The Socializer

A truly gifted 3 possesses the most exceptional innovative skills, normally in the verbal realm, writing, speaking, acting, or similar endeavors. Here we are apt to find the entertainers of the world, bright, effervescent, sparkling people with very optimistic attitudes.

Life is generally lived to the fullest, often without much worry about tomorrow. You are not very good at handling money because of a general lack of concern about it. You spend it when you have it and don't when you don't.

Threes are optimistic, extremely generous and giving souls, and are able to find positive in everything around them. People like to be around them, not only because of these qualities, but also because Threes have a charismatic personality, are great listeners and are very conscious of other people's feelings and emotions. They can easily put the people around them at ease and make them feel comfortable.

The 3 loves connecting with people. The characteristics of the 3 are warmth and friendliness, a good conversationalist, social and open.

People sharing life path number 3 evoke the fantasies of other people. They can impress anybody and everybody with their charming and attractive personality. They are mesmerizers. Most of them are blessed with a good looking appearance. One downside to their love life is that they tend to take impulsive decisions on the spot without weighing the pros and cons of their choice. Since they do not think well before entering into a relationship, often they are at the risk of facing heartbreaks.

Expression (Destiny) Number: 4

([659] numerologycalculator.online:) The number 4 Destiny suggests that the direction of growth in your lifetime will be toward a greater sense of order, service, and management skills. As you develop, you must adopt an approach that is more practical, down-to-earth, and thorough. You must be willing to work those long, hard hours to push a project through to completion.

An increase in your patience with detail allows you to become expert in fields such as building, engineering, and all forms of craftsmanship. You may accumulate abilities to write and teach, leaning toward the more technical and detailed. In the arts, music will likely be your choice.

Artistic talents may also appear in such fields as horticulture and floral arrangement. Many skilled physicians and especially surgeons have the 4 Destiny. Indeed, you may enjoy success in any number of professions in which planning, organization, regulation, and dogged follow through are valued.

All with Destiny 4 are potentially equipped to handle large scale undertakings in the material world. Often the reference to master builder is used in with regard to the 4, however, this trait is a potentiality in every 4, and does frequently occur.

The Destiny 4 produces a very moral character and you must choose your friends from those living up to your high standards. It will be difficult to hide your disappointment in those who fail to meet this ideal. You will be happiest mixing with associates and friends who are, like yourself, practical, moral, and doing good works for others.

The negative side of 4 often produces dominant and bossy individuals. If there is too much 4 energies present in your makeup, you may express some of the negative attitudes of the number 4. The obligations that you face may tend to create frustration and feelings of limitation or restriction.

All 4s may accentuate unorthodox methods to the point of eccentricity. This negative manifestation of the 4 Destiny can also be very dominating and overbearing. Avoid becoming too rigid, stubborn, dogmatic, and fixed in your opinions. You may have a tendency to develop and hold very strong likes and dislikes, and some of these may border on the classification of prejudice.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 1

([659] numerologycalculator.online:) Independence, leadership and a strong desire to be a leader in their field are the traits of the one soul urge number. The person with this heart's desire longs to be in complete control of his/her own destiny.

You have an insatiable need for independence. You are determined to be the master of your own destiny. You are determined to live life on your terms. You not only have leadership qualities, but in many situations consider yourself to be the only qualified leader.

This instills you with confidence and helps you make difficult decisions that others would be apprehensive about making.

Your intelligence is above average and people regard you as being insightful and even inspiring. The leader in you draws out the follower in others. People look to you for your unique perspectives and actually appreciate the controversial nature of some of them. When you believe in something, you commit to it and your enthusiasm is infectious.

The negative in all this is that the things you know about yourself and your abilities can make you come across as arrogant or domineering. Be sure to gather around you people who want to be led. Competition can bring out parts of your personality best left out of public view.

Personality Number: 3

([659] numerologycalculator.online:) Naturally lucky.

Creative and articulate, three people are seen as interesting and great story tellers.

Three people seem to have a knack for finding opportunities and can always see a silver lining in the clouds. People see them as creative thinkers who sometimes get carried away or may be prone to a bit of exaggeration to highlight their point.

People with 3 of Personality Number radiate enthusiasm, good cheer and warmth, and people who surround them often cannot resist it.

In social situations they are in the center of attention and play role of those who make parties really fun.

A Number 3 person is lively, gregarious, charming and entertaining conversationalist, who immensely enjoys people and always ready to have a good time as he/she thrives on own conviviality.

Heart's Desire - Personality Bridge Number: 2

([660] numerology.center:) You have the ability to influence people. You don't use this aptitude with your private aims. Maybe you even don't know about this ability, but very often people do what you want. However, in spite of this fact, you have to be more attentive to the needs of others. Good warm relationships will be long-lasting if you understand the expectations of people, who are important to you, and if you don't ignore them. Sometimes it is necessary to put the focus on the wants and needs of others. It will help to build natural harmonious relationships.

Patience is important for your job as well as for your relationships. Don't try to make things too quickly. In some cases it is necessary to calm down and wait a little bit.

Quiescent Self Number: 3

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 3 are likely to see themselves as being popular, especially in relation to creativity and artistic pursuits, and being in position to inspire others with their perpetual optimism.

The energy represented by the number 3 resonates with creative self-expression. Also social interaction and optimism. And tolerance. It is an inspiring energy.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of being successful in one or more artistic fields — designing, decorating, painting, acting, singing, sculpting, ... — and being socially inviting.

Their thoughts and contemplations lean toward spreading cheer wherever they go, as it comes natural to them, and seeding happiness with their optimistic inspiration.

Maturity Number: 7 = 3 + 4 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with

introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

Karmic Lesson Number: 2

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

First Pinnacle Cycle: 4

(Month + Day) - from age 0 to 33 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the

realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 1 Number 4: First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Second Pinnacle Cycle: 8

(Year + Day) - from age 34 to 42 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 2 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Third Pinnacle Cycle: 3

(1st Pinnacle + 2nd Pinnacle) - from age 43 to 51 (based on LPN) - ([665] feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 3 Number 3: Second or Third Pinnacle: If you're in your Second or Third Pinnacle, the 3 energy pertains to good friends and happy relationships, joy, gratitude, the pleasures of life, and creative self-expression. This is a time where your responsibilities and accomplishments are greatly dependent on your social demeanor and communication skills. You may be presented with opportunities to write, speak, design, or take a job in the entertainment industry. This time is marked by imagination

and feelings.

If you're nurturing this number's healthy aspects during your Pinnacle, it has a natural attraction for money and an easier life full of creativity where you're drawn to encourage and inspire others. You could even become interested in some aspect of the healing arts.

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

Fourth Pinnacle Cycle: 3

(Month + Year) - from age 52 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 3: Fourth Pinnacle: If a Number 3 shows up for your Fourth Pinnacle, there's a good possibility for travel and social activity. Often this is accompanied with a freedom from financial worry. It can be a very comfortable final stage in your life that is supportive of all your creative endeavors.

First Period Cycle: 4

(Month) from age 0 to 33 (based on LPN)

([666] worldnumerology.com:) The first 3 decades of your life represent a time of hard work and all the rewards it can bring. This is a period in which you are concerned chiefly with the practical things of life: work and career, sound family and a solid community. You are not given to flights of fancy or idealism, but want to place your life on sound financial footing.

You can be overly concerned with details and thus can find yourself in ruts that will have to be broken free of. Find work you love and do it to your heart's content, but do not neglect the rest of your humanity, or that of others close to you.

This is a time requiring discipline, order, and self-motivation.

Work is the order of the day. But through these characteristics, you will be seen as the foundation of your family, job, and even community.

Second Period Cycle: 9

(Day) from age 34 to 60 (based on LPN)

([666] worldnumerology.com:) This is a period where you develop a broad view of

humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message.

There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments.

You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

Third Period Cycle: 8

(Year) from age 61 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 5

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this

vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”

- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Third (Main) Challenge Number: 4

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are “forced” to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively

- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Fourth Challenge Number: 4

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 1 (09) + (04) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

The year generally provides opportunities for starting new projects and the energy to follow the inclination. More so than last year, the person feels a desire to move forward, to improve situations, to assert their individuality, and to get on with life.

This tends to be an active year with many decisions to make.

In some respects, life feels like it's beginning anew.

Personal Year Number (for 2023): 2 (09) + (04) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The year tends to encourage participation in team projects.

Cooperative associations are more important. There's a tendency to use diplomacy and

tact to repair or strengthen relationships. Intuition, emotions, and sensitivity tend to be enhanced. It can be a busy year, with seemingly endless demands on your time.

The year can revitalize peace of mind. It is a good time to strengthen sincere friendships.

(feliciabender.com:) This is a year to focus on your emotions. Last year = career. This year = love and emotions. Concentrate on intimacy and relationships, fostering appreciation for yourself and your loved ones, and speaking your truth gently yet firmly. Expect this year to feel very slow-moving.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): L

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with both creative and intellectual expression.

([671] spiritwalk.org:) You are intelligent and witty, however you prefer to dream rather than to act. If you want to achieve real goals, you will have to be more decisive. You are sincere, tactful, benevolent and decent person. If you have a chance – travel and go out of the comfort zone. Harmony in everything is the key for you, so avoid drastic decisions.

([672] numerologist.com:) Cornerstone: You tend to intellectualize rather than do things so it is hard for you to get things started. You rarely initiate things because you are so indecisive.

([673] numerologyzen.com:) Letter L. This is a letter of creation and communication, very cerebral and down to earth. L is an open and balanced letter. First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): P

([676] ezinearticles.com:) This letter indicates that a pursuit of religion or knowledge of the occult could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): D

([678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "D" tends to complete projects in a steadfast and practical manner.

([671] spiritwalk.org:) You are practical and purposeful. You like when everything around you has its own place and is in order. Your determination is incredible. Try not to be that obstinate, be more flexible about concepts and people. Also, you need some strict guidance and you will reach success.

([672] numerologist.com:) Capstone: You have the stamina, persistence and powers of concentration to steel you through any difficulties. You almost always succeed but when they don't, it is usually because you were too rigid or stubborn somehow.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

4 on the Mental Plane

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the “tyrant – victim” scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly polish it like a treasure, overwhelmed with the desire to share your insight with

everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 11

"Gentle" - you are willed enough and have a level head. You can be a leader without any diktat or aggression, and able to be a compliant, enterprising and patient managee. You prefer to avoid severe conflicts.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 3333

"The Scientist And Inventor" - the rarest sign for our age. You have a potential of a real scientist, inventor and creator. And this is not just someone who will delve deeper into the theory than anyone else ever did. This is someone who is able to immerse themselves in the subject area deep enough to make a real discovery. For others, this inventor looks like person not of this world and is often rejected because of the ability to think with new paradigms. It is a pity that it is not always in their power to set the ideas which could change the world in motion. These people will have to work hard to cultivate their abilities, and it is important for their parents to give space for creativity, imagination and hobbies. Indeed, the sphere of 3333 manifestation may be completely unexpected.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must

admit that working hard and achieve success and have an accidental success are different things.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 7

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 2

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 3

"Unpredictable" - the person likes to set goals, and then suddenly change them. By the way, achieving goals is not their favorite occupation - they prefer to dream of patronage over the world than to conquer it. Sometimes they tend to overestimate themselves.

Domestic bliss (Line «2-5-8») — 3

"Spontaneous" - this person may say that they will never enter marriage or it is not for them. But one day they'll send invitations to their wedding, and everything will seem to be ok till the day when they suddenly apply for divorce.

Stability (Line «3-6-9») — 5

"Very stable" - practically never change their habits and surroundings, remain loyal to familiar things, even if the new ones are better. What is it: tediousness or predictability? Anyway, some of the surrounding people appreciate this, the others do not. But it is believed that this person is worth to trust.

Spirituality (Diagonal «1-5-9») — 4

"High spirituality" - the predominance of spiritual values in this person attracts their soul mates. Together they begin to influence the surrounding inveterate materialists.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. People with hot temperaments (5 and 6) often seem to be slightly cold, their fervor comes into full play only with a partner.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

KARMIC CHALLENGE for the Three of Club: Right Choice

There is often difficult karma with older women for the Three of Club, and they tend to suffer at the hands of a troubled mother, grandparent, or older sister. No stranger to emotional disappointments, they have had to learn the art of resilience and they developed a terrific personality along the way.

entertainers, and public spokespeople.

Mars Card: Three of Spades (metasymbology.com:)

Spades: Labour - Wisdom - Health

Three of Spade Meaning: Indecision About Work

Karma for the 3 of Spade: Complacency

Earth-Pentacles - Planets: Jupiter & Saturn

All 3's struggle with decision-making that relates to the meaning of their suit. As the Spade, it is their work-related decisions that can become such a painful process.

Because of this indecisive karma, many 3 of Spade stay in mediocre jobs, content with the status quo, even if their skills or talents qualify them for something greater.

Those born on a Three of Spade day find help from strong women. This is one of their blessings, and it is wise for the 3 of Spade to align themselves with women business associates, doctors, teachers or healers.

All 3 of Spade have strong magnetic personalities and they are quick to offer a helping hand. Disappointments in relationships are usually the result of misunderstandings over money. Best-case scenario for the 3 of Spade, "neither a lender nor a borrower be..."

Another karmic challenge for the 3 of Spade is worrying about who said what and to whom. While they can find themselves the subject of gossip or scandals, they must take care not to speak ill of others. As always - what goes around, comes around! And this is especially true for the 3♠.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Nine of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Nine of Heart Meaning: Frustrations in Love

Karma for the 9 of Heart - Universal Love

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to

handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

A happy 7 of Club illuminates their analytical pursuits with creative ideas to overcome obstacles that stand in the way of progress.

Those born on a 7 of Club day are keenly aware of what they - and the world needs - to be a better place. They are eclectic, spontaneous thinkers and can be highly intuitive. They also have a knack for commercializing their ideas and publicizing their unique perspective.

The young and impressionable Seven of Club must find ways to stabilize the unstable environment of their youth. Fluctuating finances create volatility at home; the root cause of their incessant worrying later in life. To cope, the 7 of club develop an inventive mentality and sense of irony.

None of the 7's have it easy and the Seven of Club is no exception. Stress is a constant and a cause of psychosomatic health issues. The 7 of Club personality resists dogma and the conventions of religion, preferring science over blind faith.

Women 7 of Club need their independence but want to nurture. If the gender is male, a rakish attitude often spirals into cheerful irresponsibility. Relationships are characterized by rough-cut gems. Not one to shy away from conflict, the rebel within will surprise even

those who know them well.

After age 91 the cycles repeats.

Cosmic Lesson Card: Seven of Spades (metasymbology.com:)

Spades: Physical Environment - Work - Higher Self

Seven of Spade Meaning: Wisdom and Self Mastery

Karma for the 7 of Spade: Material Discontent

Earth-Pentacles - Planets: Jupiter & Uranus

The 7 of Spade are friendly people and quick thinkers. Illness may come through worry over business - or the stress that stems from a frustrated desire to live beyond their means.

All 7's have come to learn how to use their power. For the 7 of Spade, their heritage of power is often misdirected to a longing for magnificence until they awaken to the treasures of wisdom stored within the memory cells of their magnificent, higher-self.

The Seven of Spade have the memory of an elephant, and a perceptive understanding of what make people tick. They are acutely aware of the world around them and make excellent psychologists, writers, and world-travelers.

They will work quietly, often secretly, and are willing to remain behind the scenes. For this reason, they are valuable in secret service.

7 of Spade have many friends but few loves. They are generous and fun-loving and make excellent travel companions. In business they are honest and reliable and willing to serve for the greater good. When in love, they are faithful and romantic!

Cosmic Reward Card: Nine of Diamonds (metasymbology.com:)

DIAMONDS: Values - Radiance - Materialism

NINE: Service - High Calling

CHALLENGE: Overindulgence

Fire-Wands - Planets: Mars & Uranus

DIAMOND: The Diamond personality has been chosen to illuminate what is value in our school of Earth. The spirit of the Diamond is penetrating, clarifying. It is the element of fire and is quick to burn away the dross as it navigates the path of what is worth and what is not.

NINE: The value of 9 is service. The personality of the 9 is equipped to influence and serve others selflessly- for the benefit of humankind.

JOURNEY OF THE SOUL: Their Soul Card is is the Queen of Diamond. This emblem is symbolic of The Patroness - distributor of material bounty and giver of light – companion to King Sun.

In its most successful state of being human, the personality of the Nine of Diamond is able to provide service to the downtrodden, illuminating their path and providing the resources they need to thrive.

9 of Diamond personalities are gregarious and they make great orators. A candid demeanor is often a result of psychological stress experienced during their early childhood years, for which they develop a healthy dose of humour (dry) to overcome, and charm to get by.

They feel it is their calling to help those less fortunate, and champion the rights of the underdog. This quality makes the 9 of Diamond one of the most generous and philanthropic cards in the deck.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

In love and intimate relationships, the 9 of Diamond want to feel mentally connected with their partner. Take note! Deep and meaningful conversations do for this card what wine and song do for most.

Cosmic Moon Card: Two of Clubs (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Clubs: Mind - Communication - Ideas

Two of Club Meaning: Sharing of Ideas

Karma for the 2 of Club - Fear to Cooperate

Air-Swords - Planets: Saturn & Uranus

People born under the Two of Club must strive to learn the art of cooperation. Most 2 of Club put up an independent front which make them appear defensive or uncooperative when in truth, they are afraid of being misunderstood.

