### **The Free Spirit**

The key word for your Life Path is freedom.

In the pursuit of freedom, you are naturally versatile, adventurous, and advanced in your thinking.

You are a good communicator, and you know how to motivate people around you.

This may be your strongest and most valuable trait. Because of this skill, and your amazing wit, you are a truly natural born salesman.

You are not very good at staying with everyday tasks that must be finished on time. On the average, the number 5 personality is rather happy-go-lucky; living for today, and not worrying too much about tomorrow.

It is also important for you to find a job that provides thought-provoking tasks rather than routine and redundant responsibilities.

In romance, you hate to be tied down and restricted. This doesn't necessarily mean that you are unfaithful or promiscuous, but it does mean that a good partner for you needs to understand your nature.

If you are living on the negative side of the Life Path 5, you are apt to be multitalented, but suffering from some lack of direction, and there is confusion surrounding your ambition. Restless, discontent, and impulsive, you may bounce from one job to the next without accomplishing much at all.

***Expression (Destiny) Number: 1***

([659] numerologycalculator.online:) The number 1 Destiny suggests that the direction of growth in your lifetime will be toward gaining greater independence and establishing yourself as a leader.

A name producing a 1 Destiny may help you gain the talents to become a skilled executive with keen administrative capabilities, or perhaps a sales executive, or promoter.

You have within you what it takes to become an original person with a creative approach to problem solving, and a penchant for initiating action.

Unless your Life Path shows that you won't need the help, someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. As you develop, you will have little need for much supervision, preferring to act on your own with little restraint.

Progressing through life, you will become one who seeks to expand and broaden opportunities to find new careers and new inventions.

You must develop skills in innovation and ingenuity. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this Destiny belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts.

As you mature, you must become increasingly ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

The 1 Destiny presents a tendency for you to fear the routine and being in a rut. You often jump the gun because you are afraid of being left behind. The negative attributes of the 1 Destiny include one becoming egotistic and developing a self-centered approach to life. This is an aggressive number and if it is overemphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. You do not have to dominate and destroy in order to lead and manage.

In these idealistic pursuits, your desire for other people's approval will prove to be every bit as important to you as your need to serve. You need to believe completely in whatever you do and have the ability to visualize in your mind the good your efforts can accomplish. Believe and you will achieve.

As a nine, artistic and creative outlets will be vital to your ability to achieve your goals. They will give you a strong sense of accomplishment and satisfaction which will motivate you in all your endeavors.

You have all the resources to succeed in the financial area. Comprehend that the financial side is important and it brings many benefits. In your case, practicality is not unnecessary.

### ***Quiescent Self Number: 1***

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

### ***Maturity Number: 6 = 5 + 1 = LPN + E(D)N***

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with loving service and within your family. You're being called upon to work with your call toward duty and service to others, delight in home and family, and compassion and affection.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to modulating responsibility to center stage. Situations will arise highlighting self-righteousness or meddling behaviors, the strength of your intimate relationships and friendships, and in providing compassionate service to others.

What that might look like:

- Often this Maturity Number points to financial freedom through marriage or inheritance allowing for a comfortable and sometimes luxurious latter part of life.
- Involvement in home and family – with grandchildren, friends, and family of choice.

- Involvement in artistic creativity, counseling, or heart-centered service.

### ***Karmic Lesson Number: 2***

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

### ***Karmic Lesson Number: 3***

([664] worldnumerology.com:) This Karmic Lesson indicates you are highly self-critical. When you find yourself at the center of attention, you often judge your performance to be entirely inadequate or embarrassing. You tend to measure yourself against an impossible standard of perfection. Try to refrain from constant self-evaluation.

It is important for you to recognize no one is flawless. Feeling the need to act impeccably can prevent you from doing what you enjoy in life. Practice being more optimistic and cheerful - enjoy this "messy" life and share your joy with others.

Life will place you in situations that require imagination and communication. You will be tested in these areas and forced to face your feelings of inadequacy. Missing 3's often produces artists - but their success will require consistent effort and perseverance.

The effect of this Karmic Lesson is diminished if you have at least one 3 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

### ***Karmic Lesson Number: 9***

([664] worldnumerology.com:) The 9 Karmic Lesson reflects the need for compassion and tolerance – to identify with the trials of others, including those outside of your personal relationships.

Look beyond your day-to-day life. Practice broadening your view of life and your connection to the world. Consider the needs of people far from you as being a part of your own.

The challenges of the 9 Karmic Lesson will create circumstances that ask you to sacrifice personal gain for the good of a project or larger goal. You have the ability to impact the wellbeing of others, but may not know where to start. You may be reluctant to commit time (or money) to a social issue you don't fully understand or, seemingly, doesn't affect you. This lesson asks you to make that effort. It is the road to true happiness for you, as well as those you touch.

The effects of this Karmic Lesson are diminished if you have at least one 9 among your core numbers (Life Path, Birthday, Expression, Hearts Desire, or Personality Number).

### ***First Pinnacle Cycle: 2***

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

**General:** When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

**Pinnacle 1 Number 2:** First Pinnacle: If you experience a 2 First Pinnacle, count on being an overly-sensitive child who's easily hurt and who takes on the emotions of those around you. Yet, since you're so young, you won't realize you're feeling both your own emotions plus those of everyone else. You may have difficulties with both verbal and emotional expression since you are overloaded with feelings that you're not yet mature enough to recognize and filter out. Your mother is likely to be the strongest influence on you during this time.

**Warning:** Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with

yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

### ***First Pinnacle Cycle: 11***

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

**General:** 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

**Warning:** 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

**Pinnacle 3 Number 2:** Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with other people. This is a time that isn't so much "me" focused as "us" focused. ### **Third Pinnacle Cycle: 22**

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665] feliciabender.com:)

**General: 22:** This Pinnacle is uncommon. It usually comes into play only after you have experienced two preceding Pinnacle of 11/2. If you experience this Pinnacle, you've opted for an especially dramatic or traumatic path in your life. Because of the prior 11/2 Pinnacles you've lived through, you've been challenged to become a "master soul" or at least been called upon to work in a profound way on a higher spiritual path. Most likely you'll have undergone radical changes along the way. You may even have a physical or mental handicap or major health issue.

With the 22/4 Pinnacle, with all of this experience up to this point, you have a chance to do something truly profound that will affect people on a wide-ranging scale. You'll build something of lasting value that will benefit humankind in a way that will keep giving even after you're gone. The 22/4 is the number that opens the door to high levels of personal and financial success if you utilize your incredible organizational skills to apply practical solutions to the problems encountered in the everyday world. This is a highly productive period of your life, yet also not easy considering it is chock-full of tests. Focus and endurance are a must.

**Warning: 22:** Warning: Whether you like it or not, your actions set an example for

others, so you must know that your actions speak louder than your words during a 22/4 Pinnacle. Also it's a time where you need to be aware that you're subject to extreme sensitivity.

### ***Fourth Pinnacle Cycle: 2***

(Month + Year) - from age 50 (based on LPN) - ([665] feliciabender.com:)

*Segments General and Warning were already given for this pinnacle number.*

**Pinnacle 4 Number 2:** Fourth Pinnacle: If you have 2 energy in your Fourth Pinnacle, it's an opportunity to cultivate harmony. You can retire or continue to work, yet the key to feeling satisfaction and fulfillment will be patience, tact, and cooperation. Again, you'll need to control a tendency toward sensitivity. It doesn't serve you well to be at the mercy of overwrought emotions.

### ***First Period Cycle: 3***

(Month) from age 0 to 31 (based on LPN)

([666] worldnumerology.com:) The early part of your life is a time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward.

You are socially active and will appear to others as charming, attractive, even charismatic. Be careful not to waste your energies on too many superficial projects or relationships, however.

The time requires discipline and focus in order to make the most of the great upward energy that is filling your life.

### ***Second Period Cycle: 8***

(Day) from age 32 to 58 (based on LPN)

([666] worldnumerology.com:) The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you, but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership.

Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed.

However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result.

The 8 is rarely neutral regarding punishment or reward.

### ***Third Period Cycle: 3***

(Year) from age 59 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you "growing older" more slowly than your peers. The excitable, scattered, creative energy of the 3 can resemble an elixir from the fountain of youth. However, there is a tendency to waste time and energy on unproductive projects.

You have many original ideas, but you may have difficulty differentiating between lead balloons and those that can fly. Your 3 energy is uplifting and motivating, which draws people to you. However, staying focused may be a challenge, which could affect your ability to reach your goal.

Your need to express yourself through art, especially the verbal or performing arts increases with age.

### ***First Challenge Number: 5***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

#### **Potential Destructive Aspects of the 5 Challenge**

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused

- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

### ***Second Challenge Number: 5***

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

### ***Third (Main) Challenge Number: 0***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You’re being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It’s suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There’s great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

***Fourth Challenge Number: 0***

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

***Personal Year Number (for 2022): 8***  $(26 + 12) + (2+0+2+2)$

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better ones financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

***Personal Year Number (for 2023): 9***  $(26) + (12) + (2+0+2+3)$

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 9 brings idealism and

humanitarianism. There is more concern for the welfare of humanity, and less prejudice and judgement. More compassion and tolerance and benevolence, less blame.

The energies of this year tend to bring out the philanthropic and generous aspects of a person. Broader interests and larger activities seem more natural. There's a more global consciousness.

The year tends to bring completion or fulfillment of projects or dreams — including letting go of the no longer desirable to make way for the new and now worthwhile.

There's an inclination to support individuals and organizations dedicated to the benefit of mankind.

(feliciabender.com:) This is a year of completion, of unraveling, of letting go of the old to make space for change. This change will be all-encompassing: possessions, relationships, job, geographical location, spirituality, health. All of it. It is all under review this year. Life changes that are known to happen during a 9 Personal Year: divorce, being fired from your job, the death of a close family member, having a baby, graduating from school, making a big geographical move, or coping with a serious health crisis. This is the year that is inviting you to go on to an even more expansive cycle in your life if you choose to let go and allow what is no longer serving you to fall away. All of these hard experiences are pushing you to grow and evolve.

### **Cornerstone, Capstone, First Vowel and Keystone (Forename)**

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

#### ***Cornerstone (first letter): M***

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person leans toward approaching life with the intent to achieve a desired position or circumstances — family or financial security generally being a desired position.

([671] spiritwalk.org:) If you could you'd spend all the time you have at work. You are a perfect workaholic with good health and quick sleep-cycles. You also can be satisfied with quiet life at home, but your financial stability is very important for you, and you feel nervous without it. You are hot-tempered, so consider being more flexible sometimes.

([672] numerologist.com:) Cornerstone: You are the slow and steady wins the race type. You are energetic and hardworking to the point of being a workaholic.

([673] numerologyzen.com:) Letter M. M symbolizes work, labor, effort and organization. M is the initial of "moderation", "masonry", "manual", "matter", "machine", "money" and "material". Physical and stable, M needs to build, to get things going with a concern for solidity and productivity. M likes to work, in principle with order and method, if possible with a certain secure routine. M doesn't like risks and crazy adventures. Not very expansive, M can be characterized by seriousness, stability, sense of moderation and economy as well as willingness. M has great capacities for organization and excels in all areas to do with the concrete and secondarily management. [His,Her] mind is practical, Cartesian and [his,her] efficiency is great. M will advance with the tranquil strength of a steamroller that nothing can stop. Anxious to be useful, M shows [him,her]self to be very efficient in leading a project, giving assistance or playing a central role in the family and at work. However, M lacks a little originality, inspiration and panache. M functions according to a slow but regular rhythm rather than instincts. M can have the tendency to overwork because [he,she] is occupied with too many things, [he,she] is sometimes fussy, distrustful or morose. [His,Her] vision of the world is a little too centred on constraints and limitations which can give [him,her] a closed, rigid and even sullen aspect, which ends up by discouraging relationships (see the others main vibrations of your name to confirm or not this tendency). It would be in M's interest to be more open, more accessible, more cheerful and less attached to conventions. In changing [his,her] vision, in becoming more generous and more open-minded, M would make [his,her] lifestyle more attractive. All these characteristics are found in the graphic of this letter. The edifice is imposing and the appearance is square. Two pillars, well planted, give M solidity. No openings on the sides signify that expression and contacts are not privileged. No curved lines so little flexibility. The folding joint which links the two principal pillars limits affective communication.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

***First Vowel: A***

([674] [671] [675] ([674] affinitynumerology.com:) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.

([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

**Keystone:** ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

***Keystone (middle letter): A***

([676] ezinearticles.com:) This letter indicates that assertive or aggressive feelings could become obsessive behavior for you.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

***Capstone (last letter): O***

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "O" tends to give projects a disciplined and responsible conclusion. There is no procrastination when the end is in sight.

([671] spiritwalk.org:) You have a stable set of principles and moral values. It is really hard to persuade you in something that contradicts with your beliefs. You are sensitive and sincere about your feelings. Try not to compare yourself to others, and learn to live your life fully and be self-sufficient.

([672] numerologist.com:) Capstone: You are prone to paranoia which can make you mistrustful of your team. You are also a very jealous individual that sometimes is successful and not well liked simply because you cannot reign in your competitive side.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### **4** on the Physical Plane

Apparently, you cannot become a good conveyor assembly worker, a cashier at a movie theater, a refueling operator, or an accountant. Any work involving routine fuss with the same objects, is unpleasant to you by nature. However, due to your ability to focus

attention, serious and practical nature you are always categorically opposed to radical changes in life. You should master your desire for total control of any situation, as it sometimes makes your behavior too tough.

### **Mental (Mind) Plane**

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

#### ***4 on the Mental Plane***

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

#### ***2 on the Emotional Plane***

Your worst enemy is loneliness. The prospects of remaining all by yourself scare and depress you. Quite the opposite, with a large crew of friends you feel like a duck to water. Your weaknesses include excessive sensitivity and vulnerability in some cases, while your strength is your innate ability of soft influence. Relying on this ability will help you to feel constant self-confidence.

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 9</b> line «1-2-3»
111	–	–	<b>Moneymaking: 2</b> line «4-5-6»

			<b>Spirituality: 5</b> diagonal «1-5-9»
			<b>Temperament: 3</b> diagonal «3-5-7»
33	6	9

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

## **Main abilities (square's cells)**

### ***Character, will — 111***

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

### ***Vital energy — 2222***

"Strong energy" - you have excess energy. Therefore, you are a donor for most people with low energy. You can become a politician, an artist, a musician, an athlete, and even a psychic with the potential of a healer. People around you feel your charisma. In posse, you can influence others' will. It's no wonder that in big companies and get-togethers you manage to attract persons of the opposite sex, especially with energy from 0 to 22.

### ***Cognitive, creative — 33***

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

### ***Health, beauty — empty***

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

### ***Logic, intuition — 5***

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

### ***Labor, skill — 6***

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

### ***Luck — empty***

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are

different things.

***Duty — 88***

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

***Intellect, memory — 9***

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

**Secondary abilities (lines and diagonals)**

***Self-Esteem (Line «1-2-3») — 9***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

***Moneymaking (Line «4-5-6») — 2***

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

***Talent (Line «7-8-9») — 3***

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

***Tenacity (Line «1-4-7») — 3***

"Unpredictable" - the person likes to set goals, and then suddenly change them. By the way, achieving goals is not their favorite occupation - they prefer to dream of patronage over the world than to conquer it. Sometimes they tend to overestimate themselves.

***Domestic bliss (Line «2-5-8») — 7***

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

***Stability (Line «3-6-9») — 4***

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

### ***Spirituality (Diagonal «1-5-9») — 5***

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

### ***Temperament (Diagonal «3-5-7») — 3***

"Impulsive" - this temperament will help to adapt to almost any partner: to damp the ardor with a partner whose temperament is lower, and, conversely, be hotter with those whose temperament is higher. If there is no soul mate, this person will not be above one-night stand. Also they often try to seem very hot.

**Empty and Full Arrows**

**from Astro-Seek [683]**

### ***Full Arrow 1-2-3 (Arrow of Thoughts)***

These people have the ability to completely detach themselves from the environment and immerse themselves in what they do. They can express their thoughts well. They can concentrate well. They are good speakers and best suited for studying.

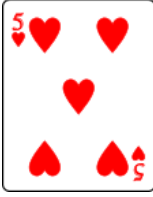

### ***Full Arrow 3-6-9 (Arrow of Intellect)***

These people are very intelligent and educated. They naturally display sympathy for others. They can understand the feelings of others, they are attentive and kind. But they may not be the best student.

## **Cartomancy (Cards of Illumination)**

This divination is based on a normal card-playing deck. Every birthDAY gets a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

**Birth Card: Five of Hearts**

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures! Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

**First Karma Card: Four of Diamonds**

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Diamonds: Values - Security - Dharma

Four of Diamond Meaning: Good Fortune

Karma for the 4 of Diamonds - Overcoming of Self

Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person chooses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

**Second Karma Card: Five of Clubs** (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant movement and wide travel -- eager to go anywhere rather than remain where they are.

KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

**MERCURY** describes your early years, and the experiences that shape your thought

processes and communication with others. (from age 1 to age 13)

***Mercury Card: Three of Clubs***

(metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Three of Club - Uncertainty in Beliefs

Karma for the 3 of Club: Faith

Air-Swords - Planets: Mars & Saturn

Three of Club people are incredibly bright, creative and magnetic. And thank goodness because on the flip side, the 3 of Club are incredibly indecisive. So while on the inside, they are sincerely confused or uncertain, what you see on the outside is a vibrant "can-do" kind of personality.

KARMIC CHALLENGE for the Three of Club: Right Choice

There is often difficult karma with older women for the Three of Club, and they tend to suffer at the hands of a troubled mother, grandparent, or older sister. No stranger to emotional disappointments, they have had to learn the art of resilience and they developed a terrific personality along the way.

The inherent creativity and personable karma of this wonderful card gets them where they need to go, often bringing success into their ever-active lives.

Three of Club people often change careers later in life, and they make excellent realtors, entertainers, and public spokespeople.

**VENUS** describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

***Venus Card: Three of Spades***

(metasymbology.com:)

Spades: Labour - Wisdom - Health

Three of Spade Meaning: Indecision About Work

Karma for the 3 of Spade: Complacency

Earth-Pentacles - Planets: Jupiter & Saturn

All 3's struggle with decision-making that relates to the meaning of their suit. As the Spade, it is their work-related decisions that can become such a painful process. Because of this indecisive karma, many 3 of Spade stay in mediocre jobs, content with the status quo, even if their skills or talents qualify them for something greater.

Those born on a Three of Spade day find help from strong women. This is one of their blessings, and it is wise for the 3 of Spade to align themselves with women business associates, doctors, teachers or healers.

All 3 of Spade have strong magnetic personalities and they are quick to offer a helping hand. Disappointments in relationships are usually the result of misunderstandings over money. Best-case scenario for the 3 of Spade, "neither a lender nor a borrower be..."

Another karmic challenge for the 3 of Spade is worrying about who said what and to whom. While they can find themselves the subject of gossip or scandals, they must take

care not to speak ill of others. As always - what goes around, comes around! And this is especially true for the 3♠.

**MARS** describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

***Mars Card: Nine of Hearts*** (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Nine of Heart Meaning: Frustrations in Love

Karma for the 9 of Heart - Universal Love

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

**JUPITER** describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

***Jupiter Card: Seven of Clubs*** (metasymbology.com:)

CLUBS: Mind - Perception - Ideas

SEVEN: Tension - Analysis

CHALLENGE: Worry

Fire, Wands - Planets: Saturn & Uranus

CLUB: The Club personality is used to further the adventures of thought. The spirit of the club traverses the network of ideas. Its energy is attracted toward mental pursuits. It is the air element designed to convey the boundless potentials of the mind.

