated with the conscious self, and it is deeply rooted in one's being.

The wound shows itself, and it manifests in one's behavior, identity, or confidence. Hence, it is closely associated with a sense of self-worth. Others will notice it in how one presents themselves and acts when people are paying attention.

It is a wound that is inherently visible. Hence, it reflects on one's physical appearance, physical health, or treatment of others. But it can also show in one's emotional or mental well-being, although more rarely.

Chiron in the first house typically represents the pain originating from one's formative years, usually when one learns how to accept its changing body.

Because of that, it likely starts in early childhood or teenage years when a person is vulnerable to how others perceive them. It doesn't necessarily represent a physical impairment or deformity.

Instead, Chiron in the first house can indicate that how one looks or dresses doesn't align with their culture, group, or society altogether. Sometimes these natives have an atypical lifestyle or clothing choices, which often shock or annoy people in their environment.

Self-esteem and self-love issues

People born with Chiron in the first might not fit in the typical beauty standards due to a crooked nose, body weight, or skin type. The sign where Chiron in the first house settles in determines where the issue could be.

Whatever the scenario, the trauma turned this pain into an integral part of one's identity.

These natives associate themselves with their wounds and often believe they are what others see in them.

For instance, if others used to call them freaks, they start thinking they are. In a way, Chiron in the 1st house represents a self-fulfilling prophecy.

Since one has this pain from an early age, it tends to remain for decades, if not throughout life. These natives might learn how to conceal it or live with it without much disruption, but the wound will eat them up inside.

It is not difficult to notice when someone has their Chiron in the first house. If their wound lies in the physical realm, they might hide or improve some body parts, dress overly flashy or modestly. They aim to conceal their self-worth issues by emphasizing what others might like.

On the other side, if their pain lies in the emotional or mental realm, it will probably manifest in their personality and behavior.

People with Chiron in the 1st house should pay attention to how they present themselves, how they want others to see them, and what makes them feel vulnerable. If they are unaware of their traumas, this should force them to come to the surface.

Perhaps those with this position felt invisible, pushed aside, or ignored during their formative years. It is why they learned to come off as uninterested, cold, and detached. That makes others believe these natives can't be hurt because they don't care about anyone's opinion.

People with Chiron in the 1st house could also be afraid of getting close with someone because they don't like when others make them vulnerable.

Depending on the sign this placement lies in, one could also become too clingy and dependable but terrified of their loved ones getting to know who they are.

The most challenging position is Chiron in the first house conjunction ascendant because it is more intense. Because of that, it tends to manifest physically and is more noticeable to other people.

Fear of other people's opinions

These natives are typically hypersensitive and worried about what others might think of them. Their trauma often makes them blow everything out of proportion and make the problem worse than it is.

People with Chiron in the 1st house have a hard time loving themselves or a part of them. Whatever their wound is, they are so terrified of it that they can't even look at it.

They could become so lost in their trauma that they would do anything to remove or hide the source of their pain. It is why people with Chiron in the 1st house are likely to enhance their bodies, undergo plastic surgeries, become obsessed with makeup or fitness.

However, regardless of what they do to conceal their wound, it usually remains because they didn't genuinely confront it.

It is how this trauma could grow to become self-hate or despising society. People with Chiron in the 1st house could lose a sense of identity by becoming who others want them to be. If these individuals make everything about their trauma, they could neglect all the other qualities that make them who they are.

The risk of losing life direction

These persons also tend to lose their life path. Individuals with Chiron in the 1st house try hard to find themselves but end up getting nowhere. They tend to change lovers, friends, locations, and styles, looking for their identity, which often ends without any result.

The worst comes when they start believing that people around them have everything figured out. It is what typically makes them hate themselves more or envy others.

If they don't confront their wound without making it look prettier or more acceptable, they could become frustrated and feel empty. These natives have to learn to live boldly and put themselves out there without fear of judgment. Chiron in the 1st house is about self-acceptance, self-love, and perseverance.

It represents the journey of embracing one's flaws, weaknesses, and impairments and using them to become stronger. These natives must stop concealing their wounds because they will keep reappearing.

Instead, they must confront them, identify where they come from, and what's the best way to heal them.

Chiron ☿ in Rx retrograde movement

([1272] advanced-astrology.com:) Chiron retrograde natal suggests that you find it challenging to accept that humans are imperfect and vulnerable. There are uncomfortable truths that need to be faced, but also that things don't always work out, and injustice is a big part of human existence. When something bad

happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

Part of Fortune ☒ in ♌ Leo 11° 8'

([1279] astrolibrary.org)

Your greatest satisfaction and fulfillment comes through surpassing yourself and being the center. So, it comes through your personal mastery, inspiring and guiding others, without abandoning the responsibilities that your power gives you.

You want to improve yourself and your society by means of some attainable goal that can serve as an example, and that makes you feel satisfied and deserving of a reward, as a symbol of what man is capable of when he uses his potential. You help human beings appreciate and be proud of themselves.

Because Aquarius is the sign opposite to your Part of Fortune, you learn not to force those around you. You let everyone find their own method and own rhythm, understanding that each individual has his own path.

You do not wear out your energies. You learn to conserve them and direct them towards a creative power, overcoming everything that has made human beings feel weak and powerless.

What you achieve through your own effort will have to be honest, otherwise it will have little meaning for you.

Your strength will be greater when you do not personalize the advice you give to others, and stop caring if they accept or reject your ideas. Simply be happy to have had the opportunity to help another person. You almost always wait for the admiration of others. But, you must understand that the personal love you give will at times not receive its just reward. So, it will help you to express it impersonally to avoid that your search for an audience distracts you from your purpose and creative will.

You are very demanding with yourself. You feel satisfied when you achieve a specific goal, with principles that bring you honor, prestige and respect.

You are generous. You must learn to give without expecting anything in return, although you need some kind of response to know that you are doing things well and that you are on the right path.

