The Free Spirit

The key word for your Life Path is freedom.

In the pursuit of freedom, you are naturally versatile, adventurous, and advanced in your thinking.

You are a good communicator, and you know how to motivate people around you.

This may be your strongest and most valuable trait. Because of this skill, and your amazing wit, you are a truly natural born salesman.

You are not very good at staying with everyday tasks that must be finished on time. On the average, the number 5 personality is rather happy-go-lucky; living for today, and not worrying too much about tomorrow.

It is also important for you to find a job that provides thought-provoking tasks rather than routine and redundant responsibilities.

In romance, you hate to be tied down and restricted. This doesn't necessarily mean that you are unfaithful or promiscuous, but it does mean that a good partner for you needs to understand your nature.

If you are living on the negative side of the Life Path 5, you are apt to be multitalented, but suffering from some lack of direction, and there is confusion surrounding your ambition. Restless, discontent, and impulsive, you may bounce from one job to the next without accomplishing much at all.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want. Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine. As clever as you are, you may have a tendency to make the same mistakes over and over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 0

([660] numerology.center:) Number 0 means that you are a person, who generally takes the right and good decisions. As a rule you are confident and choose the right way to make steps towards your success. You accomplish your dreams without difficulties. It gives you feelings of harmony inside. Combination Life Path/Expression Number 0 is very fortunate. People with such combination make great progress in life.

Heart's Desire (Soul Urge) Number: 8

([659] numerologycalculator.online:) People with the 8 heart's desire thrive on attaining power and wealth. They are very ambitious, goal oriented and competitive and thrive on challenge.

Your desire is to achieve what you have built up in your mind to be the pinnacle of success. You hunger – even lust – for things like power, wealth and material possessions. The only problem is that in your pursuit of these things you have a tendency to lack attention to pertinent details.

You will find yourself on a constant learning curve as you attempt to harness the aspects and characteristics present in all your core numbers.

There is no single part of you that will achieve the success you desire. Every facet of your personality and intellect will need to be employed if you are to achieve your goals. Many of your abilities will be sharpened and refined along the way. You will find that this personal evolution makes you an ever-increasingly good judge of other people's character and this trait is one that you must constantly strive to improve and develop.

Personality Number: 6

([659] numerologycalculator.online:) The six personality is someone who loves to help others and who will give of him/herself tirelessly when needed.

They love to see others reach their personal best.

Six people are typically peace makers and try to avoid conflict. They can fit in well with a variety of people and are very easy going and agreeable.

People like persons with 6 of their Personality Number, as they are always ready to give an advice or counsel and can offer assistance. They radiate a protective and sympathetic concern of others' life and well-being.

They also make an impression of confident people whom you can trust. They like to help and have an understanding and helpful demeanor.

Heart's Desire - Personality Bridge Number: 2

([660] numerology.center:) You have the ability to influence people. You don't use this aptitude with your private aims. Maybe you even don't know about this ability, but very

often people do what you want. However, in spite of this fact, you have to be more attentive to the needs of others. Good warm relationships will be long-lasting if you understand the expectations of people, who are important to you, and if you don't ignore them. Sometimes it is necessary to put the focus on the wants and needs of others. It will help to build natural harmonious relationships.

Patience is important for your job as well as for your relationships. Don't try to make things too quickly. In some cases it is necessary to calm down and wait a little bit.

Quiescent Self Number: 6

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 6 are likely to imagine the devotion of their family — not only for the beautiful and harmonious home they have create for them, but also for the responsibility they assume for their family's welfare.

The energy represented by the number 6 resonates with family, home, and nurture. Also with healing, responsibility, harmony, and idealism.

It is common for visualizations to lean toward pleasant and pleasing environments. There may be flowers in the garden. Pleasant music may be heard.

There's a tendency for a person with this quiescent-self number to visualize and experience the pleasure of visitors in their home — friends or strangers — who agree with their view of an ideal world.

Maturity Number: 1 = 5 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to be independent and stand on your own two feet. You're being called upon to take initiative, to be a leader, and to take creative risks toward achievement in any realm you feel passionate about.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to independence coming to center stage. Situations will arise highlighting your sense of dependence or independence, your ability to connect and relate with others, and whether or not you behave in a dominating and controlling manner.

What that might look like:

- A strong need to break free of dependent situations.

- Evaluation of self-centered behaviors.
- Financial situation may change dramatically – through divorce, illness, or other transitions.

Karmic Debt Number: 19/1

([663] mattbeech.com:) Those who are tied to this path were possibly quite selfish in their previous lives, and the debt being carried over is related to the damage caused by their selfish attitude.

If you're finding yourself being drawn to this number by either your life path or personality number, it is important that you remember that the lesson for you here is to **focus less on yourself** and more on the world around you.

The message is clear that you need to broaden your inner world and let the greater world in. This helps reduce your superficial tendencies and allows you to build more meaningful relationships with the people around you.

(astrobasic.com:) This Karmic Debt number will teach you to learn independence. Due to this Karmic Debt number, you will be forced to stand for yourself, and you may feel alone.

The recommended solution is to start to give respect to all human beings. The more you connect with another soul the less loneliness you will feel.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 5

([664] worldnumerology.com:) A missing 5 advises you to be adventurous, to overcome your fear of change and uncertainty. Take every opportunity to welcome new experiences and move past your apprehension. Broaden your vision, be social, do something unexpected (in a healthy way).

Life will create opportunities that require you to adapt to new circumstances. Try not to be too timid or repetitive when deciding what to do next.

Overcome your tendency to be rigid and inflexible. Your lesson in life is to learn to have faith. Overcoming the challenges posed by your missing 5 will allow you to flow with life, to adapt to change, and to grow.

The effects of this Karmic Lesson are diminished if you have at least one 5 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

First Pinnacle Cycle: 6

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance.

Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 1 Number 6: First Pinnacle: As a younger person in the midst of a 6 Pinnacle, you're likely to find yourself knee-deep in duty and responsibility related to home and family. This may be because of the pressures you experience in your family with parents and siblings, or you may find yourself entering into premature marriage at an early age. Often this energy causes you to experience controlling circumstances from a parent or another authority figure.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Second Pinnacle Cycle: 9

(Year + Day) - from age 32 to 40 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by

emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 2 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Third Pinnacle Cycle: 6

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665]
feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your

Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Fourth Pinnacle Cycle: 4

(Month + Year) - from age 50 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 4 Number 4: Stage Four: A Fourth Life Stage imbued with the 4 energy will most likely not allow you to slow down or retire in the way you might desire or expect. 4 isn't a leisurely vibration, so it doesn't even recognize the notion of "retire" or "slow down." The important factor here is to do the work and feel good about the sense of accomplishment. There is a possibility that economic conditions will control your ability to slow down or retire.

The 4 Pinnacle teaches you that your effort is what counts. The upside: If you take this energy seriously and build a strong foundation, you'll reap the benefits for the rest of your life.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

First Period Cycle: 5

(Month) from age 0 to 31 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 1

(Day) from age 32 to 58 (based on LPN)

([666] worldnumerology.com:) The middle years of your life (approximately ages 30 to 60) find you on an intense path of personal growth. You are required to adapt frequently to the many ups and downs in your life.

When 1 rules the second Period Cycle it focuses on self-empowerment.

To facilitate this, situations occur that force you to dig deep to find the courage required to face your challenges. You have love and support, but circumstances will often demand that you rely heavily on your own strengths.

Fortunately, throughout this approximately thirty-year period, you often have confirmation that your gut feelings are correct and feel you are moving in the right direction.

You will likely find yourself in a leadership position, strengthening your self-confidence even more.

Third Period Cycle: 8

(Year) from age 59 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal

power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 4

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes

- Being prone to panic attacks when feeling overwhelmed

Second Challenge Number: 7

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) The 7 competes with the 4 energy in terms of the seriousness associated with its vibration. While the 7 demands inner exploration, the chances of feeling alone and isolated are common. Contemplating the intricacies of life and spirituality isn't mastered in a weekend seminar. Nor is it mastered in a lifetime. Yet that's the task you're being called to focus upon. Often there is a big "test" or some serious repression or avoidance during a Pinnacle that has a 7 Challenge.

Remember: The key lesson for a 7 Challenge is to understand that all your experiences—especially those that occur during this particular Life Stage—are fuel for your growth. Develop trust in yourself. All that you experience during this period of life is meant to hone your powers of analysis and observation, intuition, and spirituality. You'll be asked to trust your analytic mind and your highly developed intuition.

During a period with a 7 Challenge you'll be faced with difficulties brought on by your discomfort with your own inner thoughts and feelings. This could feel like detachment from people and situations or like tumultuous unexpressed and unresolved emotions. You might feel exasperated and helpless, as though you're a hapless victim of life who is unable to change or improve his or her situation or circumstances. There's also a strong tendency to chronically complain and criticize while offering no solutions to your perceived problems.

More challenging aspects of the 7 vibration might lead you to express everything you say or write in a negative manner. You may feel the impulse to avoid your feelings by putting up a wall of pride and aloofness. This is your opportunity to develop faith in your own abilities rather than to rely on the opinions of others or dwell on your limitations. The trick is to get out of your head and into your self. This is a time devoted to truly, madly, and deeply uncovering the real and authentic you.

Potential Destructive Aspects of the 7 Challenge

- Withdrawing through drugs, alcohol, sex, or spending your life online
- Either isolating yourself totally from the world or being unable to spend any time alone
- Avoiding work by being scattered, unfocused, and overly emotional
- Avoiding your own life by immersing yourself in someone else's (for example, the life of a family member, business partner, or friend)
- Becoming overly focused on money and material objects
- Health-related issues like addiction and depression.

Third (Main) Challenge Number: 3

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Fourth Challenge Number: 3

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 3 (19 + 05) + (2+0+2+2)

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): S

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with the idea of personal independence — accompanied with ambition, charisma, and charm.

([671] spiritwalk.org:) You attract people with your sense of style and wit. You are a loyal and emotional person, though often you tend to exaggerate things and think too much.

Try to be reasonable and don't let your emotions determine your life, give a leading role to your intelligence.

([672] numerologist.com:) Cornerstone: People are willing to work with you because you are so charming and often handsome or beautiful as well. However you have an impulsive nature and scattered nature that makes it hard for you to get anything off the ground.

([673] numerologyzen.com:) Letter S. This letter is spontaneous, flexible as well as superior, knowledgeable and sometimes wise. It corresponds to sentiments, emotions and mobility. Graphically, S is unstable on its base while being very open towards the inner world and the past on the left side (S has a good memory) and towards others, the outside world (opening on the right hand side). The emotional intermediate zone is

characterized by a slope which makes S a bit elusive in this area. Emotive, S wavers and can live these sentiments and emotions like waves on the incoming and outgoing tides, waves that can overwhelm [him,her]. That's why S must learn not to expose [him,her]self too much or expect too much from others because [he,she] could easily be disappointed and hurt. However, S, the 19th letter, also knows how to recover and shine (the sun after the emotive storm). S will regularly be transformed and improve. S has all the qualities of independence, autonomy, will power, commandment and warmth, which will allow [him,her] to have a position where [he,she] can shine and be recognized by everyone. S incarnates a raised ideal and knows how to give a creative dynamism. S likes to progress. Although ambitious, S stays preoccupied by the impact of [his,her] actions and behavior on others. Looking for the fair balance between taking others into account and caring of [him,her]self, S is a wave who can pass from highs to lows. S will sometimes need to express [his,her] independence and individuality in an abrupt fashion, then, after the revolt, will let [him,her]self be invaded by emotions and sentiments and will no longer exist for [him,her]self. S's faculties of analyzing situations clearly and objectively are then handicapped by [his,her] affective reactions. These changed of attitude can give [him,her] a bizarre behavior pattern. In fact, S has the mind of a chief, but will show a certain reserve or guilt in using it. S must develop [his,her] originality in order to channel this sensitivity and imagination which is too full. S could steer [him,her]self towards fashion or stylism, generally possessing this type of talent. On the other hand, S has a sense of business and finance (intuitive), which is linked to [his,her] sense of helping others out. In fact S is an ideal candidate for a high responsibility position.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

[674] [671] [675] ([674] affinitynumerology.com;) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.

([671] spiritwalk.org;) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([675] numerologist.com;) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You

have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): H

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "H" tends to conclude projects in an organized and methodical manner — step by step until done.

([671] spiritwalk.org:) Money loves you, but you tend to spend in no time. Everything seems to be alright with your life in the financial sense. You appreciate loneliness, as you often need to be alone and to think everything over. You need to become more confident in yourself and your strength.

([672] numerologist.com:) Capstone: You often sabotage yourself because you think that you can accommodate losses when you can't. You are only successful half the time because you rely a lot on chance instead of the facts.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

0 on the Physical Plane

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual

interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

4 on the Mental Plane

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the "tyrant – victim" scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 7 line «1-2-3»
11	–	–	Moneymaking: 3 line «4-5-6»
character, will	health, beauty	luck	Talent: 2 line «7-8-9»
			Tenacity: 2 line «1-4-7»

vital energy	logic, intuition	sense of duty	Stability: 5 line «3-6-9»
			Spirituality: 7 diagonal «1-5-9»
			Temperament: 6 diagonal «3-5-7»
333	–	99	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Spade. This emblem is symbolic of the matriarch – the faithful and protective guardian, drawn toward remedying those in need.

In its ultimate state of being, the personality of the Eight of Diamond administers its creative talent to enhance the world. A gentle, inner strength empowers others to shine light where there is darkness and beautify what is otherwise ugly in the world.

During their early years (age 1-13yrs) karma dictates the 8 of Diamond learn important lessons from an impatient, transient father or father figure. These early experiences and impressions encourage the personality of the 8 of Diamond to take on responsibility at an early age.

Eight of Diamond are independent and hard-working. They are able to penetrate through any perceived barrier to acquire the knowledge they seek. They lack patience with stupidity but are otherwise very patient.

Theirs is a gentle energy, enveloped in an aggressive desire to express themselves and create a better life. They appreciate beauty and strive to enhance it. They are the Sun Card, and like the sun, can help others grow and overcome limitations.

The inner nature of the 8 of Diamond is to nurture and protect, to love and be loved.

They are trustworthy, but the personality deals with a deep mistrust of intimate relationships, at odds with the qualities of their soul.

Cosmic Reward Card: Ten of Clubs (metasymbology.com:)

CLUBS: Communicate - Discern

TEN: Accumulate - Amplify

CHALLENGE: Irresponsibility

Air-Swords - Celestial Object: Moon

CLUB: The Club personality illuminates the cerebral attributes of Spirit. The nature of the Club is to discern and disseminate knowledge. The personality of the Club attracts ample opportunities for the soul to experience the workings of the mind and the processing of information.

TEN: The value of "10" is illumination. It is an all-encompassing vibration, resonating superiority and accomplishment. The personality of the 10 is attracted to experiences that broaden their horizons. They like to accumulate (knowledge) and will use whatever resources to their full advantage.

JOURNEY OF THE SOUL: Their Soul Card is the Jack of Spade. This emblem is symbolic of cunning and determination. As the Jack, it is also young; the neophyte (Greek for "newly planted") eager to fast-track their journey in life.

In their most successful state of being, the personality of the Ten of Club is a successful communicator who inspires others to provide the services and work required to achieve considerable success.

Ten of Club is symbolic of mental illumination. Those born on a 10♣ day are innovative and have a creative mindset. Their greatest success lies within the mental realm of ideas and communicating those ideas to others on a large scale. We also consider the Ten of Club as the Moon Card; known to astrologers as the emotional, intuitive mind.

Ten of Club people are often suspicious and demand loyalty from friends and family. We know them as task-masters within the family, and even they feel they are deserving of that title. They are also afraid of being judged and are insecure on a deep level. All 10 of Club like to work, and for those instilled with a moral sense of values early in life, their personal achievements are tremendous.

Those born on a 10 of Club day learn the power of money at a very early age. They also have a knack for investing in things that bring speedy returns. Their greatest gift, however, is bringing people together to achieve their own success in industries that provide service to others.

Cosmic Moon Card: King of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual)

path.

Spades: Wisdom - Labor - Acceptance
King of Spades Meaning: The Highest Initiate
Karma for the King of Spade - Self Distrust
Earth-Pentacles - Celestial Object: Earth

"If you were born on the first day of the year, the top card in the deck, the King of Spades is your personal symbol. It represents the ultimate in spiritual energy and wisdom. Perhaps recognition of this tremendous potential, and directing these forces into some constructive expression will be the greatest challenge of all. This is not likely to be helped by the fact that this power, spectacular as it can be, is apt to be of such a subtle, spiritual nature, that you may not even recognize it, or feel sufficiently motivated to develop it.

Be it in some profound, noble role, or in some far less conspicuous expression of service, your true place is to be found in an expression of leadership. Quandaries as to what you want to do may leave you in a mire of mediocrity, drowning your frustrations in anything that will dull your awareness of your failures. Rise to the challenge, and you may bring inspired leadership as a teacher, counselor, healer, statesman or parent. Accept the opportunity spelled out symbolically in your card, and apply the essence of mastery, or personal discipline which it encompasses, and there should be no limit to what you can accomplish." – Arne Lein

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Stability (4) Manik

West (Blue) glyph: Challenge / Strengthen

Day Sign: Deer

/ Manik (Yucatan) / Kej (Kiche)

The Manik type is peaceful, generous, cooperative, artistic and inspiring. While they are generally placid people, they can also be very bold in speaking up for what they feel to be right.

They can be mentally powerful and, as one would expect, are not easily convinced or swayed from their intellectual positions. Manik people need companionship.

For these natives, community and family are of great importance, but so is their freedom to follow their nomadic instincts.

Manik is a sign of participation in the community. Those born under it are often deeply involved with family traditions, and in some cases, socio-political traditions. Family or community based completely on these elements.