SEVEN: The function of seven is to evaluate. It is a vibration that resonates with the analytical attributes of the personality. It is tense and worrisome. The personality of the 7 is attracted to situations that require introspection and progressive ideas.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Diamond. This emblem is symbolic of dominion over the material and monetary world. It has the illuminating and creative power of Sun. In an ideal world, the 7 of Club use this higher frequency of their soul's light-energy to clarify worrisome thoughts. A happy 7 of Club illuminates their analytical pursuits with creative ideas to overcome obstacles that stand in the way of progress.

Those born on a 7 of Club day are keenly aware of what they - and the world needs - to be a better place. They are eclectic, spontaneous thinkers and can be highly intuitive. They also have a knack for commercializing their ideas and publicizing their unique perspective.

The young and impressionable Seven of Club must find ways to stabilize the unstable environment of their youth. Fluctuating finances create volatility at home; the root cause of their incessant worrying later in life. To cope, the 7 of club develop an inventive mentality and sense of irony.

None of the 7's have it easy and the Seven of Club is no exception. Stress is a constant and a cause of psychosomatic health issues. The 7 of Club personality resists dogma and the conventions of religion, preferring science over blind faith.

Women 7 of Club need their independence but want to nurture. If the gender is male, a rakish attitude often spirals into cheerful irresponsibility. Relationships are characterized by rough-cut gems. Not one to shy away from conflict, the rebel within will surprise even those who know them well.

**SATURN** describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

***Saturn Card: Five of Diamonds***

(metasymbology.com:)

Diamonds: Values - Security - Dharma

5 of Diamonds - Fluctuation in Finances

Karma for the 5 of Diamonds - Accepting Reality

Fire-Wands - Planets: Saturn & Neptune

Money consciousness is strong for these people, and when it's regarded as a means, not an end, finances are usually at their disposal.

KARMIC CHALLENGE for the Five of Diamond: Illusions and Irresponsibility

Limitations and restrictions in regard to their financial security come through troubling health, or a hampering physical affliction; through difficulties with children, or through a loved one who is faced with trials that cannot be shared.

The 5 of Diamonds must choose their course and stick to it. They must seek a place in life where they can forget themselves and make a contribution, and they must learn to abolish their constant uncertainty. They must also guard against creating a separate reality that's out of sync with the reality of those around them!

After age 91 the cycles repeats.

***Cosmic Lesson Card: Two of Clubs***

(metasymbology.com:)

Clubs: Mind - Communication - Ideas

Two of Club Meaning: Sharing of Ideas

Karma for the 2 of Club - Fear to Cooperate

Air-Swords - Planets: Saturn & Uranus

People born under the Two of Club must strive to learn the art of cooperation. Most 2 of Club put up an independent front which make them appear defensive or uncooperative when in truth, they are afraid of being misunderstood.

KARMIC CHALLENGE for the Two of Club: Belief in a Higher Power

All Two of Club are clever and quick witted. They never lack for an answer, and can be very opinionated. They protect the ones they love, and are generally well protected when it comes money.

Fear is a big factor for people born with this Card. They must learn to trust in themselves and find an outlet for their keen, penetrating minds. Two of Club people also have an uncanny ability to ferret out the information they seek, and make for great detectives! In relationships, the Two of Club like to be playful and they are known for their romantic creativity.

***Cosmic Reward Card: Seven of Spades***

(metasymbology.com:)

Spades: Physical Environment - Work - Higher Self

Seven of Spade Meaning: Wisdom and Self Mastery

Karma for the 7 of Spade: Material Discontent

Earth-Pentacles - Planets: Jupiter & Uranus

The 7 of Spade are friendly people and quick thinkers. Illness may come through worry over business - or the stress that stems from a frustrated desire to live beyond their means.

All 7's have come to learn how to use their power. For the 7 of Spade, their heritage of power is often misdirected to a longing for magnificence until they awaken to the treasures of wisdom stored within the memory cells of their magnificent, higher-self.

The Seven of Spade have the memory of an elephant, and a perceptive understanding of what make people tick. They are acutely aware of the world around them and make excellent psychologists, writers, and world-travelers.

They will work quietly, often secretly, and are willing to remain behind the scenes. For this reason, they are valuable in secret service.

7 of Spade have many friends but few loves. They are generous and fun-loving and make excellent travel companions. In business they are honest and reliable and willing to serve for the greater good. When in love, they are faithful and romantic!

***Cosmic Moon Card: King of Clubs***

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Clubs: Mind - Communication - Intelligence  
King of Clubs Meaning: Maturity in Knowledge  
Karma for the King of Clubs - Frivolity  
Air-Swords - Planets: Double Uranus

Wonderfully creative and very fast learners, even the careless and negative Kings of Club have keen intelligence and insight.

King of Clubs are also known as emotional idealists and need to be careful they don't scatter their forces due to emotional disturbances and problems within the family.

Both sexes have strong family ties and they tend to make excellent parents. They are often willing to make sacrifices to provide for their children.

The King of Club rarely lacks money and they usually make it by being in business for themselves. These people make excellent lawyers - especially for corporations - and trustees for estates.

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

*Stability (4) Imix*  
*East (Red) glyph: Empowerment / Guidance*

### **Day Sign: *Crocodile***

/ Imix (Yucatan) / Imox (Kiche)

Imix types are often constantly at work, usually trying to maintain the integrity of their world. They are energetic, rigid, creative, and initiating.

They have intense emotional power and a need to be deeply involved in whatever they do, a need that must be used creatively or it may become a source of problems in relationships. Imix types have strong nurturing instincts, are quite sensitive, and require privacy.

They are not always comfortable sharing feelings. They are protective and dominating in a parental way and often struggle psychologically with the voice of an internalised critical parent.

Persons born under Imix can be assertive and even aggressive in some ways. Many feel rejected by their families or parents, and in compensation, seek group friendships that make up for this loss. Some become founders of businesses, organisations or associations. They relate to the world around them through their feelings and not their intellect. This causes them to be quite reactive to any changes taking place around them, and they often rush in to keep the "dam from breaking", so to speak. This reactive nature is probably behind their tendency to initiate activities.

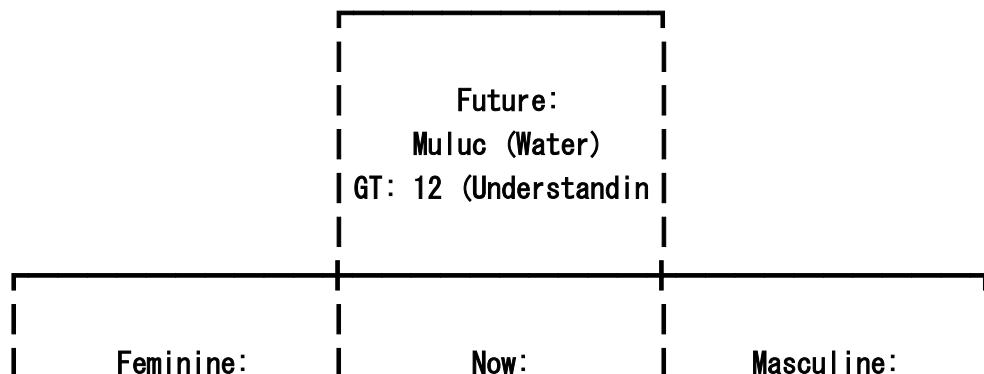

They are often found breaking new ground or starting projects from scratch. When motivated, the Imix type will work incessantly until emotional security has been restored and stabilised. When they do achieve emotional security, however, they may become extremely lazy and even lethargic.

Challenge:

To accept themselves completely and to become free from feelings of rejection by parents or other authority figures; to join with others on terms that are shared by the others; to refrain from being judgmental.

Solution:

Founding a business or creating a home. Learning to be independent.

Manik (Deer)	Imix (Crocodile)	Men (Eagle)
GT: 10 (Manifestation)	GT: 4	GT: 11 (Resolution)
	Past:	
	Ben (Cane)	
	GT: 9 (Patience)	

### ***Four Directions***

At the beginning of any phase of consciousness, the ego or sense of individuality is still weak. Not yet fully separated from the deep waters of the collective mind, this emerging ego or self-consciousness is easily influenced by the prevailing spirit of the times.

Because the Imix represents that primordial energy that sleeps at the base of all things, those who were born under Imix power may find that their feelings for dreams, magic, and mystery is a great deal stronger than their sense of self or individuality.

The Maya say that Imix are "easily dominated by the Year Lord" - which means that they are easily influenced by the spirit of the times, in the form of every type of stimulus or media imagery around them.

Sometimes this domination by the time spirit may be beneficial, for Imix may become positive carriers for all that is best in the time spirit.

This is why The Book of Chilam Balam of Kaua calls them "the maize of the bread", the substance of the matter.

Imix can easily reflect everything that is valuable in the spirit of the society in which they live. This is especially true when they draw on their strong, positive family or ancestral/cultural roots, represented by Ben, their past sign.

The same positive spirit will manifest itself when they call upon Men, their right hand power, in order to act with strength and purpose in the outside world and increase their own sense of prosperity and authority.

They can also draw upon Manik, an equally intense but somewhat more mystical and mysterious (let's say intuitive) source of energy that constitutes their Left Hand Power. While the primal Imix can reflect what is best in society, it can also reflect what is worst. Fascinated by the magic play of images arising from the collective mind (movies, TV, and advertising in our own culture), they may easily be drawn into a psychic dreamworld. They are all too likely to get lost and drown in the depths - their future sign is Muluc, a notoriously difficult sign that points to immersion.

In many cases, only a sense of dedication towards the spiritual side of life will keep the Imix from slipping back into the primordial depths; if they make proper use of the strong positive forces which lie to their right and left and that are represented by Men and Manik.

Imix can learn to reflect the beauty and splendour that shine in that otherworldly lake

where the primal crocodile (Imix) swims. In doing so, they can reach the most positive destiny implied by the day-sign Muluc that of the poet and mystic who reflects the pure and untroubled surface of the watery Muluc's cosmic depths.

### ***Galactic Tone: 4***

#### **Stability**

- \* Healing
- \* Understanding
- \* Contemplation
- \* Stability
- \* Comfort
- \* Form
- \* The most stable one in all forms
- \* Calm energy
- \* Reflective energy
- \* Balancing
- \* Listening with tranquil energy before making a decision
- \* Thoroughly thinking
- \* Regrouping
- \* Allowing

4 is the Tone of stability, balance, and harmony. Think of the four sacred directions in Mesoamerican spirituality, or the four elements in astrology, yoga. You bring stability and endurance to human life just like a table standing strongly on its four legs, or a car going on its four wheels. There is healing found in stability. If someone is sick, the healing will take much longer time, if they keep moving around.

You have the power to become a good healer and use your abilities to heal yourself and others.

### ***Trecena Sign: Knife***

/ Flint / Etznab (Yucatan) / Tijax (Kiche)

Beneath the 1-Etznab surface personality is a person who seeks powerful and transformative experiences.

Such people are willing to go the distance in order to stimulate changes in themselves and others.

They tend to be restless, and possibly a bit unstable, but they are persistent and quite devoted to their life callings.

At times, they will take risks that may even be life threatening, or are attracted to others who do so.

### ***Night Lord: 2***

These types are dedicated to their work regardless of whether they are employees, run their own business, do volunteer work, or merely do work around their own homes.

G2's sense of responsibility is quite high. Others may perceive them as obsessive and compulsive and inclined to do more than needs to be done.

G2 people are hard workers, stubborn and often quite thorough about attending to details.

Personal sacrifice comes naturally to them and one of their most basic reactions in any situation is to stand aside for others who assert themselves.

G2's are ambivalent about being the boss, and they manoeuvre themselves into jobs or situations where they can take orders from above. Most people see them as polite, accommodating, considerate and respectful. An important life lesson for G2 types lies in making their personal sacrifices meaningful.

Another lesson comes from learning to focus their tremendous capacity for giving. Their dark side lies in excessive self denial.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.*

*This one would be Venus conjunct the Sun.*

The Four Pillars (Ba Zi/8 Words) website did not work well.

## **Celtic (Druid) Tree Sign**

The year is split into different periods. Usually, one tree is at two seperate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

## **Apple Tree**

**Strong keywords:** Warmth, Adventurousness

**Weak keywords:** Instability

**Tree variants:** none

**Birthday:**

22 June – 2 July

22 December – 1 January

### **Characteristics and Personality**

People born under the rule of Apple tree are usually pleasant, and have a special charisma. When dealing with others they are usually warm and generous. They are contemplative and willing to embark on any adventure. Apple people love books and they have a talent for science. They love making various puzzles and brainteasers, and their explorer spirit can manifest itself in any field.

The adventurous nature of Apple people has its dark side in their love life; the constant desire to discover something new is the reason for their numerous love adventures. However, these people often find satisfaction in their marriage and they usually settle down. They need nothing but a perceptive partner with a sensitive soul.

Apple people usually have many friends, mainly because they are helpful, unselfish, and capable of sharing anything. However, their generosity is often misused, and they get

cheated quite often. Despite their trustfulness they are not naive or reckless at all.

At work, these people are often dissatisfied and they frequently change jobs. They like change and they hate monotonous and dull work. Their life tends to be very varied in general; it is possible to say that Apple people like to complicate their lives. Sometimes, however, they also complicate life to their family and friends and they just have to deal with it.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

**Appearance – Are Libra Ascendants beautiful?**

The ascendant lord of Libra rising is Venus. Venus, as you might already know, rules luxury, beauty, and sex appeal. Clearly, Libra risings are born with intense killer looks. A Libra rising man is extremely handsome. These men are usually quite tall. They have seductive eyes and a perfectly symmetrical forehead. They have a strong athletic body and fair to olive-gold tanned skin.

### **Traits – Are Libra Ascendants Good?**

Libra risings are usually very warm and good-natured. These people are well-mannered and they hardly raise their voices. Unless pushed to the edge, they don't mean harm to anyone.

1. They're Extremely Creative – Venus is the responsible body behind the immense creativity of a Libra ascendant. These people have an unending love and appreciation for art.
2. They're too much into looks - Despite Libra risings being very attractive by birth, they still spend a lot of their time perfecting their already perfect appearance.
3. They Have a Strong Sense of Justice - A Libra rising is unbiased. That's one of the reasons that people trust their judgment a lot.
4. They are Curious Beings – A Libra ascendant likes to learn and explore. These people are always eager to explore new places and learn about new cultures. To put it simply, life with them is pretty wild and adventurous.
5. They are Peacemakers – Libra risings use their intellect and logic to resolve a dispute. They believe that violence and aggression aren't always required.
6. They're smart and intelligent – It's very hard to win an argument with Libra ascendants since most of what they talk about is backed up by facts.
7. They are quite straightforward – Libra risings never mince their words because they don't care what others might think about them. They don't try to impress everybody and they do not have the urge to be liked by all. Precisely, these people are the least diplomatic people you'll ever come across.
8. They get pretty restless when in love – Very logical and rational in their life, the entire personality of a Libra rising changes in love. They are hardly ever satisfied with their partners since they expect a lot.
9. They're impatient lovers – Libra risings are very impatient in love. They tend to act like a child at times and it can be really frustrating trying to win an argument with them.

### **Love Life – How is a Libra Rising Personality in Love?**

A Libra ascendant, especially a Libra ascendant man, doesn't have patience. It creates a lot of trouble in their love life. These people are so perfect that it's hard for them to see perfection in their partners. That said, they can go to any extent to physically and emotionally protect their partners.

A Libra rising man in love gets too restless too quickly. Whilst he's looking for a good-looking mate, that's not the only thing he needs. He requires fun, humor, and loyalty. He might start dating you because you're sexy and enjoy the hot steamy sex for a couple of months, but, if he finds you shallow or flirtatious, he's going to dump you. When a Libra rising man is in love, he tends to offer his woman the protection of his body and soul. The best thing being, he's never emotionally absent in a relationship.

### **Compatibility and Marriage – Are Libra Risings Loyal?**

It takes someone very, very mature to understand that Libra risings criticize only those people they're extremely fond of. They try to perfect you only because they want the best for you.

Libra ascendants aren't perfect for everybody. They can be very critical and impatient. Hence, they aren't everybody's cup of tea. Their marriage is most successful with Gemini ascendants and Leo ascendants. They also make a wonderful pair with the Sagittarius zodiac sign and the Aquarius zodiac sign.

A Libra rising man is a very faithful husband. He might flirt around a bit, but he never cheats. Once he says, I do, he means, for better or worse!

### **Health – What Health Problems do Libra Ascendants Have?**

Libra ascendants usually have very sensitive skin. They can easily develop skin inflammation or acne if they don't watch what they're eating. These people also suffer from cold and fever. Kidney disorders are the most serious concern that they should be aware of.

Astrologers suggest that Libra risings should wear a diamond ring to strengthen their Venus as protection against health disorders.

### **Likes – How to Spot a Libra Rising?**

Libra risings are usually attracted to looks. That's just one factor though. They also find humor and logic irresistible. In fact, logic, for them, is more important than good looks. Libra ascendants are the most outspoken people you'll ever come across. If you see a person trying to pacify an argument peacefully by using just wit and logic, you have most likely spotted a Libra rising.

### **Planets and Their Relationships with Libra Ascendants**

Strong Venus is naturally very beneficial for Libra risings since it's their Lagna lord.

1. Friendly planets – Saturn, the planet of justice and karma is very beneficial for Libra risings. When positively placed, it makes these people powerful and very rich and famous.
2. Enemy planets – Mars, Jupiter, and Rahu are extremely malefic for Libra risings. Ketu and Sun are the next in the line of enemy planets.

### **Career Options – Are Libra Risings Successful?**

Libra risings are blessed with the creative capability of Venus. Hence, they excel very well as actors, singers and songwriters, and writers. Since these people are extremely unbiased and driven by justice, they also make extremely good lawyers and judges. Not to forget, logic, curiosity, and peacemaking govern their personality. Hence, they can also work as motivational speakers, doctors, and team leaders. Lastly, they excel exceptionally well in businesses related to Sea and hospitality.

## ***Sun ☉ in VII 7th House***

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a

relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

**Summary:**

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

**Real charmers**

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump of a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

### **The positives**

Natives having their Sun in the 7th house function better when they're in a relationship. The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a sense of self when not around people.

### **The negatives**

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

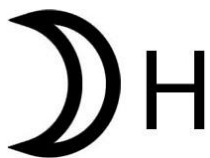

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates and can convince anyone of anything.

### **Sun ☉ - Exalted in Aries**

([871] southfloridaastrologer.com:) A comfortable and easy expression of the ego is found when the Sun is in Aries. Aries' forthright and daring natures fosters the Sun's need to shine and proudly express the ego.

### **Moon ☾ in IV 4th House**

([875] i.thehoroscope.co)

People with the Moon in the 4th House focus all their emotions on their families and homes so it's impossible to get along with them if you don't accept the aforementioned.

The Moon is at home in the fourth House, so its influence is dramatically increased on people having it here in their birth chart. Moon in 4th House individuals will be melancholic, attached to their home and very similar to the sensitive Cancer, which is ruled by the Moon and retreats in difficult situations.

They will have mood swings ever since young, this being something that gets accentuated in them with every passing year. Moon in 4th House natives will always keep their father in mind, being very loving with this person.

