What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

The Sun always needs to shine, regardless of its position. These people will spend a lot of money on a comfortable environment and love to have people over or to gather in the living room with their family.

Throwing parties in order to show off their new furniture and fireplace is one of their favorite things to do.

If they have an outgoing father and the aspects in their birth chart are positive, they will find it easy to attract prosperity, but they'd never cease to worry that things in their life may take the wrong turn.

They may have slow starts, but as soon as getting a grasp of what they're supposed to do, they begin to be very efficient and manage to get things done fast.

The most important thing in the world for them is their family, being strongly attached to their parents, no matter if these may have been in any way hurtful or disappointing.

Sun in 4th house people establish their own identity based on emotions and the way their family members perceive them. That's why they may be obsessed with how much love they receive from the people who are the closest to them.

They will all the time worry that their life partner and children will leave them or that they may lose the comfortable lifestyle they're so used to. These things usually limit them, but the more evolved of them can overcome such problems.

Their development is strongly anchored in their roots, which are nothing else than their heritage, ancestral ways, the traditions they're aware of, their upbringing and the collective efforts they were involved in as both adults and children.

These things make them feel like they're belonging and have the necessary security. Their path to illumination depends a lot on how they've integrated their roots in their way of life.

### **The positives**

Individuals with this placement struggle to have a family and a great home. The main purpose of their Sun is to resolve problems hidden in their psychic and that have their roots in these natives' childhood.

They're the most confident and happy when taking care of their home in the best way they can. A rich family life and having someone to nurture makes them thrive.

Everything about history, personal and family lives, emotions and interesting experiences makes them curious. They're rather the poetic type who loves staying inside and watching a romantic movie.

As said before, Sun in 4th house natives put family on the first place, wanting to meet someone special and to have children because this is what motivates them, together with the need to put down roots.

However, their dreams may come true later in life, when they'll use all of the energy accumulated in the period before. A good home and a beautiful family plus respecting many of the traditions they're aware of makes them feel secure.

And security is very important to them because only when feeling safe they can express their emotions and function at their best.

When not feeling like they're having it, they just go home and try to gather their forces. The position of the Sun in the 4th house reveals the fact that without security, they couldn't evolve in any way.

No matter the situation, they will always be ready to sacrifice everything for their family. The same position of the Sun also suggests they're the introverted type who needs protection.

It can be impossible for them to deal with the harshness of the outside world on their own. While they need to nurture, being taken care of themselves is very important for the way they develop and accumulate the necessary courage to deal with the world or express themselves.

That's why they'll always search for a partner who makes them feel safe and loved. Their emotions will carry the imprints of their childhood and change from there.

While for people with other placement of the Sun family is still important, for those with this planet in the 4th house is the absolute. They give it a lot of importance as children too, comparing everything they see outside with how things happen at home.

They have either found similarities and thought of them as victories, or concluded some things contradict the ways they know about from their family and been traumatized.

Everything reminding them of their parents and childhood makes them happy and sentimental. If they had bad experiences at home, it may be a little bit more difficult for them to understand life and accept certain things that are very different from what they're used to.

### **The negatives**

The first part of Sun in 4th house natives' life may be a struggle because they won't admit that the things they dream of are not so easy to obtain.

The 4th house is also about decline in a certain period of life, so things for people having their Sun here may start to look good after their thirties.

When it comes to their profession, they'd do a great job in real estate or organizations that deal with the environment.

As said many times before, family is very important to them, but their heritage may become a problem if they don't separate their own identity from it.

Even their ancestral patterns may reject their ways if they wouldn't express their individuality and separate their life from the ones of their parents or grandparents.

This doesn't mean they should lose the respect for what helped become who they are, however. While looking everywhere to identify people and situations that have something to do with their background, they can forget everything they need is actually inside them.

Having a comfortable home where they're feeling safe and secure can be very beneficial for them, but things from their past should still be present in their life.

Family gives them purpose, so changes with their loved ones and the relationships at home can influence them in a great way.

For example, they will forever complain after their children will decide to build their own lives. Wanting security and to be emotionally supported, they're still never happy with what they're already having.

Possessive and clingy, these people need to be told everyone loves them as they can't

be independent and worry too much their family isn't seriously attached to them.

It's like they don't trust others, which can bother their partner and even their children. When the Sun in the 4th house is somehow afflicted, they may be too proud about their heritage and have many arguments with their own parents, especially the father because the Sun represents the paternal side.

It's also possible they're too domineering at home, but the fact that they're nurturing can't be changed or influenced by any position of planets.

## ***Moon ☾ in II 2nd House***

([873] i.thehoroscope.co)

People with the Moon in the 2nd House are straightforward and creative, being able to express their emotions artistically and always knowing on what to spend their money on.

When the emotional and fragile Moon is in the 2nd House, the natives of this placement can't feel emotionally secure until they're certain that their financial future is stable.

People with the Moon in the second House can spend a lot of their money on making gifts to those they love the most. It can be normal for them to put other people's needs above their own, which is not necessarily the healthiest thing to do.

### **Summary:**

Strengths: Generous, objective and resourceful;

Challenges: Detachment and stubbornness;

Advice: Be careful about hiding emotions in plain sight.

### **They are pretty straightforward**

Individuals having Moon in 2nd House are very materialistic and need financial security more than anything. Their emotional happiness is strongly related to how stable their future seems. The more they're surrounded by high-quality possessions and comfort, the more secure and happy they get to feel.

When the Moon is in difficult aspects, they may feel less confident as children, constantly thinking they don't have enough toys or possessions to be happy.

The ladies having Moon in second House may be very preoccupied with how much

money they are making, being also possible for them to take care of all the inheritances in their family.

It's very possible they'll own antique shops or deal with valuable things. Real Estate is also something they're very good at, because these natives know at how much to value a property and when to buy it. Seeing they manage finances so well, many will think they're in fact doing something illegal or immoral.

The ones who are more evolved will nourish their love for beauty and art by getting their hands-on expensive things and sell them at better prices.

People having Moon in 2nd House are reserved and deep. They would do a great job putting all of their thoughts and impressions into art pieces and being really appreciated as people of culture. They are eloquent and smart, but they simply don't want to express themselves because they're focusing on something else.

Preferring to talk without subtext and always meaning what they're saying, Moon in 2nd House individuals never mean to hurt anyone, but they do because honesty often bothers people.

When sexually frustrated, they may be cold and very mean with their partner. Spending all of their money on a comfortable home and on making their family feel good, they will also pay a lot in one shopping spree, especially when feeling insecure and lonely.

But you can be sure they'll have enough put aside for dark days. Don't think that if they're so good with money, they won't accept to live on other people's shoulders and be freeloaders. because Moon in 2nd House people can be masters at this.

But there are also many of them who happen to be the ones who support their loved ones financially, being for many years the rock on which others count whenever needing financial support.

Because the Moon is involved here, it makes them good at care taking, cooking and even nursing. So not all of them will be business people; some will make a living by being nurses, teachers or chefs.

But no matter what they do for a living, expect them to be emotional when it comes to money and to have a very emotional point about it in the Moon's position in their chart.

The same placement is what determines their emotional needs and how they feel the most secure when it comes to not getting hurt. It's possible they will never know how much they're actually worth and be very possessive with their other half.

### **Their home is their fortress**

It's amazing to watch the spending habits of Moon in 2nd House individuals because they can give everything they have and be generous one day, and the other, they can hold on too tightly to their savings.

Their need for security has them worrying about money all the time. However, there are still moments when they can give everything in their pockets, especially when dealing with some emotional problems.

They strongly hold on to those they love because they need to be constantly admired and offered love in order for them to see how much they're worth.

When it comes to emotions, they don't respond as fast and accurately as others because they're deliberately not expressing themselves. True collectors, the possessions that remind them of their past are very important to them and they have many antiques at home or at their workplace.

It's normal for natives with Moon in 2nd House to keep everything they own in the family and to not share with those who are outside their close circle. The way they adapt to new people and situations is strictly related to how the Moon changes its cycles, while the association with the Water sign Cancer makes them intuitive and sensitive.

Considering the placement of the Moon in this situation, all of these traits can be quite useful for them. For example, they could determine what others want from them by using their intuition and this way, they can be the first to deliver.

However, it's important for them to remember life isn't all about money and that possessions don't determine how much a human being is worth.

Keeping this in mind could help them through the most difficult times in their life, and they shouldn't adopt a mood swing in tough moments, seeing the bigger picture instead.

The Moon in 2nd House means they will want to make money in their profession and that their job may be something related to water or the public as they're very good at interacting with others. It's also possible they'll do something that has them taking care of people.

Their mother or perhaps wife will have a great influence over their finances, bringing in a good salary or leaving them a consistent inheritance.

Being disciplined and as practical as possible with their own money is a solution for them to live the good life. Keeping what they have saved can be a challenge, as they tend to scrimp and to have their emotional life greatly influenced by wealth.

They think of their home as a fortress where they're protected from everything and can

spend some quality time with their family and possessions. It's their source of emotional stability and where they can enjoy a good life.

Feeling extremely weak when someone or something threatens the place they live in, they may believe their entire persona has been messed around with, and there's no other place in the world where to feel safer.

Everything about the individuals having Moon in second House is centered around their possessions and loved ones.

### ***Moon ☾ - Fall in Scorpio***

([871] southfloridaastrologer.com:) An awkward expression of nurturing and emotion is found when the Moon is in Scorpio. It feels awkward and inappropriate to satisfy the Moon's need to nurture and express emotion through Scorpio, whose need is to gain power and control.

## **Mercury ♀ in ♒ Aquarius man 13° 10'**

([904] i.thehoroscope.co)

He loves to create havoc around him and doesn't accept to be told what to do.

The Mercury in Aquarius man believes that problems can only be solved by facing them rationally and logically, with a plan, and that humanity can only advance by putting emphasis on science, on technology and progressive fields.

His speech is cold, technical, marked by a certain rigidity and strange intonation, like what a robot would utter. He lacks any emotional depth or even the most apparent layer of feeling in his words.

### **In a nutshell:**

Positives: Visionary and eccentric;

Negatives: Snob and indecisive;

Soulmate: Someone who can keep them away from boredom;

Life lesson: Leaving anxious thoughts away from time to time.

### **The forward thinker**

He's the last free-spirited individual left in the world who just won't agree to be tied by rules and regulations. If the world wants to follow a path toward perdition and degeneration, why should he follow it like a blind sheep?

The Mercury in Aquarius man will find it incredibly dull and tedious to live his life according to traditional principles, to dying ideas that the people of old followed.

This is the 21st century, a new age has come, and it's time for everyone to ascribe to this change that has taken place. The future is here for the taking. Science, technology, the new and the innovative must be finally accepted.

He creates havoc wherever he goes, raises a lot of questions and inquires into the nature of things. He won't hesitate to contradict anyone, even people with authority.

He doesn't accept things like "you shouldn't do that". Why not? He's intelligent, well above the rest of us, so if you believe you know more than he does, prepare for a cold

shower of reality.

His unwillingness to follow a certain code of conduct that everyone else does is often perceived as snobbism, eccentricity, but it's really a result of deep thinking, analysis, rational forethought.

He's very good at telling what other people think, discerning their motivations, desires, corporal language, but will treat all of them fair and square. He will even help anyone in need.

His creativity and inner drive to put his thoughts into words make up a perfect combination. If he doesn't become a writer or a journalist, he's missed his career.

Even a professional debater will do, as long as no one tries to infringe on his freedom of speech and strange patterns.

If you've thought of a crazy and apparently idiotic idea that could have an immense influence on the world, chances are a man born with Mercury in Aquarius has already thought of it, demonstrated it to be unrealistic and moved on. He's organized, structured, meticulous and realistic, always.

Let's finally get to the topic that you've been anxious to find about, how does this native fare in his love life? Depending on the type of person that you are, it can be both good and bad.

He's less receptive than most, in the sense that he likes flirting and talking to other women, but a relationship is not exactly at the top of his priorities.

If you manage to excite his intellect and intrigue him by flaunting your knowledge and curiosity, then you can be sure that he's going to fall in love right then and there.

He doesn't care about stuff like age, race, religious beliefs, although he's willing to debate you on them. He's definitely a factual person who's more likely to bombard you with rational reasons and motivations, rather than emotional matters.

## ***Mercury ♀ in V 5th House***

([912] i.thehoroscope.co)

This placement of Mercury will encourage people to hide their intentions and prefer to only talk about their accomplishments, when the time is right.

Those born with their Mercury in the fifth house of their birth chart are especially endowed with a lot of creative prowess and innovative urges. They want to create art, to change the world through their unique and peculiar perspective, to bring new viewpoints to the world.

Clearly, they are born to do this kind of thing because they thrive in competitive environments. Moreover, they express themselves in an eccentric and confident manner, showing the true potential that they possess.

Their path to fulfillment stands atop a mountain of attempts, failures, victories, but they will get there eventually.

**Summary:**

Strengths: Versatile, organized and sociable;

Challenges: Controlling, suspicious and negative;

Advice: They shouldn't be that criticizing with themselves.

**Devilish tricksters**

Mercury is known as the planet of intellectual interests, communication, and power of expression, which effectively means that those with this planet in the fifth house won't stay still for one moment.

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

### **The positives**

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

### **The negatives**

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of

inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

**Venus ♀ in ♒ Aquarius man 4° 58'**

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

**In a nutshell:**

Positives: Eccentric and dedicated;

Negatives: Cruel and obstinate;

Soulmate: Someone who has a scientific mind of his own;

Life lesson: Taking more time to practice hobbies.

**His love personality**

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from

it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

### **Attracted by ...**

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

### **In conclusion**

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept someone who can't understand this interest of his, someone who just can't follow through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

He looks just like he's not interested at all, like all he wants is to be a friend to you. And his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

## **Mars ♂ in ♍ Virgo man 17° 27'**

([967] i.thehoroscope.co)

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success.

The Mars in Virgo native is also known as the perfectionist, the sophisticated Romeo who's only looking for the most refined and flawless woman in his life.

He's especially attentive to the details. His noble and otherworldly demeanor delivers a strong punch to anyone who thinks themselves slick.

This man despises insults, dirty talking, impoliteness, and when he has reasons to stay sad, he will remain as such indefinitely, until either he gets bored of it, finds a solution, or someone takes him out of the swamp.

