Life Path Number: 7 = (0+7) + (1+1) + (1+8+7+9)

([659] numerologycalculator.online:)

The Intuitive

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

Expression (Destiny) Number: 9

([659] numerologycalculator.online:) The number 9 Destiny suggests that the direction of growth in your lifetime will be in benevolent activities, in compassion, and in worldly understanding. You are living up to and growing toward your Destiny when you follow your feelings and sense of compassion, and allow yourself to be sensitive to the needs of others.

You must be willing to help others as you were intended to be the big brother or big sister type. You must work well with people, for you have the potential to inspire.

Creative ability, imagination and artistic talent (often latent) of the highest order are present in this Destiny. Career fields in which you can excel are many and include advisory roles, medicine, legal fields, artistic fields, diplomacy, and religion.

Friendships, affection, and love are extremely important. Your personal ambitions must be maintained in a very positive perspective, never losing sight of an interest in people, and preserving a sympathetic, tolerant, broad-minded and compassionate point of view.

If you are able to achieve the potential of your natural Destiny in this life, you are capable of much human understanding and have a lot to give to others.

Undeveloped or ignored, the negative side of the 9 Destiny can be very selfish and self-centered. If you do not actively involve yourself with work that benefits others, you may tend to express just the opposite characteristics.

It is your role to be very involved with other people and their needs, but it may be difficult for you achieve this role. Aloofness, lack of involvement, and a lack of sensitivity mark the low road of this Destiny.

Life Path - Expression Bridge Number: 2

([660] numerology.center:) Number 2 gives you characteristic of a very loving and pleasant person. But the other people, generally, cannot notice that. You think that you are an open person and everybody understands you, but, unfortunately it is not like this. All people are different and you have to be more tactful towards others so that they can see your friendliness. In some situations, diplomacy and practicality may help as well. Sometimes you are not attentive enough to other people. It may hurt them and lead to further misunderstanding. You have to be more polite and open to make contacts with others and avoid conflicts, which doesn't definitely lead you to your dream's accomplishment. You have to be sure of your capabilities and not to repel other people.

This is a recipe for your happiness and luck.

Heart's Desire (Soul Urge) Number: 5

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

Personality Number: 4

([659] numerologycalculator.online:) Stability and a solid foundation.

People with this personality are pillars of strength who are well-organized and structured. People tend to view them as having the answers and being knowledgeable. 4 People are considered reliable and steady – sometimes a tad too predictable or serious.

People with 4 of their Personality Number are ideal citizens, as they are honest, industrious, responsible, conservative and want to help community. No matter what task they want to complete, they will achieve their goal. Such persons don't like conflicts and surprises and try to avoid it. Usually they fulfill themselves as great managers and builders. People with Personality Number 4 built a big amount of good communities.

Besides that, such people are practical, hard-working and conscientious. Frills of life don't attract them. They are often described as well-organized, disciplined and capable. That makes them more interested in work and its concrete results rather than people,

everyday life and outside amusements. Their pleasures are pretty quiet, as they enjoy nature, home, family and well done work.

Heart's Desire - Personality Bridge Number: 1

([660] numerology.center:) This number forces you to be more of a hardworking person. To reach the aim is not so easy. A comfortable approach to things for you is not the best solution. Changes are necessary for you. You'll achieve success if you look for new ways, work hard and remember all the time that everything depends on your efforts. The other people are waiting for open communication from your side. Unfortunately, in most cases they don't get it even if you think they do. Try to be more open with people. Express the thoughts in such a way that others can understand you. It is necessary to express yourself in a simple manner in order to make communication easier and to be on the same wavelength with others.

Quiescent Self Number: 4

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 4 are likely to imagine the existence of a secure foundation for the future of themselves and their families.

The energy represented by the number 4 resonates with building a secure foundation for the future. It comes with pragmatism. It also comes with the ability to focus on previously successful methods without distraction in a manner that gets things done.

It is common for visualizations to include specific methods of accomplishing goals, a pragmatic approach, and conscientious application of effort. The visualization is likely to include material resources sufficient for nothing to be lacking.

There's a tendency for someone with this quiescent-self number to visualize themselves as a trusted and trustworthy person, someone who can be depended upon to get things done.

Maturity Number: 7 = 7 + 9 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at

your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

First Pinnacle Cycle: 9

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 1 Number 9: First Pinnacle: With a 9 Pinnacle at the beginning of your life, the influence of its vibration may be barely noticeable. Selflessness is an attribute that's developed over time and young children must first learn their identity for themselves before doing selfless service in a healthy and productive manner. Yet when you experience a 9 First Pinnacle, you may be a child who is the friend to the “underdog,” who's a protector of the kids who get bullied, those who are handicapped, or those who are ostracized in some way by other kids. You may be a bit of an outsider yourself as you attend to those on the fringes.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9

Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Second Pinnacle Cycle: 5

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you’re experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it’s hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It’s all up for review during this highly energized portion of your life. If you’re forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn’t a time to nest or settle down; instead you’ll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don’t resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you’re experiencing.

Pinnacle 2 Number 5: Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It’ll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it’s completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

Third Pinnacle Cycle: 5

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 5: Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

First Period Cycle: 11

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a time of spiritual expansion, even illumination. You will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals.

There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms.

You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given.

The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Second Period Cycle: 7

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics.

This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field.

This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others.

Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

Third Period Cycle: 7

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle, especially in your later years, centers on wisdom and contentment. This is a time of spiritual/internal and intellectual growth, of discovering the beauty and harmony that underlie creation.

However, it is often one of the most difficult last cycles, due in large part to society's lack of appreciation for the intangible qualities of this number.

Socially, you may feel distant and isolated. Interacting with similarly minded people through book clubs, art events, theater sponsorships, or other intellectually and spiritually stimulating activities can help you feel more connected.

Although this is the latter part of your life, it may well be your most exciting time of discovery and personal growth.

First Challenge Number: 5

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your

challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Second Challenge Number: 0

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles

you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Third (Main) Challenge Number: 5

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 5

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 6 (07 + 11) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home

tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

Personal Year Number (for 2023): 7 (07) + (11) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

(feliciabender.com:) The energy of last year was a perfect segue into the internal, contemplative energies of your 7 Personal Year. While you may still see yourself functioning fairly “normally,” this is a year where you will be heavily involved in deep inner work. It's a spiritual year; meaning, you'll have many opportunities to test your sense of spirituality, however you define it. This is a year where your faith and trust could be tested.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter. These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): L

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with both creative and intellectual expression.

([671] spiritwalk.org:) You are intelligent and witty, however you prefer to dream rather than to act. If you want to achieve real goals, you will have to be more decisive. You are sincere, tactful, benevolent and decent person. If you have a chance – travel and go out of the comfort zone. Harmony in everything is the key for you, so avoid drastic decisions.

([672] numerologist.com:) Cornerstone: You tend to intellectualize rather than do things so it is hard for you to get things started. You rarely initiate things because you are so indecisive.

([673] numerologyzen.com:) Letter L. This is a letter of creation and communication, very cerebral and down to earth. L is an open and balanced letter. L gives to those who bring [him,her] a great joy of living, cheerfulness, sociability and charm. Like the widely gaping graphic, L knows how to open out to others, to be available, and [he,she] has a great sense of friendship. L likes social activities, [he,she] wants to be surrounded and knows how to create a good atmosphere and to animate an evening. [His,Her] need for romance and taste for refinement lead L to know how to find the good side of things and take pleasure in the joys of existence. [His,Her] verbal aptitudes (and written) are impressive. L will easily use a speech when talking, convince or speak on others' behalves. With a stem pointed towards the sky, L is also a mental letter with good faculties of reflection and analysis. L will express [his,her] ideas widely, but after tranquilly ripening them in [his,her] base which is anchored to the earth. L turns towards the concrete. So creative activities are reasoned and measured because L is rather stable. L analyses things slowly and advances with security. L can be demanding and obstinate. Spontaneity and exuberance exist but sporadically. L searches for society, contacts and cultural or intellectual activities. Often L will be ready to put [him,her]self out for others. [He,She] is also a worrier who needs to be reassured, appreciated and recognized. The excesses could be jealousy or wanting to be the center of attention a bit too often (social events, exuberance, superficiality, self-importance, gossiping).

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their

name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): E

([676] ezinearticles.com:) This letter indicates that restlessness and impatience could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): V

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "V" tends to view the completion of tasks at hand to be more important than feelings or diplomacy. Toes may occasionally get stepped on. But the task gets done.

([671] spiritwalk.org:) You are a visionary with well–developed inner feel. You prefer to dream more than to act. You have lots of ideas and wishes, and you need more

confidence and consistency to make them real. You are an extraordinary person, and tend to dramatize both your failures and successes. Harmony and confidence are your key features to make your dreams come true.

([672] numerologist.com:) Capstone: Your projects rarely get off the ground because you can be so hard to get along with. You are also much too impatient to see results and often expect too much from others.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

4 on the Mental Plane

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

6 on the Intuitive Plane

There is one peculiar sphere of human nature – spirituality. An armor that may seem impenetrable from inside can easily be affected by the loved ones. Therefore, don't try to

isolate yourself from the world by a wall of innermost thoughts and personal feelings. It may happen that at some point there will be no one inside you, but yourself.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 6 line «1-2-3»
111	4	777	Moneymaking: 1 line «4-5-6»
character, will	health, beauty	luck	Talent: 5 line «7-8-9»
			Tenacity: 7 line «1-4-7»
22	–	8	Domestic bliss: 3 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 2 line «3-6-9»
			Spirituality: 4 diagonal «1-5-9»
			Temperament: 4 diagonal «3-5-7»
3	–	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 3

"Low interest" - this level is sufficient for superficial knowledge of the exact sciences, techniques, algorithms. You also have some inclinations to invention and creativity.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — 777

"777" is a sign of great success and full ownership of one's destiny. But it will be possible to come to a great success only after serious tests of fate. There is one problem for a person with this sign: they have exactly what they want. As soon as thoughts become negative and self-belief vanishes, bad result comes quickly.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and

friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 6

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 1

"Not independent" - this person will do everything to stay under the wing of their parents as long as possible. And then they will look for a spouse who can bring home the bacon.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 7

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because a very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 3

"Spontaneous" - this person may say that they will never enter marriage or it is not for them. But one day they'll send invitations to their wedding, and everything will seem to be ok till the day when they suddenly apply for divorce.

Stability (Line «3-6-9») — 2

"Everything is under control" - this person is very light on their feet but controls the desire for change. Nevertheless, you can't say that this person is stable.

Spirituality (Diagonal «1-5-9») — 4

"High spirituality" - the predominance of spiritual values in this person attracts their soul mates. Together they begin to influence the surrounding inveterate materialists.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. Saturn Card: Eight of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs.

In their most successful state of being, the personality of the Ten of Club is a successful communicator who inspires others to provide the services and work required to achieve considerable success.

Ten of Club is symbolic of mental illumination. Those born on a 10♣ day are innovative and have a creative mindset. Their greatest success lies within the mental realm of ideas and communicating those ideas to others on a large scale. We also consider the Ten of Club as the Moon Card; known to astrologers as the emotional, intuitive mind.

Ten of Club people are often suspicious and demand loyalty from friends and family. We know them as task-masters within the family, and even they feel they are deserving of that title. They are also afraid of being judged and are insecure on a deep level. All 10 of Club like to work, and for those instilled with a moral sense of values early in life, their

personal achievements are tremendous.

Those born on a 10 of Club day learn the power of money at a very early age. They also have a knack for investing in things that bring speedy returns. Their greatest gift, however, is bringing people together to achieve their own success in industries that provide service to others.

Cosmic Moon Card: King of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Wisdom - Labor - Acceptance

King of Spades Meaning: The Highest Initiate

Karma for the King of Spade - Self Distrust

Earth-Pentacles - Celestial Object: Earth

"If you were born on the first day of the year, the top card in the deck, the King of Spades is your personal symbol. It represents the ultimate in spiritual energy and wisdom. Perhaps recognition of this tremendous potential, and directing these forces into some constructive expression will be the greatest challenge of all. This is not likely to be helped by the fact that this power, spectacular as it can be, is apt to be of such a subtle, spiritual nature, that you may not even recognize it, or feel sufficiently motivated to develop it.

Be it in some profound, noble role, or in some far less conspicuous expression of service, your true place is to be found in an expression of leadership. Quandaries as to what you want to do may leave you in a mire of mediocrity, drowning your frustrations in anything that will dull your awareness of your failures. Rise to the challenge, and you may bring inspired leadership as a teacher, counselor, healer, statesman or parent. Accept the opportunity spelled out symbolically in your card, and apply the essence of mastery, or personal discipline which it encompasses, and there should be no limit to what you can accomplish." – Arne Lein

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you

respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Duality (2) Etznab

North (White) glyph: Support / Comfort

Day Sign: Knife

/ Flint / Etznab (Yucatan) / Tijax (Kiche)

Those born under Etz'nab are social, but also often practical, mechanically inclined and well coordinated.

Family life, parties, group events, love affairs, and partnerships can become very important, and sometimes even obsessive, to those born under this day-sign. They simply can't help being excited when around others.

Their ideas about how relationships should be maintained may be in direct conflict with their own needs, which they tend to downplay and on some level, they are angry about this trait. For the most part, they are polite, compromising, and self-sacrificing people, but when pushed, they tend to have hot tempers.