KARMIC CHALLENGE for the Two of Club: Belief in a Higher Power

All Two of Club are clever and quick witted. They never lack for an answer, and can be very opinionated. They protect the ones they love, and are generally well protected when it comes money.

Fear is a big factor for people born with this Card. They must learn to trust in themselves and find an outlet for their keen, penetrating minds. Two of Club people also have an uncanny ability to ferret out the information they seek, and make for great detectives! In relationships, the Two of Club like to be playful and they are known for their romantic creativity.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Justice (8) Men

West (Blue) glyph: Challenge / Strengthen

Day Sign: Eagle

/ Men (Yucatan) / Tz'ikin (Kiche)

Men types are independent, ambitious, and escapist. They can be scientific, technically inclined, critical, and exacting, and they frequently have an interest, or background, in philosophy, science, or the more technical aspects of their chosen field.

Men types are usually a bit ahead of their time in their thinking, and they tend to be experimental in many areas of life. They are perfectionists with exacting, critical minds that require challenges.

Making plans and layouts is particularly appealing to them. Persons born under this sign are typically perfectionists capable of handling much detail.

Men types are often unconventional in significant ways; they have their own set of rules in life that develop from their own unique perspective on things. They can be driven, yet they also enjoy a good escape now and then. They would probably just take off for parts unknown, but they usually have complex relationship entanglements to handle, so they don't.

On a more positive level, many Men types are concerned with making the world a better place, and they only appear to be escapist to others.

Those born under Men are usually popular and well liked, which is interesting since they are the ones who tend to frequently bend the rules as understood by others.

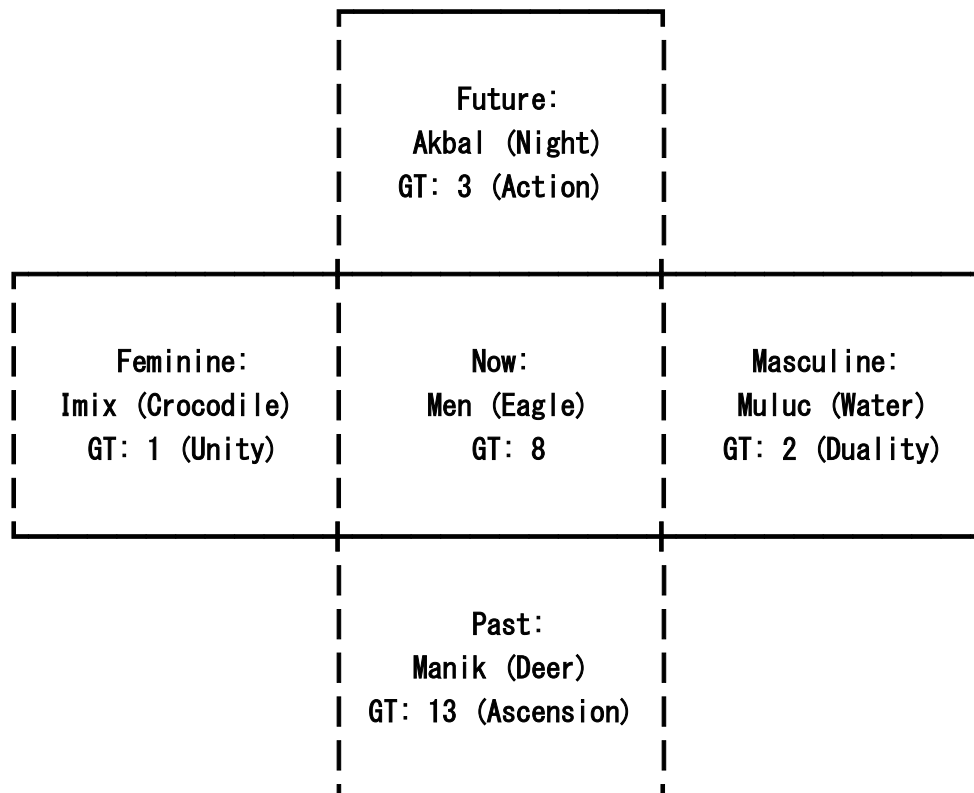

They will compete when necessary, and can be very serious about such things, but they usually try to avoid it. Competition with themselves is more their style and is perhaps the basis of their personal ambitions.

Challenge:

To create a lifestyle that offers both freedom and companionship.

Solution:

To gain a deeper knowledge of human nature.

Four Directions

Men is a day-sign of special power in both the material and spiritual realms. It is said the natives of this sign will cry out like the eagles, asking Santo Mundo, the Earth father, for wealth, power, and the benefits of the spirit. In general, they will get what they ask for because their spirits are strong and their motivation is high.

Men is a sign of passion and desire. These people expect the best out of life and seek to soar above the crowd. A great deal of their passion for life is devoted to the material attributes of human existence, which is why it is said they are likely to become wealthy. They achieve their material eminence not through mere luck, but through skill. They usually make assertive and powerful business people.

There is a spiritual side to this day-sign as well. In ancient Mexico, the eagle was the symbol of the daytime sun (in contrast to the jaguar (1x), which was the totem of the night). Thus this day-sign represents the light of conscious thought, as opposed to the intuitive perceptions of more Otherworldly signs like Ix or Cimi. Putting it all together, we

may say that Men is, at least potentially, the magician of light.

If Men soar to the top of the worldly heap, they are equally likely to soar to the summit of consciousness. The eagle is the totem bird for shamans all over the world, and this is a sign believed to be endowed with "body lightning". Therefore Quiche Maya say Men natives are as likely to shine as shamans or religious professionals as they are to occupy a prominent position in business or society.

Men is a sign of wholeness and completeness. It represents the striving for perfection on all levels of human existence. In order to achieve the heights, Men people must remain balanced in the very centre of their beings. The central pole of their personal tree of life shows Men have Manik for their past sign and Akbal for their future sign.

These natives also have Muluc and Imix as their right hand and left hand powers, respectively. These are turbulent signs, and when Men leave the straight path of motivation, focus, and achievement by leaning too far towards either the male or female polarity, they are certain to run into difficulties.

Let the natives of the day-sign Men learn to identify the true goal of their hearts and strive always towards that goal with clear and focused power. Let them learn to control their turbulent emotions and be guided by the light of conscious awareness.

Justice

- * Patterns
- * Work
- * Creativity
- * Working with joy
- * Justice
- * Harmony
- * Balance realized as substance

From simplicity to eternity, the 8 energy organizes everything that exists. You have strong organizational skills and you weigh all possibilities with clarity before you reach the balance point. One of your strengths is being aware of basic patterns that emerge in life. You are born with a curiosity to understand patterns and systems that underlie the world around us. This makes you quite an intellectual type. You like going deep and wide in any subject you are studying.

The main intention you have is to bring balance and harmony into your life.

Understanding the patterns and the systems, you can easily weight where the balance is lost, what needs to be adjusted in order to bring the harmony back. This goes for everything in our collective life, as human species on this planet. Understanding the cycle of life and what it entails helps you bring principles, balance, and justice.

Trecena Sign: Rabbit

/ Star / Lamat (Yucatan) / Q'anil (Kiche)

Beneath the 1-Lamat surface personality is a competitor and fighter.

This aspect of character may not always be apparent to others until they get to know the 1-Lamat person well.

1-Lamats secretly love a confrontation and will take risks in life in order to create conflict. These people prefer a life of competitive challenges rather than one of routine, and they should try to meet those needs in non-destructive ways, such as through running a business.

Night Lord: 3

Many born under this Lord seem to have a strong need for respect from others. They are serious people who are occasionally insecure, but they often occupy a prominent position in life, or at least feel that they should be publicly recognised for their actions. Some people born under G3 project this need onto others; they may associate with or be married to a person who is powerful in the outside world. They have high expectations for themselves and often for others, and they work hard to achieve their goals. In doing so they may neglect relationships, or may simply make pragmatic choices in this area in order to accomplish their tasks. This dedication can lead to a lopsided emotional life and can occasionally raise questions in the minds of others about a G3 persons basic motivations.

G3 types seek the limelight and recognition for their accomplishments, but they may work under the shadow of another person, such as a father or another authority figure. They see value in apprenticing and learning from their elders.

One of their tasks in life is to learn how to be an authority in their own right. This need is something that G3's meet through earning it, rather than by acquiring it through association.

Their strength lies in their persistence and dedication to greater learning and improvement. Their dark side lies in their internalised, critical parent, the voice that judges.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Moon conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Rowan Tree

Strong keywords: Endurance, Responsibility

Weak keywords: Feeling of inferiority

Tree variants: none

Birthday:

1 April - 10 April

3 October - 11 October

Characteristics and Personality

People born under the rule of the Rowan are usually gentle and subtle, or at least they

give us this impression. These people have a gentle and fragile appearance, but inside they are strong and determined people who can defend themselves against anything bad that await them. Rowan people have a good taste and they are often blessed with artistic talents. They give us the impression of closed people who do not like to be the centre of attention and who try to avoid big social events. They hate gossip so you can absolutely trust them that they will never blabber things they know about your private life.

Rowan people are ideal employees because they have a highly developed sense of responsibility. Although they can act absolutely independently and work with imagination, they are sometimes easy to manipulate. They often suffer from low self-confidence and the lower their self-confidence is the more they care about their dignity. Rowan people are good and reliable friends, they never talk much, but they never let somebody down. They will never betray you. On the contrary, they often take care of other people's problems while they forget to take care of themselves. But they are not naive and they do not let others use them.

Rowan people are passionate lovers who can give up everything for the person they are in love with. They are picky and demanding, their relationship is full of dramatic twists and often rather complicated, because they can quickly change their mind. You cannot expect Rowan people to be loyal. However, in marriage they usually show a sense for family life. Thanks to the strongly developed sense of responsibility they often become strict guardians of the family budget and no less strict educators of their children.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Appearance – Are Pisces Rising Attractive?

Pisces ascendants are some of the most attractive people on the planet. Their frame might be slight but they're exceptionally stunning.

A Pisces ascendant man has the look of a sexy scholar. These men usually have an average height (about 5'8" or 5'10"), a very well-built body and dreamy eyes that'll steal your heart the minute you see them. They're glorious to look at and very tender when it comes to love making.

Personality – What is Pisces Rising Like?

Pisces ascendants have the first impression of being shy and very reserved. The first thing that people notice about Pisces rising is their soft voice and puppy-like big lost eyes.

1. They're shy, not stupid – Pisces ascendants are reserved and they can balance their emotions. But, they're not stupid. They're very much aware of what others are up-to all the time.
2. They're very compassionate – They care about the feelings of others so much that they get overindulged in the life of other people. A Pisces ascendant will always help the underprivileged and weaker ones.
3. Inside, they're an emotional mess – They do have the art to balance their emotions in public but they're sort of oversensitive. It makes them a bit hard to date.
4. They can easily fool others – This is a debatable trait. Nobody knows whether it's good or bad except a Pisces ascendant. Some call them chameleons because they change every now and then. Some call them adapting since they can blend in any situation. Precisely, they can fool you if they want to.
5. They're Lost Happy Souls – Pisces ascendants, especially a Pisces ascendant woman, palpitate so much happiness that it's impossible to not enjoy their company. But, when it comes to feeling mentally settled, they feel lost and confused. It's one of the reasons that these people can easily fall into the abyss of drugs and alcohol.
6. They are passive-Aggressive – If they don't like you, they won't say it on your face. You'll get to know about their feelings from people around you. It's one of the most frustrating traits of Pisces ascendants.
7. They're Jealous Lovers – It's a joy to date them until you make them jealous. They can react very badly even in public if they feel insecure. The good thing being, they won't feel jealous until you give them a reason. So, as long as you're not flirting with others, you're in the safe zone.
8. They're Very Intelligent and Successful – Ask them a question and, 90 times out of 100, they will have the answer. Jupiter imparts the quality of learning. The quest to learn is so strongly imbibed in their soul that it's impossible for them to not succeed once they set their minds to it.

Love Life – What are Pisces Rising Attracted to?

A Pisces ascendant man somehow attracts heartbreak. These gentlemen don't see the world as it is when they're in love. By the time they see the reality, they're already left heartbroken. The bad part is, they still don't learn. They're hopeless romantics who would even lay their lives for the women they love.

Pisces ascendants are generally attracted to humor and sass. If you can make them laugh, laugh at their jokes, and have a knack to explore new places, they'll fall head over heels in love with you.

3. Scorpio ascendant sign.

Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Summary:

Strengths: Resourceful, funny and caring;

Challenges: Emotional and overly nostalgic;

Advice: Learn to prioritize so you don't feel overwhelmed.

A lasting emotional impression

The House where the Moon is placed in a birth chart determines how that native expresses his or her emotional needs and how supportive is with others. Responsive and sensitive when it comes to the traits that specific House rules, each and every one of the characteristics influenced by this celestial body will have great impact on the collective.

Moon in 4th House people give a great importance to home and family, needing to always feel emotionally secure. They usually have a deep connection with their father, and the place where they have their roots has a great impact on them.

These are the most patriotic natives, the ones who need a settled spirit and really love the place where they have been born and raised.

Everything about their personality has ties with their family's origin because the fourth House is also a ruler of ancestry. Therefore, they will feel happy when dealing with issues about their heritage and land.

It's very possible they'll pursue a career in archeology or history, while everything they have experienced in childhood, together with their relationship with their parents, is going to be everything they need in order to feel secure and anchored in reality.

Many will consider them to be too changeable and not at all reliable. The Moon represents the mother and has a strong feminine influence, being associated with the important females in a person's life.

That's why these natives may inherit a consistent fortune from their aunt, grandma or mother.

While family and home are essential aspects of their life, they are very appreciative about anything that has to do with them. It doesn't matter that they're freedom-loving like the independent Aquarius, they'll still want to dedicate their life to the domestic realm.

All of their emotions and love will be focused on their home and family. It's impossible to get along with them if you don't like their loved ones, because their devotion to these people is very deep, which means only something very dramatic can have them detached from these people.

Very caring and sensitive, natives having Moon in fourth House crave intimacy and to be warm with their most loved ones. It can be difficult to get to their inner world, but once you do, you can be sure of their never-ending love.

They won't be themselves until becoming parents, because up to that moment, the Moon's energy wouldn't be properly channeled and they may use it in an irrational way.

The coming to the world of their children will have them more down-to-earth and fulfilled as they would have someone to care for. However, they would still need to establish some boundaries when it comes to how much they spoil their kids.

Dependent on the ones they love

It doesn't matter how much they move around, individuals with the Moon in the 4th House still need to belong somewhere, so their life can be really agitated because they are searching for the perfect place. That's why they may change their home or its furniture very often.

It can be healthy for them to move, because they'd be emotionally satisfied, but if they'd regret doing it afterwards, this would be a sign of restlessness and a search for perfection that can't end. Therefore, it would be more important for them to find out they belong to themselves first.

Many of them will be emotionally immature and never want to take care of themselves, being very attached to their family and all kinds of childhood traditions.

It's not natural for Moon in 4th House people to have one-night stands because they want something stable and a spouse who's nurturing. If emotionally happy with someone, they will spend their entire life with that person.

The man with Moon in this House will look for a woman just like his mother. He's the feminine type, as the Moon gives him sensitivity and a lot of spirit.

If people having Moon in the 4th House have a mother who drinks, they will be very affected by this, their trauma being noticeable in the way they speak and move. It's like they'd be copying the woman who raised them, in her most embarrassing moments.

You can only imagine what an effect a partner whom they love very much would have on them, seeing how influenced they get by those of whom they're very emotionally attached.

They're usually very dependent on the ones they love and worried about their finances. Thinking only financial security brings them happiness, they also believe their family needs to approve their romantic relationships.

It's essential for them to establish some precise goals and to seriously work towards them. Their success can be tremendous and they can gain security only if they plan ahead.

As said before, Moon in 4th House natives are always changing their home or renovating, so people in their family may be a little bit exhausted by all of this.

Everything wrong with a home they don't like will be a reminder of the things they felt the most insecure about as children. It can be a challenge for individuals having Moon in fourth House to live on their own, especially when they're always looking for their parents to approve of their actions.

As soon as they're ready to be financially and emotionally independent, they will find it easier to choose their profession and succeed.

Don't think they need to be indifferent to those they care about, it's just important for them to think of their entire life as something they have to deal with by themselves.

Their partner could help them take initiative when required to, if he or she is supportive. These people need to be appreciated and reminded that their career matters. Accepting the fact that competition is healthy will help them enjoy sweet victories and a lot of success.

Mercury ♀ in VI 6th House

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time, with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking plays a big part in their lives as well.

Summary:

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

Great judges of character

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

The positives

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

The negatives

What happens is that Mercury in the 6th house natives often concentrate too hard on achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

to use untested tactics and flimsy seduction techniques.

The traditional things have always worked, and this is what he's going to play with as well. However, because he's going to put so much effort and soul into the relationship, he at least expects his partner to have unwavering loyalty towards him.

He's very affectionate, and has a lot of love to offer to the right person. He just has to find that special someone who knows how to appreciate his efforts.

