They like to stick to their projects and to get things done perfectly because obtaining good results makes them proud of themselves. It's like what they're doing for a living distinguishes them from others, paying great attention to always be the best at it.

problems with the way their body is functioning would cause them to truly panic.

These people might occupy important positions of authority and even create things with their own two hands, even if they can sometimes just be submissive and not fight for what they want when it comes to their career.

As bosses, they're asking a lot from their employees because their standards are very high.

things as they actually are, so avoiding taking on leadership roles or becoming very independent is normal for them considering they wouldn't want to be in charge of situations that don't seem to have any hope for perfection.

They love routine and have their own habits that rule their everyday life. It's important not to become obsessive with these behaviors because others may not find their style interesting and in any way appealing.

However, if there is for them to organize themselves for work, they can become the most effective at doing it. Some flexibility is absolutely necessary as the same habits every day can have them isolated and limited.

It's good they're pragmatic and can solve problems in the most practical way, but a little bit of creativity wouldn't spoil anything in their life.

Their schedule is sometimes too restrictive, not leaving any space for the works of the imagination. Change is often welcomed and can bring a lot of satisfaction because it always makes things more fun.

Having things happening the same all the time is of utmost importance for the natives with Sun in sixth house because it makes them very efficient.

The negatives

As bosses, they may be too pretentious and authoritative, causing their subordinates to not like them that much.

As employees, they want to be treated as equals by their superiors because they're always doing a great job and invest a lot of efforts into their work.

Having a highly sense of duty, they should pay attention not to allow themselves to become dominated at the workplace because the 6th house rules also over subordination.

They could anytime open their own business because they're organized enough to have success as entrepreneurs.

Hard working and demanding with themselves, natives having Sun in 6th house want only perfection with what they're doing for a living, to be leaded by a father figure who is also demanding and at the same time understands and appreciates them.

When the situation at work is bad, they become disgusted and start to pursue the dream of having a business of their own.

Lonely sometimes, they're also very helpful and want to serve, which means they'd make great doctors, nurses, teachers or special education trainers.

Others who also want to be of help are their favorite people in the world. Because they need to feel appreciated and loved for all the valuable work they're doing, it's very possible for them to become physically or psychologically ill when things are not happening this way.

Insecure but stubborn to become perfect in any way, they reject doing anything that doesn't seem appropriate. It's normal for them to feel inadequate and useless, this being the reason why they don't have the courage to pursue a leadership position at work or to stand out from the crowd.

They can be servile and creepy, criticizing and mean because they feel like they're not important enough and that others are superior to them.

It's normal for them to sacrifice any pleasure they may have, for work and for proving how much they're worth. Very worried about anything, they can end up suffering from stress-related diseases or exhaustion due to too much working.

It's important to all the time let them know that perfection can't be attained as they can go crazy when seeing weakness and flaws in both themselves and others.

Very preoccupied with their image, you'll never see them with their hair undone or wearing sloppy clothes.

When the emotional and fragile Moon is in the 2nd House, the natives of this placement can't feel emotionally secure until they're certain that their financial future is stable.

People with the Moon in the second House can spend a lot of their money on making gifts to those they love the most. It can be normal for them to put other people's needs above their own, which is not necessarily the healthiest thing to do.

Summary:

Strengths: Generous, objective and resourceful;

Challenges: Detachment and stubbornness;

Advice: Be careful about hiding emotions in plain sight.

They are pretty straightforward

Individuals having Moon in 2nd House are very materialistic and need financial security more than anything. Their emotional happiness is strongly related to how stable their future seems. The more they're surrounded by high-quality possessions and comfort, the more secure and happy they get to feel.

When the Moon is in difficult aspects, they may feel less confident as children, constantly thinking they don't have enough toys or possessions to be happy.

The ladies having Moon in second House may be very preoccupied with how much money they are making, being also possible for them to take care of all the inheritances in their family.

It's very possible they'll own antique shops or deal with valuable things. Real Estate is

also something they're very good at, because these natives know at how much to value a property and when to buy it. Seeing they manage finances so well, many will think they're in fact doing something illegal or immoral.

The ones who are more evolved will nourish their love for beauty and art by getting their hands-on expensive things and sell them at better prices.

People having Moon in 2nd House are reserved and deep. They would do a great job putting all of their thoughts and impressions into art pieces and being really appreciated as people of culture. They are eloquent and smart, but they simply don't want to express themselves because they're focusing on something else.

Preferring to talk without subtext and always meaning what they're saying, Moon in 2nd House individuals never mean to hurt anyone, but they do because honesty often bothers people.

When sexually frustrated, they may be cold and very mean with their partner. Spending all of their money on a comfortable home and on making their family feel good, they will also pay a lot in one shopping spree, especially when feeling insecure and lonely.

But you can be sure they'll have enough put aside for dark days. Don't think that if they're so good with money, they won't accept to live on other people's shoulders and be freeloaders. because Moon in 2nd House people can be masters at this.

But there are also many of them who happen to be the ones who support their loved ones financially, being for many years the rock on which others count whenever needing financial support.

Because the Moon is involved here, it makes them good at care taking, cooking and even nursing. So not all of them will be business people; some will make a living by being nurses, teachers or chefs.

But no matter what they do for a living, expect them to be emotional when it comes to money and to have a very emotional point about it in the Moon's position in their chart.

The same placement is what determines their emotional needs and how they feel the most secure when it comes to not getting hurt. It's possible they will never know how much they're actually worth and be very possessive with their other half.

Their home is their fortress

It's amazing to watch the spending habits of Moon in 2nd House individuals because they can give everything they have and be generous one day, and the other, they can hold on too tightly to their savings.

Their need for security has them worrying about money all the time. However, there are still moments when they can give everything in their pockets, especially when dealing with some emotional problems.

They strongly hold on to those they love because they need to be constantly admired and offered love in order for them to see how much they're worth.

When it comes to emotions, they don't respond as fast and accurately as others because they're deliberately not expressing themselves. True collectors, the possessions that remind them of their past are very important to them and they have many antiques at home or at their workplace.

It's normal for natives with Moon in 2nd House to keep everything they own in the family and to not share with those who are outside their close circle. The way they adapt to new people and situations is strictly related to how the Moon changes its cycles, while the association with the Water sign Cancer makes them intuitive and sensitive.

Considering the placement of the Moon in this situation, all of these traits can be quite useful for them. For example, they could determine what others want from them by using their intuition and this way, they can be the first to deliver.

However, it's important for them to remember life isn't all about money and that possessions don't determine how much a human being is worth.

Keeping this in mind could help them through the most difficult times in their life, and they shouldn't adopt a mood swing in tough moments, seeing the bigger picture instead.

The Moon in 2nd House means they will want to make money in their profession and that their job may be something related to water or the public as they're very good at interacting with others. It's also possible they'll do something that has them taking care of people.

Their mother or perhaps wife will have a great influence over their finances, bringing in a good salary or leaving them a consistent inheritance.

Being disciplined and as practical as possible with their own money is a solution for them to live the good life. Keeping what they have saved can be a challenge, as they tend to scrimp and to have their emotional life greatly influenced by wealth.

They think of their home as a fortress where they're protected from everything and can spend some quality time with their family and possessions. It's their source of emotional stability and where they can enjoy a good life.

Feeling extremely weak when someone or something threatens the place they live in,

they may believe their entire persona has been messed around with, and there's no other place in the world where to feel safer.

Everything about the individuals having Moon in second House is centered around their possessions and loved ones.

16°40'-30° Cancer

Short Version [2]

Strength: independent, clever, versatile, sharp, philosophical, entertaining, multiple occupations, seductive, gains through spirituality, passionate and disciplined when interested in topic, ability to accomplish greatness when motivated.

Weakness: mental instability, nervous, depressed, moody, deceptive, tactless, lacking social skills, impolite, careless, selfish, secretive, detached, ungrateful, unpopular, introspective, reclusive, blunt, unappreciative, possessive, breaks the rules, scattered,

unproductive.

Overview [1]

- Lord: Budh (Mercury)
- Symbol: Serpent. This represents divine wisdom, cleverness, danger, and sensuality.
- Power: To control poison. Ashlesha has destructive powers, like poison does, and also the ability to restrain this destructive power. This nakshatra also bestows the ability to tolerate.

Strengths [1]

The influences of Mercury and Cancer make Ashlesha natives very mentally active. You are smart and have a thoughtful nature, often contemplating things deeply and questioning what others might accept at face-value. Philosophy interests you and you can discuss theoretical concepts with ease. You are gifted academically and are likely to receive a good education.

There's not much that gets past you — astute and intuitive, you have an almost mystical ability to penetrate right to the heart of any situation. This holds true with people as well. Those who meet you might feel that you see straight to their souls.

Self-restrained and austere, you are able to control yourself perfectly in most situations. You don't rely on anyone else and take pride in your independence. Although you are satisfied to act on your own, others can't help but be drawn to you. A magnetic, seductive quality makes people seek after you. This ensures that, when you do want it, you always have a ready companion.

Weaknesses [1]

The downside of your self-reliance is that it makes you detached, and sometimes unappreciative of what others have done for you. Your indifference to who or what passes in and out of your life can make you behave irresponsibly — you may not care enough to put in the hard work. Without even trying to, you may make other people feel like they aren't good enough.

You can be reclusive, often preferring your own company to that of others. Your hot temper and love for competition can make you sharp and insensitive. Because you are unusually perceptive, you are able to cut deeply and accurately when provoked. Although you may believe that you don't need anyone else, be careful not to unintentionally burn all your bridges.

Clever and cunning, you may create mischief for the sake of it. You are talented at deception and have a tendency to lie — not only to others but also to yourself. At heart, you are idealistic and you may become anxious and melancholy when reality doesn't match up to your ideals. Happiness will come to you more easily if you gain the courage to face life as it really is, and moreover feel gratitude for all that it offers.

Other Personality Traits [1]

perhaps shouldn't be broken in order to achieve your goals.

- You are a skilled writer and speaker. Mercury's influence ensures skill with language. Whether on the page or in speech, you are able to communicate well and impress others with your ideas.

- You may have stomach problems. This could stem from a difficulty in controlling your diet. Utilize your self-restraint to moderate your diet, and eat wholesome, healthy foods.

- You are possessive. Ashlesha is sometimes referred to as "the clinging star." When you become fixated on something, you have difficulty letting it go.

- You may have affairs. A fascination with sexuality and your disregard for rules and constraints may lead you into multiple love affairs.

- You are powerful. There is no question that you have the ability to do great things — your power is evident to everyone you come across. You are not a good person to cross, because when provoked you are capable of destroying your antagonizers.

Career [1]

Thanks to Ashleshas' extraordinary intelligence, they do well in almost any career that utilizes their intellect. It may be difficult for them to work in positions where they don't have enough independence.

Some ideal professions include:

- Writer, editor, or teacher
- Lawyer or politician
- Astrologer or yoga instructor
- Chemist or pharmacist

Note: Ashleshas may also be inclined to work in the sex industry.

Health [3]

Their inflexible approach to life leaves them wanting for peace of mind as they fight to maintain their rigid beliefs. They tend to hold their stress in their stomach and intestines and are prone to heartburn and flatulence. They may experience inexplicable leg pain and be prone to liver problems. Many Ashlesha also struggle with addiction.

Physical Appearance [3]

Their highly emotional nature is disguised behind tough appearances and burly body type.

Mercury ☿ in III 3rd House

([910] i.thehoroscope.co)

This placement of Mercury encourages people to have some eclectic, diverse, and quite entertaining interests, but the downside is a loss of focus of what is most important.

Those born with their Mercury in the third house of their birth chart are exceptionally adept at using words to portray a complex vision of the world, to present their ideas in an expressive and suggestive manner.

They aren't necessarily the smartest people in the room or philosophers, but they do know how to best use their minds in order to adapt to new situations and make the most of their potential.

They're good communicators who find it very easy to converse with others, to exchange ideas and to reach a consensus through debates and verbal mediation.

Summary:

Strengths: Talented, pragmatic and charming;

Challenges: Sarcastic and arrogant;

Advice: They need to be careful what words they choose, not to offend people.

A passion for knowledge

The third house is naturally that of the Gemini natives, which we all know are the kings and queens when it comes to communication and sociable efficiency.

They can't stop themselves from joining in on random conversations, on imposing their viewpoint with an iron will and going so far as to suggest even more profound ideas.

Professionally, we can safely assume that those born with Mercury in this Geminian house are going to have a brilliant future in domains that capitalize on these traits, creativity, spontaneity, imagination, and communication.

Their interests are eclectic, diverse, and quite entertaining, but the downside is that they lose focus of what is most important, choosing to get involved in more than one activity.

They are interested in absolutely everything, from fashion to painting, nuclear physics to evolutionary biology, morality, philosophy, apiculture, and silk-worms.

There really isn't a limit to what they can achieve in terms of knowledge and cultural information. They like to know, that's it. Know what? Anything and everything.

In a discussion, you can barely utter a single idea that they have already delivered an entire speech and have already moved on to another subject, just like that. The passion of accumulating knowledge in and of itself is their highest goal in this life.

People with Mercury in the 3rd house are well-above the rest of people when it comes to intellectual capacity, and even in how they use that intelligence to achieve their goals and ascend the social ladder.

They are pragmatic, reasonable and rational, and have very good communication skills. Their creativity and imagination imply that they might also be good in artistic fields like painting, singing, writing even.

One thing is sure though, that they will never stop from cultivating their minds, learning everything there is to know about the world.

The positives

They should be careful, though, to prioritize their important responsibilities and obligations, and leave other secondary activities in the end.

Things like having fun, reading a book, going to the theater, these are optional, activities to spend time with.

They might have problems in this regard, organizing their schedule and maintaining it to increase efficiency and productivity.

It's a result of their dynamic and overly-curious nature. They want to try everything, and that sense of immediate gratification is really strong in their case.

It's a given that they have to take a step back, relax and take another look at the whole picture, take care of themselves and try to self-develop.

Ideally, they have to find a way to do everything with the least expenditure of effort.

The Mercury in 3rd house natives are especially endowed with a mathematical mindset. They are able to quickly deconstruct, analyze and systematically arrange chunks of unadulterated data into concrete and comprehensible information.