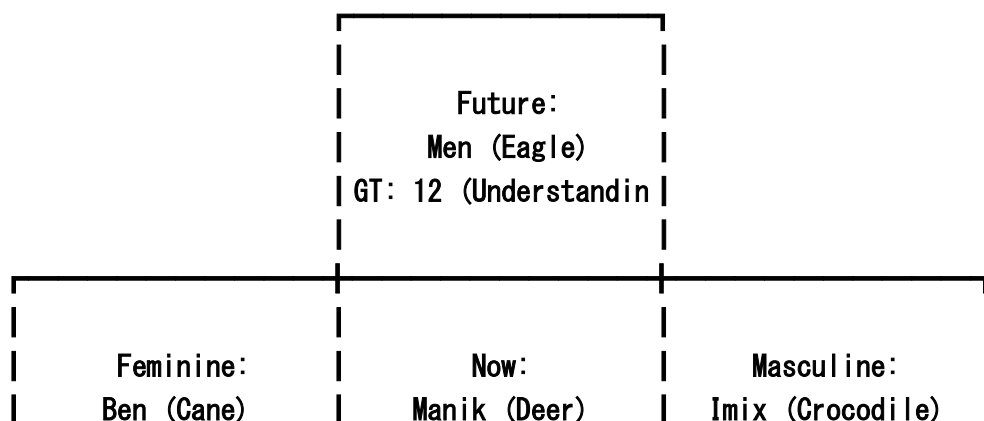

Manik types are also very sensual, artistic, and even eccentric. Their aesthetic sense is usually highly developed, and they often dabble in one or other of the arts. Those born on this day-sign are very sensual and sexually inclined, yet are also quite intuitive and very sensitive to the needs and concerns of other beings.

Challenge:

To be free, independent and secure in relationships.

Solution:

To accept and be comfortable with their own individuality, no matter what strange characteristics it may entail.

usually right. But these abilities, like all facets of the Manik power, must be used with care.

Galactic Tone: 4

4 is the Tone of stability, balance, and harmony. Think of the four sacred directions in Mesoamerican spirituality, or the four elements in astrology, yoga. You bring stability and endurance to human life just like a table standing strongly on its four legs, or a car going on its four wheels. There is healing found in stability. If someone is sick, the healing will take much longer time, if they keep moving around.

You have the power to become a good healer and use your abilities to heal yourself and others.

Trecena Sign: Seed

/ Lizard / Kan (Yucatan) / K'at (Kiche)

Beneath the 1-Kan surface personality are found strong needs for recognition.

The reactive self is creatively alive and seeks outlets for this energy, sometimes in the sexual arena.

Kan people are often leaders at an early age.

Others admire them for their confidence and willingness to take a stand.

Night Lord: 2

These types are dedicated to their work regardless of whether they are employees, run their own business, do volunteer work, or merely do work around their own homes.

G2's sense of responsibility is quite high. Others may perceive them as obsessive and compulsive and inclined to do more than needs to be done.

G2 people are hard workers, stubborn and often quite thorough about attending to details.

Personal sacrifice comes naturally to them and one of their most basic reactions in any situation is to stand aside for others who assert themselves.

G2's are ambivalent about being the boss, and they manoeuvre themselves into jobs or situations where they can take orders from above. Most people see them as polite, accommodating, considerate and respectful. An important life lesson for G2 types lies in making their personal sacrifices meaningful.

Another lesson comes from learning to focus their tremendous capacity for giving. Their dark side lies in excessive self denial.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Venus conjunct the Sun.

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: Ox

(psychicscience.org)

Year: Cohort "Sea Ox"

Heavenly Stem Yin Wood (Freshness)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 2nd position on the Chinese Zodiac, Oxen possess such character traits as dependability, strength and determination. Oxen are tolerant individuals who believe that the road to success involves hard work and scrupulous behavior; they don't believe in taking shortcuts. They characterize those who don't work hard as lazy individuals not worthy of respect.

Oxen are capable of trusting others and will listen to their opinions with an open mind. However, Oxen prefer making decisions that are based on their own research. Oxen favor strong, life-long alliances to casual acquaintances.

Home is where Oxen go to seek comfort, occasionally watching television or reading. They prefer the rural outdoors and spend the majority of their "home" time working in the garden or caring for the yard.

Health: Oxen are strong individuals who overall are healthy and live long, fulfilled lives. However, they tend to work too much, rarely allowing themselves enough time to relax. Oxen could benefit from incorporating more non-work-related activity into their lives.

Career: Oxen prefer work that is routine. They take a methodological approach to their tasks and excel in jobs that are specialized. Oxen possess a keen eye for detail and an admirable work ethic. They are more productive when allowed to work alone. Good career choices for oxen include: interior designer, painter, carpenter, quarry worker, archeologist, horticulturist, mechanic, engineer, draftsman, banker, broker, real estate agent and army officer.

Relationships: Oxen aren't very sociable and rarely participate in group activities. They abhor small talk and won't waste their time flirting. They will search long and hard for the perfect partner as change makes them uncomfortable. Whether due to an ox's tendency to be overbearing or tendency to place blame on others, relationships with Oxen don't always work out. When Oxen realize that partnerships involve two people and two points

of view, satisfying matches are possible.

Element: Wood

Wood Oxen work well as part of a team, but because of their work ethic, self-confidence and strong sense of morals, they'll always perform better as the team's leader. They do have a tendency to be quick-tempered and outspoken.

The Month Pillar: Snake

(psychicscience.org)

Month: Elder Self "Hibernating Snake"

Heavenly Stem Yin Metal (Withdrawing)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 6th position in the Chinese Zodiac, the Snake symbolizes such character traits as intelligence, gracefulness and materialism. When it comes to decision-making, Snakes are extremely analytical and as a result, they don't jump into situations. They are effective at getting the things they want, even if it means they have to scheme and plot along the way.

Snakes are very materialistic creatures, preferring to surround themselves with the finest that life has to offer. This is especially evident in the home, where luxurious furnishings and surroundings help Snakes seek the peace they need in order to thrive.

Health: Snakes prefer living a life of calmness, preferring quietness over noise and a manageable workload rather than a schedule that's overly-booked. Snakes become easily stressed when their lives aren't peaceful or in order. Too much of this way of life can shorten a snake's life!

Career: Snakes do work very hard, but they have a tendency to be job-hoppers as they become easily bored. Their somewhat laid-back attitude causes them to be mistakenly categorized as slackers, but nothing could be further from the truth! Snakes are very creative and extremely diligent. They're excellent problem-solvers and thrive under tight deadlines. Good career choices for Snakes include: scientist, analyst, investigator, painter, potter, jeweler, astrologer, magician, dietician, and sociologist.

Relationships: Snakes are excellent seducers so they never have trouble attracting others. However, they'll be the ones to decide when a relationship has potential and when it does not. Once they've chosen a partner, a Snake's insecure side will begin to show through. Snakes guard their chosen partners much like a prized possession, becoming jealous and even obsessive. Snakes prefer to keep their feelings to themselves. It's important to never betray a Snake's trust as a betrayed snake will make it a goal to get even some day!

Element: Metal

Incredibly goal-oriented, Metal Snakes will stop at nothing to get that which they believe they deserve. Failure is not in their vocabularies. With their money, they're continually acquiring more and more possessions – for themselves.

The Day Pillar: Rabbit

(psychicscience.org)

Day: Social Self "Rabbit leaving the Forest"

Heavenly Stem Yin Water (Regeneration)

The Day Pillar is generally the most significant. It indicates your everyday personality - the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

(chinesezodiac.com)

Personality: Occupying the 4th position in the Chinese Zodiac, the Rabbit symbolizes such character traits as creativity, compassion, and sensitivity. Rabbits are friendly, outgoing and prefer the company of others. They also prefer to avoid conflict. In confrontational situations, Rabbits approach calmly and with consideration for the other party. Rabbits believe strongly in friends and family and lacking such bonds can lead to emotional issues.

Their serene nature keeps Rabbits from becoming visibly upset. Because they're serene animals, Rabbits are easily taken advantage of. Their sensitive nature makes them shy away from aggressive or competitive situations. They're overall conservative and not interested in taking risks.

Classy, sophisticated, expressive, well-mannered and stylish, those born under the Sign of the Rabbit enjoy learning about cultural issues and learning about people from other countries. Rabbits are most comfortable being home, and their homes are always neat

and organized. Home is also where Rabbits prefer to entertain. Rabbits are conservative in their decorating tastes.

Rabbits should work at building more self-confidence and self-worth so they can feel more secure. The desire for remaining in safe, comfortable environments keeps Rabbits from taking risks which sometimes causes them to miss out on good opportunities.

Health: Even though Rabbits don't usually get visibly upset or stressed, they do tend to keep these feelings inside. When they don't express these feelings, such feeling can cause Rabbits to become ill. Rabbits could benefit from more everyday activity which would reduce their stress levels and better their health.

Relationships: Rabbits are very sexual, but tend to give more of themselves than they should. This can lead to unrealistic expectations and unhealthy situations. Rabbits need partners who won't take advantage of their giving nature. Such pairings will be strong.

Career: Rabbits are articulate and good communicators which is why friends and acquaintances seek out their advice. It's also why Rabbits make excellent diplomats and politicians. Other good careers for Rabbits include: writer, publisher, actor, fashion designer, therapist, doctor, administrator, public relations, and teacher.

Element: Water

Like the currents, Water Rabbits prefer to go with the flow, avoiding conflict at all costs, even in situations that are bothersome. It's easy to take advantage of Water Rabbits. They're very supportive of others.

The Hour Pillar: Horse (psychicscience.org)

Hour: Natural Self "Horse in the Stable"

Heavenly Stem Yang Earth (Flourishing)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

(chinesezodiac.com)

Personality: Occupying the 7th position on the Chinese Zodiac, the Horse symbolizes such character traits as strength, energy, and an outgoing nature. Extremely animated, Horses thrive when they're the center of attention. Always in search of a good time, Horses keep the crowds happy with their humor and their wit.

Horses are extremely intelligent so they're able to grasp new subjects with ease. They're also capable of multi-tasking however they don't always finish what they start because they're forever chasing the next opportunity. Horses are honest, friendly and open-minded. They're perhaps a bit too centered on themselves and have been known to throw tantrums when situations don't go their way.

Health: Horses are very healthy, most likely because they maintain a positive outlook on life and because they're athletic. Lead Horses to wide, open spaces and watch them run free! Horses will usually only feel ill when they're trapped inside.

Career: Horses enjoy positions in which they can interact with others. They aren't fond of taking orders and they'll run from jobs they consider routine. They're able to grasp new subjects with ease making them capable of handling most any job. They're effective communicators and they enjoy power. Good career choices for Horses include: publicist, sales representative, journalist, language instructor, translator, bartender, performer, tour operator, librarian or pilot.

Relationships: Horses, being spontaneous, have a tendency to fall fast and hard for others. They tend to give themselves fully in each new relationship a quality that ends up chipping away at their inner being. Fortunately, this exhausting trait mellows with age and relationships are stronger and more stable later in life.

Element: Earth

Earth Horses will work to meet their goals, no matter how long it takes. They've got the ability to view situations from all perspectives and this ability is especially useful when it comes to making decisions. They're very adaptable and they're funny too.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your

area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

Sun ☉ in IV 4th House

([862] i.thehoroscope.co)

and on the way in which their family members perceive them.

People born with the Sun in the fourth house in their birth chart are very attached to their home and dream of a beautiful domestic life that can make them feel secure. Everything they're doing is aimed at bringing happiness to their family and keeping their home in order.

The presence of the Sun here indicates natives with this placement are highly interested in respecting traditions with which they identify themselves. Proud of the places they're coming from and their upbringing, the way they evolve and make things happen later in life would be pretty much connected with their memories.

Summary:

Strengths: Loyal, dependable and happy;

Challenges: Worrisome and insecure;

Advice: They should not let anything make them lose their self-respect.

Slow but efficient

Natives having the Sun in the 4th house plan their life ahead and are great at developing strategies for themselves. They become better with age because their true self comes to display as they get older.

It's important for them to have their emotional needs and attachments resolved before starting to pay attention to other things in their life.

As soon as these aspects have been established, they can start focusing on their career and expect their life to improve.

The Sun always needs to shine, regardless of its position. These people will spend a lot of money on a comfortable environment and love to have people over or to gather in the living room with their family.

Throwing parties in order to show off their new furniture and fireplace is one of their favorite things to do.

If they have an outgoing father and the aspects in their birth chart are positive, they will find it easy to attract prosperity, but they'd never cease to worry that things in their life may take the wrong turn.

They may have slow starts, but as soon as getting a grasp of what they're supposed to do, they begin to be very efficient and manage to get things done fast.

The most important thing in the world for them is their family, being strongly attached to their parents, no matter if these may have been in any way hurtful or disappointing.

Sun in 4th house people establish their own identity based on emotions and the way their family members perceive them. That's why they may be obsessed with how much love they receive from the people who are the closest to them.

They will all the time worry that their life partner and children will leave them or that they may lose the comfortable lifestyle they're so used to. These things usually limit them, but the more evolved of them can overcome such problems.

Their development is strongly anchored in their roots, which are nothing else than their heritage, ancestral ways, the traditions they're aware of, their upbringing and the collective efforts they were involved in as both adults and children.

These things make them feel like they're belonging and have the necessary security. Their path to illumination depends a lot on how they've integrated their roots in their way of life.

The positives

Individuals with this placement struggle to have a family and a great home. The main purpose of their Sun is to resolve problems hidden in their psychic and that have their roots in these natives' childhood.

They're the most confident and happy when taking care of their home in the best way they can. A rich family life and having someone to nurture makes them thrive.

Everything about history, personal and family lives, emotions and interesting experiences makes them curious. They're rather the poetic type who loves staying inside and watching a romantic movie.

As said before, Sun in 4th house natives put family on the first place, wanting to meet someone special and to have children because this is what motivates them, together with the need to put down roots.

However, their dreams may come true later in life, when they'll use all of the energy accumulated in the period before. A good home and a beautiful family plus respecting many of the traditions they're aware of makes them feel secure.

And security is very important to them because only when feeling safe they can express their emotions and function at their best.

When not feeling like they're having it, they just go home and try to gather their forces. The position of the Sun in the 4th house reveals the fact that without security, they couldn't evolve in any way.

No matter the situation, they will always be ready to sacrifice everything for their family. The same position of the Sun also suggests they're the introverted type who needs protection.

It can be impossible for them to deal with the harshness of the outside world on their own. While they need to nurture, being taken care of themselves is very important for the way they develop and accumulate the necessary courage to deal with the world or express themselves.

That's why they'll always search for a partner who makes them feel safe and loved. Their emotions will carry the imprints of their childhood and change from there.

While for people with other placement of the Sun family is still important, for those with this planet in the 4th house is the absolute. They give it a lot of importance as children too, comparing everything they see outside with how things happen at home.

They have either found similarities and thought of them as victories, or concluded some things contradict the ways they know about from their family and been traumatized.

Everything reminding them of their parents and childhood makes them happy and sentimental. If they had bad experiences at home, it may be a little bit more difficult for them to understand life and accept certain things that are very different from what they're used to.

The negatives

The first part of Sun in 4th house natives' life may be a struggle because they won't admit that the things they dream of are not so easy to obtain.

The 4th house is also about decline in a certain period of life, so things for people having their Sun here may start to look good after their thirties.

When it comes to their profession, they'd do a great job in real estate or organizations that deal with the environment.

As said many times before, family is very important to them, but their heritage may become a problem if they don't separate their own identity from it.

Even their ancestral patterns may reject their ways if they wouldn't express their individuality and separate their life from the ones of their parents or grandparents.

This doesn't mean they should lose the respect for what helped become who they are, however. While looking everywhere to identify people and situations that have something to do with their background, they can forget everything they need is actually inside them.

Having a comfortable home where they're feeling safe and secure can be very beneficial for them, but things from their past should still be present in their life.

Family gives them purpose, so changes with their loved ones and the relationships at home can influence them in a great way.

For example, they will forever complain after their children will decide to build their own lives. Wanting security and to be emotionally supported, they're still never happy with what they're already having.

Possessive and clingy, these people need to be told everyone loves them as they can't be independent and worry too much their family isn't seriously attached to them.

It's like they don't trust others, which can bother their partner and even their children. When the Sun in the 4th house is somehow afflicted, they may be too proud about their heritage and have many arguments with their own parents, especially the father because the Sun represents the paternal side.

It's also possible they're too domineering at home, but the fact that they're nurturing can't be changed or influenced by any position of planets.

Moon ☾ in I 1st House

([872] i.thehoroscope.co)

People with the Moon in the 1st House are emotional and delicate, no matter how great their life is, they never forget about others and lend a helping hand whenever needed.

When positioned in the 1st House, the Moon makes people highly sensitive, very emotional and delicate. The natives are more honest about their feelings and usually live their life by going with the flow. This means they may have some problems with their relationships, especially when reacting over-emotionally to different situations and specific kinds of people.

It's just impossible for them to be less sensitive, so they need a partner to help them trust and feel secure to open up about what they may be feeling. Only with a trustworthy person will they be comfortable and happy enough.

It's very easy to hurt Moon in 1st House natives, because they get immediately offended when someone seems to just say something in a harsher manner. Counting only on their emotions, these natives don't judge too rationally most of the time, so their decisions may not be the most efficient ones.

Summary:

Strengths: Affectionate, caring and straightforward;

Challenges: Moving away from bias and negativity;

Advice: Do something that brings spiritual satisfaction.

The need to get noticed

Always having feelings about something or someone, people with the Moon in the first House are often rushed and emotional. Very nurturing characters, they want to take care of everyone and react based on their gut feeling, especially if the Moon is very close to their Ascendant.

These natives need to always have their emotions stimulated and to express themselves freely if they are to be truly happy.

Because they're moody, many people may not stand to have them around. Their sensitivity often has them taking everything personally and reacting in a very defensive mode to any commentary someone has made.

It's important for them to be more patient and to learn that other people's emotions are equally important as their own.

It's easy to impress them, and when they find something surprising, they react like they have never seen something similar ever before. You can count on them to always say what they're feeling because they find it impossible to keep their emotions hidden.

As the Moon occupies its place in the 1st House of their birth chart, they have quite the need to get noticed for their talents and can predict future events with the help of their amazing intuition.

As soon as they manage to keep their moods and impatience in control, they'll start achieving great things by intuitive means. Their sensitivity is not the most helpful thing for them because it tends to be quite extreme, especially when they're young.

It's difficult for them to mask what they are feeling because, like with the Capricorns or Scorpions, their emotions are written on their face.

Individuals with Moon in 1st House have a tendency to speak about what's going on in their head out loud, no matter how inadequate it may seem for them to do that in a conversation. They wouldn't mind if no one listened, and they would practically talk to

themselves without being bothered.

Not the most objective people, they're at least very sympathetic and can feel other people's pain or happiness, especially when dealing with someone very close to them. As a matter of fact, they pretty much identify themselves through empathy.

Because they're trying to stay away from pain and suffering as much as possible, many will think of them as cold or indifferent, when in fact they would only try their best to protect themselves.

When it comes to the way they look, Moon in first House natives have pale skin, especially if their Ascendant is in a Water sign, dark hair and a round face. Their weight can fluctuate, so they need to watch their diet and exercising routines.

