Life Path Number: 6 = (1+7) + (0+5) + (1+9+2+8)

([659] numerologycalculator.online:)

The Nurturer

The Life Path 6 suggests that you entered this plane with tools to become the ultimate nurturer, and a beacon for truth, justice, righteousness, and domesticity.

Whether in the home or in the work place, you are the predominant caretaker and family head.

You are idealistic and must feel useful to be happy.

The main contribution you make is that of advice, service, and ever present support.

You are a humanitarian of the first order. It is your role to serve others, and you start in the home environment. You are very human and realistic about life, and you feel that the most important thing in your life is the home, the family and the friends.

In romance, the 6 is loyal and devoted. As a caretaker type, you are apt to attract partners who are somewhat weaker and more needy than yourself; someone you can care for and protect.

You don't function well in stressful relationships that become challenges for you to

control. It is the same with friends, you are loyal and trustworthy.

You may have a tendency to become overwhelmed by responsibilities and a slave to others, especially members of your own family or close friends. It's easy for you to fall into a pattern of being too critical of others; you also have a tendency to become too hard on yourself.

Expression (Destiny) Number: 2

([659] numerologycalculator.online:) The number 2 Destiny suggests that the direction of growth in your lifetime will be toward gaining an understanding of people and a greater spiritual sense of the world around you.

A name producing a 2 Destiny gives you the tools to work very well with other people. Your destiny will be, in part, in the role of the mediator and the peacemaker. As you grow in this direction, you become sensitive to the feelings of others, you become diplomatic in handling complicated situations.

The spiritual potential for the 2 Destiny is very high. You have the capacity to be inspirational, and the ability to lead merely by your own example.

An inborn inner strength and awareness can make you an excellent teacher, social worker, philosopher, or advisor. No matter what area of work you pursue, you are very aware and sensitive to the highest sense of your environment. Your intuition is very strong; in fact, many psychic people and those involved in occult studies have the number 2 Destiny. Indeed, the 2 has a spiritual connection not found in other numbers.

In many ways you are dependent on others and seem to function best in a partnership or in some form of group activity. As you mature, modesty will run deeper in your nature, and you must work comfortably without recognition of your accomplishments. Often, others will get credit for your ideas, and this must be of little real concern to you as your skill as a team player progresses. Cooperative, courteous, and considerate, you have the capacity to become an outstanding facilitator. You will have the capacity to organize and handle people, just as you will handle detail, rarely overlook anything.

As you fulfill your destiny, tactful and friendly behavior will increase your popularity, and nearly everyone will like you. Perhaps this is also because you are more content working with your ideals, rather than dollars and cents.

The positive aspect of the number 2 Destiny is an always idealistic attitude.

The negative 2 personality can be oversensitive and easily hurt. Too much of this number in your makeup can make you very shy and uncertain. Sometimes the excessive 2 energies make one apathetic and somewhat indifferent to the job at hand; the ability to handle details is hampered in these cases.

Some 2s, struggle with a continuous sense of nervous tension; you may be too sensitive and temperamental. You tend to dream a lot and may be more of a dreamer than a doer.

Fantasy and reality sometimes become intermingled and you are sometimes very impractical. You tend to want to spread the illumination of your knowledge to others irrespective of their desire or need.

Life Path - Expression Bridge Number: 4

([660] numerology.center:) Number 4 means that you are a person whose success depends of ability to concentrate on definite thing and to keep abreast of the times. Don't reject novelties and innovations, other vice you risk to lose big opportunities which life offers you. Practicality plays not the last role in your success achievement. So, you have to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 4

([659] numerologycalculator.online:) People with this soul urge have a natural desire for order and are very good at working with their hands and tend to be tradespeople.

You have a need for stability and structure in your life. You want your life and everything that touches it to be orderly. You have a systematic way of doing virtually everything. You are often not satisfied unless you are working toward some kind of goal. This makes you focus too heavily on work at times so remember that stability also means having time for yourself.

All work and no play is not a recipe for structure or stability.

You are a very loving person but you struggle with your ability to express love outwardly. Don't assume the ones you love know that you love them. They need to be told and you need the practice of telling them. This will help you to achieve the emotional balance that you desire.

Personality Number: 7

([659] numerologycalculator.online:) The seven personality tends to be somewhat introverted.

They are keenly observant and highly intelligent. This ability to see through people coupled with their intelligence/observation skills can make them intimidating to others initially.

Seven people are seekers of truth, highly opinionated, but always looking for the greater wisdom in all experience. People often see them as wise or old souls.

People with Personality Number 7 are in a constant pursuit of cosmic and spiritual knowledge. They are intelligent, introspective and perceptive introverts.

It is often difficult to get close to such people, as they are quite aloof and shrouded in mystic.

Besides that they love their privacy. But their knowledge and wisdom attracts others, and when they eventually understand that they will share it, as it will be the best reward for gaining it.

Heart's Desire - Personality Bridge Number: 3

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields connected with arts fit you greatly.

Quiescent Self Number: 7

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 7 are likely to experience a cosmic connection with spiritual wisdom.

The energy represented by the number 7 resonates with introspection — looking inward for answers and clarity. It resonates with analysis, spirituality, wisdom, quality, and intuition.

Someone with this quiescent-self number is likely to visualize solving things. And contemplate knowledge and wisdom. Also well-maintained gardens and historic buildings. Generally, visualizations are about knowledge or the process of acquiring knowledge. Tapping into the ancient wisdom within themselves is likely to be a significant part of that.

Their visualizations may be about their library, full of precious and rare books, and their study, adorned with classic art.

Maturity Number: 8 = 6 + 2 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with reward through accomplishment. You're being called upon to work with your talents with

organizing and managing, to achieve personal success and recognition, and to use your authority wisely and well.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to achievement in the material world to center stage. Situations will arise highlighting your need to direct and lead, to accept financial reward and abundance, and to work for the benefit of humanity – not just personal gain.

What that might look like:

- Opportunities to engage in the large realm of business or any arena where you are called upon to lead, manage, and organize.
- A dramatic change in career or vocation.
- Putting aside personal relationships in order to focus on work and career or the realization that you've not stepped into your power and aren't achieving satisfaction because you struggle with money, power, control, and authority.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 2

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 4

(Month + Day) - from age 0 to 30 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 1 Number 4: First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Second Pinnacle Cycle: 1

(Year + Day) - from age 31 to 39 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Third Pinnacle Cycle: 5

(1st Pinnacle + 2nd Pinnacle) - from age 40 to 48 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn't a time to nest or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 3 Number 5: Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a

huge test during this Pinnacle.

Fourth Pinnacle Cycle: 7

(Month + Year) - from age 49 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 4 Number 7: Fourth Pinnacle: As a 7 Fourth Pinnacle, your spiritual development will be undeniable. You'll be called upon to teach others what you've learned. Continued time for study, development, contemplation, and higher learning are keys to this final Pinnacle. The 7 vibration at this point in life requires detachment from the practical realms and putting a renewed focus on more philosophical thinking and relating. You may find it difficult to relate to people during this time, so it's best to seek out like-minded souls with whom to share ideas. Be patient and open though. People will come to you to hear what you have to say because of the wisdom and knowledge you have cultivated and gained through your life experiences. It's part of this Pinnacle to become a master teacher and share your wisdom with others.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a

job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

First Period Cycle: 5

(Month) from age 0 to 30 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 8

(Day) from age 31 to 57 (based on LPN)

([666] worldnumerology.com:) The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you, but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership.

Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed.

However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result.

The 8 is rarely neutral regarding punishment or reward.

Third Period Cycle: 2

(Year) from age 58 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you increasingly intuitive, relying more on your heart than on your mind. You become less inhibited, as you gradually lose the fear of showing your true and deeper self.

You are more direct and less hesitant to express your feelings. You rely on your gut

feelings more often. "If it feels right, it probably is," could become one of your stronger convictions. You are better at working with people and you become a master in the fine art of persuasion.

Younger people, and others, are drawn to you - especially those who live with difficult circumstances and those who could use your help. You may well discover a talent you have not previously considered, perhaps in the visual arts.

First Challenge Number: 3

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in

a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Second Challenge Number: 6

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

Third (Main) Challenge Number: 3

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 3

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 1 (17) + (05) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

The year generally provides opportunities for starting new projects and the energy to follow the inclination. More so than last year, the person feels a desire to move forward, to improve situations, to assert their individuality, and to get on with life.

This tends to be an active year with many decisions to make.

In some respects, life feels like it's beginning anew.

Personal Year Number (for 2023): 2 (17) + (05) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The year tends to encourage participation in team projects.

Concentrate on intimacy and relationships, fostering appreciation for yourself and your loved ones, and speaking your truth gently yet firmly. Expect this year to feel very slow-moving.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone (first letter) is same as first vowel.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your **approach to challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ...

([669] numerologist.com:) What Happens If Your First Name Begins With a Vowel? Numerologist Jean Simpson makes another interesting observation about the placement of the vowel in your name. She contends that when a vowel is the first letter of your name (for instance: Alyssa, Elizabeth, Ian, Owen, Yvonne), you often have challenges making decisions. When a vowel begins your name, chances are you aren't the best at making split decisions – it often takes more processing time to come to a decision or provide an answer.

Cornerstone and First Vowel: I

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to approach life with compassion and humanitarian considerations, with an ideal always in mind.

([671] spiritwalk.org:) You are an emphatic and touchy person who sees things as they are without pink glasses. You have artistic talents and you need to develop your skills in order to feel happy, even as a hobby. Your eyes are sharp to aesthetics and fashion. Multitasking is not your strongest side, look for your passion and make it your job.

([672] numerologist.com:) Cornerstone: You procrastinate a long time before embarking on any project as it is very important to you how it will receive. You are not a great leader because you are often too nervous to perform.

([673] numerologyzen.com:) Letter I. An emotional and creative letter, synonymous with ideals, intelligence and interest in others. I resembles a string of a violin, strained to the extreme and vibrant with sensitivity. I can be emotional or creative, ideally both at the same time. With such a letter, the current passes quickly. No absorption due to curves, no hesitations due to broken lines. I has an active, passionate, receptive, altruistic nature and so can live great ideals. I knows how to make a quick decision, but [his,her] functioning is a lot more subjective than analytic. This loftiness and lightness is perhaps what makes I charming. [His,Her] human sense is great. Open, sincere and passionate, I knows how to give or be devoted without an ulterior motive. It is the letter of listening to others' problems and who is very demonstrative in love. However, I is often too idealistic and can be disappointed due to a lack of sensitivity from others, their coldness or their imperfections. With a little luck, I can transform [his,her] great emotions into artistic or creative aptitudes which will serve as valves of constructive security. There is a lot of intensity and deepness in this letter. The feelings are extreme, intense (especially those linked to accomplishment, success or failure, solitude and losses) and govern [his,her] behavior, actions and everyday life. Average or mediocre situations don't suit I. [He,She] doesn't reflect deeply, but tests and feels. The intellect, although powerful, comes always after the sentiments and emotions. I is able to pass from total joy to demoralization without knowing how to master it. I is at ease in public, in all activities which allow [him,her] to use [his,her] sensitivity. To the image of the letter, I represents an arrow which one ignores if it is implanted firmly or not in the ground. I needs a solid base to stay upright. It would be advantageous for I to reinforce [his,her] stability in the physical and intellectual areas and above all to give a more positive and restraining environment to the emotions, in order to avoid excesses or questioning which unbalance [him,her].

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.
([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): D

([676] ezinearticles.com:) This letter indicates that habits and rigid routines could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): I

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "I" brings about conclusions that generally have some emotion related to it, like parting with a friend.

([671] spiritwalk.org:) You are an emphatic and touchy person who sees things as they are without pink glasses. You have artistic talents and you need to develop your skills in order to feel happy, even as a hobby. Your eyes are sharp to aesthetics and fashion. Multitasking is not your strongest side, look for your passion and make it your job.

([672] numerologist.com:) Capstone: You often fail to reach goals because you fail to express yourself appropriately. You are also a bit accident prone and forgetful which also prevents things from getting done.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

3 on the Physical Plane

You are incredibly charming, charismatic, and attractive. You have vivid imagination, a tendency to dramatize things, and unique artistic nature, that sometimes shows up in most unexpected ways. The need to work hard plunges you into depression, and you

fiercely oppose any attempts to make you do things you don't want to. You should control the energy you radiate as its effects can sometimes be unpredictable.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

8 on the Mental Plane

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

6 on the Emotional Plane

People like you make the backbone of the world. You are the cornerstone of any society you belong to – be it your family, circle of friends, or colleagues. All your emotions are directed towards people around you; you truly empathize when you say it, and you are always ready to lend a shoulder for others to lean on, even if it's contrary to your personal interests. Your concepts of honor, justice, and responsibility are clearly formulated. Most suitable professions for you are a doctor and a teacher, as they involve ability and desire to share knowledge with others. And your willingness to get something in return does not devalue your readiness to “give the shirt off your back.”

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other

existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly polish it like a treasure, overwhelmed with the desire to share your insight with everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

For results with the most letters on the Physical plane, the person's concern tends to be with the physical and the actions required for material manifestation. They tend to be practical and use their energies for tangible results.

With the most letters on the Physical plane and in the Inspired dimension, the person is capable of great inspiration in material matters.

(The Second Step to interpreting the multi-dimensional planes of expression calculation results is to note the values of the planes and dimensions with the most letters. 2. Together — There is partnership and companionship. There's a feeling of belonging and caring. There may be romance. Generally, there is teamwork. Always, there is coexistence. Descriptive words are interpersonal, companionable, coexistent, romantic, diplomatic, and cooperative.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Character, will — 111

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 333

"An Impulsive Scientist and Creator" - you have serious prospects to master any exact science, technique, algorithm or knowledge system, to make a name for yourself in any creative spheres. But remember: you have too wide area of thought, sometimes along with a sick imagination and the inability to concentrate on something that requires to study hard. Your abilities can appear spontaneously and not always at the right moment.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 7***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Talent (Line «7-8-9») — 3

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 5

"Stubborn" - this person goes to the goal at all costs, even if in the end the result will be not a circumstance to the resources spent on its getting. They look for partners who also want to get more out of life and it look down their nose at those whose goals seem insignificant.

Domestic bliss (Line «2-5-8») — 3

"Spontaneous" - this person may say that they will never enter marriage or it is not for them. But one day they'll send invitations to their wedding, and everything will seem to be ok till the day when they suddenly apply for divorce.

Stability (Line «3-6-9») — 5

"Very stable" - practically never change their habits and surroundings, remain loyal to familiar things, even if the new ones are better. What is it: tediousness or predictability?

Anyway, some of the surrounding people appreciate this, the others do not. But it is believed that this person is worth to trust.

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. People with hot temperaments (5 and 6) often seem to be slightly cold, their fervor comes into full play only with a partner.

Birth Card: Two of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

It is only when a Two of Diamond feels their status is threatened that they become self-defensive and will stop at nothing to regain their self-esteem. Fixation is a problem for the Two of Diamond, and they will get stuck wielding their own power until they are forced out of their situation, wondering how they ever let it get that far in the first place!

Two of Diamond believe they know best. They make excellent parents and leaders.

They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Jack of Spades

(metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Eight of Clubs

(metasymbology.com:)

CLUBS: Mind - Comprehension - Process

EIGHT: Management - Control

CHALLENGE: Understanding
Air-Swords - Planets: Mars & Neptune

CLUB: The Club personality is interested in brainpower. The spirit of the Club is confined to mental processes. Its purpose is to determine, organize, and regulate. It is the element of air; invisible thought-things that manipulate our visible our world.

EIGHT: The value of eight is control. The personality of the eight attracts experiences that give them opportunities to manage and control.

JOURNEY OF THE SOUL: The Eight of Club personality is designed to help the Soul understand the power of mind. It is the conscious and the subconscious mind. The Soul Card for the Eight of Club is the same: the 8 of Club. The journey of the soul is to reconcile the relationship between the conscious and subconscious mind.

Eight of Club personalities are provided with so many fortunate opportunities in life, they are rarely compelled to explore the deeper (or higher!) meaning of life. The evolution of suffering does not apply to the Eight of Club. Nor should it. They have come to understand the functioning of the mind, not heart.

Eight of Club people are like the cats who always land on their feet. Protection surrounds them in all departments of life. All of their cards are in the Jupiter Line: Jupiter is the Giver of Gifts. It is this very blessing that trips them up.

The 8 of Club are resolute in their opinions and beliefs. They can appear unsympathetic toward the misfortunes of others. Not that they don't care—they do—they just prefer to allocate their energy toward finding practical solutions.

Most Eight of Club project a strong, can-do attitude and prefer intimate relationships with productive people who have something to bring to the table. They choose platonic relationships over marriage. And if they marry, their independence must remain intact.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Six of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

Six of Diamond Meaning: Completion of Obligations

Karma for the 6 of Diamond - True Worth

Fire-Wands - Planets: Mercury & Jupiter

Six of Diamond represent the need for understanding values. A very successful and satisfactory life can be built for these people when money is not made the sole objective. The acquisition of knowledge is not easy for the Six of Diamonds; there are obstacles and frustrations for them. There may be difficulty in acquiring an education in early life -- or there may be unwillingness to bother with it on their own part. Money, however, is vital to the people born under this card. Often times they want to begin earning it even before they know where, or how! The women of this Card should strive not to depend on their personalities for success, and the men not seek a wealthy marriage to promote their own

objectives.

For both men and woman Six of Diamond, finances tend to go to extremes, and will remain in one state for a long time -- either way up, or way down.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Four of Spades (metasymbology.com:)

Spades: Body - Work - Spirituality

Four of Spade Meaning: Harmony in Work

Karma for the 4 of Spade: Entitlement

Earth-Pentacles - Planets: Venus & Jupiter

At first glance, Four of Spade have cards of success and power. However, until age 26 years, their impressive karma usually leads to a false sense of entitlement.

This is more true of the men than the women, and often because of the mother using money and gifts to show her love, fostering the notion that abundance is their right. In their later years, the 4 of Spade can experience dark moods as their skewed understanding of prosperity translates into frustration and loss.

Four of Spade are sensitive and they enjoy helping others. They conceal their strong feelings behind a brash demeanor, which makes them come across as being proud, or egocentric.

They are physically very strong and excel in sports or challenging physical activity. They appreciate art and beauty and can do very well for themselves when used in industries that cater to the arts, women or home decor.

