### **The Free Spirit**

The key word for your Life Path is freedom.

In the pursuit of freedom, you are naturally versatile, adventurous, and advanced in your thinking.

You are a good communicator, and you know how to motivate people around you.

This may be your strongest and most valuable trait. Because of this skill, and your amazing wit, you are a truly natural born salesman.

You are not very good at staying with everyday tasks that must be finished on time. On the average, the number 5 personality is rather happy-go-lucky; living for today, and not worrying too much about tomorrow.

It is also important for you to find a job that provides thought-provoking tasks rather than routine and redundant responsibilities.

In romance, you hate to be tied down and restricted. This doesn't necessarily mean that you are unfaithful or promiscuous, but it does mean that a good partner for you needs to understand your nature.

If you are living on the negative side of the Life Path 5, you are apt to be multitalented, but suffering from some lack of direction, and there is confusion surrounding your ambition. Restless, discontent, and impulsive, you may bounce from one job to the next without accomplishing much at all.

### ***Expression (Destiny) Number: 2***

([659] numerologycalculator.online:) The number 2 Destiny suggests that the direction of growth in your lifetime will be toward gaining an understanding of people and a greater spiritual sense of the world around you.

A name producing a 2 Destiny gives you the tools to work very well with other people. Your destiny will be, in part, in the role of the mediator and the peacemaker. As you grow in this direction, you become sensitive to the feelings of others, you become diplomatic in handling complicated situations.

The spiritual potential for the 2 Destiny is very high. You have the capacity to be inspirational, and the ability to lead merely by your own example.

An inborn inner strength and awareness can make you an excellent teacher, social worker, philosopher, or advisor. No matter what area of work you pursue, you are very aware and sensitive to the highest sense of your environment. Your intuition is very strong; in fact, many psychic people and those involved in occult studies have the number 2 Destiny. Indeed, the 2 has a spiritual connection not found in other numbers.

In many ways you are dependent on others and seem to function best in a partnership or in some form of group activity. As you mature, modesty will run deeper in your nature, and you must work comfortably without recognition of your accomplishments. Often, others will get credit for your ideas, and this must be of little real concern to you as you skill as a team play progresses. Cooperative, courteous, and considerate, you have the capacity to become an outstanding facilitator. You will have the capacity to organize and handle people, just as you will handle detail, rarely overlook anything.

As you fulfill your destiny, tactful and friendly behavior will increase your popularity, and nearly everyone will like you. Perhaps this is also because you are more content working with your ideals, rather than dollars and cents.

The positive aspect of the number 2 Destiny is an always idealistic attitude.

The negative 2 personality can be oversensitive and easily hurt. Too much of this number in your makeup can make you very shy and uncertain. Sometimes the excessive 2 energies makes one apathetic and somewhat indifferent to the job at hand; the ability to handle details is hampered in these cases.

Some 2s, struggle with a continuous sense of nervous tension; you may be too sensitive and temperamental. You tend to dream a lot and may be more of a dreamer than a doer. Fantasy and reality sometimes become intermingled and you are sometimes very

impractical. You tend to want to spread the illumination of your knowledge to others irrespective of their desire or need.

***Life Path - Expression Bridge Number: 3***

([660] numerology.center:) Number 3 belongs to people, who are usually a little bit tense and stressed. They are very serious persons. It complicates their life. If 3 is your bridge numerology number, you have to communicate more and interact with others. Try to socialize and you'll feel that your life becomes easier. It doesn't mean that you don't have to be serious with the main aspects of your life. But, it is necessary to differentiate important things and situations where you may just relax. Express yourself and apply your talents in some creative fields. It will help you to relax and direct your thoughts in a positive vector.

***Heart's Desire (Soul Urge) Number: 3***

([659] numerologycalculator.online:) People with the 3 for a heart's desire are natural entertainers and thrive on self-expression and sharing themselves with others. They are often writers, singers, actors etc.

You are the life of the party – happy, outgoing, and very personable. People find you inspiring and entertaining and your self-expression skills show themselves in your words. Some people hang on your words but you need to be careful not to over-use your words. You have the tendency to run off at the mouth quite a bit when you are nervous or experiencing an abundance of ego. Those words of yours would be best served in avenues like writing, acting and public speaking.

You are extremely creative so find an appropriate outlet for your creativity. Those abilities will need to be reined in if you are going to make best use of them. Without focus, you have a tendency to become disorganized and that could leave some of your talents severely under-utilized.

***Personality Number: 8***

([659] numerologycalculator.online:) The eight personality is very ambitious and competitive, but typically good-natured about it.

They appear confident, lucky, and highly resourceful. Eight people love to push themselves to reach consistently higher goals. They are very good at envisioning and developing projects. People see them as well rounded and having good business sense.

Their radiated strength, charisma and power makes others to see an executive or leader in them.

People with Personality Number 8 appreciate their reputation and image and make

everything to have an image of a confident, capable, prosperous and successful winner. They are impartial, cool and can control and manage any possible problem due to their inborn endurance and stamina.

Besides overcoming challenges and obstacles they like to prove others they are capable of that.

They are attracted to the arenas of finance, business or politics and want to be involved in influential circles.

### ***Heart's Desire - Personality Bridge Number: 5***

([660] numerology.center:) Dependence on other people, their mood and their opinions, hinders you almost in all aspects of your life. It would be better for you to listen more to yourself than to follow the will of others. You are able to think what you need to do on your own. Just don't be afraid to take the wrong decision. Trust yourself.

You are a rather inflexible person. Adaptability would help you in numerous questions. If you want to work at these traits of your character, start with a little adventure, which you don't let yourself on in your usual life. Try to do something in a way that is unordinary for you.

### ***Heart's Desire 8, and Personality 3 or vice versa:***

Number 8 gives you a keen mind which is able to handle any business task. In financial spheres you are like a duck in water due to your sense of purpose and intellect. Number 3 makes you spirited, inventive and outgoing. Your success is guaranteed if you use inventive talent in the financial field. "Switch on" your creativity in taking business decisions. Trust your abilities.

### ***Quiescent Self Number: 8***

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 8 are likely to imagine themselves as a moving force in building large physical structures or efficient procedural systems that have the potential to benefit society for a long time into the future.

The energy represented by the number 8 resonates with business and building remarkable and beneficial things. It is efficient. And it is a realistic energy.

Visualizations generally include the organization necessary to accomplish the goals of building structures and systems. It is common for visualizations to include being the executive director or on the board of international companies — with a dedicated staff sufficient to do business on a large scale.

The thoughts and pleasures of someone with this quiescent-self number tend to relate to accomplishing goals in an efficient manner — accomplishments recognized by individuals and society for their high caliber and their usefulness.

***Maturity Number: 7*** = 5 + 2 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

***Karmic Lesson Number: 7***

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

***First Pinnacle Cycle: 6***

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

**General:** Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This

is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

**Pinnacle 1 Number 6:** First Pinnacle: As a younger person in the midst of a 6 Pinnacle, you're likely to find yourself knee-deep in duty and responsibility related to home and family. This may be because of the pressures you experience in your family with parents and siblings, or you may find yourself entering into premature marriage at an early age. Often this energy causes you to experience controlling circumstances from a parent or another authority figure.

**Warning:** Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

### ***Second Pinnacle Cycle: 1***

(Year + Day) - from age 32 to 40 (based on LPN) - ([665] feliciabender.com:)

**General:** During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

**Warning:** Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

### ***Third Pinnacle Cycle: 7***

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665] feliciabender.com:)

**General:** Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

**Pinnacle 3 Number 7:** Second or Third Pinnacle: If you experience this vibration in your Second or Third Pinnacle, you'll be offered an opportunity to refine and specialize your skills down to a fine art if you so choose. Unless you're directly involved with some sort of research, spiritual, or philosophical endeavors, progress during this Pinnacle can feel painfully slow. The benefits to your 7 Pinnacle won't be seen in your material or financial realm as much as in your spiritual life and internal realm.

**Warning:** Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

### ***Fourth Pinnacle Cycle: 3***

(Month + Year) - from age 50 (based on LPN) - ([665] feliciabender.com:)

**General:** When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

**Pinnacle 4 Number 3:** Fourth Pinnacle: If a Number 3 shows up for your Fourth Pinnacle, there's a good possibility for travel and social activity. Often this is accompanied with a freedom from financial worry. It can be a very comfortable final stage in your life that is supportive of all your creative endeavors.

**Warning:** Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

### ***First Period Cycle: 4***

(Month) from age 0 to 31 (based on LPN)

([666] worldnumerology.com:) The first 3 decades of your life represent a time of hard work and all the rewards it can bring. This is a period in which you are concerned chiefly with the practical things of life: work and career, sound family and a solid community. You are not given to flights of fancy or idealism, but want to place your life on sound financial footing.

You can be overly concerned with details and thus can find yourself in ruts that will have to be broken free of. Find work you love and do it to your heart's content, but do not neglect the rest of your humanity, or that of others close to you.

This is a time requiring discipline, order, and self-motivation.

Work is the order of the day. But through these characteristics, you will be seen as the foundation of your family, job, and even community.

### ***Second Period Cycle: 2***

(Day) from age 32 to 58 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period for learning to tune into your sensitive, intuitive side.

You are drawn to interact with people on a personal level. You recognize the subtle signs that reveal what others are experiencing, and your ability to influence people improves.

You become more diplomatic and tactful, and are able to diffuse potentially troubling situations.

However, you may also feel you are growing more fragile. Emotions play a large role during a 2 Period.

It is your challenge to maintain a realistic perspective, and to stay grounded.

Devoting time to the arts, especially music, ballet, theater, and other performing arts, helps you feel connected and involved.

### ***Third Period Cycle: 8***

(Year) from age 59 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

### ***First Challenge Number: 2***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority

because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

#### Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

#### **Second Challenge Number: 6**

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

#### Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

### ***Third (Main) Challenge Number: 4***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

### **Potential Destructive Aspects of the 4 Challenge**

- Feelings of discouragement and confusion, often resulting in you feeling like a victim

- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

#### ***Fourth Challenge Number: 4***

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

#### ***Personal Year Number (for 2022): 3*** $(20 + 04) + (2+0+2+2)$

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 3 is a year of increased creative and inspirational energy.

Creative expression, creative inspiration, more opportunities for social interaction — all these tend to be more present.

Creative expression may be through personal artistic endeavors or a deeper association with the arts. Creative inspiration may be an expression of imagination. Enthusiasm is more abundant, as is a desire to entertain.

It's likely to be a colorful and eventful year.

#### ***Personal Year Number (for 2023): 4*** $(20) + (04) + (2+0+2+3)$

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 4 is a year of focus,

work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

(feliciabender.com:) This is a year to work hard and sharpen your skill set. Take the time to slow down, steady your pace, and become more methodical about which goals you want to reach for. This is a more serious year that requires hard work to set the foundation for whatever you are working on; job, relationship, family.

### **Cornerstone, Capstone, First Vowel and Keystone (Forename)**

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

*Cornerstone (first letter) is same as first vowel.*

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your **approach to challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ...

([669] numerologist.com:) What Happens If Your First Name Begins With a Vowel? Numerologist Jean Simpson makes another interesting observation about the placement of the vowel in your name. She contends that when a vowel is the first letter of your name (for instance: Alyssa, Elizabeth, Ian, Owen, Yvonne), you often have challenges making decisions. When a vowel begins your name, chances are you aren't the best at making split decisions – it often takes more processing time to come to a decision or provide an answer.

### **Cornerstone and First Vowel: A**

([670] [671] [672] [673] ([670] affinitynumerology.com:) The person tends to approach life with courage and determination. The approach is with independence, ambition, and drive.

([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([672] numerologist.com:) Cornerstone: You are ambitious, independent and are a natural leader. You know how to take charge.

([673] numerologyzen.com:) Letter A. A cerebral, dynamic and creative letter. Standing proudly on it's two feet, reinforced in the abdominal area by a horizontal bar, the A has the head and shoulders that make one think of the point of a rocket. There is a lot of ambition, assurance and strength, in this letter which links self-confidence, energy and the sense of initiative. The A is very assertive, its will active and its opinions are clear, direct, even abrupt in their expression. The intellectual area, more active than the emotional one, sometimes makes A stubborn, perhaps to test a feeling of superiority and to exist only for itself. Used in a more positive fashion, the A will be a leader who opens the path, puts on route, manages and starts new things with authority and courage. The A thinks quickly and it's ideas are inspired. The person who possesses this radiant letter must try to emit this radiance to give [himself,herself] value. In addition to wanting to be the first, an acute sense of independence and originality characterizes the A. [He,She] is capable of defending [his,her] opinions or way of seeing things. The A is synonymous with physical and mental dynamism, change, renewal and initiatives. A possesses an adventurer side which gives fantasy to it's character. But be careful, the A can be impulsive, impatient, even aggressive. It wears itself out with flashes in the pan ; all energy put into action which falls very quickly without success or achievement. Otherwise the taste for power and the sense of command are present in the A, so they must be used correctly.

**Keystone:** ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

### **Keystone (middle letter): O**

([676] ezinearticles.com:) This letter indicates that discipline and self-denial could become obsessive behaviors for you.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

***Capstone (last letter): F***

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "F" tends to persist until a responsible conclusion can be effected. Completion in a harmonious and friendly manner is desired.

([671] spiritwalk.org:) You are caring, reliable and easy-going. You can do a lot of things to help others and those in need. You are a person other people want to thrust to and only a talk with you can relieve someone's pain. However, try not to intervene into people's life when they don't want to see you there. Also, don't let the problems of others occupy your life.

([672] numerologist.com:) Capstone: Your tendency to be self-sacrificing and put others first is often quite damaging to your own interests. Sometimes you sabotage yourself because others see you as a gossip or a meddler.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### 9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

### **Mental (Mind) Plane**

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

### **6 on the Mental Plane**

You are chosen as a companion by those who go on a reconnaissance mission. You are a perfect friend: reliable, responsible, and committed. You have excellent prospects to become the deputy head of the company who really is, in fact, the mainstay of everything, be it director of studies, first mate of the Captain, Vice President. The fact that you are not indifferent to beauty and harmony is only a benefit.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

### **8 on the Emotional Plane**

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

### **6 on the Intuitive Plane**

There is one peculiar sphere of human nature – spirituality. An armor that may seem

impenetrable from inside can easily be affected by the loved ones. Therefore, don't try to isolate yourself from the world by a wall of innermost thoughts and personal feelings. It may happen that at some point there will be no one inside you, but yourself.

People with a master number 11 can live life just fine without delving into the potential of the number.

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 6</b> line «1-2-3»
11	4	–	<b>Moneymaking: 2</b> line «4-5-6»
character, will	health, beauty	luck	<b>Talent: 4</b> line «7-8-9»
			<b>Tenacity: 3</b> line «1-4-7»
222	5	888	<b>Domestic bliss: 7</b> line «2-5-8»

			<b>Spirituality: 4</b> diagonal «1-5-9»
			<b>Temperament: 2</b> diagonal «3-5-7»
3	–	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

## **Main abilities (square's cells)**

### ***Character, will — 11***

"Gentle" - you are willed enough and have a level head. You can be a leader without any diktat or aggression, and able to be a compliant, enterprising and patient managee. You prefer to avoid severe conflicts.

### ***Vital energy — 222***

"Impulsive energy" - you can handle any ordinary activity and make an effort of will, but at extreme moments you are also capable of an extra effort. Only with your own presence, you can improve the patient's condition or instill optimism in a desperate partner. People like you are outstanding public figures, musicians, business coaches and inspirers for others. The danger is that your "222" energy works like a magnet for energy vampires, especially for persons of the opposite sex.

### ***Cognitive, creative — 3***

"Low interest" - this level is sufficient for superficial knowledge of the exact sciences, techniques, algorithms. You also have some inclinations to invention and creativity.

### ***Health, beauty — 4***

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

### ***Logic, intuition — 5***

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

### ***Labor, skill — empty***

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

### ***Luck — empty***

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

### ***Duty — 888***

"The straight-shooter" - the desire to convey their ideas (which are, of course, "right" and "good" from their point of view) to society is often placed above their or their family's interests. And, for certain, all this is done for the public good. But sometimes, no matter how strange it may look from the outside, such people may have a period of isolation, but later they return to their hectic social life again.

### ***Intellect, memory — 9***

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

## **Secondary abilities (lines and diagonals)**

### ***Self-Esteem (Line «1-2-3») — 6***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

### ***Moneymaking (Line «4-5-6») — 2***

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

### ***Talent (Line «7-8-9») — 4***

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

### ***Tenacity (Line «1-4-7») — 3***

"Unpredictable" - the person likes to set goals, and then suddenly change them. By the way, achieving goals is not their favorite occupation - they prefer to dream of patronage over the world than to conquer it. Sometimes they tend to overestimate themselves.

### ***Domestic bliss (Line «2-5-8») — 7***

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

### ***Stability (Line «3-6-9») — 2***

"Everything is under control" - this person is very light on their feet but controls the desire for change. Nevertheless, you can't say that this person is stable.

### ***Spirituality (Diagonal «1-5-9») — 4***

"High spirituality" - the predominance of spiritual values in this person attracts their soul mates. Together they begin to influence the surrounding inveterate materialists.

### ***Temperament (Diagonal «3-5-7») — 2***

"Normal" - this temperament will suit most other temperaments. But there is a prone to cheating because this person is not fully confident in their abilities and would like to assert themselves in the love department.