Changing their dressing style according to the fashion trends, these people are the ones who annoy others because they insist on copying their style.

When the Moon and Venus are connected, they can be simply obsessed with fashion. Very attached to their mother, they will copy her in many ways. Very affectionate with their other half, romantic and generous, individuals with Moon in 1st House love surprising their partner.

No matter how good their love life is, they still have moments of melancholy because they think of past events and how to avoid any negative emotions in the future.

Because they're impressionable, it's very easy to manipulate them. At least they have psychic abilities and can see if a situation is going to take the wrong turn or if people have bad intentions with them.

Giving, and caring, they live to make others feel good and love it when their loved ones want to spoil them.

Many will understand their feelings and moods because they simply can't hide them. Well-liked by people and enjoying their popularity, when their Moon is in Aries, Libra, Capricorn, Cancer, Virgo, Gemini, Sagittarius or Pisces, they are more shy and not that eager to receive attention from the public.

You can always count on them to be flexible and to not mind anything new coming into their life, but if their Moon is in Leo, Scorpio, Aquarius or Taurus, they tend to be more rigid and to not accept change.

Feeling like vulnerabilities are always on display

People with the Moon in the 1st House are very sensitive in their responses to different people and situations.

Their emotions and intuition are usually dominating their decisions, having them subjective and unconsciously projecting their moods that often change depending on others and the environment.

Most astrologers say that this specific position of the Moon means they're always easily impressed, reacting in a strong way to everything that's happening. But all in all, they're sympathetic, flexible and nice.

The Moon will surely lend them some of its features, so they'll always seem mysterious, enchanting and gentle. Very expressive, their temper and feelings are shown on their face, this being the main reason why they simply can't hide what's going on in their mind and heart.

Their changing moods and the way they make other people's problems their own are sure to keep them constantly busy. If they were restrained from being expressive and sensitive, they would become completely alienated and feel very empty because this reality would be something they can't accept or deal with.

The biggest challenge for them is being happy without having others depending on their care.

They will see everyone as a mirror of their own self and won't be able to distinguish reality from what's only in their mind anymore. And this can go on for years, just for in the end, a type of insanity to have them completely subjugated.

Moon in 1st House people may seem unrealistic to those who don't have a rich imagination. Many can also see them as eccentrics, but their closest friends will still like them for being good listeners.

Their memory is incredible, so expect them to know where you have been at a specific date, with whom and why you happened to be upset at that time.

They may feel like their vulnerabilities are always on display and that others are able to see how fragile they actually are. That's why they may act defensive and cling to those who at least give the impression they can protect them.

All astrologers say the Moon keeps memories and accentuates all the emotions. Women are even related to it from a biological point of view because they have cyclical happenings in their bodies.

For both genders, this celestial body is a great influencer over mood, psychology and behavior. Many people have strange experiences with the Moon's phases, some not even being aware why they are feeling strange sometimes.

The ones who are more Lunar will be perfect caretakers, the others will just take good care to be perceived in a good way by the public. The Moon has to do her thing and influence them the way it knows better, so sensitivity and moodiness are at home with people having this celestial body in First House.

Moon ☾ in 12th Nakshatra: Uttara Phalguni

26°40' Leo - 10° Virgo

Short Version [2]

Strength: ambitious, productive, industrious, popular, benefits from authority figures, effective communicator, dependable, sociable, focused, loves luxury and comfort, able to enjoy life, sharp concentration, liberal but fixed views, prosperous, socially adept, friendly, courageous, endurance, spiritual advancement.

Weakness: restless, inconsiderate, egotistical, obstinate, self-absorbed, stubborn, aloof, arrogant, fussy, bossy, critical, puts on a happy smile to cover up anger or sadness, lacks confidence, vain, immoral, ungrateful, resentful, overly concerned with status, gives too much.

Overview [1]

- Lord: Surya (Sun)
- Symbol: Bed. This represents pleasure, rest, and rejuvenation — not only for oneself but for others.
- Power: To gain prosperity. This especially relates to prosperity achieved through

union. This union could be marital or otherwise.

Strengths [1]

Uttara-phalgunis are loved by many. You are friendly, kind, generous, and have a genuine concern for humanity. You are inclined to fight for a righteous cause, and when you put yourself behind something you do it with courage and energy. Your ambition and endurance will probably lead you to the top of your field. Fame and success come naturally to many Uttara-phalgunis.

Your charisma draws many people to you, including romantic partners. There is nothing you find more satisfying than a fulfilling relationship, and you are a dutiful, loving partner. People find you to be trustworthy — you are truthful and have a polite, considerate nature.

In almost any situation, you can figure out the right course of action. You possess intelligence and wisdom and use these qualities to make prudent decisions. Your plans are well-thought-out and you execute them systematically. On your path to success, you use the knowledge that you gained in formal education as well as what you've learned through personal experience.

Uttara-phalgunis in Leo will have exceptional creative ability, able to create by overcoming constraints and restrictions. Those in Virgo will be drawn to think deeply about life, and possess a rather philosophical nature.

Weaknesses [1]

In the kind of successful, admired lives Uttara-phalgunis lead, it's hard to escape the pitfall of vanity. Your conviction in your own correctness can make you think you're better than others. This can make you inconsiderate or aloof with people when you're not trying to get something from them. You may become fixated on your own status, and could be a bit of a megalomaniac.

You can be restless and may have difficulty sticking with something if it ceases to catch your interest. When your intellect isn't stimulated, you get bored. This can lead you to desert projects prematurely.

"My way or the highway" is a mentality that describes Uttara-phalgunis well. When someone disagrees with your way of doing things, you don't listen and will do your best to make sure that no one else does either. A bit of a know-it-all, you may stubbornly refuse to admit when you are wrong. People might let you have your way just to avoid dealing with the aggression and anger you demonstrate when you don't get what you want.

Conscious development of humility will help you overcome your tendency to try to control everyone and everything, and lead you to more fulfilling relationships and greater happiness.

Other Personality Traits [1]

- You might struggle with a sense of loneliness. You tend to rely on others to make you feel complete. Your urgent need to be in a relationship is, to some extent, a desire to distract yourself from your inner loneliness. If you learn to love your own company, you

can transform your loneliness into an appreciation for solitude and all that it offers.

- You can be codependent. Because of your insecurities, you may give too much in your relationships and expect too much in return. This can lead to resentment and ingratitude towards your significant others, who will never be able to give you what you need — because the fulfillment you need can only truly come from yourself.

- You have luxury. It's likely that you'll live an opulent lifestyle. Comfort, pleasure, and fine things will come your way.

Career [1]

Uttara-phalgunis will feel most fulfilled when interacting with and helping people in some way. Their critical thinking abilities make them suited for careers that utilize and stimulate their intellect.

Some ideal professions include:

- Teacher or professor
- Business advisor, financial advisor, or diplomat
- Philanthropist, social worker, or counselor
- Writer, actor, or media personality
- Member of the clergy or other religious leader

Health [3]

Mercury ☿ in ♒ Aquarius man 3° 6'

([904] i.thehoroscope.co)

He loves to create havoc around him and doesn't accept to be told what to do.

The Mercury in Aquarius man believes that problems can only be solved by facing them rationally and logically, with a plan, and that humanity can only advance by putting emphasis on science, on technology and progressive fields.

His speech is cold, technical, marked by a certain rigidity and strange intonation, like what a robot would utter. He lacks any emotional depth or even the most apparent layer of feeling in his words.

In a nutshell:

Positives: Visionary and eccentric;

Negatives: Snob and indecisive;

Soulmate: Someone who can keep them away from boredom;

Life lesson: Leaving anxious thoughts away from time to time.

The forward thinker

He's the last free-spirited individual left in the world who just won't agree to be tied by rules and regulations. If the world wants to follow a path toward perdition and degeneration, why should he follow it like a blind sheep?

The Mercury in Aquarius man will find it incredibly dull and tedious to live his life according to traditional principles, to dying ideas that the people of old followed.

This is the 21st century, a new age has come, and it's time for everyone to ascribe to this change that has taken place. The future is here for the taking. Science, technology, the new and the innovative must be finally accepted.

He creates havoc wherever he goes, raises a lot of questions and inquires into the nature of things. He won't hesitate to contradict anyone, even people with authority.

He doesn't accept things like "you shouldn't do that". Why not? He's intelligent, well above the rest of us, so if you believe you know more than he does, prepare for a cold shower of reality.

His unwillingness to follow a certain code of conduct that everyone else does is often perceived as snobbism, eccentricity, but it's really a result of deep thinking, analysis,

rational forethought.

He's very good at telling what other people think, discerning their motivations, desires, corporal language, but will treat all of them fair and square. He will even help anyone in need.

His creativity and inner drive to put his thoughts into words make up a perfect combination. If he doesn't become a writer or a journalist, he's missed his career.

Even a professional debater will do, as long as no one tries to infringe on his freedom of speech and strange patterns.

If you've thought of a crazy and apparently idiotic idea that could have an immense influence on the world, chances are a man born with Mercury in Aquarius has already thought of it, demonstrated it to be unrealistic and moved on. He's organized, structured, meticulous and realistic, always.

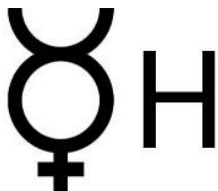

Let's finally get to the topic that you've been anxious to find about, how does this native fare in his love life? Depending on the type of person that you are, it can be both good and bad.

He's less receptive than most, in the sense that he likes flirting and talking to other women, but a relationship is not exactly at the top of his priorities.

If you manage to excite his intellect and intrigue him by flaunting your knowledge and curiosity, then you can be sure that he's going to fall in love right then and there.

He doesn't care about stuff like age, race, religious beliefs, although he's willing to debate you on them. He's definitely a factual person who's more likely to bombard you with rational reasons and motivations, rather than emotional matters.

Mercury ♿ in VII 7th House

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

Summary:

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

Hard to impress

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can

argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

The positives

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

The negatives

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

He doesn't even want to hear her swear or get down to that level of degeneration. Most importantly, he wants her to be balanced, to know how to react in certain situations, and to try to uphold a sense of fairness in everything she does.

He will know when to compromise and when to ask for more from her, but in general, he will try to fulfill all her wishes and desires.

Even though he's been looking for the perfect relationship ever since the beginning, this doesn't mean that he didn't go through disappointments.

He's very giving, and he offers quite a lot of his time and affection to a partner. The Venus in Libra man feels like he can't ever find his fulfillment without a lover, a soul mate, without sharing his life with someone who understands him at a deeper level.

He sees his satisfaction and happiness in the reflection of a couple, and all the experiences shared together are just like clouds from paradise. A long-standing relationship is the only thing he'll commit to.

He doesn't hesitate or beat around the bush. With romantic gestures, he expresses his feelings from the get-go.

Of course, he is very concerned with how he appears, and how his offerings will be perceived, so he tries to put on his best appearance. This isn't a problem, in general, because he has an innate artistic sense for beauty, an aestheticism that goes a long way in putting him miles away from other competitors.

His vitality and enthusiasm are endless, and he will forcefully try to involve himself in social events, bring his friend around for some fun, and convince his beloved to accompany him on such an adventure.

When he's looking for the right girl, he might leave havoc in his wake, sexual one at that, because he's a really hot-headed individual who wants to please his senses.

Intense and passionate about it when the moment is right, and cold when he gets bored, he's quite the player, but he's looking for an easy-going and light-hearted woman.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

Mars ♂ in ♑ Capricorn man 0° 43'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

Being such fanatics about their job is not at all healthy, some relaxation being absolutely necessary.

If were gentler with people in their life, happiness would definitely find them faster. It's not Mars' fault they're a little bit violent, but theirs because they accentuate this planet's influence. The only action to take in their life is changing their perception about what they're doing for a living.

Saturn ♄ in ♎ Libra man 13° 22'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if

they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

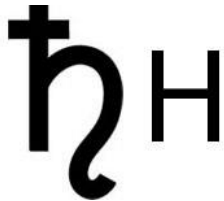

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ♄ in III 3rd House

([1031] i.thehoroscope.co)

This placement of Saturn makes people have highly analytical and precise minds, love

to dwell in many different interests and often impress others.

People born with Saturn in the third house in their birth chart are precise, resilient and capable of seeing things in depth. They can organize very efficiently and deal with life in the most traditional and conservative way.

It's possible they'll have an inclination towards mathematics and logic, their mind being very capable of developing great strategies when put in such a situation.

These people don't like to waste too much time with a project and prefer to be alone because they sometimes feel like people can only bring them trouble. This is because they may encounter problems with communication and can't find the way to express themselves clearly all the time.

Summary:

Strengths: Knowledgeable, dependable and kind;

Challenges: Insecure, shy and distant;

Advice: They should be braver about their opinions.

A dislike for superficiality

The main purpose of the 3rd house sits in the subconscious functioning of the natives' mind, when these are dealing with their most comfortable surroundings.

This house refers to the purest way people behave and communicate or how they function when interacting, so with that in mind, it's obvious that it doesn't deal with the unconscious.

It seems the small things people say and do unconsciously are the ones that present who they actually are!

Saturn in 3rd house natives may seem shy and distant. Some can be turned off by them, so they should listen and actually use what they have learned.

This way, they won't need to do a lot of talking, still their loved ones will adore them for listening.

Saturn in 3rd house individuals have some serious difficulties when communicating.

These natives believe their opinions will get seriously criticized, therefore, they're insecure and wouldn't even think of trying to talk about their feelings or thoughts.

Because of this, they're unwilling to communicate and are scared of making a mistake. It's normal for them to be shy and always concerned with others' opinion of them.

Talking is frequently a challenge for them and they could have dealt with some kind of speech impairment when young.

Saturn in 3rd house people aren't necessarily spontaneous as far as learning goes, small-talk and day-to-day discussions about the latest news.

They simply don't have a lot of interest in simple subjects and are all the time serious because they dislike superficiality in all its forms.

They may be very good when it comes to research, but are often scared or not at all bold enough to deal with the new and the methods that haven't been tested.

With Saturn here, things generally refer to a highly analytical and precise mind, which can be the effect of many principles taught to them during their first years of school.

From a young age, some of them have been educated to respect every rule, so they may seem insecure when dealing with the unknown as they take their time to act and are cautious.

Many of them have only studied and thought of nothing else, while others were denied to attend a college with strict regulations, where they'd have felt really good.

As children, they probably felt unappreciated for their way of thinking and even called dumb. If disregarded and told their opinions don't matter, it's possible they may have learned to remain silent and to open only when thinking they have something very interesting to say.

The psychological buildup of people usually depends upon what's known, tested and appreciated.

Saturn in 3rd house individuals deal with cognitive activities by insisting and striving for perfection, security for them being attained only when the truth is understood and every little detail has been studied.

If not, any form of advice coming from others can intimidate them. The slow movement of Saturn supplies many problems in matters relating to home and family members.

Natives having Saturn in 3rd house typically start speaking at an older age than other children, could have a somewhat sluggish and fearful speech or can be exaggeratedly timid to talk about their own ideas.

They may take a while to process all the information coming towards them, and while their intelligence isn't lower when compared to others', Saturn often makes them seem less smart.

Even if they may possess a high intellect, their surroundings would make them feel too scared to talk, which they accept as a reality until seeing what their speech can do.

It doesn't matter if men or women, they could be late bloomers who use only their own pace. Saturn makes these natives extremely stable when it comes to the knowledge they've obtained throughout the years.

What they have heard is strongly fixated in their mind and generates new ideas, which can produce an even more developed mind in the long run, a greater understanding than the one of somebody who absorbs data fast, yet in a chaotic manner.

The goods and the bads

Saturn is the bully of all planets, making people with it in the 3rd house seem distant or too shy. Situations in which communication is needed can make them feel uneasy, but since they don't necessarily say too many things, they have this great way of listening.

And it's not that they want to be this way, they just are! Don't even think they will ever speak in public, yet Saturn in the 3rd house makes them silent and ready to develop great observational skills that eventually lead them to success.

They prefer to work in the shadows, sometimes as journalists or scientists and are disciplined or very well coordinated, finding those who happen talkative and unorganized very bothersome.

They have probably been discouraged to talk when young, possibly because their parents considered some things should never be discussed.

Saturn in the 3rd house can even briefly disrupt them in school as well, however, they will surely devote a lot of their time and efforts to the aspects of life related to education.

They may need to study twice as hard, but at least they have their own strategies when it comes to working towards reaching their objectives.

It's possible they'll want to achieve great successes in research, but for this to happen, fighting their own anxieties would become very important.

It's good that Saturn provides patience and endurance, so these would be two of their advantage when it comes to accomplishing any type of task.

Their communication is lacking a lot of heart and soul, therefore, they won't call or text a person until initially determining what they want to say.

This can be terrific for some professions, especially those that require the employees to

be as discreet as possible.

Natives with Saturn in the 3rd house are fantastic at managing confidential information and working for newspapers, or for tasks where they don't need to interact that much with their colleagues and superiors.

They're also cautious and manage to obtain results faster than others because they're always minding their own business.

It's suggested they spend some more time examining other individuals and their desires because this can help them determine what they want too and they surely are capable of good relationships.

They should use their instincts and have significant talks with both their family and friends.

Relaxing and letting their few communication abilities unfold will put them in the ideal direction, so they'll eventually learn how to talk more openly, which can be their life's challenge.

The Uranus Cancers are rather eccentric and out of place with their innovative perspective about family and home. They play it out quite safe in other domains, but when it comes to decorating their home, for example, they venture out into undiscovered lands, bringing in only the quirkiest and weirdest additions to the table.

New pieces of technology are welcomed as long as they are practical and have an established role. You can't dismiss this native that fast because their ideas are very intriguing and fun.

However, they can feel pretty disappointed when others don't appreciate their ideas or dismiss them from the get-go. They want them to at least try to understand them and be open to the new.

The truth is, the ideas themselves are not the reason people avoid them, but rather their chaotic and unrestrained behavior. Going to great lengths just to implement a plan is all fine and dandy, but when you don't have a pattern and seem to just try anything that comes to mind, people won't react nicely.

The Uranus Cancerians need to better manage their emotions, and not let themselves be taken down by one mean comment.

These people are very intuitive and instinctive, basing most of their decisions on how they feel at that moment, what seems to be right. In this sense, they are very enthusiastic and express themselves fully and with vitality, with nothing left out.

Most people could have a wrong impression about them, that they lead their life based on the howling of the wind, by the number of leaves fallen from a tree, but it's nothing of the sort.

