What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

However, their dreams may come true later in life, when they'll use all of the energy accumulated in the period before. A good home and a beautiful family plus respecting many of the traditions they're aware of makes them feel secure.

And security is very important to them because only when feeling safe they can express their emotions and function at their best.

When not feeling like they're having it, they just go home and try to gather their forces. The position of the Sun in the 4th house reveals the fact that without security, they couldn't evolve in any way.

No matter the situation, they will always be ready to sacrifice everything for their family. The same position of the Sun also suggests they're the introverted type who needs protection.

It can be impossible for them to deal with the harshness of the outside world on their own. While they need to nurture, being taken care of themselves is very important for the way they develop and accumulate the necessary courage to deal with the world or express themselves.

That's why they'll always search for a partner who makes them feel safe and loved. Their emotions will carry the imprints of their childhood and change from there.

While for people with other placement of the Sun family is still important, for those with this planet in the 4th house is the absolute. They give it a lot of importance as children too, comparing everything they see outside with how things happen at home.

They have either found similarities and thought of them as victories, or concluded some things contradict the ways they know about from their family and been traumatized.

Everything reminding them of their parents and childhood makes them happy and sentimental. If they had bad experiences at home, it may be a little bit more difficult for them to understand life and accept certain things that are very different from what they're used to.

### **The negatives**

The first part of Sun in 4th house natives' life may be a struggle because they won't admit that the things they dream of are not so easy to obtain.

The 4th house is also about decline in a certain period of life, so things for people having their Sun here may start to look good after their thirties.

When it comes to their profession, they'd do a great job in real estate or organizations that deal with the environment.

As said many times before, family is very important to them, but their heritage may become a problem if they don't separate their own identity from it.

Even their ancestral patterns may reject their ways if they wouldn't express their individuality and separate their life from the ones of their parents or grandparents.

This doesn't mean they should lose the respect for what helped become who they are, however. While looking everywhere to identify people and situations that have something to do with their background, they can forget everything they need is actually inside them.

Having a comfortable home where they're feeling safe and secure can be very beneficial for them, but things from their past should still be present in their life.

Family gives them purpose, so changes with their loved ones and the relationships at home can influence them in a great way.

For example, they will forever complain after their children will decide to build their own lives. Wanting security and to be emotionally supported, they're still never happy with what they're already having.

Possessive and clingy, these people need to be told everyone loves them as they can't be independent and worry too much their family isn't seriously attached to them.

It's like they don't trust others, which can bother their partner and even their children. When the Sun in the 4th house is somehow afflicted, they may be too proud about their

heritage and have many arguments with their own parents, especially the father because the Sun represents the paternal side.

It's also possible they're too domineering at home, but the fact that they're nurturing can't be changed or influenced by any position of planets.

### **Sun ☉ - Detriment in Aquarius**

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

### **Moon ☾ in XII 12th House**

([883] i.thehoroscope.co)

People with the Moon in the 12th house are sensitive and emotionally attached to everything that's out-of-this world, they are always attracted by the unknown.

People having the Moon in twelfth House are not very aware of how they're feeling, even if their level of perception is very high. It's normal for their own emotions to overwhelm them, and it's often that they have no idea how to express what's in their heart and mind. It's like they simply can't say what they need from an emotional point of view.

While having a lot of empathy and sympathy for others, they're too confused inside to ever become emotionally available. It's normal for them to retreat from the society for long periods of time, staying only indoors and enjoying the peaceful atmosphere of their own home. They will only reflect and recharge their batteries, avoiding all kind of human interaction.

The Moon makes these natives very sensitive and easy to hurt, having levels of energy and the ability to take charge of some situations according to their moods. What makes them very happy is being kind and not showing the entire world that they're actually like this.

#### **Summary:**

Strengths: Perceptive, balanced and generous;

Challenges: Misunderstood and difficult;

Advice: Learn not to take things so personally.

### **Empathic beings**

Moon in 12th House people are very interested in the occult and supernatural, having many chances to be very good psychics. When the Moon is in a favorable aspect in this position, these natives will be very successful at doing anything that's not public.

Working with restrictions and in seclusion, like running a business from home or being guardians in a prison, is something they'd be very good at.

The same position of the Moon means they're more likely to have secret romantic affairs, a positive aspect of this celestial body indicating their relationship will surely remain hidden because they can keep it this way.

The Moon in 12th House has an effect over their unconsciousness and becomes more influential when in this specific House, with an effect over what the collective thinks of subconsciously.

In other words, it makes natives more expressive with the energy of their Moon sign and feeling like victims when they're out in the world.

People having Moon in 12th House can completely deny their Moon, so it's important for them to realize this planet's energy over them and to use it in a constructive way.

The position it has in this House makes people more empathetic and able to pick up others' feelings, giving them a special intuition that many don't have. That's why the natives with this placement sometimes feel overwhelmed when others talk to them about their emotions.

Moon in twelfth House individuals are naturally inclined to give a hand and to heal those in need. But in order to do all this, they first need to find the balance within themselves and to take care of any problems that they may have in their own life.

It's usually necessary for them to retreat and be alone for their load of negativity to be left behind and dealt with. Even those who are the extroverted type will become introverted with the Moon in this House.

The secret for their happiness is gaining the interior peace and not becoming too isolated from the society. The energy that characterizes them is defined by their lack of limits and amazing imagination, which can have them dreaming very vividly and meaningfully.

They get to feel the most comfortable when escaping the real world and retreat in the dreams they may have during the night, artistic activities or spirituality.

However, this means they need to learn how to deal with reality, because they're often absent-minded and make people believe they actually don't care about what's going on. While able to identify what their loved ones feel, they still seem detached and not at all interested in what problems others may have.

Mysterious and secretive, many of their friends and family are always wondering if they actually know these characters they're dealing with and whose Moon is in 12th House. Their incredible intuition comes to them instinctively, and they use it for reasons more or less meant to help.

Very attached to their mother and the maternal females in their life, they're sensitive when someone brings up the woman who raised them, in these moments turning their intuition to the maximum.

Channeling their feelings towards doing something constructive can have them more sure of their successes and confident. When others limit them, they no longer know what to do, because their approach is to use their emotions and intuition without any boundaries.

It's easy for Moon in 12th House natives to have feelings that are not their own and to send mixed messages, so identifying what's really in their head and doesn't come through intuitive messages may be the challenge of their life.

### **Quite fearful about emotional problems**

People having Moon in 12th House are sensitive and emotionally attached to everything that's transcendental, out-of-this world and forever existing.

When it comes to interacting with others' feelings, they're a little bit late in reactions and need moments alone in order to recover themselves emotionally. That's why many may not understand them and they often isolate themselves.

The negative effects of the Moon in twelfth House are irresponsibility, too much sensitivity that is used as a reason for not getting involved, and not being mature enough for some deep feelings.

While resonating with other people's pain or happiness, they never seem ready to give a hand when a person is facing difficulties. It's normal for them to just retreat in a quiet and peaceful environment where they can do whatever they want.

Natives having Moon in 12th House see themselves as victims, the underdogs who always want to care for others and to play the hero. They seem to have a portal that takes them to different realities other than the common one, this being more accentuated if their Moon is in a Water sign.

An adverse aspect for the Moon makes them depressed, emotionally isolated and terrified of everything. No matter whom they may be spending their time with, you can be sure they'll merge their feelings with the ones of others.

Because they have a good heart, individuals with Moon in 12th House will always give a hand, not minding if this can turn them into true martyrs as a result of them forgetting about their own needs and hurrying to help.

They should be careful not to get manipulated by others and to avoid getting hypnotized. It's the easiest to have them under mind control because they immediately fall into trance when some specific techniques are being used on them.

Even the Moon can have strange effects over their mind, so they should pay attention to the way they sleep because they can become sleep walkers who do things unconsciously.

The Moon in this House makes them fearful when it comes to emotional problems, so they may be terrified that they'll lose everyone in their life or close into themselves because they are not trusting people.

You can find them secluded just because they don't want to do something wrong that may cause others to abandon them. Many of their childhood events and mother's ways will be fresh in their mind forever.

They probably used to see the woman who raised them as their enemy and used to have many mood swings when they were very young, which lead them to depression and even hysteria.

Having a very strong imagination, they're always dreaming, night and day, and their nightmares can be very vivid. They will spend many nights awake, being melancholic and having different thoughts. The Full Moon has a great influence over their sleeping schedule and causes them insomnia.

Their emotions are going with the flow, just like the sea's tides and they can't control them because of this. All the Moon in 12th House individuals dream of succumbing into an existence where they no longer need to stress about anything.

Their main gifts of empathy and sympathy will still remain buried deep inside them, so their need to nurture will never disappear. The twelfth House is all about the inner self and the hidden gifts people have to offer humanity. It makes natives aware of when they need to take action and what to do. Many famous writers and musicians had their Moon in this placement.

### ***Mercury ☿ in ☊ Cancer man 19° 29'***

([890] i.thehoroscope.co)

He may seem shy and reluctant in expressing his emotions but he's in fact very astute and controlled.

The Mercury in Cancer man is sensitive, emotional, not a little bit rational, and instinctual. Everything he does, he does it because he feels like it because it would satisfy a certain desire, bring about a sense of inner accomplishment.

This man seeks security, stability, happiness in life, through personal and subjective appreciations. He may tend to be very reticent and reluctant in speaking to other people or engaging in too many social activities.

**In a nutshell:**

Positives: Intuitive and knowledgeable;

Negatives: Vain and overly-sensitive;

Soulmate: Someone who is sociable and decisive;

Life lesson: Getting organized in a routine does him good.

**Some escapist tendencies**

He is romantic, very affectionate, prone to extreme bouts of emotional explosions, depression, periods of great sadness, and so on.

He is shy, reluctant to reveal his emotions, fixed on false expectations and hesitant on demanding what's his.

However, all this emotional and intuitive energy passing through his veins has a lot of advantages as well. It makes him more knowledgeable, observant, endowing him with a keenness for details, vigilance, and faster reflexes.

He quickly figures out the critical parts of a problem and takes a firm decision as a follow-up. He knows what to do in order to make you feel secure, loved, but say something wrong and he'll take a defensive posture.

He must learn to keep himself emotionally balanced, so he must face his fears, take on challenges when they appear, and learn to take care of himself more.

Romantic and sensitive, the man born with Mercury in Cancer will take his sweet time in analyzing the options he has, making plans, taking into account the possible consequences, and, of course, overthinking.

He feels the need to free himself from any outside distraction when immersed in this activity because he may be intuitive and a fast learner, but outside influences will only slow him down.

the same time, he's very rough and harsh with himself, often ending up in a state of depression.

Whenever someone disagrees with him, he views it as a direct attack on his ego, an insult that must be punished.

He does love to talk and to take part in social events, but when someone steps on his toes, the pretenses are dropped and all hell breaks loose.

## ***Mercury ♀ in IX 9th House***

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

### **Summary:**

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

### **A great mental capacity**

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

### **The positives**

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

### **The negatives**

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

### ***Mercury ☿ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people absorb thoughts and ideas through repetition and osmosis rather than careful, deliberate study. Constantly editing, reviewing, rethinking, replaying it in their mind. Own best teacher. Questions what others accept as gospel. More capable of dealing with abstractions and impressions than those with Mercury direct.

([920] cafeastrology.com:) The thinking processes are generally more acute, and the sense of humor rather quirky. People with Mercury retrograde take in information differently than those with Mercury direct in their natal charts.

Some people with this position struggle with doubts about their perceptions or their ability to learn, and there can be a lot of thinking, double-checking, and reviewing of thoughts and ideas before communicating them. Retrograde roughly 18%% of the time.

### ***Venus ♀ in ♊ Capricorn man 5° 53'***

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love, and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

**In a nutshell:**

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

**His love personality**

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

### **Attracted by ...**

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not be an obsessive shopper because he has a rather thrifty personality.

### **In conclusion**

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

The Venus in Capricorn man tends to focus too much on work and professional advance.

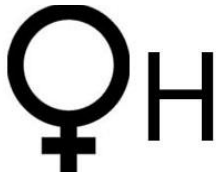

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your

personal and professional life.

They usually fall in love with their neighbors or people in their close proximity, even if they enjoy going places for their romantic pursuits. It's more important for them to have a companion than a lover, because they prefer someone intellectual and very open to talk to about anything.

As soon as they've devoted themselves to a person, you can trust they'll be devoted and true close friends.

They know how to talk, and their diplomatic skills can't be found in others. It's easy for them to win people with their talk, because they have a great voice and talent at languages or at being tactful.

Their compliments are sincere, many using flattery and risking seeming dishonest this way.

The peace bringers of the zodiac, people with Venus in the third House are always looking to avoid conflicts and to convince others arguing is not in any way necessary.

However, many may not take their word for it when they're trying to be nice because they also have a very mean side. It's their pleasure to play mind games and to not mean what they're saying.

When it comes to love, they want variety and to be constantly stimulated intellectually. Venus in 3rd House natives are always vivid and happy to take part in a conversation, because talking about any subject makes them tick.

The variety of the everyday life is something they're really struggling to obtain, as change doesn't bother them in any way. These people love with their mind and are very attracted to intelligence. That's why they need someone with whom they can talk about every little thing happening in their life.

Since Gemini rules the 3rd House, they will most likely be very attracted to this sign and, just like its natives, they are the type who enjoys playing with words and their meanings.

They feel the happiest when analyzing the mind of their lover, so if they get bored with the way someone thinks, you can be sure they'll leave the relationship altogether.

Their other half needs to have a rich imagination, to want to learn and to evolve, or they'll immediately start looking for someone better to fill the emptiness in their life. It is possible for them to have long-term relationships, but only if Venus is satisfied through other means like their career and hobbies.

When meeting someone with the same interests as them, they become completely fascinated and want to know more about that person.

As said before, their way with words is fantastic, so they'd make great writers or politicians, depending on how sociable they actually are. Flirtatious and always using their cleverness to attract others, they could make it as poets, too.

The presence of Venus in the third House makes them a little bit mean and easily bored. It's essential for them to have their mind stimulated because they can immediately start

thinking of other things and even of how to do something to hurt others.

It's suggested they learn how to be more honest in everything they say and do, because it's very possible they won't get away with a cheating attitude.

Well-intentioned and open to love, natives with Venus in 3rd House are proud of who they are and don't want to use any mask for the public. It doesn't matter whom they have fallen in love with, you can trust them to always be fun and charming with that person.

The warmth of Venus gives individuals having this planet in 3rd House a talent for the spoken and written word, and when it's in positive aspects in their chart, it makes them incredible artists. Always capable of holding great speeches, they have a beautiful voice that helps them impress others.

Positive aspects with Neptune can mean they're great singers and should do something with their talent. Because they're aware of how good they can be with words, it's possible for them to become manipulators who don't necessarily have a plan to scam.

Through compliments, they can persuade others easily, but they can also be very big gossipers if a square with Mars or other "bad" planets in the 12th House is being formed. They will probably have a beautiful childhood, especially if Venus is almost in the 4th House.

Very fun and eager to learn in school, they have most likely absorbed all the information they have been taught very fast. Good with languages, it's easy for them to travel to other countries and to end up mastering a foreign language. It can be said they have an advantage in front of others because it takes them less time to learn something.

When having Mercury in the same third House, they definitely can be great writers, while Venus gives them the ability to become as artistic as possible.

A conjunction between Venus and Uranus means they'll be quite the geniuses when it comes to artistic expression and anything else related to the mind.

Venus in 3rd House individuals are all talented at poetry and love life as is. Because they want to communicate, it's very likely they'll send love letters to their partner.