Focused energy brings you your greatest successes, and the admiration you finally receive will bring you your greatest happiness. You are joyful, above all, knowing that you have had the opportunity to show that when people feel good about themselves and respect themselves, they are able to overcome the biggest obstacles.

Your greatest accomplishment will come from everything that you express and from the significant principles that you exhibit.

Part of Fortune ☒ in III 3rd House

([1289] astrolibrary.org)

You are happy to communicate with others. You enjoy being understood, so language and proper use of words are important to you. You try to understand how others think and how they see things, so you can develop a greater perspective in your thinking.

Thinking clearly is what will bring you your greatest fulfillment.

Your security is based on thought instead of the material world. Therefore, you like to teach others to think clearly, so they can understand the world around them, and understand all kinds of people.

Since your Part of Fortune is in the third house of your birth chart, the ninth house is the

opposite house. The ninth house helps you understand abstract thinking, other people of other nationalities and mentalities, cosmic ideas, and the higher mind. But your fulfillment will come through the lower and concrete mind.

You must learn the difference between the presence of human ideals, and the reality in which they must live and be carried out. By accepting this wisdom and not being strict in your ideals, nor judging those who still do not understand the higher truth, you will gain the trust of those whom you want to teach and with whom you want to communicate.

You do not judge other people, you just try to understand them and get to know them. This helps you accept that which is contrary or different from yourself. You have something important to say without forcing your ideas on anyone, or on those who are not ready to accept them. You learn to have much tolerance.

You also learn to recognize when is the right time to say things. You must give your teachings and knowledge in a detached way, and you will get great satisfaction knowing that you have enlightened another person's understanding.

You absorb many philosophical and spiritual thoughts through the ninth house. You realize that the greatest truths go beyond the mental barriers that separate people.

You must be fair. You have the ability to see all sides of a situation. Thus, by bringing superior understanding to human relationships, you help all people in your environment get along better and get a better understanding of the different points of view that may exist. This way, the dichotomy of the world and of human thought will not hinder communication between people.

You find your greatest satisfaction and happiness through all the people you get to know and help. When you come to understand all the circumstances and people around you, you acquire a spontaneity and confidence in yourself and in the whole Universe.

6) ► **Imum-Coeli IC Parallel ☉ Sun** - (0°56') ♄7 | ♃9

([150] astromatrix.org:) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships
You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

7) ► ***Imum-Coeli*** IC ***Parallel*** ☿ ***Mercury*** - (1°19') ♄7 | 138

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation

according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

([589] 12andus.com:) You are wise and intellectual but your gifts for strategy tend to shine more at home or in your personal life rather than in your career.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

9) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (0°23') ♀9 | 138

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your

work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

10) ► **Sun** ☉ **Parallel** ♀ **Venus** - (1°59') ♍9 | ♍9

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of

life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

11) ► **Sun** ☉ **Parallel** ♊ **South-Node** - (0°43') ♍9 | ♎11

([151] astromatrix.org;) Making a Sacrifice

With the North Node Opposition the Sun, your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

Actually, you may not really be allowed full recognition within your lifetime, because spiritual development is needed now to balance out the degree of individuality achieved in the past. Due to previous lives of great ambitions and ego development, you must now slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously. You may not be allowed to come fully out into the light.

You may find your plans and goals thwarted by circumstances or societal values. However gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it. Beware of a tendency to hog the spotlight.

12) ► **Sun** ☉ **Parallel** ♋ **Pallas** - (1°31') ♍9 | ♏8

([576] 12andus.com;) You are creative and insightful and you use all of your artistic abilities in your battle for empowerment.

Your warrior instincts are triggered by the 'desire to protect self expression and 'honor the freedom of individuals. You feel it is important for others to channel their creative gifts to enhance struggles for freedom and, empowerment.

You tend to be optimistic about the prospects for success and believe in bringing out the best in others, even your ideological adversaries. Rather than putting down the opposition, you believe in encouraging others and enhancing others' confidence so you can win them over to your side.

You have a generous and uplifting style of connecting with others. You use your charismatic style to help others understand the importance of your mission.

13) ► **Moon** ☽ **Parallel** ♀ **Venus** - (1°50') ☿7 | ♀9

([16] astromatrix.org;) Natural Sympathy

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

14) ► **Moon** ☽ **Parallel** ♂ **Saturn** - (1°08') ☿7 | ♀8

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by emotional defensiveness, reserve, and caution. Self-esteem is weakened by such

attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have resulted in a fear of emotional expression, to others and even to yourself. This, coupled with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

15) ► **Moon** ☾ **Parallel** ♀ **Neptune** - (0°02') ⇄7 | 138

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become

a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

16) ► **Moon** ☾ **Parallel** ♅ **Pluto** - (0°27') ♄7 | ♁2

[23] ([22] astromatrix.org;) The Housebreaker

This is a very versatile and intense aspect, which can give rise to sudden emotional outbursts or panic. If the conjunction is receiving other challenging aspects or has not learned to transcend the great infusion of feelings and hysteria, fear can result. This can indicate broken homes or illegitimate children.

On the other hand, this can indicate a more evolved person that has insight into the psychology and psyche of all people with whom one comes into contact.

([23] astrologyking.com;) Moon conjunct Pluto natal gives an intense and dramatic emotional life. You feel things so deeply that it is sometimes hard to control how you react to people and situations. You also experience extremes in moods and a tendency toward serious and sometimes dark moods.

Your emotions and reactions are also strongly influenced by your powerful intuition. Dreams, visions, or psychic impressions are often extremely vivid and profound. By nature, you have little control over your subconscious but your feelings and intuition can take control over your conscious intentions and actions.

In a dark mood, you may become overwhelmed by fear and paranoia. Believing that others are trying to control you, it is possible for you to subconsciously control them. Such behaviors as manipulation, lying and intimidation may follow.