This is made through the sheer power of reason and logic alone, the rationality that's practically oozing from their brains with maximum intensity.

The clarity and insight necessary for this kind of endeavor are titanic, but they manage to do that and much more.

It's a double-edged blade though because failure would mean a complete demonization of their general meaning of existence, their founding principles of life.

Mercury's third house is populated by individuals who are keen on learning, maybe too keen at times, but it's good that they begin this process from an early age, building the foundation of a good personality until later on when they finally get to achieve their goals.

They are called the jack of all trades, but master of one, and with good riddance as well because they pursue a lot of interests and passions, but don't get too far with any of them.

They are talkative in the sense that they speak when spoken to but otherwise they only say what is essential to be said.

The negatives

One of the glaring flaws of the Mercury in 3rd house people is, evidently, this lack of focus and attention on their interests.

Because they try to increase their knowledge in as little time as possible by pursuing multiple goals, they fail to complete even 1% of what they've envisioned.

Instead, they are left with plenty of chaotic information about a wide range of topics which, although a sign of intelligence and curiosity, won't be of any significant aid in realistic terms.

They quickly make decisions when they have to, often spending very little time in actually thinking about the options and consequences.

They don't like to stay still in one place for too long. Dynamism and the eternal enthusiasm burn incessantly inside them, pushing toward new experiences, toward the expansion of understanding and the accumulation of new knowledge.

Socially, they are pretty talkative, too talkative in some cases, and often annoy people.

Another thing that's crawling inside their brains, gnawing on the neurons, is the fact that they don't extract a practice meaning from knowledge.

Rather, they perceive the process of knowing, in and of itself, as being particularly enlightening and greater than the end result. This causes chaos to envelop and engulf their mental stability.

When there are problems with them, the whole synchronization with the Mercurian third house energies is disrupted, ending in a whole deconstruction of their anchors.

Curious and knowledgeable as they might seem, it's really a matter of destiny, luck, and fate to get through these moments because they obviously can't control nor alter the movement of Mercury or its energies.

Harmony is sought for and desirable, but chaos and disharmony often occupy their lives from time to time.

Venus ♀ in ♌ Leo man 22° 14'

([929] i.thehoroscope.co)

He is dramatic and knows exactly how to showcase his abilities and put a brilliant performance before a public.

The Venus in Leo man likes spoiling his partner, showing exactly how lucky she is for having such a man beside her. He's proud and wants attention. Moreover, he will always play by the book, never stray from a set path, even romantically speaking. He won't try to use untested tactics and flimsy seduction techniques.

The traditional things have always worked, and this is what he's going to play with as well. However, because he's going to put so much effort and soul into the relationship, he at least expects his partner to have unwavering loyalty towards him.

He's very affectionate, and has a lot of love to offer to the right person. He just has to find that special someone who knows how to appreciate his efforts.

In a nutshell:

Positives: Artistic and generous;

Negatives: Vain and impatient;

Soulmate: Someone who takes good care of themselves;

Life lesson: Doubting their choices from time to time is a good exercise.

His love personality

This Venus in Leo native can't help but end up bewitched by bold and fiery women, those with a temper who know what they want and how to get it.

The crazies, the impetuous, the ones society shuns for being non-conformist, too

aggressive, he is in absolute love with those because that's also his general attitude.

He likes grandeur, over-the-top gestures, showy attitudes, bold and courageous acts, and he will love it if his lover expresses his love in the most obvious of ways.

Shouting it from atop the Eiffel tower would count as a sure-kill move in his book, for example. Royal treatment, in other words, is the essential concept here. He will both give it, and expect to receive it in return.

Also, he likes his woman to take care of her, and to look good, although in an elegant and dignified manner, rather than a flimsy and cheap decoration.

He wants to be in the spotlight, and he wants his lover to allow him this. In return, he will treat her just like the queen she deserves to be.

The man with Venus in Leo is one of the individuals who would stumble upon the leprechaun's golden pot if they chose to be actors.

They are dramatic and know exactly how to showcase their abilities, put a brilliant performance before a public, and their artistic sense is off the charts in some regards.

He's got an electrifying personality, everyone can attest to that, and his natural charm can imprison you with just a glance from his hypnotic gaze.

He loves beauty and likes to be surrounded by beauty everywhere he goes. Gorgeous women, artistic aestheticism, a comfortable and splendid environment, he wants it all.

Venus is the planet of love, pure and simple, so romantically, this native will flourish in almost all encounters. There is nobody who can say that they didn't have a good time with him.

He will treat you with the utmost respect and dignity, while also going the extra way to make you feel spoiled beyond your own expectations.

You're sexy and very attractive, and that's one of the reasons that he chose you, but he's got a lot of admirers and women waiting for him, or at least that's the impression he wants to make.

Dramatics, legendary experiences, epic victories, thrilling emotions, this is what he wants from a relationship.

This native will never beat around the bush or avoid to tell you exactly what he thinks. He's an open book that you can skim through at any time, and if you need an honest opinion, you can count on him at all times.

In terms of personal confidence, he's brimming with it because he knows that he's fully able to take whatever he wants, and the many victories he's had only added to this sense of superiority.

Thus, they will not accept a refusal, ever. They will even react aggressively when their wishes are not accomplished and will frown when others don't seem to appreciate them just for existing.

Attracted by ...

The Venus in Leo man will get offended from the flimsiest of things, so don't even think of going overboard with him, or even making a joke that can be interpreted as something else.

Moreover, he will like to get out as often as possible. Why stay in the house when there's a whole wide world out there worth exploring?

His woman must know how to present herself in her best appearance, and we're not talking about make-up or things like that. We're talking about real clothing style and good tastes. Dresses, high-heels, wavy hair, and so on.

In fact, he's attracted to a woman who knows how to flaunt her assets, no matter if she's real about it or not.

As long as the Venus in Leo man sees what must be seen, like perky breasts or a round butt, because he is mostly attracted by physical beauty, then he will get interested right away.

In principle, he would also like his girl to have guts, to be dominant, confident, ballsy, to know exactly what she wants from her life, and how she wants it.

Also, this guy absolutely loves to be in the center of attention, both in his social groups, and especially with his lover. He will want to be praised, for legendary odes to be sung about his awesomeness.

In conclusion

The best thing this guy is good at is making his partner feel just like in paradise like nothing else could be better than living with him.

He will spoil and take care of her, show her exactly what pleasure means, how satisfaction can mean much more than mere physical stuff and emotional trivialities.

He can bring about a true revolution within you, making you think where the hell he's been at all your life.

Even though he's a very lively and fiery native with plenty of enthusiasm, this doesn't mean that he won't meet his match, that no one could ever resist.

Those born under the element of fire are perfect for him, while water natives would do best to avoid him. They are creative and artistic enough to figure out ways in which to avoid getting bested by his volcanic demeanor.

Of course, this doesn't mean that he'll just let you play your own game without interfering.

He can quickly come up your alley and learn the tricks of the trade and considering that's a very determined man, you'll have to be prepared for a partner in crime.

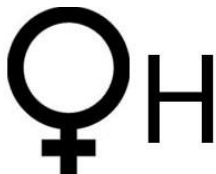

Don't even think about stealing his spotlight or going the extra way to take attention away from him.

He's egocentric and egotistic, and he loves being in the center of attention at all times, having everyone praise his unmistakable allure and charisma.

They won't ever try to inhibit their own accomplishment or achievements just to allow you a piece of the pie.

As soon as they've devoted themselves to a person, you can trust they'll be devoted and true close friends.

They know how to talk, and their diplomatic skills can't be found in others. It's easy for them to win people with their talk, because they have a great voice and talent at languages or at being tactful.

Their compliments are sincere, many using flattery and risking seeming dishonest this way.

The peace bringers of the zodiac, people with Venus in the third House are always looking to avoid conflicts and to convince others arguing is not in any way necessary.

When it comes to love, they want variety and to be constantly stimulated intellectually. Venus in 3rd House natives are always vivid and happy to take part in a conversation, because talking about any subject makes them tick.

The variety of the everyday life is something they're really struggling to obtain, as change doesn't bother them in any way. These people love with their mind and are very attracted to intelligence. That's why they need someone with whom they can talk about every little thing happening in their life.

Since Gemini rules the 3rd House, they will most likely be very attracted to this sign and, just like its natives, they are the type who enjoys playing with words and their meanings.

They feel the happiest when analyzing the mind of their lover, so if they get bored with the way someone thinks, you can be sure they'll leave the relationship altogether.

Their other half needs to have a rich imagination, to want to learn and to evolve, or they'll immediately start looking for someone better to fill the emptiness in their life. It is possible for them to have long-term relationships, but only if Venus is satisfied through other means like their career and hobbies.

When meeting someone with the same interests as them, they become completely fascinated and want to know more about that person.

As said before, their way with words is fantastic, so they'd make great writers or politicians, depending on how sociable they actually are. Flirtatious and always using their cleverness to attract others, they could make it as poets, too.

Very fun and eager to learn in school, they have most likely absorbed all the information they have been taught very fast. At weekends, they prefer to go to a library or where people engage in intellectual conversations and discuss, because they simply love to talk about anything.

Many will see them as childish when it comes to the way they dress and express themselves, but their curiosity will always have them exploring new realms in terms of style and seeming eccentric.

They're always complimenting others and giving their best to bring peace. Seductive to the point of hypnosis, they can talk anyone into thinking they're in love with them.

Venus' position in the 3rd House indicates they want a big family and to develop

relationships of friendship with their children or spouses.

As a profession, they should choose journalism, writing, being librarians, teaching, hosting talk shows and even politics. If they decide to be critics, many will ask of their opinion because it's detailed and insightful.

He doesn't need anyone's help in overcoming the obstacles in his path for he considers himself good enough.

The Mars in Scorpio man is given a double dose of this planet's burning energy because Mars is Scorpio's natural astrological influencer in general.

As such, he prefers doing things behind the curtain without anyone seeing him, swiftly and with great precision. He likes tricking people, acting in the shadows, pulling the strings so that everything is in his favor, but with none being the wiser.

If this man doesn't control his raw energy and combative spirit, he could end up hurting those he loves or getting revenge on those that hurt him, when it would have been way more efficient to put his efforts to better use.

In a nutshell:

Positives: Perseverant and disciplined;

Negatives: Impatient and demonstrative;
Soulmate: Someone who awakens his real self;
Life lesson: He shouldn't judge others' mistakes so harshly.

Like he has something to hide

This native always has something to hide, and he's never willing to spill the beans about his secrets. He has this sort of aura around him that puts everyone in guard like he knows everyone's deepest and darkest secrets.

A lot of people mistake their restrained and quiet demeanor for a weakness, for the lack of determination and will, but, oh boy, are they surprised when they anger the tiger?

These natives are in fact very ambitious and perseverant, but they don't show it, and they actually despise having to abandon their goals.

He's very stubborn, to begin with, expecting his loved one to shower him with attention constantly, to always be there for him, to fulfill his desires and wishes.

Moreover, the man born with Mars in Scorpio doesn't like having to wait for anybody or being taken for granted. He will deliver a swift and painful punishment for all those who dare to make a mockery of him, so don't even think about pissing him off.

Even in friendly competitions between friends, he often ends up eliminating the adversaries through trickery and mischievous tactics. He doesn't want to lose, that's all.

If this man learns to manage the incredible energy levels that Mars in Scorpio sends down on him, and to take control of his impulsive and aggressive personality, there is nothing stopping him from conquering the world.

He's very attractive and passionate, with a steely gaze, not even The Rock would be able to copy, and he is very determined to achieve his goals. Anyone who even thinks of getting in his way is in for one hell of a surprise.

This guy doesn't care about the number of bodies left in his wake as long as gets what he deserves. Pridful and stubborn, with a cunningness that often scares his enemies away, the Mars in Scorpio man has the potential to influence the world.

He doesn't need anyone's help in overcoming the obstacles in his path. He is confident enough in his abilities.

Plus, he is very disciplined, to begin with, so he knows the full extent of his power and

ambition. Cold and calculated, he analyzes the situation beforehand, prepares the perfect plan, sets some traps just in case, and then he gets down to business.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

He is also very keen on keeping himself in shape and getting buffed up even. Contact sports and team sports are the top choices here because of the competitive spirit present in each of them.

No reason to play it cool

A lot of people criticize and speak ill of him, behind his back most of the times, but he is also confronted upfront from time to time. His response? Comical and satirical in nature, just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

Intimately, there's really no reason to exaggerate, but he is a master in the bedroom, pure and simple.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman.

Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and dominative personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

In conclusion

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

It's important for these natives to study philosophy and even religion because they're really passionate about these subjects.

Intuitive, able to grasp complex notions, true visionaries and rational, they'd be very successful doing something with their mind and developing their intellectual abilities.

Philanthropic, academic and perhaps religious activities interest them too, but what will keep them focused and happy will always be traveling and understanding other cultures. These are the only things that make them thrive from an intellectual point of view.

Saturn ♄ in ♎ Libra man 13° 22'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

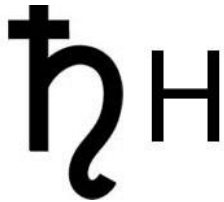

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ♄ in V 5th House

([1033] i.thehoroscope.co)

This placement of Saturn makes people easily express themselves, be very playful and even manage to get others to have a good time.

People born with Saturn in the fifth house in their birth chart feel all the time like no one loves or appreciates them enough. This and the fact that they're inhibited from an emotional and creative point of view makes their romantic relationships cold.

Because they're restricting their own emotions, they may seem distant and not at all responsive when offered love, thing that brings their popularity down. These people can't seem to relax and use their hobbies as means to be more practical because they couldn't enjoy their interests in a different way.

It's difficult for Saturn in 5th house natives to show their love as they have no idea how to express what they're feeling and usually offer presents or all sort of material proofs to show their affection. Learning how to be warm and not thinking so much of themselves is something they should do either on their own or with the help of others.

Summary:

Strengths: Easy-going, spontaneous and sociable;

Challenges: Careless, distracted and stubborn;

Advice: They should be careful about the risks they take.