To overcome their karmic challenge of entitlement and resentment, the Four of Spade must not only work hard for what they want, but enjoy the process of work. For those 4♠ who find their passion and look beyond the trappings of prestige and glamour, theirs is an exceptionally fortunate life; satisfaction and success for the taking!

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Ten of Hearts (metasymbology.com:)

Hearts: Feelings - Relationships - Love

Ten of Heart Meaning: Success in Love

Karma for the 10 of Hearts - Isolation

Water-Cups - Planets: Mars & Jupiter

With the highest value of hearts in the deck, the 10 of Heart person is intensely aware of their emotional/social connection with the world around them. The meaning of their card is the expression of love in all aspects of life.

Those who are born on a Ten of Heart day are at their best in large social situations, on

the stage, or in politics. It is only in their more personal and intimate relationships that the 10 of Heart become overwhelmed and safe-box their feelings. With this in mind, the 10 of Heart need to guard against isolating themselves from the people contact so important to their wellbeing.

10 of Heart are ambitious and have penetrating focus. An overwhelming need to be loved or appreciated compels them to be the best at whatever they do. They also have a knack for good business and secure the best contracts or conditions for success. Ten of Heart people seem to be very lucky. In part this is true. But it's only after much hard work and determination that Divine Providence bestows Her bounty of earthly treasures onto the worthy 10♥.

In matters of the heart, the Ten of Heart feel they should be at the helm of their relationship. Not because they want to dominate, but because they feel better able to protect, heal, or otherwise fortify the home.

After age 91 the cycles repeats.

Cosmic Lesson Card: Queen of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Queen of Diamond Meaning: Domination in the Realm of Values

Karma ~ Financial Security At All Cost

Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

Cosmic Reward Card: Ace of Diamonds

(metasymbology.com:)

DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate.

It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

Cosmic Moon Card: Five of Hearts (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

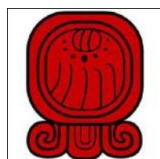

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Flow (6) Imix

East (Red) glyph: Empowerment / Guidance

Day Sign: Crocodile

/ Imix (Yucatan) / Imox (Kiche)

Imix types are often constantly at work, usually trying to maintain the integrity of their world. They are energetic, rigid, creative, and initiating.

They have intense emotional power and a need to be deeply involved in whatever they do, a need that must be used creatively or it may become a source of problems in relationships. Imix types have strong nurturing instincts, are quite sensitive, and require privacy.

They are not always comfortable sharing feelings. They are protective and dominating in a parental way and often struggle psychologically with the voice of an internalised critical parent.

Persons born under Imix can be assertive and even aggressive in some ways. Many feel rejected by their families or parents, and in compensation, seek group friendships that make up for this loss. Some become founders of businesses, organisations or associations. They relate to the world around them through their feelings and not their intellect. This causes them to be quite reactive to any changes taking place around them, and they often rush in to keep the "dam from breaking", so to speak. This reactive nature is probably behind their tendency to initiate activities.

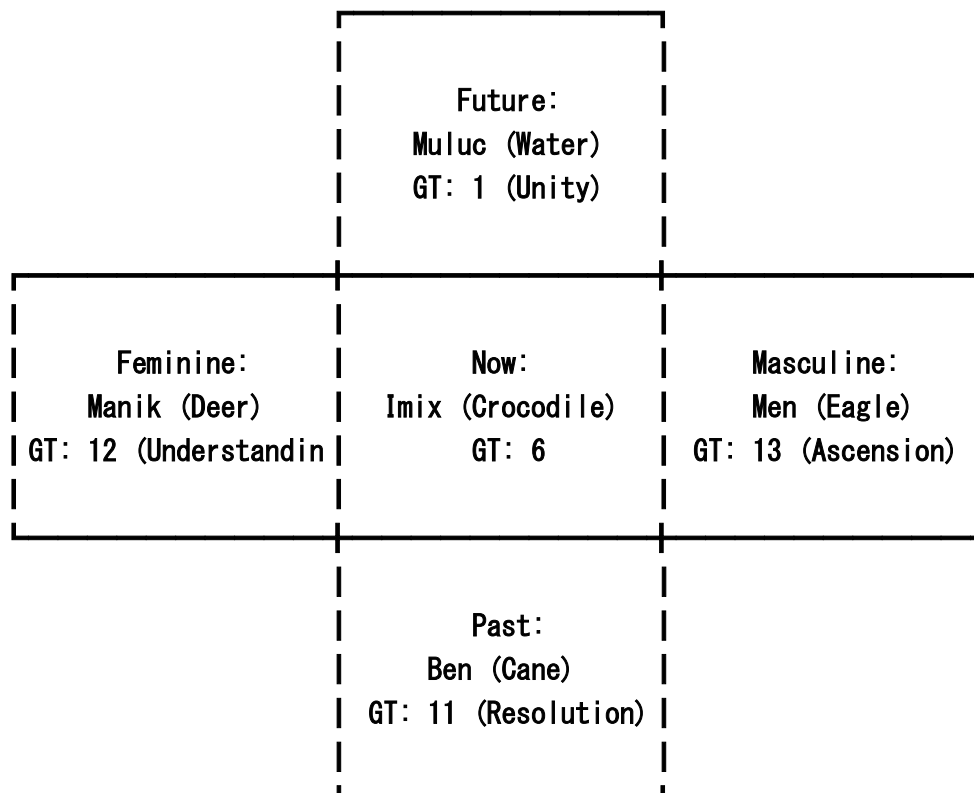

They are often found breaking new ground or starting projects from scratch. When motivated, the Imix type will work incessantly until emotional security has been restored and stabilised. When they do achieve emotional security, however, they may become extremely lazy and even lethargic.

Challenge:

To accept themselves completely and to become free from feelings of rejection by parents or other authority figures; to join with others on terms that are shared by the others; to refrain from being judgmental.

Solution:

Founding a business or creating a home. Learning to be independent.

Four Directions

At the beginning of any phase of consciousness, the ego or sense of individuality is still weak. Not yet fully separated from the deep waters of the collective mind, this emerging ego or self-consciousness is easily influenced by the prevailing spirit of the times.

Because the Imix represents that primordial energy that sleeps at the base of all things, those who were born under Imix power may find that their feelings for dreams, magic, and mystery is a great deal stronger than their sense of self or individuality.

The Maya say that Imix are "easily dominated by the Year Lord" - which means that they are easily influenced by the spirit of the times, in the form of every type of stimulus or media imagery around them.

Sometimes this domination by the time spirit may be beneficial, for Imix may become positive carriers for all that is best in the time spirit.

This is why The Book of Chilam Balam of Kaua calls them "the maize of the bread", the substance of the matter.

Imix can easily reflect everything that is valuable in the spirit of the society in which they live. This is especially true when they draw on their strong, positive family or ancestral/cultural roots, represented by Ben, their past sign.

The same positive spirit will manifest itself when they call upon Men, their right hand power, in order to act with strength and purpose in the outside world and increase their own sense of prosperity and authority.

They can also draw upon Manik, an equally intense but somewhat more mystical and mysterious (let's say intuitive) source of energy that constitutes their Left Hand Power. While the primal Imix can reflect what is best in society, it can also reflect what is worst. Fascinated by the magic play of images arising from the collective mind (movies, TV, and advertising in our own culture), they may easily be drawn into a psychic dreamworld. They are all too likely to get lost and drown in the depths - their future sign is Muluc, a notoriously difficult sign that points to immersion.

In many cases, only a sense of dedication towards the spiritual side of life will keep the Imix from slipping back into the primordial depths; if they make proper use of the strong positive forces which lie to their right and left and that are represented by Men and Manik.

Imix can learn to reflect the beauty and splendour that shine in that otherworldly lake where the primal crocodile (Imix) swims. In doing so, they can reach the most positive destiny implied by the day-sign Muluc that of the poet and mystic who reflects the pure and untroubled surface of the watery Muluc's cosmic depths.

Galactic Tone: 6

Flow

- * Soothing
- * Stable
- * Growth
- * Continuity
- * Progress
- * Flux

One of your strongest aspects is steadiness. You create dynamic progress in all aspects of life and you know how to persuade people. You are a valuable asset for long-term projects. You have creative energy, stability, balance, and ability to complete any endeavors. In your presence, anything that was once stuck gets fluid again. People keep moving on, projects become fruitful.

Trecena Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Beneath the 1-Cib surface personality is a person of strong will, not easily convinced by others.

Such people have high standards and tend to hold themselves "above-it-all" and beyond criticism.

They have a deep fear of rejection and are often troubled with guilt.

Both of these proclivities have a strong effect on the 1-Cib person's sense of self-worth. Although most 1-Cib people are quite talented or at least knowledgeable as a result have much to offer to the world in some cases, they feel overshadowed in life by others.

Night Lord: 7

Persons born under this lord are strongly motivated by relationships; they like to partner, and they enjoy working with the public. Many born on this day are excellent consultants, teachers, or healers. They like the finer things of life, or at least have more than a casual appreciation for quality, and they deeply enjoy music or art.

G7 types want to be in control of their outer world because their inner world is not so controllable. Their level of sexual desire is very strong, and they often feel a need to repress such urges so as not to disturb their social life. Some bury themselves in work in an attempt to deny these deeper urges. This repressive approach doesn't always work, and impulsive behaviours may result in social disturbances that can wound them deeply. Even thoughts may make a G7 feel guilty.

Sometimes these types will apply a kind of self-inflicted punishment in order to make amends. At their best, they will find ways to creatively explore their deeper urges through art or through various healing modalities. This process may lead them to become a healer of others.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Neptune conjunct the Sun.

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: Dragon

(psychicscience.org)

Year: Cohort "Dragon of Pure Virtue"

Heavenly Stem Yang Earth (Flourishing)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 5th position in the Chinese Zodiac, the Dragon is the mightiest of the signs. Dragons symbolize such character traits as dominance and ambition. Dragons prefer to live by their own rules and if left on their own, are usually successful. They're driven, unafraid of challenges, and willing to take risks. They're passionate in all they do and they do things in grand fashion. Unfortunately, this passion

and enthusiasm can leave Dragons feeling exhausted and interestingly, unfulfilled.

While Dragons frequently help others, rarely will they ask for help. Others are attracted to Dragons, especially their colorful personalities, but deep down, Dragons prefer to be alone. Perhaps that is because they're most successful when working alone. Their preference to be alone can come across as arrogance or conceitedness, but these qualities aren't applicable. Dragons have tempers that can flare fast!

Health: Considering their hard-working nature, Dragons are healthy overall. They do get stressed and suffer from periodic tension/headaches, likely because they take so many risks. Dragons could benefit from incorporating mild activity into their lives. Yoga or walking would be good as these activities can work both their minds and their bodies.

Career: Dragons prefer leading to being led. Jobs that allow them to express their creativity are good choices. Some good careers include: inventor, manager, computer analyst, lawyer, engineer, architect, broker, and sales person.

Relationships: Dragons will give into love, but won't give up their independence. Because they have quick, sometimes vengeful tempers, their partners need to be tough-skinned. Dragons enjoy others who are intriguing, and when they find the right partners, they'll usually commit to that person for life.

Element: Earth

More rooted in the ground, Earth Dragons make better decisions because they act more rationally. Earth Dragons are level-headed and able to control their behaviors. They're more supportive of others, but they prefer being admired by others.

The Month Pillar: Snake (psychicscience.org)

Month: Elder Self "Snake in the Pool"

Heavenly Stem Yin Fire (Strength)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 6th position in the Chinese Zodiac, the Snake symbolizes such character traits as intelligence, gracefulness and materialism. When it comes to

decision-making, Snakes are extremely analytical and as a result, they don't jump into situations. They are effective at getting the things they want, even if it means they have to scheme and plot along the way.

Snakes are very materialistic creatures, preferring to surround themselves with the finest that life has to offer. This is especially evident in the home, where luxurious furnishings and surroundings help Snakes seek the peace they need in order to thrive.

Health: Snakes prefer living a life of calmness, preferring quietness over noise and a manageable workload rather than a schedule that's overly-booked. Snakes become easily stressed when their lives aren't peaceful or in order. Too much of this way of life can shorten a snake's life!

Career: Snakes do work very hard, but they have a tendency to be job-hoppers as they become easily bored. Their somewhat laid-back attitude causes them to be mistakenly categorized as slackers, but nothing could be further from the truth! Snakes are very creative and extremely diligent. They're excellent problem-solvers and thrive under tight deadlines. Good career choices for Snakes include: scientist, analyst, investigator, painter, potter, jeweler, astrologer, magician, dietician, and sociologist.

Relationships: Snakes are excellent seducers so they never have trouble attracting others. However, they'll be the ones to decide when a relationship has potential and when it does not. Once they've chosen a partner, a Snake's insecure side will begin to show through. Snakes guard their chosen partners much like a prized possession, becoming jealous and even obsessive. Snakes prefer to keep their feelings to themselves. It's important to never betray a Snake's trust as a betrayed snake will make it a goal to get even some day!

Element: Fire

Fire Snakes are more extroverted, forever offering opinions and telling others what's on their minds. Even so, others enjoy listening to Fire Snakes. They're very persuasive and are especially good at convincing others that their ways are best.

The Day Pillar: Snake (psychicscience.org)

Day: Social Self "Snake in the Pool"

Heavenly Stem Yin Fire (Strength)

The Day Pillar is generally the most significant. It indicates your everyday personality -

the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

The Hour Pillar: Horse

(psychicscience.org)

Hour: Natural Self "Travelling Horse"

Heavenly Stem Yang Fire (Expansion)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

(chinesezodiac.com)

Personality: Occupying the 7th position on the Chinese Zodiac, the Horse symbolizes such character traits as strength, energy, and an outgoing nature. Extremely animated, Horses thrive when they're the center of attention. Always in search of a good time, Horses keep the crowds happy with their humor and their wit.

Horses are extremely intelligent so they're able to grasp new subjects with ease. They're also capable of multi-tasking however they don't always finish what they start because they're forever chasing the next opportunity. Horses are honest, friendly and open-minded. They're perhaps a bit too centered on themselves and have been known to throw tantrums when situations don't go their way.

Health: Horses are very healthy, most likely because they maintain a positive outlook on life and because they're athletic. Lead Horses to wide, open spaces and watch them run free! Horses will usually only feel ill when they're trapped inside.

Career: Horses enjoy positions in which they can interact with others. They aren't fond of taking orders and they'll run from jobs they consider routine. They're able to grasp new subjects with ease making them capable of handling most any job. They're effective communicators and they enjoy power. Good career choices for Horses include: publicist, sales representative, journalist, language instructor, translator, bartender, performer, tour operator, librarian or pilot.

Relationships: Horses, being spontaneous, have a tendency to fall fast and hard for others. They tend to give themselves fully in each new relationship a quality that ends up chipping away at their inner being. Fortunately, this exhausting trait mellows with age and relationships are stronger and more stable later in life.

Element: Fire

The fire is always burning inside Fire Horses. They love living on the edge and are always ready for change as change always is more interesting. They are incredibly opinionated and one place you'll never find Fire Horses is standing on the fence.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

When the Moon in Taurus is combined with the Sun in Cancer, the charisma of the first is mixed with the beautiful and emotional nature of the second.

Determined to overcome anything in life, there will be no challenge to make them back down. Because they don't think too seriously of themselves, they will have an enjoyable existence.

Naive, kind and true charmers, Cancer Sun Taurus Moon people are headstrong, stable and knowledgeable, just like the Bull. They simply have charged the vulnerability and shyness of the Cancer with astuteness and self-confidence.

A Resilient Personality - In a nutshell:

Positives: Adaptable, serious and charming;

Negatives: Fantasist, materialistic and superficial;

Perfect partner: Someone who is romantic and nurturing like them;

Advice: They need to anchor themselves in reality better.

Personality traits

Cancer Sun Taurus Moon natives are sensual and always happy on their own but also family-oriented and caring. They have an Earthiness that can't be seen in others.

The way they relax is by being at home, having a good dinner. Honest and attentive with others, they will be invited to many gatherings and parties.

While they want to express themselves openly, they will still be tactful and diplomatic. People will never know their true feelings.

They have many buddies, but only few are really close to them. Disciplined and organized, these Cancers really know how to deal with any job and handle problems.

They are good with investments because they have psychic abilities and can recognize what will make their money become a fortune.

Materialistic creatures from the Taurus' influence, these natives will want the most expensive things. When it comes to love, they want someone devoted to the family life

and who has honor.

Some deep thinking and a few breaks from people will help them learn who they should protect themselves from. They know themselves and people's natures very well.

As they are Cancers by sign, they will be defensive and use many escape tactics. But they will have the stubbornness and wisdom of the Taurus, so they'll face most of their problems and overcome them.

While they can easily adapt, don't expect them to lose themselves trying to please others, not to mention they don't accept advice from anyone.

Cancer Sun Taurus Moon individuals will only guide themselves based on their own intuition. Fast-thinkers and determined, they will most likely achieve what they want in life. But they'll have a problem forgetting what and whom got them hurt.

Because they think they know what's best for them, they'll be confused when criticized, and they will never accept the fact that they may be wrong.

These are the experts at blaming others for their own mistakes. When someone threatens their emotional stability and financial security, they develop an ill temper and start to be irrational.

It goes the same way when they are being told they may be mistaken. It's essential they learn to be less discriminating and suspicious. Some people can really offer good advice.

The combination of the Cancer and the Taurus suggests they are very creative. Their vivid imagination can have them coming up with original ideas and great works of art. But the same imagination can make them fearful, superstitious or paranoid.

The most important thing is that they use it in a constructive way. This is the only way for them to succeed being helped by their creativity. If they will live too much in a fantasy world, there is the danger for them to become disillusioned.

There's no one better at understanding themselves and others than these natives. They probably have worked with all the self-protecting mechanisms Cancers usually use to get over difficulties. And they have learned how to feel more secure in life. While attentive to other people's needs, they will never listen to advice.

They have a combination of great financial luck. If they will use their imagination and intuition for business or something artistic, they will get to be very successful and admired.

Their Taurus makes them determined and able to endure anything. It also gives them softness and a rare type of innocence. Under the vulnerable and insecure exterior, they're hiding confidence, force and assertiveness.

These people will always be on guard because they have probably been deceived many times before. They can adapt without losing themselves. Their intuition is so strong, they would never go over their first impressions or the initial feelings they get about a situation or a person.