Emotional manipulation is most likely to occur at home when you are growing up and in intimate relationships, particularly with women. If your mother was prying, manipulative or over-bearing then you would have learned such controlling behavior. If so, undoing this subconscious brainwashing is a major priority and a necessary task, before you can

enjoy healthy relationships.

Thankfully, your powerful subconscious has tremendous powers of regeneration and transformation. You can easily learn psychological self-analysis and other techniques for accessing deeply buried memories and feelings.

Meditation, astrology, dreamwork, and past life regression are some more natural ways to positively transform sinister emotions or destructive behaviors. Your powerful subconscious is capable of amazing things. You can make things happen with the power of your mind.

17) ► **Moon** ☾ **Parallel** ♊ **Vesta** - (1°39') ♋7 | ♎6

([610] 12andus.com:) You easily follow your intuition and your deep sense of emotional connection to the spiritual realm leads you on a unique path of service.

You may easily nurture others even at the expense of your own emotional desires. This doesn't bother you though, because you can find deep nurturing through your quest to serve others. In particular, you may dedicate yourself to a spiritual mission that blends family and business.

You may nurture others as if they were family to you. You may also care for children or women through your spiritual service to others. When you are connecting emotionally with others and intuiting their deeper needs, you feel like you are experiencing spiritual connection and awakening.

Your emotions propel you to take your humble service to others seriously and keep you connected to your higher mission.

18) ► **Mercury** ☿ **Parallel** ♀ **Venus** - (1°36') ♏8 | ♍9

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful,

subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

19) ► **Mercury** ☿ **Parallel** ♊ **South-Node** - (1°06') 138 | 11

([172] astromatrix.org;) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

20) ► **Mercury** ☿ **Parallel** ♀ **Pallas** - (1°54') 138 | 138

([578] 12andus.com;) You use your keen intellect to strategize your mission.

You may be moved to act on campaigns that appeal to your desire to help others create understanding. You can be fair and diplomatic because you see every aspect of the situation.

You can also end up as a spokesperson on issues that are important to you. You can easily appeal to the rationale and logic of others who could be allies in your campaign.

You believe it is important to communicate in order to come to a compromise. It is easy for you to articulate issues that strike a nerve with you. You are a strong advocate and may use storytelling to educate others about important issues.

You may be a planner or consultant for others who share your mission and can easily set up creative but informative campaigns for issues you care about.

21) ► **Mercury** ☿ **Parallel** ♋ **Vesta** - (1°47') 138 | 116

([611] 12andus.com:) You are highly attuned to your spiritual mission. From an early age, you may feel a zealous connection to your sacred path.

You are easily inspired to share messages you feel are divinely inspired. You may write, speak or teach subjects that are focused on service to others.

You can become enthusiastic about your mission and everything about your mindset is dedicated to service and spreading knowledge about connection to a spiritual mission.

You easily find hope even in difficult situations and you believe it is your duty to help spread hope to others. You may be committed to educating others even at the sacrifice of subjects or lessons that were important to you.

You don't mind making this sacrifice, you are eager to do so.

22) ► **Venus** ♀ **Parallel** ♄ **Neptune** - (1°52') 9 | 138

([45] astrologyking.com:) Venus conjunct Neptune natal makes you a romantic, an idealist and a dreamer. It is very easy for you to fall head over heels for someone, and your empathy and compassion is to be admired.

However, this tendency towards idealistic love does have the potential to make you vulnerable to a broken heart and disappointment. Other people who are not as caring as yourself, may see your kindness as a weakness and take advantage of you.

It will be important for you to expect others to return your love and loyalty, to keep up an equal footing in love relationships. Once you tackle the tendency to over-idealize, or subconsciously ignore the negative traits in another, then you will lessen the risk of dissolution or grief.

Venus conjunct Neptune also suggests that you should have musical, artistic, or other creative talents. You have the ability to appreciate the surreal, and bringing form to the more intangible impressions you receive would be therapeutic.

23) ► **Venus** ♀ **Parallel** ♇ **Pluto** - (1°23') 9 | 2

([46] astromatrix.org:) Transforming Lover

Your intimate personal relationships will be extremely important in your life, creating a

sphere of experience which can take you to both the heights and the depths of emotional intensity, and will be a focus for energies of transformation which will influence the direction of your life.

What you are searching for is 'the ultimate physical / emotional affair', a consuming passionate involvement with your ideal partner; and this desire will play a prominent role in your choices of partner for relationship. Unfortunately, what you are chasing is more of an illusion rather than a reality, a dream figure projected from your own psyche that you look to find in the objective world the anima and animus images of Jungian psychology.

As real life has a habit of shattering illusions, you will often be frustrated in your relationships, which could lead you to experiment with a variety of partners, none of whom seems to fit your inner picture of 'perfection'. Emotionally, you can be difficult to satisfy, as you tend to believe that there is always a greater intensity and experience that has so far eluded you, but which would be within your reach if only you could find the right partner.

Inevitably, your emotional life will be full of highs and lows; and the likelihood is that you will either break up promising relationships or allow them to fall apart by withdrawing your commitment, because you are already casting your net for a more suitable mate. It can be difficult for someone who is emotionally attached to you, as you tend to 'blow hot and cold', fire, passion and intensity, and ice, distance and disinterest, as your partner displays his or her more frail human face. Only a 'god or a goddess' will do for you!

The point is that you are externalizing your inner ideal partner; and what is required is that you realize that you have to evoke these qualities from within your own nature, to become more complete and self-sufficient in yourself, rather than look for another to bear the strain of expressing them, and upon whom you lean. You have to reabsorb your own fantasy projection, stop expecting another to live up to your ideal, and learn how to embody it yourself.