When the Moon in 4th House moves all the time, they won't be able to settle in one place, realizing that home can be anywhere in the world. Their favorite places are near water and they have a need for change in their environment, so it's possible for them to change houses or rearrange furniture as often as possible.

**Summary:**

Strengths: Resourceful, funny and caring;

Challenges: Emotional and overly nostalgic;

Advice: Learn to prioritize so you don't feel overwhelmed.

**A lasting emotional impression**

The House where the Moon is placed in a birth chart determines how that native expresses his or her emotional needs and how supportive is with others. Responsive and sensitive when it comes to the traits that specific House rules, each and every one of the characteristics influenced by this celestial body will have great impact on the collective.

Moon in 4th House people give a great importance to home and family, needing to always feel emotionally secure. They usually have a deep connection with their father, and the place where they have their roots has a great impact on them.

These are the most patriotic natives, the ones who need a settled spirit and really love the place where they have been born and raised.

Everything about their personality has ties with their family's origin because the fourth House is also a ruler of ancestry. Therefore, they will feel happy when dealing with issues about their heritage and land.

It's very possible they'll pursue a career in archeology or history, while everything they have experienced in childhood, together with their relationship with their parents, is going to be everything they need in order to feel secure and anchored in reality.

Many will consider them to be too changeable and not at all reliable. The Moon represents the mother and has a strong feminine influence, being associated with the important females in a person's life.

That's why these natives may inherit a consistent fortune from their aunt, grandma or mother.

While family and home are essential aspects of their life, they are very appreciative about anything that has to do with them. It doesn't matter that they're freedom-loving like the independent Aquarius, they'll still want to dedicate their life to the domestic realm.

All of their emotions and love will be focused on their home and family. It's impossible to get along with them if you don't like their loved ones, because their devotion to these people is very deep, which means only something very dramatic can have them detached from these people.

Many will see Moon in 4th House natives as the caretakers who also have a great relationship with the ones they're looking after. The problem with them is that they can find it difficult to leave their parents' home and even to change their ways.

For example, Moon Libras won't be able to realize that keeping things balanced and the peace are not all the time that important. Breaking the old habits may be something problematic and almost impossible to get done for them.

They will find security only in what they are used in, because Moon in 4th House people can feel very insecure too often. Their emotions are always changing and their moods reflect the Moon's influence very well.

At least they have a great intuition that helps them provide what their loved ones want from them, from an emotional point of view.

Very caring and sensitive, natives having Moon in fourth House crave intimacy and to be warm with their most loved ones. It can be difficult to get to their inner world, but once you do, you can be sure of their never-ending love.

They won't be themselves until becoming parents, because up to that moment, the Moon's energy wouldn't be properly channeled and they may use it in an irrational way.

The coming to the world of their children will have them more down-to-earth and fulfilled as they would have someone to care for. However, they would still need to establish some boundaries when it comes to how much they spoil their kids.

### **Dependent on the ones they love**

It doesn't matter how much they move around, individuals with the Moon in the 4th House still need to belong somewhere, so their life can be really agitated because they are searching for the perfect place. That's why they may change their home or its furniture very often.

It can be healthy for them to move, because they'd be emotionally satisfied, but if they'd regret doing it afterwards, this would be a sign of restlessness and a search for perfection that can't end. Therefore, it would be more important for them to find out they

belong to themselves first.

Many of them will be emotionally immature and never want to take care of themselves, being very attached to their family and all kinds of childhood traditions.

It's not natural for Moon in 4th House people to have one-night stands because they want something stable and a spouse who's nurturing. If emotionally happy with someone, they will spend their entire life with that person.

The man with Moon in this House will look for a woman just like his mother. He's the feminine type, as the Moon gives him sensitivity and a lot of spirit.

If people having Moon in the 4th House have a mother who drinks, they will be very affected by this, their trauma being noticeable in the way they speak and move. It's like they'd be copying the woman who raised them, in her most embarrassing moments.

You can only imagine what an effect a partner whom they love very much would have on them, seeing how influenced they get by those of whom they're very emotionally attached.

They're usually very dependent on the ones they love and worried about their finances. Thinking only financial security brings them happiness, they also believe their family needs to approve their romantic relationships.

It's essential for them to establish some precise goals and to seriously work towards them. Their success can be tremendous and they can gain security only if they plan ahead.

As said before, Moon in 4th House natives are always changing their home or renovating, so people in their family may be a little bit exhausted by all of this.

Everything wrong with a home they don't like will be a reminder of the things they felt the most insecure about as children. It can be a challenge for individuals having Moon in fourth House to live on their own, especially when they're always looking for their parents to approve of their actions.

As soon as they're ready to be financially and emotionally independent, they will find it easier to choose their profession and succeed.

Don't think they need to be indifferent to those they care about, it's just important for them to think of their entire life as something they have to deal with by themselves.

Their partner could help them take initiative when required to, if he or she is supportive. These people need to be appreciated and reminded that their career matters. Accepting

the fact that competition is healthy will help them enjoy sweet victories and a lot of success.

### ***Moon ☾ - Detriment in Capricorn***

10°-23°20' Capricorn

#### **Short Version [2]**

Strength: great capacity for learning, success in foreign lands, lives a prosperous, balanced and modest life, ethical, studies scriptures and ancient knowledge, contemplative, drawn to working for social and humanitarian causes, vigilant to highest good, helps others transform their lives, has a good marriage and a helpful partner, articulate speaker, well-liked; cordial in business, creative, quick learner, knowledge to transcend the material world.

Weakness: hypersensitive, overly concerned with reputation, pessimistic and unyielding nature, extreme views concerning ethics, excessive generosity that may lead to debt and poverty, develops adversaries and enemies due to jealousy and gossip.

### **Overview [1]**

- Lord: Chandra (Moon)
- Symbol: Ear or Three Footprints. This represents the learning, wisdom, knowledge, and scholarship.
- Power: To connect and solidify. Persons born under the star of Shravana are able to connect disparate subject matters to formulate a comprehensive understanding of the world around them. This makes them excellent teachers and guides.

### **Strengths [1]**

Persons born under the star of Shravana are thoughtful and pious souls. They have all the qualities of a gentleman — patience, forbearance, tolerance, and wisdom. Their noble nature wins them many friends and admirers.

Shravana-natives are clever and hard-working. They know where to exert their efforts so as to obtain the maximum result. Because they don't like wasting their time or energy, they thoroughly plan projects in advance. This strength allows them to achieve great things even without putting in as much work as their peers. In Vedic culture, this is known as "lazy intelligence," or working smartly and efficiently, in a way that gets the job done right the first time.

You are devout, faithful, and a seeker of truth. Your intuition leads you forward in life, even when your path takes you away from the mainstream. You hold yourself to the highest of standards, and you constantly strive for excellence. With the help of a bona fide guru, you can achieve spiritual perfection in this very lifetime.

### **Weaknesses [1]**

Shravana-natives powerful intellect, when not tempered by sufficient humility, can lead them to develop extreme opinions. They can be rigid and narrow-minded in their views, believe that they alone possess the "right" perspective on an issue. This can cause them to make enemies with persons who hold opposing views.

As a consequence of their idealistic nature, those born in Shravana may have unrealistic expectations for their personal career. They may struggle to find work that is both financially sustaining and fulfilling on a moral, intellectual, or spiritual level. As a result, they may not be very well-off in life, and may experience recurring periods of poverty. This can in turn lead to a pessimistic attitude toward society in general, which can further augment their feelings of pride and self-righteousness. It is important to practice gratitude and recognize the many gifts you have received in life. Also, you must learn to see the good in others, in spite of any shortcomings they may have. This will help you remain positive, friendly, and compassionate even when your circumstances become difficult.

You may become jealous of others' success and you have a tendency to gossip. You are overly sensitive to criticism and rude remarks. However, your good qualities far outweigh your weaknesses, and by cultivating your higher nature you can live a deeply fulfilling life.

### **Other Personality Traits [1]**

- You can easily succeed in any endeavor. You are a “jack of all trades” type and can do well in any endeavor you put your heart and mind into.
- You prefer solitude. You enjoy spending time alone, in meditation, reflection, and thoughtful contemplation. You are nourished more by time with yourself than you are by large gatherings.
- You can become famous as a wanderer or saint. If you dedicate your life to the spiritual path, especially bhakti, you can advance quickly and gain a large following as a spiritual teacher. However, the purpose of spirituality is not to become famous, but to become a humble and sincere servant of God.
- Your extreme sense of morality can get you into trouble. Because you hold your opinions so strongly, you have difficulty appreciating others who hold opposing views. ## ***Mercury ♀ in XI 11th House***

([918] i.thehoroscope.co)

This placement of Mercury improves the ability to talk with anyone about anything

because one becomes more charming and convincing and has plenty of fresh ideas.

The Mercury in 11th house natives are especially effective in dealing with other people. They know how to talk to them, how to explain and transmit their ideas in easy to understand ways, and they are generous in most situations.

They can adapt their speech to pretty much anyone, regardless of culture, level of understanding or other differences. It's one of their special abilities, to be able to communicate with people from all walks of life.

**Summary:**

Strengths: Eccentric, intelligent and curious;

Challenges: Dominating, picky and manipulative;

Advice: They shouldn't let themselves be affected by others' opinions.

**Endless ambition**

These people are one of the most communicative and sociable natives of the zodiac. They are literally able to talk to anyone about anything and reach a consensus, most of the time.

At least, if the interlocutors are able to bring new and fresh ideas, innovative perspectives on the subject, they will be thrilled and enthused to no end.

This is what they find fun, interesting, and entertaining, to engage in challenging conversations where they can accumulate more knowledge and satisfy their curiosities.

In order to achieve their aspirations, they will try to diversify their interests, to gather like-minded people around, and to engage in social activities more.

The inspiration is out there, and it just has to be found, and also accepted as such.

They think about things that most other people can't even wrap their heads around.

Simple, yet profound subjects like freedom of speech, individual choice, morality, humanitarian aid, all topics related to the development and well-being of the rest of the world, with emphasis on the general good.

With respect to their individual goals, they are ready and keen on talking about them to friends and close ones.

With great vision and endless ambition, it won't be long until results will start appearing.

Their ideas are unorthodox and out of the box, all the more reason to believe that they'll strike big when success eventually knocks on the door.

Those born with Mercury in the 11th house will deliberately want to associate themselves with intelligent people, engage in social activities and groups that will help them with achieving their goals.

If the atmosphere is competitive and challenging, then it's a way to the top in their mind. Nothing is more important than learning, accumulating knowledge and the necessary know-how required to solve problems, take opportunities, and turn them into gold.

Skill, the power of will, a lot of effort, and an intelligent approach will always win out against mindless slaving around.

Their curiosity spreads forth, encompassing anything that's even remotely close to their goals. They manage to extract something to learn from anything, even the most difficult problems or toughest challenges.

Irrespective of the way they see the world, one thing will not change though, the principles that enliven their way of life.

### **The positives**

They want to discover new ways of doing things, new perspectives and viewpoints, to be able to come up with multiple ideas when thinking about achieving their goals.

And they expect the same of their friends and close ones, the reason for which they're looking for intelligent, creative, and open-minded people to befriend.

This is a sure way of getting the most useful advice and relevant appreciations of their ideas.

They have a lot of like-minded friends who act just like a tight group, supporting each other and having the same beliefs.

The Mercury in the eleventh house natives want to help people, as many as possible, to change the world for the better, make information accessible to the general public.

These people are attracted and intrigued by the simple social comings and goings of other people, the principles of association and communion, how they get by and work with each other.

Group psychology, sociological insight, this what they're looking for, as a way to further develop their plans and hone their future prospects.

Nothing is more pleasing than pinpointing and actually using these principles to efficiently bring themselves on top of the game, to come up with increasingly better ideas

as a result of competitive struggling.

These natives thrive when there are more people around them because they can bounce their ideas off of interacting individuals who can appreciate, refute and constructively criticize them.

They are multitasking and will not fret when put face to face with stressful situations and tense challenges.

They can only get better and develop their skills, maybe even come up with a few fresh ideas to implement in their long-term plans.

As for the end-goal, it's comfort, of course, which effectively translates to a stable material situation.

Money, personal wealth and success, will come to them naturally, without any need for luck, destiny or other outside factors. Everything depends on their own powers.

### **The negatives**

Because their minds are filled with countless ideas and plans for the future, possible outcomes and simulations, it's harder and harder to keep focused on organizing their thoughts, efficiently interacting with others around them.

They often get sidetracked and say stupid things or don't pay attention to instructions. This air-headed and irresponsible attitude can only lead to future failures and disappointments, a loss of their trustworthy impression.

Moreover, just because they have a lot of friends doesn't mean that it's a good thing. On the contrary, it can be detrimental to their ascension because some of those so-called friends are tricksters in disguise.

Fortunately, they are a bit cynical and very rational, so much that they deeply understand this reality.

They avoid large groups of people and don't open up to anyone until they have proven themselves.

Because the Mercury in the 11th house natives care a lot about the appreciations and opinions of other people, they want it to be an honest and straightforward analysis, not a fake one.

Communication does include the tendency to engage in gossiping, talking behind people's backs and otherwise faking your own emotions and thoughts.

This is one of the problems that these natives have, a major flaw if you ask some of their friends, and something that they should work on.

It's not really done with ill intent, but rather because of the high curiosity that's just asking for satisfaction.

It's nothing they can do about that, only control themselves and stop talking shit about people.

This 11th house is one associated with success, material or otherwise, and these natives get to choose how they live their lives.

**Venus ♀ in ♒ Aquarius man 28° 25'**

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

**In a nutshell:**

Positives: Eccentric and dedicated;

Negatives: Cruel and obstinate;

Soulmate: Someone who has a scientific mind of his own;

Life lesson: Taking more time to practice hobbies.

**His love personality**

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the

way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

### **Attracted by ...**

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

### **In conclusion**

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept someone who can't understand this interest of his, someone who just can't follow through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

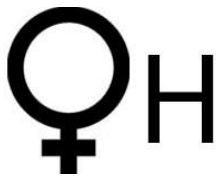

He looks just like he's not interested at all, like all he wants is to be a friend to you. And

his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

**Mars ♂ in ♍ Virgo man 22° 17'**

([967] i.thehoroscope.co)

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success.

The Mars in Virgo native is also known as the perfectionist, the sophisticated Romeo who's only looking for the most refined and flawless woman in his life.

He's especially attentive to the details. His noble and otherworldly demeanor delivers a strong punch to anyone who thinks themselves slick.

This man despises insults, dirty talking, impoliteness, and when he has reasons to stay sad, he will remain as such indefinitely, until either he gets bored of it, finds a solution, or someone takes him out of the swamp.

**In a nutshell:**

Positives: Practical and ambitious;

Negatives: Criticising and rushed;

Soulmate: Someone who only pays attention to him;

Life lesson: Sometimes, peace can't be found in material things.

**His goals are well established**

He takes everything very slowly in a meticulous and attentive manner, observing every single detail, putting force behind his beliefs with each passing day. He's quiet, cool, doesn't want any attention and likes to do his thing without anyone interfering.

When the show is finally starting, he wants everything to be perfect and flawless, just as he had planned from the very beginning.

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success. Even more, he likes taking care of his own body, doing sport, jogging, living a healthy lifestyle.

He might seem like a snob at times because he carefully chooses his diet plans. It's not only a feeling of fulfillment that he lives healthy but also pride in looking good, that drives him to commit to such strict routines.

However, even though they may like getting into the thick of things doing sports, they aren't very keen on competing with others, going for a triathlon or any other competition.

They like to get in touch with Mother Nature, as a way to find their peace and quiet, but this attempt does end up in failure a lot of times, mainly because it gets too stressing and tense.

Of course, they aren't happy with this result, but there's nothing they can do except try and try again, failure through failure until they eventually succeed. It becomes a sort of routine.

If you're looking for a handy-man, someone to come and fix your sink, or better yet, solve your internet problems, then the man born with Mars in Virgo is definitely where you need to go.

He pays attention to all the details and he has the good habit of finding the key aspect of a situation in a matter of seconds.

What's even more shocking is that you won't ever see them in a rush, agitated or angry, even when it would be normal to act in such a way.

However, try to disturb his focus and you'll get the cold treatment, in the best of cases.

Worst of all, he'll berate you harshly. Evidently, he wants to appear as efficient and preoccupied as possible for his partner.

He wants to be acknowledged and appreciated for their ambition and serious attitude. Perfection is hard to attain, but they aspire to reach it.

As always, this perfectionism leads to unwanted results like disappointments, disillusion, an exaggerated focus on the details, the emphasis put on outer elements rather than on themselves, and so on.

Another bad situation that may appear as a result of perfectionism is the state of complete uncertainty and agitation when something happens that they haven't planned for.

### **A very calm lover**

The Mars in Virgo man is a very dignified and principled, with a strong determination to do what's right, to uphold justice, to help those in need, and to gain knowledge as a means toward self-development.

He does all of these things because he believes in his potential to be superior to the man he once was and because he stands firm in the face of adversity.

Every decision that he makes is done with a solid amount of research behind it, and it is thus the best possible choice in that particular situation.

Moreover, he is very devoted to the one he loves, so much so that he would do anything to make her even a little bit happier.

They are very restrained and low-key individuals who don't like evident romanticism and outgoing gestures of affection. They will try to take care of your needs and do nice things for you, and just for you.

Of course, they will also pay attention to all the small details, to every single possibility and potential implication, while also putting their creative mind to work, coming up with inventive ideas to surprise you with.

And even when something goes wrong, they won't despair or become agitated on the outside.

This is a good thing since most people do stupid things after having a failure, out of impulsivity. He likes to be in control of the situation, to know exactly what could happen in advance.

His personal preference is towards indecisive women, those that are shy and

embarrasses, emotionally sensitive and with an innocent look about them.

If he wants to know whether his partner is worth all the effort he's putting in, he just stands to observe how she reacts to his problems, how caring and loving she is. Ideally, she should be just as interested as he is.

When the whole affair started, it had just developed from a beautiful friendship, from where he successfully escaped, surprisingly.

When it comes to his sexual life, it's something he takes as a form of routine, as something that he plans for, that he has complete control over.

### **In conclusion**

The Mars in Virgo man finds it exceedingly pleasing and satisfying to set his own routine at work, to have his working space well-organized, in perfect order.

He becomes more efficient, productive, and significantly more satisfied when he sees his work taking on the shape he first devised.

He might get in trouble with his teammates because he criticizes them a lot, either because they don't work enough, or they're doing something wrong, and since he puts in so much effort, he expects everyone else to do the same.

Besides this tendency to see the flaws first and put them forward for everyone to look at, the Mars in Virgo man should learn to control his perfectionist drive.

It not only creates exceedingly hard to achieve goals, impossibly high expectations, but it also makes him concentrate too much on the details, forgetting about the big picture.

Where there are logic and reason, there is also agitation, confusion, uncertainty, and where there are emotion and affection, there is also procrastination, lack of inspiration, indecision, and so on.

All in all, you should take great joy in the Mars in Virgo man, because you won't find a more patient and tender individual who takes so great care of you.

## ***Mars ♂ in XII 12th House***

It's very possible they'll secretly think some people have something against them as they have these resentments that are always hidden and well-kept in the back of their minds. They should redirect all of their energy towards understanding what their real purpose in life is and not on nonexistent issues.

Merging with the entire humanity and developing harmonious relationships can definitely make them happier. Because they love working behind closed doors, they may succeed more rapidly at what they do for a living.

**Summary:**

Strengths: Emotional, direct and creative;

Challenges: Secretive and insecure;

Advice: Avoid living in the past once you've learned its lessons.