In a nutshell:

Positives: Artistic and generous;

Negatives: Vain and impatient;

Soulmate: Someone who takes good care of themselves;

Life lesson: Doubting their choices from time to time is a good exercise.

His love personality

This Venus in Leo native can't help but end up bewitched by bold and fiery women, those with a temper who know what they want and how to get it.

The crazies, the impetuous, the ones society shuns for being non-conformist, too aggressive, he is in absolute love with those because that's also his general attitude.

He likes grandeur, over-the-top gestures, showy attitudes, bold and courageous acts, and he will love it if his lover expresses his love in the most obvious of ways.

Shouting it from atop the Eiffel tower would count as a sure-kill move in his book, for example. Royal treatment, in other words, is the essential concept here. He will both give it, and expect to receive it in return.

Also, he likes his woman to take care of her, and to look good, although in an elegant and dignified manner, rather than a flimsy and cheap decoration.

He wants to be in the spotlight, and he wants his lover to allow him this. In return, he will treat her just like the queen she deserves to be.

The man with Venus in Leo is one of the individuals who would stumble upon the leprechaun's golden pot if they chose to be actors.

They are dramatic and know exactly how to showcase their abilities, put a brilliant performance before a public, and their artistic sense is off the charts in some regards.

He's got an electrifying personality, everyone can attest to that, and his natural charm can imprison you with just a glance from his hypnotic gaze.

He loves beauty and likes to be surrounded by beauty everywhere he goes. Gorgeous women, artistic aestheticism, a comfortable and splendid environment, he wants it all.

Venus is the planet of love, pure and simple, so romantically, this native will flourish in almost all encounters. There is nobody who can say that they didn't have a good time with him.

He will treat you with the utmost respect and dignity, while also going the extra way to make you feel spoiled beyond your own expectations.

You're sexy and very attractive, and that's one of the reasons that he chose you, but he's got a lot of admirers and women waiting for him, or at least that's the impression he wants to make.

Dramatics, legendary experiences, epic victories, thrilling emotions, this is what he wants from a relationship.

This native will never beat around the bush or avoid to tell you exactly what he thinks. He's an open book that you can skim through at any time, and if you need an honest opinion, you can count on him at all times.

In terms of personal confidence, he's brimming with it because he knows that he's fully able to take whatever he wants, and the many victories he's had only added to this sense of superiority.

Thus, they will not accept a refusal, ever. They will even react aggressively when their wishes are not accomplished and will frown when others don't seem to appreciate them just for existing.

Attracted by ...

The Venus in Leo man will get offended from the flimsiest of things, so don't even think of going overboard with him, or even making a joke that can be interpreted as something else.

Moreover, he will like to get out as often as possible. Why stay in the house when there's a whole wide world out there worth exploring?

His woman must know how to present herself in her best appearance, and we're not talking about make-up or things like that. We're talking about real clothing style and good tastes. Dresses, high-heels, wavy hair, and so on.

In fact, he's attracted to a woman who knows how to flaunt her assets, no matter if she's real about it or not.

As long as the Venus in Leo man sees what must be seen, like perky breasts or a round butt, because he is mostly attracted by physical beauty, then he will get interested right away.

In principle, he would also like his girl to have guts, to be dominant, confident, ballsy, to know exactly what she wants from her life, and how she wants it.

Also, this guy absolutely loves to be in the center of attention, both in his social groups, and especially with his lover. He will want to be praised, for legendary odes to be sung about his awesomeness.

In conclusion

The best thing this guy is good at is making his partner feel just like in paradise like nothing else could be better than living with him.

He will spoil and take care of her, show her exactly what pleasure means, how satisfaction can mean much more than mere physical stuff and emotional trivialities.

He can bring about a true revolution within you, making you think where the hell he's been at all your life.

Even though he's a very lively and fiery native with plenty of enthusiasm, this doesn't mean that he won't meet his match, that no one could ever resist.

Those born under the element of fire are perfect for him, while water natives would do best to avoid him. They are creative and artistic enough to figure out ways in which to avoid getting bested by his volcanic demeanor.

Of course, this doesn't mean that he'll just let you play your own game without interfering.

He can quickly come up your alley and learn the tricks of the trade and considering that's a very determined man, you'll have to be prepared for a partner in crime.

Don't even think about stealing his spotlight or going the extra way to take attention away from him.

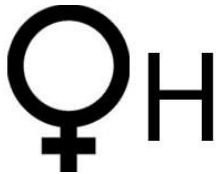

He's egocentric and egotistic, and he loves being in the center of attention at all times, having everyone praise his unmistakable allure and charisma.

They won't ever try to inhibit their own accomplishment or achievements just to allow you a piece of the pie.

If you want to be admired, you have to reach that place for yourself, but this doesn't

mean that he will look at you with condescending eyes while you die from fatigue. He will give his best to help and support your ascending path towards success.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same

time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

The position of Venus in this House means these people need to be very proud of what they've achieved, so expect them to always want to do their duty and to put in great efforts in their endeavors. Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Making their dreams come true

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing

problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

Practical aspects

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

The downsides

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

Mars in the 12th House in a nutshell

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on

the right track, which can in return make them very happy.

Saturn ♄ in ♓ Pisces man 1° 8'

([1028] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Pisces may get lost in the present, figuratively speaking, and think that the bad things that happen to them at a certain point are just consequences related to their past actions.

This is true, but it is not essential. If you are a Saturnian Pisces, you should listen to

what we are going to tell you now. You may feel deeply confused, you may feel that your life is really difficult, you may also feel depressed, thinking that people don't treat you properly, but you have one mission to fulfill.

Live your life, constantly learn new things, grow up every day physically and emotionally, work on the things that you are interested in, work to gain your success, and most importantly, work on yourself to be a better person.

The combination between Saturn and Pisces is quite interesting and has a powerful relationship with the human destiny.

Why? Because Saturn represents time and starting with this symbolism, it leads the person dominated by this planet to an awareness about their past, their present, and finally their future.

The problem comes when the past is the one that dominates the Pisces's life and makes them confused about what they should do in their future.

In a nutshell:

Style: Mystical and trustworthy;

Top qualities: Creative, spiritual and endearing;

Challenges: Oversensitive and pessimistic;

Advice: Leaving the past aside will do you great good.

Personality traits

Those born with Saturn in Pisces in their natal chart may feel a lot of sensibilities, and sometimes this might surface frustration and a sense of inadequacy, as they don't feel they can express their emotions in words.

These sensitive reactions may make these natives have a tendency to see the negative things first. Because they will sometimes feel like hurting, they will need security and protection, and that's the reason for their choice to embrace religion and spirituality.

The spiritualism and Saturn will lead them on the right path, and help them give up on their egotism and defensive feelings, being willing to sacrifice their lives and cooperate with the order of the world.

Saturnian Pisces have to start working on themselves, and they have to know that failing a task or doing it correctly will not change the fate of humanity. There is no need for them to blame themselves for past errors.

It is time to let them go, they have to accept that they can't have everything. Accept themselves, develop their confidence, and moreover live with the present moment in mind, and choose to be happy. Happiness is a choice, trust yourself, you are amazing.

Those lead by planet Saturn in Pisces are described in two simple words, patience and self-sacrifice. Their sympathy may be a problem if they don't learn how to separate their love and detachment at the same time.

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

Needs in love

When it comes to love, the Saturnian Pisces have to face the same fears and difficulties as in their personal life, because by having that tendency to live in the past, sometimes they will come face to face with their own insecurities, because it is really hard to leave them behind.

They need a partner who will love them deeply, and who will understand their way of living. A partner with their feet on the ground, and with a realistic mind.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

The good and the bad

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

You have a perfect intuition which allows you to work very good with people, so it's time to use your intuition to allow you to work with yourself.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have

that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

Summary:

Strengths: Generous, responsible and contemplative;

Challenges: Shy, easily stressed and conceited;

Advice: They need to take every obstacle as an opportunity to learn.

Keeping their promises, always

The 1st house is a representative of energies people usually project when interacting with others. It plays an important role in defining personality and is heavily influenced by Saturn, making natives with this planet here distant.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

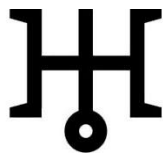

Saturn ħ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may doubt their worthiness as human beings. May avoid taking responsibility for their mistakes and be fearful of taking chances. There is often subconscious fear of rejection and loss. Their limitations and burdens are self-imposed. This may be the most difficult retrograde.

([920] cafeastrology.com:) There can be more than usual experiences of guilt and self-doubt when Saturn is retrograde in the birth chart. Fears are internalized and they might put on a brave front so that others don't see them as vulnerable. There can also be a

strong fear of letting others down or of not filling their responsibilities – essentially of making poor choices. Sometimes the childhood was not very disciplined or orderly. In some ways, having Saturn retrograde in the chart tends to function much like a strong Uranus, where the native is uncomfortable with an overly orderly or disciplined life. People born with Saturn retrograde might feel especially anxious or nervous when they are in situations that call for protocol, etiquette, or specific sets of standards and rules.

Uranus ♅ in ♏ Scorpio man 24° 11'

([1048] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Scorpio are a force of change that no one's ever seen before. They are here to literally transform the world, throw out the age-old traditions and irrational beliefs, while bringing in a new approach to life, one of modern science.

They are good at uncovering the mysteries lying all around us using unconventional methods. Most importantly, they will revolutionize the way we socialize with one another, how we perceive social relationships and the reactions of people to one another.

Psychologically, they are Freud's descendants walking on Earth. A new understanding of the self becomes entirely possible through their action.

In a nutshell:

Style: Passionate and resourceful;

Top qualities: Intuitive, loyal and affectionate;

Challenges: Manipulative and easily changeable;

Advice: Move away from the idea you can control people.

Personality traits

The Uranus Scorpio is one of the most determined and gritty individuals of the zodiac. They will fight for their ideals until the end, against any odds and will overcome any challenges.

Perseverant and innovative in thinking, they come up with brilliant ideas that offer them great opportunities, solutions to problems, but also possess some degree of risk involved.

They may have to take some leaps of faith, and sometimes, they end up in shambles after a near-miss, with some wounds to take care off. However, the spirit is endless and immutable. Nothing can hope to diminish its fierce intensity.

With the Scorpio zodiac sign being a very energetic and enthusiastic native, to begin with, Uranus' influence coming up to spice things up, bringing in the sense of revolt and revolution, you can imagine what we're dealing with there.

These people are one of those who'll build the bridge to the skies, crack open the dome of ignorance and tradition that we're wallowing under.

Their emotional intensity is simmering down within, never let out into the open, but it's like a volcano building up momentum until it finally releases all that pent-up aggression. They must learn to focus on one singular goal in order to work things out.

The Uranus Scorpions feel the urge to be in control, to dominate the situation, to have the last word. Because of this need, they often find themselves in situations that put their skills to the test, the challenges being of an extreme intensity, the competitors also intense and fierce.

With their ideas being supported by their firm resolve and boldness to counter the ever-growing social conformity, they won't subdue themselves to society and its regulations.

They will fight against greater control by others and show no hesitation when they must put their plan into action.

A complicated lover

The romantic relationships of Uranus in Scorpio people seem to never resist, because of their unrestrained and overly-enthusiastic behavior.

They can't seem to keep themselves attentive for too long or will tire out the partner with their hyper-energetic attitude. From a friend, they could end up in a relationship just as quickly as they could abandon it altogether in a matter of hours.

They are very unpredictable individuals, albeit extremely passionate as well when it's worth it. They won't stay cooped up in a cage for the rest of their lives, and if their freedom is inhibited, that's it!

They are afraid of those negative feelings that appear in a relationship, the jealousy, the sense of possessiveness, and so on.

On the one hand, their passionate sexual impulses may ruin their relationship altogether because they are often exaggerated, and they have to do it in secret.

For a partner who can't take this sort of behavior, and who wants to be treated tenderly, it's a killjoy, an immediate sign that things are not going to work.

However, with this much passion in the works, and with how imaginative they are overall, sex is going to be a very intense and pleasing experience for both of them.

The Uranus Scorpio is ingenious and innovative, and they like to discover the true pleasure points of a human, the absolute limit that you can feel pleasure, the paroxysm of satisfaction.

The good and the bad

The Uranus Scorpions are very determined and ambitious once they have started a project. They will not stop until either they've successfully completed it or have found it impossible to continue.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

The Uranus in Scorpio man

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

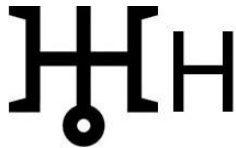

Uranus never sleeps and always watches over the world, waiting for the right moment to bring about the smoke of war, the smell of conflict, with the ashes of defeat or victory floating about.

There is bound to be a revolution when the natives influenced by this planet walk the

Earth. Either through science or occultism, he will bring about a new era.

It may not be today, it may not be tomorrow, and it may not even be evident to all, but it's going to happen at some point.

Summary:

Strengths: Idealistic, mysterious and open-minded;

Challenges: Impulsive and controlling;

Advice: They should look at difficulties as opportunities to grow.

An easy-going personality

If people with Uranus in the 9th house would travel much, you can be sure they'd get to experience all kinds of strange, unexpected and interesting situations.

People they will meet can influence them to adopt new philosophies and to think differently. It's not their style to develop a philosophy of their own that is traditional.

When it comes to religion and politics, they're complete liberals and want to talk about

and conventional methods. It's possible some of them will interrupt their higher education because they want to travel.

Uranus is a strange planet, which in the 9th house that rules over the mind makes people having this placement interested in the most unusual subjects and unorthodox approaches.

They're amongst the most open-minded individuals in the zodiac, so expect them to always be ready for new adventures and to come up with ideas that expand the mind of others.

The more they will deal with people like them, the happier they will feel. One of their biggest hobbies is reading because they like to think and to learn as much as they can.

When it comes to putting into practice what they've read, they can really combine ideas from books and manuals, filter them with their mind and come up with something completely new.

Their philosophies are regarded as too radical and liberal by those who think more conservatively. As a matter of fact, around such people, Uranus in 9th house natives feel trapped and useless.

It's in their nature to always test the limits of what society suggests and to rebel just to be different than others.

They're never conventional or respect traditions, so expect them to feel proud if they have done something no one has ever done before.

These natives want to be free more than anything else in the world and to express their thoughts or beliefs without being limited.

As children, they have probably been rebellious and went against what their parents told them. When it comes to their spirituality, they like the new and the unconventional as well.

You'll never see them going for the dogma and sometimes, when their own ideas become old, they prefer to just give up on them.

Others will consider them heretics because they think of astronomy and like to learn about the paranormal or about astrology.

And the subjects they may be interested in are philosophy, social studies and even religion, so don't be surprised if they've published a book with their own thoughts about how the world works.

They're not the type to ask money for what they have wrote, so they'll perhaps use the Internet to just give their materials for free as Uranus is also the ruler of technology.

Feeling very good in the 9th house, just like in any other house situated up in a birth chart, this planet can sometimes be chaotic and even malefic, therefore, it's better to have it in the upper side, so it doesn't become a problem when it comes to the everyday life of the natives.

When in a negative aspect, it will obviously bring a lot of difficulties into the life of people having it in the 9th house, but these individuals will still be able to solve their problems because reality involves difficulties as well, after all.

When situated close to the horizon, those having this placement will have many of this planet's traits, especially when young.

Things about their character will often change and there will be nothing they can do about it. While Uranus in 9th house individuals can be real geniuses, they also have problems with their education because they don't like learning in a structured environment, so even if this planet would be in good aspects in the 9th house, they would still quit University or drop it for a while.

As I said before, Uranus is the ruler of technology, so it may make people having it in the 9th house hackers.

But if they will stick to school, they may become amazing programmers and computer science teachers. They will always look to get their information from beyond what's been established as tradition and culture as they love being unique and giving a personal touch to everything surrounding them, even when talking about God.

Because they're always looking for the truth and to be imaginative, they will start to create something for a better understanding of what the big picture is and how the world works.

Blessings

Uranus in 9th house people think traditions are way behind their time and want to deal with the new or to adopt morals that have just been launched.

This is the reason why they love to travel and to meet new people who can teach them something. Any new experience makes them become better and merges with their personality.

These natives simply love to open their mind and to come up with ideas that provoke people around them. They don't know how to get bored because they just don't have the

time to sit around.

The world is a big place that has many challenges for them and they know it. When Uranus is in good positions in the 9th house, they will be only observers when it comes to what they believe in.

Objective regarding the truth, they understand every human being has a destiny to at least be subjective when it comes to what's real. Therefore, they don't believe everyone has an obligation to search for the truth and to idealize some concepts in life.

This means they'll understand and respect other people's culture, religion, opinions and ideas, without being biased.

That's why they can make friends with anyone and disregard any type of prejudice, which makes conservative people shriek around them. They have the good morals that will help them evolve.

Challenges

The most difficult thing for Uranus in 9th house individuals is balancing their travels with their romantic life.

Having many friends, they love going out and meeting new people with whom they can make good friends. Very interested in dating all the time, they would rather not tie themselves to only one person or one place.

However, at some point, their life will start to feel pointless as coming back an empty home can be painful.

If Uranus is in a challenging position in their 9th house, they may have traumas from their past lives when it comes to searching for the truth and believing in something.

For example, they may have been persecuted during more religious times because of blasphemy or because they had connections with the occult.

