What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

### ***Cancer Sun ☼ ☿ and ♎ ☾ Libra Moon woman***

Single-minded, the Cancer Sun Libra Moon personality appears diplomatic and understanding on the outside but can be very malicious and fixed on the inside.

In the chart of someone born with the Sun in Cancer and the Moon in Libra, the Sun and Moon are positioned in a square. This means people in these signs have the balance of the Libra shadowed by the Cancer's emotionality.

It's hard for these natives to be free from their feelings. But all in all, they're attentive creatures who can be good friends and make others feel like they're family around them. They enjoy beauty and spending some quality time with their partner.

#### **A Judgmental Personality - In a nutshell:**

Positives: Providential, caring and sociable;

Negatives: Misguided, inhibited and hostile;

Perfect partner: Someone who will give them all the stability they need;

Advice: They should worry less about things they can't control.

#### **Personality traits**

Cancer Sun Libra Moon people are nothing else but more independent Cancers and more needy Libras. There's a contradiction in their personality because the Cancer is reserved and emotional, while the Libra is more open and detached.

These natives are often terrified of expressing themselves because they think they won't be accepted or that they won't feel comfortable. If they would trust their Moon more, this could change.

They love being around people and they are sociable creatures, not to mention that they have this ability to guess what others are feeling.

When it comes to the weaknesses others may have, they are masters at identifying them. It wouldn't matter what type of relationship they're having, these natives would still protect their feelings by not revealing too much of themselves.

When it comes to their ideal partner, Cancer Sun Libra Moon natives want someone open and who they can completely trust. One of their main purposes in life is to explore what fair give-and-take situations bring to the personal relationships they're having.

The more they will connect with people, the more they will realize what kind of security they require and what connections make them thrive. It can be hard for them to put themselves out there, but they may need to, especially if they want to be great artists or have a healthy love life.

While they need to belong, to have a family, this feeling can turn into an obsession that

would only guide their life towards destruction.

Being single-minded is not at all a good idea for anyone, no matter the sign. What makes them special is well hidden inside of them.

They need to express themselves because what they will say and do is going to be beautiful for sure. It's OK to do it after they started to be more confident.

Imaginative persons, it's amazing to see what their mind can create. If they believe in themselves, they can pursue an artistic career without any problem.

Cancer Sun Libra Moon individuals are tactful and diplomatic, so they can resolve any conflict with a few words only. And this makes them great psychologists, sociologists, lawyers or judges.

Any job that would require them to be balanced and to establish peace would be their dream come true.

Ruled by Moon, Cancers are the happiest when they're taking care of someone. These natives love spending their time in the family and celebrating.

They are compassionate and kind, but moody and easily influenced about anything happening around them.

When dealing with a tense situation or people who like to argue, they retreat inside their inner world and refuse to come out. And when they want to be alone, there's no one to bother them anymore.

Due to this way of coping with trouble, they may seem uncaring and distant. But they are only protecting themselves. Many will get to know their cheerful, happy side they usually hide from others.

Cancer Sun Libra Moons become better people as soon as they are loved and appreciated. Their self-esteem and confidence are brought on by knowing that they are being loved.

Without this feeling, they would only become miserable and sad. Maybe, at some point, they will learn how to no longer need validation and count only on their own opinion on themselves.

They are fair and objective people who need their life to be balanced. And they have to receive as much as they give.

These are two signs that provoke each other and it can't be too comfortable. Their

natives would have to integrate both their energies and rely only on what's positive in each.

When the Sun is Cancer and the Moon in Libra, all the tension is about the natives' relationships, family and home. There would be competitiveness between what their two distinct signs want from these things in life.

What they need to learn is to no longer wear a mask that hides their weaknesses and feelings. They should just go with the flow and see where their contradicting emotions take them.

While there's a risk they will keep staying at safety and run away from others, they need to understand interaction is essential. They may feel betrayed or hurt by some people, but they still need to do it.

They will be frustrated, but at least they would act in their own interest. Not that they have to live depending on how others see them because they would only be unsatisfied with such an attitude. They need to consider how others view them and understand themselves better.

### **Love characteristics**

Cancer Sun Libra Moon lovers are empathetic people. They can feel their lover's hidden desires. Also, they need to protect and to care for someone.

As soon as they've allowed the person they're in love with to reach in, they will turn into these extremely nurturing lovers. Only being needed will give them a purpose in life.

But they should be careful not to become a little too much. Also not too smothering, especially when they'll be terrified of not being abandoned.

Moon Libras need to be involved with someone. They enjoy feeling like they're a whole with someone and the occasions to share what they have. But above it all, these natives need balance and harmony. That's why they try to stay away from emotions the best way they can.

Their downsides emerge when they're no longer paying attention to themselves because they are trying to please their partner.

Also being passive aggressive and not making a decision when they're required to, are things that usually get them in trouble.

### **Cancer Sun and Libra Moon woman**

The behavior of this lady is fairly complicated because she combines dependence with its opposite, which is independence.

While the Cancer in her is all about emotions and withdrawing, the Libra leads her to analyze and to not feel things so intensely.

It's a battle between practicality and emotionality with her. This lady needs and should have company. But she won't reveal too much of herself because she's self-protective and introverted.

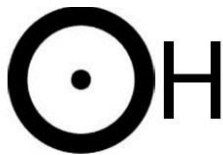

People will be drawn to the charm and responsiveness of the Cancer Sun Libra Moon woman. She can win the heart of entire groups of people, but she's more efficient with only one person or smaller teams.

All the time a romantic, she still enjoys the company of friends and those who aren't her lover. She wants attention and knows what to do to get it. But she may have problems expressing her affection.

Not to mention she keeps people at a distance because she's suspicious and doesn't want to seem weak.

People's vulnerabilities and strengths will reveal themselves to her. It wouldn't matter who wants closeness with her, she would still be reserved and not revealing.

## ***Sun ☉ in II 2nd House***

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the

Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

**Summary:**

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

**Self-confident charmers**

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of

Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

### **The positives**

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

### **The negatives**

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

## ***Moon ☾ in V 5th House***

([876] i.thehoroscope.co)

People with the Moon in the 5th House are always keeping others' best interests at heart, because their nature is kind and their heart is big.

The Moon is responsible for emotions and the nurturing nature of a person, plus his or her moods. When it's in the fifth House of fun, it makes people more open to share their emotions, and it even gives them a real talent for the arts.

Individuals with the Moon in the 5th House are really happy when they do something for the ones they love. For example, they could build a beautiful piece of furniture and give it as a gift to a friend or someone in their family. It's like everything they do is meant to make others happy and to reveal their inner feelings in a very expressive way.

They have a tendency to be too dramatic because they can't seem to hold their emotions to themselves when dealing with different situations and individuals.

### **Summary:**

Strengths: Magnetic, passionate and enthusiastic;

Challenges: Dramatism and coldness;

Advice: Learn to let inhibitions aside.

### **Can't run away from their own instincts**

Natives with Moon in the fifth House are dramatic and eager to share their emotions with others. Their romantic relationships are usually very intense and have a special magnetism because they take love seriously. However, they need change if they want to be happy.

Very attached to children, individuals having Moon in the 5th House will get along with the little ones no matter if they are theirs or someone else's.

Their interests and hobbies will often change, but their talents will remain exactly the same because their imagination is always working and their daydreaming can't be stopped. Many will notice how they are constantly trying to be in contact with their inner child.

As said before, a challenged Moon can make them impulsive buyers, gamblers or real conquerors when it comes to love. It's like they are more interested in the game itself than in the person who's playing it, so it's essential to change this about them if they want to be truly happy.

Not wanting to mature and being real children at heart, these natives will always love the little ones, no matter if they belong to them or to strangers.

If the Moon is in a negative aspect in their chart, they will have a problem with how they are spending their money, gambling and even instability in their love life because they would constantly be looking to attain happiness with a partner's help.

It's possible they will take unnecessary risks and be very irresponsible from time to time. At least they will always express emotions very well, even by using a lot of drama and exaggerating.

People with the Moon in the 5th House can't run away from their own instincts and emotions. That's why they can't lie about liking someone. This position of the Moon is very influential and positive, having an impact over the Midheaven and the Ascendant.

It makes people more competitive, aware of themselves and expressive, the type who always wants to accomplish, to dress better, to be more intelligent, to make more money or to be the most hard-working.

They will always wish to defeat their competition but would never do anything to harm someone because they're aware winning can only be attained by self-improvement.

The men having Moon in 5th House are interested only in the most beautiful women, those ladies that all the other men are after.

When it comes to the females with the same position, they want to be the most good-looking and to handle both family and their career in a perfect way.

Because all of these natives love children, they would make great teachers and babysitters. While they also have a talent at leading, the Moon keeps them private and more interested in being the rulers at home or with their closest friends.

This means they have a tendency to dominate others, especially when the Moon is in a Fixed sign.

In their endeavor to rule, they are always keeping other people's best interests at heart, because their nature is kind and their heart is big. As the inner child in them is always revealing itself, they will know how to make the little ones laugh and have a good time when around them.

It's their pleasure to get together with children and to laugh or make silly jokes. However, their own kids will know who's the boss and whom they should listen to in the family.

### **They should pay more attention to their feelings**

It's important for people with the Moon in the fifth House to be imaginative and to express themselves creatively. This is all because of their dramatic nature and the instinct to always act out for their individuality to be revealed.

In other words, what's in their heart and mind needs to be put into something that gets shown, so the position of the Sun in their chart will determine what they are the most talented for.

Regardless of their gift, they will always be authentic and have a need to shine through drama or a playful attitude, the ideas lying deep inside their soul being expressed naturally.

In astrology, the fifth House is the one of love and fun, so the planet positioned in it will influence its natives' amusing side and even positivity, giving them a childlike nature and having them always ready for playfulness.

For example, they will want to express what's in their heart and to live their life based on instincts, always giving a deeper meaning to fun and the way they do things. This means they'll be very romantic, creative and not at all inhibited towards their other half.

Related to the Leo and the Sun, all the planets in this House are influenced by the typical self-expression of the Leo, this being the reason why the Moon in this position has deep connections with being in the middle of things and responding passionately to external stimuli.

All the individuals with Moon in the 5th House will want to have children as a result of the fact that they love the little ones so much.

They like to play and to create because acting, painting, sculpting or singing makes them feel good. The position of the Moon has them interested in anything that brings joy to the heart.

The sign in which this celestial body resides in their birth chart determines their type of creativity and talents.

However, they should be aware they may have some issues with their mothers, and that this may influence their romantic relationships. Moreover, it's important for them to be aware the Moon brings them chaos and instability.

Paying more attention to their finances and love life would be something for them to consider, because they may lose people they actually love or realize they are broke after one night spent at the casino. They can be nurturing just because it makes them feel good.

Individuals with Moon in 5th House have a desire to be needed, so it's them who are, in fact, needy. It can be difficult for them to be conscious of their own emotions and to react to what others may want and need accordingly. It's like they are open to give a lot only when having to do it.

They should be careful of this secret desire they have to make others dependent on them. It's essential they nourish those they love in a mature way, allowing them to also be independent enough.

They can play the role of the caretaker and the lover at the same time, but this can sometimes generate some trouble because they can be authoritative.

Their sexuality is meant to feed their inner hunger and they are very responsive when members of the opposite sex are hitting on them. It's normal for them to convince their partner to make the first move when it comes to having sex.

For them, lovemaking is something emotional and not physical. They assess a performance in bed according to how satisfied their partner has felt.

Emotional and imaginative, people with Moon in fifth House will always have a talent for drama. This is why some may not want them around for too long.

As teenagers, they may feel like everything is about them because this is how the Moon expresses itself. They will find this expression natural and according to their needs.

There's no one who can tell they don't know what they need and how to get it. While seeming shy, they in fact have a lot of confidence and are very proud.

Being in the center of attention doesn't bother them at all, so don't be surprised if all the people at a party are closely listening to what they have to say.