**In a nutshell:**

Positives: Practical and ambitious;  
Negatives: Criticising and rushed;  
Soulmate: Someone who only pays attention to him;  
Life lesson: Sometimes, peace can't be found in material things.

### **His goals are well established**

He takes everything very slowly in a meticulous and attentive manner, observing every single detail, putting force behind his beliefs with each passing day. He's quiet, cool, doesn't want any attention and likes to do his thing without anyone interfering.

When the show is finally starting, he wants everything to be perfect and flawless, just as he had planned from the very beginning.

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success. Even more, he likes taking care of his own body, doing sport, jogging, living a healthy lifestyle.

He might seem like a snob at times because he carefully chooses his diet plans. It's not only a feeling of fulfillment that he lives healthy but also pride in looking good, that drives him to commit to such strict routines.

However, even though they may like getting into the thick of things doing sports, they aren't very keen on competing with others, going for a triathlon or any other competition.

They like to get in touch with Mother Nature, as a way to find their peace and quiet, but this attempt does end up in failure a lot of times, mainly because it gets too stressing and tense.

Of course, they aren't happy with this result, but there's nothing they can do except try and try again, failure through failure until they eventually succeed. It becomes a sort of routine.

If you're looking for a handy-man, someone to come and fix your sink, or better yet, solve your internet problems, then the man born with Mars in Virgo is definitely where you need to go.

He pays attention to all the details and he has the good habit of finding the key aspect of a situation in a matter of seconds.

What's even more shocking is that you won't ever see them in a rush, agitated or angry, even when it would be normal to act in such a way.

However, try to disturb his focus and you'll get the cold treatment, in the best of cases. Worst of all, he'll berate you harshly. Evidently, he wants to appear as efficient and

preoccupied as possible for his partner.

He wants to be acknowledged and appreciated for their ambition and serious attitude. Perfection is hard to attain, but they aspire to reach it.

As always, this perfectionism leads to unwanted results like disappointments, disillusion, an exaggerated focus on the details, the emphasis put on outer elements rather than on themselves, and so on.

Another bad situation that may appear as a result of perfectionism is the state of complete uncertainty and agitation when something happens that they haven't planned for.

### **A very calm lover**

The Mars in Virgo man is a very dignified and principled, with a strong determination to do what's right, to uphold justice, to help those in need, and to gain knowledge as a means toward self-development.

He does all of these things because he believes in his potential to be superior to the man he once was and because he stands firm in the face of adversity.

Every decision that he makes is done with a solid amount of research behind it, and it is thus the best possible choice in that particular situation.

Moreover, he is very devoted to the one he loves, so much so that he would do anything to make her even a little bit happier.

They are very restrained and low-key individuals who don't like evident romanticism and outgoing gestures of affection. They will try to take care of your needs and do nice things for you, and just for you.

Of course, they will also pay attention to all the small details, to every single possibility and potential implication, while also putting their creative mind to work, coming up with inventive ideas to surprise you with.

And even when something goes wrong, they won't despair or become agitated on the outside.

This is a good thing since most people do stupid things after having a failure, out of impulsivity. He likes to be in control of the situation, to know exactly what could happen in advance.

His personal preference is towards indecisive women, those that are shy and embarrasses, emotionally sensitive and with an innocent look about them.

If he wants to know whether his partner is worth all the effort he's putting in, he just stands to observe how she reacts to his problems, how caring and loving she is. Ideally, she should be just as interested as he is.

When the whole affair started, it had just developed from a beautiful friendship, from where he successfully escaped, surprisingly.

When it comes to his sexual life, it's something he takes as a form of routine, as something that he plans for, that he has complete control over.

### **In conclusion**

The Mars in Virgo man finds it exceedingly pleasing and satisfying to set his own routine at work, to have his working space well-organized, in perfect order.

He becomes more efficient, productive, and significantly more satisfied when he sees his work taking on the shape he first devised.

He might get in trouble with his teammates because he criticizes them a lot, either because they don't work enough, or they're doing something wrong, and since he puts in so much effort, he expects everyone else to do the same.

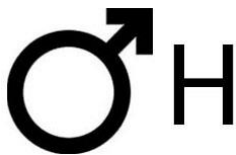

Besides this tendency to see the flaws first and put them forward for everyone to look at, the Mars in Virgo man should learn to control his perfectionist drive.

It not only creates exceedingly hard to achieve goals, impossibly high expectations, but it also makes him concentrate too much on the details, forgetting about the big picture.

Where there are logic and reason, there is also agitation, confusion, uncertainty, and where there are emotion and affection, there is also procrastination, lack of inspiration, indecision, and so on.

All in all, you should take great joy in the Mars in Virgo man, because you won't find a more patient and tender individual who takes so great care of you.

## **Mars ♂ in XII 12th House**

([992] i.thehoroscope.co)

People with Mars in the 12th House tend to suppress their emotions and have quite a secretive nature although socially, they may appear very open and friendly.

Mars in 12th House natives may react emotionally to all sorts of things and are prone to repressing their instincts. Because others will feel all this about them, they will often have problems interacting.

It's very possible they'll secretly think some people have something against them as they have these resentments that are always hidden and well-kept in the back of their minds. They should redirect all of their energy towards understanding what their real purpose in life is and not on nonexistent issues.

Merging with the entire humanity and developing harmonious relationships can definitely make them happier. Because they love working behind closed doors, they may succeed more rapidly at what they do for a living.

**Summary:**

Strengths: Emotional, direct and creative;

Challenges: Secretive and insecure;

Advice: Avoid living in the past once you've learned its lessons.

**Making their dreams come true**

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making

short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

### **Practical aspects**

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

### **The downsides**

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

### **Mars in the 12th House in a nutshell**

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on the right track, which can in return make them very happy.

### ***Calling (Unaspected) ♂ Mars***

([700] astrotarot.net:) Mars without aspects will be strongly dedicated to the job. You will be interested often in sports, in the military, industry, or as an entrepreneur. If Mars is not working, the energy will find a way out in adventures, activism, or by showing very high and very low levels of energy and drive. Hyperactivity disorder can be one of the ways to manifest a calling Mars (unaspected Mars). The other side of this Ascendant without aspects is that one day you do not fight back at all. And the next time you surprise your enemies and people around you with your fire and anger. There is always a concrete impact, an action, and momentum directed towards a goal. Mars Ascendant without aspects may create a war hero, an athlete who achieves incredible exploits, or an impatient, and chaotic person unable to control himself. Mars unaspected in a chart is, without doubt, the most noticeable case among the ten planets without aspects.

More than 4/5th of recommended orbs, only major aspects, without Quincunx and Semi-sextile.

It's possible he will forgive someone else's mistakes and won't forgive his own mistakes. However, when Jupiter is ruling over his trust, he can have all his negative traits and vulnerabilities exposed.

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Sagittarius in their natal chart go through an interesting transformation in their life and once they find their best self, they become truly humanitarian with brilliant plans for the future, a future where all humans live happily under the strict supervision of imposed rules and regulations.

But these laws are equitable, balanced, and no one receives any preferential treatment. This is because these natives are principled, just, and have a very knowledgeable nature. On top of all this, they refuse to bend themselves to irrationality or to initiate any sort of project that has no reasonable chance to succeed.

Whatever doesn't ascribe to their scientific mindset, what can't be proven to exist in this material plane has no bearing on their decisions, but they still can sometimes exaggerate in many regards.

**In a nutshell:**

Style: Truthful and exploring;

Top qualities: Direct, knowledgeable and justitiary;

Challenges: Tactless and prone to anger outbursts;

Advice: Remember that mind beats intuition when it comes to risk.

**Personality traits**

To begin with, there is one main aspect of this native that makes Saturn's influence that much effective. This individual is a natural pragmatist who plans for every small detail in advance.

They may not be the most imaginative of natives, but whatever they think of, they can probably materialize it, even ideas that could be cataloged as purely idealistic.

Thus, Saturn is the catalyst that empowers their steady-minded abilities, acting as a form of focusing crystal, a lens that maximizes their potential tenfold.

Their main interests are humanistic in general, ranging from theology to philosophy and psychology. Moreover, through all this continuous study, they have long since formed a set of rigorous principles that they can no longer abandon.

They believe that man ennobles oneself through constant learning, through effort put towards the achievement of a goal, the most exquisite of them all, gaining knowledge.

Unfortunately, they aren't very open-minded in some respects, where existential questions are concerned because they are firm with their stance and aren't very liable to change their opinions unless proper proof is presented.

Also on this line, they tend to overlook the beauty of the world, the simplistic pleasures, emotional ones mainly, that nature offers each day.

Because they are filled with rational thoughts and only ever look on the outside with a reasonable and logical perspective, it comes as quite difficult for them to appreciate the little things.

They are naturally more suspicious of other ideas and of different opinions, which they don't trust until a later point. Even with people, they aren't going to open up until they've fully determined that they are trustworthy people.

Socially, they are desirous, but unfortunately, they also lack empathy, that intuition of reading emotions, situations, the know-how necessary to get the hang of social interactions. Saturn's rules are sweetened a bit, getting looser and looser with the Sagittarian's naturally joyous personality.

### **Behavior in love**

This astrological make-up makes this native crave for novelty, for trying out new things, and for experiencing new avenues of pleasure. However, this contradicts their conservatism, their firm resolve, and rigid principles.

The rationality inside of them yells danger whenever something untested and unproved presents itself as being important. This can ruin a lot of moments with their partner, in fact.

You aren't afraid at all to say exactly what you're thinking because that would defy the expectations one would have about serious relationships.

If you can't even be honest with your partner, what's the use of having one? Most probably, the other person will be someone with the exact same type of character and won't get offended easily.

At the same time, the Saturnian Sagittarius is intrigued when their partner is a source of constant mystery, an unexplored land worth discovering.

This makes it clear why most natives with this transit in their chart fall in love with foreigners, or people with radically different perspectives overall.

### **The good and the bad**

They are intellectuals above all else, using their rational mindset to analyze every little detail of all the things they come across, and extracting all the knowledge hidden within.

This curiosity and thorough attitude makes them so efficient and productive, as well as keeps them well above others in terms of personal prowess.

Of course, all this intellectual sprinting requires a good environment to be fostered in,

and in their case, it must be organized, with a known structure and everything in perfect order.

Sure, once they settle in this kind of environment, it's hard to leave it again, so their partner will usually have to take this upon them.

The Saturnian Sagittarius are, most importantly, the adventurers of the zodiac, ever looking for the next opportunity to satisfy their inner cravings, the urge to feel the adrenaline coursing through their veins.

Seeking this refuge from the tediousness of the world, they will shatter every single obstacle in their path, break apart the shackles of societal regulations, and follow their singular goal until they succeed in attaining it.

Even if they come across difficult situations that seem to go beyond their abilities, they can clearly adapt, evolve and overcome them.

Moreover, even this mentality to begin with, that they are good enough to survive anything will change with time, transforming into precaution, patience, predictive instincts.

The way these natives do their research is simple. They tend to push anything aside and focus solely on that one topic until it's taken care of.

They exhaust all the information at their disposal, reading it again and again, analyzing it fully, in the meantime giving off the vibes of a robot, cold and calculated who only does what it's been ordered to.

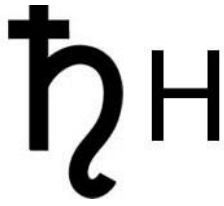

### **The Saturn in Sagittarius man**

Being very gentle and reliable individuals who do well in straining situations, and are very resistant to stress, these men would make for one hell of a husband material.

Moreover, they can be extremely loving and affectionate to those they deem worthy. They are household people, meaning that they could very well settle at home and take care of the house because they want you to take some time for yourself, to enjoy a little solo time.

And, again, with their self-imposed rules and principles, these natives have a very defined plan for the future, one they will pursue relentlessly, and they want you to be a part of it.

## ***Saturn ♄ in III 3rd House***

([1031] i.thehoroscope.co)

This placement of Saturn makes people have highly analytical and precise minds, love to dwell in many different interests and often impress others.

People born with Saturn in the third house in their birth chart are precise, resilient and capable of seeing things in depth. They can organize very efficiently and deal with life in the most traditional and conservative way.

It's possible they'll have an inclination towards mathematics and logic, their mind being very capable of developing great strategies when put in such a situation.

These people don't like to waste too much time with a project and prefer to be alone because they sometimes feel like people can only bring them trouble. This is because they may encounter problems with communication and can't find the way to express themselves clearly all the time.

**Summary:**

Strengths: Knowledgeable, dependable and kind;

Challenges: Insecure, shy and distant;

Advice: They should be braver about their opinions.

**A dislike for superficiality**

The main purpose of the 3rd house sits in the subconscious functioning of the natives' mind, when these are dealing with their most comfortable surroundings.

This house refers to the purest way people behave and communicate or how they function when interacting, so with that in mind, it's obvious that it doesn't deal with the unconscious.

It seems the small things people say and do unconsciously are the ones that present who they actually are!

Saturn in 3rd house natives may seem shy and distant. Some can be turned off by them, so they should listen and actually use what they have learned.

This way, they won't need to do a lot of talking, still their loved ones will adore them for listening.

Saturn in 3rd house individuals have some serious difficulties when communicating.

These natives believe their opinions will get seriously criticized, therefore, they're insecure and wouldn't even think of trying to talk about their feelings or thoughts.

Because of this, they're unwilling to communicate and are scared of making a mistake. It's normal for them to be shy and always concerned with others' opinion of them.

Talking is frequently a challenge for them and they could have dealt with some kind of speech impairment when young.

Saturn in 3rd house people aren't necessarily spontaneous as far as learning goes, small-talk and day-to-day discussions about the latest news.

They simply don't have a lot of interest in simple subjects and are all the time serious because they dislike superficiality in all its forms.

They may be very good when it comes to research, but are often scared or not at all bold enough to deal with the new and the methods that haven't been tested.

With Saturn here, things generally refer to a highly analytical and precise mind, which can be the effect of many principles taught to them during their first years of school.

From a young age, some of them have been educated to respect every rule, so they may seem insecure when dealing with the unknown as they take their time to act and are cautious.

Many of them have only studied and thought of nothing else, while others were denied to attend a college with strict regulations, where they'd have felt really good.