They might involve themselves in some organizations that wish to change the aspect of society, to bring out new developments for the betterment of the people, and so on.

The reason they appear to be very annoyed and hurried is that they are very sensitive to the natural changes of the world. They are very responsible and self-aware individuals and don't dare to take anything for granted.

What others don't even look at, these natives hold in high regard or give it a significant role. Their irritability needs to subside in time, but they could help this process by finding the time to relax.

A challenging love

Emotional instability makes them very difficult partners. A relationship should be based on devotion, affection, understanding, but when they get depressed and start crying from just being contradicted, that's not very healthy or desirable.

Moreover, difficult situations are very straining for them because they have many uncertainties, irrational fears that stop them from taking the proper decision.

What matters is that they let these feelings come and go, while they maintain the same open-minded approach. There are conflicts and arguments in any relationship, and you don't see people breaking up after only two weeks of staying together.

Obviously, they can come to an agreement, either through empathy and emotional understanding or reasonable thinking.

The good and the bad

When they're feeling under the weather and unappreciated, the Uranus Cancers can be

very inefficient at their work, and even worse lovers.

So, to fix things up, try to show them how much you love them, to give them the much-needed support that's lacking. Maybe even suggest finding a job closer to home, or even work from home, as that would really take a lot of stress from their schedule.

A place that they've invested their time in, where they work day and night to keep nice and relaxing is the best place for them to work. It refills their battery constantly, and once they're at their best, nothing can stand in the way of these natives.

The best thing about that, that supernatural third eye that seems to sense the future is also one of their worst flaws, given their natural uncertainty.

It's not always good to have such a strong intuition because if you aren't resolute and confident, any slight disturbance in the natural order of the world will scare you out of your wits.

Their ideas are very productive and down to earth, with some being a little idealistic, but if they can't stand behind them until the very end, it's all for naught. If the slightest obstacle is enough to put you down, you have to work on resistance and confidence.

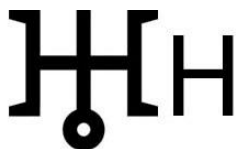

The Uranus in Cancer man

The Uranus Cancer man feels everything at a completely different level than most of us do. He is affected by the workings of fate, by the words of other people, by his own failures, by a successful plan, and this heightened receptivity acts as both an incredible advantage and a downside.

On the one hand, he can solve almost any problem from the onset because he can see how it's going to evolve further down the road, so he has the perfect solution.

On the other hand, he can be really taken aback by other people criticizing or looking down on him, and he may need reassurance. Furthermore, he is split apart between the cold and rational influence of Uranus, as well as his innate emotional sensitivity.

Uranus ♅ in XII 12th House

([1064] i.thehoroscope.co)

This placement of Uranus makes people prefer working in the shadows and doing great

things while not even searching for recognition.

People born with Uranus in the twelfth house in their birth chart have a need to be of help and may give a hand to others in the most unusual ways because that's the way they are: unusual.

It's like their purpose in life is to contribute and they're never expecting any recognition or reward when supporting others. It's very likely for them to be artists because their mind is very creative and they love to be in the company of people who are tasteful.

They want to see beyond reality and to cross the boundaries between this world and the one that can't be seen with the naked eye. Individuals having Uranus in 12th house are very eager to express themselves freely by studying, being involved in all kind of affairs and dealing with the unknown.

Summary:

Strengths: Ingenious, elegant and unconventional;

Challenges: Distracted, cautious and superficial;

Advice: They should try to look at their work with joy not resentment.

A sociable companion

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

Blessings

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of

the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

Challenges

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal

with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

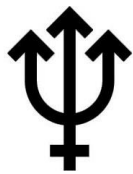

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

They love the idea of living in a luxurious and comfortable house with a glam and expensive design, and they are able to get it by working passionately their entire life.

Of course, achieving wealth is really hard to be done, but once they will fix their passive

attitude and start seeing their dreams as reality, they will pass every obstacle, even if it's a financial or personal one, and they will end up fulfilling their dreams and living a happy life.

This materialism will make them manage every situation properly because their practical mind acts as an incredible ability which overcomes any challenge and always fixes their problems in a productive way.

When it comes to their personal life, they might be a little bit more insistent, because once they fall in love, it's going to be hard for them to let the partner go.

Their ideas are best when put into practice, and they are very practical when it comes to this, preferring to build upon realistic plans, rather than going forward with improbable and idealistic desires.

However, these natives are not good when it comes to organizing their financial situation, but due to their highly adaptable personality, they will eventually reach an acceptable level in this domain as well. Moreover, they are flexible enough to survive in almost any environment.

The Neptunian Taurians might try to convince others of the truth of their own ideas, in a constant process of persuasion, a holy war of some sorts that they fight endlessly.

This is not exactly the ideal path for them, since the sense of satisfaction that they get when someone validates their perspective is not truly a reason to be happy. True happiness and fulfillment come from one's own revelation, from the individual enlightenment, not from making others see the truth.

Helping others reach their own understanding of the world is better than imposing your own viewpoint, and it leads to a greater satisfaction later on.

Moreover, their aesthetic skills are off the charts, and they will try to create their own understanding of the world through their own peculiar methods.

The positives

There is a big risk for these natives with Neptune in Taurus to start getting depressive and anxious, and even having confused states, not realizing why their perfect picture about the future got broken.

It is very hard for them to move on after a breakup, and there are a lot of chances for them to become angry and frustrated.

They have a really patient attitude, but if you pass the limits, you will have in your face a totally different person. At the end of the day, they will find the power to get up and start everything from scratch but before they do this, they will take all their negative feelings out.

The Neptune in Taurus man

These men are truly one of a kind when it comes to relationships. They love very passionately and with great intensity. This can be seen from their overall attitude and how they take care of their partner.

They tend to overlook the importance and significance of their efforts, and it's always good to hear words of appreciation from others. Little things matter the most, and what is simple has always attracted their attention.

Telling them you love them early in the morning, cooking for them when you know they're coming late from work, these are small things that matter a lot to these men.

Summary:

Strengths: Hard-working, elegant and approachable;

Advice: They need to dedicate more time to their families.

Careful about their dreams

It would be great for them to work with art, in the service of others or taking care of some charity events. In case Neptune is in challenging aspects in the 10th house, they don't know what direction to take in life and are not aware of their own goals.

In this situation, it may be very difficult for them to find their profession, and they'd do something they don't actually love because they fear perfection can't be attained in the domain they really care about.

It's suggested they take a look at their expectations and determine if these are too idealistic. Responsibility seems like a burden to them, and they don't want to get involved in other people's lives, no matter what.

It's possible they have been confused as children by one of their parents, and as adults, they find it difficult to take a certain direction in life.

When it comes to their career, they may not get credit for their work, so they aren't all the time recognized for their efforts.

This means they won't know their own value or that others will take credit for what they've done, or perhaps their superiors won't give them the rewards they deserve unless they start to trust themselves and their talents.

These people have to be careful with their reputation and to assess their abilities as accurately as possible. It's true they don't want fame, but still, knowing where they're standing would be a great idea for them.

Neptune in 10th house natives may want to get inspired in their professional life and have a passion for healing or doing something creative.

Therefore, it's possible for them to become very successful with design, art and medicine. A job as a counselor would be suited for them as well. It doesn't matter what they choose to do for a living, they always need to be inspired and feeling fulfilled because Neptune is the planet of dreams and ideals that have to be made a reality.

They want to make the world a better place, so their contribution to the society will always be meaningful.

Neptune in 10th house people need to be careful not to get disillusioned when chasing their dreams as they can have too higher ideals that aren't all the time possible to be

made a reality.

The placement of Neptune here suggests they will always want something more and to feel important after working on their noble goals.

It's normal for individuals with this placement to feel unhappy with their professional life. What happens in their career is strongly related with how Neptune sits in the 10th house.

For example, when this planet is in good aspects, the effects would be astonishing and beneficial. On the other hand, when in negative aspects, it can become really malefic and cause the natives to no longer have control over their career.

The 10th house is rather a good host for this chaotic planet. Having Neptune here is more beneficial than having it in another house with a direct control over natives' life.

Limiting this planet's energy can be beneficial for the career of people having this placement, as long as they take on some jobs that are to the liking of the celestial body.

In short, Neptune won't help them in any way with a job that requires organization and following a strict schedule. No matter how much individuals having Neptune in 10th house will struggle with a routine, they won't be successful.

Their perfect jobs are the ones related to arts and freedom of movement or speech. It's very likely one of their parents influenced them very much when they were children by being weak and confused regarding what authority and discipline mean.

Perhaps their mother or father hasn't been there for them or one of them was an alcoholic. Not having a role model, they wouldn't know how to fight for success and how to follow a career path.

At least they will know ever since very young that they need to adopt an unconventional approach, which makes it normal for them to change jobs and work as bartenders because Neptune is also the ruler of alcohol.

When it comes to love, it's normal for all the natives having Neptune in 10th house to fantasize about someone and to feel disillusioned because they haven't found the ideal person they thought their lover to be.

It goes the same way with their career because they want something perfect when it comes to their profession, and their goals are usually unattainable.

If they'll contribute to the greater good, they'll feel fulfilled and happy. However, things don't always unfold as they expect them to, so they should become as decisive as possible about their career.

Neptune, the planet of imagination, makes natives having it in the 10th house very creative. They could easily become writers or do something unusual for a living.

Since the same planet rules also over illusion, they may decide to become famous and use a pseudonym. There's as well the tendency to take on too many responsibilities at once, so they can end up running in circles and losing their minds because they can't handle what needs to get done.

They will work two jobs and won't focus too much at neither of them. In the meantime, they'll have high ideals and wish for success, whether under their name or a pseudonym.

The goods and the bads

Neptune in 10th house natives may have many interests that are very creative, so it can be very difficult for them to determine what they want in life.

Some get lucky and find something to do for a living ever since very young. However, these are the most evolved ones, those who are aware things in life are not always perfect.

Others feel like they're not interested in anything, and they may end up procrastinating all of their life. It's okay to be indecisive about a career in the today's society as there are many ways to make money.

Therefore, they could do many jobs before finding out what they're passionate about. It's suggested that no matter what, they find the balance between their job and their hobbies.

These natives shouldn't insist on following their big dreams because as said before, these can be pretty unrealistic. The everyday responsibilities are more important as they support their existence.

Worrying too much about perfection will have them doing nothing, so their expectations should be a little bit lower because they can find motivation in everyday tasks as well.

Accepting that others don't dream the same as them is also indicated. Their creativity may help them attain great heights, but it's essential for them to have their goals defined.

It's also important they don't talk too much about their work because many can take the credit for what they've done.

It may be difficult for these people to express themselves so that others get to see the efforts they've done. All this means they have a problem with self-confidence or self-

respect, which furthermore leads to difficulties advancing in their career.

Pluto ♇ in ♊ Gemini man 9° 22'

([1091] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born with Pluto in Gemini in their natal chart are incredibly intelligent people who roam through life uninhibited, winning out the social games, and planning further down the road for their future.

With innovative ideas and a panache for getting down to the barest of details when confronted with a problem, they always seem to find the simplest solutions to the most complex problems.

This innovative attitude comes as no surprise, however, because when looking at the sheer amount of knowledge they have amassed, it becomes obvious why they find out exactly what's wrong in any given situation.

In a nutshell:

Style: Versatile and curious;

Top qualities: Attentive, adaptable and inspired;

Challenges: Superficial and rushed;

Advice: Don't go the moment boredom gets installed.

Personality traits

Because they are detail-oriented, witty, analytic, and communicative, the Plutonian Gemini natives thrive in society when surrounded by people, discussing the many existential dilemmas, investigating the latest gossip, and so on.

Interested in the things that not many would look at for a second time, the mysterious and the enigmatic, they sate their curiosity with whatever they find fit, without much concern about what others believe of them.

The problem appears when they have to focus on going forward with a plan for a prolonged period of time or even getting through half-way. Usually, if they even have the

inspiration to initiate a project, they'll quickly lose interest if things don't advance as quickly as they imagined they would.

When these contradictions appear in their thinking, making it harder and harder to concentrate on a singular idea, they get their energy from social interaction.

Love and affection are also very beneficial to their state, as it points to them they are appreciated and that it's worth it to have a bright outlook for the future.

In this sense, they want to help create a better world for everyone else as well, and if they can make the smallest contribution, they won't hesitate anymore. Considering how curious and flexible they are, changes around the world would intrigue them for the most part, before being an inconvenience.

They adapt pretty quickly to new situations, always modifying their approach to achieve the best result, and some would even be shocked by their sheer versatility.

The good and the bad

One of the best things about the Plutonian Geminis is that they never stay the same person you once knew.

Constantly immersing themselves in deeper and more intense experiences than ever before, they reshape their thinking patterns continuously, ever evolving, ever becoming better. As for whether this is something annoying or irritating for others, it's not.

You just can't get bored with one of these natives around. They will twist your brain with mind-numbing information, and knowledge you never even knew existed.

They should learn to take a step back, and look at the general picture, instead of obsessively analyzing the details.

In a relationship, they can be very understanding and tolerant, because they have seen everything there was to see, and they are also very keen on trying new things.

Pluto in Gemini in love

When Pluto last transited Gemini's astrological space, it was a time of relative freedom for youngsters as far as sexual matters went. They were free to marry whoever they wanted for the most part, and this was a sign of the ever-growing expansive mindset of society.

This period of great evolution on this front has changed the perspectives on love of both women and men and should translate in a very relaxed attitude of the future Pluto in Gemini natives.

They perceive romantic relationships as having all to do with how one feels and not with material motivations. They are flirty and young at heart and will walk hand in hand with their significant others.

Sometimes, in a couple, they talk as if there wasn't enough time in the whole world, each of them living in the moment.

The Pluto in Gemini man

These men have most certainly learned the lesson of their ancestors and will resort to peaceful negotiations and persuasion.

They will make you go their way without you even realizing that you are being convinced and that is not really your opinion.

The Plutonian Gemini man might be viewed as lazy and not very interested in the betterment of society, especially given their changeable nature.

But there is nothing falsier than this, he will tick his fair share and beyond, but he does this in a rather inconspicuous manner.

Some men may fall prey to pessimism and loathing the state their life has reached but it is important that they don't break social contact during these times because this is their ever-to-go-to pick up.

Pluto's influence, along with the two-sided nature of Gemini, grant this man the ability to overcome the most desperate situations and change their outlook to a more optimistic one, perhaps in a matter of days.

Pluto ♇ in XI 11th House

([1111] i.thehoroscope.co)

This placement of Pluto makes people be exceptionally devoted to those dear and not only, ready to throw in a helping hand, whenever needed.

Those born with Pluto in the eleventh house of their birth chart are at the very extremes in terms of emotional stability. They will rage and wreak havoc on anyone who dares to go against them.

And when confronted with difficult situations that demand a calm approach, they will take out the sword and walk through rivers of blood. Grudges, mostly, are the way these people sink themselves in the swamp.

The great potential that they've been endowed with will always surface, stronger and deeper than ever. Moreover, their intuitive and psychic powers allow them a moment of respite and break from the waging war of the world.

Summary:

Strengths: Responsible, kind and caring;

Challenges: Dismissive, opportunistic and stubborn;

Advice: They should strive towards being objective not judgmental.

Pathways to success

These natives are going to go through one hell of a harsh time with regard to their social relationships to other people, social events, and the many group projects they're going to participate in.

Either they'll listen to the commands of others, adapt and follow orders, ply their trade according to certain regulations.

Or they realize the deep potential lying within their own genes, the great ideas and strong principles that others would simply admire, the game changes completely.

Now, they are the leaders, bringing everyone up to speed with new directives and pathways to success. Even more, now they won't readily accept to obey or submit themselves to the status quo.

They don't have that many friends. This happens as a result of the strong tendency to commit unconditionally to a friendship, to put every effort to develop and maintain it.

The Pluto in 11th house natives are literally exceptionally devoted and supportive whenever the case. However, they also expect the same kind of treatment from close people without having to ask for it.

The number of people who are this committed is not that large, to say the least. Moreover, they don't do well with large groups of people chanting or supporting an idea, simply because they abhor the herd mentality.

Holding something as being true without actually investigating that is blamable and worthy of distrust, ridicule, and mocking in their eyes.

One other reason they can't quite fit in groups is that they always distance themselves

by going against the flow.

Where there is something fishy or suspicious, they will call it out, often against the will of the majority. This makes them the black sheep instantly.

In general, actually, they think in a different way than most, are attracted by things that the majority doesn't even know about and uses uncommon means to get to their goals.

They want to develop an objective point of view, outside of the confines that a herd mentality retains.

The only real reason why they would ever choose to become involved in any group activities is that they want to hone their skills or learn something. Or perhaps they want to bring a change in the world, help achieve some breakthroughs that would do a lot of good to many people.

Pluto in 11th house people should, however, be extremely careful about who they choose to trust because these groups are home to despicable individuals.

Especially political parties gather people of unspeakable pretense and fakery, snakes that are just waiting to attack you from the back. They are very sensitive to how others react to their ideas, in general.

They will often wonder whether their actions or words affect the people around them, or better yet if they offend anyone.

This is an ill-begotten attitude that should be tempered, taken out of the equation because it only forces them to be subservient and weak.

If they could focus all this rampant energy toward let's say, humanitarian and altruistic ends, things could be very different. It's their responsibility to change something.

The goods and the bads

They are offered very lucrative opportunities through their friends and close associates, the kind that they trust with their lives.

The Pluto in 11th house natives are very electrifying and have very intriguing personalities that will attract anyone to them like a magnet.

Because of their principles and generally kind attitude toward the helpless, many people admire them, including their followers. However, they can also have very high expectations. Hatred or admiration, it all depends on how they approach most situations and problems. If they strive to bring everyone out unscathed, then they'll bask in the glory of victory.

If they give out commands and dish out punishments for insubordination without taking anything else into consideration, then chances are they're going to be hated.

For them, knowledge and information are two of the most important aspects. Of what? Of everything. One can't do anything without having the necessary know-how, the basic principles, the logic and the reasonable mindset based on knowledge.

They take it upon themselves to eradicate ignorance, superficiality, to foster a sense of spiritual upliftment, to bring out the best in people.

They are very capable of adapting themselves to people from different social strata, to understand and explain. However, it's also true that one can't change the world just like that. Sometimes, most of the times, no matter how much effort you spend, it's never enough.

They can't control everything, and they can't dictate how people will react to certain events. Sure, when there are grander things afoot, bigger odds to play, then sure, the 11th house natives are just the right people for the job.