### **Empty and Full Arrows**

**from Astro-Seek [683]**

### ***Empty Arrow 3-5-7 (Arrow of Skepticism/Vision)***

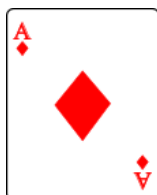

(Empty arrow is most commonly considered as a weakness, which creates challenges in your life. However it can be considered as a strength as well.)

These people are generous and perceptive. They are able to see so far ahead that some people consider it unusual. They use their intuition and can easily understand their dreams and premonitions. The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

**Birth Card: Ace of Diamonds**

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

**First Karma Card: Two of Diamonds**

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Diamonds: Values - Security - Dharma

Two of Diamond Meaning: Financial Security  
Karma for the 2 of Diamond - Fear of Lack  
Fire-Wands - Planets: Mars & Saturn

KARMIC CHALLENGE for the Two of Diamond: Fixation on money and prestige.

One's first impression of a 2 of Diamond person is that they are self confident, and socially very much in-the-know. It is only when a Two of Diamond feels their status is threatened that they become self-defensive and will stop at nothing to regain their self-esteem. Fixation is a problem for the Two of Diamond, and they will get stuck wielding their own power until they are forced out of their situation, wondering how they ever let it get that far in the first place!

Two of Diamond believe they know best. They make excellent parents and leaders. They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

**Second Karma Card: Ace of Hearts** (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love  
Ace of Hearts: Desire for Affection  
KARMIC CHALLENGE for the Ace of Heart: Selfishness  
Water-Cups - Planets: Jupiter & Uranus

All ACE's represent a wish or a desire. The HEART symbolizes relationships and love. The meaning of the Ace of Heart is an intense desire to be loved. Notice the operative word is to "be" loved, not to simply love.

The Ace is the number of self and often translates into selfishness. Negatively expressed, the Ace of Heart will flirt and skirt around the object of their desire, until they see what love can do for them.

The Soul Card for the Ace of Heart is the Ace of Diamond, another wish card - except this time - a wish for money. The result is an ambitious drive for material gain which is their prime motivating factor when it comes to relationships.

Ace of Heart has a gregarious, magnetic personality, which can attract many business opportunities. They always want to look good in the eyes of others, and appreciate beauty while striving for self-improvement. They are creative, but find it difficult to make choices in regards to work and health.

To be sure, this is not an easy card to have as your birthday card. Much discipline and positive philosophy of life are needed to overcome the selfish, worrisome attitudes that

prevent the Ace of Heart from obtaining the very thing they desire the most. LOVE.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

**MERCURY** describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

***Mercury Card: Queen of Diamonds***

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Queen of Diamond Meaning: Domination in the Realm of Values

Karma ~ Financial Security At All Cost

Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

**VENUS** describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

***Venus Card: Five of Hearts***

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter

their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

**MARS** describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Karma for the 3 of Club: Faith

Air-Swords - Planets: Mars & Saturn

Three of Club people are incredibly bright, creative and magnetic. And thank goodness because on the flip side, the 3 of Club are incredibly indecisive. So while on the inside, they are sincerely confused or uncertain, what you see on the outside is a vibrant "can-do" kind of personality.

KARMIC CHALLENGE for the Three of Club: Right Choice

There is often difficult karma with older women for the Three of Club, and they tend to suffer at the hands of a troubled mother, grandparent, or older sister. No stranger to emotional disappointments, they have had to learn the art of resilience and they developed a terrific personality along the way.

The inherent creativity and personable karma of this wonderful card gets them where they need to go, often bringing success into their ever-active lives.

Three of Club people often change careers later in life, and they make excellent realtors, entertainers, and public spokespeople.

**JUPITER** describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

***Jupiter Card: Three of Spades*** (metasymbology.com:)

Spades: Labour - Wisdom - Health

Three of Spade Meaning: Indecision About Work

Karma for the 3 of Spade: Complacency

Earth-Pentacles - Planets: Jupiter & Saturn

All 3's struggle with decision-making that relates to the meaning of their suit. As the

Spade, it is their work-related decisions that can become such a painful process. Because of this indecisive karma, many 3 of Spade stay in mediocre jobs, content with the status quo, even if their skills or talents qualify them for something greater. Those born on a Three of Spade day find help from strong women. This is one of their blessings, and it is wise for the 3 of Spade to align themselves with women business associates, doctors, teachers or healers. All 3 of Spade have strong magnetic personalities and they are quick to offer a helping hand. Disappointments in relationships are usually the result of misunderstandings over money. Best-case scenario for the 3 of Spade, "neither a lender nor a borrower be..." Another karmic challenge for the 3 of Spade is worrying about who said what and to whom. While they can find themselves the subject of gossip or scandals, they must take care not to speak ill of others. As always - what goes around, comes around! And this is especially true for the 3♠.

**SATURN** describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

**Saturn Card: Nine of Hearts** (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Nine of Heart Meaning: Frustrations in Love

Karma for the 9 of Heart - Universal Love

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

After age 91 the cycles repeats.

**Cosmic Lesson Card: Nine of Diamonds** (metasymbology.com:)

DIAMONDS: Values - Radiance - Materialism

NINE: Service - High Calling

CHALLENGE: Overindulgence  
Fire-Wands - Planets: Mars & Uranus

DIAMOND: The Diamond personality has been chosen to illuminate what is value in our school of Earth. The spirit of the Diamond is penetrating, clarifying. It is the element of fire and is quick to burn away the dross as it navigates the path of what is worth and what is not.

NINE: The value of 9 is service. The personality of the 9 is equipped to influence and serve others selflessly- for the benefit of humankind.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Diamond. This emblem is symbolic of The Patroness - distributor of material bounty and giver of light – companion to King Sun.

In its most successful state of being human, the personality of the Nine of Diamond is able to provide service to the downtrodden, illuminating their path and providing the resources they need to thrive.

9 of Diamond personalities are gregarious and they make great orators. A candid demeanor is often a result of psychological stress experienced during their early childhood years, for which they develop a healthy dose of humour (dry) to overcome, and charm to get by.

They feel it is their calling to help those less fortunate, and champion the rights of the underdog. This quality makes the 9 of Diamond one of the most generous and philanthropic cards in the deck.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

In love and intimate relationships, the 9 of Diamond want to feel mentally connected with their partner. Take note! Deep and meaningful conversations do for this card what wine and song do for most.

***Cosmic Reward Card: Jack of Clubs*** (metasymbology.com:)

CLUBS: Knowledge - Communication - Ideas

JACK: Novice - Visionary

CHALLENGE: Triviality

Air-Swords - Planets: Venus & Uranus

CLUB: The Club personality is concerned with mental pursuits. The spirit of the club is cradled within the mind. Its purpose is to think, study and learn. It is the element of air. Currents of ideas flow from thought to thing, creating the link to the material world.

JACK: Jacks are the experimenters. They are the young visionaries. They are the new kids on the block. Their personalities illustrate their inexperience in the area of life shown by their suit.

JOURNEY OF THE SOUL: Their Soul Card is another Jack, the Jack of Diamond. This

emblem is symbolic of the entertainer drawn toward promoting what is known. In an ideal world, the Jack of Club is a vessel for all sorts of knowledge and spins what it finds into useful threads of ideas for others to enjoy. The soul-nature of the Jack of Club is the harbinger of ideas.

The path of the Jack of Club personality is not easy. Their karma attracts wilful types who lead them down the path of irresponsibility and trivial pursuits. A defensive attitude masks their inner struggles with fear and fight or flight.

At a young age, the Jack of Club learns difficult life-lessons about money and personal family values. Early teenage years are introspective for the Jack of Club, as stressful physical and psychological experiences shape their character until into their twenties. Life continues with sudden and unexpected obstacles until the vital energy of Mars gets activated, age 26 onward. It is this aspect of their soul-journey that ignites the mind - the club - and gives them the edge they need to forge a path of their choosing.

In intimate relationships, the shared vision of a spiritual journey in pursuit of love, knowledge and soulful pleasures is what inspires commitment in the hearts of the Jack of Club.

***Cosmic Moon Card: Seven of Spades*** (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Physical Environment - Work - Higher Self  
Seven of Spade Meaning: Wisdom and Self Mastery  
Karma for the 7 of Spade: Material Discontent  
Earth-Pentacles - Planets: Jupiter & Uranus

The 7 of Spade are friendly people and quick thinkers. Illness may come through worry over business - or the stress that stems from a frustrated desire to live beyond their means.

All 7's have come to learn how to use their power. For the 7 of Spade, their heritage of power is often misdirected to a longing for magnificence until they awaken to the treasures of wisdom stored within the memory cells of their magnificent, higher-self.

The Seven of Spade have the memory of an elephant, and a perceptive understanding of what make people tick. They are acutely aware of the world around them and make excellent psychologists, writers, and world-travelers.

They will work quietly, often secretly, and are willing to remain behind the scenes. For this reason, they are valuable in secret service.

7 of Spade have many friends but few loves. They are generous and fun-loving and make excellent travel companions. In business they are honest and reliable and willing to serve for the greater good. When in love, they are faithful and romantic!

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These

are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

*Patience (9) Oc*

*North (White) glyph: Support / Comfort*

### **Day Sign: Dog**

/ Oc (Yucatan) / Tz'i (Kiche)

Oc is a cooperative, loyal and helpful day-sign. Consistency and commitment characterise persons born under it. They have a strong group instinct and will stick by their allies in times of trouble.

They are good team players, usually very creative, and strive patiently to fill authoritative positions. They instinctively know where they and others stand in the social ranking of any given situation, and this understanding allows them to be patient and to wait their turn for leadership.

They know how to inspire loyalty in others because they have such a good understanding of it themselves. They also like to roam, but not too far from their territory. Oc enjoy short distance travel what they can do with a car or a boat.

They enjoy monitoring their territory and have a strong interest in their neighbourhoods. They require much variety in life and find the arts, especially music, rewarding.

They approach their art form as a craft to be learned and mastered, and they are often technique conscious. They may also be creative in the social and political arenas. Their father, or father figure, often makes a strong impression on them, and they may either benefit through him or struggle over power issues and independence.

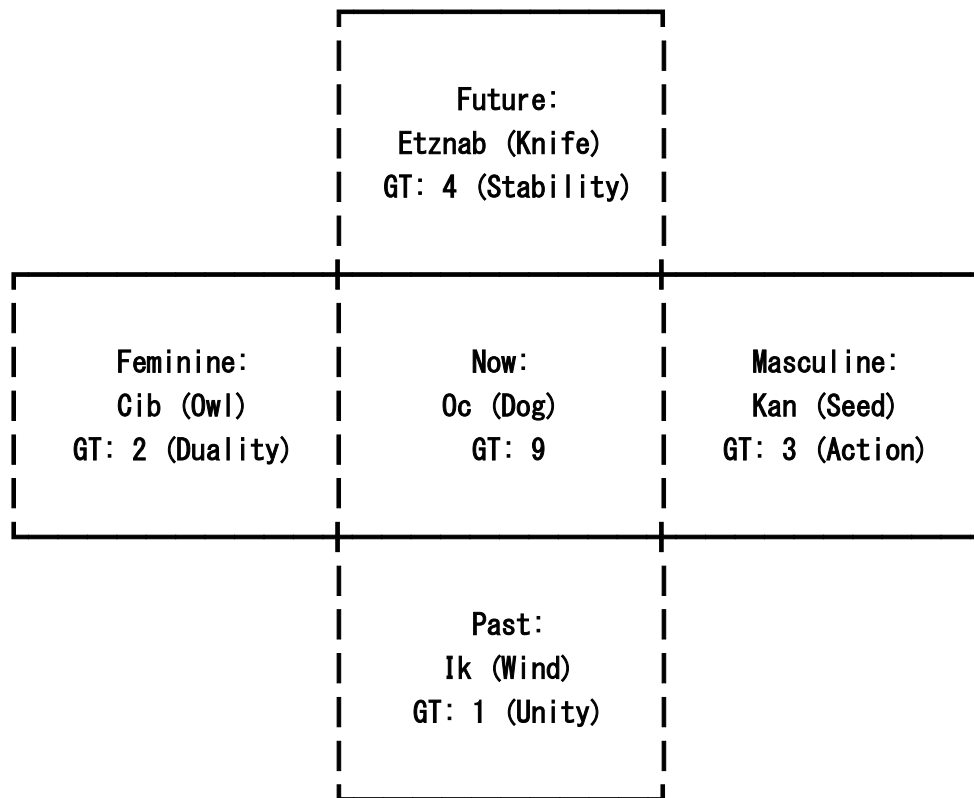

For Oc, life is about achieving emotional maturity, and it is often through understanding the father, and authority in general, that this goal is achieved.

Challenge:

Lack of emotional maturity; father related/authority issues.

Solution:

To learn patience followed by acceptance of direction from others, when it is needed.

#### ***Four Directions***

Of all the day-signs, Oc has perhaps the most questionable reputation. Its natives are said to be extremely sexual in nature; they are sometimes even called "fornicators or adulterers".

Observe for a short time the behaviour of Oc's to see why these individuals are believed to be so libidinous.

Their totem, the dog, is a creature whose sensual instincts overflow in every direction without inhibition. According to tradition, the same is true with people born under this day- sign. Of course, there are number of day-signs that have a similar love for such worldly pleasures, but only Oc has the distinction of owning pleasure loving Kanas its right hand power and lazy, sensual Cib as its left hand power.

Oc's lust for love, life, and sensory delight hems it in on all sides. Sensuality also means a love for, and consequently a friendship with the world of the senses.

The Book of Chilam Balam of Kaua refers to a native of this day-sign as "the adorned one, of the easy life". Oc people are frequently able to surround themselves with the pleasures they crave.

Oc's unbridled love of luxury is, at worst, motivated by a selfish hunger to consume everything in sight.

Oc natives have the blustery Ik as their past sign, and the Ik's hurricane of ego combined with Oc's dreams of pleasure can lead to some fairly greedy scenarios. It can also lead Oc into the midst of conflict, as indicated by the day-sign Etz'nab, which is the future sign for these natives.

A cursory look at the day-signs that make up Oc's personal tree of life may lead some of these natives to doubt whether there's any hope at all. Are they condemned to reel from one sensual thrill to the next, always seeking more? (Some Oc's, of course, will think this is a great way to live!).

Many Oc natives doubt themselves almost constantly, but doubt, one of the negative meanings of this day-sign when it appears in a divination, is the opposite of certainty or faith. This duality of doubt and faith reveals the most positive aspect of the day-sign Oc. In Mayan and Aztec myth, the dog was the creature who, carrying a torch to light the way, guided souls through the underworld. The dog is a universal symbol of unquestioned loyalty, and in this particular instance, of unquestioned faith. Whenever we journey through the darkness of our private underworld, we take a path upon which logic and intellect are of no help. Only an unquestioning faith can light our way through the interior darkness so, like the sun, we may emerge upon some other dawn.

Oc natives have this quality of faith. It is their greatest asset.

Clearly, these people live close to their instincts. The unconscious force that endows them with their notorious sensuality is the same power that gives them that most precious of all human qualities; the faith to prevail.

### ***Galactic Tone: 9***

(mymayansign.com:)

#### **Patience**

- \* Connection to others
- \* Soft blanket
- \* Comforting
- \* Direct connection
- \* Perspective
- \* Patience
- \* Remaining strong

From 1 to 13 is a long journey of evolution, and at the station of Tone 9, we find the power of patience. It is almost at the 70% of the journey, where most marathon runners need to go through a certain shift in their minds to keep up the hard work.

Tone 9 brings you a wide perspective on life and issues, therefore, you know how to be patient. Thanks to this energy you own your power in a mature way. The 9 energy allows for plans and projects to come into the last stage of completion.

***Trecena Sign: Wind***

/ Ik (Yucatan) / Iq (Kiche)

Beneath the 1-Ik surface personality is a strong need to communicate.

For some, this urge or interest may lead to a life of teaching or performing.

Those born during this period are carriers of ideas, they are people with a message to get across.

They will always be instinctively drawn towards activities that will meet such needs.

***Night Lord: 1***

This powerful lord rules the Centre. Persons born under it tend to be direct, assertive, and even combative toward others. As a result of this intensity, they tend to experience strong, forceful events in their lives.

They are often driven by very basic or primal needs. Leadership is one of their greatest challenges; they must learn to utilise leadership skills. G1 people can quickly move to the centre of things, but once there, they are not sure that others will follow them. If they don't learn to be more sensitive to how others perceive them and develop an understanding of social norms, they will lose followers.

G1 types want to be where the action is and their contribution of energy and enthusiasm is usually vital to the groups in which they participate.

Father-related issues often play into a G1's leadership dysfunction. Having a distant or abusive father sometimes results in inadequate training for leadership. Sometimes even a good paternal relationship can cause stress for a G1, who then tries to reach real or perceived high standards. In either case, an understanding of the father is probably very important to a G1's self understanding.

The dark side displayed by these people has to do with uncontrollable urges to put oneself first.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.*

*This one would be Mars conjunct the Sun.*

## Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

### Maple Tree

**Strong keywords:** Authority, Sociability

**Weak keywords:** Inadaptability

**Tree variants:** Ivy

**Birthday:**

11 April - 20 April

12 October - 21 October

### **Characteristics and Personality**

The most striking features of people born under the rule of maple is their high intelligence, extraordinary memory and the ability to find original solutions to problems others fail to solve. Maple people feel well when they are the leaders because they have natural authority, great ambitions and pride. They can easily get excited by new things and it is easy for them to get others interested as well, but they usually cannot realise their ideas without the help of others. The dark side of their rationality is certain cynicism and contempt of other people.