While they will avoid a conflict by repressing their feelings for a time, when finally pushed to far, they will explode with pent up rage, or at least say things that others wouldn't expect them to say.

They are often extremely interested in the more technical aspects of what they do, and they have a good head for detail. They are adept at solving mechanical problems, working with tools or even mastering finger coordination for a musical instrument. These are people who thoroughly enjoy sharing a discussion on some technical subject with others.

The great weakness of those born under Etz'nab is their vanity. They can be very self absorbed both in their work and in regard to their appearance.

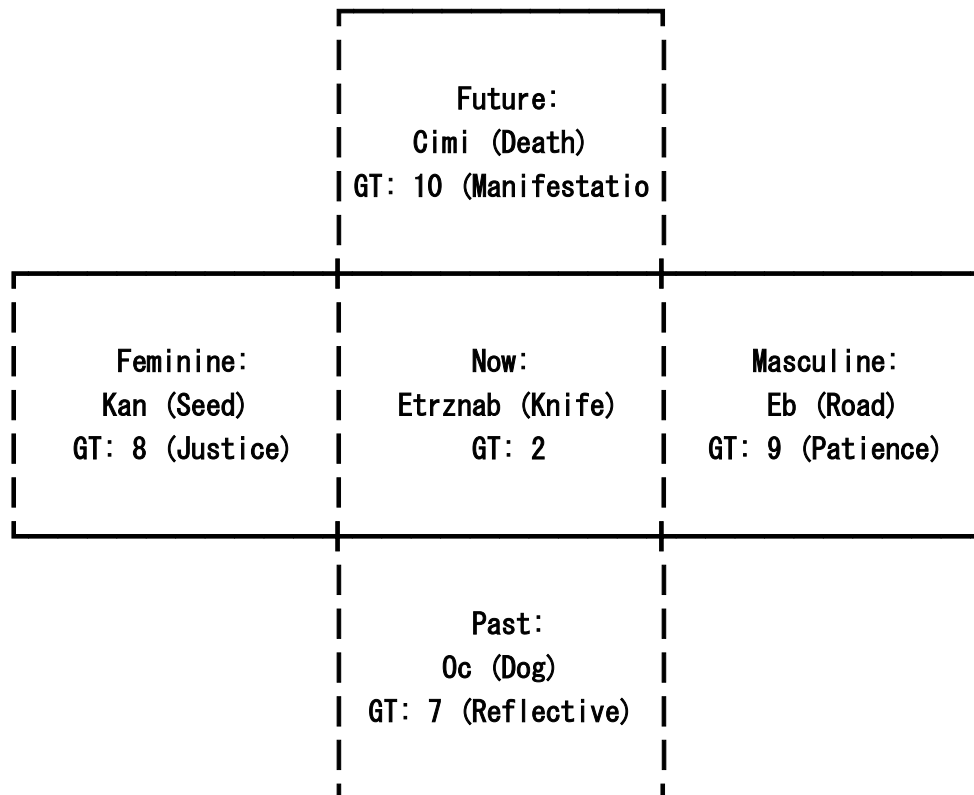

The great strength of this day-sign is the level of personal sacrifice it bestows. Etz'nab people, for whatever psychological reason, will put their own interests aside in order to meet the needs of others who, hopefully, appreciate such gestures.

Challenge:

The tendency to choose self-interest over self-sacrifice or to solve other peoples problems.

Solution:

To share and to let others take leadership.

Four Directions

To become conscious of duality is to see the world as an arena of conflict. To choose between two realities is to enter that conflict, to become a warrior or crusader. It is the painful awareness of the opposites that makes Etz'nab a potentially difficult birth-sign. These natives are all too likely to see the world in terms of black and white. Their natural warrior spirit (1 Etz'nab was the feast day of the Aztec war god) leads them to take sides and to take action, and Etz'nab people can frequently be found in the front ranks of any battle – or at the forefront of any brawl.

Etz'nab's physical correspondence is the mouth, just like the day-sign Caban. Perhaps we may see in this a suggestion that the words we utter are subject to duality, capable of expressing inspiration (Caban) or causing quarrels (Etz'nab).

The Maya consider natives of Etz'nab to be contentious and argumentative, which is another way of saying that they take the opposites too seriously. If they become totally caught up in their own loves and hates, they may stop at nothing to fight for their own side, consequently they may slander others and become untruthful in order to get what they want. More often than not, it is the Etz'nab person himself who becomes the real victim of his own quarrelsome nature.

The Book of Chilam Balam of Kaua, however, equates Etz'nab with "the healing condition" and calls Etz'nab natives "healers". It is part of this day-signs inherent duality that its natives may also become renowned healers. The knife that kills may also be the surgeons scalpel, and an awareness of conflict may lead to the desire for harmony. Harmony is the key word. Those born under Etz'nab need, above all, to struggle for harmony and learn to use their discrimination as a gift, instead of a knife, to sunder the bonds of illusion and untruthfulness rather than becoming lost in and exhausted by wild crusades. If they can do this, they may well become healers of the community rather than troublemakers. To accomplish this, they must set their sights towards the future rather than the past and call upon the transformational energy of the day-sign Cimi that lies ahead of them, rather than the troublesome and uncertain Oc, the symbol of their karmic past. They can gain assistance by calling on the energy of Eb, their right hand power as well.

Etz'nab women are often exceptionally beautiful.

Galactic Tone: 2

(mymayansign.com:)

Duality

- * Decisions
- * Defiance
- * Facilitating Change

Tone 2 is very mysterious. You feel separate yet you desire to unite with all. You are learning to walk with balance on your journey while you are making decisions about your life; balancing the duality such as light/darkness, masculine/feminine, good/bad, Ying/Yang. To experience the difference between one thing and another is an important goal of your life.

Trecena Sign: Earth

/ Caban (Yucatan) / No'j (Kiche)

Beneath the 1-Caban surface personality is a dreamer.

1-Caban people have a fertile imagination and often find ways to make fantasy pay off for themselves.

They may excel at one of the arts, or at least have a great appreciation for the arts.

The 1-Caban's greatest asset is the ability to find ways to practically apply their ideas, bridging the gap from fantasy to fact.

Night Lord: 5

This Lord is positioned at the midpoint of the series of nine. A person under the influence of G5 seeks to be at the centre of a group and will sometimes use others to get there. One of G5's greatest challenges is to act from their centres and not to use or be used by others. People born under the influence of this lord become deeply involved in relationships but, for the most part, also struggle with them. They are sensitive people and they tend to be touchy about a number of things, including their own expectations. Because they seek perfection, they are sensitive to disappointments, and often need to develop more realistic expectations and avoid putting the burden of relationship failures onto others.

Idealistic and compromising by nature, G5 types are rarely content with the choices they have made.

Their dark side includes a tendency to hold distorted opinions or to have over-inflated expectations of others. At their worst, they can be blamers, blind to the reality that they are the cause of their own problems. Recognising this pattern can be a tremendous step forward in a G5's spiritual progress.

These types need to be with others who are stable and helpful, and avoid those who could worsen their fears. They also need to be accepting of others. It is their own beliefs about relationships that both their problems and their solutions lie.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Jupiter conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Poplar Tree

Poplar is a very important tree in Celtic mythology. In our tree circle, poplar occurs four times, always after the Celtic holidays of Samhain, Imbolc, Beltin and Lughnasad.

Characteristics and Personality

Person who was born under the rule of Poplar learns fast and understands quickly. Just like Poplars, people born during the time of their rule are direct and straightforward. They often have artistic talents and a sense for beauty. Most of these people are closely connected with nature and they feel better in rural areas than in towns and cities. It is no exaggeration to say that they understand nature much better than most other people.

They are popular because they are able to see things from different angles and they never really care about money. They are also skilful diplomats in interpersonal relationships. In critical situations, their unbelievable courage may unexpectedly appear and they will start defending their ideas with great vigour and confidence even though

they know that they cannot win the argument.

These positive qualities are sometimes balanced by loneliness and a sense of abandonment, because due to their high moral expectations they do not usually have many true friends. This can sometimes lead to anger and bitterness. Even in their love life they are not always happy and their dream of having a big and closely-knitted family hardly ever becomes true. However they can usually hide their dissatisfaction or sadness very well and their closest friends may not even know about what troubles them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

([783] i.thehoroscope.co)

Outspoken, the Virgo Sun Sagittarius Moon personality is very entertaining to be around but can also fall on the path of saying things that can hurt others.

Virgo Sun Sagittarius Moon people are the dreamers of the zodiac and will not be stopped by anything if they wish to do something.

They might go as far as to do things they normally don't approve of, just because they want to live an adventure or to be in a relationship.

They still have the prudishness that characterizes the Virgo, also the concentration and the analytical mind. Many of the things they're thinking of are strictly related to the mundane.

A Dreamy Personality - In a nutshell:

Positives: Persuasive, impressive and loyal;

Negatives: Capricious, dogmatic and sarcastic;

Perfect partner: Someone in the company of whom they can completely relax;

Advice: They should try to gain their independence early in life.

Personality traits

Virgos are interested in every little detail, Sagittarians can only see the big picture: when the former will analyze every piece of information, the latter will enjoy the open horizons.

The combination of these two signs gives people who can see more than one solution to a problem and who want to use both approaches. The birth charts with the Sun in Virgo and the Moon in Sagittarius reveal their natives are analyzing, refined and critical. After all, no one can be more exact and precise than the Virgo.

Virgo Sun Sagittarius Moon people will be the rebellious wanderers who are listening to an inner voice that makes them responsible and loyal. But at the same time, they'll be frustrated by the fact that they're such traditionalists.

The combination of their two signs will be noticed when they'll have to be formal. However, they will still keep their boldness and impulsiveness.

Independent and idealistic, their Moon makes them in love with freedom and rebellious. They will want adventure and to take on any new challenge. But the Virgo will keep them focused, flexible, reserved and cautious.

These signs are very different, which means their natives have many faces and are very interesting to get to know. Mixed feelings won't be something new to them.

Whenever they'll have to determine how their life should be, they won't know which side

of their personality to let out to play. They think no one can rule their life and they are right. It would be a good idea for them to run a business of their own.

It doesn't matter what Virgo Sun Sagittarius Moon individuals choose as a profession, they will always have the Virgo's practicality and organization. And the Archer's enthusiasm and boldness will help them very much.

It's possible they will sometimes be too impulsive. If they want to calm down, they need to have many interests and an active social life. Letting their job to consume all their energy is not at all a good idea for them.

While they have a great sense of humor and are open to express themselves openly, they can be too blunt and say things that hurt others.

That's why many of their close ones will try to keep away from them. It would be better if they would sometimes keep things to themselves.

Convincing and charming, Virgo Sun Sagittarius Moon natives will attract many people. There will be times when they'll rely only on intuition and do something very daring. And they won't even worry about what they have done.

In case they're already feeling that their life is controlled by their work or their marriage, they should make a change. Not to mention they will surely get bored of doing the same things all over again.

What's important is that they include variety in both their personal and professional life. Managing their unpredictable nature would be a great idea for them. Profound and interested in philosophy, they should look inside themselves less.

Trying to imagine how others perceive them would be a better idea. They have so high ideals and expectations, it makes it difficult for their loved ones to ever make them happy.

While analytical and pragmatic, they could spend an entire day dreaming. But this only makes them more creative. What they should really pay attention to is their agitated spirit.

It's important they focus on the things that are really important in their life. With a talent for drama, they could play any role. Not to mention they use many signals to express themselves.

But no one will be able to change the fact that they are blunt. Many will take their comments too personally. Dealing with sensitive people is something they will have to learn.

Love characteristics

Virgo Sun Sagittarius Moon lovers can lose themselves in too much practicality. Because they want perfection, they will pay attention to every little detail.

It doesn't matter how they will view their relationship, their lover will always be a successful person. Since they want to do things in a certain way, they won't want anything else but to please their other half.

It can be tiring to have them obsessed with neatness and perfection all the time, but it's bearable. They aren't too fun and spontaneous either.

These natives are better with someone who can help them relax. Moon Sagittarians need to always look at the open horizon. They are positive and adventurous creatures, eager to try new things.

As lovers, they are active and all the time on the go. That's why they need someone who brings in variety and keeps everything fresh.

These natives simply can't have a domestic life or get subjected to a routine. They need someone who's broadminded, tolerant and interested in self-improvement.

Virgo Sun and Sagittarius Moon man

This man is ruled by Jupiter, the planet of adventure and travels, and Mercury, which is also a planet of travel amongst other things. This guy will always try to move around.

The Virgo Sun Sagittarius Moon man has an amazing energy and is a great teacher when it comes to showing others how to be free. He would love to preach and give lessons of life because he likes the attention and to feel useful.

Not to mention how interested he is in learning and talking about different subjects. Aspiring, he can't stick to a plan for too long. He will often change direction. That's why his colleagues can't rely on him.

It's very likely he will have many homes and jobs. But one thing will remain the same: he will absorb new information like a sponge.

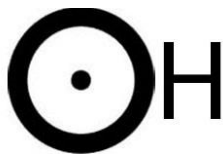

He will get to know his date better than anyone, from their first meeting. And he won't want to know just a few details about her. He loves the ladies and he can't think of someone else when one girl gets his attention.