It is a step in moving towards the inner androgynous state of being, where the physical male integrates his anima, allowing 'traditional feminine qualities' of sensitivity, intuitiveness, nurturing and caring to enrich his life, and the physical woman integrates her animus, releasing qualities of action, intellect and assertiveness to enrich her life; an inner balance. Until you begin to make progress in this inner psychological necessity, then it is likely that you will continue to find an underlying dissatisfaction in your relationships, a feeling that there must be more somewhere.

You need to change in order to create an opportunity for your relationships to stand a chance of working; you need to accept the real nature of people, their weaknesses and strengths, and learn to love real flesh and blood people. Potentially, your capacity for the intensity of love can stimulate considerable transformation in yourself and partners, acting as a healing and development catalyst; the process of rebirth in your life will come

via your emotions, but be prepared to suffer the 'death of the heart' first.

Your vitality and energy can give you an artistic temperament and ability, coupled with a style of dramatic self-expression; and people will rarely respond to you in a lukewarm manner, finding themselves either strongly attracted to the consuming flame or repulsed as the intensity is too much for them. Transformation, perhaps through the reorientation of your excess vital emotional energy towards a spiritual or social cause, could help regeneration, offering equal intensity but from a stabilized inner balance.

24) ► **Venus** ♀ **Parallel** ✽ **Vesta** - (0°11') ♀9 | ♀6

([612] 12andus.com:) Though you may be attractive and charming, you're likely to postpone serious commitments or relationships until later in life.

Instead, you will find your calling appealing to people's love of security and beauty. In doing so, you help to share a message related to spirituality, self care and priorities.

You can easily attract opportunities to be of service. Your compassionate nature and ability to mediate problems and create balance can be part of your higher mission. You devote yourself to making others feel loved and secure. Even if you don't always feel loved and cared for yourself.

You have a tendency to put others' needs first but you never complain about this. You see it as part of your mission. You are also comfortable caring for yourself so that you can dedicate yourself to a path involving helping others feel secure and nurtured.

You bring out the beauty in those around you but may pay little attention to your own image. You can also use materialism to prove your dedication to a mission that helps others grow spiritually.

25) ► **Mars** ♂ **Contra-Parallel** ♂ **Chiron** - (1°30') ♀8 | ♀1

([121] astrotarot.net:) Typical features that this opposition brings: might doubt your strength, your right to do what you want, or even your right to exist. Also, you often expect rejection when you go after what you want. So, you will need to incorporate the awareness of subtle human realities including vulnerabilities and insecurities in order to function well. You need to learn to express anger or accept anger. That can be a valid emotion and lesson here. A fiery and even brutal approach to healing and wounds can appear. You may refuse to seek help or advice. Healing likely comes after many battles. Also this aspect could be a signal for internal battles or conflict in relationships. So you are being challenged to develop new and unusual strategies for living. You can glow with energy, but often you don't know what to do with it. Or, you are scared to do anything with it. Asking for what you want, or self-assertiveness, is the main challenge for you. Often you find yourself apologizing after an outburst of anger, self-assertion or statement of desire. You also have lack of confidence. There can also be some physical clumsiness or awkwardness. In conclusion, you need to learn to accept your own

desires and feelings of anger as valid so that when you do express them, you express them naturally and with confidence. So, you will meet people and situations in which you have to be assertive. The key is to use your anger in the right way. And that can be very difficult for you.

- Positive traits: With this Natal Mars – Chiron aspects you are very sensitive.

- Negative traits: you often feel that you are not good enough. You have great anger inside of you.

26) ► **Jupiter** ♃ **Contra-Parallel** ⚡ **Uranus** - (0°21') ♄7 | ♄7

([191] astromatrix.org:) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too

domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

27) ► **Jupiter** ♃ **Contra-Parallel** ♎ **Lilith** - (1°22') ♋7 | ♍12

([636] astromatrix.org;) Judgemental & Imaginative Personality

Opportunities: 1. Learning & practising self-control 2. Cultivating a trustworthy aura

Challenges: 1. Harnessing wild imagination 2. Building emotional security

This rare opposition in your birth chart instils an attachment with controversial philosophies. It seems as if you have no concern with what is right or what is wrong. Your interests drive you. With natal Jupiter-Lilith aspects, morality becomes selfish, and your beliefs revolve around falsehood. For the sake of your freedom, you tend to become hedonistic and highly destructive.

You proudly express your unhealthy habits. Self-control makes you feel stifled or limited. You take it as a threat to your liberation. Practising self-control for your own good is not acceptable for you. You might become a pretentious flaky person who preaches his flawed ideas in expectation of others following your enlightened lifestyle and validate your opinions.

Emotional security becomes your priority because you have a profound desire to feel valued and followed. Voicing your emotions can turn your loneliness into companionship. It will also take you away from depression and closer to satisfaction. The placement of Jupiter opposition Lilith becomes your support if you practice self-control and listen to others' opinions.

Do not pay heed to what people will say about you. Your judgemental and imaginative nature puts you to imagine a situation even before it happens.

28) ► **Jupiter** ♃ **Parallel** ♋ **Juno** - (0°02') ♋7 | ♏8

([598] 12andus.com;) You easily show your generosity and enthusiasm for your partner.

When it comes to long term relationships, you may be attracted to people from far away or even long distance relationships.

Your ideal long term commitment involves a partner who meets your ideals and shares your integrity, who loves to learn as much as you do and who can expand your mind in some dramatic way.

You may try to build a partner up, seeing the best in others and having hope that things will work out. Even when there are troubles in a relationship you don't let it get you down.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Instead of becoming angry or possessive, your focus will be how to fix things. You love to live life to the fullest and want to commit to someone who can be your confidant and travel partner.

29) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (1°06') 138 | 138

([69] astromatrix.org;) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely

to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

30) ► **Saturn** ♄ **Parallel** ♅ **Pluto** - (1°35') 138 | 32

([70] astromatrix.org/) Breaking Free

Saturn implies restrictions and limitations, which serve as a barrier to progress until certain changes are made or lessons learnt; and when in association with Pluto, the way forward is conditioned by the need for an inner transformation to occur. With this aspect, it is likely that you will experience some degree of frustration in achieving your objectives, or a sense of invisible blockages facing you that require you to discover some way to pass them or dissolve them through penetration.