It's also possible they've confessed their religion or beliefs and others didn't accept them for this, which could have happened in one of their past lives and even in this one.

They truly believe that a person's culture, race and religion don't matter in knowing the truth and prefer to not listen to the spiritual guides or political figures who ask people not to question them.

When it comes to the idealistic nature of Uranus, it manifests in these natives when they're searching for the truth and think of what's right and wrong.

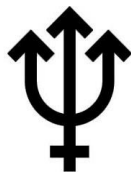

As a matter of fact, these natives can take such thinking to the extreme because they want to know everything in detail. This will help them have a good understanding of their own spirituality.

When Uranus is in a challenging position in the 9th house and related to Jupiter, the natives of this placement will be terrified of traveling long distances, so they may never fly or cruise.

They should find a partner who doesn't mind when they're leaving without even saying a word because they've just discovered there's a new and rare book at a library in a country far away.

They wouldn't mind having a travel companion, so they should find someone with money and enough time. Uranus in 9th house can be creative and come up with many solutions for them, so they can have it all in life, but not in an easy way.

Neptune ♆ in ♐ Sagittarius man 2° 11'

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

In a nutshell:

Style: Exploring and demonstrative;

Top qualities: Mysterious, adventurous, revealing;

Challenges: Personal struggles and indecisiveness;

Advice: Sometimes you are completely tactless.

Personality traits

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

The positives

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

The negatives

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously,

but they are too passionate about it all to care about offending or even hurting others, even their closest.

The Neptune in Sagittarius man

The man born under Neptune in Sagittarius is a highly romantic individual who dreams of the perfect relationship, one sprinkled with rose petals, shined upon by the moonlight, one of mutual support and affection.

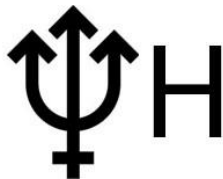

These idealistic desires must find their way into reality, and sometimes, these ways are not the most practical ones. They must strive to find the methods that are most likely to be applicable in the real world.

Want to know why a Neptunian Sagittarius man is the perfect choice for a lover? Because life never gets boring when you have him next to you.

He'll either take you on exciting adventures together, invite you to a match of rollerblading or bring his friends around to brighten up the mood.

Let's say nothing more about the things he's going to do to you in bed. Your sexual life will experience quite a leap in quality.

Summary:

Strengths: Hard-working, elegant and approachable;

Challenges: Perfectionistic and judgmental;

Advice: They need to dedicate more time to their families.

Careful about their dreams

It would be great for them to work with art, in the service of others or taking care of some charity events. In case Neptune is in challenging aspects in the 10th house, they don't know what direction to take in life and are not aware of their own goals.

In this situation, it may be very difficult for them to find their profession, and they'd do something they don't actually love because they fear perfection can't be attained in the domain they really care about.

It's suggested they take a look at their expectations and determine if these are too idealistic. Responsibility seems like a burden to them, and they don't want to get involved in other people's lives, no matter what.

It's possible they have been confused as children by one of their parents, and as adults, they find it difficult to take a certain direction in life.

When it comes to their career, they may not get credit for their work, so they aren't all the time recognized for their efforts.

This means they won't know their own value or that others will take credit for what they've done, or perhaps their superiors won't give them the rewards they deserve unless they start to trust themselves and their talents.

These people have to be careful with their reputation and to assess their abilities as accurately as possible. It's true they don't want fame, but still, knowing where they're standing would be a great idea for them.

Neptune in 10th house natives may want to get inspired in their professional life and have a passion for healing or doing something creative.

Therefore, it's possible for them to become very successful with design, art and medicine. A job as a counselor would be suited for them as well. It doesn't matter what they choose to do for a living, they always need to be inspired and feeling fulfilled because Neptune is the planet of dreams and ideals that have to be made a reality.

They want to make the world a better place, so their contribution to the society will always be meaningful.

Neptune in 10th house people need to be careful not to get disillusioned when chasing their dreams as they can have too higher ideals that aren't all the time possible to be made a reality.

The placement of Neptune here suggests they will always want something more and to feel important after working on their noble goals.

It's normal for individuals with this placement to feel unhappy with their professional life. What happens in their career is strongly related with how Neptune sits in the 10th house.

For example, when this planet is in good aspects, the effects would be astonishing and beneficial. On the other hand, when in negative aspects, it can become really malefic and cause the natives to no longer have control over their career.

The 10th house is rather a good host for this chaotic planet. Having Neptune here is more beneficial than having it in another house with a direct control over natives' life.

Limiting this planet's energy can be beneficial for the career of people having this placement, as long as they take on some jobs that are to the liking of the celestial body.

In short, Neptune won't help them in any way with a job that requires organization and following a strict schedule. No matter how much individuals having Neptune in 10th house will struggle with a routine, they won't be successful.

Their perfect jobs are the ones related to arts and freedom of movement or speech. It's very likely one of their parents influenced them very much when they were children by being weak and confused regarding what authority and discipline mean.

Perhaps their mother or father hasn't been there for them or one of them was an alcoholic. Not having a role model, they wouldn't know how to fight for success and how to follow a career path.

At least they will know ever since very young that they need to adopt an unconventional approach, which makes it normal for them to change jobs and work as bartenders because Neptune is also the ruler of alcohol.

When it comes to love, it's normal for all the natives having Neptune in 10th house to fantasize about someone and to feel disillusioned because they haven't found the ideal person they thought their lover to be.

It goes the same way with their career because they want something perfect when it comes to their profession, and their goals are usually unattainable.

If they'll contribute to the greater good, they'll feel fulfilled and happy. However, things don't always unfold as they expect them to, so they should become as decisive as possible about their career.

Neptune, the planet of imagination, makes natives having it in the 10th house very creative. They could easily become writers or do something unusual for a living.

Since the same planet rules also over illusion, they may decide to become famous and use a pseudonym. There's as well the tendency to take on too many responsibilities at once, so they can end up running in circles and losing their minds because they can't handle what needs to get done.

They will work two jobs and won't focus too much at neither of them. In the meantime, they'll have high ideals and wish for success, whether under their name or a pseudonym.

The goods and the bads

Neptune in 10th house natives may have many interests that are very creative, so it can be very difficult for them to determine what they want in life.

Some get lucky and find something to do for a living ever since very young. However, these are the most evolved ones, those who are aware things in life are not always perfect.

Others feel like they're not interested in anything, and they may end up procrastinating all of their life. It's okay to be indecisive about a career in the today's society as there are many ways to make money.

Therefore, they could do many jobs before finding out what they're passionate about. It's suggested that no matter what, they find the balance between their job and their hobbies.

These natives shouldn't insist on following their big dreams because as said before, these can be pretty unrealistic. The everyday responsibilities are more important as they support their existence.

Worrying too much about perfection will have them doing nothing, so their expectations should be a little bit lower because they can find motivation in everyday tasks as well.

Accepting that others don't dream the same as them is also indicated. Their creativity may help them attain great heights, but it's essential for them to have their goals defined.

It's also important they don't talk too much about their work because many can take the credit for what they've done.

It may be difficult for these people to express themselves so that others get to see the efforts they've done. All this means they have a problem with self-confidence or self-respect, which furthermore leads to difficulties advancing in their career.

Challenges: Materialistic and possessive;

Personality traits

Being under the influence of the transformation planet and of an Earth sign, they do not hurry because they think that things did slowly are much better realized than those done in a hurry.

Of course, that doesn't mean that you have to wait a lifetime for them to arrange their life, because they have the sense of beauty, and they will totally love to live in a very glam and expensive place and possess everything that's in the fashion tops.

The native born with Pluto in Taurus has a very logical and practical mind which forces him to prioritize the most important activities and to never allow themselves to skip their routine.

Pluto marks the obsessive, compulsive behavior and adds a rebel attitude to its followers.

Because they are so fixed to keep that cozy and beautiful lifestyle, it is hard for them to know when they should stop and take a break, because too much work doesn't bring that much benefit from a point onwards.

That's the perfect moment for the family and friends to intervene and show them the light at the end of the tunnel.

The good and the bad

The Pluto Taurus has a very logical and pragmatical mind which confers them the possibility of being stuck on the same activity or in the same place for a long amount of time.

This native does not feel the need to change his life unless forced to, because they use to love the routine which fits them better and to do everything to keep that going.

They are very smart and very curious at the same time, and they use these qualities to find all the answers they need to know.

They have fixed mindsets and goals for the future so looking for new things that are supposed to help them enjoy them more than the old ones is even harder.

That aspect can become quite obsessive for them, because they have the tendency to not listen to other people, and it is very hard for them to allow any person around, no matter how close, to tell them what to do.

The Plutonian Taurus most certainly has their own style to do things and their own way of arriving to the best strategies for them and those close.

Pluto in Taurus in love

The last time Pluto transited Taurus, society had already changed much of its preconceptions about marriage, giving more freedom to both men and women. They were free now to pursue whomever they wanted, and it wasn't only about gaining social position anymore.

Sure, this did happen, but it wasn't perceived as the only goal of marriage. Love, emotions, feelings, these played their part as well, and they also played an ever-increasing role.

These people are practical individuals, and always have been, even in those times when a new form of relationship was promoted, one founded on mutual love between partners.

They are still very interested in establishing a stable and secure home, having a responsible and ambitious person alongside them. You may find these natives as rather practical in love but remember that they can be very romantic, if given enough space for them to prepare and their return to their loved one.

Women with Pluto in Taurus are happier when free, so it was only a natural course of action to set them free. If everything seemed perfect until now, then find out that divorce was also legalized during the last time Pluto was in Taurus.

Therefore couples that were struggling with living together now had a chance to change all that, so these natives are not afraid to take extreme measures if unhappy in a relationship.

The Pluto in Taurus man

Plutonian Taurus men crave the same opportunities as everyone else and want to manifest their greatest potential using the most efficient of methods.

They believe that only through effort and personal determination could you ever develop yourself and advance, just like Arians hold true.

They want nothing to do with the old perceptions of society and strive to change everything from the bottom up, even though they attempt to do it in a more inconspicuous manner than other signs.

The morality of the Taurus can be both a blessing and a curse. A blessing because they create for themselves a most satisfying life, living through the virtue of their own self-made principles.

It's a curse when they devise certain expectations for them that they have to reach. In this case, it's success that was elevated to a moral obligation, a goal that you had to reach if you considered yourself as a true man.

For this man: productivity, resourcefulness, ambitions, and perseverance become the key components of a good life, while superficiality, ignorance, laziness, and extravagance are seen as the epitome of degeneration.

Pluto ♇ in III 3rd House

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their

ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge, establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with difficulties or the path to their objective is fraught with obstacles? Do they stop or retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present

situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

North Node ♌ in ♌ Leo 15° 42'

(Georges Muchery)

The Dragon's Head in Leo helps the native to realise his desires, which are of a lofty nature. He has a fine ambition; and even if he is not an artist, he is none the less a man of good taste, a lover of form and of everything that is fine and noble.

His fine imagination should enable him to discover or invent new, pleasing and attractive things, which will profit him. His enquiring mind makes him continually desire to know and learn everything new. This helps him to progress. The Dragon's Head in Leo enables the native to conquer the difficulties of life.

The Dragon's Tail in Aquarius causes the native to be easily deceived. He is inclined to be indolent. He does not react, nor know how to act wisely; and this is detrimental to him. People should be kind, but they should know how to discriminate, and this is not the case with the Dragon's Tail in Aquarius, as the native is too much inclined to listen to fine words. This position also indicates deceit over love matters; it is a sign of infidelity on the part of the native or his partner. It also upsets either the mental or the physical balance.

(Isabel Hickey)

North Node in Leo gives executive ability and qualities of leadership. Needs to be independent to do a good job. Has nobility and pride. The virtue hidden in pride is self-respect. To this, Leo has the right. If self-respect is lacking, the individual would have the ability to cultivate it in this life.

South Node in Aquarius shows the past habits have been to retreat from the world because of a snobbishness or distaste. Strong egocentric tendencies have to be

overcome.

(Martin Schulman)

The Leo North Node symbolizes a struggle with the will. In this incarnation, the individual is learning to develop strength within himself. Conditions force him to stand alone, very often with the absence of shoulders to lean on. He eventually learns that if his life is to be better it must be created by himself. But before he can build any such creations he must overcome his lackadaisical carefree attitude.

He still continues a past-life tendency to spend too much time feeling sorry for himself at his lack of friends when he feels they are needed most. Somehow in moments of stress, others always seem to be absent. Long periods of loneliness, isolation and in many cases a good part of the time spent as a hermit are not uncommon.

Ultimately, when the mind is made up, there is little that can sway this individual from his destiny. He must learn that his isolation is a self-imposed prerequisite for gathering strength. Very capable of strong leadership in this life, he must learn to overcome all doubts within the self.

The continuance of his past-life desires for friendships actually weaken him, as they do little to build his individual confidence. He must learn how to become more goaloriented rather than following his accustomed tendency to dissipate his energies. The interesting thing is that while he continues to think he needs others to answer his questions, he rarely takes their advice.

The friends that he does have will be from all walks of life. In a sense, this increases his scope, for they bring to him now the awarenesses that he earned in former incarnations.

Once determination takes root, there is no stopping the path towards success, for he does not like to settle for second best. Much thought is given to the future. In fact, he is used to living there, until one day he makes the realization that 'today is yesterday's tomorrow' and that nothing will exist in the future that is not created now!

He is not the easiest of people to understand, for he will do anything to retain and emphasize his own sense of individuality. In past incarnations, he developed a detachment from the majority of the world, allowing him to feel free to go his own way. Now he takes pride in being unique and different, caring not as much for the traditions of society as for whatever rules he has set up for himself.

His main difficulty in this life is a lack of control. Without discipline he can generate his power into useless projects, until he realizes that nobody will stand over him with a whip.

If he builds on past-life knowledge, he has a great ability to do something for the human

race, for he is capable of depersonalizing his actions for the good of all mankind.

Many with these Nodes live a rags-to-riches life, the big change coming after the tendency to overlook is turned into an ability to oversee! Their greatest amazement occurs when they discover prior-life talents in themselves that they never thought they had.

Happiness is reached once principles to which to dedicate the life are found. Furthermore, these principles must be unshakable so that the individual feels he is creating something solid. He will then identify his life in terms of the size of the principles to which he has attached himself.

Disturbed by the scattered activities of others, which remind him of his own past incarnations, he feels the strong need to see life moving along a directed course towards a specified goal. Still, he wants to retain his complete independence. As a result, he finds it difficult to tolerate others cramping his style. When they do, they will find him constantly testing limits.

The Aquarius South Node brings with it past life roots strongly embedded in the principles of fairness and equality. In the current life, the individual is given the opportunity to be on his own so that unhampered by others he may express his intrinsic beliefs. His job now is to show people as flamboyantly or as powerfully as he may choose the ways in which the world can overcome its burdens. His greatest achievements occur after he has surrendered his personal will to the service of humanity.

There is no question but that this is good leadership material so long as the ingrained past-life Aquarian sense of fairness is never violated. This individual is capable of making revolutionary changes in what was once established tradition. He is first, last and always amazed and fascinated by all the possibilities man can reach. At the same time, he is offended when he sees people pitying their self-imposed limitations, for well he knows the experience of pulling oneself up by one's bootstraps.

He aspires to stand tall and not be ridiculed for those beliefs which he has struggled so hard to express.

While his capabilities for love run deep, the rest of him is not too far below the surface. The continuation of his past-life attractions to momentary fascinations keep throwing him off the track, making it difficult for him now to see the core of his true self clearly. And so, he must identify with his achievements as the only real barometer of his worth.

Though he may at times strongly wish to be alone, he could never live without people, for he thrives on their admiration of his achievements. He believes in firm justice, and yet he is quick to pardon once people have admitted they are wrong. He is never one to

strike when a person is down. The sense of fair play has become such a part of his soul that although he feels he should be more competitive, it makes him uncomfortable to be part of any competition which involves foul play.

Things which wouldn't have bothered him in past incarnations suddenly become important as he starts to dig into life rather than disassociate from it. Although it is his present life karma to apply his Uranian ingenuity through practical and traditional Leonian outlets, he still struggles to maintain his unique character.

Some with this position spend the later years of their life alone. Others who are married still hold onto such a strong streak of independence that they tend to keep other family members on the periphery of their circle.

The house position of the South Node indicates the area where past-life needs for originality and freedom are still seeking expression.

The house position of the North Node shows the area through which all the chart energy can be focused into a new shining creation of substantial size and worth, a gift of generosity to the world. Truly these are the Nodes of the 'inventor'.

(Mohan Koparkar)

Previous incarnation for this person was spent in many unusual activities. He seldom had time to be individualistic. Most of the efforts were towards achieving things for others. In this time, he has decided to be substantially individualistic. Making his own name or getting the credit for his work is significant in this lifetime. Cultivation of personality, ego and general magnetism is noticed in this person. He will use his powers and connections to get where he wants to go in life. He may have to step on others; but he will look at that as a favor to them, and later on when he is up there, he will help those who indirectly were helpful to him. Strong self-conditioning and self-confidence is noticed in him in this life.

(Donnad van Toen)

You need to learn to love deeply. Your Aquarius South Node may reply: 'Who: me? Whaddaya mean? I love absolutely everybody. Except for my ex-best-friend and my ex-lover, and that snooty sales clerk who implied I had no taste....'