As children, they probably felt unappreciated for their way of thinking and even called dumb. If disregarded and told their opinions don't matter, it's possible they may have learned to remain silent and to open only when thinking they have something very interesting to say.

The psychological buildup of people usually depends upon what's known, tested and appreciated.

Saturn in 3rd house individuals deal with cognitive activities by insisting and striving for perfection, security for them being attained only when the truth is understood and every little detail has been studied.

If not, any form of advice coming from others can intimidate them. The slow movement of Saturn supplies many problems in matters relating to home and family members.

Natives having Saturn in 3rd house typically start speaking at an older age than other children, could have a somewhat sluggish and fearful speech or can be exaggeratedly timid to talk about their own ideas.

They may take a while to process all the information coming towards them, and while their intelligence isn't lower when compared to others', Saturn often makes them seem less smart.

Even if they may possess a high intellect, their surroundings would make them feel too scared to talk, which they accept as a reality until seeing what their speech can do.

It doesn't matter if men or women, they could be late bloomers who use only their own pace. Saturn makes these natives extremely stable when it comes to the knowledge they've obtained throughout the years.

What they have heard is strongly fixated in their mind and generates new ideas, which can produce an even more developed mind in the long run, a greater understanding than the one of somebody who absorbs data fast, yet in a chaotic manner.

### **The goods and the bads**

Saturn is the bully of all planets, making people with it in the 3rd house seem distant or too shy. Situations in which communication is needed can make them feel uneasy, but since they don't necessarily say too many things, they have this great way of listening.

And it's not that they want to be this way, they just are! Don't even think they will ever speak in public, yet Saturn in the 3rd house makes them silent and ready to develop great observational skills that eventually lead them to success.

They prefer to work in the shadows, sometimes as journalists or scientists and are disciplined or very well coordinated, finding those who happen talkative and unorganized very bothersome.

They have probably been discouraged to talk when young, possibly because their parents considered some things should never be discussed.

Saturn in the 3rd house can even briefly disrupt them in school as well, however, they will surely devote a lot of their time and efforts to the aspects of life related to education.

They may need to study twice as hard, but at least they have their own strategies when it comes to working towards reaching their objectives.

It's possible they'll want to achieve great successes in research, but for this to happen, fighting their own anxieties would become very important.

It's good that Saturn provides patience and endurance, so these would be two of their advantage when it comes to accomplishing any type of task.

Their communication is lacking a lot of heart and soul, therefore, they won't call or text a person until initially determining what they want to say.

This can be terrific for some professions, especially those that require the employees to be as discreet as possible.

Natives with Saturn in the 3rd house are fantastic at managing confidential information and working for newspapers, or for tasks where they don't need to interact that much with their colleagues and superiors.

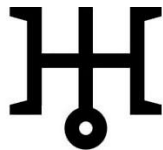

They're also cautious and manage to obtain results faster than others because they're always minding their own business.

It's suggested they spend some more time examining other individuals and their desires because this can help them determine what they want too and they surely are capable of good relationships.

They should use their instincts and have significant talks with both their family and friends.

Relaxing and letting their few communication abilities unfold will put them in the ideal direction, so they'll eventually learn how to talk more openly, which can be their life's challenge.

They are good at uncovering the mysteries lying all around us using unconventional methods. Most importantly, they will revolutionize the way we socialize with one another, how we perceive social relationships and the reactions of people to one another.

Psychologically, they are Freud's descendants walking on Earth. A new understanding of the self becomes entirely possible through their action.

**In a nutshell:**

Style: Passionate and resourceful;

Top qualities: Intuitive, loyal and affectionate;

Challenges: Manipulative and easily changeable;

Advice: Move away from the idea you can control people.

**Personality traits**

The Uranus Scorpio is one of the most determined and gritty individuals of the zodiac. They will fight for their ideals until the end, against any odds and will overcome any challenges.

Perseverant and innovative in thinking, they come up with brilliant ideas that offer them great opportunities, solutions to problems, but also possess some degree of risk involved.

They may have to take some leaps of faith, and sometimes, they end up in shambles after a near-miss, with some wounds to take care off. However, the spirit is endless and immutable. Nothing can hope to diminish its fierce intensity.

With the Scorpio zodiac sign being a very energetic and enthusiastic native, to begin with, Uranus' influence coming up to spice things up, bringing in the sense of revolt and revolution, you can imagine what we're dealing with there.

These people are one of those who'll build the bridge to the skies, crack open the dome of ignorance and tradition that we're wallowing under.

Their emotional intensity is simmering down within, never let out into the open, but it's like a volcano building up momentum until it finally releases all that pent-up aggression. They must learn to focus on one singular goal in order to work things out.

The Uranus Scorpions feel the urge to be in control, to dominate the situation, to have the last word. Because of this need, they often find themselves in situations that put their skills to the test, the challenges being of an extreme intensity, the competitors also intense and fierce.

They are very unpredictable individuals, albeit extremely passionate as well when it's worth it. They won't stay cooped up in a cage for the rest of their lives, and if their freedom is inhibited, that's it!

They are afraid of those negative feelings that appear in a relationship, the jealousy, the sense of possessiveness, and so on.

On the one hand, their passionate sexual impulses may ruin their relationship altogether because they are often exaggerated, and they have to do it in secret.

For a partner who can't take this sort of behavior, and who wants to be treated tenderly, it's a killjoy, an immediate sign that things are not going to work.

However, with this much passion in the works, and with how imaginative they are overall, sex is going to be a very intense and pleasing experience for both of them.

The Uranus Scorpio is ingenious and innovative, and they like to discover the true pleasure points of a human, the absolute limit that you can feel pleasure, the paroxysm of satisfaction.

### **The good and the bad**

The Uranus Scorpions are very determined and ambitious once they have started a project. They will not stop until either they've successfully completed it or have found it impossible to continue.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

### **The Uranus in Scorpio man**

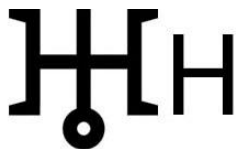

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

Uranus never sleeps and always watches over the world, waiting for the right moment to bring about the smoke of war, the smell of conflict, with the ashes of defeat or victory floating about.

There is bound to be a revolution when the natives influenced by this planet walk the Earth. Either through science or occultism, he will bring about a new era.

It may not be today, it may not be tomorrow, and it may not even be evident to all, but it's going to happen at some point.

## ***Uranus ☿ in II 2nd House***

This placement of Uranus prompts people to choose an eccentric career or to even show their talents in unexpected ways so they are likely to gain a special status.

People born with Uranus in the second house in their birth chart are not at all like others when it comes to money and possessions. Some of them may not even care where they're living and will keep their needs to a minimum. Their need for freedom is tremendous, so they don't want to feel tied to any possession or object.

However, don't think they won't make a good living because they can even be the type

who puts money aside for rainy days. Their financial situation may go from one extreme to the other, so they will have periods of time when very rich and moments when they don't know what to put on the table.

As the second house is the one of money amongst other things, the planets here indicate how the natives can work on their finances. Therefore, the presence of Uranus here indicates these people may make a living with the help of technology, their originality, when working in groups and even when supported in business by their friends.

**Summary:**

Strengths: Inventive, focused and ambitious;

Challenges: Moody and stubborn;

Advice: They should seek to embrace the transformations their life goes through.

**Unconventional and impulsive**

Uranus in 2nd house natives may make their money in the most ingenious and innovative ways, probably by inventing something that's related to technology, by having a job that's unique, by dealing with electronics or even by making scientific discoveries.

In any case, they'll always be unconventional when it comes to financial opportunities, so expect many changes to happen as far as their wealth goes, or for them to have many ups and downs with their money situation.

As said before, being helped by their friends or even the government may be the solution for them to make a good living.

Eccentric, unconventional and a really strange planet, Uranus placed in the second house, that rules over possessions and finances, means people of this placement have all of these characteristics of this celestial body when it comes to the way they're making a living.

It's possible for them to have the most eccentric career or to their salary coming from a business that seems at least strange for others.

They will experience many fluctuations with their income, so it's very normal for them to one day suffer from famine and the other to be in malls, buying the most expensive things.

Uranus in 2nd house individuals are the type who gets fired more times than others. It seems that only strange things happen to them at their job, so their superiors may not tolerate unusual happenings around the workplace.

For example, they could come up with gossip about their bosses or cause a fire in the

kitchen of the building where they happen to work.

There are many celebrities who have Uranus in the 2nd house. Many of these natives decide to take the self-employment path, but this means having money one day and wondering if business is ever going to get better the other.

At least they are able to make enough and compensate for the quiet days, during the busy periods.

They seem to always have a fascinating story about their work because it's common for individuals having Uranus in 2nd house to experience all kind of unusual happenings.

Many of them don't want to work from 9 to 5, so a different type of job can bring them constant fluctuations when it comes to salary and profit.

They may have a need to be secluded in order to soothe themselves and to be as sensual as they can, but only in privacy. These natives may be attracted to voyeurism as this allows them to participate and in the same time be detached in sex.

Also, they can like pornography and seeing others kissing or being engaged in sexual activities. Many of them will unconsciously need to be isolated from their own body's pleasures because as children or in their past lives, they have had some unpleasant experiences with their bodily functions.

The 2nd house is the ruler of value, finances and possessions amongst other things like comfort.

Uranus happens to be responsible with awakening, so in the 2nd house, it may cause consistent changes, when it comes to the system of values natives have, to happen.

Because it makes significant changes, people having Uranus in the 2nd house may change their values many times during a lifetime. They'll give up outdated methods because they think growth can't be possible without bringing in the new.

Some of them may start around their 30s to no longer consider wealth and to only think of spirituality. Others may get engaged in projects that don't offer them a stable income.

Either way, many of them will be attracted to make money from what Uranus rules over, for example, technology, the sciences, the study of the universe and computers.

These natives are more inclined than others to take risks when it comes to the financial aspect, so they should continue being inventive and oriented towards the future because they may lose money many times, so they need to make more in order for them to have a comfortable life.

## **Blessings**

Uranus in 2nd house individuals love nice things, so their impeccable taste can't really be seen in others.

They can buy really unique art pieces because they don't like everything that's mainstream, therefore, the collections they may have at home can be very rare.

These natives want to invest a lot of sentiment in what they hold dearly into their soul, so don't expect them to go and buy whole collections of art pieces for the reason of just keeping them their home.

Buying the pieces one by one is more likely to bring them the joy of collecting. Thankfully, they'll most of the time make enough money to get what they want, considering they're very hard-working.

While they may have a different style than other people, their logic would always have them doing a great job, no matter the line of work.

In case Uranus is in a comfortable position in the 2nd house, the natives with this placement become more interested in owning and physically engaging in different activities.

They may be so detached when it comes to other people's physicality that they could easily work as coroners or butchers.

Usually generous and kind, these natives don't like to feel stressed about what they own, so they will often give their possessions away.

Uranus in 2nd house natives inspire people to live the way they want and to not care about finances that much. They appreciate comfort though, so they'll work hard to have a nice home and make their loved ones happy.

Very efficient at their job, these individuals will use their creative abilities to finish projects in the most efficient manner. Many will appreciate them for always getting things done fast and the correct way from the first time.

## **Challenges**

Having Uranus in the 2nd house may be a problem when having to come up with solutions fast.

If people are pushing them around to get things done in quickly, Uranus in 2nd house natives become annoyed and allow their stubbornness to take over.

In this situation, expect them to be very cold and not interested in what others may have to say. Proud of being slow, this attitude of theirs can't always be the right one as they should be more spontaneous and come up with answers faster, considering the world doesn't move at their pace.

The more they'll try to be quicker, the more rational and good at making decisions they'll become. Rebelling against those who are trying to make them act fast is not at all indicated.

They should also not think they always know best because their logic and approach can't be all the time perfect.

Not to mention how stubborn they are in accepting other people's opinions, especially of those who don't agree with them.

People with Uranus in 2nd house should learn how to listen because many would appreciate them for being open to discussions.

In case Uranus is in a challenging position here, they may have problems with their physicality. For example, if they've been held on a baby-leash when very little, they may feel terrified of being too close to people as adults.

Their body would simply no longer be responsive to closeness because they've been kept too close when very small. It's possible for them to also have repulsiveness towards the process of chewing food, so they may want to only eat alone because this way no one can see how messy they are.

Uranus in bad aspects with Venus, the planet of the 2nd house, or any other difficult planet for that matter, which can be Neptune, Saturn or Pluto, can make natives with such placements unconsciously feel that their bodies are not good enough, so these people would engage in all kind of masochistic practices as a relief.

These individuals need to undergo hypnosis or talk to a therapist and determine what makes them feel uncomfortable, in order to become healthier from a psychological point of view.

Furthermore, Uranus and challenging positions in the 2nd house may make them completely uninterested in possessions.

They won't want anything in their name, be it houses or cars, because they'd feel restricted and stressed about owning.

With the same placement of Uranus, individuals may not want to borrow money, even when in the most difficult situations of their life, for the same reasons.

It would be great for them to be self-employed because they'd have enough independence to make money the way they want to.

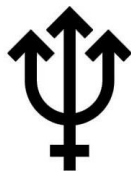

As a matter of fact, many of those who work as freelancers have Uranus in 2nd house because this is how the energy of this planet influences them.

### ***Uranus ☿ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. ([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

### ***Neptune ♆ in ♌ Leo man 23° 59'***

([1069] i.thehoroscope.co)

**In a nutshell:**

Style: Visionary and principled;

Top qualities: Idealism, drive and generosity;

Challenges: Arrogance and entitlement;

Advice: There is no need to play the victim in love matters.

**Personality traits**

The expression of the artistic sense makes up most of the Neptunian Leo's expectations for the future, as well as their innermost desires. Emotions have much more potential and can be used to incite awe in the eyes and hearts of an auditorium, in theatrical events, music concerts, painting galleries, and much more.

This native believes that they can achieve a superior form of existence and find complete fulfillment, through the highest forms of art.

Aesthetically endowed, this inborn artist and drama actor has to constantly go against societal regulations that only seem to be there to impair his creative impulses.

The native born with Neptune in Leo has a talent for entertainment above all, attracting everyone's attention with their natural allure and magnetic personality.