As you have a strong ambitious nature, you will need to make full use of all the resources available to you, applying accumulated knowledge and experience to a determined persistent effort to succeed. Patience will be an essential quality for you to develop, as it is unlikely that you will have rapid immediate success in your objectives. Usually you have to wait and undergo the experience of frustration and not knowing if your goals will be realized; and this can be a testing and transformative phase, especially as it is likely to be repeated periodically throughout your life.

You will be attracted towards power and status, although it may be that instead of reaching a position where you 'possess' such attributes, you are required to gain a new perspective and understanding of influence in the world, rather than demonstrating it yourself.

Much depends upon your ability to apply your talents and resources practically; potentially, your ideas and schemes can have a noticeable impact upon the world and your immediate environment, especially when you are working through an established structure and social system. This is because you feel more naturally in tune with existing organizations, preferring traditional approaches and attitudes as a reflection of 'stability and foundation'.

You often resist accepting new trends or social changes, as you are inherently wary of them, preferring to follow your established path unless the impulse for change is naturally arising within yourself; and even then the likelihood is that you will attempt to resist and block its movement as a reaction to its unsettling effect.

You will have a conservative nature and perception of life, respecting traditions and the consensus social attitudes, being suspicious of those who need to experiment, and challenge accepted attitudes. The socially subversive nature of Pluto is unlikely to be too evident, as Saturn will overlay it too much, although it can erupt in your inner and personal life, potentially stimulating a collapse in your 'secure foundations', forcing you to re-evaluate yourself and your life. Such a radical impact is unlikely, however, unless you are capable of undergoing the cathartic transformation that could occur, because Saturn will maintain your inner structure to prevent this happening.

You will be a private person, serious and secretive in nature, not openly revealing your thoughts and particularly your emotions, which you may try to avoid and keep tightly sealed away in a 'locked drawer'. Emotions imply fluctuation and change to you; and this

does not fit easily with your world view and perception of self, making you feel uncomfortable.

A healthier approach to emotions should be encouraged, as it would prevent any energy repression on the emotional level, or else you may find that Pluto takes that route to make its presence felt. In intimate relationships, you will be a firm, reliable partner, and you will prefer a traditional approach to marriage and mutual commitment, so you should choose wisely.

You will not be overly demonstrative of emotions (on the surface), but you should avoid any tendency to fix the relationship in limiting and binding ties, and instead allow it space to change and evolve. Remember that your partner is a unique individual with a potential to unfold, so allow the necessary freedom for him or her to do so and encourage the process too.

Security in a 'straitjacket' situation is a false situation, and inimical to growth and development, so despite your tendency in that direction, it is wiser to accept change and unpredictability so that energies can flow healthily.

([160] astromatrix.org:) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

3) ► **Descendant DC Conjunct ☿ Mercury** - (9°57' A) ♅7 | ♄8

([170] astromatrix.org:) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often,

however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself

and develop your qualities of independence and self-determination.

5) ► **Descendant DC Conjunct ♃ Jupiter** - (3°13' S) ♋7 | ♋7

([195] astromatrix.org:) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

6) ► **Descendant DC Conjunct ♅ Uranus** - (4°29' A) ♋7 | ♋7

([206] astromatrix.org:) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you

feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

([161] astromatrix.org:) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of the old and traditional will always be strong, and you will very much want to have a family of your own.

8) ► **Imum-Coeli IC Conjunct ♃ Jupiter** - (9°16' A) ♋7 | ♋7

([196] astromatrix.org:) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

9) ► **Sun** ☉ **Conjunct** ♀ **Venus** - (1°25' A) ♀9 | ♀9

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to

spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

10) ► **Sun** ☉ **Conjunct** ♄ **Saturn** - (8°52' S) ♀9 | ♃8

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional

attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-

imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

11) ► **Moon** ☾ **Conjunct** ♃ **Jupiter** - (4°37' A) ♃7 | ♃7

([18] astromatrix.org;) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive

activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase social awareness in your children and friends too.

([29] astromatrix.org.) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunct Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on

your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

You mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

([32] astromatrix.org:) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and

who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

15) ► **Mars** ♂ **Conjunct** ♃ **Jupiter** - (10°42' S) 138 | ♃7

([51] astromatrix.org;) The Adventurer

In the case of Mars Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Jupiter tends to expand and amplify especially in a conjunction, so in this case your Mars energy becomes much stronger than normal. This allows you to have much more energy, drive and ambition to achieve your goals.

You make a good leader, inspiring courage and confidence in others. You usually enjoy good health and high vitality. You are a lot more courageous, brave and fearless of taking risks and ignoring potential negative consequences. It is a good aspect to have but it can have some drawbacks, you may overextend yourself, especially when you are getting older and can cause yourself some physical injuries by doing too much sports or exercise. It is harder to know your limits and it is important to constantly evaluate if you are taking things too far.

You are energetic, resourceful, frank, outspoken, pioneering, and adventurous. There is often executive ability and an entrepreneurial attitude toward business ventures. You stand up for your beliefs and would be a formidable opponent in any kind of battle or competition. You are self-confident and have a strong will to succeed, to see how much you can do and how far you can go. No matter what you accomplish, you do not rest on your laurels. You want to keep on going, to do even bigger things.

You enjoy learning about many topics and then spreading the word to others. This can lead to success in broadcasting, teaching, travel, marketing, publicity, advertising, or internet businesses.