A wise and thoughtful personality

The 5th house rules over how people can express themselves and their playfulness. When Saturn is here, it influences natives just as much as it does in the first house.

While this planet impedes spontaneity, the 5th house is all about it. Natives with this placement will bring people down because they simply can't have fun or enjoy themselves.

This planet here makes them feel guilty for having a good time, which means they'll be pretty neurotic and think only about work.

It's important for them to realize life comes with its fun too, as it does with responsibilities. It would be only in their advantage to sometimes go to a party or to get involved with let's say, a charity.

Only by having a little bit of fun, they'll realize how to act around other people and what they may need to do in order to have a social life.

They should allow their date to lead from time to time, especially if that person also happens to have Saturn in the same house.

In this situation, the date would be centered around discussions about the ozone layer and how animals' rights are not in any way respected.

If their prospective lover doesn't have the same Saturnian placement, they may end up surprised by his or her ideas of having fun.

Individuals with Saturn in the 5th house can turn matters of wisdom and limitation into something very important for them. They're the type that feels exhausted and lethargic when having to express something or to be creative.

Their inner child will always feel repressed and scream to get out at least from time to time, as it should be normal.

These people may feel at the opposite side of the world from life's pleasures and laughter, preferring to watch how others are having a good time rather than doing it themselves.

All the attention the 5th house asks for is going to be replaced with ways of acting responsibly, being conscious and not interacting with the joy that comes from inside.

Saturn in 5th house natives may think the world is too playful and exaggerates with all the love because they would all the time restrict themselves from adapting to such ways.

They love children and get along very well with youngsters, which means they can choose a career as teachers.

Maybe their world will start to open up and they'll actually shine after interacting with those younger than them. It's possible they'll have problems with fertility and have children much later than others.

As parents, they will feel like this is the most difficult role they can have and even be

traumatized by the experience.

They probably didn't have a good relationship with their parents and a problem with understanding music or any form of art as they're always experiencing an inner conflict and don't know how to be creative.

They will only remember how they used to be educated and disciplined when it comes to their childhood memories. However, they want to be loved more than anything else in the world, and feel there's an emptiness inside them, which they cannot address.

Feeling they're not in any way worthy of someone's affection is normal for them. They may even get to be desperate to have their soul's needs fulfilled and to enjoy that love of a lifetime, no matter how much they're running away from this type of opportunities without realizing they're doing it.

Individuals with Saturn in the 5th house tend to blame themselves for everything, feeling they don't deserve love and detesting the person they are when with others.

They think people judge them, which makes them feel frustrated and terrified of any romantic involvement. There is also the situation of Saturn overcompensating all this, when they'll change partners very often, hoping to be adored and shown proofs of affection all the time.

They will eventually get tired of such a life and get to feel empty inside because true love must come from inside themselves to begin with.

Only by contributing to the world around them, they will manage to activate all that the 5th house is capable of. By recognizing their own value, they will manage to make others see what they're worth.

The goods and the bads

Saturn is the planet that loves nothing else than to trip people, making life non-fun when in the 5th house.

It's important for these people to learn nothing bad will happen if they'll go out and dance or get drunk with their friends.

Depending on the aspects in which Saturn is in the 5th house of their chart, the natives of this placement are more less anxious when it comes to social matters and always very patient.

Saturn influences how much of an effort people can make and where their limits are set. This planet can have individuals pushing beyond their limits and overcoming any obstacle.

It can be challenging for the 5th house to no longer have natives in denial of whom they are, so any person's purpose when it comes to a placement in his or her birth chart becomes to discover what he or she loves the most.

The ideal situation is to take on responsibilities and become accepted by the society for being natural.

But Saturn in 5th house people may have this planet destroying all of these efforts and putting down any attempts to be themselves.

They may succeed at getting accepted for whom they are if they do something creative and at the same time safe for their emotions to be expressed.

Also, having some fun wouldn't cause them any harm, so they should be open to go out and make new friends.

They must deal with their inner authoritative side and let go of the obsession to take care of any responsibility they may have because this can't be effective for them in the long run.

It is possible to reach a state of pure joy, even if it means peeling down some layers of graveness and taking pleasure in what others like to do for fun.

Those who listen to their Saturn should make an effort to overcome their seriousness and do adventurous things or anything artistic.

They can overcome obstacles installed in their way by this planet and become great lovers, funny parents and even true comedians.

The presence of this celestial body in their 5th house shouldn't impede their imagination from running wild or their life from being pleasurable.

Being spontaneous and fun can have them happier than they've thought to ever be as they anyway can't stand to just sit around and are always dreaming of taking action.

They could be great leaders and run things faster than others, but Saturn seems to always be in their way.

It's a good thing they want to do everything correctly, yet paying a little bit of more attention to opportunities that seem risky is also a good idea for them.

There's a balance between wrong and practicality, and a lesson on this should be learned by them if they want to advance in their career or in life.

It can become really dangerous to not be able to have fun or to feel guilty about doing it. Letting the guard down and going with the flow are great weapons against boredom.

If natives having Saturn in the 5th house won't learn how to take pleasure in living their life, they'll become depressed and anxious.

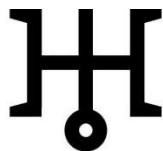

Working too much or too hard can even get them sick, so it's suggested they change their ways sometimes.

A good thing about Saturn here is that it makes people modest, no matter how loud and dramatic they can sometimes be. Many will not like their grandiose way, others will deal with it without having any problem.

Saturn ♄ - Exalted in Libra

([871] southfloridaastrologer.com:) A comfortable and easy expression of structure and rules is found when Saturn is in Libra. Libra's need to exhibit polite, considerate behavior, while balancing its needs with the needs of others is fostered by Saturn sense of rules and structure.

Uranus ♅ in ♍ Virgo man 12° 46'

([1046] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Virgo in their natal chart keep coming up with new ideas, always think of multiple ways to approach a situation, and often end up with the most inventive and surprising of methods.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

In a nutshell:

Style: Sensual and sympathetic;
Top qualities: Observant, reliable and modest;
Challenges: Fussy and easily offended;
Advice: Physical exercise is really good for you.

Personality traits

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best

results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

A non-conformist lover

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working power to take the relationship to the next level.

The good and the bad

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus, start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior advice, but that validation and appreciation are paramount to their potential.

The Uranus in Virgo man

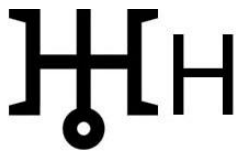

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

Uranus ☿ in IV 4th House

([1056] i.thehoroscope.co)

This placement of Uranus makes people crave freedom and hate to feel tied down even in the slightest.

People born with Uranus in the fourth house in their birth chart can have a pretty chaotic domestic life. For example, they can move a lot because they need to change or have been used to it as children.

They may have to find all kind of different ways to show they care and that they want to support their loved ones with all of their heart. Because they're pretty unconventional when it comes to their family life, they may need to work on being more dependable.

Summary:

Strengths: Resourceful, hardworking and approachable;

Challenges: Overly emotional and inconsistent;

Advice: They should seek for ways in which to show that they care.

An eccentric personality

The home life of Uranus in 4th house natives may be in a continuous flux because they're moving a lot, and if they aren't, many disruptions happen when it comes to their existence in the domestic environment.

These people are always on the go, so they're used with deciding on things very fast. They need to be in the middle of things, so if they don't have a direction, it's very possible for them to take the wrong path.

There are many unexpected events coming their way, therefore, their patience is always tested because they may be feeling they don't have any control over their life at some point.

This can happen especially if Uranus is in square from their Ascendant. There is also a good side to all of this as they can learn how to approach things in different ways and really don't have the time to get bored.

Their family shouldn't condition them in any way because they would only want to run away if this would be to happen.

The weird and eccentric Uranus makes natives having it in the 4th house very strange in the way they care about others. This means they don't know how to love someone without being weird about it.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

It's also possible for them to just stay at home and provide while their mind thinks of doing something adventurous and much more interesting than just caring for others.

As a matter of fact, many of the Uranus in 4th house individuals have been raised exactly to be this way and didn't get too much emotional support.

However, they're always well-intentioned, no matter how eccentric and aloof they may seem. Their home will be furnished with all sort of high-end gadgets that are meant to make their life easier.

When it comes to their emotions, it's possible a lot of things from their childhood have

made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Don't expect them to ever open up or be warm as in their mind all this would mean losing their authority and no longer having control over their destiny.

They prefer to just sail alone and not get comfortable with the warmth and coziness that deeper relationships could offer.

Blessings

Those who happen to be around natives with Uranus in the 4th house know the struggle these people experience when having to take care of their family and also themselves.

It's essential they're being helped by someone when it comes to the domestic duties and any other type of responsibilities related to their household.

In case Uranus in the 4th house is in a comfortable position in their chart, they will be the type who can move past any obstacle and difficulty in life.

However, they won't be spared from fearing the attachment with their own roots and the feeling of being nurturing.

They will only think it's natural for them to be like this and it doesn't have anything to do with any childhood trauma.

Individuals with Uranus in the 4th house are really objective when it comes to the hard times there may have encountered. It's easy for them to heal than it is for others because their emotions seem to be someplace else.

When recuperating, they prefer to observe how their own mind works and try to develop more so they no longer encounter any type of nasty incident that already has happened

to them.

They can even heal wounds from their ancestral line since such karmic things are very possible and many individuals leave them unsolved.

When helped with the everyday issues, they feel like the entire world's list of problems has been lifted from their back.

Those who give them a hand will always be appreciated and valued. When having a little bit of more free time, they usually spend it with the family and relax.

Uranus in the 4th house has the effect of making people more balanced when it comes to their emotions. It also helps them build a very comfortable home for themselves, a place where they can retreat after a long day at work.

Challenges

It's normal for people with this placement to spend some time alone in order to gather their thoughts. They need their peace to figure out their goals in life, so you won't find them in bars or clubs too often.

These natives resent chaos and being alone makes them feel better as during this time, they can clear their minds.

Because they don't want to let people down, they may feel guilty when spending too much time in solitude. They really love their friends and family, therefore, they wouldn't want to do something to hurt them.

One thing that could help them be more nurturing would be to look back at their childhood. It's possible to discover their parents weren't quite giving with emotions, so they shouldn't repeat the same mistakes with their own little ones.

The influence of their parents could even make them behave in conflicting ways in their relationship with a partner, especially when not agreeing with their other half on the same things.

Perhaps they won't recognize their childhood is influencing them in the present, but this is surely happening.

Uranus being uncomfortable in the 4th house is an indication that natives of this placement have gone through some traumas during their childhood or in their past lives.

This probably had something to do with their family or their home, more precisely with the way they've been nurtured by their parents. Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with

exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

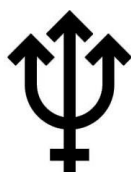

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♊ Sagittarius man 15° 3'

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

In a nutshell:

Style: Exploring and demonstrative;
Top qualities: Mysterious, adventurous, revealing;
Challenges: Personal struggles and indecisiveness;
Advice: Sometimes you are completely tactless.

Personality traits

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

The positives

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining.

Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

The negatives

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

Neptune ♃ in VII 7th House

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

Summary:

Strengths: Dependable, trustworthy and kind;

Challenges: Dreamy, irritable and perfectionistic;

Advice: They should do more of what they love.

An altruistic personality

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life

with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

The goods and the bads

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

Neptune ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

[920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♇ in ♑ Capricorn man 22° 46'

([1098] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The native born with Pluto in Capricorn in their natal chart excels at doing things carefully, following a long-established routine, with a plan in mind. They have their room or workplace perfectly organized, in order to boost efficiency, and they take it step-by-step, systematically observing and analyzing the information at hand.

With ambition and perseverance, they go about solving any problem in what seems like a matter of seconds. Disorder turns into order, the rubbish is sorted out from the usable elements, while structure and order prevail.

In a nutshell:

Style: Disciplined and strong;
Top qualities: Persistent, thoughtful and ambitious;
Challenges: Overly cautious and stubborn;
Advice: Exercise caution when it comes to personal risks.

Personality traits

Plutonian Capricorn natives prefer working alone or at least having the choice of doing so. It's not that they believe themselves to be superior to everyone else, but they want to be free to make their own choices.

And in this respect, they might even fight against the rules imposed by society, acting as temporary anarchists. Eventually, they do observe the traditional rules.

They are analytic and perfectly know how to get to the bottom of a problem, taking out the flaws and downsides. The status-quo is respected as long as it doesn't inhibit their free will.

However, their built-in patient and cautious personality don't allow for explosive changes to occur. A revolution is out of the question then.

Ambition and willpower are the key components of this native's path through the world. They never abandon the boat once they've decided to pursue a course of action, even if the entire world may oppose them.

In this sense, Pluto's transformative powers are miraculous and just what these natives need. They turn it all in their favor, eventually reaching the level they wanted from the very beginning, having the freedom to do as they see fit.

Moreover, under the influence of the Earthy Capricorn, it means that they are very preoccupied with material development and having a stable situation from this point of view has always been a primary focus of theirs.

They will want others to notice just how successful they are, but it's not a superficial tendency, but rather a confirmation of their potential.

With prudence and a meticulous approach, they pave the path towards a brilliant future with nothing but their willpower and perseverance to play with.

Not even the strongest obstacles could hope to ever put a stop to their advance. They

aren't disappointed when stumbling over a challenging opponent or when faced with failure. Rather, they cherish any opportunity to evolve.

The good and the bad

A Plutonian Capricorn will always have his priorities set straight and won't waste any time if he wants to pursue his objectives.

With a resolute attitude and an ever-renewing enthusiasm for action, this native gives their all on furthering their own desires. If the Pluto Capricorn finds himself to have strayed from the envisioned path, it won't be long before a complete turn-around will take place, without any looking back.

This native is able to take on any opportunities to reanalyze their mindset and motivations, in order to check whether they're correctly calibrated.

It doesn't matter what obstacles present themselves because this native won't give up even in the face of impossible odds. Better to die pursuing your dreams than wither in a corner, filled with regrets and disappointments.

With pragmatism and reason, Plutonian Capricorns manage to break apart all the chaos standing in front of them.

Even though they are more intellectually elevated than most other people, always seeking for the truth of the world, for the deeper aspects hidden in hard-to-find places, these natives are also materialists who work better when they know a substantial reward awaits them at the end.