The woman of his dreams is adaptable, wants to go everywhere with him, and is intelligent. He doesn't care that much about looks and if she's passionate in bed.

Unemotional, his children and wife will rarely get to his heart. While enthusiastic to chase, he may hide the fact that he likes a woman.

Don't worry if you have a long-distance relationship with him. He will travel thousands of miles to be with you. The girl of his dreams will be very important to him. But it will still be difficult to have him settle because his main purpose in life is to roam free.

Sun ☉ in III 3rd House

([861] i.thehoroscope.co)

This placement of the Sun encourages people to always look for new experience and to feel in different ways, remaining open to other people too.

People born with the Sun in the third house in their birth chart are driven to get the power and love to analyze or use their mind as much as possible. They study everything, gaining a lot of knowledge and they don't mind to share what they've learned.

It's very likely these people will continue with their education until later in life, taking different classes and getting their PhD. Trips to faraway places and the study of different cultures makes them to continuously want more from life.

These natives are a little bit impatient around people who don't have the same enthusiasm towards gaining knowledge as them. As the most effective teachers, creative writers and successful journalists, they really know how to communicate and always say the right things.

Summary:

Strengths: Creative, pragmatic and bold;

Challenges: Agitated, pessimistic and unpredictable;

Advice: They should pay more attention to the needs of their loved ones.

A spontaneous personality

Agitated and always on the go, Sun in 3rd house people need variety in their life or they can become really bored.

Very proud of their mental abilities and the friends they've made, these natives easily adapt, no matter the circumstances and people who enter their life. There's no one more

eager to express knowledge and to learn than them.

Curious about everything, they feel good when discussing on intellectual subjects and the latest news.

These natives don't mind speaking in public and are very happy when someone appreciates the way they communicate or write because they really have a witty style that makes people want to know more.

Sun in 3rd house people have big dreams and use their communication skills whenever around influential individuals, in the hope they'll get their hands on an opportunity and obtain a chance at climbing the social ladder or scoring with some of their business ideas.

As children, they probably started talking earlier than others, in a very elevated manner. Knowing more than one foreign language, they probably used this against their siblings when trying to get the attention of their parents.

They're spontaneous and can't stay in one place for too long. It's suggested they respect their own ideas and thoughts more because they have the tendency to only appreciate what others are saying.

Very enthusiastic about learning something new, expect them to enroll to anthropology classes and to attend night school.

The 3rd house rules over the immediate surroundings, which makes natives having the Sun in 3rd house wanting to be appreciated by their close friends and family.

The positives

People with Sun in 3rd house are experts at transmitting information and making stories come to life. The position of the Sun indicates they love being intellectually stimulated and are always curious about what's new in every domain.

They'd make great translators, journalists and bloggers, but also efficient teachers because they're childish and eager to communicate what they know.

The Sun represents a person's self and awareness, brightly shining when it comes to the way natives experience with every little detail of life.

Therefore, all people with Sun in 3rd house want is to get to know the world by first-hand experiences as only this way they're feeling that they have control over their own life.

Concerned only about the present, these natives really know how to live in the moment and are eager to discover more about people or their own surroundings.

Their ambitions are usually related to their intellectuality and mental development as they strongly believe knowledge is the only thing that brings power to people.

That's why they have great talent at science, literature and academics in general. Their ego is expressed through communication and the exchange of valuable knowledge.

It wouldn't matter how intelligent and open for talks they'd be, the feeling there's room for more will always exist in their heart and mind.

The presence of the Sun in the 3rd house makes people with this placement interested in interacting and being stimulated by others. They prefer quality over quantity and intelligence rather than beauty.

For them, all the life's energy is about exchanging meaningful information and they can't stand small talk, even if they're very good at it.

It's important for them to have something to do and to study all the time or else they get to feel life is getting sucked right out of their soul.

It can be challenging for these natives to discover variety beyond their own curiosity because they may think their knowledge is wide enough to cover a little bit of everything.

When discovering something completely new, they get to be surprised and still curious. Because they're such good friends, many will want to spend their time with them.

If they won't have a sibling to whom to dedicate a lot of their time, they will develop at least one relationship of brother or sisterhood with one of their friends, which will most likely be a male.

Even their neighbors will love them because they're always nice and knowledgeable of all the news. When it comes to politics, they will discuss it in groups and get to be the center of attention, which is very much to their liking.

All natives with Sun in 3rd house love school and having colleagues with the same interests as them, so they'll continue their studies until very old. They're not necessarily interested in grades and degrees if their Sun sign isn't Capricorn, as they're more eager to gain knowledge.

They will however, want to have at least the basic diplomas considering a certain level of education is required for the good jobs.

If their first few years as students will be enjoyable, they'll get to be more ambitious and compete in school. But if their experience will be bad, they'll focus on learning how to

read and write, only to study what they like on their own, at home.

Since they're obsessed with knowledge and communication, their upbringing will always have a consistent form of education, whether self-taught or accumulated in school.

The negatives

Because they're highly adaptable, natives having Sun in 3rd house tend to identify themselves with their environment, whether in an active or passive way.

Without realizing, they get defined by friends, family and the places where they're living. When circumstances and environments are changing, they're doing the exact same thing, so their identity is never stable and always depending on other factors.

They should invest all of their intellectual abilities into something constructive, even if some of them find this difficult because they're only curious and forget to also do anything else besides learning.

The fact that they need to communicate so much can have them talkative to the extreme, so many won't stand having them around. If the position of their Sun would be afflicted, they'd have problems during their first years of school, fight with their siblings and be so intellectually arrogant that they'd push their own ideas onto others.

It shouldn't be too difficult for them to change all this considering their Sun's position and the intelligence it brings. Since the 3rd house rules also over siblings, it's very likely they won't accept living in the shadow of their brothers and sisters.

But many of these issues depend on their Sun sign and the aspects in their chart. Mercury makes them easily adaptable and open towards communication of any kind.

Sun in 3rd house people should make an effort to not become rigid because they'd no longer efficiently communicate when not open to also listen.

Their opinion will usually be valuable as they know many things on subjects others wouldn't even think of addressing. For the same reason, they'd have many perspectives from which they're looking at life, so constant change in their way of thinking would be something others should get used to.

They can understand other people's points of view, even if they think their own opinions are the only ones that matter. Talking about their dreams and objectives will motivate them to also do something about these things.

They don't mind working hard, but problems may appear when trying to convince their superiors of new ideas they may have.

However, they will still advance in their career, even if they may need to sometimes compromise and to do things the way they wouldn't on their own.

Helping others would have the favors returned to them, so they should definitely make an effort for those who may need them to.

If the Moon is in a difficult aspect with Mars, Uranus or Saturn, they should pay attention to their mental health and notice if they have a tendency to be bipolar.

Because they study a lot on the subject of health, they will be very knowledgeable on how the mind and the body are functioning together, sharing their discoveries with the rest of the world and suggesting different kind of medical treatments to those who have problems.

That's why they would make good doctors and health practitioners. They will probably have difficulties adapting their lifestyle to a healthy routine as life is often unpredictable and demands changes or for things to be a little bit slower. The Moon in 6th House people have a need to help their peers more than others.

Mercury ♀ in ♏ Pisces man 6° 35'

([906] i.thehoroscope.co)

He has many expectations from those close but he also manages to keep everyone's interest alive and kicking.

The Mercury in Pisces man is an idealistic and a bit procrastinating individual who cannot, for the love of God, settle with his responsibilities and take on life's challenges too seriously.

No one tells you to take on the world, to fight against everyone, but try to organize your life, think realistically and do something to make it better.

He doesn't pay attention to the trivial things that most people do. Nope, all he does is philosophize, think about what-ifs, immerse themselves in contemplation, art admiring, courtesy of their dual nature.

In a nutshell:

Positives: Sensitive and communicative;

Negatives: Contradictory and possessive;

Soulmate: Someone who is open to trying new things.

Life lesson: Investing more energy, even when others are not involved.

The secret sentimental

Generally, the man born with Mercury in Pisces is very friendly and available any time for others to come and ask him for help, one that he gives with a bright smile and a generous attitude.

But it happens, once in a while, that he just disappears from the radar, no one can find him. These are the periods of time when he just goes away for a while because he just

can't face reality anymore. Perhaps all the pressure, responsibilities, obligations, were just too much.

With their head in the clouds, taking on life's challenges seems like a challenge in and of itself.

Moreover, when a contradiction appears, he can get very angry very quickly when the other person just keeps on refusing to see his point.

Usually, he keeps all that pent-up aggression closed within, but sometimes he just can't do it anymore and he explodes.

Of course, this native can be an excellent artist, a painter, musician, actor, someone who uses his imagination and scenic presence to please the public, to appeal to their senses in a refined yet innovative way.

Professionally, these men try a lot of different things, but the laziness and lack of conviction usually keep them incapable of finishing most projects.

He might need a push from his partner or someone close to continue on. As long as he knows the final result will be satisfying, he will keep his interest alive and kicking, but otherwise, he tends to abandon everything.

He's a casual flirter, always engaging in hot conversations with every woman he sees. With tender and subtle words, he manages to seduce even the most stubborn women, but he refrains from being overly romantic or affectionate.

Until the other person shows to be open to something more, he will keep the same pace. He's also not going to be content with just anyone.

Only the best, most refined woman can be his partner, someone who shares his views and taste for adventure, believe it or not.

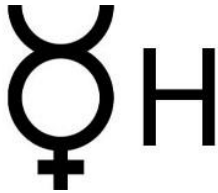

The Mercury in Pisces men are really slow to get into a relationship and build a family because of their high standards. Their sensitive personality makes it very hard for them to stay with someone who is more aggressive or loose-tongued.

They can get hurt very quickly by some random words thrown into an argument, and even though the partner had been warned, it's something that just happens.

Maybe it's their overly-sensitive personality that makes this whole affair so absurd, maybe it's the partner's fault, one thing is true, that they will jump from relationship to relationship.

This man has a lot of demands and expectations from his ideal lover, some of them being a little exaggerated, but he will find someone for his soul, that's for sure.

Mercury ♀ in IX 9th House

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

Summary:

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

A great mental capacity

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

The positives

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other

languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

The negatives

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

Mercury ♿ - Detriment in Pisces (& Sagittarius)

Venus ♀ in ♒ Aquarius man 9° 42'

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

In a nutshell:

Positives: Eccentric and dedicated;
Negatives: Cruel and obstinate;
Soulmate: Someone who has a scientific mind of his own;
Life lesson: Taking more time to practice hobbies.

His love personality

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of

love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

Attracted by ...

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

In conclusion

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept someone who can't understand this interest of his, someone who just can't follow

through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

He looks just like he's not interested at all, like all he wants is to be a friend to you. And his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

Venus ♀ in VIII 8th House

([952] i.thehoroscope.co)

People having Venus in the 8th House are true to their feelings and wish for things to happen naturally in their lives rather than pushed by them.

Natives having Venus in eighth House will most likely express their sociability and romanticism through the way they make love, establish friendships or business relationships.

Very attractive to the opposite sex, they want someone who's smart and somehow mysterious to be next to them for life.

Hating vulgarity and poverty, these natives will do their best to have lots of money and to succeed. It's normal for them to surround themselves with high-quality things, so be ready to witness them spend everything they have in one shopping spree. They get easily bored with the everyday issues and need a little bit of drama in order to feel happy.

Summary:

Strengths: Devoted, witty and romantic;

Challenges: Overly dramatic and superficial;

Advice: Be the person who matches their words to their actions.

Passion makes them feel better about themselves

People having Venus in the 8th House, which rules over sex, are very charming when it comes to love. They like being romantic, giving or receiving flowers and forging meaningful relations

It's very possible they will start a business with their partner or inherit some money they will very much depend on. Their friends will be true, and they'll probably be interested in the occult.

When it comes to love, they want things to happen intensely because they really don't like casual encounters and to just have sex for the fun of it. They don't dream of something strictly physical and prefer a relationship with as much drama as possible.

Everything that has something to do with superficiality or the mundane bores them. Fearful to not appear weak in love, they may struggle to keep their emotions under control. Jealousy and possessiveness are normal for these people, because they're terrified to not get cheated on or betrayed.

They wouldn't allow themselves to appear weak in love no matter what, being very afraid to be cheated on and very jealous.

Those who have managed to win their trust should never disrespect them or abuse their good nature, because they're very loyal and giving. If you'll offer them back what they have given to you, things between you two should go on smoothly.

Passion makes them feel better, so they're charming others just to bring out their most fiery attitudes. Everything that's secret and taboo makes them thrive, wanting to get together with people who have obsessions or are a little bit broken inside.

It's not unusual for them to turn their love relationship into a business one, because they can really collaborate with their partner, no matter if it's about romance or money making. Many will be fascinated by their intensity, wanting to know them better with every day that passes.

Individuals having Venus in the 8th House are very generous with their love and passionate, because they feature all the Scorpio's traits.

Everything is deep with them, and their favorite thing to do is discover their lover's secrets, as it's impossible for them to live knowing their other half is hiding something.

That's why they go for mysterious and dark people, for those who inspire a little bit of danger and have a ton of sex appeal.

As a matter of fact, they're transmitting a lot of sexual energy themselves, being almost irresistible with their seductive ways and penetrating eyes. Those who are in love with them can see how capable they are of an intense connection and of offering the greatest pleasures in bed.