Being in the spotlight is a Leo's wet dream, and Neptune only makes this more satisfying, given their high emotional output.

With this much emotional depth hidden within, the partner of someone with Neptune in Leo in their natal chart will live on the edge of exquisite pleasure all the time, not knowing what follows next.

However, just as they can get terribly excited about something, the opposite can happen in a split second as well. There are those hard to accept truths that throw their ideals on the ground immediately, and forcefully pull them out of their dream world.

When this happens, it takes some time to get used to the busy routines, day-to-day boring events, ignorant people, and so on. They will try their best to confront these challenges as they come, without letting themselves be taken down permanently.

These natives are very sociable and kind to their friends and close ones, always being willing to support everyone in times of need. Once a word was given, they will keep it no matter the circumstances.

They are also responsible for their actions, and never blame someone else. These firm principles make them truly appreciated by everyone else, especially little children, who see their dramatic performances as very enjoyable and entertaining.

### **The positives**

What makes the Neptunian Leo the very best is their ability to put whacky dreams into reality. Ideas that other shun as being naïve, ignorant, overly-idealistic and impossible to apply, they manage to find the perfect way to do it.

They run simulations, calculate possibilities, constantly think up of innovative plans and strategies, apply their imagination and inventiveness to the very essence of reality, fitting every piece in its right place, with the puzzle eventually coming to completion.

Often, they lose themselves in the fictional worlds creates by their minds. In their search for the unity of being, for a safe refuge outside the cold and harsh realism of reality, it just so happens that their imagination does a great job, too great a job actually.

It becomes harder and harder for them to come back to reality, and they spend as little time as possible there anyway, quickly returning to their ivory tower of imagination.

### **The negatives**

Natives with Neptune in Leo should pay attention to their dominative tendencies when it comes to discussing possible solutions to a given problem or giving feedback on an idea.

They tend to take over the discussion, express their firm belief that everyone else is probably wrong, and that they are the ones in the right. They don't think this per se, but this is what most would extract after seeing their attitude.

Moreover, since they put so much effort into sharing their ideas with everyone else, they also expect to be appreciated for offering the perfect solution, the foolproof plan, the panacea that cures everything.

This just worsens their social bonds with each passing day, and they have to realize that the others are also entitled to their opinion, and talking over them is just childish and annoying.

### **The Neptune in Leo man**

Neptune makes these men rise up to meet their potential, and bloom unexpectedly in an explosion of light. Dynamic, spirited and adventurous, they never sit in one place for too long because the world is full of mysteries just waiting to be discovered.

What's more, they manage to use this impetus not only to have fun but also to raise their efficiency at work, be a heck of a lot more productive and attract the boss's attention.

Men with Neptune in Leo will prove to be exceptionally creative, with an artist's flair for the flamboyant and aesthetically pleasing. However, this comes dangerously close to the

dramatic reflexes that most artists possess.

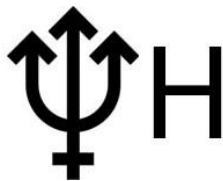

They will sometimes lose their temper, refuse to acknowledge that they might be wrong, get upset about the most insipid of things, even decide to leave for a while to calm down.

It's all a result of their artistic spirit which falls into theatrical dramas, a liking for the sign of the Leo.

Not all these men behave like this, however, and usually, the more mature men will have already resolved these problems a long time ago.

When young, they are more impulsive and spontaneous, also more uncontrollable. The partner of a man with Neptune in Leo is advised to set some boundaries early on and not be afraid to step in, any time they don't feel comfortable with a particular behavior.

This placement of Neptune makes people crave being surrounded by friends and to establish spiritual connections with others involved in different groups.

Neptune in eleventh house people are very hopeful, dreamy and friendly. It's easy for them to get together with others and usually have a large social circle formed from all kind of individuals who are somehow strange and unconventional.

These natives are the rebels and conspirators of the zodiac, the people who plan for long-term and rely a lot on their intuition. If they want to see their dreams coming true, it's important for them to develop good strategies.

### **Summary:**

Strengths: Intuitive, talented and sensual;

Challenges: Distracted, lazy and conceited;

Advice: They should take more time for their passions.

### **A tolerant personality**

Very idealistic, flexible and compassionate, natives having Neptune in 11th house expect a lot from their friends and don't mind dealing with other people's weirdness.

However, they should be careful not to be taken advantage of. They are sometimes so giving and tolerant that many of their friends are looking to deceive them, so they should be careful with whom they're spending their time with.

It can be hard for these people to set up some boundaries regarding how much they're giving as they want to always keep the peace by offering generosity.

They can also believe it's hard for them to be aware of their own dreams and goals, so when not knowing what to do in life, they get to become very unhappy.

As soon as they've reached at least one of their goals, they can end up thinking it's not what they wanted or the opposite, that they need more of that thing.

They're the type who has to be surrounded by friends and to establish spiritual connections with others involved in different groups in which philosophy is often discussed.

The fact that they have too high ideals is not in any way to their advantage because they're often feeling disappointed, especially when seeing their expectations can't be met.

Sensitive and faithful, they will always be attracted to art and get surrounded by people who are considered unusual. Sympathetic and compassionate, they want to help anyone without expecting something in return.

They should be careful not to give themselves to those who don't deserve it and at the same time be clear with what they want others to do because would not generate any confusion or chaos.

Neptune in 11th house natives have vision and want to be of help with whatever they can. As a matter of fact, this placement is the one of the dreamers, of people who imagine a perfect society and peace all over the world.

They have the need to inspire others to become better, especially when they happen to be active members of a community. It's not unusual for them to work for charities and to help those whose rights were stolen or don't have enough money.

Furthermore, they have a great interest in everything that's mystical, out of this world, or deals with New Age healing techniques.

The same Neptune in 11th house placement suggests they have talent with music, design and usually everything related to art. Wherever there's a cause to join, you can count on them to be there and to give a hand.

It's not surprising to see them giving flyers away down the street and to talk about raising awareness on the subject of animals' rights. It's their dream to see this world at peace and everyone living in harmony.

Most of them are great with the arts and can express their love by making beautiful music, taking photos, knitting clothes and doing all kind of different other things.

There's nothing to make their soul happy more than art. Even a morbid and darker approach seems to be to their liking because they can study and admire it from a different perspective.

Neptune influences them to be passionate about the supernatural and to study progressive science or anything related to the psychic abilities of people.

Very worried about how they're evolving from a spiritual point of view, they're always looking to share their vision about religion and philosophy.

People with Neptune in the 11th house need to set some boundaries with when it comes to their involvement in the collective.

They can make many friends who are as religious and passionate about the mystical as them, but it's also possible for them to get deceived because they're too giving.

They think the entire society needs to be safe and are always unsatisfied with how things are working in the world. It's essential for them to not put their faith in something that can't get done and sounds unrealistic.

With Neptune being dreamy, it can be difficult for people having it in the 11th house to get in touch with what they want the most from life.

This planet gets them to be confused, so they'll never know for real what makes them happy.

Always attracting unusual and caring people, they can choose the right groups to join, but they need to be careful with how much they're giving to others. It's very common for these people to feel used as a result of them being too generous.

Very ambitious and idealistic, it's normal for them to often get disappointed and to realize their goals weren't so well anchored in reality. It's suggested they think more of doable things rather than off perfection.

Neptune in eleventh house individuals will always have mystery surrounding them because this planet rules over illusion. The sign in which it's located is also important,

together with the aspects from other planets.

How the life of people with this placement will be is determined by all these things.

Since Neptune is also the planet of alcohol and substances, the natives having it in the 11th house tend to get together with people who are alcoholics or drug addicts.

They should be careful not to get influenced by such personalities because Neptune in difficult aspects with Mars or other malefic planets indicates it's possible for them to get addicted to all kind of substances as well.

They may want to function as a whole organism with the people in their life, and when in large groups they simply unify and dissolve with the crowd, but they need to know those individuals with whom they're interacting have only good intentions.

There are also situations when more negative characters are influencing the group in a bad way, so they should pay a lot of attention to each and every person they meet.

While they may idolize their friends and put their family members on a pedestal, they should always be honest and speak their mind, no matter how much they'd be hurting people.

Many individuals wear masks, so Neptune in 11th house people shouldn't just accept this.

There's also the possibility to get together with those who are very spiritual, especially when Neptune is in good aspects. In this situation, they'll collaborate with others to expand what their conscious knows and to develop their spirituality.

They may find such people in humanitarian groups who advocate altruism and generosity. It may seem no one is more talented at music than at any other art form than they are, so it's very likely they'll at least do something in this direction, as a hobby.

### **The goods and the bads**

Neptune in 11th house individuals have to see things clearly and people for who these actually are because they tend to observe only what they want. These natives expect only goodness in their life, so they never stop to judge or to gossip.

Many will know them as extravagant and witty, so they'll be liked by the public, no matter where they may be going.

Wanting to join groups of people with the same interests as them, they should focus more on this rather than on having perfect relationships.

It's common for them to look for extra meaning in things that are already determined and purposeful and profound.

Neptune in 11th house natives should be careful and not expect too much from life because this way, they'll never get to experience smaller things as they come and to become enlightened.

The path towards illumination should start with baby-steps because enlightenment is only possible through experience of life.

Because they want ideal relationships with their friends and lovers, they may feel like what they desire can't be achieved.

Their closed ones will be pressured to live up to their high expectations, which can also mean frustration. With all this being said, it's easy to understand why natives having Neptune in 11th house are often disappointed in life.

### ***Pluto ♇ in ♎ Libra man 19° 57'***

([1095] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born at a time when Pluto was transiting Libra are the kind of individuals who want to change the world, but not by creating a complete ruckus, so not through forceful methods.

What they want to achieve is complete cooperation and coexistence among all humans. Under the influence of the pacifying Libra, ideas of partnerships are taken to the next level, no matter the surrounding resistance to change.

#### **In a nutshell:**

Style: Peaceful and idealistic;

Top qualities: Adaptable, diplomatic and analytical;

Challenges: Hesitant and worrisome;

Advice: Grace can sometimes be confused with naivety.

### **Personality traits**

These natives excel at making a problematic situation drop down a few levels on the aggressive scale. Where a conflict could spark up anytime, they manage to defuse the bomb through diplomacy, patience, and persuasive skills.

They mediate and try to do good by everyone else, satisfying all parts involved. However, they can also drop all pretenses and storm out of a room in a state of full-blown rage if an injustice has been committed, and the obvious perpetrator just won't admit it.

They can be quite uptight with these principles and virtues, even in a relationship or better said, especially in that case.

Because they see themselves as the peacekeepers, the right person for the right job when things start going down the drain, they're pretty egocentric.

Only a Plutonian Libra can find the best solution to a given problem, and they will spend a lot of time deliberating what's the best course of action.

More often than not, while they're analyzing the data, the problem either disappears or solves itself, but there's no arguing with them once they get started.

On top of this, these natives are in love with researching the hidden nature of a given situation or person, being stubborn enough to attempt getting through to its deeper layers.

### **The good and the bad**

One thing is for sure when talking about Plutonian Libra natives. They are very good at making meticulous analyses and observations, doing systematic deconstructions of a certain problem, in order to see what it's made of.

They expand this ability into many other forms and domains, but what really gets to them is that they become too obsessed over the little things.

They forget about having fun, about looking at the whole picture and learning to enjoy it. Sure, they can be great problems solvers, and everyone knows that they are very reliable people, but on a personal level, they could learn to detach from time to time.

Problems start appearing the moment this native becomes too focused on a particular aspect and forgets that, sometimes, you just need to take a few steps back to freshen up your mind.

With a calmer mindset you are able to see things that you weren't able to see previously. However, for the most part, the Plutonian Libra native just gives up when they can't find

a proper solution, letting someone else take care of it.

Their relationships are especially affected by this because once they start an argument and notice that it's getting nowhere, they just get block, not knowing what to do next.

The thing is, they would prefer everything to be simpler, easier to figure out, with simple implications. And we all know how complicated relationships can be, especially with fussy partners.

### **Pluto in Libra in love**

For the overly-rational Plutonian Libra native, love plays a big part in their lives, acting as a form of respite from the daily stress. They find great fulfillment in coming home and spending time with their partner, doing things together, fun activities or something of the sort.

Of course, because they wouldn't be under Libra's influence for nothing if they didn't start to over-analyze everything, even relationships and love itself, they do just that.

With reason and logical principles, you can efficiently find a solution to a problem, but try doing the same thing with a fuming partner who claims you don't pay enough attention to them. Emotional matters are another thing altogether.

Plutonian Libra natives are very determined and resolute, so once they determine that something is worth the effort, giving up is no longer an option, no matter what happens.

These natives can be incredibly tough and tolerant, even though they may react aggressively sometimes, or get annoyed from time to time.

Their love is still very intense, and they can resist for a long time before deciding that it's not worth it anymore.

### **The Pluto in Libra man**

These men are faced with some degree of inner conflict between social interactions and inner fulfillment.

At the time Pluto was last in Libra, these men had to make a choice, because society was beginning to change gender roles and how people approached them.

They also wanted to find themselves an emotionally fulfilling relationship, one they could perceive as a refuge. What was perceived as flimsy or too feminine in the past was now normalized, namely men exhibiting emotions in the first place.

As such, Plutonian Libra men carry from this ancestral knowledge and are more open towards the prospect of a relationship founded on emotions and sensibility than their

ancestors were.

They tend to reveal themselves easier, their inner thoughts and feelings. Furthermore, they place increasing importance on finding a workplace that they can fully dedicate toward.

## ***Pluto ♇ in I 1st House***

([1101] i.thehoroscope.co)

This placement of Pluto makes people go about their lives with vigilance and heightened awareness but this is not to say that they don't have a lot of fun too.

Those born with Pluto in the first house of their birth chart are very intuitive and very intense, in the sense that they are searching for the truth, whatever form it may take.

As such, don't even think about deceiving or lying to them. It's not going to fly for too long because they'll quickly discover your subterfuges.

These natives are very suspicious and wary of people and new situations, afraid as they are, of getting hurt or disappointed. Nothing can lull them into a false sense of security because they never drop their guard.

### **Summary:**

Strengths: Charming, warm-hearted and observant;

Challenges: Aloof, moody and suspicious;

Advice: They need to relax more and simply go with the flow.