Cancer Sun Taurus Moon individuals tend to hold grudges and this can ruin them if they don't leave the past where it belongs, which is in the past. Their approach to life will always be admired.

Being imaginative will help them in many stressful situations. But as said before, it can also get them thinking about things that don't actually exist.

Creativity needs to be put to a good use if it's to be helpful. Staying anchored in reality as much as possible is the best way to go for these natives.

Love characteristics

While easily impressed by people who attract them, Cancer Sun Taurus Moon people are still balanced when it comes to their love life. They can't lose their head about someone. These natives are too disciplined and self-aware for such thing to happen.

Sun Cancers are shy creatures who leave their defensiveness on display. They are also caring and very sensible. But they have this tough shell they usually use to protect themselves.

Their partner will get to see their romantic and sensitive side. And they will still not be completely honest about their feelings.

These natives need to trust completely for them to open up. And as soon as this will happen, they will start to become dependent on the other person.

In these moments, they begin to turn into obsessive caregivers because the Sun's position only amplifies this trait in them.

They are the most motherly people in the zodiac. Moon Taurus people need stability more than anything else. They are sensual creatures who like to care for those who deserve it.

Don't expect them to move fast but be sure they will commit to their lover. There's no one to need routine more than them. Not to mention they're insisting to have things their way. Their downsides are procrastination and being lethargic.

Cancer Sun and Taurus Moon man

This man knows himself and others very well but uses the protective shell that all the Cancers use in order to retreat and stay away from all the bad-intentioned people or complicated problems.

Wise and intelligent, this guy will get what he wants in life. But he will always protect himself because this is how he feels secure.

He will appreciate and love his close ones, but you will never see him taking their advice. It's only his intuition and way of thinking that he relies upon.

His Moon gives him endurance and a stubbornness to help him succeed at everything he sets his mind to, but he's also innocent and sweet.

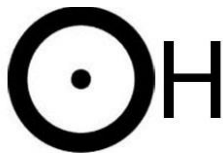

Many women will like him because he's strong and confident and he doesn't show it. He will never let his guard down because he knows how tough life can be. And he wouldn't want others to take advantage of him.

Adaptable, the Cancer Sun Taurus Moon man will still be himself, no matter the situation. Only his first impressions would be the ones that will help him make a decision about someone or something.

Just like anyone in these signs, he won't forget about when he has been crossed. His great imagination will help him come up with innovative and interesting ideas at work and in his personal life.

But it can also cause him to lose himself in a fantasy world and even paranoia. The more anchored in reality he remains, the better.

Feeling happy only when busy with the everyday life and productive, they can be very proud of their career.

That's why it's important for them to do what helps them express themselves and their identity in the most original ways.

Not standing to be criticized about their work, they would never waste their time with people who keep telling them what to do.

Respecting a schedule made by others is something they simply can't deal with because it's their own discipline that has them working efficiently.

When admired and appreciated for the work they've done, they're the happiest. However, natives with the Sun in the 6th house should pay attention not to identify themselves only through what others think of their efforts.

It's very easy for them to get sick with stress-related diseases when not appreciated enough for their efforts.

Motivation is expected from within themselves, not from other's appreciation of their work. The Sun's presence in the 6th house of health and service makes natives with this placement aware of themselves only through work.

It's essential for them to know that at the end of the day their efforts have influenced others' lives and made them better.

The same celestial body makes them appreciate their own value only depending on what others think of their efforts, this being the main reason why they can't stand criticism.

It's important for them to overcome any health-related issue and weakness because problems with the way their body is functioning would cause them to truly panic.

These people might occupy important positions of authority and even create things with their own two hands, even if they can sometimes just be submissive and not fight for what they want when it comes to their career.

As bosses, they're asking a lot from their employees because their standards are very high.

When themselves the employees, they're hard on themselves and insist to get things done right as they think this is the only way they're allowed to enjoy certain privileges and even to gain some rights in the workplace.

The positives

No matter if at home or at the workplace, they really can organize and are constantly looking for perfection because this is the way they are.

Their ego is truly satisfied when respecting a daily healthy routine and doing a job at which they're the best.

However, all this becoming an obsession is a great danger for them, so not looking to self-improve all the time would be a great idea for some relaxation in their life.

Being imperfect and having some weaknesses from both a physical and a psychological point of view is normal for everyone.

Sun in 6th house individuals will always look to become very skilled at something that has them doing good for the society. Being concerned about their wellbeing is normal for

them as they're all the time focusing to become more refined and to self-improve.

That's why they're often analyzing themselves and looking at their own personality in a criticizing way. They're the most worried and self-aware people in the zodiac.

Wanting perfection all the time, these natives can overlook some great opportunities and do only what they think works flawlessly.

While most of their concerns are imaginary, there are also moments when they're seeing things as they actually are, so avoiding taking on leadership roles or becoming very independent is normal for them considering they wouldn't want to be in charge of situations that don't seem to have any hope for perfection.

They love routine and have their own habits that rule their everyday life. It's important not to become obsessive with these behaviors because others may not find their style interesting and in any way appealing.

However, if there is for them to organize themselves for work, they can become the most effective at doing it. Some flexibility is absolutely necessary as the same habits every day can have them isolated and limited.

It's good they're pragmatic and can solve problems in the most practical way, but a little bit of creativity wouldn't spoil anything in their life.

Their schedule is sometimes too restrictive, not leaving any space for the works of the imagination. Change is often welcomed and can bring a lot of satisfaction because it always makes things more fun.

Having things happening the same all the time is of utmost importance for the natives with Sun in sixth house because it makes them very efficient.

Discipline can be coupled with a little bit of chaos because this would help them be more spiritual. It's true they're only focusing on maximum productivity and practicality, but their ways can be a little bit boring.

Life is influenced by many factors that keep coming and going, the Sun sign and its aspects being very important for all the people's levels of energy.

Sun in 6th house individuals can lose themselves in the details, so their effectiveness can significantly drop if they're not paying attention to only focus on what's important and see the big picture.

The negatives

Sun in 6th house individuals are rather reserved and introverted creatures. The Sun's shining nature can be inhibited by their struggle to attain perfection, but at least they're supportive and always eager to be of service.

For this celestial body's energy to flow in them, they need to channel their focus towards expressing themselves more, even if they'd be doing it in their specific analytical way.

As bosses, they may be too pretentious and authoritative, causing their subordinates to not like them that much.

As employees, they want to be treated as equals by their superiors because they're always doing a great job and invest a lot of efforts into their work.

Having a highly sense of duty, they should pay attention not to allow themselves to become dominated at the workplace because the 6th house rules also over subordination.

They could anytime open their own business because they're organized enough to have success as entrepreneurs.

Hard working and demanding with themselves, natives having Sun in 6th house want only perfection with what they're doing for a living, to be leaded by a father figure who is also demanding and at the same time understands and appreciates them.

When the situation at work is bad, they become disgusted and start to pursue the dream of having a business of their own.

Lonely sometimes, they're also very helpful and want to serve, which means they'd make great doctors, nurses, teachers or special education trainers.

Others who also want to be of help are their favorite people in the world. Because they need to feel appreciated and loved for all the valuable work they're doing, it's very possible for them to become physically or psychologically ill when things are not happening this way.

Insecure but stubborn to become perfect in any way, they reject doing anything that doesn't seem appropriate. It's normal for them to feel inadequate and useless, this being the reason why they don't have the courage to pursue a leadership position at work or to

stand out from the crowd.

They can be servile and creepy, criticizing and mean because they feel like they're not important enough and that others are superior to them.

It's normal for them to sacrifice any pleasure they may have, for work and for proving how much they're worth. Very worried about anything, they can end up suffering from stress-related diseases or exhaustion due to too much working.

It's important to all the time let them know that perfection can't be attained as they can go crazy when seeing weakness and flaws in both themselves and others.

Very preoccupied with their image, you'll never see them with their hair undone or wearing sloppy clothes.

Very caring and sensitive, natives having Moon in fourth House crave intimacy and to be warm with their most loved ones. It can be difficult to get to their inner world, but once you do, you can be sure of their never-ending love.

They won't be themselves until becoming parents, because up to that moment, the Moon's energy wouldn't be properly channeled and they may use it in an irrational way.

The coming to the world of their children will have them more down-to-earth and fulfilled as they would have someone to care for. However, they would still need to establish some boundaries when it comes to how much they spoil their kids.

Dependent on the ones they love

It doesn't matter how much they move around, individuals with the Moon in the 4th House still need to belong somewhere, so their life can be really agitated because they are searching for the perfect place. That's why they may change their home or its furniture very often.

It can be healthy for them to move, because they'd be emotionally satisfied, but if they'd regret doing it afterwards, this would be a sign of restlessness and a search for perfection that can't end. Therefore, it would be more important for them to find out they belong to themselves first.

Many of them will be emotionally immature and never want to take care of themselves, being very attached to their family and all kinds of childhood traditions.

It's not natural for Moon in 4th House people to have one-night stands because they want something stable and a spouse who's nurturing. If emotionally happy with someone, they will spend their entire life with that person.

The man with Moon in this House will look for a woman just like his mother. He's the feminine type, as the Moon gives him sensitivity and a lot of spirit.

If people having Moon in the 4th House have a mother who drinks, they will be very

affected by this, their trauma being noticeable in the way they speak and move. It's like they'd be copying the woman who raised them, in her most embarrassing moments.

You can only imagine what an effect a partner whom they love very much would have on them, seeing how influenced they get by those of whom they're very emotionally attached.

They're usually very dependent on the ones they love and worried about their finances. Thinking only financial security brings them happiness, they also believe their family needs to approve their romantic relationships.

It's essential for them to establish some precise goals and to seriously work towards them. Their success can be tremendous and they can gain security only if they plan ahead.

As said before, Moon in 4th House natives are always changing their home or renovating, so people in their family may be a little bit exhausted by all of this.

Everything wrong with a home they don't like will be a reminder of the things they felt the most insecure about as children. It can be a challenge for individuals having Moon in fourth House to live on their own, especially when they're always looking for their parents to approve of their actions.

As soon as they're ready to be financially and emotionally independent, they will find it easier to choose their profession and succeed.

Don't think they need to be indifferent to those they care about, it's just important for them to think of their entire life as something they have to deal with by themselves.

Their partner could help them take initiative when required to, if he or she is supportive. These people need to be appreciated and reminded that their career matters. Accepting the fact that competition is healthy will help them enjoy sweet victories and a lot of success.

Mercury ☿ in ♉ Taurus man 21° 44'

([886] i.thehoroscope.co)

He knows to take the slow pace to accomplishing his goals, so that he also enjoys the journey.

Mercury ♀ in IV 4th House

([911] i.thehoroscope.co)

This placement of Mercury encourages people to always come up with great ideas seemingly out of nowhere, after only a few minutes of thinking.

Those born with their Mercury in the fourth house of their birth chart are homebodies who will put all their efforts and time into fostering their homes, to create and nurture that sense of belonging that emanates from a stable home.

They will play out the roles of parents incredibly well like they were born to do this. Obviously, being the Mercurian people that they are, education and learning will take the top position in their relationship with their children.

They might find it annoying and boring to do the same things over and over again, referring to the chores of daily life, but it gets easier to swallow with time, entertaining even.

Summary:

Strengths: Adventurous, eccentric and knowledgeable;

Challenges: Pessimistic and unstable;

Advice: They should also listen to their intuition, not only to reason.

Quite subjective individuals

Even when at home, these natives will most likely won't be able to stay silent and do their thing just like that. Nope, that's not even an option.

Something has to keep their mind focused, either an audiobook or the radio blasting some music, something that will distract them from the tediousness of chores.

That's just who they are and there's no changing this. Moreover, these natives are very interested in traveling around the world, changing workplaces, discovering the depth and intriguing things that are hidden out there.

They are wanderers, adventurers, always looking for something innovative to occupy their time with.

Even though they can come up with great ideas seemingly out of nowhere after a few minutes of thinking, they are still very wary of accepting other points of view other than their own.

The subjectivity here is obvious, but even more, there is a stubborn denial of anything that contradicts their perspective, one that operates on the unconscious level.

Education is one of the most important goals for them, learning as much as possible, retaining and accumulating knowledge from different domains, and being in control of any conversation, having something to say. It's also very easy for them to understand complex or difficult data.

With so much learning and analyses going on, they have to develop a certain critical mindset, a manner of speaking not unlike the upper strata of society, the elite.

And you can observe it's a genuine one, not a snobbish trait, by noticing that they talk the same even when at home, in the same intellectual and profound manner.

This intellectual communication is deeply related to their connection to that sense of belonging, to a familiar environment.

For most, home is where the closest people are, but they also need to be mentally stimulated in order to really feel at home somewhere. They might search for this in other places if they don't find it.

People with Mercury in the 4th house love to travel, to explore the world, to change their perspectives, values, and to learn about other cultures.

They want to compare their own perspectives and thoughts on certain matters with other people coming from different cultural backgrounds.

Even more, they want to attempt a rather interesting experiment, to cut off their roots and begin a new life someplace else, to take it from the beginning by learning to live in another culture.

The positives

Due to their continuous learning and studying, they have developed quite the monstrous memory, able to absorb anything and everything in a matter of minutes, if not less.

They have no problems at all in understanding complex ideas or principles, and they feel very happy that this is so.

And even though they will take a stand on their ideas, if you bring good arguments and

evidence, they will change their minds. Reason dictates so.

If they could just act a little more reasonable in general, they would be even more efficient and expressive. More often than not, emotions cloud their mind, throwing everything into chaos.

Their intellectual interests and peculiar way of looking at the world is most probably the result of homeschooling, of the education received at home, which made them who they are today.

The need for mental stimulation, the endless curiosity, the dynamic and restless personality, they are all deeply ingrained in them.

Moreover, their perspective and process of analysis are tied to their own selves, a form of introspective communication. To delve into the inner recesses of the psyche is to push the boundaries of knowledge and self-control, discipline, curiosity, to peer into a whole new world where everything is possible.

They are challenged with finding out how to best express their thoughts to others.

This is one of the best ways to solve problems, to find out how to best deal with certain issues and situations.

The Mercury in the 4th house natives become very adept and efficient in this regard by searching for the answers deep within themselves, by connecting to the inner self.

By asking questions and receiving answers in a straightforward manner, they expand their minds greatly.

It's one thing to ask for advice from a friend, an outside source who can only presuppose on the given data, and another to actually rationalize it yourself.

The negatives

These people can be manipulative to create the environment that they've so long dreamed about.

In order to eliminate any unwanted elements and to emphasize the desirable outcomes, they will use emotions to convince others to do their bidding.

However, this is obviously going to lead to arguments, conflicts, and long-term unhappiness.

Moreover, their stubbornness plays tricks on them most of the time with how they just can't change their ways and only follow one path.

This is why they are so emotionally vulnerable, because, on the one hand, home is like a refuge for them, a safe space away from the cruelty of the world.

On the other hand, the need to make some changes countermands this feeling of comfort.

Mercury in the fourth house natives feel the urge to transform their home into a safe environment, a stable refuge of intellectual wisdom where they can follow their pursuits without being disturbed or judged.

This is the place where they feel the most comfortable, equal to themselves and to others, the place where progress, curiosity, self-development, and open-mindedness go hand in hand.

They will tend to discover themselves, to go through a process of self-analysis, a do-or-die type of metamorphosis that's going to change everything.

Venus ♀ in ♋ Cancer man 21° 18'

([927] i.thehoroscope.co)

He puts a lot of interest in creating some kind of safe heaven around him.

The Venus in Cancer man tends to show his love and affection right from the start, and he won't hesitate to reveal all his emotions if he thinks it's the right moment.

He likes seeing his partner satisfied and his friends happy with the treatment that he offers. He helps build up a sense of stability and security that no one else can match.

Getting to know his partner, he can perfectly predict what she likes, what she doesn't like, and most importantly, what her deepest desires are. It's empathy we're dealing with here, a very deep one, coupled with intuition.

In a nutshell:

Positives: Loyal and understanding;

Negatives: Emotionally vulnerable and impulsive;

Soulmate: Someone who is patient and supportive;

Life lesson: Taking the time in life to pursue something he enjoys.

His love personality

While some men may prefer their partners to be exceedingly vivacious, foxy, and bold to the utter limits, the Venus in Cancer man wants a sensitive, sensible, and tender woman.

He wants her to be natural, to take care of herself in a simple and intriguing manner. If she shows her need to be protected and taken care of, without trying to hide it, it's even more attractive to him.

He wants to build a relationship from the ground up, to help it along the way, and to spiritually enrich the bonds with sensible approaches.

If he puts in this much effort towards the creation of a safe haven, he will naturally be very reluctant in abandoning it, and there are very few things that would put him in this situation in the first place.

This guy lives to love and to be loved. Every time he makes a gift or a gesture of kindness toward his partner, it's just like he is reborn, born anew with endless energy. His loyalty is unwavering, and he's not even considering the concept of cheating.

He can be jealous, possessive, sad, but he doesn't express his feelings in an aggressive and obvious manner.

Rather, he prefers to suffer in silence, for as long as it takes. He wants to be appreciated for what he does, and he wants his girl to crave his presence, to always be anxious about his leaving anywhere.

Because they are very sensitive and vulnerable to emotional shifts or radical situations that could impact their mental state, these natives are very concerned and wary of possible dangers.

They will only reluctantly choose to commit to a relationship. After they have carefully look on the partner from every possible perspective, only then would they agree on going forward.

Trust and security are the basic needs for him in a relationship, and only the right person could give you that.

He wants his relationship to develop into a real family, even if not in the literal sense. His girl will have to take on the role of mother, and their home will be the mother base where everything takes place, where he feels safe and protected.

Moreover, he's very sociable and communicative, while his sense of helping others will always prevail.

In return, he does expect to receive support from his friends and family, but, sadly, a lot of his close ones are rather unfit to help, emotionally speaking. He's like a caretaker for the wounded and grievous.

When he's mostly going to need someone besides him, he won't turn to his friends, but to you. So be mindful of his feelings and emotions, and appreciate his deep love for you.

He will most definitely want to grow your relationship into something more, have a few kids, and establish a happy family.

Be there when he most needs it, at his worst, and he's going to remember it for the rest of his life. He would like you to empathize with his problems, to be sensitive and tender, to be observant and loving.

The man born with Venus in Cancer is very protective of his friends and close ones, that much is a given, but to what extent? Well, let's just say that he's willing to give up on his happiness in order to give just a few moments of satisfaction and fulfillment to those he cares for.