### ***Moon ☾ in 15th Nakshatra: Swati***

6°40'-20° Libra

#### **Short Version [2]**

Strength: clever in trade, commerce and business, seeks the truth, tender, kind, accurate, finds lowest common denominator, optimistic, involved in spiritual or humanitarian causes, enjoys the company of religious or well integrated people, enjoys travel, interest in science and philosophy, independent, persuasive communication style, disciplined, friendly, pure, desires harmony, honest, and rational.

Weakness: restless, unable to recognize own limitations resulting in loss of money, reputation and status, spendthrift, critical, quiet, monastic, reclusive, secretive, hidden passions, creative and absurd thinker, vulnerable, easily influenced by others, focused on personal gain, lack of interest in family life, and temperamental.

#### **Overview [1]**

- Lord: Rahu (north lunar node)
- Symbol: A fresh blade of grass, or coral. This represents the innocence of youth,

flexibility, and innate potential for strength.

- Power: To disperse or bring to an end. The changeable nature and power of the wind gives Swatis the ability to wipe the slate completely clean. They can destroy things or make them disappear, allowing for a fresh start.

### **Strengths [1]**

Swati natives are independent by nature — they don't depend on others for motivation. You are confident and often drawn to pursue adventure. Change doesn't disturb you, and you have the ability to be flexible and adjust to whatever circumstances you come across. Happiness comes naturally to Swatis who are in their element. You tend to see the glass as half full and can usually find something positive in any situation.

People like you — you endear yourself to others with your modesty, compassion, and generous nature. Another remarkable quality is your skill at communication, for you manage to be simultaneously honest and charming. Thanks to this rare harmony and your intelligence, people are inclined to listen to you and you have the potential to be very influential.

Doing the right thing is important to Swati natives, and this results in an interest in ethics, morality, and theology. However, you don't use ideas about right and wrong to create excessive boundaries and limitations. You are liberal in your thinking and willing to accept many people and practices, and may explore a number of different paths in your life. Although you may not pursue it right away, many Swatis feel most fulfilled once they find spiritual meaning in their lives.

### **Weaknesses [1]**

The downside of Swati's spontaneous nature is a tendency to be impulsive. You might jump into a course of action on the spur of the moment, despite time spent making a different decision. It can be difficult for you to stick with the plan and you might feel trapped, restless, and discontented. Remember that real progress won't be made unless you can train yourself to focus and control your more temperamental side.

Anger can be an issue for Swati natives. You might damage yourself unnecessarily, sabotaging yourself and your relationships, if you aren't able to curb your anger when you sense that it's about to get out of hand. Another way you might hinder yourself is a habit of extreme procrastination. Don't let your dislike of structure and commitment prevent you from taking care of necessary tasks. Immediate pleasure is often your go-to, but a life of continual indulgence and living in the moment will quickly cause you trouble. The flipside of your independence is that you often focus too exclusively on your own needs and desires. You may pursue opportunities for personal gain at the expense of others. This may not be intentional, but unless you train yourself to consider others' needs you could become quite self-absorbed.

Swatis must learn to harness their proclivity for change. Your ability to remove the old and make space for the new is a gift when it's used in a constructive way, but it can easily be destructive instead. Don't tear things apart just for the sake of it. Finding this balance will be easier if you can remain internally centered and grounded — making time for solitude and reflection can help you immensely.

### **Other Personality Traits [1]**

- You are prone to go into debt. Your love of spontaneity and enjoying the moment can lead you to make financial decisions that aren't exactly prudent.
- You will travel a lot. You love adventure and it's hard to keep you pinned down to one place. You might even live abroad.
- You may achieve some renown. Your dynamic personality attracts others to you and makes you hard to forget. You'll be well-known and may experience some degree of fame.
- You might have unrealistic goals. You have lots of ideas and aren't short of ambitions, but try not to get ahead of yourself. You'll be able to accomplish more if you ground your plans in reality — taking advice from others in this regard will be helpful.
- You are a good networker. Your charisma and communication skills give you influence over others, and your travels put you in contact with a wide variety of people. You'll have many connections to call upon when needed.
- You may be disinterested in your family. Home and family don't have the same power over you as they do for many others. For you, it is what is found outside the bounds of the familiar that motivates you. Your focus is on adventure rather than comfort and security.

### **Career [1]**

As excellent self-starters, Swatis can bring a lot of energy to their work. They will do best in careers where their independence is utilized rather than stifled.

Some ideal professions include:

- Lawyer, judge, or politician
- Sales executive, stock broker, or entrepreneur
- Travel agent, travel journalist, or other career that involves travel
- Member of the clergy or other spiritual vocation

### **Health [3]**

They are blessed with good health and a relevantly stress free life. The Swati may experience intermittent gastric problems, arthritis and heart disease. They are also known to have oddly formed feet and ankles which may cause ongoing issues.

### **Physical Appearance [3]**

Relatively attractive people, they have pleasing and unique facial features. They tend to carry a little bit of extra weight and the males may become quite heavy over time.

### **Pada [1]**

### ***Moon ☾ in first pada***

(6°40'-10°00' degrees Libra): Sagittarius navamsa. You are always curious to learn something new and aren't afraid to ask questions — your curiosity also extends to a love for travel. Working to improve the welfare of others is important to you, and you're likely

to give generously to charities and engage in other works of philanthropy. However, you can be proud.

## **Mercury ♀ in ♐ Sagittarius woman 12° 18'**

([901] i.thehoroscope.co)

She is not afraid to approach controversial subjects and loves to surprise others.

The Mercury in Sagittarius native is idealistic and dreamy but not only meditates about what could be, she also takes the necessary steps to achieve her goals.

She's an adventurer, the stereotypical wanderer, always thinking about what the future holds, what the secrets of the world are, and how she can discover them all.

### **In a nutshell:**

Positives: Open-minded and productive;

Negatives: Argumentative and difficult;

Soulmate: Someone who is just as freedom-seeking;

Life lesson: Avoiding to feel trapped in others' mind games.

### **An uninhibited woman**

These women are freedom-seekers and independent thinkers who look forward toward the brilliant future they will build for themselves.

In fact, this visionary personality of theirs is the strongest card they possess, the lamp that lights the path in this penumbra of ignorance and superficiality that the world is steeped in.

Besides fighting to live a free and uninhibited life, they are also fervent about protecting the freedom of others, the basic human rights, and principles.

Optimism and cheerfulness never leave them, an inspiration to all others. However, they lack the organizational skills to make their life efficient and productive.

The woman born with Mercury in Sagittarius loves talking about controversial topics and getting into debates. Contradictory argumentations are one of the funniest things out

there, and most intriguing as well.

However, while she believes herself to be tolerant and very open-minded, most of the times, she can't see beyond her own flaws and mistakes.

Instead, she criticizes others for doing something the wrong way, or for being biased, while they may act in the same way.

She's straightforward and won't get trapped in mind games or beating around the bush. If you want a piece of her mind, just ask, and she'll deliver right then and there.

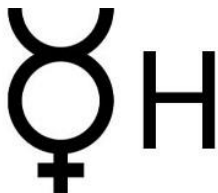

The Mercury in Sagittarius woman is absolutely intrigued by learning about other cultures, studying the behavior of humans, their beliefs, motivations, and way of thinking.

She can even spend years trying to understand the intricate details of these domains, with no apparent success after all because of the profundity intrinsic to each of them.

She craves intellectual stimulation, to be intrigued by a topic and to have a long discussion about it.

Romantically, she wants a man who feels good with their own person, who doesn't find it necessary to abide by rules, someone who's optimistic and cheerful, a straightforward and confident partner.

## ***Mercury ♀ in VII 7th House***

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

**Summary:**

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

**Hard to impress**

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around

with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

### **The positives**

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main

instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

### **The negatives**

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

### ***Mercury ♄ - Detriment in Sagittarius (& Pisces)***

([871] southfloridaastrologer.com:) A restricted expression of analytic thought and ability

to communicate is found when Mercury is in Sagittarius or Pisces. Sagittarius and Pisces' need for boundless, universal thinking is opposite Mercury's need to analyse and communicate details and facts.

## **Venus ♀ in ♍ Virgo woman 3° 17'**

([932] i.thehoroscope.co)

She is quite critical of herself and those close but this is what helps her advance and also help motivate others.

Venus in Virgo women are especially endowed with the ability to introspectively look upon themselves, to observe their flaws, take them all in, and try to transform them into advantages.

Thus, a path of self-perfection begins ever since this woman starts realizing her great potential. She is, in this regard, a humble individual who knows the real worth of knowledge, of learning, and she never raises herself on top of the world.

She pays attention to the details that make up the overall image, and with a meticulousity found only in the sign of the Virgo, she manages to find the perfect partner for her, someone who complements this desire to be better.

### **In a nutshell:**

Positives: Presentable and selective;

Negatives: Confusing and obsessive;

Soulmate: Someone who will help her look at the big picture;

Life lesson: Being kinder and more understanding to those close.

### **In reality, she is a very simple woman**

The Venus in Virgo woman is known to be a very respected and dignified individual who never lowers herself while in society, who acts on certain principles, with an air of high and mighty person.

Sanctimonious as she can be in some regard, you don't even know what lies beyond that social mask, and how she can transform when in private. Intimately, she can be very loving, affectionate, and very lascivious, in a very sexual way.

Overall, she shows her compassion and interest in her partner by paying careful attention to every single detail, to what he likes, to his dreams and desires.

There is a problem in her relationship that keeps on making her life a miserable hell, or something close to that anyway.

Her partner doesn't know what to do in order to please her because her tastes are something of a mystery.

In reality, she is a very simple woman with simple and natural tastes who wants nothing else than to be taken care of, to be shown a lot of affection and love.

However, because she keeps bickering and fussing about everything, this often gets very confusing. She should stop analyzing the little things from time to time, take a step back, and look at the big picture. That would greatly help.

The woman born with Venus in Virgo takes great care when she chooses her partner. She looks at every single detail, his personality, his character, the way he reacts to emotional turmoil, what his dreams and aspirations are.

Romantically, she loves to take care of her partner's needs, paying attention to the smallest of details, showing great enthusiasm and vitality at the same time. She solves problems, loves to have a chat, and will be there when you need her.

Of course, the way she purses her own path is not always beneficial for her own development or her social connections.

She tends to become overly focused on the small details, and rummage through those aspects for an eternity, forgetting about the big picture, and about all the other pictures overall.

If this wasn't bad enough, she might even reach a stage where she doubts her abilities so much that she could consider herself unworthy of a relationship, of her partner's love and understanding.

Ideally, her partner should be there to comfort and encourage her, to give her a piece of his mind, a brighter outlook on life.

In return, she can be one of the most loyal and devoted lovers, always thinking about his needs above all else, and trying to fulfill his deepest desires.

A pure and untouched maiden touched by the rays of the sun, shining in a resplendent way. Mortals don't even have the audacity and strength to lay their gaze on her.

Their clothes are thoroughly picked from among the most expensive and refined, because they want their look to be impeccable, elegant, for the idea of cleanliness and dignity to spread forth.

Exposing clothes don't sit well with their personality and overly-colored clothes even less. Instead, they prefer classic outfits, of the kind that inspire a sense of respect, confidence, even modesty in some sense.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

### **Summary:**

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

### **Doing what makes them happiest**

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they

fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

### **Practical aspects**

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for

others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

### **The downsides**

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

### **Mars in the 4th House in a nutshell**

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Very attentive to details, these natives rarely make any mistakes. It doesn't matter if it's about having fun or work, expect them to always be serious and to want perfection.

Others will praise them for paying attention to every little detail and for doing things the right way. However, they should be careful to not upset people by taking control all the time.

Allowing their colleagues and friends or family members to also lead would be a very good idea for them. It's impossible for a person, no matter the Sun sign or where Jupiter is in his or her chart, to always get things right, so listening to more than one opinion is always advised.

The only thing that upsets Jupiter in 6th house people is criticism. They can turn into very nasty creatures when someone doesn't agree with what they've done or said.

This means many of their relationships will be influenced by the fact that they can't stand being criticized. Learning how to relax and be less serious would be great for them if

they want to get along with others and to not be offended all the time.