Unlike people born under the rule of Rowan, they are very sociable and open. They love to have many people around them and they enjoy being the centre of attention. However, they like to protect their privacy. When they are in contact with other people, they are open, straightforward and generous. On the other hand, however, they can skilfully use and manipulate other people. They have a great influence on others.

In love, they are unstable and rarely content partners. They are moody and whimsical, and they do not like to adapt to anyone and anything, especially if they do not have enough time to make their decisions. Maple men have a strong desire to impress, while Maple women like to be the proverbial “neck that turns the head”. However, if they find a life partner who does not mind their dominant behaviour and is tolerant enough, they become ideal partners. People born under the rule of maple tree can provide a solid background for their family even if it means that they have to make many sacrifices. And they never complain. Maple people usually marry only once in their life and their marriage usually lasts for decades.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

What they crave the most is a position of power and to be appreciated by others for their intelligence and their good looks. But don't expect them to ask for recognition loudly for they are too cool and composed for such things.

They believe in themselves enough to convince others to trust them. They are loyal people who devote themselves completely. As soon as they have ended up with someone, you can be sure they will be compassionate, loving and caring.

It's true they can sometimes be too calculated and thus, cold. People who will cross them will get to feel their wrath. No one will ever want to mess with them again. If someone will play or insult their intelligence, they will become furious and no one will be able to calm them down anymore.

understand that they deal with everything like it's a business. But this doesn't mean they can't love.

You can trust them to be committed to the extreme when they have found the perfect lover. Not to mention they will always work hard to keep their relationship healthy.

No one can hold on to a promise better than them. Moon Leos need to be treated like royalty by their partner. They are loyal and loving, but they will care the most about the person who will put them on a pedestal.

Buying them expensive gifts always works. When happy about their relationship, they turn into these proud creatures who do everything around the house.

But their lover needs to pay attention only to them, otherwise they will become more demanding and extremely moody and hard to deal with.

### **Capricorn Sun and Leo Moon man**

This man will never be satisfied with what he has. He wants more money, more power and more recognition. Proud of himself, he will show off his clothes and other possessions.

The more success he'll have, the more arrogant it's possible he'll turn to be. If he comes from a humble family, he will struggle as much as possible to change his condition. He's obsessed to conquer and to be the first.

The older he gets the less sociable he becomes. And there's no real reason for this. He will still go out and keep engaging with his most important friends, but he'll look to spend as much time as possible alone. Party days would definitely be over.

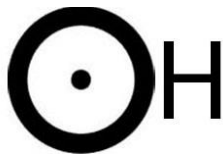

He will save his money for a new hobby. And he will be more than ever interested in studying, creating and inventing. While submissive to some point when at home, he will still be the authoritative figure everywhere else.

When it comes to love, the Capricorn Sun Leo Moon man is the initiator. Hurried to make decisions, he knows what he wants not only in life, but also in romance.

He will attract many women, but he'll keep close to the reserved lady who's also confident. Yet she needs to be as playful as him.

Not to mention she has to be ready for adventure and fun because he has to sometimes relax and escape the seriousness that characterizes him so well. When having children, he will reveal his playful side as much as possible.

In love with sports and very dramatic, they're fun to be around but have a pride that can bother some people.

When trying to demonstrate why they're the best at what they may be doing, it's important they don't grab all the attention of the public because this can be pretty overwhelming.

It would be enough for them to just be happy as they usually are, and the creativity that makes them feel so good all the time will surface. The Sun rules over the self and influences the way people shine in the eyes of others.

When in the 5th house, it makes individuals fun and eager to have all the praise. The natives of this placement will dance at parties and talk to everyone, no matter where they may be.

It's possible for them to just take all the spotlight because they want too much to be number one and possess an ego that gets immediately hurt when not stroked enough.

Their originality is famous, so if they happen to be artists, expect them to have immense success at some point in their career.

They develop more when out in the society, expressing themselves and taking risks. Because they love life and children, they can make the great party organizers for the birthdays of little ones.

As a matter of fact, they'd do a great job with any party as celebration makes them very happy. People with Moon in 5th house have a highly developed self-image, are proud and dignifying, their imagination getting expressed through the most original ideas that usually make them be appreciated in public all the time.

It's possible for them to focus too much on themselves and forget about others, but they immediately become generous again, as soon as they remember to consider their loved ones too.

It's suggested to let them do things their way, because they want friends only for companionship, not for being told what to do. Strong and bold, these natives are usually healthy and have all the elements in place: Earth focuses on their physique, Air on the mind, Water on emotions and Fire on their courage.

The 5th house influences their love life as well, making them true conquerors of hearts. Not all of their romantic relationships will be happy because Leo occupies the 5th house and influences them to be dramatic when it comes to love, feeling most of the time down

because the appreciation of their partner is never enough.

They should be careful not to get involved with abusive people who want to take advantage of their loyalty and big capacity to love. Passionate and caring, they will be the perfect life companions for the person who praises them all the time.

Sun in 5th house natives have the attitude of celebrities and need spontaneity in order to be happy. It's like their main purpose on Earth is to exude radiance and to play the many roles life has prepared for them or their ego agrees with.

Seeing their name plastered all over and having all the attention on them makes these individuals have even more energy and be very healthy from a psychological point of view.

Their optimism and joyful disposition will always have them surrounded by friends, but they can be too theatrical sometimes, especially when speculating.

Overconfident, they take risks without thinking of the consequences because it makes them feel alive.

They give a lot of importance to their hobbies and may end up opening up a business based on what they love doing the most in life.

Very romantic, natives with this placement love chasing their partner and being in a relationship that's exciting. The thrill of the courtship is really what makes their heart tick, together with creativity.

But they may love only for a short period of time as they're always looking to feel the excitement of conquering a new person's heart.

If they'll manage to keep their long-term relationships going, they will be able to express their love in a more efficient and profound way because just liking a person is not enough. The impact of romance has to be stronger and to put their charisma to good use.

### **The negatives**

The main problem of individuals with the Sun in the 5th house is regarding their exaggerated pride, domineering attitude, arrogance and flamboyance. Not to mention they sometimes feel inferior to others when it is not the case.

If afflicted, the Sun in this house can make them great manipulators who make use of mischievous ways to capture the attention of the public.

They may even agree with bad publicity rather than no publicity at all, making their need

to always be in the middle of things can be very annoying.

The more balanced ones will be respectful of both themselves and others, so they'd easily gain the appreciation of others.

It's possible for many of them to have too big egos and be selfish, presenting themselves in a pompous way because they'd think it's more dignifying to be this way.

It may be a challenge for them to become more sensitive with others and to use their charisma in an efficient way.

They may sometimes be too ebullient and not attentive to what roles they're playing, so it's suggested they decide on the performance that comes the most naturally to them.

Very confident, they would risk and speculate in any situation, making things dangerous for their financial stability. It's wiser for them to take breaks and think before taking any type of action.

The Sun in the 5th house makes them egotistical and interested in pleasures that have something to do with hedonism as ways to express their creativity.

They should develop without thinking only of themselves so much as this can't bring too many satisfactions.

These people may be innocently selfish, but thinking others' opinions and feelings matter too is important if they want to be perceived as mature.

They're dependent on others' praise and admiration because this is how they validate themselves.

Realizing their own worth would be better idea than rather than just waiting on appreciation from outside. They identify themselves with what they're creating, so if artists, their work would pretty much represent them.

As parents, they may be obsessed to protect their children and impose their authority every step of the way.

They're neurotic about how others perceive them, taking big risks for the recognition of others to come their way, planning how to get the power and doing anything for gaining the admiration of their loved ones or being too focused only on how they express themselves.

It's like they simply can't say what they need from an emotional point of view.

While having a lot of empathy and sympathy for others, they're too confused inside to ever become emotionally available. It's normal for them to retreat from the society for long periods of time, staying only indoors and enjoying the peaceful atmosphere of their own home. They will only reflect and recharge their batteries, avoiding all kind of human interaction.

The Moon makes these natives very sensitive and easy to hurt, having levels of energy and the ability to take charge of some situations according to their moods. What makes them very happy is being kind and not showing the entire world that they're actually like this.

### **Empathic beings**

Moon in 12th House people are very interested in the occult and supernatural, having many chances to be very good psychics. When the Moon is in a favorable aspect in this position, these natives will be very successful at doing anything that's not public.

Working with restrictions and in seclusion, like running a business from home or being guardians in a prison, is something they'd be very good at.

The same position of the Moon means they're more likely to have secret romantic affairs, a positive aspect of this celestial body indicating their relationship will surely remain hidden because they can keep it this way.

The Moon in 12th House has an effect over their unconsciousness and becomes more influential when in this specific House, with an effect over what the collective thinks of subconsciously.

In other words, it makes natives more expressive with the energy of their Moon sign and feeling like victims when they're out in the world.

People having Moon in 12th House can completely deny their Moon, so it's important for them to realize this planet's energy over them and to use it in a constructive way.

The position it has in this House makes people more empathetic and able to pick up others' feelings, giving them a special intuition that many don't have. That's why the natives with this placement sometimes feel overwhelmed when others talk to them about their emotions.

Moon in twelfth House individuals are naturally inclined to give a hand and to heal those in need. But in order to do all this, they first need to find the balance within themselves and to take care of any problems that they may have in their own life.

It's usually necessary for them to retreat and be alone for their load of negativity to be left behind and dealt with. Even those who are the extroverted type will become introverted with the Moon in this House.

The secret for their happiness is gaining the interior peace and not becoming too isolated from the society. The energy that characterizes them is defined by their lack of limits and amazing imagination, which can have them dreaming very vividly and meaningfully.

They get to feel the most comfortable when escaping the real word and retreat in the dreams they may have during the night, artistic activities or spirituality.

However, this means they need to learn how to deal with reality, because they're often absent-minded and make people believe they actually don't care about what's going on. While able to identify what their loved ones feel, they still seem detached and not at all interested in what problems others may have.

Mysterious and secretive, many of their friends and family are always wondering if they actually know these characters they're dealing with and whose Moon is in 12th House. Their incredible intuition comes to them instinctively, and they use it for reasons more or less meant to help.

Very attached to their mother and the maternal females in their life, they're sensitive when someone brings up the woman who raised them, in these moments turning their

intuition to the maximum.

Channeling their feelings towards doing something constructive can have them more sure of their successes and confident. When others limit them, they no longer know what to do, because their approach is to use their emotions and intuition without any boundaries.

It's easy for Moon in 12th House natives to have feelings that are not their own and to send mixed messages, so identifying what's really in their head and doesn't come through intuitive messages may be the challenge of their life.

### **Quite fearful about emotional problems**

People having Moon in 12th House are sensitive and emotionally attached to everything that's transcendental, out-of-this world and forever existing.

When it comes to interacting with others' feelings, they're a little bit late in reactions and need moments alone in order to recover themselves emotionally. That's why many may not understand them and they often isolate themselves.

The negative effects of the Moon in twelfth House are irresponsibility, too much sensitivity that is used as a reason for not getting involved, and not being mature enough for some deep feelings.

While resonating with other people's pain or happiness, they never seem ready to give a hand when a person is facing difficulties. It's normal for them to just retreat in a quiet and peaceful environment where they can do whatever they want.

Natives having Moon in 12th House see themselves as victims, the underdogs who always want to care for others and to play the hero. They seem to have a portal that takes them to different realities other than the common one, this being more accentuated if their Moon is in a Water sign.

An adverse aspect for the Moon makes them depressed, emotionally isolated and terrified of everything. No matter whom they may be spending their time with, you can be sure they'll merge their feelings with the ones of others.

Because they have a good heart, individuals with Moon in 12th House will always give a hand, not minding if this can turn them into true martyrs as a result of them forgetting about their own needs and hurrying to help.

They should be careful not to get manipulated by others and to avoid getting hypnotized. It's the easiest to have them under mind control because they immediately fall into trance when some specific techniques are being used on them.

Even the Moon can have strange effects over their mind, so they should pay attention to the way they sleep because they can become sleep walkers who do things unconsciously.

The Moon in this House makes them fearful when it comes to emotional problems, so they may be terrified that they'll lose everyone in their life or close into themselves because they are not trusting people.

You can find them secluded just because they don't want to do something wrong that may cause others to abandon them. Many of their childhood events and mother's ways will be fresh in their mind forever.

They probably used to see the woman who raised them as their enemy and used to have many mood swings when they were very young, which lead them to depression and even hysteria.

Having a very strong imagination, they're always dreaming, night and day, and their nightmares can be very vivid. They will spend many nights awake, being melancholic and having different thoughts. The Full Moon has a great influence over their sleeping schedule and causes them insomnia.

Their emotions are going with the flow, just like the sea's tides and they can't control them because of this. All the Moon in 12th House individuals dream of succumbing into an existence where they no longer need to stress about anything.

Their main gifts of empathy and sympathy will still remain buried deep inside them, so their need to nurture will never disappear. The twelfth House is all about the inner self and the hidden gifts people have to offer humanity. It makes natives aware of when they need to take action and what to do. Many famous writers and musicians had their Moon in this placement.

13°20'-26°40' Leo

### **Short Version [2]**

Strength: creative, intelligent dynamic, charismatic, charming, genuine, qualities of leadership, carefree, open minded , sweet speech, active, demands attention and recognition, mystical, aristocratic, refined, talented in the fine arts, youthful, energetic, excited, good in relationships, loyal, great spokesperson, sophisticated, physical healing.

Weakness: impulsive mind, impetuous, indulgent, selfish, reckless, addictive, spiteful, vindictive, unmotivated, immoral, spend thrift, lack of planning, requires too much stimulation.

### **Overview [1]**

- Lord: Shukra (Venus)
- Symbol: Hammock, fig tree. This represents rest, rejuvenation, sex, and pleasure.
- Power: To create. This creative ability is associated with begetting children, giving birth, and literally and figuratively bringing things into existence.

### **Strengths [1]**

Natives of Purva-phalguni are characterized by their zest for life. You have a youthful energy, always eager for new experiences and ready to act. It's almost impossible not to have fun in your company. Happiness seems to go hand in hand with your exuberant, carefree nature.

You seem to be good at everything you do. You are artistic, musical, and have a great love for all the fine arts. You are a true romantic. You have a refined sense of pleasure — you love to enjoy and you do it well. You may become wealthy, and are charitable with that wealth.

Anyone you meet will be struck by your air of elegance. You keep yourself clean and dress well, speak eloquently, and have a good sense of humor. You won't be caught speaking raucously or acting unrefined in any way. Invariably soft-spoken, you create a sense of gentleness and sophistication.

Sociable by nature, you love to spend time with friends and make new acquaintances, and you'll have a good deal of influence over those around you.

### **Weaknesses [1]**

Your need for excitement and your constant craving for sensual stimulation can get out of hand — it can make you impulsive, reckless, and excessively passionate. In your endless search for new experiences, you may be forced to explore increasingly

questionable territory.

Right and wrong don't hold a lot of sway over you, and you may be drawn to behavior that could be harmful to yourself or to others just for the novelty of it. You may behave promiscuously, overly eager for sexual pleasure. You have a tendency towards addiction and indulgence. Money can pass too quickly and too extravagantly through your hands. Since pleasure is your primary motivation, you can be lazy and unmotivated when it comes to activities that aren't particularly enjoyable. If you give in to this inclination, practical tasks will be left undone and your life could become unstable.

Vanity is one of your greatest weaknesses, and you can come across as entitled or pretentious. You generally experience good fortune in your life — talented, attractive, and charismatic, you often feel like you're on top of the world. Be conscious of the privilege you experience or you may use it as an excuse to look down on others.

Purva-phalgunis will ultimately experience greater satisfaction in life by cultivating humility and gratitude, and grounding themselves by setting boundaries for their sensual pleasures.

### **Other Personality Traits [1]**

- You feel lucky. Your life is generally one of good fortune, and your natural optimism helps you find the silver lining in even the darkest of clouds.
- You might be selfish. Your love for enjoying can make you somewhat self-centered. You might seem almost ruthless in the pursuance of your own pleasure, at the expense of others.
- You take responsibility for your actions. You might do some pretty crazy things in the heat of the moment, but you are always ready to deal maturely with the consequences.

### ***Mercury ☿ in ♒ Aquarius man 25° 50'***

([904] i.thehoroscope.co)

He loves to create havoc around him and doesn't accept to be told what to do.

The Mercury in Aquarius man believes that problems can only be solved by facing them rationally and logically, with a plan, and that humanity can only advance by putting emphasis on science, on technology and progressive fields.

His speech is cold, technical, marked by a certain rigidity and strange intonation, like what a robot would utter. He lacks any emotional depth or even the most apparent layer of feeling in his words.

#### **In a nutshell:**

Positives: Visionary and eccentric;

Negatives: Snob and indecisive;

Soulmate: Someone who can keep them away from boredom;

Life lesson: Leaving anxious thoughts away from time to time.

#### **The forward thinker**

He's the last free-spirited individual left in the world who just won't agree to be tied by rules and regulations. If the world wants to follow a path toward perdition and degeneration, why should he follow it like a blind sheep?

The Mercury in Aquarius man will find it incredibly dull and tedious to live his life

according to traditional principles, to dying ideas that the people of old followed.

This is the 21st century, a new age has come, and it's time for everyone to ascribe to this change that has taken place. The future is here for the taking. Science, technology, the new and the innovative must be finally accepted.