Your problems may include that you are looking for Utopia. Your ideals have frustrated your needs for love and companionship.

Possible reasons for these problems: You're inclined to be lazy about developing your creativity, preferring to idealize others' accomplishments at the expense of your own. You spend most of your time serving others' causes at the expense of fulfilling your own

goals. Traumatic experiences have caused you to retreat from the world to some extent. Ingrained stubbornness hinders the formation of relationships. A subconscious superiority complex.

Possible solutions: Get in touch with your need for dignity, and channel it properly. Discover and use your fertile imagination. Learn to lie skillfully. Have a lot of lovers. Devote yourself totally to a humanitarian organization, cause, or activity.

North Node in Leo almost always has some degree of untapped creativity. Sometimes shyness keeps it untapped. The shyness is in itself a manifestation of the untapped Leo north node potentials, since Leo is the sign of confidence. South Node in Aquarius encourages the individual to lose himself or herself in a whirl of friendships and acquaintance-making, or in some vast utopian ideal. In either case, the motivation is to avoid having to come to terms with his or her own individuality. These people are seldom recognized as shy, because their shyness manifests on a personal rather than a public level.

Another manifestation of Leo North Node - Aquarius South Node imbalance is seen in the person who leaves more prosaic creativities untapped while he or she searches for that great talent that will make a contribution to the world. The Leo North Noder isn't content to enjoy developing his or her creativity unless he or she can make a great artistic, dramatic or social contribution to posterity.

In my experience, people with an over-developed Aquarius South Node are generally: kept busy dealing with other people's problems; wanting to be in the spotlight, but they often wind their contributions get obscured; egotistical in an unusual way - they emphasize equality and refuse to acknowledge that some people have more potential than others: in other words, you can't do any more than they can; intellectual at the expense of their emotions; spiteful; fond of shocking others; extremist in their work for change; contradictory, in that the brain doesn't know what the heart wants; averse to traditional marriage - women are often militantly liberated to the point where they resent or dislike men in general; and inclined to believe everything you tell them about themselves as long as it's flattering.

North Node in Leo would like to be seen as someone with a tremendous amount of vitality. He or she wants to be known as someone who's attained creative or business success. He or she may aspire to be a famous movie star or politician, or may want to be known for his or her lovely home or lavish parties. He or she wants to be respected and able to impress others. This person is social and capable of expressing emotion, albeit in a rather detached way. He or she may have some rather funny loyalties or a misconception of loyalty. This may serve to prevent success, as the person is inclined to be afraid that his success might inconvenience or be unfair to others. This preoccupation

with the good of the group, as opposed to his or her own good, can lead to unpredictable behavior that brings more controversy than respect.

Antidotes for Leo imbalance: psychodrama or dramatization of the nodal dilemma can be helpful if the repression is severe. Interior decorating, set design, etc. can be excellent antidotes if there's aptitude in these directions. Political involvement and involvement in community action programs are ideal for stimulating a sluggish node in this position. The client should be encouraged to accept leadership roles in any capacity for which he's suited.

The client should be engaged in a 'What would happen if...' dialogue in which he or she is asked to visualize the worst possible things that could result from developing the North Node. You should then help the client deal with these fears. This technique works best with clients who are able to laugh at themselves, since it's often necessary to point out the preposterousness of their fears.

You should make certain that the client hasn't confused ambition with ruthlessness, since this seems to be a frequent misconception with both Aquarius south node and north node in the fifth house. It seems to be less common with Sun square nodes, et al., although it sometimes manifests here as well.

(Haydn Paul)

For personal growth, you need to determine clearly your life direction and then focus and apply willpower to achieve objectives. This can be a challenge, as you tend to dissipate energies in different directions, partly due to a lack of future planning. You need to realize that you shape future experiences through the consequences of thoughts, actions, values and attitudes. What you do today creates your tomorrow; and a favorable future depends on choices and decisions in the present. If choices are misguided, you will face the inevitable disappointing consequences later.

To achieve this new life direction, you have to become more individual, breaking free from the consensual social conditioning indicated by the Aquarius South Node. This does not imply that you become eccentric or socially alienated, but rather that you become more self-reliant and independent, true to your own light and taking responsibility for your choices and life path. Positive gains from this can include selfconfidence and self-understanding. Moving beyond unnecessary doubts, you can realize your potential once your life direction is determined and relatively few obstacles block your progress. Asking others for signposts may be unwise and weaken determination or send you in a wrong direction; unfolding this path from within becomes your source of guidance. Once this direction is clarified, meaning and purpose are discovered, and pursuing this task will engage your willpower.

Yet this is not a search for a self-centered path; it is one which combines independent

self-expression with awareness of social relationship and interdependence. Your proposed growth should ideally benefit all, as well as yourself. Building a personal value structure is important, and you will try to stay true to those guiding life principles which provide a firm inner foundation.

Your new creative direction can be effectively released in the sphere of life indicated by the North Node's house; and as your new worldview develops, you may feel inspired to share your beliefs more widely. Your humanistic concerns will dampen as feelings of social responsibility and contribution expand. Your growing idealism and altruistic spirit will shine more clearly, reshaping life by your ideals, so that by pursuing your path, you also contribute to benefit others.

The main issue concerns individual and group growth, and may focus on social needs for fairness and equality. Once a direction is established, you may emerge as an inspirational leader, aiming to create constructive change within traditional social practices and thought. Such activity may prompt mixed reactions from others, especially as progressive attitudes may be 'before their time', and difficult to be integrated by contemporary society. But your independent spirit must be retained, so that your transformation and new socially creative expression indicates a way that society can also take. For yourself, purposefully direction energies in creative and productive ways will bring satisfaction. But you should never forget the existence and needs of others. Be true to them also, because, by your living your humanitarian ideals, your path is formed.

(Bruno and Louise Huber)

In the fixed sign Leo, we are concerned with gaining a secure position in life. Leo is also a Fire sign; and the Leo personality consumes for its own benefit the living space surrounding others. Leo wants to be a monarch, and to possess a realm of which it can be said: 'Here I am at home, and here I will carry out my activities. This is my territory, and I will never surrender it'. Leo always keeps a firm grip on a personal world that represents security in the changing scenes of life; and, of course, people play a decisive part in these scenes.

With the Node in Leo, we should adopt a positive, well-defined attitude to our environment. We ought to make ourselves known, place ourselves in the center of our world, and learn to cope with it. Usually the world does not leave us alone but is continually provoking confrontations. Anyway, this position of the Node helps to correct our development, and brings us out into the open.

In charts indicating a certain hesitancy or nervousness over making one's presence felt, a Node with this placement may help to overcome this tendency. The Node here encourages the individual to come out of his or her shell and be willing to take a few risks. Finally, this Node urges us to test ourselves in the world, and be willing to experience euphoric self-realization, and the suffering of reverses, along with everything

that lies in between. As a Leo, we may seem to ourselves and others to be very much on the offensive all the time; in reality, however, we are very much on the defensive, for Leo is a fixed sign, and only the Fire in it produces the touch of aggression.

North Node ♌ in VI 6th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Sixth House is good for the native's health, and even when he is ailing, or seriously ill at some time of his life, the Dragon's Head will help him to get over his illness, so that if his life should be despaired of he will have a chance of recovery. It also implies good fortune derived from employees; and if the horoscope on the whole predicts it, it confirms gain through an inheritance from an uncle or aunt.

The Descending Node (Dragon's Tail) in the Twelfth House is one of its most unfortunate positions. It causes incessant worries and troubles during the whole period of occupying this house, or when it passes through it again, unless benefic aspects from other planets are in operation at the same time. It causes loss of money, and unsatisfactory business transactions. It makes powerful enemies and merciless creditors, and is also a sign of ill-health and troubles of all kinds.

(Isabel Hickey)

Integration only comes to this individual through service. Must come out of his shell and work. Has been isolated through self-undoing in the past. Either enforced seclusion, or restrictions due to lack of compassion in the past, has made it easy to retreat this time. Fulfillment comes to this individual through serving others and losing the sense of separateness. Humility, the last virtue to be attained, can be the keynote of his life if the individual is willing to serve others with no concern about the self. In order for any of us to become something, we have to be willing to be nothing. This is the message of the sixth house.

(Bernice Grebner)

With North Node in the sixth, he needs to work and to be of service to others. He must

learn to do for others with no regard for himself. He needs to lose the selfinterest toward which he tends to gravitate. This also includes learning discrimination, attention to details, and discipline from too much daydreaming. He also must concentrate on health matters for the protection of his physical body. He needs to bring compassion down to the practical level.

South Node in the twelfth is sensitivity. Here is the person with a talent for working with the sick or mentally insecure. It gives a drive to seek seclusion and an inclination to meditate. With bad aspects it could give an alienation from society. This position seems to be karmic; and there is a very definite secret, sacrificial service of some kind involved, depending upon sign and aspects. The person with the South Node in the twelfth house may have a martyr complex, which must be used at its highest in sacrificial service and delving into the secrets of the subconscious, bringing them to the light of the conscious mind. This position gives many nurses and doctors.

(Mohan Koparkar)

This condition often signifies work-related areas and importance in life. For some reason, they are highly inspired to do things others may not want to do. For spiritual growth, this is quite a good position of the North Node. For some reason, their interest in life is not tremendous but just a passing stage in the Karmic line-up. Physical health is maintained considerably well, and they may even get into diet foods, meditation and related areas. In their prior life, they came fairly close to achieving the secret of the universal escape, but missed it by a short margin. This aspect often provides self-confining tendencies to elevate one's position in the universal race.

(Martin Schulman)

This individual spends most of his time in deep thought. He likes to be left alone so that uninterrupted by others he can let his inner reflections sift through the karmic memories of all his past incarnations. This is not to say that he doesn't like company, or that he's even aware of what he's doing. The fact is that he goes so deep as to become totally oblivious to anything he is thinking about! He loses himself in himself.

Always the conscious reason for going inward is based on logical intention, but the individual tends to reach the point where all logic eludes him. The Neptunian subtlety of the depths he reaches remains a mystery even to him!

One of his greatest problems is that while he stays inside himself he is preventing others from stabilizing his mental journeys. As a result, he accumulates enormous past-life fears, having no idea whether they are real or imagined, or just a compressed collection of the mental scenery on his inward journeys.

Still the basis of his outward life is built on fear and imagination, and regardless of how

strong the rest of the chart is, he keeps having moments of not being able to find confidence in himself.

He is a lot like the turtle constantly peeking out of his shell. People close to him see his life as a tendency to avoid all that seems real.

He spends most of his time watching others from behind a see-through mirror. Ultimately he comes to believe that the rest of the world is viewing him with the same scrutiny. There is a latent paranoia built into this Nodal position.

In areas of work he is an unusually poor organizer, leaving many scattered ends behind him and always feeling that there are not enough hours in the day to complete his chores. His problem is that he doesn't know how to budget his time, and as a result he is constantly trying to catch up to the present.

Much like the rabbit with the clock in 'Alice in Wonderland', he keeps throwing himself into the position of having to rush to avoid being late.

Part of his life will at one time be involved with hospitals, institutions or organizations which demand him to structure his ways. He needs this in order to come out of his inner self.

The big karmic lesson is for him to learn responsibility instead of feeling sorry for all the woes that seem to beset him. More than any other house in the zodiac, he cries at the slightest hurt either real or imagined. Sometimes the crying is inward, but always it is there, for on the very deepest levels he feels that the love he has to give goes unnoticed and unappreciated. Because he thinks this way, he becomes his own creator of gloom; and woe to the person who tries to pull him out, for then he will have a receptive ear for all the past-life hurts, fears and worries he has not yet even verbalized!

Underneath all else, he is a bottomless well of fretting, with not enough deep faith in the positive outcome of events. He must work on building trust so that he can have the strength to come out of his shell. Once he does, he is one of the most compassionate, beautiful and useful people in the zodiac.

His sixth house North node gives him great pleasure in helping others, but he cannot do this well until he realizes and accepts the fact that in this incarnation he has chosen a life of sacrifice.

He must learn how to organize his thoughts, his work and his diet, for he is a naturalborn healer, capable of defying the limits of practical medicine with his own more mystical methods of curing. But a talent is not a talent until it is developed, and an individual is not more than he thinks he is. Ultimately he will come to learn that his greatest gift is faith. But he will work long and hard to reach that awareness!

Part of the current life will be spend nursing or coping with physical or mental illness, either in himself or in others close to him. His major growth occurs when he realizes that all illness is no more than a disharmony in the body reflecting disharmony in thought. Something inside himself is constantly trying to tell him this, and he must learn not to allow his past-life fears to block what is now being opened for him.

Many with these Nodes go through experiences of illnesses that miraculously disappear, to the amazement of medical doctors, dentists and other professional practitioners. The karmic lesson here is to learn the higher reason why, for as soon as understanding is reached, the new-born faith starts to heal. Once he bcomes aware of the power of his faith, he becomes a veritable dynamo.

As he builds in more positive thought currents, he automatically learns not to criticize others for the lack of perfection he sees in them.

His outlook on life remains clinical: scrutinizing and diagnosing all with which he comes in contact.

Of all the Nodal positions, this is the most difficult one to open up to past incarnations. The twelfth house South Node has completed a karmic path, the details of which are to remain forever sealed in past times, even though the subtle Akashic essence still remains.

Lifetimes of escaping from inner torment have been completed. The individual must come to realize that most of his inner negativity is not related to the current life, but only exists through his continuing to think along a track which has already ended.

He still has inner feelings of being persecuted which he must learn to bury once and for all, for the more he allows himself to dwell in such thoughts, the more he will inadvertently recreate such circumstances.

He should learn to realize the past for exactly what it is: no more than a memory, and no more real than a photograph in his mind, which he now has the free choice of holding on to for the sake of its misery or discarding so that he may step out into a productive new world.

Once he can put his entire state of consciousness into a positive and productive outlook on life, he will be able to start experiencing a new meaning to his existence. The sign which contains the South Node shows the ways in which the individual blocks his current-life advancement by withdrawing into karma he has already completed.

The sign which contains the North Node indicates the ways in which he can now develop a fruitful life through service.

(Donna van Toen)

Conflicts: Physical health vs. spiritual health. Efficiency vs. debilitating worries. Pride in work vs. feelings of inferiority.

Possible results of sacrificing North Node: Reclusive tendencies. Feelings of alienation. Escapism. Paranoia. Lack of detachment.

Possible ways to integrate North Node: Learn to take pleasure in helping others. Organize and discipline your mind. Accept appreciation. Be willing to work for others. Develop practical goals.

In the sixth house there can be hang-ups about imperfections, dedication, or service. Narrow-mindedness and intolerance are frequently at the root of these hang-ups. A lack of confidence and a strong fear of rejection are common side effects. Everything must be black or white; gray is intolerable; 'almost' doesn't count at all. This holds true both in self-judgement and in judgement of other people.

Total success is this person's ultimate goal; nothing else is acceptable. There's a tendency to frequently test other people's dedication by throwing out obstacles or challenges which must be met if the tested person wants to retain the esteem and respect of the testee (note that the tester may also be the testee). Extreme urgency is a keynote - there's always some crisis to be solved or some need that must be filled immediately. Otherwise, dissatisfaction sets in.

Sometimes, the person may retreat from the real world entirely either via the nervous breakdown route or through involvement in some idealistic pursuit.

Typically, this person makes excessive demands on himself or herself and talks a great deal about 'good' and 'bad' people, things, and attitudes. He or she is generally disappointed in friends, work and everything else because expectations are set at such an unreasonably high level.

North Node in the sixth house dreams of being vital, energetic, and physically and mentally healthy. They may want to be actively involved in some sort of healing art or profession. They dream of becoming psychic healers, doctors, renowned herbalists, or people noted for their healthy, attractive bodies. They dream of finding a way to take care of their body without foregoing self-indulgence and hope of being able to pass this way on to others. Sometimes mental health is emphasized rather than physical health. This person wants very much to be thought of as perceptive. He or she typically feels isolated from others and has difficulty finding emotional satisfaction. Much time is spent

examining both emotions and the physical state, hoping to find a key that will allow him or her to feel more in tune with others. Selfdeceit or attempts to deceive others may keep perceptions and well-being blocked or lead to misguided or self-defeating action.

(Haydn Paul)

You may experience slipping back into the depths of your unconscious mind, moving beyond rational thought, and accessing irrational and imaginative sources. You tend to be introverted, often with a distracted attention as you prefer to avoid involvement in the mundane world. This could either become a form of escapism - and evasion of responsibility and duties - or more positively and creatively be directed toward meditation, contemplation, and a creative artistic spirit. Results depend upon application and choice. You may feel that life is a dreamlike state; this depends on how effectively you separate inner activity from external reality.

This inward mental attention does affect daily life. You may be less efficient and organized at work or when performing domestic tasks. Through diverting energy and interest toward inner realms, you often leave work unfinished and then claim the excuse of insufficient time. This can become a normal behavior pattern. Even if you had more time, however, you may still fail to complete tasks as your attention suddenly fades. To change this tendency, and to become more mundanely anchored, you could benefit from an organizational structure which requires self-discipline and shows how careful planning and a focused will can be efficient.