Their standards are high, so they expect a lot of great things from both others and themselves. Therefore, when unsatisfied, they become what they hate the most and start to criticize.

Those born with Saturn in Pisces may get lost in the present, figuratively speaking, and think that the bad things that happen to them at a certain point are just consequences related to their past actions.

This is true, but it is not essential. If you are a Saturnian Pisces, you should listen to what we are going to tell you now. You may feel deeply confused, you may feel that your life is really difficult, you may also feel depressed, thinking that people don't treat you properly, but you have one mission to fulfill.

You have to get up and live your life, forget your past disappointments and if you can't,

then put them aside. Forgive all the people who may treat you unfairly, they are just confused and unsatisfied.

Live your life, constantly learn new things, grow up every day physically and emotionally, work on the things that you are interested in, work to gain your success, and most importantly, work on yourself to be a better person.

The combination between Saturn and Pisces is quite interesting and has a powerful relationship with the human destiny.

Why? Because Saturn represents time and starting with this symbolism, it leads the person dominated by this planet to an awareness about their past, their present, and finally their future.

The problem comes when the past is the one that dominates the Pisces's life and makes them confused about what they should do in their future.

These sensitive reactions may make these natives have a tendency to see the negative things first. Because they will sometimes feel like hurting, they will need security and protection, and that's the reason for their choice to embrace religion and spirituality.

The spiritualism and Saturn will lead them on the right path, and help them give up on their egotism and defensive feelings, being willing to sacrifice their lives and cooperate with the order of the world.

Saturnian Pisces have to start working on themselves, and they have to know that failing a task or doing it correctly will not change the fate of humanity. There is no need for them to blame themselves for past errors.

It is time to let them go, they have to accept that they can't have everything. Accept themselves, develop their confidence, and moreover live with the present moment in mind, and choose to be happy. Happiness is a choice, trust yourself, you are amazing.

Those lead by planet Saturn in Pisces are described in two simple words, patience and self-sacrifice. Their sympathy may be a problem if they don't learn how to separate their love and detachment at the same time.

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

### **Needs in love**

When it comes to love, the Saturnian Pisces have to face the same fears and difficulties as in their personal life, because by having that tendency to live in the past, sometimes they will come face to face with their own insecurities, because it is really hard to leave them behind.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

### **The good and the bad**

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

You have a perfect intuition which allows you to work very good with people, so it's time to use your intuition to allow you to work with yourself.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

### ***Uranus ♅ in ♉ Taurus woman 4° 20'***

([1042] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Beware of those born with Uranus in Taurus in their natal chart because, even if they may appear as good-natured fellows who are great to have as friends, that may change when you see how stubborn and rigid they can be.

The thing is, this native usually prefers a routine-based lifestyle and being influenced by an immutable sign, it's very easy for him to become even more inflexible.

These people can reach their objectives with ease thanks to the creativity they were born with, but the one-way perspective and unwillingness to accept change totally oppose Uranus' fast-paced energy streaks.

#### **In a nutshell:**

Style: Insightful and subjective;

Top qualities: Idealistic, practical and generous;

Challenges: Materialistic and stubborn;

Advice: You can receive new insight from people you would never expect.

**Personality traits**

With Uranus being such an enduring and slow planet, keeping itself active for about seven years in each of the signs, it obviously has enough time to make its influence take roots.

Under the Uranus Taurus transit, it is its stubbornness and rigid perspective that get strengthened and intensified until they reach the epitome. They're never willing to give up on their ideas and dreams, even if they had to abandon everything else.

Family and friends don't have a saying in their decisions, and if they can't see a better path, no one can.

They are this stubborn because they base all their decisions on the power of intuition, and we all know how dead-certain intuitive people can be.

Nothing can defeat their gut-feelings because it's just too strong to ignore. Thus, no matter how you try to convince such a native to think up of another plan, you won't have a chance of victory.

They are very imaginative and ambitious individuals who want to build a brilliant future for themselves, financially and personally, so they'll naturally want a partner with whom to work things through toward this goal.

It would be a good idea to spend some time with your Uranus Taurus friend before even coming to a conclusion about their nature. They might appear as a free-spirited and open-minded individual who is tolerant of many things, but the truth is completely different from that.

The Uranus Taurus is actually someone who wouldn't change his ideas or viewpoints even at gunpoint, that's how stubborn this one can get.

Even though these natives might be willing to change their perspective, they won't do it unless they are utterly convinced by the necessity of such a change, with rational arguments if possible.

The best possible outcome that the Uranus Taurus combination brings would be the balance between both their characteristics. With Uranus bringing in the spontaneity and non-conformist approach, how could the rigid and stable-minded Taurus ever make peace with it?

In the worst case, only one of them survives the conflict, with the other being submerged in oblivion. In this sense, they may be acting weirdly most of the time, split between the unrestrained impulses wreaking havoc, and the patient, steady approach imposed by

their sign.

Uranus instills the Taurus with a certain financial sense of comfort, in that they wish to elevate status and power well above the rest of the people.

Material security is a problem that has to be dealt with quickly, and they are the ones to do it. Looking at their anarchic spirited nature, they create the impression that the world may be in for quite a change if they get to have a certain degree of control over it.

Great changes are afoot at the hands of the Uranus Taurus native, that much is true. Essentially, Uranus gives the Taurus the power to break free from the imprisonment of societal conformism.

All these expectations have no other role than pinning one down, making one have certain doubts about achieving their dreams, thinking things through before committing to a course of action.

The status quo gets shattered to pieces by this planet, and the Taureans have nothing to fear anymore. They can follow their goals as long as they see fit without anyone interfering anymore.

### **A jealous lover in a nutshell**

In love, there are a lot of things to watch out, like this native's bouts of jealousy that are bound to create problems.

They just can't get enough of their partner and would be destroyed to lose them. Possessive to the extremes, it's uncertain whether their natural charm and adorable attractiveness compensate for this or not.

Pragmatic and efficient at accomplishing their goals, they don't stop until they see something taking form, and it usually happens as planned.

There is no one else more productive and ambitious than this native, that much is true, even when it comes to romantic matters.

### **The good and the bad**

When this native has an idea that they wish to put in practice straightaway, they summon all the strength at their disposal and pour it all down at the altar of creation.

Even though they may be slow in the beginning phases, and even in the implementation of the aforementioned plan, when all is said and done, the results speak for themselves.

With a great boldness that rivals the warriors of old, these natives use their many abilities and resources to make their dreams come true.

Able to create something beautiful out of a slate of rock with their bare hands, they are truly one to be reckoned with, and their skills appear to be endless. Any challenge is welcomed as a form of honing oneself even more, and this can only be admired.

The Uranus Taurus natives work fine with people as long as they agree with their ideas. If everything goes the way they planned, then they'll be the kindest and friendliest people out there.

The moment you even begin to doubt the efficiency of their ideas, that's when everything goes down south.

They don't tolerate insubordination, nor do they like false friends who can't appreciate a genius when they see one. If you anger them enough, you won't like what you see, the monster will come out and eat you alive.

### **The Uranus in Taurus woman**

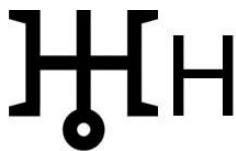

This woman is cautious, meticulous and patient to wait for the right moment. That's when she'll galvanize all the power at her disposal and put her plan into action.

She lets nothing get in her way, not even her own enthusiasm and passion. Fortune favors the bold, but patience is also one of the most important virtues one could possess, in rational doses, of course.

From this point of view, she may feel like it's necessary to get out of her comfort zone and break free from the shackles of social oppression.

Most people look down on what is different, even though it makes no sense at all, but that's how things go. Between open-mindedness and a routine-based behavior, it would be best to choose the best of both worlds.

**A sociable companion**

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th house gets its streams of spiritual knowledge from the Universe in a very subtle way.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

### **Blessings**

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as

them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

### **Challenges**

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

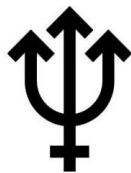

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

## **Neptune ♆ in ♐ Sagittarius woman 28° 6'**

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

**In a nutshell:**

Style: Exploring and demonstrative;  
Top qualities: Mysterious, adventurous, revealing;  
Challenges: Personal struggles and indecisiveness;  
Advice: Sometimes you are completely tactless.

**Personality traits**

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much

because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

### **The positives**

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

### **The negatives**

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to

prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

### **The Neptune in Sagittarius woman**

These women are self-sustaining and responsible in general, meaning that they can survive almost any dangerous encounter and win against most challenges that life throws at them.

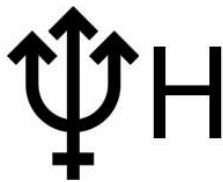

However, Neptune changes all this when it fills them up with emotional vulnerabilities, idealistic desires, the need for personal fulfillment.

And they want to find that fulfillment through their dreams, which are unreal most of the times, simple fantasies of a roaming and imaginative mind.

Going on great adventures does help their general disposition get even more bright and enthusiastic, making life more enjoyable overall. However, what is new isn't always the best thing, so they should be a little more restrained, or self-aware from time to time.

It would also be a good idea for them to start doing some sports, or get out of the house anyhow, exercising, meditating, in order to recalibrate their life.

### **Neptune ♃ in VII 7th House**

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great

intuition coupled with empathy.

**Summary:**

Strengths: Dependable, trustworthy and kind;  
Challenges: Dreamy, irritable and perfectionistic;  
Advice: They should do more of what they love.

**An altruistic personality**

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules

over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

### **The goods and the bads**

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

## ***Pluto ♇ in ♒ Aquarius woman 25° 45'***

([1099] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Aquarius will go their own way and pave a road for themselves through life. With their independent persona and innovative ideas, they're sure to ignore outside rules, break open the barriers that society imposes, and soar toward the skies.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian Aquarius will bring about great changes to the world.

### **In a nutshell:**

Style: Original and independent;

Top qualities: Adaptable, relaxed and eager;

Challenges: Extremist and undecided;

Advice: Beware of compulsive behaviors.

### **Personality traits**

To begin with, the Aquarius astrological sign is one linked to change, massive transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling "Liberté, Égalité, Fraternité", for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

### **The good and the bad**

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

### **Pluto in Aquarius in love**

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

### **The Pluto in Aquarius woman**

When last Pluto was passing through the Aquarius zodiac sign in history, women were already very set on making an independent life for themselves.

They wanted to gain the liberty and ability to choose how they wanted to live and to change the rules of the game so that women had a place in society.

Many of the situations where they had the primary role were quite unexpected because for generations women had nothing to say in some respects. Now, this sudden eruption of anarchic voices took everyone by surprise.

Therefore, the woman with Pluto in Aquarius can be said to welcome challenges, even when her competitor is a man or when the competition doesn't seem to be an equal one.

She has this inner personal incentive to try harder and this definitely helps her to obtain splendid results.

In order to even enjoy a glance from her, you need to treat this woman with respect and consider her your equal. She is a perfect lover: romantic, thoughtful, affectionate and devoted.

However, she is also known (from history) to be steadfast and daring to face against the

whole world if her rights aren't respected.

## ***Pluto ♄ in IX 9th House***

([1109] i.thehoroscope.co)

This placement of Pluto makes people strive to always be perfect, to achieve better results with each attempt and capitalize on their advantages.

Those born with Pluto in the ninth house of their birth chart have a very extreme and rigid outlook, in the sense that it's either going to go down their way or no way at all. They don't accept any compromises at all, and you can be damn sure that they have the arguments and knowledge to argue the logic of their ideas.

These natives want to find out the truth of this world, to explore and accumulate knowledge, to engage in debates, and to defend their beliefs with near-zealotic aggressiveness.

In spite of their aggressive and impetuous nature to enforce their beliefs and argue with anyone who dares to contradict them, the ninth house natives are very aware of their own limitations. They want to become better, to right their wrongs and to change the whole world, actually.

### **Summary:**

Strengths: Curious, profound and creative;  
Challenges: Self-absorbed, sloppy and criticizing;  
Advice: They should aspire to higher ideals.