However, Venus in eighth House natives need someone who will be fully committed to them, no matter if it's about love, friendship or business.

They usually don't give their heart away immediately, their stubbornness being something others are usually trying to overlook. But they are really able to connect or to make people trust them, whether they reveal their dark side or not.

Very curious about secrets, they avoid sharing their own and stick their noses where they shouldn't. Not at all good at small talk, individuals having Venus in the 8th House want to discuss matters of the soul and philosophy.

When feeling like they no longer have any power, they start manipulating others, because being in control makes them feel emotionally secure.

If their partner starts to grow apart from them, they become enraged and can no longer be controlled in their plans for revenge. This happens due to the fact that they're deep and feel things more intensely than others.

The eighth House can teach them to be more trusting and let go of the past, if only they listen to how this location in their birth chart influences them. Venus has its own shadows when placed here, so natives having this planet in the 8th House will be attracted by the forbidden and everything that's taboo.

They will think of death and create great art out of this. If artists, they will make all kind of morbid pieces that are really appreciated by their admirers.

Seductive and wealthy people can make them fall in love easily, because they're sexual and have a love for luxury. Those who are preoccupied with the occult will always have a special place in their heart.

They are rather reserved

People with Venus in the 8th House are emotionally intense and passionate, always wanting to establish deep connections with others. The planet of love is sometimes overwhelmed in this House of darkness and secrets, but it definitely makes its natives more deep, emotional and needing to merge with someone from a sexual and mental point of view.

They will always want to have committed friends, lovers and business partners. Very intuitive, insightful and sympathetic, they can also come up with original ideas and successfully explore what's being hidden to the public eye.

When out in the world, they are rather reserved, mysterious and somewhat mystical. Venus can get deep into the way they interact with others, making them unconsciously profound and capable of tremendous passion.

The eighth House rules over death, so having Venus here can signify an ending that's not so painful. They will probably die in a beautiful place, surrounded by all the people they care for the most. It's the position that suggests an ending in the arms of their life partner.

However, if Venus is in bad aspects here, they may have many losses in their lifetime, physical or symbolical, as it can also be that their spouse doesn't love them the way they used to, which is also a great loss.

Individuals having Venus in the 8th House should be careful not to become manipulative because they can immediately attract people, so the temptation to use others can be very high.

It's also important for them to have control over how jealous and possessive they are, because they can exaggerate with these negative traits.

Looking at which House falls in Libra or Taurus, they can see how they can use Venus' energies in the most constructive way. It's easy for them to become financially dependent on others, so they should pay some extra attention to this aspect.

These are the types of people who don't mind quarrels over inheritance and who prefer destructive ways over superficiality and the mundane.

When loving, they completely devote themselves to their partner, expecting the exact same thing in return. It's very likely for them to exit relationships in which nothing is happening just to enter others that have more conflict.

Wanting an intricate sex life, they can't deal with their psychological issues by making love, because they're too intense for things to be simple in their life. They will probably think all the drama and betrayals happening are meant for them, as they like to think of themselves as victims.

The 8th House can generate a storm of feelings and doesn't allow people to get too comfortable. When Venus is placed here, the natives with this placement will search for an aggressive love that makes them feel nauseated and feeds their soul.

And whether we're talking about tasty food, drinks, long voyages on the sea, or a three-weeks' vacation on the coast of a tropical island, this native is all over them. What's bad about this predilection of his is that he will be content with his lifestyle if he's comfortable and won't try to better himself.

In a nutshell:

Positives: Passionate and intuitive;

Negatives: Lazy and impatient;

Soulmate: Someone who is refined, tender and attentive;

Life lesson: Not letting a distance interfere between him and close ones.

High expectations in life

These natives also share a strong connection with their friends and family, so close in fact, that they will react violently and with great determination every time they perceive danger coming close.

Combine the natural tendency of a Taurus to take a step back and enjoying the view of his courtyard, of about any sort of beautiful thing in the world, with the combative influence that Mars has on him.

What did you get? You should have gotten a native who's crazy about making his life a paradise, about fighting boldly and courageously for what he feels would fulfill his dreams.

In general, though, their dreams and aspirations concentrate on the desire to be comfortable. And what could be more comfortable than being a couch potato, staying all day long inside the house, watching Netflix, and eating chips?

They might go for sports, but not very active ones, and also, they will try to incorporate their creativity into something practical. Moreover, they could be very good farmers from the looks of things.

Now, knowing what the Mars in Taurus man is all about, would you see him skipping through relationships like Don Juan or taking them slowly, individually, with passion and romanticism?

The latter seems more plausible, right. He's very affectionate and patient with his love, and he will want to walk every step of the way, from the initial encounter to the flowers, the notes, the kisses, and then the confession.

If she refuses to play along and tries to distance herself, this man will go through a rainy period where nothing goes as it should.

A dysfunctional behavior, antisocial attitude, his shyness will turn to depression, and so on. He doesn't have anger issues for most of the time, although if he's maddened enough, watch out!

He won't be keeping an eye on the collateral victims, and just like an enraged bull, he will stampede everything in his way.

The man born with Mars in Taurus wants to focus all of his imagination and intuition on creating little things or even building himself a house. Hand-crafted things are most enjoyable to him.

This shows that he is ready to put himself to work if the incentive is great enough if he wants to truly achieve his goal. Also, he prefers to finish his projects before moving on to another idea.

His woman should be refined and devoted

This man is quite content with living the life of his dreams, a comfortable and happy one where his responsibilities are set in stone, a sort of routine that he quickly gets used to. He knows how to keep himself happy and fulfilled.

He believes that something, where you put in enough effort, will eventually turn out to have an incredibly satisfying result. Whatever you work for, spend night and days overlooking in, taking it to step by step, that's worth it.

He wants his woman to be refined, tender, feminine, both physically and psychologically, and he wants her to get used to living a routine-based lifestyle.

In a relationship, he wants to take it slowly so that he has enough time to see whether she is compatible with him or not, whether she's the right one after all.

He knows just how devoted he can be when he falls in love that deeply, and he wants to avoid unpleasant situations where he breaks up with that person.

For him, getting all physical is one of the most efficient ways to check things out, and it's something he deeply enjoys also.

In conclusion

The Mars in Taurus man is generally much more sensitive and intuitive than most other men, and this means that he would try to break apart any social regulations, to do his own thing, to creatively create his own lifestyle.

However, with his lover, things could be different, and he may find it better to ascribe to certain traditional ideas. The fact doesn't change that he is very imaginative in bed, so he doesn't give up on his nature after all.

Possessive, jealous, and materialistic, this man cherishes his property and doesn't want anyone else to interfere with it.

Yeah, he does perceive his woman as belonging to him, so don't even think about trying anything funny. He can make money very easily given his responsible and perseverant nature, but he finds it hard to part ways with it.

One thing is true about him, and that is his stubbornness and determination to never give up on his principles and ideas.

Even when you thought you've won when he's stopped speaking, just remember that some people realize they're dealing with idiots and will give up rather than waste their time.

Just saying... If his wellbeing is directly implicated in an argument or debate, you'd better prepare for a lengthy, argumentative, and mule-headed discussion that will end with you driven out of your mind.

He's the type of man who emphasizes his professional success and material situation

first, the achievement of all his life's dreams, and only after that would he get into a relationship.

He expects his partner to have a successful job, to be responsible and patient with spending money. He might start judging you on what you buy, believing it's a waste of capital, and this will become annoying in the long-term.

Don't anger him though. Even if it takes a lot of time and effort to get there, you won't like him when he's angry.

For them, everyone will be a closed person, and no one will be truly in their heart. Those who are their real confidants won't even be able to understand them, because they spend more time with people who are in their life only for a while, instead of with their real ones.

It's easy to see them bored, so those who can't excite them will be quickly left behind. Not standing to obey, they will get together with people who would rather compete with them than give orders.

Passive personalities make them want to run away, because they love to play all kinds of games involving power and getting the attention of others. Only people they admire themselves will be allowed to be the center of a group in which they're active members.

They get along very well with natives having Aries and Mars present everywhere in their chart, because when fighting with these people, they're doing it for the fun of it. When

admired and regarded as leaders, they're the happiest, because getting lost in the crowd causes them to be very frustrated.

In case Mars is in good aspects with Uranus, they will be anarchists or revolutionaries who participate to protests and generate chaos.

The downsides

In case they have a desire to change other people's life for the better, they should take care of their own in the first place.

Mars in Rx *retrograde movement*

[699] [920] ([699] mollysastrology.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

Mars ♂ - Detriment in Taurus (& Libra)

([871] southfloridaastrologer.com:) A restricted expression of power and will is found when Mars is in Libra or Taurus. Libra and Taurus' need to be polite, sensual and enjoy beauty is opposite Mars' need for power and to express its will.

It's easy to realize why lion families are being called "prides" when seeing how family successes make the Jupiter Leo man more optimistic and thankful.

The more his loved ones will achieve, the more demanding he'll become. This may set some high standards for everyone. He needs to realize his ideals are sometimes impossible to achieve. It can be difficult to live up to his expectations.

Saturn ♄ in ♎ Libra man 6° 23'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

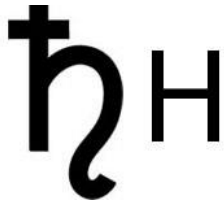

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ♄ in IV 4th House

([1032] i.thehoroscope.co)

This placement of Saturn makes people benefit from a very complex inner life, care a lot about their family and their home and do anything to protect it.

People born with Saturn in the fourth house in their birth chart are the conservative type who feels the most secure when owning property and sticking to traditions.

These natives hate change because they're unconsciously terrified of what they don't know and don't want something to interfere with their life. They enjoy having as much as possessions as possible as this makes them feel secure to know they have things somewhere in a safe place.

Because they are sometimes tyrannical and impose discipline on others, individuals having Saturn in 4th house may fight with their family members more often than others. Their exaggerated worrying can cause them serious health problems like ulcers and stress-related diseases.

Summary:

Strengths: Honest, serious and dependable;

Challenges: Controlling, anxious and domineering;

Advice: They shouldn't be too demanding of their own family.

A complex inner life

The 4th house is responsible with family among other things. It indicates how nurturing a person is and also how he or she receives or gives affection.

When Saturn is placed here, it influences people to limit how much they care for the ones they love. Many may see Saturn in the 4th house individuals as distant and not in any way ready to get involved with others at a personal level.

It's possible their memories of childhood to be related with less affectionate periods of time and with when they had to do different kind of activities that made them feel abandoned.

Saturn is in charge with how responsible people are, making them more dutiful and dependable. If their parents didn't pay them enough attention when they were little, it's very likely Saturn in 4th house natives will want to compensate all this and act extremely caring with those who come into their life at a later age.

Always honest and wanting to discover the truth before anything else, these people will be very serious when it comes to saying what's in their mind and feel like it's their duty to always speak the truth.

Studying from far away, the 4th house rules over the neighborhood, the town and even the country from which people come.

When Saturn is here, individuals with this placement become very attached to their homeland and would never betray their country.

Also, they're all the time looking to live a complex inner life, so they need their own home, a place where to retreat from the world because having their own place is of utmost importance for their psyche, ever since children.

They may sometimes feel like it's a responsibility for them to take care of others, not at all an enjoyable thing done out of love. In case they've experienced abandonment when little, expect them to be very reserved as soon as out in the world.

They will also have problems determining who they really are and will refrain themselves from talking freely. However, if getting to know their inner world, you can discover amazing things about their personality or the way they're seeing life.

It's possible for them to never want any memory of their history and to change homes when feeling a place has brought a certain amount of pain in their life.

The 4th house has an amazing influence over the subconscious and Saturn can be pretty aggressive, so individuals having this planet in the 4th house may be strongly convinced their own happiness and sense of fulfillment are impossible to be attained.

It's like their inner world is a deserted island that sometimes makes them feel invisible, cold and terrified of emotions.

Because they feel healed when at home, Saturn in 4th house people will always look to have a good domestic life that offers them the stability they so much need. Only those of them strongly influenced by Pluto, Uranus and Neptune won't be the same.

Some of them will try to live as far away from their parents as possible, others will find it difficult to stay for too long in the same place and change houses every few years.

But no matter what, what they've experienced in their childhood relating to family and home will always influence them in either a conscious or unconscious way.

Some of them will be defensive with all the new people in their life, others will want whom they can't have.

The 4th house is also the home of the parent that is less domineering, those having Saturn here feeling like they weren't emotionally supported in their childhood by this person who raised them, in particular, no matter how much love and even money they have actually been offered.

As a matter of fact, this will give them determination to build a quiet and settled family life for themselves, one in which emotions aren't denied by anyone. It's normal for them to develop and work on their own psyche based on their ancestral background.

If Saturn is in the 4th house, all the natives with this placement find it the most challenging to interact with their own soul and emotions.

Cancer is the natural occupier of this house, being is a Water sign and a force when it comes to anything relating to the emotional side of people.

Therefore, Saturn in 4th house natives will always be able to feel what's wrong with their family, but they'll try to discipline feelings and set some limits when it comes to matters of the soul.

Their spouse and children will be the only ones in their life to truly drive them crazy, so they'll struggle to be as authoritative as possible with them.