He creates havoc wherever he goes, raises a lot of questions and inquires into the nature of things. He won't hesitate to contradict anyone, even people with authority.

He doesn't accept things like "you shouldn't do that". Why not? He's intelligent, well above the rest of us, so if you believe you know more than he does, prepare for a cold shower of reality.

His unwillingness to follow a certain code of conduct that everyone else does is often perceived as snobbism, eccentricity, but it's really a result of deep thinking, analysis, rational forethought.

He's very good at telling what other people think, discerning their motivations, desires, corporal language, but will treat all of them fair and square. He will even help anyone in need.

His creativity and inner drive to put his thoughts into words make up a perfect combination. If he doesn't become a writer or a journalist, he's missed his career.

Even a professional debater will do, as long as no one tries to infringe on his freedom of speech and strange patterns.

If you've thought of a crazy and apparently idiotic idea that could have an immense influence on the world, chances are a man born with Mercury in Aquarius has already thought of it, demonstrated it to be unrealistic and moved on. He's organized, structured, meticulous and realistic, always.

Let's finally get to the topic that you've been anxious to find about, how does this native fare in his love life? Depending on the type of person that you are, it can be both good and bad.

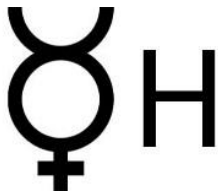

He's less receptive than most, in the sense that he likes flirting and talking to other women, but a relationship is not exactly at the top of his priorities.

If you manage to excite his intellect and intrigue him by flaunting your knowledge and curiosity, then you can be sure that he's going to fall in love right then and there.

He doesn't care about stuff like age, race, religious beliefs, although he's willing to debate you on them. He's definitely a factual person who's more likely to bombard you

with rational reasons and motivations, rather than emotional matters.

## ***Mercury ♀ in VI 6th House***

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time, with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking plays a big part in their lives as well.

### **Summary:**

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

### **Great judges of character**

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

### **The positives**

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and

reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

### **The negatives**

What happens is that Mercury in the 6th house natives often concentrate too hard on achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

**Venus ♀ in ♋ Cancer man 23° 51'**

([927] i.thehoroscope.co)

He puts a lot of interest in creating some kind of safe heaven around him.

The Venus in Cancer man tends to show his love and affection right from the start, and he won't hesitate to reveal all his emotions if he thinks it's the right moment.

He likes seeing his partner satisfied and his friends happy with the treatment that he offers. He helps build up a sense of stability and security that no one else can match.

Getting to know his partner, he can perfectly predict what she likes, what she doesn't like, and most importantly, what her deepest desires are. It's empathy we're dealing with here, a very deep one, coupled with intuition.

**In a nutshell:**

Positives: Loyal and understanding;

Negatives: Emotionally vulnerable and impulsive;

Soulmate: Someone who is patient and supportive;

Life lesson: Taking the time in life to pursue something he enjoys.

**His love personality**

While some men may prefer their partners to be exceedingly vivacious, foxy, and bold to the utter limits, the Venus in Cancer man wants a sensitive, sensible, and tender woman.

He wants her to be natural, to take care of herself in a simple and intriguing manner. If

she shows her need to be protected and taken care of, without trying to hide it, it's even more attractive to him.

He wants to build a relationship from the ground up, to help it along the way, and to spiritually enrich the bonds with sensible approaches.

If he puts in this much effort towards the creation of a safe haven, he will naturally be very reluctant in abandoning it, and there are very few things that would put him in this situation in the first place.

This guy lives to love and to be loved. Every time he makes a gift or a gesture of kindness toward his partner, it's just like he is reborn, born anew with endless energy. His loyalty is unwavering, and he's not even considering the concept of cheating.

He can be jealous, possessive, sad, but he doesn't express his feelings in an aggressive and obvious manner.

Rather, he prefers to suffer in silence, for as long as it takes. He wants to be appreciated for what he does, and he wants his girl to crave his presence, to always be anxious about his leaving anywhere.

Because they are very sensitive and vulnerable to emotional shifts or radical situations that could impact their mental state, these natives are very concerned and wary of possible dangers.

They will only reluctantly choose to commit to a relationship. After they have carefully look on the partner from every possible perspective, only then would they agree on going forward.

Trust and security are the basic needs for him in a relationship, and only the right person could give you that.

He wants his relationship to develop into a real family, even if not in the literal sense. His girl will have to take on the role of mother, and their home will be the mother base where everything takes place, where he feels safe and protected.

Moreover, he's very sociable and communicative, while his sense of helping others will always prevail.

In return, he does expect to receive support from his friends and family, but, sadly, a lot of his close ones are rather unfit to help, emotionally speaking. He's like a caretaker for the wounded and grievous.

When he's mostly going to need someone besides him, he won't turn to his friends, but

to you. So be mindful of his feelings and emotions, and appreciate his deep love for you.

He will most definitely want to grow your relationship into something more, have a few kids, and establish a happy family.

Be there when he most needs it, at his worst, and he's going to remember it for the rest of his life. He would like you to empathize with his problems, to be sensitive and tender, to be observant and loving.

The man born with Venus in Cancer is very protective of his friends and close ones, that much is a given, but to what extent? Well, let's just say that he's willing to give up on his happiness in order to give just a few moments of satisfaction and fulfillment to those he cares for.

He's just like a parent to everyone. So, if you have serious intentions in mind, like a family, children, a home to call your own, then this guy is definitely for you.

#### **Attracted by ...**

The Venus in Cancer man is a very emotional guy who wants to be entirely sure about the decisions he's taking, and he's not about to ask just about anyone out there.

His parents, especially his mother, are the main players here. Now, when he's going to enter a relationship, he's going to transfer much of those expectations to his girlfriend.

He wants her to support and encourage him, to be there when the situation turns dire. Not his friends, but his lover.

Also, if you always wanted one big happy family, but were afraid all men would avoid this, then you should be ecstatic to find out that he wants nothing else than that.

Just take care of him, show him your tender and affectionate side, stick close to him, and he will be very satisfied.

No one can compare to this native when it comes to empathy, to that urge to take care of others, to just be there and help someone unconditionally.

The Venus in Cancer man is exactly that. It's like he takes it upon himself to be the hero of everyone out there, especially his friends and close friends.

In relationships, you do have some expectations and need your actions to be appreciated and validated, but you still take the initiative like always.

It's going to take some time for you to open up and truly reveal your feelings to a partner because you are naturally protective of your secrets.

However, your strong Crab shell will take care of most of the emotional attack coming from the outside.

Anyway, he's definitely the one if you want to establish a happy relationship and then a flourishing family.

### **In conclusion**

It's probably weird and contradictory to say this, but their worst flaw can also be considered their greatest strength. They are very sensitive and thus prone to be disappointed really quickly, really bad.

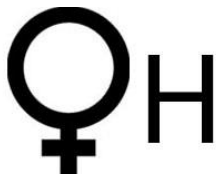

The man born with Venus in Cancer knows when to listen to you, how to do things to see you satisfied, and how to connect to you on the deepest of levels.

Thought about what would happen if you hurt him? Well, he's going to run back to his safe place, stay there for a few days, meditate on what went wrong, wallow in his sadness, and won't soon forget it. Try not to get there though!

It might be a good idea, in general, to take care of everyone around you, to clean up after them, to support them when they need it, but a relationship is different, it has to be different.

You can no longer do that because she's not going to take it for too long, you trying to control her life, to micro-manage it like that. Sure, be there for her, but only when she needs it.

## **Venus ♀ in XI 11th House**

([955] i.thehoroscope.co)

People having Venus in the 11th House need variety in their lives at all times and value all kinds of relationships and affiliations.

Venus is the planet of elegance, love and pleasure, so when it's in the 11th House in the natal chart, these natives are always looking for interesting friends, because their curiosity about others has them sustaining great relations.

They tend to impulsively associate themselves with different individuals, not caring what implications their actions may have. The 11th House is about everything that gets done in a group, while Venus is the ruler of love, so it's very likely they'll meet the love of their life doing something jointly.

They may have many financial gains and a lot of connections from many of the groups they're involved in. Very diplomatic, they usually get along with everyone but make the mistake of confusing love with platonic connections.

**Summary:**

Strengths: Friendly, cheerful and devoted;

Challenges: Pretentious and inconsiderate;

Advice: Follow your gut feeling without doubting yourself.

**Only a strong friendship will have them wanting more**

People having Venus in the 11th House will express themselves socially, romantically and artistically through the harmonious friendships they have formed by participating at events or going to fraternity parties.

It's very likely for them to meet the love of their life at a group gathering, because they like people with the same interests as them. But for them to get involved romantically, they need to feel their partner is being honest.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

While valuing all kinds of relationships and affiliations, they may not be very responsible with their friends. Venus in 11th House individuals will be adored by the people in their life and they will like it.

Only a strong friendship will have them wanting more, because this is the only way for them to truly fall in love. They don't necessarily want someone to make them feel fulfilled, so any person who can reach their soul will have their heart after a few meetings as friends.

They only see what's good about a person and prefer to keep a certain level of variety in each and every one of their relationships. There's no one to love friends more than them, so their lover may feel a little bit left out when not wanting to go out with their gang.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

Very good at changing their attitude according to whom they're spending their time with, Venus in 11th House natives fit in everywhere and are loved by many.

It's impossible for them to fall in love if the other person doesn't share their interests or doesn't come up with new subjects of conversation, doesn't get along with their friends or doesn't want to get involved in the same causes as them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

### **Loving but a little naive**

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do fun things. The fact that they're always focusing on the positive traits of a person and

can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, the happier they will feel and they'll be able to live the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so open with their feelings and caring.

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because they simply love talking about fashion and beauty.

If some "bad" planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group's interests. They don't want to rule, they just seem to be perfect for it.

## **Venus ♀ in Rx retrograde movement**

[699] [920] ([699] mollysastrology.com:) Has unique ideas regarding pleasure, beauty, and love. Less concern for social amenities. They may seek unconventional women. ([920] cafeastrology.com:) When Venus is retrograde at birth, the feeling nature is deep. Socializing is taken seriously, and rarely lightly. They can be somewhat shy in youth, as there can be an awkwardness felt concerning small talk and social graces, and an aversion for superficialities. Love is extremely important to a person with a retrograde Venus, but they may not be explicit about it enough for others to know just how deeply they can love. There is always more to this person than meets the eye. Their love life (and sometimes financial life) can be hidden in some manner. People born under Venus retrograde have to watch for self-sabotage in love relationships. There may be an underlying feeling of not being “good enough”, attractive enough, or loveable enough. Deep insecurities can be present. Self-love can be an issue. Fears can lead them to overcompensate, such as overeat, serial date, etc.; or can have the opposite effect wherein the person tells themselves they don’t need love. The same person can swing from both poles in one lifetime. A balance, of course, is ideally sought. Retrograde roughly 7-8%% of the time.

## **Mars ♂ in ♈ Capricorn man 2° 15'**

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn’t care about the problems of the world. He’s doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he’s not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

**In a nutshell:**

Positives: Competitive and reliable;  
Negatives: Rigid and boastful;  
Soulmate: Someone who has a healthy lifestyle;  
Life lesson: Material success is not everything in life.

### **Living in harmony with the surrounding**

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even

though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

### **A dominant lover**

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works days and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

### **In conclusion**

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that

exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

It's important they tone it down a little bit and try to determine who's feeling uncomfortable with them, and why.

They can manipulate others to do what they want, so they're not the fairest natives in the zodiac. Dramatic and fun, they also sometimes hurt others and get distracted. The fact that they're always looking for pleasure can harm their relationships, especially the ones of love.

When taking risks, they get to feel alive, no matter if this means they can also lose some money or precious time.

It's normal for people with Mars in 5th House to gamble, but they should be careful at the negative aspects in their chart, because these can make them lose more often.

It's important they don't explode in anger around their loved ones or when competing, because things with them may get out of hand when having this feeling.

Channeling their aggressiveness towards something positive would be a good idea. They should also realize their selfishness has only a bad influence in their life, consuming a lot of their precious energy that is meant only for fun things. If they didn't pay so much attention only to themselves, others would follow them into playing their games.

Advice: Avoiding confrontations is good but you still need to cope with some things.

## **The impact on personality**

Trusting their gut, Jupiter Cancers are instinctive and emotional. They can process others' reactions in a deeper way than most of us. Kindhearted and empathetic, these guys will offer sound emotional support to anyone who'll ask for it.

They are open to listen and to help when people are feeling distressed or don't know how to process their own feelings. This means they will have relationships that last for a long time.

But they need to be careful with those who want to take advantage of them. Jupiter in their sign makes them even more emotional than usual. They will be happier if they'll think seriously of their feelings before taking action.

Jupiter gives them a whole lot of energy, but can defeat their mood swings. If they will learn how to no longer over-think, they will not be so prone to change all the time.

The secret with these people is to develop slowly and from the center. Jupiter's main

purpose with them will be to help them grow and expand while being the most generous and abundant people in the zodiac. Development comes together with abundance, and growth is not possible if the person doesn't have enough for sustenance.

It goes the same way for any organism on Earth. Every creature needs more energy in order to transform and grow up. And the Jupiter Cancer's generosity depends very much on excess. Giving can't exist without having. For people not to self-destruct, they need to have more than they need.

Because Jupiter Cancers have more than enough to give, they will help other people in a lot of ways. As soon as they will find something they are interested in, they will climb the social ladder much faster. People born under this transit have a need for security and will look for financial stability all of their life. The more giving and comforting they will be, the more luck they'll attract.

Being intuitive would also help in a great way. Using their imagination and being compassionate will make them succeed. Not to mention people will feel they are being taken care of, around them.

When they remember their homeland and loved ones, their heart fills with love and pride. It's easy for them to grow attached to a group because they are feeling secure when surrounded by people.

And others will love being around them because they are caring and generous. Many youngsters will take them as their mentors and they will be more than happy to share their morals.

### **Where does their luck come from**

Jupiter Cancers will be the luckiest if they will work in domains that have something to do with home or foods. So catering and real estate would be their perfect line of work because they will also have the possibility to help others.

As they are moody and tend to hold on to values that are no longer of actuality, they need to be surer of their feelings and progressive.

Friendly and sociable, these guys like going out and meeting new people. They will meet

their best social ascension around middle age.

Because they have relations, they won't have problems taking on opportunities and making money. All of their ideas will be based on personal experience and their own philosophies on life.

However, they will become nervous when they'll be in unfamiliar environments. If they don't know anyone at a gathering, they need to reach to new people. Just like the other two Water signs Pisces and Scorpio, Cancers are highly intuitive. Jupiter influences them to be even more like this.

The more they will trust their intuition, the luckier Jupiter Cancers will be. When others will try to rationalize their feelings, these guys will allow themselves to be ruled by them.

If Jupiter Cancers will learn how to make use of their sixth sense more efficiently, they will only have successes in life. Sensitive and very family-oriented, they always take care of their loved ones like no one else.

And they can help strangers too so a career in nursing or child care would be great for them. Jupiter won't stand in their way when they'll want to build a nest or attain a higher level of financial security.

### **The Jupiter in Cancer man**

The Jupiter Cancer man will make sure everyone he loves is safe. He will never turn down his family or friends. This guy is also the most generous out of all people with Jupiter in their sign. His ideals are high and his care for others can rarely be seen in other people.

Security is his main worry. Because Jupiter is in his sign, he will always go the extra mile to help others. And he'll be happy to do it. The more people will appreciate him for his efforts, the happier he will be.

Not to mention the same Jupiter will help him to know his way around the bedroom. But his partner needs to be careful not to spend too much money on useless things because he wants financial security badly.

This guy needs to know his bank account always has more than needed. He won't stand being with a woman who doesn't appreciate money. Talking about future plans and commitment makes him happy about his relationship.

### ***Saturn ♄ in ♑ Capricorn man 23° 33'***

([1026] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

When Saturn appears in Capricorn in one's natal chart, that person knows that only time and effort can get them what they want, and in this sense, they dedicate themselves fully to the accomplishment of their dreams.

With ambition, perseverance, and great organizational skills, these natives use their skills in very efficient ways, giving off the impression that they can take on anything and still come out victorious.

Sometimes, they even have problems differentiating between some quality time alone and working hours, because they often combine them. Moreover, social acceptance is pretty important to them, as well as climbing up the social ladder.

**In a nutshell:**

Style: Disciplined and patient;

Top qualities: Ambitious, stable and relentless;

Challenges: Stubbornness and pessimism;

Advice: You are too selfish when trying to protect your emotions.

**Personality traits**

Individuals who were born when Saturn was passing through Capricorn are over-achievers above all else, the type of guys who either go all-in or don't go at all.

For them, there is either complete victory or utter defeat. There are no half-assed attempts, only definite and straightforward achievements.

Symbolically, this native's responsible and relentless personality is similar to the rough hardness of a diamond, immutable even in the face of time itself, let alone outside attempts to break it.

With great ambition and one singular idea to pursue, for the time being, this native produces immense quantities of effort and galvanizes all their inner potential in order to attain their innermost desires.

Professional advancement represents the essential factor that counts to them toward a happy and comfortable life. In this sense, they very much prefer to work alone because, on the one hand, they fully know what they are capable of, as well as the limits, and on the other hand, they don't do well in coordinating their efforts in a team project.

In order to truly bring out the best in them, these natives prefer working in an organized environment, where they can peacefully devise a plan, deconstruct ideas, work things up on how to achieve the desired outcome.