### **Inspirational personalities**

Intelligent and curious individuals who are enlivened by the prospect of learning and accumulating knowledge, making every effort to see beyond the natural veil of the world, these natives can also be incredibly stubborn and firm in their beliefs.

Pluto in 9th house native will not back away from any confrontation, even if the adversary is a well-known public figure. So what? Ideas are ideas, people are people.

They argue the ideas, not the person. They will even try to convince the other person to drop any defense and follow their principles.

Others look up to them as being very profound and creative, a trait of intelligent individuals. They come up with great ideas and may have had truly mind-blowing experiences in the past.

They inspire everyone else to aspire for more, to become better, superior. You can't have one of them as friends and not be incentivized to read more, to want to know more.

They have an eagle's eye on the world, a larger perspective that takes everything into consideration at face value.

In this sense, they are generally isolated and alienated from the rest of society, in a world of their own, trying to find their own identity and purpose, to strengthen their views and principles.

Pluto in 9th house natives take great joy and find it to be very relieving to change minds, to show others the truth and to explain things about the world that most couldn't even think of.

At least, this is one of their main goals in this life, to contribute to a new enlightenment period.

However, things are different in reality because of their deep intuition and insight which supplies them with answers and solutions to problems, coming out of the blue, with no logical explanations.

It's obviously harder to argue the veracity and reasonableness of these ideas. This creates a feeling of inadequacy and isolation.

They strive to be perfect, to achieve better and better results, and with each constant attempt, they are fixing their flaws, capitalizing on the advantages.

This also throws them into a lot of psychological tension. Stress, exhaustion, both physical and psychological. Moreover, there is also the tendency to criticize their own work and become self-absorbed with the mistakes, the flaws.

Lack of satisfaction with personal implication, the lack of pure joy when things go the right way. This is already a critical point in their lives which would take drastic action to come back from.

They can't stand fake and pretentious people, superficiality or ignorance in any forms. These people are the few ones out there that are truly interested in learning and gaining knowledge for the sake of evolving alone.

It's a passion, mostly. Anything, from philosophy to religion, science and the plethora of cultures around the world, are worth a close perusal.

The Pluto in 9th house aspect instills an insatiable desire to know in these natives. They want to explore the multitude of existential branches, the underlying senses that man makes of the world.

They want to deeply observe and analyze man's experiences in accord with his tendency to act on his impulses, on the basis of immediate gratification, to expand their mind way beyond the normal potential.

This calls for incessant contemplation of the complex and nearly incomprehensible forces that govern life and death, the humongous mechanism that drives the Universe, the laws of the cosmos itself.

### **The goods and the bads**

Chances are they will change their viewpoints quite drastically following a series of spiritual experiences. Religious events and happenings will act on their base natures, affect the very core of their beliefs, metamorphose the way of thinking that most people work with.

The higher domains of philosophy and learning are extremely likely to cause a game-changing transformation, to put them in a state of constant enthusiasm, ecstasy, communion with the other side.

They can use this knowledge and spiritual affinity to teach and spread this healing mindset to others, to transmit the ancestral knowledge to generations in the future.

However, they can also stray away from their path with the flick of a finger, just like that. It's good to know that they have a safe haven to come back to in the form of their close friends and family.

The Pluto in ninth house natives are really terrified when confronted with other valid ideas that contradict their own.

In some sense, even though they are very open-minded and keen on expanding their minds, cognitive dissonance still makes its presence known.

However, learning from mistakes and having one's argument taken down can only serve as a form of knowledge in and of itself.

Moreover, they tend to be very egotistic and arrogantly stubborn with their viewpoints. They might even mock or take other people into derision for supporting stupid ideas.

They think themselves to be the very apex of human intelligence and curiosity, that no one can possibly know as many things as they do.

**North Node ♏ in ♎ Libra 28° 11'**

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of inconsequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is

learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the

current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of past-life memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic,

constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

\*\*\*

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Node generally wants exclusive rights to the things in which he or she is interested. He

or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

## **North Node ♁ in V 5th House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring friends and acquaintances of a specially high social status. It causes the native to come into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one

basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good success in love / romance, but regarding friendships they may have many disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even

ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him, but instead his frustration arises from the gap he sees between the reality of his past-life dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his

dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the individual comes to understand his own sense of self-worth. He observes how children put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning self-discipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the

individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

\*\*\*

In the fifth house, there's a hang-up about self-expression. Here we have the social climber of the show-off. Less commonly we see the 'Aw shucks, it was nothing' syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a primary loyalty to self before the rest of the dream can be fulfilled.

**(Black Moon) Lilith ♀ in ♏ Pisces 8° 32'**

([1148] elsaelsa.com)

**Street Saint**

If you have Black Moon Lilith in Pisces, the pain you've experienced through your Lilith placement has made you compassionate and empathetic. You've learned to embody the kindness the world lacks.

However your Lilith wounds have played out (shown by the house your Black Moon Lilith is located in), you have become acutely sensitized to the harshness of the world. You see how many sharp edges, cruel consequences, and dirty tricks pile up in daily life, and you know in the depths of your soul that it absolutely does not have to be this way. Life can be good, people can be kind, and a loving, caring community of like-minded folks is hardly a pipe dream. So you make an effort to make connections, to show compassion, and to care for those on the margins of society. You reach out and draw the most vulnerable under your wing for protection. In some ways, you become a living avatar of compassion, an everyday bodhisattva spreading beauty through the grimy streets.

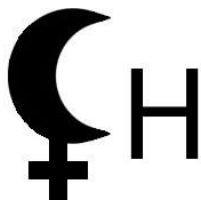

Of course, this isn't without risk. As you know (and as the world has been eager to remind you), there are all too many who would take advantage of that kindness. There are people who want you to fix them without doing any of the work it takes to be fixed. And perhaps even worse, there are people who are so rigid and blocked off that they can't react to your kindness with anything other than derision and judgement. You remind them of everything they're rejected in order to ensure their safety. Your softness becomes a repository for other people's fears about their own vulnerability.

And when your beautiful balloons of compassion are popped by those jagged edges, you understandably just want to hide your head under the covers. You try and try to fix the world, but sometimes the world just doesn't want fixing. The world can be small and ugly and sharp while your soul is expansive and ethereal and free. So you sometimes decide you'd rather escape or transcend the world entirely. You may turn to drugs or religion or sex or sleep to find that all-encompassing feeling of connection. You may take to spinning fantasies that can't come true. You may just immerse yourself in fiction or art or beauty. In one way or another, though, you will always find yourself periodically in need of reconnecting to your core idealism. The key is to find a way to reconnect that genuinely inspires you long-term rather than just soothing the more immediate aches.

Another way to alleviate some of the pain of Black Moon Lilith in Pisces is to lean on the sign opposite to Pisces, Virgo. Virgo is just as driven to fix the brokenness of the world as you are. But Virgo recognizes that sometimes practical support means more than limitless compassion. Sometimes helping someone prepare for a job interview is a greater act of kindness than giving them a couch to sleep on forever. Sometimes telling someone they have a stain on their shirt so they can fix it is more effective than giving them the shirt off your own back along with speech about how we shouldn't be judging others by their clothes anyway. It's not that it's not true! We shouldn't judge over something that small! And if you want to work toward a world that abolishes clothing-related status signaling, go for it. But in the moment, there is still a practical problem that requires a practical solution. And Virgo knows how to discern which is which.

While this placement is enormously complex and merits a chapter all its own, I'll close here. Just know that your intuition is right: Your compassion is exactly what the world needs most. Your willingness to look beyond the outer shell to the beauty that permeates all of us is your superpower, and you should never let it go. As you work to create a world that is truly rooted in kindness, your wisdom will be more necessary than ever. Just make sure that you direct your energy to where you can do the most good, and you will be a true force of nature.

## ***(Black Moon) Lilith ♁ in X 10th House***

([1158] [elsaelsa.com](http://elsaelsa.com))

### **Dark Reputation**

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin than you might prefer.

In traditional astrology, the 10th house is known as the culminating point or the pivot. With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can

match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

### **Ceres in 10th House**

The desire to build a legacy as a caretaker is emphasized. Here we find people who feel one of the most important things they can offer back to the world is to nurture others.

One way this can manifest is to step into the responsibility of parenthood. Through the process of raising a child to be well adapted and successful in world, the archetype of Ceres fulfills its destiny.

It is worthwhile to note that love and nurturing should not be contingent upon the performance of the recipient. If childhood was not a source of unconditional love, the adult with this placement will need to work to see themselves and others as inherently worthy of love and compassion.

One of the most powerful ways to channel this placement of Ceres is through a profession that involves caring for vulnerable populations, particularly in food or healthcare fields.

You are someone who feels destined to take care of other people. For you to feel

nurtured, you must feel that you are useful to others. While this is noble, it is especially important for you to mindfully avoid falling into martyrdom.

It is imperative to develop strong personal boundaries and healthy communication skills. You must find the balance between caring for others and yourself.

You may also associate love with achievement, which may need to be adjusted to include the belief that you are worthy of being taken care of regardless of what you accomplish or do for other people.

You do not want to disturb the harmony of the people around you, and you cooperate in any situation that life presents to you. You flow and harmonize with all its most intimate aspects.

You know that offending or going against others will make you lose friends and relationships.

You have a special sense of justice and acceptance of other people's faults.

Aries is the sign opposite to your Part of Fortune in Libra. Through Aries, you have the ability to not lose your own goals, and to project your desires into the future. But if you want to enjoy and be happy in the present moment, you should not identify too much with this, nor abuse it, so that you do not ruin good relations with others. You have a pioneering spirit and you are also quite bold and courageous.

You listen and learn many things about other people's lives, so you are an easy person to talk to. You have a lot of tolerance.

However, you have to learn to consider the effects that any action entails before carrying it out.

Taking into account both sides of any situation, accepting everything even though it goes against your own wishes, will help you to find fulfillment and satisfy everyone involved in a situation.

You must belong to something to feel complete. This is why you know how to please others. It makes you happy to feel the happiness of others.

You learn to become that center through which all human thoughts, desires, and emotions flow. All energies penetrate through your open inner space, which is willing to accept all. This helps you to complete your individual self, without having to personally identify yourself with any kind of specific vibration, but with all of them at once.

Thus, belonging to everything will lead you to not need anything and not to have your own desires, so you can balance opposing people, opposing ideas and feelings. You can even understand and accept the selfishness of other people.

The creativity of others will bring you your greatest happiness. Your self-realization will become the balanced center of everything that surrounds you.

By letting yourself go with the flow, you know that you will make the necessary decisions without doubting if they are correct because you know the flow will put you in touch with the people who need you.

Above all, it will help you to feel comfortable in the company of others, knowing that we all share similar things and experiences.

## **Part of Fortune ☒ in V 5th House**

([1291] [astrolibrary.org](http://astrolibrary.org))

You enjoy creating. You express this through a particular talent or simply as a way of life. You personally identify with everything you create.

Not only is everything you make a product of yourself, but you also become the product with everything you do.

You have the great ability to realize your dreams, which is much of your own doing through your willpower. You get to know yourself through everything you do.

Since your Part of Fortune is in the fifth house of your birth chart, the 11th house is the opposite house. Through the 11th house, you see the ideal reality from which you must create. You also see the illusions and fantasies of other people. However, if these ideals are too scattered and do not inspire you, then your ability to create diminishes.

Since your friendships can give life to your hopes, dreams and wishes, and push you into the realm of creative imagination, it is important that you know how to choose your friends, as they are the source of the creation or destruction of your inspiration and imagination. And you need inspiration and imagination to feel like an individual being.

At the same time you must take them in a detached way and see your dreams as a collection of symbols of the universal unconscious, without dispersing your creative process, or identifying with these dreams unless they fit within a creative project.

You must realize that all creation is one percent inspiration and ninety-nine percent effort, and also that there is a great difference between knowing what one can do and really putting it into practice. You will only know yourself through what you do, not what you think.