Written information makes them want to read more, so don't be surprised if they have many books at home. As a matter of fact, they're quite dependent on new information and can't rest until they have seen what's the latest in politics, technology, sports or

culture.

### **Many will see them as childish**

Venus rules over beauty, life's pleasures, happiness and everything that's sweet. When in the third House of communication, it makes people in love with words in any form, be it journalistic or from literature. They can convince others with their charm and the many beautiful words they know to have things done their way.

At weekends, they prefer to go to a library or where people engage in intellectual conversations and discuss, because they simply love to talk about anything.

Many will see them as childish when it comes to the way they dress and express themselves, but their curiosity will always have them exploring new realms in terms of style and seeming eccentric.

They're always complimenting others and giving their best to bring peace. Seductive to the point of hypnosis, they can talk anyone into thinking they're in love with them.

Venus' position in the 3rd House indicates they want a big family and to develop relationships of friendship with their children or spouses.

As a profession, they should choose journalism, writing, being librarians, teaching, hosting talk shows and even politics. If they decide to be critics, many will ask of their opinion because it's detailed and insightful.

Their neighbors will always appreciate them, because they're tactful and avoid arguments as much as possible. They are the type who always mediates and is looking for the perfect environment for a conversation.

It's very likely they'll meet their other half at a meeting with friends, because they love going out and even being a part of a community. Their curiosity towards how things work in the neighborhood will have them participate to public board meetings.

If they avoid using their influence in order to gain more power, Venus placed in the third House will make their social life a bliss and give them all of its blessings to overcome life difficulties.

When he's good, he's very good, in the sense that there isn't anyone like him, so loving, affectionate and compassionate.

What does this mean? He's going to behave like a best friend, like the most romantic person in the world, and this might just bring him into the appalling friend zone.

He's very sensitive and emotional, and this can sometimes be perceived and felt like a flaw, a really bad one if taken to the extremes.

And with this native, it is taken to an extreme. He's uncertain of himself, lacks confidence, self-esteem, an inferiority complex, or he might just be too fearful to make a mark on the world by himself.

This is annoying because a lot of women are looking for the exact opposite, someone brave, daring, confident, someone whom they can trust in the most challenging of situations.

He's not going to reveal all his emotions from the get-go, and even if he's going to cry wolf a lot of times, and wallow in his sadness, he's also very responsible and serious about taking care of his loved ones.

He's basically a soldier of fortune, one constrained to take up arms, but still a soldier. He takes everyone he loves under his protection, under his wings.

He gets attached to people very quickly and he can't stop this even if he wants to. With

such an affectionate and loving soul, how could he not get attached hopelessly to people?

Whatever gets his attention, and whatever he focuses on for a long period of time, he will protect with his life, and he won't let anyone else berate his choices.

Whenever he gets angry, he prefers to take his anger out on himself, and just leave the premises, instead of coming to blows with his opponents. He's basically trying to avoid violence, but he still hurts the other by appearing distant and uninterested. Moreover, he sees sex as nothing else than a means to an end.

Establishing a family, taking care of his partner, protecting her, taking the initiative to make plans together, thus fulfilling his emotional quota, these are the methods by which the Mars in Cancer man finds happiness.

### **In conclusion**

The Mars in Cancer man, being so sensitive and emotional as he is, intuition is highly advanced, to a level that grants him near omniscience as far as cold reading goes.

He knows what he wants from life and he has the ambition and perseverance to see it all done before his very eyes. Patient and restrained in his moments of agitation, this native realizes that the only way he can ever find his happiness is by trying to outdo his emotional nature.

He can get very clingy and affectionate with his partner, to such a point that they will want to kiss and hug her every moment of the day.

He feels safe and protected when in the arms of his loved one. The only time when he feels like being in control is when getting all intimate, making crazy love.

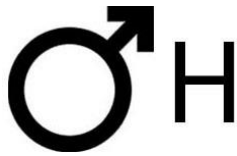

He prefers doing things his own way, especially when it comes to decorating and repairing his house.

He's even set to argue with his lover if she tries to suggest other ways of doing this, and conflicts take place quite often in his relationship. He's also very adept with the new technologies.

Moreover, do learn to appreciate that he reveals himself to you like he never did before, and this is a sign that he's beginning to grow close, to trust you.

Don't hurt his expectations and heart by disappointing him, by making fun of his emotional vulnerabilities.

### **Mars in Rx *retrograde movement***

[699] [920] ([699] mollysastronomy.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

### **Mars - *Fall in Cancer***

([871] southfloridaastrologer.com:) An awkward expression of the exertion power and will is found when Mars is in Cancer. It feels awkward and inappropriate to satisfy Mars' need to exert its will and power through Cancer, whose need is to nurture and experience emotion.

If you have Jupiter in Cancer intuition and luck seem to go hand in hand for you.

People born with Jupiter in Cancer in their natal chart are the best at handling matters of the heart because their energy is focused on compassion. They have their way with feelings and emotions, being able to guess what others are going through when they are happy or sad.

Jupiter is a master of hope and new beginnings, so these guys would do great in self-help or as life coaches. It may sound strange to have this planet coupled with the Cancer, but astrologers are saying is one of the luckiest transits.

Jupiter Cancers can be very successful in real estate, so don't be surprised if they have more than one home. This previously mentioned planet in their sign means they are expansive so they can grow to have a big family and friends from all over the world.

### **In a nutshell:**

Style: Nurturing and attentive;

Top qualities: Artistic, sociable and instinctive;

Weaknesses: Pessimistic and suspicious;

Advice: Avoiding confrontations is good but you still need to cope with some things.

### **The impact on personality**

Trusting their gut, Jupiter Cancers are instinctive and emotional. They can process others' reactions in a deeper way than most of us. Kindhearted and empathetic, these guys will offer sound emotional support to anyone who'll ask for it.

They are open to listen and to help when people are feeling distressed or don't know how to process their own feelings. This means they will have relationships that last for a long time.

But they need to be careful with those who want to take advantage of them. Jupiter in their sign makes them even more emotional than usual. They will be happier if they'll think seriously of their feelings before taking action.

Jupiter gives them a whole lot of energy, but can defeat their mood swings. If they will learn how to no longer over-think, they will not be so prone to change all the time.

The secret with these people is to develop slowly and from the center. Jupiter's main purpose with them will be to help them grow and expand while being the most generous and abundant people in the zodiac. Development comes together with abundance, and growth is not possible if the person doesn't have enough for sustenance.

It goes the same way for any organism on Earth. Every creature needs more energy in order to transform and grow up. And the Jupiter Cancer's generosity depends very much on excess. Giving can't exist without having. For people not to self-destruct, they need to have more than they need.

Because Jupiter Cancers have more than enough to give, they will help other people in a lot of ways. As soon as they will find something they are interested in, they will climb the social ladder much faster. People born under this transit have a need for security and will look for financial stability all of their life. The more giving and comforting they will be, the more luck they'll attract.

Being intuitive would also help in a great way. Using their imagination and being compassionate will make them succeed. Not to mention people will feel they are being taken care of, around them.

Home lovers, they will make others comfortable by taking only the best from their available resources. Their ability to feel vulnerability will be of great help when they'll have to give a hand to someone.

Ambitious but ruled by emotions and intuition, these guys are also artistic. Their memory is incredible. Because they want security, they are very likely to build a nest no matter where they may be.

When they remember their homeland and loved ones, their heart fills with love and pride. It's easy for them to grow attached to a group because they are feeling secure when surrounded by people.

And others will love being around them because they are caring and generous. Many youngsters will take them as their mentors and they will be more than happy to share their morals.

### **Where does their luck come from**

Jupiter Cancers will be the luckiest if they will work in domains that have something to do with home or foods. So catering and real estate would be their perfect line of work because they will also have the possibility to help others.

As they are moody and tend to hold on to values that are no longer of actuality, they need to be surer of their feelings and progressive.

Friendly and sociable, these guys like going out and meeting new people. They will meet their best social ascension around middle age.

Because they have relations, they won't have problems taking on opportunities and making money. All of their ideas will be based on personal experience and their own philosophies on life.

However, they will become nervous when they'll be in unfamiliar environments. If they don't know anyone at a gathering, they need to reach to new people. Just like the other two Water signs Pisces and Scorpio, Cancers are highly intuitive. Jupiter influences them to be even more like this.

The more they will trust their intuition, the luckier Jupiter Cancers will be. When others will try to rationalize their feelings, these guys will allow themselves to be ruled by them.

If Jupiter Cancers will learn how to make use of their sixth sense more efficiently, they will only have successes in life. Sensitive and very family-oriented, they always take care of their loved ones like no one else.

And they can help strangers too so a career in nursing or child care would be great for them. Jupiter won't stand in their way when they'll want to build a nest or attain a higher level of financial security.

### **The Jupiter in Cancer man**

The Jupiter Cancer man will make sure everyone he loves is safe. He will never turn down his family or friends. This guy is also the most generous out of all people with Jupiter in their sign. His ideals are high and his care for others can rarely be seen in other people.

Security is his main worry. Because Jupiter is in his sign, he will always go the extra mile to help others. And he'll be happy to do it. The more people will appreciate him for his efforts, the happier he will be.

Not to mention the same Jupiter will help him to know his way around the bedroom. But his partner needs to be careful not to spend too much money on useless things because he wants financial security badly.

This guy needs to know his bank account always has more than needed. He won't stand being with a woman who doesn't appreciate money. Talking about future plans and commitment makes him happy about his relationship.

They will always be lucky and love what they may be doing for a living, so money will come to them the easy way.

It's important for these natives to study philosophy and even religion because they're really passionate about these subjects.

Intuitive, able to grasp complex notions, true visionaries and rational, they'd be very successful doing something with their mind and developing their intellectual abilities.

Philanthropic, academic and perhaps religious activities interest them too, but what will keep them focused and happy will always be traveling and understanding other cultures. These are the only things that make them thrive from an intellectual point of view.

## **Saturn ♄ in ♉ Taurus man 3° 49'**

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

### **In a nutshell:**

Style: Practical and generous;

Top qualities: Possesive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

### **Personality traits**

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete

their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation. Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

### **Transferable attitudes in their love life**

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to

disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

### **The good and the bad**

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

### **The Saturn in Taurus man**

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

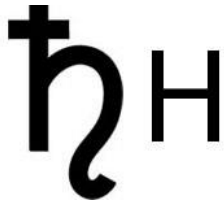

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

## **Saturn ♄ in VII 7th House**

### **Summary:**

Strengths: Diplomatic, loyal and caring;

Challenges: Nasty, shy and judgmental;

Advice: They need to stop looking for other's validation.

### **Often looking for some kind of validation**

Marriage and any other type of partnerships are among the areas influenced by the 7th house, which means this structure determines how people feel about both their closed ones and enemies.

Opposing the first house, the 7th is all about the energies natives project onto other individuals, and also about what they're looking for in a relationship.

It can be seen as the ruler of the feelings people want to get back from the ones that they love the most. It's related to Libra and its ruling planet Venus, which governs over love and kindness.

Saturn in 7th house people can be many things because this planet influences them in many directions, as a result of the energy it resonates.

They could be the type who only has a few meaningful relationships because the responsibility that comes with being involved overwhelms them.

It's also possible they may find it difficult to form connections with others, which can keep them as far away as possible from any kind of attachment.

They shouldn't let all these things rule their life and keep an eye on their predilections.

Taking relationships seriously and being responsible of another person can turn them into great partners if they just make an effort. Not to mention many would be very happy to be a part of their life.

They should be the type who doesn't hurry to commit but who does it seriously. Natives having Saturn in 7th house are very loyal and devoted, looking to only be with their lovers for a lifetime.

This is the house where Libra resides and which rules over marriages, enemies, friendships, business partnerships and romantic encounters.

It can be difficult for these people to find love, but at least Saturn influences them to be committed and never easygoing in matters of love.

They will question the way they care about their other half and feel inadequate for a relationship, but at least they'd never cheat.

When it comes to their social life, they're anxious and not at all themselves in the company of people. It's like they're always building up walls between themselves and others, deciding what to do about their relationships according to an irrational type of fear they have and never trusting the ones they love the most.

Individuals having Saturn in 7th house are always looking for the validation of their commitments and want a partner who's practical, stable or very calm.

That's why they may marry someone older and with a good social position, sometimes after their thirties. The orb of Saturn when it comes to relationships here suggests they may go through some desperate situations in which their partners are being abusive or not at all in love with them.

When it comes to work, they'd do a great job as politicians, business people, lawyers and brokers. They will connect with others just to repress the fact that they're feeling inadequate or inferior.

The cosmic alignment may force them to repeat the same mistakes until learning the most important life lessons and to always have a feeling of emptiness.

That's why they want someone who can deal with their inner life and at the same time dream of solitude.

They will probably have failed marriages until Saturn will do its first return, which is around their thirties. They're attracted to fixed and Earth signs and can encounter delays when it comes to love. These people will most likely be alone and feel like there's no one out there who can be called their other half, for a very long period of time.

### **The goods and the bads**

Saturn is the bully of all planets, the one who always comes with nasty obstacles and makes people think they can't make it in life.

When in the 7th house of partnerships, legal matters and marriage, it influences natives with this placement to get married later in life or even to never experience a serious relationship until their thirties.

They may be the type that marries for money and is later on haunted by this decision, only to decide at some point to end the relationship.

If Saturn in the 7th house is in good aspects, people who have this in their chart may become motivated to turn into responsible individuals as soon as married.

The same planet can also influence them to choose the wrong relationships and to be inhibited, stressing over things that others wouldn't even think of.

They will feel paralyzed when things become too intense or close to completion, so the solution for them is to develop strong connections in which others are willing to help them when feeling this way.

Some of the people with the Saturn in 7th house placement are too shy to just sit and have an one-on-one talk. They're also too reserved to make a new friend or to start a relationship because Saturn asks them for patience and wisdom.

If this planet would oppose some other that are related to personal issues, the natives of this opposition would have to face many obstacles when it comes to the way they interact with others.

Saturn is about going over the line and learning some lessons the hard way. It influences people to test their ground before romances and to not want something too "normal" because they're looking for originality and what's real, not in any way abstract.

It can be said this planet makes people wiser when it comes to love. All the natives having Saturn in 7th house are good at mitigating conflicts and know the difference between what's right and what's wrong.

They think justice is the most important thing in the world and are able to see both sides of a situation or the compromise that should be made when two people are arguing.

These natives are looking to bring peace and balance because Saturn keeps them in the right mindset. Their relationships will always be harmonious and stable, and they'll have partners who trust their sense of justice and the decisions they make.

The 7th house dictates how people get along with their public, while Saturn determines their level of commitment and responses, be it about emotions or just curiosity.

The public opinions of Saturn in 7th house individuals are strongly influenced by this planet, making them able to deal with their fear of speaking in public and always telling the truth.

They wouldn't get married with someone who doesn't match their personality and their love would be a lot about loyalty.

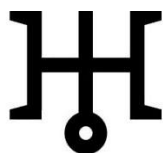

They should, however, realize there isn't such thing as a perfect relationship and rely more on the person who can help them be a better version of themselves.

Saturn may influence them to feel burdened about making a partnership working and at the same time too shy to get close to a person they like.

These people should know what give-and-take is and also how any union should be built, while allowing their other half to carry the responsibility of making things work, with their help.

Taking love seriously, they should believe in collaboration and enjoy their lover's company. It's also suggested that they rely more on feeling than on logic when choosing someone because happiness can only be attained by involving emotions.