They may need to go back to their roots and identify their own problems, but all in all, their domestic life will offer them a feeling of belonging, which is what they're craving all the time.

The goods and the bads

Saturn is the bully of the solar system, putting all kind of obstacles and limits, no matter where it may be placed in the birth chart.

When positioned in the 4th house of home, natives with this placement will feel unloved as children, no matter how affectionate their parents actually are.

They want their own family just to compensate for what they think have missed when little, so they'll look everywhere for a partner and the perfect place to settle.

These people are highly responsible and tend to impose all kind of rules on others. Most likely resentful of their own legacy and ties with ancestors, they also don't want to settle

with someone until mature of age or even later.

The women in their life will be very important for them, but also the individuals who caused their problems to accentuate, or at least this is how they'd feel. It's difficult for them to show their feelings and may protect themselves from all kind of motherly influences because they feel like this would bring them trouble.

Intimacy can be really adventurous for Saturn in 4th house natives because they don't want to seem vulnerable by opening up. However, they will still be realistic and realize at some point that relationships can't resist without a certain level of communication.

Seeming to not need to be anywhere else besides their home, comfort and security are the things they focus on most of their life, working hard to attain the goals relating to a happy domestic life.

They're not only interested to reside in a cozy environment with their family, they also want friends to come over their place because they make the perfect hosts and hostesses.

It's normal for them to pressure themselves at social gatherings for everything to take place smoothly as Saturn influences them to be very responsible when it comes to being with other people.

The past is present in each and every cell of their body and deeply rooted in their psyche. It's like their memories push them forward through life, making them think all the time of their childhood years.

Saturn teaches them that only by facing matters of inheritance, they can mature their present relationships. Because it takes them a while to find a good home for themselves, they may settle after their thirties and still think of the pressure they used to feel in their parents' house.

Some of them may have been forced to become adults sooner in life or had instability at home, where their parents would have been always fighting or caring about their work only. The planet Saturn would support them to care for themselves from both an emotional and material point of view.

When in the 4th house, it influences people with this placement to put pressure on their own ways with relationships to the point of no longer remembering whom they actually are as individuals. It's suggested they're less hard on themselves when it comes to their interpersonal connections, or they'll end up too stressed.

Worrying too much about what makes their loved ones happy can't bring them anything good. While responsible because Saturn influences them be this way, they may not

succeed so much in life because they're not willing to take any risks.

These natives hate change and are feeling forced to accept what's coming towards them, no matter how much a new experience could bring. It would be a great idea for them to enjoy a little bit of adventure from time to time.

Uranus ♅ in ♊ Gemini man 14° 33'

([1043] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born under the Uranus in Gemini transit are very intelligent people who love to experience the world and learn everything they can from every encounter.

Very flexible and adaptable, they are able to confront any situation with a clear mind and a steady hand, that is if their many friends don't support them.

With the new technological advances coming up, these individuals have a lot of opportunities to achieve their potential and goals. Always coming up with new ideas that break apart the societal expectations, ideas that most other people would never think of, they represent a special category of people.

In a nutshell:

Style: Expansive and versatile;

Top qualities: Visionary and rational;

Challenges: Impulsive and superficial;

Advice: Some people simply don't want to be reached to.

Personality traits

They never wallow in the destructive ways of a traditional past, and let themselves be shredded with increasingly progressive ideas, which they'll use to change all of society.

If only they could share these plans with other like-minded people, they wouldn't fail as much, and it would be even more fun overall.

Basically, the Uranus Geminis are innovators, inventors, the sages that bring about a state of meditation and illumination to the world. They are here to fight against oppression, unfairness, superficiality, ignorance.

For as long as Uranus moves through each of the astrological signs' spaces, its influence marks the beginning of great things, of new beginnings, of a life reborn.

For the Gemini native, it's the mental acuity that gets increased to overwhelming levels. They come up with all sorts of ideas, both interesting, fascinating, and plain insane, but from all this imaginative plethora, they pick out the most useful and realistic ones to implement.

They may also be at the forefront of new discoveries, scientific breakthroughs, advances in the fields of psychology, social sciences, and so on.

This combination between Uranus and Gemini makes for one hell of a punch in the face of all those boring people who prefer staying at home, never risking anything, and who never develop.

These natives are bold, daring, creative, and sharp-minded. Nothing is too much when compared to the brilliant intelligence that flares up in the night sky when they're thinking up of new ideas to construct the future with. Professionally, they might choose something that has to deal with humanistic sciences, art critic, writer, PR employee, and

so on.

It could go both ways for the Uranus Gemini. They could attract other people like moths to a fire, or they could bore everyone out of their minds. The thing is, it's all dependent on whether they're socially adept enough to filter all the knowledge they've accumulated, making it interesting and fascinating.

The sciences intrigue them the most, the study of the world, from the greatest known cosmical objects to the tiniest particles that were discovered. They have information about any given subject, especially the arts and sciences, and actively try to bring a change in the general mentality of the common people.

This native likes to put his mind to work for him, even when there are no urgent matters to attend to.

It's all related to what one can think of in times of need, to the mental agility needed to confront ever-growing menaces, to decipher the messages hidden in the chaotic structure of a given element.

Learning and understanding complex concepts come very easily to them, just as sharing their convoluted ideas does. With all the reading one's doing, it comes as no surprise that people often can't really see where they are coming from, what their ideas are all about.

Not a basic love

In a relationship, the Uranus Geminis can be very pragmatic and rational, but also loving, affectionate, and imaginative. They can't let it all fall down the hole of tediousness, into a world of routine and rigid day-to-day menial tasks.

Conformity to social expectations and age-old traditions is a thing of the past, and quite insulting to their intellect, to be frank.

They may not be revolutionaries or anarchists who want to totally go against the status quo, but they aren't blind sheep following a set of ancient principles set in stone for no reason other than irrational beliefs and stereotypes either.

They aren't afraid at all to go the extra way in order to see what works, how they can spice things up, and experimentation is a trademark of these people in love.

The good and the bad

Uranus Gemini people like to think that knowledge is the most important factor of a person's personal retinue, and they want to collect it all.

They are curious to no end about how the world works, about the many sciences that

explain it, about humans and their behavior, and so forth. Everything is an opportunity to learn from, and even the flimsiest events, the most insignificant chances are filled with opportunities to gain knowledge. Also, they are very adept at making this information accessible to simple-minded folks, to spell it out in layman's terms.

They may focus on the overall picture, and not the most intricate details, but that is enough, given their power of understanding.

The only thing that could really count as a flaw is the fact that the Gemini in Uranus lacks focus. This native is a jack of all trades, yet the master of none.

They may have a range of very diverse interests, and their general knowledge may be one of the most profound out there, but if you get into a long debate into the guts of a given topic, they're going to bail sooner or later.

They can't focus, and this is annoying to many. Beside this, when they're not fixated on something, their mind runs amok, never in one place for too long, jumping from interest to interest, from idea to idea. Spontaneity is a key element of how this native does things.

The Uranus in Gemini man

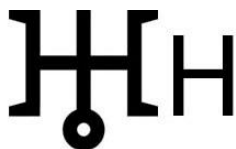

The Uranus Gemini man could be defined as split between the two sides of his personality, each angling for a slice of the action, neither ever reaching a consensus on the proper course of action.

This is evident when he takes on a task, he starts researching, comes up with what seems to be a perfect idea, and then he just tosses it to the bin for no apparent reason.

He is obsessed with revolutionary ideas, with innovative principles applied in fascinating ways, with the new breakthroughs in science and technology.

Perhaps what sets him apart from everyone else is that he never stops once he reaches the top. He realizes that knowledge is endless, and you can never find it all.

Uranus ♅ in XII 12th House

([1064] i.thehoroscope.co)

This placement of Uranus makes people prefer working in the shadows and doing great

things while not even searching for recognition.

People born with Uranus in the twelfth house in their birth chart have a need to be of help and may give a hand to others in the most unusual ways because that's the way they are: unusual.

It's like their purpose in life is to contribute and they're never expecting any recognition or reward when supporting others. It's very likely for them to be artists because their mind is very creative and they love to be in the company of people who are tasteful.

They want to see beyond reality and to cross the boundaries between this world and the one that can't be seen with the naked eye. Individuals having Uranus in 12th house are very eager to express themselves freely by studying, being involved in all kind of affairs and dealing with the unknown.

Summary:

Strengths: Ingenious, elegant and unconventional;

Challenges: Distracted, cautious and superficial;

Advice: They should try to look at their work with joy not resentment.

A sociable companion

The planet Uranus is of great help when it comes to what the unconscious is used with. It stirs up things and brings all kind of coincidences into people's life.

Natives having Uranus in the 12th house can have their strange ways when helping others and may want to remain anonymous when being generous.

Many things will happen in their life, and they will get to change some of their habits or objects of affection due to these events.

For example, when some of their secrets will become known to everyone, they will find it necessary to change their ways so that nobody else knows what they're doing anymore.

In such situations, they may need to give up some of the things in their life, which can be a more or less easy task. But only this would help them detach from their past.

The connections they're having with society ask of them to sometimes be less coherent. While Uranus in 11th house makes it possible for natives to interact more efficiently with the collective, the same planet in the 12th house relates more to the unconscious of the collective and the way an individual is in synergy with it.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

Blessings

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of

the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

Challenges

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal

with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

Neptune ♆ in ♑ Capricorn man 24° 54'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the

path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty

much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

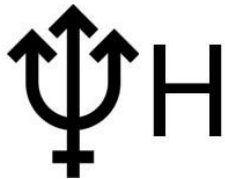

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Neptune ♃ in VII 7th House

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

Summary:

Strengths: Dependable, trustworthy and kind;
Challenges: Dreamy, irritable and perfectionistic;
Advice: They should do more of what they love.

An altruistic personality

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it

comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

The goods and the bads

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

Pluto ♇ in ♊ Gemini man 20° 53'

([1091] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born with Pluto in Gemini in their natal chart are incredibly intelligent people who roam through life uninhibited, winning out the social games, and planning further down the road for their future.

With innovative ideas and a panache for getting down to the barest of details when confronted with a problem, they always seem to find the simplest solutions to the most complex problems.

This innovative attitude comes as no surprise, however, because when looking at the sheer amount of knowledge they have amassed, it becomes obvious why they find out exactly what's wrong in any given situation.

In a nutshell:

Style: Versatile and curious;

Top qualities: Attentive, adaptable and inspired;

Challenges: Superficial and rushed;

Advice: Don't go the moment boredom gets installed.

Personality traits

Because they are detail-oriented, witty, analytic, and communicative, the Plutonian Gemini natives thrive in society when surrounded by people, discussing the many existential dilemmas, investigating the latest gossip, and so on.

Interested in the things that not many would look at for a second time, the mysterious and the enigmatic, they sate their curiosity with whatever they find fit, without much concern about what others believe of them.

The problem appears when they have to focus on going forward with a plan for a prolonged period of time or even getting through half-way. Usually, if they even have the inspiration to initiate a project, they'll quickly lose interest if things don't advance as quickly as they imagined they would.

When these contradictions appear in their thinking, making it harder and harder to concentrate on a singular idea, they get their energy from social interaction.

Love and affection are also very beneficial to their state, as it points to them they are appreciated and that it's worth it to have a bright outlook for the future.

In this sense, they want to help create a better world for everyone else as well, and if they can make the smallest contribution, they won't hesitate anymore. Considering how curious and flexible they are, changes around the world would intrigue them for the most part, before being an inconvenience.

They adapt pretty quickly to new situations, always modifying their approach to achieve the best result, and some would even be shocked by their sheer versatility.

The good and the bad

One of the best things about the Plutonian Geminis is that they never stay the same person you once knew.

Constantly immersing themselves in deeper and more intense experiences than ever before, they reshape their thinking patterns continuously, ever evolving, ever becoming better. As for whether this is something annoying or irritating for others, it's not.

You just can't get bored with one of these natives around. They will twist your brain with mind-numbing information, and knowledge you never even knew existed.

They should learn to take a step back, and look at the general picture, instead of obsessively analyzing the details.

In a relationship, they can be very understanding and tolerant, because they have seen everything there was to see, and they are also very keen on trying new things.

Pluto in Gemini in love

When Pluto last transited Gemini's astrological space, it was a time of relative freedom for youngsters as far as sexual matters went. They were free to marry whoever they wanted for the most part, and this was a sign of the ever-growing expansive mindset of society.

This period of great evolution on this front has changed the perspectives on love of both women and men and should translate in a very relaxed attitude of the future Pluto in Gemini natives.

They perceive romantic relationships as having all to do with how one feels and not with material motivations. They are flirty and young at heart and will walk hand in hand with their significant others.

Sometimes, in a couple, they talk as if there wasn't enough time in the whole world, each of them living in the moment.

The Pluto in Gemini man

These men have most certainly learned the lesson of their ancestors and will resort to peaceful negotiations and persuasion.

They will make you go their way without you even realizing that you are being convinced and that is not really your opinion.

The Plutonian Gemini man might be viewed as lazy and not very interested in the betterment of society, especially given their changeable nature.

But there is nothing falsier than this, he will tick his fair share and beyond, but he does this in a rather inconspicuous manner.

Some men may fall prey to pessimism and loathing the state their life has reached but it is important that they don't break social contact during these times because this is their ever-to-go-to pick up.