It's very easy for them to have the best results with this in mind, and one of their biggest fears is not being validated for their hard work.

Appreciation matters a lot, because it inflates their ego even further, and most individuals, who believe themselves to be smarter than everyone else, like this feeling.

Dedication comes with time, and it comes from a desire to achieve something, to find fulfillment. There are plenty of reasons why people work hard, but the Sagittarian Capricorn works out of a need to feel in control of any situation.

If they were to let everything play out without interfering, the end result would be random, out of their control, way too unpredictable for comfort.

Relaxation time comes only after all the responsibilities have been taken care of, and since they seem to never finish their work, or they always find other outlets to pour their unending energy in, it's a given that they don't take the necessary time to enjoy life as well.

On their path to achieving a secure and stable lifestyle, they might forget about living life in general.

### **Their love needs**

For all the responsibility and pragmatic efficiency that they demonstrate to have in professional life, things are very different when it comes to intimate relationships, to love matters.

Because they tend to focus too much on their plans and projects at work, they constantly forget about taking the time to take care of themselves, and this obviously means that their partner will feel neglected.

Their goals are admirable, as well as their motivations, but in the meantime, there is a clear lack of affection in his relationship.

To express emotions and feelings is not a sign of weakness, but one of maturity, of growth, of being human. The Saturnian Capricorn becomes a very reliable and devoted person once they commit to a relationship, and this is often the trump card that saves the day.

These natives must really take some time off and show their lovers that nothing matters as much as the relationship for them.

### **The good and the bad**

Their highly efficient and productive persona, as well as the infinitely ambitious personality, make others believe that this is a psychopath, someone lacking in any feelings, a workaholic who cares about nothing else than the career.

However, family and personal relationship matter at least as much as professional success, it's only that these natives often get too focused on a given project.

Social skills are very developed in their case, especially speaking abilities. Saturn

Capricorns can be persuasive, manipulative, and can really deliver a great speech in front of an audience.

You should never get into a debate with this native because they're going to turn you upside down and make it seem like you were wrong, to begin with.

It also doesn't help that they're down-to-earth individuals and will likely never over-step certain logical barriers.

With a laborious attitude and a confidence to scare gods away, the Saturnian Capricorn is equipped with everything they could ever wish for.

Indomitable will, scorching passion, a boundless source of spirit and energy, resourcefulness, they have all the qualities that warrant a great future, and they will achieve it by taking on any and all challenges.

Working for their family, for their close ones, or just for the sake of their own development, the rise on the social ladder, this native may have a slow pace, but it's a steady and unstoppable advance towards the epitome of success.

With this much potential at their fingertip, much of it granted by Saturn, it's no longer a surprise why these natives prefer working alone.

It's because there is only a handful of people who could be a match for their ambition and perseverance.

### **The Saturn in Capricorn man**

The male counterparts of the ever-so-successful Saturnian Capricorn women are endowed with the same obsession for rules, regulations, principles, and look on life as a playground to experiment in.

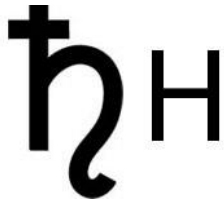

They are generally kind and happy individuals, both professionally and emotionally because the first determines the other.

If they have success in their careers, then it's going to reflect in their general disposition. If you stumble across one of these natives, you'd better make sure to keep them.

He will rock your world with his boundless generosity, love, care, and affection. They want to make their partners happy, and we all know how perseverant they can be.

## ***Saturn ħ in V 5th House***

([1033] i.thehoroscope.co)

This placement of Saturn makes people easily express themselves, be very playful and even manage to get others to have a good time.

People born with Saturn in the fifth house in their birth chart feel all the time like no one loves or appreciates them enough. This and the fact that they're inhibited from an emotional and creative point of view makes their romantic relationships cold.

Because they're restricting their own emotions, they may seem distant and not at all responsive when offered love, thing that brings their popularity down. These people can't seem to relax and use their hobbies as means to be more practical because they couldn't enjoy their interests in a different way.

It's difficult for Saturn in 5th house natives to show their love as they have no idea how to express what they're feeling and usually offer presents or all sort of material proofs to show their affection. Learning how to be warm and not thinking so much of themselves is something they should do either on their own or with the help of others.

#### **Summary:**

Strengths: Easy-going, spontaneous and sociable;

Challenges: Careless, distracted and stubborn;

Advice: They should be careful about the risks they take.

#### **A wise and thoughtful personality**

The 5th house rules over how people can express themselves and their playfulness. When Saturn is here, it influences natives just as much as it does in the first house.

While this planet impedes spontaneity, the 5th house is all about it. Natives with this placement will bring people down because they simply can't have fun or enjoy themselves.

This planet here makes them feel guilty for having a good time, which means they'll be pretty neurotic and think only about work.

It's important for them to realize life comes with its fun too, as it does with responsibilities. It would be only in their advantage to sometimes go to a party or to get involved with let's say, a charity.

Only by having a little bit of fun, they'll realize how to act around other people and what they may need to do in order to have a social life.

They should allow their date to lead from time to time, especially if that person also happens to have Saturn in the same house.

In this situation, the date would be centered around discussions about the ozone layer and how animals' rights are not in any way respected.

If their prospective lover doesn't have the same Saturnian placement, they may end up surprised by his or her ideas of having fun.

Individuals with Saturn in the 5th house can turn matters of wisdom and limitation into something very important for them. They're the type that feels exhausted and lethargic when having to express something or to be creative.

Their inner child will always feel repressed and scream to get out at least from time to time, as it should be normal.

These people may feel at the opposite side of the world from life's pleasures and laughter, preferring to watch how others are having a good time rather than doing it themselves.

All the attention the 5th house asks for is going to be replaced with ways of acting responsibly, being conscious and not interacting with the joy that comes from inside.

Saturn in 5th house natives may think the world is too playful and exaggerates with all the love because they would all the time restrict themselves from adapting to such ways.

They love children and get along very well with youngsters, which means they can choose a career as teachers.

Maybe their world will start to open up and they'll actually shine after interacting with those younger than them. It's possible they'll have problems with fertility and have children much later than others.

As parents, they will feel like this is the most difficult role they can have and even be traumatized by the experience.

They probably didn't have a good relationship with their parents and a problem with understanding music or any form of art as they're always experiencing an inner conflict and don't know how to be creative.

They will only remember how they used to be educated and disciplined when it comes to

their childhood memories. However, they want to be loved more than anything else in the world, and feel there's an emptiness inside them, which they cannot address.

Feeling they're not in any way worthy of someone's affection is normal for them. They may even get to be desperate to have their soul's needs fulfilled and to enjoy that love of a lifetime, no matter how much they're running away from this type of opportunities without realizing they're doing it.

Individuals with Saturn in the 5th house tend to blame themselves for everything, feeling they don't deserve love and detesting the person they are when with others.

They think people judge them, which makes them feel frustrated and terrified of any romantic involvement. There is also the situation of Saturn overcompensating all this, when they'll change partners very often, hoping to be adored and shown proofs of affection all the time.

They will eventually get tired of such a life and get to feel empty inside because true love must come from inside themselves to begin with.

Only by contributing to the world around them, they will manage to activate all that the 5th house is capable of. By recognizing their own value, they will manage to make others see what they're worth.

### **The goods and the bads**

Saturn is the planet that loves nothing else than to trip people, making life non-fun when in the 5th house.

It's important for these people to learn nothing bad will happen if they'll go out and dance or get drunk with their friends.

Depending on the aspects in which Saturn is in the 5th house of their chart, the natives of this placement are more less anxious when it comes to social matters and always very patient.

Saturn influences how much of an effort people can make and where their limits are set. This planet can have individuals pushing beyond their limits and overcoming any obstacle.

It can be challenging for the 5th house to no longer have natives in denial of whom they are, so any person's purpose when it comes to a placement in his or her birth chart becomes to discover what he or she loves the most.

The ideal situation is to take on responsibilities and become accepted by the society for being natural.

But Saturn in 5th house people may have this planet destroying all of these efforts and putting down any attempts to be themselves.

They may succeed at getting accepted for whom they are if they do something creative and at the same time safe for their emotions to be expressed.

Also, having some fun wouldn't cause them any harm, so they should be open to go out and make new friends.

They must deal with their inner authoritative side and let go of the obsession to take care of any responsibility they may have because this can't be effective for them in the long run.

It is possible to reach a state of pure joy, even if it means peeling down some layers of graveness and taking pleasure in what others like to do for fun.

Those who listen to their Saturn should make an effort to overcome their seriousness and do adventurous things or anything artistic.

They can overcome obstacles installed in their way by this planet and become great lovers, funny parents and even true comedians.

The presence of this celestial body in their 5th house shouldn't impede their imagination from running wild or their life from being pleasurable.

Being spontaneous and fun can have them happier than they've thought to ever be as they anyway can't stand to just sit around and are always dreaming of taking action.

They could be great leaders and run things faster than others, but Saturn seems to always be in their way.

It's a good thing they want to do everything correctly, yet paying a little bit of more attention to opportunities that seem risky is also a good idea for them.

There's a balance between wrong and practicality, and a lesson on this should be learned by them if they want to advance in their career or in life.

It can become really dangerous to not be able to have fun or to feel guilty about doing it. Letting the guard down and going with the flow are great weapons against boredom.

If natives having Saturn in the 5th house won't learn how to take pleasure in living their life, they'll become depressed and anxious.

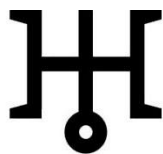

Working too much or too hard can even get them sick, so it's suggested they change their ways sometimes.

A good thing about Saturn here is that it makes people modest, no matter how loud and dramatic they can sometimes be. Many will not like their grandiose way, others will deal with it without having any problem.

These people are not going to cherish their happiness as long as other people are dying from hunger or bleeding to death on the front of some God-forsaken battlefield.

They want everyone to experience the same opportunities and to live life at the peak of comfort, happiness. For this, their humanitarian tendencies truly flourish constantly.

The single most evident aspect of a good revolution is the waves it makes, how the world reacts to it if the reactions are elevated to a new level.

What the Uranus Aquarian tries to make will obviously shake the order of things, but not because they use anarchic methods, but because the change in and of itself is the catalyst for the destruction of the status quo.

Generally friendly and generous with their friends and family, they are very communicative, like to socialize, share ideas, and are very good at explaining things to people.

The Uranus Aquarians know a lot, and they use this knowledge to bring a new revolution to the world, one where everyone understands one another, where most people live their dreams, and where everyone is united for a common goal.

They may take great pleasure in working alone, in attaining their goals with their own power, but team-work is more efficient and is known to be more productive. They have to learn this fact in order to maximize their results.

The Uranus Aquarius has a lot of emotional power that is left untapped, waiting to be

released. Even though they are very rational and like to do things using their common sense, their emotional intelligence is up to par as well.

### **A visionary lover**

Without being tied by old traditions and a stagnant mentality, the Uranus Aquarius looks to the future with a bright attitude, their outlook on being a very joyful one.

They wish to build an ideal lifestyle, and if they can do it alongside a person who most understands them, what could be bad about that? They are responsible, ambitious, perseverant, and have a very common-sensical perspective on life and the achievement of one's dreams.

You have to work really hard and put in a lot of effort in order to get anything. That's the basis of it all.

These people are also very logical in their relationships, avoiding overthinking about the possible dangers, and instead, concentrating on the present moment, the least, if not about the positive future.

### **The good and the bad**

While some people might not be able to see the good things in this native, he is actually very self-aware of his own capabilities and knows clearly what he wants to do.

Always thinking about the next plan, with ideas to further enhance it on the way, these people are nothing if not visionary, inventive, and quite stubborn.

They appear to concentrate a lot on what they want to do, and once they have picked a point of focus, they will become very immersed in the research. Most of the times, these interests involve the betterment of society as a whole or the wellbeing of certain social classes.

Obviously, these natives can forget about everything else when they get too focused on laying out a plan in its most detailed form.

When they start researching and gathering information, nothing matters as much anymore. Selectiveness is the key here.

Moreover, because of the great amount of knowledge at their disposal, as well as the urge to do everything themselves, they often appear so detached and aloof that they don't even acknowledge other people talking to them. This is a case of extreme focusing on one singular goal, nothing more.

### **The Uranus in Aquarius man**

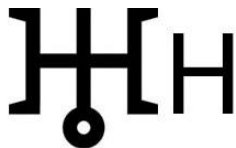

The Uranus Aquarius man can get very psyched up by discovering a virtue to call their

own, to fight for against overwhelming odds.

If he happens to stumble upon a higher goal, he will decide that it's worth everything to try and pursue it, and he will only do this after receiving validation from his close friends.

He has this urge to understand other opinions and get feedback on a course of action before committing to it. Even though his plans are not likely to fail, given his predictive and intuitive abilities, his social personality makes him communicate his ideas a lot. Help him, no matter how you do it, and you'll have made a true friend in the meantime.

Everything that requires them to think and to do something out of the ordinary is very attractive to these individuals. Meditation, yoga and alternative medicine make them curious.

Uranus is considered an eccentric planet, which in the house of work and health influences people with this placement to hate authority and to not want to adhere to the strict guidelines of a conventional workplace or the society all together.

Many will see them as always having crazy ideas that can't be made reality and even ridiculous. However, there will also be people who think of them as geniuses because they seem to be very inventive.

They are the type who comes to work and makes the day better with a good idea. It's normal for them to quit and to get fired from time to time because they either got bored with the job or they've treated their colleagues as idiots.

Others will never know how to deal with them because they're really unusual and only want to do unconventional things.

At least they're very well-read and informed about the latest news in science, so their unorthodox methods will be respected as they happen to have a lot of knowledge, no matter the subject of conversation.

Natives with Uranus in the 6th house are very sensitive when it comes to fairness and are trying all the time to be as perfect as possible.

When it comes to the everyday life, they do not have any control over it. If not aware of all these things, they may not get to see their plans put into action due to a lack of practicality.

Their unconscious reactions would in fact be a psychological response to their desire to become more adequate.

The more Uranus in 6th house people will be involved in chaotic situations, the more pressured and thinking everything that happens is beyond their control they will get to feel.

It's easy to determine what their inner thoughts are just by looking at what's happening in their life and they're dealing with it.

When chaos seems to surround them, you can notice how they're all the time thinking of their inadequacy because they seem worried.

As soon as they'll learn how to work with their thoughts and energy, they'll get to turn chaos into excitement and to become more spontaneous or free.

### **Blessings**

Uranus in 6th house natives are always responsible, no matter how much they do unexpected things. Expect them to find inventive solutions to any kind of problem and to bring their own personal touch to everything.

It's like they're making things their own way and manage to be successful. It doesn't matter if they'd be working on a project for work or organize something for their loved ones, their plans will always seem to have the little details in place.

Many will appreciate their style and will want them around as they don't hesitate to give a hand when needed. However, because they're so perfectionist, they may end up focusing too much on details that don't matter.

Their high standards are sometimes impossible to be achieved. Uranus in 6th house individuals love freedom, so it's a good idea to never push them to do something they don't want to.

These people should think others are also capable of great solutions and plans because they can't be the only ones who are right all the time.

If Uranus isn't in bad Aspects in the 6th house, they will be very flexible when it comes to what to do with their own life, deciding to either work on contract or as freelancers.

They may be attracted to science and technology because they really have talent with these and this placement of Uranus makes them very curious. In fact, this house will encourage any kind of project this planet may come up with.

They're usually those people who have blogs, vlogs and work online because this way, they don't have to respect a schedule and get inspired by Uranus to be creative.

Furthermore, these natives are very good at communicating with the public and can deal with any change or unexpected project better than others.

Those who spend time with them love the way they talk and how they never forget to include everyone in their life. Uranus in 6th house people can really know how to remove the pressure and usually help others feel more appreciated.

### **Challenges**

One of the problems Uranus in 6th house individuals have to face is related to their own high standards. When someone doesn't manage to live by their ideals, they become very criticizing and nasty.

It's important for them to not be the perfectionists they usually are when it comes to others because no one wants that.

If Uranus is in negative aspects in their 6th house, they may not be able to do something for others just because they want to give a hand, but because they only have hidden motives.

For example, they will take care of someone and expect something in return, which means many will not appreciate them. It's possible they have health problems when it comes to detoxification and metabolism, like intestinal and bladder diseases that can also be related to their past lives.

As a matter of fact, in a different life cycle, they may have even been physically impaired or suffered from a mental illness that had them depending on others for survival.

Therefore, in this life, they may have this pattern hidden in their unconscious and want to run away from giving a hand to those in need as they're reluctant towards neediness.

Individuals with Uranus in 6th house should accept imperfection and think life is worth living even if things aren't going so well. It is their mission in life to become as realistic as possible and to realize they may not have all the time the required potential, but also that this isn't in any way a big problem.

They should get used to paying attention to every little detail and in the same time be careful not to exaggerate with this because it can get them exhausted.

Having some fun and relaxing would bring them a lot of new energy, having Uranus reacting spontaneously and in an enjoyable manner each time something unexpected would happen.

### ***Uranus ☿ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

### ***Neptune ♆ in ♒ Aquarius man 9° 11'***

([1075] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

**In a nutshell:**

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

**Personality traits**

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

### **The positives**

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

### **The negatives**

However, they can be very dominative and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

### **The Neptune in Aquarius man**

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates

to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

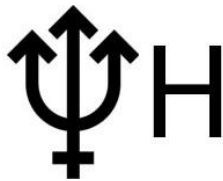

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

Just like someone who has amassed knowledge for his entire life, this native is naturally egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

### ***Neptune ♃ in VI 6th House***

([1082] i.thehoroscope.co)

This placement of Neptune makes people dedicate themselves to serving others, either through their choice of profession or just in their family and circle of friends.