Moreover, they may also appear as tedious and unwilling to commit to action because they prefer to take it all slowly with a step-by-step approach. In this sense, there's no taking them out of their routine.

Pluto in Capricorn in love

Even though falling in love is an edifying experience for most people, and there are also plenty of reasons to believe love itself is a force to be reckoned with, those born with Pluto in Capricorn in their natal chart, don't really buy into this view.

They don't believe that love holds that great of importance to one's self-development because it doesn't really help with surviving in this cruel world. As such, they're going to put it on the backburner until they manage to create a situation for themselves.

The only way they could look at love in a different light is if the partner would agree with being a comrade in arms, ready to assist against the struggles of existence.

In the fight for supremacy and social status, there will be many collateral victims and

many conflicts that render many crippled. Hope you understand that these natives are not about beauty and romantic experiences, but rather want a worthy life companion.

The Plutonian Capricorns see love as a partnership, a life-long commitment to aid one another in times of need. They are pragmatic like that.

The Pluto in Capricorn man

The last generation of Plutonian Capricorn men marked the appearance of the ever-so-serious individual with a razor-sharp focus, cool attitude, and immense ambition.

These men let nothing stand in their way and even lack some basic empathic skills as they rationally approach day to day interactions.

With challenges waiting around every corner, they are always prepared for the worst, always rowing forward through the difficult storms and whirlwinds of life.

Emotionally, these men are truly lacking when compared to women with Pluto in Capricorn, but this can also be considered to be a myth. The truth remains that there are still things that touch their hearts. It may even be that their sensibility increases with age. Plus, deep inside, these men know that empathy and emotions are essential in relationships.

They might learn it the hard way or completely avoid them but they are aware of their importance. No one says that you should start crying whenever a tough situation appears, but at least admit that you do have feelings as a reaction to it.

Pluto ♄ in VIII 8th House

([1108] i.thehoroscope.co)

This placement of Pluto makes people very self-aware and conscious of their own limitations and flaws but also loving and devoted.

Those born with Pluto in the eighth house of their birth chart have a certain flair for seeing what others cannot see, for spotting the other side of the world, the hidden and the mysterious.

This applies not only to their surroundings, to be able to analyze and make deductions,

but also intuitively perceive what other people think.

They attract unusual events, weird and intriguing people, great opportunities to enlarge and broaden their perspectives. This proclivity can be used both for doing good things, helping and healing others, or destructively, manipulation and coercion.

Summary:

Strengths: Sensual, attractive and understanding;

Challenges: Conflictual, judgmental and possessive;

Advice: They need to be careful about the things they develop obsession about.

Great resilience and attention

As we've said before, the Pluto in 8th house natives are marked by an endless curiosity and insatiable fascination with the occult and the mysterious. Psychology attracts them the most out of all the other domains that deal with the study of the world.

They want to understand how the man thinks, what motivates and shapes his character, the process of development and evolution.

In this regard, they will dedicate all their time on studying, observing people, engaging in as many such activities as possible.

Sexual intimacy comes harder for these people because they are too afraid to reveal themselves. In their search for a truly emotional and deep relationship, they forget to give it their all.

The Pluto in 8th house aspect gives to these people great resilience and resistance to stress, the ability to come face to face with their worst fears, the hardest and most dangerous challenges, and come out unscathed, albeit on the losing side.

They are, in other words, very capable at surviving even insurmountable odds stacked up against them.

They might change their perspective drastically or they might adopt other ideas that they would have otherwise shunned or discarded from the very start.

They are very self-aware and conscious of their own limitations and flaws. That's not the problem. The problem is that they are yet incapable of making up for those flaws, in repairing or replacing them with great traits.

Of course, they want to do that, to become superior and develop personally. A lot of them are incredibly attracted toward the taboo, the unexpected and the unorthodox.

Sex is something they partake in with great pleasure, they find it curious, all-consuming,

an opportunity to create a union, an equilibrium of forces.

They are in a constant search for their identity and personal subjectivity, the only thing that makes them unique and singular from all others.

They are looking to define themselves, and this sparks a conflict between the inner world, that of the self, and the outer world, that of society and its expectations.

There will many conflicts, arguments and bouts of self-deprecating contemplation, moments of sadness, thoughtfulness.

It makes quite a lot of sense for them to become psychologists or anything in this field, studying the human mind and its ontology, its metamorphosis and the processes that animate it.

They are getting better and better at reading people, at finding out why they're doing some things, in predicting a certain behavior or reaction.

In matters of romantic courtship, relationships to speak plainly, the Pluto in 8th house natives want to be consumed as a whole through the burning love of their partner, but they also feel the need to escape, to manifest their own will and individuality.

It would take someone incredibly attractive, sensual, and emotionally understanding to find someone like this, and not only that, someone that notices them.

Naturally, these natives are very interested in the dark side of life, in all that is grievous, terrifying, fear-inducing and blood-curdling, what is unknown and filled with dread, the unconventional and the unexplained.

They find it fascinating, the underlying enigmatic character just waiting to be found, and even more, the aura of uncertainty and otherworldly atmosphere.

They can become obsessed with these things, just as they can become too embroiled in the carnal debauchery of sex, the pure joy of the dancing bodies, and the sensual feelings that come in-between.

A restoration of the world and the death of another, the cycle of rebirth followed by the final decay, these are constants in their lives.

The goods and the bads

The way those with the Pluto in 8th house aspect are going to get better and regain their confidence, change their negative ways, is by following their passions and interests.

No matter how dark, mysterious or otherwise absurd they may look like to others, it's

their dream and personal appreciation, nothing else.

It would not be surprising now that they're always thinking about the big questions of life, and they give off the impression that life is like an open book to them.

They know everything that's going to come to pass, they are aware and possibly even tapping into the powers of another plane of existence.

Romantically, all they want is someone who understands them, nothing else. The rest can be obtained on the way. Honesty and a straightforward attitude are key in forming long-standing relationships that are bound to last for the rest of time.

When there is trust between partners, one based on mutual thoughts and ideas, deep knowledge of each other, then there are no more serious problems worth worrying about.

Usually, those of the Pluto in 8th house natives are nothing if not impulsive, chatty, spontaneous and very stubborn.

They don't take shit from anyone, but when the interlocutor is plain stupid, ignorant and superficial, they're not even going to bother explaining or defending their viewpoint.

Either they'll find someone they can control and manipulate emotionally, some who wants to be dominated or feels good in that position, or someone who exudes the same energy as them.

Someone who wants to go on adventures, who wants to talk about deep subjects.

However, given all this, they will still want to live life at the maximum, to have memorable memories, happy and joyful ones, they have a rich sexual life, and to have meaningful connections.

They dislike being childish and playful because that takes away their normally serious nature, the intensity, and passion. This is admirable and good, to want this, but it's also annoying and irritating to some.

North Node ♅ in ♍ Virgo 7° 14'

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall

for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is unimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition is unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those he desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming

about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this

position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK', Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

(Mohan Koparkar)

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external

reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

North Node ☾ in IV 4th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fourth house gives a cheerful and happy home life, and harmonious relations with the family. The Father, or the marriage partner, occupies a prominent post. The Dragon's Head in the Nadir of Heavens is favourable for marriage, and will be a sign of happiness if the Moon is well-placed in the horoscope. It is also a sign of good heredity from the physical as well as the mental standpoint.

The Descending Node (Dragon's Tail) in the tenth house may be fortunate for material things if the horoscope on the whole is good. It may, however, bring at some period in life serious worries and troubles affecting things in general - losses and damage if the Moon is afflicted.

(Isabel Hickey)

The fourth house represents the midnight or deeply hidden depth of the personality. This is why it represents the soul powers; what we are in the depths is not what we always appear to be on the surface. In the depth of oneself (home) the inner powers must be released. Not for this one the acclaim of the public and the limelight. He has had it all in the past. He gained from it the sense of power that made him feel his importance as a person. Now he must grow a soul. Through his domestic surroundings, through a quiet withdrawal, and through the wise use of his emotions, he will find fulfillment.

(Bernice Grebner)

With the North Node in the fourth there should be a development of the domestic life. He needs to learn the art of going into seclusion. He must be alone with himself at times to develop his own depth of soul, to dig deep and get to the very roots. Possibly, he would have to learn the role of nurturing, helping another grow, as in helping to sustain life. This person would need to establish a home, to care for it and learn what it takes to do this. There may be a problem in connection with a parent, or an imbalance in his love for them - loving one more than the other - or it could give loss of one parent at an early age.

South Node in the tenth is the extrovert. With this position there is great ability to deal with the public as the person easily understands its needs. This is similar to the Moon in the tenth, but coupled with the innate genius in public affairs. He does not take time to relate on a personal basis because of an inner need for public acclaim. It also can bring disappointment and dissatisfaction with regard to his vocation, bringing in many changes. (If South Node is in Aquarius in the tenth, he can be a leader of unpopular causes.) The South Node here gives a tendency to resist control by others. At its best, the power and success attained in the world must be used to assist others. When the person is able to do this, then destiny for this person will be met. At its worst, when used for vain self-glory, he fails. Here the uppermost thought should be control of selfish desires for ambition and power.

(Mohan Koparkar)

This condition often signifies fairly close relationship with mother figure. At the most, the relationship with mother is closer than with father. For some reason, home or domestication is highly significant in their life. They may or may not like to be family-oriented, but that is the way their life has to be structured. Career is given a second priority in their life. Although they have strong self-displaying ego, circumstances may not give them the opportunity to be prominent in their field. The relationship with parents is that of a deep attachment; and they require a lot of effort to be free from their parental wing. Considerable sensitivity is seen in these people.

(Martin Schulman)

This individual must learn to overcome the karmic feeling that he is the vital center of all situations around him.

He comes into the current life with subconscious memories of a past sense of dignity, which leads him to believe that at least certain areas of life experience are beneath him.

His prior incarnations have put him in the position of being captain of his own ship, if not the commander of others. As a result, he is used to assuming an authoritative position whenever the weakness of others triggers his powerful need to take charge.

He enjoys the role of protector and goes to extremes in filling his life with those whose very weaknesses put them under his dominion. By so doing, he is constantly testing his own power to stand tall.

This is a lonely position, for here the individual is so concerned with his self-appointed mission that he never allows others to see into his real self underneath. What he shows is a façade or the uniform of the role he feels obliged to play.

In the current life, he goes through experiences which teach him to come down off his skyscraper and make sure of the foundation underneath.

It is in the area of his most highly intimate relationships within his own family that the stage is set for his lifelong battle in an attempt to gain control of his own roots.

Many with these Nodes have one unusually demanding parent whose expectations encourage them to believe that they are truly destined to achieve a position of sitting on top of the world. As a result, they are discontented with whatever situation they are in, for always it falls short of what they feel they were meant to do.

The karmic lesson here is that 'A bird in the hand is worth two in the bush'. The individual must overcome his readiness to forsake what he has for the possibility of attaining what he doesn't.

So unwilling is he to see himself in a back-seat position that when circumstances force him to do so he may in extreme cases even contemplate suicide; for he firmly believes that without his achieving some great destiny, life is utterly worthless.

This incarnation brings him through the experience of facing the conflict between a career for himself and the demands of his family.

He must learn maturity, for with all his projected strength, power and dignity he is nearly a cripple when it comes to solving his own emotional problems. He must examine his roots, and, after pulling his head out of the clouds of his past, build a practical foundation for his future.

Eventually he learns that his organizing for others is merely a distraction from putting his own life in order.

The relationship established with parents early in life is more important in these Nodes than in any other position of the zodiac. Here the individual will spend much of his life energy attempting to be totally free and independent of his parents, yet always conscious of how much he needs them. Nevertheless, the reaction patterns to life continue to show a definite parental defiance, masking a strong need for parental love.

This soul is at a point in karma where he feels unappreciated for all his efforts. The past incarnation residue is based on achievement for the sake of recognition and appreciation. Now, achievement is to be its own reward. The soul must stop trying to gain audience for its deeds, realizing that he audience will always be there if the deeds are great enough. It is in this process of seeking an audience that the individual tends to lose himself. He must literally transform his fourth house into a new birth of emotional attitudes, learning the lessons that when a man stands on tiptoes he is unsteady.

His life is like the beautiful orchid: a splendid sight to behold when raised and nourished under the most delicately controlled environmental conditions; but once the orchid is prepared for display, it is snipped from its roots, insuring wilting and certain death after a short time. This individual will be faced with the choice of being the overlooked orchid growing in a garden of thousands, or sacrificing his own happiness to be the beautiful flower on someone's lapel. As soon as he overcomes his past-life need for display, he can start to grow to the maturity he is so desperately seeking.

The sign which contains the South Node indicates the ways through which he still overemphasizes his importance. The sign which contains the North Node shows how he can grow to become in substance so emotionally fulfilled that he no longer has to equate his happiness with his soul memory of prior-life personal esteem.

(Donna van Toen)

Conflicts: Pleasant home life vs. pleasant career. Worries about career vs. attention to private life. Private doubts vs. public self-esteem.

Possible results of sacrificing North Node: Loss of dignity. Tendency to insist on getting recognition as boss. Tendency to take on a big daddy façade (no, this isn't strictly a male trait, even if it's thought of as a male stereotype).

Possible ways to integrate North Node: Develop maturity. Use your untapped potential to strengthen your foundations. Examine your roots, upbringing and prejudices for keys to the reasons for your self-doubts. Take notice of your domestic needs.

In the fourth house, there's a hang-up about developing or growing up when the North Node is present. This can take the form of excessive self-consciousness, or it can trigger a lust for power, depending on which node is allowed to dominate. In either case, the feelings of inferiority are based on illogical feelings. These are often a result of childhood experiences. Sometimes death of a parent plays a role. Other times the parent's immaturity or lack of common sense or stability has had a negative impact.

Those people who try to fulfill their excess needs for power often complain of lack of recognition and / or sympathy from those who are in a position to offer advancement.