But when it's something relatively simple, with no enduring consequences, then they should learn to be more tempered and back off. Otherwise, they will upset a lot of people by being too intrusive.

North Node ♏ in ♈ Aries 9° 40'

(Georges Muchery)

The Dragon's Head in Aries enables the native to undertake daring deeds with every chance of success; and he should not hesitate to go forward. Fortune favours him. This position indicates rashness that is profitable. It is also lucky for love; but after much torment on this account. In a critical situation, the Dragon's Head in Aries helps the native to extricate himself from trouble. It is similar to the Square in an unfortunate hand; it is the antidote to misfortune.

The Dragon's Tail in Libra prophesies lawsuits connected with material questions. It also means disputes in the home and danger of separation. It is not a good position for the spiritual evolution of the native, as it makes him practical (often too practical), which may lead to trouble with the law, or with those with whom he comes into contact. This

position, especially in the fifth house, shows anxiety on account of a child. Nevertheless, if the Dragon's Tail is in the third decanate of Libra and is well aspected, it is sometimes an indication of material abundance and increase of possessions. But money does not always bring happiness, and the native will realise this.

(Isabel Hickey)

North Node in Aries gives self-assertion and a progressive nature. Should develop independence and stand on their own convictions. Personality should be brought to full development. Before you can give yourself away, you have to have a self to give.

South Node in Libra shows there has been too much emphasis on leaning on others and letting them run the life. Now this person must make his own decisions whether they are right or wrong. Growth comes through one's own expression and experience.

(Martin Schulman)

Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'onemindedness'.

Highly susceptible to flattery, he goes far out of his way to do the things he believes will please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the middle, he assumes the role of the buffed trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand!

In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.

At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more.

He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse or brittle he loses

control.

He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity.

In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its efforts. This brings out the contrariness of the Libra South Node and actually prevents the individual from finding his real Self! The North Node can come out only when the South Node is brought to the highest possible karmic level. Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth.

He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.

Always liking to see both sides of everything, he divides himself in half at every crossroad. When these divisions become so painful that he can no longer bear his own indecision, he starts to reach for his Aries North Node.

Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself, he must still be mindful of how his newly-discovered assertiveness influences those close to him.

For short periods of time, he will have to isolate himself in order to gather his strength.

His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.

Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!

In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning.

The house which contains the South Node shows the area in life where too much past identification with others inhibited self-development. The house which contains the North

Node designates the area where the Self is now experiencing its birth. Once a new sense of Self-identity is achieved, this individual will feel like Columbus discovering America; and the most amazing part of his discovery is reaching the awareness that it was there all along, but he never knew it.

(Mohan Koparkar)

Previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.

(Donna van Toen)

You need to learn to do things for yourself. Your Libra South Node may respond: 'Yeah, but it's much easier to let others do things for me. Every time I try to do my own thing, either somebody takes advantage of me or I wind up getting somebody mad at me'.

Your major problem is that you are not rational when it comes to relationships.

Possible reasons: You have such a hang-up about being fair to everybody that you bend over backwards for others at the expense of your own individuality. You've stifled your leadership abilities because using them led to friction or discord. You're unable to get started on things without help, due to lack of ambition or self-motivation. Life experiences have over-emphasized the value of leaning on others and encouraged passivity as a means of gaining acceptance.

Possible solutions: Force yourself to undertake leadership roles. Dare to be enthusiastic about your beliefs and interests. Cultivate spontaneity. Do things on your own once in a while. Find a guru to follow. Find a big strong man (or good woman) to lean on.

With Libra south node, decision-making is often a problem. This is because with Libra south node, there's a tendency to overdevelop logic to the point that it smothers the Aries feeling and acting functions. However, feelings can't be totally ignored. They have a way of coming out and moving you in certain directions whether you choose to be aware of them or not. If they're denied positive expression through individuality and assertiveness, they'll be forced to take a negative route through insincerity, meddling or

dependence. With Libra south node, rationalization can lead to irrationality, since feelings get lost in the shuffle. Usually, this dependency on passive intellectualizing is the result of some traumatic experience where feelings have let the individual down. Often he or she has been ridiculed or rejected for reasons that were never clearly understood, and from that point on has decided that feelings can't be trusted. So figuring out strategies replaces feelings. The Libran south noder takes great pains to be sure that all decisions about marriage, job and life style in general are formulated logically and planned thoroughly. The trouble is that logic without feeling leads to marriage without love, prestige without satisfaction, and existence without living. Eventually depression sets in and logic ceases to function. At that point, Libra south node is forced to get in touch with his or her feelings and take appropriate action, thus attaining a nodal balance between Aries and Libra.

In my experience, the person with an over-developed Libra south node dislikes being alone; asks for help and advice, but then seems resentful of it; spends a great deal of time and money on grooming, cosmetics, clothing etc.; speaks in a monotone or a very tiny voice; is indecisive; is extremely co-operative to the point of being a door mat; has an inferiority complex; is a gracious host or hostess whose door is invariably open to everyone at all times; works hard at romance; and feels sorry for single people, regardless of their circumstances.

North Node in Aries wants to be outgoing. He or she wants to be a self-started, well able to lead and assertive enough to get what he or she wants. In contrast, this person is generally well-liked but inclined to see himself or herself as passive or too shy. There's usually an interest in or talent for art, fashion, editing, publicizing, or some other Libra-ruled talent; but because the person seldom challenges that talent by doing anything innovative, he or she is passed by when the acclaim gets handed out, and may begin to feel resentful. He or she can be sympathetic to the point of becoming a doormat, and may become so enmeshed in others' struggles for success and happiness that his or her own needs remain unfulfilled.

Antidotes for Aries imbalance: Psychological counselling (particularly assertiveness training) is often helpful in learning to utilize the Aries North Node. The client might be advised to write or tape a statement of his or her philosophy of life, including a list of goals for the next year. You may then help the client determine how to best express this philosophy while fulfilling the goals. Scientific study, particularly in the field of physics or physical development, may be recommended if the client shows aptitude along these lines. Any sort of discipline program - from Scouting to the National Guards - could prove beneficial. Travel - preferably alone - is recommended. Leadership roles - particularly in the work sphere - should be accepted.

For any type of Aries imbalance, the catch-phrase should be 'Try something new'. This 'something new' should naturally coincide with some untapped talent, as shown in the chart.

For many reasons, clients may not be ready to embark on a totally new life style. In these cases, a new hobby could prove beneficial. Among the hobbies I'd recommend for Aries nodal imbalance are: any sort of nature activities, from hunting to photographing wildlife, football or soccer, hockey, boxing or karate, enamel work.

(Haydn Paul)

You may need to be more independent and not be reliant on relationships or others' perceptions of you. You should avoid shaping your identity by assuming others' attitudes, beliefs, and values. Lacking self-confidence can result in confusion and indecision, especially when important decisions are required. At times, it may appear that you allow others to decide for you.

Relationships can provide security and stability; and you try to please those on whom you depend. Yet, through lacking self-knowledge, you may fail to acknowledge and respect your own needs, desires, and aims.

Be wary of more dominant influences; you may be gullible and impressionable. If so, you need to outgrow this and assume responsibility for evaluating situations and options. Relying on others will interfere with your choices and major decisions. At times of crisis, a divided self only offers additional confusion and pain; and you need to be decisive to resolve issues.

Try to follow inner promptings - perhaps previously ignored or dismissed 'messages'. Move in the direction toward which intuition guides you. Through developing faith in this process, you can release potential and be true to your nature. In so doing, you can discover how to honor your whole self.

When overly sensitive to others' needs or tending to confuse them with your unrealized and unfulfilled desires, you may experience weakened vital energies, which can create occasional depression. Acknowledge and assert your requirements, and take responsibility to satisfy them, as these are important for integration and personal growth. While a concept of service to others may remain a motivating force, your first priority must be to yourself, so that you integrate your whole being, instead of diminishing yourself through relationship dependency. Once this is achieved, you could serve from a different yet more effective perspective. When you attain inner harmony, energies radiating from you will also embody this quality to benefit others, even though some may find these energies uncomfortable due to their own disharmonious state.

Your new assertiveness also needs to respect relationships, connecting self and others for mutual benefit. You need to be true to yourself and to discover how to cooperate with others. By acknowledging your nature, you can explore relationships to greater depth, enriching them through shared understanding. Often, the Libran energy is activated

when you try to unify people, ideas, and situations, operating like a central balance between opposite conditions. The new balance required from you is 'self and others', where you develop balanced attitudes, individuality, and independence, while creating interdependent relationships. The key to this is to transform dependent behavior patterns.

(Bruno and Louise Huber)

Aries is the cardinal Fire sign. It is 'the' sign par excellence, in which selfmanifestation takes place. Here, the 'I' must stand out against the world, and especially against the 'You'. We must be able to say 'Yes' to ourselves, and to express this attitude in our lifestyle. Nevertheless, the way in which the desire for selfassertion is expressed by the Aries native will depend on our state of awareness. Or, to put it another way, the hazier the picture we have of ourselves, the more we resort to force; but the more differentiated our consciousness is, the more subtly we proceed. Yet even when being fairly subtle we still use 'push' - we have plenty of that. The 'I' tends to manifest itself in what may be pictured as a series of pulsations. The same is true when the Moon's Node is in Aries: we try to bring our personality to bear on the world in order to make things happen. This placement of the Node is usually a fairly strong incentive to be creative. Someone with the Node in Aries is incapable of settling down to routine work, even when output would increase. Increased output is not a consideration with Aries; what matters is creating something unlike anything anyone else can create. To produce something creative that is completely personal is the ultimate in self-expression for this sign.

With hard aspects to the Node, there is a danger of over-producing like some sort of 'Stakhanovite'. The native engages in hectic activity, and revels in quantity instead of being creative. However, the individual with the Node in Aries can produce an enormous amount of truly creative work.

North Node ☾ in IX 9th House

(Georges Muchery)

This position is excellent for things of the mind. The native will constantly progress when the Dragon's Head occupies this house. His synthetic mind will enable him to undertake anything and succeed in everything, so long as the horoscope on the whole is favorable.

In a woman's horoscope, it indicates marriage with a man above her station in life; and the husband will be 'somebody' from the pecuniary as well as the social standpoint. It is also fortunate for travelling, which will occur under comfortable and pleasant circumstances. For a man, this position is fortunate for taking up politics, as it enables him to emerge victorious in oratorical controversies through his facility of speech (provided Mercury is free from affliction), and especially through his ever-present common-sense.

The Descending Node (Dragon's Tail) in the third house causes serious disagreements with those around the native. With an evil aspect of Mars, it signifies blows and wounds received during a dispute. This position is not good for the native's education, and compels him to associate with low-class people, which may be to his detriment. It is also a token of disharmony with the parents, brothers, or brothers-in-law, and is detrimental to the native's good repute, gossip, slander and calumny being the fruits of the Dragon's Tail in the Third House.

(Isabel Hickey)

Too much emphasis on mind and not enough emphasis on superconscious power. Faith and devotion to an ideal needed. Separative tendency strong, for mind separates; heart unites. Faith is tied with feelings and with the heart. Inner philosophy along devotional lines needed to balance the intellectual faculties. Should travel, outwardly and inwardly, for expansion. Relatives are the source of difficulties, and it would be well to be away from them if possible.

(Bernice Grebner)

Many times when the North Node position in the ninth is not developed, it gives the person a tendency to defy the law in some way, or gives the inclination to find ways of working deviously within the law. This can indicate also a disregard for religion. The person may have a difficult time being ethical. Religion can be touched upon only subjectively. He needs to develop an interest in psychology, religion, and abstract philosophy. He must become more objective in his thinking and studying, expanding mentally and spiritually. The person with North Node in the ninth has to try to absorb and assimilate what is beyond his mental reach. He needs to become more objective in his interpretations within his immediate world.

South Node in the third is subjectivity. The person has the ability to express himself very well, and is keenly interested in mental pursuits. This gives a strong psychic tie to brothers and sisters, and could bring loss of one through death or separation. It can give writing ability with favorable aspects to Mercury, Venus, or Neptune. There is a strong urge to share knowledge with others. South Node here denotes a duty in caring for brothers and sisters who may continually drain the individual. There is also much involvement in activities for the community. It is most difficult for the person with South

Node in this position to finish his formal education. The person would rather read and study on his own, or he goes back to school in an on-again, off-again way. This is an influence that gives impatience. There could be many small accidents if this Node is badly aspected. Involvement with neighbors is a continual problem.

(Mohan Koparkar)

This condition often signifies that one has to utilize all their philosophies and higher knowledge to cope with the situations in life. They have to learn a lot of lessons from their mistakes, and in many cases, they cannot even communicate their problems. Mental distortion or uncommon thinking is noticed in them. Affairs of brothers or sisters are very destined in their life whether they want to or not. They will get involved with publications, publicity or some 'foreign' affairs / activities in their lifetime due to strange coincidences. Either they have relatives living far away from them, or they often maintain a large gap between the relatives. Long-term relocation is often significant for them, even though they dislike short travel.

(Martin Schulman)

This individual is forever pulling himself out of webs of entanglement. Every relationship he enters becomes so complicated that he has to use all his energies to free himself. In past incarnations he developed a great need for people, and herein lies his weak spot, for as much as he now thinks he would like to be alone he feels an almost compelling need to reach for others

He listens to problems and likes to be in the position of giving advice. Often frustrated by the multitude of problems dumped in his lap, he secretly thinks that if he had had more education he would be better equipped to cope with all the questions that befall him. He keeps trying to be as diplomatic as possible, and is constantly enmeshed in the after-thoughts of the words he has spoken to others.

Always conscious of the interpretation his words may be given, he nurtures an inner fear of being misunderstood. As a result, he keeps going back to yesterday's conversation to re-explain all that he meant.

He must understand the essence of truth without having to feel compelled to make truth smaller by trying to communicate it verbally to others.

One of his greatest problems is dealing with the karmic residue of an insatiable curiosity, which although it served him well in former incarnations now keeps leading him deeper into webs of details. His greatest crises occur each time he is forced to make decisions, for rather than relying on his intuition or his higher mind, he keeps seeking more facts and details in the hope that when he has all the information the decision-making process will be easier.

Constantly striving to achieve neutrality, he becomes a paradox to himself. In prior lives, he fell into the habit of identifying with catchy phrases, cute sayings and euphemisms to the point that he has now become a walking cliché.

Liking to read and explore a wonderland of knowledge that he sees around him, his life is a constant thirst for more understanding. He is convinced that this is the one path in life that has no end. Whatever he becomes keenly interested in he can make into a life-long study, particularly if the South Node is in a fixed sign.

He likes to feel worldly. As a result, he'll do things that others wouldn't, just for the sake of experiencing new understanding.

His current life is involved with so many people that hurt feelings are bound to fly, not because of any malicious intent but rather through the inability to keep up with everyone in whose life he has become involved. At the very deepest of levels, he has many inner doubts about himself which become amplified when he speaks with others, for if it were at all possible he would try to be all things to all people.

As a result of past-life habits, he spends too much time in 'lower mind'. He goes through more movement than he has to; and if this is not expressed physically, then he does it in thought. At times his merry-go-round of possibilities is so great that he thoroughly drains himself by thinking about what he should do. As a result he does nothing.

He will experience fears that he is sexually impotent. Once he starts questioning along this track, his enormous thirst for understanding can lead him into a promiscuous behavior pattern until he is reassured that all is well and he is perfectly normal.

On his deepest level, he is not a sexual animal, but in fact so mentally inclined that he has fears of being shut out from the nitty-gritty of life because of his mental inclinations.

Like the young child afraid his peers will accuse him of being a bookworm, he will dare himself to prove that he can be accepted in a physically-oriented world. Nevertheless, his greatest subconscious need is one day to become a walking encyclopaedia so that he will never be caught short, lacking the right piece of information at the right moment.

His biggest growth comes when he learns how to make the karmic transition from lower to higher mind. As he drops his past-life attachment to trivia, his eyes begin to open wide to the enormous horizons before him.

The less he talks to others, the more faith he starts to develop.

He must leadn how constantly to broaden his interests so that the scope of his knowledge is not limited by the demands of his immediate circle of relationships. He

does well when he learns how to step back so that he can see the forest from the trees. When he does this, he also learns how to let things slide off his back, which gives him a new sense of peace that somehow always eluded his reach.

Travelling helps to broaden his perspective, and he meets his greatest successes far from his place of birth. For some, the life will be influenced greatly by a foreigner.

Through the ninth house North Node, enormous spiritual growth is possible once the individual has learned how to pull away from all his prior-life doubts and questions. He must take his mind out of a finite world and focus on an infinite consciousness.

He will lose friends by doing this, for there are few who will understand his sudden aloofness. But through those who stay with him he will learn the difference between a friend and an acquaintance. As he grows, he begins to focus on ideas rather than the words through which the ideas are expressed. He sees how others limit themselves by language, and tries to speak to their ideas rather than to their words. The sign which contains the South Node indicates the ways in which the soul memory of past incarnations is still too embedded in lower mind activities. The sign which contains the North Node shows the ways in which the individual can now free himself through the broadening influence of the higher mind.

(Donna van Toen)

Conflicts: Devotion to causes vs. the need for stable routine. Dreams vs. realities. Psychic or intuitive mind vs. logical mind.

Possible results of sacrificing North Node: Entanglement in mazes of busy-work, gossip, family feuds, etc.. Problems with teachers, in-laws, foreigners. A tendency to take everything too literally; inhibition of the higher mind. Cynicism, agnosticism. Insatiable curiosity bordering on meddling.

Possible ways to integrate the North Node: Expand your mind by taking courses. Read about controversial issues and try to formulate opinions. Travel. Be selective about people; avoid gossips and crisis-prone erratic types. Take time out from routine activities to try new things.

In the ninth house, the hang-up centers around education or learning; and a lack of self-restraint invariably plays a major role. This person is often so easily swayed by his or her environment that life is spent moving from one bandwagon to another. A lack of continuity is often seen, too, making a little learning truly a potentially dangerous thing. Occasionally we find the reverse intellectual snob, one who values manual dexterity in just about any form but has no use for mental dexterity.

North Node in the ninth house dreams of being some type of teacher. He or she feels that education holds the key to tapping his or her fullest potentials. Success and progress are important themes of the dream motif. This person tends to let emotional factors stand in the way of success. While there may be a great amount of potential, as long as emotions take precedence over sense, the dream can't be fulfilled. Inconsistency is often a problem, since the mind rarely understands what the emotions are doing.