When in the sixth house, Neptune influences what work environment one is surrounded by and the natives' need to be of service to others and always healthy.

It may seem people with this placement have a great desire to help others, no matter what they may be doing for a living. At work, they may be very imaginative and the most grandiose people around the workplace.

Everyday tasks seem very complicated for them because they can't seem to focus on details. It's impossible sometimes for people having Neptune in the 6th house to organize themselves or to be practical.

**Summary:**

Strengths: Witty, easy-going and curious;

Challenges: Deceptive and manipulative;

Advice: They should spend more time helping other people.

**Very attentive and kind**

Neptune in 6th house individuals may have serious problems dealing with the everyday life as they think it's not that important to follow a routine and to make lists that organize their life all day long.

Having this attitude and ignoring the most important responsibilities can have their life in chaos, and they may feel guilty or confused that things aren't going so well for them.

It's possible they'll just give in when their colleagues will argue with them, and even when these will take credit for their work.

When it comes to helping others, they have high ideals and can't seem to see the line between being generous and stupid. Many will want to take advantage of them because they feel like they can.

If they have someone they can trust when it comes to everyday activities, they are the happiest as they don't mind relying on others.

Since health was mentioned, they may suffer from some mysterious illnesses that can't be diagnosed or have strange allergies that can't be seen in others.

All the guilt they have about not being able to deal with everyday life will manifest in them through some psychological issues they may end up having.

These natives often turn to alternative medicine in order to become better and love animals more than they do some people.

Neptune in the 6th house of everyday issues, health and service may make natives with this placement feel incapable when dealing with any practical matter.

Their home may look like after the war because they simply hate to tidy up and believe work together with other details about life are overwhelming them.

Neptune makes them very sensitive to anything that for others seems normal, so they may want to escape life and to avoid working as much as possible.

For this reason, they may not be realistic in all the matters related to the 6th house and even with the planets that are in different aspects with Neptune.

This planet can be considered passive and sometimes malefic, so the people having it in the 6th house may get sick more often than others, even imagine they suffer from the worst and rarest diseases possible.

When feeling down, they will only stay in bed and talk with no one else besides their family.

It's not unusual for individuals with Neptune in the 6th house to feel like they don't have any energy, no matter what they may be doing.

When there are other good aspects forming, the natives with this placement could do a great job as spiritual healers. They'll be meant to help other people feel better and make this their goal in life.

They may no longer care about other aspects in their life, and can dedicate themselves completely to serving others. It can be difficult to be them in this situation, but they'd feel good about giving up all of their other wishes and dreams for a life of service.

As said before Neptune in 6th house indicates trouble with the everyday life, so it's difficult to have this planet here as it brings carelessness and other problems with organizing.

Natives with Neptune in 6th house should be careful not to end up victims of not so well-intentioned people that prefer to use others and to never do anything constructive.

This house rules also over work, so natives with Neptune here cannot care about getting a job or may do different kind of services without a contract.

Indeed, they aren't in any way good employees because no one can rely on them and they prefer to dream instead of doing their job.

The fact that Neptune is a water planet is not advantageous for them when it comes to matters the 6th house rules over. It makes people chaotic, always late and dependent on others to do their job.

Obviously, it's essential to also study other aspects rather than relying on what this planet has an influence over because it tends to be passive and to have people always looking for a direction in their career anyway.

When Neptune is challenged by malefic planets like Mars, they may be the ones stealing, lying, or always trying to use others in order to obtain some favors.

The planet of substances as well, Neptune is very dangerous in the 6th house because it

makes natives with this placement dependent on drugs and alcohol.

In a situation of many bad aspects, these people should not in any way touch anything that could make their mind blurry.

Also, they should be careful and not handle any substances or chemicals that could poison them. As a matter of fact, there aren't other people with different birth chart as prone as they are to getting poisoned.

It wouldn't matter where Neptune is, or if it's close to the Ascendant, the possibility of them being poisoned by others would still exist.

However, when in the 6th House, it indicates mishandling of different chemicals and getting poisoned by mistake.

Big procrastinators, natives with this placement are usually leaving their tasks to the last minute and hope in secret that these will disappear by magic.

They have a tendency to get sick with the most unusual diseases and have allergies that others wouldn't even think of.

That's why they're curious about how they could cure themselves and about homeopathic treatments. Lovers of animals, they may have at least a cat and a dog at home.

### **The goods and the bads**

Neptune in 6th house natives need to add their imagination to everything they may be doing, and also allow themselves to believe they're meant for great things.

Very creative, their vision may inspire others to create and to be as productive as possible. These people always want to bring something new, but they need to know when to take action.

The more experience they'll accumulate, the better life will get to be for them. Remembering they have great intuition would help them finish their plans and projects faster, while they'd be investing all of their strength and energy into the task at hand.

In order for them to deal with the everyday life more easily, they should learn different techniques of coping and always rely on their memory.

Only this way, they'll manage to have respect for themselves and to no longer be afraid to offer their help and advice.

Natives with Neptune in 6th house shouldn't pressure others to clean after their mess

because this can lead to feelings of resentment. It's true they may have problems finishing projects, but they shouldn't ask others to do their job.

While their friends will always support them, it's important they don't allow others to encourage them to procrastinate as they're the only ones who can handle their own affairs.

These people should never pass on their work to colleagues or the ones they love just because they think it's impossible for them to get it done.

Sometimes imagining and other times actually suffering from different diseases, they would always be stressed that they may have incurable illnesses and end up suffering from insomnia or panic attacks.

It's essential for them to learn how to deal with stress, whether is through yoga, meditation or just practicing a sport.

### **Pluto ♇ in ♋ Cancer man 11° 44'**

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

**In a nutshell:**

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

**Personality traits**

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense than most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

**The good and the bad**

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

### **Pluto in Cancer in love**

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

### **The Pluto in Cancer man**

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick

himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

## ***Pluto ♇ in XI 11th House***

([1111] i.thehoroscope.co)

This placement of Pluto makes people be exceptionally devoted to those dear and not only, ready to throw in a helping hand, whenever needed.

Those born with Pluto in the eleventh house of their birth chart are at the very extremes in terms of emotional stability. They will rage and wreak havoc on anyone who dares to go against them.

And when confronted with difficult situations that demand a calm approach, they will take out the sword and walk through rivers of blood. Grudges, mostly, are the way these people sink themselves in the swamp.

The great potential that they've been endowed with will always surface, stronger and deeper than ever. Moreover, their intuitive and psychic powers allow them a moment of respite and break from the waging war of the world.

### **Summary:**

Strengths: Responsible, kind and caring;

Challenges: Dismissive, opportunistic and stubborn;

Advice: They should strive towards being objective not judgmental.

### **Pathways to success**

These natives are going to go through one hell of a harsh time with regard to their social relationships to other people, social events, and the many group projects they're going to participate in.

Either they'll listen to the commands of others, adapt and follow orders, ply their trade according to certain regulations.

Or they realize the deep potential lying within their own genes, the great ideas and strong principles that others would simply admire, the game changes completely.

Now, they are the leaders, bringing everyone up to speed with new directives and pathways to success. Even more, now they won't readily accept to obey or submit themselves to the status quo.

They don't have that many friends. This happens as a result of the strong tendency to commit unconditionally to a friendship, to put every effort to develop and maintain it.

The Pluto in 11th house natives are literally exceptionally devoted and supportive whenever the case. However, they also expect the same kind of treatment from close people without having to ask for it.

The number of people who are this committed is not that large, to say the least. Moreover, they don't do well with large groups of people chanting or supporting an idea, simply because they abhor the herd mentality.

Holding something as being true without actually investigating that is blamable and worthy of distrust, ridicule, and mocking in their eyes.

One other reason they can't quite fit in groups is that they always distance themselves by going against the flow.

Where there is something fishy or suspicious, they will call it out, often against the will of the majority. This makes them the black sheep instantly.

In general, actually, they think in a different way than most, are attracted by things that the majority doesn't even know about and uses uncommon means to get to their goals.

They want to develop an objective point of view, outside of the confines that a herd mentality retains.

The only real reason why they would ever choose to become involved in any group activities is that they want to hone their skills or learn something. Or perhaps they want to bring a change in the world, help achieve some breakthroughs that would do a lot of good to many people.

Pluto in 11th house people should, however, be extremely careful about who they choose to trust because these groups are home to despicable individuals.

Especially political parties gather people of unspeakable pretense and fakery, snakes that are just waiting to attack you from the back. They are very sensitive to how others react to their ideas, in general.

They will often wonder whether their actions or words affect the people around them, or better yet if they offend anyone.

This is an ill-begotten attitude that should be tempered, taken out of the equation because it only forces them to be subservient and weak.

If they could focus all this rampant energy toward let's say, humanitarian and altruistic ends, things could be very different. It's their responsibility to change something.

### **The goods and the bads**

They are offered very lucrative opportunities through their friends and close associates, the kind that they trust with their lives.

The Pluto in 11th house natives are very electrifying and have very intriguing personalities that will attract anyone to them like a magnet.

Because of their principles and generally kind attitude toward the helpless, many people admire them, including their followers. However, they can also have very high expectations. Hatred or admiration, it all depends on how they approach most situations and problems. If they strive to bring everyone out unscathed, then they'll bask in the glory of victory.

If they give out commands and dish out punishments for insubordination without taking anything else into consideration, then chances are they're going to be hated.

For them, knowledge and information are two of the most important aspects. Of what? Of everything. One can't do anything without having the necessary know-how, the basic principles, the logic and the reasonable mindset based on knowledge.

They take it upon themselves to eradicate ignorance, superficiality, to foster a sense of spiritual upliftment, to bring out the best in people.

They are very capable of adapting themselves to people from different social strata, to understand and explain. However, it's also true that one can't change the world just like that. Sometimes, most of the times, no matter how much effort you spend, it's never enough.

They can't control everything, and they can't dictate how people will react to certain events. Sure, when there are grander things afoot, bigger odds to play, then sure, the 11th house natives are just the right people for the job.

But when it's something relatively simple, with no enduring consequences, then they should learn to be more tempered and back off. Otherwise, they will upset a lot of people by being too intrusive.

### **North Node ♏ in ♍ Virgo 11° 53'**

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior

tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is uimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition uis unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those he desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

\*\*\*

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other

good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK', Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

(Mohan Koparkar)

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of

sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and

circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

### **North Node ♌ in I 1st House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in the First House is good for the native; it brings him a measure of support which will enable him to succeed in life. It is also a sign of wealth from the intellectual standpoint: a practical imagination, an inventive and fruitful mind. This position is good for the health.

The Descending Node (Dragon's Tail), being in the Seventh House, signifies worries and troubles regarding partners. It often indicates a very material union, so that if the planets are well-placed in the Horoscope this position will be fortunate for money and material things, but where marriage is concerned, not for the emotions.

(Isabel Hickey)

Person must develop his own initiative and his own personal power. Has relied too much on other people in the past, and has been dependent on or dominated by others. Now he must hew and carve out his own destiny. Through his own efforts and his own actions, he will gain the confidence and self-reliance he needs.

(Bernice Grebner)

This person tends to learn to do things for himself, to rely on his own initiative. Life seems to force him constantly into situations where he will have to act under his own volition. He should develop a personality that the public identifies as being individual; and he needs to take a personal stand on things. North Node in the first is forced constantly to project himself, depending upon the sign position. The sign would indicate the reason for the projection of self. He will need to accomplish things through the power of his personality, and to develop self-sufficiency.

South Node in the seventh is self-abnegation. There is danger here that the individual will try to indulge in all kinds of relationships. His partnerships can become so involved that he may lose his individuality in other. This gives the probability that the person will marry successfully later in life. There is always a secret fear of losing the marriage partner. It gives innate knowledge and talent of how to be a good partner. Along with this comes dissatisfaction because of the South Node person's overly idealistic image of a partner. Marriage in this ideal sense may be tried many times and many times denied. He is not rational where partnerships are concerned, especially when South Node is in the sign of Libra. South Node in Scorpio in the seventh is troubled with sexual idealism and / or the partner's financial status. The person is capable of counselling others despite his own personal problems, or more probably because of them.

(Mohan Koparkar)

This condition signifies that the personal values are more important than general public or partnership(s). Individuality is self-propelled; and this person may or may not take heavy partnership responsibility. In reality, the partnership activities are often a drag for them in many ways, but they have to learn to cope with that. Strong aggressive tendencies are displayed, and the personality can be action-oriented. Other people or partnerships become a medium of learning experiences with or without choice. In their recent past life, they have been too much marriage-oriented or in deeper public involvement.

(Martin Schulman)

This individual is here to go through experiences which challenge the self. In former incarnations, he fell into the trap of depending upon undependable people.

Spending too much time trying to help others understand themselves, he never stopped to reflect on how their same situations and circumstances played an important role in his own identity. As a result of putting the accent outside the self, it now becomes difficult for him to see who he really is. This is particularly strong if Neptune is found near the Ascendant.

These Nodes indicate past incarnations in which the individual submerged his identity in the affairs of others. Marriage and partnerships are so deeply rooted in his way of doing things that his quest of self is constantly viewed through other people's eyes. He therefore allows their thoughts and opinions of him to influence his own sense of identity.

Ultimately he must come out of the bondage of trying to be all things to all people, and, in the light of his own singular vibration, establish who he really is. He must escape from living in the shadow of other people's lives.

His soul memories of co-operation and teamwork are so strong that every time he falls back on them, he actually extinguishes himself in the causes of others.

His first house North Node now brings to him the awareness that somehow he has lost his identity. Submerged in the desire to please, he has made himself a reflection of an ideal peculiarly opposite to his own basic nature. This causes him much current life pain as he desires to come out of himself while at the same time not inflict hurt upon those near him.

He must ultimately learn how to assume gracefully the role of leadership. This is extremely difficult, because he has had so much prior-life experience in being submissive. He has sacrificed himself so that others could achieve their goals.

All of his important experiences revolved around docile acquiescence. Now the highest growth potential is to establish a sense of self without shutting off completely the benefits of marriage and partnerships. Too often when he becomes aware of all he has sacrificed through his South Node, he becomes an extremist, feeling that one state of existence inhibits the other. He starts focusing every part of the life energy around the desire to lead rather than to be led. Through an instinctive knowledge that his Achilles heel or weak spot is in the ways that he can allow himself to be put into the position of being taken advantage of in marriage, he develops the tendency to become too over-assertive. He tries too hard to make up for what he feels he has lost.

To achieve happiness in the current life, he must learn how to balance equally his own needs with those around him. He must deliberately try not to rush his own growth and independence, with the understanding that the most beautiful flower takes time to blossom, while only the weed grows quickly!

The sign which contains the South Node indicates the ways in which the individual

during former incarnations submerged himself in others. The sign which contains the North Node shows the ways in which he can now establish his own sense of identity.

(Donna van Toen)

Conflicts: Good self-projection in terms of being true to self vs. good projection in terms of appealing to others. Excessive worry about partner's well-being vs. attention to your own well-being. Self-generated vitality vs. dependency on others for stimulating vitality.

Possible results of sacrificing North Node: You become dependent on the cooperation of others. You lose awareness of your own feelings about things. You lose your identity. You sacrifice yourself so that others can achieve their goals.

Possible ways to integrate North Node: Learn to accept leadership roles occasionally. Remain sensitive to your environment, but try to avoid being overly influenced by it. Travel - preferably on your own. Seek direct, honest contact with others. Seek out new experiences.

\*\*\*

In the first house, there's a hang-up about leadership. This person is inherently strong and probably highly motivated, but often lacks moderation in his or her attempts to fulfill a leadership role. There's a fluctuation between playing the dictator - which invariably proves unsuccessful - and a strong lack of confidence in your abilities. You feel if you can't be the ultimate leader you may as well just put your life in other people's hands. Either extreme produces clashes with others, since neither the dictator nor the pawn proves to be a totally comfortable role.

A less common tendency is to not care about how you look. This person, rightly or wrongly, wants to be accepted on the basis of his or her inner qualities. However, again rightly or wrongly, in our society relationships are often initiated on the basis of an attractive appearance. For this reason, those who neglect to develop this facet of their personality quite often don't get to first base when it comes to forming relationships.

It's interesting to note that in the process of balancing the first / seventh nodal axis, the person may for a time develop an almost narcissistic preoccupation with grooming and appearance.

North Node in the first house wants to be thought of as ambitious, energetic, and lucky. In contrast, ambitions may have been thwarted by an early marriage or an unfortunate marriage that was based more on transitory romantic feelings than real love. Feelings about relationships and life in general are changeable, and often make a drain on energy, so that when opportunities arise, motivation to act on them is lacking. Sometimes there are problems from laziness or passivity.

(Haydn Paul)

Your focus for personal development will concern identity and relationship issues. You may become dependent on others and, in so doing, submerge your identity in the process, perhaps by displaying a passivity to their will, desires, and needs. You may lack self-esteem, as your self-image often reflects others' perceptions and evaluations of you. This can be misleading, perhaps creating a distorted self-perception, particularly since you allow others' views and opinions to influence your actions and behavior. Yet relationships will be important, and you can devote much time trying to satisfy these partnership needs.