There may be various inner fears and indistinct worries which preoccupy your mind and make you feel sorry for yourself. What may be needed is greater selfresponsibility, and an effort to become more positive and trusting of life, so that fears can be banished. Then you can feel confident to dare to face the real world. You are quite capable of doing this; but any avoidance habit may inhibit progress, since you do prefer retreating into a private inner world, especially at times during relationships when you believe your love for another is unappreciated.

You need to be helpful to others, but may be reticent in moving beyond a protective shell. Your usefulness depends on passing beyond these restrictive behavior patterns. Reaching out to embrace life, accepting your total nature, and improving communication with others is your way forward.

There may be a phase of illness - either your own or that of someone else close to you - which offers a lesson that much illness, being psychosomatic in nature, is caused by states of inner disharmony of thought, emotions, attitudes and values. This can be through emotional repression which generates physical side-effects, tension, and stress. If you can perceive the cause behind the obvious symptoms, identify the real underlying problem, and make a conscious, deliberate effort to transform and resolve the problem, amazing healings can occur. The path of healing may then attract your attention, and

you could have healing abilities which can be awakened. Linking your observational abilities and empathic contact to your personal growth, and introducing more positive attitudes, could help transform you into a 'healer', especially in the alternative medicine field. Once you deal with your problems, you should experience a more fulfilling sense of meaning and purpose, especially when you share yourself with others.

(Bruno and Louise Huber)

Here our problems are existential, and we are concerned with maintaining ourselves - unlike the situation in the 5th house, where we simply stand and make our presence felt and where being is more important than doing. However, even the 6th house is not primarily concerned with doing, but with getting a clear idea of what one is capable of doing.

The 6th house is a mutable (cadent) house; and mutable houses always have to do with realization. It employs the process of realization to find its own 'untapped market'. It prompts us to ask, 'Where are abilities like mine in demand, where am I needed, where would I fit in?' The question may appear to be academic, but it is real enough, for a 6th house presupposes a 5th - i.e., it presupposes that we already possess 5th-house self-assurance and enjoy a certain status.

In the 6th house we are concerned with being able to make proper use of the I that has been put to the test in the 5th house. Thus we are concerned with becoming part of the environment, and with making a personal contribution to it, while earning a living at the same time. Basically, in the 6th house - especially if the Node is posited there - we should look on ourselves as a supplier who can satisfy a demand, saying, 'I wish to make a contribution to my local community. Now where is this contribution required?' It is a question of putting others first, because the 6th house is a house of service.

The principle of service should be recognized as a valid principle. Leo rules, and Virgo serves, but their roles can be seen in reverse, as when it is said of a king that he is the chief servant of his people. Similarly, the 6th house does not necessitate servility, or passive, compliant acceptance. It calls for a positive contribution, provided our contribution meets a real need; for this is what service is all about. Often we have to do hard work, and make an effort that taxes our strength and may even seem to be bad for us; but, with the Node in the 6th house, such experiences are a necessary part of life. We can grit our teeth and say, 'I know this is no good to me. Nevertheless, I will do it, because the situation calls for it'. If we are harboring some illusion about our abilities, the Node in the 6th house will undeceive us, and will show us the truth about what we can and cannot do.

In the 6th house, it is important to perform, as briskly and as cheerfully as possible, the task that lies to hand. We need to resist the temptation (held out to us by the Neptunian 12th house) to sit and dream. Success in the 6th house comes by tackling a job oneself,

without waiting for someone else to do it. One should do one's best, even if the task seems to be beneath one's dignity, or leaves us feeling that we always have to do everything ourselves, because it is by our personal participation that everything gets underway and is organized. The whole secret of the 6th house lies in the continual fulfillment of obligations, and in a wholehearted application of one's abilities to achieve common goals.

North Node in the 6th house or Virgo (James Braha)

If the North Node is in the sixth house or Virgo, the person's greatest growth, evolution, and fulfillment come through routine service, daily work, and attention to details. In past lives, the person has been dreamy, idealistic, religious, and spiritual. Now he must focus on practical matters and learn to deal with boundaries, essentials, and necessities. Careers involving nursing, cooking, haircutting, etc. are all favored. Or the person may fulfill his destiny in any pursuit dealing with knowledge and information. He may be a good writer, editor, accountant, or bookkeeper. The person must investigate, analyze, and evaluate on a daily basis.

The person may have been born wanting to help everyone else, with little concern for his own personal needs. Now he is here to focus on self-improvement, progress, and full development of his talents. He should take care of the quality of his appearance and the food he eats. Health matters are important, and the person should exercise and learn about preventative medicine and healing techniques. He has to relinquish his easygoing ways, and make a lifestyle of discriminating, judging, and attaining perfection in earthly matters. He should work on precision, manual dexterity, technical skills, and any crafts of his choice. Duty and discipline are crucial in this lifetime.

The person should be picky. He should be cautious and careful, and intensely examine all issues. He should seek to understand the details and mechanics of things. The more knowledge he gains, the happier he will be. His task is to categorize and compartmentalize, and create order wherever chaos exists. He should leave wisdom, idealism, and broad perspectives to philosophers. His efforts should be directed toward solving problems and overcoming obstacles. Old tendencies of profound, compassionate sacrifice should be avoided. The person is here for minor service, and he will suffer if he acts the part of 'savior', or allows others to take advantage of his generous nature. Enjoyment of small pets is favored. Purity and innocence are essential, and the person must never function out of improper motives.

In Hindu astrology, the North Node in the sixth house indicates extremely good health and a powerful appetite. The person defeats his enemies and competitors with ease, and therefore may reach the top of his chosen field with little interference or resistance. The South Node in the twelfth is good for spiritual growth and enlightenment. The nodes in the signs are of much less significance.

Broken Doll

If you have black Moon Lilith in Libra, your pain you've felt from your Lilith placement has made you graceful and diplomatic. You've learned to be a consensus-builder who can find common ground with anyone.

However your Lilith wounds have manifested (which you can determine based on the house your Black Moon Lilith is in), you have become an expert peacemaker. You've been asked to confront competing interests and unreasonable people so often that it feels like you've been running a daycare your entire life. You don't understand why the world can't just be fair. All you want is for people to get along and exhibit the tiniest bit of grace. But instead you're left playing the diplomat, trying desperately to keep everyone from each other's throats. And in doing this, you no longer have room for your own feelings of anger or frustration.

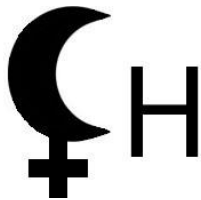

In fact, there isn't room for much "you" at all. The weight of others' needs and expectations seems to take up all the oxygen in the room. In order to feel secure and in control, you've had to disguise your true self under a sheen of acceptability and poise. You have found that beauty, pleasantness, and grace are all powerful armor, and you've been wearing them ever since. You often feel like a doll on display, but at least it keeps you safe.

But even when you try to remove your protective gear, the pain persists. When you try, even for a minute, to center your own preferences or to assert your individuality, you are questioned, belittled, or dismissed. It's like the world has a vested interest in making sure you can never stand on your own. And over the years, you may have learned to question yourself too, feeling afraid to make decisions without other people's input and approval. So you're stuck feeling like a preschooler who has to use the buddy system to go to the bathroom, or like someone who is permanently required to be the back end of the horse costume. You're never allowed to just shine on your own. In this way, you have bought harmony at the expense of your own independence.

But it doesn't have to be this way. To help soothe this pain, lean into the energy of Aries, Libra's opposite sign. Aries is fiercely independent and highly motivated to get what they want. That's because Aries understands that they only have this one life to live, and there's just no point if you can't live it on your own terms. Aries recognizes that while pleasing others is great, it doesn't mean much if you aren't happy too. Aries also knows that peace isn't always all it's cracked up to be. Some things are worth fighting for. YOU are worth fighting for. So what if it ruffles a few feathers? People can tend to their own needs. Aries has a life to live.

While there is obviously so much to say about this placement, I'll close with this: I am so glad that you exist. As you build a world for yourself and the people you love, your grace and warmth will be the foundation that ensures people are treated fairly and with kindness. Just remember that your needs and opinions are every bit as important as anyone else's, and you'll find your way every time.

(Black Moon) Lilith ♀ in VIII 8th House

([1156] elsaelsa.com)

Fertilizer Bomb

If you have Lilith in the 8th house of your chart her themes will manifest in terms of fear, other people's money, psychology, and forces outside your control. This house brings to fruition many of the most intense aspects of the Lilith myth.

With Lilith in the 8th, there are wounds in terms of money, particularly the type of money you have to ask for and claim. You have likely been jerked around, treated unfairly, or outright denied by creditors, lenders, insurance companies, or in matters of inheritance. In one way or another, your rightful claim has been rejected.

In traditional astrology, the 8th house is known as the Idle House, or the house of lowering to the ground. It is where the vibrance of the Midheaven slowly sets until it has little power to affect the world. For this reason, it is also associated with death, taxes, and all powers that are greater than us and beyond our capacity to control. These are forces we can't mitigate or soften. We can't do anything but react. And with Lilith here, that feeling of powerlessness creates a primal rage. Lilith was victimized early on by forces outside her control, and the entire rest of her myth is the story of trying to harness her impotent fury into something she could use. With Lilith here, you, too, will rage and

wail in frustration as your anger butts up against immovable objects over and over.

This is why Lilith in the 8th house also affects psychology. When all that righteous fury can find no external purchase, it is forced to turn inward. Here Lilith digs her talons into the fertile soil of the subconscious, and here she begins to find her power. With Lilith in the 8th, your own psyche is both a power to be feared and a source of infinite growth. As you churn the soil internally, new seeds begin to sprout. Seeds of freedom, of personal power, of spiritual resurrection.

There is so much to discuss with this placement – more than I could ever hope to convey in one post. But I will try to sum it up. When you encounter injustice at the hands of external powers far beyond what you could ever hope to control, it's natural to rage, fight, and flail. But that same fury has the capacity to become the greatest nourishment for your soul. Allow it to fertilize the darkest corners of your mind, and find in yourself a power that dwarfs that which sought to oppress you. Learn to wield that power and let it set you free.

Ceres ♄ in I 1st House

([1173] astromatrix.org)

The Natural Mother Instinct

Opportunities

- Mothering comes naturally
- Having greater compassion

Challenges

- Avoiding smothering relationships
- Maintaining an independent identity

Ceres in 1st House

Ceres is concerned with both giving and receiving nurturing that comes naturally. The desire to take care of others is especially strong, but this placement also speaks to a need to self-nurture.

People with Ceres in 1st house can take on the role of “mother” without realizing it, so it is important to discern when someone would benefit from your attention versus when it becomes excessive.

It is just as necessary to provide motherly love as it is to allow for independence, which is a poignant lesson for someone with Ceres in first house. If your relationship with the mother figure in your life was imbalanced, it may be therapeutic to step into the role of parent and offer another human being unconditional love for who they are fully.

When located in first house, the Ceres archetype becomes a part of your personality. You likely project the qualities of Ceres without trying. For example, you may like to feed people or care for the sick.

You can nurture others instinctively by knowing what to do to meet their needs.

Becoming a parent or working in a social service field can help you channel the urge to provide for others. If you become too dependent on the role of “mother”, it will be necessary to turn that energy inward and nurture your own independence as a whole, sovereign being.

Chiron ♄ in ♈ Aries 23° 3'

([1248] astromajesty.com)

People with Chiron in Aries usually go through emotional, physical, or mental injury or harm. But others will rarely notice that Aries Chiron individuals are dealing with some onerous trauma and pain.

These persons are resilient, tenacious, and fighters. They tend to shake off whatever bothers them, no matter how big or small.

People with Chiron in Aries believe that they can handle and manage everything, even if it hurts like hell. They are likely to, at least on the surface, move on quickly from whatever caused them suffering and torment.

Yet, as they are likely to develop deep connections with people, their loved ones and friends usually notice something is wrong. These persons are likely to tell them it's nothing, so in the end, their dear ones feel their pain more than Aries Chiron people themselves.

Nevertheless, these individuals expect the same from others concerning struggles and pain.

People with Chiron in Aries are likely to tell others to stand up and take it when hurt because everyone goes through some pain, adversity, or trauma. They believe that, otherwise, people will lose themselves in misery instead of moving on.

They believe that they recover fast, and they try not to look back. Aries Chiron people take this approach even when in hard pain and trouble. Some might perceive them as

cold. Once people find out how many turbulences Aries Chiron individuals had, they are usually shocked.

These people are usually born during years of conflict or socioeconomic changes and transitions (e.g., generations born between 1918-1927 and 1968-1977). Things change often and quickly during their childhood. That teaches Aries Chiron individuals to don't get attached and to move on fast.

Individuals with Chiron in Aries usually experience struggles in childhood that hurt them a lot, but all they could do is suck it up and focus on the future.

But they learned how to not dwell on the past and regrets. As a result, they either don't talk too much about their problems, or they use them as an example to help others overcome struggles.

Men with Chiron in Aries

Males with Chiron in Aries are stubborn, bold, and intense, but they often use these characteristics to escape from insecurities and pain. They are likely trying to compensate for not feeling good enough or always being in a shadow.

They are likely to feel lonely or inept at the end of the day, wondering why their actions don't bring the results they need so desperately.

Perhaps they seek recognition at work by always trying to be the most competitive and devoted employee, but they end up in the same position or salary all the time.

When they don't see the gain they expect, men with Chiron in Aries can become self-destructive or make rash decisions.

On the other side, they are too self-reliant and hate asking for help. It is why they are likely to be stuck in a vicious circle of feeling lonely or invisible and not articulating their needs effectively.

The most frequent reason why Aries Chiron men hate asking for support is that they would have to admit what they desire, and they feel like a failure.

Another problem is that Aries Chiron men are not sure what they want to be or to achieve. Yet, they see every mistake as a defeat that's preventing them from reaching their full potential.

As Chiron will be in Aries for the next six years, Aries Chiron men will have to face their wounds and discover why they hide their dreams and desires from themselves and others.

Summary

People with Chiron in Aries are fighters, but they rarely ask themselves what it is really that they are fighting for and what makes them happy. They are often not sure what's their purpose and what's the point of their existence. It is why they seek validation and approvals.

However, they think that to get an endorsement, they have to do something extraordinary or hide their vulnerabilities. They are likely to take on challenges and tasks that are almost impossible to complete successfully.

Aries Chiron people do it to impress others and confirm to themselves that they are worthy. If they fail to finish those endeavors, they feel worthless.

Individuals with Chiron in Aries have to confront their insecurities, fears, and traumas to discover their identities and what makes them valuable and different.

Otherwise, they will never reach the stage of healing and relinquish their pain.

Chiron ☿ in II 2nd House

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

Feeling unworthy

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they

probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

Distorted self-perception

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

Healing potential

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

Part of Fortune ☒ in ♉ Taurus 26° 59'

([1276] astrolibrary.org)

Your greatest satisfaction comes from everything that is solid, stable and lasting. You know how to trust that life will work out. You learn to rest when you need it, even if you are not looking for fleeting or superficial pleasures.

For everything you come across, you want to know its purpose and use, and how to sustain and develop it for a better future. You recognize the beauty of all things in your environment. You enjoy the things that express your most sincere values and principles.

Scorpio is the sign opposite your Part of Fortune in Taurus. If you identify negatively with Scorpio, you will only find chaos and destruction in all those unpredictable situations that appear in your life. These are simply unknown things being revealed to you.

You must have patience, because what you want in a lasting way does not materialize instantaneously, but it arrives by means of several transmutations. It is necessary, then, that you understand that destruction is part of the creative process.

You are happy giving value to your life by establishing firm and significant foundations. You may move to action gradually and slowly, but with enough firmness to be able to feel calm and safe. It is this slowness of action that helps you relax and regain strength to continue.

The need for personal love and the expression of affection and sensitivity is very important to you.

You establish and understand a real separation between love and sexuality. You seek a sincere and warm union. Because Scorpio is opposite your Part of Fortune in Taurus, you are aware of the abuse that normally exists in everything related to sexuality.

You feel happy when you know where you are going, even if you take a long time to arrive. When another person tries to prevent you from getting what you want, you must not take it personally, because you are simply on their path and they unloaded their problems on you. You must forget it, without holding a grudge, so as not to lose your focus.

You like to live life in the fullness of its beauty and everything pleasant.

However, you must not stop the energy that undoes things to transform them. Without losing sight of what you want, you can learn to keep what is true and valuable. That is why you are very slow to change, but what you have will be significant and lasting.

The more you try to appease the discontent of others, the more unhappy you are. So you must learn to live and let others live, learning all the richness of life for yourself.

You like to live in peace to appreciate all the good things that life has to offer.

Because Scorpio is opposite your Part of Fortune, you should direct your intensity to seeking spiritual growth. This is a positive way to use what you feel in your environment, leaving behind all the negative struggles that you feel in Scorpio. By doing so, you gain more and you relax better by surrendering instead of fighting. This way you will find the peaceful existence that you so desire.

Part of Fortune ☒ in III 3rd House

([1289] astrolibrary.org)

You are happy to communicate with others. You enjoy being understood, so language and proper use of words are important to you. You try to understand how others think and how they see things, so you can develop a greater perspective in your thinking.

Thinking clearly is what will bring you your greatest fulfillment.