(Haydn Paul)

Your main concern is likely to be communication, relationships, mental development, and intellectual gathering of information. Relationships may become a source of conflict and confusion. You may not feel at ease with intimacy, and may prefer to break free from complications. As you are more mentally focused, you feel less comfortable with emotional and physical levels; sexual unease may also exist. This can be because you are less physically preoccupied than many, and so need intimate relationships less; sexual urges do not dominate your motivation or desires. You can learn to accept your sexuality as a natural expression, but within a context which values other aspects of relationships even more highly.

You can enjoy being alone, pursuing interests undistracted by others; yet there is also an impulse that seeks to communicate and relate with others. Balancing these tendencies can cause some difficulties.

People with emotional problems often turn to you for support, finding your detached mental perspective beneficial and calming. You help them find a more rational viewpoint to deal with agitated emotions. You enjoy this role and try to be helpful, hoping that your supportive advice can be used by them for positive results; you are very careful with suggestions, and try to ensure that you are not misunderstood.

Sometimes your tendency to be diplomatic and neutral has negative effects on you. Using evasive and nonconfrontational words can eventually interfere with identifying your own thoughts and feelings; and you could lose sight of your perception. If this occurs, it may be better to become more true to yourself and ensure personal clarity. This could become more problematic if your social life builds into an ever-expanding web of relationships and contacts, making it inevitable that, at times, you will inadvertently upset someone. Relationship conflicts may happen, and this makes you confront inner doubts; if you have not been fully honest in your 'diplomacy', you will realize the futility of interfering with genuine communication. Through unnecessary relationship compromise and evasion of honest contact, you may become less true to yourself.

Keep conscious control of your life, or you may experience phases when its pace appears to increase, making you run faster on a treadmill just to keep in the same place. This could be the result of a social or mental whirl which makes you feel increasingly

uncomfortable and could cause symptoms of ill-health and problems in decision-making. You are not always adept at making choices and decisions; you prefer gathering all facts and details prior to deciding. The difficulty lies in believing there are more facts to accumulate, and so postponing choice. Perhaps relying more on intuition or 'gut feeling' could be experimented with.

Stocking your mind with knowledge and information will become one of your favorite occupations; and the world appears to you as a treasure trove of facts, interests, and fascinations. You want to accumulate as many of these as possible; and your need to understand will be a lifelong preoccupation, with interests spanning human knowledge and never resting in the search for more pieces of the human puzzle. At least through mental journeys you will explore the world, although physical travel may also appeal, and would broaden your perspective. It may be that success will come through leaving your place of birth, or through foreign contacts.

You need to focus your information gathering, so that you can synthesize your knowledge into something usable, something that reveals important truths about the human condition and the nature of life. If you can do this, you will provide extra meaning to both your own life and others' lives, as you concentrate more on inclusive ideas and less on fragmentary facts. As your vision extends, your ability to communicate will also become more effective.

(Bruno and Louise Huber)

The 9th house has to do with the development of individual thought, or spiritual autonomy. What is involved here is the 3-9 (or thought) axis. In the 3rd house, our task is to learn the language, and to absorb the knowledge, of the group. In childhood, we accept the thought-structures of our environment, of the group in which we live; and we are molded by the thinking of those around. The collective enshrines not only knowledge but also routine patterns of thought which are almost mechanical. Thinking in the 3rd house is fairly reflex, and travels along fixed lines.

In the 9th house, there is an awareness of, and an ability to distinguish, those thought structures and routines, those scripts or programs, which have become second nature. And not until this state of awareness is reached can we discard the things that do not tally with what we have worked out for ourselves. In the 9th house, we must create our own philosophy of life and strive for intellectual freedom. We must form a picture of the world that is as objective and as devoid of valuejudgements as possible, by examining things for ourselves, making up our minds about them, and so arriving at our own outlook on life. The evidence of our senses should provide food for thought. The ability to draw conclusions from what is observed, to follow the course of events, and to have clear ideas and a personal point of view, is typical of the 9th house. Our prerequisites are accurate observations and keen perceptions, from which valid results can be obtained, inferences made, and our own attitude developed. Muddled ideas carried over

from the 3rd house can be full of prejudice, however, and may make it difficult to think clearly in the 9th house. Therefore, with the Node in the 9th house, we need to make a special effort to form our own opinions and to draw up a clear account of them. We should try to avoid being led astray by others either intentionally or unintentionally, or by automatic responses of our own that spoil clarity and obstruct freedom of thought. If we come across a good idea, it is not good because it is said to be good, or because it emanates from some authority; it is good only if we can verify it by obtaining the same results. Verification is the task of the 9th house.

Keen senses are absolutely vital for clear thought. Keen senses are symbolized by Jupiter, the ruler of Sagittarius, which is the counterpart of the 9th house. Obviously, there is a connection between observation and thought, and this connection is represented by the 9th house (and by Sagittarius). Our senses need to be in good working order before we can make clear judgements.

We require the courage of our convictions when putting forward our own ideas. We need to be self-confident to trust our own observations and feelings, and not to be persuaded by the crowd that we have seen, or should see, something different. The 9th house encourages us to stick to our point of view, and to the truth we have discovered for ourselves. Of course, we must not think that we are always right or that we can do anything. The progress indicated by the Node in the 9th house comes about through expanded awareness by means of original thinking, travelling, and philosophizing, etc., after we have left the route charted for us by others. When we take an independent line, query what we are told, and experience things for ourselves, we learn what life really is.

North Node in the ninth house or Sagittarius: (James Braha)

If the North Node is in the ninth house or Sagittarius, the person's greatest growth, evolution, and fulfillment come through pursuing religion, philosophy, and higher knowledge. In past lives the person was intellectual, analytical, meticulous, precise, and skeptical. Now he is to cultivate faith, and concentrate on ideals, paradigms, and the ultimate truth of existence. The person should use wisdom and seek broad viewpoints. He must give credence to his intuition, feelings, and inspirations. He must take his visions and prophecies seriously, and give little importance to the petty and inconsequential in daily life. The person gains his greatest happiness by devoting his energies to spiritual ideals, mystical movements, and enlightened gurus. He is exceedingly gifted in promoting religion or any other knowledge which raises the consciousness of the masses. Publishing, as a career, is greatly favored.

The person must continually discriminate between right and wrong, and even make a discipline of the process. He should seek freedom and liberation, and develop his soul conscience. Beliefs, principles, and morals are everything, and the person must maintain a positive outlook under all circumstance. The person is eternally concerned with profundities. He knows the meaning of life is to find perfection with God. Money,

possessions, and material comforts are of little consideration. The person should seek to increase his generosity and charitable nature. Travel is a source of evolution; and the person may wish to engage in foreign affairs. He should take fun and recreation seriously, and enjoy speculations when he feels the impulse.

The person may pay little attention to relationships with siblings and relatives. He must relinquish his previously constricted or microscopic way of thinking and allow his perception and insights to take him to the highest interpretation of life that is possible.

In Hindu astrology, the North Node in the ninth house indicates cravings for religion and higher knowledge, and great power after the age of forty-one. However, there may also be difficulties with the father and religious or spiritual teachers. The South Node in the third house means that the person is strong-willed, exciting and adventurous, and good at fulfilling his desires. It also signifies a spiritual, introspective, or introverted younger sibling. The nodes in the signs are much less significant.

(Black Moon) Lilith ♀ in ♒ Aquarius 0° 28'

([1147] elsaelsa.com)

Neo-Creator

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you

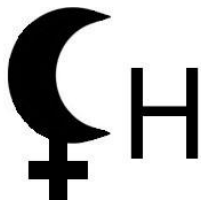

know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

(Black Moon) Lilith ♀ in VII 7th House

([1155] elsaelsa.com)

Scrying Mirror

If you have Lilith in the 7th house of your chart, her themes will manifest in terms in terms of relationships, partnerships, and objects of pursuit. The “other” in your life will take on a distinctly Lilith flavor.

In the 7th house, we meet the people involved in giving shape to our journey to know ourselves. Everything present in the 7th house is present in our own being, but often manifests in the form of other people. With Lilith in the 7th, your partners will be those who live out your own pain and fury for you. They force you to either own your darkness or live in impotent outrage. They hold up a mirror to your darkest self. You often find yourself so angry and disappointed with them when you are really furious about the injustices that you yourself have faced. But until are ready to own them, you will continue to pick partners who remind you.

This is part of why, in traditional astrology, the 7th house is known as the House of Setting. Here is where the Sun sets, and here is where things we cannot or will not absorb into our own being cause us to come undone. With Lilith in the 7th, your partnerships will be your weakness. This can be as simple as being a sucker for a certain type of appearance or as all-consuming as sacrificing your own life and happiness to meet your partner's whims.

Finally, Lilith in the 7th house is unknowable. Think about what a lifelong process it is to come to truly know yourself. With that in mind, think about what an impossible feat it is to truly understand another person. With Lilith in the 7th house, you will struggle mightily to fully grasp the scope of your own pain. And because if this, you will likely underestimate your ability to cause pain to others. Yours is a very sharp knife, and it is absolutely imperative that you learn to wield it well.

This placement is so complex and could be a book in its own right. But if there's one thing I can leave you with, it's this: Your pain is your own, and you have a lifetime of exploration ahead of you. In the meantime, welcome the partners who challenge you and make you uncomfortable, within reason of course. The more you are willing to engage with and understand their darkness, the ore you will come to understand your own. And then, finally, you can begin to find peace.

Chiron ♄ in ♌ Leo 17° 17'

([1252] astromajesty.com)

Chiron in Leo is a significant placement for being or pretending to be a public figure because it's associated with self-expression and talent. Hence, it is a frequent placement among celebrities, politicians, and scientists. Some of them are Jimi Hendrix, Sharon Tate, Joe Biden, and Stephen Hawking.

People with Chiron in Leo will experience that their primal wound centers around creativity and recognition. They often feel that the world is not seeing their uniqueness or that they can't express it. Thus, sometimes they think that they are always in the background and that they can't show what makes them unique.

It is not rare that individuals with this placement feel ignored, unnoticed, and underappreciated. Sometimes, they are indeed highly disliked, or people find them ordinary, average, and insignificant. That hurt Leo Chiron persons deeply, and it shatters their self-esteem.

The truth is, these individuals most often crave validation, appraisals, and being in the center of attention. Leo Chiron people love drama because it appeals to their intense and curious personality. That triggers them to chase the thrills and highs, but nothing brings as much satisfaction as endorsement and approvals.

They have a zest for stories of success, climactic romance, and documentaries about famous people. It gives them an incentive to open up to the world and show their talent

because Leo Chiron people always seek confirmation from others in some form.

Even though persons with Chiron in Leo are usually gifted or talented, they have many self-doubts that prevent them from nurturing those abilities. Hence, they can struggle with feeling uncreative, mediocre, or unimaginative. One of their biggest fears is being an average Joe or Jane and not leaving their legacy to the world.

Perhaps their fears come from early childhood. If parents didn't acknowledge their flair when they were kids, they might feel no one else will because they don't have anything special inside. They likely experienced bullying for their artistic expression as kids, or their peers always got more recognition and praise. However, that initiated self-doubts that grew over time.

Because of that, Leo Chiron doesn't believe in their talents, or they fear they're not remarkable enough. Even if they find the strength to share their abilities, they don't believe in their talent. They torture themselves and wonder whether they're copycats, cliché, over-the-top, repetitive, or dull.

Due to their fear, they avoid pursuing their dreams or joining groups, institutions, and communities that could nurture their talents. Leo Chiron individuals believe they don't deserve to be among talented people due to their lack of talent.

It is why people with Chiron in Leo tend to hide their capabilities and why they deter from showing the results of their passionate work. In some cases, they don't even want to be seen, noticed, or heard. They avoid the public, and they don't see themselves as worthy of attention, praise, and applause. What terrifies them in all cases is the fear of criticism

On the flip side, Leo Chiron people can be too hungry for approvals, which causes them to do everything in their power to get recognition and an ovation.

People with Chiron in Leo also encourage the talents of other people while neglecting their own.

Men with Chiron in Leo

As children, men with Chiron in Leo encountered situations where their talents were ridiculed or not well-received.

One of those experiences forced them to start to think of themselves with a sense of unworthiness. Men with Chiron in Leo Chiron rarely remember what caused their self-doubts because they suppressed the negative memories.

These men often have severe social anxiety. They struggle with public speaking and being in large groups of people.

Whatever the case, they don't feel comfortable being in the center of attention and with people looking at them. It is why they always avoid situations in which they have to perform, present, or address the public.

Men with Chiron in Leo are rarely bad-intentioned. But unlike their female counterparts, they can be unpleasant and dramatic with people who criticize them.

Even If someone is trying to correct or help them improve, males with Chiron in Leo can react quite harshly. Attack tends to be their defense mechanism, and they use it whenever they perceive someone is putting them down.

Leo Chiron males don't like when other people mock them, not even their close friends. Any remark that reminds Leo Chiron men what they think of themselves infuriates them and affects their confidence. Hence, these men don't relax easily, and they are always on alert for attacks.

They are also likely to pretend that they don't care about the opinions of other people.

Although it eats them up inside, they will act indifferent and ignore if someone insults or provokes them. Leo Chiron men are so used to the idea of being unworthy that when others compliment them, they usually don't believe them.

Men with Chiron in Leo often bury their dreams and aspirations because they doubt they can achieve them.

Sometimes they secretly dedicate themselves to their talents because they fear others would ridicule their attempts to express themselves. It is wrong to assume they don't want others to recognize and applaud their abilities. It's quite the opposite.

Leo Chiron men don't want to be too obvious. They prefer when other people convince them that they're talented and to keep it going. These males believe that if they follow what other people told them, it won't be their fault if they don't like them.

However, Leo Chiron males can also be theatrical and invest all their energy into becoming famous. The problem is that they shouldn't share their abilities to get approvals. They should do it because they genuinely have the urge to express their talents to the world. It is how Leo Chiron men will accept themselves and relinquish negative childhood memories.

Summary

People with Chiron in Leo believe that life is there to enjoy it, but they usually constrain themselves from doing it. The reason is that someone discouraged them from expressing their talents. However, that's what they need to enjoy life genuinely.

If they had parents who belittled them or didn't acknowledge their abilities, Leo Chiron people probably grew up thinking that they are not unique enough.

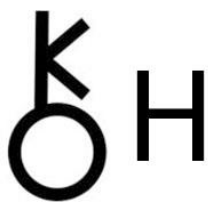

On the other side, their peers, professors, or mentors likely ridiculed or compared them with other kids. Consequently, these people believe that they are either not talented or that others are more gifted than them.

Hence, they have issues with expressing themselves, and they hide their abilities from the world. People with Chiron in Leo can be beyond talented, but their sense of worthlessness will prevent them from showing it. Many are so convinced of that idea that they completely neglect or forget their skills.

These people are used to being unnoticed, perceived as ordinary, and untalented. Persons with Chiron in Leo prefer to keep a low status and avoid being in the center of attention. They are terrified of criticism and don't believe they are worthy of applause and acknowledgment.

These people must find their inner power and learn that the only acceptance they need is the one from themselves.

Chiron ♄ in I 1st House

([1260] astromajesty.com)

People born with Chiron in the 1st house probably have a wound they can't hide, and others are aware of their struggle.

Overall, it's a problem, trauma, or weakness that's the most challenging to conceal compared to Chiron in other houses. That is because it is associated with the conscious self, and it is deeply rooted in one's being.

The wound shows itself, and it manifests in one's behavior, identity, or confidence. Hence, it is closely associated with a sense of self-worth. Others will notice it in how one presents themselves and acts when people are paying attention.

It is a wound that is inherently visible. Hence, it reflects on one's physical appearance, physical health, or treatment of others. But it can also show in one's emotional or mental

well-being, although more rarely.

Chiron in the first house typically represents the pain originating from one's formative years, usually when one learns how to accept its changing body.

Because of that, it likely starts in early childhood or teenage years when a person is vulnerable to how others perceive them. It doesn't necessarily represent a physical impairment or deformity.

Instead, Chiron in the first house can indicate that how one looks or dresses doesn't align with their culture, group, or society altogether. Sometimes these natives have an atypical lifestyle or clothing choices, which often shock or annoy people in their environment.

Self-esteem and self-love issues

People born with Chiron in the first might not fit in the typical beauty standards due to a crooked nose, body weight, or skin type. The sign where Chiron in the first house settles in determines where the issue could be.

Whatever the scenario, the trauma turned this pain into an integral part of one's identity. These natives associate themselves with their wounds and often believe they are what others see in them.

For instance, if others used to call them freaks, they start thinking they are. In a way, Chiron in the 1st house represents a self-fulfilling prophecy.

Since one has this pain from an early age, it tends to remain for decades, if not throughout life. These natives might learn how to conceal it or live with it without much disruption, but the wound will eat them up inside.

It is not difficult to notice when someone has their Chiron in the first house. If their wound lies in the physical realm, they might hide or improve some body parts, dress overly flashy or modestly. They aim to conceal their self-worth issues by emphasizing what others might like.

On the other side, if their pain lies in the emotional or mental realm, it will probably manifest in their personality and behavior.

People with Chiron in the 1st house should pay attention to how they present themselves, how they want others to see them, and what makes them feel vulnerable. If they are unaware of their traumas, this should force them to come to the surface.

Perhaps those with this position felt invisible, pushed aside, or ignored during their formative years. It is why they learned to come off as uninterested, cold, and detached.

That makes others believe these natives can't be hurt because they don't care about anyone's opinion.

People with Chiron in the 1st house could also be afraid of getting close with someone because they don't like when others make them vulnerable.

Depending on the sign this placement lies in, one could also become too clingy and dependable but terrified of their loved ones getting to know who they are.

The most challenging position is Chiron in the first house conjunction ascendant because it is more intense. Because of that, it tends to manifest physically and is more noticeable to other people.

Fear of other people's opinions

These natives are typically hypersensitive and worried about what others might think of them. Their trauma often makes them blow everything out of proportion and make the problem worse than it is.

People with Chiron in the 1st house have a hard time loving themselves or a part of them. Whatever their wound is, they are so terrified of it that they can't even look at it.

They could become so lost in their trauma that they would do anything to remove or hide the source of their pain. It is why people with Chiron in the 1st house are likely to enhance their bodies, undergo plastic surgeries, become obsessed with makeup or fitness.

However, regardless of what they do to conceal their wound, it usually remains because they didn't genuinely confront it.

It is how this trauma could grow to become self-hate or despising society. People with Chiron in the 1st house could lose a sense of identity by becoming who others want them to be. If these individuals make everything about their trauma, they could neglect all the other qualities that make them who they are.