North Node in the fourth house wants a very loyal family and a home in which he or she will be the focal point and chief mover. Less frequently, this person dreams of developing some sort of powerful metaphysical abilities. Acknowledgement of some sort is a basic dream motif. This is a person of changing ambitions. Usually there are several career interests that are pursued in turn in an almost ruthless way. The dream of acknowledgement is often fulfilled, but the acknowledgement may not be the sort that was expected or wanted.

(Haydn Paul)

What tends to dominate is a sense of importance, authority, and decisiveness. You feel that you have a higher social standing than most, and that they should give you appropriate deference and respect. You may believe that certain tasks are 'beneath you'. You will have an aura of 'dignified aloofness' which can distance you from others.

How accurate are these feelings of importance? Or are they self-deceptive illusions? These feelings come from needing to control; and you hope to satisfy this as an authority or leader. You dislike having to adopt a follower's role or defer to another's authority, especially as this reminds you that your feelings of command could be illusions. This issue of authority needs to be confronted.

You may often assume a role of protector, attracting others who are more passive or personally weak, and who need someone to rely on. This role allows you to express leadership qualities. Yet, through identifying with this authority role, you often manage to avoid other aspects of yourself, those which may not fit your image of leadership. The authority role, however, does offer additional challenges which help you to grow and mature. Authority implies greater responsibility, and you need to feel convinced that you have the ability to succeed.

Part of this need derives from personal insecurity, probably formed during childhood, perhaps by excessive parental expectations that encouraged a belief that you had a natural right to lead others. If these expectations fail to be met in adult life, a growing dissatisfaction develops, as life fails to match the hopes and dreams absorbed from parents.

Problems related to choices between family obligations and work may occur within your adult family, especially if you reach a senior and responsible position. You tend to be adept at organizing for others, but, in doing so, you leave less time, energy, and interest to increase your self-understanding. This may be most noticeable in a tendency to be uneasy with emotional expression or uncomfortable with feelings. You may try to avoid intimate situations when these are exposed. Emotional problems pose difficulties, and generally you hope that they simply go away... and regret that you cannot organize them into resolution!

Growth occurs when you accept your emotions and express rather than repress them. Your family and others will appreciate you more if emotions are allowed to flow more easily, rather than being submerged in role playing. Your achievements can be considerable, especially through career and work, but you should strive to achieve for achievement's sake, rather than for the 'applause of the audience', as this will serve only to reinforce identification with your role.

(Bruno and Louise Huber)

In the 4th house, emotional values are all-important. It is not enough, as in the 3rd house, simply to inquire about the meaning of something; one must be able to enter into it with feeling. With the Node here, we are like a bird that felt good in its cosy nest and was thrown out of it. Usually the chart will exhibit a tendency on the part of the native to lack balance and to be overeager to stress his or her own individuality. The lesson to learn is to be an ordinary human being among other human beings, and to be able to give and take emotionally.

Often the 4th-house Node is counterbalanced by the Sun, Uranus, or Pluto at the top of the chart; and this produces, by reflex action, the wish to be famous or a leader. When emotional imaginative pictures to do with the family or the group enter consciousness, these guiding images have to be clarified.

If planets in the 9th or 10th house show high ambition, this can be satisfied; but, with the Node in the 4th house, the native needs to keep close to home and roots. The feet need to be kept firmly on the ground. Bottlenecks, which hold up progress, are often encountered. Now, when blockages occur, the native's reaction is to try and forge ahead. In many cases, that would be the right thing to do; but with the Moon's Node in the 4th house, it is wrong. The proper course of action is to pull back and to live as one of the group, as one of the family. This is the only way to prepare to move forward again, to find room for manoeuvre, to gain access to those it is desired to lead. Then misunderstandings will be swept away and a fresh impetus will be given to upward development.

With Nodes in the 4th house that receive hard aspects, there can be a retreat into a pleasant ideal world of acceptance and domestic bliss. This 'warm nest' feeling has a very important function. It is one of the fundamentals of life; and we may well want to experience it at all costs. This makes us undifferentiated and dependent on the activities of the family. We are governed by these activities, and do not have a hand in shaping them but are sacrificed to the family's interests. In the worst scenario, our relatives assume the right to abuse us and to walk all over us.

When there is a planet in the 10th house, in opposition to the Node, the native will readily part with a place in the nest in order, at least, to make sure of getting on in the world. Ambition, in whatever form it occurs, destroys the sense of domesticity. The

natural need to be part of a bigger organism, group, or family, comes secondbest.

With a square from a planet on the Ascendant, the departure from normal is not excessive, but the native is too egotistic; with a square from the Descendant, the native defers to the partner. If, for the sake of personal development, the need to belong is allowed to wither, an essential human quality dies, and the individual becomes a loner and inclined to do wrong to others. For the ability to avoid unfairness is based on the nest-like environment of the 4th house.

North Node in 4th House or Cancer (James Braha)

If the North Node is in the fourth house or Cancer, the person's greatest growth, evolution, and fulfillment come through taking care of his home and family life. In previous incarnations, there may have been an overabundance of professional activities and social responsibility. Now the person must concentrate on his own soul growth and fulfillment of emotional needs. All activities involving land, property, and homes are favored. The person should develop his feminine and maternal energy, and seek to nurture all those in his presence. He should dedicate his life to family, children, relatives, and loved ones. He may do well in healing professions, nursing, cooking, catering, innkeeping, or any domestically-oriented jobs. Although career focus is neither psychologically significant nor a main objective of this life, the person is extremely concerned with the well-being of all members of his immediate community. He must do his best to see that everyone has a sense of belonging.

The person should not look for a life of profound philosophical meaning. His actions are not based upon compelling drives towards particularly ambitious goals. Rather, he is here to experience and appreciate the full value of his emotions, senses, passions, sensitivities, and vulnerabilities. His job is to keep his family and the human species alive and well. Tradition, rituals, and cultural values are of very great importance. The person is on a lifelong journey back to his roots. Spiritually, this means he is very well-advised to engage in meditation, contemplation, and all inner-directed self-development techniques. Also, he gains tremendous benefits from periods of self-imposed seclusion and isolation. On a more mundane level, the person wants to learn everything possible about the lives, history, and circumstances of his ancestors and predecessors. At the very beginning of life, the person is organically connected to the father. However, as his consciousness grows, he quickly realizes there is no progress to be made in this realm. He then shifts his attention to his mother and all other tenderhearted expressions of creation.

The person is devoted to practicalities, not ideals. He is wonderfully sympathetic, and functions as a magnificent support system to those in need. He is like a rock of stability, always emotionally available for others. In this lifetime the person is learning extreme devotion and loyalty to his loved ones. He may derive tremendous pleasure from gardening, landscaping, or farming. Collectibles and material possessions are very important. The person must have absolute control over his daily environment. He should

surround himself with beauty and whatever else appeals to his personal tastes. Living near water is preferred; and the person may wish to develop his psychic, sensitive nature to the fullest. He is here for a highly subjective, even sentimental, experience of life, and is now relinquishing his obsession with objective realities and ultimate truths. The person may do well in mining, archaeology, or any ecological vocation.

In ancient Hindu astrology, the North Node in the fourth house indicates problems with a forceful or domineering mother and troubles in gaining educational degrees. There are strong cravings in the heart, and a possibility of attaining large homes or mansions. The South Node in the tenth house reveals a good reputation and successful professional life. Careers may involve any spiritual activity which raises the consciousness of the common person. There is distinct talent in metaphysical or natural healing techniques. The sign positions of the nodes are of much less significance.

(Black Moon) Lilith ♀ in ♏ Scorpio 11° 19'

([1144] elsaelsa.com)

Truth Seer

If you have Black Moon Lilith in Scorpio, the wounds you bear from your Lilith experience have made you a survivor. Through your deep insight, you've learned to protect yourself from anything the world has to throw at you.

No matter how your Lilith pain has come about (which you can determine from the house Black Moon Lilith is in), you have figured out that other humans make scarier monsters than anything a horror movie could dream up. To protect yourself, you became skilled at seeing right through people. No one can get anything past you. You can smell agendas and hidden motives from miles away. The idea that someone could successfully lie to you is laughable. And because of this remarkable insight, you have also become a de facto therapist for the people in your life. For the people you are closest to, you don't really mind, but for people a little bit further from your normal orbit, it's somewhere between puzzling and enraging. Why on earth are they willing to disclose all this information? And do they not understand how much of a drain that is on other people?

At times like these, you're likely to shut down or cut the person off altogether. Others may find it cruel, but for you, it's simple self-preservation. And part of you also quietly

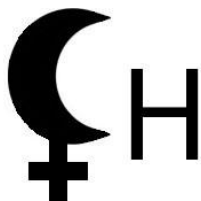

believes that cutting those people off is for their own good. You know from experience how dangerous it can be to lay all your cards on the table. You've been burned and betrayed more times than you care to recall. You've given too much and loved too hard and learned painful lessons from it. Giving everything you have is a recipe for total annihilation. So you share only what is necessary and preserve the rest for when times get tough.

And times always do seem to get tough. One of the great tragedies of this placement is just how much of the world you've seen. You know exactly how dark, cruel, frightening, disgusting, craven, exploitative, and awful life can be. You are very familiar with the depths to which humans can sink. I would say that this knowledge has crushed you, and indeed it has. It has crushed you over and over again, so many times that you thought you'd never get back up. But you did, you do, and you always will. That is your superpower.

But it doesn't have to be this dark. To soothe the pain, work to bring in influences from Taurus, Scorpio's opposite sign. Taurus, above all, is concerned with the sweet abundance underpinning all life. It's not that Taurus doesn't understand darkness. It's just that the darkness doesn't have to be central. Even though the world is filled with suffering, flowers continue to bloom. Even if a loved one proves treacherous, there are plenty who aren't. Tomorrow we may die, but tonight we can eat, drink, and be merry.

Black Moon Lilith in Scorpio is an exceedingly complex placement with so much to explore, but let me end with this: Your ability to see people for who they are and understand them deeply is a gift to the world. I know it can bring you pain, but it can also help you create a community of those who are truly deserving of your trust. You have the power to turn your pain into your greatest strength. Just remember to enjoy a little sweetness along the way.

(Black Moon) Lilith ♀ in VI 6th House

([1154] elsaelsa.com)

Champion of the Weak

If you have Lilith in the 6th house of your chart, her themes will manifest in terms of health, service, and work. You will be tasked with reclaiming your power and standing up for those who need it most.

In traditional astrology, the 6th house is known as the house of Bad Fortune. The 6th house is where things outside our control happen to us. Illness, pain, and disability simply happen sometimes, and no one is to blame. But with Lilith here, you have been blamed for your own misfortune, asked to answer for the unanswerable. You may have experience with ableism or other types of discrimination, and have been expected to overcome insurmountable odds while your challenges were minimized and dismissed.

The 6th house is also associated with common people. This is where we as average, everyday people come into contact with those who have power over us. Bosses, landlords, administrators, etc. In an ideal world, those people would use their power judiciously and look out for us and our needs. But if you have Lilith in the 6th, this is rarely the case. Instead, you are regularly on the receiving end of abuse of power.

With Lilith in the 6th, wounds and trauma can turn inward, very literally making you sick. If your pain and frustration don't have some kind of outlet, it can become truly debilitating. Luckily, you can put this pain to good use, advocating for the powerless. I know a good number of people with this placement who have done very good work with animals, at-risk youth, and the elderly. Others have become labor organizers and social workers. One way or another, your wounds must take on a higher form.

While there is much more to be said, I'll leave you with this: You above all can see exactly how power corrupts. You can see the way the weak are stepped upon. You feel their helplessness and outrage. The world needs you to stand up and make things right. To restore order and balance. You have the power to heal us all.

Ceres ♀ in ♋ Cancer man 14° 36'

([1164] astromajesty.com)

Ceres's placement shows our self-confidence, nurturing capacities, and how we express our affection.

In Cancer, it feels a bit conflicted, even though it gives sensitive people and welcoming hosts. They are emotional, like to be of service to people, and have an open heart.

Yet, individuals with Ceres in Cancer get offended easily, and they take things personally.

Being that caring and affectionate, they often give too much. If others don't behave in the same manner, they will hurt Ceres Cancer. They like to make people feel at home, and they are warmhearted and sincere.

People with Ceres in Cancer use words, actions, and gestures to express their care.

Ceres Cancer individuals often care too much, and they will go above and beyond to help others. Yet, when someone shows the same level of care, helpfulness, and affection, they feel uncomfortable.

Paradoxically, they still expect others to treat them the same way: with a lot of care and attention.

Individuals with Ceres in Cancer are hypersensitive but likely to have self-esteem issues and to question their worth. That results in inner conflictions that reflect in their relationships.

Sometimes they tend to behave childishly. They want to have other people's attention, but not to seem like they asked for it. And if they don't get it, they will feel irritated.

If others don't give them enough affection, they can feel depressed, insulted, and undeserving of love. Persons with Ceres in Cancer have a task to learn how to manage their emotions and expectations. They are nostalgic and sentimental. Ceres Cancer also needs praise for its accomplishments.

Otherwise, self-doubts arise, and they start believing no one likes or understands them.

Ceres in Gemini and childhood

Individuals with Ceres in Cancer likely had a complicated relationship with their parents or caregiver, usually with the mother figure.

Well-positioned Ceres speaks about a highly caring mother that was beneficial for the child.

But an afflicted Ceres Cancer indicates a lack of maternal figure and that a person was without the affection, love, and care they needed so much.

Unfavorable Ceres placements perhaps mean that one had younger siblings and that a mother made them her priority. A person with afflicted Ceres in Cancer couldn't rely on

their parents.

On the other side, perhaps individuals with Ceres in Cancers had overprotective parents who failed to teach their child how to be self-reliable and independent.

The afflicted placement also indicates that one had to relocate many times as a child, which caused a lack of safety and stability.

But a favorable Ceres in Cancer placement means that a person grew up in a warm, safe, and nurturing environment. Caregivers protected them from the world, and they had a strong connection with their families.

Men with Ceres in Gemini

Males with Ceres in Cancer are affectionate, emotional, and shower their loved ones with lovely gestures. They value family. They are traditional and enjoy being at home.

A man with Ceres in Cancer can fix anything around the house, and they feel good cooking, cleaning, or helping their partner. Their partner and children come first, while career is not as essential for their happiness.