Regarding your friends, you have a strong idealism, but you must remain impartial understanding the concept of not being involved. The more you talk about everything you can do, the less energy you have at your disposal.

Your greatest happiness comes from being deeply and intensely involved in everything you are capable of creating. Sometimes this satisfaction comes from a single brilliant creation, whether in the arts, the theater, or through a very special child.

Sometimes you absorb dreams from other people, those dreams that they don't know how to use. You must examine these, and apply them to what you have learned through your creation. You should not try to instill the will to create on those who only talk about it, because then you lose your own will.

You like to enjoy all the good things in the world, although you have to learn the difference between inner and outer richness, to give more importance to your inner fulfillment than to the outer one.

([71] [astromatrix.org](http://astromatrix.org);) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Ascendant** ASC **Parallel** ♄ **North-Node** - (1°56')    ♀1 | 05

With North Node conjunct the ascendant you are able to shape your personality to be in harmony with prevailing social trends. This can make you popular, but also superficial. Your actions aren't based on fundamental convictions but on popularly accepted behavior. You're often tall, lanky, cheerful, optimistic and jovial. Your effusive outgoingness often prevents close personal relationships or lasting partnerships by making others feel inhibited and suspect a lack of sincerity. You can be serious and calculating when dealing with the public or partners.

Your karmic path is combined with your identity and ego, which allows your personality to align well with your growth and evolution. Be careful not to use your charm or popularity for selfish gains but for helping others. Also, since the South Node is connected to your Descendant, it is important to choose your partner wisely as many times they can represent your past karma may cause a block or hold you back in any transformation or growth you seek within this lifetime.

3) ► **Midheaven** MC **Parallel** ♄ **Saturn** - (1°11')    ♀4 | 0010

([72] [astromatrix.org](http://astromatrix.org);) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

4) ► **Descendant DC Parallel ☿ Uranus** - (1°05') ♄7 | ♃12

([206] [astromatrix.org](http://astromatrix.org);) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that

interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

5) ► **Imum-Coeli** IC **Parallel** ♂ **Uranus** - (1°28') ☾10 | ♃12

([207] [astromatrix.org](http://astromatrix.org);) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

8) ► **Sun** ☉ **Parallel** ♌ **Chiron** - (1°17') ☿2 | ♄8

([117] astrotarot.net:) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage, your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people’s sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

In other words, it governs self-expression, drama, creativity, color, attention, romance, fun and play. There is a constant interaction with the environment, which is expected in achieving all happiness.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

10) ► **Mercury** ☿ **Parallel** ♂ **Mars** - (0°32') ♃7 | ♃4

([29] astromatrix.org:) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunction Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

11) ► **Mercury** ♀ **Parallel** ♀ **Neptune** - (1°26') ♄7 | ♄7

([33] astromatrix.org:) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally

evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

12) ► **Mercury** ☿ **Parallel** ♋ **Ceres** - (0°22') ♄7 | ♀10

([560] 12andus.com:) Your intellectual strengths help you to nurture others and show your love.

You speak words of compassion, kindness and encouragement to those who need to be uplifted. Your ideas nurture others.

You may help others feel comfort and love by sharing information and ideas with them. You are also likely to seek nurturing through intellectual pursuits like writing, journaling, speaking and sharing your ideas with others.

You may feel nurtured by your peers, siblings and friends. Likewise you may have taken a particularly nurturing role with your peers, perhaps helping to raise siblings and cousins for example.

You find comfort in words and may look to books or movies to soothe your nerves. You also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

13) ► **Venus** ♀ **Contra-Parallel** ♋ **Pallas** - (0°05') ♄4 | ♀6

([579] 12andus.com:) Your sense of comfort and desire for beauty and harmony can run counter to your sense of mission.

You may have to work through insecurities and obstacles in order to embrace the value of your insight and wisdom when it comes to mentoring others or offering valuable strategies.

You may also have great plans and insights about how to diplomatically appeal to others' better nature, only to over-reach or become complacent when you feel too comfortable.

It may take some practice exploring your own values and challenging yourself beyond your comfort zone before you realize how your creativity and talents can help you pursue your mission and cause. Your social network or connections to others may be instrumental to helping you create successful strategies to advocate for what you want, but you may have to overcome the desire to do things yourself first.

14) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (1°58') ♀4 | ♀7

([54] [astromatrix.org](http://astromatrix.org);) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

15) ► **Mars** ♂ **Parallel** ♀ **Ceres** - (0°54') ♏4 | ♏10

([562] 12andus.com:) Your passion for others shows in your nurturing style. You can be direct and focused on those you love.

When you care about someone you want to act as their protector. You'll advocate for them and may go over the top to show how you feel. Others may be intimidated by your intense desire to intervene on their behalf.

You may find it difficult to hold back when you care about someone. You can be highly motivated to act as a champion for your loved ones. To nurture yourself you know just when and how to set boundaries and assert what you need.

16) ► **Jupiter** ♃ **Parallel** ♄ **Pluto** - (0°23') ♏6 | ♏9

([63] astromatrix.org:) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural

talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with

self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

17) ► **Jupiter** ♃ **Parallel** ☊ **South-Node** - (1°56') ♀6 | ♃11

([197] [astromatrix.org](http://astromatrix.org);) Dogmatic Beliefs

North Node opposition Jupiter is a philosophical aspect. Jupiter rules philosophy, law, and religious study, so you may enter this life with experience and knowledge that has contributed to your beliefs. You have some very definite views and now feel a responsibility to pass along what you have learned. You may use your wisdom to contribute to the social morals in a positive way or negatively, you might be narrow or forceful in your views.

While there are actors, sportsperson, politicians, and others among this group, the overwhelming theme involves writing and philosophy. There are many authors, composers, songwriters, teachers, and educators. Their communication skills are notable. Spreading beliefs and contributing to moral standards are common patterns.

Over-expansion is a potential problem and can lead to problems. Major life circumstances may have forced you to put too much significance on social, educational or religious/spiritual expansion and rely too much on optimism.

You must learn to pace yourself and develop a more grounded, realistic outlook or your larger-than-life ambitions will be shot down by societal times as they often conflict with the times. Your ambitions and ideals are noble and grand but beware of a tendency to lose yourself in the big picture.

18) ► **Jupiter** ♃ **Contra-Parallel** ⋈ **Vesta** - (0°05') ♀6 | ♃7

([614] [12andus.com](http://12andus.com);) Your deep inner desire to fulfill your spiritual destiny is at odds with your optimistic, enthusiastic side.

You may find travel and learning to have a restorative effect, feeling refueled and spiritually connected in this process. Yet in spite of this, your plans to expand your mind and see the world, may frequently be thwarted.

It may take extra time and energy, but taking the time to find your connection to your higher calling can also leave you more deeply fulfilled.

When you balance your desire to follow your spiritual calling and your desire to look on the bright side and enjoy the pleasures of living the "good life," you'll be able to fulfill your mission without draining yourself.

You won't see sacrifice as depleting, instead you'll know when to set your desires aside

in order to serve others.

19) ► **Jupiter** ♃ **Contra-Parallel** ⊗ **Fortune** - (0°31') ♀6 | ♄5

([67] [astrotarot.net](http://astrotarot.net);) Typical features that opposition brings: you are a passionate and emotional person. Also, you are a fighter but can suffer from being too aggressive or defensive. That kind of spirit makes you very competitive. Your instinct is simply to have what you want. You are prone to a short temper when you don't get what you want. Regardless of the rights or wrongs of a situation, you will often win because of your passion and energy. Patience is definitely not your strong point. Your responses are quick, and you are very passionate. Winning at any cost will come at a price. With this Natal Jupiter – Part of fortune aspects your intimate relationships suffer the most. So, you must choose your battles with more care and consideration. Always try to think before reacting. In conclusion, with some self-control, you can learn to live with some minor irritations. Cooperation and letting little things ride are not signs of weakness. Also, you can apply your aggressive instincts into hard work. Standing up for the rights of vulnerable people is great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Positive traits: This Natal Jupiter – Part of fortune aspects makes you precocious, animated and passionate. Also, you seek emotional excitement in your lives. And you are very brave.

- Negative traits: Your competitive nature means that you won't give up easily. That can cause bad moods, arguments, aggression, and conflict. Also, you hate others resisting your will. And when this happens, you respond with a personal attack. If you cannot express your emotional frustrations and anger, you may be the victim of aggression from others.

20) ► **Saturn** ♄ **Contra-Parallel** ♂ **Uranus** - (0°17') ♀10 | ♃12

([198] [astromatrix.org](http://astromatrix.org);) The Activist

With the opposition, you will tend to project inner tensions outwards onto others through your social and intimate relationships. These tensions arise as a result of the clash of the Saturn and Uranus energy patterns within you and will continue to remain operating until you succeed in resolving the causes of the inner friction, through transforming the relationship of Saturn to Uranus.

You may feel torn between two polarized directions, past-future, order-chaos, orthodox-unorthodox, stability-change. This may make it difficult for you to decide on life directions, or you may become biased towards one pole to the repeated exclusion of the other, and some degree of repression of the ignored planetary qualities will occur. This can give you a hard edge to your personality, which is partly a result of trying to maintain a fixed inner center against the other inner planetary attraction.

You prefer to remain clearly in control but can express this with what seems to others an overly aggressive approach. There can be a lack of relaxed relationships, partly because you have a competitive attitude and desire to become personally important and authoritative in a social sense. It is doubtful if you will have many close friendships, because of an attitude of exclusion and distancing that you put up around yourself.

One area that can create conflict for you is a lack of openness to others, and that attitude of righteous knowing; this can block any real relationship from occurring, and often will generate antagonism from others, who look for opportunities to 'bring you down'. Learning to listen more to what others have to say is one lesson you need to apply; there is something of value to be gained from communication with every person, because the wisdom of the whole is reflected through each individual, and the routes that guidance and messages can take are infinite in variety.

If you are not open to the world and people, you will miss them, and just circle around in your own limited world. Life can be greatly enriched by sharing with others in an attitude of equality. Co-operation and compromise should then flow by such an adjustment in your attitude to others, as you break down that restrictive egocentric shell. It is likely that the Uranian energies will be less expressed than the Saturnian ones, so some degree of rebalancing may be required to free that planetary influence.

This can be released through personal creativity and allowing yourself to be freer and less tightly bound. This can involve the dissolution of limiting self-images, and an inner granting of freedom to others, so that you do not insist that they conform to your image of them. Often you attempt to direct their lives for them, especially in the more personal sphere of relationships, because it makes you feel able to control life. In the way that you are applying this, the results just inhibit a vibrant life.

The Uranian characteristics can also emerge if you become involved in social reforming groups, where you may release that aspect of your nature in an active manner through questioning the Establishment. What you may have to be wary of is a bias towards Uranus that leads to losing the awareness of the essential Saturn values in life.

What you should be aiming towards is a way to create a workable balance between these energies within your own nature and through relationships, so that the positive aspects of each can shine through.

21) ► **Saturn** ♄ **Parallel** ☊ **North-Node** - (1°08')    ☾10 | ♀5

([73] [astromatrix.org](http://astromatrix.org);) Achieving Your Goals

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn throughout life.

North Node conjunct Saturn often helps lift away some problems with Saturn limitations

and restrictions. It increases patience, practicality and increases good relationships with elders and authorities who can help in achieving ambitions, especially since there is a good sense of timing as to when to approach these people. There are often many connections with older people, frequently those in the family, who are of special assistance in aiding you through their knowledge and understanding.

You need to develop more self-reliance now, as in the past you may have been under the guardianship of the family. You may be approaching maturity; learning to take responsibility, and the cosmos has lent you this extra bit of assistance. Self-discipline is one of the strongest, most positive features of this aspect that can be utilized for good works. When working constructively, the aspect has produced champions of all sorts. When organization, patience, methodology, and self-pacing are combined, there's no limit to the potential achievements you can make.