16) ► **Mars** ♂ **Conjunct** ♅ **Uranus** - (3°00' S) 138 | ♃7

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

17) ► **Jupiter** ♃ **Conjunct** ♅ **Uranus** - (7°42' A) ♄7 | ♄7
([61] astromatrix.org;) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

18) ► **Saturn** ♄ **Conjunct** ♆ **Neptune** - (5°28' S) 138 | 138

([69] astromatrix.org.) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This

is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine

ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

27) ► **Vertex** ♁ **Conjunct** Er **Eros** - (8°34') ♃5 | ♃4

28) ► **Sun** ☉ **Opposition** ♇ **Pluto** - (6°26' S) ♃9 | ♃2

([148] astromatrix.org:) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence

circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

32) ► **Venus ♀ Opposition ♇ Pluto** - (5°01' S) ♍9 | ♇2

([178] astromatrix.org:) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...!.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to

understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

35) ► **Saturn** ♄ **Opposition** ♇ **Pluto** - (2°26' A) 138 | ♄2

([200] astromatrix.org;) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the

restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

to be appreciated by others. It is important to feel free and develop a healthy ego. The combination of Sun's positivity and Lilith's darkness strikes a classic blend of power play and dominance.

Lilith Square Venus draws a very seductive energy into its sphere. Lilith's power is understanding that we all have innate primal desires. This placement can tend to bring out control and power issues in relationships. It's important to be aware where the root of relationship insecurities stem from, to overcome the shadow side of this placement.

With nodal squares, there can be these frustrating or even painful repeated themes that are continuously brought up in your life, to nudge you to fulfill your karmic lessons in this life since you failed to do so in the past (South Node).

With North Node square Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is potentially a constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep you a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunction Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to

any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

([32] astromatrix.org;) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and

qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

([53] astromatrix.org.) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from

you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([98] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: you are very sensitive, which can cause you to feel the emotions of others. The reason why Chiron asks us to work with the pain is to transcend it and turn it into something greater. Vulnerability is a major part of your empowerment path. You will always feel unique and different. So, if you embrace it, then you can be an inspiration to others. You can empower others by dealing with emotions and feelings. Also, you can do something proactive about it that's sourced in loving self-awareness. Compassion is a key strength with this Natal Pluto – Chiron aspect. You may at times perceive that it would cost you too much. Feeling good about your life path requires that you become vulnerable in healthy ways, which includes being willing to be vulnerable, even when you get hurt. This conjunction can also indicate that the core of your pain and anger is connected to others not caring about your feelings. Self-validation is key to heal the old wounds and step forward in a self-confident, empowered way.

- The key to healing is learning to embrace your uniqueness and overcome a fear of being different, unique, or standing out from the crowd and feeling vulnerable. Also, these Natal Pluto – Chiron aspects will challenge you to be empathetic toward others or to engage in compassionate service. People born with this conjunction will be involved in the search for meaning, and will likely find themselves looking for it in situations of intense emotion and pressure.

- Positive traits: These Natal Pluto – Chiron aspects give you sensitivity and empathy. Also, it gives you a strong drive to make a difference.

- Negative traits: You feel often rejected. By expressing your vulnerability effectively, you can become a teacher for others dealing with the same issues.

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

([123] astrotarot.net:) Typical features that this opposition brings: there is a strong tendency to try to achieve and work hard, to mend the original wound of inadequacy. You have a strong fear of rejection as a wound too. These Natal Saturn – Chiron aspects are usually quite typical of a very wounding relationship to the father and to authority figures in general. Your father is often strict, unfair, or simply absent or wounded himself. You tend to shoulder the traumas and issues of your family. Also, you tend to feel that you are solely responsible for healing the family's inherited trauma. Sometimes, you will literally take on debts from the family. Also, you are often highly educated. Often, family only represents pain for you. It's hard for you to conceive of a family that embodies pleasure, love, or safety. Because families are defined by pain, you can forget that imagining joy is a part of healing. It's easy for you to get trapped at home, working to pay off your family debt or redeem your family purpose. You have a responsibility to solve the problematic impulses that everyone else is just acting out. As with all wounds, trying to force the wound to release itself will do nothing. You have to be gentle with it. Being gentle around the wound, while indicating that you know it's there, encourages you to release the wound.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 11° **Leo** 8' and in the **3rd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Taurus** 12' and in the **12th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 29° **Virgo** 36' and in the **4th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 19° **Virgo** 23' and in the **4th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 24° **Virgo** 58' and in the **4th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 14° **Scorpio** 8' and in the **6th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 11° **Scorpio** 41' and in the **6th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 7° **Aquarius** 55' and in the **9th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 5° **Sagittarius** 58' and in the **7th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

Lots related to family:

The **Lot of the Father** is in 1° **Cancer** 32' and in the **2nd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 9° **Leo** 38' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 27° **Cancer** 39' and in the **2nd** house.

The **Lot of Children** is in 17° **Taurus** 35' and in the **12th** house.

The **Lot of Daughters** is in 5° **Leo** 6' and in the **3rd** house.

The **Lot of Sons** is in 5° **Cancer** 50' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 15° **Gemini** 13' and in the **1st** house.

The **Lot of Marriage for Men** is in 0° **Cancer** 2' and in the **2nd** house.

The **Lot of Deceit in Marriage by Woman** is in 7° **Cancer** 59' and in the **2nd** house.

The **Lot of Deceit in Marriage by Men** is in 21° **Gemini** 10' and in the **1st** house.

The **Lot of Marriage (in general)** is in 10° **Taurus** 13' and in the **12th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 14° **Cancer** 29' and in the **2nd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 26° **Capricorn** 54' and in the **8th** house.

The **Lot of Treachery** is in 25° **Cancer** 44' and in the **2nd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 16° **Cancer** 52' and in the **2nd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 9° **Leo** 38' and in the **3rd** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live it up like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 2nd house

(12andus.com:) If you are missing an important lesson or out of line with your values, dramatic changes will be set into motion that bring you back into alignment.

Hard awakenings can come from disruptions to your security, abundance and finances. You may have a rude wake up call that comes as a result of a seemingly small issue in your financial life. A small misstep can create dramatic insecurity or snowball into greater financial conflicts.