### **On a path towards freedom**

Pluto in the 1st house natives exude a natural aura of authority and intensity that keeps everyone wary.

This impression of strength and boundless mystery is what's giving them some breathing room in this busy world where everything is against them.

This reality is too harsh and incompatible with their vision, and so they want to avoid being hurt or going through harrowing experiences.

This form of isolation that they live in is self-imposed, a state of constant vigilance and suspicion. They don't give their trust easily to anyone. Usually, they want to know what they're dealing with before taking any actions.

They're doing their own thinking without paying attention to the rest of the world. Other people might believe them to be crazy or unconventional, but they don't care.

As the eternal lone wolves of the zodiac, the Pluto in 1st house natives break apart all conventions and rules, doing everything for their own development and evolution.

On the path towards freedom, independence, and comfort, they will have to adapt to the many situations that appear, but they aren't very keen on doing that.

All in all, in spite of their solitary natures, they still need other people to validate their feelings and thoughts. Plus, they also want a relationship.

Strangely enough, the process of falling in love and getting close to someone is fraught with mood changes and issues.

Affection, indifference, love, hate, all of these feelings will mingle around and create spontaneous transformations and emotional turmoil.

In a relationship, these natives tend to expect a lot from their partners, but they aren't prepared to offer much in return.

There will be a lot of arguments and conflicts, each of them getting harder and harder to manage. This process takes a long time and, hopefully, it will end in them learning about selflessness.

One of their greatest fears is being dominated, held up against their will, marked by the inability to pursue their callings.

However, despite this, they are still looking to fall in love and establish a relationship.

The sense of belonging is probably too strong to ignore. A lot of people learn from mistakes and failures, so the same goes for them in such short-term relationships.

By putting themselves out there and going through any break-ups, they will learn to live with themselves just as well, to embrace their nature.

Essentially, the only way this is going to happen is by learning to treat other people fairly, to stand tall against the winds of change and avoid getting emotionally unstable and angry out of nowhere.

Pluto is putting enough negative energy in them as it is, so being so distant and edgy will only make it worse.

These people can go very far though, and this can be seen from how curious and inquisitive they are. Literally, nothing goes past them without being taken for a detailed perusal. Perhaps, there are mysteries to be discovered.

Sometimes, it could be that the Pluto in 1st house natives feel the need to be in control, to have authority over someone, to dictate and give orders.

This comes as a result of the rampant spirit wreaking havoc inside them, courtesy of Pluto. Although it can be directed toward a sexual release or even better, toward pursuing their goals, many times it just explodes outward.

Anyway, the strong sense of dissatisfaction and grief that accompanies failures is too strong to resist, especially in their precarious condition.

These traits must find a way to coexist peacefully, for harmony to be attained if they are to reach their full potential.

### **The goods and the bads**

The Pluto in first house natives can only manage to get over these inner contradictions and escape this existential dilemma by finding some answers, questioning existence itself for the problems they are dealing with.

Only by satisfying this need will they even manage to take control of their lives. Their identity is forming just about now, and there will be many times where they just lose it, feelings of regret and sadness.

They might even resort to unsavory methods to get what they want, like lying, stealing, manipulating people, and this is also a result of this identity crisis.

People have different opinions of them, each more negative than the last, but this won't last for too long.

One of the good things about these people is that they usually don't waste any time with small talk or uncertainties.

If something must be done, you can be sure that they will start doing it right now.

One's obligations and responsibilities are incredibly important, a hallmark of personal firmness and maturity. Moreover, they are very intuitive and are able to predict what will happen in some situations.

This gives them the opportunity to try to change or avoid problems. Putting this to good work will make the difference in the future.

These natives are control-freaks, in that they want everything to go by the book, according to the rules. The unexpected and spontaneous events annoy and scare them.

In general, they are perfectionists and want to do their job splendidly, putting incredible amounts of effort into it. Also, being the first in everything is one of the primary goals of these natives.

However, what this does is put even more pressure on them, instill emotional tension and make life not worth living anymore.

They need to take a step back, relax, let everything flow naturally. What is unknown and mysterious will reveal itself eventually, and they don't have to fret about it so hard.

### ***Pluto ♅ in Rx retrograde movement***

[699] [920] ([699] mollysastronomy.com:.) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:.) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

### ***Calling (Unaspected) ♅ Pluto***

([700] astrotarot.net:.) Pluto without aspects will be strongly dedicated to anything that's hidden beneath the surface. Pluto is seeking challenges and influence by using force and authority or values (money). Strong men have Pluto without aspects in their natal chart. Also, Pluto is also 'calling' those who do dangerous work or they work where strategy is needed (in politics, for example). The negative side of calling Pluto or Ascendant without aspects is that you need more and more power and can't resist the challenge to prove how strong, powerful and rich you are. In certain cases, this is too dangerous for you and for others. Also, you sometimes feel very strong impulses that you cannot escape. Pluto may prompt solitude or powerful actions requiring intense energy, which is more or less well channeled, depending on the rest of the chart and the configuration of the moment.

More than 4/5th of recommended orbs, only major aspects, without Quincunx and Semi-

sextile.

## **North Node ♏ in ♉ Taurus 9° 57'**

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to engage in wrong thinking, to which his natural disposition inclines him. Things on the whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac.

Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is discovered. The Scorpio South Node must burn the bridges of the past and resolve to benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him. Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

(Donna van Toen)

You have real hang-ups about earnings and resources. Your Scorpio South Node may reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

\*\*\*

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total

taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and lacking nothing. In contrast, the person is generally someone who's undergone drastic changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

## **North Node ♏ in VIII 8th House**

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a parth he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of hie being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

\*\*\*

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual

instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

### ***(Black Moon) Lilith ♀ in ♋ Cancer 24° 10'***

([1140] [elsaelsa.com](http://elsaelsa.com))

#### **Atlas**

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your

Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

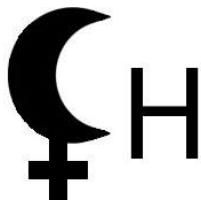

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In

that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

## ***(Black Moon) Lilith ♀ in X 10th House***

([1158] elsaelsa.com)

### **Dark Reputation**

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin than you might prefer.

In traditional astrology, the 10th house is known as the culminating point or the pivot. With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by

authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

## **Chiron ♄ in ♊ Gemini 10° 44'**

([1250] astromajesty.com)

Geminis are the social butterflies of the zodiac and can easily adapt to any social situation. They are able to express themselves freely and are quick learners. Gemini is ruled by the planet Mercury, famed for being the planet of expression and relationships.

In Roman mythology, Mercury is the messenger of the Gods. It is also the ruler of the 3rd house which focuses on communication and relationships with friends, family, acquaintances, and the like.

To find Chiron in Gemini indicates that there are problems in this area. A consequence of having Chiron in Gemini is that those who have it may not feel as though they can freely express themselves openly and truthfully. Vocalizing their personal opinions is not something that comes naturally to the Gemini Chiron.

Deep down they are actually gifted when it comes to speaking. With Chiron in Gemini, they have a natural way with words however this is not seen by the Gemini Chiron, instead, they experience difficulties in this area as they fail to see their unique abilities. The implications of this are noticeable, either by the Gemini Chiron being quiet or if they regularly struggle to get their words out.

Communication is important to their evolution. Chiron in Gemini indicates that there are lessons and healing that need to happen in the area of communication and establishing relationships.

People with this placement may feel as though they want to break free from the constraints of limited thinking and the frustration of not being able to communicate with others. Putting aside their fears is a key part of their personal development and will help them to avert negative thinking in this area.

### **Personality**

Chiron reflects the areas that need to be worked on in a person's personality. It showcases the emotional baggage that impacts actions and decisions made throughout life.

Despite its seemingly negative tone, it does possess some positive aspects.

The astrological symbol for Chiron is a key. By understanding the impact that Chiron has on our personality and life we can unlock the truth of our existence and face the darkest aspects of our being. Coming to terms with our wounds can help us to heal and survive.

### **Negative aspects**

The messages that you absorbed at a young age may have impacted your view of the world and yourself. This could be bullying from a sibling, children at school, or an authoritative figure such as a teacher or parent.

This has had a lasting effect on those with Gemini Chiron. They may also have had a stunted understanding of the way that the world works, it could be that they were kept out of conversations such as sex, finances, and death, in a bid to protect them in their childhood.

Chiron in Gemini may suffer from low self-esteem and interpret their lack of communication skills as them being stupid or ignorant, which is not the case. These false ideologies may make them feel as though they can't fit in with others. Imposter syndrome may be common with people with the Chiron Gemini placement.

In work or social situations, they may feel as if they are in lower standing than those around them, particularly those who are natural and gifted speakers. This can result in constantly comparing themselves to others.

They may project their insecurities onto others by putting down those who seem less intelligent than themselves. This is a coping mechanism, an unhealthy way of deflecting their frustrations and releasing their anxiety.

Generally speaking, they tend to oppose those who gossip or participate in the slander of others. Communication is important to the Gemini Chiron and those who abuse it are not looked upon favorably by them. However, they can contradict themselves by engaging in hearsay and participating in the discussion of rumors.

People with this placement may also be considered as a scatterbrain. The way that they process their thoughts may not be organized which leaves them occasionally tongue-tied when they attempt to communicate clearly and articulately.

There may also be a tendency for Chiron Geminis to be more susceptible to mental health issues, anxiety and, potentially, substance abuse, though this is not absolute. In social settings, the Chiron Gemini may be more of a drinker than their fellow peers. The influence of Dutch courage helps them to communicate in a way that they have never been able to when sober.

**Positive aspects**

Those who have Chiron in Gemini will embark on a journey of communication. There is deep healing in this area of their lives and through having an openness to understand their weaknesses they will improve and learn to speak their truth.

There is something inside of them that wants to break free. They have a unique gift that needs to be shared with the world.

These individuals have a natural curiosity for the world around them. In their solitude, they can appreciate the little things in life such as a bird's song, the frost on the ground and the sound of the wind through the leaves. They may have interests in travel, nature, and even mechanics. It is not uncommon for them to take risks and divulge in activities that others may think twice about doing.

The fact is that the Chiron Gemini isn't actually bad at communicating; they just have the impression that they are, which affects how they speak in general. The benefit of this is that they can take specific measures to counter this.

They can be open-minded and may be able to express themselves with their body language very well. As they are not particularly vocal they find ways to communicate that others may overlook.

Despite their seemingly gentle nature, they can have a sharper side to their personality.

The Gemini Chiron may be argumentative and can be surprisingly bold when facing off someone they dislike. This is due to their lack of articulation, much like when a toddler throws a tantrum when they are unable to express themselves in the way that they want to.

**Men with Chiron in Gemini**

From a male point of view, Chiron in Gemini residing in their chart may have caused problems in their early years.

The trouble that they faced with expressing themselves may have meant that he let others speak for him. By allowing others to put words into his mouths he could've been victim to manipulation in social scenarios.

He may have struggled to speak up for himself which would have led to him finding himself in situations that did not serve him. He could've been susceptible to peer pressure. By not being able to think for himself he may have gotten into trouble at the expense of others' behavior.

The Gemini Chiron male may tend to adapt himself like a chameleon to fit in with the

crowd or he accepts his social status as an outcast. This is at no fault of his own. He could rectify this negative self-image of himself however he has allowed feelings of inadequacy to take hold. He may feel as though he cannot measure up to others, especially other males.

The Gemini Chiron male can feel intimidated when they are near loud individuals. In large social groups, he tries to conceal his insecurities and would prefer to let the large characters in the room take charge. When alone they take pleasure in solo activities that satisfy their curious minds such as research or reading.

### **Lessons**

This placement highlights the wounds that need to be healed, it is not an indication that the Gemini Chiron will suffer from communication problems and how they relate to others.

The impact of Chiron can be remedied with conscious thought, an open mind, and effort. Once someone can identify the effect that Chiron has on them, they can take the necessary steps to start the healing process and conquer their issues.

There is a budding intellect and communicator that wants to show themselves off to the world inside of a Gemini Chiron.

It lives within them, what blocks them is confidence in themselves and the energy of karmic pain. Once a Gemini Chiron can identify their issues and open themselves up to being more communicative, they will release the issues gained from their past life.

The Gemini Chiron must move past the notion that their speech must be perfect, it's ok to have an unpopular opinion or an alternative view of the world.

So long as they are being true to themselves and respectful of others the Gemini Chiron will flourish once they come to this understanding. They must also avoid trying to impress everyone.

To learn from their wounds, the Gemini Chiron must not 'people please' or worry about how others see them.

They must not be fearful of judgment. In life, every idea or sentiment that we have is for a purpose, whether it's to educate others or be educated by understanding our ignorance.

Communication has its place in this world to help us create bonds with ourselves and others. The Gemini Chiron must know that their points are valid and they should not be scared to share them. They were given a voice for a reason and so it must be used for its purpose.

Everyone in this world is unique in their own ways, this is something that the Gemini Chiron must accept. The Gemini Chiron has talents in listening, where they struggle to speak themselves.

This makes them an excellent confidant and friend. If they continue to have issues with communication then they may wish to look toward the stronger aspects of their personality.

While they refrain from speaking, they should learn to quiet the mind and listen to their intuition. If the Gemini Chiron can allow themselves to be guided spiritually, they may find the voice that they have been looking for.

As such, Gemini Chirons are healers by nature. They can help others who also struggle to express themselves and be of support when they need it.

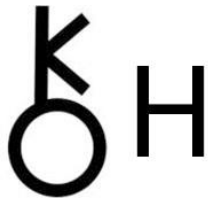

Another lesson for the Gemini Chiron is that they are intelligent regardless of what they think or feel about themselves. If they have received messages in their younger years that they are not smart enough it was only due to the insecurities of those individuals.

The Gemini Chiron must start to put in the effort to study, learn and keep their mind open. They must apply themselves to see the results that they want and must not fall victim to the negative self-image that they have of themselves.

As time goes on, they will become more comfortable with who they are. When the Gemini Chiron actively starts to seek out opportunities where they can express themselves, they will come to discover that they have a knack for it.

Through the word that they speak, they will offer great help and healing to those that hear it. Their voice will become important for many and they will have a significant impact on the lives of others.