Saturn, best known as the taskmaster, brings some challenges. Sometimes this manifests itself as health problems in youth, although you may ultimately enjoy increased longevity. Struggles in life may be seen coming from the house of Saturn. These tests contribute to the development of patience and self-sufficiency. Watch out from being too conservative or taking the easy road to avoid risk taking.

Your levelheaded wisdom and competent resourcefulness will allow you to achieve your goals without much opposition. You have a good sense of timing which will help you gain respect from authority and go places. Be careful not to conform too much to unnecessary or illogical societal values out of a desire to stay on top.

22) ► **Uranus** ⌘ **Parallel** ☾ **South-Node** - (0°51') ♈12 | ♎11

([208] [astromatrix.org](http://astromatrix.org);) Extremist Rebel

With North Node opposition Uranus, you have brought over creative genius of some sort. There may be noticeable talent without benefit of a formal education. You may have lived a life in an ancient advanced civilization, like Atlantis, Maya, or Lemuria, and arrive possessing superior insights.

You think differently, coming up with unusual ideas and methods. As long as there is a measure of practicality about you, your unique solutions are often workable and they may be balls of energy, meeting with sudden success. Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

([57] astromatrix.org:) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you

can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

([210] [astromatrix.org](http://astromatrix.org);) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

4) ► **Descendant DC Conjunction  $\approx$  Vesta** - (6°01' S) ♅7 | ♅7

([621] [12andus.com](http://12andus.com);) You may feel torn between your obligations to work and your personal needs for self care or fulfillment.

You may feel like you have to choose between work you feel destined as your personal calling to fulfill and a particular image you're trying to convey. Though you may have to work hard to balance your spiritual calling and your sense of identity or image, when you do you'll be able to successfully balance these two aspects of your life.

You may become a more personal embodiment of your spiritual ideals and goals to be of service to others. You may focus so much on the details of your relationship or the needs of a partner that you neglect your own personal needs and ambitions.

It's important for you to balance your partner's needs or the needs of others with your own identity and sense of self-worth. When you do, you'll be able to fulfill your spiritual

mission.

([202] [astromatrix.org](http://astromatrix.org);) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

6) ► ***Imum-Coeli* IC *Conjunct* ♁ *Lilith*** - (10°19' S) 0010 | 0010

([113] [12andus.com](http://12andus.com);) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career.

You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

([571] 12andus.com:) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

([40] astromatrix.org:) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I

think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

13) ► **Jupiter** ♃ **Conjunct** ♁ **North-Node** - (3°55' S) ♎6 | ♌5

([66] [astromatrix.org](http://astromatrix.org);) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

optimistic.

You believe in the best in others and believe that if you appeal to the common decency and spiritual nature of those around you that you'll always succeed with your mission.

This is the attitude you use when creating strategies and advocating on behalf of others. You have a firm belief in the power of positive thinking and your optimism guides your warrior nature. Your utopian vision drives your plans and strategies and you aren't content to just serve your own ambitions. Instead you aim to uplift those around you as well.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Opportunities: 1. Conquering your fears & phobias 2. Finding ways to nurture your spirit

Challenges: 1. Overcoming your wild side 2. Maintaining your identity

The placement of Saturn conjunct Lilith in your birth chart reveals the themes of patriarchy, order, and structure in a dramatic manner. With this aspect, you must prepare well to deal with the threats of descending to the vortex of hidden fears, phobias, and insecurities. It also implies the decomposition of your karmic habits. Saturn conjunct Lilith is the lost dangerous karmic position that suggests awaiting brutality, cruelty and dark obsessions.

The association of Saturn with the Lilith at conjunct makes your karma heavy and compelling. If you utilize your soft skills to establish long-term profitable liaisons with

people, it can help you make Lilith work in your favour. Empower yourself to avoid falling into the trap of social non-conformity. Humans are unique, and no one can accurately predict their behaviour and actions.

Try to comprehend the underlying dynamics behind personalities to take advantage of the planetary alliance to steer growth and evolution. You have to tame your uncontrolled and intuitive side to lay a firm foundation that can support your life purposes in the long run. Being a sexually charged person, you might have difficulty adjusting to this aspect of your personality. But in the end, all these conflicts make you outshine among others and brings forward an incredibly passionate person.

In fact, you may prefer minimal physical affection in relationships. But you'll make your concern for others evident. You'll work diligently to make sure others have their basic needs met. It's not in your style to be opulent even when you love someone.

You prefer tough love to coddling but others know that even in your preference for order and discipline you ultimately act out of compassion for those you love.

You seek order and discipline. Structure and tradition make you feel secure and nurtured. You look to the past to feel fulfilled.

You think differently, coming up with unusual ideas and methods. As long as there is a measure of practicality about you, your unique solutions are often workable and they may be balls of energy, meeting with sudden success. There are many artists with this aspect who produce colorful work. There is often a love of color, especially combinations of colors-prints, paisleys, or patchworks. Artists such as writers, actors, comedians, and

singers are also known for the many and varied shades of work produced.

Major circumstances may have caused you to be an advocate of change and revolutionary inclinations. Your ideas are often too ahead of the times. However, these ideas are often not met well by the people in your life and you often feel that any progress you make is set back by societal values or things out of your control. Beware of a tendency to be fanatic or erratic in your persuasion, it will hinder you and hold you back. Focus on developing a more tolerant worldview and perhaps you'll get the change you're so hell-bent on contributing to. You don't have to be the extremist rebel just because you think no one else wants to play that part. Bursts of energy and bolts of revolutionary ideas that come out of seemingly nowhere are common with this placement.

26) ► **Vesta** ♀ **Conjunct** Er **Eros** - (8°45' A) ♀7 | ♀7

27) ► **Sun** ☉ **Opposition** ♄ **Neptune** - (3°41' S) ♄2 | ♀7

([147] [astromatrix.org](http://astromatrix.org);) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

28) ► **Sun** ☉ **Opposition** ♄ **Chiron** - (7°43' A) ♄2 | ♄8

([117] [astrotarot.net](http://astrotarot.net);) Typical features that this opposition brings: your sense of self may have been challenged by your emotions. There is a shame in your soul as a result of the Chiron. This may lead you to feel an unfathomable degree of loneliness. This is different from the loneliness associated with Neptune or Saturn. Natal Sun – Chiron aspects

loneliness is connected with particular configuration in the natal chart. Many astrologists say that it is similar to the loneliness of Jesus on the cross. In other words he knew he had to “pity” those who put him on the cross. In conclusion, you often feel cut off from the ordinary, imperfect crowd, as you could never be one of them. As you grow older, this gap between the head and the heart may seem easier to handle. You may develop a sophisticated understanding of relationship with your father, a homeland or your roots. You may be able to use this understanding in helping others come to terms with a similar sense of loneliness. Or you can use it to do a good work in the world without having an ego-centric necessity to be identified as the active agent behind such work. You are constantly meeting with criticism, rejection, or exclusion for your individuality. And this often causes you to hide or repress the most unique parts of yourself. You despise expectations. When others have any measure of control over you, you can become hostile or deeply troubled.

- Positive trades: You are very sensitive. Also, you are often very talented for music, writing, poetry.

- Negative trades: You are likely to experience some strange events or become involved in mysteries or scandals. You have a painful yearning for freedom but you are afraid of the the.

29) ► **Venus ♀ Opposition ☿ Pluto** - (7°32' S)    ♎4 | ♋9

([178] [astromatrix.org](http://astromatrix.org);) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...!.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your

intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

31) ► **Mars** ♂ **Opposition** ♄ **Saturn** - (3°20' A)    ♀4 | 0010

([183] [astromatrix.org](http://astromatrix.org);) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

32) ► **Mars** ♂ **Opposition** ♁ **Lilith** - (4°00' A)    ♀4 | 0010

([635] [astromatrix.org](http://astromatrix.org);) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Postively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

33) ► **Mars** ♂ **Opposition** Sp **Spirit** - (5°37' S) ♀4 | ♀10

34) ► **Jupiter** ♃ **Opposition** ♄ **Uranus** - (2°14' S) ♀6 | ♀12

([191] [astromatrix.org](http://astromatrix.org);) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

35) ► **Uranus** ⌘ **Opposition** ♀ **Pallas** - (2°35' A) ♃12 | ♎6

([583] 12andus.com:) You may be intuitive and creative, coming up with new strategies that blast through obstacles and challenge tradition.

Yet your attempts to follow through on your mission can be filled with obstacles. You may lack confidence in yourself or even work against your own ideals. You may also become too zealous or intense and then get burned out or bored easily.

You need to find ways to bring your individualistic and freedom loving nature into a campaign or mission, otherwise you may end up rebelling against the very cause you are trying to help. Your sense of purpose is future oriented and your mission may seem shocking to others. Sometimes your opinions are so far ahead of your time that you have to slow down to make your message palatable and that is not always your strong suit.

36) ► **Uranus** ⌘ **Opposition** \* **Juno** - (9°41' A) ♃12 | ♋5

([600] 12andus.com:) Your desire for independence and freedom runs counter to your desire for a serious committed relationship.

You may want to be married or in a serious partnership yet your erratic, individualistic nature undermines the stability of your potential relationships.

You can allow jealousy or insecurities to challenge your relationships. You may also have a fear of commitment, even when you're in love with your partner.

If you are able to find balance between your need for independence and freedom and your desire for commitment, you can have a successful partnerships or marriage. You may feel more comfortable with a partner who lives at a distance or who isn't threatened by your need for space.

You may otherwise try to make a solid commitment in a relationship only to then act erratically and disrupt the bond you have, or repeatedly disappear when you need space instead of trying to work things out.

If you can try to work through your fears and balance your need for independence with your obligations, you can make the relationship work.

37) ► **Ceres** ♀ **Opposition** ☌ **Fortune** - (8°31' S) ☾10 | ♄5

38) ► **Sun** ☉ **Sextile** ♀ **Venus** - (1°30' S) ☾2 | ♀4

[222] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([222] astrologyking.com:) Venus sextile Sun transit increases opportunities with love and money. You should be feeling more eager to show your love and affection for someone special. In social situations you can make a genuine effort to please and to share your warm feelings. You have especially good social skills, so making new friends is favored as people appreciate your friendly attitude and pleasantness.

39) ► **Sun** ☉ **Sextile** ♂ **Uranus** - (2°33' A) ☾2 | ♃12

([226] astromatrix.org:) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style. Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'. Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and

you have little tolerance for lies and deceits and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels or compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

40) ► **Moon** ☾ **Sextile** ♄ **Mercury** - (3°26' A)    ♅5 | ♃7

([232] [astromatrix.org](http://astromatrix.org);) The Charming Speaker

Opportunities: 1. Letting Your Curiosity Run Free 2. Embracing Your Intuitive Insights

Challenges: 1. Gaining Internal Balance 2. Making a Social Contribution

With the sextile, the Mercury qualities are often more emphasized, as this aspect is associated with the mind, information, understanding, and communication.

The lunar personality foundations are usually well established and not disruptive or unduly intrusive. You should be able to express your Moon's qualities in ways which also enhance Mercury qualities. Information and knowledge will be especially appealing; perhaps you will have an almost insatiable curiosity and need for wide and extensive intellectual exploration.

For you, the world is like an immense storehouse of fascinations, your mind lighting up with interest as every new one comes into view. You could become a 'perpetual student', loving to explore each topic to the greatest possible depth, and perhaps becoming expert in limited areas of knowledge. Alternatively, this could result in a dilettantish tendency, sampling many varieties of knowledge but rarely exploring deeply.

Both memory and comprehension are likely to be above average, thus creating a well-stocked intellect. What can emerge as a motivation is a need to be socially useful by contributing to your community. To achieve this, you hope to discover ways to transform thoughts and ideas into practical results. The sense of value and pleasure this gives

serves to encourage increasing your knowledge. The issue of right direction may arise in this context and you may decide to become involved with civic and social groups, pooling your assets and abilities with those of others to achieve group objectives.