But they can be emotionally and acting almost childish if they believe someone is not giving them enough love and attention. What they need in those moments are cuddles, hugs, and their partner spending time with them.

Summary

People with Ceres in Cancer are sentimental, helpful, and like to serve others.

But they expect the same, and they need people to be grateful for everything they did. If they don't get praise for their gestures, actions, and devotion, they can feel hurt.

But it's difficult for Ceres Cancer to receive affection, and they don't want it to seem as if they asked for it.

Due to their conflicted feelings and often lack of confidence, they feel uneasy when others show love.

Individuals with Ceres in Cancer put their loved ones first. They have traditional values and will give help to those in need. They should, however, work on their self-esteem and confidence.

Ceres in 2nd House

Ceres relates to agriculture and nature's growth cycles, and when placed in second house, these symbols are amplified. Here Ceres desires nurturance through providing practical resources for survival, such as food.

Ceres has a chance to thrive in second house because she is in touch with the Earth and knows how to create sustainability.

This is a Ceres placement that understands the immense value of caring for others by providing basic fundamental needs, knowing that a strong foundation enhances the likelihood of reaching future goals in life.

People with Ceres in second house may also enjoy giving and receiving tangible objects that enable them to luxuriate in physical experiences of life. Collecting resources and material items is not inherently bad, but it can become a hindrance to evolution if the true meaning of the objects' value is lost in favor of a consistent focus on acquiring quantity.

A strong commitment to covering all basic needs is highlighted in this placement. There is a concentrated focus on creating and maintaining stability, which is met through finding ways to be resourceful and connected to the natural gifts from Mother Earth.

In modern times, money is a theme of the second house, and these natives know the importance of keeping a balanced budget.

Ceres in second house can produce brilliant chefs or bakers. By using creative life force energy to turn ingredients into meals, and then nourishing others with the finished product, we see the Ceres archetype beautifully channeled.

Chiron ♄ in ♉ Taurus 15° 46'

([1249] astromajesty.com)

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

Men with Chiron in Taurus

What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable? – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will

go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

Summary

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

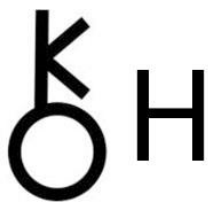

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

However, they also fear that they could lose who they are and endanger their identities.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't

understand the practical realm and its point. They often wish to die because that makes more sense to them.

As a result, these individuals tend to feel a need to be extraordinary, different, and genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

Merge with the unity

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

([1285] astrolibrary.org)

You feel happy noticing the things that surround you, being receptive to all knowledge. You want to know everything about humanity and the Universe, without societal limitations or restrictions. You understand the union of so many different things, knowing that none is worse or better because of their difference.

You are fair. You do not like to make judgments, because that would undermine your own sense of freedom. You remain aloof and impartial with respect to others. This allows you the freedom to explore your own inner awakening.

You never have to follow the paths of others. So, you look for solitude, where you find new ideas. You use the great inventiveness that cosmic forces bestow upon you.

You like to live without any planning. You like to be original. It makes you happy to know you can help another person to feel free.

Leo is the sign opposite to your Part of Fortune in Aquarius. Through Leo, you observe how others try to direct others and try in vain to have control over circumstances, as well as to maintain those principles that give them self-respect. You know that these things, and power, have been abused in today's world.

It is the love for truth without limiting the spontaneous flow of life, which gives you your greatest satisfaction and joy. You do not like to force any circumstance, or any person. You flow easily through difficult situations because you have the great ability to understand how circumstances have become what they are. Nothing exists in this world that can surprise you.

You like to live as a true free spirit, even trying anything new or futuristic.

You know there is a better future for society, but you should not worry about how it will be achieved. Simply trust that things will be resolved in the best way possible and at the right time.

You must pay more attention to how you express yourself. Do not show off your ego in your knowledge about the Universe. Focus your struggle in search of inner power, over yourself, in addition to outward self-control.

When you accept yourself as a different, unique, and even prophetic being, your soul will begin to unfold in the direction you so desired. You will know that your mind is free to

explore all knowledge of the Universe and its human aspects. You will understand that this free acceptance of uniqueness will finally liberate Humanity from the deterioration from its own egocentricity. For that, you can be an example and helper for those who need it.

Your fulfillment and final happiness are not only for you, but for everyone you know and who shares your humanitarian ideals. Sharing common ideals with other people that want to help evolve humanity, makes you maintain a faith in the future.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal

understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

3) ► **Imum-Coeli** IC **Parallel** ♂ **Mars** - (0°03') ♀12 | ♀6

([188] astromatrix.org:) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness.

Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

4) ► ***Imum-Coeli*** IC ***Parallel*** ♃ ***Jupiter*** - (1°20') ♃12 | ♎9

([196] astromatrix.org;) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

5) ► ***Imum-Coeli*** IC ***Parallel*** ♅ ***Uranus*** - (0°14') ♃12 | ♏4

([207] astromatrix.org;) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

6) ► ***Imum-Coeli*** IC ***Parallel*** ♄ ***Neptune*** - (0°09') ♋12 | ♎7

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the

other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

7) ► **Sun** ☉ **Contra-Parallel** ♅ **Saturn** - (1°12') ♀6 | ♀5

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to

bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

8) ► **Moon** ☾ **Contra-Parallel** ☿ **Mercury** - (1°14') ♊2 | ♏3

([152] astromatrix.org;) Where To Go And Why

Opportunities: 1. Gaining Greater Inner Harmony 2. Perceiving the World More Clearly

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

With the opposition, friction between Moon and Mercury results in emotions, instincts, and feelings pulling in one direction, and rationality, logic, and conscious mind moving in an opposite direction. This inner disharmony is then reflected through projection onto the external world, influencing your relationships. While this inner division remains unresolved, relationship conflicts will persist.

Decision-making can prove difficult, and you may rely on others deciding for you, as you cannot determine which path to follow, whether to choose instincts, emotions, or rationality. Inner unity, when both messages coincide, is a rare experience for you. This situation can stultify actions and choices, distorting perceptions and judgment. Confusion often results, with regular changes of mind or heart which disturb and disrupt relationships.

Sometimes attempting to break through an impasse may force you to act impulsively and instinctively with variable results. Equally, responses can be emotionally biased, devoid of rational evaluation or common sense. Alternatively, Mercury can dominate, with an extremely cold perception which succeeds mainly in temporarily denying any emotional feeling at all.

You can be insensitive and offensive to others, unaware of a lack of tact, sensitivity, and diplomacy, although you are quick to rise to others who criticize you personally. Like everyone else, there are times (many, many times) when you will be 'wrong' in life, as no-one is infallible. You may need to learn how to admit mistakes, however. Increasingly imbalanced, unconscious emotional patterns can distort inner messages and life perceptions, diminishing your ability for clear thinking and clear communication.

Compulsive talking can occur as a compensation for effective relationship, although

what is often noticeable is that this lacks depth and content. What is required is self-understanding and integration between your emotional and rational nature. Clarity and awareness are needed regarding these lunar patterns of emotional need, dependency, and the reliance of security and stability.

With the Mercury influence, rationality and objectivity are required to help rebalance inner disharmony. The challenge is to integrate these two opposing messages. Until some progress is made, self-expression can be restricted and distorted. Favoring either planet creates conflict; honoring each planet is the route to wholeness, and the key to resolving this psychological imbalance.

9) ► **Moon** ☾ **Contra-Parallel** ♅ **Pluto** - (0°09') ☾2 | 138

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

10) ► **Moon** ☾ **Parallel** ♆ **Lilith** - (0°38') ☾2 | 116

([625] astromatrix.org;) Embodying the non-conformist

Opportunities: 1. Experiencing emotional transformation 2. Developing spiritual medium abilities

Challenges: 1. Awareness of repressed emotions 2. Avoiding unconscious decision

making

Lilith conjunct Moon is one of the most powerful aspects in regards to your intuition and creativity. This placement is a powerful agent of change and transformation. Lilith represents creative birthing, transformation, renewal and resurrection. The Moon is the soul, and our safety balm of deep comfort and contentment. Pairing these energies together, opens a portal of oceanic receptivity.

This is an incredible placement to hone and channel your intuition through spiritual practices such as tarot or astrology. You have an otherworldly connection to the subtle energies of the universe.

This innate ability, can allow you to touch the unknown and occult sections of life. Your emotional courageous nature leads you to take the lesser walked path. You may feel as though you're here to defy rules, and your awareness allows you to be accountable for owning your truths.

You are a natural non-conformist, which allows you to seek the freedom that you innately desire. The opinions and feedback of others, often go unnoticed by you - whether it's positive or negative.

You only answer to yourself, which others idolize. Be mindful of channeling your emotions into destructive tendencies. You're inclined to experience Kundalini activations. Your spiritual evolution can reach heights that you may have never predicted for yourself.

11) ► **Mercury ☿ Parallel ♅ Pluto** - (1°23') ♁3 | ♃8

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

12) ► **Mercury** ☿ **Contra-Parallel** ♎ **Lilith** - (0°36') ♎3 | ♎6

([632] astromatrix.org:) Having a Mindful Persona

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

16) ► **Mars** ♂ **Parallel** ∟ **Jupiter** - (1°17') ⚡6 | 0009

([51] astromatrix.org:) The Adventurer

In the case of Mars Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Jupiter tends to expand and amplify especially in a conjunction, so in this case your Mars energy becomes much stronger than normal. This allows you to have much more energy, drive and ambition to achieve your goals.

You make a good leader, inspiring courage and confidence in others. You usually enjoy

good health and high vitality. You are a lot more courageous, brave and fearless of taking risks and ignoring potential negative consequences. It is a good aspect to have but it can have some drawbacks, you may overextend yourself, especially when you are getting older and can cause yourself some physical injuries by doing too much sports or exercise. It is harder to know your limits and it is important to constantly evaluate if you are taking things too far.

You are energetic, resourceful, frank, outspoken, pioneering, and adventurous. There is often executive ability and an entrepreneurial attitude toward business ventures. You stand up for your beliefs and would be a formidable opponent in any kind of battle or competition. You are self-confident and have a strong will to succeed, to see how much you can do and how far you can go. No matter what you accomplish, you do not rest on your laurels. You want to keep on going, to do even bigger things.

You enjoy learning about many topics and then spreading the word to others. This can lead to success in broadcasting, teaching, travel, marketing, publicity, advertising, or internet businesses.

17) ► **Mars** ♂ **Parallel** ♄ **Uranus** - (0°17') ♎6 | ♏4

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on

your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

18) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (0°06') ♀6 | ♂7

([54] astromatrix.org.) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually

achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

19) ► **Mars** ♂ **Parallel** ♀ **South-Node** - (1°26') ♏6 | ♏10

([189] astromatrix.org;) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

20) ► **Jupiter** ♃ **Parallel** ♄ **Uranus** - (1°34') ♉9 | ♏4

([61] astromatrix.org;) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

21) ► **Jupiter** ♃ **Parallel** ♄ **Neptune** - (1°11') ♁9 | ♃7

([62] astromatrix.org;) The Painter Of Dreams

This conjunction occurs approximately every thirteen years and tends to create characteristics that are often similar to the Pisces temperament, where both the positive

and the negative qualities of both planets are present and highly active.

Tendencies towards excess, idealism, creativity and naivety will be evident. The Jupiter impulse of expansion may encourage you to reach beyond your actual capabilities. The sphere of relationships is likely to be a source of many lessons for you, and to reflect back several of your own tendencies towards those less realistic qualities of Jupiter and Neptune that are present in an unintegrated personality.

Yet this ideal of relationships will still persist, often despite many disappointing experiences over the years. It is probably wiser to be more careful in your more personal and intimate relationships, because unless you are aware of what is occurring, your love life could be painful. Many relationships flounder today due to mutual self-ignorance, where inner projections of illusions and the anima-animus patterns overlay the real nature of the participants, until time dissolves them, and each partner wakes up to realize that they are living with a stranger.

When disappointment strikes you, there is a tendency to retreat into a private fantasy world. This can be positively used as a self-healing technique, but you must avoid any temptation to use this purely as an escape, for if you do so you risk losing contact with reality.

22) ► **Uranus** ⚡ **Parallel** ♀ **Neptune** - (0°23') ♀4 | ♀7

([75] astrologyking.com:) Uranus conjunct Neptune natal gives unique creative talents and an unorthodox approach to spirituality and morals. You have natural freedom of expression that is inspiring to other generations. You approach life unbound by the restrictions of tradition, religion, and societal standards.

Your imagination is allowed to run wild compared to most people. This enables you to freely explore, invent, and create in every area of life. Some may find you eccentric, scandalous, provocative, or rebellious but so what. These are simply side effects of your ingenuity or creative genius.

You can be a rebel but with a cause. You need a lot of stimulation and excitement in your life and find satisfaction or enjoyment in showing off, or showing society different ways of living and doing things. You are a trendsetter and have a great ability to entertain, excite, and even mesmerize other people.

You should be comfortable expressing your unique style and are generally not shy about sharing your talents. This can extend to your self-confidence and ease in putting yourself and your body on display.

You know you are special and different but you also know you are not alone. Your whole generation shares a spiritual bond and you can recognize your peers and their works. This aspect is associated with psychic ability and also the ability to tap into the mass

consciousness, at least of your generation.

23) ► **Uranus** ♂ **Parallel** ☾ **South-Node** - (1°09') ♀4 | 0010

([208] astromatrix.org;) Extremist Rebel

With North Node opposition Uranus, you have brought over creative genius of some sort. There may be noticeable talent without benefit of a formal education. You may have lived a life in an ancient advanced civilization, like Atlantis, Maya, or Lemuria, and arrive possessing superior insights.

You think differently, coming up with unusual ideas and methods. As long as there is a measure of practicality about you, your unique solutions are often workable and they may be balls of energy, meeting with sudden success. There are many artists with this aspect who produce colorful work. There is often a love of color, especially combinations of colors-prints, paisleys, or patchworks. Artists such as writers, actors, comedians, and singers are also known for the many and varied shades of work produced.