When you get back into alignment with your values, however, you will be able to turn the situation from a catastrophe into an opportunity for breakthrough and healing.

Your desire for security and financial abundance can lead to toxic greed or hoarding if you aren't careful. You may have to realign with your true values and sense of security

rather than falling into materialistic trappings of security.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Libra

(12andus.com:) You have a desire for balance and harmony in your sex life.

If your personality is very masculine, regardless of gender, you look to your partner to have a more feminine energy. If you are more passive, you want to be with a partner who is more intense or dominating sexually.

You are sexually attracted to people who seem like your personal opposite.

When it comes to sexual arousal, you can become obsessed with balance. You want to make sure there is an equal give and take in sexual encounters. You are sensitive to your environment and turned on by somewhat superficial beauty and appearance.

Even if you care about a person, your romantic love will not create a strong sexual attraction unless the person fits your ideal of beauty. You don't like drama. Even in your most passionate moments, you want to enjoy pleasure in all its forms with no tension or negativity.

Eros in 5th house

(12andus.com:) You may have a strong desire for creativity, passion and playfulness.

You are obsessively drawn to romantic partners who lift you up and inspire you. You may also pursue romantic affairs, especially to boost your self-esteem. You can have a dramatic style of showing your love and romantic nature.

You can become aroused by playful competition and may have a desire for drama and role playing in the bedroom as well. Your desire to be admired and adored can be an infatuation. You may also have fetishes involving recording love making or creating erotic art with yourself as the main subject.

You may need to feel empowered in your erotic relationships and may have a dominant style of passionately pursuing your love interests.

You can also be obsessed with status and power in romantic affairs that give you the image of being a celebrity or increase your popularity.

(12andus.com:) Your deep, dramatic urge to transform and be a catalyst for change is ushered in by milestones and turning points.

Even situations outside of your control are likely to be harnessed as catalysts for deeper personal transformation. You can find your inner power, clarifying your focus and finding greater authority during times of cataclysmic change and crises.

Though you have powerful protective instincts, you will also find that you can't always dominate the circumstances around you. When milestones and turning points threaten your sense of security and foundation, you rise to the occasion and act as an authority

figure.

You can also help others walk through these periods of dramatic change and transformation and may see even small catalysts as much bigger turning points leading to a symbolic death and rebirth phase for you.

2) ► 22° Cancer 56' **Pholus** ✂ **Opposition** ♀ **Venus** 1° Aquarius 53' - (8°57')
(12andus.com:) You may feel torn between your desire to explore sensuality, love and romance and the need to deal with pivotal, dramatic events.

You may find it hard to get your bearings and find a deeper sense of security as the goal posts shift every time you start to feel comfortable. In large part, this is because of unexpected turning points or unforeseen catastrophes with which you have to deal.

Your relationships or desire for love may lead you to misconstrue your ability to handle unforeseen crises. You may not recognize a threat to your security or may fall for partners or friends who are not going to support you in the way you expected when a crisis hits.

You may have to work to overcome fears and insecurities so that you can find your grounding, security and self-worth in the midst of dramatic changes and challenges.

3) ► 22° Cancer 56' **Pholus** ✂ **Opposition** ♄ **Saturn** 24° Capricorn 26' - (1°30')
(12andus.com:) Your work, self-discipline and connection to the past often leaves you in a bind when dramatic changes are unleashed.

When turning points and major milestones beyond your control require you to adjust your routines and change your definition of security, your first reaction may be to hold on to the past.

You may be reluctant to change your expectations during a crisis, expecting tradition and dogmatic doctrine to be timeless. When unprecedented crises and challenges force you to face the shortcomings of your past routines, you may feel like the floor is bottoming out beneath you.

It may take some effort for you to finally recognize that your self-discipline and sense of responsibility alone can't always lead you through crises beyond your control.

By acknowledging your limitations, you may be better suited to help others find security in the midst of challenges and major turning points.

4) ► 22° Cancer 56' **Pholus** ✂ **Opposition** ♆ **Neptune** 18° Capricorn 58' - (3°58')
(12andus.com:) You may feel torn between your desire to show love, empathy and compassion and the illusions that protect you from really facing dramatic crises.

When you do face your role as healer or spiritual guide during a time of unprecedented, cataclysmic changes, you will be able to draw on your sensitive, intuitive and compassionate side and help guide others to advance spiritually during a critical time of change and turmoil.

You can grow to align your mystical nature and your role as protector or healer in order to serve others during a period of cataclysmic change and disruption once you overcome your personal fears and focus instead on the larger spiritual ramifications for these times of change.

5) ► 22° Cancer 56' **Pholus** ✂ **Opposition** ♀ **Pallas** 17° Capricorn 43' - (5°13')
(12andus.com:) You may feel torn between your desire to fulfill your mission and act on your larger vision but at the same time will find it difficult to do so because of a crisis outside of your control.

Your warrior spirit may make it difficult for you to adapt to the changes required of you during times of unprecedented upheaval. Major life turning points may cause you to pivot in ways that go against your initial plan or strategy.

It can take some effort on your part, but once you are able to work through your resistance and let go of the need to manage a crisis, you'll be better able to see the bigger picture.

With this perspective, you'll also be able to better find ways to lead others and help others see the crisis situation as a path to transition into greater advancement collectively.

You may find greater courage to fight for your beliefs as the result of going through a dramatic milestone.

6) ► 22° Cancer 56' **Pholus** ✂ **Opposition** ♀ **Juno** 18° Capricorn 20' - (4°36')
(12andus.com:) You may feel torn between your commitment to a partner and your needs as you respond to a cataclysmic event.

Crisis can pull your attention away from your obligations to family and home. You may have to work hard to balance both your commitment to your partner and your changing obligations that arise as you deal with major life turning points.