Generally, you look at ideas as sources for practical action and possibly personal profit, as you possess an effective business and organizational ability which could also be successfully exploited. You can be an effective communicator, conveying ideas and presenting them in a clear and persuasive manner, being articulate and literate, entertaining and interesting. This can manifest in writing and lecturing, and can be beneficial in social communication, especially in activities which increase contact with groups. This can extend your influence and increase friendships; your personality is sufficiently flexible and tolerant to relate to many types of people.

You may possess a sensitivity to others' thoughts and feelings, almost like a psychic intuition, but which operates through a Moon affinity of sensitivity and emotional rapport. This can act as an 'early warning system', indicating when people or situations are less genuine than they appear, so trust these inner sensations and feelings whenever they arise. This sensitivity helps you to be tactful and diplomatic, whether in social contexts or within the family.

Others can recognize your thoughtful and caring nature and, provided that you do not become obsessive about manifesting your ideas, you should be able to co-operate and harmonize well with partners and family. Fortunately, your emotions rarely enter into direct conflict with your mind and ideas, but usually work with them in tandem, so that positive attitudes assist optimistic plans to become productive. This emotional and mental accord minimizes distracting inner conflicts and enables problem resolution to be achieved more smoothly.

Your Moon's emotional warmth and protective concern is an asset for family members and intimate relationships and domesticity will be well organized, founded on close and effective communication. Home is important, but wider social involvement will be equally so, as this is often the environment in which you intend to apply your ideas practically. Both emotions and mind are recognized as offering valid messages, but ensure that neither becomes imbalanced through overemphasis, as each performs an important role in different circumstances.

Intimate partnerships, marriage, or love affairs will involve a high level of mutual communication and sharing; enriching both participants' lives and contributing to achieving personal aims. You will be attracted to similarly intelligent and optimistic partners who are able to exploit innate talents, especially those who conceive ambitions and then strive to achieve them. A danger is that, if two people are chasing individual goals and dreams, then conflict may occur if their paths begin to diverge rather than run parallel.

41) ► **Moon** ☾ **Sextile** Er **Eros** - (1°30' S) ♄5 | ♃7

42) ► **Venus** ♀ **Sextile** ♃ **Jupiter** - (1°11' S) ♃4 | ♃6

([254] [astromatrix.org](http://astromatrix.org);) The Sympathetic Listener

With Venus Sextile your Natal Jupiter you expect trustworthiness and genuineness from anybody with whom you have more than an easy-going relationship. You have an easy smile, a warm and responsive sense of humor, and a rather easy-going manner when they're feeling comfortable. Although they are unlikely to seek out people to help, they're quite quick to lend a helping hand if the need arises. Travel, social exercises, music, workmanship, and theater are a portion of the numerous premiums that enhance you and give you joy. You appreciate these interests as an observer, as well as partake in them when you can. You expect to grow in their social and personal relationships. Stagnation makes little if any sense and your appreciation for the good things in life is evident but not excessive. For you, a love affair is an opportunity to grow, to learn, to change in a positive way. Even your relationships that have ended were a welcome learning experience for you. You understand that the more you love, the more love comes into your life; that's an important equation, and one that many people seem to miss out on. You can be lazy if you're not motivated enough and are a loyal person in love and friendship

You really want the good life with an agreeable environment, a sumptuously outfitted home, great companions, and a lot of social action. It is good to utilize your creative talents as much as possible even if it is not for your career, it can expand your personality and depth.

43) ► **Venus** ♀ **Sextile** ♀ **Pallas** - (1°32' S) ♃4 | ♃6

([579] [12andus.com](http://12andus.com);) Your desire to create beauty and harmony in favor of creating needed change is easily expressed.

Your inner warrior is triggered by strong sense of values and empathy for other people. You can easily put yourself in another's shoes. You are particularly sensitive to issues of financial insecurity and to the plight of people who are alienated or underprivileged.

You can express your strategies and ideas in creative ways, helping to win others over to your view. Your diplomatic and harmonious nature is easily conveyed.

44) ► **Jupiter** ♃ **Sextile** ♆ **Neptune** - (4°00' A) ♃6 | ♃7

([273] [astromatrix.org](http://astromatrix.org);) The Magician

The sextile includes several of the themes of the conjunction, but often develops and defines them more clearly within the individual, and so they are probably easier to deal with and apply in daily life.

In personal relationships, that tendency towards gullibility is still present, aided and

abetted by powerful sensitive feelings and emotions that encourage you to believe in the commitment of your partner who satisfies your needs and desires. Your evaluation of the status of your intimate relationships may be unrealistic, and there are bound to be times when your belief in the aptness of your choices is later seen to be merely self-deception; wherever your emotions are involved, they are the source for many illusions and much vulnerability. Standing beside you in the shadows of love is always the prospect of disappointment. Take more time to know someone, be more cautious and check with them how they feel about the relationships too; do not just assume that because you feel in love and happy, they feel the same. They may... but the rising divorce rate seems to indicate that the reverse is, regrettably, often the real situation.

The theme that is more defined in the sextile is that of optimism, imagination and idealism. The likelihood is that this will be more focused within your mind, and that your lifestyle will reflect this more clearly. In you, faith and trust become a more optimistic spirit looking towards future prospects and opportunities. The sphere of expansion is in that direction, and much attention is likely to be paid to contemporary social problems. This vision is probably radical in nature, and often veering to the 'New Age' perspective. You are alert and aware enough of social conditions, desires and needs, yet you also add a broader perspective to what is currently occurring and what needs to occur in order to build a brighter future.

You are capable of an analysis of modern social problems, seeing intrinsic dangers there, and can be articulate in raising these issues. You may become involved in groups that are public voices for such concerns, those minority pressure groups that perform such an essential public service in the Western world. The failings of established political, religious and social power blocs should be recognized, although you may choose to work within them as an influence for inner change.

You value individualism highly and see how others can be unconsciously swept along by powerful ideologies and socially acceptable ways of behaving. This can encourage you to make your own stand against any negative social ideologies that are currently powerful, even those emanating from governments and the churches. You may become a publicist for your ideas and those of affinity groups in an attempt to alert public attention to what is occurring.

Idealism will be vitally important to you, and you will feel quite passionate about those ideals. Yet what can let you down is the fact that you are essentially a theorist, in that activity is via a mental perspective, and the ability to ground your vision is often lacking in basic common sense and practicality. At worst, you may recognize social problems, acknowledging that you do have a social responsibility and then fail to take any action about it. Your innate altruistic and humanitarian nature can remain inhibited. If this is happening, and it is partly a symptom of an unintegrated Neptune which dissolves the will to act, then you may need to give yourself a shake. Certainly, social change does need visions and theories, but ultimately these have to be anchored on this level, and

that inevitably involves a transformation of their nature, often compromising the initial pristine vision. They never come through pure; and they often come through channels and areas of life that are surprising and unexpected.

There are 'thinkers and doers', and ideally the two need to work together, but even the thinkers can become more practical, even if thinking is their real task and not just an excuse for doing nothing. One simple step is to transfer money towards those who are 'doing' and support them in that way. Or you can evaluate your skills and resources; you should have an articulate imagination, which could be positively applied in the publicizing of vital issues, be inspirational, or express positive social ideals. These are possible channels for you to work along which will be beneficial to yourself and others and will avoid any tendency to retreat into isolated reactive theories, a private monastery of the mind.

We can all complain about aspects of life; but the issue is 'what are we doing about them?' We can all do something, and even if our contribution is apparently small and insignificant, collectively we can make a difference.

([307] astromatrix.org:) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

91) ► **Mars** ♂ **Trine** ♄ **Uranus** - (8°12' S) ♃4 | ♀12

([343] astromatrix.org:) The Leader Of The Pack

With the trine, the Mars and Uranus energies should be reconciled and capable of working well together. In several respects there is similarity with the sextile, although there will be less emphasis upon the level of mind as a dominating factor.

There will be a multiplicity of interests and fascinating areas of knowledge that will attract you; and you will demand that you have sufficient freedom to be able to explore them. Building upon the results of your studies and skills that you have developed, you will feel attracted towards ways of creativity which demonstrate your capacity for self-expression. Being creative is important to you; and once stimulated you may have the problem of choosing what idea to work with out of the many that appeal to you. Discipline can be necessary at such a point, once you decide to follow a creative project, so that you succeed in completing it, before diverting yourself into others.

Independence seems necessary for you; and that impatient, restless nature often makes you soon tire of any enclosing intimate relationships. You need a broader scope, with the stimulation of more people to offer more expansive horizons. Group involvements can help to satisfy such needs, as well as providing a focus for your energies.

Potentially, you can become a leader of such groups; but if you do so, you may find that your independence becomes constrained and the accompanying duties and responsibilities are onerous. Organizational routines and predictability would limit your freedom - which you would hate. A routine life and employment will not suit you. A greater degree of mobility and choice of activity can be aimed towards building a lifestyle that satisfies your needs, rather than frustrating them. Otherwise, those nervous tensions will grow, and can lead to psychosomatic illness.

If your creative spirit is released, and you enter into a less conventional life, you will find that more unorthodox relationships are appropriate and liberating. A traditional marriage may feel limiting, assuming that this tends to imply a traditional lifestyle as well. Under social pressures to conform, people often find that they are being forced to live in certain ways that are inimical to their natural needs and desires as evolving individuals.

Nonconformism is usually penalized and demands a strong personality to oppose these pressures and so create a life that is appropriate for them. Most societies favor a predictable 'grayness' of population, rather than welcoming a multi-colored richness that is harder to control.

**Mercury ☿ Square ♁ North-Node**

([412] [astromatrix.org](http://astromatrix.org);) Expanding Horizons

With Mercury square the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

*Because the Octile aspect seems to be a little like the Square aspect:*

**Mars ♂ Square ♁ North-Node**

([431] [astromatrix.org](http://astromatrix.org);) Learning Grace

With North Node square Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

([63] [astromatrix.org](http://astromatrix.org).) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of

challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

([585] 12andus.com:) You can be intense and though you know how to be diplomatic, you aren't afraid to make your authoritative nature known to others.

You have an obsessive mind and once a strategy comes to you, you'll narrow your focus and put all your power into succeeding. You can be flexible but only after you've exhausted all your influence and intellectual skills trying to have things your way.

Rather than compromising, you would prefer to convince others that your way is right. You expect others to naturally fall in line with your thinking and often they do. You can be a passionate speaker and make a compelling argument to others.

Your style of planning and persuasive communication can inspire others to follow you. You may develop a reputation as being a powerful mentor who helps others embrace deeper transformation. You can also find ways to get right to the heart of the matter and express urgency and passion so that others don't second guess your ideas.

You don't have to be loud to show you are an authority on a particular subject matter. In fact you can command attention even by lowering your voice or saying few words.

([161] astromatrix.org:) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of

the old and traditional will always be strong, and you will very much want to have a family of your own.

([147] [astromatrix.org](http://astromatrix.org).) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

([181] [astromatrix.org](http://astromatrix.org).) Artistic Talents

With Venus Opposition North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

Your intentions may be to settle down and make a relationship work and yet your love of flirting and being admired can lead to problems in your commitments if you stray from your partner.

You may also be so in love with the idea of being in love that you attract partners who are toxic, unavailable or who simply aren't looking for the same things you are looking for. You may have to work hard to see through the illusions in romance.

You want to give everyone the benefit of the doubt but you aren't always as protective of your feelings and vulnerability as you should be.

You may learn through difficult conflicts and harsh lessons who is really worth your commitment and devotion and who is not.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 2° **Libra** 13' and in the **5th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 18° **Pisces** 9' and in the **10th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.  
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 11° **Sagittarius** 5' and in the **7th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 26° **Leo** 59' and in the **3rd** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 10° **Sagittarius** 22' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 5° **Virgo** 14' and in the **4th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 5° **Gemini** 33' and in the **1st** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 9° **Aquarius** 10' and in the **9th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 8° **Sagittarius** 47' and in the **7th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

### **Lots related to family:**

The **Lot of the Father** is in 9° **Pisces** 13' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 0° **Leo** 43' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 11° **Aquarius** 23' and in the **9th** house.

The **Lot of Children** is in 8° **Scorpio** 59' and in the **6th** house.