Major circumstances may have caused you to be an advocate of change and revolutionary inclinations. Your ideas are often too ahead of the times. However, these ideas are often not met well by the people in your life and you often feel that any progress you make is set back by societal values or things out of your control. Beware of a tendency to be fanatic or erratic in your persuasion, it will hinder you and hold you back. Focus on developing a more tolerant worldview and perhaps you'll get the change you're so hell-bent on contributing to. You don't have to be the extremist rebel just because you think no one else wants to play that part. Bursts of energy and bolts of revolutionary ideas that come out of seemingly nowhere are common with this placement.

24) ► **Neptune** ♀ **Parallel** ☾ **South-Node** - (1°32') ♂7 | 0010

([212] astromatrix.org;) Visionary Gifts

With North Node opposition Neptune, you possess many visionary gifts. When working through its higher form, you succeed in many artistic and creative fields. There are cinematographers, filmmakers, painters, artists, sign makers, photographers, dancers, singers, musicians, actors, and designers that have this aspect.

It is questionable if you will put your unique gifts to superlative use however. The liabilities are high with South Node conjunct Neptune. You might have led a mystic kind of life and it may be difficult to draw you out, though you could share spiritual insights that contribute to the overall karmic growth on the planet, but you may prefer to stay out of the limelight. Or you dislike the mainstream society and enjoy living within your imaginative and spiritual realms.

Your work may require seclusion and you may become a reclusive type or hermit who prefers the background. You may be so sensitive that you want to hide away. This is an emotional aspect, especially when falling in water signs. The South Node influence may

distort the emotions, which fuels the mind. You may not feel like they are part of this world, as if you live in an alien world. Such feelings of alienation and psychic distortions increase the chances you will resort to drugs or other strange methods for handling their crises. The house of Neptune and its opposing house shows where the imagination and vision are enhancing those affairs or merely distorting things.

([12] astromatrix.org.) Someone To Look Up To

Opportunities: 1. Being Your Own Boss 2. Being an Inspiration to Others

Challenges: 1. Controlling Your Irreverence 2. Being in Control of Your Life

Even while you are young, personal success and achievement will be very important.

You will want to shine among your friends and be someone to whom they can look up.

You will measure your success in life not so much by your inner sense of values, but by the impact you make on other people. This aspect often means that you will be socially successful, but you must work for it; such success is not automatic.

You have a great need to be in control of your life. As you get older, you will try to work in a business in which you can be your own boss. You are very independent and do not like working under someone, which can create problems while you are young. Thinking that you know better than your elders, you may rebel against their power over you. If you establish a pattern of rebellion, personal success will be hard to come by. You need help

from others to get anywhere. So, you must avoid being arrogant, for that will alienate people. However, if you are willing to learn from others while you are young and put all your energies into developing skills that will be useful later, you will probably achieve something important in your own terms. In that case, you will know what you want to do and how to guide others.

You can enable others to fulfill their destiny as you fulfill yours. During childhood, the influence of your father or of a similar guide figure is especially important to you.

([57] astromatrix.org;) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

([113] 12andus.com;) How do your deeper urges fuel your career and public image?

Even in professional settings, you can't suppress your inner urges and longings.

Your sexuality, power and inner feelings fuel your public image and can make you a formidable force in career and business. Your adversaries will not want to step on your toes because you will be fiercely protective of your ambitions. At the same time you may have to learn to trust your instincts and refute the status quo in order to succeed in your industry.

You can rise to positions of leadership by being true to yourself and this can lead you to an unorthodox path to success and leadership. As you express your raw desire for independence and power, you'll attract those who admire your authenticity but also alienate those who want to convince you to tone down your approach.

You may become infamous or gain notoriety for your instinctive, raw emotion and acts of rebellion especially in rebelling against the status quo in your business, industry or career path. Sexual scandals or pushing sexual or gender boundaries can also lead to social recognition or influence your career path.

4) ► **Descendant DC Conjunct ♃ Neptune** - (3°17' A) ♃7 | ♃7

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

([588] 12andus.com;) You can be a powerful spokesperson or dramatic leader with a strong vision.

Yet you may reserve your best strategies and intellectual powers, acting like these are your "secret weapons" that you bring out only when all other attempts at diplomacy have not worked.

You may also try to be discreet about your true agenda. Unfortunately, this can cost you collaborators who would otherwise help you but who don't immediately recognize your vision and need for assistance. You can become more impassioned and direct when those close to you are challenged.

Your own needs on the other hand may not be the same catalyst for assertive response. Yet when others need your wisdom, you can bring out the best of your intellect and intuition and serve as a strong mentor.

6) ► **Imum-Coeli** IC **Conjunct** ♄ **Chiron** - (1°40' S) ♋12 | ♋12

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

([5] astromatrix.org:) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive

routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. 27) ► **Midheaven MC Sextile ☿ Uranus** - (4°40' S) ♀6 | ♀4

([287] astromatrix.org;) Unique Lifestyle

With this aspect, you want to be independent and to find a lifestyle and life work that are unique and yours alone. While you are young, others will consider your interests quite unusual, especially for someone your age.

You may be particularly interested in a technical or scientific field, and in fact when you are an adult you may choose a career in such a field. This aspect may also indicate an interest in the occult or in offbeat philosophies.

You do not feel obligated or held back by tradition. You seek to carve your own niche in life, and in the course of doing so, you may come up with some rather original and even daring ideas. At some time in your life, you may even make a totally new discovery. You may prefer to be alone much of the time, not because you can't get along with people, but because you prefer to be free to program your own time. 28) ► **Sun ☉ Sextile ☿ Uranus** - (3°31' S) ♀6 | ♀4

([226] astromatrix.org;) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in

society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style. Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'. Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and you have little tolerance for lies and deceits and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels or compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

29) ► **Moon** ☾ **Sextile** ♎ **Chiron** - (2°50' S) ☾2 | ♎12

([118] astrotarot.net:) Typical features that this sextile brings – You have an innate talent for making the most out of your pain. If you heal your childhood wounds, you will be able to love others unconditionally. This Natal Moon- Chiron aspects suggests that you need to work through your own pain. If you do that, you can develop a talent for helping others

who are still in the process. Above all, you tend to take on a mothering role. With a soft aspect this is not a burden to you. Also, you find joy in taking care of others around you. And you take care of your own needs too. That is because you know that you can only help others if you have enough. Natal Moon- Chiron aspects are never easy. With harmonious sextile aspect there is an easier flow of energy. You are generally drawn to helping professions. These Natal Moon- Chiron aspects indicate an interest in psychology and everything connected to mental health. Learning about these topics in-depth help you face your own insecurities. Also, it helps you learn new, constrictive patterns and coping mechanisms.

- Positive trades: You are often very good at boosting others' confidence. You are very sensitive and creative.. Also you are maintaining high ethical standards and idealism.

- Negative trades:. You often worry unnecessarily about your performance. And you are often left feeling devastated when you are criticized. There is a difficulty in truly being yourself and exploring your creative capacities. There can be a tendency for you to pour your feelings out. And if you show feelings then you feel guilty or awkward about doing so. Than you proceed to cover it up and avoid the issue.

30) ► **Mars** ♂ **Sextile** ♀ **Pluto** - (4°13' A) ♀6 | ♀8

([267] astromatrix.org;) The Practical Idealist

You will expect honesty and straightforwardness in your dealings with people, preferring to hear the truth rather than be confused by evasion, innuendo and psychological manipulation.

In fact, truthfulness is one of your most highly valued qualities. You have a sensitivity to the motives of others; and whilst you have no real illusions about the nature of the human race, you tend to give a high regard to the principle of truth, whilst maintaining a wary eye on your fellow men.

You cannot always live up to your own ideal, but at least you try! You have a mind which tends to be analytical and deductive. Added to this, you are articulate and generally persuasive - if only in the force with which you express your opinions, arguments and beliefs - and have gasp of dramatic presentation which you apply in order to influence listeners in your favor, personally and to support your position.

Your level of physical vitality should be high; and you may be attracted towards exploring your body or developing it in terms of physical activity and culture. You should have a more healthy and positive approach to sexual expression than those who have the Mars-Pluto square or opposition; and you perceive sex in essentially natural terms without inner compulsions complicating and distorting the energy release.

Usually, others know where you stand on things, as you are not shy of revealing your viewpoints, and express them clearly and directly; and you expect the same of others. If people tend to express themselves in less direct ways, and if you later discover them to have been telling lies, then you can be quite unforgiving in your attitude to them; even if

you store the knowledge away for reference, they have forfeited your trust.

You may need to become a little more self-righteous. Because of your directness, forcefulness and relative clarity of expression, you may begin to believe that your perception is invariably right and begin to pay more attention to your own pronouncements than to the view of others. The viewpoint of others is as valid as your own, and is usually worth listening to, as different perceptions can help to expand your own understanding, to correct misapprehensions, and to enhance contact and dialogue.

There can be many routes to the top of the mountain; and even from the peak there can be many ways to reflect the view back down into the valley. There may be a tendency to think and talk about things in your life without actually doing them, almost as though this level of involvement were sufficient and satisfying.

It is likely that you could manifest your aims in a more distinct and objective way, to ground them more in everyday reality and enable others to respond to and share them.

31) ► **Jupiter** ♃ **Sextile** ♆ **Neptune** - (4°19' S) ♁9 | ♃7

([273] astromatrix.org;) The Magician

The sextile includes several of the themes of the conjunction, but often develops and defines them more clearly within the individual, and so they are probably easier to deal with and apply in daily life.

In personal relationships, that tendency towards gullibility is still present, aided and abetted by powerful sensitive feelings and emotions that encourage you to believe in the commitment of your partner who satisfies your needs and desires. Your evaluation of the status of your intimate relationships may be unrealistic, and there are bound to be times when your belief in the aptness of your choices is later seen to be merely self-deception; wherever your emotions are involved, they are the source for many illusions and much vulnerability. Standing beside you in the shadows of love is always the prospect of disappointment. Take more time to know someone, be more cautious and check with them how they feel about the relationships too; do not just assume that because you feel in love and happy, they feel the same. They may... but the rising divorce rate seems to indicate that the reverse is, regrettably, often the real situation.

The theme that is more defined in the sextile is that of optimism, imagination and idealism. The likelihood is that this will be more focused within your mind, and that your lifestyle will reflect this more clearly. In you, faith and trust become a more optimistic spirit looking towards future prospects and opportunities. The sphere of expansion is in that direction, and much attention is likely to be paid to contemporary social problems. This vision is probably radical in nature, and often veering to the 'New Age' perspective. You are alert and aware enough of social conditions, desires and needs, yet you also add a broader perspective to what is currently occurring and what needs to occur in order to build a brighter future.

You are capable of an analysis of modern social problems, seeing intrinsic dangers there, and can be articulate in raising these issues. You may become involved in groups that are public voices for such concerns, those minority pressure groups that perform such an essential public service in the Western world. The failings of established political, religious and social power blocs should be recognized, although you may choose to work within them as an influence for inner change.

You value individualism highly and see how others can be unconsciously swept along by powerful ideologies and socially acceptable ways of behaving. This can encourage you to make your own stand against any negative social ideologies that are currently powerful, even those emanating from governments and the churches. You may become a publicist for your ideas and those of affinity groups in an attempt to alert public attention to what is occurring.

Idealism will be vitally important to you, and you will feel quite passionate about those ideals. Yet what can let you down is the fact that you are essentially a theorist, in that activity is via a mental perspective, and the ability to ground your vision is often lacking in basic common sense and practicality. At worst, you may recognize social problems, acknowledging that you do have a social responsibility and then fail to take any action about it. Your innate altruistic and humanitarian nature can remain inhibited. If this is happening, and it is partly a symptom of an unintegrated Neptune which dissolves the will to act, then you may need to give yourself a shake. Certainly, social change does need visions and theories, but ultimately these have to be anchored on this level, and that inevitably involves a transformation of their nature, often compromising the initial pristine vision. They never come through pure; and they often come through channels and areas of life that are surprising and unexpected.

There are 'thinkers and doers', and ideally the two need to work together, but even the thinkers can become more practical, even if thinking is their real task and not just an excuse for doing nothing. One simple step is to transfer money towards those who are 'doing' and support them in that way. Or you can evaluate your skills and resources; you should have an articulate imagination, which could be positively applied in the publicizing of vital issues, be inspirational, or express positive social ideals. These are possible channels for you to work along which will be beneficial to yourself and others and will avoid any tendency to retreat into isolated reactive theories, a private monastery of the mind.

We can all complain about aspects of life; but the issue is 'what are we doing about them?' We can all do something, and even if our contribution is apparently small and insignificant, collectively we can make a difference.

32) ► **Jupiter** ♃ **Sextile** ♀ **Pallas** - (0°08' A) ♁9 | ♃7

([581] 12andus.com:) You can be influential and generous. You're more of a dreamer

than a planner, but your ideals always influence your strategy.

Your wisdom stems from spiritual connection and the study of cultures and philosophies from around the world. You can be confident and inspire the best in others. You easily influence people to join your mission or crusade.

In fact, you can make others feel so enthusiastic for battle that they don't fully realize the realities of the fight they are about to engage in. You aren't being dishonest, you just have a knack for being able to make anything sound like a grand adventure.

You are fair minded, considerate of the big picture, and a true humanitarian. You act on behalf of the collective, especially large groups and organized campaigns. You believe that bringing out the best in others will naturally bring out the best in you.

33) ► **Saturn** ♄ **Sextile** ♅ **Neptune** - (1°41' A) ♄5 | ♅7

([279] astromatrix.org;) The Social Activist

Working successfully with the sextile aspect often involves action related to that strong sense of social responsibility and duties that you recognize. This sensitivity to a social role that requires performance is a major component of your motivation, and one that should not really be denied. There can be a tendency to acknowledge its presence and then fail to actually do anything about it, but ideally this should be overcome by more deliberate action. At least you can always help by funding those socially active groups whose ideals you can support. This characteristic is a combination of Saturn duty and the Neptunian social collective ideal.

The element of careful discursive planning should be evident where the right foundations for future action are established, and efficient organization is seen as necessary for a successful conclusion. There are likely to be strategic skills which can be exploited in order to achieve those intentions, whether purely personal or socially orientated.