While the Uranus Libra is good at helping others and taking care that the world doesn't destroy itself, these natives are very bad at taking care of their own health.

They may punish themselves too harshly for any mistakes made, focus too much on past disappointments and never forgive themselves for any misdeeds.

## ***Uranus ♅ in XII 12th House***

([1064] i.thehoroscope.co)

This placement of Uranus makes people prefer working in the shadows and doing great things while not even searching for recognition.

**Summary:**

Strengths: Ingenious, elegant and unconventional;

Challenges: Distracted, cautious and superficial;

Advice: They should try to look at their work with joy not resentment.

**A sociable companion**

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th

house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

### **Blessings**

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

### **Challenges**

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

## **Neptune ♆ in ♐ Capricorn man 14° 45'**

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

**In a nutshell:**

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

**Personality traits**

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

### **The positives**

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

### **The negatives**

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

### **The Neptune in Capricorn man**

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

If you so much as need anything at all, they are there to do it, no matter what it is, with a

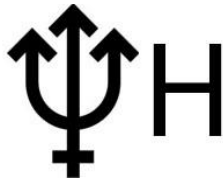

bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

#### **Summary:**

Strengths: Intuitive, eloquent and sociable;

Challenges: Absent-minded, undisciplined and controlling;

Advice: They shouldn't let other people step over their feelings.

#### **Creative and charming**

It's not easy for natives with Neptune in 3rd house to absorb factual information, so they may be not be in any way interested in academics.

However, when it comes to open-mindedness and the type of learning based on visualization, they are the best. Always dreaming and having their head in the clouds,

these people may only see the big picture and miss out on the details that matter the most.

It's difficult for them to follow a schedule or to deal with everyday life because they're always thinking of something they consider is greater than just paying bills or cooking dinner.

It's also very possible for them to be absent-minded when someone is giving them directions, so they will miss out on important things and after wonder what they have done wrong.

If you have a date with them, expect a cancellation or for them to be late. At least they seem to communicate without any efforts and to understand others without asking too many questions.

The way these people express themselves is creative and charming, but this doesn't mean they can't create confusion considering they rarely keep a determined attitude.

As children, it will be a challenge for them to learn because they're undisciplined and too creative. Neptune in 3rd house individuals are very sensitive and rely a lot on their intuition, so you can often find them in a melancholic mood.

This planet makes natives having it in 3rd house receptive to everything that's going on happening around them, and also to people's feelings.

Their conversational style is usually entertaining, and other people can really impress them because they allow themselves to be easily influenced.

Their imagination seems to always be running wild, and when dealing with new ideas and concepts, they're always bringing in their emotions. Neptune in Third house makes natives with this placement psychics and aware of what others are thinking.

When it comes to their personality, they're not in any way conventional and prefer to dream instead of focusing on what they're being told.

This is the reason why they may have problems absorbing new information. The concepts being presented to them need to be defined and clear.

Neptune is a planet surrounded by mystery and that brings many problems to those who have it in the 3rd house. In this position, it influences the natives' way of communication, their siblings, close-by neighbors and short-distance travels.

Furthermore, it makes them erratic and not at all able to deal with details. When it comes to abstract notions and creativity, however, their mind starts to be intuitive and to know

what to do.

They should be very careful when signing contracts because they tend to forget what they need to write and often make mistakes because they simply cannot concentrate.

Neptune in 3rd house natives can be great writers and artists as their soul is full of poetry and mind of philosophical thinking.

When this planet is in good aspects with Venus, they have all the chances to follow a career in the art world or to become great dancers. Usually calm and likable, they attract a lot of sympathy and others always want to help them.

Many will think of these natives as cute and a little bit boring because they only seem lost in their own fantasy world. When it comes to the relationships with their siblings, it's possible for them to have stepbrothers and sisters they not know about.

They will treat their neighbors and friends as their siblings because they have this need to be like family with everyone. At least one of their brothers or sisters would be artists and perhaps addicted to drugs and alcohol, especially if their Neptune is in difficult aspects.

The third house is the ruler of pseudonyms, so the natives with this placement may use nicknames to identify themselves. This is even more possible if they're artists who wish for an alter-ego and to have a persona under which they can present their work.

The Neptune in the 3rd house aspect makes people with this position talented at astrology because they can understand how and why the stars are moving, all while looking at the big picture and really understanding something.

The 3rd house reveals how people can interact with their immediate surroundings, so the presence of Neptune here makes things agitated and even erratic when it comes to this type of interaction.

Therefore, people with this placement would probably forget all about their appointments and always be late. Like said before, when it comes to everyday issues, they simply can't deal with this type of tasks and have problems with studying because they can't concentrate.

When kids, they've probably read only fairy tales and fantasy stories because their imagination asked this of them. Preferring to be intuitive and to learn through images and their other senses, the conventional type of education is very boring for them.

Neptune is the planet of illusions amongst other things, so it gives natives rose-colored glasses, depending in which house it's placed.

When in the 3rd house of communication, its effects are influencing people to only see and hear what they want.

Dreaming and always late, they're still charming and good with communication because they have a great imagination and no one can beat them when it comes to writing or creating art pieces.

It's even easy for them to act, and if one of their siblings is addicted to drugs or alcohol, they may have had a difficult childhood due to this and to the fact that they weren't able to learn and focus.

When something isn't captivating and interesting enough, they simply can't keep their focus.

Caring about others and very intuitive with their feelings, they will always make their loved ones feel good. It's suggested they take a GPS with them in their short trips because they tend to get lost easier than others.

### **The goods and the bads**

When it comes to their career, natives having Neptune in 3rd house could teach because they're good at sharing their knowledge with others.

Very enthusiastic, they immediately attract people and inspire boldness as they're not scared of anything themselves.

When the unknown is presented to them, they become very curious and want to do anything to get all the information on a certain matter.

Since they're so good at expressing what goes through their mind, those around them will be inspired to do the same.

Their creativity and enthusiasm make everyone wanting to be the same as them. It's suggested they learn how to deal with details and keep notes of everything they have to do in order to no longer be late to meetings.

Their memory is quite short, so if they want to function properly in the society, they need to do something about it.

Dreaming big and making things happen is their own responsibility, and they're pretty capable of achieving great things because they know how and have the mind for it.

Being idealists, it's not easy for them to deal with the real world. They will always be dreaming about what to do and where to go, so they may sometimes have no more time

to pay attention to what's happening around them.

The more aware of the fact that they have their head in the clouds, the more grounded they'll become.

## **Pluto ♄ in ♉ Taurus man 4° 0'**

([1090] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Taurus know very good what persistence means because they tend to use it quite often, combining it with ambition and making from this a path to gain all the stuff they need to have in their life.

There is no hiding behind the words here, they are materialistic people, so they are capable of doing everything and anything in order to secure their financial side. Buying the most expensive and beautiful possessions, is something that fulfills their life and they are not going to let others judge them for this.

### **In a nutshell:**

Style: Great taste and patience;  
Top qualities: Persistent, generous and resourceful;  
Challenges: Materialistic and possessive;  
Advice: Discover your secret talent.

### **Personality traits**

Being under the influence of the transformation planet and of an Earth sign, they do not hurry because they think that things did slowly are much better realized than those done in a hurry.

Of course, that doesn't mean that you have to wait a lifetime for them to arrange their life, because they have the sense of beauty, and they will totally love to live in a very glam and expensive place and possess everything that's in the fashion tops.

They will calculate all the possibilities and research for the best way to improve their financial situation, for being sure that everything will be going to work properly.

The native born with Pluto in Taurus has a very logical and practical mind which forces him to prioritize the most important activities and to never allow themselves to skip their routine.

Pluto marks the obsessive, compulsive behavior and adds a rebel attitude to its followers.

Because they are so fixed to keep that cozy and beautiful lifestyle, it is hard for them to know when they should stop and take a break, because too much work doesn't bring that much benefit from a point onwards.

That's the perfect moment for the family and friends to intervene and show them the light at the end of the tunnel.

### **The good and the bad**

The Pluto Taurus has a very logical and pragmatical mind which confers them the possibility of being stuck on the same activity or in the same place for a long amount of time.

This native does not feel the need to change his life unless forced to, because they use to love the routine which fits them better and to do everything to keep that going.

They are very smart and very curious at the same time, and they use these qualities to find all the answers they need to know.

They have fixed mindsets and goals for the future so looking for new things that are supposed to help them enjoy them more than the old ones is even harder.

That aspect can become quite obsessive for them, because they have the tendency to not listen to other people, and it is very hard for them to allow any person around, no matter how close, to tell them what to do.

The Plutonian Taurus most certainly has their own style to do things and their own way of arriving to the best strategies for them and those close.

### **Pluto in Taurus in love**

The last time Pluto transited Taurus, society had already changed much of its preconceptions about marriage, giving more freedom to both men and women. They were free now to pursue whomever they wanted, and it wasn't only about gaining social position anymore.

Sure, this did happen, but it wasn't perceived as the only goal of marriage. Love, emotions, feelings, these played their part as well, and they also played an ever-

increasing role.

These people are practical individuals, and always have been, even in those times when a new form of relationship was promoted, one founded on mutual love between partners.

They are still very interested in establishing a stable and secure home, having a responsible and ambitious person alongside them. You may find these natives as rather practical in love but remember that they can be very romantic, if given enough space for them to prepare and their return to their loved one.

Women with Pluto in Taurus are happier when free, so it was only a natural course of action to set them free. If everything seemed perfect until now, then find out that divorce was also legalized during the last time Pluto was in Taurus.

Therefore couples that were struggling with living together now had a chance to change all that, so these natives are not afraid to take extreme measures if unhappy in a relationship.

### **The Pluto in Taurus man**

Plutonian Taurus men crave the same opportunities as everyone else and want to manifest their greatest potential using the most efficient of methods.

They believe that only through effort and personal determination could you ever develop yourself and advance, just like Arians hold true.

They want nothing to do with the old perceptions of society and strive to change everything from the bottom up, even though they attempt to do it in a more inconspicuous manner than other signs.

The morality of the Taurus can be both a blessing and a curse. A blessing because they create for themselves a most satisfying life, living through the virtue of their own self-made principles.

It's a curse when they devise certain expectations for them that they have to reach. In this case, it's success that was elevated to a moral obligation, a goal that you had to reach if you considered yourself as a true man.

For this man: productivity, resourcefulness, ambitions, and perseverance become the key components of a good life, while superficiality, ignorance, laziness, and extravagance are seen as the epitome of degeneration.

## ***Pluto ♄ in VII 7th House***

([1107] i.thehoroscope.co)

This placement of Pluto makes people crave deep emotions and to display a sense of responsibility that is rarely seen, plus lead their lives by their own very specific values.

Those born with Pluto in the seventh house of their birth chart are connected to the concept of a good family, a close and loving atmosphere at home. Relationships are especially emphasized here. After all, they want to fulfill their sense of belonging as well.

If it's affection and intense emotions that drive them, everything is good and the prospects for a long-standing relationship are blooming.

A contradiction often appears, between their need to be in a relationship, an all-consuming one, and the feeling that they're enclosed in a cage with no breathing space.

#### **Summary:**

Strengths: Intuitive, empathic and strong-willed;

Challenges: Aggressive, conflictual and distrusting;

Advice: They should allow themselves to express their emotions freely.

#### **Challenging their own identity**

There will always be conflicts with them. Whether it's caused by their incessant rambling and tendency to criticize and annoy the hell out of anyone or their fear to be controlled, it's going to spark arguments.

The Pluto in 7th house natives are attracted to action-oriented people, to the aggressive and the unusual, the kind that you never know what they're going to do.

The lack of routine and a revolutionary spirit are the things that intrigue them the most. However, they have a special talent of taking out the most primitive and aggressive part of their partners, driving them crazy.

They have a part to play in this whole charade as well. It's not that they are the eternal victims upon whom everyone lashes out to. They're the ones who make everything happen with their attitude.

It's because they are afraid of losing that special someone, of being left alone and abandoned.

This drives to them to tighten the grip, to take control of the situation and impose their

will. This, in turn, wakes up the monster in their partners.

The whole gist of the situation here is that they are still unsure of who exactly they are. An identity crisis, the lack of a spiritual basis, of personal principles to have as guidance. They are attempting to discover themselves through relationships and social contact.

Through experience and the many failures, they will eventually reach a more mature stage where they know what they want and how to appreciate it.

Society and social games are the perfect testing terrain to search for one's own identity. Involvement in anything too serious could result in serious disappointments and traumatic events if a break-up follows.

The Pluto in 7th house natives look on relationships and romantic contact as being a formative and healing process. They manage to wake up something inside them.

Deep emotions, of the kind that they have never felt before, responsibility and understanding, objective perceptions, firmness of character and a tempered personality.

There are going to be a couple of conflicts happening from time to time, and since Pluto is associated with the extreme aspect of existence, the problems are going to flare up as well.

There will be power struggles especially, conflicts and arguments because both partners are trying to take control.

This is a game of cat and mouse, of who gets to take control and who's subjugated.

All their relationships are like this, a dominator-dominated battlefield. It happens through emotional manipulation most of the time when one part plays on the other person's vulnerabilities and needs.

What they have to do is learn how to be calm, patient, just, and treat everyone in an equal manner. It's a journey toward self-discovery without the need to go to extremes.

Most of the times, the Pluto in 7th house natives end up out of control and filled with feelings of inadequacy because of the sadness and past memories that they bring with them.

And, again, they're not going to share them any time soon. Left festering deep down, those wounds are just going to become more harmful with time.

To overcome these issues, they need to inspect and investigate these wounds, see them for what they are and try to heal them. If left there, it's just going to create tension,

emotional instability, and grief.

Professionally, the seventh house Pluton natives are especially good at taking care of the monetary situation of a company, calculate and create strategies, plan accordingly based on the existent data.

However, while these lucrative partnerships are emphasized and work flawlessly, emotional ones are in a bind, unfortunately.

Sure, there will be plenty of moments of blissful joy and sensuality that no one will be able to replicate, but those are just the calm before the storm.

Pretty soon, ruckus and screwed up arguments will occupy all their time. However, if they manage to temper themselves and become more understanding as a whole, not only will they be better off, but the relationship will experience a flourishing period.

### **The goods and the bads**

The Pluto in 7th house aspect is strongly affected by one's interactions with other people and how these relationships affect the future development of these natives.

In the beginning, they will be unfit for any close bonds, unable to understand and act on their feelings.

But, as time goes on and they finally understand how to react and how to express their emotions, a complete transformation will take place.

They will usually find strong-willed partners who will force them to change their ways, to become confident and ambitious, to be better as a whole.

Of course, there will be conflicts where the control of the relationship is concerned. They also feel the need to find someone who'll become overly attached to them.

They're also against an open expression of emotions. Rather, they want to solve everything through reason and logic, by analyzing and making plans.

This, unfortunately, is not a healthy way of doing things because, sometimes, there are too many emotions and pressing matters that gather up together.

Moreover, one of the reasons they are so afraid of committing to a long-term relationship is that they might lose themselves, their identity and way of being.

The passion and love for the other person would grow to such a level that it would completely replace their sense of self.

## **North Node ♉ in ♓ Pisces 26° 18'**

(Georges Muchery)

The Dragon's Head in Pisces gives vitality, and is a fortunate position for the children, especially when it is situated in the Fifth or Eleventh House. It is not, however, a guarantee of fidelity. Nevertheless, in spite of deceit, the home will remain stable, as the native possesses the family instinct. The Dragon's Head in Pisces helps in unexpected acquisition, especially from foreigners. It is also a sure sign of long journeys undertaken when least expected.