**Making their dreams come true**

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making

short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

### **Practical aspects**

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

### **The downsides**

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

### **Mars in the 12th House in a nutshell**

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on the right track, which can in return make them very happy.

Jupiter's imagination can help them have great ideas. However, the real world is more about normality and less about brilliance. Their inspiration and spirit will fade in favor of the monotony.

That's why Jupiter Arieses need to collaborate with others who can help them see their ideas put into practice. It can be said Aries natives are determined enough to not need Jupiter. As a matter of fact, Jupiter can make anyone feel too big. When in Aries, things can become too difficult to handle. The people lucky to have been born with this aspect will start fires nobody will be able to put off.

They are the most optimistic when they have to start a new project and they will shine when they will take risks to make things work. They will always be sure things will start again if they'll fail.

All the traits they display with others will remain the same when they'll be dealing with romance as well. Unable to feel complete without a partner, they don't want to fight without listening to what their other half has to say and don't mind not being right from time to time.

Aware relationships require two people to be situated at two sides, they don't mind being with someone who's their complete opposite.

### *Saturn ♄ in ♐ Sagittarius man 28° 34'*

([1025] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Sagittarius in their natal chart go through an interesting transformation in their life and once they find their best self, they become truly humanitarian with brilliant plans for the future, a future where all humans live happily under the strict supervision of imposed rules and regulations.

But these laws are equitable, balanced, and no one receives any preferential treatment. This is because these natives are principled, just, and have a very knowledgeable nature. On top of all this, they refuse to bend themselves to irrationality or to initiate any sort of project that has no reasonable chance to succeed.

Whatever doesn't ascribe to their scientific mindset, what can't be proven to exist in this material plane has no bearing on their decisions, but they still can sometimes exaggerate in many regards.

**In a nutshell:**

Style: Truthful and exploring;

Top qualities: Direct, knowledgeable and justitiary;

Challenges: Tactless and prone to anger outbursts;

Advice: Remember that mind beats intuition when it comes to risk.

**Personality traits**

To begin with, there is one main aspect of this native that makes Saturn's influence that much effective. This individual is a natural pragmatist who plans for every small detail in advance.

They may not be the most imaginative of natives, but whatever they think of, they can probably materialize it, even ideas that could be cataloged as purely idealistic.

Thus, Saturn is the catalyst that empowers their steady-minded abilities, acting as a form of focusing crystal, a lens that maximizes their potential tenfold.

Their main interests are humanistic in general, ranging from theology to philosophy and psychology. Moreover, through all this continuous study, they have long since formed a set of rigorous principles that they can no longer abandon.

They believe that man ennoble oneself through constant learning, through effort put towards the achievement of a goal, the most exquisite of them all, gaining knowledge.

Unfortunately, they aren't very open-minded in some respects, where existential questions are concerned because they are firm with their stance and aren't very liable to change their opinions unless proper proof is presented.

Also on this line, they tend to overlook the beauty of the world, the simplistic pleasures, emotional ones mainly, that nature offers each day.

Because they are filled with rational thoughts and only ever look on the outside with a reasonable and logical perspective, it comes as quite difficult for them to appreciate the little things.

They are naturally more suspicious of other ideas and of different opinions, which they don't trust until a later point. Even with people, they aren't going to open up until they've fully determined that they are trustworthy people.

Socially, they are desirous, but unfortunately, they also lack empathy, that intuition of reading emotions, situations, the know-how necessary to get the hang of social interactions. Saturn's rules are sweetened a bit, getting looser and looser with the Sagittarian's naturally joyous personality.

### **Behavior in love**

This astrological make-up makes this native crave for novelty, for trying out new things, and for experiencing new avenues of pleasure. However, this contradicts their conservatism, their firm resolve, and rigid principles.

The rationality inside of them yells danger whenever something untested and unproved presents itself as being important. This can ruin a lot of moments with their partner, in fact.

You aren't afraid at all to say exactly what you're thinking because that would defy the expectations one would have about serious relationships.

If you can't even be honest with your partner, what's the use of having one? Most probably, the other person will be someone with the exact same type of character and won't get offended easily.

At the same time, the Saturnian Sagittarius is intrigued when their partner is a source of constant mystery, an unexplored land worth discovering.

This makes it clear why most natives with this transit in their chart fall in love with foreigners, or people with radically different perspectives overall.

### **The good and the bad**

They are intellectuals above all else, using their rational mindset to analyze every little detail of all the things they come across, and extracting all the knowledge hidden within.

This curiosity and thorough attitude makes them so efficient and productive, as well as keeps them well above others in terms of personal prowess.

Of course, all this intellectual sprinting requires a good environment to be fostered in, and in their case, it must be organized, with a known structure and everything in perfect order.

Sure, once they settle in this kind of environment, it's hard to leave it again, so their partner will usually have to take this upon them.

The Saturnian Sagittarius are, most importantly, the adventurers of the zodiac, ever looking for the next opportunity to satisfy their inner cravings, the urge to feel the adrenaline coursing through their veins.

Seeking this refuge from the tediousness of the world, they will shatter every single obstacle in their path, break apart the shackles of societal regulations, and follow their singular goal until they succeed in attaining it.

Even if they come across difficult situations that seem to go beyond their abilities, they can clearly adapt, evolve and overcome them.

Moreover, even this mentality to begin with, that they are good enough to survive anything will change with time, transforming into precaution, patience, predictive instincts.

The way these natives do their research is simple. They tend to push anything aside and focus solely on that one topic until it's taken care of.

They exhaust all the information at their disposal, reading it again and again, analyzing it fully, in the meantime giving off the vibes of a robot, cold and calculated who only does what it's been ordered to.

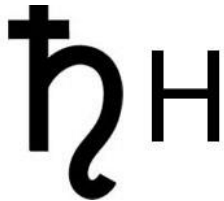

### **The Saturn in Sagittarius man**

Being very gentle and reliable individuals who do well in straining situations, and are very resistant to stress, these men would make for one hell of a husband material.

Moreover, they can be extremely loving and affectionate to those they deem worthy. They are household people, meaning that they could very well settle at home and take care of the house because they want you to take some time for yourself, to enjoy a little solo time.

And, again, with their self-imposed rules and principles, these natives have a very defined plan for the future, one they will pursue relentlessly, and they want you to be a part of it.

### ***Saturn ♄ in III 3rd House***

([1031] i.thehoroscope.co)

This placement of Saturn makes people have highly analytical and precise minds, love

to dwell in many different interests and often impress others.

People born with Saturn in the third house in their birth chart are precise, resilient and capable of seeing things in depth. They can organize very efficiently and deal with life in the most traditional and conservative way.

It's possible they'll have an inclination towards mathematics and logic, their mind being very capable of developing great strategies when put in such a situation.

These people don't like to waste too much time with a project and prefer to be alone because they sometimes feel like people can only bring them trouble. This is because they may encounter problems with communication and can't find the way to express themselves clearly all the time.

**Summary:**

Strengths: Knowledgeable, dependable and kind;  
Challenges: Insecure, shy and distant;  
Advice: They should be braver about their opinions.

**A dislike for superficiality**

The main purpose of the 3rd house sits in the subconscious functioning of the natives' mind, when these are dealing with their most comfortable surroundings.

This house refers to the purest way people behave and communicate or how they function when interacting, so with that in mind, it's obvious that it doesn't deal with the unconscious.

It seems the small things people say and do unconsciously are the ones that present who they actually are!

Saturn in 3rd house natives may seem shy and distant. Some can be turned off by them, so they should listen and actually use what they have learned.

This way, they won't need to do a lot of talking, still their loved ones will adore them for listening.

Saturn in 3rd house individuals have some serious difficulties when communicating.

These natives believe their opinions will get seriously criticized, therefore, they're insecure and wouldn't even think of trying to talk about their feelings or thoughts.

Because of this, they're unwilling to communicate and are scared of making a mistake. It's normal for them to be shy and always concerned with others' opinion of them.

Talking is frequently a challenge for them and they could have dealt with some kind of speech impairment when young.

Saturn in 3rd house people aren't necessarily spontaneous as far as learning goes, small-talk and day-to-day discussions about the latest news.

They simply don't have a lot of interest in simple subjects and are all the time serious because they dislike superficiality in all its forms.

They may be very good when it comes to research, but are often scared or not at all bold enough to deal with the new and the methods that haven't been tested.

With Saturn here, things generally refer to a highly analytical and precise mind, which can be the effect of many principles taught to them during their first years of school.

From a young age, some of them have been educated to respect every rule, so they may seem insecure when dealing with the unknown as they take their time to act and are cautious.

Many of them have only studied and thought of nothing else, while others were denied to attend a college with strict regulations, where they'd have felt really good.

As children, they probably felt unappreciated for their way of thinking and even called dumb. If disregarded and told their opinions don't matter, it's possible they may have learned to remain silent and to open only when thinking they have something very interesting to say.

The psychological buildup of people usually depends upon what's known, tested and appreciated.

Saturn in 3rd house individuals deal with cognitive activities by insisting and striving for perfection, security for them being attained only when the truth is understood and every little detail has been studied.

If not, any form of advice coming from others can intimidate them. The slow movement of Saturn supplies many problems in matters relating to home and family members.

Natives having Saturn in 3rd house typically start speaking at an older age than other children, could have a somewhat sluggish and fearful speech or can be exaggeratedly timid to talk about their own ideas.

They may take a while to process all the information coming towards them, and while their intelligence isn't lower when compared to others', Saturn often makes them seem less smart.

Even if they may possess a high intellect, their surroundings would make them feel too scared to talk, which they accept as a reality until seeing what their speech can do.

It doesn't matter if men or women, they could be late bloomers who use only their own pace. Saturn makes these natives extremely stable when it comes to the knowledge they've obtained throughout the years.

What they have heard is strongly fixated in their mind and generates new ideas, which can produce an even more developed mind in the long run, a greater understanding than the one of somebody who absorbs data fast, yet in a chaotic manner.

### **The goods and the bads**

Saturn is the bully of all planets, making people with it in the 3rd house seem distant or too shy. Situations in which communication is needed can make them feel uneasy, but since they don't necessarily say too many things, they have this great way of listening.

And it's not that they want to be this way, they just are! Don't even think they will ever speak in public, yet Saturn in the 3rd house makes them silent and ready to develop great observational skills that eventually lead them to success.

They prefer to work in the shadows, sometimes as journalists or scientists and are disciplined or very well coordinated, finding those who happen talkative and unorganized very bothersome.

They have probably been discouraged to talk when young, possibly because their parents considered some things should never be discussed.

Saturn in the 3rd house can even briefly disrupt them in school as well, however, they will surely devote a lot of their time and efforts to the aspects of life related to education.

They may need to study twice as hard, but at least they have their own strategies when it comes to working towards reaching their objectives.

It's possible they'll want to achieve great successes in research, but for this to happen, fighting their own anxieties would become very important.

It's good that Saturn provides patience and endurance, so these would be two of their advantage when it comes to accomplishing any type of task.

Their communication is lacking a lot of heart and soul, therefore, they won't call or text a person until initially determining what they want to say.

This can be terrific for some professions, especially those that require the employees to

be as discreet as possible.

Natives with Saturn in the 3rd house are fantastic at managing confidential information and working for newspapers, or for tasks where they don't need to interact that much with their colleagues and superiors.

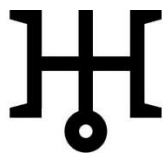

They're also cautious and manage to obtain results faster than others because they're always minding their own business.

It's suggested they spend some more time examining other individuals and their desires because this can help them determine what they want too and they surely are capable of good relationships.

They should use their instincts and have significant talks with both their family and friends.

Relaxing and letting their few communication abilities unfold will put them in the ideal direction, so they'll eventually learn how to talk more openly, which can be their life's challenge.

Against all odds, those born with Uranus in Capricorn can be very imaginative and innovative, especially in their professional life, when it comes to conducting business. Why is so paradoxical? Because the Capricorn zodiac sign is the most conventional one, preferring to side with the status quo for most of the time.

### **In a nutshell:**

Style: Disciplined and patient;

Top qualities: Organized and thoughtful;

Challenges: Pessimistic and aloof;  
Advice: Try to get used to and accept disruption.

### **Personality traits**

For the Uranus Capricorn native, change should come as a result of long planning, out of necessity to develop certain social constructs and beliefs that had been sunken into a stagnant past.

It should never be caused through violence, using a forceful approach, because that will tear all the social conformism, it will make people perceive it as a bad thing, it will make them reticent and unwilling.

This is why this individual acts with the utmost responsibility and caution when he wishes to implement some kind of innovative idea in a group. Their plan would benefit everyone involved, and that's a good incentive.

But this time, Uranus, the planet known for the world-changing events and revolutionary influence makes its nest in the minds of those benefiting from its transit through Capricorn.

To elevate their status in society is never hard for these people, and it's certainly something that would have happened eventually anyway.

With their imagination and deep intuition, you will do everything it takes to reach a consensus, overcome all of the challenges, and reach a perfect understanding.

Moreover, while these natives may not like one-nights and taking unnecessary risks, this doesn't mean that they are completely traditional and one who acts based on stereotypes and age-old mentalities.

Unless they see no path forward, they will never stop themselves from trying. If there's even the smallest possibility, they'll keep on going no matter the risks involved.

Now, it may not be so evident when they'll finally reach the top of the social ladder because they aren't extravagant or eccentric, but materialism comes as a natural trait.

With reason and a practical approach, each and every one of their plans is made with the thought of efficiency in mind.

The one thing that stops these natives from truly reaching for the heavens is their stubbornness. If they've made a plan and later found out that it won't have the desired results, they will have a hard time giving up on it entirely.

Still, moments like these don't stop them from advancing like an unstoppable force, like a hot knife cutting through butter.

Sometimes, they appear as aloof and disinterested, but that's because these Capricorns have a razor-sharp focus.

### **The Uranus in Capricorn man**

With planet Uranus being a pretty slowly-advancing planet that stays for about seven years in every sign, we can surmise that its influence affects generations of people, or at least it does appear to be like this.

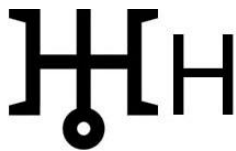

In the case of the man with the Uranus in Capricorn transit, a reasonable and rational outlook on the world is a given.

He's never going to rush things, and would rather observe, analyze, deconstruct the problem, see what's wrong, and proceed on solving it with patience and ease.

In general, he succeeds in bringing in the best of both worlds and will act on his instincts when a situation calls for it. Improvisation is the way to go, even when he goes out of his way to act on his humanitarian impulses.

Their family shouldn't condition them in any way because they would only want to run away if this would be to happen.

The weird and eccentric Uranus makes natives having it in the 4th house very strange in the way they care about others. This means they don't know how to love someone without being weird about it.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

It's also possible for them to just stay at home and provide while their mind thinks of doing something adventurous and much more interesting than just caring for others.

As a matter of fact, many of the Uranus in 4th house individuals have been raised exactly to be this way and didn't get too much emotional support.

When it comes to their emotions, it's possible a lot of things from their childhood have made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Don't expect them to ever open up or be warm as in their mind all this would mean losing their authority and no longer having control over their destiny.

They prefer to just sail alone and not get comfortable with the warmth and coziness that deeper relationships could offer.

### **Blessings**

Individuals with Uranus in the 4th house are really objective when it comes to the hard

times there may have encountered. It's easy for them to heal than it is for others because their emotions seem to be someplace else.

When recuperating, they prefer to observe how their own mind works and try to develop more so they no longer encounter any type of nasty incident that already has happened to them.

They can even heal wounds from their ancestral line since such karmic things are very possible and many individuals leave them unsolved.

When helped with the everyday issues, they feel like the entire world's list of problems has been lifted from their back.

Those who give them a hand will always be appreciated and valued. When having a little bit of more free time, they usually spend it with the family and relax.

### **Challenges**

It's normal for people with this placement to spend some time alone in order to gather their thoughts. They need their peace to figure out their goals in life, so you won't find them in bars or clubs too often.

These natives resent chaos and being alone makes them feel better as during this time, they can clear their minds.

Because they don't want to let people down, they may feel guilty when spending too much time in solitude. They really love their friends and family, therefore, they wouldn't want to do something to hurt them.

One thing that could help them be more nurturing would be to look back at their childhood. It's possible to discover their parents weren't quite giving with emotions, so they shouldn't repeat the same mistakes with their own little ones.

The influence of their parents could even make them behave in conflicting ways in their relationship with a partner, especially when not agreeing with their other half on the same things.

Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

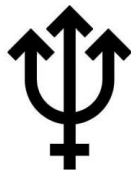

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

### **The negatives**

They tend to take over the discussion, express their firm belief that everyone else is probably wrong, and that they are the ones in the right. They don't think this per se, but this is what most would extract after seeing their attitude.

Moreover, since they put so much effort into sharing their ideas with everyone else, they also expect to be appreciated for offering the perfect solution, the foolproof plan, the panacea that cures everything.

This just worsens their social bonds with each passing day, and they have to realize that the others are also entitled to their opinion, and talking over them is just childish and annoying.

### **The Neptune in Leo man**

Neptune makes these men rise up to meet their potential, and bloom unexpectedly in an explosion of light. Dynamic, spirited and adventurous, they never sit in one place for too long because the world is full of mysteries just waiting to be discovered.

These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

### **Pluto ♇ in ♍ *Virgo man* 0° 32'**

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

**In a nutshell:**

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

**Personality traits**

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations.

They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

### **Pluto in Virgo in love**

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match their life perspective and their actions.

### **The Pluto in Virgo man**

The last time Pluto transited Virgo, all the military conflicts and wars that had taken place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

With the naturally introverted personalities of the Plutonian Virgo men, they were

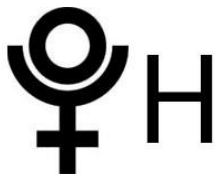

basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

Even though they strive to know themselves completely, to reach a superior level of existence and accumulate all the knowledge in the world, there are places where even they are afraid to go.

The deep recesses of their psyches are abyssal, too dark and shadowy to delve into. Things can quickly degenerate.

They will feel like they've lost themselves, lacking in an identity, with no clear purpose for the future, confused and disoriented. Faith is what's needed.

Motivation, ambition, wisdom achieved through compassion, a rich inner life populated with nothing but optimistic goals.

Dreams are especially important to them. They allow for clarity of mind, a new way of looking at things based on their desires and deepest wishes, all to go on a journey toward the discovery of the self.

The most important lesson that they can learn from this experience is the simple fact that they are their own masters. There is not destiny, only individual willpower, and conviction.

Either way, they will like to delve into such analyses and observations, to think about things clearly before committing to any course of action.

However, they also tend to radicalize the conclusions, to put everything through a negative lens.

### **The goods and the bads**

The way these Pluto in 12th house natives relax or take a breather from the noxious fumes of the world is by retreating to a private space of their own.

There, along slumber will begin, followed by deep meditation, contemplation on the nature of the self, reclusive study and profound investigation.

They will dabble in a lot of domains, from psychology to para-psychology, mysticism, the occult arts, religion, and so on. However, they think that nothing can get them out of this predicament. This fear can be turned into hope though.

Frontal confrontation will achieve the best results in the quickest time. Facing off against the negative things that impact their lives, the elements that are constantly holding them back, the fears and anxieties.

Those must go, and they must go now. If it comes to it, they can very well replace and substitute those fears with hopes, with positive self-remarks.

With such a boundless imagination, all their weaknesses and lack of confidence will disappear, to be replaced with strengths and a firm conviction.