Pluto's influence, along with the two-sided nature of Gemini, grant this man the ability to overcome the most desperate situations and change their outlook to a more optimistic one, perhaps in a matter of days.

Pluto ♄ in XII 12th House

([1112] i.thehoroscope.co)

This placement of Pluto makes people very analytical and observant, managing to be the best judges of character out there.

Those born with Pluto in the twelfth house of their birth chart can't help themselves but try to resist being controlled or ordered around. Even more, if they consider their ideas and courses of actions as being way more efficient and productive, they will stand firm no matter what.

Even with their friends, they will never accept a compromise, and if they feel oppressed or treated unjustly, they will not take it lying. It's because they are so very loyal and committed to a friendship that they have high expectations as well.

Summary:

Strengths: Observant, sociable and wise;

Challenges: Overly sensitive, moody and distracted;

Advice: They shouldn't confuse their dreams with clarity of mind.

They're emotionally intense

These people tend to repress their emotions and keep themselves hidden from the rest of the world. There are many reasons for this choice, but the end result is always the same, depression, sadness, grief, even obsessive behaviors that are too destructive to keep.

This functions as a trap that keeps them hurt and desirous of refuge.

However, when they will eventually get out of this predicament and find themselves, find the power to strive for more, everything will change. Not only for them, but also for others as well.

They are exceptionally open and interested in the many ways in which they can investigate their problems, like psychology, psychoanalysis.

The Pluto in 12th house natives see themselves as the arbiters of life and death, of the comings and goings of society, individuals truly in control of their own actions and thoughts.

They analyze and observe their own reactions and strive to discover the secrets hiding deep in their psyches.

Moreover, these people tend to be in good relationships with volatile individuals, the exiled and the shunned.

They are generally not willing to act on their desires until they have safely deduced the just way of doing things, for them as well as the others.

They find it very difficult to interact with other people and express their thoughts in a concise manner.

This happens because they are feeling inadequate, not adapted to the current trends and ideas, incapable of empathizing and taking in the real world.

Instead, they are living in a world of their own creation, one that nears transcendence, the infinity and beyond, a place where they feel at one with the universe.

What's more, the Pluto in twelfth house natives are very sensitive to the sufferings and griefs of other people.

When something bad happens, emotionally intense, they feel it in the marrow of their bones, a psychological pain that extends further and further until it reaches their souls. With pain, however, they will learn how to empathize.

Even though they strive to know themselves completely, to reach a superior level of existence and accumulate all the knowledge in the world, there are places where even they are afraid to go.

The deep recesses of their psyches are abyssal, too dark and shadowy to delve into. Things can quickly degenerate.

They will feel like they've lost themselves, lacking in an identity, with no clear purpose for the future, confused and disoriented. Faith is what's needed.

Motivation, ambition, wisdom achieved through compassion, a rich inner life populated with nothing but optimistic goals.

Dreams are especially important to them. They allow for clarity of mind, a new way of looking at things based on their desires and deepest wishes, all to go on a journey toward the discovery of the self.

The most important lesson that they can learn from this experience is the simple fact that they are their own masters. There is no destiny, only individual willpower, and conviction.

Either way, they will like to delve into such analyses and observations, to think about things clearly before committing to any course of action.

However, they also tend to radicalize the conclusions, to put everything through a negative lens.

The goods and the bads

The way these Pluto in 12th house natives relax or take a breather from the noxious fumes of the world is by retreating to a private space of their own.

There, alone, slumber will begin, followed by deep meditation, contemplation on the nature of the self, reclusive study and profound investigation.

They will dabble in a lot of domains, from psychology to para-psychology, mysticism, the occult arts, religion, and so on. However, they think that nothing can get them out of this predicament. This fear can be turned into hope though.

Frontal confrontation will achieve the best results in the quickest time. Facing off against

the negative things that impact their lives, the elements that are constantly holding them back, the fears and anxieties.

Those must go, and they must go now. If it comes to it, they can very well replace and substitute those fears with hopes, with positive self-remarks.

With such a boundless imagination, all their weaknesses and lack of confidence will disappear, to be replaced with strengths and a firm conviction.

Unfortunately, they will generally try to ignore things on the off-chance that they will go away.

Well, guess what? They don't. And while this may not come as a total surprise, it still puts them in an even more difficult bind.

The lack of control becomes even more imperious and critical. Emotions will bubble up and explode.

This is why they must first learn how to control themselves, to temper that volcanic character and to avoid overthinking.

Depression, addictions, perpetual sadness, the constant feeling of inadequacy, these demons have to be taken care of. And this can be achieved with the help of friends.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♁ in ♒ Aquarius 29° 54'

(Georges Muchery)

The Dragon's Head in Aquarius is fortunate for the native from the moral and emotional standpoint. He is benevolent, faithful and sincere, and will be fortunate in his affections. Many friends will try to help him, and he may expect to progress. He may take up politics, or become the leader of a school, or the head of an association.

This position mitigates the evil influence which other planetary aspects may exert over marriage and the stability of wedlock. In the third decanate of Aquarius, especially, the lofty and noble sentiments of the native will procure for him universal esteem and love.

The Dragon's Tail in Leo gives rashness and fighting proclivities which may often bring trouble. The native is, however, endowed with courage, and will know how to defend himself; he is noble-hearted, and, though quick-tempered, not vindictive.

Worries and troubles may be caused through gossip and over-readiness to confide his plans, so that others may take advantage of them. There is also an instinctive tendency to meddle with other people's affairs, and over-confidence, which lead to difficulties.

(Isabel Hickey)

North Node in Aquarius shows the path of spiritual progress is the pathway of service to the group, through an understanding of the unity of all life. Field of activity should be one that affects society and not an individual. Science, medicine, research and philosophical or educational fields would be the avenues that could be used magnificently.

South Node in Leo is the indication that the person misused his power and developed far too much ego in the past. This time there must be concern for others instead of a concern for self-aggrandizement.

(Martin Schulman)

These Nodes represent the struggle between the personal life and an impersonal dedication to humanity. The Leo South Node symbolizes prior lives where much revolved around the self. The North Node in Aquarius points to a future of service for mankind, where the individual will assume the role of the 'waterbearer', so that he may be an instrument in the crusade for world evolution. Before he can do this, the enormous power of the Leo South Node must be dealt with.

From past incarnations, he has a tendency to look down on other people and to be condescending of their thoughts and ideas. There is an intense pride which leads him toward name-dropping, as well as designing his life so that he is seen and known to be in the company of special people. He separates between royalty and the common man, setting himself or others close to him on pedestals. Seeing himself as the central point of

the universe, he views his powerful will as the means of obtaining his ends, rather than adjusting to a fair acceptance of life.

His karma now is to learn how to walk lightly, without leaving footsteps, for in essence he is the ruler making ready to abdicate his throne.

Constantly his past-life ego rears its ugly head, preventing him from achieving the very happiness he seeks.

These Nodes cause great difficulties in marriage for the individual experiences a strong tendency to dominate those close to him. When he can't do this, he becomes a complete hermit, freeing himself of all responsibility out of sheer disgust.

While he asks others for advice, he still must do things his own way.

His biggest conflicts center around what is artificial and what is real. There is so much martyr-like romanticism in his Leo South Node that he finds it easy to slip into the role of Don Quixote chasing windmills!

He must learn how to shed masks, ultimately discovering that ego-centered displays of dignity are coming from past-life habits and do very little now toward bringing him any lasting happiness.

For those whom he does hold near and dear, he is highly protective; and yet he has a strange tendency to wander, finding on his journeys many of the waifs and strays of society. In these outermost regions where society overlooks its existential possibilities, he discovers new horizons to explore and conquer.

He is destined to spend part of his life alone, for his unique character is too overbearing to be readily acceptable by most people. Although he enjoys having others recognize and applaud his grandiose achievements, he cannot stoop to chase people. His soul remembers a sense of pride which now forbids him to compromise his dignity.

If given the right cause, he will sacrifice his entire life for it. It is not the sympathy of others that interests him so much as their admiration for his glorious deeds.

He is repulsed by mediocrity, seeing it as a threat to his ever-present drive to reach the top, to burst the bubble, to grab for the brass ring.

If he is of the negative type, he may even use people to achieve his ends. Friends, neighbors and relatives become stepping stones on the rungs of his success ladder.

Through the Aquarius North Node he learns to overcome his past-life sense of prestige, and develops the concept of Universal Brotherhood. He must ultimately come to see

himself as part of a larger cosmic sphere, in which his role is to share in the burden of human evolution. He will reach his greatest happiness when he is able to set aside his own needs and substitute in their place a new humanitarian attitude toward all he sees around him.

He is to forget pride and reach for new original horizons, no matter how eccentric his ideas seem to others. Through his North Node he is given the promise of a unique adventure, through which he can make an important contribution to the progress of civilization.

The house position of the South Node indicates the area in life that is too burdened with the desire for personal achievement. The house position of the North Node shows how the individual can set himself free from the shackles of his past-life ego by realizing the mission for humanity for which he is destined to pick up his cross.

(Mohan Koparkar)

Previous incarnation for this person was very individualized, and he had no time for others. Often his status in that life was pretty high, and others had great respect for his powers in the society. In this lifetime, he has to learn to mix with others at all levels, and solve their problems, whether he likes it or not. Interests and abilities regarding the occult and uncommon spectrum of knowledge are given at his disposal. His innovations and abilities to tackle situations are quite amazing. He may be considered quite uncommon by others; or his goals are at least far from normal. Others may like him for his abilities, but not necessarily what he is trying to achieve in life. Unpredictability is always on his side, though he has difficulty dealing with it in this lifetime.

(Donna van Toen)

Your lovers should also be friends. Your Leo South Node may reply: 'Yeah, but that's not romantic'.

Your problem is a lack of detachment.

Possible reasons: An excessive craving for warmth. A tendency to close your eyes to unpleasant truths. Misuse of power potential. A tendency to attach strings to any help you give. Self-concern blinds you to other people's needs. Or maybe you use romantic courtship rituals as a means of postponing having to display the real you. Possible solutions: Give of yourself without demanding anything in return. Channel your imagination into beneficial group activities, reform work, etc.. Display the courage of your convictions. Worry excessively about the impression you make.

Leo South Node craves involvement - in fun, in creative projects, in love, whatever. But without your developing the Aquarius North Node's potential for detachment, the end result is quantity without quality. Leo South Node finds it virtually impossible to come into contact with another person without getting involved. Since these involvements tend to be made in the heat of the moment, however, they often prove unfulfilling in the long-run. The solution is to develop the Aquarius North Node's detachment, rationality and independence.

Some typical indications of an over-balanced Leo South Node are: exaggeration; a need to be the center of attention; many acquaintances, few real friends; a tendency to show off his or her body or wardrobe; a 'what will people think?' approach to things; dependency on others to reinforce confidence; smugness; a belief that some people are just plain inferior, no matter what they do; much artsy dabbling; a theatrical or melodramatic type of self-projection.

North Node in Aquarius dreams of freedom, of transcending the limitations of his or her structure environment and being able to do whatever he or she wants without interference. He or she might dream of self-employment in a career in science, teaching, or some other humanitarian field. This person dreams of the day when he or she can be independent of others except on his or her terms. In contrast, this person is inclined to be rather star-struck or at least in awe of authority figures. At the same time, he or she has very definite opinions which are swayed only on the basis of irrevocable evidence that they're wrong. This person is outgoing and inclined to get out and socialize as much as possible. The needs for independence conflict, and often sabotage each end of the nodal need scale. Only when the needs are reconciled will fulfillment be found.

Antidote for Aquarius Imbalance: Any type of scientific study for which the client shows aptitude would be a good antidote. Public speaking should be encouraged, with history, literature, art, and opinion being good areas to explore. Writing is an excellent antidote, with the areas of law, cultures and astrology being ideal if there's aptitude in this direction. Poetry is also a good choice. Music - both playing and listening - can be very helpful. Naturally, astrology will come to your mind as an antidote. It can be a good one provided the client has the aptitude and motivation necessary for its proper use. Independence should be encouraged.

These clients must be made aware of the potentials into which they were born, since many are inclined to feel they have only one talent, and can become very discouraged if circumstances close doors or block paths in that direction. Fixity must be dealt with positively. The client must be made aware of his or her untapped originality and be encouraged to use it.

(Haydn Paul)

You may need to move away from self-preoccupation toward a greater social

connectedness and contribution. You may see yourself as 'the center of the universe', with everything revolving around you as the 'sun', so this challenging attitude shift can be difficult. Your egocentric nature may need transforming. You may need to break down superiority attitudes and hidden assumptions that, by 'feeling special', your ideas, opinions, and beliefs are more correct than those of others.

You may enjoy public recognition and attention, even if this simply involves being in the company of people who have celebrity and fame, as this reinforces your belief in being special. Eventually, self-imposed masks of pride and dignity may become restrictive for you, obstructing the experience of feelings of connectedness with life. You may, however, prefer to direct willpower to achieve desires and ambitions for self-gratification and personal advantage alone. The South Node's house position will indicate the likely nature of personal desires and endeavors.