The Dragon's Tail in Virgo is not favourable for things of the mind. It makes the native materialistic and unappreciative of beauty. He is inclined to analysis, which makes him judge everything according to its pecuniary value; everything is considered in terms of money; he may marry well, but it can hardly be other than a marriage of convenience. Progress will be difficult.

(Isabel Hickey)

North Node in Pisces implies the complete relinquishment of the self in service to others. Passion would become dispassion without losing compassion.

South Node in Virgo shows the qualities of criticism and passing judgement must be left behind. They have been the cause of self-undoing in the past, and are still hidden in the subconscious motivations and need clearing.

(Martin Schulman)

In the realm of consciousness, this is the hardest Nodal position to deal with. Here, as a result of many lifetimes, the individual starts to realize his own rigidity. He is aware of his patterns and how much they hurt him; yet he finds them difficult to let go of. In prior lives, he lived in the consciousness of a finite universe where all was well-structured. Now he is confronted with the realization that truth extends beyond what his finite senses can measure or even perceive.

He is unavoidably confronted with situations, circumstances and events which force him to relinquish his hold on the physical plane. Nevertheless, he still tries to live like the salmon - swimming against the current, regardless of the direction of nature's forces.

He still seeks order. In fact, his need for strict regimentation is so strong that he develops medical troubles in the center of the body from personalizing a stiffness that increases tension on the inner organs. Constantly he suppresses desire for the sake of doing what seems proper, for he would like to maintain an image of respectability.

In past incarnations, he built his understanding on fact, not hearsay. Now he accepts only what comes from the 'highest authority'.

He seeks ways to rid himself of the nervous irritability which keeps overcoming him, and yet he puts stipulations on the cure.

He must learn how to immerse himself in the waters of Cosmic Consciousness, and in this baptism of thought he can truly experience a new birth. Before he can do this, however, he must first overcome his karmic fear of living in a contaminated world.

He comes into this life believing that the world is filled with danger, and therefore constantly questions the credentials of the people and conditions he considers allowing into his life. Everything foreign to the self represents the threat of disease, and it is because of such thinking that from time to time disease actually occurs.

For many with these Nodes there is strong residue of sexual problems left over from former incarnations. Either a deprivation of the sexual experience, or a strong determination to avoid emotional hurt through it, leads them to seek a better understanding in the current life. Some are confirmed Puritans, while others are capable of being physically responsive and emotionally cold at the same time.

The mind is so analytical that life can easily slip into the manipulation of a chess game. This individual has a sharp eye for detail and never overlooks the obvious. He is an expert at solving puzzles, willing to spend many hours tediously groping for the tiniest answer; but he can get so involved with whatever he is doing that he often loses perspective. His past-life discriminating tendencies often lead him now to pick apart what should be left together. Thus, although he is capable of immense clarity of thought, he does not experience complete peace of mind.

Through the Pisces North Node, he must learn Faith. When he stops separating the world into neat little compartments, he will get his first glimpses of Universal Consciousness. Ultimately he is to achieve the understanding that all is one, and one is all. Before this happens, he must learn how to stop seeing himself as separate from the rest of the world.

He will go through experiences which force him to grow more compassionate.

As he starts to find his well-laid plans dissolving to nothing, he begins to see others in a

different light. Ultimately he symbolically goes through the pain of the entire universe so that he can strengthen his Divine Love to the point that he absolutely refuses to pass judgement on others.

He makes much progress by acquainting himself with the spiritual way of life. His growth extends as far as his arms can reach. While the arm of the past still clutches at his self-imposed restrictions, the arm of his future is grasping for the higher alternative. It is only his failure to let go completely that prevents him from achieving the perfect transition into the full state of higher mind. Yet, he does reach the point that he occasionally sees it.

From time to time his remarkable intuition reveals to him the mysterious essence of life; yet the past incarnation memories of his Virgoan practicality cause doubt at every point. And so, half way between one world and another, these mutable Nodes are in a constant state of change.

Arriving at his destination but not sure that he is there, he keeps going back to start his journey again. Each time, he reaches one step more into the infinite, where ultimately he will dissolve the shackles of his rigidly formed past and be born again as true Spirit.

The house position of the South Node indicates the area of life that is still too rigidly embedded in a personally overstructured idea. The house position of the North Node shows how the soul can renounce its grip on all rigid definition of form and structure so that it can be free to swim in the Ocean of God.

(Mohan Koparkar)

Previous incarnation for this person was spent in substantial discriminating condition. He was very methodical, and detail-oriented to a point of extreme. Instincts would not even get close to him at that time. In this life, he is full of instincts and 'feelings'. He wants to get away from materialism and practicality. He is searching the universe through his sensitivity; and if he feels right, he acts accordingly. His decision may not be logical on the surface, but he does not care in that respect. His judgements may not have proper reasoning but they do work right for him. Dealing with people and their emotions is important for him, as he likes the exchange of feelings in that material world to keep him happy. His use of imagination and unusual ideology is really amazing.

(Donna van Toen)

You must learn to sacrifice, give in, or give up. Your Virgo South Node may reply 'Yeah, but I have too much invested'.

Your problem is lack of understanding of need priorities.

Possible reasons: Excessive stubbornness. Fear of being taken advantage of.

Selfdestructive tendencies. Refusal to face the fact that some problems are difficult to solve totally. An excessively critical environment makes it hard to admit defeat. Guilt over past wrong-doing or failures.

Possible solutions: Learn to relax. Temper your analystic tendencies with compassion for yourself and others. Judge people and things by their usefulness and set your priorities accordingly.

\*\*\*

Virgo South Node often doesn't enjoy his or her own company. This naturally affects his or her ability to enjoy relationships, since the self is always present. Virgo South Node doesn't feel human; he or she operates like a well-run machine. Not all Virgo South Nodes are workaholics, but I've seen enough instances to believe that this is one of the more typical results of nodal imbalance for this polarity. Another is an involvement in unsatisfying or destructive relationships, since often the Virgo South Noder is so terrified of being alone that any relationship is better than no relationship. By tapping the hidden strength of Pisces North Node, the individual can get in touch with his or her basic humanness. Only then can he or she come to terms with his or her needs and alleviate his or her dissatisfaction.

Some signs of an over-developed South Node in Virgo are: bigotry; refusal to settle for anything less than perfect; a feeling of being 'different'; a tendency to test others mentally; a 'let me do it for you' approach; shyness; jealousy; a tendency to be critical of others' grooming, clothing or abilities in general; pettiness; and insecurity - building oneself up by knocking others down openly or through back-stabbing.

North Node in Pisces dreams of being left alone. He or she wants to be separated from the mass of average people so that he or she will be free to meditate or contemplate the mysteries of life. Note that they want to initiate this separation themselves; if rejection brings separation, he or she will feel trauma rather than satisfaction. This person is inhibited or shy, and sometimes inclined to repress the emotions, which may be extremely difficult to express. Fussiness or quibbling supplants the desired meditation and thwarts the dream.

Antidotes for Pisces imbalance: Psychodrama can be a useful tool in unlocking nodal potential. Education in keeping with the client's aptitudes is recommended, with literature, geography and medicine being ideal choices where aptitude permits. Fishing and other water sports often prove beneficial. Public speaking should be encouraged. If aptitude is shown, magic or creating illusions, painting, sculpture, boating or water sports could be a good topic. Writing is also good particularly in the areas of astronomy, myths or legends, poetry, instructional material, nurturing themes, and medicine. Hypnotism might be another good choice if the client can gain sufficient knowledge in this field.

Unless the overall tone of the chart is contradictory, the client should be discouraged from entering any profession where the overall emphasis is on strict discipline or nitpicking, since this would reinforce the very tendencies that need to be softened or balanced. Discipline can be given a bit more emphasis if the client is operating in an entertainment capacity. Some good career choices would be: sales, cooking, acrobatics, gymnastics, detective work, painting and design. Generally, the clients I've met with these types of imbalance have been hard workers - close to workaholics in some cases. Usually they need relaxation more than work motivation. If the client is in a high-pressure job or required to work long hours, it's important that the antidote be something that's done for the love of it and is conducive to relaxation. Religious and spiritual activities often prove to be helpful antidotes. Many clients who remain unmoved by other options will be drawn to these..

### ***North Node ♁ in V 5th House***

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring friends and acquaintances of a specially high social status. It causes the native to come into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be

children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good success in love / romance, but regarding friendships they may have many disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him, but instead his frustration arises from the gap he sees between the reality of his past-life dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the individual comes to understand his own sense of self-worth. He observes how children put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning selfdiscipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

\*\*\*

In the fifth house, there's a hang-up about self-expression. Here we have the social climber of the show-off. Less commonly we see the 'Aw shucks, it was nothing' syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a primary loyalty to self before the rest of the dream can be fulfilled.

***(Black Moon) Lilith ♀ in ♊ Gemini 9° 49'***

([1139] [elsaelsa.com](http://elsaelsa.com))

**Information Warrior**

If you have Black Moon Lilith in Gemini, the pain you've faced through your Lilith placement has made you intelligent and adaptable. You figured out that information is a weapon, and you know how to wield it.

However your Lilith wounds have manifested (which you can tell from house placement), you've learned that more information can often mean more ammunition. You now place information selectively, choosing your words carefully. You have a magic knack for saying a whole lot without ever revealing anything. After a lifetime of not being heard or having your words weaponized against you, people have to really earn access to your authenticity.

You also make sure to arm yourself. When in doubt, you research, learn, and collect minutiae. You've been down more Wikipedia and YouTube rabbit holes than you care to admit. You've spent many long nights trying to hold down the anxiety by cramming more and more information into your brain. You may have learned to rely on your intellect at the expense of your intuition.

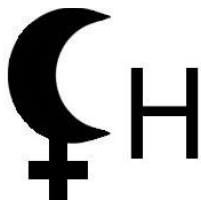

And when things are really tough, when you're backed into a corner, or when someone tries to pin you down, you are an expert at evasion. Verbally bobbing and weaving, changing topics, white lies, and breezing right past potential conflict are your specialties.

You're great at using a million words to say nothing. You may also just go entirely silent. Because if what you say is used against you, why say anything meaningful at all?

The best way to mitigate this frustration is to channel Gemini's opposite sign, Sagittarius. Sagittarius is radically honest, not because honesty is safe, but because hiding your soul is even more dangerous. Sagittarius also puts knowledge into a broader context, allowing you to see your wounds as part of a larger narrative, which relieves some of the immediacy of the pain. There's a bigger story here, and you are a vital player.

There is so much more to this placement, but let me leave you with this: Your authentic voice is so important. Your thoughts and opinions matter. It's okay to not want to confront powers that couldn't appreciate you anyway. But never lose connection with your own soul. There, you'll find all the answers you need.

### ***(Black Moon) Lilith ♀ in VIII 8th House***

([1156] [elsaelsa.com](http://elsaelsa.com))

#### **Fertilizer Bomb**

If you have Lilith in the 8th house of your chart her themes will manifest in terms of fear, other people's money, psychology, and forces outside your control. This house brings to fruition many of the most intense aspects of the Lilith myth.

With Lilith in the 8th, there are wounds in terms of money, particularly the type of money you have to ask for and claim. You have likely been jerked around, treated unfairly, or outright denied by creditors, lenders, insurance companies, or in matters of inheritance. In one way or another, your rightful claim has been rejected.

In traditional astrology, the 8th house is known as the Idle House, or the house of lowering to the ground. It is where the vibrance of the Midheaven slowly sets until it has little power to affect the world. For this reason, it is also associated with death, taxes, and all powers that are greater than us and beyond our capacity to control. These are forces we can't mitigate or soften. We can't do anything but react. And with Lilith here, that feeling of powerlessness creates a primal rage. Lilith was victimized early on by forces outside her control, and the entire rest of her myth is the story of trying to harness her impotent fury into something she could use. With Lilith here, you, too, will rage and wail in frustration as your anger butts up against immovable objects over and over.

This is why Lilith in the 8th house also affects psychology. When all that righteous fury can find no external purchase, it is forced to turn inward. Here Lilith digs her talons into the fertile soil of the subconscious, and here she begins to find her power. With Lilith in the 8th, your own psyche is both a power to be feared and a source of infinite growth. As you churn the soil internally, new seeds begin to sprout. Seeds of freedom, of personal power, of spiritual resurrection.

There is so much to discuss with this placement – more than I could ever hope to convey in one post. But I will try to sum it up. When you encounter injustice at the hands of external powers far beyond what you could ever hope to control, it's natural to rage, fight, and flail. But that same fury has the capacity to become the greatest nourishment for your soul. Allow it to fertilize the darkest corners of your mind, and find in yourself a power that dwarfs that which sought to oppress you. Learn to wield that power and let it set you free.

### ***Chiron ♄ in ♉ Taurus 10° 6'***

([1249] [astromajesty.com](http://astromajesty.com))

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

### **Men with Chiron in Taurus**

*What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable?* – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people

and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

### **Summary**

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

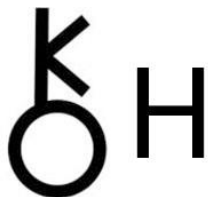

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

## ***Chiron ♄ in VII 7th House***

([1266] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 7th house have an intense wound concerning relationships or becoming close with someone.

Due to trauma or painful memory from the past, they find it hard to connect with people and trust them. Their wound likely has roots in a harrowing event from their childhoods that disrupted their ability to relate to others.

Perhaps those born with Chiron in the 7th house saw their parents getting divorced when they were little kids, or one of the caregivers abandoned them at an early age.

Because of that, these natives stopped believing in unconditional love, or the institution of marriage disappointed them.

Whatever happened during their formative years affected their capacity to believe in commitment and spending life with someone. Perhaps they never forgave their parents for divorcing.

On the other side, it's also possible that their caregivers had an unloving or toxic relationship, destroying the vision of eternal love.

However, the native likely grew up struggling to make a bond with anyone.

Even if they have relationships and friendships, they could be one-sided, one-night stands, or fleeting. They likely relate love to pain, and they believe that everyone will reject them or leave after some time.

It is why they prefer to block anyone from getting close to them. The Chiron in the 7th house native thinks that's the only way to avoid being hurt.

### **Fear of attachment**

These natives don't want to commit to anyone. Their fear of getting attached likely manifests in every aspect of their lives.

Perhaps they don't like staying anywhere for too long because they don't want to grow feelings toward a place or people.

The idea of rejection is the worst fear they have to battle with every day. As a result, they don't approach people, and they push away those who try to befriend them.

But deep inside, the Chiron in the 7th house native has an intense longing for being with someone or having best friends.

Yet, they are so afraid of potential separation that they avoid forming connections altogether.

Nevertheless, there's another way how this wound could manifest.

As the native is afraid of rejection, they could become people-pleasers. They often become so dependent on other people's opinions and acceptance that they lose their individuality and become mirrors of persons in their lives.

But behind the politeness and amiability could be envy, distrust, or hostility.

### **Longing to love and fears of heartbreaks**

In many ways, the Chiron in the 7th house native is a walking paradox. They want to experience profound feelings and the power of a great relationship.

Yet, they are typically defensive, sarcastic, or avoidant. They are also likely to sabotage their connections by starting power struggles or becoming too criticizing.

Sometimes they provoke conflicts and disagreements out of nowhere to stop feelings from growing.

On the other side, the Chiron in the 7th house native could turn to those they believe won't leave them because they don't have a better option.

In that case, they could end up with toxic and dangerous people or lost souls and problematic individuals.

If other aspects in their natal charts are compatible or the natives overcome their trust issues and emotional trauma, they can help other people heal their traumas and damaged connections. They can be empaths and loyal friends and lovers.