Unfortunately, they will generally try to ignore things on the off-chance that they will go away.

Well, guess what? They don't. And while this may not come as a total surprise, it still puts them in an even more difficult bind.

The lack of control becomes even more imperious and critical. Emotions will bubble up and explode.

This is why they must first learn how to control themselves, to temper that volcanic character and to avoid overthinking.

Depression, addictions, perpetual sadness, the constant feeling of inadequacy, these demons have to be taken care of. And this can be achieved with the help of friends.

### ***Pluto ♄ in Rx retrograde movement***

[699] [920] ([699] mollysastryology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

### ***North Node ♁ in ♐ Sagittarius 3° 9'***

(Georges Muchery)

The Dragon's Head in Sagittarius is the surest sign of happiness and quietude, so long as the native knows how to be contented, which is usually the case, inasmuch as progress is fairly quick in this sign.

The close family ties - that is, the wife and children - live on good terms within a relatively restricted circle. It is the sort of happiness what does not proclaim itself. Success is somewhat slow in coming, but can be relied upon, as the ascent is gradual and teaches patience.

The Dragon's Tail in Gemini often causes inharmonious relations with those around the native, or with distant relatives. This may entail disputes over money matters which will be detrimental to the native, as many people may be jealous of him and put obstacles in his way. Nevertheless, he will know how to defend himself, especially with the help of a good aspect from Mars or Mercury. In the former case, success will come through violence; in the latter, through cunning.

(Isabel Hickey)

North Node in Sagittarius points the way to far horizons, physically and spiritually. Person gains through associations with others and pioneering in new lines of philosophical and educational endeavors. An inner positivity that will be of great help in overcoming any negative aspects in the birthchart can be developed.

South Node in Gemini shows too much superficiality in past lives; too little willingness to stabilize; and a flitting from one experience to another. If continued in this lifetime, there will be little success or any sustaining power.

(Martin Schulman)

The keyword here is promise. For lifetimes, this individual has enmeshed himself in dualities, resulting in indecision. He has tried to be all things to all people, and as a result has made himself attuned to superficiality.

Now he has strong karmic lessons to learn in areas of loyalty and allegiance. Eventually he will come to see that by playing both sides against the middle he can only hope to make himself the center of the sandwich, caught in the squeeze. Nevertheless, he retains a past-life fear of committing himself fully to either side, for at least on the superficial level, he sees truth and right in both. He still believes that a definite commitment to one side would leave him with the feeling of missing the opportunity inherent in the other.

This ability to remain uncommitted enables him constantly to adjust himself to fit the needs of the moment. Like the chameleon, his colors change with his surroundings. In past incarnations, he was not too discriminating, knowing that it really didn't matter where he gave his affiliations since he never gave his complete self anyway. Now he swings like a pendulum in the breeze, open to ride if but for a brief time only on the winning wind.

He purposely makes himself the pawn of others, and, even if only for the moment, seems to agree with them so that he can temporarily feel accepted and a part of something.

Through many lives, his sense of self-identity has become not merely a single division but filled with all the questions of everybody with whom he was in contact. Since so many people have formed the building blocks of this inner self, it is impossible for him to be anything but a hypocrite!

When he speaks, his facial expression as well as body language will change from sentence to sentence, taking on the appearance of the person whose words he is not trying to pass off as his own. In fact, when he makes a definite positive statement, his eyes will always examine the recipient to see if it was received as truth. If not, then it doesn't really matter for he will now start talking incessantly, trying one collected statement after another on for size in the hope that somewhere in his collection of information a few words might be worthwhile.

He loves activity; and when circumstances make him feel cooped up or bogged down, he becomes highly nervous and restless.

Always over-programmed, he struggles to keep up with the myriad of details and people that fill his life. He has so much to do, and yet at the end of each day feels distracted from his purpose.

In past incarnations, he never developed a long attention span. As a result, he spends much of this life constantly changing his mind about everything.

At one point, he will go through conflict over whether to live in a large city or in the country. The conflict is really between the continuation of his past-life need to be with people and his present-life desire to be away from them.

Direction does not come at an early age. More often than not, it comes through the aid of parents or an older person who sets him on his course. This occurs usually after age twenty-eight.

Underneath it all he is unsteady; he has been so busy seeing the shades of gray in everything that he has difficulty seeing the light of truth in himself.

For this individual, life's biggest task involves a quest for higher knowledge. Through the Sagittarius North Node, he must learn that in order for man to be capable of seeing the truth, he must first be the truth!

He will go far if he teaches himself to speak from his higher mind, for the esoteric meaning of all he says will ultimately show him his real identity.

When he starts to mesh with Transcendental Thought, he will begin to reach a spiritual union within himself.

First he must work through his karma of perpetuating trivia and come to see that participating in gossip is the greatest sin against liberty. Then he must turn his back on all the past-life residue of pretended sophistication and reach for all that is real and natural. Ultimately, he comes to see that although a coin has two sides, it's still one coin! When he develops this perspective of vision, he will be able to transform the knowledge he has acquired into Divine Wisdom.

The house position of the South Node shows the area where past incarnation personality conflicts still plague the lower mind. The house position of the North Node shows the ways in which a Higher Consciousness can be developed into a vehicle which enables him to rise above all conflict.

His present-life evolution will free him from the bondage of indecision, and in its place give him glimpses of Universal Truth.

(Donna van Toen)

You should follow through on your interest in psychology, travel, etc.. Your Gemini South Node may reply: 'Yeah, but my day-to-day activities don't leave me any time. Besides, I hate studying'.

Your problem is that a mental block prevents expansion.

Possible reasons: Environmental restrictions hindered learning. Refusal to take chances. Dislike of reading or distrust of any type of indirect communication. Reluctance to be put in a position where you may be asked to give advice, teach, etc.. An upbringing that encouraged superficiality. Little success with early education.

Possible solutions: Take interest courses. Loosen stifling ties and routines. Sever all ties, and spend your time drifting.

\*\*\*

You'll remember that we said Gemini North Node relies on book learning to replace awareness. With Gemini South Node, the tables are turned. Knowledge remains at a very rudimentary level. There can be an 'I read it in the Enquirer so it must be true' philosophy. Or there can be a distrust of any information that comes from afar. In other words, the local news commentator knows what he's talking about but the foreign news commentator's full of bull unless he's voicing the same opinion. Frequently, Gemini North Node relies on rumors, gossip and small talk to form the basis of his or her knowledge. College education is looked on with suspicion; in fact, sometimes there's a reverse snobbism in connection with education. Gemini South Node tends to be content with his or her knowledge no matter how incomplete it is. It's only when the Gemini South Node is suddenly thrust into a new environment that he or she becomes aware

that something's missing. At that point, he or she can tap the Sagittarius North Node's potential and expand his or her knowledge and understanding of the world.

The person with an over-developed Gemini South Node has few long-range goals; is restricted by his or her routine or environment; is immature or retains an emphasis on dressing and acting as he or she did at a much younger age; sees no point in college unless it's a prerequisite to a certain job; does not like to waste time on abstractions or unproven theories; may be fickle; may be a bigot; is sarcastic or cynical; marries a childhood sweetheart, neighbor, high school friend, etc.; usually marries early and settles into a routine where the only big change is a transition from school to work; and loves travel as long as the place visited isn't too different from what he or she is used to.

North Node in Sagittarius wants to be thought of as natural, sincere, intellectual, refined, and broad-minded. This is a person of such changeable emotions that he or she may be mistaken for a yes-person or a phoney. He or she has trouble focusing on one thing at a time, and tends to scatter energy to the point where objectives seldom reach completion. Restlessness keeps dreams in an ever-changing state, so that they may never be clearly defined. In effect, this person might dream of having a dream.

Antidotes for Sagittarius imbalance: The client should be encouraged to share any specialized knowledge he or she has, either by teaching or through other means - writing, public speaking, etc.. As with Scorpio, the study of philosophy is a beneficial antidote. Religious studies could also prove helpful. The client's intuition should be developed and given a positive outlet. Dream study, astrology, palmistry, graphology and many branches of parapsychology could prove useful outlets, although you should be very certain that the client is level-headed enough to use these properly. Travel is very often a beneficial antidote. Work involving giving tourists various types of information (i.e. tour guide, travel agent, hotel information desk, etc.) could be quite rewarding.

Sports can be good antidotes. High-jumping, rope-jumping, walking, running, jogging, or any other type of physical exercise for which aptitude is shown could be recommended. It sometimes happens that the client is for one reason or another stuck in a dull, routine job - clerical, assembly line, switchboard, etc.. If there's no way out of the job due to the client's age and economic needs, it's crucial to expand the sphere of after-work activities.

If career advice is sought, challenge should be the primary quality stressed. According to the client's aptitudes, consider the following options: adult education, lecturer (with philosophy, law, and civil rights being ideal areas), priest, minister, rabbi, nun, doctor, nurse, paramedic, inspector, proofreader, publisher, missionary, evangelist, salesperson. The client should be encouraged to free himself or herself from stagnant ties where possible. At the same time, he or she should be discouraged from drifting or living totally on an intellectual plane. Sometimes pet ownership can provide a helpful counter-balance for these tendencies.

(Mohan Koparkar)

Previous incarnation for this person was spent in many intellectual and communicative activities. He had to deal with 'others' constantly. Thus, he was often drained of his intellectual resources by others. He had to fulfill what they expected of him. In this lifetime, he is choosing a path of independence and isolation. He likes to be a free-floating soul without getting involved with many earthly interactions. He can solve their problems when he feels like it, but at the same time, he has a choice and the ability to turn them away from him. In this lifetime, he will achieve substantial esoteric knowledge or understanding with or without being too involved in the occult. He is not very much interested in the material things or in human emotionalism. When his feelings are seen, he just transcends them or throws them at others the way they come.

(Haydn Paul)

The Gemini energy makes you restless, searching for stimulation, diverse interests, and experiences, and encourages an active life-style. Whenever you feel restricted - whether in work, relationships, or even in allowable attitudes, thoughts, and emotions - you feel extremely uncomfortable and look for ways to change the situation.

Your mind is alert and receptive to a multitude of impressions from other people and the mass of information received during daily life. Yet, due to distracted fluctuations in attention span, you may find that focus and concentration becomes difficult to maintain.

Changeability is likely, often displayed as indecision and regular shifts of mind and emotions. Your mutable nature sometimes appears to reflect various personality types which are temporarily adopted to deal with others.

You find choice-evaluation difficult, seeing the virtues of different decisions and actions, recognizing that, from each perspective, each option may present a valid position. This inhibits your decision-making ability, making you afraid that, by choosing either position, you will lose the value of the other decision. Personal decisions are hard to make; and when having to evaluate others' viewpoints, you often take the easier way out, which is to agree with whoever presents the most persuasive and powerful argument. The danger with this is that you may devalue your opinions, beliefs, values, and feelings.

You find it hard to discriminate between different options, and resist giving commitments, because you recognize that you change your mind too often. Refusing to make responsible choices, you try to be agreeable to all. It may even seem that you agree with another's views when in his or her company, only to change again, chameleon-like, when with others. This may increase social acceptability, but can damage your integrity.

The Sagittarius North Node indicates the need for a unifying philosophy that becomes a

life foundation. You require a belief or purpose that offers meaning and direction, rather than simply being swayed by the winds of superficiality, diversity, and mutability.

This becomes the issue of purposeful direction. You will probably be at least in your late twenties before you accept the necessity for a self-chosen direction; and then you will start looking for signposts; these guiding indications may come from an influential older person, either personally or indirectly, or perhaps as a 'teaching'.

One important step is to reduce your reflective tendency by determining your own attitudes and feelings, irrespective of whether this pleases others. Agreeing with all sides, or agreeing with none, leaves you nowhere, and you should find your own light. Changing this behavior pattern may not be easy, but you will benefit from becoming yourself. As you feel free to express your nature, you will have a growing feeling of joy and vitality, and will discover the liberation of being natural and real without any compulsion to agree with others. Take tentative steps to release the past and to enter the present and future as yourself, because you have much promise and much to offer. Then you will realize that, while a coin has two sides, it is just one coin, and that, while life has a multitude of faces, it is just one life.

(Bruno and Louise Huber)

The mutable Fire sign, Sagittarius, and the cardinal Earth sign, Capricorn, are the two individual signs that promote the expression and the maturation of the individual personality. In Sagittarius, we always strive hard for mental autonomy. Sagittarians have an independent outlook. They want to work out their own ideas and philosophy, and to have these under their own control. With the Node in Sagittarius, the task is to develop this mental autonomy. One's thoughts should be fostered so as to produce clear-cut opinions of one's own and independence of the opinions of others.

This placement of the node is quite likely to occur when the chart indicates that the native is very much inclined to fall in line with the opinions of others. In which case, its message is: 'You must think for yourself and form your own views'. This Node is an antidote to mental laziness.

With the Sagittarian Node, we have to answer for our opinions, which may not suit us at all, because we like to think that they are beyond criticism. In hard aspects of the Node, there is often a tendency to be dogmatic and fanatical.

In the Fire sign Sagittarius, self-confidence becomes important again. The preceding Fire signs, Aries and Leo, are brimming with self-confidence. However, matters are not quite so simple for Sagittarius, which has to prove, by its spiritual autonomy, that it has the right to stand up and be heard.

## **North Node ♁ in III 3rd House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Third House is a sure sign of the native's good education and of his being able to live on good terms with those around him; it means harmonious relations with brothers and sisters. It procures the means of success in an intellectual occupation, especially in literature, history or geography. The native has an observant, studious and imaginative mind; ideas flow in abundance, and they are usually good and help him to progress rapidly, as much on account of his skilful management as on account of the help given by those around him. This purpose is also favorable for travelling for educational purposes.

The Descending Node (Dragon's Tail) in the Ninth House denotes a practical, and often materialistic mind, which either scoffs at religion or else is very superstitious. In this House it indicates danger while travelling, trouble in connection with a journey regarding mysterious matters, or matters of which the native alone has any knowledge.

(Isabel Hickey)

The integration lies in the developing of the mental power. The ability to reason logically and the power to analyze the objective world realistically must be brought to bear on the environing conditions. The person has had blind faith and has been religious in the past, but it has been in a non-thinking dogmatic fashion. He also has to learn to stick to routine and everyday matters and not think far away fields are greener. His pastures lie close at hand. His opportunities and challenges are in the environment close at hand. His subconscious motivations of the past will make him long for far-distant places and give him a desire to escape from the near-at-hand pressures.

(Bernice Grebner)

North Node in the 3rd makes it difficult for the person to express his deepest feelings. This must be learned by constantly exchanging ideas and feelings with others. This must be forced before he can reap fulfillment. He needs to develop the ability to share his sensory awareness in his life with those in his social environment, and needs to receive from them their awareness and impressions. He needs to relate easily to his environment and to work for the betterment of that society. The key words are

communication and subjectivity.

South Node in the ninth is objectivity. This gives instinctive knowledge of philosophy, theology, and science. It gives an objective desire to study higher abstract truth. There may be many changes in religious thinking because of an inner need to seek the truth of our being. But on a lower scale this may result in a tendency to crossexamine. It promotes interest in the basic theories and concepts of religion, social ideas, and the metaphysical. The person should learn to study these subjects realistically with his intellect instead of daydreaming. South Node in the ninth, at its best, is a genius at separating fact from fancy, especially when favorably aspects to Mercury or Uranus. This position gives creative intelligence, aside from book knowledge. It also causes the person to think the grass is greener on the other side of the fence.

(Mohan Koparkar)

This condition often signifies unusual intellectual abilities and their use in this life. These people seem to bring vast knowledge and philosophies from previous life and utilize them on a practical level. Their communicative means are fairly strange and odd at times. Excellent relationships with brothers or sisters are noticed. They have a strange subconscious fear for foreign culture or foreign people. During this lifetime they may not achieve fame or recognition, but they will have dispersed their knowledge to many who surround them. Often one notices a hidden coldness towards their father figure in this life. Benefits from travel and short moves are often noticed in their life.

(Martin Schulman)

These Nodes represent a karma in relationships. The individual is here to learn how to fit the intertwinings of people and ideas into the scope of his understanding.

The ninth house South Node shows an accent on growth in former lives. Literally millions of hours of thought were spent on developing an abundance of wisdom. Much was sacrificed to do this, particularly the enjoyment of meaningful relationships with others. So that a large amount of soul growth could be accomplished, a freedom to explore without restriction or limitation had to be developed first.

Now in the current life the individual is habitually linked to his past incarnation sense of freedom, which although he feels he must retain, he can no longer consciously remember why.

From time to time he feels a wanderlust to visit different horizons, for somewhere off in the distance is the rainbow he is used to seeking. He is a mental nomad, constantly travelling through the great expanse of his consciousness, stopping only for rest at each oasis which offers temporary shelter from his restless urge.

Always he is seeking, yet it is difficult for him to define exactly what he is looking for. He finds others puzzling as he curiously tries to understand what makes them tick. Herein are some of his major karmic lessons. He must learn how to interact with people. Though he may be happily married or involved in close relationships, he still retains a sense of brotherhood in his thoughts. He must learn how to make his life fit into the exact puzzle slot allowed by all the other lives around him.

The ways in which he relates and communicates will constantly be put through one test after another. Ultimately he will find himself enmeshed in a network of people, so that all the knowledge he has acquired in previous lifetimes can be put to practical use.

In his current-life relationships, he feels frustrated with not enough room to move. This enclosure of people around him eventually comes to extinguish his past-life tendencies to be vague and evasive, and in its place teaches him the art of pinpoint communication.

He is very much concerned with the values of sexuality, feeling obliged to conquer any grip this force has on him. Now he sees clearly the presence of a higher and a lower self, and it is the pull from both which he must karmically wrestle out.

The individual is less concerned with gain than with protection against loss. He is terribly fearful of losing the freedom he was accustomed to in past incarnations; yet he must risk such loss if he is to interact with humanity. As soon as he is willing to take this risk, he is ready to receive his greatest rewards.

Ultimately he elevates himself through reading and purposeful study; and although he is more used to informal ways of learning, it will be a formal education that now puts it all together for him.

This Nodal position often causes a friction marriage, since the individual is prone to seeking out-of-wedlock relationships in which to work out the understanding of personality interactions that he must develop.

One of his biggest lessons is to learn how to consolidate his energies, for each time he feels the urgency to move on with things, he tends to leave loose ends scattered behind him.

His life is wide in scope, not only in areas of knowledge, but also in the myriad of people he meets, and the multitude of places he travels.

He will ultimately be known as a Messenger, bringing to all those who need it the specific bits of information that like manna from heaven are placed in their lap at the moment of hunger.

In essence, he is a teacher's teacher, for although he has little patience with a classroom

situation, he is well capable of feeding information wherever and whenever it's needed. He likes doing this because it fulfills his past-life need for movement. As such, he never gets a chance to see how important the information he is disseminating actually is. Nevertheless, he has an enormous effect on the awareness of all those whose lives he touches.

His own life is as interesting and full as an encyclopaedia, for he tries to live much of what he reads about.

For all of his movement, one would think him desirous of having a rest, but underneath he is highly nervous and needs this amount of movement in his life. The nervousness is not to be considered a negative trait, but rather as part of his mission. It reminds him that he has a task to do. Every moment, a piece of information comes into his mind, the nervousness gets triggered, reminding him that he must deliver it somewhere.

In past incarnations he avoided conclusions. Now he refuses to make a final judgement on anything. This is part of his understanding that if he were to make a final decision it would be premature for he knows that new information will constantly be coming.