You need freedom from dependency on others. Learn how to be more independent and forge a unique identity, instead of relying on others to define it for you. Through self-understanding, you can live by your own light. But, until this is achieved, you probably will remain too influenced by another's persuasion. What may occur is that, through your desire to please others, you deny and repress your own identity, needs and desires; and through misplaced self-sacrifice, lose contact with your deeper being.

While you recognize the value of relationship co-operation and harmony, being too passive and submissive to more assertive personalities becomes damaging. There are alternate ways of relating, however, which can benefit all concerned. Discovering this alternate path is your challenge. You may have to assert your needs and desires in a way which does not create conflict. Perhaps due to previously relying on others to decide actions, when you become more assertive, you encounter friction with those who have almost taken you for granted. They may find it difficult to deal with the emerging 'new you'. Such difficulties must be faced, and relationships must be rebalanced and adjusted; reverting to a submissive or passive attitude will be detrimental to inner growth.

Ideally, this developing self-expression will be balanced with an openness to experience the richness and complexity offered by relationships. Initially, this may cause relationship challenges; and your assertiveness may be inappropriate at times. Careful moderation may be necessary, especially if you suddenly act as a 'new you' overnight, or try to dominate others. You need awareness of how you are treating others as you move from a passive to an active role in your relationships. Care is required as you unfold your personality, and when harmonizing your needs with those of partners. For some, the transition could involve dissolving older relationships and later forming new ones more suitable to the old phase. Growth rarely happens overnight; it will come slowly and with considerable effort. But retain faith that your struggles will create great personal benefit and freedom.

## **(Black Moon) Lilith ♀ in ☊ Cancer 13° 44'**

([1140] elsaelsa.com)

### **Atlas**

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

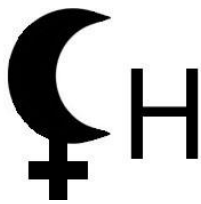

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that

such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

## ***(Black Moon) Lilith ♀ in XI 11th House***

([1159] [elsaelsa.com](http://elsaelsa.com))

### **Outcast**

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are

silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

([1248] [astromajesty.com](http://astromajesty.com))

These persons are resilient, tenacious, and fighters. They tend to shake off whatever bothers them, no matter how big or small.

People with Chiron in Aries believe that they can handle and manage everything, even if it hurts like hell. They are likely to, at least on the surface, move on quickly from whatever caused them suffering and torment.

Yet, as they are likely to develop deep connections with people, their loved ones and friends usually notice something is wrong. These persons are likely to tell them it's nothing, so in the end, their dear ones feel their pain more than Aries Chiron people themselves.

Nevertheless, these individuals expect the same from others concerning struggles and pain.

People with Chiron in Aries are likely to tell others to stand up and take it when hurt because everyone goes through some pain, adversity, or trauma. They believe that, otherwise, people will lose themselves in misery instead of moving on.

They believe that they recover fast, and they try not to look back. Aries Chiron people take this approach even when in hard pain and trouble. Some might perceive them as cold. Once people find out how many turbulences Aries Chiron individuals had, they are usually shocked.

These people are usually born during years of conflict or socioeconomic changes and transitions (e.g., generations born between 1918-1927 and 1968-1977). Things change often and quickly during their childhood. That teaches Aries Chiron individuals to don't

get attached and to move on fast.

Individuals with Chiron in Aries usually experience struggles in childhood that hurt them a lot, but all they could do is suck it up and focus on the future.

But they learned how to not dwell on the past and regrets. As a result, they either don't talk too much about their problems, or they use them as an example to help others overcome struggles.

### **Men with Chiron in Aries**

## ***Chiron ☿ in VIII 8th House***

([1267] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 8th house typically struggle with sexuality, intimacy, and mortality. It is a perplexing placement, and it may indicate experiencing a traumatic loss, death, or financial issues.

Anyway, this position will likely manifest through intimacy problems, not accepting death, or inheritance and tax complications.

Those with Chiron in the 8th house almost always have to go through life-changing events and occurrences that will leave them with trauma or emotional scars. It is the placement that forcefully makes one transform, grow, and develop.

These are not inherently this life's traumas. It can also be a memory, energy, or karma from the past life. Thus, the pain is typically related to dying, being abused, or losing a loved one.

However, it could also be that one is terrified of dying or experiencing the death of their family, friends, or partner.

### **Fear of death and illnesses**

Yet, when they unite, the 8th house and Chiron usually bring one's most challenging fears to life. It is why these natives are likely to see someone die at an early age or have

a near-death experience early in life. They also tend to be afraid of getting sick or have nightmares of their dear ones dealing with a life-threatening illness.

Chiron in the 8th house natives could also have a fascination with death, occultism, and kabbalism.

Thus, they could be curious about self-afflicted pain, provoking death and accidents. The darkness and danger often excite them and trigger their deep interest. It is what could lead them to turn to self-destruction or hurt others to see their response.

They are typically emotionally demanding in relationships and have issues with how they express their sexuality.

Those with Chiron in the 8th house tend to find it hard to relax with others, let go of their restraints, and be in the moment. They don't trust anyone, or they fear in advance that everyone will leave them.

It is what also makes them act awkward, shy, or embarrassed in front of potential lovers. Yet, they would do everything for others to like them, so they'll try hard and often do something that doesn't make them feel comfortable.

That results in not being sexually satisfied and generating frustration, self-doubts, and growing concerns of inadequacy. On the other side, they typically manage to satisfy their partners because they are highly intuitive and empathetic.

Those born with Chiron in the 8th house typically don't talk too much. They are observers and have analytical minds. It is why they will evaluate someone's posture and behavior before engaging in interaction.

These individuals are great at reading other people and picking up on their signals and cues. Others could perceive them as weird or scary, but that's usually due to their investigative personality.

Thus, as they question everything and everyone, they can see how others manipulate people and pull the right strings to get what they want.

But Chiron in the 8th house natives doesn't fall easily into those situations because they anticipate and identify who could lie to them and use them.

Yet, they don't act as a judge because they understand why people do what they do. It doesn't mean that they won't become mad or disappointed, but they will consider the situation.

People born with Chiron in the 8th house are especially fond of children, animals, and

those they perceive as innocent but caught up in unfavorable scenarios.

Thus, they often end up as healers of those on the margins and struggling in life.

### **Primal responses and feelings**

They are much more complicated in love and lust connections because those relations trigger primal emotions and instincts in them. It is why they tend to become controlling, jealous, and manipulative.

If they doubt their partner and their loyalty, they can be full of rage and resentment or become obsessive and hysterical.

However, they mostly become hot-tempered or conniving because that's what they use to hide their insecurities and fear losing their partner. They try to control their loved ones and direct every move because they see it as the only way of ensuring their devotion.

Hence, their manipulation and mind-controlling games are a consequence of their vulnerability and lack of self-love.

If they manage to relax in intimate moments, they could find healing in their sexual expression or share the most vulnerable part of themselves with their partner. On the other side, sex can also be a lethal weapon that destroys their ego or self-esteem.

These individuals tend to perceive everything as a power struggle, including love and connections. They are afraid that one wrong move or word could make them look weak or chase their loved one away.

### **Healing potential**

Their fear of giving in and being intimate likely tends to come from a traumatic experience concerning sexuality, including sexual violence, threat, or humiliating situation. These natives usually hide that trauma from everyone or even from themselves.

As a result, Chiron in the 8th house natives can't connect with anyone on a more profound level.

Regardless of how hard they try their defense mechanisms sabotage their effort. That is especially significant regarding physical intimacy. They are afraid of others seeing them without their protective layers.

Nevertheless, these natives could use that pain to help others heal. If they learn how to overcome their inner troubles and fears, they could become healers.

But that requires confronting their inner demons and finding ways to overcome them.

Scorpio is the sign opposite your Part of Fortune in Taurus. If you identify negatively with Scorpio, you will only find chaos and destruction in all those unpredictable situations that appear in your life. These are simply unknown things being revealed to you.

### ***Part of Fortune ☒ in IX 9th House***

([1295] [astrolibrary.org](http://astrolibrary.org))

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([160] astromatrix.org:) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

4) ► **Moon** ☾ **Contra-Parallel** ♀ **Venus** - (0°38')    ♎12 | ♎11

([153] astromatrix.org:) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then

you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

5) ► **Moon** ☽ **Parallel** ☾ **South-Node** - (0°16')    ⚡12 | ☾7

([162] astromatrix.org:) Strong Emotions

With the North Node opposition Moon, you may have difficult relationships with women, especially your mother although there is frequently a strong psychic link to her. The emotions undergo difficult spells, especially you have trouble expressing your sensitive side, causing others to see you as cold or more standoffish offish than they really are.

Getting the support of others does not come easily, you may feel alone, forced to rely on themselves. Losing loved ones is extremely hard on them. The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

Memories of difficult experiences working with the public from previous incarnations may inhibit your expression and evolution You are working on strengthening and balancing the emotions, stabilizing the mind, and handling the impressions coming in. If the impressions get away from them, there can be a fascination with occult practices of an unhealthy sort. In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

There is a tendency to feel alienated by others' lack of cooperation and support, and you may feel that you have bad timing. As a result, you isolate yourself further as a defense mechanism and create a perpetual cycle where you feel lonely and negative all the time. You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

6) ► **Moon** ☽ **Parallel** ♁ **Vertex** - (0°29')    ⚡12 | ☾7

([131] astrotarot.net:) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember , depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean

that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

7) ► **Mercury** ☿ **Contra-Parallel** ⚡ **Uranus** - (1°39') ♊6 | ♊6

([167] [astromatrix.org](http://astromatrix.org);) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to

acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

8) ► **Mercury** ♀ **Parallel** ♀ **Pluto** - (0°48')    ♁6 | ☿11

([34] [astromatrix.org](http://astromatrix.org);) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-

prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

9) ► **Venus** ♀ **Parallel** ☾ **North-Node** - (0°22')    ☿11 | ♀1

([49] [astromatrix.org](http://astromatrix.org);) Socially Prominent

Venus conjunct North Node attracts good things. Creature comforts, a pleasing personality, and social ease are pronounced. The cosmic forces have imbued you with excellent potential to establish and further the harmony around you.

Relationships go well, or at least there are plenty of opportunities for you to attract them. In its most positive potential, this encourages diplomatic talents and acts of compassion and generosity.

There is potential for success in Venus ruled pursuits, such as singing, music, entertaining, the arts, and anything that caters to the pleasure of others. Many poets, painters, dancers, and composers fall in this group, and you may be quite progressive, interested in moving in new directions in music and art.

Likeable and diplomatic, you are likely to have success in relationships and business partnerships. You are likely to be socially prominent and will benefit greatly from friends or partners. You may form relationships with those who have power, resources or who can further elevate your social status. Be aware of an ability to be deceptively charming for your own gain.

10) ► **Venus** ♀ **Contra-Parallel** Vx **Vertex** - (0°09') ☿11 | ♀07

([133] astrotarot.net:) Typical features that opposition brings – You find that by doing something for yourself, you attain the success or happiness you deserve. Also, you may achieve a feeling of importance due to the confidence you feel about yourself. You are hard worker, and goal oriented person. In other words, it governs self-expression, drama, creativity, color, attention, romance, fun and play. There is a constant interaction with the environment, which is expected in achieving all happiness.

- If this rear aspect exists in your natal chart you need to work on: With this Natal Venus – Vertex aspects you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. With this Natal Venus – Vertex aspects you need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

11) ► **Mars** ♂ **Parallel** h **Saturn** - (1°04') ♄35 | ♄35

([52] astromatrix.org:) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help

Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

12) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (1°56') 135 | 6

([54] [astromatrix.org](http://astromatrix.org).) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a

potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

15) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (0°52') ♃5 | ♆6

([69] [astromatrix.org](http://astromatrix.org);) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast

away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

You are friendly, loving and with an optimistic attitude towards life. This setting predestines you, for example, for public speaking or singing. Use your voice to inspire people. This planetary position almost always brings secure financial circumstances with it.

2) ► **Sun** ☉ **Conjunct** ♂ **Mars** - (2°56' S) 135 | 135

([5] [astromatrix.org](http://astromatrix.org);) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive

routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

3) ► **Sun** ☉ **Conjunct** \* **Juno** - (9°40' S) 135 | 4

([593] 12andus.com:) You make your devotion and desire for commitment clear.

Your longing to be a faithful and devoted partner is very much in keeping with your identity. You may see your partner or spouse as an extension of yourself. While you may

feel like you easily connect with your partner, you also expect your partner to be stuck to you like glue.

When there is any doubt or discrepancy, or when your partner doesn't share your exact vision and opinion, you can take this to be a personal insult.

On the other hand, you will do anything to keep your partner happy and you make it your life's mission to use all your strengths and talents to uplift your partner and solidify the relationship.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business skills or other nurturing talents to help in these situations.

5) ► **Mercury** ☿ **Conjunct** ♃ **Uranus** - (5°59' S)    ♊6 | ♊6

([32] astromatrix.org:) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-

hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

([148] astromatrix.org:) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your

powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

17) ► **Sun** ☉ **Opposition** ♀ **Lilith** - (8°33' A)    135 | ☿11

([631] astromatrix.org:) Self-Awareness unlocks empowerment

Opportunities: 1. Displaying your talents & brilliance 2. Increasing psychic awareness

Challenges: 1. Trusting instincts 2. Honouring your identity

The placement of this aspect in a natal chart makes you struggle with following your instincts, mainly when your anger is triggered. You might feel uncomfortable with your sexuality until you learn to trust your intuition, imaginative powers and demands for respect and recognition.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

There lay many opportunities to make yourself recognized and highlight your natural talents and ability to breathe brilliance in everything you put your hands into.

The opposition of the Sun to Black Moon Lilith acts as a magic wand of power that radiates energy out of magnetism of polarity. The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. Despising expectations become a norm. The opposition makes you feel aggressive or deeply troubled when others control your decisions and direct your life.

There is a painful yearning for freedom paired with a fear of rejection in you. Learning to express yourself freely without any fear takes a tremendous toll under this aspect. But the stifling of identity becomes the primary catalyst for self-discovery and accepting your authentic self.

18) ► **Moon** ☾ **Opposition** ♀ **Mercury** - (3°03' A)    8\12 | ♁6

([152] astromatrix.org:) Where To Go And Why

Opportunities: 1. Gaining Greater Inner Harmony 2. Perceiving the World More Clearly

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

With the opposition, friction between Moon and Mercury results in emotions, instincts, and feelings pulling in one direction, and rationality, logic, and conscious mind moving in an opposite direction. This inner disharmony is then reflected through projection onto the external world, influencing your relationships. While this inner division remains unresolved, relationship conflicts will persist.

Decision-making can prove difficult, and you may rely on others deciding for you, as you cannot determine which path to follow, whether to choose instincts, emotions, or

rationality. Inner unity, when both messages coincide, is a rare experience for you. This situation can stultify actions and choices, distorting perceptions and judgment. Confusion often results, with regular changes of mind or heart which disturb and disrupt relationships.

Sometimes attempting to break through an impasse may force you to act impulsively and instinctively with variable results. Equally, responses can be emotionally biased, devoid of rational evaluation or common sense. Alternatively, Mercury can dominate, with an extremely cold perception which succeeds mainly in temporarily denying any emotional feeling at all.

You can be insensitive and offensive to others, unaware of a lack of tact, sensitivity, and diplomacy, although you are quick to rise to others who criticize you personally. Like everyone else, there are times (many, many times) when you will be 'wrong' in life, as no-one is infallible. You may need to learn how to admit mistakes, however. Increasingly imbalanced, unconscious emotional patterns can distort inner messages and life perceptions, diminishing your ability for clear thinking and clear communication.

Compulsive talking can occur as a compensation for effective relationship, although what is often noticeable is that this lacks depth and content. What is required is self-understanding and integration between your emotional and rational nature. Clarity and awareness are needed regarding these lunar patterns of emotional need, dependency, and the reliance of security and stability.

With the Mercury influence, rationality and objectivity are required to help rebalance inner disharmony. The challenge is to integrate these two opposing messages. Until some progress is made, self-expression can be restricted and distorted. Favoring either planet creates conflict; honoring each planet is the route to wholeness, and the key to resolving this psychological imbalance.

19) ► **Moon** ☾ **Opposition** ♂ **Uranus** - (2°56' S)    ♎12 | ♊6

([157] [astromatrix.org](http://astromatrix.org);) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then

release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

20) ► **Mercury** ☿ **Opposition** ♀ **Pallas** - (0°30' A) ♍6 | ♎12

([578] 12andus.com:) Your ideas and communication style can make you a great advocate or spokesperson.

Yet you may have to work through insecurities and cognitive dissonance before you are willing to step out of your comfort zone and work to promote causes important to you.

Your desire to advocate for others or missions that are important to you can be offset by anxieties You can second guess your plans or strategies. You may need to find greater confidence in yourself and believe in your plans and ideas before you commit to them.

Being too much of a concrete thinker can make it difficult for you to imagine how to use your talents to advocate for others and work for a cause. You may also have to work harder to see issues from others' perspectives. An important issue may appeal to you after you have overcome cognitive dissonance or once you have received important information.