However, before that happens, they usually have to mend their wound. That means that they must accept and learn to be alone and embrace the possibility of rejection.

### ***Chiron & in Rx retrograde movement***

([1272] advanced-astrology.com:) Chiron retrograde natal suggests that you find it challenging to accept that humans are imperfect and vulnerable. This is not an easy lesson to learn at all for any of us, however, it's an organic part of human existence. Sometimes we hurt, just because we happened to be in the wrong place at the wrong time. There are uncomfortable truths that need to be faced, but also that things don't always work out, and injustice is a big part of human existence. When something bad happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

## **Part of Fortune ☒ in ♋ Cancer 28° 47'**

([1278] [astrolibrary.org](http://astrolibrary.org))

You achieve your greatest happiness by nourishing others and yourself, as well as giving sustenance and emotion to your life and to that of others for future growth. This is the expression of the Divine Mother that gives everything she can give, without selfishness.

You like to feel affection and intimacy. You deeply appreciate life and nature, through which you feel the essence of love, unity, and cooperation of all things and people of the Universe.

You know that emotions give energetic nourishment to life and a sense of intimacy with all the things that surround us. You understand how much we need to feel that we belong to a world that loves us and accepts us as we are.

You act with a childish simplicity. You like to flow in the gentle and tender energy of Cancer, which is in harmony with its surrounding environment and with the principle of creation.

Because Capricorn is the sign opposite your Part of Fortune, you understand how to bring things to maturity. You know how to complete what is partially formed. This knowledge is the reason for your ambition, and using it in this way is the correct use of this energy.

With the Part of Fortune in Cancer, you are not looking for an end that justifies the means. Rather, you want your actions to be tuned in to the beginnings of ideas, and to take part in the creation itself.

The cheerfulness and vitality of Cancer is balanced by the wisdom and maturity of Capricorn, which you must use to structure and direct your energy towards something

significant.

You do not get influenced by the results or the outcome that you get from what you do. Rather, you like to participate regardless of the practicality.

Your joy and happiness comes from a birth, whether of an idea, a child, or anything in which you take a personal role in its creation. It is this intimate association with the beginnings that makes you enjoy life and achieve self-realization.

By being a privileged participant in the birth process that takes place in all of Nature, and in the mind, you will develop a tender concern for all things.

Your great joy and satisfaction is a response to seeing everything that has come out of your being flourish and grow, knowing that you are the true foundation of its life.

You enjoy life and all the love that you are capable of experiencing when you feel intimate contact with everything that surrounds you and gives you happiness.

### ***Part of Fortune ☒ in IX 9th House***

([1295] [astrolibrary.org](http://astrolibrary.org))

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([12] astromatrix.org:) Someone To Look Up To

Opportunities: 1. Being Your Own Boss 2. Being an Inspiration to Others

Challenges: 1. Controlling Your Irreverence 2. Being in Control of Your Life

Even while you are young, personal success and achievement will be very important.

You will want to shine among your friends and be someone to whom they can look up.

You will measure your success in life not so much by your inner sense of values, but by the impact you make on other people. This aspect often means that you will be socially successful, but you must work for it; such success is not automatic.

You have a great need to be in control of your life. As you get older, you will try to work in a business in which you can be your own boss. You are very independent and do not like working under someone, which can create problems while you are young. Thinking that you know better than your elders, you may rebel against their power over you. If you establish a pattern of rebellion, personal success will be hard to come by. You need help from others to get anywhere. So, you must avoid being arrogant, for that will alienate people. However, if you are willing to learn from others while you are young and put all your energies into developing skills that will be useful later, you will probably achieve something important in your own terms. In that case, you will know what you want to do and how to guide others.

You can enable others to fulfill their destiny as you fulfill yours. During childhood, the influence of your father or of a similar guide figure is especially important to you.

2) ► **Midheaven** MC **Parallel** ☿ **Mercury** - (0°13')    ♎1 | ♏9

([37] astromatrix.org:) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit

from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

3) ► **Midheaven MC Parallel ♀ Venus** - (0°43')    ♀1 | ♀3

([48] [astromatrix.org](http://astromatrix.org);) The Comic

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

4) ► **Midheaven MC Parallel ♀ Saturn** - (1°59')    ♀1 | ♀7

([72] [astromatrix.org](http://astromatrix.org);) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you

decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

5) ► **Midheaven MC Parallel ☿ Uranus - (0°02')** ♀1 | ♄12

([78] [astromatrix.org](http://astromatrix.org);) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the other hand, you can be very creative with this aspect, because you have much originality and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

6) ► **Midheaven MC Parallel ♃ Neptune - (1°28')** ♀1 | ♃3

([87] [astromatrix.org](http://astromatrix.org);) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to

whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them. Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

7) ► **Descendant DC Parallel ♅ Pluto** - (1°31') ♃7 | ♃7

([213] [astromatrix.org](http://astromatrix.org);) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

8) ► **Imum-Coeli IC Parallel ♂ Mars** - (1°21') ♃7 | ♃9

([188] [astromatrix.org](http://astromatrix.org);) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

9) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (0°07')    ♁4 | ☿9

([3] [astromatrix.org](http://astromatrix.org);) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

10) ► **Sun** ☉ **Parallel** ♀ **Venus** - (0°49') ♍4 | ♎3

([4] [astromatrix.org](http://astromatrix.org);) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

11) ► **Sun** ☉ **Contra-Parallel** ♂ **Mars** - (1°15') ♁4 | ♃9

([143] [astromatrix.org](http://astromatrix.org).) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissension and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated on attaining these desires, whether they are lovers, positions of executive status, or whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual

appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

12) ► **Sun** ☉ **Parallel** ♌ **Saturn** - (1°53')    ♁4 | ♃7

([7] [astromatrix.org](http://astromatrix.org);) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should

never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

13) ► **Sun** ☉ **Parallel** ⚙ **Uranus** - (0°08')    ♃4 | ♄12

([8] [astromatrix.org](http://astromatrix.org);) The Nonconformist

It is natural for those born under the Sun conjunct Uranus aspect to question tradition. These are individualists. They naturally rebel against that which is established. It doesn't mean that they consistently break all the rules, but they definitely do question some of the rules, especially those that simply don't make much sense to them.

These people have a huge distaste for routine. They work best when they have some say as to when and how they get things done. Sun conjunct Uranus people possess much self-integrity. They prefer to answer to no one except themselves. They avoid labeling people and are most offended when others attempt to label or stereotype them. Although progressive, they can be maddeningly stubborn at times.

They do enjoy a certain level of excitement in their lives, and they do accept change as exciting, and they do appear to be quite open-minded--yet on a personal level, they can stubbornly stick to their ideas and they will resent anyone who tries to push them into doing something they really don't want to do.

14) ► **Sun** ☉ **Parallel** ♆ **Neptune** - (1°22')    ♃4 | ♆3

([9] [astromatrix.org](http://astromatrix.org);) The Dreamer

Any Neptune aspect to the Sun is likely to have a distinct impact on the individual expression of personal power, identity and life direction, so it becomes important to create a positive approach to the Neptunian energy and especially so with the more influential aspects of the conjunction, square and opposition. The difficulty with an unintegrated or repressed Neptune is that its influence often appears to be negative, and with the conjunction aspect it is imperative to discover a way of joining this energy to the natural form of expression that the Sun sign indicates.

You will probably experience an ongoing challenge of self-confidence and of establishing a suitable and satisfying lifestyle and sense of purpose. The nebulous influence of Neptune's sea mists tends to confuse you, dissolving many of your intentions away, and making your sense of individual identity almost transparent at times as that personality

center seems to ebb and flow in tune with an inner tidal rhythm.

Because of an inner experience associated with insubstantiality, you can lack the strength of a firm and fixed individuality, and this has the effect of diminishing confidence regarding your actual capabilities and will to achieve any objectives. You can find it hard to be consistent and to persevere through self-discipline and application for long periods of time. Your identity can appear to be periodically submerged by the powerful Neptune energy, dissolving plans and ambitions, and then leaving you washed ashore in another inner place wondering what to do next even before you have completed the last project.

That ethereal Neptunian music will invade your conscious mind, acting as a diverting distraction, and in some cases can influence the listener to become lost in the swirling of your own hyperactive imagination, leading to self-delusions. Confronting the stark realities of life is not always easy with a prominent Neptune. There is a tendency to build a private reality, one which excludes the dark sides of self and the world, establishing a veiled and limiting perspective of life which only generates activity by additional repression into the unconscious mind.

Personal responsibility is avoided if possible, and all experiences are filtered through this restrictive veil, a state that if prolonged leads to inner and outer alienation. Often these forms of self-delusion emanate from personal desires, emotions and sensitive feelings, as Neptune is associated with the plastic and pliable astral level. You may develop unusual needs and desires which are subtle, intangible yet peculiarly persistent, and you may feel inwardly driven to experience or actualize them in some way. For many, such hard-to-define feelings and yearnings create more confusion and self-deception, especially when attached to idealistic images of perfection and unrealistic expectations which can only bring disillusionment and disappointment in their wake.

For the few, Neptune may bring genuine inspiration, although, even in such cases, this may become mixed with desires of self-elevation and ambitions, especially in the sphere of the conjunction's house. One of the hardest lessons for anyone with a close Neptune aspect is facing the realities of life. Neptune finds such confrontations almost inimical to its sensitivities, preferring to slide away instead of looking. You may have noticed such evasiveness in your life, manifesting in a variety of disguises through the years.

15) ► **Moon** ☾ **Parallel** ♀ **Lilith** - (0°09')    ♄12 | ♃8

([625] [astromatrix.org](http://astromatrix.org);) Embodying the non-conformist

Opportunities: 1. Experiencing emotional transformation 2. Developing spiritual medium abilities

Challenges: 1. Awareness of repressed emotions 2. Avoiding unconscious decision making

Lilith conjunct Moon is one of the most powerful aspects in regards to your intuition and creativity. This placement is a powerful agent of change and transformation. Lilith represents creative birthing, transformation, renewal and resurrection. The Moon is the

soul, and our safety balm of deep comfort and contentment. Pairing these energies together, opens a portal of oceanic receptivity.

This is an incredible placement to hone and channel your intuition through spiritual practices such as tarot or astrology. You have an otherworldly connection to the subtle energies of the universe.

This innate ability, can allow you to touch the unknown and occult sections of life. Your emotional courageous nature leads you to take the lesser walked path. You may feel as though you're here to defy rules, and your awareness allows you to be accountable for owning your truths.

You are a natural non-conformist, which allows you to seek the freedom that you innately desire. The opinions and feedback of others, often go unnoticed by you - whether it's positive or negative.

You only answer to yourself, which others idolize. Be mindful of channeling your emotions into destructive tendencies. You're inclined to experience Kundalini activations. Your spiritual evolution can reach heights that you may have never predicted for yourself.

16) ► **Mercury** ♀ **Parallel** ♀ **Venus** - (0°56') ☿ 9 | ♀ 3

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

17) ► **Mercury ♀ Contra-Parallel ♂ Mars** - (1°08') ☿9 | ☿9

([164] [astromatrix.org](http://astromatrix.org);) The Debater

Opportunities: 1. Learning from Other Perspectives 2. Channeling Your Intellect Productively

Challenges: 1. Withholding Judgement 2. Listening More than Speaking

With Mercury Opposition Mars you will have a keen intellect and strong ambitions. You can be curious, opinionated, critical, nervous, hypersensitive and overly impulsive, often leaping to conclusions prematurely.

You are able to learn quite rapidly as long as you can maintain your determination to not lose focus on what you are doing. This aspect adds to your impatience and impacts your ability to communicate effectively. You can be quick on the trigger when it comes to verbal reactions to others, and you are not always courteous or tactful when it comes to expressing your opinions.

Try not to take things personally and be more objective with your dealings with others. You want to be the center of attention and make sure everyone has heard your voice and point of view. This is not a bad trait in itself; the problem may come if you become pushy or try to convince others that you are right. Everyone has their own point of view and you must realize that. It's good to try and understand different perspectives.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. Some with this aspect in their charts are prone to lying, especially if you have some other challenging aspects to Mercury or Mars. You love a good debate, but sometimes turn conversations that needn't be stressful into arguments. This is one of the biggest problems with this aspect, even though you are a good communicator, your inability to compromise, listen and not judge others can cause you to miss out on some good opportunities.

Try to be more diplomatic and graceful with your interactions and speech, tone down any Mars aggressiveness to avoid making people feel uncomfortable or defensive. Because of your alert and sharp mind, you are able to be successful in many possible career paths, especially those where your communicative talents can be utilized such as Teaching, Education, Marketing or Law.

18) ► **Mercury ♀ Parallel ♄ Saturn** - (1°46') ☿9 | ♄7

([31] [astromatrix.org](http://astromatrix.org);) Depth Of Mind

In the case of Mercury Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Saturn, your mind will be more serious and responsible, cautious and reserved. You have a depth of mind and are able to learn, study and discuss many topics as you are able to store information in your mind quite well.

You tend to avoid superficial trivial topics and like to investigate and question things as much as you can. You generally need empirical evidence to overcome your native skepticism. Your work habits are careful, tenacious, methodical, and industrious. You are probably quite organized, hardworking, and proficient at dealing with rules, regulations, fine points, and details. Writers with this aspect are typically masters of grammar and style. There is frequently great ambition, self-control, and a willingness to labor hard and long to achieve your goals.

19) ► **Mercury** ♀ **Parallel** ♂ **Uranus** - (0°15') ☿9 | ♅12

([32] [astromatrix.org](http://astromatrix.org);) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are

likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

20) ► **Mercury** ☿ **Parallel** ♅ **Neptune** - (1°15') ☿9 | ♅3

([33] [astromatrix.org](http://astromatrix.org);) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations

within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

21) ► **Venus** ♀ **Parallel** ♂ **Uranus** - (0°41') ♀3 | ♀12

([44] [astromatrix.org](http://astromatrix.org);) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also

satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

22) ► **Venus** ♀ **Parallel** ♄ **Lilith** - (1°59') ♃3 | ♀8

([627] astromatrix.org:) Breaking out of relationship stagnancy

Opportunities: 1. Embracing sexual experimentation 2. Increase in psychic awareness

Challenges: 1. Trusting your intuition 2. Letting go of control

In the birth chart, with Lilith Conjunct Venus you may attract opportunities of embarking on unconventional relationships. You're naturally a highly sexually charged being, and one of the best ways to channel this energy is to pump it into creative endeavors. You may be gifted in the creative realm, and to reach your potential in your relationships will be hard to ignore. You may become erotically fixated with a particular person, or vice versa. You may want to explore your sexual appetite in ways that are foreign to you, but regardless the desires want to be known. You may use your sexual energy during this time, to conduct sex magick and rituals to enhance your manifestations. Additionally, you may become more psychically intune with those around you.

You may want to change your relationship dynamics during this time, as you may feel as though they have been stagnant for some time. Feel no shame in wanting to experiment more sexually during this time, as this can lead you into blissful new heights of pleasure.

Breaking conventions will be a strong theme. If you've been holding back on expressing who you are on a fundamental level due to societal expectations, this transit will set you free.

You may get fixated on these projects at all costs.

People may project "femme fatale" or "dangerous man" images on to you, as you're seen as a very sensual being who breaks the conventions of society. Additionally, you may have many sexual partners or you may be very particular who you share your sexual energy with.

There may be issues of control in your relationships, and you may be a rebel without a cause at times. Additionally, you may often feel suffocated in your relationships. Your need for space is natural to you, it's just key to communicate that when necessary.