He is superficially conversant in almost all areas. Still, on the personal plane he is highly misunderstood, for the messages he delivers are so uniquely disguised that they have a tendency to go over the heads of others who only see him as eternally gossiping about nothing.

The truth is that all of his words are important, but they must be seen to have deeper than surface value before they can be interpreted properly. He is truly the fastwinged messenger of the gods.

The sign which contains the South Node indicates the unintelligible ways in which the independent higher mind is accustomed to receiving its coded information. The sign which contains the North Node shows the ways in which the individual can now translate his knowledge into a language which society can understand and accept.

(Donna van Toen)

Conflicts: Good practical education vs. mind expansion. Familiar day-to-day contacts (siblings, neighbors, school chums) vs. new contacts (in-laws, foreigners, people whose experiences are different from yours). Liking for your environment vs. desire to explore new areas.

Possible results of sacrificing North Node: Lack of concern with education's practical application. Extensive contacts lead to loss of touch with family, old friends etc.. Adoption of a guru façade. Craving for travel causes drifting. Superficial intellectualism replaces true understanding.

Possible ways to integrate North Node: Travel, with an eye to successfully settling down somewhere. Strive to understand, and make yourself understood to siblings, close kin, etc.. Study with an eye to using your knowledge. Share your practical knowledge. Use your common sense.

\*\*\*

In the third house, there's a hang-up about relationships. This generally stems from repressed or misdirected concentration on one area to the detriment of the other. Problems can range from fanaticism to cynicism. There's often a sense of not belonging which may lead to anything from unhealthy rivalries to bigotry to involvement in cults to extreme misanthropism. In extreme cases, there can be a turning against your own culture and absorption into a completely alien one.

North Node in the third house dreams of mental vitality and of respect in some traditional field. He or she wants to be thought of as someone worth talking to. This is a person of changing interests and philosophy who's often been strongly influenced - consciously or unconsciously - by early religious, educational, or cultural dogma. These ingrained beliefs can lead to a wasting of mental ability or less traditional but nonetheless valuable talents.

(Haydn Paul)

One of your primary impulses is toward freedom, whether physical freedom and the need to travel, or a mental freedom to explore intellectually, inquire, and satisfy curiosity. You probably feel this as a restless energy, perpetually striving for release from any restrictions and breaking free from limitations. Yet this search can lack a fixed direction or purpose, and you could find it difficult to rationalize these needs for escape and change that agitate you. Likewise, others may consider your reasons and explanations unsatisfactory. You need to understand how this impulse operates and choose to control and direct its activity, or this could damage your life-style, relationships, or employment ability.

Relationships will be a major area for self-discovery. You may lack understanding of others and have problems in interaction. Even though you experience relationships, you retain the desire for freedom; how this is expressed is very important, both for you and for others. Often, you feel relationships become limiting after a while, but, as your freedom need is often selfish, you may find that a discipline of staying within the relationship and dealing with this freedom impulse could deepen self-understanding. You react against threats to this freedom; but modifying responses may enable you to enjoy other benefits. The value of good relationships is priceless. Both partners are enabled to enjoy life and develop in their unique ways. This joy could be what you lose if you decide for freedom at any cost, because it is inevitable that your solitary experience of a selfish

freedom will not be at all pleasurable.

Your social friendliness and flexibility will create a variety of relationships; and this is a source of experience which aids you to attain greater understanding of others. Yet this - allied with your freedom needs - could also encourage you to enter affairs without much forethought or consideration. Surrendering to this impulse could complicate your life, leaving many issues unresolved and causing pain and confusion. Your future well-being could be affected by your pursuing the temptation of change without fulfilling obligations or responsibilities.

Knowledge is absorbed easily, accumulating a multitude of pieces of information from all sources, whether from formal study (likely to be of great value) or from people and places. Such information can be valuable to others; and you enjoy sharing it with those in need. You may fulfill a function of disseminating such 'information messages'. You may be attracted to becoming a teacher or educative communicator, preferably one who disseminates information rather than evaluates and interprets, due to a difficulty piecing together disparate pieces of information into a coherent whole. Decision-making or judgements may not be your strong point, as you continue to wait for more information which may influence your choices; often life circumstances will decide for you.

An essential lesson is to understand your freedom impulse. Learn how to express it positively within relationships, and your life will be enriched through greater harmony. Fail to apply it correctly through selfish expression, and your freedom will lead to greater suffering for yourself and others.

(Bruno and Louise Huber)

The first two houses are still very much involved with the 'I'. In the 3rd house, we enter the collective sphere, and our attitude to the group is important. In order to pick up the thoughts of the group (i.e. of those who are in my own thoughts), I must listen to, and understand, the language they are using. I must make my unconscious states of dependence conscious and, above all, I must be aware of any tendency to tell people what they want to hear.

Inherently, the collective sphere is always a problem in the horoscope, because it is too close to us. Our reactions to the group, whether in thought (3rd house) or feeling (4th house) are completely automatic; as, for example, when I say something on the spur of the moment which, although it flatters the other person, is not absolutely true. And, with the Node in the 3rd house, we need to guard our tongues, because speech is the means of communication there. At least we should go over what we have said and consider whether or not we were right to advocate it, and whether or not it is objectively true. Possibly we have agreed with someone simply to please them or to avoid an argument.

If we make it a rule to check what we say, we can come to terms fairly quickly with our

Node - something that is very important when there is an opposition to the Node. Naturally, we have to talk in the same way as everybody else, but we must do so with common sense and avoid exaggeration. In other words, we must use contemporary ideas and thought structures but without discrimination. Only then can we find our true niche, and avoid being pigeon-holed. The individual has to conform within reason, but the group has no right to demand submission. On the other hand, the individual is not entitled to expect submission from the group. There is a world of difference between heedlessly allowing oneself to be controlled by others, and seeing how far one can accommodate them after making up one's own mind via the 9th house. The need to do the latter is indicated by the placement of the Node in the 3rd house.

North Node in the third house or Gemini (James Braha)

If the North Node is in the third house or Gemini, the person's greatest growth, evolution, and fulfillment come through mental expression and rational analysis of objective truth. In past lifetimes, the person may have been idealistic and emotional in his thinking. Now he must use discrimination, and focus on the facts and figures in the here and now. He should follow his instincts of avoiding dogmas, creeds, religions, and higher philosophies. The person gains little from meditation, astrology, metaphysics, and any disciplines which are not verifiable through traditional science. The person suffers when he goes by faith and intuition. He does not fare well whenever he follows blindly. He must abide by his newfound skepticism, and make his way to the truth by way of logic and reasoning.

Happiness will be found in mental professions such as teaching, lecturing, debating, and writing. The person is a good salesman. He thrives on city life, and should be as active as possible. Public relations or co-ordinating -type careers are favored. During previous incarnations, the person was sentimental, philosophical, and too taken with theories, principles, doctrines, and conjectures. Now he must plant his feet firmly on the ground and embrace the notion that 'what you see is what you get'. The person should cultivate good relations with siblings and relatives. He must work on versatility and adaptability, and try to experience as much variety and 'spice of life' as possible. The person may often find himself thrust into situations that require great precision and attention to details.

The daily environment is important; long-distance travel is not. The person is welladvised to meet as many people as possible and continually expand his social life. He should avoid gambling or trying to predict the future, except through serious investigation and statistical research. The more he gains of useful information and practical knowledge, the happier he will be and the greater his growth and evolution. He must not allow his feelings and emotions to interfere when trying to understand an issue. The person should not concern himself with broad viewpoints, abstract ideas, fanciful inspirations, and spiritual realities. He must learn through personal experience, not gurus and mentors.

Many Western astrologers consider the North Node in Gemini to be exalted. This is interesting because, at first glance, the person appears cursed in the realms of religion, philosophy, and higher knowledge. How, then, is he to make his way to enlightenment and final liberation? It may be that the person is exceedingly blessed because he is making great evolutionary strides simply by living with physical reality. Perhaps he has had such unshakeable faith in previous lives that his only present necessity is to deal squarely with life as it is. The person feels no need whatsoever to inject meaning and significance into his existence through conceptual and philosophical beliefs. Certainly, the person with the North Node in Gemini or the third house has an easier time with practicalities than anyone else. He pays attention and quickly learns how things work here on planet Earth.

In ancient Hindu astrology, the North Node in the third house indicates an enormously strong will and an interesting personality. The person is courageous and adventurous. He works well with his hands, has intense cravings, and fulfills his desires easily. The South Node in the ninth house may indicate troubles with religious or spiritual leaders. Or the person may have a guru or mentor who is strange, weird, occultish, extremely introverted, or invisible in a way. The sign positions in Hindu astrology are much less significant.

### ***(Black Moon) Lilith ♀ in ♊ Gemini 16° 55'***

([1139] elsaelsa.com)

#### **Information Warrior**

If you have Black Moon Lilith in Gemini, the pain you've faced through your Lilith placement has made you intelligent and adaptable. You figured out that information is a weapon, and you know how to wield it.

However your Lilith wounds have manifested (which you can tell from house placement), you've learned that more information can often mean more ammunition. You now place information selectively, choosing your words carefully. You have a magic knack for saying a whole lot without ever revealing anything. After a lifetime of not being heard or having your words weaponized against you, people have to really earn access to your authenticity.

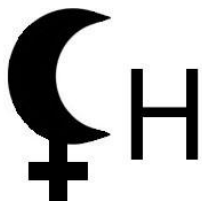

You also make sure to arm yourself. When in doubt, you research, learn, and collect minutiae. You've been down more Wikipedia and YouTube rabbit holes than you care to admit. You've spent many long nights trying to hold down the anxiety by cramming more and more information into your brain. You may have learned to rely on your intellect at the expense of your intuition.

And when things are really tough, when you're backed into a corner, or when someone tries to pin you down, you are an expert at evasion. Verbally bobbing and weaving, changing topics, white lies, and breezing right past potential conflict are your specialties. You're great at using a million words to say nothing. You may also just go entirely silent. Because if what you say is used against you, why say anything meaningful at all?

The best way to mitigate this frustration is to channel Gemini's opposite sign, Sagittarius. Sagittarius is radically honest, not because honesty is safe, but because hiding your soul is even more dangerous. Sagittarius also puts knowledge into a broader context, allowing you to see your wounds as part of a larger narrative, which relieves some of the immediacy of the pain. There's a bigger story here, and you are a vital player.

There is so much more to this placement, but let me leave you with this: Your authentic voice is so important. Your thoughts and opinions matter. It's okay to not want to confront powers that couldn't appreciate you anyway. But never lose connection with your own soul. There, you'll find all the answers you need.

## ***(Black Moon) Lilith ♀ in IX 9th House***

([1157] [elsaelsa.com](http://elsaelsa.com))

### **Heretic Saint**

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also

manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical beliefs, whether in a spiritual sense or in a more mundane group setting. One way or another, your beliefs failed to conform and you were wounded because of it.

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I'll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn't mean they're wrong. Continue the freedom fight, not only for yourself but for us all.

## **Chiron ♄ in ♌ Leo 8° 38'**

([1252] [astromajesty.com](http://astromajesty.com))

Chiron in Leo is a significant placement for being or pretending to be a public figure because it's associated with self-expression and talent. Hence, it is a frequent placement among celebrities, politicians, and scientists. Some of them are Jimi Hendrix, Sharon Tate, Joe Biden, and Stephen Hawking.

People with Chiron in Leo will experience that their primal wound centers around creativity and recognition. They often feel that the world is not seeing their uniqueness or that they can't express it. Thus, sometimes they think that they are always in the background and that they can't show what makes them unique.

It is not rare that individuals with this placement feel ignored, unnoticed, and underappreciated. Sometimes, they are indeed highly disliked, or people find them ordinary, average, and insignificant. That hurt Leo Chiron persons deeply, and it shatters their self-esteem.

The truth is, these individuals most often crave validation, appraisals, and being in the center of attention. Leo Chiron people love drama because it appeals to their intense and curious personality. That triggers them to chase the thrills and highs, but nothing brings as much satisfaction as endorsement and approvals.

They have a zest for stories of success, climactic romance, and documentaries about famous people. It gives them an incentive to open up to the world and show their talent because Leo Chiron people always seek confirmation from others in some form.

Even though persons with Chiron in Leo are usually gifted or talented, they have many self-doubts that prevent them from nurturing those abilities. Hence, they can struggle with feeling uncreative, mediocre, or unimaginative. One of their biggest fears is being an average Joe or Jane and not leaving their legacy to the world.

Perhaps their fears come from early childhood. If parents didn't acknowledge their flair when they were kids, they might feel no one else will because they don't have anything special inside. They likely experienced bullying for their artistic expression as kids, or their peers always got more recognition and praise. However, that initiated self-doubts that grew over time.

Because of that, Leo Chiron doesn't believe in their talents, or they fear they're not remarkable enough. Even if they find the strength to share their abilities, they don't believe in their talent. They torture themselves and wonder whether they're copycats, cliché, over-the-top, repetitive, or dull.

Due to their fear, they avoid pursuing their dreams or joining groups, institutions, and communities that could nurture their talents. Leo Chiron individuals believe they don't deserve to be among talented people due to their lack of talent.

It is why people with Chiron in Leo tend to hide their capabilities and why they deter from showing the results of their passionate work. In some cases, they don't even want to be seen, noticed, or heard. They avoid the public, and they don't see themselves as worthy of attention, praise, and applause. What terrifies them in all cases is the fear of criticism

Leo Chiron males don't like when other people mock them, not even their close friends. Any remark that reminds Leo Chiron men what they think of themselves infuriates them and affects their confidence. Hence, these men don't relax easily, and they are always on alert for attacks.

They are also likely to pretend that they don't care about the opinions of other people.

Although it eats them up inside, they will act indifferent and ignore if someone insults or provokes them. Leo Chiron men are so used to the idea of being unworthy that when others compliment them, they usually don't believe them.

Men with Chiron in Leo often bury their dreams and aspirations because they doubt they can achieve them.

Sometimes they secretly dedicate themselves to their talents because they fear others would ridicule their attempts to express themselves. It is wrong to assume they don't want others to recognize and applaud their abilities. It's quite the opposite.

Leo Chiron men don't want to be too obvious. They prefer when other people convince them that they're talented and to keep it going. These males believe that if they follow what other people told them, it won't be their fault if they don't like them.

However, Leo Chiron males can also be theatrical and invest all their energy into becoming famous. The problem is that they shouldn't share their abilities to get approvals. They should do it because they genuinely have the urge to express their talents to the world. It is how Leo Chiron men will accept themselves and relinquish negative childhood memories.

### **Summary**

People with Chiron in Leo believe that life is there to enjoy it, but they usually constrain themselves from doing it. The reason is that someone discouraged them from expressing their talents. However, that's what they need to enjoy life genuinely.

If they had parents who belittled them or didn't acknowledge their abilities, Leo Chiron people probably grew up thinking that they are not unique enough.

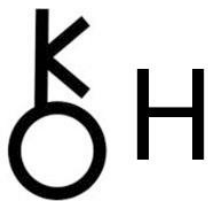

On the other side, their peers, professors, or mentors likely ridiculed or compared them with other kids. Consequently, these people believe that they are either not talented or that others are more gifted than them.

Hence, they have issues with expressing themselves, and they hide their abilities from the world. People with Chiron in Leo can be beyond talented, but their sense of worthlessness will prevent them from showing it. Many are so convinced of that idea that they completely neglect or forget their skills.

These people are used to being unnoticed, perceived as ordinary, and untalented. Persons with Chiron in Leo prefer to keep a low status and avoid being in the center of attention. They are terrified of criticism and don't believe they are worthy of applause and acknowledgment.

That means that these individuals tend to feel lonely, misunderstood, and rejected. Their pain originates from their childhood, adolescence, or past life.

Individuals with Chiron in the 11th house tend to have complicated or painful relationships with people, especially those they consider friends. Other kids likely pushed them aside when they were little.

Perhaps, their peers and classmates never invited them to their birthday parties and gatherings. Or maybe other kids didn't like to play with them or choose them for their team in group games. As a result, these individuals grew up believing they are less worthy or valuable than others.

Maybe they had friends turn their backs on them and choose someone new, more popular, or socially acceptable. That might be because people with Chiron in the 11th house tend to be shy, peculiar, introverted, or even awkward and odd. They typically think, dress, or act differently than their peers.

Because of that, they might have experienced in which others labeled them as freaks or outcasts.

On the other side, maybe they suffered from treason as teenagers or young adults. It could be that their best friends abruptly stopped talking to them or liking them, cutting all the ties.

Perhaps those with Chiron in the 11th house had to go through a friendship drought and periods when everyone abandoned them, and they had no one to talk to.

In most cases, people stop interacting with them without an explanation, or they find new friends.

### **Loneliness and fearfulness**

If other natal chart aspects alleviate this placement, it could be that those with Chiron in the 11th house have to go through long-distance periods in their friendships due to different reasons.

Whatever it is, it affects their mental well-being and emotional health. They tend to feel lonely, forgotten, and neglected. As a result, their self-esteem suffers, and they go through many milestones and life difficulties alone.

These experiences also create a fear of sharing their ideas, opinions, and wishes. They become afraid to speak their minds because people could judge them and reject them altogether.

People with Chiron in the 11th house are also likely to suppress their attitudes and convictions to fit in. They could accept toxic ideologies or beliefs if it means not being lonely.

That can cause stereotypical thinking and not thinking with their heads. People with Chiron in the 11th house are also prone to having controversial or unpopular opinions and mindsets.

It is what often makes them feel alienated, left out, or misunderstood.

Moreover, they tend to become rebels, to criticize society and political structures. If Chiron is afflicted, they could become dissidents and have problems with the law.

Whatever the scenario, these individuals typically develop social anxiety and hesitance to form new connections. They distrust people.

It is why they are not open to making friendships and becoming attached to people.

These individuals would rather delve into the old ones and live from memories.

### **Potential visionaries**

People with Chiron in the 11th house are typically harsh on themselves and believe they can't live up to societal ideals and standards. They are often sure they are incapable of doing things right, but others usually have a different perception of them.

Other people could perceive them as original thinkers, unique, and charming.

If other aspects in a natal chart are more favorable, they can be revolutionaries, innovators, and visionaries. Their ideas and projects could be of extraordinary value to society, groups, and communities. They can help humanity be ahead of the time with their solutions.

If they don't become bitter and use the rejection or heartbreaks to find their way, they can be stellar leaders and entrepreneurs.

Those born with Chiron in the 11th house tend to gravitate toward signs of Libra and Sagittarius. They can form connections with a Sagittarius because they help the 11th house native bolster their confidence, march on, and use their abilities.

On the other side, Libra requires validation and reminders that they are worthy due to their insecurities. When those with Chiron in the 11th house team up with Libras, they get to help someone else be stronger and more confident. Thus, it is a carefree friendship where each has enough freedom.

People with Chiron in the 11th house tend to form connections with people who have a history of traumas, hurt, and difficulties. They often hang out with broken souls, abandoned and persons on the margins of society. It is not because those with Chiron in the 11th house use them to make themselves look better or be the saviors.

Instead, these individuals have the power to help others heal because they understand the depth of pain, rejection, and loneliness.

Yet, even if they find their tribe or someone who cares, people with Chiron in the 11th house still feel like observers who see life passing by without them.

Perhaps they forgot how to belong or feel accepted. They expect in advance that everyone will push them away or betray them.

As a defense mechanism, those with Chiron in the 11th house leave before others leave them.

### **Wrong self-perception**

One of the crucial lessons they have to learn is that people usually don't see them as they think. Not everyone perceives them as outcasts or awkward nerds.