He's just like a parent to everyone. So, if you have serious intentions in mind, like a family, children, a home to call your own, then this guy is definitely for you.

Attracted by ...

The Venus in Cancer man is a very emotional guy who wants to be entirely sure about the decisions he's taking, and he's not about to ask just about anyone out there.

His parents, especially his mother, are the main players here. Now, when he's going to enter a relationship, he's going to transfer much of those expectations to his girlfriend.

He wants her to support and encourage him, to be there when the situation turns dire. Not his friends, but his lover.

Also, if you always wanted one big happy family, but were afraid all men would avoid this, then you should be ecstatic to find out that he wants nothing else than that.

Just take care of him, show him your tender and affectionate side, stick close to him, and he will be very satisfied.

No one can compare to this native when it comes to empathy, to that urge to take care of others, to just be there and help someone unconditionally.

The Venus in Cancer man is exactly that. It's like he takes it upon himself to be the hero of everyone out there, especially his friends and close friends.

In relationships, you do have some expectations and need your actions to be appreciated and validated, but you still take the initiative like always.

It's going to take some time for you to open up and truly reveal your feelings to a partner because you are naturally protective of your secrets.

However, your strong Crab shell will take care of most of the emotional attack coming from the outside.

Anyway, he's definitely the one if you want to establish a happy relationship and then a flourishing family.

In conclusion

It's probably weird and contradictory to say this, but their worst flaw can also be considered their greatest strength. They are very sensitive and thus prone to be disappointed really quickly, really bad.

The man born with Venus in Cancer knows when to listen to you, how to do things to see you satisfied, and how to connect to you on the deepest of levels.

Thought about what would happen if you hurt him? Well, he's going to run back to his safe place, stay there for a few days, meditate on what went wrong, wallow in his sadness, and won't soon forget it. Try not to get there though!

It might be a good idea, in general, to take care of everyone around you, to clean up after them, to support them when they need it, but a relationship is different, it has to be different.

You can no longer do that because she's not going to take it for too long, you trying to control her life, to micro-manage it like that. Sure, be there for her, but only when she needs it.

These individuals are the type who would let everything go just to be of help for their lover, which means many will want them as partners or that others will take advantage of them. They enjoy being shown love through small gestures like doing the laundry and cooking.

It's important for them to realize they're too giving and that this is not the way for a romantic affair to evolve. They should be with someone who appreciates their love and generous nature, a person who's ready to serve and to give them lots of love.

Summary:

Strengths: Affectionate, practical and dependable;

Challenges: Demanding and prone to worrying;

Advice: Sometimes, in life, you just need to give it time.

Very talented at anything visual

People with Venus in the sixth House function at their best when having to express themselves romantically, socially or artistically.

Developing great relationships with their friends and co-workers, they may find the love of their life in the workplace.

Others usually love and respect them, no matter if they're criticizing and can't stand any vulgarity or ugly behavior.

Practical and supportive in the way they're expressing their affection, these natives are always of service to those who are important to them. As a matter of fact, they are the type who would go over themselves to make their loved ones happy and comfortable.

While these people don't like to bring flowers and to express their love in public, they're always of help and available for doing something. They will do all the practical things in a relationship, being very thoughtful their partner doesn't stress him or herself with anything.

Very talented at anything visual and artsy, they are looking for harmony and want to make all things whole. If they won't pay enough attention, they may end up passing by true love and going for practical relationships, thinking they can't find something better

for themselves.

It's normal for them to give their love away to people who don't deserve it, so they should be more decisive about going for what they want.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

All the people having Venus in the 6th House can convince others to do different things and approach love very realistically. Anyone can manipulate them with a few nice words because they have very low self-esteem and want to keep others next to them for as long as possible.

Providing all the time for their lover can't be called love as they need someone who can really appreciate them for what they do and want to contribute. It's possible to find love even when taking care of themselves and while not trying so hard to always be perfect.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

The position of Venus in this House means these people need to be very proud of what they've achieved, so expect them to always want to do their duty and to put in great efforts in their endeavors. Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Venus in sixth House individuals love animals and all the joy these bring, so they will have their pets simply loving them.

Mars ♂ in ♋ Cancer man 19° 25'

([963] i.thehoroscope.co)

He may send some combative and warrior vibes in public, especially when he is keen on accomplishing something.

The Moon in Cancer man is a gentle man who prefers to use sensitivity and romanticism to conquer his special someone.

Both his willingness to do some things, ambition, perseverance, as well as his sexual thirst are affected suffering ups and downs.

He's not direct, but rather allusive, unpredictable and undercover, so don't throw your plans out the window just because he doesn't demonstrate his love in an obvious way.

In a nutshell:

Positives: Protective and affectionate;

Negatives: Overly-emotional and indecisive;

Soulmate: Someone who is very patient with him;

Life lesson: Sticking to a routine for a long time.

Some things are taken to the extreme

There are quite a few of these natives around the world, and all of them are sensitive, romantic, a manlier woman, to speak the truth. He will want his partner to pamper him, to love and take care of him in all aspects.

Of course, it's not that they can get another woman in a matter of seconds, because they can't, and it's also very hard to stay alone for a prolonged period of time.

When he's good, he's very good, in the sense that there isn't anyone like him, so loving, affectionate and compassionate.

This native will want to impress his partner, to make her love him unconditionally, without any restraints and for the rest of his life. In this sense, he takes it step by step and uses every weapon in his arsenal.

What does this mean? He's going to behave like a best friend, like the most romantic

person in the world, and this might just bring him into the appalling friend zone.

In every single way, they want to pamper and protect their loved one, either by doing them small favors and services or by going against those who would harm them.

He's very sensitive and emotional, and this can sometimes be perceived and felt like a flaw, a really bad one if taken to the extremes.

And with this native, it is taken to an extreme. He's uncertain of himself, lacks confidence, self-esteem, an inferiority complex, or he might just be too fearful to make a mark on the world by himself.

This is annoying because a lot of women are looking for the exact opposite, someone brave, daring, confident, someone whom they can trust in the most challenging of situations.

Instead, he expects his lover to take care of him just like his mother would, from the smallest of things to the serious responsibilities.

Natives with Mars in Cancer sending those combative and warrior vibes down on them are very emotional, creative, and have quite a lot of artistic talents.

They can sing, they can dance, they can even become great in these domains if they put their ambition to work. As far as their personal style goes, traditional is the way to go. They don't like to distance themselves from a comfortable and fixed standard.

Moreover, his angry face is multifaceted, just like the Roman god Janus. This happens because he is very spontaneous and impetuous when things are getting on his nerves.

When they're not exploding outward with a flash of rage, they will retreat to their rooms and call their mothers, or cry in a corner, waiting for a miracle to solve their problems.

Serious about taking care of his loved ones

Romantically, the man born with Mars in Cancer doesn't like to beat around the bush and he will get directly to the part where he confesses his endless love, in a polite, romantic and exceedingly courteous way.

He's never going to show you who he really is, at least not from the beginning because he's more of an introverted type of guy.

He's not going to reveal all his emotions from the get-go, and even if he's going to cry wolf a lot of times, and wallow in his sadness, he's also very responsible and serious about taking care of his loved ones.

He's basically a soldier of fortune, one constrained to take up arms, but still a soldier. He takes everyone he loves under his protection, under his wings.

He gets attached to people very quickly and he can't stop this even if he wants to. With such an affectionate and loving soul, how could he not get attached hopelessly to people?

Whatever gets his attention, and whatever he focuses on for a long period of time, he will protect with his life, and he won't let anyone else berate his choices.

Whenever he gets angry, he prefers to take his anger out on himself, and just leave the premises, instead of coming to blows with his opponents. He's basically trying to avoid violence, but he still hurts the other by appearing distant and uninterested. Moreover, he sees sex as nothing else than a means to an end.

Establishing a family, taking care of his partner, protecting her, taking the initiative to make plans together, thus fulfilling his emotional quota, these are the methods by which the Mars in Cancer man finds happiness.

In conclusion

The Mars in Cancer man, being so sensitive and emotional as he is, intuition is highly advanced, to a level that grants him near omniscience as far as cold reading goes.

He knows what he wants from life and he has the ambition and perseverance to see it all done before his very eyes. Patient and restrained in his moments of agitation, this native realizes that the only way he can ever find his happiness is by trying to outdo his emotional nature.

He can get very clingy and affectionate with his partner, to such a point that they will want to kiss and hug her every moment of the day.

He feels safe and protected when in the arms of his loved one. The only time when he feels like being in control is when getting all intimate, making crazy love.

He prefers doing things his own way, especially when it comes to decorating and repairing his house.

He's even set to argue with his lover if she tries to suggest other ways of doing this, and conflicts take place quite often in his relationship. He's also very adept with the new technologies.

Moreover, do learn to appreciate that he reveals himself to you like he never did before, and this is a sign that he's beginning to grow close, to trust you.

Don't hurt his expectations and heart by disappointing him, by making fun of his emotional vulnerabilities.

Saturn ♄ in ♉ Taurus man 4° 59'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation.

Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

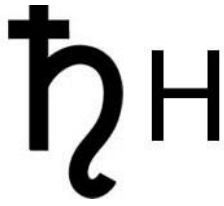

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

But no matter what, what they've experienced in their childhood relating to family and home will always influence them in either a conscious or unconscious way.

Some of them will be defensive with all the new people in their life, others will want

whom they can't have.

The 4th house is also the home of the parent that is less domineering, those having Saturn here feeling like they weren't emotionally supported in their childhood by this person who raised them, in particular, no matter how much love and even money they have actually been offered.

As a matter of fact, this will give them determination to build a quiet and settled family life for themselves, one in which emotions aren't denied by anyone. It's normal for them to develop and work on their own psyche based on their ancestral background.

If Saturn is in the 4th house, all the natives with this placement find it the most challenging to interact with their own soul and emotions.

Cancer is the natural occupier of this house, being is a Water sign and a force when it comes to anything relating to the emotional side of people.

Therefore, Saturn in 4th house natives will always be able to feel what's wrong with their family, but they'll try to discipline feelings and set some limits when it comes to matters of the soul.

Their spouse and children will be the only ones in their life to truly drive them crazy, so they'll struggle to be as authoritative as possible with them.

They may need to go back to their roots and identify their own problems, but all in all, their domestic life will offer them a feeling of belonging, which is what they're craving all the time.

The goods and the bads

Saturn is the bully of the solar system, putting all kind of obstacles and limits, no matter where it may be placed in the birth chart.

When positioned in the 4th house of home, natives with this placement will feel unloved as children, no matter how affectionate their parents actually are.

They want their own family just to compensate for what they think have missed when little, so they'll look everywhere for a partner and the perfect place to settle.

These people are highly responsible and tend to impose all kind of rules on others. Most likely resentful of their own legacy and ties with ancestors, they also don't want to settle with someone until mature of age or even later.

The women in their life will be very important for them, but also the individuals who caused their problems to accentuate, or at least this is how they'd feel. It's difficult for

them to show their feelings and may protect themselves from all kind of motherly influences because they feel like this would bring them trouble.

Intimacy can be really adventurous for Saturn in 4th house natives because they don't want to seem vulnerable by opening up. However, they will still be realistic and realize at some point that relationships can't resist without a certain level of communication.

Seeming to not need to be anywhere else besides their home, comfort and security are the things they focus on most of their life, working hard to attain the goals relating to a happy domestic life.

They're not only interested to reside in a cozy environment with their family, they also want friends to come over their place because they make the perfect hosts and hostesses.

It's normal for them to pressure themselves at social gatherings for everything to take place smoothly as Saturn influences them to be very responsible when it comes to being with other people.

The past is present in each and every cell of their body and deeply rooted in their psyche. It's like their memories push them forward through life, making them think all the time of their childhood years.

Saturn teaches them that only by facing matters of inheritance, they can mature their present relationships. Because it takes them a while to find a good home for themselves, they may settle after their thirties and still think of the pressure they used to feel in their parents' house.

Some of them may have been forced to become adults sooner in life or had instability at home, where their parents would have been always fighting or caring about their work only. The planet Saturn would support them to care for themselves from both an emotional and material point of view.

When in the 4th house, it influences people with this placement to put pressure on their own ways with relationships to the point of no longer remembering whom they actually are as individuals. It's suggested they're less hard on themselves when it comes to their interpersonal connections, or they'll end up too stressed.

Worrying too much about what makes their loved ones happy can't bring them anything good. While responsible because Saturn influences them be this way, they may not succeed so much in life because they're not willing to take any risks.

These natives hate change and are feeling forced to accept what's coming towards them, no matter how much a new experience could bring. It would be a great idea for

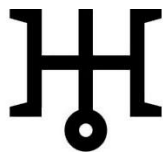

them to enjoy a little bit of adventure from time to time.

Saturn ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may doubt their worthiness as human beings. May avoid taking responsibility for their mistakes and be fearful of taking chances. There is often subconscious fear of rejection and loss. Their limitations and burdens are self-imposed. This may be the most difficult retrograde.

([920] cafeastrology.com:) There can be more than usual experiences of guilt and self-doubt when Saturn is retrograde in the birth chart. Fears are internalized and they might put on a brave front so that others don't see them as vulnerable. There can also be a strong fear of letting others down or of not filling their responsibilities – essentially of making poor choices. Sometimes the childhood was not very disciplined or orderly. In some ways, having Saturn retrograde in the chart tends to function much like a strong Uranus, where the native is uncomfortable with an overly orderly or disciplined life. People born with Saturn retrograde might feel especially anxious or nervous when they are in situations that call for protocol, etiquette, or specific sets of standards and rules.

Uranus ♅ in ♍ Virgo man 19° 57'

([1046] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Virgo in their natal chart keep coming up with new ideas, always think of multiple ways to approach a situation, and often end up with the most inventive and surprising of methods.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

In a nutshell:

Style: Sensual and sympathetic;

Top qualities: Observant, reliable and modest;

Challenges: Fussy and easily offended;

Advice: Physical exercise is really good for you.

Personality traits

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

A non-conformist lover

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working power to take the relationship to the next level.

The good and the bad

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus,

start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior advice, but that validation and appreciation are paramount to their potential.

The Uranus in Virgo man

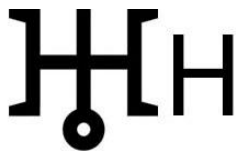

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

Challenges: Overindulgent and suspicious;

Advice: They need to be more careful with their finances.

An overindulgent personality

The strange and unconventional Uranus in the 8th house of death, sex, rebirth, transformation and money belonging to others, means the natives with this position are different from others when it comes to sex and want to experience as much as possible in the bedroom.

They're the type who has to make love in unusual places and doesn't like to do the same things every night. Individuals having Uranus in the 8th house don't accept sex as the society sees it because they're too rebellious.

They're bringing their ideas to table and want to have with their partner something that doesn't know any limits or doesn't respect any rules.

These people seem to have a great gift of healing by using their hands, so they may be very talented at giving massages or practicing reiki.

They should really consider doing one of these things for a living as they would make a lot of money. It may be difficult for them to admit that they have suicidal thoughts, especially when very young.

Uranus moves in the 8th house and can shake their life more than others'. They could have some problems with money, but they could as well earn from other sources that aren't their salary.

Because they want pleasure and don't mind overindulging in luxury, they will spend a lot and have expensive hobbies. It's important that they're financially independent because they can't rely on others to support them.

The placement of Uranus in the 8th house also indicates they may be uncertain about their relationships and sexuality.

They may be fascinated by voyeurism and have sexual fantasies that scare others. If Uranus is in a stressed position in their chart, they will want to spend long hours with their lover and in the same time be very emotionally detached.

When Uranus is comfortable, they'll be very objective when it comes to their sex life. Because the 8th house rules over inheritance among other things, natives with Uranus in 8th house should expect money from relatives they completely forgot about.

If this planet is in good aspects, they will be helped a lot by others to become rich and won't even have to do anything about it.

These are the people who have all the chances to become wealthy in one minute, after they have been poor for a long time.

However, they should be careful because Uranus can also do the opposite thing when it comes to their money. For example, when it is in bad aspects, it increases the chances of bankruptcy or the problems with the government and banks, so confiscation of their entire wealth is very possible.

They shouldn't despair, even if they're bankrupt, because Uranus may give them back everything they've lost.

It's good they don't really care about how much money they have, so when their life will become inconsistent as far as wealth goes, they won't feel like their entire world is falling apart.

Uranus in the 8th house that rules over intimacy amongst others will have natives with this placement attracted to new experiences and eccentric sexual encounters, but this may be different if Saturn is often present in their chart.

If not, they will want to be with someone who wants an open relationship, threesomes and even to swing.

In case Uranus in their chart is being challenged, their subconscious can have them stress during sex and therefore, detached from the act itself, no matter if they'd be with their partner for a lifetime or just for one night.

This is the situation when the natives having Uranus in the 8th house wish for something

rather transcendental than physical. Because they wouldn't want to have too much sex in order to reduce the stress mentioned, they will get involved in long-distance relationships or decide to interact with the partner online more than in real life.

Being conscious of the passion during sex would be very important for them because otherwise, they may end up thinking they're cursed to be cold and absent-minded when making love.

It's true this attitude may have something to do with different traumas they've experienced during past lives, but this life cycle is, after all, a new one.

Blessings

Uranus in 8th house individuals need to always have an objective and to give meaning to their actions. They're usually very serious and don't mind looking for different things that can make their life or the ones of their loved ones more beautiful.

These people need for things to happen naturally because they're themselves natural and hate to fake anything.

They really don't like to force things as they feel like improvement doesn't happen when someone tries to be imposing. It isn't easy to be around them, so they may have some conflicts with their friends or with too stubborn people who refuse to take others' opinions into consideration.

They should use their talents as much as possible and win people over in the most difficult situations.

When Uranus is in a good position in the 8th house, the natives with this placement are very understanding of any sexual fantasy and need for emotional interaction.

They can immediately identify where the limits of relationships are and would never think they can be saved by sex.

However, they're very curious about what to do in bed and usually adopt an objective approach when it comes to trying new things in between the sheets.

They may even think of sex as science, so they aren't in any way inhibited when talking about subjects that others find as taboo or even awkward.

This will help and make them able to identify the sexual problems between themselves and their partner.

Being open and always honest when it comes to love making will always help their relationships, regardless if these would be just casual or lifetime marriages.