The **Lot of Daughters** is in 26° **Aries** 20' and in the **11th** house.

The **Lot of Sons** is in 5° **Leo** 21' and in the **3rd** house.

The **Lot of Marriage for Woman** is in 7° **Capricorn** 48' and in the **8th** house.

The **Lot of Marriage for Men** is in 12° **Sagittarius** 34' and in the **7th** house.

The **Lot of Deceit in Marriage by Woman** is in 28° **Taurus** 54' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 26° **Leo** 38' and in the **3rd** house.

The **Lot of Marriage (in general)** is in 26° **Aries** 20' and in the **11th** house.

**Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 28° **Virgo** 42' and in the **4th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 16° **Sagittarius** 11' and in the **7th** house.

The **Lot of Treachery** is in 5° **Virgo** 59' and in the **4th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 21° **Sagittarius** 54' and in the **7th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 18° **Capricorn** 8' and in the **8th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Leo***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

### ***Pholus in 3rd house***

([12andus.com](https://12andus.com/);) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Gemini***

(12andus.com:) You may become obsessed with communication and visual fantasies.

Yet the actual relationship with a real flesh and blood person is less exciting. Your ability to envision and idealize a partner is very much an important part of your sexual attraction.

Even when you're satisfied in a personal relationship, you'll become obsessed with the idea of maintaining connection and conversation that excites you sexually. You will look to images or superficial connections online to satisfy your sexual desires.

This can include watching or looking at pornography and activating your imagination. You may also love it when a partner talks about sex and describes their sexual fantasies. You may be less turned on by the actual sex act than by the discussion of sex.

You may be attracted to settings where you can have a fantasy sexual relationship such as online dating or online role playing communities.

#### ***Eros in 1st house***

(12andus.com:) You may feel like you become infatuated with everyone you meet.

Love at first sight seems very real to you, though often it is lust. Your instincts and impulses lead you to feel aroused in relationships, often in the earliest stages of an encounter.

When it comes to exploring sexuality, you may be turned on by expressing your desires in athletic or obvious ways. You will blatantly chase your love interest.

You may also have an aggressive or controlling side when it comes to sex. You radiate

passion and sexuality and may have a fun and playful side that emerges in the bedroom.

You can be turned on by competition or even confrontation and may pick fights just for the sake of arousal from the attention others show you. You may find it easy to jump into sexual relationships and are often careless when it comes to this kind of relationship.

You may find it difficult to see past your own immediate needs at first. Yet when you tap into your intuition and accept the dramatic and intense changes that are underway because of major milestones, you'll be able to find the insight and motivation to turn catastrophic events into opportunities to advance and create needed changes.

5) ► 6° Leo 42' **Pholus** ✍ **Square** ♀ **Pallas** 1° Scorpio 45' - (4°57')

- (12andus.com:) You easily express erotic energy and sexuality even in your physical appearance.

You may act or openly speak in very sexual ways and it is not hard for you to express your sensuality quite openly. Without much effort, you can openly convey your confidence in yourself and in your sexual nature.

You may be quite open and transparent about your sexual fantasies. You don't keep anything a secret, even if it is considered taboo by others.

Instead you convey your desires freely and can easily attract intimate partners who respond to your appearance or body language.

- 16) ► 20° Gemini 57' **Eros** ✎ **Opposition** ♀ **Mercury** 12° Sagittarius 18' - (8°39')
- (12andus.com:) Your strong sexual drive and fantasies are hard for you to express.

You may think you need to suppress or hide your desires or fantasies because you don't know how to put your fantasies into words. You have an instinctive sense of what arouses you and can't always express your needs or desires to your partner.

If you take the time to explore different forms of communication, even role modeling through your actions, you can better connect with your sexual partner and express your fantasies and desires.

- 17) ► 20° Gemini 57' **Eros** ✎ **Opposition** ♆ **Neptune** 28° Sagittarius 6' - (7°09')
- (12andus.com:) Your fantasies and desires can get in the way of you seeing an erotic

relationship for what it is.

You have deep desires and rich sexual fantasies, yet you also can take an escapist approach to eroticism and sexuality. Erotic love can be like a drug for you and so you may try to suppress your deeper desires at first.

When you do allow yourself to feel the full spectrum of emotions and sensations that you can feel when you're attracted to a partner, you may run the risk of becoming absorbed and completely lose yourself in lust and fantasies.

You understand this risk and so you may try to minimize your emotions and act like you don't have the high degree of sensitivity you actually have. You may have to work hard to embrace your passions and emotion.

When you embrace this part of your nature, you'll be better able to enjoy sensuality and emotional connection as part of your erotic encounters.

18) ► 20° Gemini 57' **Eros** ✂ **Opposition** ♋ **Vesta** 19° Sagittarius 7' - (1°50')  
(12andus.com:) You may feel torn between your desire for erotic exploration and your sense of duty.

You can feel compelled to be of service to others or feel called on a spiritual quest. This may lead you to feel you need to sacrifice your sexual desires and minimize your erotic nature. You may have been led to believe that having erotic fantasies is impure or immoral and so you may try to stifle your sexuality in favor of pursuit of your passions.

You may feel as if you have to remain pure or sacrifice some aspect of your desires and fantasies or you may have been taught at a young age to disconnect from your erotic desires and focus instead on spiritual matters.

When you have completed your quest or calling to be of service or when you come to understand that passions and erotic energy can also fuel your spiritual mission, you may be better able to balance your erotic desires and spiritual desire for transcendence and purity.

19) ► 20° Gemini 57' **Eros** ✂ **Square** ♐ **Saturn** 15° Pisces 52' - (5°05')  
(12andus.com:) You may find it challenging to explore your sexual interests.

You may have a grounded and practical approach to sex or eroticism and this can lead you to feel tense or frustrated when it comes to expressing your sexual desires.

You may have to work through limiting beliefs or moral judgments from past generations in order to open up and validate your sexual interests. You may also have fetishes or desires that actually involve abstinence, restriction, suffering or limitations.

If you are able to challenge yourself to see past the limited view of sex or eroticism you have inherited from other generations, you may be better able to embrace your sexual desires and express erotic love.

20) ► 20° Gemini 57' **Eros** ✂ **Square** MC **Midheaven** 18° Virgo 51' - (2°06')  
(12andus.com:) You may find it challenging to express your erotic desires because you feel the need to protect your status.

Your career path can require you to stifle your sexual nature or you may even create a scandal or friction if you are too open about your eroticism or sexuality. This tension can lead you to hide or obscure your sexual nature in order to focus on conveying a public image that aligns more easily with your career path.

You may have to adjust some aspects of your beliefs or ideas about sexuality and eroticism so that you can embrace your sexual nature without endangering your career path.

22) ► 20° Gemini 57' **Eros** ✂ **Square** ♀ **Ceres** 23° Pisces 42' - (2°45')  
(12andus.com:) You may have to make adjustments or changes to your beliefs from family or early childhood so that you can open up to your erotic desires.

A parent or early caregiver may have had strong beliefs that still have a stifling influence on your attitude toward sexual pleasure. You may feel hindered from showing your erotic desires because of attitudes about practicality in relationships, feeling the need to be securely in a marriage before enjoying a sexual connection, for example.

Yet you may eventually enjoy a more fulfilling sex life if you are able to adjust your ideas and opinions regarding sexual relationships and erotic pleasure.

23) ► 20° Gemini 57' **Eros** ✂ **Trine** ♄ **Pluto** 25° Aquarius 45' - (4°48')  
(12andus.com:) You can easily express your intense power and autonomy even in intimate relationships.

Your erotic nature can compel you to become almost obsessed with the connection you feel to your sexual partner. Your focus, intensity and charismatic energy are a big part of your attraction power.

Your ideals and fantasies may have to do with being in control or being in charge, but you can channel your sometimes dominating energy into passion and excitement that benefits both you and your partner.

24) ► 20° Gemini 57' **Eros** ✍ **Trine** ♋ **North-Node** 28° Libra 11' - (7°14')  
(12andus.com:) You may easily express your erotic nature and find great harmony in your sexual relationships.

You have no problem exploring your desires and fantasies and in doing so, you may find a deeper connection with your intimate partner. You may feel like you are destined to meet key people who help you understand yourself and your unique gifts but who also help you accept and embrace your erotic desires and fantasies.

You easily attract the ideal partner you need to fulfill your personal mission and explore your deeper fantasies.

25) ► 20° Gemini 57' **Eros** ✍ **Trine** ♄ **Juno** 24° Libra 39' - (3°42')  
(12andus.com:) You may find it easy to feel the commitment and security of your intimate relationships and as a result can easily express your erotic side.

Yet you aren't one to look for a casual fling or noncommittal relationship. To you, erotic connection and sexuality is more enhanced by the commitment that is the foundation of your relationship. You can also easily attract influential and powerful partners.

You are aroused by the prospects of marriage, stability, status and commitment and your fantasies may include successful and powerful people.

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Taurus (Rx)**

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

### **Eris in 12th house**

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

Emotional control is the ally for this native. Letting emotional hatred go out of control will set up a vicious cycle of karmic debts that never benefit anyone.

Forgiveness is a fantastic asset. These natives must master breath control, meditation and some form of social service, at least mentally.

### **Pandora | Foolish choices & Toxic curiosity**

### **Pandora in Cancer**

(astronomicallyaligned.tumblr.com:) A woman has lost her husband. She is filled with grief and sorrow. As she's singing her lonely melodies, luring you to look inside and let her out, the waves crash against the beach. Shells are being crushed into dust. Into the sand covering the beach. If you let yourself be lured by her enchanting tunes, sadness and tears will turn into oceans and rivers, covering the entire earth. She wants them all to feel her sorrow. Her pain. To understand her, so she won't feel lonely anymore. Use that melancholy and melody as a beautiful narrative in life's gray path. Color the flowers.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

## Nessus in Aquarius (Rx)

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

### ***Nessus in 9th house***

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable,

even what 'should not' be known. Arachne may connect to the concept of playing God.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

(alexasteroidastrology.com:) Healing mental or physical ills, attraction towards alternate healing methods.

(astroalive.com:) Asclepius can also represent where we are driven to “survive” so also where we may be “unhealthy” in some sense. It may point to both problems with our personal health, but also in what areas of life we are determined to continue on despite all odds.

## Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting, being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or "herculean" infighting at all costs,

being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crow for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking ones responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure fore not getting harassed by others, (sexual) skeletons in the closet.

## **Gonggong**

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

## Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

### *Melete in Aries*

(hillarysss.tumblr.com:) Melete in 1st house: Thinking about your physical appearance & yourself makes you extremely anxious. You can be extremely anxious when it comes to how other people perceive you. Always thinking oh how was my first impression on them? May be a sign of body dysmorphia. People may have commented negatively about yourself. It's important not to listen to them.

### *Melete in 11th house*

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops

you from making friends. Technology could've been something that really brings you sadness. ( Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be

unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

### ***Panacea***

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of

maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different

names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

### ***Sisyphus***

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same increment, they will be alphabetical too each other, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] The fixed star Unuk (aka "Snake Heart"). This cunning fixed star seeks release in the seductive, unconscious and instinctive sexual/aggressive forces deep within us.

But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.

Once this has taken hold, it is very difficult to turn things around. Unuk asks us to stop and contemplate our moves. Making sure we do know where we are going. Where our thoughts and actions are leading us.

Trust issues with the self and others are prominent along with a passive aggressive nature. Susceptibility to very low bouts of depression, nervous tension and anxiety. If not reigned in this can cause lots of damage to your social and business life. Look into the problems causing such irritability and go about changing those tensions with more pleasurable ones.

Even though the shadow side of the Vindamaiatrix star is truly negative in essence. It acts like, the death card in the tarot. Where one door closes another is sure to open. The divine cycle of death and birth. This is challenging energy with plenty of spiritual tests thrown in. Use this time to better oneself as a person of the earth. Noble and kind. On the bright side, however, while this potent energy arouses the need to take steps forward, if the seeds have already been sown in good soil, then great success can

follow. It all depends on the seeds and the soil...