Also, not everyone will abandon them or turn their backs on them. People with Chiron in the 11th house need to learn to trust and open up to the outside world.

Otherwise, they will keep excluding themselves before anyone else does it. That leads to perpetual loneliness and seclusion.

They need to realize that even though real heartbreaks, betrayals, and rejections created the original wound, they are the ones that keep it open.

People with Chiron in the 11th house have to stop blocking others from their lives, or no one will ever show them that it's okay to trust.

But more than anything, these individuals have to find the best friend in themselves because if they accept that they are good enough, they will manifest that belief.

([1278] [astrolibrary.org](http://astrolibrary.org))

You achieve your greatest happiness by nourishing others and yourself, as well as giving sustenance and emotion to your life and to that of others for future growth. This is the expression of the Divine Mother that gives everything she can give, without selfishness.

You like to feel affection and intimacy. You deeply appreciate life and nature, through which you feel the essence of love, unity, and cooperation of all things and people of the Universe.

You know that emotions give energetic nourishment to life and a sense of intimacy with all the things that surround us. You understand how much we need to feel that we belong to a world that loves us and accepts us as we are.

You act with a childish simplicity. You like to flow in the gentle and tender energy of Cancer, which is in harmony with its surrounding environment and with the principle of creation.

Because Capricorn is the sign opposite your Part of Fortune, you understand how to bring things to maturity. You know how to complete what is partially formed. This knowledge is the reason for your ambition, and using it in this way is the correct use of this energy.

With the Part of Fortune in Cancer, you are not looking for an end that justifies the means. Rather, you want your actions to be tuned in to the beginnings of ideas, and to take part in the creation itself.

The cheerfulness and vitality of Cancer is balanced by the wisdom and maturity of Capricorn, which you must use to structure and direct your energy towards something significant.

You do not get influenced by the results or the outcome that you get from what you do. Rather, you like to participate regardless of the practicality.

Your joy and happiness comes from a birth, whether of an idea, a child, or anything in which you take a personal role in its creation. It is this intimate association with the beginnings that makes you enjoy life and achieve self-realization.

### ***Part of Fortune ☒ in X 10th House***

([1296] [astrolibrary.org](http://astrolibrary.org))

You feel better when you do what gives you self-respect. You also inspire this behavior in others.

Everything in your life needs to bring concrete results. Your greatest satisfaction lies in fulfilling a specific goal that you have defined yourself.

You want to be accepted by others and by those in positions of authority, which is not easy, because you must develop great maturity, see the world without illusions, and maintain perseverance and continuous effort.

You see the reality of the world, so you understand the emotional needs that lead others to negativity and to have emotional dependencies. You must overcome the childishness of your reactions, the repetition of patterns, and excessive sensitivity, which only trap you in the past.

Since your Part of Fortune is in the tenth house of your birth chart, the fourth house is the opposite house. Through the fourth house, you are aware of the needs of others. However, you must stay open to the needs of others and their emotions, without letting yourself be carried away by them. You can intuitively appreciate their actions, but do not identify yourself with them. This way, you'll be able to complete your projects and ideas through sustained effort and being consistent with your goal.

You gain a great sense of integrity to understand and respond to life's experiences.

Your Part of Fortune in the tenth house will be placed in positions of power, trust, and authority. You will take this into account as you guide the people around you, even if this involves solving problems about what is right and wrong, because you have inherited a

strong sense of morality, religiosity, and discipline in your childhood.

But you should not let this hold you back. You must understand that what is right and wrong are not obstacles set in stone, but that they vary with time, place, and era, adding great amplitude to the mental and physical world. As long as you maintain a true sense of justice and personal integrity, the mere act of defining your goals will dictate what is good or not for you personally. Everything that brings you close to your goals and fulfillment is the right thing to do, and what moves you away from them is not.

The emotional level becomes the key to the material world, since it helps you take care of and nurture your ideas and first steps, which will then help you to complete them and reflect your personal mastery. Becoming mature on an emotional level will help you to recognize if the goal you have chosen really fits within your true individual nature. It will also give you the respect you need in order to reach self-fulfillment.

Your greatest happiness comes from feeling that you are capable of taking responsibility, carrying out social obligations, and possessing a force to create trust and respect from others, in order to help those who are still searching. Respecting yourself and defining your personal goals, which are integral to your inner being, will give you your greatest fulfillment and will serve as a guide to those around you.

([12] [astromatrix.org](http://astromatrix.org);) Someone To Look Up To

Opportunities: 1. Being Your Own Boss 2. Being an Inspiration to Others

Challenges: 1. Controlling Your Irreverence 2. Being in Control of Your Life

Even while you are young, personal success and achievement will be very important.

You will want to shine among your friends and be someone to whom they can look up.

You will measure your success in life not so much by your inner sense of values, but by the impact you make on other people. This aspect often means that you will be socially successful, but you must work for it; such success is not automatic.

You have a great need to be in control of your life. As you get older, you will try to work in a business in which you can be your own boss. You are very independent and do not like working under someone, which can create problems while you are young. Thinking that you know better than your elders, you may rebel against their power over you. If you establish a pattern of rebellion, personal success will be hard to come by. You need help from others to get anywhere. So, you must avoid being arrogant, for that will alienate people. However, if you are willing to learn from others while you are young and put all your energies into developing skills that will be useful later, you will probably achieve something important in your own terms. In that case, you will know what you want to do and how to guide others.

You can enable others to fulfill their destiny as you fulfill yours. During childhood, the influence of your father or of a similar guide figure is especially important to you.

2) ► **Midheaven MC Parallel ☿ Mercury** - (0°44') ♍5 | ♎11

([37] [astromatrix.org](http://astromatrix.org);) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

3) ► **Midheaven MC Parallel ♀ Pallas** - (1°29') ♍5 | ♊7

([589] [12andus.com](http://12andus.com);) You can be a strong leader with a powerful vision and sense of right and wrong.

You easily align your beliefs and ideals. You don't have to work hard to establish yourself as a mentor or leader. Your visionary strategies help you ascend to positions of power and authority.

Your career path or public image may involve some forms of advocacy or activism and it's natural for you to get involved in work that requires you to see the bigger picture and recognize injustices that you then work to resolve.

Your career path is marked by your easy ability to assert your ideas and stand apart from the crowd as an intellectual and also intuitive visionary. You may recognize patterns that others miss and this can lead you to be successful in business. Even if you are successful, you are usually more concerned with the social impact of your ideas and strategies rather than your own ambitions.

4) ► **Descendant DC Parallel ☿ Jupiter** - (0°56') ♊7 | ♊7

([195] [astromatrix.org](http://astromatrix.org);) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

5) ► **Descendant DC Parallel ☾ North-Node** - (1°41') ♊7 | ♋3

([216] [astromatrix.org](http://astromatrix.org);) Unpopular Opinions

With North Node opposition the Ascendant Your personality can often clash with social norms making you unpopular. Although you're personally detached from prevailing social trends, you're able to view them at work in an objective manner, thereby understanding how to relate to and take advantage of them. Your strong individualism doesn't make you popular. At times, your seriousness can make others feel uneasy, especially in social situations. You tend to be somewhat short and paunchy and may have peculiar speech in some way.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. Your ego may be strong or rigid and this aspect is trying to cause problems in order for you to be more flexible and modify and change your behavior and identity. The best way to deal with this aspect is to be more open minded when it comes to alternative

perspectives, opinions or viewpoints especially when it revolves around how you act with others.

6) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (1°24') ♎7 | ♏11

([3] [astromatrix.org](http://astromatrix.org);) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

7) ► **Sun** ☉ **Parallel** ♀ **Pallas** - (0°49') ♎7 | ♏8

([576] [12andus.com](http://12andus.com);) You are creative and insightful and you use all of your artistic abilities in your battle for empowerment.

Your warrior instincts are triggered by the 'desire to protect self expression and 'honor the freedom of individuals. You feel it is important for others to channel their creative gifts to enhance struggles for freedom and, empowerment.

You tend to be optimistic about the prospects for success and believe in bringing out the best in others, even your ideological adversaries. Rather than putting down the opposition, you believe in encouraging others and enhancing others' confidence so you can win them over to your side.

You have a generous and uplifting style of connecting with others. You use your charismatic style to help others understand the importance of your mission.

8) ► **Moon ☾ Contra-Parallel ♂ Mars** - (0°59') 134 | 112

([154] [astromatrix.org](http://astromatrix.org);) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a

distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

9) ► **Moon** ☾ **Parallel** ♀ **Neptune** - (0°44') 134 | 811  
([21] [astromatrix.org](http://astromatrix.org/);) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

10) ► **Mercury** ☿ **Contra-Parallel** ♃ **Neptune** - (1°20')    ♎ 11 | ♎ 11

([168] [astromatrix.org](http://astromatrix.org);) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

11) ► **Venus ♀ Parallel ♂ Uranus - (0°01')** ♀♂5 | ♀♂4

([44] [astromatrix.org](http://astromatrix.org);) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

12) ► **Venus ♀ Contra-Parallel ♀ Ceres** - (1°24') ♍5 | ♏2

([561] 12andus.com:) You have a deep desire to nurture others though you may struggle with your own self-worth.

When you are insecure about yourself, you easily become distracted by fears of needing to be needed. You worry about rejection and may go overboard trying to please others.

You may also not realize your own beauty or have a distorted idea about what it means to express your love and concern for others. In relationships this can make you demanding or possessive.

You may look to materialism as proof of love both for yourself and for others. By learning to love yourself you are better able to nurture others. You can also learn to appreciate your beauty and self worth and bring out the beauty in those you care about.

13) ► **Mars ♂ Contra-Parallel ♀ Neptune** - (1°43') ♏12 | ♏11

([185] astromatrix.org:) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you

create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

([149] [astromatrix.org](http://astromatrix.org);) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

([171] [astromatrix.org](http://astromatrix.org);) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

([214] [astromatrix.org](http://astromatrix.org);) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are

helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your development.

7) ► **Moon ☾ Conjunct ☿ Uranus** - (6°32' S) 134 | 134

([20] [astromatrix.org](http://astromatrix.org);) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of unlived

dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

8) ► **Mercury** ☿ **Conjunct** ♅ **Neptune** - (4°43' S)    ♁ 11 | ♁ 11

([33] [astromatrix.org](http://astromatrix.org);) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping

lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

9) ► **Mercury ☿ Conjunct ♅ Pluto** - (10°01' A)    ♁ 11 | ♃ 12

([34] [astromatrix.org](http://astromatrix.org).) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your

mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

19) ► **Venus ♀ Opposition ♀ Pluto** - (2°07' A) ♀5 | ♀12

([178] astromatrix.org:) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...'.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

aims to bulldoze any obstacle that is blocking its course. Lilith can add an antagonizing energy to Mars and may want to sideline Mars' ambitions. Lilith can fight for power and dominance, and in a square aspect it can attempt to control the actions of Mars. Mars and Lilith are two forces that influence our most primal natures.

([453] astromatrix.org:) Learning to Trust

With North Node square Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You are not so concerned with what is happening on the surface as with what is going on beneath it. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. Interpretation from transit:

([299] astromatrix.org:) Understanding of goals

Opportunities: 1. Aiming Higher in Life 2. Taking in New Ideas

Challenges: 1. Communicating Empathetically 2. Daring to Follow Your Ambitions

([300] astrologyking.com:) thoughts in harmony with intentions.

([301] thefuture reminders.com:) Thoughts and ideas flow easily, enhancing all forms of communication. In conveying your point of view, you earn high marks; people tend to listen and to believe you. Receptive to learning more about yourself, you can realize what your heart desires.

([466] 12andus.com:) Natural talent for speaking, writing and performing.

72) ► **Sun** ☉ **Trine** ♄ **Saturn** - (1°57' A) ♈7 | ♃3

([304] astromatrix.org:) The Architect

The trine helps to reconcile these two planetary energies more successfully, and there is less evidence of any underlying Saturnian tendency to restrict and limit. The positive qualities and abilities of Sun-Saturn contacts are present; responsibility, self-discipline, practicality, patience, organization, reliability, concentration, determination, persistence and honesty. These can all be used to further your ambitions, although you may need to be wary of innate Saturn tendencies towards caution which may prevent you taking advantage of all opportunities.

Determining your solar purpose and tapping into that power will be most important in applying these energies and qualities and gaining insight into your life direction may be a necessary first step to achieve before this trine can be used positively. As you can move through life smoothly without facing obstructive challenges, you may not always feel the need to draw upon your full potential.

You are attracted towards having a 'comfortable life', and with your self-confidence and creativity expect that this will naturally come to pass. You should be able to use personal qualities and resources effectively, especially to produce an intended practical result, and you probably have a sense of appropriate timing which ensures that your actions are successful. This can be used in a variety of employments and careers, especially management, law, politics, conservation, financial services and organizational posts.

You will enjoy assuming any positions of responsibility, but you may experience inner resistances in any environment that is undergoing rapid change due to social or technological progress, as this can clash with your innate conservatism and preference for the familiar. Your lifestyle is likely to reflect mainstream social attitudes, and you will try to develop it in a moderate and balanced manner, looking to create solid foundations and financial security. You prefer life to feel stable and almost predictable and will take each step onwards with a patient attitude, usually rejecting any chances that may lead to speedier progress, yet which also may lead to failure.

A personal philosophy and value system will be established, and once you feel

comfortable with your unique worldview you may evade situations which offer valid alternatives to your chosen perspective. In this context, the Saturnian rigidity may act as a limitation, but as your conformity is grounded within established social values, this should not work against you in achieving your ambitions.

Choosing a right partner is important, as he / she needs to be similar in nature to yourself, either wholeheartedly supporting your aims, or alternatively pursuing his / her own ambitions. Career and social involvement are the probable sphere of mutual endeavor, and personal honesty and integrity are qualities that are expected, as is stability and responsibility in your partnership.

Balance and moderation are two keynotes that will apply across your whole nature and lifestyle, and this will be reflected in your good health and sense of well-being. Feeling respected and loved by others, and acknowledging your own talents, will amplify your self-worth so that you can move confidently onwards on your solar path.

73) ► **Sun ☉ Trine ♅ Pluto** - (3°55' A) ♈7 | ♏12

([307] [astromatrix.org](http://astromatrix.org);) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. You will have certain financial skills and a logical and deductive mind, preferring to tackle projects where you can reclaim order from chaos. This gives a sense of satisfaction, as you dislike chaos and a lack of structure; you want to be in control and create an ordered harmony in your life and environment.

You have the potential to be a spokesperson or leader, where your vitality gives the impression of purposeful direction, and your optimistic and inspiring creative expression can attract support. This occurs naturally, without the usual Pluto desires for power and manipulative influencing of others; indeed, you have little compulsive desire to be an authoritative leader.

There can be an intuitive ability which offers you clear insights into situations, possibly even a degree of clairvoyance, which any exploration into yoga, meditation and ways of

self-discovery could release and amplify. There may be a healing energy from you, possibly aiding others who can absorb excessive energy releases from you on an unconscious level, and you can be a reliable support to anyone who requires aid in resolving problems. You may benefit from what appears to be 'luck' in your life; this can come from inheritances, or by the ill fortune of others.

You have considerable creative potential, but to release this fully you may have to experience some inner transformation which dissolves any blocks which are initially frustrating your success. This involves learning how to use this aspect to full advantage. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

74) ► **Moon** ☾ **Trine** ♂ **Mars** - (0°45' A) 134 | 11712

([313] astromatrix.org:) Vitalizing Emotional Energy

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

You are prone to be quite good when it comes to business acumen and success. This aspect can make good entrepreneur, if you are keen learner you will tend to have vast amounts of knowledge that you have accumulated over the years. This knowledge and an ability to come up with ideas that can solve all kinds of problems which then you can make a reality and find success. This doesn't come easily however, Saturn doesn't give anything for free and so hard work, patience and dedication is needed in order to achieve your financial and career goals.

You may look to materialistic measures to demonstrate your love and affection for others. You try to physically show others you care. When you can't soothe your loved ones through giving fancy gifts you will show with physical affection.

You're compassionate and easily balance nurturing your own needs and the needs of those you love. You may be indulgent of those you care about pampering your loved ones and yourself.

78) ► **Venus** ♀ **Trine** ♃ **Juno** - (8°21' S)    ♃ 5 | ♄ 1

([596] 12andus.com:) You easily attract people who are serious about commitment and you have no problem following through on your obligations in love.

You are affectionate, nurturing and romantic and you may fall in love with your life long partner or future spouse very early in your life. Others may notice how lucky you seem to be in love.

It isn't that your relationships are without their ups and downs, but it's just that you always find a way to overcome obstacles and work with your partner in a true collaboration rather than giving in to petty jealousies or playing mind games.

79) ► **Mars** ♂ **Trine** ♄ **Uranus** - (7°17' S) ♀12 | ♃4

([343] [astromatrix.org](http://astromatrix.org);) The Leader Of The Pack

With the trine, the Mars and Uranus energies should be reconciled and capable of working well together. In several respects there is similarity with the sextile, although there will be less emphasis upon the level of mind as a dominating factor.

There will be a multiplicity of interests and fascinating areas of knowledge that will attract you; and you will demand that you have sufficient freedom to be able to explore them. Building upon the results of your studies and skills that you have developed, you will feel attracted towards ways of creativity which demonstrate your capacity for self-expression. Being creative is important to you; and once stimulated you may have the problem of choosing what idea to work with out of the many that appeal to you. Discipline can be necessary at such a point, once you decide to follow a creative project, so that you succeed in completing it, before diverting yourself into others.

Independence seems necessary for you; and that impatient, restless nature often makes you soon tire of any enclosing intimate relationships. You need a broader scope, with the stimulation of more people to offer more expansive horizons. Group involvements can help to satisfy such needs, as well as providing a focus for your energies.

Potentially, you can become a leader of such groups; but if you do so, you may find that your independence becomes constrained and the accompanying duties and responsibilities are onerous. Organizational routines and predictability would limit your freedom - which you would hate. A routine life and employment will not suit you. A greater degree of mobility and choice of activity can be aimed towards building a lifestyle that satisfies your needs, rather than frustrating them. Otherwise, those nervous tensions will grow, and can lead to psychosomatic illness.

If your creative spirit is released, and you enter into a less conventional life, you will find that more unorthodox relationships are appropriate and liberating. A traditional marriage may feel limiting, assuming that this tends to imply a traditional lifestyle as well. Under social pressures to conform, people often find that they are being forced to live in certain ways that are inimical to their natural needs and desires as evolving individuals.

Nonconformism is usually penalized and demands a strong personality to oppose these pressures and so create a life that is appropriate for them. Most societies favor a predictable 'grayness' of population, rather than welcoming a multi-colored richness that is harder to control.

80) ► **Mars** ♂ **Trine** ♀ **Pallas** - (7°59' S) ♀12 | ♃8

([580] [12andus.com](http://12andus.com);) You easily turn your passions into a mission.

You can be quick to take action when your instincts are triggered. Usually, your courageous and assertive nature leads you to take exactly the steps you need to take.

You can be ambitious and will easily find ways to further your own agenda while also being of service to others. Your drive and efficiency can lead you to work tirelessly for others. You always have energy to dedicate to your mission.