When you take the time to balance your devotion and commitment to your partner or home obligations with your need to create security and respond to others during a crisis or major life event, you'll be able to draw the support you need from your loved ones.

This can refuel your energy and keep you focused on creating security and refining your

mission during times of crisis.

7) ► 22° Cancer 56' **Pholus** ✂ **Square** ♀ **North-Node** 23° Libra 28' - (0°32')
(12andus.com:) You may find it challenging to live up to your full potential and follow your higher calling during times of dramatic change and upheaval.

You may find it difficult to advance personally during times of crisis. Instead of stretching outside of your comfort zone and adapting to the changes that critical turning points require of you, you may first resist your calling or go into routines from the past that are comfortable.

But repeating what is familiar, when change and adaptation are needed, will get you nowhere. Eventually this becomes obvious and you will be able to adjust your reaction and embrace your higher calling as a result of cataclysmic events.

8) ► 22° Cancer 56' **Pholus** ✂ **Semi-Sextile** ASC **Ascendant** 22° Gemini 40' - (0°16')

15) ► 2° Libra 4' **Eros** ✂ **Square** ♀ **Mercury** 2° Capricorn 37' - (0°33')
(12andus.com:) You may have a challenging time expressing your desires.

Your erotic desires are hard for you to convey. You may have difficulty asserting yourself or describing what brings you pleasure. As a result you may become passive or detached from your own sexual desires.

Yet at times, if you take the initiative to express what you desire and work to overcome communication blocks between yourself and your partner, you can come to express your desires and fantasies.

16) ► 2° Libra 4' **Eros** ✂ **Square** ♂ **Mars** 0° Capricorn 9' - (1°55')
(12andus.com:) You can find it challenging to summon the strength and courage you need to express your erotic nature.

You have a strong drive to explore sexuality but may suppress your deeper desires. You may feel like you need to remain in control and focus on your personal ambitions and so this leads you away from letting yourself lose control in sexual relationships.

Yet if you come to change your perception, you will be better able to embrace your erotic, sexual nature without sacrificing your desire to be in control. You may have to work to become comfortable expressing your own desires.

By building up your confidence, you'll be better able to express and explore your sexual nature and erotic desires.

17) ► 2° Libra 4' **Eros** ✎ **Square** ⚙ **Uranus** (Rx) 27° Sagittarius 9' - (4°55')
(12andus.com:) You may have to challenge yourself to get in touch with your erotic nature.

Yet when you overcome the limitations and confines of social expectations and norms, you may find that you have more intense desires than you realized. With some effort, you can draw on your creativity and visionary tendencies to break down barriers and explore your sexuality.

You can come to embrace your erotic nature and become more comfortable with unusual fetishes and creative ways to express your intimate desires.

18) ► 2° Libra 4' **Eros** ✎ **Trine** ☾ **Sun** 3° Aquarius 18' - (1°14')
(12andus.com:) You may find it easy to pour your personal energy and sense of identity into your desires and fantasies.

You may become obsessed with lovers who trigger your creativity or shower you with praise and admiration. When others speak to your ego, it can be exhilarating and help you to become even more infatuated with a romantic partner.

There may be some strong infatuation or obsession with your own identity or image, and you may enjoy visualizing erotic encounters that involve being in a position of status or success, or being praised or admired by others.

19) ► 2° Libra 4' **Eros** ✎ **Trine** ♀ **Venus** 1° Aquarius 53' - (0°11')
(12andus.com:) You can easily express both your romantic love and erotic desire for others.

You need to have emotional connection and love in order to open up and share your intense inner desires. You can become infatuated with your love interest and need to have a healthy, vibrant sex life in order to feel secure.

You need to create beauty, comfort and harmony in order to share your sexual fantasies and may be drawn to partners who are beautiful or can pamper you and make you feel valued.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Capricorn

(astrology.com:) Capricorn or in the tenth house: This Hygiea placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not “making progress”. You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness objectives. Although a healthy appearance has its benefits, they shouldn't strain themselves for the sake of optics or the desire for respect.

Hygiea in 8th house

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aries (Rx)

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the first house from 'synnismns.com'.) Your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because

though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Eris in 11th house

(synnism.com:) Eris in the eleventh house of organizations and friends, you either do or will come to understand the necessity of a cooperative role within the group. You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn

(whatsmyalternative.com:) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Karma in 8th house

(smartyoungsters.com:) Karma in 8th house: You can reach your goals by digging out old graves. Your research, spying capacity, tantric knowledge, dead people, power, passion, mafia, sex can help you fulfill your duties. You become a secret agent, spy, recluse, mafia, taboo artist or tantric yoga. You gain rewards through someone dead or inheritance or powerful. Deja vu is feeling the energy of dead people when you go to places full of secret. Don't misuse your alchemical talent for the abuse of power.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

Pandora in Aquarius

(astronomicallyaligned.tumblr.com:) You are a madman in desperate search for all the answers. You want to know everything. All the secrets of the universe. All the information the stars hold. All that God knows. You want eternal life, and the universe for a mind. Galaxies spinning, supernovas exploding, shooting stars scattered all over. You want to live there. Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing

the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aries (Rx)

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Nessus in 11th house

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

Europa | Laziness, Fall for Seduction

It's where we are most likely to be couch potatoes in our life and expect people to come to us. Where it falls will be where we cannot bear conflict and will avoid rocking the boat if we possibly can. It is where we have a need to view everything in rose-tinted glasses. Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull

black spot in the chart.

- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

Melete in Aries

(hillarysss.tumblr.com:) Melete in 1st house: Thinking about your physical appearance & yourself makes you extremely anxious. You can be extremely anxious when it comes to how other people perceive you. Always thinking oh how was my first impression on them? May be a sign of body dysmorphia. People may have commented negatively about yourself. It's important not to listen to them.

Melete in 11th house

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. (Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same increment, they will be alphabetical too each other, is only marginal tough.

Speed in $^{\circ}$ (degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to

allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.