Consistency and determination are usually well applied, and your schemes are characterized by their realism and achievability; Neptunian over-expansiveness is tempered by Saturnian caution and a sense of stability and limitation. W

What can inspire many of your efforts is a reaction against social injustice and foolishness. Fairness is one attitude that you support and opposing social aspects where unfairness and injustices is being expressed can almost become a personal crusade. Social discrimination and taking social advantage of those unable to resist can cause your passions to rise, leading to social activism designed to resist such encroachments on individual rights and liberties.

You dislike seeing the waste of resources, social and material ones as well as the waste of human potential. This can lead to supporting human-potential-raising groups, or ecological activists calling for new attitudes towards the excessive negative exploitation

of nature's reserves.

You tend to have a social vision of harmony, where equity is achieved and social respect for all is found, rather than any unbalanced divisive situation of haves and have-nots. Concepts of the values of community or global thinking will be preferred, and you like to believe that what you are attempting is beneficial to others. If you become active in such ways at an early age - perhaps through a career choice - then you may find that it absorbs most of your energy; it is a never-ending task. This may affect your intimate relationships, especially when a partner needs to hold similar viewpoints to your own.

Ideals are important to you, and you try to live in a way that maintains rather than opposes or compromises them. Your passions are firmly fixed on issues of social concern, and even within personal love relationships your energy is too diffuse to focus just on one partner; it flows out as a feeling of social relationship too, and you often fail to understand why society is as it is, and why people are so passive in allowing negativity and indifference to flourish, even in those in high and powerful social positions of influence.

Concentration and visualization abilities should be present and can be applied through contemplation of issues or meditation. You may become effective if working in occult or socially active affinity groups committed to generating beneficial change. There is little ego gratification in such work for you, and you tend to expect a high degree of probity and idealism from others engaged in similar self-chosen roles.

([411] astromatrix.org:) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career

Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak.

Sometimes this aspect indicates a very selfish attitude, a feeling that you are the only one who counts in this world. If you carry this too far, you will find that everyone you meet works against you because you seem so selfish and arrogant or just because you come on too strong. Sometimes this aspect means you have conflicts with authority figures, because they feel that you are trying to get above your proper place or that you are a threat to them.

While you are young, you should avoid getting a reputation as a smart aleck, because such people do not get many breaks from others, especially those above them. You have a very strong belief in right and wrong, but you must learn to have more compassion for those who are on the wrong track.

54) ► **Sun** ☉ **Square** ♌ **Jupiter** - (5°33' S) ♎6 | ♊9

([380] astromatrix.org;) Wasting Energy

This implies confronting frustrations which have their roots in your nature and attitudes, and which can only be resolved through changes and modifications within yourself. The Jupiterian quality of expansiveness is very potent, stimulating excess expansion in your actions and attitudes, tempting you consistently to overreach your actual capabilities. You may lack patience, planning abilities, self-discipline and persistence, and these will work against your ambitions succeeding, even though attaining your aims may be highly motivating. It is not that you are incapable of success, but that your approach sows 'seeds of future failure as you pass. If this has happened in your life, then acknowledge it, and realize that future progress can be made if certain inner changes are taken.

The first step is to ensure that you determine your intentions and aims, and how you can proceed to accomplishment. As your desires and dreams can be varied and multiple, focusing your path may prove difficult, and you may need to pursue a thorough re-evaluation of your priorities and major needs in order to gain clarity of purpose. Moving too quickly can often lead to failure due to ill-considered plans, so you may need to stop and think more deeply before jumping into action or pay more attention to the advice of others. A careful assessment of your current capabilities is required, so that they match the level needed for your goals; working with talents tends to expand latent potential, but a requisite level of skills is initially necessary.

A more realistic appreciation of time is essential, or else you will feel your frustrations rising if success does not happen quickly. Excessive optimism and enthusiasm may need to be warily reined back, as do restless tendencies for changes in life, which can become more disruptive than helpful unless properly understood.

The areas of life especially affected are the houses and signs which are ruled and occupied by the Sun and Jupiter, it is through those spheres that you may over-expand or seek fulfillment within. If you sincerely wish to transform any pattern of frustration in your life, then becoming more realistic, mature and self-controlled will begin to show benefits, especially if you are systematically disciplined to overcome obstacles as they arise.

Accepting that failure need never be permanent, or that success is never final or guaranteed, can offer you a more balanced perspective to view your progress. Modifying your attitudes towards life challenges so that they become opportunities for development and growth, instead of perpetuating attitudes of adversarial conflict imposed by a universe intent on thwarting your dreams, will ensure that every experience can bring something of potential value to use as a foundation for your eventual success.

Balance and moderation may need to be consciously developed in your nature and lifestyle, and extravagance or ostentatious tendencies may need to be controlled due to

that pattern of excessive consumption that could be adopted as a compensation for other areas of personal failure. Learning to use your energies and time carefully is important, as you may waste them by futile pursuits. Unlocking latent creative potential may be difficult, yet if you can do so this may open several new doors of opportunity, liberating blocked inner energies and providing the key to future success.

In relationships, you may need to guard against tendencies to manipulate people, as this will rarely work to your ultimate advantage; there will always be some other puppet master capable of pulling your strings. Similarly, attempts to distort information for your own aims will equally be turned back against you by others also adroit at such tactics. Treating people honestly and directly is the best approach, and you should possess good communication skills which could be applied to transform blockages and obstacles.

You may find that if you rely solely on your 'luck' your progress will be restricted; but if you begin to change those problematic attitude areas and approaches then 'luck' will begin to flow again in your favor. You have high expectations in intimate relationships, especially centered around the fulfillment of your needs and desires; remember that it takes two to make partnership and marriage, and that there is no law that asserts that your needs are paramount. Real love involves mutual sharing and co-operation, each helping to make the other happy, fulfilled and capable of reaching his / her highest potential, it should not be a one-way traffic.

Co-operation and interdependence may need developing, through a diminution of the insistent demands of your ego; otherwise, excessive self-indulgence can stimulate problems of health and corresponding illness. Make sure that your expectations and demands of a partner are equal to your own contribution, and to the degree of commitment and effort that you are applying to make the relationship work.

Limitations and restrictions may occur on opportunities and experiences, often created by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

([24] astromatrix.org;) Emotionally Intuitive

Opportunities: 1. Developing Your Psychic Sensitivity 2. Making Deep Connections

Challenges: 1. Protecting Yourself 2. Dealing with Difficult People

Any planets that are conjunct your Ascendant will influence your appearance and personality in a great deal. With the moon, our emotional sensitivity will be more pronounced. You may feel more sensitive to your environment and people around you.

You may more impressionable and perhaps even have some psychic sensitivity or a strong intuition. This can allow you to influence the people in your environment easier because you can feel their emotions easier.

You have a good appearance and are quite warm and generous towards others and you

will demonstrate your warmth and emotions to the world, it is hard to keep secrets from others. You may be more tied to your home life and family which means you may be a little more dependent on others. At the very least, your emotions can be volatile and it's hard to maintain a stable emotional personality unless the moon is in the 12th house and not the 1st.

3) ► **Antiscia-Ascendant ASC Conjunct ☿ Ceres** - (2°52')

([570] 12andus.com:) Your nurturing style is open and transparent to all who meet you.

You wear your heart on your sleeve. Your affectionate and caring nature is obvious to everyone you meet, even on first encounter.

You easily gain popularity with others because of your kind and giving nature. You may appear to mother or nurture others and may remind others of their mother in comforting ways.

You have a warm personality and are known for your generosity. Others seek you out for advice and guidance and you steer them with love, compassion and sensitivity. When you need nurturing and compassion it shows not only in your appearance but also in your body language.

You may need to work through your emotions because you are so empathic and caring toward others.

([65] astromatrix.org:) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the

ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([6] astromatrix.org;) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this

activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to

realize that if you always focus on the horizon then you can lose sight of other things.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 14° **Aquarius** 5' and in the **9th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 9° **Libra** 22' and in the **5th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but

apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 7° **Aquarius** 3' and in the **9th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 29° **Pisces** 7' and in the **10th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 24° **Aries** 33' and in the **11th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 21° **Sagittarius** 14' and in the **7th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 16° **Pisces** 14' and in the **10th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 13° **Libra** 9' and in the **5th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 10° **Aquarius** 57' and in the **9th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Aquarius: large gatherings, loneliness, political incorrectness
Nemesis in Ninth house (Sagittarius): intemperance, intolerance, entrapment

Lots related to family:

The **Lot of the Father** is in 8° **Taurus** 50' and in the **12th** house.
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 8° **Taurus** 13' and in the **12th** house.
Same as for father.

The **Lot of Siblings** is in 9° **Libra** 9' and in the **5th** house.

The **Lot of Children** is in 14° **Aquarius** 23' and in the **9th** house.

The **Lot of Daughters** is in 23° **Sagittarius** 16' and in the **7th** house.

The **Lot of Sons** is in 24° **Sagittarius** 40' and in the **7th** house.

The **Lot of Marriage for Woman** is in 2° **Leo** 53' and in the **3rd** house.

The **Lot of Marriage for Men** is in 20° **Aries** 39' and in the **11th** house.

The **Lot of Deceit in Marriage by Woman** is in 11° **Libra** 43' and in the **5th** house.

The **Lot of Deceit in Marriage by Men** is in 17° **Pisces** 43' and in the **10th** house.

The **Lot of Marriage (in general)** is in 23° **Sagittarius** 16' and in the **7th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 1° **Leo** 29' and in the **3rd** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 8° **Capricorn** 17' and in the **8th** house.

The **Lot of Treachery** is in 14° **Gemini** 2' and in the **1st** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 16° **Cancer** 58' and in the **2nd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 6° **Taurus** 44' and in the **12th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live it up like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 2nd house

(12andus.com:) If you are missing an important lesson or out of line with your values, dramatic changes will be set into motion that bring you back into alignment.

Hard awakenings can come from disruptions to your security, abundance and finances. You may have a rude wake up call that comes as a result of a seemingly small issue in your financial life. A small misstep can create dramatic insecurity or snowball into greater financial conflicts.

When you get back into alignment with your values, however, you will be able to turn the situation from a catastrophe into an opportunity for breakthrough and healing.

Your desire for security and financial abundance can lead to toxic greed or hoarding if you aren't careful. You may have to realign with your true values and sense of security

rather than falling into materialistic trappings of security.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Capricorn

(12andus.com:) You may be obsessed with materialism and success.

You may have a sexual desire involving affairs with a boss or colleague or involving sexual encounters in the workplace. You may also be sexually attracted to older partners or partners who are discreet, practical and old fashioned.

You may fetishize an affluent lifestyle and will be turned on by the wealth of your partner. You may be specifically attracted to a sexual partner because of their wealth or perceived power as well.

You are also drawn to status. You fantasize about how a sexual connection or romantic affair can lead to a dramatic change in your own social status. If your partner showers you with luxury and expensive gifts, you will become more sexually aroused.

You may be receptive to a partner who treats you to luxurious weekends away or who is able to provide for your material needs.

Eros in 8th house

(12andus.com:) You express your sexual interests in powerful ways.

You may need to feel like the authority figure in sexual encounters. You may also use sexual exploration as a means or rebirth and transformation. You are excited by some level of risk taking.

Taboo expressions of sexuality are also appealing to you. Obsessive and deeply erotic relationships appeal to you. You may be intense and determined to explore sexuality with partners who make you feel like you are being profoundly transformed.

You may also use sex as a way to find power and control. Your approach to sexuality can be possessive and you may be drawn to dominating your partner.

You may also be aroused by sexual experiences that blur the line between pleasure and pain. You may feel excited by combining sexuality and the occult or supernatural.

Your sexual interests may also be fueled by desire for deep levels of intimacy and intuitive, emotional connection.

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Sagittarius (Rx)

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their friend, they become stressed when confined by convention or when forced to put down roots in environments that are ill-suited to their growth.

Hygiea in 7th house

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on

others' opinions. Only then will they feel in control of their wellbeing.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus

properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aries

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Nessus in 11th house

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be

the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

Quaoar

A very high vibration. Quaoar will introduce change not to rock the boat, but to offer the new path. A mark of genius, "out of the box" creativity. "Darn, this is a mess and I'm going clean it up once and for all." "I've never done this but I have to do this."

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Sieggryn. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)

- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

Melete in Pisces

(hillarysss.tumblr.com:) Melete in 12th: You may find yourself constantly being scared of endings in your life. Endings are natural and necessary for your soul growth. You may be scared of Karma so you constantly try to be as kind as you can hoping you get it back. You find yourself wondering about the afterlife. This can make you very spiritual but there is usually wounds here. You're scared of tapping into your subconscious

because of what you may find. You may find yourself never truly healing from stuff.

Melete in 10th house

(hillarysss.tumblr.com:) Melete in 10th: You are constantly anxious of your reputation & a masculine figure like a father could've wounded you. You may be anxious of your masculinity and may hide more masculine interests. Your goals bring you sadness as you think you'll never achieve them. You may be extremely scared of fame & would love to keep a low profile.

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we

are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

[1] (- - -) november 29- Mars-/Jupiterian - ardent for war and active service, and a spirit which rejoices in plenteous bloodshed and in carnage more than in plunder, these men spend even peace under arms, they wage fierce warfare now against man, now against beast, and now they sell their persons to provide the spectacle of death and to perish in the arena, when, warfare in abeyance, they each find themselves foes to attack. there are those, too, who enjoy mock-fights and jousts in arms (such is their love of fighting) and devote their leisure to the study of war and every pursuit which arises from the art of war, choleric, adventurous, introverted, possible antisocial character

[4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views.) It causes malevolence, destructiveness, liberality, broad-mindedness, evil presages and danger of fatality and makes its natives rash, ravenous, headstrong and destructive to themselves by their own obstinacy.

ASELLUS AUSTRALIS (18° Cancer 28') is (**0°08'**) of (1°30') close to the **Moon** (18° Cancer 36').

[1] (- - - -) august 1-3 Sun-/Martian - eye trouble, mass murder, horrors, self-willed, uncooperative, dramatic /choleric, introverted, romantic/individualist, possible histrionic

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown. The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

[6] Asellus Australis rule the top of the heart in the human body.