## ***Chiron ☿ in IX 9th House***

([1268] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 9th house likely struggle with what this house governs:

beliefs, travel, meaning, or higher education.

Perhaps they strive to understand one of these or be the best in that field, but life hits them with one setback after another.

These individuals typically have a unique perception or point of view, and they tend to question the world around them. Their beliefs tend to differ from that of the majority.

It is why they often feel misunderstood, inadequate, or lonely. In the oddest scenario, they could believe that the world resembles the Matrix movie premise and that everything is a simulation.

Whatever bothers them, it usually affects their belief system, and they feel a lack of meaning.

Those born with Chiron in the 9th house often disagree with the religion, culture, or traditions of their family, nation, or religion. That makes them lack a sense of belonging.

Generally, these individuals often perceive themselves as outcasts, vagabonds, or unwanted in society.

Perhaps they are atheists in a highly religious culture or the opposite. Or, maybe, they want to follow an ancient belief or tradition, making them look odd and different.

Whatever it is, their philosophy or (lack of) religion causes them disappointments and troubles.

Sometimes they would like to be like everyone else, but they fail to fit in. It is why they question the roots of their views and beliefs.

However, they rarely manage to uncover what caused their convictions and whether they exist on a primal level or there is an explanation behind them.

Even without understanding the cause, they feel an inner urge to defend their views and fight for their beliefs.

Yet, at some point, they often realize that those same convictions prevent them from being happy or accomplishing their goals.

### **Transformations and inner development**

People born with Chiron in the 9th house typically go through more than one spiritual, religious, or philosophical transformation in their lives.

It happens when they start to understand that their views impede their growth and

reaching the ultimate meaning of life. It is when they either adjust or change their perspective altogether.

When individuals with Chiron in the 9th house change their perspective, it is life-changing and drastic. They also tend to change their lifestyle, behavior, or place of living. That is not utterly surprising, considering they are continuously learning and soaking in knowledge.

They feel an urge to expand their inner worlds, but sometimes they overwhelm themselves with having to grow. Individuals with Chiron in the 9th house read and collect data even if not useful or relevant.

Sometimes, they neglect other responsibilities because of that. It is also why they tend to be stressed out and overworked. They strive to reconcile their work, hobbies, leisure time, and learning but end up without energy for any of it.

Those with Chiron in the 9th house could become arrogant or vain because of the knowledge and information accumulated over time.

But that can affect their relationships with people due to becoming self-centered or cocky.

Yet, if other aspects in a natal chart have a favorable position, they could become teachers, helping others expand their horizons.

Chiron in the 9th house native typically has a rebellious character and loathes conforming with what the society expects from them.

Due to the trauma of having to fit in and suppress their personalities to be acceptable in their culture, they loathe dogmas, rules, and expectations.

Their community, family, or nation likely indirectly caused their wound because they had to accept the norms, laws, and regulations against their beliefs and will.

### **Unable to fit in and choose the ordinary path**

Nevertheless, their inability to fit in isn't always about their attitudes and convictions.

Sometimes it is about the roles they take in society. They tend to deviate from the standards and expectations. Perhaps the native is a stay-at-home dad. Or, maybe, it could be a mother joining the army or a professor that uses unconventional but effective teaching methods.

On the other side, Chiron in the 9th house native could also have a disability that prevents them from fitting into the regular categories.

These individuals are likely to be minorities and to challenge the norms with their sexuality and gender views. They push away the stereotypes and fight against them.

These persons are allergic to prejudices and believe that everyone is unique and capable of changing the world.

Whatever their background story is, these individuals usually have to overcome an overwhelming obstacle to reach the other side and find their place or meaning.

That means they might have to fight against the law, society, rules, injustice, religious or political expectations. They could also experience personal setbacks and difficulties that make them stronger and reinforce their warrior spirit.

Anyway, by overcoming these troubles, they usually make the world a better place.

That could be by revealing how people in power abuse the rights of those on the margins.

Or, perhaps, they could be single parents raising strong-minded and independent individuals.

### **Game-changers or leaders of toxic convictions**

It is a placement that can give revolutionaries, game-changers, or those that will sacrifice themselves for their ideology and beliefs.

Those born with Chiron in the 9th house can defend their convictions only to become its victims. Or they could contribute to breaking down regimes, dogmas, and hatred.

These natives are usually ready to dedicate their lives to uncovering the truth, unveiling manipulators, aggressors, and schemers.

On the other side, they could also fight for wrong and toxic convictions all their lives.

But even then, they likely realize that was a lesson that helped them expand their views and accept they can be wrong too.

All their devotion, beliefs, and fights tend to manifest their endless pursuit of higher meaning.

## **Part of Fortune ☒ in ♏ Scorpio 22° 23'**

([1282] [astrolibrary.org](http://astrolibrary.org))

You enjoy finding deep meaning and participating in the regeneration process. On the physical level this is linked to sexuality through an intimate and transforming contact. On the spiritual level, this is linked to the mental search for intense emotional levels while helping others, and also overcoming negativity.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you

observe how others prefer to remain safe in what gives them shelter, while you try to discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

## ***Part of Fortune ☒ in II 2nd House***

([1288] [astrolibrary.org](http://astrolibrary.org))

You enjoy discovering what is of true value to you as you become more sure of your principles, building a wealth that gives meaning and richness to your life.

Possessions and money are important to you as long as they reflect your most sincere values.

Since your Part of Fortune is in the second house of your birth chart, the eighth house is the opposite house. Through the eighth house you will know the values of others. So, you must learn to differentiate what is good for you personally and what is good for others.

Therefore, your greatest fulfillment comes from knowing how to maintain your personal integrity, and from everything that you know rightfully belongs to you.

Your greatest weakness is to let yourself be absorbed by the sexual values of others. Your greatest happiness comes from achieving inner stability, and a strength of values that can not be altered by others or by society.

You look for strong principles that guide you in your life. You must learn that other people will also find theirs. You should not try to force yours onto them because it would be trying to give something to others that they are not ready to receive, or are not willing to listen to. This would only weaken you, and in addition, you would risk losing your goal and doubting the validity of what you already have.

You learn to appreciate the values of others in an impartial way. This helps you accept the validity of ideas that are contrary or different from yours and that do not really threaten the security of yours. You know that the world is large enough and that variety adds richness to the world.

In the second house of your birth chart, wealth is built. In the eighth house, the false aspects of that wealth are destroyed, either physically or mentally.

You will notice how others change their opinions. Therefore you will have clashes with friends and family, and fundamental differences of opinions, principles and values. These will decrease when you know how to not take it personally, when you take it as if

their opinions do not threaten what you value and posses.

With this detachment and impartiality you will express your divine nature and the importance of defending meaningful principles and having integrity, without it resulting in violent struggles or losing your inner peace. Thus you will develop the ability to see what is meaningful and necessary for you, and this will be your greatest happiness.

([24] [astromatrix.org](http://astromatrix.org);) Emotionally Intuitive

Opportunities: 1. Developing Your Psychic Sensitivity 2. Making Deep Connections

Challenges: 1. Protecting Yourself 2. Dealing with Difficult People

Any planets that are conjunct your Ascendant will influence your appearance and personality in a great deal. With the moon, our emotional sensitivity will be more pronounced. You may feel more sensitive to your environment and people around you. You may more impressionable and perhaps even have some psychic sensitivity or a strong intuition. This can allow you to influence the people in your environment easier because you can feel their emotions easier.

You have a good appearance and are quite warm and generous towards others and you will demonstrate your warmth and emotions to the world, it is hard to keep secrets from others. You may be more tied to your home life and family which means you may be a little more dependent on others. At the very least, your emotions can be volatile and it's hard to maintain a stable emotional personality unless the moon is in the 12th house and not the 1st.

2) ► **Ascendant** ASC **Parallel** ♃ **Jupiter** - (1°29')    ♄1 | ♃9

([64] [astromatrix.org](http://astromatrix.org);) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions

of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

3) ► **Ascendant ASC Parallel ♅ Neptune** - (1°25') ♄1 | ♅11

([86] astromatrix.org:) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

([25] astromatrix.org:) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career

Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

5) ► **Midheaven MC Parallel ♃ Jupiter - (0°01')** ♎7 | ♊9

([65] [astromatrix.org](http://astromatrix.org);) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

6) ► **Midheaven MC Parallel ♆ Neptune - (0°05')** ♎7 | ♏11

([87] [astromatrix.org](http://astromatrix.org);) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them. Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

([113] 12andus.com:) How do your deeper urges fuel your career and public image? Even in professional settings, you can't suppress your inner urges and longings.

Your sexuality, power and inner feelings fuel your public image and can make you a formidable force in career and business. Your adversaries will not want to step on your toes because you will be fiercely protective of your ambitions. At the same time you may have to learn to trust your instincts and refute the status quo in order to succeed in your industry.

You can rise to positions of leadership by being true to yourself and this can lead you to an unorthodox path to success and leadership. As you express your raw desire for independence and power, you'll attract those who admire your authenticity but also alienate those who want to convince you to tone down your approach.

You may become infamous or gain notoriety for your instinctive, raw emotion and acts of rebellion especially in rebelling against the status quo in your business, industry or career path. Sexual scandals or pushing sexual or gender boundaries can also lead to social recognition or influence your career path.

([179] astromatrix.org:) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

([180] astromatrix.org:) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

Yet when you learn to create a balance between your deep desire to be of service behind the scenes your career path or public persona, you will be able to succeed both in career and on your spiritual quest.

You may be challenged at some time to sacrifice some aspect of your career in order to satisfy your spiritual calling. When you make this sacrifice, you will benefit in the long term.

11) ► **Sun** ☉ **Contra-Parallel** ♀ **Lilith** - (0°40') 134 | 10

([631] astromatrix.org:) Self-Awareness unlocks empowerment

Opportunities: 1. Displaying your talents & brilliance 2. Increasing psychic awareness

Challenges: 1. Trusting instincts 2. Honouring your identity

The placement of this aspect in a natal chart makes you struggle with following your instincts, mainly when your anger is triggered. You might feel uncomfortable with your sexuality until you learn to trust your intuition, imaginative powers and demands for respect and recognition.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

There lay many opportunities to make yourself recognized and highlight your natural talents and ability to breathe brilliance in everything you put your hands into.

The opposition of the Sun to Black Moon Lilith acts as a magic wand of power that radiates energy out of magnetism of polarity. The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. Despising expectations become a norm. The opposition makes you feel aggressive or deeply troubled when others control your decisions and direct your life.

There is a painful yearning for freedom paired with a fear of rejection in you. Learning to express yourself freely without any fear takes a tremendous toll under this aspect. But the stifling of identity becomes the primary catalyst for self-discovery and accepting your

authentic self.

13) ► **Moon** ☾ **Contra-Parallel** ♀ **Venus** - (0°02') ♍2 | ♍5

([153] astromatrix.org:) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment;

and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

14) ► **Moon** ☽ **Parallel** ♌ **Jupiter** - (1°20')    ♍2 | ♏9

([18] [astromatrix.org](http://astromatrix.org);) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase social awareness in your children and friends too.

15) ► **Moon** ☽ **Parallel** ♀ **Neptune** - (1°16') ♀2 | ♀11

([21] [astromatrix.org](http://astromatrix.org);) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of

advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

16) ► **Mercury ☿ Parallel ♄ Saturn** - (0°44') ♁5 | ♀3

([31] [astromatrix.org](http://astromatrix.org);) Depth Of Mind

In the case of Mercury Conjunction Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Saturn, your mind will be more serious and responsible, cautious and reserved. You have a depth of mind and are able to learn, study and discuss many topics as you are able to store information in your mind quite well.

You tend to avoid superficial trivial topics and like to investigate and question things as much as you can. You generally need empirical evidence to overcome your native skepticism. Your work habits are careful, tenacious, methodical, and industrious. You are probably quite organized, hardworking, and proficient at dealing with rules, regulations, fine points, and details. Writers with this aspect are typically masters of grammar and style. There is frequently great ambition, self-control, and a willingness to labor hard and long to achieve your goals.

17) ► **Mercury ☿ Parallel ♅ Uranus** - (0°28') ♁5 | ♀2

([32] [astromatrix.org](http://astromatrix.org);) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the

problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

18) ► **Mercury** ☿ **Parallel** ♊ **South-Node** - (1°15') ♁5 | ♀2

([172] [astromatrix.org](http://astromatrix.org);) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out

your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

19) ► **Mercury** ☿ **Contra-Parallel** ♄ **Chiron** - (1°39') ♍5 | ♏9

([119] astrotarot.net:) Typical features that this opposition brings: You find that other people remind you of your pain. You have the power to heal, not only yourself, but others as well. With this Mercury – Chiron aspect, you often project Chiron onto other people. No matter what people say, you may take it the wrong way. So, use greater rational thinking when communicating with other people. Your own beliefs and opinions can be illogical, irrational or controversial, resulting in misunderstandings with others. Mental confusion can lead you to hold back from expressing your ideas. Also, you have a fear that your ideas will be criticized or rejected by others. A passing comment or wounding remark can hurt and upset you. There is also a possibility that you will offend others by putting down their concepts or refusing to take their ideas into consideration.

- Positive traits: With this natal Mercury – Chiron aspects you are bright and insightful.

- Negative traits: You have trouble keeping track of your thoughts. So, you may not communicate vital information. Or you may make decisions based on an emotional reaction instead of complete judgment.

20) ► **Venus** ♀ **Contra-Parallel** ♃ **Jupiter** - (1°18') ♍5 | ♏9

([174] astromatrix.org:) The Social Climber

With Venus Opposition your Jupiter you have a great deal of warm, generosity and love towards others. You tend to want to give more than you can, and this can cause a number of problems. Firstly, it may be hard to live up to the expectations of how much you want to give or promise to others. This can cause you to give too much to others and feel drained or you can forget to look after yourself. People can take advantage of this.

Another problem you may have is that you may not follow through on what you offer to others which can lead to a lack of trust. You can also be quite indulgent or lazy, drawn

toward sensual pleasures and living beyond your means. In business you can be quite successful, you can come across as very accommodating, graceful, diplomatic and charming.

Your communicative style can win over business associates and make it easier to shine in interviews as you can bluff your way through even if you don't have all the correct answers. People tend to like your personality and you enjoy being around other in social circles, and you have a good ability at discussing many topics.