Self-assertion comes naturally, but you may create problems in relationships by being overly dominating. Unless your assertiveness can be matched by an equally strong partner whom you learn to respect, conflict will occur. This could come from attempting to impose your will. If this becomes excessive, a fragmenting of your partner's individuality could occur, which may force him or her either to submit passively or to leave the relationship in order to reconnect to him- or herself. This dominating energy may not be expressed in a deliberately conscious manner by you, but may be 'received' by a partner through psychological transfer in a purely subjective manner. Pay attention to your influence; note also those times when your will is resisted by others or by circumstances; and observe how your reaction is rarely graceful in defeat. You will probably brood in resentment and wonder why your 'magical will' failed to work.

Discover your essential life values, so that you stop wasting energy in futile directions, and apply it instead toward whatever offers personal meaning and benefits others too. Sometimes you may chase romantic dreams, but recognizing what is important must be your first priority. Once you know what is personally important, this insight can serve as a guide. To reach this stage, though, may require confronting experiences that starkly reveal the consequences of previous unsatisfactory choices, unclear values, and uncertain directions.

A fundamental conflict can arise between pursuing personal desires and the contribution you could make to help create a more caring and humanitarian society. This is the Aquarius pull, encouraging you to join the worldwide work by using your talents and energies to benefit others, rather than just for personal aims. Once you succeed in releasing whatever is personally unessential and limiting, and manage to refocus your attitudes, opportunity exists for freedom to explore new horizons. This is the real direction which can satisfy your need to feel 'special', as you are suited to exploring the uncharted lands of the future.

The image of a 'pathfinder' is appropriate and indicates your intended way. You need to

find the cause which inwardly summons you to follow the Aquarian impulse, because this gives life meaning and purpose, much more so than just chasing desires. This cause will reflect the vision of a new society based upon universal brotherhood, and you can contribute to his. Your main task is to share in the group work. Aquarius promises you a special adventure, and this challenges your will and belief in being special. The Aquarian path is quite capable of satisfying your ambitious drives and making full use of your potential and resources, yet it will also be a uniquely personal experience.

(Bruno and Louise Huber)

In the fixed Air sign, Aquarius, we are once more concerned with the establishment and maintenance of a position in life. In Aquarius, conscious attitudes in thought, ethics, and philosophy, come to the fore. Primary importance is attached to the rule of reason; practical living is secondary.

Aquarians know something about everything, and revel in logical argument, in which a certain proposition may be deduced from given premises. In other words, they have a strong urge to view the world rationally and to work out a system by which things can be reshaped in everyday life. They tend to build castles in the air. If the Node receives an inconjunct, for instance, Utopian plans are laid without reference to what may reasonably be achieved.

At their best, Aquarians strive to think clearly in order to see the world as it is. Because the Aquarian mind is mostly occupied with this world and with the social order, it looks for an unambiguous, usable form of ethics that offers solutions for contemporary problems. In that respect, Aquarius is like the previous fixed sign, Scorpio. The natives of both these signs are interested in creating an ideal system.

Now, in striving for a perfect social order, the first task is to keep order inside one's own head. With the Aquarian Node, the feelings often intervene and muddle the thoughts to some extent. Therefore order must first be established in the conscious mind, in the personal world of thought, before any crusading is done in the big world outside.

In the extreme case, there is a proneness to be dogmatic, and to admonish all and sundry who do not share one's ideals. This power-play is reminiscent of Leo; and, of course, the Descending Node is in Leo at the opposite pole of the axis.

North Node ☊ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here

gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it

difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a parth he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of hie being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in

money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrah was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can

lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached

to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

(Black Moon) Lilith ♀ in ♒ Aquarius 24° 34'

([1147] elsaelsa.com)

Neo-Creator

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house

placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

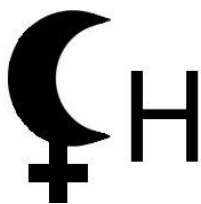

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

(Black Moon) Lilith ♄ in VIII 8th House

([1156] elsaelsa.com)

Fertilizer Bomb

If you have Lilith in the 8th house of your chart her themes will manifest in terms of fear, other people's money, psychology, and forces outside your control. This house brings to fruition many of the most intense aspects of the Lilith myth.

With Lilith in the 8th, there are wounds in terms of money, particularly the type of money you have to ask for and claim. You have likely been jerked around, treated unfairly, or outright denied by creditors, lenders, insurance companies, or in matters of inheritance. In one way or another, your rightful claim as been rejected.

In traditional astrology, the 8th house is known as the Idle House, or the house of lowering to the ground. It is where the vibrance of the Midheaven slowly sets until it has little power to affect the world. For this reason, it is also associated with death, taxes, and all powers that are greater than us and beyond our capacity to control. These are forces we can't mitigate or soften. We can't do anything but react. And with Lilith here, that feeling of powerlessness creates a primal rage. Lilith was victimized early on by forces outside her control, and the entire rest of her myth is the story of trying to harness her impotent fury into something she could use. With Lilith here, you, too, will rage and wail in frustration as your anger butts up against immovable objects over and over.

This is why Lilith in the 8th house also affects psychology. When all that righteous fury can find no external purchase, it is forced to turn inward. Here Lilith digs her talons into the fertile soil of the subconscious, and here she begins to find her power. With Lilith in the 8th, your own psyche is both a power to be feared and a source of infinite growth. As you churn the soil internally, new seeds begin to sprout. Seeds of freedom, of personal power, of spiritual resurrection.

There is so much to discuss with this placement – more than I could ever hope to convey in one post. But I will try to sum it up. When you encounter injustice at the hands of external powers far beyond what you could ever hope to control, it's natural to rage, fight, and flail. But that same fury has the capacity to become the greatest nourishment for your soul. Allow it to fertilize the darkest corners of your mind, and find in yourself a power that dwarfs that which sought to oppress you. Learn to wield that power and let it set you free.

[36] ([35] astromatrix.org.)

Opportunities: 1. Being Productive 2. Excelling in Communication

Challenges: 1. Listening as Much as Speaking 2. Remaining Empathetic

([36] cafeastrology.com.) Those with Mercury conjunct the Ascendant come across as youthful, active, and busy. They are usually ready to chat, although if Mercury is in the twelfth house they may need some encouragement at first. These natives can be quite fidgety and restless, and often move quickly. Others get a distinct first impression from a person with Mercury conjunct the Ascendant of a curious, youthful, intelligent, mischievous, or nervous individual. Writing and/or speaking figures strongly in their lives, although listening skills may not be as well developed. They are typically very forthcoming with information about themselves. They might identify strongly with their intelligence or ability to make connections with others. They are at ease with almost anyone, and easily put others at ease. Be careful not to use your charm or popularity for selfish gains but for helping others. 5) ► **Imum-Coeli IC Parallel ☾ Moon** - (1°57') ♀5 | ☿6

([161] astromatrix.org:) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of the old and traditional will always be strong, and you will very much want to have a family of your own.

6) ► ***Imum-Coeli*** IC ***Parallel*** ♀ ***Neptune*** - (1°40') ♀5 | ♀7

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

7) ► ***Imum-Coeli*** IC ***Parallel*** ♀ ***Chiron*** - (1°55') ♀5 | ♀6

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

8) ► **Sun** ☉ **Contra-Parallel** ♂ **Mars** - (1°55') ♀3 | ♀11

([143] astromatrix.org:) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissention and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated on attaining these desires, whether they are lovers, positions of executive status, or whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably

help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

9) ► **Moon** ☾ **Parallel** ♄ **Neptune** - (0°17') ♄6 | 137

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

10) ► **Moon** ☾ **Parallel** ♌ **Chiron** - (0°02') ♋6 | ♋6

([118] astrotarot.net;) The wounded healer

You often feel like an outsider, like you don't fit in. You are very empathetic for the wounded and for people on the fringes of society. Also, you get easily hurt by the ones you love- especially family members.

11) ► **Mercury** ☿ **Parallel** ♏ **North-Node** - (0°37') ♏9 | ♏8

([38] astromatrix.org;) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering

your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

12) ► **Mercury** ☿ **Contra-Parallel** ♄ **Lilith** - (1°55') 009 | ♍8

([632] astromatrix.org:) Having a Mindful Persona

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

13) ► **Mercury** ☿ **Parallel** ♀ **Pallas** - (0°56') 009 | ♀5

You may be a planner or consultant for others who share your mission and can easily set up creative but informative campaigns for issues you care about.

14) ► **Venus ♀ Parallel ☿ Jupiter** - (0°57') ☿8 | ♄2

([41] astromatrix.org;) The Gift From Heaven

The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Venus Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. In this case, it's enlarging the qualities of Venus: romance, relationship, pleasure, and money. This doesn't necessarily mean that all of these things will come easily to natives with a Venus-Jupiter conjunction.

You have a big heart and have a kind and generous heart. You can be quite a romantic when it comes to your lover. You may have an indulgent or lazy attitude on occasion. You love pleasure in all its forms so work and effort can be more difficult for you as it is taking time away from your personal enjoyment. It is best to try and utilize this energy in your work situation, it is good to be involved in careers or work where there is an emphasis on beauty, art or social interactions. You have a greater than average need to grow in your love relationships, and to shower your partners with acceptance and warmth. You have a strong need for growth, good humor, and fun in your relationships.

15) ► **Venus ♀ Contra-Parallel ♄ Saturn** - (0°35') ☿8 | ♄4

([175] astromatrix.org;) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child,

you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being expressive and vulnerable the more success you will have. Your mature and responsible attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

16) ► **Venus** ♀ **Contra-Parallel** ✱ **Juno** - (1°46') ♀8 | 137

([596] 12andus.com:) You may be torn between the desire for love and romance and the desire for serious commitment.

Your intentions may be to settle down and make a relationship work and yet your love of flirting and being admired can lead to problems in your commitments if you stray from your partner.

([210] astromatrix.org:) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

([157] astromatrix.org;) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either

emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

20) ► **Moon** ☾ **Opposition** ♅ **Pluto** - (4°41' A) ♄6 | ♃12

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

21) ► **Mars** ♂ **Opposition** ♀ **Pallas** - (2°54' A) ♃11 | ♃5

It may take patience and practice for you to find a balance between strategizing for your campaign or mission as opposed to fighting only for an image you want to maintain. You may work against your best goals and prospects because of the tendency to burn bridges.

When you soften your approach you can remain focused and determined, passionate and outspoken yet also win over allies rather than alienating them. You can be otherwise narrowly focused.

If you need to strategize a way to promote your mission, you find it easier to jump right into the fray and take action. Your efforts may be noble but if you have not taken the time to analyze or collaborate, you may expend energy better directed in other ways. Slowing down can help you assert your ideas and remain energized while having better overall results.

Challenges: 1. Curbing Impulsive Behavior 2. Recognizing Opportunities

The trine enables you to turn theory into practical application, and this reconciling quality could become a source of your life direction, as your ability to apply your energy positively can generate ways to resolve problem situations. This may be one approach that utilities your energy in a creative and beneficial manner, and which poses challenges that you intend to overcome.

You will be self-confident and believe in your own abilities, setting goals and pursuing ambitions, emerging from your unique aims directed towards creating a suitable lifestyle, which may not always correspond to traditional paths and signs of success. You do not appreciate a volatile living or working environment, preferring a more tranquil atmosphere where you are free to follow your interests.

While you enjoy new challenges, the cut and thrust of competition seems less appealing, and you see little value in exalting yourself if it requires another's detrimental fall.

Fairness, integrity and honesty are qualities that you respect and expect in your dealings with others, and ethical or moral considerations are taken into account in your life. These form your code of relationships, and you try to stay as true to these as possible, even if at times this may require you to forgo some success or progress, as you are not usually willing to compromise for the sake of any advancement.

You can adopt an individual chivalry and style of conduct. While you have leadership ability, you try to ensure that you deal correctly with others from any position of

responsibility, and are willing to help others on their way, provided they do not attempt less scrupulous tactics to progress. Organizational and managerial qualities are likely to be present, and you can take the strain of highly demanding tasks, proving to be a reliable, efficient and conscientious worker who can purposefully carry out and design successful plans of action. Spheres that may attract include law, business management, education, media, personal creativity and physical endeavors.

Many inwardly condemn people for failing to be like themselves, taking an attitude that everyone should conform to a picture that they have developed. Fortunately, the life process disagrees with that attitude, and displays an incredible abundance of variety.

You tend to form a realistic perception of life, so that your expectations are not too excessive and unreal, and you appreciate the gains that you do make through expressing your creative talents and powerful energies. A need for disciplined focus may be required at times, as you may be faced with various options and lack a clarity of purpose which diffuses your will power.

Be wary against occasional acts of impulse; they may not always work to your advantage, and a careful and steady progression can prove more beneficial. Working in harmony with this trine energy can serve to open doors throughout your life; be alerted to recognize when opportunities are being presented, so that you can take full advantage of the gifts of life.

61) ► **Sun** ☉ **Trine** ♆ **Neptune** - (0°26' A) 1173 | 137

([306] astromatrix.org;) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often

gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

You may be oversensitive to environmental influences or to negative reactions from people, but you have resilience, and prefer to work through problems as soon as possible, rarely allowing them to spoil your enjoyment of life for too long.

Compassion, generosity, and an altruistic, humanistic spirit will be present, and may encourage more social involvement, perhaps through feelings of moral and civic duty. Associated with this may be religious idealism, especially inspired by stories such as the Good Samaritan parable.