The nature of this aspect will ask you to be true to your values in your relationships. Lilith teaches us to exercise our sovereignty in and outside of relationships. Venus understands that harmony and respected values are the stepping stones to fruitful relationships. Combining these energies together, it produces a cocktail of honoring our boundaries in relationships without compromising on our values.

23) ► **Mars** ♂ **Contra-Parallel** ♄ **Saturn** - (0°38') ♄9 | ♀7

([183] [astromatrix.org](http://astromatrix.org);) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

24) ► **Mars** ♂ **Contra-Parallel** ♄ **Uranus** - (1°23') ☿ 9 | ♄ 12

([184] [astromatrix.org](http://astromatrix.org);) The Opposer

The energies generated by the opposition aspect are often projected out into the external world; and this will be true in respect of the powerful energy released by this Mars-Uranus aspect.

If this is expressed through a more integrated consciousness, which is sure of the direction to travel, then its impact can be considerable. If it is manifesting through a less integrated personality, then it can create real problems in life. Again, the revolutionary tendency is very strong, and you will have a natural antipathy towards traditions and static patterns of acceptable social lifestyles.

Your attitude will be anti-authoritarian, and you will be iconoclastic in your questioning of the status quo, and critical of those who are in positions of social responsibility and power. Hypocrisy from leaders especially upsets you, and you can be scathing in denouncing it. In fact, you probably have developed a fairly demanding set of personal principles and ideals from which you perceive the world. You tend to expect less from 'ordinary people', acknowledging their frailties; but you expect the highest standards from social leaders.

Concepts of social justice, equality and change attract you, and this can draw you into relationships with revolutionary or reactionary political groups. Depending upon the overall bias of the chart, your radicalism could be directed towards a re-creation of past patterns or a new creation to suit future needs and realities. Generally, though, with the Uranian impulse it will be future-orientated, and this will lead you to more altruistic liberal

and humanitarian groups.

Your personality can be very assertive, even aggressive and combative. You have an image of yourself 'at war' with whatever you disagree with, whether this is just a war that you fight in your own head, or it is one that you externalize by opposing social establishments that you dislike. There is a stimulation for you in conflict; and whilst it may not always be openly displayed, you enjoy competition and intend to win and dominate. This is reminiscent of the Scorpio characteristics, which are reflected through this aspect, with the Mars-Scorpio link and Uranus exalted in Scorpio.

The quality of assertiveness could be extrovertedly expressed, stridently and powerfully, or quietly through the power of a strong personal presence. You enjoy arguments and discussions; here the stimulation of ideas, beliefs and attitudes can be enriching. Often you play devil's advocate on ideas, just to enjoy the sparks that can fly; but if it is on a subject close to your heart, then a more passionate, committed side of you emerges, one that is determined to 'win' the argument.

You oppose in principle any restrictions to individual freedoms, although in practice and with serious consideration, you do tend to impose 'limits' for valid social reasons. Your main thrust is towards a broadening of personal freedoms, and the creation of more variety and scope for potential experience and opportunity in life. If discipline is imposed upon you, and you feel that you are imprisoned in a stultifying routine, then you will rise to oppose it; however, for your own purposes you can be highly motivated and self-disciplined.

Freedom is extremely important to you and is the key to developing your own uniqueness. You feel that you have to get your own way, and this can cause problems if you are too selfish about this demand. If denied, you feel emotionally frustrated, and this becomes a form of pent-up physical tension, which in extreme cases could result in violence.

Tendencies to be arrogant, authoritarian and too self-willed can cause friction in social and intimate relationships. If your lifestyle becomes inhibiting, then this can also create explosions of sudden temper and excessive arguing to release inner pressures. Whilst you see yourself as an outsider, a loner following a personal path, there is an underlying lack of self-confidence, which Scorpio-like is hidden beneath the mask. You insist on finding and making your own way in life, pursuing one's 'dharma' (own truth), and will be like the traditional stubborn mule if anyone else tries to lead you against your will. You learn from life's hard experiences, and indeed, you tend to accept and welcome such intensity and challenges.

Often, you will be tempted to throw off the binding shackles of the past, slough off the old skin like a snake, and burn those bridges to leave yourself free to travel forward into the bright future. You seem as though you know what you are doing, and appear to be

optimistic, but this is the glow of a belief in your own ability to succeed, to cross those challenging abysses. You may need to unify your will and clarify your desires so that they work more in harmony. Potentially, this aspect if rightly applied through a reabsorbing of any negative projections back into yourself for transformation, can offer a 'magical' ability to succeed in your aims. The 'enemy' is not just 'out'.

25) ► **Mars** ♂ **Contra-Parallel** ♀ **Neptune** - (0°07') ☿ 9 | ♃ 3

([185] astromatrix.org:) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but you are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more

perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

26) ► **Mars** ♂ **Parallel** ♀ **South-Node** - (1°35') ☿ 9 | ♃ 11

([189] [astromatrix.org](http://astromatrix.org);) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

27) ► **Jupiter** ♃ **Contra-Parallel** ♀ **Pallas** - (0°16') ☿ 9 | ♃ 3

([581] [12andus.com](http://12andus.com);) You have big vision and grand ideals, but you don't always analyze the steps between dreams and reality.

As a result you may become passionately committed to a cause but not have the proper grounding to effectively plan for success. Your idealism and lofty plans may fall short of logistic realities.

When you learn to balance your passions and ideals with your grand vision of how things could be, you'll easily be able to advocate for and lead others. You can be influential and convincing as a mentor as well.

You have a diplomatic, wise and spiritual side and you employ these aspects of your personality to needed changes. Your larger than life ideas need consistency to come into fruition. You'll have to fight against your potential for boredom and desire to chase the next exciting thing in order to stick with your plans long enough to see them realized.

28) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (0°31') ♄7 | ♅3

([69] [astromatrix.org](http://astromatrix.org);) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

29) ► **Saturn** ♄ **Parallel** ♊ **North-Node** - (0°57') ♃7 | 005

and restrictions. It increases patience, practicality and increases good relationships with elders and authorities who can help in achieving ambitions, especially since there is a good sense of timing as to when to approach these people. You need to develop more self-reliance now, as in the past you may have been under the guardianship of the family. You may be approaching maturity; learning to take responsibility, and the cosmos has lent you this extra bit of assistance. Self-discipline is one of the strongest, most positive features of this aspect that can be utilized for good works. When working constructively, the aspect has produced champions of all sorts. When organization, patience, methodology, and self-pacing are combined, there's no limit to the potential achievements you can make.

Watch out from being too conservative or taking the easy road to avoid risk taking.

Your levelheaded wisdom and competent resourcefulness will allow you to achieve your goals without much opposition. You have a good sense of timing which will help you gain respect from authority and go places. Be careful not to conform too much to unnecessary or illogical societal values out of a desire to stay on top.

([201] astromatrix.org:) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

2) ► **Descendant DC Conjunct ♅ Pluto** - (5°44' S) ♃7 | ♃7

([213] astromatrix.org:) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

3) ► **Descendant DC Conjunct ♁ Chiron** - (0°22' A) ☿7 | ☿7

([218] 12andus.com:) You have the potential to be a strong, authentic spokesperson for healing and change based on your own experiences with your inner wounds, yet you are likely to avoid this opportunity because it is difficult for you to accept who you genuinely are.

You may try to hide from or downplay your wounds and in doing so you may overcompensate with a façade of confidence or ambition that is not genuine. By working to heal your fears, insecurities and past traumas, you are more effective as a leader and healer for others.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

4) ► **Imum-Coeli IC Conjunct ♄ Saturn** - (4°17' S) ☿7 | ☿7

([202] astromatrix.org:) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

([214] astromatrix.org:) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole

life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your development.

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

7) ► **Sun** ☉ **Conjunct** ♋ **Vesta** - (1°33' S) ♃4 | ♃4

You may have a dramatic way of showing your enthusiasm for your calling. When you feel like you are on a mission to serve a higher purpose, you can do so with great flair and theatrics. Even in service to others, you have a way of leaving your special mark on your work

You can be quite passionate about your path and may need to use all o talents to portray your special calling. You may feel proud of your accomplishments, but also feel that your talents and achievements were more Divine inspiration than your own doing.

You may be able to sacrifice in order to fulfill your mission and will be open and optimistic about the process.

8) ► **Moon** ☾ **Conjunct** ♂ **Uranus** - (2°44' S)    ♌12 | ♌12

([20] [astromatrix.org](http://astromatrix.org);) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on

both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

([29] [astromatrix.org](http://astromatrix.org);) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunct Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and

aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

You mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

18) ► **Saturn** ♄ **Conjunct** ♇ **Pluto** - (0°11' A) ♃7 | ♃7  
 ([70] astromatrix.org:) Breaking Free

Saturn implies restrictions and limitations, which serve as a barrier to progress until certain changes are made or lessons learnt; and when in association with Pluto, the way forward is conditioned by the need for an inner transformation to occur. With this aspect, it is likely that you will experience some degree of frustration in achieving your objectives, or a sense of invisible blockages facing you that require you to discover some way to pass them or dissolve them through penetration.

As you have a strong ambitious nature, you will need to make full use of all the resources available to you, applying accumulated knowledge and experience to a determined persistent effort to succeed. Patience will be an essential quality for you to develop, as it is unlikely that you will have rapid immediate success in your objectives. Usually you have to wait and undergo the experience of frustration and not knowing if your goals will be realized; and this can be a testing and transformative phase, especially as it is likely to be repeated periodically throughout your life.

You will be attracted towards power and status, although it may be that instead of reaching a position where you 'possess' such attributes, you are required to gain a new perspective and understanding of influence in the world, rather than demonstrating it yourself.

Much depends upon your ability to apply your talents and resources practically; potentially, your ideas and schemes can have a noticeable impact upon the world and your immediate environment, especially when you are working through an established structure and social system. This is because you feel more naturally in tune with existing organizations, preferring traditional approaches and attitudes as a reflection of 'stability and foundation'.

You often resist accepting new trends or social changes, as you are inherently wary of them, preferring to follow your established path unless the impulse for change is naturally arising within yourself; and even then the likelihood is that you will attempt to resist and block its movement as a reaction to its unsettling effect.

You will have a conservative nature and perception of life, respecting traditions and the consensus social attitudes, being suspicious of those who need to experiment, and challenge accepted attitudes. The socially subversive nature of Pluto is unlikely to be too evident, as Saturn will overlay it too much, although it can erupt in your inner and personal life, potentially stimulating a collapse in your 'secure foundations', forcing you to re-evaluate yourself and your life. Such a radical impact is unlikely, however, unless you are capable of undergoing the cathartic transformation that could occur, because Saturn will maintain your inner structure to prevent this happening.

You will be a private person, serious and secretive in nature, not openly revealing your thoughts and particularly your emotions, which you may try to avoid and keep tightly sealed away in a 'locked drawer'. Emotions imply fluctuation and change to you; and this does not fit easily with your world view and perception of self, making you feel uncomfortable.

A healthier approach to emotions should be encouraged, as it would prevent any energy repression on the emotional level, or else you may find that Pluto takes that route to make its presence felt. In intimate relationships, you will be a firm, reliable partner, and

you will prefer a traditional approach to marriage and mutual commitment, so you should choose wisely.

You will not be overly demonstrative of emotions (on the surface), but you should avoid any tendency to fix the relationship in limiting and binding ties, and instead allow it space to change and evolve. Remember that your partner is a unique individual with a potential to unfold, so allow the necessary freedom for him or her to do so and encourage the process too.

Security in a 'straitjacket' situation is a false situation, and inimical to growth and development, so despite your tendency in that direction, it is wiser to accept change and unpredictability so that energies can flow healthily.

26) ► **Sun** ☉ **Opposition** ☌ **Fortune** - (8°11' A) ♀4 | ♀9

([14] [astrotarot.net](http://astrotarot.net);) Typical features that this opposition brings – In contrast to the Sun – Part of Fortune conjunction people, the opposition personality is prone to lack of focus and indecision. You have a distinct Libra energy. You are always aware of the opposing point of view, the other side of the coin. Your inner struggle is most obvious in your vitality. The Sun and the Part of Fortune strongly influence the vitality. So, you have many ups and downs. Your energy fluctuates more than most people. And it is a reflection of what is going on inside. The messages you received in your early lives were conflicting and even opposite. Some of you viewed your parents as two different and separate individuals. Two people who wanted something very different from their child. In other words, it is hard for you to find happiness within yourself. You tend to look outside of yourself for fulfillment. Also, you are prone to form serious relationships at an early age. That is because of this tendency to try to find an answer to happiness from an “other”. You appear to be very self-aware. Also, you are excellent psychologists and are able to read character.

- Positive trades: You are objective, practical, loving, hardworking, persistent, cheerful, kind, fierce, level-headed. Also you show a great sense of community. You are tradition-conscious. Have love for other people and very sociable.

- Negative trades: You can most certainly frustrate the people who are close to you. That is because of your indecisiveness and frequent changes of mind. You tend to be

materialistic, headstrong, sluggish, dogmatic, addicted, excessive, too comfortable, you have a fear change and can be very stubborn. With this Sun aspects, wants and needs are not very balanced.

27) ► **Moon** ☽ **Opposition** ♅ **Saturn** - (7°47' A)    ♄12 | ♃7

([156] [astromatrix.org](http://astromatrix.org).) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-employed, then work related to medicine, research, social welfare, community service,

law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love, helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

28) ► **Moon** ☾ **Opposition** ♅ **Pluto** - (7°58' A)    ♄12 | ♃7

([159] [astromatrix.org](http://astromatrix.org);) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

29) ► **Moon** ☾ **Opposition** ♆ **Juno** - (4°00' S)    ♄12 | ♈6

([594] 12andus.com:) You may feel instinctively drawn to particular loved ones or partners.

Yet your intuitive sense of being deeply emotionally connected may not always be aligned with what your partner is feeling. You may feel a stronger connection and struggle with devotion to people who aren't as emotionally connected to you in return.

You may also feel like it is your responsibility to tend to the emotional needs of people who are themselves emotionally unavailable to you. When you have greater confidence in yourself and your intuition, you'll learn the difference between being loyal to those who have a strong emotional connection to you and giving your love and affection to those who haven't truly earned it.

You can bring your strong, nurturing and intuitive instincts into balance with your desire to be devoted to someone and settle down in a romantic relationship that leads to family but first you may need to be clear about the signals you're getting.

30) ► **Mercury** ☿ **Opposition** ♆ **Neptune** ♆ - (4°44' A)    ♅9 | ♏3

([168] astromatrix.org:) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet

and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

31) ► **Venus** ♀ **Opposition** ♃ **Jupiter** - (3°15' S)    ♃3 | ♃9

([174] [astromatrix.org](http://astromatrix.org);) The Social Climber

With Venus Opposition your Jupiter you have a great deal of warm, generosity and love towards others. You tend to want to give more than you can, and this can cause a

number of problems. Firstly, it may be hard to live up to the expectations of how much you want to give or promise to others. This can cause you to give too much to others and feel drained or you can forget to look after yourself. People can take advantage of this.

Another problem you may have is that you may not follow through on what you offer to others which can lead to a lack of trust. You can also be quite indulgent or lazy, drawn toward sensual pleasures and living beyond your means. In business you can be quite successful, you can come across as very accommodating, graceful, diplomatic and charming.

Your communicative style can win over business associates and make it easier to shine in interviews as you can bluff your way through even if you don't have all the correct answers. People tend to like your personality and you enjoy being around other in social circles, and you have a good ability at discussing many topics.