Uranus in 8th house natives should be aware of the changes happening in their life and admit they need for some things to happen differently every time.

They may try to hide what they're feeling because they really hate to let people inside their mind and heart. But the more they will open up, the happier they will feel with those they've chosen to be their friends or partners.

Challenges

Individuals having Uranus in the 8th house should be careful and identify their own boundaries so they don't step over them.

Very well intentioned, they can also disappoint because they're all the time changing. It's fine for things to happen this way if that's what they really want from life: to change and upset others.

If Uranus is in bad aspects in the 8th house, they may unconsciously carry in their psyche some traumas from their past lives, which will be serious things related to physical abuse and even rape.

Their mind may be filled with painful memories of unwanted sexual encounters, which means they'll have difficulties establishing intimate connections with people in this life cycle.

It's possible for them to have experienced some disappointment when they've shared their money with someone in the past lives as well.

In conclusion, they may not want to settle with someone or to make plans regarding joint accounts at the bank.

If they'll continue to give themselves to these unconscious memories, they can have problems to engage in anything that requires them to share, including marriage or parenthood.

That's why they may need to go to therapy and even undergo hypnosis. After a session with a counselor, they will start to realize they're scared of intimacy and this has a lot to do with what happened in their other lives.

If they'd feel like they know best and prefer not to talk, they won't improve in the natural way they so much desire.

Not to mention it's easy for them to get caught inside their own mind and to no longer know what to do for their loved ones.

They can even become the air that helps the ones that need to breathe because their soul is open fully and truly to see them happy.

Style: Mystical and sacrificing;

Top qualities: Dependable, trustworthy and compassionate;

Challenges: Oversensitive; lazy and isolating;

Their wish for serving others will only demonstrate to the humans surrounding them that they are having a real and deeply selfless personality.

They will be always be there for you to heal your physical or spiritual wounds, and they will find solutions to your problems without thinking that they will sacrifice their lives for this pretty impressive purpose.

They will fight against poisonous society behaviors like drugs or alcohol addictions and will re-discover themselves, again and again in helping others, and that will make them feel alive.

The creator gave them the ability and the skill to express themselves through the arts. They are just feeling that the beauty of creativity is a part of them, and in that way, they show to the others a little part of their kind heart.

The Neptunian Pisces natives are very resolute and determined once they start doing something, and to a sacred goal, they are prepared to do almost anything.

One of the most essential perks of such a person is their raw and savage emotional power, ready to explode at a moment's notice. It's that type of situation where you go all in or don't go at all. And when they decide to go all in, they go with guns blazing, ready to win or die trying.

Planet Neptune's influence mainly affects one's deep, inner thoughts, emotions, and the self above all else. It either completely frees their vision from all sorts of obstructions, making it crystal clear, or it skewers it completely, reaching all the way to insanity.

The Pisceans' reaction is nothing to be surprised of because we all know they were innately emotional and introspective, to begin with. Neptune only enhances their intuition and self-awareness.

The world is marked by a deep division of spirituality, a certain abyss of consciousness that all of us seem to fall in eventually. Neptune teaches us that this process only happens because of our lack of self-awareness, of communion with our deeper selves.

How these natives see the world, how they react to it, it all hinges on the brink of disaster, all of it, if they don't learn how to appreciate life itself.

By learning how to shatter these chains that hold them down, to break free from this prison that they've fallen in, they will be reborn like a phoenix from its own ashes, flying toward the horizon once again.

Neptune is naturally very well positioned in the astrological system. Why is that? Simple, because it's placed exactly at the confluence of the rivers of spirituality, the one spot in the entire astrological diagram that gathers together the spirit strands from all other planets and signs.

The gathering up of these energies takes a long time, even longer for them to be perfectly assimilated by this native. They may experience slight states of confusion, irritation, anger, and even a total lack of self-confidence.

However, this is only temporary, because once Neptune regains its standing amid the other planets, it all comes back together, with inspiration and intuition to be the first in line.

The positives

These natives have really high intuition skills and that gives them the ability to help others even if they don't ask for that.

They can see that you are feeling bad or that you're struggling with some difficult issues even if you don't talk about your problems.

They are perfectly capable of empathizing with the people around them because they know exactly what they have to do to fix the issue.

They are not afraid of making a sacrifice or even to sacrifice their own life by healing human souls, so you can depend on them totally, and without doubts or fears.

The negatives

Neptunian Pisces natives are dreamy, that much is clear from the very beginning. Now, to what extent are they dreamy is another thing altogether.

Let's just say that they manage to create an alternative world from the smallest details to the grandest ideas, and they prefer living in this one, rather than in reality.

As a result, they simply forget about responsibilities, about words they've given, about daily chores, about anything and everything.

Moreover, this also makes them incredibly naïve and prone to be manipulated by the most despicable of people. Those who want to use them won't encounter too much difficulty in doing so because these natives buy everything others sell.

They may also have the misfortune of getting into desperate mindsets, which then throw them further down the road of no return.

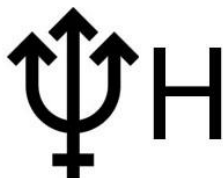

The Neptune in Pisces man

Like their female counterparts, the Neptunian Pisces men are very emotional and spiritually-oriented. They can tap into a source of ancient power, one of intuition, affection, compassion, and most importantly, ultimate devotion.

They are the perfect lovers, the perfect partners, husbands, even though it might be a little difficult for them to open up and reveal their innermost feelings.

It's fine with just remaining friends if neither of you wants a long-standing relationship. In time, maybe this will change. Neptune's influence is elusive, intense, magical, and most importantly, essential to their growth as human beings.

Neptune ♆ in II 2nd House

([1078] i.thehoroscope.co)

This placement of Neptune influences people to behave in less practical ways and so their money will always get spent on more or less useful things.

While they don't like to admit it, people born with Neptune in the second house of their birth chart have problems with their wealth and possessions. They tend to spend too much, so their life pretty much revolves around having to pay debts.

It's like they don't have any financial judgment, which means they should have someone to do their accounting for them. It's also suggested they're not dishonest because this can cause them more problems with money as Neptune in 2nd house wouldn't allow anything illegal to happen.

Summary:

Strengths: Elegant, indulgent and sociable;

Challenges: Unrealistic, resentful and superficial;

Advice: They should beware of too much speculation.

A challenging position

As said before, Neptune in 2nd house people prefer to say they don't care about money, so perhaps karma gives them many problems when it comes to owning things and bringing in the cash.

It's possible for them to pursue an interesting career, but they shouldn't trust too much their own ideas because these are usually unrealistic.

They should advice regarding their finances because they lack practicality and don't seem to have any luck when trying to hold on to a budget.

It's like they can't think of solutions to generate a good income as they're always using their intuition and don't pay too much attention to what logic is telling them.

These people dream wealth will come to them one day, and that they'll get to be very rich. Maybe this will work, especially if they'll trust themselves to be able to accomplish something in their life.

In case they struggle to make a living, it's suggested for them to revise their attitude towards money and to appreciate themselves for their own true value.

When Neptune is in good aspects while residing in the 2nd house, the natives with this placement may feel they're rich regardless of how much money they have.

This is a good attitude to have because great things regarding their finances may happen one day for them.

The situation in which Neptune is in challenging positions, they may not ever be practical and their money will always get spent on useless things. They can even be too generous, so they should avoid situations in which they may need to give away their money or to negotiate business.

Therefore, Neptune in 2nd house individuals are impractical, confused and even chaotic when it comes to the financial aspect.

This position also suggests they may have dreams about earning a lot, but this can't be in any way beneficial for them because if they wouldn't do anything about it.

They're also easy to trick and usually get involved in schemes that promise them quick earnings.

Many people will tell them about opportunities for tremendous wealth, and they'll invest without taking a closer look at what's being presented.

It sometimes seems impossible for these natives to see reality as far as money goes. If they'd be more discriminating and interested in materials, they'd also be able to identify opportunities that can bring them everything they want.

It's also important for these people to learn how to say no when someone is asking for their financial help because they're usually the type that would give up everything so that others become emotionally available with them.

Not to mention they're also sympathetic with those who happen to have less. It's the planet Neptune that gives them this compassion and that in the same time drives them to give up what they have until ending up depending on others for money.

Often times, the placement of Neptune indicates where natives are the most helpless in life. The house with this planet reveals the areas that leave people unhappy with their achievements.

Creativity enhanced

Neptune in 2nd house people are quite detached, which means they can face many financial difficulties because they have either literally lost what was in their wallet or gave it away to those who don't deserve it.

As a matter of fact, Neptune's role in the 2nd house is to make them very imaginative and not the at all lucky when it comes to materials. It's like these natives are the victims of bad fortune.

They'll have unpaid bills and prefer not to think of them until one day, they'll wake up without electricity or water. Banks will repossess their house or car and they'll think there's still a way out of the situation.

There is also the possibility when Neptune is in a beneficial position in the 2nd house, which means the natives will manage to get their hands-on money, no matter how rarely they'd be thinking about this issue.

This is a great thing, considering Neptune rules over creativity and makes people poets, artists and sometimes addicted to alcohol and drugs.

Therefore, some Neptune in 2nd house natives can make a lot of money from painting or writing books. Many of them will be nurses or pharmacy assistants because they're good at dealing with different substances.

As a passive celestial body in astrology, Neptune is definitely not ideal for the financial aspect when it's placed in the second house.

Needless to say it again that it makes people resentful towards material gain and fortune. Individuals with Neptune in 2nd house lack practicality more than any other people who have this planet in a different house.

They will not pay attention to how much they're spending and definitely not think about their finances as of a priority.

If it happens for them to be very wealthy, expect excessive spending and for them to give away their money without thinking too much.

In case Neptune is in negative aspects with Mercury or Mars, it is influencing natives to be easily tricked by all sort of religious charlatans. They will spend money on books saying they should change their faith, but also on concerts and many other forms of entertainment.

This happens because Neptune needs to be satisfied when in the 2nd house, and its desires can be pretty expensive to satisfy.

When it comes to art, this planet has the finest tastes. It's often that people with Neptune in 2nd house give their last penny for tickets to a concert rather than keeping it for food or something else they may urgently need.

This is a behavior that leads to bankruptcy, but still, it won't make them feel in any way desperate or depressive as they wouldn't even care they no longer have anything left

If Neptune in the 2nd house is in trine with any of the planets that bring fame or even the Moon and the Sun, and these would be in the 10th House, the natives with such placements can become famous for their generosity and availability to give everything they have to others.

Another problem individuals with this placement have is not knowing their own value and for how much their work should be appreciated.

In the situation in which they'd be artists, everything coming out of their hands would have a spiritual note because this is the direction their personality tends to take.

The goods and the bads

Natives with Neptune in 2nd house are full of ideas and have great taste, which means they also have a special way of seeing the world.

Many will be impressed by their vision and encourage their career or hobbies. It's important for them to believe in themselves because only this way, others will get to recognize their efforts.

Neptune in 2nd house indicates that if they'd have clear objectives, they would also be able to work hard and make their dreams come true.

These people shouldn't let anyone tell them that what they have in mind is impossible. If they want to join a cause or charity organization, they should just not care about what others have to say and just do it.

Their energy needs to be invested in something they actually love, no matter if this brings them any money or not. Being happy seems to be enough for them, so they should go ahead and do what their heart is telling them to do.

Furthermore, they need to pay attention and not rely too much on their intuition as far as business goes. Their great ideas on how to make more money are not always the most realistic ones, so they should count on others to suggest them what they have to do for more wealth.

In case they refuse to do so, they may need study a lot and watch their strategies are, in order to be as effective as possible.

Living only in a world of dreams won't do them any good. In case they have been raised in a wealthy family, they should think carefully what needs to be done for their finances to remain the same as they can have a too optimistic attitude when used to have everything they need.

When feeling things are not going in the right direction from a financial point of view, they should take a look at what responsibilities they have because it's possible they may still be able to come up with a remedy on their own.

Pluto ♄ in ♋ Cancer man 9° 49'

([1092] i.thehoroscope.co)

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail

horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense than most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norms dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners,

women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♇ in VI 6th House

([1106] i.thehoroscope.co)

This placement of Pluto makes people care a lot about having some balance in their lives, between their need for introspection and the desire to be social and outgoing.

Those born with Pluto in the sixth house of their birth chart are exceptionally dedicated to their work, putting in a lot of effort to achieve the best results.

With passion and intensity, they will finish what they have to do, all the responsibilities and obligations, do some over-time as well. And let's not forget that they are naturally predisposed to work with people, maybe at shelters for the poor, volunteering, humanitarian actions in general.

Summary:

Strengths: Observant, firm and hardworking;

Challenges: Anxious, conflicting and criticizing;

Advice: They should refrain from being too competitive with those close.

Pursuing life balance

The sixth house Pluto people are simply workaholics who never rest. They want to feel challenged, to come face to face with problems that require an answer, to put in all their being in order to succeed.

It's like being filled with energy, with combative spirit and endless enthusiasm when they stumble on such opportunities.

If you have a problem that requires a lot of analysis and thinking, don't waste any more time and give it to them.

Related to work, they prefer working for themselves or having a personal business. This means that no one's controlling for telling them what to do.

However, their fear of being criticized and having their ideas contradicted is somewhat paralyzing for them.

These natives are set on choosing the path of humility, thoughtfulness, generosity and self-improvement. In place of thinking about themselves and doing everything to further their own aims, they want to change this way of thinking, to become a functional member of society, to help it grow and develop.

This is done through introspection, searching inside of them for this path, the necessary changes to learn these traits. The small, incremental changes will lead to the complete transformation in due time.

However, being too harsh and criticizing everything will actually be detrimental.

They care a lot about the balance between their outer interactions with the world, the social sphere, and the inner equilibrium given by their aspirations and goals.

If these two are contradictory and conflicting, they will often choose to give up on what others think.

This is why they will often choose to work as freelancers or build their own business. No one's whip is on their backs, no one's yelling orders. Moreover, these Pluto in 6th house natives tend to procrastinate and become bored by the routine of their responsibilities.

Nothing is more enjoyable than taking the time to look at a problem from multiple points of view, to analyze it thoroughly and then formulate a plan of attack.

But the process of analysis in and of itself so immensely pleasing and satisfying. It could be because the 6th house is naturally associated with Virgo, a native we all know is notorious for this. Sure, they could look at the whole picture and reach the same conclusion pretty fast, since a lot of the problems they're dealing with are that simple.

But where's the fun in that, right? What's more, this is related to their perfectionist personality.

It's really strange being a Pluto in 6th house native, and it's even more difficult having to deal with one and getting to know them.

These people just don't take any time for themselves, to have fun, relax, be comfortable and just enjoy life.

Instead, they find excuses and implicate themselves in countless activities, take on multiple projects and work overtime, just to have the reason to think like that.

They are very lonely, figuratively speaking, because of this. They exaggerate and take some interests to the extreme, just to motivate their lack of self-interest.

They are especially good at helping people with their problems, fixing what others screwed up. Most of the times, they are able to reconstitute and bring everything back to how it once was.

They bring innovative solutions and bright ideas to the table, completely fresh perspectives and methods that no one could have thought of. It's truly a marvel to have such friends.

Of course, they will get so focused on put so much effort that it becomes an obsession, and if it fails, through some stroke of immense bad luck, self-loathing is next on the line.

If only these issues could be eliminated or at least kept under control, then they would really shine and touch upon their potential at long last.

Being able to focus is an ability that cannot be overstated, giving one great efficiency and productivity.

If they learned to use it without the side-effects, that would propel them on the top of the social ladder, and they would feel even better with themselves.

Because nothing good comes for free, there are negative aspects as well to be taken into consideration.

It has to do with their general health. Most likely, they will have stomach problems or, the most common, emotional turmoil and distress.

The goods and the bads

The opportunities of a lifetime will come to them if they only choose to be more ambitious and perseverant in their professional careers.

The chances are there for the taking. It's also a great time to repair what was undone, to be reborn from the ashes of demise and fly freely through the skies.

They are the right person to solve all your problems with efficiency and swiftness. It might appear as though they're performing magic tricks, but really, logic and reason are the only things they need.

This attention to the details will be the game-changer in their lives. Just think about it for a second.

The Pluto in 6th house natives will do pretty much anything to satisfy that perfectionist streak controlling their thoughts and creating obsessions.

Can it be pleasing and comfortable having to live with that constant itchiness on the back of their minds, with the fear of failure and that compulsive attitude that something's wrong?

It's really a problem, one that they have to deal with eventually. It ruins their social relationships and ability to work in a team because of the high expectations they place on other people.

The pressure they put on their own shoulders willingly is immense and will lead to unhappiness, stress, tension, emotional instability, or even physical issues.

North Node ☾ *in* ♉ **Taurus** 25° 11'

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to engage in wrong thinking, to which his natural disposition inclines him. Things on the whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac. Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled

out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is discovered. The Scorpio South Node must burn the bridges of the past and resolve to benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him. Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages

before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

(Donna van Toen)

You have real hang-ups about earnings and resources. Your Scorpio South Node may reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent

on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and lacking nothing. In contrast, the person is generally someone who's undergone drastic changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

North Node ♉ in IV 4th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fourth house gives a cheerful and happy home life, and harmonious relations with the family. The Father, or the marriage partner, occupies a prominent post. The Dragon's Head in the Nadir of Heavens is favourable for marriage, and will be a sign of happiness if the Moon is well-placed in the horoscope. It is also a sign of good heredity from the physical as well as the mental standpoint.

The Descending Node (Dragon's Tail) in the tenth house may be fortunate for material things if the horoscope on the whole is good. It may, however, bring at some period in life serious worries and troubles affecting things in general - losses and damage if the Moon is afflicted.

(Isabel Hickey)

The fourth house represents the midnight or deeply hidden depth of the personality. This is why it represents the soul powers; what we are in the depths is not what we always appear to be on the surface. In the depth of oneself (home) the inner powers must be released. Not for this one the acclaim of the public and the limelight. He has had it all in the past. He gained from it the sense of power that made him feel his importance as a person. Now he must grow a soul. Through his domestic surroundings, through a quiet withdrawal, and through the wise use of his emotions, he will find fulfillment.

(Bernice Grebner)

With the North Node in the fourth there should be a development of the domestic life. He needs to learn the art of going into seclusion. He must be alone with himself at times to develop his own depth of soul, to dig deep and get to the very roots. Possibly, he would have to learn the role of nurturing, helping another grow, as in helping to sustain life. This person would need to establish a home, to care for it and learn what it takes to do this. There may be a problem in connection with a parent, or an imbalance in his love for them - loving one more than the other - or it could give loss of one parent at an early age.