The risk of losing life direction

These persons also tend to lose their life path. Individuals with Chiron in the 1st house try hard to find themselves but end up getting nowhere. They tend to change lovers, friends, locations, and styles, looking for their identity, which often ends without any result.

The worst comes when they start believing that people around them have everything figured out. It is what typically makes them hate themselves more or envy others.

If they don't confront their wound without making it look prettier or more acceptable, they

could become frustrated and feel empty. These natives have to learn to live boldly and put themselves out there without fear of judgment. Chiron in the 1st house is about self-acceptance, self-love, and perseverance.

It represents the journey of embracing one's flaws, weaknesses, and impairments and using them to become stronger. These natives must stop concealing their wounds because they will keep reappearing.

Instead, they must confront them, identify where they come from, and what's the best way to heal them.

1) ► **Ascendant** ASC **Parallel** ☉ **Sun** - (1°21') ♏1 | ♎4

([11] astromatrix.org;) Paparazzi Magnet

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Ascendant** ASC **Parallel** ♏ **North-Node** - (0°06') ♏1 | ♏9

([100] astromatrix.org;) Transforming Personality

With North Node conjunct the ascendant you are able to shape your personality to be in harmony with prevailing social trends. This can make you popular, but also superficial. Your actions aren't based on fundamental convictions but on popularly accepted behavior. You're often tall, lanky, cheerful, optimistic and jovial. Your effusive outgoingness often prevents close personal relationships or lasting partnerships by making others feel inhibited and suspect a lack of sincerity. You can be serious and calculating when dealing with the public or partners.

Your karmic path is combined with your identity and ego, which allows your personality to align well with your growth and evolution. Be careful not to use your charm or popularity for selfish gains but for helping others. Also, since the South Node is connected to your Descendant, it is important to choose your partner wisely as many times they can represent your past karma may cause a block or hold you back in any transformation or growth you seek within this lifetime.

3) ► **Midheaven** MC **Parallel** ♆ **Neptune** - (0°32') ♏12 | ♏10

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

4) ► **Sun** ☉ **Parallel** ♀ **Venus** - (1°19') ♎4 | ♌3

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows

relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

5) ► **Sun** ☉ **Parallel** ♌ **Pluto** - (1°20') ♎4 | ♏11

([10] astromatrix.org;) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness

can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

6) ► **Sun** ☉ **Parallel** ♊ **North-Node** - (1°15') ♍4 | ♎9

([13] astromatrix.org;) Special Privileges

With the North Node conjunct the Sun, you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun conjunct the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

7) ► **Sun** ☉ **Parallel** ♎ **Lilith** - (0°56') ♍4 | ♎7

9) ► **Moon** ☾ **Contra-Parallel** ♂ **Uranus** - (0°22') ♈1 | ☾12

([157] astromatrix.org:) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A

tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by

an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

10) ► **Moon** ☽ **Contra-Parallel** ♀ **Pallas** - (1°30') ♏1 | ♀11

([577] 12andus.com:) Your intuition and emotions can make you feel insecure about situations in which you need to advocate for others.

Though you may be compelled to protect children, families or those who need stable housing, you may also shy away from your mission to lead others. Your emotions can make it difficult for you to be objective in assessing campaigns in which you could otherwise be of great help.

You may have to work hard to trust your intuition and find the confidence in yourself so that you can bring your wisdom and strategy to the forefront. Though your mission is influenced by personal experience, you may struggle with getting past your emotional attachments in order to be more effective.

14) ► **Venus ♀ Parallel P Pluto - (0°01')** ♄3 | ♃11

([46] astromatrix.org;) Transforming Lover

Your intimate personal relationships will be extremely important in your life, creating a sphere of experience which can take you to both the heights and the depths of emotional intensity, and will be a focus for energies of transformation which will influence the direction of your life.

What you are searching for is 'the ultimate physical / emotional affair', a consuming passionate involvement with your ideal partner; and this desire will play a prominent role in your choices of partner for relationship. Unfortunately, what you are chasing is more of an illusion rather than a reality, a dream figure projected from your own psyche that you look to find in the objective world the anima and animus images of Jungian psychology.

As real life has a habit of shattering illusions, you will often be frustrated in your relationships, which could lead you to experiment with a variety of partners, none of whom seems to fit your inner picture of 'perfection'. Emotionally, you can be difficult to satisfy, as you tend to believe that there is always a greater intensity and experience that has so far eluded you, but which would be within your reach if only you could find the right partner.

Inevitably, your emotional life will be full of highs and lows; and the likelihood is that you will either break up promising relationships or allow them to fall apart by withdrawing your commitment, because you are already casting your net for a more suitable mate. It can be difficult for someone who is emotionally attached to you, as you tend to 'blow hot and cold', fire, passion and intensity, and ice, distance and disinterest, as your partner displays his or her more frail human face. Only a 'god or a goddess' will do for you!

The point is that you are externalizing your inner ideal partner; and what is required is that you realize that you have to evoke these qualities from within your own nature, to become more complete and self-sufficient in yourself, rather than look for another to bear the strain of expressing them, and upon whom you lean. You have to reabsorb your own fantasy projection, stop expecting another to live up to your ideal, and learn how to embody it yourself.

It is a step in moving towards the inner androgynous state of being, where the physical male integrates his anima, allowing 'traditional feminine qualities' of sensitivity, intuitiveness, nurturing and caring to enrich his life, and the physical woman integrates her animus, releasing qualities of action, intellect and assertiveness to enrich her life; an inner balance. Until you begin to make progress in this inner psychological necessity, then it is likely that you will continue to find an underlying dissatisfaction in your

relationships, a feeling that there must be more somewhere.

You need to change in order to create an opportunity for your relationships to stand a chance of working; you need to accept the real nature of people, their weaknesses and strengths, and learn to love real flesh and blood people. Potentially, your capacity for the intensity of love can stimulate considerable transformation in yourself and partners, acting as a healing and development catalyst; the process of rebirth in your life will come via your emotions, but be prepared to suffer the 'death of the heart' first.

Your vitality and energy can give you an artistic temperament and ability, coupled with a style of dramatic self-expression; and people will rarely respond to you in a lukewarm manner, finding themselves either strongly attracted to the consuming flame or repulsed as the intensity is too much for them. Transformation, perhaps through the reorientation of your excess vital emotional energy towards a spiritual or social cause, could help regeneration, offering equal intensity but from a stabilized inner balance.

([170] astromatrix.org;) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

([188] astromatrix.org:) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your

own needs rather than make you conform to other people's expectations.

13) ► **Jupiter** ♃ **Conjunct** ☾ **South-Node** - (2°27' S) ♄3 | ♄3

([197] astromatrix.org;) Dogmatic Beliefs

North Node opposition Jupiter is a philosophical aspect. Jupiter rules philosophy, law, and religious study, so you may enter this life with experience and knowledge that has contributed to your beliefs. You have some very definite views and now feel a responsibility to pass along what you have learned. You may use your wisdom to contribute to the social morals in a positive way or negatively, you might be narrow or forceful in your views.

While there are actors, sportsperson, politicians, and others among this group, the overwhelming theme involves writing and philosophy. There are many authors, composers, songwriters, teachers, and educators. Their communication skills are notable. Spreading beliefs and contributing to moral standards are common patterns.

Over-expansion is a potential problem and can lead to problems. Major life circumstances may have forced you to put too much significance on social, educational or religious/spiritual expansion and rely too much on optimism.

You must learn to pace yourself and develop a more grounded, realistic outlook or your larger-than-life ambitions will be shot down by societal times as they often conflict with the times. Your ambitions and ideals are noble and grand but beware of a tendency to lose yourself in the big picture.

([203] astromatrix.org;) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation,

detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

23) ► **Sun** ☉ **Opposition** ♆ **Neptune** - (4°49' A) ♀4 | ♃10

([147] astromatrix.org;) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

It may take extra time and energy, but taking the time to find your connection to your higher calling can also leave you more deeply fulfilled.

When you balance your desire to follow your spiritual calling and your desire to look on the bright side and enjoy the pleasures of living the "good life," you'll be able to fulfill your mission without draining yourself.

You won't see sacrifice as depleting, instead you'll know when to set your desires aside in order to serve others.

25) ► **Saturn** ♄ **Opposition** ♋ **Vesta** - (3°35' A) ♄3 | ♏9

([615] 12andus.com:) Your desire for security and to hold on to your traditions and foundation may run counter to a spiritual calling you're compelled to follow.

You may experience hardships that could enhance your compassion and spiritual awakening, but at the same time you may let these hardships distract you. When you don't lose your focus in the mundane limitations and problems in career, finance or daily life, you may come to embrace your spiritual calling on a deeper level.

At some point, you may feel that you need to go into a self-imposed exile of sorts. You may retreat from public life or make a dramatic change in your career. It may seem like you retreat into your own world or lose yourself in work.

Yet this is actually part of the process you use to regain clarity and connection with your higher calling.

As long as you're careful to not use workaholism as an escape from your obligations and calling, focusing on work periodically or retreating from work can be a powerful way to recharge.

([437] astromatrix.org;) All About Me

You have a lot of energy, and you want to accomplish something in life, but you will have to learn how to balance your own interests with the interests of other people in your life. If you do that, you can have good relations with others and achieve what you want as well.

Sometimes this aspect indicates a very selfish attitude, a feeling that you are the only one who counts in this world. If you carry this too far, you will find that everyone you meet works against you because you seem so selfish and arrogant or just because you

come on too strong. Sometimes this aspect means you have conflicts with authority figures, because they feel that you are trying to get above your proper place or that you are a threat to them.

While you are young, you should avoid getting a reputation as a smart aleck, because such people do not get many breaks from others, especially those above them. You have a very strong belief in right and wrong, but you must learn to have more compassion for those who are on the wrong track.

You are strongly tempted to preach to people who are in error, and you may do this at times. But then everyone will watch you to see what kinds of mistakes you make. If you can be humbler and realize that you do not have all the answers, you can convert the negative elements of this aspect to a very positive energy.

Others will feel very good about you, knowing they can trust you to do whatever is right and necessary in a situation.

51) ► **Midheaven MC Square ♄ Saturn** - (6°06' A) ☾12 | ♄3

([443] astromatrix.org;) Attacks Of Loneliness

You will have to learn how to co-operate and how to establish emotional bonds with others. While you are young, especially, you may feel that other people get in the way of what you want to do and resist your efforts. Consequently, you may withdraw and cut yourself off from others, or you may feel that they have withdrawn from you.

Often you feel that you are very much alone and that no-one really cares about you. This is not usually true, but by withdrawing emotionally, you have made it impossible for them to feel affection for you. It is also possible that you are surrounded by people who are not very friendly.

Perhaps it is your own family that seems to judge you harshly or make too many demands, but you can still go out into the world and find people who are willing to be your friends. But for your future, it is important not to simply retreat into yourself, because when you are older, it will be harder to meet people and establish connections, unless you learn the habit now. And later on, your attacks of loneliness will be much more severe. In addition, when you are older, inadequate contact with others could lead you to feel empty and meaningless. These feelings could emerge even if you are highly regarded by others, because they arise from your own sense of distance from people.

In any case, you may be more of a loner than most, which is perfectly all right within reason. If you have only a few friends, those you do have may be close and enduring.

52) ► **Midheaven MC Square ♁ North-Node** - (2°24' A) ☾12 | ♁9

([455] astromatrix.org;) Work Life Balance

With North Node square the Midheaven, success and monetary gain come through your

domestic life. You always have a roof over your head, however temporary. You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Societal restrictions or expectations may lead you into a career which brings you no fulfillment, yet you would rather go along with the flow than try to find something else. This may lead to problems with co-workers or employers since your self-expression is so constricted at work.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts or perhaps you attained power through inheritance or manipulation. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

Interpretation from transit:

([402] astromatrix.org:) Mental Energy

Opportunities: 1. Focusing Your Mental Energy 2. Observing Your Mind in Action

Challenges: 1. Accepting Feedback 2. Learning from Chaos

([466] 12andus.com:) Your confidence may be shaken because of a lukewarm reception

by others. If others aren't as enthusiastic about your ideas and plans as you are, this can deflate your ego and cause you to doubt the path you are on.

Try not to take others' reactions as criticism, but rather as feedback. Are your ambitions out of touch with the reality of the situation? Are your expectations unreasonable?

You may have to rewrite a draft of a project, or revise written work in some way because of feedback from others. Take this as constructive and review your work. With adjustments you have likely success in communication, writing and performance ahead of you.

Miscommunications are likely. Don't let your optimism blind you to the need to edit your written work or choose your words carefully. You may need to discuss plans in detail to make sure everyone is on the same page.

Also, you may learn that some of your plans and ideas are more grandiose than you realized, be mindful that your ego may get in the way of your larger goals.

([374] astrologyking.com:) and ([375] thefutureminders.com:) Increases mental activity and communications but also adds friction and tension to these areas. Thinking can be nervous or rushed, which may lead to slip up's in conversations, not saying exactly what you mean. This in turn can lead to other people getting the wrong idea, an increased chance of arguments, or simply not having matters resolved.

This aspect can put you in a perpetual state of motion. Although this may be challenging, discussions are stimulating - if not heartfelt. While words and thoughts may disturb the certainty you maintain, being open to new ideas increases self-awareness; flexibility allows you to benefit from information that you may resist at first glance.

56) ► **Sun** ☉ **Square** ♀ **Lilith** - (4°51' A) ♎4 | ♊7

([652] astromatrix.org:) Strong-willed Persona

Opportunities: 1. Developing a healthy ego 2. Attuning yourself with norms & Laws

Challenges: 1. Following your heart 2. Adjusting scenarios to multi-task

The place of this aspect in your chart indicates friction between a deep desire to be true to yourself about what you feel concerning your needs, sexual instincts, and the desire to be appreciated by others. It is important to feel free and develop a healthy ego. The combination of Sun's positivity and Lilith's darkness strikes a classic blend of power play and dominance.

You need to learn that you can not have everything in your life as you want. You have to abide by societal standards and laws. Accepting your aggressive nature and understanding your needs without any fear would help to exert your energies positively. You also won't feel forced to go to extremes to ease yourself.

Sun square Lilith brings strong-willed and aggressive individuals ready to speak about vices prevailing in the society and becoming a reason for people's distress at large. The square aspect creates tension that compels action, and Lilith strives for attaining harmony while simmering with raw rage.

Together these two can do wonders and surpass every hurdle. So this aspect creates innovative activists and charming agitators possessing high standards and profound respect for everyone around. Your toughness sometimes becomes a hindrance to your popularity because others might perceive you as rude. But you are equally tough to yourself as you seem for others.

The energy of the Sun steers you to aim for the moon as the sky is the limit for you. Your most vital asset is the refined intuition that motivates you to take a leap of faith and conquer the fears of rejection and criticism.

Key themes of this aspect are to tame your sexual nature and desire to get appreciation, conforming to societal standards and asserting your sexual fantasies and individualistic desires to get comfortable with your inner self.

57) ► **Moon** ☐ **Square** ♀ **Ceres** - (2°02' S) ♏1 | ♎4

([559] 12andus.com:) Your desire for security and emotional connection is often at odds with your desire to nurture others.

You may want to show your compassionate, loving side but feel like doing so subsequently drains your emotional energy.

Being mindful of your boundaries and tending to your own emotional needs can help you feel more stable. Once you do, you easily overcome obstacles to sharing your emotional connection and love with others.

You may be attracted to people that have a challenging need for nurturing and by overcoming obstacles to connecting with them, you also learn to tend to your own emotional needs.

58) ► **Moon** ☐ **Square** ☒ **Fortune** - (1°51' S) ♏1 | ♐11

([27] astrotarot.net:) You do not always “come across” to others as you intend to. Especially in your youth, you can easily offend others with an “attitude”. The impression is one of being overbearing, arrogant or pushy. This is due to a defense mechanism. In other words, what you want to express is often interpreted the wrong way. In one-to-one relationships, the main problems are that your needs are not compatible with the needs of others. To reach your goals you may have to sacrifice a friendship or learn to put up with stressful conditions. Awareness of this discrepancy is important. Otherwise the defense mechanism can worsen over time, and you can have problems at work and in personal relationships. Softening the manner and the attitude does wonders to smooth

over relationships of all kinds. You will come to realize that you need to be true to yourself and not live as others wish you to live.

- Positive trades: Your path is not an easy one. You will learn to relate to others and being self-confident. Setting ambitious goals will force you to strengthen your character and live your own life. Professional success will bring great satisfaction. You will earn the respect of your peers and healthy relationships will follow.

- Negative trades: This Natal Moon- Part of fortune aspects causes relationship difficulties when people try to hold you back or stand in your way of success. You may change yourself or your goals to fit in and to have companionship. This may keep other people happy, but it will lead to building dissatisfaction and resentment.

59) ► **Mercury ☿ Square ♆ Neptune** - (7°02' A) ♊7 | ♏10

([408] astromatrix.org:) The Sneaky Mind

This aspect indicates a difficulty with an overactive imagination interfering with rational and logical processes of thought; this can result in self-deception and the construction of a private version of truth and reality.

There can be a preference for mental avoidance and for escaping from directly confronting aspects of life that you find unpleasant, such as personal truths and social problems. Sometimes your logic is very circuitous, too personal or abstracted for easy communication to either yourself or others, and, as it often absorbs an imaginative influence, it can veil the truth from sight. You can shy away from accepting responsibilities, domestic, family and marriage ones especially, as you can feel uneasy with your emotions, and this results in you often becoming unreliable with others.

There may have been factors in your earlier life that have helped bring this about - childhood or parental relationships which have exacerbated this innate tendency of escapism - but one result has been distorted images on the mental level of your own identity and mind activity, as well as a diminution of personal confidence. There are steps that you can take to improve matters. The first involves the willingness to face the actual realities of yourself and the world, so that a clarified perspective can be established. A greater integration of Neptunian sensitivity is essential, but in a way that absorbs it into a renewed life rather than as another excuse for escapist tendencies. Following that development, additional progress can be made in reorganizing your mind to work down more productive channels of expression.

As your self-confidence grows, through constructive self-evaluation and an acknowledgement of the dormant talents associated with the repressed Neptune energy, it will lead to a sequential release of that blocked energy into your life; you should observe that previous restrictions and limitations are dissolving. Do not re-establish them again but learn how to take advantage of your assets. Creating a new disciplined structure for your mind may take time and effort but attempts at training and reprogramming it will draw benefits if persevered with and may lead towards creative or socially orientated directions. However, to take these later steps may require you to

become clearer regarding your aims, and to apply yourself to achieve them one by one.