In relationships more work has to be done to stir your emotional depths, because of the over emphasized Venus characteristics, you may be more drawn towards beauty, status or wealth as oppose to true intimacy or love. You do want to have deep and vulnerable relationships just be wary of your intentions when choosing a partner and avoid being too materialistic.

32) ► **Venus ♀ Opposition ♀ Pallas** - (5°33' A) 13 | 9

([579] 12andus.com:) Your sense of comfort and desire for beauty and harmony can run counter to your sense of mission.

You may have to work through insecurities and obstacles in order to embrace the value of your insight and wisdom when it comes to mentoring others or offering valuable strategies.

You may also have great plans and insights about how to diplomatically appeal to others' better nature, only to over-reach or become complacent when you feel too comfortable.

It may take some practice exploring your own values and challenging yourself beyond your comfort zone before you realize how your creativity and talents can help you pursue your mission and cause. Your social network or connections to others may be instrumental to helping you create successful strategies to advocate for what you want, but you may have to overcome the desire to do things yourself first.

33) ► **Mars ♂ Opposition ♀ Neptune** - (9°52' A) 9 | 13

([185] astromatrix.org:) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune,

which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

34) ► **Uranus** ♂ **Opposition** ♀ **Juno** - (1°16' A) ♄12 | ♃6

([600] 12andus.com:) Your desire for independence and freedom runs counter to your desire for a serious committed relationship.

You may want to be married or in a serious partnership yet your erratic, individualistic nature undermines the stability of your potential relationships.

You can allow jealousy or insecurities to challenge your relationships. You may also have a fear of commitment, even when you're in love with your partner.

If you are able to find balance between your need for independence and freedom and your desire for commitment, you can have a successful partnerships or marriage. You may feel more comfortable with a partner who lives at a distance or who isn't threatened by your need for space.

You may otherwise try to make a solid commitment in a relationship only to then act erratically and disrupt the bond you have, or repeatedly disappear when you need space instead of trying to work things out.

If you can try to work through your fears and balance your need for independence with your obligations, you can make the relationship work.

35) ► **Neptune** ♃ **Opposition** ♀ **Pallas** - (3°19' A) ♆3 | ♃9

([584] 12andus.com:) Your strategies may be vague and fuzzy. You don't want to commit to a concrete plan. Instead you prefer to have a fluid and changeable strategy that will suit your changing mood.

Unfortunately, this can turn you into a dreamer whose ambitions don't come to fruition as easily as they could. You may dream up plans and leave it up to others or to chance to let things fall into place.

You may also work against your success by becoming confused and distracted by wishful thinking. If a desire or plan is not realistic, you may hold on to it as a dream and then become resentful, assuming others did not do enough to promote your goals.

Your intuition can help you but can also be a hindrance if you have not yet found ways to reality test your wishes and dreams. You may be confused by wishful thinking masquerading as intuition and this can dilute the effectiveness of your plans.

Challenges: 1. Knowing Yourself Better 2. Embracing Your Personality Changes

Your attitude may be quite harsh or misunderstood, and it can take some years to develop your personality, so you don't tend to upset other people or come across as overbearing or offensive. You will compromise when there is no alternative.

It is hard for you to accept that you may be wrong or that you need to improve yourself, which makes this aspect very difficult to transform. Firstly, you must accept that there may be a problem and have more awareness around your interactions with others and listen to their perspective. This attitude may have a lot to do with your relationship with your parents perhaps they could not express themselves well or you couldn't communicate with them in a positive manner. Awareness of this important, otherwise the defense mechanism can worsen over time, and natives of this aspect can meet with problems in your career and in personal relationships. ([386] astromatrix.org:) Feeling Superior

Opportunities: 1. Learning when to Compromise 2. Overcoming Conflict with Authority Figures

Challenges: 1. Knowing your Limitations 2. Learning from Elders

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

50) ► **Sun ☉ Square ♄ Saturn** - (3°09' S) ♁4 | ♃7

([381] astromatrix.org:) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is

being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships. Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be

healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

51) ► **Sun** ☉ **Square** ♅ **Pluto** - (2°58' S) ♀4 | ♃7

([384] [astromatrix.org](http://astromatrix.org);) Blow Up And Breakdown

The energy and challenges indicated by this square can be difficult to deal with, as the unintegrated negative tendencies of Pluto can be fully present. Plutonic energy, allowing you to redirect it towards more positive channels which are associated with your solar path.

However, you will have to remain aware of how you are expressing Pluto, as its peculiar quality will still be vitalized and cannot be nullified, only used in a wiser manner. The Pluto tendencies of ambition, force, power, domination, aggression, and extremism can also stimulate similar tendencies in an assertive Sun and will exist as motivating and compulsive factors in your character.

You may experience considerable inner tension as a result of this challenging planetary relationship, often finding it difficult to 'break through barriers' which appear to prohibit the attainment of your ambitions. This is Pluto attempting to force you towards an inner transformation, the need for which you will recognize whenever the pressures of frustrated intentions increase, until you find it hard to live with and in some way 'blow up', releasing the pressure.

Compromise and co-operation are two lessons which need to be learned as soon as possible, as well as more inner moderation. Once you achieve a balance between your being receptive to others and your dominating tendencies wanting them to submit to you, then you should find that the quality of your relationships begins to improve in a creative and constructive manner.

52) ► **Sun** ☉ **Square** ♄ **Chiron** - (3°08' A) ♀4 | ♃7

([117] [astrotarot.net](http://astrotarot.net);) Typical features that this square brings – you are aware of human imperfection and you want to help others. It is not difficult to see why you seek professions that allow you to be in the position of a healer or mentor without being affected by interaction with your clients. There is an unconscious tendency to focus on the other as wounded. You think that others deserve pity and care, which distracts you from acknowledging your own wounds. You are often challenging with criticism and rejection. And this causes you to hide or repress the most unique parts of you. You despise expectations, and when others have any measure of control over you, than you can become hostile. They have a painful yearning for freedom, but fear the reactions. You will learn how to express yourself shamelessly with a significant amount of your energy . Social stigma or stifling of the identity in whatever form will be the primary catalyst for discovery and realization of self. This natal Sun – Chiron aspects will force

you to accept yourself. You often stay unconscious of your Chiron vulnerability. So, you need to form an intimate, sentimental bond with others. This will help you to accept your sensitivity.

- With this aspect the relationship with the father or male figures in your life has been hard. The father may have been in denial of his own vulnerability, treating you with pity and care.
- Positive trades: You are most often extremely intelligent and sensitive and caring.
- Negative trades: This aspect makes you overly empathetic and too willing to sacrifice yourself. And thus others may easily use you or cheat you. You have tendencies to use drugs and alcohol to solve your problems.

53) ► **Moon ☾ Square ♀ Mercury** - (6°33' S) ♌12 | ♎9

([388] [astromatrix.org](http://astromatrix.org).) Where To Go And Why

Opportunities: 1. Healing Yourself Through Communication 2. Projecting Your Focus Externally

Challenges: 1. Overcoming Your Inner Conflicts 2. Get Past Your Defensiveness

The square aspect between the Moon and Mercury indicates inner tension, stress, and frustration, and a need for a radical inner adaptation to rebalance these two conflicting energies. Conscious change is required to overcome conflict between your conscious mind and protective lunar habit patterns.

One likely imbalance is an unconscious lunar domination of your rational mind, where thought processes are subverted by deep emotions and feelings, with a consequence that decisions, judgments, or objective evaluation are influenced by emotionally charged attitudes. Such unconscious attitudes and values - possibly absorbed during early childhood or from parents - can condition present choices, where issues of the past still dominate your current life. Simply put, head and heart can be in constant conflict within you; decisions may be made according to which is dominant at any given time.

This temporary supremacy can vary, like a pendulum movement, and may also be related to the sign, house, and element that each planet is in. It may be that one planet consistently dominates, and the other one becomes repressed. If Mercury dominates, then the Moon activity can sink deeper into the unconscious mind, influencing you more subtly and pervasively from a hidden position where the emotional coloration is less noticeable to you than to others. If Mercury is repressed, then rationality and logic may diminish, and choices may be influenced by insistent emotions, instincts, and feelings; habit patterns may often be security biased. Sometimes you may observe that, when attempting to restore inner balance, Mercury begins to excessively rationalize feelings and emotions. If this is allowed to persist, you may start to deny the validity of your emotions and feelings, and in so doing repress your Moon sensitivity, creating another imbalance.

Inner tension can reflect insecurity and self-doubt, creating highly nervous activity prompted by disharmony between the personality's conscious and unconscious levels.

Sometimes this can manifest as psychosomatic illness, especially nervous illness, digestive problems, and diseases related to the activity of body fluids. Another problem could emerge from self-centeredness and separative ways of living and expression. You may rely on fixed attitudes, thoughts, beliefs, and values for a sense of stable security, but these can also create relationship difficulties if you act inflexibly. Whenever someone else's opinion differs from yours, you may react with aggressive defensiveness, without first considering the value of another point of view.

You hate suggestions from others that you may be wrong, as this makes you feel insecure. Your response to this is often defiant and compulsively assertive. Paranoid feelings often accompany this reaction; and you can be very touchy emotionally, often triggering off misunderstandings and communication breakdown. With strangers you always feel insecure and on the defensive; even with closer friends, acquaintances, and family this pattern persists, although with less belligerence. Yet even in the family home, you react against having to change to accommodate others. Self-centeredly, you believe they should change to suit you; the fact that they may not wish to do so is apparently of little concern to you.

You can often communicate quite well with those with whom you feel safe, often revealing a touching if slightly immature and sentimental emotionality about such relationships. Your hidden dependency on such intimates may not always be realized or acknowledged. Relationships would improve if you were less self-preoccupied, seeing others' needs as being as important as your own, and giving to others what you are so busy taking for yourself.

Attention needs to be directed externally for you to become aware that others have equal needs and difficulties. Through mutual support, all can benefit and have a more enjoyable life. Sometimes your needs and concerns can become obsessive; and you rarely see that this represents immaturity and lack of integration. Ways that you evade making necessary inner changes can include obsessions with trivia and matters of inconsequence, continual chatter, which can create unsatisfactory relationships and wastes energy instead of using it positively to change internal stress through self-understanding.

Mercury is often repressed by a dominant Moon whenever issues of personal security dominate life, much like a demanding infant wanting immediate satisfaction. Because of this, you can lack rationality and objectivity, as noted in signs of immaturity, a lack of self-understanding, and a surfeit of emotional bias. Sometimes your ability to discriminate between reality and illusion, fact and fiction, is weak.

You can often be full of unresolved questions, uncertain of what you really think and feel about life and people, even though you defend whatever thoughts you are presenting. There can be a state of 'life-confusion' which persist

54) ► **Moon** ☾ **Square** ♂ **Mars** - (1°25' S)    ♄12 | ☿9

([390] astromatrix.org:) Going Your Own Way

Opportunities: 1. Advancing in Life 2. Growing Through Action

Challenges: 1. Keeping Your Ego in Check 2. Connecting with Others

You can be self-centered, intent on pursuing your way irrespective of the impact it has on others. Sometimes you use Martian energies aggressively to gain your way, refusing adjustments and compromises with others, demanding that they appease your will and needs while denying any validity to theirs.

Often instincts and emotional needs clash with your will for action, and you may feel confused regarding which to choose. This inability to know which way to turn increases frustration.

Men may try to be too forceful and aggressive with women, playing a 'macho' role without much understanding and sensitivity to the female temperament, oppressing through asserting raw power without sympathy, and overidentifying with the Mars energy and denying the Moon.

55) ► **Moon** ☾ **Square** ☿ **Fortune** - (2°45' S)    ♄12 | ☿9

([27] astrotarot.net:) You do not always “come across” to others as you intend to.

Especially in your youth, you can easily offend others with an “attitude”. The impression is one of being overbearing, arrogant or pushy. This is due to a defense mechanism. In other words, what you want to express is often interpreted the wrong way. In one-to-one relationships, the main problems are that your needs are not compatible with the needs of others. To reach your goals you may have to sacrifice a friendship or learn to put up with stressful conditions. Awareness of this discrepancy is important. Otherwise the defense mechanism can worsen over time, and you can have problems at work and in personal relationships. Softening the manner and the attitude does wonders to smooth over relationships of all kinds. You will come to realize that you need to be true to yourself and not live as others wish you to live.

- Positive trades: Your path is not an easy one. You will learn to relate to others and being self-confident. Setting ambitious goals will force you to strengthen your character and live your own life. Professional success will bring great satisfaction. You will earn the respect of your peers and healthy relationships will follow.

- Negative trades: This Natal Moon- Part of fortune aspects causes relationship difficulties when people try to hold you back or stand in your way of success. You may change yourself or your goals to fit in and to have companionship. This may keep other people happy, but it will lead to building dissatisfaction and resentment.

56) ► **Mercury** ☿ **Square** ♅ **Uranus** - (3°49' S)    ☿9 | ♄12

([407] astromatrix.org:) The Scattered Mind

The square has several characteristics similar to the opposition. In both we find eccentric thought-patterns, intellectual superiority, the 'know it all' syndrome, and a changeability of mind and emotions which can both confuse and antagonize others.

The main difference with the square's influence is the dominance of the Uranian 'rebel' attitude, which will condition your social expression. Your initial reaction to most social traditions, rules, and beliefs will be a belligerent opposition, even if you hide most of this activity within your own thoughts. A 'rebel of the mind!'. There are at least two sorts of rebel those who just oppose, and those who oppose and offer radical solutions to social problems.

You are likely to have the tendency to be the 'opposer', as your ideas are often erratic and impractical, lacking in the ability to be easily applied by people in everyday life. This can be frustrating for you; but until you come to better terms with contemporary life, it may be inevitable. Part of this problem is your inability to acquiesce in social rules and accepted ways of behavior, allied to an innate resistance to authority.

You fail to see why you have to live in certain ways, acting and behaving according to a social code of conduct, or thinking within predictable and conventional parameters. You have enough of a sense of freedom to know that life does not have to be the way your parents, teachers, employers, politicians and priests tell you. So, you become an outsider. Alienation from society can vary in degree; but you may have to be careful that your tendency is not just negative in nature but possesses a positive creative ability for social change.

You may have to realize that the only person who is responsible for you is yourself! The responsibility for your choices and actions lies with you, no-one else; and it is a foolish denial of personal power to pretend otherwise, or to seek to blame society or someone else for the repercussions of your choices. Basically, what you are looking for is a personal state of freedom. The freedom to live in a world that suits you; and there can lie the problem. How to move from a restrictive world into liberation?

One approach is to transfer the energy flow from opposing 'out there' to being turned within, to experience fully the contradictions in your nature, accept them and attempt to resolve or rebalance them. Techniques from the humanistic schools of psychotherapy and creative visualization could prove useful in this act of recreation. The social rebel has to undergo an inner revolution.

57) ► **Mercury** ☿ **Square** ♁ **Juno** - (2°33' S)    ☿9 | ♃6

([595] 12andus.com:) Though you want to have a long term committed partnership, you're really looking for someone to stimulate your mind and inspire your creativity.

When you find this ideal match, you may have to struggle slightly to get used to the idea of commitment. The notion makes you feel confined sometimes and you may need to adjust to the idea of sharing ideas but also space in a relationship.

Working through the feeling of being fenced in will ultimately make you successful in

maintaining your relationship long term.