With North Node trine Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

83) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (1°58' A) ♄3 | ♇12

([358] [astromatrix.org](http://astromatrix.org);) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you

do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

([47] [astromatrix.org](http://astromatrix.org);) The Social Charmer

Opportunities: 1. Nurturing Your Sensitivity 2. Finding Profound Love

Challenges: 1. Accepting Compromise 2. Giving Socially

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Venus Conjunct your Ascendant indicates a romantic, gentle, compassionate, sympathetic, sensitive and idealistic emotional nature. A born romantic, you will genuinely marry for love - not money or prestige. However, a strong partner is needed to give you emotional stability and security.

You are always willing to compromise where necessary, but necessary usually means whether it is to your advantage. If you feel that a compromise leaves you the loser, or you do not get what you want, you can become petulant and moody. Beneath the polished veneer there is a strong element of self-interest, you often use your charms to further your own interests, or to cultivate social contacts that will benefit you in some way.

You will appreciate good social contacts and should have many friends as you are generally well liked. You will be naturally attracted to art and music or anything beautiful. If you have any negative aspects to Venus it may bring out a more selfish or indulgent personality that can be superficial or attracted to sensual pleasures.

2) ► **Antiscia-Midheaven** MC **Conjunct** ♄ **Ceres** - (0°20')

3) ► **Antiscia-Ceres** ♄ **Conjunct** MC **Midheaven** - (0°28')

([571] [12andus.com](http://12andus.com);) Your compassionate, nurturing instincts may drive your career choice.

You may pursue a public or professional role that allows you to show your nurturing, caring and loving energy.

Working with children or as a nurse, counselor or caretaker in some capacity will help you express your gifts.

Your warmth easily comes across in your work and professional life, no matter what industry you go in to. You may act like the caregiver in the office, always looking after

everyone else's needs.

You may fuse your compassionate energy and work so much that you take responsibility for your work as if it was your "baby" or even your own business rather than a company you work for.

4) ► **Antiscia-Sun** ☉ **Conjunct** ♄ **Pluto** - (2°14')

5) ► **Antiscia-Pluto** ♄ **Conjunct** ☉ **Sun** - (2°19')

([10] [astromatrix.org](http://astromatrix.org);) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

6) ► **Antiscia-Venus** ♀ **Conjunct** ♃ **Ceres** - (1°22')

7) ► **Antiscia-Ceres** ♃ **Conjunct** ♀ **Venus** - (1°29')

([561] [12andus.com](http://12andus.com);) You are an affectionate and comforting person. You love to make others feel loved and beautiful.

You can bring out other's self worth by nurturing those you love. You'll try to surround your loved ones with beauty and make them feel secure.

You try to immerse your loved ones with beauty and luxury and may turn to materialism and physical affection to show you love and care for others. You can be a nurturing lover but even in platonic relationships you are attentive and affectionate.

When you need nurturing you'll look to the arts and luxuries to make yourself feel pampered. You also seek others who make you feel valuable and important. You'll look for tangible, material proof that others love and care about you.

8) ► **Antiscia-Mars** ♂ **Conjunct** ♃ **Jupiter** - (2°11')

9) ► **Antiscia-Jupiter** ♃ **Conjunct** ♂ **Mars** - (2°13')

([51] [astromatrix.org](http://astromatrix.org);) The Adventurer

In the case of Mars Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. You stand up for your beliefs and would be a formidable opponent in any kind of battle or competition. You are self-confident and have a strong will to succeed, to see how much you can do and how far you can go. No matter what you accomplish, you do not rest on your laurels. You want to keep on going, to do even bigger things.

You enjoy learning about many topics and then spreading the word to others. This can lead to success in broadcasting, teaching, travel, marketing, publicity, advertising, or internet businesses.

11) ► **Antiscia-Pallas** ♀ **Conjunct** ♆ **Neptune** - (0°24')

([584] [12andus.com](http://12andus.com);) If you want anything done right, you've got to feel connected to others in the service of healing. You would rather not go it alone. Your unique purpose

and passion involves your ability to empathize deeply with others. You can be a positive catalyst for deep healing and connection with those around you.

Your strategy for success is to connect emotionally with others and use the connection to help influence the attitudes of those around you. You can be creative and take an artistic approach as well.

Your vision may be idealistic and you may consider only a romanticized version of reality. You may try to bring out the best in others and you always hope that others will follow through and assist in your cause simply because it is the right thing to do.

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 23° **Cancer** 10' and in the **10th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 3° **Aquarius** 26' and in the **5th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with

the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 8° **Taurus** 31' and in the **8th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 5° **Pisces** 16' and in the **6th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 23° **Scorpio** 20' and in the **2nd** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 25° **Scorpio** 41' and in the **2nd** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 27° **Sagittarius** 22' and in the **3rd** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 0° **Capricorn** 4' and in the **4th** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 3° **Aries** 39' and in the **7th** house.  
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Aries: the sword, or impatience

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

**Lots related to family:**

The **Lot of the Father** is in 0° **Cancer** 12' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 21° **Virgo** 22' and in the **12th** house.  
Same as for father.

The **Lot of Siblings** is in 4° **Aquarius** 56' and in the **5th** house.

The **Lot of Children** is in 21° **Cancer** 40' and in the **10th** house.

The **Lot of Daughters** is in 21° **Virgo** 31' and in the **12th** house.

The **Lot of Sons** is in 13° **Pisces** 36' and in the **6th** house.

The **Lot of Marriage for Woman** is in 28° **Leo** 24' and in the **11th** house.

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Virgo***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 6th House/Virgo: Major transformations come in health and work. You seem to have unexplainable health problems rather often, caused by lack of caution in your daily work. Like You are creatively as well as mechanically inclined, able to enhance details in music and art, anything you put your hands to, really. In fact, the more hands-on a project is the better. This placement leads to potency in daily work and service possibly leading to quick promotion in day jobs. This promotion, while at first glamorous, eventually feels stagnating. In the past, you realize a pattern of biting off more than you can chew. This leads to periods of hopping from one daily routine to the next, with many changes in career and education paths, before you find the situation where you 'never work a day in your life' due to the immense passion you have for it. With experience, you can gauge the amount of work a worthwhile project needs and when and find the drive to keep at it.

### ***Pholus in 12th house***

([12andus.com](https://12andus.com/);) Your desire for compassion and emotional healing leads you to unintentionally unleash old wounds.

You may bite off more than you can chew when it comes to seeking connection with others, finding that you unintentionally end up in relationships that have toxic elements.

You may have sudden epiphanies that dramatically change your sense of spirituality. You may have to overcome dramatic emotional upheaval and make sense of your emotion and intuition.

You may go to extremes seeking purpose, faith and higher wisdom. Your ideals lead you to question anything that doesn't quite feel right to you. You may find a toxic element of spirituality to be appealing and may seek escape or mind altering effects of transcendent

practices or even substance use.

Even if your intentions are noble, use of escapist techniques and mind altering substances can lead you to make dramatic mistakes that then unleash substantial conflict which you will need to unravel.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Scorpio***

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

#### ***Eros in 2nd house***

(12andus.com:) You may express your sexual interests through a connection to materialism.

You are turned on by luxury and enjoy being pampered in sexual relationships. You may try to hide or downplay your sexual potency but you can be a sensual and romantic person when you feel comfortable.

You don't like to get involved in dramatic displays of sexuality and prefer it when your partner can be discreet and patient. You may be turned on by people who you believe can benefit you financially or in business.

When others show you admiration or praise, it's a major turn on. You show your sexual attraction through assertiveness and by being confident in who you are and what you want.

You aren't superficial yet you can be drawn to material wealth and physical beauty. You love to portray your personal strength and power as well.

- 1) ► 6° Virgo 42' **Pholus** ✎ **Conjunct** ♄ **Pluto** (Rx) 0° Virgo 32' - (6°10')

(12andus.com:) Your deep, dramatic urge to transform and be a catalyst for change is ushered in by milestones and turning points.

Even situations outside of your control are likely to be harnessed as catalysts for deeper personal transformation. You can find your inner power, clarifying your focus and finding

greater authority during times of cataclysmic change and crises.

Though you have powerful protective instincts, you will also find that you can't always dominate the circumstances around you. When milestones and turning points threaten your sense of security and foundation, you rise to the occasion and act as an authority figure.

You can also help others walk through these periods of dramatic change and transformation and may see even small catalysts as much bigger turning points leading to a symbolic death and rebirth phase for you.

2) ► 6° Virgo 42' **Pholus** ✎ **Opposition** ♀ **Venus** 28° Aquarius 25' - (8°17')  
(12andus.com:) You may feel torn between your desire to explore sensuality, love and romance and the need to deal with pivotal, dramatic events.

You may find it hard to get your bearings and find a deeper sense of security as the goal posts shift every time you start to feel comfortable. In large part, this is because of unexpected turning points or unforeseen catastrophes with which you have to deal.

Your relationships or desire for love may lead you to misconstrue your ability to handle unforeseen crises. You may not recognize a threat to your security or may fall for partners or friends who are not going to support you in the way you expected when a crisis hits.

You may have to work to overcome fears and insecurities so that you can find your grounding, security and self-worth in the midst of dramatic changes and challenges.

3) ► 6° Virgo 42' **Pholus** ✎ **Opposition** MC **Midheaven** 27° Aquarius 24' - (9°18')  
(12andus.com:) You may feel torn between cataclysmic events and crises beyond your control and your desired career path.

Just when you think you're finally stable and setting the foundation you needed in your career, you may unexpectedly face dramatic life turning points that challenge your professional status or career goals.

If you are able to balance your career ideals and the reality of a crisis or challenge you must face, you can find ways to align your reaction to crisis and your role of leader in business or career.

You may want to spend more time with family or in the privacy of your home at a crucial time in which your skills and talents are in demand in the career path or business that you've been called to.

You will have to put some effort into finding ways to fulfilling your career path and also

fulfilling your obligations to others during times of crisis and pivotal changes.

You may be called to protect others or to be a leader or guide during times of crisis and even if you are not fully prepared, you will be able to learn as you go.

4) ► 6° Virgo 42' **Pholus** ✍ **Sextile** ♀ **Ceres** 2° Scorpio 32' - (4°10')

(12andus.com:) You may easily find the nurturing you need even in spite of dramatic crises and turning points.

Major life milestones can be a catalyst for you to pay closer attention to your own need for security and your need to nurture yourself and others. Even in the midst of chaos and crises, you are easily able to find ways to get your needs met and help others to feel secure.

You may focus on providing material comforts and security needs for others as a way to show love, compassion and protective instincts during a crisis or major cataclysmic event.

Helping others find food, housing, medical care and comfort is your specialty during these dramatic events.

5) ► 6° Virgo 42' **Pholus** ✍ **Square** ♁ **North-Node** 3° Sagittarius 9' - (3°33')

(12andus.com:) You may find it challenging to live up to your full potential and follow your higher calling during times of dramatic change and upheaval.

You may find it difficult to advance personally during times of crisis. Instead of stretching outside of your comfort zone and adapting to the changes that critical turning points require of you, you may first resist your calling or go into routines from the past that are comfortable.

But repeating what is familiar, when change and adaptation are needed, will get you nowhere. Eventually this becomes obvious and you will be able to adjust your reaction and embrace your higher calling as a result of cataclysmic events.

6) ► 6° Virgo 42' **Pholus** ✍ **Trine** ♄ **Saturn** 28° Sagittarius 34' - (8°08')

(12andus.com:) You may find it easy to step up to the plate and act as a leader or practical guide during a crisis.

Cataclysmic events and major life turning points can bring out the best in your sense of responsibility toward others and drive you to set a secure foundation for yourself and those around you.

Even when your attempts don't quite contain the crisis around you, you'll find powerful new ways to rebuild and make the most of the situation, often using the upheaval to your

advantage in work, business or finances.

7) ► 6° Virgo 42' **Pholus** ✍ **Trine** ⚙ **Uranus** 15° Capricorn 0' - (8°18')

(12andus.com:) You may easily embrace your unique and quirky personality, drawing on your eccentric and intuitive side to succeed during times of cataclysmic change.

In fact, when faced with dramatic changes and periods of upheaval, you may feel that you were born for such times. These kinds of events actually bring out the best of your creativity, intuition and innovative talents.

You may serve society by setting an example, being quick to release expectations and becoming a catalyst for unusual changes to be made.

You can be intensely drawn to acting as a gatekeeper and your messages or mission may initially shock others but will also help others to see the potential path ahead during times of dramatic change.

8) ► 6° Virgo 42' **Pholus** ✍ **Trine** ♀ **Pallas** 14° Taurus 18' - (7°36')

(12andus.com:) You can find it easy to draw on your strength and vision during times of catastrophe and cataclysmic changes.

You can easily find your focus and passion and you emerge as a leader even as others are panicking. Your creative and intellectual gifts are enhanced by times of turmoil. You may take on the biggest challenges and find the biggest fight in order to get your message across and to fulfill your mission.

Rather than being deterred by turmoil and catastrophe, you are emboldened by these things. Your strengths and determination are fostered during times of crisis as you see yourself as a warrior, crusader and protector for others.

9) ► 6° Virgo 42' **Pholus** ✍ **Semi-Sextile** ♄ **Chiron** 8° Leo 38' - (1°56')

(12andus.com:)

10) ► 6° Virgo 42' **Pholus** ✍ **Quincunx** ♃ **Jupiter** (Rx) 5° Aries 15' - (1°27')

(12andus.com:) You may have a difficult time adjusting your beliefs and philosophy during a time of crisis.

You strive to be an idealist and can always find a way to put a positive spin on circumstances beyond your control. Yet during major catastrophes and cataclysmic events this may seem insufficient. It may seem like you aren't fully equipped to face the impact of not being able to stifle a major crisis once it has erupted.

If you downplay or suppress the impact of the crisis it will be detrimental to yourself and

others. Yet if you find ways to adjust your beliefs and allow for the crisis to become a turning point which leads you to change your attitudes and beliefs in some key way, you'll have greater success acting as a leader, healer or advocate.

- 16) ► 14° Scorpio 54' **Eros** ✍ **Opposition** ♀ **Pallas** 14° Taurus 18' - (0°36')

(12andus.com:) You may feel torn between your desire to focus on your mission and your erotic desire to connect with others.

You can have a militant style of addressing your goals and achievements and as a result you may push your erotic desires off to the back burner. You may feel that you have to focus on your cause and uphold a neutral guise as a leader or mentor.

As such, you may try to keep your deeper emotional desires out of the picture. You strive to not be influenced or distracted by your deeper passions and sexual desires and as such you may try to ignore your impulses and focus only on the work you feel compelled to do.

Your mission or crusade may also take priority over your personal desires and pleasure. Yet when you find the power and passion you need in your intense and focused nature, you can blend your visionary nature and your desire for deeper fulfillment and sexual intimacy.

- 17) ► 14° Scorpio 54' **Eros** ✍ **Sextile** ⚡ **Uranus** 15° Capricorn 0' - (0°06')

(12andus.com:) You may find it easy to express your erotic nature though you have an intense desire to follow your independent needs.

You have a unique sense of erotic love and can go to extremes to explore the highs and lows of your sexual desires. Your fantasies often involve the unusual or unconventional and you may frequently need a change of scenery.

You can find it easy to break boundaries and break with convention when it comes to your sexual desires. You can be creative, innovative and intuitive and become spiritually inspired by your erotic fantasies and intimate encounters.

- 18) ► 14° Scorpio 54' **Eros** ✍ **Square** ♀ **Mercury** 20° Leo 31' - (5°37')

(12andus.com:) You may have a challenging time expressing your desires.

Your erotic desires are hard for you to convey. You may have difficulty asserting yourself

or describing what brings you pleasure. As a result you may become passive or detached from your own sexual desires.

Yet at times, if you take the initiative to express what you desire and work to overcome communication blocks between yourself and your partner, you can come to express your desires and fantasies.

19) ► 14° Scorpio 54' **Eros** ✎ **Square** ♄ **Neptune** (Rx) 15° Leo 48' - (0°54')  
(12andus.com:) You may find it challenging to express your erotic love because you have such high ideals.

You may feel like you have to wait for a partner who knows exactly how to please you but in doing so may project high standards. As if you expect someone to read your mind, you may dismiss or reject partners who don't instinctively understand your fantasies.

If you make adjustments to your mindset, you can better accept and appreciate your deep emotional bond and connection with your potential partners while also accepting that they, and you, don't have to be perfect.

If you can embrace the spontaneity of romance and eroticism, you can better explore your deeper desires, rather than waiting for things to be perfect.

20) ► 14° Scorpio 54' **Eros** ✎ **Square** ♄ **Chiron** 8° Leo 38' - (6°16')  
(12andus.com:) You may have a strong sense of sexual power and feel strong connections to others.

Yet your sexual desires and chemistry can be thwarted because of your past wounds and traumas.

You can find it difficult to express your sexual fantasies and energy. You may have to work through past wounds or traumas so that you can feel confident in who you are and appreciate your unique sexual instincts.

You may become infatuated with people who remind you of past traumas or toxic relationships but if you work through past traumas you can separate true erotic energy from following patterns of abuse, abandonment or alienation.

21) ► 14° Scorpio 54' **Eros** ✎ **Trine** ☿ **Fortune** 23° Cancer 10' - (8°16')  
(12andus.com:)

22) ► 14° Scorpio 54' **Eros** ✎ **Quincunx** ♁ **Lilith** (Rx) 16° Gemini 55' - (2°01')  
(12andus.com:) You may find it challenging to express your erotic side.

Your intense emotions can lead you to try to hide or stifle your erotic power. You may fear letting go and expressing your sexual desires and you may also fear losing yourself in intimate relationships.

When you work through your deeper insecurities, however, you can find it easier to claim your power and express your desires in dramatic ways. You can become intensely infatuated with a specific fetish or fantasy that makes you feel more in control.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Libra

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

#### Hygiea in 1st house

(astrology.com:) Aries or in the first house: For these individuals, experiencing illness or witnessing another's health crisis during their formative years becomes personality-defining. Having suffered the consequences of neglecting preventive care, which they equate with losing their autonomy, they take direct ownership of their personal fitness, exploring different modalities, and continually updating their health goals. Their identity may also be tied to the occupations listed in the above section.

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Pisces**

(Eris is very slow and almost everybody uses tropical so there is no interpretation for

this. This is the interpretation for Eris in the twelfth house from 'synnismns.com'.)  
 In connection with your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

### ***Eris in 6th house***

(synnismns.com:) When Eris sits in your sixth house of health and servants, you challenges your authority with others and other people's authority to make health care decisions for you. This latter situation can manifest as a health care crisis that is not managed correctly by the care provider calling for clarity of thinking and intervention on your part. You will have to be your own best health care advisor.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

### ***Karma in Aquarius***

(whatsmyalternative.com:.) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

### ***Karma in 5th house***

(astronomicallyaligned.tumblr.com:.) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. The virus turns the brain on full gear. It's airborne. It will spread fast and mercilessly like the plague. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

### ***Nessus***

(vamzzz.com:.) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygiea!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Cancer***

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

### ***Nessus in 10th house***

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

## Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

## Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

### Melete in Aries

(hillarysss.tumblr.com:) Melete in 1st house: Thinking about your physical appearance & yourself makes you extremely anxious. You can be extremely anxious when it comes to how other people perceive you. Always thinking oh how was my first impression on them? May be a sign of body dysmorphia. People may have commented negatively about yourself. It's important not to listen to them.

### Melete in 7th house

(hillarysss.tumblr.com:) Melete in 7th: You may be reluctant to share your personal things. You may encounter bad workers/ partners. Relationships can really break you and you may purposely try to stay away from them. You may have not been treated equally at some point. Sometimes you feel like nothing is fair.

## Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

### **Panacea**

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

## Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

## **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same increment, they will be alphabetical too each other, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