As part of this proposed transformation in you - and of resolving the inner tensions of the square - you may find it more helpful to look towards forms of external expression that have a social dimension and may offer some solution to social problems. In serving others you may discover that your own problems become surprisingly resolved, especially as the personal obsessions of self-preoccupation are dissipated through a redirection of your energy flow.

Whilst you may often have insight into the motivations of others, you need greater clarity in your own nature. Relationships may remain problematical for you until some degree of personal change has been achieved, and you may be advised to be cautious within your emotional commitments. This is basically because of elements of illusion that can afflict you, and that tendency to avoid facing facts that you do not want to see, such as the fundamental that a relationship is not mutually satisfying if you need it to continue.

Those dreams of the ideal lover and partner will be present, and it is always difficult not to project these onto others or use them as comparison markers. Some may take emotional advantage of you, and you may experience that victim syndrome of the Neptunian vibration by falling prey to your own tendencies and the selfish desires of others. Yet as you change, your potential for better and more fulfilling relationships increases as clarity intensifies. As always, the decision to change is yours to take.

60) ► **Venus ♀ Square ♂ Uranus - (0°02' S)** ♄3 | ♅12

([418] astromatrix.org;) Unconventional Lover

With square aspects, the tendency is for the individual to 'side' with one of the planets, and to partly reject and project the characteristics of the other planet onto other people. It is likely that the more dominating Uranian energy will condition you to the detriment of the Venus feeling nature. This will be revealed in your insistence upon being emotionally free, and in your reluctance to commit yourself to any single relationship and share in any responsibility arising from that.

Part of this wariness is derived from your awareness of a basically promiscuous attitude (whether practiced or not), and that often compulsive fascination that can sweep you away on the tides of sudden intense affairs. It is an innate curiosity that tempts you towards those individuals who appear to offer a mystery, something unusual in their life; and you feel the desire to discover and explore their secrets. This does not always lead you into favorable situations, and often can create extra problems in your life; yet you cannot resist the lure of excitement.

Once you have uncovered that particular secret, your interest may quickly decline, and you consider yourself to be open to the next fascination that comes along. You will be socially active, searching for novelty, new people, and new interests, and will be especially attracted towards unconventional or artistically orientated groups. You have a

natural reaction against convention and social traditions, often dismissing their validity in a quite flippant manner.

You tend to see a mainstream, socially acceptable lifestyle as one to be avoided at all costs and can have a low opinion of those who live that way. To you, it is a denial of individuality to submit to the social consensus, and you consider it important to promote the image of being different. Sometimes you can rebel for the sake of rebellion, to support a less mature image towards which you aspire.

You rarely analyze your anti-tradition stance in clear intellectual terms or express it in the form of a reasoned reaction against certain aspects of society; it is more of an instinctual reaction. You find it hard to maintain intimate relationships, even when interested in doing so, because part of you is running away from accepting and giving love. Love makes you feel uneasy; you fear that it will inhibit your freedom; and your emotions tend to be repressed to some degree. In extreme cases, the emotions can be almost rigid with inhibition, with a fear of acknowledging and releasing them.

Often you experience your affairs or relationships as superficially as possible, enabling you to fly like a butterfly to the next temporary stopping-place. Perseverance is not your strongest asset; and when situations arise requiring self-discipline in order to achieve personal aims, or to maintain a relationship through a difficult phase, you often display that lack of commitment, preferring the excitement of the unknown.

You are emotionally fickle, and with that feeling of restless irritation on that level, you may attempt to ignore its presence as much as possible, choosing physical excitement and mental curiosity as your prime directions to follow. As Uranus will distort that feeling nature over time, perverse feelings may begin to form as a kind of twisted inner compensation for an emotional denial. This can lead to unusual and varied sexual behavior, or the desire to experiment. In several ways, you probably need to reclaim that Venus feeling part of your nature.

Those emotions need to be released, to have freedom to breathe properly and to circulate through you. You have to feel those emotions, allow them to penetrate your inner depths, instead of limiting their emergence. Otherwise, over time, they will begin to poison you, affecting any relationships in a negative manner and ensuring that none truly satisfies. Being willing to open to vulnerability in your relationships is essential; to risk being hurt is a chance to take but can lead to a greater maturation and understanding of the transformative and healing qualities that intimacy can offer.

61) ► **Saturn** ♄ **Square** ♅ **Uranus** - (6°53' S) ♌3 | ♏12

([439] astromatrix.org;) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the

familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more

smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

77) ► **Mercury ☿ Trine** ♀ **Pluto** - (6°16' A) ♀7 | ♀11

([328] astromatrix.org;) The Transcendental Mind

The energy of the trine aspect can often be too 'rarified' to be fully used, as it is too subtle to be correctly grasped and applied by many people. Its natural affinity tends to be towards higher science or metaphysics, where the interface between mind and reality is explored and understood in terms of consciousness and energy. It relates more to a trained intellect working in spheres of abstract contemplation, or the connection between the intuitive flash of direct 'knowing' and the grounding through intellectual earthing in a pragmatic application.

In the everyday world, you will find that your main preoccupation will be with developing the ability to concentrate, to improve the use of your mind and ways of expressing yourself. Unless you are able to achieve the higher flights of this aspect, you will have to ground the energy in more mundane concerns, endeavoring to channel it by determined concentration. Otherwise, it tends to fly high and make you a little scatterbrained and mentally undisciplined.

The unknown will fascinate you though, and you will be curious to explore more; but ensure that you are fully grounded before commencing. You are likely to be quite inventive in your ideas, potentially quite creative if you have enough control over your mind to exploit them fully and effectively.

The Mercury energy will give you analytical and investigative skills which can be turned to your advantage; but you will have to guard against the tendency to believe that you know it all. You enjoy the challenge of competition; and you always intend to win. Failure leads you to brood and to scheme your next move; and here the Pluto energy implies manipulation to undermine your challengers; mentally, you can have a ruthless streak that people may not expect.

You prefer full involvement and participation in things; you need to be interested enough so that a process of absorption can occur for a full experience; and if this is not happening, then your contribution rapidly dwindles to being less than zero, even becoming negative as you begin to look for ways out to find a new, more promising area to explore. You find it hard to motivate yourself in such a situation. In personal relationships, you can be a little authoritarian, especially as you believe that you have a clear sense of 'right and wrong' and can become fixed in your attitudes.

You are able to penetrate through social appearances into people, to sense their true attitudes and motives. This guides you in life, both to be wary of some, and to work with others whose genuine potential you are able to stimulate. This can lead to an involvement with coordinating groups where your energy serves both to stimulate new thinking and to open it out to new insights entering the group, or new ways of applying current ideas in practical application. You can be a little too mentally self-absorbed and lack the sense of social concern and responsibility that the Pluto energy amplifies in most people who are responding to its lighter side.

Ideally, your personal partners should be basically similar in mind and attitude to yourself. This is because your energy qualities do not mix easily with the opposite and conflicting views, and if you do enter into a relationship with someone of dissimilar views, then much time will be spent in direct confrontation, generally leading to its collapse.

You will be willing to pour a lot of energy into a positive partnership, but you will also have high standards and expectations of your mate; choosing wisely is the key, through awareness of your own nature and knowledge of what is compatible with it.

80) ► **Jupiter** ♀ **Trine** ♀ **Pluto** - (2°45' A) ♀3 | ♀11

([352] astromatrix.org;) Creative Energy

As with the sextile aspect, the trine indicates the potential of releasing a powerful

creative energy emerging from a humanistic and spiritual perspective, which will be of positive use to yourself and the world. Your innate optimism and belief in the essential goodness of life will turn your inner faith into an effective ability to manifest your creative vision, especially as you are able to channel your will into constructive forms of expression.

Your contribution to society may well be in working closely with people; and you have the gift of being able to inspire others to discover how to experience life more intensely and creatively and to release their own latent talents. This can involve you in the expression of a sort of life philosophy which can be adopted by others on their path to self-understanding. Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. In fact, even direct opposition from another may be the right way for them to unfold themselves or to discover new insights and could be right for you as a stimulus to re-evaluate your own path and attitudes.

Primarily, you seem to function in a role of 'educator', and you are likely to develop into an effective speaker, clearly expounding your beliefs, ideas and attitudes, and being quite persuasive in that way. You tend to need personal freedom, and dislike being tied down into predictable patterns of behavior, as you may feel that you need to be relatively free in order to be able to respond to what you consider to be insights and intuitions.

You support social transformation and will reflect the unified vision as the direction for the future, offering a meaning and inspiring purpose for people to aim towards. You may find that a personal transformation is required of you prior to you fulfilling your potential role and function. Initially, this could involve considerable challenges facing you which require overcoming, or elements in your personal life that lead to periodic crises which lead eventually to wisdom and insight as a result of personal suffering.

81) ► **Jupiter** ♃ **Trine** ♀ **Pallas** - (0°12' S) ♄3 | ♃11

([581] 12andus.com:) You're a natural leader and others are drawn to your mission and campaigns because of your integrity and generosity.

You easily show your benevolent nature and can be a great mentor to many people without even trying. You always follow your ideals but you do so in a way that is not judgmental or dogmatic. Your example leads others to want to fall in line and do the right thing. You don't have to push your views on others.

They are more inclined to see the benefit in following your lead all on their own. You can be so compassionate and encouraging that your actions speak for your mission.

You can also be kind idealistic and believe anything you do is worth doing to the best of your abilities. You inspire confidence in others without needing to be preachy or a perfectionist.

82) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (4°00' A) ♄3 | ♇11

([358] astromatrix.org:) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership

to develop, where both can unfold their unique potentialities over many years.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 0° **Gemini** 18' and in the **11th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 13° **Libra** 57' and in the **3rd** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 23° **Pisces** 36' and in the **8th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 5° **Gemini** 29' and in the **11th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 13° **Leo** 30' and in the **1st** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 9° **Aries** 53' and in the **9th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 7° **Pisces** 29' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 5° **Leo** 20' and in the **1st** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 20° **Sagittarius** 8' and in the **5th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Fifth house (Leo): pride and arrogance, excessive visibility, water

Lots related to family:

The **Lot of the Father** is in 15° **Cancer** 12' and in the **12th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 15° **Gemini** 25' and in the **11th** house.

Same as for father.

The **Lot of Siblings** is in 5° **Leo** 55' and in the **1st** house.

The **Lot of Children** is in 8° **Leo** 24' and in the **1st** house.

The **Lot of Daughters** is in 15° **Leo** 15' and in the **1st** house.

The **Lot of Sons** is in 28° **Scorpio** 4' and in the **4th** house.

The **Lot of Marriage for Woman** is in 0° **Leo** 14' and in the **1st** house.

The **Lot of Marriage for Men** is in 14° **Leo** 0' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 9° **Sagittarius** 20' and in the **5th** house.

The **Lot of Deceit in Marriage by Men** is in 22° **Cancer** 8' and in the **12th** house.

The **Lot of Marriage (in general)** is in 15° **Leo** 15' and in the **1st** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 17° **Aries** 25' and in the **9th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 10° **Virgo** 58' and in the **2nd** house.

The **Lot of Treachery** is in 2° **Libra** 33' and in the **3rd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 24° **Libra** 31' and in the **3rd** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 0° **Gemini** 23' and in the **11th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live in it like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 12th house

(12andus.com:) Your desire for compassion and emotional healing leads you to unintentionally unleash old wounds.

You may bite off more than you can chew when it comes to seeking connection with others, finding that you unintentionally end up in relationships that have toxic elements.

You may have sudden epiphanies that dramatically change your sense of spirituality. You may have to overcome dramatic emotional upheaval and make sense of your emotion and intuition.

You may go to extremes seeking purpose, faith and higher wisdom. Your ideals lead you to question anything that doesn't quite feel right to you. You may find a toxic element of spirituality to be appealing and may seek escape or mind altering effects of transcendent

practices or even substance use.

Even if your intentions are noble, use of escapist techniques and mind altering substances can lead you to make dramatic mistakes that then unleash substantial conflict which you will need to unravel.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 2nd house

(12andus.com:) You may express your sexual interests through a connection to materialism.

You are turned on by luxury and enjoy being pampered in sexual relationships. You may try to hide or downplay your sexual potency but you can be a sensual and romantic person when you feel comfortable.

You don't like to get involved in dramatic displays of sexuality and prefer it when your partner can be discreet and patient. You may be turned on by people who you believe can benefit you financially or in business.

When others show you admiration or praise, it's a major turn on. You show your sexual

attraction through assertiveness and by being confident in who you are and what you want.

You aren't superficial yet you can be drawn to material wealth and physical beauty. You love to portray your personal strength and power as well.

In the midst of cataclysmic events that challenge tradition, you respond with strong intuition, innovation and creativity. You are likely to even be a catalyst for dramatic change during these times.

You can easily see the coming patterns and trends even long before it makes sense to others. You may be one of the earliest people to sound the alarm when a pending threat

or catastrophe looms.

Yet you can only do so much to contain major events which may be the harbingers of milestones and turning points in the long run.

When you use your creativity and innovations to try to work through major catastrophic events, you can find greater spiritual insight in the course of events that unfold, even if the catastrophic events are out of your control.

You may embark on a different career path because of crisis situations. Major milestones and turning points can also reveal the true calling you need to follow, leading you to respond by shifting your career and leveraging your professional network as you navigate through the crisis.

Cataclysmic changes can be motivating incendiary incidences that lead you to discover your capacity for leadership. You can easily align your business, career and public image with your gifts that will help others work through dramatic challenges brought about by crises beyond your control.

It is in your nature to shake up the career industry or workplace that you enter into. Without intending to, you may make statements or decisions that forever change the field you are in.

Your contributions through your career can truly be game changers.

3) ► 14° Cancer 51' **Pholus** ✂ **Sextile** ♃ **Neptune** 10° Taurus 8' - (4°43')
(12andus.com:) You may find it easy to express your nurturing, compassionate energy during times of crisis and cataclysmic change.

You can easily find higher meaning and spiritual connection in light of and sometimes because of crises or changes that form larger turning points. These turning points bring opportunities for you to reflect on a deeper level and find your higher calling as a healer or spiritual guide to others.

Though you may not be able to contain the larger crises or events beyond your control, you will be able to embrace your calling to help others and show compassion while serving others.

4) ► 14° Cancer 51' **Pholus** ✂ **Square** ♀ **Venus** 20° Libra 17' - (5°26')
(12andus.com:) You may find it challenging to preserve your relationships during times

of crisis.

Small steps and seemingly inconsequential choices influenced by partners or relationships, can have dramatic ramifications in the long term. A connection to a partner or love interest can lead you to experience major turning points that change the course of your life.

You may struggle with hardships brought about by your relationship choices. These challenges can unleash dramatic events and issues. From these issues you may learn how you have been overestimating yourself or your role in relationships.

Eventually you can find ways to create security and loving connections to others but you may have to gain a new perspective and overcome toxic relationships patterns first.

5) ► 14° Cancer 51' **Pholus** ✎ **Square** ♃ **Jupiter** (Rx) 12° Libra 7' - (2°44')
(12andus.com:) You may find it challenging to expand your thinking during times of crisis.

You may not realize the limitations of your beliefs until you are faced with a disruptive challenge or cataclysmic event. Your beliefs may expand and change in unexpected ways after you are faced with widespread calamity or unexpected disruptive milestones.

You may try to be protective or advocate for others only to find that your positive attitude is either limited or insufficient during a crisis. It may come across like you're giving empty platitudes.

You may have to adjust your beliefs in order to truly adapt to the shifting reality you face during a crisis.

6) ► 14° Cancer 51' **Pholus** ✎ **Square** ♄ **Saturn** (Rx) 13° Libra 22' - (1°29')
(12andus.com:) When unprecedented crisis and cataclysmic events arise, you find these turning points unsettling.

You may first try to repeat rituals and routines that were effective in the past, but find these practices largely unproductive. It's not easy for you to shift your perspective and adapt to dramatic crises.

Yet when you do change your approach and adjust your expectations, you'll be much better able to take responsibility and address your needs in the moment. You may also take the helm and try to serve others through your work or practical planning.

Your disciplined nature will help you navigate times of great upheaval if you accept your limitations in the course of the crisis.

7) ► 14° Cancer 51' **Pholus** ✂ **Square** ☊ **North-Node** 9° Aries 40' - (5°11')

But repeating what is familiar, when change and adaptation are needed, will get you nowhere. Eventually this becomes obvious and you will be able to adjust your reaction and embrace your higher calling as a result of cataclysmic events.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Virgo

(astrology.com:) Virgo or in the sixth house: On its face, this is an optimal placement, but Hygiea in the sign of purification doesn't necessarily imply a premium on health. These individuals view daily routines as acts of wellness, but some routines can be draining or gratuitous. This Hygiea may get too hung up on habit, so the thought of missing their ritual creates more stress than the relief of undertaking it. They must be mindful of their priorities, as one can have a holistic wellness regimen but still forget to eat.

Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygieia curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they’re stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

I speak to the stars, ask them why did you send me here, why do I feel like an exile, isn’t this supposed to be my home, and I only hear my own voice echoed back.

You may find the traditional educational process difficult to complete because of your urges to pursue your own line of study. Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Pisces

(whatsmyalternative.com:) The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Retrograde Karma here could mean chances of psychiatric illness, schizophrenia and more drug abuse. Great honesty, objectivity and self mastery is needed in this case for setting up the positive karmic loops to enable Neptunian rewards from this asteroid placement.

Karma in 8th house

(smartyoungsters.com:) Karma in 8th house: You can reach your goals by digging out old graves. Your research, spying capacity, tantric knowledge, dead people, power, passion, mafia, sex can help you fulfill your duties. You become a secret agent, spy, recluse, mafia, taboo artist or tantric yoga. You gain rewards through someone dead or inheritance or powerful. Deja vu is feeling the energy of dead people when you go to places full of secret. Don't misuse your alchemical talent for the abuse of power.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Libra (Rx)

(astronomicallyaligned.tumblr.com:) A box of glitter is sitting on your vanity. Glittering and reflecting in the mirror and the moonlight. You don't really know what's inside it. You're just curious what it might be. Who knows? Stars? The sky? Planets? Diamonds? Lipstick? Secrets? Mysteries? The truth? Love? The utter nothingness? As you put your manicured hands on the gold plated box, it is all released. Who knows what is it. We will not know until it's too late. Instead, keep that little spark alive in yourself. It will make you stand out like the starlet you are.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Gemini

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative

journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Nessus in 11th house

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and

shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:.) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic

terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our life the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.