Your security is based on thought instead of the material world. Therefore, you like to teach others to think clearly, so they can understand the world around them, and understand all kinds of people.

Since your Part of Fortune is in the third house of your birth chart, the ninth house is the opposite house. The ninth house helps you understand abstract thinking, other people of other nationalities and mentalities, cosmic ideas, and the higher mind. But your fulfillment will come through the lower and concrete mind.

You must learn the difference between the presence of human ideals, and the reality in which they must live and be carried out. By accepting this wisdom and not being strict in your ideals, nor judging those who still do not understand the higher truth, you will gain the trust of those whom you want to teach and with whom you want to communicate.

You do not judge other people, you just try to understand them and get to know them. This helps you accept that which is contrary or different from yourself. You have something important to say without forcing your ideas on anyone, or on those who are not ready to accept them. You learn to have much tolerance.

You also learn to recognize when is the right time to say things. You must give your teachings and knowledge in a detached way, and you will get great satisfaction knowing that you have enlightened another person's understanding.

You absorb many philosophical and spiritual thoughts through the ninth house. You realize that the greatest truths go beyond the mental barriers that separate people.

You must be fair. You have the ability to see all sides of a situation. Thus, by bringing superior understanding to human relationships, you help all people in your environment get along better and get a better understanding of the different points of view that may exist. This way, the dichotomy of the world and of human thought will not hinder communication between people.

You find your greatest satisfaction and happiness through all the people you get to know and help. When you come to understand all the circumstances and people around you, you acquire a spontaneity and confidence in yourself and in the whole Universe.

1) ► **Ascendant ASC Parallel ♃ Jupiter** - (0°24') 001 | ♃3

([64] astromatrix.org:) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

Be careful not to use your charm or popularity for selfish gains but for helping others. Look closely and listen well.

7) ► **Moon** ☾ **Contra-Parallel** ♆ **Neptune** - (1°46') ♊4 | ♏10

([158] astromatrix.org:) The Deceived

There are several similarities between the opposition's effects and those of the square aspect between Neptune and the Moon, although with the opposition the inner tension and stress is more projected outwards into the world so that it is reflected back by other people and the environment.

You tend to look for the solutions to your problems in the outer world, often by forms of dependency on others, or by misidentification with people, places or material possessions which seem to offer some sense of security and respite from those inner pressures of emotional confusion. By doing this, you are liable to fragment an already fragile emotional nature, and by displacing your center you are liable to suffer a loss of motivational and directional cohesiveness to your life.

As is common with these planetary contacts, there is an over-imaginative production of illusions, where the boundaries of truth and fiction become blurred at the edges. It is within your more personal and intimate relationships that these illusions are probably most active and observable, especially as they tend to create distortions, disorder and confusion in communication.

At times you may feel trapped within your lifestyle, aching to become free of any situations that you feel are oppressing you. You often respond to such feelings by attempts at escapism, tending to prefer 'running away' from problems rather than confronting them in an effort to resolve them. This psychic emotional sensitivity and empathy to people and environments tends to be very influential, and you tend to absorb all impressions without any protection or discrimination. Underlying the emotional vulnerability and lack of confidence is a reservoir of creative talent that can be used; the difficulty lies in being able to clear a path for it to flow through into manifestation, and to do so requires the transformation of inhibiting emotional patterns.

If you seriously choose to apply yourself, then perhaps through disciplined training and tuition you could unlock the closed doors to this inner imaginative talent and release that frustrated energy. Self-confidence will improve as each small step is taken and you begin to observe the improvements that are happening, and slowly you'll believe that you can exploit that reservoir of hidden potential that is so deeply located within you. You'll start to reclarify your aims and intentions in life, piecing together a new direction to travel, forging a lifestyle that fits you and which does not generate friction through inner frustration and conflict.

Relationships will improve as clarity depends through more realistic appraisals and understanding, plus the awareness to make essential compromises and adjustment to live harmoniously with a partner.

You may prefer to be soft and nurturing, but your fighting instincts are engaged when elderly, young or vulnerable people are in jeopardy. You can be protective of your home or family and may be passionate about leading others to advocate for safe housing and family protections.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business

11) ► **Venus ♀ Parallel ♀ Pluto** - (0°17') ♁6 | ♃3

([46] astromatrix.org.) Transforming Lover

Your intimate personal relationships will be extremely important in your life, creating a sphere of experience which can take you to both the heights and the depths of emotional intensity, and will be a focus for energies of transformation which will influence the direction of your life.

What you are searching for is 'the ultimate physical / emotional affair', a consuming passionate involvement with your ideal partner; and this desire will play a prominent role in your choices of partner for relationship. Unfortunately, what you are chasing is more of an illusion rather than a reality, a dream figure projected from your own psyche that you look to find in the objective world the anima and animus images of Jungian psychology.

As real life has a habit of shattering illusions, you will often be frustrated in your relationships, which could lead you to experiment with a variety of partners, none of whom seems to fit your inner picture of 'perfection'. Emotionally, you can be difficult to satisfy, as you tend to believe that there is always a greater intensity and experience that has so far eluded you, but which would be within your reach if only you could find the right partner.

Inevitably, your emotional life will be full of highs and lows; and the likelihood is that you will either break up promising relationships or allow them to fall apart by withdrawing your commitment, because you are already casting your net for a more suitable mate. It can be difficult for someone who is emotionally attached to you, as you tend to 'blow hot and cold', fire, passion and intensity, and ice, distance and disinterest, as your partner displays his or her more frail human face. Only a 'god or a goddess' will do for you!

The point is that you are externalizing your inner ideal partner; and what is required is that you realize that you have to evoke these qualities from within your own nature, to become more complete and self-sufficient in yourself, rather than look for another to bear the strain of expressing them, and upon whom you lean. You have to reabsorb your own fantasy projection, stop expecting another to live up to your ideal, and learn how to embody it yourself.

It is a step in moving towards the inner androgynous state of being, where the physical male integrates his anima, allowing 'traditional feminine qualities' of sensitivity, intuitiveness, nurturing and caring to enrich his life, and the physical woman integrates her animus, releasing qualities of action, intellect and assertiveness to enrich her life; an inner balance. Until you begin to make progress in this inner psychological necessity, then it is likely that you will continue to find an underlying dissatisfaction in your relationships, a feeling that there must be more somewhere.

You need to change in order to create an opportunity for your relationships to stand a

chance of working; you need to accept the real nature of people, their weaknesses and strengths, and learn to love real flesh and blood people. Potentially, your capacity for the intensity of love can stimulate considerable transformation in yourself and partners, acting as a healing and development catalyst; the process of rebirth in your life will come via your emotions, but be prepared to suffer the 'death of the heart' first.

Your vitality and energy can give you an artistic temperament and ability, coupled with a style of dramatic self-expression; and people will rarely respond to you in a lukewarm manner, finding themselves either strongly attracted to the consuming flame or repulsed as the intensity is too much for them. Transformation, perhaps through the reorientation of your excess vital emotional energy towards a spiritual or social cause, could help regeneration, offering equal intensity but from a stabilized inner balance.

1) ► **Ascendant ASC Conjunct ♄ Saturn - (8°14' S)** 001 | 001

([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Ascendant ASC Conjunct ♋ Vesta** - (6°16' A) 001 | 001

([621] 12andus.com:) You easily embody your calling and can speak about your spiritual purpose with deep authenticity.

Your calling may lead you to sacrifice some aspect of your identity or appearance. You may find ways to embody your spiritual path. Your routines and practices can help recharge you and strengthen your connection to the Divine.

You embody your commitment to service and you can easily show your ideals through your personality. You easily devote yourself to your work and may embody some aspect of your ambitions and goals.

It's as if you wear your goals and work on your sleeve. You make it obvious that you are completely committed to your ideals and your work is instrumental to your sense of identity as a healer or guide for others.

3) ► **Midheaven MC Conjunct ♋ Vertex** - (7°17') 119 | 119

([138] cafesatirology.com:) You may be fated to have a very influential incarnation. Like Ghandi of India you may be here for a special purpose. Your parents influence your career as well as your moral and spiritual values.

4) ► **Imum-Coeli IC Conjunct ♄ Pluto** - (7°35' A) 43 | 43

([214] astromatrix.org:) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your

development.

5) ► **Imum-Coeli** IC **Conjunct** ♄ **Juno** - (3°52' S) ♃3 | ♃3

([606] 12andus.com:) Though you may crave a stable marriage or long term partnership, your desire to be successful in your career may run counter to this goal.

You may want to have both your career success and the full support of your partner or spouse. Yet in some way, your marriage or partnership undermines your career ambition.

You may have to overcome relationship drama in order to be focused and committed in your career path. Your career success may be jeopardized because of scandal or issues that impact your reputation stemming from your connection with your partner.

You may have to work through your jealousies and insecurities to find ways to create stability within your relationship so you can thrive in your partnership and in your career.

6) ► **Mercury** ☿ **Conjunct** ♀ **Venus** - (3°02' S) ♀6 | ♀6

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

7) ► **Venus** ♀ **Conjunct** ♄ **North-Node** - (10°44' A) ♀6 | ♀6

([49] astromatrix.org:) Socially Prominent

Venus conjunct North Node attracts good things. Creature comforts, a pleasing

personality, and social ease are pronounced. The cosmic forces have imbued you with excellent potential to establish and further the harmony around you.

Relationships go well, or at least there are plenty of opportunities for you to attract them. In its most positive potential, this encourages diplomatic talents and acts of compassion and generosity.

There is potential for success in Venus ruled pursuits, such as singing, music, entertaining, the arts, and anything that caters to the pleasure of others. Many poets, painters, dancers, and composers fall in this group, and you may be quite progressive, interested in moving in new directions in music and art.

Likeable and diplomatic, you are likely to have success in relationships and business partnerships. You are likely to be socially prominent and will benefit greatly from friends or partners. You may form relationships with those who have power, resources or who can further elevate your social status. Be aware of an ability to be deceptively charming for your own gain.

8) ► **Mars** ♂ **Conjunct** ♀ **South-Node** - (7°37' A) ♁12 | ♁12

([189] astromatrix.org;) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of

others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

9) ► **Jupiter** ♃ **Conjunct** ♇ **Pluto** - (8°45' S) ♃3 | ♃3

([63] astromatrix.org;) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and you partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially

when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. ([164] astromatrix.org;) The Debater

Opportunities: 1. Learning from Other Perspectives 2. Channeling Your Intellect Productively

Challenges: 1. Withholding Judgement 2. Listening More than Speaking

With Mercury Opposition Mars you will have a keen intellect and strong ambitions. You can be curious, opinionated, critical, nervous, hypersensitive and overly impulsive, often leaping to conclusions prematurely.

You are able to learn quite rapidly as long as you can maintain your determination to not lose focus on what you are doing. This aspect adds to your impatience and impacts your ability to communicate effectively. You can be quick on the trigger when it comes to verbal reactions to others, and you are not always courteous or tactful when it comes to expressing your opinions.

Try not to take things personally and be more objective with your dealings with others. You want to be the center of attention and make sure everyone has heard your voice and point of view. This is not a bad trait in itself; the problem may come if you become pushy or try to convince others that you are right. Everyone has their own point of view and you must realize that. It's good to try and understand different perspectives.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. You love a good debate, but sometimes turn conversations that needn't be stressful into arguments. This is one of the biggest problems with this aspect, even though you are a good communicator, your inability to compromise, listen and not judge others can cause you to miss out on some good opportunities.

Try to be more diplomatic and graceful with your interactions and speech, tone down any Mars aggressiveness to avoid making people feel uncomfortable or defensive. Because of your alert and sharp mind, you are able to be successful in many possible career paths, especially those where your communicative talents can be utilized such as Teaching, Education, Marketing or Law.

22) ► **Venus** ♀ **Opposition** ♂ **Mars** - (3°07' A) ♀6 | ♀12

([173] astromatrix.org;) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

23) ► **Jupiter** ☊ **Opposition** ♂ **Uranus** - (0°45' S) ♃3 | ♅9

([191] astromatrix.org;) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

24) ► **Jupiter** ♃ **Opposition** ♆ **Neptune** - (7°15' A) ♃3 | ♆10

([192] astromatrix.org;) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot

of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

([411] astromatrix.org;) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career

Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

43) ► **Midheaven MC Square ♀ Venus** - (3°38' S) ♎9 | ♎6

([422] astromatrix.org;) The Loving Soul

Opportunities: 1. Exploring Your Creativity 2. Finding Someone to Love

Challenges: 1. Living by Your Own Standards 2. Being Independent

This is a positive aspect, indicating that you are a very loving and warm person. You should have little difficulty in getting along with people, because being on good terms with others is very important to you.

Just make sure that in seeking love and approval, you don't give up an important part of yourself. Above all, be honest and don't try to use flattery and charm to make people like you. Your friends won't respect you if they think you do everything just to get people, especially elders, to like you. The only challenge of this aspect is that you must learn to set your own standards and follow your own goals, and not simply be and do what others want.

You have a strong creative drive, and if anything else in your chart indicates artistic talent, this aspect will reinforce it. You should try out various kinds of crafts and artistic studies to find out whether you have such ability. If you do, you will get great satisfaction from it. Often with this aspect, you feel that the world will take care of you even if you make no effort.

In fact, you may not have to work as hard as others, but you will have to work. It is not good for your character to be lazy and dependent on others. Probably you will always attract people who will take care of you, but if you depend on this, you will lose the respect of others as well as your own self-respect.

([430] astromatrix.org;) The Dominator

Opportunities: 1. Being Equals with Others 2. Playing the Long Game

Challenges: 1. Getting Past Defensiveness 2. Dealing with Authority Figures

You will tend to work against yourself until you really understand who you are and what you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge

that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

Working through the feeling of being fenced in will ultimately make you successful in maintaining your relationship long term.

48) ► **Venus** ♀ **Square** ✱ **Juno** - (0°14' S) ♁6 | ♃3

([596] 12andus.com:) You have a strong desire to be in a committed relationship but your passions and insecurities may make it difficult for you to settle down with the right person at first.

Your fear of missing out or possessive, jealous nature can undermine your chances with prospective partners. You may also find that you are too willing to give your heart away to people who are not ready for commitment.

Being burned can leave a scar but can also bring important lessons about your self-worth and who is worthy of you. You may learn through harsh experiences to hold yourself to higher standards and attract the person who truly deserves your love.

49) ► **Mars** ♂ **Square** ✱ **Juno** - (3°21' A) ♁12 | ♃3

([597] 12andus.com:) Your partnerships may be rocky and dramatic.

You may fight through conflicts in order to preserve a commitment but struggle to find harmony in your connection.

You may also be in a hurry to find the one and as a result you struggle to settle down because your jealousy or insecurities are easily triggered.

If you take your time and channel your passion as motivation you can find it easier to attract the person who is meant to be with you. If you try too hard, you may win over a partner's attention but not truly win their heart.

Work instead on creating a balance between passion and romance so you don't overwhelm your prospective partner.

50) ► **Jupiter** ♃ **Square** ♄ **Saturn** - (6°12' A) ♃3 | ♄1

([432] astromatrix.org:) Lacking Inner Conviction

With Jupiter Square Saturn you can be conscientious, restless and materialistic but lack direction and drive. You're unable to recognize your own limitations, so you plod steadily forward in the face of great adversity. You have poor judgment and bad timing-- you're never in the right place at the right time.

Long range goals lack proper planning, causing difficulties in business and financial affairs. Your career may also suffer through misfortune or lack of opportunities. If Saturn is weak, you lack the initiative and confidence to take advantage of any opportunities. You must learn to pursue long range goals steadily yet flexibly. You initiate activities or take on responsibilities without enough preparation and then fail to follow through or evade those responsibilities.

If Jupiter is strong and Saturn is weak, you have too little discipline and experience. If Saturn is strong and Jupiter weak, you work hard and patiently but can't get much done because you can't gain others' cooperation. You're often a slave to dull routine, appearing as a stick in the mud to others. You must stop comparing yourself to others since you feel you always come up short. You must recognize your own self-worth and use your talents now, or else in later years, you'll be full of regret at opportunities missed.

Freedom to act is often limited by family or professional oppression and you will have responsibilities with older people at some point in your life. Success comes in late life. Your religious, philosophic and educational values are rigid and religious beliefs tend to be extreme, often causing problems. You may be in danger from a natural disaster.

51) ► **Saturn** ♄ **Square** ♂ **Uranus** - (6°57' A) 001 | 11.9

([439] astromatrix.org;) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life

would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real

health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

52) ► **Saturn** ♄ **Square** ♅ **Neptune** - (1°03' S) 001 | ♄10

([440] astromatrix.org;) The Self Defeatist

The square indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

53) ► **Saturn** ♄ **Square** ☿ **Fortune** - (4°09' A) 001 | ☿3

([74] astrotarot.net;) This aspect creates an insatiable need to meet your desires, whether they are personal or professional. In other words, you are emotionally attached to everything you want or need. So, this is great for providing the dynamism and fighting spirit to succeed. But this can make you obstinate and short-tempered. You have a tendency to overreact and unleash your anger. Also, you have a deeply passionate

nature. In love, relationships will be important to find someone who also openly expresses themselves. Never try to bottle up your emotions. Try to find techniques to let emotions out in a more refined or controlled way. Your emotional flair and dramatic displays are actually your strong points. Some methods to settle your angry emotions could range from sport and fitness to more subtle meditation and breathing techniques. This Natal Saturn – Part of fortune aspects makes you suffer from emotional tension. Also, you are ruthless and indecisive. You love conflicts at home and you know how to win them. Also, you are bossy, you lead an adventurous life and find it hard to conform and settle down. Standing up for the rights of vulnerable people is a great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Positive traits: Above you are precocious, animated, and passionate. Also, you seek emotional excitement in your lives. And you are very brave.