In relationships more work has to be done to stir your emotional depths, because of the over emphasized Venus characteristics, you may be more drawn towards beauty, status or wealth as oppose to true intimacy or love. You do want to have deep and vulnerable relationships just be wary of your intentions when choosing a partner and avoid being too materialistic.

21) ► **Venus ♀ Contra-Parallel ♄ Neptune** - (1°14')    ♁5 | ⚔11

([177] [astromatrix.org](http://astromatrix.org);) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive

tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

22) ► **Mars** ♂ **Contra-Parallel** ♄ **Juno** - (0°50') ♀12 | ♀5

([597] 12andus.com:) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

23) ► **Jupiter** ♃ **Parallel** ♆ **Neptune** - (0°04') ♀9 | ♀11

([62] astromatrix.org:) The Painter Of Dreams

This conjunction occurs approximately every thirteen years and tends to create characteristics that are often similar to the Pisces temperament, where both the positive and the negative qualities of both planets are present and highly active.

Tendencies towards excess, idealism, creativity and naivety will be evident. The Jupiter impulse of expansion may encourage you to reach beyond your actual capabilities. The sphere of relationships is likely to be a source of many lessons for you, and to reflect back several of your own tendencies towards those less realistic qualities of Jupiter and Neptune that are present in an unintegrated personality.

Yet this ideal of relationships will still persist, often despite many disappointing experiences over the years. It is probably wiser to be more careful in your more personal and intimate relationships, because unless you are aware of what is occurring, your love

life could be painful. Many relationships flounder today due to mutual self-ignorance, where inner projections of illusions and the anima-animus patterns overlay the real nature of the participants, until time dissolves them, and each partner wakes up to realize that they are living with a stranger.

When disappointment strikes you, there is a tendency to retreat into a private fantasy world. This can be positively used as a self-healing technique, but you must avoid any temptation to use this purely as an escape, for if you do so you risk losing contact with reality.

24) ► **Jupiter** ♃ **Parallel** ♎ **Lilith** - (1°38') ♀ 9 | ♄ 10

([629] [astromatrix.org](http://astromatrix.org);) Conscious Transformation

Opportunities: 1. Higher growth & wisdom 2. Taking initiatives in life

Challenges: 1. Connecting with your subconscious 2. Focusing on higher goals

Jupiter is associated with learning, growth, travelling, and wisdom. Lilith is the dark seductress known for dealing with sexual taboos and also occult. When Jupiter conjuncts Lilith, it brings forth a spiritual and fascinating connection. The placement of this aspect in your natal chart suggests a thorough transformation. Jupiter's expansion directly affects Lilith's expansion and turns its darkness into refined consciousness.

Black Moon Lilith also influences Jupiter and takes you to experiment with taboos that you might have never experienced before. Your morals become questionable. It also encourages you to dig deep into the religious and philosophical subjects to get the answers to all the questions flashing in your mind for long.

You become a daredevil or risk-taker in life who does not bother much about consequences. However, your focus is always upon learning from every experience to transform yourself. You are a passionate traveller, but remember, not every journey is fun. Sometimes it might bring you hardships and attract bad people towards you.

The key themes associated with this aspect are utilizing your talents for higher learning, connecting with like-minded people, identifying your core issues and dealing with them in a better way than before.

25) ► **Jupiter** ♃ **Contra-Parallel** ♋ **Vesta** - (1°23') ♀ 9 | ♁ 4

([614] [12andus.com](http://12andus.com);) Your deep inner desire to fulfill your spiritual destiny is at odds with your optimistic, enthusiastic side.

You may find travel and learning to have a restorative effect, feeling refueled and spiritually connected in this process. Yet in spite of this, your plans to expand your mind and see the world, may frequently be thwarted.

It may take extra time and energy, but taking the time to find your connection to your higher calling can also leave you more deeply fulfilled.

When you balance your desire to follow your spiritual calling and your desire to look on the bright side and enjoy the pleasures of living the "good life," you'll be able to fulfill your mission without draining yourself.

You won't see sacrifice as depleting, instead you'll know when to set your desires aside in order to serve others.

26) ► **Saturn** ♄ **Parallel** ⚡ **Uranus** - (0°16') ♋3 | ♏2

([68] [astromatrix.org](http://astromatrix.org);) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring them, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and

above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

27) ► **Saturn** ♄ **Parallel** ☾ **South-Node** - (0°31') ♋3 | ♏2

([203] [astromatrix.org](http://astromatrix.org);) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

28) ► **Saturn** ♄ **Contra-Parallel** ♄ **Chiron** - (0°55') ♋3 | ♏9

You have a responsibility to solve the problematic impulses that everyone else is just acting out. As with all wounds, trying to force the wound to release itself will do nothing. 2) ► **Moon** ☾ **Conjunct** ♂ **Uranus** - (2°53' S) ♀2 | ♀2

([20] astromatrix.org:) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in

pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

([155] astromatrix.org:) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later

life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

18) ► **Moon** ☾ **Opposition** ♀ **Pallas** - (8°06' A) ♀2 | ♀9

Though you may be compelled to protect children, families or those who need stable housing, you may also shy away from your mission to lead others. Your emotions can make it difficult for you to be objective in assessing campaigns in which you could otherwise be of great help.

You may have to work hard to trust your intuition and find the confidence in yourself so that you can bring your wisdom and strategy to the forefront. Though your mission is influenced by personal experience, you may struggle with getting past your emotional attachments in order to be more effective.

19) ► **Jupiter** ♃ **Opposition** ♂ **Uranus** - (9°19' S) ♀9 | ♀2

([191] astromatrix.org:) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an

erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

You may be disappointed and heartbroken again and again because your impression of devotion is not accurate.

([289] astromatrix.org:) Self Exploration

During the past century, there has been only one aspect made between Neptune and Pluto, and it is interesting to note that the sextile commenced in the midst of World War II during 1942. The influence of this relationship would be expected to have global and generational effects; and, like all of the transpersonal planetary energies, would be a directive force stimulating the development of the evolutionary process within time and space.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. This has been through the New Age movement, humanistic / Jungian psychology, occult techniques, and the rebirth of magical attitudes towards life. It has also involved the grafting onto the Western tree of many of the attitudes and much of the knowledge of Eastern philosophies and religions; a merging of the two hemispheres;

([385] [astromatrix.org](http://astromatrix.org);) Inability To Face The Facts

Opportunities: 1. Forming Healing Relationships 2. Becoming Socially Graceful

Challenges: 1. Knowing Yourself Better 2. Embracing Your Personality Changes

With the square between your Ascendant and Sun it may indicate some conflict between the way you express yourself, and your sense of self-identity. There may be a feeling of blocked energy, and a sense of frustration that you do not come across to others as you really are. Your attitude may be quite harsh or misunderstood, and it can take some years to develop your personality, so you don't tend to upset other people or come across as overbearing or offensive. You will compromise when there is no alternative.

It is hard for you to accept that you may be wrong or that you need to improve yourself, which makes this aspect very difficult to transform. Firstly, you must accept that there may be a problem and have more awareness around your interactions with others and listen to their perspective. This attitude may have a lot to do with your relationship with your parents perhaps they could not express themselves well or you couldn't communicate with them in a positive manner. Awareness of this important, otherwise the defense mechanism can worsen over time, and natives of this aspect can meet with problems in your career and in personal relationships. Softening the manner and the attitude does wonders to smooth over relationships of all kinds. If you realize that it's not your abilities but the way you express yourself that offends people, you will succeed in your goals and be rewarded for your efforts.

You can work through your doubts and insecurities in order to use your devotion and motivation to fulfill your purpose and be of service to others.

36) ► **Midheaven MC Square** ☉ **Sun** - (3°22' A) ♏7 | ♎4

([386] [astromatrix.org](http://astromatrix.org);) Feeling Superior

Opportunities: 1. Learning when to Compromise 2. Overcoming Conflict with Authority Figures

Challenges: 1. Knowing your Limitations 2. Learning from Elders

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't

old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

37) ► **Midheaven MC Square ♄ Saturn** - (7°29' A) ♈7 | ♃3

([443] [astromatrix.org](http://astromatrix.org);) Attacks Of Loneliness

You will have to learn how to co-operate and how to establish emotional bonds with others. While you are young, especially, you may feel that other people get in the way of what you want to do and resist your efforts. Consequently, you may withdraw and cut yourself off from others, or you may feel that they have withdrawn from you.

Often you feel that you are very much alone and that no-one really cares about you. This is not usually true, but by withdrawing emotionally, you have made it impossible for them to feel affection for you. It is also possible that you are surrounded by people who are not very friendly.

Perhaps it is your own family that seems to judge you harshly or make too many demands, but you can still go out into the world and find people who are willing to be your friends. But for your future, it is important not to simply retreat into yourself, because when you are older, it will be harder to meet people and establish connections, unless you learn the habit now. And later on, your attacks of loneliness will be much more severe. In addition, when you are older, inadequate contact with others could lead you to feel empty and meaningless. These feelings could emerge even if you are highly regarded by others, because they arise from your own sense of distance from people.

In any case, you may be more of a loner than most, which is perfectly all right within reason. If you have only a few friends, those you do have may be close and enduring.

38) ► **Midheaven MC Square ♃ Vesta** - (1°35' A) ♈7 | ♋4

([622] [12andus.com](http://12andus.com);) You may find it challenging to adhere to your spiritual routines and

fulfill your career goals.

With some work and adjustment, however, you can draw from your inspiration and devotion to your spiritual path in order to create a successful foundation in your career.

Though you may have a strong sense of idealism moving you forward in career, you seldom seek fame and glory for yourself. You are content to be of service by working for the benefit of others.

39) ► **Moon** ☾ **Square** ♄ **Neptune** - (1°44' S) ♀2 | ♀11

([394] astromatrix.org:) The Hallucinator

The main challenge facing you with the square aspect is that of discrimination between reality and unreality, between fact and fiction, and the consequences of confusion when these are not correctly perceived and established within consciousness.

Volatile and tidal emotions and feelings are often intertwined with your imagination so that your perceptions are clouded by personal bias and fantasies. Attempts to warp realities, especially those concerning others, are never welcomed and are a source of conflict within relationships. Insisting that you are right - even against the recall of several others - will eventually generate antagonism, as no-one enjoys having their reality and memory threatened by others, even if they are family members.

You often feel uncomfortable with your feelings and emotions as they are not easily assimilated and integrated by you and being liable to moods you find it difficult to feel centered in any stable emotional pattern of responses to people and life. There may have been some emotionally based difficulties in your parental relationships, especially to your mother, where emotional needs were not satisfied or where you imagine failings to have occurred.

Changes can be successfully made by working with those intrinsic assets which you may have blocked so far, or whose presence you may have denied, rather than acknowledging them as gifts. Imagination is present; this can be used in positive ways. What you need to do is to build positive images of a 'new you' who has less of a chip on your heart, and who is prepared to change into a more creative and loving person.

Understanding your own nature is the first step towards being tolerant of others' weaknesses and strengths, so some form of inner psychological inquiry is required. Releasing pent-up emotional tension is essential, and should be carefully done, probably with the aid of trained counselors or psychotherapists, because too great and sudden an emotional explosion of pressures may be more damaging than healing. Types of body work, manipulation and massage could possibly be additionally beneficial too.

Be more open and honest in relationships concerning any feelings of confusion; try not to let them fester inside. Organize your life more consciously. Work with others, so that

you realize that all need support and guidance at times in their lives from others who may be perceptive on a clearer level. Believe in your own potential and determine to allow it access into your life. In so doing, you can transform the negative aspects of the square into positive assets.

Preferably work with more down-to-earth schools of therapy, which can then ground you better, rather than following a natural tendency towards more imaginative escapism, which can result in involvement with any religious / mystical cults that aim to fly in holy skies of grandeur and hallucinations rather than experience real life.

40) ► **Moon** ☾ **Square** ✱ **Juno** - (1°00' S) ♀2 | ♀5

Challenges: 1. Curbing Impulsive Behavior 2. Recognizing Opportunities

The trine enables you to turn theory into practical application, and this reconciling quality could become a source of your life direction, as your ability to apply your energy positively can generate ways to resolve problem situations. This may be one approach that utilizes your energy in a creative and beneficial manner, and which poses challenges that you intend to overcome.

You will be self-confident and believe in your own abilities, setting goals and pursuing ambitions, emerging from your unique aims directed towards creating a suitable lifestyle, which may not always correspond to traditional paths and signs of success. You do not appreciate a volatile living or working environment, preferring a more tranquil atmosphere where you are free to follow your interests.

While you enjoy new challenges, the cut and thrust of competition seems less appealing, and you see little value in exalting yourself if it requires another's detrimental fall.

Fairness, integrity and honesty are qualities that you respect and expect in your dealings with others, and ethical or moral considerations are taken into account in your life. These form your code of relationships, and you try to stay as true to these as possible, even if at times this may require you to forgo some success or progress, as you are not usually

You tend to form a realistic perception of life, so that your expectations are not too excessive and unreal, and you appreciate the gains that you do make through expressing your creative talents and powerful energies. A need for disciplined focus may be required at times, as you may be faced with various options and lack a clarity of purpose which diffuses your will power.

Be wary against occasional acts of impulse; they may not always work to your advantage, and a careful and steady progression can prove more beneficial. ([646] astromatrix.org:) Deeply understanding the emotional spectrum

Opportunities: 1. Deeper emotional insight 2. Experiencing deeper intimacy

Challenges: 1. Heightened sense of intuition 2. Overcoming superficial emotions

The taboo is welcomed with this aspect. You're naturally aware that the spectrum of emotions is full, and shouldn't be judged. You're able to accept you and other people's emotions in its wholeness. This helps mitigate any responses to repress emotions.

You're able to have deeper insight into the motivations of others instinctually.

Additionally, you're inclined to be in tune with the cosmic cycles.

You have a gift of understanding your own and other people's psychology. You may experience flashes of intuitive insights regularly, so it's important that you don't doubt them or count them as a mere coincidence.

Key themes of this placement is having an emotional resilience that is often admired by others. You're able to accept the cyclical nature of life, understanding that there are higher laws that our logical minds can't understand. Being protective of those who appear fragile often flock to you for support and insight.