South Node in the tenth is the extrovert. With this position there is great ability to deal with the public as the person easily understands its needs. This is similar to the Moon in the tenth, but coupled with the innate genius in public affairs. He does not take time to relate on a personal basis because of an inner need for public acclaim. It also can bring disappointment and dissatisfaction with regard to his vocation, bringing in many

changes. (If South Node is in Aquarius in the tenth, he can be a leader of unpopular causes.) The South Node here gives a tendency to resist control by others. At its best, the power and success attained in the world must be used to assist others. When the person is able to do this, then destiny for this person will be met. At its worst, when used for vain self-glory, he fails. Here the uppermost thought should be control of selfish desires for ambition and power.

(Mohan Koparkar)

This condition often signifies fairly close relationship with mother figure. At the most, the relationship with mother is closer than with father. For some reason, home or domestication is highly significant in their life. They may or may not like to be family-oriented, but that is the way their life has to be structured. Career is given a second priority in their life. Although they have strong self-displaying ego, circumstances may not give them the opportunity to be prominent in their field. The relationship with parents is that of a deep attachment; and they require a lot of effort to be free from their parental wing. Considerable sensitivity is seen in these people.

(Martin Schulman)

This individual must learn to overcome the karmic feeling that he is the vital center of all situations around him.

He comes into the current life with subconscious memories of a past sense of dignity, which leads him to believe that at least certain areas of life experience are beneath him.

His prior incarnations have put him in the position of being captain of his own ship, if not the commander of others. As a result, he is used to assuming an authoritative position whenever the weakness of others triggers his powerful need to take charge.

He enjoys the role of protector and goes to extremes in filling his life with those whose very weaknesses put them under his dominion. By so doing, he is constantly testing his own power to stand tall.

This is a lonely position, for here the individual is so concerned with his self-appointed mission that he never allows others to see into his real self underneath. What he shows is a façade or the uniform of the role he feels obliged to play.

In the current life, he goes through experiences which teach him to come down off his skyscraper and make sure of the foundation underneath.

It is in the area of his most highly intimate relationships within his own family that the stage is set for his lifelong battle in an attempt to gain control of his own roots.

Many with these Nodes have one unusually demanding parent whose expectations encourage them to believe that they are truly destined to achieve a position of sitting on top of the world. As a result, they are discontented with whatever situation they are in, for always it falls short of what they feel they were meant to do.

The karmic lesson here is that 'A bird in the hand is worth two in the bush'. The individual must overcome his readiness to forsake what he has for the possibility of attaining what he doesn't.

So unwilling is he to see himself in a back-seat position that when circumstances force him to do so he may in extreme cases even contemplate suicide; for he firmly believes that without his achieving some great destiny, life is utterly worthless.

This incarnation brings him through the experience of facing the conflict between a career for himself and the demands of his family.

He must learn maturity, for with all his projected strength, power and dignity he is nearly a cripple when it comes to solving his own emotional problems. He must examine his roots, and, after pulling his head out of the clouds of his past, build a practical foundation for his future.

Eventually he learns that his organizing for others is merely a distraction from putting his own life in order.

The relationship established with parents early in life is more important in these Nodes than in any other position of the zodiac. Here the individual will spend much of his life energy attempting to be totally free and independent of his parents, yet always conscious of how much he needs them. Nevertheless, the reaction patterns to life continue to show a definite parental defiance, masking a strong need for parental love.

This soul is at a point in karma where he feels unappreciated for all his efforts. The past incarnation residue is based on achievement for the sake of recognition and appreciation. Now, achievement is to be its own reward. The soul must stop trying to gain audience for its deeds, realizing that the audience will always be there if the deeds are great enough. It is in this process of seeking an audience that the individual tends to lose himself. He must literally transform his fourth house into a new birth of emotional attitudes, learning the lessons that when a man stands on tiptoes he is unsteady.

His life is like the beautiful orchid: a splendid sight to behold when raised and nourished under the most delicately controlled environmental conditions; but once the orchid is prepared for display, it is snipped from its roots, insuring wilting and certain death after a short time. This individual will be faced with the choice of being the overlooked orchid growing in a garden of thousands, or sacrificing his own happiness to be the beautiful flower on someone's lapel. As soon as he overcomes his past-life need for display, he

can start to grow to the maturity he is so desperately seeking.

The sign which contains the South Node indicates the ways through which he still overemphasizes his importance. The sign which contains the North Node shows how he can grow to become in substance so emotionally fulfilled that he no longer has to equate his happiness with his soul memory of prior-life personal esteem.

(Donna van Toen)

Conflicts: Pleasant home life vs. pleasant career. Worries about career vs. attention to private life. Private doubts vs. public self-esteem.

Possible results of sacrificing North Node: Loss of dignity. Tendency to insist on getting recognition as boss. Tendency to take on a big daddy façade (no, this isn't strictly a male trait, even if it's thought of as a male stereotype).

Possible ways to integrate North Node: Develop maturity. Use your untapped potential to strengthen your foundations. Examine your roots, upbringing and prejudices for keys to the reasons for your self-doubts. Take notice of your domestic needs.

In the fourth house, there's a hang-up about developing or growing up when the North Node is present. This can take the form of excessive self-consciousness, or it can trigger a lust for power, depending on which node is allowed to dominate. In either case, the feelings of inferiority are based on illogical feelings. These are often a result of childhood experiences. Sometimes death of a parent plays a role. Other times the parent's immaturity or lack of common sense or stability has had a negative impact.

Those people who try to fulfill their excess needs for power often complain of lack of recognition and / or sympathy from those who are in a position to offer advancement.

North Node in the fourth house wants a very loyal family and a home in which he or she will be the focal point and chief mover. Less frequently, this person dreams of developing some sort of powerful metaphysical abilities. Acknowledgement of some sort is a basic dream motif. This is a person of changing ambitions. Usually there are several career interests that are pursued in turn in an almost ruthless way. The dream of acknowledgement is often fulfilled, but the acknowledgement may not be the sort that was expected or wanted.

(Haydn Paul)

What tends to dominate is a sense of importance, authority, and decisiveness. You feel that you have a higher social standing than most, and that they should give you appropriate deference and respect. You may believe that certain tasks are 'beneath you'. You will have an aura of 'dignified aloofness' which can distance you from others.

How accurate are these feelings of importance? Or are they self-deceptive illusions? These feelings come from needing to control; and you hope to satisfy this as an authority or leader. You dislike having to adopt a follower's role or defer to another's authority, especially as this reminds you that your feelings of command could be illusions. This issue of authority needs to be confronted.

You may often assume a role of protector, attracting others who are more passive or personally weak, and who need someone to rely on. This role allows you to express leadership qualities. Yet, through identifying with this authority role, you often manage to avoid other aspects of yourself, those which may not fit your image of leadership. The authority role, however, does offer additional challenges which help you to grow and mature. Authority implies greater responsibility, and you need to feel convinced that you have the ability to succeed.

Part of this need derives from personal insecurity, probably formed during childhood, perhaps by excessive parental expectations that encouraged a belief that you had a natural right to lead others. If these expectations fail to be met in adult life, a growing dissatisfaction develops, as life fails to match the hopes and dreams absorbed from parents.

Problems related to choices between family obligations and work may occur within your adult family, especially if you reach a senior and responsible position. You tend to be adept at organizing for others, but, in doing so, you leave less time, energy, and interest to increase your self-understanding. This may be most noticeable in a tendency to be uneasy with emotional expression or uncomfortable with feelings. You may try to avoid intimate situations when these are exposed. Emotional problems pose difficulties, and generally you hope that they simply go away... and regret that you cannot organize them into resolution!

Growth occurs when you accept your emotions and express rather than repress them. Your family and others will appreciate you more if emotions are allowed to flow more easily, rather than being submerged in role playing. Your achievements can be considerable, especially through career and work, but you should strive to achieve for achievement's sake, rather than for the 'applause of the audience', as this will serve only to reinforce identification with your role.

(Bruno and Louise Huber)

In the 4th house, emotional values are all-important. It is not enough, as in the 3rd house, simply to inquire about the meaning of something; one must be able to enter into it with feeling. With the Node here, we are like a bird that felt good in its cosy nest and was thrown out of it. Usually the chart will exhibit a tendency on the part of the native to lack balance and to be overeager to stress his or her own individuality. The lesson to

learn is to be an ordinary human being among other human beings, and to be able to give and take emotionally.

Often the 4th-house Node is counterbalanced by the Sun, Uranus, or Pluto at the top of the chart; and this produces, by reflex action, the wish to be famous or a leader. When emotional imaginative pictures to do with the family or the group enter consciousness, these guiding images have to be clarified.

If planets in the 9th or 10th house show high ambition, this can be satisfied; but, with the Node in the 4th house, the native needs to keep close to home and roots. The feet need to be kept firmly on the ground. Bottlenecks, which hold up progress, are often encountered. Now, when blockages occur, the native's reaction is to try and forge ahead. In many cases, that would be the right thing to do; but with the Moon's Node in the 4th house, it is wrong. The proper course of action is to pull back and to live as one of the group, as one of the family. This is the only way to prepare to move forward again, to find room for manoeuvre, to gain access to those it is desired to lead. Then misunderstandings will be swept away and a fresh impetus will be given to upward development.

With Nodes in the 4th house that receive hard aspects, there can be a retreat into a pleasant ideal world of acceptance and domestic bliss. This 'warm nest' feeling has a very important function. It is one of the fundamentals of life; and we may well want to experience it at all costs. This makes us undifferentiated and dependent on the activities of the family. We are governed by these activities, and do not have a hand in shaping them but are sacrificed to the family's interests. In the worst scenario, our relatives assume the right to abuse us and to walk all over us.

When there is a planet in the 10th house, in opposition to the Node, the native will readily part with a place in the nest in order, at least, to make sure of getting on in the world. Ambition, in whatever form it occurs, destroys the sense of domesticity. The natural need to be part of a bigger organism, group, or family, comes secondbest.

With a square from a planet on the Ascendant, the departure from normal is not excessive, but the native is too egotistic; with a square from the Descendant, the native defers to the partner. If, for the sake of personal development, the need to belong is allowed to wither, an essential human quality dies, and the individual becomes a loner and inclined to do wrong to others. For the ability to avoid unfairness is based on the nest-like environment of the 4th house.

North Node in 4th House or Cancer (James Braha)

If the North Node is in the fourth house or Cancer, the person's greatest growth, evolution, and fulfillment come through taking care of his home and family life. In previous incarnations, there may have been an overabundance of professional activities

and social responsibility. Now the person must concentrate on his own soul growth and fulfillment of emotional needs. All activities involving land, property, and homes are favored. The person should develop his feminine and maternal energy, and seek to nurture all those in his presence. He should dedicate his life to family, children, relatives, and loved ones. He may do well in healing professions, nursing, cooking, catering, innkeeping, or any domestically-oriented jobs. Although career focus is neither psychologically significant nor a main objective of this life, the person is extremely concerned with the well-being of all members of his immediate community. He must do his best to see that everyone has a sense of belonging.

The person should not look for a life of profound philosophical meaning. His actions are not based upon compelling drives towards particularly ambitious goals. Rather, he is here to experience and appreciate the full value of his emotions, senses, passions, sensitivities, and vulnerabilities. His job is to keep his family and the human species alive and well. Tradition, rituals, and cultural values are of very great importance. The person is on a lifelong journey back to his roots. Spiritually, this means he is very well-advised to engage in meditation, contemplation, and all innerdirected self-development techniques. Also, he gains tremendous benefits from periods of self-imposed seclusion and isolation. On a more mundane level, the person wants to learn everything possible about the lives, history, and circumstances of his ancestors and predecessors. At the very beginning of life, the person is organically connected to the father. However, as his consciousness grows, he quickly realizes there is no progress to be made in this realm. He then shifts his attention to his mother and all other tenderhearted expressions of creation.

The person is devoted to practicalities, not ideals. He is wonderfully sympathetic, and functions as a magnificent support system to those in need. He is like a rock of stability, always emotionally available for others. In this lifetime the person is learning extreme devotion and loyalty to his loved ones. He may derive tremendous pleasure from gardening, landscaping, or farming. Collectibles and material possessions are very important. The person must have absolute control over his daily environment. He should surround himself with beauty and whatever else appeals to his personal tastes. Living near water is preferred; and the person may wish to develop his psychic, sensitive nature to the fullest. He is here for a highly subjective, even sentimental, experience of life, and is now relinquishing his obsession with objective realities and ultimate truths. The person may do well in mining, archaeology, or any ecological vocation.

In ancient Hindu astrology, the North Node in the fourth house indicates problems with a forceful or domineering mother and troubles in gaining educational degrees. There are strong cravings in the heart, and a possibility of attaining large homes or mansions. The South Node in the tenth house reveals a good reputation and successful professional life. Careers may involve any spiritual activity which raises the consciousness of the common person. There is distinct talent in metaphysical or natural healing techniques. The sign positions of the nodes are of much less significance.

(Black Moon) Lilith ♁ in ♓ Pisces 17° 41'

([1148] elsaelsa.com)

Street Saint

If you have Black Moon Lilith in Pisces, the pain you've experienced through your Lilith placement has made you compassionate and empathetic. You've learned to embody the kindness the world lacks.

However your Lilith wounds have played out (shown by the house your Black Moon Lilith is located in), you have become acutely sensitized to the harshness of the world. You see how many sharp edges, cruel consequences, and dirty tricks pile up in daily life, and you know in the depths of your soul that it absolutely does not have to be this way. Life can be good, people can be kind, and a loving, caring community of like-minded folks is hardly a pipe dream. So you make an effort to make connections, to show compassion, and to care for those on the margins of society. You reach out and draw the most vulnerable under your wing for protection. In some ways, you become a living avatar of compassion, an everyday bodhisattva spreading beauty through the grimy streets.

Of course, this isn't without risk. As you know (and as the world has been eager to remind you), there are all too many who would take advantage of that kindness. There are people who want you to fix them without doing any of the work it takes to be fixed. And perhaps even worse, there are people who are so rigid and blocked off that they can't react to your kindness with anything other than derision and judgement. You remind them of everything they're rejected in order to ensure their safety. Your softness becomes a repository for other people's fears about their own vulnerability.

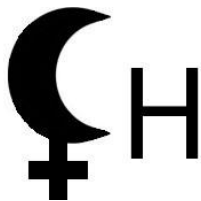

And when your beautiful balloons of compassion are popped by those jagged edges, you understandably just want to hide your head under the covers. You try and try to fix the world, but sometimes the world just doesn't want fixing. The world can be small and ugly and sharp while your soul is expansive and ethereal and free. So you sometimes decide you'd rather escape or transcend the world entirely. You may turn to drugs or religion or sex or sleep to find that all-encompassing feeling of connection. You may take to spinning fantasies that can't come true. You may just immerse yourself in fiction or art or beauty. In one way or another, though, you will always find yourself periodically in

need of reconnecting to your core idealism. The key is to find a way to reconnect that genuinely inspires you long-term rather than just soothing the more immediate aches.

Another way to alleviate some of the pain of Black Moon Lilith in Pisces is to lean on the sign opposite to Pisces, Virgo. Virgo is just as driven to fix the brokenness of the world as you are. But Virgo recognizes that sometimes practical support means more than limitless compassion. Sometimes helping someone prepare for a job interview is a greater act of kindness than giving them a couch to sleep on forever. Sometimes telling someone they have a stain on their shirt so they can fix it is more effective than giving them the shirt off your own back along with speech about how we shouldn't be judging others by their clothes anyway. It's not that it's not true! We shouldn't judge over something that small! And if you want to work toward a world that abolishes clothing-related status signaling, go for it. But in the moment, there is still a practical problem that requires a practical solution. And Virgo knows how to discern which is which.

While this placement is enormously complex and merits a chapter all its own, I'll close here. Just know that your intuition is right: Your compassion is exactly what the world needs most. Your willingness to look beyond the outer shell to the beauty that permeates all of us is your superpower, and you should never let it go. As you work to create a world that is truly rooted in kindness, your wisdom will be more necessary than ever. Just make sure that you direct your energy to where you can do the most good, and you will be a true force of nature.

(Black Moon) Lilith ♀ in II 2nd House

([1150] elsaelsa.com)

Guardian of the Gate

If you have Lilith in the second house of your chart, her themes will manifest in terms of value and resources. You will struggle to claim your own worth and ensure that you receive your fair share.

Lilith in the second house usually shows up in childhood in the form of self-esteem issues. You were bullied, nitpicked, or otherwise made to feel less than worthy. This could come in the form of rejection from peers or pressure from authority figures to conform and be more manageable. Lilith in the second house is vulnerable to being demeaned and scapegoated, especially in youth.

It also manifests in terms of resources. Many people with this placement end up with partners who drain them financially or spiritually. They end up in situations that demand their subservience and are punished when they fail to bend the knee. If you have this placement, it's highly likely that you have had this happen at least once.

In traditional astrology, the second house is known as the Gate of Hades. If we think of Lilith in the way that medieval writers did, she is at home in the underworld and rejoices there. So Lilith in the second house becomes empowered when it is employed to guard that gate. If you have Lilith in the second house, no doubt you have had to closely guard your resources, standing up for your own value and your rightful share on this earth.

There is, of course, so much more to say about this placement. But the overarching theme is this: you belong on this earth. You have a right to survive, and you have a right to thrive. You are as sacred and beautiful as any other being, and you don't have to prove yourself to anyone.

Those that love a man with Ceres in Aries need to learn how to show them care and give them love while also giving them enough space to chase their dreams, goals, and careers. Otherwise, they could start feeling suffocated and run away

It is why they want a woman who can be their equal, who is self-resilient, highly intelligent, and has a complex personality. Men with Ceres in Aries need a female who will challenge them and force them to be brave and daring.

These men are passionate in the bedroom, love to have control, and they need a woman who is not shy and doesn't hold back.

However, if someone betrays them, they can get quite aggressive, and they explode with ease.

Chiron ♄ in ♈ Aries 21° 31'

([1248] astromajesty.com)

People with Chiron in Aries usually go through emotional, physical, or mental injury or harm. But others will rarely notice that Aries Chiron individuals are dealing with some onerous trauma and pain.