- Negative traits: With this Natal Saturn – Part of fortune aspects your natural tendency is to shoot first and ask questions later. Your feeling of being threatened can manifest as over sensitivity, or in fact, as emotional attacks from others.

54) ► **Pluto** ♅ **Square** ♁ **North-Node** - (0°29' S) ♃3 | ♁6

([453] astromatrix.org;) Learning to Trust

With North Node square Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You are not so concerned with what is happening on the surface as with what is going on beneath it. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Your desire for transformations, deep thinking and intensity clashes with current social mores. Stop letting opposition to your ideas isolate you.

55) ► **North-Node** ♁ **Square** ♃x **Vertex** - (0°11' S) ♁6 | ♃9

([137] astrotarot.net;) Typical features that this square brings: the aspect generally

indicates friction and pressure, and perhaps criticism. With this Natal North node – Vertex aspects your life is underscored by being on-task, overcoming past habits, being mindful of common but insidious addictions, and applying your efforts consciously, and with full dedication toward your personal development. This aspect creates an insatiable need to meet your desires, whether they are personal or professional. You are emotionally attached to everything you want or need. So, this is great for providing the dynamism and fighting spirit to succeed. But this can make you obstinate and short-tempered. You have a tendency to overreact and unleash your anger. The sign and house placement of the North node show qualities that you should be able to express easily. Generally, you have a passionate enthusiasm to work and play. You are an imaginative and intuitive person. You project a warm and caring personality to others. Other people readily sense your natural concern and generally feel safe in your presence. This is because you feel at ease with your emotional nature.

- Positive traits: With this Natal North node – Vertex aspects you are always ready and open for growth and interaction with others.

- Negative traits: You may have a hard time controlling your impulses. In other words, you may lack self-control. Your feeling of being threatened can manifest as oversensitivity, or in fact, as emotional attacks from others. These aspects usually show less fortunate circumstances in the living conditions and environment. Support is not only lacking, there may be conflicts arising that push you in a corner. In fact, caution should be applied in forming new relationships. Pressure builds in various areas, and you are likely to complicate matters even more through inappropriate choices and unwise decisions.

56) ► **Ceres** ♄ **Square** Sp **Spirit** - (0°13' S) 001 | ♋10

57) ► **Vesta** ♀ **Square** Sp **Spirit** - (6°08' S) 001 | ♋10

([138] cafeastrology.com:) Fate seems to be kind to you. You meet the expectations that the world has of you, and you express yourself in a way that shows the result of constructive effort from this or other lifetimes.

59) ► **Midheaven** MC **Trine** ♄ **Saturn** - (7°28' S) ♎9 | 001

([360] astromatrix.org:) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that

interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than your age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

60) ► **Midheaven MC Trine ♀ Vesta** - (7°02' A) ♏9 | ♀01

63) ► **Sun** ☉ **Trine** ♆ **Neptune** - (7°24' A) ♈2 | ♃10

([306] astromatrix.org:) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

64) ► **Sun** ☉ **Trine** ♊ **North-Node** - (6°07' A) ♈2 | ♎6

([310] astromatrix.org;) Ego Development

With the North Node trine the Sun you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun Trine the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

65) ► **Moon** ☾ **Trine** ♄ **Saturn** - (4°02' A) ♀4 | ♀1

([315] astromatrix.org;) Common Sense

Potentially, these two disparate planetary energies can be reconciled; and you will probably feel a more positive and optimistic attitude than is common with the other Moon-Saturn aspects. Your personality is relatively stable, and, in developing a suitable lifestyle, you will demonstrate resourceful and practical skills.

You are reliable, and persevere to fulfill your duties and responsibilities, whether domestic or family, or through career, social, and civic involvements. Your outlook may be cautious and conservative, respecting social rules and traditions, preferring to live by self-conformity to 'civilized behavior'.

You may view social experimentation and radical ideas to change cultural establishments with unease and suspicious concern, preferring the familiar and trusted ways. However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. Following this 'pattern' will increase the likelihood of success in any endeavors, whether in business, career, marriage, or family life. You may benefit from inheritance, perhaps in business or through some type of institutional involvement. You apply shrewd, pragmatic common sense to your affairs, preferring either self-employment or positions of authority and responsibility, where opportunities to express potential are more available.

You have creative abilities, although these may be directed along traditional channels, into business or career. The spheres of law, medicine, engineering, politics, management, and education may especially attract. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

66) ► **Moon** ☾ **Trine** Er **Eros** - (4°32' A) ♀4 | ♀8

67) ► **Mercury** ☿ **Trine** ♄ **Uranus** - (7°45' S) ♀6 | ♀9

([326] astromatrix.org;) The Progressive Thinker

Gifted with creative imagination, you should be able to channel this toward building new enterprises and businesses; you have adequate energy and enthusiasm to do so, linked with commitment for personal success.

Your attraction toward the new is likely to be for 'group benefit' rather than toward fulfilling private needs and desires. Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you.

There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs. While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a

submissive attitude.

Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

68) ► **Mercury** ☿ **Trine** ♆ **Neptune** - (0°15' A) ♁ 6 | ♃ 10

([327] astromatrix.org;) The Inspirational Thinker

The trine aspect offers a quite favorable potential, where the energies of Neptune and Mercury work together well, each helping to define and focus the positive and constructive attributes of the other. Similar to the sextile, this aspect is often found within the charts of successful and creative individuals.

Making use of the trine's energy will stimulate the unfolding of considerable creativity. The essence of your creative spirit will be evocative imagery, often including meaningful depths and at times an inspirational quality. The way in which you succeed in expressing this could be through art, music, vivid literary creations, poetry, film or photography. Your creativity should possess substance and context, rather than any superficiality. Communication to others is important to you.

You are potentially very effective in transmitting your ideas and intentions, and skilled in the forms in which you clothe your messages. There can be a taste for dramatic presentations, but this is also effective as it ensures that anything you create is noticed by others, and that by grasping their attention you create a situation where some response is evoked.

You have a talent for influencing people's minds by subtle manipulation and perhaps through clever handling of communication media, as you have a natural understanding of the essential motivation patterns of others. This can be amplified by using the Neptunian vibration to emphasize an intuitive or telepathic ability, which sometimes also manifests itself in the guise of prophecy. It may be best not to overdevelop any such tendencies, or to openly publicize them, but to use them quietly and with little fuss in daily life, especially if through your empathic awareness you are able to support and aid others.

There is the potential to have extremely powerful visualization abilities, that inner picture-making faculty where within the mind you can create images in detail and color, 'seeing them in the mind's eye'. In a variety of modern spiritual approaches, such ability is highly valued, and, rightly used, can be a major tool in stimulating lasting spiritual development.

Through creative visualization, you can direct or re-create your life and personality in

many ways, and this is a skill and technique that you should explore, through pathworking and exploring inner mindscapes, or perhaps through archetypal figures and mystical symbolism, such as the Arthurian and Grail legends, or the myths of the Greek gods.

Pathworking offers the potential to unlock inner doors - even into astrological archetypes - and these are the realms that are ruled by Neptune. There should be a developed social conscience and awareness, and work in this broad area may appeal, although your sensitivity may not be suitable for a direct involvement with impoverished and problem families. Your contribution may be that of support, or by using your talents to highlight social iniquity. There can be a degree of self-sufficiency in you, as you are centered and generally inwardly balanced.

Appreciating the rich-ness of your inner life is vital to you, and you tend to need time and space to do that, as well as to manifest that creative ability. One area that you may be effective within is that of public speaking, where you can be very persuasive, and your genuine abilities are at least recognized by others even if on occasion they may disagree with your opinions.

([463] astrohealer.com:) One's expansive tendencies are polarized from one's psychological "sore points" or one's capacity to address one's wounds. Alternatively, one may find it difficult to bring together one's "awkward" side and one's "sophisticated" side if these energies are under stress in the natal chart.

If the energies symbolized by Jupiter and Chiron are relatively well-integrated in the psyche of the individual, he or she may, in fact, approach the healing process as an "organic" or "holistic" phenomenon, rather than a purely spiritual procedure. This, in turn, will create an opportunity for the seemingly unrelated polarities of the psyche to come together in order to form a more balanced energy field over time.

If Chiron and Jupiter are not well-integrated in one's psyche, however, this configuration may hint that one considers the sphere of wounding and healing as unrelated to the sphere of ideological development, or indeed, completely separated from it. In this case, one may develop a high degree of sophistication in his or her style of understanding the world, yet may remain unable to use that understanding in order to initiate the process of healing with regards to one's own wounds or the wounds of others in one's life.

([472] astromatrix.org;) Feeling Superior

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

87) ► **Moon** ☾ **Quincunx** ♄ **Uranus** - (2°55' S) ♈4 | ♎9

([480] astrologyking.com;) Moon quincunx Uranus natal makes you an impulsive, independent and charismatic person. Some instability in your early home life taught you to be adaptable but may have caused some nervous or behavioral problems.

Your mother, in particular, was probably the most influential person in your life and perhaps your main inspiration. She may have been artistic, eccentric or stood out in some way. If your mother was supportive it is likely you developed a healthy self-image and learned to channel your nervous energy constructively.

However, if your mother was not supportive, died young, or was emotionally distant, it is

likely your nervous energy manifested as shyness, insecurity, rebellion, eating or sleep disorders, or problems with addiction.

Your excitable and experimental nature can lead to emotional outbursts and sudden changes in mood. But the buildup in tension can also lead to epiphanies and mystical experiences. You are innovative, humanitarian, and may become involved in social or political activism.

When you feel stressed and the nervous tension begins to build, try to find a way to channel this electric energy constructively. It could be something physical or creative. Give yourself extra time to adjust, especially when starting new projects or entering a new environment with new people.

([486] astromatrix.org;) Freedom In Spite Of Security

You may have to sort through the hidden messages you received as a child in order to make sense out of some of your adult actions. You act, at times, without any forethought. This is because you are driven by forces out of your immediate awareness. Your spontaneous bursts of enthusiasm either serve you well or they don't.

Early in life you may have been told that you should be different, but your differences will stop you from succeeding. It takes time and adjustment to really learn that it's okay to be both unique and successful.

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some

ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

22) ► **Contra-antiscia-Mercury** ☿ **Conjunct** ♅ **Uranus** - (2°57')

([167] astromatrix.org:) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have

considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress

people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

23) ► **Contra-antiscia-Venus ♀ Conjunct ♂ Uranus** - (0°07')

24) ► **Contra-antiscia-Uranus ♂ Conjunct ♀ Venus** - (0°40')

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 26° **Taurus** 59' and in the **3rd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 21° **Sagittarius** 46' and in the **10th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the

physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 14° **Leo** 30' and in the **6th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 3° **Leo** 25' and in the **6th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 22° **Libra** 34' and in the **8th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 14° **Taurus** 25' and in the **3rd** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 20° **Scorpio** 28' and in the **9th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 12° **Leo** 27' and in the **6th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 13° **Sagittarius** 37' and in the **10th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment
Nemesis in Tenth house (Capricorn): carelessness, neglect

Lots related to family:

The **Lot of the Father** is in 0° **Aquarius** 55' and in the **12th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 1° **Aquarius** 26' and in the **12th** house.
Same as for father.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live in it like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new addition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 5th house

(12andus.com;) You may have an insatiable appetite for creative expression, playfulness and romance.

You may have an artistic or creative talent that is unexpectedly unleashed. When it is, your life will be forever changed. You may become obsessed with your newfound talent to the point of toxic grandiosity.

On the other hand, you may unintentionally awaken a powerful talent that changes your path and leads you to success, leadership and enjoyment. You may find personal enhancement and growth through the creative process.

You may compulsively pursue playful relationships or affairs with people who invigorate you but may not be fully available. At worst, these relationships can become toxic. At

best, you may have to overcome limitations or fears that lead you to become more confident and dramatic in your self expression.

An accidental stumbling upon your hidden spark and talents can lead you to dramatically change your attitude and create greater self-confidence.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Pisces

(12andus.com:) You are obsessed with the idea of transcending the physical body.

You may use sex as a vehicle for spiritual transformation as well as deep connection. You may fantasize about or use mind altering substances to enhance your sexual encounters.

You love to lose yourself and transcend boundaries in order to feel complete connection with a partner. You may be drawn to creating a mood with creature comforts and sensual music in order to feel completely entranced in the moment.

Fusing sexuality and metaphysical and occult pursuits is also arousing to you. You may fetishize some aspects of spirituality. You may also become codependent and obsessed with your partner.

Eros in 1st house

(12andus.com:) You may feel like you become infatuated with everyone you meet.

Love at first sight seems very real to you, though often it is lust. Your instincts and impulses lead you to feel aroused in relationships, often in the earliest stages of an encounter.

When it comes to exploring sexuality, you may be turned on by expressing your desires in athletic or obvious ways. You will blatantly chase your love interest.

You may also have an aggressive or controlling side when it comes to sex. You radiate passion and sexuality and may have a fun and playful side that emerges in the bedroom.

You can be turned on by competition or even confrontation and may pick fights just for the sake of arousal from the attention others show you. You may find it easy to jump into sexual relationships and are often careless when it comes to this kind of relationship.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Hygiea in 9th house

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their friend, they become stressed when confined by convention or when forced to put down roots in environments that are ill-suited to their growth.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Virgo

(synnisisigns.com:) When Eris sits in your sixth house of health and servants, you challenges your authority with others and other people's authority to make health care decisions for you. This latter situation can manifest as a health care crisis that is not managed correctly by the care provider calling for clarity of thinking and intervention on your part. You will have to be your own best health care advisor.

Eris in 7th house

(synnisisigns.com:) In your seventh house of partnerships Eris will create situations of unequal distribution of power that will stress your relationship. You will have to work at finding a partner that will share your goal of sharing the work and well as the joys of partnership, or suffer the consequences for failing to doing so. If you attempt to follow

traditional male/female roles, your relationship will ultimately lose its vitality and strength of purpose.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius (Rx)

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 12th house

(whatsmyalternative.com:) (I can not find interpretation for the 12th house.) Karma in Pisces (or 12th House): The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Karma in retrograde

(whatsmyalternative.com:) Retrograde Karma means you delivered more negative karma than positive karma in the mentioned areas.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Virgo

(astronomicallyaligned.tumblr.com:) You want to open the box in order to be the image of perfection. Eternal knowledge, perfection, intelligence, diligence, and admiration. Inside you are all these things. But you might not know it. In your quest for perfection, you would sell your soul. You open the box in curiosity as to what is inside. Because you don't know that you already possess these traits! As they're let loose, tunnel vision,

stormy clouds, and insecurity is let onto the soft and scarily world. But if you know and understand what is in the box, you will feel at peace. Self-love for yourself is extra important here. Don't compare yourself to others, only try your best at self-improvement.

Pandora in 7th house

(astronomicallyaligned.tumblr.com:) You're curious about relationships, sharing, generosity, partnership, and equality. You might feel like those parts of your life can get out of control when digging too deep or letting go.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use

of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Taurus

(smartyoungsters.com:) This Nessus is the one who suffers from an OCD of earning wealth and looking beautiful. This will be the Nessus who will buy all the top cosmetics to beautify the face. A broke condition even if temporary does not go well with this Nessus. Beg, borrow or steal is the motto of this Nessus. When positively expressed, will be an ambitious individual who will go from rags to riches. Using his genius as an example for others. In love this Nessus seeks a rich partner who can buy best perfumes, cosmetics, garments for him. In a woman's chart such women can make excellent fashion models. However, if such a woman marries below her status then husband will suffer from constant abuse.

Nessus in 3rd house

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates

to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

[3] The Hyades fixed star group has a similar energy to Saturn and Mercury. Bringing out the prolific liar and scandalous thief. Violence aggression and weapons of destruction are indicated in a chart with Hyades prominent.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to knowing the self but not really wanting to change themselves for the better.

[4] Saturn and Mercury (profound liar, thief, blackguard, scandal and slander.). They give tears, sudden events, violence, fierceness, poisoning, blindness, wounds or injuries to the head by instruments, weapons or fevers, and contradictions of fortune.

[6] Prima Hyadum rules straight across the shoulder line from left to right in the human

body.

HYADUM II (16° Taurus 37') is **(0°44')** of (1°45') close to **Anti-Vertex point** (15° Taurus 53').

[1] (- - - -) may 26-30 Saturn-/Mercurial - scandal, violence, disgrace, imprisonment, bad death, misfortune, murdered or murderer, evil disposition, homosexuality, disturbed mind, muddled thinking, fails in study, may exploit others for power, very very high sexual urge, dissolute life, welcome fights which break peace and provides fear, takes no pleasure in tranquility, yearns for mobs, crowds, and civil disorder, sedition and uproar delight them, tears, sudden events, fierceness, strive for prestige to power, sanguine, mercurial, extraverted or introverted, can be borderline personality disorder or manic depression