21) ► **Venus** ♀ **Opposition** ♄ **Saturn** - (0°18' A) ♎11 | ♏5

([175] astromatrix.org:) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child, you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being expressive and vulnerable the more success you will have. Your mature and responsible attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

22) ► **Mars** ♂ **Opposition** ♅ **Pluto** - (9°29' A) 135 | 11

([186] [astromatrix.org](http://astromatrix.org);) To Win At Any Cost

The opposition aspect tends to reflect an inner conflict in you, that of a clash between your personal desires and a possible contributing positive role in society, as represented by the opposition between the personal Mars desires and the more socially orientated Pluto.

You probably require a greater understanding of the nature of personal power, the right application of it to benefit the group rather than to satisfy purely personal aims and desires, especially as you may have the tendency to take advantage of a group's power and influence to further your own ambitions.

Your nature will express a forceful will, which can be experienced by others as aggressiveness, making them avoid too close a contact with you; in fact, you often appear to be quite unaware of your effect on people; and a greater sensitivity to the rights and reality of others is a quality that you could do well to help develop. This would help minimize any negative effect you may have on others, especially those in close relationship to you, whom you often attempt to dominate.

Control in an intimate context is attractive to you; and you are likely to have an intense and powerful sexual nature, which at times can lead towards an affinity with forms of potentially violent passion and sexual undertones. You tend to link sex with power as an exaltation of personal force; and this can stimulate certain problems, although some potential partners can find the sheer physicality extremely exciting and provocative. This, plus the psychological manipulation that you attempt, can lead to stormy relations; and you are probably wiser to moderate and discipline your release of energy through a controlled awareness of its impact on others.

You may observe that your flow of sexual energy can be erratic and irregular, where your passions are either 'hot' or very 'cold', and you are basically unable to regulate them according to demand or switch them on. In your home life, you may find problems arising in the spheres of financial management, and power struggles, and on the emotional levels of relationships. You probably find that your emotions are driven by the force of passion and sexual energy, and that you have a lack of real understanding of their nature, as they tend to be swept along on the tide. Perhaps this is why you often demonstrate little awareness of the emotions of others in everyday life, as yours are often held in a state of suspended repression, like waters blocked from following their natural route by a dam wall.

If the emotional level was released carefully and consistently in a healthy way, the blocked Pluto energy operating on that level could be freed, and many of your problems would begin to dissolve, leading to personal transformation. This would then adjust the level of force and suppressed violence in you, so that you would deal with your power more positively.

This would lead to a clearer perception of self and others, allowing partners more personal freedom through mutual agreement and compromise, rather than your previous imposition of will. Taking such a course could develop also towards greater social involvement, using your energy in positive and creative channels, realizing that if you can change from living mainly to satisfy purely personal desires at the expense of others, then there is the potential for a self-centered violent society to change from exploitation to co-operation and mutual benefit.

23) ► **Jupiter** ♃ **Opposition** ♄ **Saturn** - (0°40' S) ☾11 | ♃5

([190] [astromatrix.org](http://astromatrix.org);) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

24) ► **Saturn** ♄ **Opposition** ♀ **Lilith** - (9°49' S) ♃5 | ☾11

([637] [astromatrix.org](http://astromatrix.org);) Fear of Rejection

Opportunities: 1. Embracing childlike wonder 2. Being more practical

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in business and financial matters and the matters of love and friendship. You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. You might also feel restricted in your opinions while dealing with the challenges regarding your inner nature and the desires of your heart.

But if you train your raw and edgy nature, it will help you make your name in everything you decide to do.

Yet your attempts to follow through on your mission can be filled with obstacles. You may lack confidence in yourself or even work against your own ideals. You may also become too zealous or intense and then get burned out or bored easily.

You need to find ways to bring your individualistic and freedom loving nature into a campaign or mission, otherwise you may end up rebelling against the very cause you are trying to help. Your sense of purpose is future oriented and your mission may seem shocking to others. Sometimes your opinions are so far ahead of your time that you have to slow down to make your message palatable and that is not always your strong suit.

([443] astromatrix.org:) Attacks Of Loneliness

You will have to learn how to co-operate and how to establish emotional bonds with others. While you are young, especially, you may feel that other people get in the way of what you want to do and resist your efforts. Consequently, you may withdraw and cut yourself off from others, or you may feel that they have withdrawn from you.

Often you feel that you are very much alone and that no-one really cares about you. This is not usually true, but by withdrawing emotionally, you have made it impossible for them to feel affection for you. It is also possible that you are surrounded by people who are not very friendly.

Perhaps it is your own family that seems to judge you harshly or make too many demands, but you can still go out into the world and find people who are willing to be your friends. But for your future, it is important not to simply retreat into yourself, because when you are older, it will be harder to meet people and establish connections, unless you learn the habit now. And later on, your attacks of loneliness will be much more severe. In addition, when you are older, inadequate contact with others could lead you to feel empty and meaningless. These feelings could emerge even if you are highly regarded by others, because they arise from your own sense of distance from people.

In any case, you may be more of a loner than most, which is perfectly all right within reason. If you have only a few friends, those you do have may be close and enduring.

Opportunities: 1. Being Present when Speaking 2. Finding the Right Partner

Challenges: 1. Getting Organized 2. Getting Outside Your Comfort Zone

You love mental challenges and are quick to take up the cue in any argument or debate.

You have a lot of nervous energy and can't sit still for long. You prefer intellectual people and you like to challenge their thinking and ideas. At times you may have a lack of clarity in expressing your thoughts. There are moments, too, when you simply talk too much.

86) ► **Moon** ☾ **Quincunx** ♄ **Saturn** - (0°46' A) ♀12 | ♃5

([479] [astromatrix.org](http://astromatrix.org);) The Cold Heart

Your assumptions about life and yourself are colored by your early childhood experience of inconsistency and uncertainty about your parents' roles. They seem to have been reversed. This has left you uncertain as to what to do or what you are capable of in life.

As you become more certain as to your true responsibilities in life, your vision clears as to what you can accomplish. This is also the key to becoming more productive. Through accomplishment you can become more knowledgeable as to how your habits and procedures affect the life circumstances in which you find yourself.

87) ► **Mercury** ☿ **Quincunx** ♀ **Venus** - (1°59' S) ♁6 | ☿11

(No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpreted from transit:

Love/close people and communication/tought/intelligence don't work together that well, there is more room for improvement.

Interpretation from transit:

(12andus.com:;) Your attempts to dazzle another with romantic words and expressions of love is somehow misread or needs further explanation or planning.

Double check amorous texts or emails before sending as you run the risk of embarrassing mishaps when trying to communicate with those you love. You may also feel swept away by an idea of who you want someone to be rather than seeing who they really are.

Communication coming from others may not be getting across to you. This could be due to technical errors, misinterpreted words, or simply because another is saying what you don't want to hear.

88) ► **Mercury** ☿ **Quincunx** ♃ **Jupiter** - (1°37' S) ♁6 | ☿11

([491] astrohealer.com) One's cognitive style may have been formed through excluding a need for meaning, or as an extreme reaction to a need for meaning. Alternatively, political, religious or moral systems may be totally dismissed, held in contempt, or perceived as posing a threat to one's sovereignty of thinking, and as such, they may spur the individual to pursue an intellectual life which is, more than anything, a reaction towards such systems.

As the energy represented by a quincunx in most cases cannot be appropriated by the psyche, there is a higher chance for somatic manifestation regarding the archetypes involved: the lungs, hands and shoulders, the tongue and the nervous system may be especially vulnerable (as well as any other body parts symbolized by the Signs involved in the quincunx); therefore, it is recommended that one performs regular check-ups and take special care regarding these areas.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 11° **Taurus** 51' and in the **9th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 6° **Aquarius** 34' and in the **6th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 29° **Sagittarius** 32' and in the **4th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 22° **Taurus** 42' and in the **9th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 11° **Pisces** 27' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 8° **Cancer** 9' and in the **11th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 14° **Taurus** 34' and in the **9th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 11° **Pisces** 54' and in the **7th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 5° **Gemini** 51' and in the **10th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Tenth house (Capricorn): carelessness, neglect

### **Lots related to family:**

The **Lot of the Father** is in 12° **Libra** 37' and in the **2nd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 23° **Libra** 10' and in the **2nd** house.  
Same as for father.

The **Lot of Siblings** is in 24° **Pisces** 56' and in the **7th** house.

The **Lot of Children** is in 23° **Pisces** 29' and in the **7th** house.

The **Lot of Daughters** is in 23° **Virgo** 47' and in the **1st** house.

The **Lot of Sons** is in 25° **Aries** 46' and in the **8th** house.

The **Lot of Marriage for Woman** is in 23° **Pisces** 56' and in the **7th** house.

The **Lot of Marriage for Men** is in 24° **Pisces** 34' and in the **7th** house.

The **Lot of Deceit in Marriage by Woman** is in 3° **Aquarius** 38' and in the **6th** house.

The **Lot of Deceit in Marriage by Men** is in 12° **Aries** 55' and in the **8th** house.

The **Lot of Marriage (in general)** is in 23° **Virgo** 47' and in the **1st** house.

#### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 21° **Leo** 58' and in the **12th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 29° **Sagittarius** 58' and in the **4th** house.

The **Lot of Treachery** is in 21° **Virgo** 19' and in the **1st** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 2° **Virgo** 57' and in the **1st** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 24° **Virgo** 15' and in the **1st** house.  
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Scorpio***

(canvasofthecosmos.tumblr.com:) Pholus in 8th House/Scorpio: You search for something that will open the doors to intimacy, but get closer to others than you could ever hope for. You often joke about how emotional you are fully aware of how deeply your wounds hurt, and you learn that laughter is the best medicine at an early age. You may absorb others' passions for your own gain. You expect the most out of your relationships because that's exactly what you bring to the table. When you do let someone in and get attached, you share what you have in hopes that the return will be higher. You don't let go without years of resentment put behind you, should someone let you down. This placement makes you as quick to hate as to love, as these emotions go hand in hand for you. You have premonitions of the end and want to quickly get the grieving process over with before something even dies. Remember that change is inevitable and the grieving process is far from linear, as your explosive emotions may get the better of you until you learn to keep them in check.

### ***Pholus in 3rd house***

(12andus.com:) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

You may have a brilliant mind and knack for languages but your skills fail you in the moment you need the most. It takes transcending or overcoming difficulties with communication to find your greater message and mission.

Careless communication can lead you to say things you regret or speak before thinking. Small details can lead you to end up with a larger problem on your hands and it will take the same skills of communication and intellect to reverse the momentum of chaos and confusion.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Leo***

(12andus.com:) You may have an obsession with power and drama.

You may be erotically drawn to people who are flamboyant and colorful. Role playing and theatric experimentation in the bedroom appeals to you. You can become jealous easily and need to be adored and admired by your partner.

Basking in luxury and being treated like a Queen of King is a major turn on for you. You want to be the center of attention and are attracted to power and status.

Knowing your partner is a celebrity or popular person, or dressing like a celebrity may be part of the sexual attraction. You want to feel like you are among royalty when you're intimate with your partner.

You can be dramatic about your passions and may be attracted to the idea of being admired more than you are to your actual partner as a person.

#### ***Eros in 12th house***

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may

also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

- (12andus.com:) You easily nurture your erotic and sexual side.

In fact, being in a nurturing or caretaking role can be arousing for you. You can find it satisfying and even be infatuated with those with whom you feel a strong emotional connection.

You don't know how to separate erotic from emotional love. This can lead to confusion when you expect a purely sexual relationship to naturally have an emotional component and your partner doesn't see it that way.

Yet you can show a caring, emotionally compassionate side even when you are exploring erotic relationships.

You need to feel secure and at home before you can fully open up to your full erotic potential and share your desires and fantasies with others.

- 18) ► 26° Leo 28' **Eros** ✂ **Conjunct** ♀ **Pallas** 26° Leo 20' - (0°08')
- (12andus.com:) Your sexual energy is potent and you can easily attract attention.

You may have a determined and even demanding sexual nature. You have many erotic fantasies and can easily assert your desires and convince others to go along with your sexual exploits.

You can be intense and yet you are also highly sensitive to the sensuality in encounters that aren't overtly sexual. You may feel sexually attracted to lovers who inspire you or who share your passion or idealism.

You may also become intimately attracted to lovers who appear to be in need of saving, as you fantasize about being the hero who saves them from their fate.

Power and prestige are important to you when it comes to erotic fantasies. You are likely to have a powerful attraction to people who are able to ignite your passion and share in your desire to create dramatic change.

The prospect of advancement, change and progress can also be erotically appealing to you.

- 19) ► 26° Leo 28' **Eros** ✂ **Opposition** ♀ **Mercury** 25° Aquarius 50' - (0°38')
- (12andus.com:) Your strong sexual drive and fantasies are hard for you to express.

You may think you need to suppress or hide your desires or fantasies because you don't know how to put your fantasies into words. You have an instinctive sense of what arouses you and can't always express your needs or desires to your partner.

If you take the time to explore different forms of communication, even role modeling through your actions, you can better connect with your sexual partner and express your fantasies and desires.

20) ► 26° Leo 28' **Eros** ✎ **Opposition** ⚡ **Uranus** (Rx) 19° Aquarius 51' - (6°37')  
(12andus.com:) You may find it challenging to express your erotic nature.

You may constantly change your desires and find it difficult to express your needs when it comes to intimate encounters. You can be erratic and unconventional and always leave your partners guessing. On some level you know your desires are taboo and so you may try to stifle your fantasies.

Yet this never works. Ultimately, you are likely to end up going from extremes to hide your desires and then letting your intense passions get the better of you. You may feel like you're on a roller coaster when you try to suppress and then are overtaken by your infatuations and obsessions.

You may have to work through a tendency to go to extremes or push boundaries in intimate relationships.

By finding healthy ways to express your desires, you can enhance your sexual pleasure by pushing your limits but may have a difficult time striking a balance when it comes to erotic relationships.

You may derive power or self-esteem from sexual contacts. Your fantasies may be intertwined with your sense of personal ambition.

22) ► 26° Leo 28' **Eros** ✎ **Trine** ♀ **Juno** 25° Sagittarius 31' - (0°57')

(12andus.com:) You may find it easy to feel the commitment and security of your intimate relationships and as a result can easily express your erotic side.

Yet you aren't one to look for a casual fling or noncommittal relationship. To you, erotic connection and sexuality is more enhanced by the commitment that is the foundation of your relationship. You can also easily attract influential and powerful partners.

You are aroused by the prospects of marriage, stability, status and commitment and your fantasies may include successful and powerful people.

You may have to work to accept your fantasies and desires for what they are, overcoming old beliefs or dogmatic programming about what is acceptable or not acceptable when it comes to intimacy and eroticism.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Pisces

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent

at decoding their dreams to indicate fortuitous future omens.

### ***Hygiea in 7th house***

(astrology.com:) Libra or in the seventh house: The balance of this Hygeia placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

## Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### Eris in Scorpio

(synnisisigns.com:) Eris in your eighth house of death [transformation] creates situations where you experience people trying to take away your resources. Inheritances, insurance payments and loans can be contentious and difficult experiences, especially if you are elected to be the conservator/distributor of those funds. You may have to share a partnership role in the disbursement of funds, but do not have final say in where they are to go. In the area of sexual development you may have sexual experiences that are incomplete or unsatisfying due to one partner or the other demanding a control of the sexual experience.

### Eris in 3rd house

(synnisisigns.com:) In the third house of communications, Eris gives you a strong voice that sounds discordant against the sounds of the collective. You have the intellect to discern what is off balance and not in the interests of the society. You must beware of forcing your opinions on others, but it your job to tell society at large your perceptions.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

### **Karma in Gemini (Rx)**

(whatsmyalternative.com:) Destined for balance in the intellectual and communicative plane. Did you talk too much in the past? Was the talk useful or harmful? Did you deceive using fast wit? Did you write enlightening literature or books of facts? This placement also indicates experiences that help the individual guide social reform. A hidden law may help many innocents reclaim dues and one with Karma in Gemini may be destined to research this data and be of so much use to thousands. In the past life he may have been cheated because of ignorance.

### **Karma in 10th house**

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with

respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

### ***Karma in retrograde***

(whatsmyalternative.com:) Retrograde Karma means you delivered more negative karma than positive karma in the mentioned areas.

### **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

### ***Pandora in Scorpio (Rx)***

(astronomicallyaligned.tumblr.com:) Crimson and scarlet, roses and blood. Pain and

beauty, grotesque and delicate. A magnetic pull is dragging you into releasing the content of this box. Thorns and silk, metal and cotton. Once out of the hidden, this paradox of insanity will consume the world. No hope or joy. Only obsession and frustration. But if kept alone, in peace, it will give you a strong drive in life. A meaning and goal. Pure passion and lust for experiences.

### ***Nessus***

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use

of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Sagittarius***

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

### ***Nessus in 4th house***

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the

most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

Positive: Balanced perspective of overviews combined with essential detail.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

(alexasteroidastrology.com:) Healing mental or physical ills, attraction towards alternate healing methods.

(astroalive.com:) Asclepius can also represent where we are driven to “survive” so also where we may be “unhealthy” in some sense. It may point to both problems with our personal health, but also in what areas of life we are determined to continue on despite all odds.

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

## **Orcus | The Feminine Complementary of Pluto**

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same increment, they will be alphabetical too each other, is only marginal tough.

Speed in  $^{\circ}$ (degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[5] Fixed star Coxa ("Anointed One"). This strong and defiant star releases mysterious and elusive energy onto the collective and its need for answers.

In ancient Sumeria this star was the god Kua ("the Oracle") and whilst it bestows an ability to prophesy and shines brightly on all charismatic leaders, it is also destructive energy, disrupting the status quo.