These persons are resilient, tenacious, and fighters. They tend to shake off whatever bothers them, no matter how big or small.

People with Chiron in Aries believe that they can handle and manage everything, even if it hurts like hell. They are likely to, at least on the surface, move on quickly from

whatever caused them suffering and torment.

Yet, as they are likely to develop deep connections with people, their loved ones and friends usually notice something is wrong. These persons are likely to tell them it's nothing, so in the end, their dear ones feel their pain more than Aries Chiron people themselves.

Nevertheless, these individuals expect the same from others concerning struggles and pain.

People with Chiron in Aries are likely to tell others to stand up and take it when hurt because everyone goes through some pain, adversity, or trauma. They believe that, otherwise, people will lose themselves in misery instead of moving on.

They believe that they recover fast, and they try not to look back. Aries Chiron people take this approach even when in hard pain and trouble. Some might perceive them as cold. Once people find out how many turbulences Aries Chiron individuals had, they are usually shocked.

These people are usually born during years of conflict or socioeconomic changes and transitions (e.g., generations born between 1918-1927 and 1968-1977). Things change often and quickly during their childhood. That teaches Aries Chiron individuals to don't get attached and to move on fast.

Individuals with Chiron in Aries usually experience struggles in childhood that hurt them a lot, but all they could do is suck it up and focus on the future.

But they learned how to not dwell on the past and regrets. As a result, they either don't talk too much about their problems, or they use them as an example to help others overcome struggles.

Men with Chiron in Aries

Males with Chiron in Aries are stubborn, bold, and intense, but they often use these characteristics to escape from insecurities and pain. They are likely trying to compensate for not feeling good enough or always being in a shadow.

They are likely to feel lonely or inept at the end of the day, wondering why their actions don't bring the results they need so desperately.

Perhaps they seek recognition at work by always trying to be the most competitive and devoted employee, but they end up in the same position or salary all the time.

When they don't see the gain they expect, men with Chiron in Aries can become self-destructive or make rash decisions.

On the other side, they are too self-reliant and hate asking for help. It is why they are likely to be stuck in a vicious circle of feeling lonely or invisible and not articulating their needs effectively.

The most frequent reason why Aries Chiron men hate asking for support is that they would have to admit what they desire, and they feel like a failure.

Another problem is that Aries Chiron men are not sure what they want to be or to achieve. Yet, they see every mistake as a defeat that's preventing them from reaching their full potential.

As Chiron will be in Aries for the next six years, Aries Chiron men will have to face their wounds and discover why they hide their dreams and desires from themselves and others.

Summary

People with Chiron in Aries are fighters, but they rarely ask themselves what it is really that they are fighting for and what makes them happy. They are often not sure what's their purpose and what's the point of their existence. It is why they seek validation and approvals.

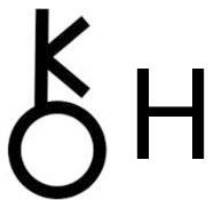

However, they think that to get an endorsement, they have to do something extraordinary or hide their vulnerabilities. They are likely to take on challenges and tasks that are almost impossible to complete successfully.

Aries Chiron people do it to impress others and confirm to themselves that they are worthy. If they fail to finish those endeavors, they feel worthless.

Individuals with Chiron in Aries have to confront their insecurities, fears, and traumas to discover their identities and what makes them valuable and different.

Otherwise, they will never reach the stage of healing and relinquish their pain.

Chiron ☿ in III 3rd House

([1262] astromajesty.com)

People born with Chiron in the 3rd house struggle with communication, interaction, and the learning process. That doesn't inherently mean a disability (although it might include), but a difficulty in expression and coding or decoding messages.

These natives might find it challenging to speak out their thoughts because they think they won't be heard or no one cares.

Even if those with Chiron in the 3rd house decide to express themselves, people don't understand the true meaning behind their messages.

Since there's a conviction that others are not interested in what they have to say, these natives often stay silent when they would like to speak. People tend to perceive them as shy or detached because they rarely talk in front of others.

These natives often start collecting redundant information to feel more confident when in a group of people. However, accumulating unnecessary data in their heads usually leaves them more confused and unable to come up with something cohesive to say.

Individuals with Chiron in the 3rd house tend to be highly intelligent, but others rarely perceive them as such. Their ideas, thoughts, and views are hard to understand and transmit to people due to being too complex.

These natives tend to have confusion in their heads and an abundance of concepts that rarely get to see the light of the day. Because of that, self-destructive thoughts might occur.

People with Chiron in the 3rd house tend to see themselves as unworthy, stupid, or misunderstood. It is why they keep their opinions for themselves, avoiding people or emotional connections.

The fear of opening up to the world

Individuals with Chiron in the 3rd house are afraid that if they open up to others and say what's on their minds, they will laugh at them.

Since they usually prefer avoiding emotional investment in relationships, they don't know how to talk about their feelings. These natives tend to see emotions as something abstract, unnecessary, or painful.

Logic and rationality are their most pronounced traits, and they follow it like a religion. People with Chiron in the 3rd house rarely let themselves feel or show to others they care.

Instead, they rationalize every emotion, connection, and situation to the point of acting

cold, calculated, and uninterested.

On the other side, they might take an opposite approach, depending on aspects in their natal charts. Those with Chiron in the 3rd house might be too emotional to use their logic.

In that case, they let their feelings lead them through life and may act irrationally in relationships. That can result in child-like behavior and convictions.

Moreover, these natives can be breathing paradoxes due to being overly logical and emotional at the same time. That can make it hard for them to make well-thought-out decisions or follow their intuition.

When someone has Chiron in the 3rd house, it is hard to describe them because they can rely on their feelings one day while the next one, they'll be rational.

Letting go of fears

These natives tend to have learning disabilities that they perceive as something that prevents them from becoming who they truly want to be.

Whether they're highly emotional or rational, they are usually not satisfied with themselves. They likely perceive themselves as abnormal, weird, or much behind others.

Others don't necessarily see them as different or difficult to understand. People with Chiron in the 3rd house struggle to accept themselves and choose to stay on the margins or far from people.

However, there is another scenario this placement might point to. Chiron in the 3rd house could also mean that the native has a challenging relationship with their sibling(s).

Perhaps they struggle to form a close bond with them or have little to nothing in common. Whatever the scenario, it makes Chiron in the 3rd house native suffer and have difficulties in connections with other people.

These individuals should learn to embrace themselves, their views, identity, and opinions. They won't express themselves and open up to the world unless they accept that they are the way they are.

Moreover, they should learn how to establish harmony between being emotional and rational because they need both to function properly.

The first step is to let go of fears of what others think of them and their intellectual abilities. Natives with Chiron in the 3rd house don't have to prove anything to anyone but themselves.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

3) ► **Midheaven MC Parallel ♀ Neptune** - (0°32') 1312 | ♀2

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time,

especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

5) ► **Descendant DC Parallel ♄ Saturn** - (1°39') ♄7 | ♃4

([201] astromatrix.org:) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

6) ► **Descendant DC Parallel ♆ Lilith** - (1°08') ♄7 | ♁2

([112] astrotarot.net:) Typical features that this opposition brings: you are very passionate and have dark desires but you often keep them suppressed from other people. You may crave forbidden love. Or, you may become obsessively attracted to edgy and highly sexually charged love relationships. You desire intimacy but you often push others away or become very tense when the relationship becomes too intimate. These Natal Lilith – Ascendant aspects are the most difficult to handle as this indicates

major self-esteem issues. You may feel very rejected for how you express yourself or just feel rejected for how you are in general. You often have self-esteem issues but also a very strong sex appeal. People are often cruel to you without provocation or you will attract intense and uncomfortable attention from others. With this Natal Lilith – Ascendant aspect there is a tendency for obsessive relationships. What to do to make Lilith work in your favor – Firstly, embracing all aspects of your sexuality, power, and inner desires may help you moderate this powerful energy. Secondly, try to be yourself in the way you communicate. Thirdly, working on self-acceptance is the key to empowerment. Connecting to nature is a primary tool for you. So, you need to get out and sit on rocks, hug trees, and have summits other forms of wildlife. Much information that will help you stay conscious of having and being in a body is available through such activities.

7) ► **Sun** ☉ **Contra-Parallel** ♄ **Saturn** - (1°51') ☿6 | ♃4

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an

insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

8) ► **Sun ☉ *Contra-Parallel* ♁ *Lilith*** - (0°56') ☿6 | 002

There lay many opportunities to make yourself recognized and highlight your natural talents and ability to breathe brilliance in everything you put your hands into.

13) ► **Venus ♀ Parallel ♀ Pallas** - (0°49') ☿6 | 002

([579] 12andus.com:) You are driven by a strong sense of values and empathy for others.

When a cause or mission appeals to your desire to help others create security and beauty, you will use creativity and diplomacy to develop a strategy that appeals to everyone involved. You try to be nonconfrontational and would rather help others come to a consensus than intimidate or overpower anyone.

You can win the respect and cooperation of others by appealing to others' sense of

value and desire to feel comfortable and nurtured. You may use friendliness and your social skills and good bedside manner to appeal to the heart and empathy of others.

Though you can be wise and charming, ultimately you will draw on your sensitivity to others' emotions and desire for love and acceptance, appealing to the compassionate nature of others.

14) ► **Venus** ♀ **Parallel** ♄ **Chiron** - (1°55') ☿6 | ♃3

([120] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. Often, relationships are painful. Relationships are painful because you have such an ingrained expectation that love hurts, that you are subconsciously attracted to people who are wounding, and wounded. There is a tendency to give in close personal and love relationships. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. And they can easily learn very insightful advice about human interactions. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: This Natal Venus – Chiron aspects brings love coaches, coaches in general, and relationship counselors as often the person becomes quite skilled at the things for which they experienced pain..

- Negative traits: you were made to feel like you didn't deserve to be loved unconditionally, that maybe you weren't lovable at all; or weren't good enough to get the kind of love you want and deserve. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

15) ► **Mars** ♂ **Contra-Parallel** ♅ **Uranus** - (0°33') ☿6 | ♃8

([184] astromatrix.org:) The Opposer

The energies generated by the opposition aspect are often projected out into the external world; and this will be true in respect of the powerful energy released by this Mars-Uranus aspect.

If this is expressed through a more integrated consciousness, which is sure of the direction to travel, then its impact can be considerable. If it is manifesting through a less integrated personality, then it can create real problems in life. Again, the revolutionary tendency is very strong, and you will have a natural antipathy towards traditions and

static patterns of acceptable social lifestyles.

Your attitude will be anti-authoritarian, and you will be iconoclastic in your questioning of the status quo, and critical of those who are in positions of social responsibility and power. Hypocrisy from leaders especially upsets you, and you can be scathing in denouncing it. In fact, you probably have developed a fairly demanding set of personal principles and ideals from which you perceive the world. You tend to expect less from 'ordinary people', acknowledging their frailties; but you expect the highest standards from social leaders.

Concepts of social justice, equality and change attract you, and this can draw you into relationships with revolutionary or reactionary political groups. Depending upon the overall bias of the chart, your radicalism could be directed towards a re-creation of past patterns or a new creation to suit future needs and realities. Generally, though, with the Uranian impulse it will be future-orientated, and this will lead you to more altruistic liberal and humanitarian groups.

Your personality can be very assertive, even aggressive and combative. You have an image of yourself 'at war' with whatever you disagree with, whether this is just a war that you fight in your own head, or it is one that you externalize by opposing social establishments that you dislike. There is a stimulation for you in conflict; and whilst it may not always be openly displayed, you enjoy competition and intend to win and dominate. This is reminiscent of the Scorpio characteristics, which are reflected through this aspect, with the Mars-Scorpio link and Uranus exalted in Scorpio.

The quality of assertiveness could be extrovertedly expressed, stridently and powerfully, or quietly through the power of a strong personal presence. You enjoy arguments and discussions; here the stimulation of ideas, beliefs and attitudes can be enriching. Often you play devil's advocate on ideas, just to enjoy the sparks that can fly; but if it is on a subject close to your heart, then a more passionate, committed side of you emerges, one that is determined to 'win' the argument.

You oppose in principle any restrictions to individual freedoms, although in practice and with serious consideration, you do tend to impose 'limits' for valid social reasons. Your main thrust is towards a broadening of personal freedoms, and the creation of more variety and scope for potential experience and opportunity in life. If discipline is imposed upon you, and you feel that you are imprisoned in a stultifying routine, then you will rise to oppose it; however, for your own purposes you can be highly motivated and self-disciplined.

Freedom is extremely important to you and is the key to developing your own uniqueness. You feel that you have to get your own way, and this can cause problems if you are too selfish about this demand. If denied, you feel emotionally frustrated, and this becomes a form of pent-up physical tension, which in extreme cases could result in

violence.

Tendencies to be arrogant, authoritarian and too self-willed can cause friction in social and intimate relationships. If your lifestyle becomes inhibiting, then this can also create explosions of sudden temper and excessive arguing to release inner pressures. Whilst you see yourself as an outsider, a loner following a personal path, there is an underlying lack of self-confidence, which Scorpio-like is hidden beneath the mask. You insist on finding and making your own way in life, pursuing one's 'dharma' (own truth), and will be like the traditional stubborn mule if anyone else tries to lead you against your will. You learn from life's hard experiences, and indeed, you tend to accept and welcome such intensity and challenges.

Often, you will be tempted to throw off the binding shackles of the past, slough off the old skin like a snake, and burn those bridges to leave yourself free to travel forward into the bright future. You seem as though you know what you are doing, and appear to be optimistic, but this is the glow of a belief in your own ability to succeed, to cross those challenging abysses. You may need to unify your will and clarify your desires so that they work more in harmony. Potentially, this aspect if rightly applied through a reabsorbing of any negative projections back into yourself for transformation, can offer a 'magical' ability to succeed in your aims. The 'enemy' is not just 'out'.

16) ► **Jupiter** ♃ **Parallel** ✱ **Juno** - (2°00') ♏ 7 | ♏ 8

([598] 12andus.com:) You easily show your generosity and enthusiasm for your partner.

When it comes to long term relationships, you may be attracted to people from far away or even long distance relationships.

Your ideal long term commitment involves a partner who meets your ideals and shares your integrity, who loves to learn as much as you do and who can expand your mind in some dramatic way.

You may try to build a partner up, seeing the best in others and having hope that things will work out. Even when there are troubles in a relationship you don't let it get you down.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Instead of becoming angry or possessive, your focus will be how to fix things. You love to live life to the fullest and want to commit to someone who can be your confidant and travel partner.

17) ► **Saturn** ♄ **Contra-Parallel** ♁ **Pluto** - (0°32') ♏ 4 | ♏ 6

([200] astromatrix.org:) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by

environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

18) ► **Saturn** ♄ **Parallel** ☾ **South-Node** - (0°43') ♈4 | ♏10

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially

constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

([195] astromatrix.org;) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

([188] astromatrix.org:) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of

being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

([10] astromatrix.org;) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

5) ► **Moon ☾ Conjunct ♄ Saturn** - (5°21' S) ♃4 | ♃4

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by

emotional defensiveness, reserve, and caution. Self-esteem is weakened by such attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have resulted in a fear of emotional expression, to others and even to yourself. This, coupled with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

([131] astrotarot.net:) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having

conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

([38] astromatrix.org;) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

([40] astromatrix.org;) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your

earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

10) ► **Mars** ♂ **Conjunct** ♃ **Pluto** - (9°36' S) ☿6 | ♃6

This aspect should give you considerable physical energy and vitality which you can apply to tasks requiring persistence, determination and endurance. The energy can tend to amplify any self-centered tendencies in you, stimulating your desire nature and setting goals to achieve which would be primarily for your own personal benefit and satisfaction. In your intimate relationships, you may be too forceful and aggressive.

The Pluto energy will tend to make you too possessive and demanding of a partner; and you may attempt to dominate by your sexual expression. As you mature more, you may discover an increasing interest in and awareness of social concerns; and this can be a fruitful channel through which to express your vitality and talents.

Yet you still possess the ability to renew and transform restrictive emotional and life-style patterns, replacing them with a more suitable expression. 34) ► **Mars** ♂ **Sextile** ♂ **Uranus** - (0°32' A) ☿6 | ♃8

([265] astromatrix.org;) The Leader Of The Pack

With the sextile and trine aspects, the more positive use of the Mars-Uranus energy is displayed through activities designed to be of social benefit. Whilst you will intellectually challenge the established patterns of social thought and behavior which you believe

inhibit individual freedom, your intent is to provoke new thinking which can offer the potential of new horizons to explore.

All new directions and spheres of progress that humanity has taken have emerged from someone questioning the current state of affairs and then seeing new alternatives. Mentally, you will have a restless, curious nature, which can find an effective outlet through applied research and study in whichever areas of enquiry attract you. You are not an intellectual dilettante, and prefer to delve deeply enough to gain a real comprehension of any subject; this can also free that ability for more original independent thinking, and it is possible that you will receive insights that enable you to make a significant contribution to that subject.

You will prefer a futuristic dimension to your enquiries, thus satisfying the Uranian impulse and providing an opportunity to benefit others too. Even though you have this ability for specific focusing, you will also expand into exploring a wide variety of interests and topics. At times you may move rapidly between disparate spheres of knowledge, but you will eventually settle down to focus upon one area in particular. You may find some difficulty in perseverance and applying your energy consistently to achieve your aims. Sometimes a sudden diminution of your interest and energy may occur, which brings to a halt any progress you are making. When the energy flows again, you may be interested in something new; this is the erratic Uranian influence.

Communication is important to you. There may be an attraction to teaching in some way, both for the satisfaction you can receive in sharing knowledge with people, and in the platform offered for you to express your opinions. These are likely to be radical and unorthodox, but you have enough intellectual confidence in your knowledge to feel quite prepared to stand by your arguments against any opponents. Discussions of ideas can fascinate you; and you enjoy such encounters, seeing them as intellectual combat, where your more aggressive Mars energy can be used. Your approach is often based on strategy and skill; and even in friendly discussions you dislike being intellectually defeated.

You enjoy stirring dissent and proposing disturbing concepts and ideas to attack the power of the status quo, both in society and in individuals. In relationships, you need a strong intellectual and physical bond. An area of weakness can lie in a disregard and lack of sympathetic understanding of the emotions. These are often relegated in your sense of priorities; and the more subtle dimensions of them are ignored in favor of the more basic emotional / physical passions and the interests of the mind.