Creative and imaginative potential is likely and this should be carefully developed. Even if these only manifest as leisure-time interests - perhaps as artistic or literary skills - their valuable contribution to your life and others' may be significant.

In intimate relationships, you will look for partners of high caliber and quality, people with whom you can experience a deep, meaningful relationship. Mutual intellectual and emotional fulfilment is sought, partners are chosen who also follow their life path and intend to manifest potential.

You don't expect too much from others, and take relationship problems in stride, intuitively understanding that there's always some bad with any good.

In such ways, you feel able to share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends

will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. ([530] astromatrix.org:) Attacks Of Loneliness

You will have to learn how to co-operate and how to establish emotional bonds with others. While you are young, especially, you may feel that other people get in the way of what you want to do and resist your efforts. Consequently, you may withdraw and cut yourself off from others, or you may feel that they have withdrawn from you.

Often you feel that you are very much alone and that no-one really cares about you. This is not usually true, but by withdrawing emotionally, you have made it impossible for them to feel affection for you. It is also possible that you are surrounded by people who are not very friendly.

Perhaps it is your own family that seems to judge you harshly or make too many demands, but you can still go out into the world and find people who are willing to be your friends. But for your future, it is important not to simply retreat into yourself,

because when you are older, it will be harder to meet people and establish connections, unless you learn the habit now. And later on, your attacks of loneliness will be much more severe. In addition, when you are older, inadequate contact with others could lead you to feel empty and meaningless. These feelings could emerge even if you are highly regarded by others, because they arise from your own sense of distance from people.

In any case, you may be more of a loner than most, which is perfectly all right within reason. If you have only a few friends, those you do have may be close and enduring.

([65] astromatrix.org;) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you

can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([579] 12andus.com:) You are driven by a strong sense of values and empathy for others.

When a cause or mission appeals to your desire to help others create security and beauty, you will use creativity and diplomacy to develop a strategy that appeals to everyone involved. You try to be nonconfrontational and would rather help others come to a consensus than intimidate or overpower anyone.

You can win the respect and cooperation of others by appealing to others' sense of value and desire to feel comfortable and nurtured. You may use friendliness and your social skills and good bedside manner to appeal to the heart and empathy of others.

Though you can be wise and charming, ultimately you will draw on your sensitivity to others' emotions and desire for love and acceptance, appealing to the compassionate nature of others.

([113] 12andus.com:) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career. You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set

the stage for a successful career.

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

([173] astromatrix.org;) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 14° **Libra** 49' and in the **4th** house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 1° **Taurus** 21' and in the **11th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 6° **Capricorn** 32' and in the **7th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 2° **Cancer** 15' and in the **1st** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Taurus** 26' and in the **11th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 14° **Sagittarius** 51' and in the **6th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 29° **Aquarius** 3' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 12° **Scorpio** 34' and in the **5th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus

Alexandrinus

The **Lot of Nemesis** is in 14° **Cancer** 45' and in the **1st** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Cancer: insecurity or attachment, large crowds, getting lost

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 5° **Leo** 5' and in the **2nd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 29° **Taurus** 35' and in the **11th** house.

Same as for father.

The **Lot of Siblings** is in 7° **Gemini** 33' and in the **12th** house.

The **Lot of Children** is in 8° **Virgo** 37' and in the **3rd** house.

The **Lot of Daughters** is in 11° **Capricorn** 57' and in the **7th** house.

The **Lot of Sons** is in 8° **Aquarius** 49' and in the **8th** house.

The **Lot of Marriage for Woman** is in 19° **Pisces** 51' and in the **9th** house.

The **Lot of Marriage for Men** is in 26° **Scorpio** 24' and in the **5th** house.

The **Lot of Deceit in Marriage by Woman** is in 27° **Sagittarius** 40' and in the **6th** house.

The **Lot of Deceit in Marriage by Men** is in 8° **Sagittarius** 19' and in the **6th** house.

The **Lot of Marriage (in general)** is in 11° **Capricorn** 57' and in the **7th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 22° **Aquarius** 58' and in the **8th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 20° **Sagittarius** 34' and in the **6th** house.

The **Lot of Treachery** is in 19° **Pisces** 23' and in the **9th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 7° **Pisces** 23' and in the **9th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 18° **Scorpio** 26' and in the **5th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Leo (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

Pholus in 2nd house

(12andus.com;) If you are missing an important lesson or out of line with your values, dramatic changes will be set into motion that bring you back into alignment.

Hard awakenings can come from disruptions to your security, abundance and finances. You may have a rude wake up call that comes as a result of a seemingly small issue in your financial life. A small misstep can create dramatic insecurity or snowball into greater financial conflicts.

When you get back into alignment with your values, however, you will be able to turn the situation from a catastrophe into an opportunity for breakthrough and healing.

Your desire for security and financial abundance can lead to toxic greed or hoarding if you aren't careful. You may have to realign with your true values and sense of security rather than falling into materialistic trappings of security.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 3rd house

(12andus.com:) Your sexual attraction to others is expressed through communication and intellect.

You may idealize your sexual partners or enjoy fantasy based intimacy. Your sexual passions influence your language, writing and communication in general. You may be motivated by erotic obsession to learn new things or expand your social network.

You may also find yourself fascinated by those in your peer network or circle of friends. Your arousal for may involve fantasies of being with two partners at the same time. You are also likely to be turned on by voyeurism or watching erotic material rather than participating personally.

Literature may turn you on and you may enjoy being read to by your partner. You may also be aroused by hearing the sound of your partner's voice or by erotic talk or

whispering.

Learning from a partner or teaching a partner new things can also open the doors to erotic experiences and personal satisfaction for you.

- 1) ► 1° Leo 36' **Pholus** ✎ **Conjunct** ASC **Ascendant** 23° Cancer 5' - (8°31')
- (12andus.com:) You may naturally feel comfortable unleashing controversial topics as part of your identity.

You don't mind making others feel uncomfortable, especially if you believe you are

saying what must be said. You may think that you need to be a dramatic catalyst for change and so aren't afraid to shake things up.

You also may not realize the impact your actions and words have in the long run. You may casually make comments or decisions that have long term ramifications that you are hardly consciously aware of in the moment.

When the dust settles, you'll look at how the cataclysmic changes you set into motion have benefitted you or others and will laugh it off as if you meant to do that.

Yet you don't always realize how much damage is done when you slip on the proverbial banana peel and take down the whole table setting with you.

2) ► 1° Leo 36' **Pholus** ✎ **Opposition** ♀ **Venus** 9° Aquarius 42' - (8°06')
(12andus.com:) You may feel torn between your desire to explore sensuality, love and romance and the need to deal with pivotal, dramatic events.

You may find it hard to get your bearings and find a deeper sense of security as the goal posts shift every time you start to feel comfortable. In large part, this is because of unexpected turning points or unforeseen catastrophes with which you have to deal.

Your relationships or desire for love may lead you to misconstrue your ability to handle unforeseen crises. You may not recognize a threat to your security or may fall for partners or friends who are not going to support you in the way you expected when a crisis hits.

You may have to work to overcome fears and insecurities so that you can find your grounding, security and self-worth in the midst of dramatic changes and challenges.

3) ► 1° Leo 36' **Pholus** ✎ **Opposition** ♄ **Neptune** (Rx) 24° Capricorn 54' - (6°42')
(12andus.com:) You may feel torn between your desire to show love, empathy and compassion and the illusions that protect you from really facing dramatic crises.

When you do face your role as healer or spiritual guide during a time of unprecedented, cataclysmic changes, you will be able to draw on your sensitive, intuitive and compassionate side and help guide others to advance spiritually during a critical time of change and turmoil.

You can grow to align your mystical nature and your role as protector or healer in order to serve others during a period of cataclysmic change and disruption once you overcome your personal fears and focus instead on the larger spiritual ramifications for these times of change.

4) ► 1° Leo 36' **Pholus** ✎ **Sextile** ♄ **Saturn** (Rx) 6° Libra 23' - (4°47')

(12andus.com:) You may easily experience milestones and dramatic, life changing events as occasions that call you to take responsibility.

You may remain level headed and try to be the voice of authority, drawing on wisdom from the past to act as a guardian or protector when major turning points cause havoc and chaos. Yet in spite of your best efforts, your limitations may become apparent during these cataclysmic events.

Though you may put yourself in the firing line out of a sense of duty, you'll also easily find ways to help others feel secure and to work through times of upheaval in the most grounded, practical ways possible.

5) ► 1° Leo 36' **Pholus** ✍ **Square MC Midheaven** 7° Taurus 51' - (6°15')

(12andus.com:) You may find it challenging to rise to the occasion and serve others during times of crisis.

Though you may have a solid career path all lined up, once you face a dramatic challenge or critical turning point, you may find it difficult to adjust your plans. When you do make adjustments to your business, career path or public image, you'll be better able to serve others through your career path and work.

You may have to let go of the vision you had for your career path and accept a different course of action because of cataclysmic changes beyond your control. Yet when you do, you can also find a new sense of purpose and motivation.

6) ► 1° Leo 36' **Pholus** ✍ **Square Sp Spirit** 1° Taurus 21' - (0°15')

(12andus.com:)

7) ► 1° Leo 36' **Pholus** ✍ **Quincunx** ☿ **North-Node** 29° Aquarius 54' - (1°42')

(12andus.com:) You may find it challenging to adapt to dramatic crises and cataclysmic events.

At first, you may try to play it safe and hold on to the past, denying the changing circumstances that require you to adjust your perspective.

When you do start to adapt to dramatic changes brought about by crises outside of your control, you'll first have to examine your own insecurities and fears so that you can step up to the plate and find your higher calling.

When you turn your attention inward, you'll be able to rise to fulfill your full potential during times of crisis and dramatic upheaval. You may become a leader for others or draw on your greater talents to navigate dramatic crises.

When you successfully deal with your jealousies and fears of abandonment you'll be better able to face the tumultuous situations unfolding around you.

13) ► 26° Virgo 59' **Eros** ✎ **Conjunct** ☾ **Sun** 24° Virgo 28' - (2°31')

(12andus.com:) Your very identity is closely tied to your intense, sensual nature.

You easily express your creativity and may find intense pleasure in flaunting your artistic gifts. Your key to erotic energy is visual. You need to be able to see or imagine your fantasies in order to feel turned on.

You are more likely to express your erotic fantasies and desires when you feel good about yourself. You may need to feel seen, appreciated and praised in order to fully let yourself enjoy an intimate encounter.

Just as you love to be seen, you may find it erotic to be photographed or to take videos of your intimate encounters. You may also have an erotic desire to experience intimacy in public places or in situations where you are able to fully view your lover or be in their full view.

You don't hide your fetishes and are very open and expressive about your desires.

14) ► 26° Virgo 59' **Eros** ✂ **Conjunct** ♄ **Saturn** (Rx) 6° Libra 23' - (9°24')

With some adjustments to your beliefs about sex and power, however, you can find a perfect balance and come to draw on your intense energy and desire for control to explore your erotic nature.

You may have to work through power and control issues to really open up in intimate relationships, but when you do, your intimate encounters will be less addictive and obsessive and more about true deep emotional connection, transformation and

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Scorpio (Rx)

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia,

like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Hygiea in 5th house

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Libra (Rx)

(synnisisigns.com:) In your seventh house of partnerships Eris will create situations of unequal distribution of power that will stress your relationship. You will have to work at finding a partner that will share your goal of sharing the work and well as the joys of partnership, or suffer the consequences for failing to doing so. If you attempt to follow traditional male/female roles, your relationship will ultimately lose its vitality and strength of purpose.

Eris in 4th house

You experience through your childhood how unequal power distribution causes problems in the home. Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Aquarius

(astronomicallyaligned.tumblr.com:) You are a madman in desperate search for all the answers. You want to know everything. All the secrets of the universe. All the information the stars hold. All that God knows. You want eternal life, and the universe for a mind. Galaxies spinning, supernovas exploding, shooting stars scattered all over. You want to live there. Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse

patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Scorpio

(smartyoungsters.com:) Nessus shows the dark side of the god of the underworld. But even then this Nessus has the biggest potential of becoming a healer. In fact, the most powerful healer. Nessus here, is the mafia, drug dealer, tantric yogi, black magician who uses spirits to bring him power. He is the "bad magician" from Aladdin's story who is running after the lamp for power. This Nessus has an obsessive and uncontrolled desire to gain power. He wants wealth at all costs and use darkest themes to get it. His greed is endless be it for sex, power or money. He holds his victim captive like the Devil card in tarot. When positively expressed, he is powerful yogi like Lord Shiva who heals victims of various ailments. He is the one who gives life to the dying through power obtained by controlling the kundalini energy. In love this is most manipulative Nessus who can do anything to gain control of the relationship. He will use all methods to hold his lover captive.

Nessus in 5th house

(smartyoungsters.com:.) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or

intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting,

being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or “herculean” infighting at all costs, being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crowd for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking one's responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure for not getting harassed by others, (sexual) skeletons in the closet.

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:~) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

[1] where you give off an air of the dark and mysterious; where people are irrevocably changed by you

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Arcturus offers protection on a psychic level as well as a physical one. A strong showing of this fixed star in one's chart has a powerful influence. In connection with Jupiter Arcturus ignites passion, spiritual wealth leading to ascension.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation.