58) ► **Mars** ♂ **Square** ♄ **Uranus** - (1°19' A) ☿ 9 | ♄ 12

([426] [astromatrix.org](http://astromatrix.org);) A Lightning Bolt

The square will be felt as an inner tension, you are torn between the Uranian search for freedom and a deep need to feel safe and secure. This is a clash between the familiar patterns of the known and the siren call of the potential of the unknown. This is likely to be felt as a fear of commitment and risk.

Whilst you will be attracted towards greater freedom, with the possibility of creating a context where you can be more fully yourself, the likelihood is that you will resist the impulse. As you analyze your options, you prefer to play safe, as you cannot obtain these cast-iron guarantees that you would like as to the future success of your choices. This inner frustration that is likely to build up can cause stress, as a part of your nature is being denied and repressed.

You are liable to feel some emotional unease, where you are afraid of allowing full emotional expression, or even properly acknowledging your emotional nature. It is a fear of 'letting go' that is the root of this difficulty, where emotional or material losses are to be avoided if at all possible. This may have arisen through childhood experiences of loss which deeply affected you, or through a pattern developing that too strongly identified yourself with people or possessions, so that with any withdrawal or removal of them from your life, you felt that you were losing part of yourself.

You will feel that you need to keep a tight control on life, trying to ensure that chance and predictability are fended off; in this sense, you accept the more grounding energy of Mars, whilst denying the unsettling but potentially liberating energy of Uranus. You apply the Mars energy in terms of conservation, ensuring a protection of your resources through prudent and cautious organization.

You intend to apply yourself diligently to your objectives, even if you expect that they will take longer to achieve without taking risks; the problem is that for varying reasons, your intentions often fail to be realized, perhaps through an impatient Uranus unraveling those attempts at persistent effort. Or your interest wanes as you reach a point where a riskier decisive step has to be taken.

When that journey of a thousand miles requires the taking of the first step, you may decide not to travel anywhere, preferring established security. Yet you may find that you are willing to allow the Uranian impulse to move freely in your life. This could initially arise as a result of a phase of denial where some external circumstance beyond your control throws you into a period of confusion and turmoil.

Redundancy or the sudden collapse of a marriage could be triggers for Uranus to break through that dam. Certainly, it will not be denied expression for all your life, and that side

of the square will need to be accepted and integrated. There is potential that even while maintaining your relative control you could safely begin to open up to new horizons, to explore other interests, to expand and liberate your limiting conception of your nature and life. There are strong foundations there, and you should be able to build efficiently upon them.

To achieve those ambitions and personal desires, you will have to take some risks at some point. If you are not committed to achieving them, then it is unlikely that you will ever succeed, because your focus and energy flow will be too diffused and unconcentrated to generate the necessary momentum. That erratic will-power needs to be drawn through into a regular consistent direction.

If you can succeed in liberating that inner frustrating tension, you would be surprised how effectively that energy could be applied to reach your aims, instead of clashing within you. Your personal relationships would also improve as the stress began to disperse, and you felt that a great weight was lifting away from your shoulders. Releasing that pent-up, potentially violent energy could mean the dawn of a new era of personal creative enrichment. To free yourself from the restrictions of this square aspect, you have to open up to life's insecurities and risks. It's your choice.

79) ► **Venus ♀ Trine ♄ Saturn** - (2°04' S) 133 | 7

([334] [astromatrix.org](http://astromatrix.org);) The Mature Partner

Venus Trine your Natal Saturn enhances your maturity and responsibility within your personal relationships. In some ways Saturn can dampen your emotional nature which can make you more serious and cautious when meeting new people.

This reservation can make you miss out on some opportunities in relationships, but you have good judgment when it comes to what you want in a partner, so you don't tend to need so much experience or experimentation to know what you want. You are also quite balanced in your relationships, preferring harmony to conflict, you are able to resolve difficulties without getting too emotional or flying off the handle. You don't expect too much from others, and take relationship problems in stride, intuitively understanding that there's always some bad with any good.

That being said, if there are other challenging aspects to Venus or Saturn you may need to take more risks and make more mistakes to ensure you find someone appropriate for you.

80) ► **Venus ♀ Trine ♇ Pluto** - (1°53' S) 133 | 7

([337] [astromatrix.org](http://astromatrix.org);) Intense Emotions

The trine aspect gives similar indications to the sextile, where the possibility of personal transformation is likely to occur through emotional experiences of a higher and intense kind.

You will have a fundamental faith in life, an innate optimism that all will work out well in the end. This belief in the goodness of life can be 'contagious'; and you may feel attracted towards sharing with others your personal approach or philosophy of life, so that they too can experience how trust, faith and love can enrich and guide a life. You feel that higher values are essential in interpersonal relationships; and you try to embody these in your own life.

You see that the bedrock of a partnership - apart from mutual love and affection - lies in qualities of commitment, honesty, integrity, responsibility to mutual obligations, and allowing each other the space to express his or her own unique nature and to continue to unfold the personality in a developmental way.

Generally, you have a belief that the lives of others could be greatly improved if certain adjustments were made in their attitudes; and you are probably correct in assuming so. You may, however, have to avoid a tendency to interfere in the choices that others make. They have to find their own way, although you have the potential to help others do this, perhaps by encouraging them to examine themselves and their options.

You should have a sense of life direction to follow, a meaningful path which may appear in hindsight to have an element of inevitability about it. Similarly, your intimate love life may feel preordained, and you may find that you are waiting for that special partner to enter your life, not feeling quite right with any previous relationships or fully able to commit yourself to them. It could be that you experience the right partner in the traditional sense of 'love at first sight', an intuitive feeling of 'rightness'.

Whether immediately obvious or not, your life will be strongly directed and influenced by your emotions; your choices will always be conditioned by your emotional responses to people and situations, even though you may overlay your 'gut reaction' by intellectual reasons or logic.

Fortunately, your choices tend to turn out right for you, unlike the choices made by those with the Venus-Pluto square or opposition, where following emotional impulses leads towards considerable difficulties and frustrations. It may be that some of the higher appreciation and qualities that potentially are yours to experience may remain latent until they are triggered into conscious activity through the transformative action of love upon you; meeting your 'fated partner' could be the stimulus for this process.

This does not necessarily imply that the relationship will succeed and survive but could indicate a crisis and turning-point in your life centered within your emotions, which - whatever the result - will lead to enhanced understanding and inner change.

([456] cafeastrology.com:) You could find that your quest for love, affection, and pleasure is often at odds with your inner drives or personal development. Your pursuit

and enjoyment of pleasure may often get in the way of what you think you should be doing. This can be the source of quite a bit of stress and/or guilt until you discover ways to fulfill both of these needs without doing so at the expense of the other. Your love nature, your needs for affection and the manner in which you go about getting it, and the way you spend money tend to contradict your general personality—the person that others meet on a day-to-day basis.

Examples of this include an outgoing, even flamboyant, personality that is quite cautious and even shy when it comes to love; or the reverse: a humble person who is dramatic and self-expressive in love or extravagant with money. This, of course, can confuse others, and yourself at times! You may often struggle with how you perceive your personal appearance, finding it hard to find yourself attractive in the here and now, when in fact there is unlikely to be an issue.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

**Contra-Antiscia:** Opposition.

[626] [astromatrix.org](http://astromatrix.org): The Activist

Opportunities: 1. Accepting overwhelming and raw emotions 2. Nurturing your profound curiosity

Challenges: 1. Maintaining Composure 2. Battling crooked logic

The placement of Mercury conjunct Black Moon Lilith in your natal chart might turn you

into an activist or a revolutionary who fights against tyranny and indecency with the power of his influential words. Oscillating with the vibrations of the planet of communication, expression, and action, you are well aware of your ability to use your words.

You know to let others know when they cross the line. You are not someone who will silently face oppression and injustice. You know to give and get respect. As someone who does try to sabotage others' rights and privacy, you expect the same in return. Your intellect and communication skills are your weapons to outmaneuver your opponents.

You do not speak or write to intimidate others but to reach their hearts and gauge their attention. When Mercury conjuncts Black Moon Lilith in a natal chart, it gives birth to highly intellectual and creative minds who can become expert teachers and revolutionary writers in the future. Your photographic memory makes you learn through unique and unorthodox ways.

Mercury conjunct Lilith in a natal chart can be summed up as a beautiful tragedy that brings the fantastic combination of your civil and well-mannered behavior with your impulsive and straightforward nature.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 28° **Cancer** 47' and in the **9th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 20° **Aquarius** 40' and in the **4th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the

world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 17° **Aries** 51' and in the **6th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 6° **Gemini** 19' and in the **8th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 24° **Virgo** 57' and in the **11th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 0° **Scorpio** 25' and in the **1st** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 5° **Scorpio** 33' and in the **1st** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 21° **Pisces** 42' and in the **5th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 14° **Leo** 45' and in the **10th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Leo: pride and arrogance, excessive visibility, water  
Nemesis in Tenth house (Capricorn): carelessness, neglect

### **Lots related to family:**

The **Lot of the Father** is in 6° **Aquarius** 35' and in the **4th** house.  
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 29° **Leo** 47' and in the **10th** house.  
Same as for father.

The **Lot of Siblings** is in 8° **Capricorn** 27' and in the **3rd** house.

The **Lot of Children** is in 10° **Virgo** 54' and in the **11th** house.

The **Lot of Daughters** is in 12° **Taurus** 58' and in the **7th** house.

The **Lot of Sons** is in 26° **Scorpio** 34' and in the **1st** house.

The **Lot of Marriage for Woman** is in 7° **Pisces** 39' and in the **5th** house.

The **Lot of Marriage for Men** is in 11° **Cancer** 42' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 8° **Leo** 14' and in the **10th** house.

The **Lot of Deceit in Marriage by Men** is in 8° **Libra** 39' and in the **12th** house.

The **Lot of Marriage (in general)** is in 12° **Taurus** 58' and in the **7th** house.

### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 24° **Leo** 3' and in the **10th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 8° **Taurus** 57' and in the **7th** house.

The **Lot of Treachery** is in 27° **Aries** 18' and in the **6th** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 0° **Aquarius** 26' and in the **4th** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate

areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 11° **Aquarius** 8' and in the **4th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Virgo (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 6th House/Virgo: Major transformations come in health and work. You seem to have unexplainable health problems rather often, caused by lack of caution in your daily work. Like You are creatively as well as mechanically inclined, able to enhance details in music and art, anything you put your hands to, really. In fact, the more hands-on a project is the better. This placement leads to potency in daily work and service possibly leading to quick promotion in day jobs. This promotion, while at first glamorous, eventually feels stagnating. In the past, you realize a pattern of biting off more than you can chew. This leads to periods of hopping from one daily routine to the next, with many changes in career and education paths, before you find the situation where you 'never work a day in your life' due to the immense passion you have for it. With experience, you can gauge the amount of work a worthwhile project needs and when and find the drive to keep at it.

### ***Pholus in 11th house***

([12andus.com](https://12andus.com/);) You may have a compulsive urge to seek out progressive and radical change.

Without intending to, you can spontaneously stumble upon a dramatic situation that forever changes your life. In particular, changing your associates, thoughts, beliefs and progressive ideals can lead you to dramatic breakthroughs.

You may turn over every stone to try to find a cause to put your energy behind. You may easily get caught up in social disruption and cataclysmic revolutionary change.

Group membership can be life changing for you. You can get involved in a mission or campaign that leads to dramatic breakthrough and personal relationships. You may become zealous and go to extremes to try to assert your independence or in order to

find what you are searching for.

Your use of technology can lead to dramatic breakthroughs which change your life. You may go so far that you need to then scale down your efforts.

Your desire for independence can lead you to reject or rebel against others and this can require you to need to sort out toxic attempts to assert yourself or make changes.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Scorpio***

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

#### ***Eros in 1st house***

(12andus.com:) You may feel like you become infatuated with everyone you meet.

Love at first sight seems very real to you, though often it is lust. Your instincts and impulses lead you to feel aroused in relationships, often in the earliest stages of an encounter.

When it comes to exploring sexuality, you may be turned on by expressing your desires in athletic or obvious ways. You will blatantly chase your love interest.

You may also have an aggressive or controlling side when it comes to sex. You radiate passion and sexuality and may have a fun and playful side that emerges in the bedroom.

You can be turned on by competition or even confrontation and may pick fights just for

the sake of arousal from the attention others show you. You may find it easy to jump into sexual relationships and are often careless when it comes to this kind of relationship.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

#### Hygiea in 1st house

(astrology.com:) Aries or in the first house: For these individuals, experiencing illness or witnessing another's health crisis during their formative years becomes personality-defining. Having suffered the consequences of neglecting preventive care, which they equate with losing their autonomy, they take direct ownership of their personal fitness, exploring different modalities, and continually updating their health goals. Their identity may also be tied to the occupations listed in the above section.

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Pisces (Rx)**

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the twelfth house from 'synnisisigns.com'.)  
In connection with your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of

higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

### ***Eris in 5th house***

(synnigns.com:) Eris in the fifth house of romance and creativity gives you the power to create divergent forms that highlights societal problems caused by unequal power distribution. Your images, your writing, your music can inspire others with the power of your message. Likewise, if you mispend your gift, your art will devolve into pointless blame games. You must work to overcome that tendency in your life.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

### ***Pandora in Scorpio***

(astronomicallyaligned.tumblr.com:.) Crimson and scarlet, roses and blood. Pain and beauty, grotesque and delicate. A magnetic pull is dragging you into releasing the

### ***Nessus***

([vamzzz.com](http://vamzzz.com);) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use

of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Gemini***

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

### ***Nessus in 8th house***

(smartyoungsters.com:) Nessus shows the dark side of the god of the underworld. But even then this Nessus has the biggest potential of becoming a healer. In fact, the most powerful healer. Nessus here, is the mafia, drug dealer, tantric yogi, black magician who uses spirits to bring him power. He is the "bad magician" from Aladdin's story who is running after the lamp for power. This Nessus has an obsessive and uncontrolled desire to gain power. He wants wealth at all costs and use darkest themes to get it. His greed is endless be it for sex, power or money. He holds his victim captive like the Devil card in tarot. When positively expressed, he is powerful yogi like Lord Shiva who heals victims of various ailments. He is the one who gives life to the dying through power obtained by controlling the kundalini energy. In love this is most manipulative Nessus who can do anything to gain control of the relationship. He will use all methods to hold his lover captive.

### **Dejanira | Victimhood, Toxic Submission**

Can indicate masochism (self-harm), being drawn to sadistic types or a victim mentality. No fault of her or his own. The person did not choose his chart. He has the power to respond, only. All charts can be overcome.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

### **Amycus | Power, Powerstruggle, Brutality, Shining Light of Truth**

(vamzzz.com:) Denotes a point that provides information about a personal power source, or shows by which specific means or tactics one tries to gain power. Amycus conjunct a "research asteroid" for example, has the potential to acquire authority and respect with discoveries or scientific work. Opposites with Amycus indicate what other power (represented by a celestial body in the opposite house and sign) will act as an undermining force or obstacle on the way to personal power. Doctrines/policies designed to produce a result. Inuding change. "Amycus always finds the anomaly that has been latent in a system."

Positive: Light to shine.

Negative: Victim of violence.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

### ***Ixion***

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest

groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.  
 To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

**ASELLUS AUSTRALIS** (18° Cancer 28') is **(1°01')** of (1°30') close to **Mercury** (19° Cancer 29').

[1] (- - - -) august 1-3 Sun-/Martian - eye trouble, mass murder, horrors, self-willed, uncooperative, dramatic /choleric, introverted, romantic/individualist, possible histrionic

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown. The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

#### Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow

this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

[6] Asellus Australis rule the top of the heart in the human body.