69) ► **Mercury** ☿ **Trine** ♀ **Pluto** - (6°47' A) ☿5 | ♀1

([328] astromatrix.org:) The Transcendental Mind

The energy of the trine aspect can often be too 'rarified' to be fully used, as it is too subtle to be correctly grasped and applied by many people. Its natural affinity tends to be towards higher science or metaphysics, where the interface between mind and reality is explored and understood in terms of consciousness and energy. It relates more to a trained intellect working in spheres of abstract contemplation, or the connection between the intuitive flash of direct 'knowing' and the grounding through intellectual earthing in a pragmatic application.

In the everyday world, you will find that your main preoccupation will be with developing the ability to concentrate, to improve the use of your mind and ways of expressing yourself. Unless you are able to achieve the higher flights of this aspect, you will have to ground the energy in more mundane concerns, endeavoring to channel it by determined concentration. Otherwise, it tends to fly high and make you a little scatterbrained and mentally undisciplined.

The unknown will fascinate you though, and you will be curious to explore more; but ensure that you are fully grounded before commencing. You are likely to be quite inventive in your ideas, potentially quite creative if you have enough control over your mind to exploit them fully and effectively.

The Mercury energy will give you analytical and investigative skills which can be turned to your advantage; but you will have to guard against the tendency to believe that you know it all. You enjoy the challenge of competition; and you always intend to win. Failure leads you to brood and to scheme your next move; and here the Pluto energy implies manipulation to undermine your challengers; mentally, you can have a ruthless streak that people may not expect.

You prefer full involvement and participation in things; you need to be interested enough so that a process of absorption can occur for a full experience; and if this is not happening, then your contribution rapidly dwindles to being less than zero, even becoming negative as you begin to look for ways out to find a new, more promising area to explore. You find it hard to motivate yourself in such a situation. In personal relationships, you can be a little authoritarian, especially as you believe that you have a clear sense of 'right and wrong' and can become fixed in your attitudes.

You are able to penetrate through social appearances into people, to sense their true attitudes and motives. This guides you in life, both to be wary of some, and to work with others whose genuine potential you are able to stimulate. This can lead to an involvement with coordinating groups where your energy serves both to stimulate new thinking and to open it out to new insights entering the group, or new ways of applying current ideas in practical application. You can be a little too mentally self-absorbed and lack the sense of social concern and responsibility that the Pluto energy amplifies in most people who are responding to its lighter side.

Ideally, your personal partners should be basically similar in mind and attitude to yourself. This is because your energy qualities do not mix easily with the opposite and conflicting views, and if you do enter into a relationship with someone of dissimilar views, then much time will be spent in direct confrontation, generally leading to its collapse.

You will be willing to pour a lot of energy into a positive partnership, but you will also have high standards and expectations of your mate; choosing wisely is the key, through awareness of your own nature and knowledge of what is compatible with it.

([357] astromatrix.org:) The Creator

The high idealism of Neptune and the awareness of social responsibility of Saturn will be prominent and will stimulate an inner motivation intent on sharing in the ongoing work of social improvement.

You should have a natural insight into social issues, and this coupled with a keen perception can help you to indicate those core problems that require resolution; in addition, you are able to offer constructive solutions to such problem areas, and are able to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. Your idealism has strong moral and ethical roots, and you could feel uncomfortable if you ignored those inner promptings. Direct activism may not be your preferred mode of involvement, but you may find your role perhaps through communicating to others the facts about certain problematic social issues, especially through the medium of writing and analysis.

You tend to have an absorbent intelligence, which accumulates considerable information and knowledge easily, and which is a resource that you should be able to utilize. The level of imagination is high and active, and this too can be personally used in a variety of ways, giving a spark of life to the ideas that you have for personal and social development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. Such work can include community welfare, law, social services, environmental concerns, finance, management, media, film, photography.

Friends find that you are a reliable support in times of crisis, and you are equally willing to lend a helping hand when necessary. Neptune inspires you towards compassionate feelings, both for people you know and for strangers. If the spiritual quality of Neptune is active (and not so overshadowed by a dominating Saturn), then you are likely to be attracted towards spiritual or occult groups, where your talents can find ways of expression.

Meditation and visualization work should be enhanced by Neptune and anchoring the energies in suitable forms should be enhanced by Saturn. Learning to trust your intuition will lead you to rely on it even more over time, and this could be a vital step forward in your own development.

control and make necessary sacrifices in order to facilitate deeper healing.

When you find ways to consistently put your spiritual ideals into practice, through meditation, prayer, transcendent experiences and even artistic practices, you will be better able to follow your calling.

You can find creative and compassionate ways to refuel your energy and to help others through selfless acts of service.

122) ► **Pluto** ♀ **Tri-Octile** ♀ **Pallas** - (1°08' A)    ♄1 | ♀9

*Because the Tri-Octile aspect seems to be a little like the Square aspect:*

**Pluto** ♀ **Square** ♀ **Pallas**

([585] 12andus.com:) Your intense and determined nature can motivate you but can also be an obstacle.

You find ways to ask all the right probing questions to help others see your vision and adopt your strategies. Yet you can also create tension or hostility because you won't let up on your desires and insist on having your way.

You can be so confident in your own beliefs and desires that you unintentionally push people away or turn others off to your cause. Power struggles and battling wills with others works against your goals yet you may distract yourself in these ways.

([557] David Hamblin:) (Quintitine etc.) (Sun and Mercury are never far enough apart for a quintile or decile): Thinking about oneself and one's environment in orderly, patterned ways; building elaborate thought-structures around oneself; communicating about self and opinions in terms of these structures.

([557] David Hamblin:) (Quintitine, Decile, etc.) (Sun and Venus are never far enough apart for a quintile): Developing styles of behaviour which will attract other people and make one feel comfortable in their presence; tending (if one cannot find a style of behaviour to fit the occasion) to become withdrawn and taciturn.

(cafeastrology.com:) With your knack for creative expression, you need to find outlets for your clever and ingenious aesthetic sensitivity. Whether through art, music, entertainment, or games, you have a gift of creative vision that breathes new life into

situations.

(cafeastrology.com:) You enjoy, and seek out, relationships that bring interesting experiences into your life. Laughter, games, and learning together are likely to be more important to you than physical attraction. You are likely to take a creative approach to your home environment and your tastes are a bit unconventional or more sensitively developed than other people in your family. If you have not developed the qualities described above, then this is a side of yourself that you may have suppressed or avoided, and consequently liberating your creative, fun-loving side can fill an empty or missing aspect of your life.

You can manage reasonably well in a stable, predictable routine, but you really come alive and are in your element when you can periodically play, laugh, or be a bit zany. Children can bring out the best in you by evoking your playful, creative side. Exploring many kinds of music, dance, or theater may be an interest of yours.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

**Contra-Antiscia:** Opposition.

([16] [astromatrix.org](http://astromatrix.org);) Natural Sympathy

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public  
 Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation  
 You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

3) ► **Antiscia-Venus ♀ Conjunct ☿ Uranus** - (1°14')

4) ► **Antiscia-Uranus ☿ Conjunct ♀ Venus** - (1°22')

([44] [astromatrix.org](http://astromatrix.org);) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 22° **Scorpio** 23' and in the **2nd** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 24° **Leo** 55' and in the **11th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 6° **Capricorn** 10' and in the **4th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 24° **Capricorn** 37' and in the **4th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

#### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 28° **Aries** 38' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 29° **Sagittarius** 28' and in the **3rd** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 3° **Leo** 46' and in the **11th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 15° **Cancer** 56' and in the **10th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 14° **Scorpio** 52' and in the **2nd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Scorpio: murder, plots, jealousy, scheming, lack of trust  
Nemesis in Second house (Taurus): the love of money

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Gemini***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com);) Pholus in 3rd House/Gemini: An extensive word bank has trouble reaching your mouth and fingertips, leading to keen improvisational skills. You find yourself with a plethora of data and seemingly useless trivia. You may have 'foot-in-mouth disease,' in which you try to say so much at once that it comes out jumbled up, or you may say one thing innocently and accidentally offend others, as your words carry a lot of power. Each day, something surprising happens to you and you've started to get the feeling that the world is out to get you. This is because this placement means torrential every day travel, wild siblings and an interesting neighborhood. You can at least say that you're never bored. You may have made a lot of mischief in grade school, or read an asinine amount of literature. Keep in mind that, no matter what trouble your mouth gets you into, tomorrow is another day with fresh possibilities.

### ***Pholus in 9th house***

([12andus.com](https://12andus.com);) You may feel like you are on a path to search for greater awakening through wisdom and expansive thinking.

You can be opinionated and strong willed. You may also be independent and love to travel, relocating frequently or living abroad as you seek out truth and purpose.

Your sense of ideals and meaning are the key to transcendence. They can also lead you to unleashing a dramatic change that is initially chaotic. You may become lost in a frenzy when this happens.

The momentum that is created by this uncorking can spread on a large scale. You may find yourself in a messy situation that will only be transcended if you can let go of toxic beliefs and surrender to the process.

Your inability to control the situation may require instead that you overcome by taking on a different perspective. Your shift in beliefs can lead to a change in confidence. Your creativity and sensitive side can help see you through these chaotic transformations.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Aries***

(12andus.com:) Your desires are triggered by courage. You can be turned on by the chase in a relationship. You may also find facial features to be alluring and seductive.

You may become possessive in romance and love the idea of exploring power and domination in the bedroom.

You may be a passionate lover and find displays of obsession and passion to be highly seductive.

You may be fascinated by an addiction to the chase but then become bored with the actual maintenance phase of the relationship. You can become spontaneously attracted to another without giving it any conscious thought.

Your seductive impulses can even lead you to be careless in relationships. You may be powerfully tempted to pursue your desires even if you already have feelings for another. You can easily keep emotions out of a sexual relationship and rely on instincts and attraction alone.

#### ***Eros in 7th house***

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit

your image.

## 144 More Asteroids

144 more asteroids delved into a little deeper.

## Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

### Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

### Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they're stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Virgo (Rx)**

(synnisisigns.com:) When Eris sits in your sixth house of health and servants, you challenges your authority with others and other people's authority to make health care decisions for you. This latter situation can manifest as a health care crisis that is not managed correctly by the care provider calling for clarity of thinking and intervention on your part. You will have to be your own best health care advisor.

### **Eris in 12th house**

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

### **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

### **Pandora in Cancer**

(astronomicallyaligned.tumblr.com:) A woman has lost her husband. She is filled with grief and sorrow. As she's singing her lonely melodies, luring you to look inside and let her out, the waves crash against the beach. Shells are being crushed into dust. Into the sand covering the beach. If you let yourself be lured by her enchanting tunes, sadness and tears will turn into oceans and rivers, covering the entire earth. She wants them all to feel her sorrow. Her pain. To understand her, so she won't feel lonely anymore. Use that melancholy and melody as a beautiful narrative in life's gray path. Color the flowers.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Cancer (Rx)***

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

### ***Nessus in 10th house***

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic

terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? ## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their

routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.  
 To be admired for his outright refusal to accept death and for his ability to repeat a task  
 that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't  
 yet see the point. Essentially, he perhaps shows where we can find meaning in what we  
 do on a daily basis, not just in our achievements or the winning of battles.

## Zhulong

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold darkness."

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same increment, they will be alphabetical too each other, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[6] Antares rules the right side of the third vertebra from the bottom (fifth lumbar) in the human body.

**ALWAID** (21° Scorpio 43') is (**0°40'**) of (1°40') close to **Part of Fortune** (22° Scorpio 23').

[1] (- - - +++) december 2-4 Saturn-/Martian - loss of property, violence, criminal tendencies, accidents, strong convictions, determination, success with the public, changes and unexpected turn of events, great courage, daring, ambitious, through the help of others you gain power and fame, executive abilities, persistence, high positions in career such as education, religion, science, and innovative research, opportunities for unusual discoveries and inventions, impulsive, honorable, nobility, alertness, great power, status, leadership, sudden downfall, said by some to be the most beneficial star in the universe, endurance, patience, pragmatic outlook, rebellious, antiestablishment, lack of drive, artistic, emotional, sombre, penetrating and analytical mind, much travel, many friends, choleric, adventurous, introverted, possible antisocial character

[5] The fixed star Al Waid ("Who Is To Be Destroyed"). This star is extremely destructive if left untamed and aggressively seeks release in pure devastation.

However, Al Waid also releases an artistic, emotional and penetrating energy that can be used to gain many friends and supporters. So as the night sky darkens in the first few days of December, keep your mind clear and thoughts sober. Practice the art of positive thinking and diffuse all that is negative and harsh.

Pluto aligned with Al Waid on the 11th of September 2001 (9/11).

**ACHERNAR** (25° Aquarius 4') is (**1°40'**) of (2°40') close to **Vertex point** (23° Aquarius 24').

Open your mind and embrace all that is new because this star promises happiness and success for those who are ready to transcend. The flowing river of truth flows gently.

[4] Achernar gives success in public office, beneficence, and religion. Of the same influence as Jupiter, it is symbolized as the Cherub and Sword.

[5] (astromcouncil.com:) Sudden success in public office, religious benefits

[6] Achernar rules the center of the left foot in the human body.

**HOMAM** (25° Aquarius 54') is **(2°30')** of (2°30') close to **Vertex point** (23° Aquarius 24').

[5] Fixed star Coxa ("Anointed One"). This strong and defiant star releases mysterious and elusive energy onto the collective and its need for answers.

In ancient Sumeria this star was the god Kua ("the Oracle") and whilst it bestows an ability to prophesy and shines brightly on all charismatic leaders, it is also destructive energy, disrupting the status quo. Only those who are open to the vibrations of the universe and seek to create order out of chaos will stand a fighting chance.

[4] Coxa is of the nature of Saturn and Venus (slovenly, very immoral, shameless, revolting, mean, sorrows in love. If rising, good-tempered, healthy, gain by industry and marriage. If culminating, improved health, fame by help of superiors.)

[4] Mizar is like Mars (violent death, ultimate ruin by folly or pride. If rising, wealth, power, courage, generosity, ingenuity, rise to authority, martial success, subject to cuts, wounds, accidents, sores and injuries to the face, pains in the head and fevers. If culminating, martial eminence, success in trade and in occupations of a Mars nature. If afflicting Mercury, deafness.)