Restrictions are rejected in intimate relationships; and a self-preoccupation can dominate and cause later problems. However, you tend to commit yourself to seeing through those decisions that you do take, so a marriage commitment can help to modify these tendencies, provided that your partner is strong enough to encourage you to modify any selfish behavior in the interests of mutual harmony.

35) ► **Saturn** ♄ **Sextile** ♅ **Neptune** - (3°54' S) ♃4 | 002

([279] astromatrix.org;) The Social Activist

Working successfully with the sextile aspect often involves action related to that strong sense of social responsibility and duties that you recognize. This sensitivity to a social role that requires performance is a major component of your motivation, and one that should not really be denied. There can be a tendency to acknowledge its presence and then fail to actually do anything about it, but ideally this should be overcome by more deliberate action. At least you can always help by funding those socially active groups whose ideals you can support. This characteristic is a combination of Saturn duty and the Neptunian social collective ideal.

The element of careful discursive planning should be evident where the right foundations for future action are established, and efficient organization is seen as necessary for a successful conclusion. There are likely to be strategic skills which can be exploited in order to achieve those intentions, whether purely personal or socially orientated.

Consistency and determination are usually well applied, and your schemes are characterized by their realism and achievability; Neptunian over-expansiveness is tempered by Saturnian caution and a sense of stability and limitation. W

What can inspire many of your efforts is a reaction against social injustice and foolishness. Fairness is one attitude that you support and opposing social aspects where unfairness and injustices is being expressed can almost become a personal crusade. Social discrimination and taking social advantage of those unable to resist can cause your passions to rise, leading to social activism designed to resist such encroachments on individual rights and liberties.

You dislike seeing the waste of resources, social and material ones as well as the waste of human potential. This can lead to supporting human-potential-raising groups, or ecological activists calling for new attitudes towards the excessive negative exploitation of nature's reserves.

You tend to have a social vision of harmony, where equity is achieved and social respect for all is found, rather than any unbalanced divisive situation of haves and have-nots. Concepts of the values of community or global thinking will be preferred, and you like to believe that what you are attempting is beneficial to others. If you become active in such ways at an early age - perhaps through a career choice - then you may find that it absorbs most of your energy; it is a never-ending task. This may affect your intimate relationships, especially when a partner needs to hold similar viewpoints to your own.

Ideals are important to you, and you try to live in a way that maintains rather than opposes or compromises them. Your passions are firmly fixed on issues of social concern, and even within personal love relationships your energy is too diffuse to focus

just on one partner; it flows out as a feeling of social relationship too, and you often fail to understand why society is as it is, and why people are so passive in allowing negativity and indifference to flourish, even in those in high and powerful social positions of influence.

Concentration and visualization abilities should be present and can be applied through contemplation of issues or meditation. You may become effective if working in occult or socially active affinity groups committed to generating beneficial change. There is little ego gratification in such work for you, and you tend to expect a high degree of probity and idealism from others engaged in similar self-chosen roles.

Yet you can work through your insecurities to be a faithful and devoted partner.

46) ► **Sun** ☉ **Square** ♁ **Vesta** - (0°46' A) ☾6 | ♏2

([609] 12andus.com:) You may have to work through some egotistical desires for recognition in order to realize that you have a higher calling.

Your true mission is much more important than your ego desires, but it is not readily apparent early in life. Thus, you may feel friction between your desire for success, fame, recognition and praise, and your mission to align with your spiritual purpose and serve others in some dramatic and selfless way.

When you accept your Divine inspiration, you'll actually be able to draw on the very traits which make you unique in order to fulfill your mission and serve others through your own path of sacrifice and work.

47) ► **Sun** ☉ **Square** ♁ **Spirit** - (5°19' S) ☾6 | ♏3

48) ► **Moon** ☾ **Square** ♁ **Jupiter** - (0°39' S) ♃4 | ♏7

([391] astromatrix.org:) The Procastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel

special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater

efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

56) ► **Neptune** ♀ **Square** ☊ **North-Node** - (5°54' S) ♀2 | ♀4

([450] astromatrix.org:) Living In A Dreamworld

With North Node square Neptune, you possess many visionary gifts. When working through its higher form, you succeed in many artistic and creative fields. There are cinematographers, filmmakers, painters, artists, sign makers, photographers, dancers, singers, musicians, actors, and designers that have this aspect.

It is questionable if you will put your unique gifts to superlative use, however. The liabilities are high with South Node conjunct Neptune. You might have led a mystic kind of life and it may be difficult to draw you out, though you could share spiritual insights that contribute to the overall karmic growth on the planet, but you may prefer to stay out of the limelight. Or you dislike the mainstream society and enjoy living within your imaginative and spiritual realms.

Your work may require seclusion and you may become a reclusive type or hermit who prefers the background. You may be so sensitive that you want to hide away. This is an emotional aspect, especially when falling in water signs. The South Node influence may distort the emotions, which fuels the mind. You may not feel like they are part of this world, as if you live in an alien world. Such feelings of alienation and psychic distortions

increase the chances you will resort to drugs or other strange methods for handling their crises. The house of Neptune and its opposing house shows where the imagination and vision are enhancing those affairs or merely distorting things.

([330] astromatrix.org.)

Opportunities: 1. Getting the Job Done 2. Using Writing for Your Benefit

Challenges: 1. Getting Outside Your Comfort Zone 2. Learning what You Need in Life
Very early in your life, you will begin to think about what you want to do when you are older. To this end, you will work to develop the talents that will help you get ahead. You will do the best you can in school, especially in those subjects that you think will be useful. While you are young, you will discipline yourself to learn the skills you need.

Your parents will influence your opinions very strongly, and they will probably support you in whatever path you choose. It is very likely that you and your parents agree generally and have similar ideas on most subjects. You believe you can learn from the people who are above you, so that one day you can be in their position. This makes you a hardworking person who tries to master all the skills you study.

Later in your life, you may work in some area of communications, science, education or another field that requires mental skill and the ability to communicate clearly. You are very good at taking care of everything you own, and you prefer possessions that stimulate your mind, such as books and records. You enjoy playing games with others, especially games that teach you something. You may also enjoy writing as a pastime.

62) ► **Midheaven** MC **Trine** ♄ **Uranus** - (0°55' S) 12 | 118

([363] astromatrix.org.) Progressive Thinker

Probably your beliefs and ideas are different from those of the people around you, and you put a different value on physical objects as well. You do not like to be tied to possessions that you must take care of. This means that eventually you will prefer to have as few possessions as possible so that you can go wherever you want without any worries.

Very early in life, you will decide that you have to follow a path that is uniquely your own and does not follow anyone else's ideas about what is good for you. You want to break

new ground, but in order to get there you won't have to battle others, especially your parents or other authority figures.

You should be sufficiently creative so that you can make them see the desirability of letting you have your way to a reasonable extent. You may change your mind several times about what you want to do with your life, not so much because your mind is unstable but because it is so difficult to find exactly what you need. Incidentally, this can be a sign of an interest in or, later, a career in a technical field, such as electronics, computers, engineering or science. Or you may be interested in the occult and astrology.

You like a certain amount of excitement in your life, to keep from getting bored. You prefer anything new to what is old, so you will not be particularly interested in keeping in touch with your childhood and your past once you are finished with it. You are future-oriented, always looking ahead to the next thing to come along.

63) ► **Midheaven MC Trine** ♌ **North-Node** - (4°19' A) ♀12 | ♃4

([372] astromatrix.org;) Gaining Recognition

Since the midheaven or MC, is usually a very public place, those that have their North Node in a beneficial aspect to this axis are here to gain recognition within the working environment and get publicly noticed for some of the work and achievements that they will accomplish. The MC is relative to our interaction with the world at large and our place in it. It has been known as the axis of destiny and is often connected to public life, particularly when heavily activated in the birth chart.

With North Node trine the Midheaven, you are able to further your public reputation and professional ambitions through your ability to harmonize with present social trends. You meet and gain the support of those in positions of importance. You're often in the right place at the right time. You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

64) ► **Sun** ☉ **Trine** ♆ **Neptune** - (0°44' A) ♄6 | ♀2

([306] astromatrix.org;) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

65) ► **Mercury ☿ Trine ♅ Uranus** - (1°47' S) ♃4 | ♅8

([326] astromatrix.org;) The Progressive Thinker

Gifted with creative imagination, you should be able to channel this toward building new enterprises and businesses; you have adequate energy and enthusiasm to do so, linked with commitment for personal success.

Your attraction toward the new is likely to be for 'group benefit' rather than toward fulfilling private needs and desires. Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you.

There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs. While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a submissive attitude.

Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

([460] astrohealer.com:) "I believe that truth has only one face: that of a violent contradiction." – Georges Bataille

This configuration signals that one's sentiments may have been polarized from one's wounds or vulnerabilities. Alternatively, one's emotional reactions may have been subtly

affected by one's sense of pathos.

With this configuration in the natal chart, a sibling, a close friend or some other important figure in the immediate environment may have lived despite a certain cognitive vulnerability, immobility or handicap, by keeping their thoughts separate from their wound.

In some cases, the individual may perceive herself as mentally tough or intellectually open, while, in fact, she can be mentally fragile or intellectually "stuck." This may expose the individual to unexplained bouts of stress or anxiety. The key to working with such Chironic blind spots is to recognize the presence of the inexplicable and to allow space for integration of all "taboo" thoughts through various means of communication such as writing and speaking.

Opportunities: 1. Self-Actualization 2. Breaking through boundaries

Saturn square Lilith propels you towards the process of becoming yourself. You feel caught up in the whirlwind of evolving traits before you acknowledge yourself to be self-expressive about transformation. Having this aspect in your natal chart suggests you control your expectations. Traditions can become a hindrance in your path, especially when you become judgemental and disapprove of others' authority.

Saturn square is about your desire to protect the structural integrity of society. You do not conform to the myths of self-independence. Self-liberation is a selfish and non-productive act for you.

Saturn square Lilith can also destabilize your life. It also implies your incapacity to fulfil your commitments concerning your career and responsibilities.

You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

Contra-Antiscia: Opposition.

([608] 12andus.com:) You easily blend your ideal partnership with your spiritual quest.

Your partner may be influential in helping you fulfill your devotion to service on behalf of others. You may also find the inspiration from your commitment to your partner and use this inspiration on your spiritual quest.

You may feel most connected to Divine Source when you are sharing responsibilities with the partner who ideally complements your personality. Your obligations to your partner can lead you to work through problems and in doing so you can strengthen your connection to your spiritual path.

You may feel called to sacrifice some aspect of your homelife or time with your partner in order to pursue your spiritual calling but will see it as a natural part of your path.

You will embrace this loss as a means to stronger foundation both spiritually and in your ideal relationship at another time.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 25° **Sagittarius** 38' and in the **11th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 5° **Aries** 40' and in the **3rd** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 5° **Scorpio** 37' and in the **10th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 18° **Aries** 56' and in the **3rd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Gemini** 12' and in the **5th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 11° **Cancer** 45' and in the **6th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities,

hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 9° **Virgo** 32' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 19° **Gemini** 35' and in the **5th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 25° **Gemini** 0' and in the **5th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Fifth house (Leo): pride and arrogance, excessive visibility, water

Lots related to family:

The **Lot of the Father** is in 20° **Sagittarius** 16' and in the **11th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 4° **Sagittarius** 40' and in the **11th** house.

Same as for father.

The **Lot of Siblings** is in 20° **Taurus** 16' and in the **4th** house.

The **Lot of Children** is in 10° **Scorpio** 56' and in the **10th** house.

The **Lot of Daughters** is in 27° **Capricorn** 16' and in the **12th** house.

The **Lot of Sons** is in 27° **Scorpio** 41' and in the **10th** house.

The **Lot of Marriage for Woman** is in 29° **Scorpio** 19' and in the **10th** house.

The **Lot of Marriage for Men** is in 1° **Taurus** 53' and in the **4th** house.

The **Lot of Deceit in Marriage by Woman** is in 24° **Aries** 49' and in the **3rd** house.

The **Lot of Deceit in Marriage by Men** is in 6° **Pisces** 36' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 27° **Capricorn** 16' and in the **12th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 28° **Capricorn** 54' and in the **12th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 2° **Cancer** 46' and in the **6th** house.

The **Lot of Treachery** is in 4° **Pisces** 48' and in the **2nd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 0° **Taurus** 5' and in the **4th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 25° **Sagittarius** 38' and in the **11th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Aries (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 1st House/Aries: Splashes the room with your vibrancy. Goes through many changes in appearance as well as identity crises. You look for something that can spark a new battle or even new life. This placement can have depressive symptoms in between lifestyles that pique your interest at the time. You were confrontational as a child. With time, you learn that sometimes it's best to sit back and wait, take your time to shed your skin. You may find that jumping to attack finishes what you start too soon. You are well known as someone who is explosive, dressing eccentrically and maybe having a temper, or at least love a good debate. You spark many interests as you live your life full of color, and your intense life brings much change to others as you are constantly changing yourself. Childhood for you brought you all over the place, and even now sometimes you feel like you're being stretched too thin. Try not to lose sight of your refined passions in search for new shiny ones and appreciate the lows as they allow you to relish the highs in your life.

Pholus in 3rd house

(12andus.com;) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

You may have a brilliant mind and knack for languages but your skills fail you in the moment you need the most. It takes transcending or overcoming difficulties with communication to find your greater message and mission.

Careless communication can lead you to say things you regret or speak before thinking. Small details can lead you to end up with a larger problem on your hands and it will take the same skills of communication and intellect to reverse the momentum of chaos and confusion.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Leo

(12andus.com:) You may have an obsession with power and drama.

You may be erotically drawn to people who are flamboyant and colorful. Role playing and theatric experimentation in the bedroom appeals to you. You can become jealous easily and need to be adored and admired by your partner.

Basking in luxury and being treated like a Queen of King is a major turn on for you. You want to be the center of attention and are attracted to power and status.

Knowing your partner is a celebrity or popular person, or dressing like a celebrity may be part of the sexual attraction. You want to feel like you are among royalty when you're intimate with your partner.

You can be dramatic about your passions and may be attracted to the idea of being admired more than you are to your actual partner as a person.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

When you do make adjustments to your business, career path or public image, you'll be better able to serve others through your career path and work.

You may have to let go of the vision you had for your career path and accept a different course of action because of cataclysmic changes beyond your control. Yet when you do, you can also find a new sense of purpose and motivation.

7) ► 17° Aries 53' **Pholus** ✎ **Trine** ♃ **Jupiter** 9° Leo 41' - (8°12')

(12andus.com:) You may easily expand your beliefs and philosophy as a result of facing hard times.

Accidental changes and seemingly minor changes in your surroundings can unleash dramatic changes that lead you to dramatically expand your beliefs in ways you would not have expected.

You can come to embrace a heightened understanding of the ideals and philosophies that determine how you react during a crisis. Your willingness to put yourself on the line for others can be tested by challenges but you will still naturally and easily follow your instincts to protect or heal others.

Even if your attempts aren't enough, you'll quickly learn what is most needed to help you lead others and be part of the solution during a crisis.

Your intense personality, creativity and innovative nature can help you serve others and navigate times of dramatic crises and cataclysmic events. Yet you may be distracted by fears and insecurities when crises first erupt.

You may dramatically respond but in ways that aren't helpful.

When you deal with your inner insecurities and face the fears that keep you focused on your own individual needs during a time when you need to be more aware of your responsibilities toward others, you'll be better prepared to navigate crises and use these turning points as a catalyst to create dramatic change.

(12andus.com:) Your fantasies and desires can get in the way of you seeing an erotic relationship for what it is.

You have deep desires and rich sexual fantasies, yet you also can take an escapist approach to eroticism and sexuality. Erotic love can be like a drug for you and so you may try to suppress your deeper desires at first.

When you do allow yourself to feel the full spectrum of emotions and sensations that you can feel when you're attracted to a partner, you may run the risk of becoming absorbed and completely lose yourself in lust and fantasies.

You understand this risk and so you may try to minimize your emotions and act like you don't have the high degree of sensitivity you actually have. You may have to work hard to embrace your passions and emotion.

When you embrace this part of your nature, you'll be better able to enjoy sensuality and emotional connection as part of your erotic encounters.

Your erotic desires are hard for you to convey. You may have difficulty asserting yourself or describing what brings you pleasure. As a result you may become passive or detached from your own sexual desires.

Yet at times, if you take the initiative to express what you desire and work to overcome communication blocks between yourself and your partner, you can come to express your desires and fantasies.

18) ► 26° Leo 49' **Eros** ✍ **Square** ♀ **North-Node** 25° Taurus 11' - (1°38')
(12andus.com:) You may frequently find that those you are most strongly attracted to, or even obsessed with, are not fully open and accepting of your advances.

You may be infatuated with partners who aren't available or who don't know how to

satisfy your needs. On a deeper level, you may feel like you need to suppress your sexuality and therefore seek out partners who are not capable of exploring your erotic nature fully.

You may have to work to shift some aspect of this pattern so that you can embrace your sexual nature and intimate desires.

You can come to find greater confidence in your identity and erotic nature and when you do, you may fuel your personal goals and ambitions in part with the creative energy that you derive from exploring your fantasies.

You prefer sensual, practical and physical expressions of eroticism and love. Idealism and fantasies aren't as exciting for you. Still, even if your routines are relatively limited, you can find great pleasure and even infatuation with your consistent routines.

You may have a strong, intuitive connection to your potential sexual partner and finding sexual satisfaction can help you overcome past wounds or traumas related to abandonment or abuse. You may have to work to appreciate your sexual nature, but once you do, sexuality can help you to heal past wounds.

You can find ways to express your unique desires and fantasies because you have a heightened sensitivity to your sexual identity as you've had to work to overcome challenges.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Libra

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Hygiea in 9th house

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their

friend, they become stressed when confined by convention or when forced to put down roots in environments that are ill-suited to their growth.

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Leo

Your images, your writing, your music can inspire others with the power of your message. Likewise, if you mispend your gift, your art will devolve into pointless blame games. You must work to overcome that tendency in your life.

Eris in 7th house

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and

house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Pandora in Sagittarius

Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to

black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aries

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Nessus in 3rd house

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or

tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of

how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph

Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send

humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown. The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow

this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

The divine cycle of death and birth. This is challenging energy with plenty of spiritual tests thrown in. Use this time to better oneself as a person of the earth. Noble and kind. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. Allowing a break from the grind highlights others areas of your life that need attention.
